AT MILLER CREEK

First Munday Bass Tourney Is Sunday

Fishermen from a wide area are expected to converge on the Miller Creek Reservoir this weekend for the first Munday Chamber of Commerce Bass Tournament. This event will begin at 6 a.m. Sunday, June 14, and catches must be weighed in by 3 p.m.

Signs will mark the way to the lake headquarters. Entries will be taken at the Chamber office in Munday through Friday, and Saturday entries may be made at the lake. No more entries will be accepted after 7 a.m. Sunday. Entry fee is \$25 per person, and 70 percent of the entry money will be refunded as prize money, in addition to several nice merchandise prizes

Tourney Concessions Slated By Auxiliary

The Ladies Auxiliary of the Munday Volunteer Fire Department met Thursday night, June 4, to finalize plans for the concession stand at the Munday Chamber of Commerce bass tournament to be held Sunday at Miller Creek.

All auxiliary members should bring sandwiches, cookies or brownies to the fire hall by 1 p.m. Sunday. Any member for whom this is not convenient should make arrangements with another auxiliary member to have their contribution picked up. Members who plan to be at the lake during the tournament can bring their food items at that time, and those who have an ice chest to loan to the auxiliary can leave it with their food at the fire hall or the lake headquarters.

The concession stand will be open from 2-6 p.m., and any members willing to work at the booth are encouraged to do so. As always, proceeds from the project will be used to fund various needs of the fire department and the auxiliary.

Quality Animals, Pleasant Weather Star In Horse Show

Contestants at Saturday's Knox County open all-trophy horse show enjoyed sunny, mild weather at the Knox City arena. A highlight of the show was the presentation of a plaque to show chairman Mary Ann Boone by the Brazos Valley Recreation Association in appreciation for her many years of dedicated support to horse show activities in Knox County.

With a good turnout of high quality horses to choose from, show judge Scott Jackson of Stephenville named Sonny Zip Code, owned by Terry Ballard of Iowa Park, as grand champion stallion. Carolyn Payton of Electra showed the reserve champion stallion, Trouble's Scamper Jack.

Monty Holcomb of Olney won grand champion mare honors with the first place yearling mare, Shappa's Spanish Star, and reserve champion mare was Wreckless Talker, also owned by Holcomb. Linda Musgrave of Wichita Falls showed her gelding Mr. Sabre 'E, to grand championship, and reserve champion gelding was Holcomb's I'm Something Dandy.

A concession stand featuring sandwiches, drinks and cookies will be manned by members of the Munday Volunteer Fire Department ladies auxiliary from 2-6 near the weigh-in headquarters.

Munday Chamber of Commerce officials have been encouraged by the early response to the tournament, and hope to be able to make this an annual affair. The tourney is planned as the Chamber's chief fund-raiser for the year.

Members of the bass tournament committee are Jo Heard, chairman; Ralph Cypert, Terry Alexander, George Oustad, R.J. Duncan, Gary Schur, Randy Bob Cypert, Russ Byard, Raymond Carden, Ray Lynn Hardin, Bill Smith, John Lee Nelson, Varnie Moore, Billy Paul Cypert, Bobby Burnett and Frank Dutton.

Plant Materials Under Evaluation At Knox City

Some 250 collections of native grasses and legumes are currently under initial evaluation at the USDA Soil Conservation Service Plant Materials Center at Knox City. The initial evaluation phase is the first of an array of subjective criteria that each accession in an assembly of a particular species must go through before it is released as a proven, quality plant material for use by land owners and other resource managers.

Following is a listing of some of the species currently in initial evaluation at the Knox City PMC and the conservation problem areas for which they are targeted:

(1) Texas dropseed, *Sporobolus texanus*, is a perennial, warm-

ONION PICKERS work in the Floyd Reed field east of town Monday afternoon. Onion harvest is in full swing for members of the Knox County Vegetable Co-op, with 80,000 sacks of onions expected to be shipped out within a few weeks. Producers from a wide

area are expected to be in Munday later this week to watch the machine grader size and cull the onions before they are sacked for shipping. The co-op also plans to sell cabbage and watermelons this summer.

Small Field Of Area Golfers Battle For Scramble Trophies

With a four under par total of 31 on the first nine holes, the team of Richie Smith, Dent Offutt and Stacia Cook took the championship in the Lake Creek golf scramble held Sunday at the club course. The winning team tallied in with an 18-hole total of 66, shooting a par 35 on the second nine.

Two teams tied for second and third place honors with 18-hole scores of 67. Bully Ratliff, Oscar Cypert and Dick Moore shot a 33 in the first half and a 34 in the second, and Jack Nuckols, Raymond Carden and Ed Jetton followed a low 32 in the first half with a par 35 on the second nine to tie.

Other teams included M.L. Waggoner, Joe Morrow and Barbara Ratliff, with a 70 score, and Felton Jackson, Alvin Michalik and Charles Baker, who brought up the rear with a 72.

Plans are being made for another tournament in two weeks. Officials say they are trying to build up more interest in the local golf course.

4-H Committee To Meet June 18

The Knox County 4-H and Youth Committee will meet at 8 p.m. Thursday, June 18, at the assembly room of the courthouse. All committee members, 4-H leaders and parents of 4-H'ers should be present.

Stephanie Jackson of Iowa Park rode her gelding, Inearlyaintapaint, to high point judged event honors. Buckle winner in the timed events in the same division was Kellye Oswalt on Nifty.

Among contestants 14 through 18 years old, Holcomb won the judged events on I'm Something Dandy, and Bubba Withers of Guthrie, riding Ball, and Mindy Morris of Seymour, riding Mighty Bee, tied for high points in the timed event competition.

season grass species that could be useful in vegetating areas with complex saline and/or alkaline soil conditions. The initial evaluation planting was made in 1983. Currently there are 36 accessions remaining of the original 55 planted. In the fall of 1987, three or four accessions will be selected, based upon analysis of recorded data, for transplant and more intense and diverse testing.

(2) Herbaceous mimosa, *Mimosa strigillosa*, is a perennial legume species that may be useful as a ground cover on critically eroding sites and surface-mined soils, or for range and wildlife plantings. In the spring of 1987, three of the remaining 18 accessions were transplanted to an area for more extensive evaluation.

(3) Sand bluestem, *Andropogon gerardii* var. *paucipilus*, is a grass species suitable for range-seeding and stabilization of sandy soils. Sixty-five accessions started initial evaluation in 1983 and in the spring of 1987, six accessions were selected for further evaluation. 'Elida' sand bluestem, a cultivar released by the Los Lunas New Mexico Plant Materials Center, was also moved and will act as a standard of comparison.

(4) Spike dropseed, *Sporobolus contractus*, and sand dropseed, *Sporobolus cryptandrus*, are both warm-season, perennial grasses suitable for range-seeding, stabilization of sandy soils, and revegetation of critically eroding areas. There are 29

COOL AT LAST: Munday area youngsters wait eagerly through the last few days of school and the first days of vacation for the opportunity to do just what they are shown doing here - jump, paddle, splash, soak up sun and just in general enjoy the Munday Swimming Pool! Over 100 swimmers took advantage

of the free splash day Monday and most of the crowd was chased out by cloudy skies and a few drops of rain before this shot was taken late in the afternoon. The pool is open from 1-5 p.m. Tuesday through Sunday, and will be one of the most popular gathering spots in town until school starts.

Carriker Sets Town Meeting Monday Night

State Representative Steve Carriker will speak with Munday citizens at a town meeting set for 7:30 p.m. Monday, June 15, at the Munday Community Center. A Roby Democrat, Carriker was elected to the Texas House of Representatives in 1982.

Carriker's visit in Munday is timed to hear local citizens' response to the actions taken by the 70th Legislature and to glean some ideas of what the voters want to see done when the legislators convene in special session June 22. Anyone with questions or suggestions pertaining to our state government and how it relates to Munday should plan to attend this important town meeting.

A similar meeting held here some time ago by the representative was attended mostly by agricultural leaders in the community, and a more general cross-section of townspeople is hoped for on this visit.

Onion Harvest In Full Swing Locally

With showers and overcast skies creating cool, humid weather unfavorable for harvesting wheat, another type of harvest began this week in Munday. Onion pickers moved into the fields of Knox County Vegetable Co-op members, and producers are hoping for a successful harvest and the continuation of a strong market.

A new facet has been added to the onion harvest in this area. This year the workers are clipping the roots and tops from the onions before putting them in burlap bags, where they will be allowed to cure in the fields for a few days. A machine grader was moved from Arizona and was expected to be in Munday on Wednesday or Thursday of this week. The grader will be used in the field to size the onions and to cull out those that are less than prime grade. Then the onions will be put in market bags and taken to the shed for shipping.

Approximately 200 acres of Munday area farmland was planted

in onions this year, and a yield of some 80,000 50-pound bags is expected to be shipped. A small percentage of the crop was lost due to hail and rain. Most of the onions will be sold on the open market.

A co-op official said cabbage will be ready in a week or so, and watermelons will also be sold this year. Onions available include the white 10-15 Texas Sweet onion, as well as yellows and reds in all sizes.

Missionaries To Speak At Gillispie Church

Polly Schoolcraft and her daughter, Carol, missionaries to Haiti in the West Indies, will present a special program on their work at the 6 p.m. service Sunday, June 14, at the Gillispie Baptist Church. Everyone is invited to join the Gillispie congregation for this service.

Who Is That Executive In Overalls?

What is a farmer?

Farmers are found in fields - plowing up, seeding down, rotating from, planting to, fertilizing with, spraying for and harvesting if.

Wives help them, little boys follow them, city relatives visit them, salesmen detain them, meals wait for them, weather can delay them, but nothing can stop them.

A farmer is a paradox. He is an overalled executive with his office in his home. He is a scientist who uses fertilizer attachments, a purchasing agent in an old straw hat, a personnel director with grease under his fingernails, a dietician with a passion for fresh fruits and vegetables, a production expert faced with a surplus, and a manager battling a price-cost squeeze.

He manages more capital than most of the businessmen in town.

He likes sunshine, good food, county fairs, dinner at noon, auctions, his neighbors, his shirt collar unbuttoned and above all, an above-average annual rainfall.

He is not much for droughts, ditches, freeways, weeds, the eight-hour day, dusty roads, development, insects, diseases, freezing weather or helping around the house.

Nobody else gets so much satisfaction out of modern plumbing, good weather, automatic furnaces, electric blankets, and homemade ice

cream. Nobody else has in his pockets at one time a three-bladed knife, a checkbook, a billfold, a pair of pliers, and a combination memo book and general farm guide.

A farmer is both Faith and Fatalist. He must have faith to meet the challenges of his capacities amid the ever-present possibility that an act of God (a late spring, an early frost, flood, drought) can bring his business to a sudden halt. You can reduce his acreage but you can't diminish his optimism.

Might as well put up with him. He is your friend, your competitor, your customer, your source of food and fiber. He is your countryman - a denim-dressed, business-wise statesman of stature. And when he comes in at noon having spent the energy of his hopes and dreams, he can be recharged with the magic words - "The market's up!"

(Editor's note: Does anyone recognize a familiar person in this description? We think it fits Lonnie Offutt to a tee. Lonnie, by the way, gave us this article from the National Association of Conservation Districts' newsletter. It was written by Bud Lee, a conservation district county manager and farm advisor for the University of California, who recently retired after 28 years of service.)

accessions of spike dropseed and 73 accessions of sand dropseed currently under initial evaluation started in the spring of 1985.

(5) Texas wintergrass, *Stipa leucotricha*, is a cool-season, native, perennial grass desirable for re-seeding rangeland for livestock forage. Currently there are 73 accessions under initial evaluation begun in the fall of 1985.

(6) Giant sandreed, *Calamovilfa gigantea*, is a species of grass selected for evaluation that may be beneficial in the stabilization of sandy soils with high erosion potential. There are 30 accessions in the spring, 1986, initial evaluation planting.

The species listed exemplify the workings of a Plant Materials Center. Many other species have already been through the process and have been available to the public for several years. It is hoped that at least one accession in each assembly will prove worthy of application on some of the diverse conservation needs of Texas and Oklahoma.

Munday Man's Kin Dies In Henrietta

Howard Thompson, 81, of Henrietta, brother of a local resident, died Monday, June 1, at a Henrietta hospital. Funeral services were at 2 p.m. Thursday, June 4, at Davis Funeral Home in Henrietta with Rev. Ted Traylor, pastor of First Baptist Church, officiating, assisted by Rev. Glenn Bridges. Burial was in Newport Cemetery.

Thompson was born March 31, 1906, in Callahan County and had lived in Henrietta ten years. A retired farmer and rancher, he was a member of the First Baptist Church and was a Mason.

Survivors include his wife, Sadie of Henrietta; two daughters, Dolores Hopkins of Enterprise, Ala., and Beverly Whitaker of Matador; three sisters, Ernestine English of Alma, Ark., and Ina Lou Markcum and Edna McKinney, both of Fritch; three brothers, Ivy of Alma, Gene of Munday and Doyle of Abilene; six grandchildren and 17 great-grandchildren.

Twirler Earns II At State Contest

Purple Cloud band twirler Alicia Cook recently competed at the state UIL twirling contest, bringing home a II or excellent rating and a silver medal. The daughter of Johnnie and Stacia Cook, Alicia will be a sophomore at Munday High School in the fall.

The competition was held June 1 at the Belmont Theatre near Memorial Stadium in Austin. A twirling instructor and owner of a twirling studio in Austin judged some 500 contestants from schools of all classifications. Mrs. Cook reported that the judge awarded only three first division ratings in the contest.

Accompanying Alicia to Austin were her mother, her grandmother Jean Collins, Munday band director Rodney Bennett and Angie Offutt, a fellow twirler.

TMA Votes To Improve Medicare Review Process

In a move to improve the process used to review physicians who treat Texas Medicare patients, the Texas Medical Association approved 29 recommendations at its recent policy-making meeting in Houston. TMA and Texas Congressmen have been critical of the process used to assure that quality care is delivered to Medicare patients, stating that rural doctors are being held to unrealistic standards and that availability of care is being threatened.

Among the recommendations is that rural hospitals be encouraged to seek agreements with larger nearby hospitals and clinics to assist in peer review. This more regional approach would make physician review more effective by including needed specialty expertise that may not be available in small rural hospital settings. The majority of sanctions in Texas have been against doctors in rural parts of the state. TMA also approved narrowing the definition of "gross and flagrant" violations to include actions that constitute an immediate health threat to Medicare patients. They also agreed that such violations be reported immediately to the Texas State Board of Medical Examiners and to the hospital where the physician has staff privileges. The review process has been criticized for its subjective and sometimes misunderstood definition of "gross and flagrant" violations.

In other action, TMA's policy-making body, the house of delegates, voted to oppose including physicians' fees in the Medicare diagnostic related groupings (DRGs). DRGs seek to reduce the cost of hospital care by assigning a predetermined payment to certain diagnoses. The federal Office of Management and Budget has proposed that payments for radiology, anesthesiology and pathology services performed in a hospital be included in the DRG payment system. By including these fees in the DRG system, there is a concern that such care could be compromised as part of the effort to control costs.

In a related item, TMA agreed to draw increased public attention to the financial hardships faced by Texas' small rural hospitals because of Medicare's reimbursement system. Specifically, the resolution noted on American Medical Association report which presented compelling evidence that rural hospitals are not being adequately reimbursed under the Medicare program. In addition, depressed economic condi-

tions are leaving many residents without necessary care.

On issues of public health, TMA voted to oppose routine testing of the general population for AIDS at this time, including premarital screening, because it is not cost effective and because testing of the general population results in a large percentage of error. A voluntary effort to encourage Texas motorists to use headlights during daytime hours to reduce highway accidents also was approved. The association also adopted a policy that all-terrain vehicles—those that are not licensed, have three or four wheels and can be driven off the road—are especially dangerous for children.

Regarding funding for medical education, TMA delegates voted to work to change the state's medical school appropriations bill rider to give medical schools the option of adjusting enrollment based on their ability to train quality physicians to meet the needs of Texans. Currently, the appropriations bill states that medical school enrollment levels should not be less than a certain figure, which varies according to school.

SALMONELLA FOOD POISONING UPDATE

You may have seen a recent 60 Minutes television program on salmonellosis and other media features that have you questioning the safety of poultry, eggs and other foods. This is not a new problem; it has been with us for a long time. However, proper handling and cooking are the keys to avoiding salmonella poisoning from poultry.

Follow the "four C's" to avoid potential salmonella problems with chickens. Maintain clean working areas for handling poultry. Cook the poultry thoroughly to insure bacterial destruction. Chill the meat as quickly as possible following cooking and serving. Finally, and most important of all, don't cross contaminate a cooked meat with bacteria from a raw meat through use of contaminated cooking boards, platters, knives and other utensils.

By following these practices, it will help to insure avoidance of salmonella food poisoning which causes flu-like symptoms of fever, diarrhea and vomiting for two to seven days. It may even cause death in infants, the very young, sickly and elderly.

COUNTRY CRAFTED TEXAS

If you actively participate in area bazaars and craft shows, this information may be of interest. The Texas Department of Agriculture is looking for ways to boost income in rural areas, and one way for many

rural families to achieve this is for them to take advantage of their own craftmaking talents -- from quilt making to whittling, from pottery making to weaving. To help foster these cottage industries, TDA is launching a special marketing program to promote and sell Texas crafts. Our program is called Country Crafted Texas, and we invite you and your family members to participate.

The program is designed to link up rural artisans with urban markets. The TDA, in conjunction with the Texas Farm Crisis Hotline, will print an attractive promotional directory listing rural artisans and the types of things they make. Our Country Crafted directory will be widely distributed to press outlets, marketers and likely consumers.

In addition, TDA will offer Texas rural artisans various opportunities to exhibit their crafts in high-traffic shows. For example, TDA will feature Country Crafted participants at the state fair in Dallas this October. Also, in November, Austin's Sami Show has agreed to "adopt" country artisans and to show and sell their wares, for a small commission on sales.

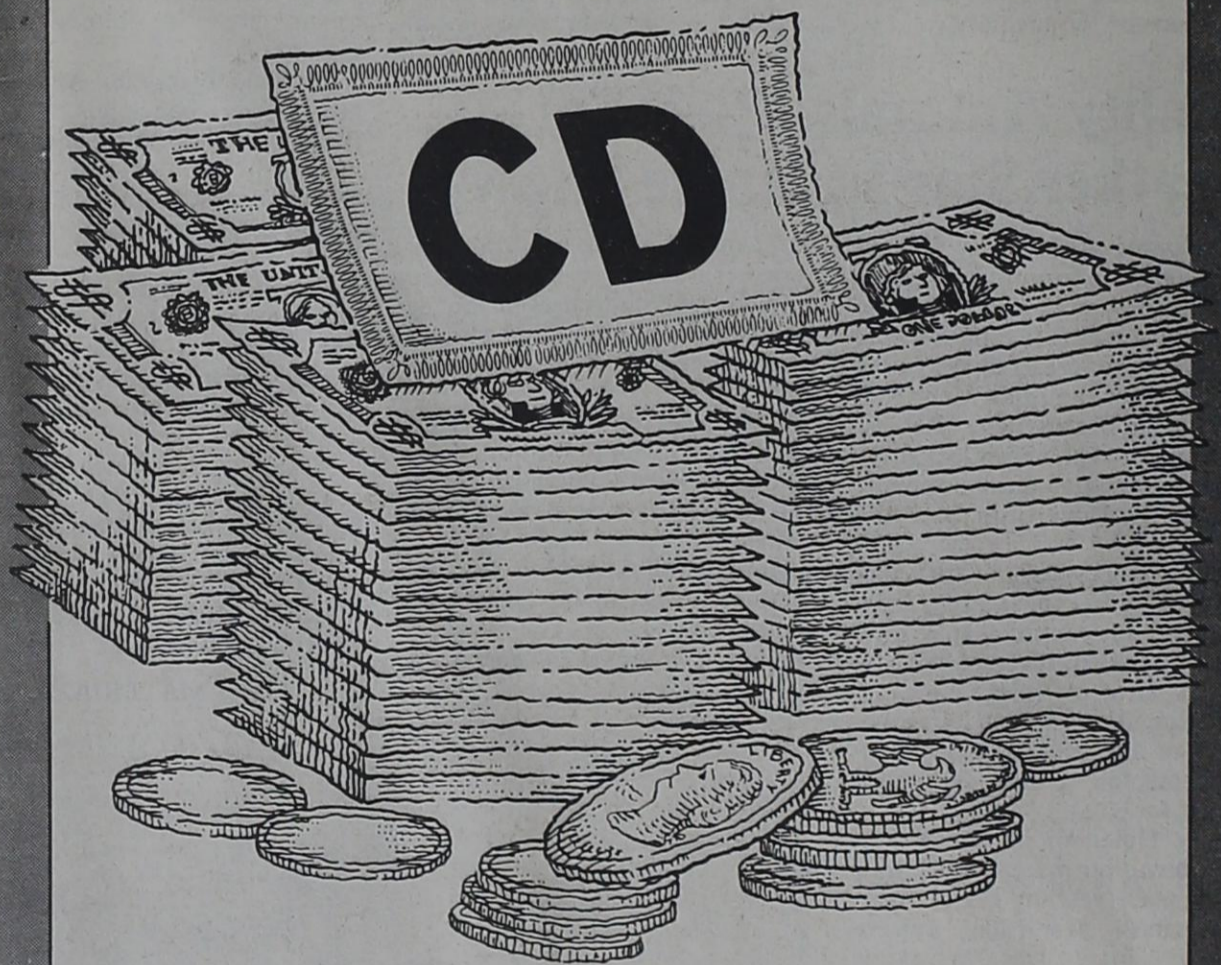

More information may be obtained from the Extension office.

Olney Savings Official Voted Chairman Of Texas S&L League

Alan D. Myers Jr., chairman and chief executive officer of Olney Savings Association, was elected chairman of the Texas Savings and Loan League at the annual convention held in Boston, Massachusetts.

A prominent leader in the thrift industry, Myers serves as a director of the Federal Home Loan Bank of Dallas, a director of the United States League of Savings Associations and a director of the Savings and Loan Political Action Committee. In 1980, Myers was the recipient of the prestigious John T. Mahone Award, presented annually by the Texas Savings and Loan League for outstanding leadership and active involvement in community affairs.

Myers began his career in the savings and loan business 28 years ago and joined Olney Savings in 1959. Currently, a billion-plus dollar institution, Olney Savings has 39 offices throughout northwest Texas and is one of the top savings and loans in the state.

A native of Olney, Myers currently serves as president of the Board of Industry and Commerce and vice chairman of the Hamilton Hospital Board of Directors. He is also past president of the Olney Board of Education, Olney Library Board, Olney Rotary Club, Community Chest, Little League and the Olney Volunteer Fire Department.

Serving two terms as mayor of Olney, Myers was honored with a

special award from his city. He was named "Outstanding Citizen" for his efforts during a Pipeline Project.

A 1958 graduate of Baylor University, Myers is now a member of the Baylor University Development Council and is a past director of the Alumni Association. He and his wife, Jan, have five children and are members of the First Baptist Church of Olney.

The Texas Savings and Loan League is an organization comprised of member savings and loan associations and industry associates throughout the state. Its purpose is to promote the growth and development of savings and loan associations in the state of Texas and to support the thrift industry through active political involvement regarding issues having direct impact on financial institutions and the people they serve.

LORIN CLEM

Munday Tumbler Wins State Contest

A Munday Elementary School student won first place in a field of 40 gymnasts at the tri-state regional meet held Friday and Saturday at Andrews.

Lorin Clem, 9-year-old daughter of Daron and Christi Parker, took the championship in her age group of the advanced meet held Friday. About 900 gymnasts participated in the day's events, and 1400 competed in the novice meet the following day. The Texas state meet and the regional meet featuring gymnasts from Texas, New Mexico and Oklahoma were combined this year, so all qualifiers for the state meet were automatically eligible for the regional contest.

Sisters Lynn and Ann Parker tied for third place in their age division of the advanced meet. In the novice division, Andrea Brown was third in her group and eighth overall. In the event of large divisions, the gymnasts were divided into smaller groups, and the winners were pitted against each other for overall titles.

Jennifer Yates placed fifth in her group, while Haley Hutchinson won seventh place and Nicole Urbanczyk finished ninth. In the trampoline category, Nicole placed fifth and Haley held down the ninth spot in their respective age divisions.

It was impressive showing for the Munday youngsters, as most of the competition groups contained some 20-40 gymnasts.

Have A Nice Day!

Former Resident Is Volunteer Chaplain In Hospital Program

A former Munday resident was the first volunteer in a pilot program that began last week at the Valley View Regional Hospital in Ada, Oklahoma. Donnie Voss, minister of education at the First Baptist Church in Ada, was the first of 18 ministers to serve in the chaplaincy program at the hospital.

In the program, each volunteer minister spends two hours each day at the hospital and is on call 24 hours a day for a one-week period. The chaplains are members of the Ada Ministerial Fellowship and began training for the program about six months ago. They attended classes in working with families during traumatic experiences such as terminal illnesses and surgeries or after major automobile accidents, as well as working with families of patients who are dead on arrival at the hospital. They also received training in dealing with patients and hospital staff.

Another duty of the volunteer ministers is visiting out-of-town patients, whose pastors may not be able to visit them on a daily basis. The service is non-denominational. The pastors carry beepers when they are on call so hospital personnel can contact them when they need to speak to a patient or family.

Voss is a coordinator of the program along with Rev. Bob Langston. He is the son of Mr. and Mrs. Howard Voss of Munday and is a graduate of Munday High School. He is married to another Munday native, the former Judy Brown, daughter of Gene and Dorothy Brown, and the couple has three children.

Engagement Announcement

Mr. and Mrs. Jack Crumpton of Munday have announced the engagement of their daughter, Katie Marie, to Ron Garlic, son of Mrs. Ruby Garlic of Pulaski, VA.

The bride-elect graduated from Destraham High School in Louisiana and holds a bachelors degree from the University of New Orleans. The prospective groom is a graduate of Pulaski High School and is serving in the United States Army.

The couple plans a July 29 wedding at Waianae Chapel in Schofield, Hawaii.

16. There will be no postponement. The tournament will proceed regardless of weather.

★ Weinert News ★

By Mrs. Myrtle Phemister

June -- the month of romance, vacations, and wheat harvest! Calendars are not needed to know when June arrives if you live near a farming community. Harvest is in full swing, and many out-of-town harvesters have joined our local ones to help reap. Wet ground has hindered a lot, but a few days of nice weather will remedy that.

Cotton planting is nearing completion. Then will come wheat-sod breaking, as the stubble will be turned into the soil for mulch. The farmers will be thinking about next year's cotton field, as they plan ahead while surveying the plowed fields.

Wheat is making a good yield in 1987, some have reported an average of 25 to 27 bushels per acre, with the highest of 37 so far. The price is \$2.30 per bushel.

Our vacationing senior class returned safely from their trip to Puerto Vallarta, Mexico on the Pacific Ocean coast. They reported a grand time, many exciting events, and all stated it is "different down there."

The group drove to Dallas and left DFW by Mexicana Air to their destination. The resort is only five minutes from the beach, and less time to a disco that all the young men enjoyed. Seven senior boys and one girl made the trip, accompanied by their sponsors, Mark and Darla Coffman. They agreed the most memorable thing has to be the way the taxi drivers maneuver in traffic. You have to endure it to believe it!

Recent visitors in the home of Pud and Suzie Brockett was a grandson's family, Ricky and Sherry Nance, with children Sharon, Ricky Jr., and Clint, all of Huntsville. Ricky is Colleen's son, and reported his mother is still having trouble with her arm that was pulled out of socket in a freak accident in her home. She will have to undergo surgery to correct it.

Wanda Bearden of Petersburg, Texas is in Weinert to spend a few days with her sisters and their families, Veta and Ronnie Alexander, Missy and Randy, and Mr. and Mrs. Donnie King and children. She will visit other relatives in our area, also.

Mr. and Mrs. Larry Dean Moore, Scott and Heather, of Valpariso, Ind., were in town this week and attended worship services at the Church of Christ. Dean is a former minister of the church, having lived here in the 1960's. They are celebrating their 25th wedding anniversary and are "re-tracing their steps" as far as Abilene Christian University where they were students.

Monica Brockett of Vega spent a few days with her grandparents, Pete and Imo Brockett.

Sue and Talanda Hackney of Ft. Worth are spending a few days with Sue's parents, the D.I. Whites, to celebrate an early Father's Day.

Mattie and Durward were in Ft. Worth last weekend to attend the 50th wedding anniversary of Elwood and Bonnie Hackney, former Weinert residents.

The J.E. Jetton children met for their annual reunion on June 7 in Holiday in the home of Jimmie and Claude Young.

The First Baptist Church is engaged in vacation Bible school this week with good attendance. The theme being stressed is "Learning Bible Truths."

Mr. and Mrs. Don Crump and family spent a relaxing week in the home of Debbie's parents, the Keils, in Edinburg. Her sister, Becky Keil, graduated from high school and the Crumps were there for the exercises. Mr. Keil and Becky returned to

Weinert with the Crumps as they travel toward Tennessee to visit colleges there.

Mr. and Mrs. Tab Garrett and 16 of their offspring (children and grandchildren) were in town for a family reunion and attended worship services at the Church of Christ where they were members years ago.

Lt. Keith Sanders will leave Friday for his post of duty with the U.S. Air Force in Korea. He has spent his leave with his parents, Kenneth and Brenda Sanders, and Gregg, Kent and Kole, with some side trips to other places. He was in South Dakota for a wedding of one of his classmates last week and in Abilene and Haskell to visit other relatives later. We pray a safe flight to Korea for Keith, and every day as he serves us in Korea.

R.S. Sanders will be in Abilene on Thursday for three days of chemotherapy treatments. We pray for his continued good spirits and good health through the remainder of the ordeal of treatments.

Celebrating birthdays this week are Larry Bruggeman, Joe Yates and Raymond Mathison. Those celebrating anniversaries are Ronnie and Veta Alexander, Alton and Mildred Sanders, Ricky and Karen Harlan. Congratulations, each of you!

COUPLE HONORED ON ANNIVERSARY

Willie and Ida Ferril were honored on their 50th Wedding Anniversary with a reception hosted by their children and grandchildren in the community room of the Haskell National Bank on Saturday, June 6.

Gold and pink spring flowers decorated the room and the lovely covered tables. A three-tiered wedding cake with gold punch, as well as a chocolate cake with coffee, were served from the bride's and groom's tables.

Guests were greeted and registered by Nan Reeves, niece of the honorees, and grandsons served as ushers. Others who helped with hostess duties were Helen Stout, Doris Jean McMeans, Sue Bingham, and Dwanna Roberts. Flora Pace catered the party.

Willie Ferril and Ida Garrett were married in Weinert in 1937, and they have lived most of their lives elsewhere, but returned here for their retirement.

Their gift to each other was a recreational vehicle, and they will be leaving this week for a few days fishing trip on Lake Proctor.

GARRETT FAMILY HOLDS REUNION

The descendants of Cleve and Ruth Garrett met for their 34th annual family reunion in the Weinert Community Center on June 7. Approximately 75 family members enjoyed a day of visiting, eating and reminiscing with four generations of Garretts.

There were ten of the eleven living children present. Maxine of Capitan, N.M. was ill and could not attend the reunion but is expected to come for a visit this week.

Those present included Beatrice Curd, Dora Woolsey and Garth of Haskell, Joe of Abilene, Weldon of Andrews, Alton (Tab) of Rochester, Frank and Leroy of Las Vegas, Nev., Lenora Griffis and Ida Ferril of Weinert.

The Garretts lived in the Pleasant Valley school district and farmed there for many years before moving into Weinert. They operated a service station, garage and other businesses in town.

Cleve and Ruth are both deceased, as are two of their sons.

CELEBRATING 60 YEARS of married life are Mr. and Mrs. John Smith of Knox City, who will be honored with a reception Sunday at the Knox City First United Methodist Church. Smith, who was Knox County tax assessor-collector for almost 30 years, and the former Daisy Dean Roch were married May 21, 1927, and have lived in Knox County all their married life. They have two daughters, Judy Leaverton of Whiteface and Jane Schoonmaker of Carrollton, and a son, John Ed Smith of Midland, as well as six grandchildren.

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

CORRECTION

Oops, I have erred again! In the write-up last week about the Benjamin cheerleaders going to camp, I put Sandra Bolanos' name in as Susan. Sandra called my attention to this and I apologize for such a careless mistake!

According to Troy Oxford at the Benjamin elevator, the wheat harvest around here is just about 3/4 finished. And the yield has averaged, for the most part, between 25 and 30 bushels per acre. Lots of strikes were against the wheat farmers, wet weather, etc. So that seems like a good crop to me. If the weather would hold a few more days, it should all be out.

Several have asked me who was responsible for mowing the cemetery. Comments are all favorable. It looks real nice. Vernon Smith has been caring for it again this year, as he did last year.

DIES IN BOATING ACCIDENT

Coleman Lee Bivens, 21 years of age, of Argyle, died Friday afternoon in a boating accident on Lake Stamford. Young Bivens was in the area to enter the bass tournament at Lake Stamford during the weekend. Reports are that the steering mechanism came loose on the boat, making it impossible to steer, thus causing the boat to spin around in the water. The young man was thrown from the boat and died in an attempt to swim back to the boat.

He was the son of Don Lee and Patsy Bivens. Grandparents are Lee and Margaret Bivens of Lake Stamford, well known to Benjamin residents. He was the great-nephew of Meritha Patterson and Leon Bivens of Benjamin.

Funeral for Bivens was Sunday afternoon at the Lutheran Church in Sagerton. Burial was in the Sager-ton Cemetery.

The Pattersons and Bivens from Benjamin attended the funeral. Other Bivens relatives attending were Sharon Johnson and girls of Alpine, Mr. and Mrs. Tom Tat Bivens of Bronte, Kathryn Hertel, Simone and Sonya of Fillmore, Okla., Mr. and Mrs. Vic Dana and sons of Green River, Wyo., and Jet-ton Bivens of Big Sandy.

HERE AND THERE

Kenneth and Jessie Roberts attended the Northwest Texas Conference of Methodist Churches Monday through Thursday of last week. The conference was held at the First Methodist Church in Lubbock.

David and Val Milson of Cedar Hill visited his mother, Bo Milson, last Wednesday night. David and Val have recently moved to Cedar Hill from Munday. He has accepted the position as boys' head basketball coach there and Val will teach the third grade.

Gaye, Ken and Mark Roberts of Hereford visited their parents, the Kenneth Roberts and Clodell Duke, a few days last week.

Bo Milson is vacationing this week in the Austin area with her daughter and family, the George Slades.

Benjamin folk attending the Young family reunion at Possum Kingdom this past weekend were Dutch and Imogeon Young, DeeAnn Lamb and Anthony, Billy and Pat Benson, Stephen, Sheila, Aaron and Seth Kuehler, and Billy Carl, Kathy and Carl Benson.

Clodell Duke, Jan Pollock, Mary Sawyers and Mikie of Hamlin attended the graduation exercises of their granddaughter and niece, Marian Duke, in Whitharrel last Tuesday night. Marian was salutatorian of the graduating class. Marian is the daughter of Mr. and Mrs. Butch Duke.

Visiting Clodell Duke during the weekend and attending the Jackson reunion were Jim and Barbara Harris of Houston and Darr, Judy

and Toby Jackson of Bedford. Among the others here for the get together were Floyd and Mary Bell Ratliff of Lake Buchanan, Audrey Moore and daughter, Robbie, and granddaughter, Wendy of Odessa, and L.O. and Bess Jackson and Micky, Linda, Holly and Scott Jackson of Munday.

Monday morning visitors in the home of Ozelle Kilgore and Galen were Wayland and Florence Draper of Dallas.

Rose Ellen Albus of Lubbock visited her mom, Nora Hertel, and her brother and family, the Don Hertels, a few days last week.

W.T. and Jo Etta Cartwright, Ruth Ressel and Nora Duke, left Sunday for a two weeks vacation in Branson, Mo. and other points of interest.

Those from Benjamin attending the golden wedding anniversary of Hazel and T.L. Nesbitt at the Weatherford Community Center in Weatherford on Saturday were Bud and Von Conner, Jane Gideon, Darlene Benson, Leroy and Gloria West, Dutch and Imogeon Young and DeeAnn Lamb and Anthony. Hazel is the former Hazel Kendrick.

The Nesbitts entertained the visiting relatives with a supper and get-together Saturday night at their home.

Betty Parker of Aspermont visited her parents, Leroy and Gloria West, Sunday.

Homer T. and Kathleen Melton attended the annual reunion of the Retired Texas Rangers at Ft. Fisher in Waco recently. They were accompanied to Waco by their son and his family, Jimmy, Jason and Kobi Melton of Abilene.

Sunday guests of the Meltons were Jack and Mary Young and Debbie and Barry Neill and Dusty of Lubbock. Jason and Kobi Melton have been visiting their grandparents since Friday.

MR. and MRS. BRETT KIMMEL

Kimmel-Woods Vows Read In Seymour Ceremony May 30

Rebecca Lynn Woods and Brett Lee Kimmel exchanged wedding vows in a ceremony held Saturday, May 30, at the First Baptist Church in Seymour.

Parents of the bride are Mr. and Mrs. Don Woods of Seymour. Sheila Kimmel of Boyd, a former Munday resident, is the groom's mother. Mr. and Mrs. J.B. Booe of Munday are the bride's grandparents.

Bob Lucas of Norman, Okla., performed the ceremony before a setting of brass archways and candelabras. The greenery-entwined arch was flanked by spiral candelabras holding short tapers. Heart-shaped candelabras with votive candles stood at the outside edges of the setting.

Giva Chandler of Canyon provided wedding music prior to the ceremony and accompanied her mother, Mrs. Winona Chandler of Seymour, in vocal selections of *You Decorated My Life*, *We've Only Just Begun* and *Theme from Ice Castles*. As the bride entered the church the soloist sang *You and I*, and the final selection, *The Lord's Prayer*, was presented at the close of the ceremony.

Given in marriage by her father, the bride wore a formal white gown of fantasia chiffon featuring an off-the-shoulder yoke of illusion and a wedding ring collar of beaded embroidery. The fitted satin bodice with dropped waist was covered with satin-stitched embroidery and embellished with swirls of pearl strands running the length of the bodice, and triple tiers of chiffon ruffles edged with filament formed the sleeves. The full chiffon skirt was sprinkled with satin-stitched medallions and edged with embroidered scallops. A six-tiered flounce of filament-edged chiffon ruffles at the hemline extended into a chapel train. The bride's waltz-length veil of ruffled netting edged in filament was caught to a wreath of pearl sprays, crystal loops and rhinestones, and she carried a cascade bouquet of red and white roses.

Following tradition, the bride wore a heart-shaped ring made by her maternal grandfather in 1932 for something old, and something borrowed was a wide gold ring given to her paternal grandmother in the

early 1920's.

Mrs. Jerra Lavery of Wheeler served as matron of honor. Bridesmaids were Lisa Reaves of Seymour, Robin Myers of Wichita Falls and Lori Kimmel of Amarillo, sister of the groom. The attendants' floor-length dresses of red and black taffeta were designed with two-tone off-the-shoulder necklines and puffed sleeves accented with sprigs of flowers. The fitted bodices featured both colors, and red cummerbunds cinched the waists. The full hoop skirts fell to opera style hemlines gathered into scallops with sprigs of red and black flowers, and black ruffled flounces descended from the opera gathers to complete the Southern belle style of the gowns. Each attendant carried an open black lace fan adorned with a dozen red silk roses accented with halos of white pearls.

Alicia Kimmel, the couple's daughter, was flower girl. She was dressed in a gown of red and white taffeta styled like those of the brides' attendants and wore a halo of miniature red and white roses in her hair. She carried a white lace basket of matching roses. Marcus Kimmel, son of the groom, was ringbearer. His attire was like that of the groom, and he carried a heart-shaped pillow trimmed with lace, red and white roses and satin bows to hold the couple's rings.

Kirby Crabtree of Lubbock was best man. Groomsmen were Matt Howard of Lubbock, Bernie Kimmel of Weinert, brother of the groom, and Andy Woods of Graham, the bride's brother. Serving as ushers and candlelighters were Todd Meers and Brand Cude of Munday, Phil Johnson of Wichita Falls and Royce Woods of Seymour, brother of the bride.

The groom chose a white tuxedo with full tails accented with a red tie and cummerbund. His attendants wore black tuxes with tails and red accessories.

The bride's parents hosted a reception and dance in the Seymour VFW hall after the wedding. A white lace cloth covered the bride's table, which was centered with an arrangement of red roses. Additional red roses trimmed the wedding cake, a three-tiered confection with columns separating the tiers and a cascading fountain between

the bottom layers. The bride's cake was topped with a porcelain bride and groom figurine surrounded with red roses, and two more cakes formed a descending staircase holding miniatures of each attendant. The punch table was covered with an off-white lace cloth over red and a cut crystal vase held the bride's toss-away bouquet. Becky Gregg, Debra Hrcirik and Mary Bengie of Seymour and Christy Marrow of Lubbock served the guests from crystal appointments.

Kala Rice of Wichita Falls presided at the registry table, which was covered with a white lace cloth accented with an arrangement of red roses.

The bride's parents hosted the rehearsal supper the evening preceding the wedding at the Seymour

Senior Citizens' Center.

The bride is a graduate of Seymour High School and studied at Midwestern State University the past two years. She plans to continue her education at Texas Tech University. The groom, a graduate of Munday High School, is employed by Butler Construction Company in Lubbock, where the couple will make their home.

Pre-nuptial courtesies included a lingerie shower in the home of Mrs. Kathy Alexander of Olney and a miscellaneous shower given by Mrs. Bernard Godley in Seymour.

We would like to thank Judge David Perdue for giving us a flag. His quick response to our need was very much appreciated. We are proud of our new flag and our country and are glad to be able to display our pride.

Also, we would like to thank Clyde Yost, Tom Hamilton and Mrs. Jackie Guffey of Graham for donating money to our flag fund. This money will be used to buy a pole, base and ornament for the flag.

Movies Discussed By Senior Citizens

Munday Senior Citizens met Thursday, June 4, at the Community Center. Leona Elliott helped the group pass the time before the meeting began by playing the piano while they sang.

Frankie Ponder gave the opening prayer, and the Pledge of Allegiance was recited in unison. President Grace Hutchinson presided over the business session. Minutes for the May meeting were read and approved, and the treasurer's report was accepted as given.

Ruth Horton discussed movies to be shown in Abilene. "The Thin Man" will be featured June 27, and senior citizens who wish to attend the showing should contact Mrs. Horton by June 25. Game nights were set for 6 p.m. June 11 and 18, and the monthly singing will be held at 7 p.m. June 25.

A covered dish luncheon and a period of fellowship were enjoyed before the meeting adjourned. The next meeting is at 10:30 a.m. Thursday, July 2. Any senior citizen is welcome to attend.

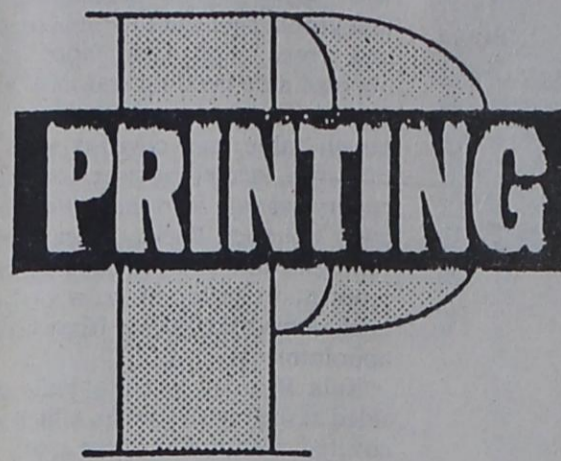

Former Resident's Granddaughter Is Honor Graduate

Shelly Drennan, daughter and granddaughter of former local residents, was named valedictorian of the graduating class at Guthrie High School with a four-year grade average of 95.4. She is the daughter of Billy George and Sharlene Fitzgerald Drennan, and a proud granddaughter is Mildred Fitzgerald of Seymour, formerly of Munday.

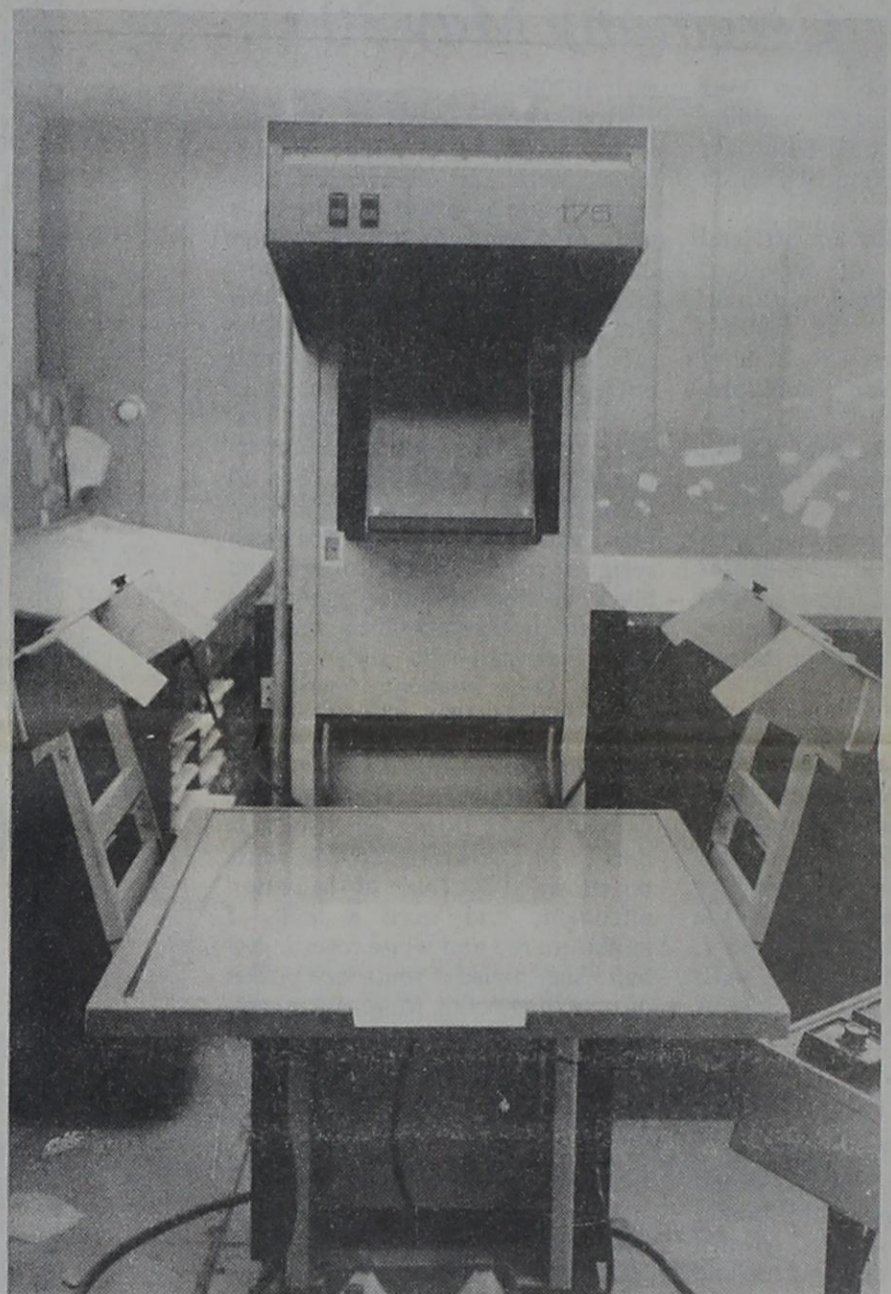

Shelly participated in basketball and track at GHS and was a cheerleader and in the pep club. She was a member of the flag corps, 4-H and Future Homemakers of America in addition to serving on the yearbook staff and student council and competing in UIL ready writing and on the one-act play. She received faculty awards for most dependable, best personality and best student body leader and was voted class favorite and Miss Guthrie High School by her fellow students.

She plans to attend Texas Tech University as a pre-law student this fall.

MRS. THOMAS EDWIN TURNER
formerly Denise Burris

Goree Couple's Granddaughter Is June 6 Bride In Haskell

Lynna Denise Burris and Thomas Edwin Turner were united in marriage on Saturday, June 6, in the Haskell Church of Christ. John Greeson of Rule officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. Dale Burris of Haskell. Parents of the bridegroom are Mr. and Mrs. Sam Turner of Rule.

Vows were exchanged before a setting of palm and lemon leaf greenery. Tree candles and spirals decorated either side of the altar, and pews were marked with brass hurricane lamps accented with white bows.

Given in marriage by her parents, the bride wore a Mori Lee formal gown of silk crystal organza. The fitted basque-waist bodice was trimmed with silk embroidered lace and seed pearls and featured a Queen Anne neckline and raised puffed sleeves trimmed with appli-

ques and extending to points at the wrists. The full silk organza skirt was finished with a design of silk embroidery and organza ruffles, and rows of silk organza ruffles cascaded down the cathedral length train. Her headpiece of silk flowers and spangles featured a pouff of silk illusion that fell to fingertip length, and the bride carried a long cascade of white roses and white carnations.

D'Anne Melton of Haskell served as matron of honor for her sister, and JoAnne Odegaard of Amarillo was maid of honor. Bridesmaids were Leslie Jennings of Haskell, Holly McBroom of Austin and Katherine Kidd of Sterling City. The attendants wore identical tea length gowns of iridescent emerald green satin and carried lighted candles with button poms, carnations and baby's breath accented with white satin ribbon. The flower girl, Mary-Belle Turner of Rochester, niece of the bridegroom, also wore a tea length dress of iridescent emerald green satin and carried a white basket of silk petals.

Mike Fouts of Rule was best man, and groomsmen were Todd Kinney of Lawton, Okla., Johnny Campbell, Randy Andrews and Darin Beakley, all of Rule. Candles were lighted by Scott Burris, brother of the bride, and Darin Beakley. Taylor Melton of Haskell, nephew of the bride, was ringbearer. The males in the wedding party wore black tuxedos with white pleated shirts and emerald green cummerbunds and bow ties, while the groom chose a white tuxedo with white accessories.

Kim Lanier of Canyon registered guests. Special guests attending the wedding were grandparents of the bride, Mr. and Mrs. Johnny Moore of Goree, and the groom's grandmothers, Mrs. Ace Adkins of Rochester and Mrs. Robert Turner of Rule.

The couple's parents hosted a reception in the church annex following the wedding.

The bride is a 1985 graduate of Haskell High School, and the groom graduated from Rule High School in 1984. Both attend Abilene Christian University.

★ FARM AND RANCH REPORT ★
David Tunmire, County Agent

CONDITIONS GOOD FOR SPRAYING MESQUITE

Bountiful rainfall received throughout Knox County last fall and winter has resulted in conditions that are excellent for foliar application of herbicides for mesquite control this year. Plans have been made with O.L. Patterson of Benjamin to put out several demonstration plots to evaluate new herbicides. More information about these demonstration plots will be coming out in the near future.

Present soil moisture conditions should result in good canopy development on mesquite. Data collected by the Texas Agricultural Ex-

periment Station several years ago indicate that higher plant kills occur when rainfall exceeds the average six months before spraying. High available rainfall during the fall and winter months usually results in mesquite plants that develop a large quantity of leaves, and excellent control can be expected if factors other than soil moisture also are favorable.

Herbicide application requires proper timing if good control is expected. Leaves of the mesquite should be fully extended and should have turned from light to dark green before the herbicide is applied.

Soil temperature is another important factor that affects the degree of control. Research done by the Experiment Station and Texas Tech University has shown that soil temperatures at 12-18 inches of depth at the time of spraying should be 75 degrees Fahrenheit or above to obtain best control.

Damage to mesquite foliage caused by insects, disease, hail or late frost also result in poor control if new foliage is not allowed sufficient time to mature.

Harvest got underway last week and if the sunshine will continue, most of it should be over by the end of the week. Jack Brown delivered the first grain to the Farmers Co-op Elevator at Truscott.

Grandma will be serving dinner at the Truscott Community Center on Sunday at 12:30 p.m. All the cooks need to check their assignments.

Crystal Dishman, Angie Palacio, Gail Whitley and Ila Mae Bullion were in Amarillo over the weekend for the Little Dribblers tournament. Crystal played on the Crowell Juniors team, grades 3-4, and Angie played on the Majors team, grades 5-6.

Florence Miller was in Slaton Tuesday through Saturday helping grandsons Jay and Jarrod meet their baseball schedules while their parents were in Mexico. Jackie and Paula flew in to Dallas Saturday and met their children at Gilliland Saturday night. Royce Miller of Vera was also a Sunday visitor in the O.R. Miller home.

Ruth and Shirley Moore were in Dallas Tuesday through Saturday visiting their granddaughter and her family, Cheryl and Ronnie Hudson and Halie. Sunday afternoon the Moores attended the Cash reunion at Crosbyton.

The Truscott Church of Christ services were shortened Sunday morning so that the minister, Dennis Saucier, could catch a plane Sunday afternoon at Dallas for Georgia where he will begin two months of training to become a

military chaplain. He hopes to enter the service as a full time chaplain next summer.

Vivian Brown had two grandchildren graduate from high school this year. They are Jonathan, son of Don and Sara Brown of New York City, and Kim, daughter of Mary and Mac Harbour of Tulsa.

Bill Brown came in from Brownfield last week to help with wheat harvest and plowing.

Mr. and Mrs. Roy C. Daniel were in Wichita Falls last Thursday.

Margaret Daniel and Clara Brown were in Joe Brown's RFD 3 TV program last Thursday morning, telling people about *Between the Wichitas*. In preparing for the program they discovered the name index had over 11,000 entries. Now all those who worked on the index can understand why it took so long.

Do you know of a story in your family or community that is told as "strange but true", and has a Texas background? Then Brian Robertson, 516 Tamarack, McAllen, Texas 78501, wants to hear it. Send him a written story or a tape. It can be a haunted house story or a dream that foretells an event. One mother in World War II dreamed she saw her missing in action son walking through the yard gate, and the next day she received a telegram saying that he was alive. What is your story?
