Views From Another Point

by Joyce Beecher Greenwood

Do you hear remarks like, "I don't think I've ever seen people dress so weird in my life. Why do parents allow their kids to look like some of them look?"

Do those remarks have a familiar ring to them?

I wonder how long parents have been fighting with kids over fads? Do you think some mother said one time, "Don't say one more word about it. You're wearing a bustle just like everybody else."

I have fought more battles with my kids over clothes and hair -- or the excess of it on heads and faces. Many times, I have watched one of my sons drive away on Saturday night and wanted to run after him to make amends for the mean things I had said to him. I've looked out the window and prayed lots of nights that they would come home safely and the last words I would have said to them not be a remark about hair, a beard or the old shirts they had dug out of the rag bag.

Christy, my oldest, and I fought bitterly during the late 60's and early 70's over short skirts, colored tights and boots that laced all the way to the knee.

I remember standing in the middle of the floor one night, berating her royally over one particular outfit when she said, "What's wrong with the way I look? Everybody else dresses like this."

It was like a voice from the past, because I suddenly remembered standing as defiantly before my dad as I dared in a pair of rolled up jeans and one of his shirts hanging down to my knees. I had said almost the same thing when he told me I would wash the green cake coloring out of my hair before I left the house. He didn't even care if everybody else was going to the show with blue and red coloring in theirs.

I recall my mother having a fit the time I bought the chartreuse fingernail polish. I really think she was secretly glad when my sister, Nell, waited until I went to sleep and painted my nose with it so when I woke up, all I could see was the end of my green nose. (I'm not sure my mother didn't put her up to it.)

And Tommy's dad always laughed about being in a domino hall back in the early 30's when a great big gangling teen-aged boy came in just bawling out loud and said to one of the men in the hall, "Oh, Papa, come quick! Sister's bobbed her hair!"

Now we have the "guy earrings" and the jeans with \$50 price tags that look like the ones we wore to the field to hoe cotton. We have the boys with perms or their hair sticking straight up and "spiked", girls with wild haircuts or cuts so short they look like boys. We have shirts that go from "barely covered" to ankle length and high topped tennis shoes with pantyhose.

Amy, my youngest, was walking through the mall with me last week when this couple came strolling along, holding hands, oblivious to the world. They both had hair that stood way out from their heads in really bushy styles and hers was bleached white. She had three earrings in each ear -- he had one long dangling one. He had a beard -- she didn't. Someone had obviously run out of material before her blouse was finished. He had cut the sleeves and tail out of an old sweat-shirt that said, "Party Animal".

"Look at that," I grumbled. "That's ridiculous."

Moguls Win Over Haskell 12-7

The Munday Moguls went to Haskell Friday night determined to bring home a victory for the season opener, and bring it home they did, beating the Indians in a 12-7 "edge of the seat" spectacular.

Perry Collier took the opening kickoff on the 15 yard line and returned to the 32. With Perry and Terry Collier running right and left, Munday picked up two quick first downs. On a third and 24, Marc Andrade hit Michael Waggoner for 42 yards to Haskell's 16. Chad Bordovsky carried to the 10. Three

plays later Terry Collier scored from two yards out off right tackle with 5:33 left on the clock. The PAT try was blocked.

Haskell started their first drive from their 40 yard line and drove downfield with Derrick Billington picking up 31 yards in three carries before Mogul linebacker Donald Edrington intercepted a Chan Guess pass at the 12.

The remaining first quarter was a Mogul defensive game as the Indians drove to the Munday 23, only to have another pass intercepted by

Marc Andrade to halt Haskell's drive at the 13.

The Mogul's third possession was stopped and the Indians returned a short punt to Munday's 28. Billington carried to the five with first and goal, but outstanding defense stopped Haskell at the 1.

In the third quarter, Munday's opening drive was stopped by a fumble. Three plays later Terry Collier picked off the third Haskell pass of the night. Chad Bordovsky carried twice for 14 yards with Andrade carrying the pigskin around left end 45 yards for six more points. The PAT try failed.

The Indians struck fast on a 70-yard scoring pass to Alberto Alvarez from quarterback Chan Guess and with 3:44 left on the clock, Fred Shaw kicked the PAT, bringing the score to 12-7.

In the fourth quarter, another Munday drive was stopped on the Indian 32 by a fumble. Munday defense held Haskell to a minus 4 yards rushing in the fourth period.

Coach Edwards stated, "We had a great defensive game. We gave Haskell the ball too many times inside our 50, but we were able to keep them out of the end zone. We had hoped to wear them down a little by running from sideline to sideline in the first half and I felt our conditioning really paid off in the fourth quarter."

"Our offense did a good job of sustaining drives, but we weren't consistent with our blocking at the corners. Haskell had tremendous team speed and used it to run us down on sweeps. Perry Collier did a super job of running the ball. Even though we didn't pass much, Mark Andrade threw the ball well. Michael Waggoner made a great catch and run to set up our first touchdown."

Edwards stated it was a great, hard-hitting game and the Moguls were tougher than Haskell in clutch situations.

Holiday has a big tough team with a good defense that doesn't make mistakes.

Thursday night the Mogul JV will play at Holiday with a 6 p.m. starting time.

Haskell JV defeated the Munday JV 14-8 last week.

Weinert Man Killed Thursday On Highway 277

Curtis Wayne "Bud" Offutt, a 74-year-old Weinert resident, was struck and killed by a car as he was taking his morning walk about 7:45 a.m. Thursday, September 1.

Offutt was apparently trying to cross U.S. Highway 277 when he was hit by a north-bound car driven by Robert Bowden, 91, of Abilene. Bowden, a retired minister, was uninjured in the accident. He told Department of Public Safety Trooper Mike Haley that he did not see (See Weinert Man, page 7)

Enrollment Figures Up For Munday Schools

Four-hundred thirteen students have enrolled in Munday schools as of last Friday, September 2, for the 1988-89 school year. This shows an increase from the beginning of last year, which is partially due to the eleven high school students from Weinert who are attending Munday

schools as a result of a contract between the two schools.

According to Bill Kingston, high school principal, high school attendance is up by 17 students.

The eighth and tenth grade classes are the largest this year with 39 pupils each, with the junior class being the smallest with only twenty-four students. Junior high has a total of 77 students and ninth through twelfth has 118.

Enrollment figures for each grade follow: kindergarten, 35; first, 37; second, 33; third, 33; fourth, 25; fifth, 29, sixth, 26; seventh, 38; eighth, 39; ninth, 30; tenth, 39; eleventh, 24, and twelfth, 25.

Both Kingston and Doug Donoho, elementary principal, expect to lose several migrant students when cucumber harvest is over.

The average daily attendance is recorded by the state in October to determine how much state aid the school will receive the next year. A high average daily attendance is sought after during that month since state aid is a vital part of the school district's revenue. This increase in enrollment is good news for our schools.

4-H Enrollments Scheduled In Area

Any youth, third grade through age 19, wishing to participate in 4-H this year is encouraged to attend one of the following enrollment meetings:

September 13 - Munday, First United Methodist Church, 7 p.m.

September 15 - Benjamin, Knox County Courthouse - 4 p.m.

September 15 - Knox City, Community Center - 7 p.m.

Youth who were enrolled in 4-H in the past must attend one of these meetings and re-enroll in order to participate in activities this coming year.

Benjamin Faculty Complete For 88-89

Classes for Benjamin Independent School District got underway Thursday, September 1, at 8:15 a.m. with a general assembly.

Faculty members and their respective positions are Ben Grill, superintendent; Aliene Groves, secretary; Louis Lee Baty, part-time principal and math; Eddie Wolsch, social studies and coach; Britt Fuqua, science; Susan Carver, business and computers; Belle Grill, English; Dick Dickson, vocational agriculture; Becky Baker, home-making; Henry L. White, special assignments; Linda Griffith, fifth and sixth; Nancy McGregor, third and fourth; Valarie Kinnibrugh, first and second; Carol Dickson, kindergarten and resource, and Pat Barton, teacher aide.

Higher Enrollment Expected For Goree

Principal George K. Cotton of Goree has reported that after the first three days of classes, enrollment in the Goree schools has reached 112 students.

"But my early childhood classes have not yet begun," he said, "and I expect more kids to enroll after the first few weeks of school."

Enrollment last year was 113 at the end of the 1987-88 school year, including the early childhood classes.

NO. 82, MICHAEL WAGGONER, is shown in the first crucial play of the football game Friday night against the Haskell Indians. Waggoner completed a 42-yard pass from Marc Andrade before being brought down by the Indians who were hot on his heels. Munday won 12-7 for their first game of the season. They will play Holiday here at 8 p.m. Friday.

To Take Effect January, 1989

WTU Requests Fuel Factor Increase

West Texas Utilities Co. has asked for permission to increase fuel factors effective on January, 1989 bills. In the request filed with the Public Utility Commission the company stated that the primary reason for the increase is the expiration of a 20-year gas supply contract at the Rio Pecos Power Station.

"This contract was essentially a fixed price contract which let us buy fuel at pre-1973 Oil Embargo prices," said WTU local manager Leon Sellers. "Compared to the average cost of fuel during the last 20 years, this 22 cents per million BTU gas will have saved our customers almost \$350 million by the time the contract expires in late December 1988," he said. That includes the period in the early 1980s when average fuel prices had reached \$4 per million BTUs before declining to \$1.95 in 1987.

The company will continue to operate its system in a way that will minimize fuel cost and is presently studying gas supply proposals. However, WTU expects to pay eight to ten times more for replacement gas than the cost of the expiring contract.

Sellers emphasized that this change is tied primarily to expiration of one contract. Since 1985 WTU has lowered the factor five times, and had six refunds totaling

'Midway' Rest Area Slated For Texas 114

A rest area complete with a comfort station on Texas 114 about halfway between Lubbock and the Dallas-Fort Worth area was approved by the state highway commission at its August meeting.

The new facilities will be at an existing picnic area located on the north side of the highway about 4.5 miles east of Benjamin in Knox County.

Department architects and engineers checked the site and found there is sufficient room for additional parking, the comfort station, a water system, and wastewater treatment facilities. A test well will be drilled in September to verify that there is adequate water. The Texas Water Commission and local well-drillers say good water supplies should be available at a depth of about 50 feet.

Estimated cost of the improvements is approximately \$132,000.

almost \$50 million as a result of other contract changes.

WTU filed the request four months before the effective date of the factors to allow the commission time to review the request and process it through necessary channels.

Under the request a typical residential customer using 635 kilowatt-hours a month would see an increase of \$2.97 or 5.7 percent per month on the electric bill.

Fuel factors cover the cost of boiler fuel used to make electricity. All other costs essentially are covered in base rates and can only be changed through a lengthy rate case proceeding. The company's last rate increase went into effect in January of this year. WTU officials do not anticipate the need for a rate increase in the foreseeable future although there could be some changes in the fuel factor as prices change.

Vegetable Field Day And Cotton Tour Held On Thursday

The Texas A&M Vegetable Field Day and County Cotton Tour began at the Research Station in Munday on Thursday, September 1, with a report by Paul Richwine on his research of hot peppers and Chinese cabbage. The next stop was the A&M farm at Goree where David Bordovsky talked to the group concerning reduced tillage for the production of cotton and grain sorghum in rotation. Reports were given by Betty Kramp on foliar fertilizers applied to cotton and Dr. Jeff Slosser on planting date studies in relation to the infestation of different insects.

County Agent Donnie Peters took the group to three different demonstration plots on the Rhineland farms of Chris Brown, Clarence Brown, and Gerard Kuehler where he discussed irrigated and dryland crops and the interdisciplinary cropping systems.

The tour ended at about 11:30. Dr. Bordovsky reported a good turnout of "approximately 40 to 50 people."

"It was a perfect day for the tour," Bordovsky stated. "The only way it could have been better is if it had rained as soon as the tour was over."

Amy turned to look because she hadn't even noticed them and said to me, "They're not hurting you. Why let it bother you?"

I really didn't have an answer for that one. They weren't hurting me. In fact, they had smiled at me when I looked at them. They were just two kids, minding their own business, making a statement to the world in their own way. They were probably in better shape emotionally than I was, as I mentally figured my bank balance after I paid the optometrist and bought school clothes.

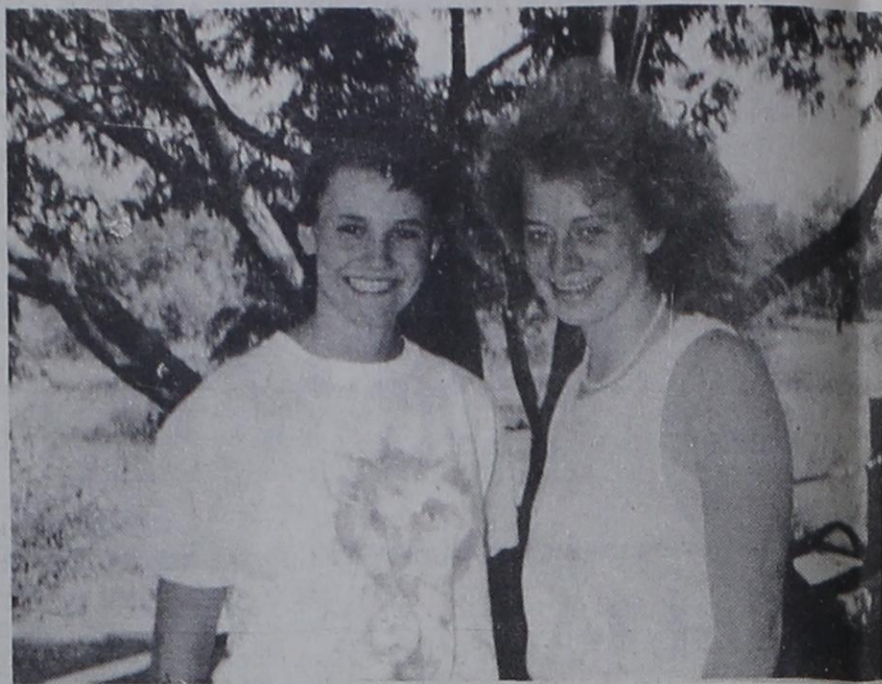

Sometimes I wonder if we're too quick to judge people by the way they dress or wear their hair, without really knowing their minds and hearts.

There's an old saying -- "Your freedom stops at the end of my nose." Unless somebody is invading my allotted space, it's not any of my business how he looks.

I may not like the earring or the beard or the wild hair, but I can try to ignore the exterior that I find unacceptable and appreciate the good things that are inside almost everybody.

God didn't say we have to like the way our neighbor looks -- He just asks us to love him.

Cotton and Marie Smith, Sue and Spike Bryan and Ella Searcey, all of Munday, and Nancy Huckabee of Lewisville, Norma and Stephen Owens of Lubbock, and Lynda and Dink Fields of El Paso visited Marie and Ella's brother and wife, Bert and Avis Wardlaw of Phoenix, Arizona, at Tucson, Arizona recently.

THESE TWO GIRLS, Gina Harris of Goree and Cindy Polacek of New York, have been Pen Pals for seven years. They met for the first time when Cindy arrived at the Dallas/Ft. Worth airport last Sunday, September 4, to spend a week in Goree and get acquainted with Gina and her family.

Pen Pals Meet After Years Of Correspondence

Seven years ago, when Gina Harris of Goree was in fifth grade, she found the name of a girl from New York in the pen pal section of an Archie comic book. She wrote to her, and the girl answered, thus beginning a correspondence that eventually led to friendship, although the girls had never met.

The girl from New York, 18-year-old Cindy Polacek, graduated from high school this spring and decided to come to Texas to visit her pen pal.

Gina sent videos of her family and they began to make plans for Cindy to visit Goree.

Last Sunday she arrived in Dallas/Fort Worth airport and Gina was waiting. They recognized each other immediately from photographs they had sent through the years.

In an interview with Cindy, she stated that Texas is just spread out "all over -- with more space between houses than I've ever seen."

She is enjoying her visit here. She had never heard a rooster crow, never seen a "real tractor -- just pictures", and had never traveled down a country road.

When asked about the muggings and crime rate that Texans associate with New York City, she stated that the crime rate is high in the Bronx and in the Brooklyn areas, but not all over New York City like we tend to believe.

Cindy lives in Flushing, New York in the Queens section which is a borough of New York City, but her father is a retired policeman who worked the Bronx and the Brooklyn areas and "can tell some

hair-raising stories about his experiences there." Her father is now a paint contractor in Queens.

Cindy has visited Goree school this week and found it much different from her school. She graduated from an all girls private school, Mary Louis Academy, in Queens. There were 274 girls in her graduating class.

She plans to enroll in a business school in Manhattan when she returns home. She wants to be an executive secretary.

"Texans stress the first syllable of every word they say," she said. "They have very interesting accents."

Chris Baker and Glen Reid of Munday escorted Gina and Cindy to Abilene on Sunday.

"It seems very strange," she said, "not being able to get on the subway or a bus to go downtown. I have never traveled 70 miles before to get a McDLT."

Cindy is going home Sunday, September 11, but she is taking some Texas souvenirs with her. She has a rattlesnake skin, some cotton bolls, and lots of snapshots of "wide open spaces."

When asked if she intended to visit Cindy in New York City, Gina answered, "Hopefully, after graduation next year, I can go and stare at the skyscrapers in New York and let Cindy's family enjoy my drawl like my family has enjoyed her accent."

Cindy is the daughter of Mr. and Mrs. Jerry Polacek. Gina's parents are Gayle Hudson of Goree and Billy Harris of Munday.

Locals' Son Dies Friday In Austin

Wendell Dean Partridge Jr., 38, passed away Friday, September 2, at an Austin hospital. Services were held Monday, September 5, at the First United Methodist Church with Rev. Russ Byard, pastor, officiating. Burial was under the direction of McCauley-Smith Funeral Home.

Born in Knox City, he grew up in Munday and graduated from Munday High School and San Angelo State College. He was a carpenter, a captain in the U.S. Air Force Reserve and a member of the First United Methodist Church.

Senior Citizens Set Dates For Game Nights

The Munday Senior Citizens met Thursday, September 1, at the community center for their regular business meeting. President Grace Hutchinson presided with Lala Morgan giving the opening prayer and the Pledge of Allegiance was said in unison.

Minutes were read and the treasurer's report given and approved. Ella Gresham was asked to become the new chairman of the telephone committee. A discussion was held on several money raising items.

A question and answer session was enjoyed with Ella Gresham reading a few comical items. The remainder of the morning was spent singing with Maggie Gaines, Clyde Yost and Ella Gresham leading and Eunice Raynes accompanying at the piano.

Grace for the noon meal was given by Grace Hutchinson. A delicious covered dish lunch was enjoyed by all, followed by a period of fellowship.

Game nights were set for 7 p.m. on September 8, 15, 29 and singing night is September 22. The next business meeting will be October 6 at 10:30 a.m. All senior citizens are welcome to attend and bring a covered dish.

Heart Association To Meet At Knox City

Members of the American Heart Association will hold a meeting Tuesday, September 13, at the Knox County Aging Center in Knox City. A fajita supper will be served.

All officers and directors are urged to attend and bring a guest.

Thank You

A very special Thank You to all of my wonderful friends in Munday for all of your prayers, visits, calls and cards while I was in the hospital. Also for the food, visits and calls after I came home.

I must be the most fortunate person in the world to live in Munday, Texas and have such wonderful friends.

May the Lord bless each and everyone of you.

Breast Cancer Detection Unit Available To Area Women

Friday, September 16, 1988
Munday, Texas

A Service Of
The American Cancer Society

Call 422-4222 For Appointment

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt. Appointments may be made by calling 422-4222.

The Mobile Breast Cancer Detection Unit will be in Munday on Friday, September 16.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with signifi-

cant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

For more information or to make an appointment, call 422-4222.

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

Well, I've done it again! This time to my own family and again I got told about it!! Last week I mentioned supporting the Munday Moguls and especially my grandson, Jeff. Well, granddaughter Beckie Taylor retaliated with, "What about me being in the band?" And I admit that was purely carelessness on my part. Beckie is a member of the fabulous Purple Cloud band and will be on the field at halftime of these Munday games. I apologize to Beckie and the rest of the band for not mentioning them. They are fantastic and do such a super job of entertaining!

I hope everyone has had an enjoyable Labor Day weekend. The weather has certainly had a "feel of fall" in it and that does seem to make everyone's disposition more pleasant. My weekend began by attending the Munday-Haskell ballgame on Friday at Indian stadium. As noted elsewhere, Munday came out on top, as did our neighbors Knox City in their opener with Seymour, and also Goree who defeated Newcastle. Saturday evening I was a guest of the C.H. Herring family at a Knox County version of a "Hawaiian luau", complete with roast pig and the works in the beautifully decorated back yard of the Herring home. It was a wonderful get-together, a fabulous meal and a good time was had by all.

I extend my personal sympathy to Wink and Leona Partridge and their family during this sorrowful time for them. Their son, Dean, died this weekend in Austin. Funeral was Monday in Munday. I pray for these friends in the difficult days ahead.

Word was received here last week of the death of Fred Stephens of Safford, Arizona. Mr. Stephens was a former Benjamin resident but had lived away from here for several years. Condolences also to the Stephens family.

Weinert Resident's Sister Dies Sunday

Funeral services were held at 2 p.m. Tuesday, September 6, for Sally Alexander Sanders, 83, who passed away Sunday, September 4, at a Stamford hospital. Services were held at the Weinert Baptist Church with the Rev. Kathryn Byrd and Paul Chambers officiating. Burial was in the Willow Cemetery under the direction of Holden-McCauley Funeral Home of Haskell.

Born in Palo Pinto, she was a longtime Haskell County resident, a homemaker and a member of the Four Square Church in Weinert.

Preceding her in death was her husband, Andrew Jackson Sanders. Survivors include seven daughters, Lora Mae Phelps of Haskell, Mamie Ethelyne Slade of Eagar, Arizona, Eva Irene Hardman of Irving, Martha Leora Maupin of Odessa, Edna Marie Kirkland of Fort Worth, Bertie Sue Cox of Dangerfield, and Scarlet Twilight Brazell of Cisco; four sons, Andrew of Cross Plains, Oman of Coleman, Jacky of Cisco and Rocky of Stamford; a brother, J.T. Alexander of Weinert; two sisters, Lola Tidrow of Paradise and Melba Kim of Phoenix, Arizona; 30 grandchildren, 34 great-grandchildren and a great-great-grandchild.

HERE AND THERE

E.W. and Louise Nolan of Andrews visited Virginia Griffith here and Audrey Nolan who is a resident of the Brazos Valley Care Home, the last of the week.

Also visiting Audrey recently has been a grandson, Joey Nolan of Ft. Worth.

Clodell Duke and Jan Pollock attended the Iowa Park-Burkburnett ball game on Friday night. Their grandson and nephew, Will McCarthy, is a member of the Iowa Park Hawks team. On Saturday they attended the Duke reunion at the home of Iva June and Ray Streight in Wichita Falls.

Virginia Griffith met some family members of Brady in Abilene Friday for an evening of visiting.

Sammy and Kathy Bohannon and family and Roger and Betty Bohannon and family, all of Amarillo, were Benjamin visitors Labor Day weekend.

Bobby Frank and Wendy Feemster of Brownwood visited his sister and brother-in-law, Philomae and Bobby Roberson, and his mom, Lona Feemster, in the Knox City Care Home on Sunday.

I attended the funeral of Charlie McAfee in Munday on Sunday afternoon.

Tom Tat Bivens of Bronte visited Rex and Maretha Patterson on Sunday. He and his wife were in the area for the funeral of her sister's grandson, Dean Partridge in Munday.

Shirley and Ray Jordan of San Antonio were in Benjamin during the weekend. Shirley reported that her mother, Grace Snaillum, has had some physical problems and is in the hospital now but she's improving and will be dismissed in a few days.

The children and grandchildren of the late Grover and Thelma Nunley met Sunday in the home of Slick and Darlene Benson. A full day of visiting, renewing old times and lots

of good food were enjoyed by the following:

Joy Yancey and Mike, Ann, Corey and Carrie Yancey of Lakeside City; Jack Nunley and Mike Young of Seymour; Kyle, Lynn and Tye Nunley of Graham; Joe Nunley of Dickens; Jerry, Toni and Daniel Selvidge of San Antonio; Brenda Gallaher of Wichita Falls; and Imagean and Dutch Young, Dee Ann Lamb and Anthony, Slick and Darlene Benson, Jane and Lana

Gideon and Todd, Ladean and Trevor Benson, all of Benjamin.

Also visiting all their Benson relatives in Benjamin this weekend were Tommy and Charlie Benson of Abilene.

FLASH!!

Sheila and Stephen Kuehler have a baby girl! She was born about 9:00 Monday in Wichita Falls. No details yet but I'll have the "scoop" on her next week! Congratulations Sheila and family.

CARD OF THANKS

We, the family of Dean Partridge, wish to thank everyone so much for showing your love and concern for us during our sadness.

As we remember all the good times we all shared with him, we have those precious memories to keep in our hearts. The class of '68 will always be treasured.

We pray God's blessings on each of you who have done so much to make things easier for all of us.

The family of Dean Partridge.

"Now you can pay the same amount every month of the year for your electric bill!"

It's easy with WTU's Equal Payment Plan.

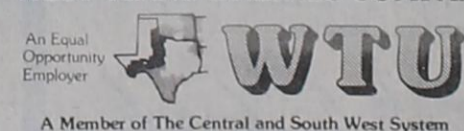

Electric bills peak in the Summer and Winter when demand is up and are lower in the Spring and Fall. With the **Equal Payment Plan**, you can level out your electric bill because the monthly payments are averaged and adjusted over a year.

Any WTU residential customer or church with approved credit and a monthly bill of \$15.00 or more can qualify.

Pink Ladies Make Donation To Hospital

The Knox County Hospital Auxiliary held a called meeting on Monday, August 29, to discuss the purchase of additional equipment for the hospital. Hospital Administrator Dick Stout had told the auxiliary of the need for a new portable x-ray machine and a blood chemistry analyzer for the lab.

After a discussion by the group, a motion was made by Stella Ferguson and seconded by Anne Eells to donate \$12,000 to the hospital to be used for the purchase of equipment of their choice. The motion carried unanimously. The equipment will be bought as soon as possible.

The Pink Ladies would like to express their thanks to all area people who donate items to the Thrift Shop and the ones who shop there. All money made goes toward the purchase of equipment needed by the Knox County Hospital. The ladies who work at the shop donate their time for this worthwhile effort.

Benjamin Lunch Program Eligibility Guidelines Reviewed

The Benjamin Independent School District serves nutritious meals every day. Students in grades 7 through 12 may buy lunch for \$1, and kindergarten through sixth grade pay 80 cents. Breakfast meals are 50 cents. Children from households that meet Federal Income guidelines are eligible for free meals or reduced price meals at 40 cents for lunch and 10 cents for breakfast. If you currently receive food stamps

or Aid to Families with Dependent Children, you only have to list your child's name and food stamp or AFDC case number, print your name, and sign the application. Since you have already given income information to the welfare office, the school can confirm your eligibility.

If your household income is at or below the level shown on the scale below, your child is eligible for either free or reduced-price meals.

INCOME ELIGIBILITY GUIDELINES

To apply for meal benefits, you must provide the following information and sign the application. (1) List the names of everyone who lives in your household. Include parents, grandparents, all children, other relatives and unrelated people who live in your household. (2) List the social security number of each adult age 21 or older. If an adult does not have a social security number, print "none." (3) List total monthly income and amount of income (before deductions for taxes, social security, etc.) each person received last month and where it is from, such as wages, retirement or welfare. If you have a household

member for whom last month's income was higher or lower than usual, list the person's expected average monthly income. Application forms will be available through the school.

The information on the application may be checked by school officials at any time during the school year.

If you list income information and your child is approved for meal benefits, you must tell the school when your household income increases by \$50 or more per month (\$600 per year) or when your household size decreases. If you list a food stamp case number or AFDC number, you must tell the school when you no longer receive food stamps or AFDC for your child.

A foster child may be eligible for meal benefits. If you wish to apply for meal benefits for a foster child, contact the school for help with the application.

Children who receive free or reduced-price meal benefits are treated the same as children who pay for meals. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, or handicap. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

If you do not agree with the school's decision on your application or the result of verification, you may wish to discuss it with the school. You also have the right to a fair hearing. This can be done by calling or writing Ben Grill, Box 166, Benjamin, Texas 79505 or call Mr. Grill at 817-454-2231. The information you provide will be treated confidentially and will be used only for eligibility determination and verification of data.

You may apply for benefits any time during the school year. If you are not eligible now but need to apply later in the year, please fill out an application at that time.

You will be notified when the application is approved or denied.

Weinert Man

(Continued from page 1)

Offutt until it was too late to avoid hitting him.

Haley said it appeared that Offutt was unaware of the oncoming vehicle as he walked into its path.

Offutt was pronounced dead at the scene by Justice of the Peace Buck Everett.

Funeral services were held Saturday, September 3 in the First Baptist Church of Weinert with Rev. Donnie Crump and Rev. Steve Peace officiating. Burial was in the Weinert Cemetery under the direction of Holden-McCauley Funeral Home.

Born in Blum, Offutt moved to Knox County at an early age. He moved to Haskell county about 1954 and later to Weinert where he served on the City Council from 1965 until 1971. He was a farmer and a member of the First Baptist Church in Weinert.

Survivors include his wife, Mildred Davis Offutt of Weinert; a son, Curtis Wayne Jr. of Wichita Falls; a daughter, Judy Diane Anderson of Eaton Town, N.J.; two brothers, J.T. Offutt and Floyd G. Offutt Jr., both of Munday; three sisters, Mrs. Elsie Alvey of Burkburnett, Pearl Harrison of Saginaw and Opal Tuggle of Munday; and five grandchildren.

Former Munday Man Recalls "Iron Horse" Fascination

(Editor's note - Many readers have expressed interest in things that happened "back when". We have received letters, phone calls and personal visits from people who have their own feelings about the way things were in another era. This week's feature is taken from a personal visit with former Munday citizen, Weldon Higginbotham. Other articles will appear from time to time from other area citizens who have contacted us.)

Weldon Higginbotham remembers when the first train came through Munday. He recalls his father taking him to see the 'iron horse' that came with its overwhelming giant wheels and the loud sounds of the steam engine. He was so fascinated by his first sight of this fire-breathing monster, that for over 37 years he rode trains as a 'catcher arm' for the railroad. When asked what a catcher arm did, he explained that his duty was to reach out and catch the mail pouch that had been placed for him and at the same time kick off the mail sack for that particular town.

Mr. Higginbotham grew up in Munday, moving here from Mineral Wells in 1924 when he was two years old. His father sharecropped the Jones farm west of Munday and worked in the mill here until he had enough money to buy a small place of his own -- "three acres just south of town close to where the drainage ditch goes through. It was called 'Lover's Lane' and I always knew who was courting who by the people who parked there. I never told on anybody, though."

Mr. Higginbotham stated that coming back to see the old home-stead (all boarded up now) is strange, because he remembers his house being very big and now he realizes it wasn't big at all.

"The moon over Munday, though," he said, "is still the brightest moon in the world. I've seen that old moon over many cities in many foreign lands -- and nowhere has it so shown as brightly as it does over Munday."

He has many memories of growing up in Munday. He remembers going swimming in the old railroad water tank down by the track and watching the paving of the first road here.

"It looked like an eight lane highway then because we were used to the old dirt roads, but I guess it was really just wide enough for two cars rushing on 28 attempts."

"In about 1939," Higginbotham said, "I remember going to see the first tractor that anybody had in Munday. The farmer started it up and began to drive it while a host of Munday citizens watched in awe. Suddenly, the tractor headed for the ditch. From long years of habit, the farmer yelled 'Whoa' just before the tractor dropped off into the ditch and stopped."

He remembers watching the 'mail messenger' push a little two-wheeled cart down the street from the train to the post office. The post office was located on the east side of the square then, "about where McCauley-Smith Funeral Home is located now." The mail messenger always spilled the mail in the same little dip every day.

"You could have set your watch by the time it took him to gather the mail from the train, get to the little dip in front of the post office and spill it," Higginbotham said.

He vividly recalls the old days of the minstrel shows that brought songs and dances and 'snake medicine' in a rickety little wagon drawn by one or two old sway-backed horses. The barker advertised his bottles of miracle medicine for everything from snake bite to rheumatism amid the tinny sounds of the music. He remembers that he won a blanket once at a medicine show. He laughingly related stories of 'Flag Pole' races when flag poles were greased and high school classes challenged each other to climb them. He told of being six years old and imagining that he had a centipede in his pants, he pulled them off and left them lying on the school ground while he ran home screaming.

"The last time I heard," he laughed, "that story was still following me around."

In about 1938 or '39, he decided he might like to be a boxer. He joined the Golden Gloves that used to promote fights in the area.

"But Raymond Carden knocked me out just flatter than a flitter," he said. "I never wanted to put on a pair of boxing gloves again."

In 1940, Weldon Higginbotham left Munday and joined the United States Army. He participated in many World War II battles and received the Purple Heart, the Silver Star, and the Bronze Star for bravery during his five years of military service.

"I don't want to mention any names," Higginbotham said, "because I don't want to cause anybody any grief or bad memories, but I was fighting right beside a Munday boy on D Day, June 6, when we hit (the European) Omaha Beach. The Munday boy was killed in that battle that day, and suddenly, the horrors of war were more real to me than ever because somebody from home fell right beside me."

He married a girl from Mineral Wells that he had chased with a rubber band gun when he visited his grandparents as a small boy. He and his wife, Charlotte, have two married daughters.

His home is in Arlington now, but "a part of me will always be right here in Munday," he said.

Visiting Allene Beaty and other relatives and friends over the Labor Day weekend were Mr. and Mrs. Gary Beaty and Jill of Lubbock, Mr. and Mrs. Boyd Baker of Medina, Mr. and Mrs. Doyle Baker of Abilene, Mrs. Cammie Brown of Arlington and Mrs. Mary Zeckser of Midwest City, Oklahoma.

PUBLIC HEARING No. 1
The City of Goree will conduct a public hearing at 7 p.m., September 13, 1988, at Goree City Hall for the purpose of soliciting citizen input for the development of a Community Development Program Application to be submitted to the Texas Department of Commerce. This hearing is being held in compliance with a written Citizen Participation Plan, which includes a complaint/grievance procedure, and is available at City Hall between the hours of 8 a.m. and 4:30 p.m. All citizens, particularly low income residents, are invited and encouraged to attend this hearing. In addition, citizens unable to attend this hearing may submit views and proposals to Goree City Hall during regular office hours. Posted on the bulletin board and the front window of Goree City Hall by me, Jim Cooke, this 6th day of September, 1988.

Goree Takes Victory Over Newcastle Bobcats

The Goree Wildcats traveled to Newcastle Friday night and took a 12-6 victory over the Bobcats in opening night play.

The first quarter was scoreless as the Wildcats and the Bobcats held

each other at bay, but the second quarter saw both teams score -- Goree with a 20 yard run by Gary Dixon and a 60 yard pass from Newcastle's Barry Tate to Tom Posey. Both teams failed in their point after attempts, making the score at half-time 6-6.

Third period play was without incident as grueling defensive action from both teams kept everybody out of the end zones.

The Wildcats rallied with 59 seconds remaining in the fourth quarter when Lonnie Shahan caught a ten yard pass from Jay Hutchens to make the score 12-6.

Newcastle made one final attempt to score with a long pass that was intercepted by Lonnie Shahan to cinch the 12-6 victory for the Wildcats.

Coach Cliff Gilmore cited Jay Hutchens, Tony Patterson and Lonnie Shahan for outstanding defensive play with Gary Dixon turning in brilliant offensive action.

"Newcastle had us outsize and they're a good football team," Gilmore commented, "but our boys played an outstanding defensive game, holding them to 101 yards rushing on 28 attempts."
