## NEWSPAPER FOR SALE

Now, right at the outset, as Howard Cosell is wont to say, don't get the above headline confused with Munday's own newspaper as owned and published by the Marion Waggoners.

That's not the case at all, at all!

So far as we can tell, the Waggoners are doing a jam-up good job of giving people of the Munday area a newspaper that compares favorably with any weekly "rag" published anywhere in the immediate area.

And we're not biased in this opinion entirely on our own observation. We've visited with friends - one or two - within the city limits of our little town, and they're of the same opinion. They're not as competent in choosing the goods and bads of a newspaper as we think we are; what, with some 50 years of experience in the business. We do regard their choices as good ones, and ones we take as a boost to our own ego, as well as the ego of the present publishers.

As you can see, though, we do have a kind regard for the Courier - and you can't blame us for that! We started the publication out of nothing but despair, with a pencil and note-pad, and with the aid and boosts and pats on the back of a whole batch of Munday people.

We still regard it as "our baby" in a manner of speaking, even though we turned its "raising" over to the Waggoners at a very early age.

However, we still have a newspaper for sale!

It's the Wichita Sunday Times, issue of Sunday, August 29, 1982. And we'll tell you the reason why! It's the first Sunday issue we've missed since Dolores Lambeth, our postmaster, got things straightened out with those people in Wichita Falls after we couldn't get Sunday mail delivery in Munday anymore.

They started sending the Munday bundle to the Moores, who are their representatives in getting the "throw papers" to Wichita subscribers each morning. They, in turn, take the bundle to the post office, where we're privileged to go pick up the one with our label on it.

Remember, when the deal first started we asked the people to "go pick up your'n but leave our'n alone"? Surely, someone just forgot; or else, there's an old meanie in town!

We rushed to the post office to get our paper that morning, but didn't find it the first time we waded through the stack. We got on our knees in order to adjust our tri-focals better, but we never found the paper with our label on it.

We goes over to the vending machine and inserted two perfectly good quarters for a copy of the Sunday Times.

That's the one we have for sale. We'd like to get our quarters back!

This is a fairly good paper. It's been slightly used, but is well preserved. It could become a priceless thing, if you want to preserve it for another 100 years.

First off, it contains the regular run of a newspaper, with sections numbered "A" through "F" - altogether a total of 44 pages in these six sections.

But there's more! The publishers decided to make this paper their "centennial" edition, so there are six more sections - a total of 64 pages - dealing with historical stories of early-day Wichita Falls from the beginning to present-day times.

So, there you have 108 pages in this issue we're offering for sale. And that doesn't count the comics, the "family week" and a 20-page tabloid of "This Week" magazine. In addition there are nine advertising inserts.

What a paper! What a value! And for only four-bits!

We spent most of Sunday afternoon - we took a break for church services - and still weren't able to completely digest the historical sections. They're interesting, too, in dealing with early-day citizens, photos of historic scenes and buildings, and whatnot.

There's a story devoted to the "lost gold of The Narrows", that strip of land along the highway where the roadside

## Moguls Win Season's Opener Against Anson

LAWRENCE COLLIER, No. 33, is shown making yardage on the ground against the Anson Tigers in last Friday night's game. Moguls won the game, 20-13.

Experience paid off for Munday's halfback Quincy Adams last Friday night when he dazzled local fans with two exciting touchdowns to lead his Moguls to a 20-13 victory over their hosts, the Anson Tigers.

If the season continues like this opening game, you'll hear a lot of favorable football talk before the Moguls' 10-game schedule is over on November 5. The local boys have four more games to go before their district schedule begins.

One is convinced by Friday night's performance that those two-a-day practice sessions and a number of scrimmages with teams of the area are paying off.

This is the third straight year that the Moguls have defeated the Tigers in opening games of the season.

Action started early in the first quarter. Nine plays after the opening kickoff, Quincy Adams went into action and raced 42 yards over right tackle for the Moguls' initial six points, with 8:30 left on the clock. The try for extra point failed. Anson tried a field goal late in the first period, but this was to no avail.

It was all Anson during the second period, as the Tigers rallied behind fullback Jay Ward, who scored on a 55-yard sprint. Sonny Beauchamp added the PAT, with 9:46 left on the clock. Rusty Whitaker scored Anson's second TD on a three-yard run, and the try for extra point failed.

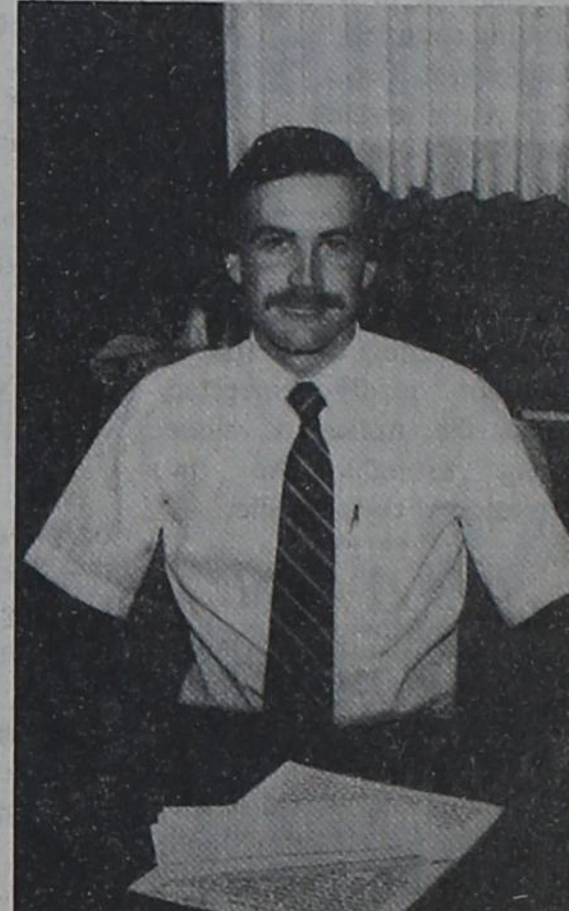

The Moguls were held to only two offensive yards in the second period, and a scoreless third period battle was waged with the Moguls still holding a 6-13 deficit.

A fourth-period rally spelled victory for the Moguls, when Chris Moore connected with Dave Hunter for a 51-yard pass gain that placed the ball on Anson's 6-yard line. At this point, Collier carried for three yards and Adams added another three for the score, with 8:54 left on the clock. A pass from Moore to Jim Earl Dockins added two points to the Moguls' score, and they were ahead 14-13.

The Moguls added another six points when Lawrence Collier scampered around right end for 22 yards and the count. Again the extra point try failed, but the score gave Munday the advantage, 20-13.

Adjustments made by the Moguls at halftime resulted in the Tigers being held to 25 offensive yards during the second half.

Statistics showed the following on offense for the Moguls: Collier, 72 yards; Adams, 62; Moore, 8 and Dockins, 2. Dave Hunter was on the receiving end of four passes that netted 101 yards.

## 1982 Homecoming Dates Set By Weinert School

October 1 and 2 are the dates set by the Weinert homecoming committee for their 1982 Homecoming. Activities will begin with the football game at Rochester on Friday night. Game time is 7:30 p.m.

Registration will start at 10:00 a.m. Saturday morning. A program will be held at 2:00 p.m., and supper for all exes will start at 5:30. Following the meal, a musical will be presented at 7:30.

Additional information about the homecoming will be provided at a later date.

The homecoming committee has started a fund at the First National Bank in Munday to purchase air conditioning for the Weinert gymnasium. Money may be deposited at the bank or given to any Weinert teacher or faculty member.

A member of the homecoming committee stated, "The money is desperately needed in order to have the air conditioning installed by homecoming."

## Booster Club Urges Spirit Among Fans

Members of the Munday Booster Club met Tuesday night to view the film from last Friday's football game against the Anson Tigers, which the Moguls won 20-13. Watching the film is a good chance for anyone who couldn't make the game to be able to see it anyway.

Also on the meeting agenda was the introduction of the Munday Mogul junior varsity team.

The booster club is urging Munday townspeople and the student body to wear the Mogul colors of purple and gold on Fridays to show their pride in the home team. The players and coaches count on lots of spirit and support from their fans, and this is one way for everyone to boost the team even before the game begins.

Booster Club members urge all parents and other interested citizens to attend the club meetings, which are held at 8 p.m. every Tuesday night in the high school cafeteria.

Mayor Reid not being present to commence meeting, Marr moved M. Booe be appointed to preside. Therwhanger seconded. Voting for was Marr, Therwhanger and Hardin. Booe abstained. Carried.

M. Booe called the meeting to order. Minutes of the August 24, 1982 Special meeting were read. No alterations. Booe stated minutes are approved as written.

The following persons were also present at this time in the meeting: Gene Brown, Reba Redder, Jeanie Carden, LaRue Patton, Latreace Lane, Billy Johnston, Mickey Jackson, Melvin Cypert, Gerald Saffel, Joyce Hardin, Bill Kingston, Sandra West and Gene Nix.

Mayor Reid also entered the meeting at this point and M. Booe asked that he now preside. Mayor Reid asked the group present if they, individually, or a spokesman for the group, would like to make a statement. Several persons in the group spoke in support of the ambulance service as it is currently being operated by Bobby Hutchinson and highly commended him for his work and dedication to citizens of Munday. Several of the group are ambulance service volunteers who aid Mr. Hutchinson in the ambulance service when called on to help. Bobby Hutchinson asked that the monthly salary be set at \$1250. per month for 7 day a week coverage. If he has a volunteer to cover, Hutchinson will pay the volunteer covering for the day or weekend covered. This does not apply to the two week vacation time when the ambulance fund pays a replacement for Bobby for the full two weeks. Hutchinson requested this to

## Church of Christ To Conduct Gospel Meeting

Harold Paden of Santa Fe, New Mexico, will be the guest speaker at a gospel meeting to be held at the Munday Church of Christ Sunday, September 12, through Wednesday, September 15.

Paden will be remembered by many Munday citizens, as he preached at the local church from 1957 until 1960.

According to Larry Swan, minister of the church, Sunday worship services will be held at the usual times, which are 10:30 a.m. and 6:00 p.m. Weekday services during the meeting will be held at 7:00 a.m. and 7:30 p.m.

equal the police chiefs pay, he said, as agreed.

Mayor Reid called the meeting into executive session. All persons left the meeting except the City Council, City Administrator and Billy Johnston (to represent the County who pays 1/3 of the ambulance losses). The ambulance service is currently supported by patient fees, Knox County, Knox County Hospital, City of Munday and City of Goege who paid losses in the 81-82 budget year of \$15,891.12.

After discussion at length, Marr moved the salary of Bobby Hutchinson as attendant and Ambulance Coordinator for 7 day a week coverage (except vacation time previously mentioned); he to pay the volunteer covering for time he is not covering; salary to be set in one check of \$1250. per month (less regular deduction for withholding and social security); also that the salary is set for this position only and shall not be tied now or in the future to any other salaried employees' salary in the City of Munday. (New salary to commence September 1, 1982). Hardin seconded the motion. Voting for was Marr, Therwhanger, Hardin and Booe. Noes, none. Carried.

DISASTROUS FIRE: Local firemen are shown training their hoses on flames that destroyed the home of Mr. and Mrs. David Lee Dockins last Saturday morning. The home was classified as "a total loss" to house and contents. It was partially covered by insurance.

## Fire Destroys Dockins Home

Fire which broke out about 10 a.m. Saturday wreaked havoc to the home of Mr. and Mrs. David Lee Dockins, 320 N. Birch St., in Munday. Cause of the fire was not immediately determined.

David Lee and his wife, Connie Lee, were not at home at the time of the blaze, having gone to Clarksville to attend a relative's funeral. Members of the family remaining at home were not on

the premises when the fire broke out.

A son, Jim Earl, a member of the Munday Mogul football team, reportedly returned home and was greeted with a mass of flames as he opened the front door. Closing the door immediately, he notified neighbors who turned in the alarm.

Firemen were quick to answer the call and said the interior of the home was engulfed in flames when they arrived.

They did a quick job in extinguishing the fire, but the interior of the home was declared a total loss. Nothing of value was salvaged, according to reports.

Indications were that the fire probably started in the middle room on the north side.

The home was partially covered by insurance, but authorities deemed it "not nearly enough" to cover the loss.

He was born on December 18, 1979.

Funeral services were held at 10 a.m. Tuesday at St. George Catholic Church in Weinert with the pastor, Rev. Thomas Jordan, officiating. Burial was in Weinert Cemetery under direction of McCauley-Smith Funeral Home.

### Police Report

The department had a busy week with traffic control. Eleven citations and 16 warnings were given. One dog warning was given, and three dogs that are ownerless were terminated.

Three family disturbances and one civil disturbance were investigated and calmed. One vandalism of a car was investigated, and this proved to be an accident caused by a number of young juveniles playing "skip the rock" on a concrete drive.

Two men, Mark Reed and Gary Tidwell, serving as good citizens are to be congratulated. During the daytime on Saturday, they observed a vehicle which was weaving on the road, crossing the center lane, and endangering life. They couldn't leave the man to get help, but were able to get the man to pull over, and they drove his vehicle into town. They called us, and we immediately arrested the man on a DWI charge.

Actually, he had already been arrested by two citizens for a breach of the peace and public safety. The breath test showed him to be very drunk. Thanks to Mark and Gary for possibly saving a life.

The department investigated a call from a "concerned citizen" about a possible suicide. The information was very scanty, and the person could not be located. Thanks.

## Knox County 4-H Activities

Ronnie Simmons, president of the Knox County 4-H Adult Leader Association, has called a meeting of the association for Monday, September 13, at 7:30 p.m. in the assembly room of the Knox County Courthouse in Benjamin.

According to Simmons, this will be a planning meeting to discuss the fund raising activities for the 1982-83 4-H year and to discuss the dispersal of funds raised last year to the various 4-H activities across the county.

All interested leaders are urged to attend.

April Stamps, County Extension Agent-home economics, reminds adult leaders and other interested individuals that it is time to start the 4-H Food and Nutrition project groups. Leaders for the project are needed. Mrs. Stamps urges those who would like to become involved as leaders for the food and nutrition groups to contact her by September 10. The phone number for the Extension office is 454-2651.

Also, September 10 is the date by which 4-H project forms need to be returned to the Extension office. Mrs. Stamps and Charles Siepel, county agricultural agent, say that the only way they will know who should receive awards at the 1982 Achievement Banquet is if those persons who had 4-H projects in 1982 fill out project forms and turn them in to the Extension office. The agents will be glad to send a form to anyone who needs one, but they stress that the forms need to be in by Friday, September 10.

Muriel remained in Munday until 1962, at which time she moved to Dalhart, where she married Eck Brown on March 29, 1964, in Dalhart. They lived in Amarillo some

10 years, then returned to Dalhart.

Her husband preceded her in death on October 26, 1980.

## Local Restaurant Opened Under New Management

Starvin' Marvin's Restaurant, which was formerly owned and operated by Pat Wheeler, has been re-opened by Mrs. Melton (Kathy) Morgan. Opening day was Monday, September 6. Mrs. Morgan says she will operate the business under the same name.

Mrs. Morgan, who was reared locally, is the daughter of Mr. and Mrs. Bill Everett. Besides the older girls, the Morgans are also parents of twin daughters, Amy and Sheila. All four girls are students in the Munday school system.

The restaurant will open at 10 a.m., and closing hour will be 7 p.m. Monday through Saturday. Sunday hours will be from 11 a.m. until 2 p.m. The menu will remain the same, and prices will not vary, in general, from those Mr. Wheeler had set.

## 4-H'ers Learn And Have Fun

Each year, beginning in September, more than 100,000 Texas boys and girls aged 9 to 19 join millions of others throughout the country in the world's largest youth organization - 4-H.

What is it and why do they do it?

A brief look into the nature of the 4-H program and what it has to offer youth and their families can provide the answers to these questions, says April Stamps, county 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University System.

First of all, 4-H is fun. 4-H'ers take part in a wide variety of enjoyable activities - club meetings, recreation, camps, learning laboratories and project work. Meanwhile, their families have the joy of working together on projects, participating in fun days and enjoying a host of other opportunities, Mrs. Stamps says.

Secondly, 4-H offers educational experiences. Youngsters learn that learning can be fun. 4-H learning takes place in small group work, in individual work on projects, and in conjunction with adult volunteers and family members. They learn at fairs and project shows of various sorts and in a variety of other non-classroom environments.

In a sense, 4-H education involves youngsters in a "learn to do by doing" atmosphere where useful and practical skills and facts are learned.

Finally, 4-H is for everyone - young or old, rural or city, male or female, regardless of race or ethnic group. Furthermore, 4-H requires no membership fees or dues. It is sponsored by the Texas Agricultural Extension Service which is a part of Texas A&M University System, and by local, state and national donors.

So, become a part of 4-H, says April Stamps. You and your family will have fun, meet new people, and take part in many new and interesting activities.

### Blanch Vegetables Before Freezing

Blanching vegetables is a simple - and necessary step - that makes freezing an efficient method of home food preservation. Blanching is necessary to stop or slow down vegetable enzymes. Enzymes cause vegetables to mature. Without blanching, vegetables develop an off-flavor, they become discolored and tough.

Blanching also softens vegetables, making them easier to pack into containers.

Fruit is an exception. It does not require blanching before freezing because it is packed in sugar or syrup. Sugar combined with the fruit's acidity or added ascorbic acid slows enzyme activity when stored at 0 degrees Fahrenheit or below.

**Blanching By Immersion**  
Most vegetables are blanched by immersing them in boiling water. Start with a wire basket and a large pan with a lid. Bring water to a boil and lower the filled basket.

Start timing when the vegetables are immersed and pan is covered. Blanching time varies with the type and

# Area Grid Results

Football was in the air everywhere, as teams of the area and those with whom the Moguls will be involved, went into action in their pre-district games. Some of the results follow:

## ALBANY DEFEATS K-C GREYHOUNDS

It was a razzle-dazzle display Friday night at Knox City when Albany's quarterback threw for two TD's and ran another to lead the Lions to a 27-18 victory over the Greyhounds.

No one could ask for a more exciting second quarter, as six touchdowns - three by each team - were scored. Both offenses apparently ran out of gas, as neither team scored in the second half.

It was offense all the way! Knox City racked up 219 yards and Albany's total yardage was 346.

## HASKELL'S INDIANS DOWN JIM NED

A fourth quarter field goal by Mark Bailey gave the Haskell Indians a 9-6 edge over Jim Ned.

Haskell jumped out in front in the first period on a 20-yard runback of an interception, but the PAT failed. Jim Ned's Dan Dacus scored on a six-yard run, and the Panthers also missed their PAT.

The score remained knotted until Bailey booted the 27-yard field goal.

## ROSCOE WINS OVER YELLOWHAMMERS

Roscoe's Plowboys used two pass plays to sail past the Rotan Yellowhammers by 18-0 in Friday night's game at Roscoe.

The Plowboys scored first in the opening period, then added two more as the game progressed. The Yellowhammers were downed for losses several times and managed to make only 73 yards total offense.

## LUEDERS-AVOCA DOWNS ROCHESTER

The Lueders-Avoca Raiders gave the Rochester Steers a sound tromping in Friday's opener at Lueders with an impressive 58-12 score. This was a six-man game.

Raider tailback Lee Minor scored five times, and his teammates, end Paul Patterson, tailback Kevin Clifton had one each.

Rochester's fullback Scott Sloan score both of his team's touchdowns.

## GOREE IS WINNER OVER NEWCASTLE

Richard Dixon and James Steward paced the Groce Wildcats to a 34-6 win over their hosts, the Newcastle Bobcats last Friday night in the battle of "the cats".

Dixon scored on runs of 33, 8 and 5 yards, while Steward threw passes of 25 and 6 yards to Virgil Reagins. Kipp Cotton kicked one PAT.

Bruce Bailey scored the only Newcastle TD on a five-yard run.

## PADUCAH EDGES BY MOTLEY COUNTY

With only 36 seconds remaining in the game, Verice Walker of the Paducah Dragons capped an 83-yard drive with a three-yard touchdown to eke by Motley County by a score of 26 to 23.

Walker gained a total of 167 yards and scored another

touchdown of three yards. The game was a thriller, with touchdowns being made in each quarter.

## PANTHERS WIN OVER BEARCATS

Seymour's Panthers were hosts to the Henrietta Bearcats on Friday night and humbled their visitors by a score of 12 to 2. Seymour scored early in the first quarter and again in the last period. The Bearcats' two points came on a safety in the second quarter.

The Panthers racked up almost twice as many first downs, 14 to 8, but Henrietta showed superior rushing power, gaining 259 yards to the Panthers' 182.

## OTHER SCORES

In other action, Childress defeated the Quanh Indians, 9-6, and Weinert came out with the biggest score against Paint Creek, 59 to 40.

# They Traveled Many Miles For Sunset's Homecoming

The Sunset Community Homecoming held Sunday, September 5th, at the Munday High School, was attended by approximately 200 people. The person traveling the farthest distance was Askelon Stogner, of San Francisco, Calif. Others from Wyoming, Arkansas and other states were in attendance.

The day began with registration at 9:00 a.m. and at 10:30 a.m. Reverend Mart Hardin, of Chickasha, Oklahoma, gave a sermon on the love and humor known in the days of our little home towns, which is now becoming a thing of the past. He quoted the late Will Rogers on down-to-earth living and humor. Following the sermon, Hollis Sweatt, of Weatherford, Texas, gave thanks and the lunch hour began at 11:30 a.m.

With the crowd assembled in the auditorium at 1:00 p.m. the program began. Several songs, led by Barbara Almanrode Ratliff, accompanied by Mr. Esten Day of Lubbock, at the piano was sung by the group.

Dr. Don Partridge, of Austin served as master of ceremonies. He recognized the ex-teachers present, who were: Mr. T. W. Harber; Mrs. J. S. Shannon, Mrs. Cecil Burton, Mrs. Ollie Mae Partridge Krause, Mr. Esten Day, Mrs. Alice Partridge, Mrs. Gladys Reid, Mrs. Viola Howell and Mrs. Virginia Curry Williams.

Dr. Partridge then recognized ex-students, beginning with the last graduating class of 1949, on through the first graduating class of 1932. The first class of 1932 were called to the front and presented plaques for their 50th year since graduation. The class was also presented red roses with "50th" which were furnished by Christine Clowdis Barnes.

The Class of 1932 consisted of 15 members, four of whom are deceased. Of the remaining eleven members, nine were present, they were: Christine Clowdis Barnes, Ora Mae Read Thompson, Ira Read Lee, Myrtle Partridge Everett, Sadie Moulder Smith, Elizabeth Shannon Hargis, Lola Mae Lawrence McGregor, Arnold Land and Pete Beecher. The two class members not in attendance were George Gaines and Lillian Verhalan.

Howard Myers, the president for the 1982 Homecoming, presided for the business session. The group chose to continue the Homecomings on a 3 year basis, the next to be held in 1985. Herbert Partridge was elected to serve as the next president. J. E. Hunter, Vice-President and Matt Verhalan as Secretary-Treasurer.

The people of the Sunset Community expressed gratitude to Howard Myers, Wendell Partridge and others of the Committees that made the Homecoming successful.

# THE TOM-TOM Happenings In Munday Schools

## New Hall Pass Program In Action

Have you ever been caught without your driver's license? Well, that's the feeling you will get today at Munday High if caught in the hall without a pink slip. The hall passes are a new program that has been established in our school system. This program has been brought about to stop people from roaming in the halls, and from staying in the restroom for a whole class period. The program is directed toward stopping students from leaving the classroom at all. This is one of the many new programs that has been developed for our school this year. So have your pass with you when you're in the hall, because if you don't, you're liable to get a big ticket.

## Report On New Teacher

Mrs. Melissa Josselet is a new teacher in the Munday school system. She teaches kindergarten. This is Mrs. Josselet's second year of teaching, but her first at Munday Elementary.

Commenting on her work at Munday, Mrs. Josselet said, "I like teaching here because there is a larger hallway to move around, and

I get along with everyone here. But my biggest concern is the children." She also enjoys teaching in Munday because her family lives here.

Mrs. Josselet thinks that the children will have some adjustments to make in school, but the biggest one is that they have to develop an attention span. So far, she believes the children are doing very well as far as listening to her and doing what she says.

Mrs. Josselet attended Munday High School. She married Kyle Josselet while still in high school, and finished a semester ahead of her class by taking correspondence courses. She attended Texas Tech University for one year before going to Midwestern State University in Wichita Falls. She later went back to Texas Tech to finish there while her husband was also a student at Tech. She graduated in 1980.

The Josselets are parents of a baby son, Michael Wayne.

Mrs. Josselet says that her interests are making bulletin boards and creating games for her class at school. Her hobbies are reading, sewing and handwork.

# Watermelons 'For Free' At Lions Second Festival

No person was heard to complain about not having enough when Munday's Lions staged their second annual watermelon feed last Thursday night. The scene was the grassy area just south of Mogul Field House.

The weather was cooperative, too, as revelers enjoyed more than usual temperatures and floating clouds that gave protection from heat rays of the sun. They came dressed in casuals and milled around the area until tired of standing, then sat flat on the grassy soil to enjoy melons.

As the crowd began to assemble, Lion Norm Anderson and his music makers provided music (including vocals) composed mostly of country western songs. The group numbered eight or more, but soon Norm hollered: We need another player, looking in the direction of Don Travis, Methodist minister, who held up a butcher knife to indicate he would soon be involved in the melon cutting detail.

Someone relieved him of his knife, and Travis joined the music makers, picking his mandolin and patting an ex-

perienced foot. Everything was going well, and music continued well into melon-eating activities.

President Chris Christenson commanded a speaker early in the meal and read a list of honored persons - those who supposedly had established residence in Munday since the first melon feed was held last year. Some responded when their names were called, but the group was smaller than expected.

So was the crowd that attended, although it was stated the crowd exceeded that of last year, when a whole batch of melons went "for free" in the whole when everyone had eaten amply.

This year's melons - about 70 in all - came from the

melon patch of James Smith. They were large melons, some red-meat, others yellow, but all delicious. Some went unsliced, and these went to lucky ones who wanted to wag them home for future reference.

Youngsters playing on the Mogul Field helped to swell the crowd as the invitation to "come and get it" went out over the air. All seemed to enjoy the event, and Munday Lions feel that their efforts were not all in vain.

They might even try it again next year!

Area football fans will have the chance to see three six-man football teams in action this season. Goree, Weinert and Benjamin will all be fielding six-man squads, and they form District 3 along with Vernon Northside, Patton Springs, Rochester, Miami, Harrold, Guthrie and Higgins.

Goree's Wildcats, coached by Gus Dormier and Poe Johnson, are starting their third year as a six-man team, and have won district championships the past two seasons.

The Wildcats show a nice balance of experience this year. Senior Virgil Reagins is expected to duplicate his all-district performance of last year. James Stewart, also a senior, and junior Kipp Cotton will share quarterback duties with Reagins. Other offensive standouts include running backs Kent Urbanczyk and Richard Dixon, center Michael Bowman and offensive end Mitch Presnall.

Other seniors on the team are Terry Gray and Roberto Mateos. Juniors include Thomas Allen Jr., Wally Roberts, Mariano Mateos and John Gray. Freshmen are Don Dixon, Randy Reagins and Joe Castorena. There are no sophomores on the team this year. Managers for the Wildcats are Andy Jackson and Jesus Castorena.

Weinert's team is hoping to pull

away from the bad luck that plagued them last year. Bulldog coach Chet Forehand and his new assistant, Jerry Underwood, have a larger squad this year, and barring an unusual amount of injuries, should be able to finish the season in good shape.

The Bulldogs are a young team this year, and will rely heavily on the experience of three seniors, John Bruggeman, Wade Raynes and Mark Stewart, and one junior, Larry Bruggeman.

The lone sophomore playing is Cecil Lampe, and freshmen include Shannon Forehand, Ramon Castorena, Landon Pannell, Edward Perez, David McNelly, Eric Turnbow and Jody Freeman. Managers are Stacy Hester and Greg Phemister.

Benjamin's Mustangs may likely be a contender this year with seven seniors returning from last year's 6-4 team. Coach Tracy Grill, who is assisted by superintendent Ben Grill, can count on both the size and experience of his players.

Junior Troy Oxford has had a year's experience at quarterback, and behind him in the backfield are seniors Randy Engbrock and James Propps, with both expecting good years. Doug Brown, Allen Heard and Kent Hertel, at 235, 220 and 215 pounds respectively, should help form a solid defense. Brown and

Heard are seniors and Hertel is a junior.

Other seniors are Alan Baty, Luis Estrada and Ancel Redder. Troy Pratt is the third junior on the team, Glen Heard is the only sophomore, and Oscar Gideon and Chad Tolson are freshmen. Mike Waldron, Jeff Pierce and Buster Redwine will manage the Mustangs this year.

Following are the schedules for the 1982 football season for the Weinert Bulldogs and the Benjamin Mustangs. (The Courier printed Goree's schedule in an earlier issue.)

**Deadline Near For All-Risk Wheat Insurance**

September 15 is the last date on which applications will be accepted for All-Risk insurance policies on 1983-crop wheat. All-Risk Crop Insurance Field Operations Director F. W. "Ted" Crouch, Jr. says that a list of local agents who offer the insurance can be obtained by contacting the county ASCS office.

Crouch says that the number of applications received to date and the interest expressed by wheat growers suggests that the amount of insurance in force will be a record high. "One major reason," Crouch notes, "is the continuing increase in crop production costs. Many wheat growers simply do not have the necessary cash reserves or additional borrowing capability to take a chance on losing the money that they will have invested in their crops."

"Another reason," the insurance official contends, "is the reduced cost of purchasing insurance." The federal government, in an effort to encourage participation in the program, pays up to 30% of the cost of the protection. Anticipated sign-up also is expected to be higher because a growing number of lenders are requiring or suggesting that borrowers carry at least enough coverage to provide for repayment of production loans.

Land designated for conservation use must have been devoted to row crops or small grains in two of the last three years. Land use for conservation use acreage in

producers, at the time they sign up for the program, may request an advance of 50 percent of the diversion payment and of any projected deficiency payment. The projected deficiency payment rate will be announced before sign-up begins.

A producer accepting an advance payment, but who later does not comply with the program provisions, must refund the amount of the advance payment with interest. Interest charged will be the rate in effect for commodity loans on the date of the advance payment, plus five percentage points.

The Omnibus Reconciliation Act requires the 1983 wheat acreage base to remain the same as the base established for the 1982 wheat crop.

Land designated for conservation use must have been devoted to row crops or small grains in two of the last three years. Land use for conservation use acreage in
