

THE MUNDAY TIMES

Volume XXVIII.

Munday, Texas, Thursday, September 15, 1932.

Number 18.

ROCHESTER WINS CHAMPIONSHIP IN BRAZOS VALLEY LEAGUE BY TAKING TWO STRAIGHT IN SERIES

By taking two straight games from Munday the Rochester aggregation has won the championship of the Brazos Valley League.

The game on Monday here was an easy victory for the visitors. Dot Pittman, pitching for the Rochester aggregation yielded a number of hits, but the Munday lads were unable to get to his offerings when hits were needed and he repeatedly demonstrated his ability to pull out of difficulties. Joe Bailey King started the game for Munday but relinquished in favor of Sam Stone in the sixth.

Tuesday's game at Rochester was a pitcher's battle royal between Abbott for Munday and Arch Pittman for Rochester and the mathematics of the game will reveal that Abbott had the better of the argument, but untimely errors on the part of his teammates proved too costly for his superb pitching. Rochester garnering only three hits from his offerings while Munday was hammering Pittman for nine. It was the greatest pitching Abbott has exhibited during the season and it was indeed a tragedy to Munday fans to drop such a wonderful game, but those things just happen in baseball. As this closes the season in the Brazos Valley League Manager Howell Burton, who has piloted the team throughout the season, has requested that we express his sincere thanks to the public for their hearty cooperation and liberal patronage of the games. He states that he has striven to give Munday a good team and that in so doing he has sacrificed much of his time, but he feels that he has been pleased, and we are sure that most of them are.

We publish below the box score for both games:

MONDAY'S GAME.

J. C. Campbell, who recently underwent a serious operation in a Wichita Falls hospital, has recovered sufficiently to return home and is able to be on the streets now, but will not be active in business affairs for a few weeks if he follows the advice of physicians.

Mr. and Mrs. Kenneth Paynter of Abilene have arrived in Munday and will make their home here. Mr. Paynter is in charge of the market department at Aikesson's store. We are glad to welcome these young people to Munday.

HON. ORVILLE BULLINGTON
Republican nominee for Governor of Texas.

Munday Defeats Mose Simms Team Here On Sunday

With Chick Smith, Sunset's ace pitcher performing on the mound, Munday defeated Mose Simms Oilers of Abilene here Sunday afternoon by the decisive score of 9-1. The game was Munday's all the way through, as the visitors were able to get to Smith for only five hits. Moorman, Simms' pitcher did some fine work, but was given poor support and the game finally reverted into a comedy of errors when Mose Simms himself went to the mound and was hammered all over the field.

Anyway, the boys were an excellent group of young fellows and everyone enjoyed the game.

While here Simms issued a challenge to the winner of the Brazos Valley league for a series of three games.

Parent-Teacher Ass'n. To Hold Meet Wednesday

Patrons of the Munday Public schools are urged to attend a meeting of the Parent-Teacher association at the school building on next Wednesday afternoon at 3:30 o'clock, according to an announcement made this week by Mrs. W. E. Moore, president of the association. All patrons of the school are urged to attend this meeting and become actively associated with the organization with a view of bettering our educational facilities and bringing about the fullest cooperation between students, patrons and faculty.

Mrs. Flora Routon Succumbs At Home of Son on Sunday

Mrs. Flora Routon, age 69, died at the home of her son, Tom Routon, of the Routon community on Sunday and funeral services were conducted on Monday afternoon at the Methodist church at Brushy, with the Rev. White pastor, officiating. The funeral arrangements were in charge of R. G. Campbell, local undertaker. Mrs. Routon was one of the pioneer citizens of the Routon community, and is survived by several children, her husband having died in 1927.

Led by the three above men, the Simmons University Cowboys opened football training Monday, September 12. Faced by a small squad of less than 25 men, Coach Cranfill expects a hard fight in trying to win the Texas Conference title this year. That will be the goal of the Cowboys, however.

It's Starting!

Little Son of Jake Myers Is Fatally Injured

News reached here late Thursday afternoon of the fatal accident to the 9-year-old son of "Big" Jake Myers, of Gilliland, popular member of the Munday baseball club. Details of the unfortunate accident were lacking in the report reaching here except for the fact that he was fatally injured in a fall from a "disc plow."

The accident has caused much sorrow among local baseball fans as Mr. Myers, who has served as catcher for the team throughout the season, has made a large host of friends in Munday and throughout the entire circuit, and they will all join with us in extending to the bereaved parents our sincere sympathy.

Funeral arrangements had not been completed at the time we go to press, but will likely be held tomorrow afternoon at Gilliland.

Dr. R. W. Kunkel, Chiropractor, To Open Office Here

Dr. R. W. Kunkel, Chiropractor, of Olney, Texas, with L. F. Sactler also of Olney, were here Wednesday looking over the Munday country. Dr. Kunkel with a view of locating here for the practice of his profession, and he was so favorably impressed that he announced while here that he would open an office here by October 1st. Announcement as to location of the office will be made later.

Dr. Kunkel is a native of the Olney section but has practiced his profession in other parts of the state for a number of years, having returned to Olney only two years ago.

Thinking Out Loud

By J. A. K.

Just about the time the presiding elder of this column began to recover from the acute attack of Ma-beat-us the cotton market began to break, the Munday baseball club lost its chances for the championship, and tax-paying time is approaching, and as now we've developed a stubborn case of Melancholy, and unless our condition changes we're going to have to go into a huddle with Dr. Russell over our condition.

But T. O. L. always likes sympathy when he gets this way, and as Dock is Fergusonian in his viewpoint, and TOL is anything but, the possibility of getting complete relief is indeed discouraging.

Perhaps we should be more optimistic than we are. The sun is shining when it could be raining. Our crops are abundant when they could be a failure. We are living among the best folks on the face of the globe and have the friendship of most of our neighbors, so we should perhaps be looking with pleasure instead of viewing with alarm.

Indeed we should all be glad that we are American citizens, for despite our grumbling, there's no government on earth that we would substitute for our own. There's no state that we would exchange for grand old Texas—where men are men and women are our governors.

After all, most of our worries are caused from imaginary things. We worry about the bridges being out, when as a matter when we reach the chasm it has been bridged and we cross safely, or possibly we find it better not to cross at all.

Incidentally the contest filed by Gov. Sterling will provide an abundance of good live copy for the daily newspapers and may have a very salutary result in rectifying existing evils in our election laws. Indeed if there has been illegal voting in Texas, as both Sterling and Ferguson have charged, it will do no harm to bring the facts to light and take the necessary steps toward rectifying the evil.

And certainly the Ferguson supporters cannot justly condemn Gov. Sterling for his action, since Mr. Ferguson announced to the press on Sunday following the election on Saturday that he would contest the election should Mrs. Ferguson fail to receive the nomination.

Personally, TOL is not alarmed over the fact that Knox county is included among the counties in which Gov. Sterling alleges illegal votes were cast. Indeed, if there is justification

R. D. Bell Dies At Haskell Home; Rites Wednesday

R. D. Bell, for many years a citizen of Knox county, residing at Benjamin, and later at Munday, died on Tuesday afternoon at the home of his daughter, Mrs. Elizabeth Martin at Haskell. For several months Judge Bell has been in failing health.

Judge Bell was 74 years of age. He was a native of Iowa, but moved to Missouri in his youth and engaged in the newspaper business at Springfield. He was a life-long democrat and much of his newspaper work was in communities that were strongly republican. For a number of years he has been engaged in the loan business, being representative over a number of West Texas counties for the John Hancock Loan Company.

Funeral services were conducted Wednesday afternoon at the home of his daughter, Mrs. Elizabeth Martin at Haskell, the Rev. G. A. Gordon, pastor of the Methodist church, officiating. He is survived by three daughters, Mrs. Martin, Mrs. Oran Gillette of Benjamin and Mrs. W. W. Gillette of Littlefield.

For the charge the good citizens of Knox county should be glad to know the facts, and if the charges are without foundation, that fact should be gratifying.

We believe that the balloting in Knox county is conducted as nearly according to the letter of the law as any county in Texas, however, we welcome an opportunity to verify this belief.

Trench Silos for Big West Texas Feed Crop

JUST WHAT ITS NAME IMPLIES, a trench silo is simply a trench dug into the ground into which chopped feed crops may be stored for feeding as succulent ensilage to dairy cows, beef cattle and work stock during periods of dry pastures or bad weather. Cheap, easily dug, easily filled, ensilage easily removed, the big disadvantage of a trench silo is excessive spoilage which may be avoided by properly filling, and by providing drainage. More than 200 were dug in Texas in 1931 and county agent reports indicate a big increase for 1932, especially in West Texas.

Meat Curing To Be Done Here By Roberts Ice Co.

E. J. Roberts, manager of the Roberts Ice Company, has announced that plans are under way for the installation of meat curing facilities at their plant here and he states that if the venture meets with popular demand an addition will be erected at their plant to care for this work all throughout the year.

Plants of this character are being installed in many localities in Texas and they are proving very popular since they permit the curing of meats at any season of the year and eliminate the necessity of curing meat in the wister, which when stored in large quantities, often becomes strong and unwholesome before it is consumed.

Mr. Roberts states that the curing can be done at a very small charge, and states that all materials can be furnished for curing and these together with the refrigeration costs for curing will not exceed two cents per pound, and with the abundance of feed over the Munday country this plant should meet with a popular demand from the citizens of this section.

Mr. Roberts states that the meat may be brought to the plant dressed and they will care for the cutting and curing, however, he plans later on to provide meat kept in a strictly sanitary condition.

Shannon Layne Is Chosen Chief Of Police In Munday

At the regular meeting of the city Council on Monday evening the resignation of Frank Trammell as chief of police was accepted and Shannon Layne was chosen from a number of applicants that had been filed.

Mr. Layne has been a peace officer for more than twenty years, having worked with the sheriff's office in a number of counties in West Texas, including Wichita, Dawson and Howard counties.

Mr. Layne is a native of Munday, being a son of the late Mr. and Mrs. Tom Layne, pioneer citizens of Munday, but for the past twenty years he has resided in other parts of the state, having returned to Munday some months ago.

Brazos Valley Series Started Anew on Monday

Following a conference between Manager Howell Burton of the Munday team and the manager of the Rochester team last Friday evening it was announced that an agreement had been reached between them that the two games of the play-off series last week, which were divided evenly, would be thrown out and the series started all over again, the first game being played at Munday on Monday afternoon, the second at Rochester Tuesday afternoon, and the third, if necessary, at Munday Wednesday afternoon. It was agreed that in these games only players who had participated in games during the season would be eligible to play, the use of ineligible men in previous games being the cause of a disagreement.

Enrollment In Schools Larger Than Year Ago

Superintendent G. C. Jones states that enrollment in both the high school and grammar school is larger at this time than at the same time last year, and expressed himself as being highly pleased with the satisfactory manner in which the term is starting off. In fact, Mr. Jones was highly complimentary in his reference to the student body and faculty for the enthusiasm in which they have entered upon their work and stated that during his many years of school work he had never encountered a student body in which discipline was more easily administered.

However, with three weeks of the present term gone, Mr. Jones expressed concern as to the financing of the school without interruption, as he states that it will be absolutely necessary for the teachers to be paid some of their salary in cash in order that they might meet their obligations, and he hopes that sufficient taxes will come in during the next few days to enable the school board to partially meet the monthly payroll in cash.

Morrow Brothers Will Play Over Radio Saturday

Arrangements have been completed whereby Morrow Brothers, local musical organization, will give a program over radio station KGEQ, Wichita Falls, on Saturday evening from 8:30 to 9:30 o'clock. The program is to be a complimentary program, and arrangements for their appearance on the program has been completed by U. R. Houser.

The Morrow Brothers have also entered the old fiddlers' contest to be staged during the Golden Jubilee celebration at Wichita Falls September 26-27-28, in which \$200 will be given in cash prizes to the winners.

J. Dee McStay Takes Charge of Magnolia Station

Another change which became effective first of the week was that in which J. Dee McStay, who has operated the Texaco Station here for the past year, became manager of the Magnolia Station across the street, which has formerly been operated by Oliver & Plunkett.

The station has been completely re-painted and overhauled and now presents a very attractive appearance and is on the job to give the same efficient service he has always rendered his patrons. In addition to handling a complete line of Magnolia oils and gas, he will carry a complete line of the well known Firestone tires, and he respectfully asks that he be given a share of your patronage.

Final Game Will Be Played Here Sunday Afternoon

The final game of the baseball season is scheduled for Sunday afternoon here, at which time the Munday team will play the Red & White team of Wichita Falls, winners of the city championship of that city. The Red & White team will start the game with Jimmie Parker, late with the Fort Worth Cats, while Skipper Lee Haney will either start Abbott, Loran or C. Smith.

This final game is being played with a view of liquidating some small indebtedness incurred during the season, and will positively start at 3:30. The price of admission will be 15 cents.

Geo. Isbell Is Back In Charge Filling Station

Geo. Isbell, pioneer filling station, garage man and auto salesman, of Munday, is back in the business in Munday after being out of the game for the past year, having on Monday morning taken charge of the Texaco station formerly operated by J. Dee McStay in Mr. Isbell's old stand opposite the Terry Hotel.

Mr. Isbell states that within a few days he will also have in operation the auto repair department in charge of a competent mechanic, and he also plans to actively engage in the automobile business again, offering the Dodge-Chrysler-Plymouth line of cars, and servicing them in the manner in which he serviced the Dodge line for so many years in Munday.

The filling station will be under the active management of Hubert Isbell, who will be on the job and give his patrons service that will merit patronage.

INSIST ON Genuine

**BAYER
ASPIRIN**

Because....

The Bayer Cross is not just a trade-mark, but a symbol of safety.

That name tells you it cannot depress the heart.

The tablet stamped Bayer dissolves so quickly you get instant relief from headaches or other pain.

There is no disagreeable taste or odor to tablets of Bayer manufacture; no harmful quantities of free salicylic acid to upset the stomach; no coarse particles to irritate throat or stomach.

PERSONAL

Mr. and Mrs. C. A. Eiland and daughter, Miss Helen Frances, were visitors in Wichita Falls Friday.

L. E. Lovison and Vic Edwards of Seymour were here Monday to witness the ball game between Mublay and Rochester, and shaking hands with friends.

Mrs. R. E. Atwater is in Dallas this week purchasing goods for the flat ship. She was accompanied as far as Dallas by her brother, W. H. Stevenson, who was returning to his home at Wichita Falls.

Chas. Post, secretary of the chamber of commerce, spent the week-end in Seymour with relatives.

Mrs. Nellie Shine, mother of Mrs. H. A. Penderton and Mrs. Cecil Barton, is critically ill at the Penderton home and her condition is such as to cause grave concern.

Ray Bullington left Sunday for Dickens county where he will teach in a consolidated school during the coming year. Mrs. Bullington will follow as soon as living quarters can be erected at the school.

C. M. Betterton, field inspector for the Federal Crop Production Loan office of Dallas, was here Wednesday, and stated that he would be in Munday each Wednesday morning for the next few months looking after the affairs of that office. Mr. Betterton expressed a desire to get in touch with all farmers who procured government crop loans in 1931 and shipped cotton as collateral to their loans.

Jim Penderton, veteran cotton buyer here, is expected here on Saturday afternoon, and will remain here throughout the fall season. Mr. Penderton has been ill for more than a year and his many friends over the Munday country will be glad to know that his condition is such that he can again become active in the local cotton market.

Mrs. M. M. Henderson of the New Hope community was carried to the Knox County Hospital at Knox City on Wednesday for a major operation.

M. M. Breit, traveling service man for the Mergenthaler Linotype Company, was here first of the week and gave our linotype machine a thorough adjusting. Mr. Breit has been with this company many years and when he visits a plant using one of their machines he gives them real service. While here Mr. Breit, who is an enthusiastic baseball fan, witnessed the Munday-Rochester game and stated that these teams played as fast baseball as any of the Texas leagues play.

Mr. and Mrs. Louis Terry of Oklahoma were here this week visiting in the home of Mrs. Terry's brother, Henry Flowers, and looking after business matters. Mr. Terry was a candidate in Oklahoma for state treasurer and led the ticket in the first primary but was defeated by a small margin in the run-off, however, he was immediately appointed to a more lucrative position by Gov. Murray in the land department, and he immediately announced his candidacy again for state treasurer.

W. M. S. Meeting.

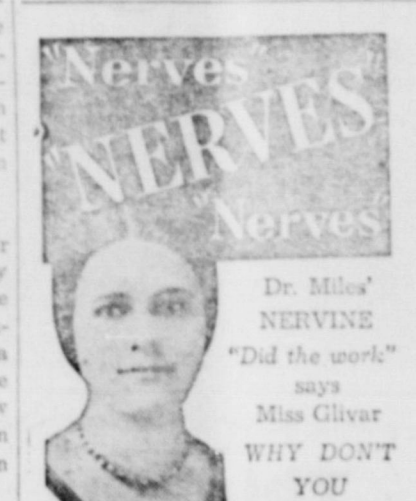

The Woman's Missionary Society met at the Methodist church at four o'clock on Monday afternoon in which meeting the devotional services were conducted by Mesdames Crowe and Borden. A good attendance is reported at the meeting.

**Stamford Tot
Killed By Car**

STAMFORD, Sept. 14.—Joel Hinson, six-year-old Stamford boy, died tonight at a local hospital from injuries received this afternoon when he stepped into the path of an automobile driven by Col. J. L. Penick. The child was a son of Mrs. and Mrs. B. S. Hinson.

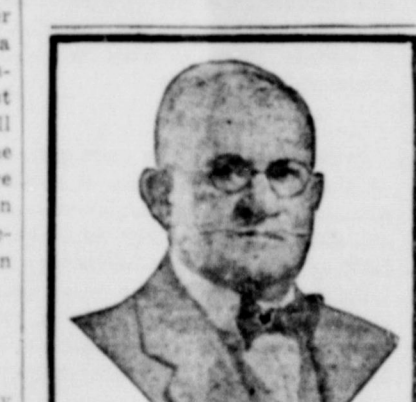

The accident occurred on the eastern outskirts of Stamford as the little boy started to cross highway 18 to a country road leading to his home. He was on his way from school. Col. Penick said the child walked from behind a car, either parked on the highway or moving very slowly and was in the path of his machine before he saw him. He was struck by the fender of the car and thrown onto the pavement. The skull was fractured, and there were internal injuries.

Col. Penick, who last week underwent the strain of an all night vigil on a house roof while floodwaters of the Brazos Clear Fork swept his own dwelling, Lillias Lodge, was perceptibly shaken by the tragedy today. He remained at the hospital late tonight watching with the parents at the little boy's bedside. He was returning from his home, where he had spent the day in reconstruction work, when the accident occurred, about 4:30 o'clock. T. J. Pennell of Stamford was riding with him.

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles' Nerve Tonic which gave her such splendid results that she wrote us an enthusiastic letter.

"If you suffer from 'Nerves' if you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order. Quiet and relax them with the same medicine that 'did the work' for this Colorado girl. Whether your 'Nerves' have troubled you for hours or for years, you'll find this time-tested remedy effective. At Drug Stores 25c and \$1.00."

DR. W. C. BOUCREE, Pillsbury Specialist, 2123 Travis Avenue, Fort Worth, Texas. Sufferers from Prolapsa should consult with me for a remedy which has proved successful for more than fifteen years.

MINNELAND

We are glad to report that Leo Herring is with us in school again.

Messrs. Edmund and Leonard Kuehler made a business trip to Groom.

Mr. Mathew Kreitz and family visited relatives in Wichita Falls last week.

Messrs. Victor Diering and George and Leo White motored to Wichita Falls, Sunday.

Miss Elizabeth Kubala, who was on the sick list a few days ago, is recovering rapidly.

Mr. and Mrs. John Brown are entertaining a baby girl in their home.

Messrs. Fryck and Joe Kuehler and Misses Gettrine and Lovina Kuehler visited relatives and friends in Groom, Sunday.

Miss Mary Roddy spent the week-end in Wichita Falls.

Messrs. Myra Lee McCallahan and Cecilia and Clara Albus left for Pecos, Texas, and Carlsbad, New Mexico. They were accompanied by Jno N. Albus as far as Pecos.

**Can You Afford to Do Without
Electric Range Superiorities?**

The amazing superiorities of modern Electric Cookery are many and varied!... And they are so important, to your health and to efficient home-management, that Electric Cookery deserves your serious consideration... AT ONCE!

Modern Electric Cookery means more healthful meals—for all the vitamins and food elements are cooked in... not boiled away as in old-fashioned methods. Food flavors are sealed in, too—making meals far more tasty and appetizing.

With an Electric Range, food-shrinkage is reduced by more than 20 per cent!... And less expensive cuts of meat can be used, with remarkable results, due to the superior cooking method! These advantages mean large cash savings each month!

—And Electric Cookery brings happy leisure hours. The automatic controls do all the cooking... you merely prepare your meals and entrust their finished perfection to the scientific accuracy of this remarkable Electrical Servant!

You'll also appreciate the coolness and cleanliness of modern Electric Cookery. The heat is confined to its job of cooking, so there's no surplus to make your kitchen unbearably hot... and with clean electric heat there are no blackened pots and pans to scour or sooty walls and curtains to clean.

From the standpoints of Health, Convenience, Leisure, Economy, Coolness and Cleanliness—can you afford to do without Electric Range Superiorities?...

... The Answer Is "NO" !!

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know there are many cases where electric cookery actually decreases the total of electrical and gas bills.

THE MUNDAY TIMES

KENNEDY & KENNEDY, Publishers
JESSE A. KENNEDY, Editor
JULIA A. KENNEDY, Associate Editor

Entered as second class matter January 4, 1919, at the postoffice at Munday, Texas, under the Act of Congress of March 3, 1879.

PUBLISHED EVERY THURSDAY
SUBSCRIPTION PRICE \$1.50 PER YEAR.

Congressional Redistricting is a duty which the new Legislature should dispose of at the regular session in January, no matter who is elected Governor. As a result of the recent election for Congressmen-at-Large, three members of Congress will be from the city of Dallas, the member from the district and two of the Congressmen-at-Large. At the time the matter of redistricting was before the last regular session of the Legislature, we pointed out to the members that some such result could be expected in any race for Congressmen-at-Large, citing the fact that Houston got both of the new members the last time redistricting was neglected. How unjust the present situation is may be judged from the fact that the 18th district, that represented by Marvin Jones in Congress, has a total population of 511,378, whereas the basis of representation, under the 1930 census, is 277,367. Eight of the present eighteen districts have less population than 277,367, two of them showing actual losses in population during the last census period. The 18th district contributed more than 21 per cent of the increased population shown by the 1930 census, and certainly that section of the State is entitled to another Congressman. Indeed, under the present situation, eight districts have less representation than they are entitled to have, two districts (those in which the Congressmen-at-Large live) have more, and the eight referred to above have a greater degree of representation than they are entitled to have. And the city of Dallas, as we have said, has three Congressmen. Of course, theoretically the Congressmen-at-Large represent all of the people of the State, but practically the residence of Congressmen is the real test. The people of the State should insist upon redistricting at the next regular session. Texas Weekly.

Wichitans Buy Ranch In Knox

Acquisition by the Featherston Investment corporation of this city of the old J. R. Craig ranch in Knox county by outright purchase was announced here Tuesday by the new owners.

The Featherstone Investment corporation is owned by Charles H. Solon R. and W. B. Featherston, and Mrs. Mary E. Bradford. The tract which they have just bought consists of 11,270 acres, located about four miles west of Truscott. It is one of the best known ranches in that section of the state, having been established approximately 50 years ago by the late J. R. Craig, who remained in active charge of its successful operation constantly until his death a few years ago.

The tract is divided into 14 different pastures, and has but 150 acres in cultivation. Equipped with numerous water tanks, windmills, and excellent fences, it is one of the best improved ranches in that part of the state.

According to C. H. Featherston, president of the purchasing concern, the Craig ranch will be stocked immediately with about 800 head of selected Hereford stock, and will be devoted to cattle raising.—Wichita Falls Record News.

NOTICE OF HEARING ON BUDGET CITY OF MUNDAY.

Notice is hereby given that the City Council of the City of Munday, Texas, will have a hearing on the budget for the Tax year of 1932, at the City Hall in the office of the City Secretary at 2:00 P. M. on September the 23rd. J. A. KENNEDY, Mayor, City of Munday, Texas.

Unusual Street Parade Feature - Golden Jubilee

WICHITA FALLS, Sept. 15.—Three unusual street parades, one each day, will be among the numerous free entertainment features for the 100,000 visitors expected in Wichita Falls for the "Golden Jubilee" September 26, 27, and 28.

Munday's parade will be a motorless affair and will feature all pioneer methods of transportation. It will include ox carts, stage coaches, covered wagons, buggies, hacks, side saddles, and cowboys. Tuesday's big parade will feature gorgeous floats, community bands, and novelties. The final parade on Wednesday will be a military affair, including Fort Sill regular army troops with their big guns, national guard units, and patriotic organizations in uniform.

A crew of men began placing articles in the historic exhibit building two weeks before the opening of the "Golden Jubilee" and will continue this work until the opening date. A three-story building can hardly hold the relics, even after the exhibits are called to only those of special interest, and adjoining property has been secured for the overflow. The exhibit building will be open from 9:00 A. M. to 9:00 P. M. each day and is free.

Fifty old time fiddle bands will compete for substantial cash prizes in a contest being sponsored by Radio Station KGKO. A glass enclosed broadcasting booth will be erected on a stage in the downtown business section so that all fiddling contests may be seen and heard by the celebration visitors. Brass bands, singing cowboys, orchestras, and other entertainment units will broadcast in full view of the crowds.

Other free entertainment includes maneuvers by the Fort Sill artillery units, pistol shooting contests by officers of northwest Texas and Southern Oklahoma, firemen's water polo contests, style show and fine arts revue, street dancing, speeches by men of wide renown, athletic events, and reproduction of the arrival of the first train in Wichita Falls.

Other features, for which there will

Gov. Sterling Is Dinner Guest In Benjamin Home

Gov. Sterling, accompanied by his secretary, motored into Benjamin late Tuesday afternoon enroute home from Lubbock, where they had been attending the State Democratic convention, and when they reached Benjamin they found that their car needed some minor repairs and stopped for the work, and both Gov. Sterling and his secretary accepted an invitation from A. H. Sams to have dinner in his home. Mr. and Mrs. J. Dee McStay were visiting in the Sams home and they were very favorably impressed with Gov. Sterling.

Mr. McStay stated that Gov. Sterling expressed confidence that he would be declared the nominee by the courts after the investigations of illegal voting has been exposed and was in no manner disturbed over the action of the convention in declaring Mrs. Ferguson the nominee.

Knox County Well Represented This Week at Lubbock

Knox county was well represented at the State Democratic convention this week at Lubbock, the following delegation going by way of automobiles: Leroy Melton, Charles Bisbee, J. C. Patterson, James A. Stephens, W. T. Ward, of Benjamin; F. G. Daniel, E. L. Covey and Lee Coffman of Goree; S. B. Maddox of Truscott, and M. T. Cook of Gilliland.

The Knox delegation voted as a unit on all questions coming before the convention and supported measures advocated by and favorable to the Ferguson forces.

The nominal charges, are the world's championship rodeo, historical pageant dances featuring famous orchestras, and wrestling matches.

Back In the Business

I wish to announce to the public that I am again in the automobile, gas, and oil business, having taken over my old station on the corner opposite the Terry Hotel, there I will handle Texaco products, automobile accessories of all kinds.

The station will be under the management of Hubert Isbell, and he will see that you are given the very best of service every time you drive into this station, and we will appreciate a portion of your business.

When you want a new car see me and let me demonstrate the new Plymouth. The price range is low and the mechanism and quality are the best that can be procured and are the achievement of years of engineering by such eminent engineers as Walter P. Chrysler.

Don't Forget to Visit Our Station For Oil, Gas and Accessories.

MRS. EFFIE ALEXANDER

President Herbert Hoover, astride Billy, a light bay gelding from the Marine corral, took to the trail to pose in a series of pictures of outdoor life at Camp Rapidan, Va., camp—while Franklin D. Roosevelt, his Democratic opponent launched his first set speech at Columbus, Ohio. Photos to the right show Gov. Roosevelt greeting the crowd upon his arrival at Columbus . . . and scene in open where he addressed 25,000 Ohio Democrats.

Judge Armstrong Speaks Here On Friday Afternoon

Judge Geo. W. Armstrong, independent candidate for Governor, spoke to a small group of men on the streets last Friday afternoon in the interest of his candidacy, and in the course of his address he outlined a plan advocated by him whereby the state might issue currency to relieve economic conditions. He pointed out that this had been done in a number of states prior to the civil war, and discussed the advantages that would accrue to the people by such a system.

With reference to the Ferguson-Sterling fight over the Democratic nomination Judge Armstrong stated that it was evident that the citizens of Texas, or a majority of them, did not want either Sterling or Ferguson, and he offered his candidacy to those who were not satisfied with either of the two candidates.

SEPTEMBER By Betty Webster

HOUSEHOLD HINTS

In September—our thoughts turn back to entertaining. The simple afternoon teas are now in order. Sandwiches are a natural refreshment. Not the filling ones of the good old Summer Time, but pretty and dainty ones. The "open" sandwiches especially.

Open Fruit Sandwiches

Fresh currants—mashed and mixed with cream cheese.

Crushed Pineapple — and cream

cheese.

Fresh strawberries—sliced thin and sprinkled with powdered sugar. Then placed between buttered home made bread. These are very delicious.

An unusual Filling—Take cucumber, celery, pineapple and black walnuts. Chop together and mix with French dressing.

Dates and Nuts—Dates and nuts chopped together and mixed with cream cheese is always a good filling for sandwiches.

COOKING HINTS.

A New Salad

2 cups of crushed pineapple (drained).
1 cup of diced celery.
2 red pimientos (chopped).
Method: Drain pineapple. Cut up celery. Chop pimientos. Mix well with mayonnaise and serve on crisp lettuce.

Grape Jelly

6 pounds of grapes.
3 cups of water.
1 pound of sugar to each pint of juice.
Method: Crush grapes. Pour the water over them. Boil together 30 minutes. Strain juice through jelly bag. Add 1 pound of sugar to each pint of juice. Mix well. Cork. When this comes to a boil—boil 20 minutes. Take from fire and pour immediately into jelly glasses. Seal with paraffin.

BAKING HINTS

Baked Ham With Scalloped Potatoes
9 potatoes.
Flour.
Milk.

1 1/2 pound slice of ham.
Method: Pare and slice the potatoes. Place a layer of sliced potatoes in bottom of buttered baking dish. Sprinkle with butter, flour and a little seasoning. Repeat until you have used all potatoes. Cover with milk. Lay ham on very top. Keep in ice box until time to cook. Allow at least 1 hour for this to bake.

Baked Apples

Baked apples are always a nice dessert. They may be varied by filling the centers with—
Dates.
Nuts.
Little cinnamon.
Sugar.
Method: Core apples. Fill cavities with dates, nuts, little cinnamon and sugar. Surround with water and bake. (Copyright, 1932, by The Bonnet-Brown Corporation, Chicago.)

Miss Maxie Dingus spent the weekend in Seymour guest of Miss Janelle Stodghill.

Mr. and Mrs. Howell Burton, accompanied by Mrs. Cecil Jennings and Miss Christine were in Wichita Falls Thursday afternoon.

MULLICAN-MORROW

Miss Pauline Mulligan and Red Morrow were married on last Friday evening, September 9, at the home of Judge D. C. Osborne at Goree. They were accompanied by a few friends.

The bride is a daughter of Mr. and Mrs. Emery Mulligan, and was born and reared in Munday, while the groom is the son of Mr. and Mrs. Morrow.

We extend congratulations and best wishes.

Our prices on choice fed Baby Beef are slightly higher.

To Live Longer.

By Dr. William J. Scholes

In an article in Hygeia, Dr. L. I. Dublin of the Metropolitan Life Insurance Company says that the lengthening of life and disease-prevention go hand in hand. Today the average length of life is about 18 years more than it was 70 years ago.

Up to the present, the increased expectancy of life has been largely due to scientific sanitation and the preventive measures established by health authorities. Reduction of the death-rate among babies has been the greatest single factor in increasing the average length of life. But other factors are also important. The campaign against tuberculosis has resulted in a considerable decrease in the amount of this disease. Improved sanitation has tremendously reduced the amount of typhoid fever. And better control of communicable diseases, such as diphtheria and scarlet fever, is gradually lessening the death-rate from these diseases.

Still High Death-Rate.

There is still, however, a high death rate from an important group of diseases of middle life. This group includes diseases of the heart, kidney and arteries. These diseases are the result of the wear and tear of disease as well as of infections. Dr. Dublin says that they reflect the kind of hygiene practiced by the individual.

He believes that periodic health examinations offer a way to prevention. Disorders would be detected during the early stages while there is still a chance for their arrest or cure. No infection would be discovered and removed before they seriously undermine the health. Doctors would have an opportunity to offer the individual suggestions in regard to hygiene.

Of course, the individual would have to do his or her part. For the further lengthening of life is largely up to the individual. If told to get exercise, get more sleep, or give up habits that are injuring the health, one must be willing to do so in order to get results. But the results are well worth trying for. They mean added years of health and life.

(Copyright, 1932, by The Bonnet-Brown Corporation.)
