Letters To The Editor

Dear Editor:

I would like to thank your newspaper for being represented at the American Agriculture meeting last Friday night along with many of our businessmen. I think most of us are beginning to realize that we are in this cost-price squeeze together in these small agriculture towns.

History shows that the only time that America has a good economy is when we are in a war or when farm prices are high. We in American Ag. are doing something about farm prices. If you as farmers and businessmen are concerned about the future of Agriculture and care about your fellow farmers, we strongly urge to join the American Ag. movement for 100% parity for all farm products.

If we can get more for our products we can afford to pay more for the things we buy which will create more jobs and more taxes, and will help our small towns as well as large cities. In 1977 at least 25% of the farmers in the United States lost money and a like number just barely broke even. This hurts our nation in that those 50% of farmers pay very little income taxes, and also when agriculture prices are low we don't balance our trade with foreign nations which happened in 1977 when our country lost 27 billion dollars in our trade. Many of our bankers and farm leaders feel that if we have one more year of farm prices as they now are, our nation will suffer another depression as we had in the early thirties.

Many people do not seem to realize the plight of the farmer, but we in the American Ag. movement have taken it upon ourselves to try to educate the consumer to the perils of the family farmer going out of business. We believe that corporate farming will take over and will get a price that will guarantee them a profit in farming, and they can't grow food as cheap as family farmers. If this happens our young farmers will have to move to the cities to compete for jobs and cause more problems for our cities and also our small towns will suffer from their loss.

The American Ag. movement believes that we have enough farmers (about 40%) behind the movement to get 100% parity. It will take longer if we don't grow any crops and buy anything to convince the President and Congress that we mean business, but if we had all the farmers in the nation in the Am. Ag. movement we could get what we ask for in one day and no one would go hungry, we could go ahead buying and selling and growing crops. But, unfortunately some do not see fit or care enough to try better themselves or their fellow Americans.

Most of us know that our President who promised the farmer a fair price when he was campaigning for office, is told what to do by Unionized Labor which is receiving 160% of parity now, threatened to veto a farm bill this past Fall that would have guaranteed satisfactory prices to the farmer. We feel that he has let the farmer down and that our only recourse is to strike.

We know, as we have been told by a man in

Large Crowd Attends Ag Meeting Friday Night

Approximately 500 people, including farmers, wives, businessmen and interested persons, attended the meeting on the American Agriculture Movement Friday night in the Munday grade school gym. Edward Smith introduced Roy Her-

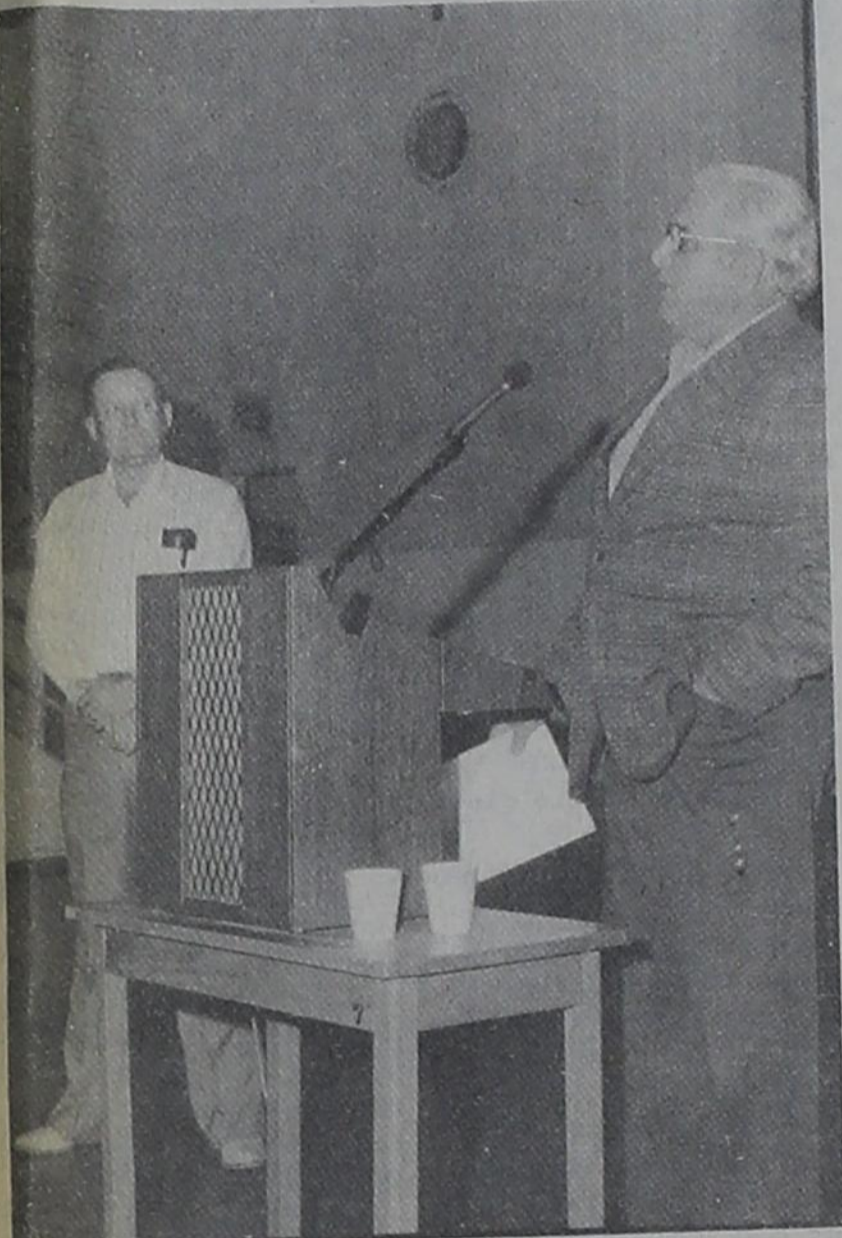

ricks, who gave the invocation and the speakers for the evening, Bob Price and Monty Morrow of Oklahoma. Price and Morrow are involved in the American Agriculture Movement in Oklahoma and came to Munday to share their views

and beliefs in the upcoming strike proposed by this group. They further explained:

The American Agriculture movement was conceived to preserve the family farm system, the most efficient food producing unit in this nation. We have little time left as more than 25% of farmers and ranchers will be forced to either liquidate or refinance their operations this year. We have lost equity and enormous sums of money for the last four years, and we are now on the verge of bankruptcy. Unless something is done, only big money entities, or possibly the government, will be left to produce the food.

The American Agriculture movement is not another farm organization. There are no memberships, dues, secretaries, or presidents. We are a group of individual farmers, ranchers, and agribusinessmen, unified together in order to achieve the fair price of 100% parity for all agricultural products.

The American people today pay only 16.8% of their total disposable income for food. The people of other nations purchase food in a relatively raw state, yet these nations spend a minimum of 28% of their income for food. By achieving parity pricing, it will

LOCAL AND AREA FARMERS, Edward Smith of Munday (left) and Roy Herricks of Weinert joined in welcoming the people to the meeting pertaining to the American Agriculture Movement.

increase the percentage by 3.1% to a total of only 19.9%. This is by far the cheapest and best food in the world. By eliminating middlemen, we can achieve

parity and raise the price to consumers very little. The 3.1% shift of total disposable income is only a small shift in priority, but means the difference between exist-

tence and nonexistence of the family farms.

We do not want government subsidies. At this time we are actually subsidizing this nation and the world with cheap food and fiber. For each unit of agriculture products produced, the American farmer and rancher must put part of his equity with it when it is sold and consumed. It would be the same as a laboring person receiving no payment for his work each week and instead, having to pay \$100 from his own pocket for the privilege of having that job.

Farmers are rejecting the current farm program and demanding five things: one hundred percent of parity for all domestically used or consumed agricultural produce; one hundred percent of parity for all foreign exports of agricultural produce; all agricultural products produced for national and international food reserve shall be contracted by any or all governments at 100 percent of parity; creation of an entity or structure with inputs from farmers to handle marketing or American Agricultural products at 100 percent parity and meat and livestock imports must be stopped until parity prices are reached.

Unless these demands are (Continued on Page 2)

Wilde Seeks Another Term

Raymond (Lefty) Wilde has authorized the Munday Courier to announce his candidacy for another term as, Justice of the Peace Precinct Three, subject to the action of the voters of the 1978 Democratic Primary.

Lee Patterson Announces Candidacy

Lee G. Patterson, Knox County Commissioner for Precinct 4, has authorized The Munday Courier to announce his candidacy for re-election to this office, subject to the action of the voters of the 1978 Democratic Primary on May 6.

Mr. Patterson was appointed to this position in 1973 and has served in this capacity and is now completing his first term of office. He has been a resident of this area most of his life, being a graduate of Munday High School. He and his wife currently reside in Goree where he is active in church, school and civic activities.

Patterson, in announcing his candidacy, said "I ask the voters to consider my past record and experience in this office. I believe in open government and invite the public to be aware of the County Court proceedings. I would like to continue my public service in this position. I want to utilize the experience and seniority which comes with a second term to serve the people of this area."

I promise, if elected, to serve you as faithful and efficient as I have in the past. Your vote will certainly be appreciated. *****

Three Day Pest Control Workshop To Be At Vernon

A three day commercial and noncommercial pesticide applicator training workshop will be held January 17, 18 and 19 at the Chillicothe-Vernon Research and Extension Center, according to Emory P. Boring, Area Extension Entomologist.

The first day session will cover general pest control, weed and brush control and forest pest control. It will start at 8:15 a.m. with a lunch break at 12:15 p.m. The afternoon session will start at 1:45 p.m. continuing until 6:15 p.m. The evening session which is on forest pest control will begin at 7:00 p.m. and end at 9:30 p.m., Boring says.

January 18, field crop pests, vegetable and fruit crop pests and predatory animal control will be discussed. This session will begin at 8:30 a.m., break for lunch at 11:45 a.m. and begin again for the afternoon session at 1:00 p.m. The day's activities will end at

6:00 p.m., Boring says. On January 19, farm storage pest control, fumigation and soil fumigation, ornamental and turf pest control, seed treatment and right-of-way pest control will be discussed. The day's activities will begin at 8:30 a.m. with a lunch break at 12:00 noon. The afternoon session will begin at 1:00 p.m. and end at 5:30 p.m., Boring says.

Tests on the different parts of the workshop will be held on each of the three days, Boring says.

Those interested in attending the workshop should preregister by contacting Emory P. Boring, III, Box 2159, Vernon, Texas 76384 or call 817-552-9941.

Assisting Boring with the three day workshop will be Dale Lovelace, Area Extension Agronomist and Tommy Welch, Area Range and Brush Control Specialist. Mark Trostle, Texas Department of Agriculture, will administer the tests.

FFA and 4-H members and their advisors are having a busy week preparing their entries for the annual Knox County Junior Livestock Show, slated for this Friday and Saturday, January 13 and 14.

The show will be held at the old Munday Dunbar School in the east part of Munday.

Exhibitors, under the guidance of their vocational ag teachers, have worked very hard in preparing their projects for the annual show. Vocational ag teachers involved in this year's show are: Leon Burkhart and Jim Dillon, Knox City; Buddy Hale, Benjamin; Jim McCright and Tom Brockman, Munday and Tommy Antilley, County Extension Agent.

The Munday FFA Chapter will have the following entries: chickens, 16 pens; sheep, 16 head; calves, 11 head and 35 head of swine. Other entries from surrounding schools and 4-H clubs will add to this total.

Starting at 2:00 p.m. Friday, January 13, breeding swine, broilers and sheep will be exhibited. At 9:00 a.m. Saturday, January

14, barrows and cattle will be shown.

A sale of the animals shown will begin after the beef animals are shown Saturday.

The show is expected to draw a large crowd of interested people—the exhibitors, their parents and friends, as well as spectators who really enjoy a fine livestock show. Also on hand for the show will be Kathy Kuehler, Sweetheart of the Munday FFA Chapter.

A concession stand will be operated by the Munday FFA Chapter. *****

Washington that if we fail in
this movement, there is no
use for the farmer to ever
try to get 100% parity
again, because they will
know that it is true that
farmers can't "stick" to-
gether on anything as some
now believe.

We've heard it said all our
lives that when the farm
population gets down to just
a few, that will get together
and organize. That time is
now! This movement has got
to succeed and I believe that
it will, for the good of
America and because our
young farmers believe in it
and are willing to work for
it.

May God help us and this
great land of ours.

Sincerely,
Edward J. Smith
Rt. 2
Munday, Texas

Jan. 9, 1978

Dear Editor,

First of all, let me begin
by saying that it is definitely
not my "thing" to "get on a
soap-box" and voice my
opinions. However, concern-
ing the much debated farm
strike, I feel compelled to
speak out, because our
personal livelihood, our
future, and future of
EVERYONE in this great
nation is at stake.

When talking with people
about the farm strike, one of
the questions that concerned
people ask is "if farmers are
so broke, why are some of
them living in new homes,
and driving new vehicles?"
The answer is quite simple
and reasonable. Statistics
prove that the economy is at
its best when farmers are
making a profit. The reason
being, that when a farmer
makes money, he puts that
money back into circulation.
New wealth is injected into
the economy. When new
wealth is injected into the
economy, somewhere down
the line, everyone will profit
from the farmer's success.
Not all farmers are living in
new homes or driving new
vehicles, or new tractors
with cabs, but on behalf of
those who are, I would like
to say the following:

Throughout his years of
farming, every now and then
the farmer might have a
pretty good year. (If he was
lucky enough to contract the
right crop, at the right price,
at the right time, and didn't
get hailed out, dried out,
blowed out by wind or ate up
by insects!) If he was able
to make a fair profit, perhaps
he chose to "stick his neck
out" and build a new home,
so that he could at least
enjoy with his family the
fruits of his labor. WHY
should a man bother to work
himself practically to death,
if he can't even provide a
home for his family? Every
farmer who built a home,
knew when he built it, that
paying for it would be a
struggle, an uphill climb.
Every farmer is ready and
willing to work as hard as is
humanly possible, to pay for
his home and provide for his
family,--but like everyone
else, he can't do it if he is

losing money BY WORK-
ING. Those new homes
aren't paid for yet, and most
of us are just hoping and
praying, that God willing,
we will live long enough to
see the day when we can
make that last payment.
Just because a farmer might
have a nice home,--it cer-
tainly doesn't mean that he
is rich!

It is a strange phenom-
ena that a businessman can
put in 40 hours a week at work,
build a new home, and buy
the finest of everything for
his family, and everyone is
proud of his success and
happy for him. But when a
farmer, who works from 90
to 100 hours a week, builds a
new home, some people can't
accept it or understand that
he should be able to do such
a thing! Something must be
wrong--something IS
wrong, when a sincere man
works diligently 90 to 100
hours a week, and isn't
supposed to have any of the
nicer things in life. WHY is
the farmer supposed to have
only a meager existence?
WHY aren't we entitled to
profit as much from our
work and investments as the
man who works not even
one-half the hours that
farmers do?

As for farmers driving
new vehicles,--these are
business investments,--
necessary investments, just
as any businessman buys
equipment for his business.
(The only difference being
that we have to pay more for
our business necessities,
because our equipment is
largely composed of steel,--
and everyone knows about
the high cost of steel.) For
example, we have tried
pulling cotton trailers with
older model pickups, but it
proved to be financially
impractical. We can pull 2
loaded trailers with a newer
pickup, whereas with an
older model, we couldn't
even pull one that was fully
packed and loaded. We also
lost more time and money
because of maintenance and
repair work on older models.
I could go on and on, with
the reasons that good
vehicles are a necessary
investment for the farmer,
but to a person of average
intelligence, the reasons
should be obvious.

The whole point of this
strike is NOT to enable
farmers to get rich, so that
he can pay for new homes or
vehicles. These things repre-
sent only a very small
amount in compared to the
amount of money that most
farmers have invested in
their farming operation.
There is a farm strike in
progress because the farmer
is receiving 1933 prices
(YES! DEPRESSION PRICES!)
for his crops that he
works so hard to produce. I
wonder just how many of
the people who are com-
plaining about the strike,
would be willing to work for
1933 wages. If they were
FORCED to do so in their
business that they know and
love, they would REBEL
just as the farmer is doing
and should be doing!

We are very serious about

(Continued from Page 1)

met by midnight, December
13, 1977, the following
measures will be implement-
ed; we will not sell any farm
products, we will not
produce any more agricul-
tural products and we will
not buy any agricultural
equipment, production sup-
plies or nonessential prod-
ucts. The people involved
in this movement feel their
farm proposals are reason-
able, goals are obtainable,
and their ultimatum is justi-
fied.

We are a minority of
people, less than 4% of the
population, and consequent-
ly have no political power.
We are tired of government
dominance, speculation,
manipulation, and big money
influence in our market
place. In 1973 when cattle
prices were close to parity,
the government put on a
price freeze. In 1974 the
government said to plant
"fence row to fence row,"
and we could sell these
products to hungry nations.
We planted fence row to
fence row and an export
embargo was placed on
agricultural products which
destroyed our market and
created a surplus. This cost
the American producer and
the American economy bil-
ions of dollars. Whether we
like it or not, we no longer
have a free market system.
We can no longer exist with
these types of manipula-
tions. Our only hope is to tie
agriculture prices to the
parity concept through law.

When we speak of parity,
we are not speaking of a
guaranteed income. All
parity insures is a fair price.
In order to achieve an income,
we still have to produce. The
risks of droughts, floods,
hail, pests, and management
still make production a very
risky undertaking.

Furthermore, parity
pricing would insure a thriving
agricultural sector which
would revitalize the entire
economy. If we could have
had 100% parity instead of
63% in 1976, cash receipts
from agriculture would have
increased from \$95 billion to
approximately \$150 billion
dollars. This is new wealth
injected into the national
economy and is renewable
each year. Tax rebates and
other efforts to boost the
economy and reduce unem-
ployment have had limited
success. It is time to try a
healthy agriculture industry
for a change.

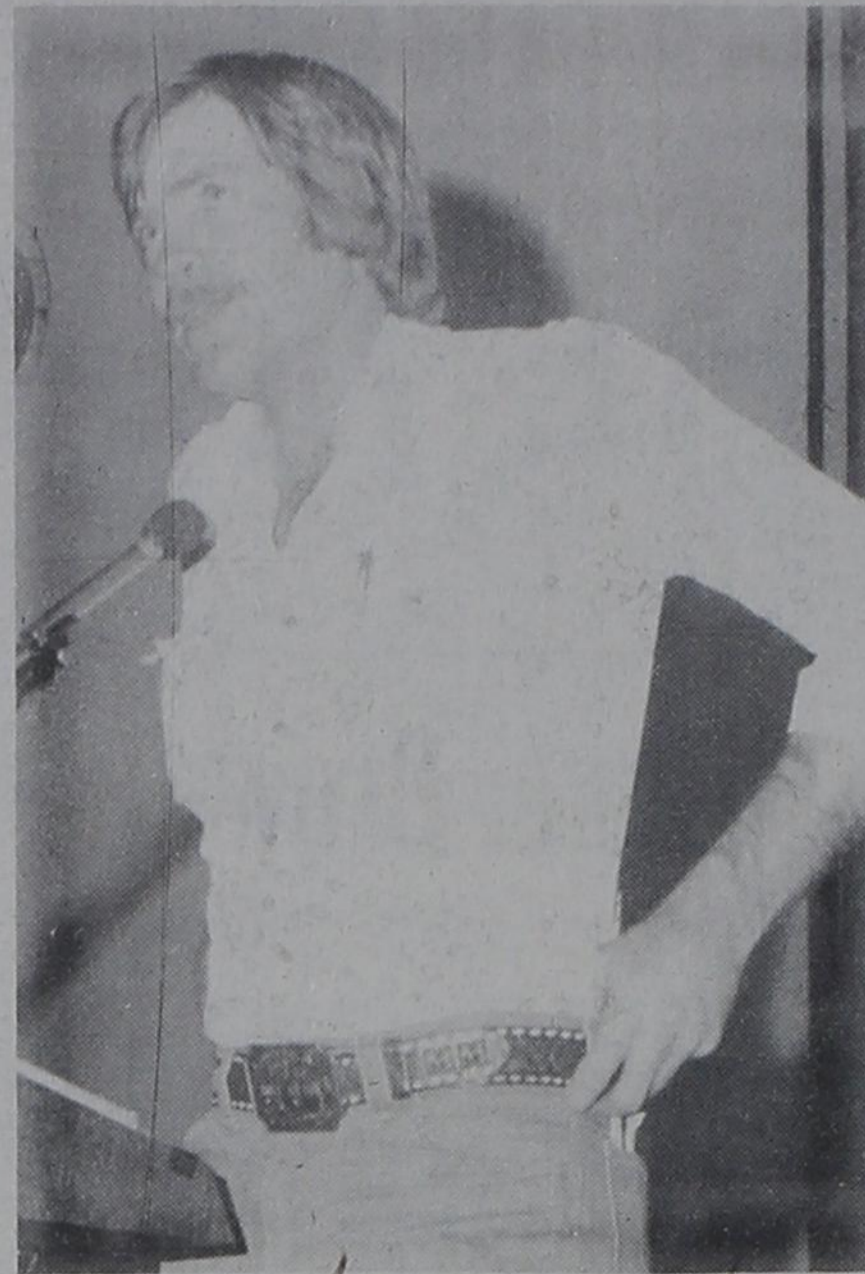

Price commented on some
of the stories released or
written about the farmer
and agriculture that are not
substantiated by facts. He
said, When your in a war

this, because it IS a serious
situation. Farmers ARE
facing financial disaster,--
farmers ARE facing extinc-
tion. If we can't receive a
fair price that will enable us
to "get out of the red," and
continue to operate our
farms, we will be forced to
let the bank, PCA or
whoever is financing us,
foreclose on us. When that
happens, I suppose all
farmers could go on welfare,
--the unemployment rate is
such that, we surely
wouldn't be able to get jobs.
Not only would farmers be
on welfare, but also would
the millions of people
employed by the farmers.
Sure, the large Corporations
could come in and buy our
land and MAYBE we could
work for them,--or would
they be so highly mechanized
that they would have
little need for human labor?

It upsets us very much to
see bitterness, resentment,
and anger brought about by
the opposing factions of the
farm strike. This WAS NOT
and IS NOT the intention of
anyone involved in the
strike. We do not like seeing
neighbor pitted against
neighbor, in this regards.
There is no need for it, and
no place for it. We are ALL
in this thing together,--
whether we like it or not.
Agriculture is the backbone
of this nation and everyone
knows what happens when a
backbone is broken,--the
body collapses and falls. We
hope and pray that this will
not happen to America.

Sincerely,
Mrs. David Albus

ASSISTING CONSERVATION TECHNICIAN Danny Bell with checkout of Grassed Waterway is Wes Kirschner, conservation contractor and Gary Allen. The waterway was constructed on the Allen farm southeast of Munday.

Shape Waterways Now

According to Pete Elliston of the Soil Conservation Service, now is the time to shape waterways. Many of the farmers in the county have already started.

Elliston stated that according to the best estimate available over one hundred waterways are needed in Knox County to provide a safe outlet for terraces or to stabilize a water concentration point on cropland or pasture.

If a permanent grass is needed to provide a protective cover for the waterway, common or coastal bermuda is the best grass for this purpose.

Waterways shaped now can be established to grass this spring and with good weather conditions have good cover by mid to late summer.

Special effort can be made when shaping waterways to leave some topsoil in the

bottom. This will make establishment and maintenance of grass easier. Cost-share payment is available for this type of practice and many other conservation practices through programs administered by the ASCS and SCS offices.

For additional information landowners and users can contact the local Soil Conservation Service office located in Knox City.

Rehab '78'

On January 14, when dancer Arthur Duncan and character actor Pedro Gonzalez Gonzalez join Rex Allen and Shari Lewis for "Rehab '78" they will be making their eighth appearance on the annual television special that benefits the West Texas Rehabilitation Center. The pair of entertainers were a part of the initial telecast in 1971 and since then have been an integral part of the family of entertainers who each year take part in the regional telecast.

Arthur Duncan's dancing feet have carried him around the world, as the multi-talented performer has appeared in clubs in London, Paris, Cairo, and Beirut, and for three years in the winter and summer resorts of Switzerland. For one year he starred in his own Australian television show. The talented performer has been featured on the national television shows of such show business greats as Bob Hope, Jimmy Durante, Eddie Cantor, and Red Skelton.

However, he is best known and loved for his appearances on the Lawrence Welk show. He has been a regular member of the Champagne Music "family" for more than eleven years.

Pint-sized Pedro Gonzalez Gonzalez has endeared himself to television viewers throughout the three state area with his annual appearance on the benefit telecast. Pedro playing frying pans in marimba fashion never fails.

Charles Stengal Former Resident Dies In Calif.

Charles Stengal, 86, of Calif., and a former Knox County resident, died at 7:14 p.m. Sunday in a California nursing home. Services were held at 10:30 a.m. Friday at St. Joseph's Catholic Church in Rhineland.

The Rev. Bartholomew Landwermeyer, pastor, officiated. Rosary was held at 8 p.m. Thursday in McCauley-Smith Funeral Home. Burial was in St. Joseph's Cemetery in Rhineland.

Born Oct. 9, 1891, in Menard County, he married Veronica Andres. He was a retired farmer and moved from Knox County to California in 1952. He was a member of the Knights of Columbus and Catholic Church.

His wife died in August 1944.

Survivors include three daughters, Bertha Roy of Santa Rosa, Calif., Mrs. Joe Birkenfeld of Goree and Mildred Smajstrla of Seymour; a son, Clarence of Chico, Calif.; a brother, John of Hereford; 19 grandchildren; and four great-grandchildren.

Grandsons served as pallbearers.

to bring the house down. The popular character actor has compiled a most impressive list of movie credits including "The High and the Mighty," "I Died A Thousand Times," "Rio Bravo," "Strange Lady in Town," "The Sheepman," "Bull Whip Griffith," plus many others.

Duncan and Gonzalez will join almost two dozen other entertainers for the seven-hour television special.

Services Held For Sister of Benjamin Woman

Mrs. Willard Traweck, 70, died Monday afternoon in a Crowell hospital after a brief illness.

Services were held at 2:30 p.m. Wednesday in First Baptist Church with the Rev. Gary Fielding, pastor, officiating. Burial was in Truscott Cemetery under direction of Womack-Manard Funeral Home.

Born April 11, 1907, in Santa Anna, Texas, she was married Oct. 31, 1926, in Truscott. The couple moved to Foard County in 1937 from Knox County. She had resided in Crowell since 1969. Mrs. Traweck was a member of First Baptist Church.

Survivors include her husband, and five sisters, Mrs. Glennie Collier, Vernon; Mrs. Opal Caddell, Seymour; Mrs. Lona Naron, Menard; Mrs. Laverne Holmes, Saudi Arabia; and Mrs. Myrtle Jones, Benjamin.

Garden Club Meets Jan. 3

The Munday Garden Club met January 3 in the home of Mrs. Kenneth Baker. President Mrs. Lonnie Offutt presided over the business meeting. Mrs. R. S. Latham, program leader, presented a program showing slides of flowers and trees of Hawaii. Mrs. Al Cartwright gave a very interesting flower fable on cactus.

The slate of officers for 1978 was read by the chairman Mrs. Weldon Floyd as follows: president, Mrs. Lonnie Offutt; first vice-president, Mrs. Al Cartwright; second vice-pres., Mrs. Ralph Don Adams; third vice-pres., Mrs. Ruddy Latham; recording secretary, Mrs. Ralph Adams; treasurer, Mrs. E. H. Nelson; reporter, Mrs. Hal Amerson, and parliamentarian, Mrs. Ralph Adams.

Coffee, punch and cookies were served by the hostess, Mrs. Kenneth Baker, to one guest, Mrs. Billy Frank Fitzgerald, and the following members: Mmes. Ralph Adams, Hal Amerson, Chester Bowden, Al Cartwright, Weldon Floyd, W. C. Kirschner, Ruddy Latham, Erin McGraw, E. H. Nelson, Lonnie Offutt, J. T. Offutt, Grady Phillips, Goodson Sellers and O. H. Spann.

HD Club Report

The Munday Home Demonstration Club entertained the Better Half Home Demonstration Club with a tea in the home of Mrs. Earl McNeill Monday, Jan. 9, at 7:30 p.m.

Members of each club met in separate rooms for their business session. Roll call was answered with "My favorite kitchen appliance."

Following these business sessions the agent, Carolyn Schur, presented an interesting program on "Apply those new kitchen appliances." It was a very timely program because many probably received new appliances as Christmas gifts and also to discover other uses for those already on hand.

The hostess served spiced tea and cookies from a beautifully appointed table. Those present from the "Better Half Club" were:

Mmes. Mary Huffman, Glena Shahan, Bunny Hutchens, Becky Offutt, Donna Welborn, Tracee Herring and Ceissia Zeissel. Munday Club members present were: Mmes. Joe Patterson, Bessie Winchester, Frankie Yost, Virginia Cary, Frank Hendrix, Grace Gollehon, and Earl McNeill. The low attendance from both clubs was due to other committ-

Bergland Promises

Texas Farm Bureau President Carrol Chaloupka said that Secretary of Agriculture Bob Bergland has promised a number of actions to help alleviate the current farm income depression.

Chaloupka, a beef and grain producer from Dalhart, met Jan. 5 for an hour Thursday in private audience with the Agriculture Secretary in Washington.

The Texas farm leader said Secretary Bergland promised to move on a number of fronts -- including increased farm credit, expanded dollar exports, more food for peace shipments, and changes in the meat import law -- to help farmers and ranchers during the present income crisis.

"Secretary Bergland felt that the best way out of our current problems would be expanding farm exports and the movement of surpluses overseas under Public Law 480, the food for peace program," Chaloupka said.

The TFB president said Secretary Bergland promised his administration would do everything within reason to make available Farmers Home Administration loans to keep farmers in business.

Chaloupka said that Bergland agreed to have the U. S. Department of Agriculture work with Farm Bureau and other organizations to expand dollar sales abroad. The secretary reported that the United States is now working to lower tariff barriers on American beef coming into Japan.

Under Public Law 480, American farm products -- primarily surplus grain -- is moved to needy nations on a subsidized basis. Chaloupka said Secretary Bergland agreed to step up such shipments.

Chaloupka said Bergland agreed to help get legislative changes in the meat import law to assist cattle producers. The Texas farm leader said what is needed is a formula that reduces red meat imports during periods of high beef production in this country and that Secretary Bergland agrees with this.

Chaloupka said Bergland expressed the desire for farmers to get their income in the marketplace because he said the alternative is total domination by the federal government.

"I told him that we would appreciate it very much if he would take a real strong stand for the farmer instead of being a champion of the consumer, and he agree with me," Chaloupka said. "He understands our problems, and it's nice to talk with a farmer who heads up the Department of Agriculture."

THEIR FUTURE JOB: TO FEED 200 MILLION AMERICANS!

And what a job it will be! Our population will pass the 200 million mark soon! We salute the boys and young men in our community who are preparing today to feed us better tomorrow! As farmers of the future they must be versed in science, skilled in mechanics, able in management! Our congratulations on their splendid achievements and high purpose!

AARP News

The Munday Chapter #1437 of the American Association of Retired Persons met in regular session Thurs., Jan. 5 in the Community Center.

Mrs. Virginia Cary opened the meeting by leading the group in repeating the Pledge to the flag. The song "America" was led by E. V. Shackelford. Minutes of the previous meeting was read by the secretary, Mrs. Porter Blankenship, and Mrs. Frank Hendrix gave the treasurers report.

The purchase of a piano to be placed in the Community Center was discussed during the business meeting and a committee was appointed for this project.

Members voted to promote a "Telephone awareness program" in our town. The purpose of this program is to check on persons living alone, each day, to be sure they are O.K. Any person wishing to participate in this and to be called daily, please call 422-4193 (Mrs. Virginia Cary). This is a nationwide program to help elderly persons who live alone.

At the noon hour every one enjoyed the delicious food and the fellowship together. During the afternoon session three interesting films were shown by Mr. Shackelford.

It was voted to have four game nights this month. The dates are Jan. 9th, 13th, 20th and 27th. The next regular monthly AARP meeting will be Feb. 2.

There were 32 members and 1 visitor present Thurs. Visitors are always welcome. Reporter, Grace Gollehon

SS opened with Supt. Murry in charge with suggested order of service called to order singing. Pray read responsive reading

Lesson subj. God speaks to human prejudices Bible Basis: Lesson scripture Jonah 3:3,5;4:1,11. Back ground script Jonah. Bible Truth: Bigotry and shortsightedness cause a person to become angry at something that gives God joy.

Bible verse: Thou hast pity on the proud, for the which thou hast not labored...and should not I spare Nineveh, that great city? Jonah 4:10,11.

Lesson aim: That adults christians feel compassion for those whom God pities and rejoice with him at their redemption.

Scripture lesson Teacher taken charge of their classes. Bro Honsby class no 1. Sis Devers class no 2. Sis Honsby class no 3: class no 3. the teacher revied then beautiful also class no 3. We thank God for our lovely Sun School which revied by minister Deavers. Words also from Pastor Blue.

I to thank God for my attendance again to witness that beautiful lesson mimitue by Sis Devers Sis Carlin wasent present. Testifying service conducted by Decon Dockin which was lovely after which our assiant minister came forward with a great message from 139. Psalms and I must say God certainly did bless him he preached the word of God Elder Devers is one of Gods young minister in age also the gospel hes my son also in the Gospel let us continue pray for him.

Little Miss Marline from Vernon Colloge at Vernon who spent Christmas with her father Bro Alvin Adams they visit his mother and Bros and Sis in Dallas Sis Eula Adams also his Brothers from Calif and Chicago and Dallas visit him new year.

I certain appreciate a custman of my to come in

and give me a Stanly order I'm going back to that work again and do appreciate my friends orders. I'm thankful for Mrs Stricklin to come in for an order

Also Mrs Hun visit me last wk to finish out their goodies to me from Christmas. Also Mrs. Partridge is my Stanly dealer and have been sinse early 60's

I to must say God's will must be done I'm sorry I was sick during the time Mr. Hollar Past didden no about it untill afterward he was a lovely friend to my husband and I. We traded with him when he was in grocie and gas business God bless the family also the little boy Alvin.

I'm sorry i didden re'd word as I was told because we wanted to send flowers to Mr Preston Sherod funeral also the church group of west Beaulah he served their on Decon board Mr. and Mrs. Jack Bradley and Mr M. Wilson attended the service in Middlin Texas. God bless the family

On last Wed night my church with Pastor Blue in

charge and a lovely meeting and now Sis Lonnie Coliour is my assistance also Teacher of the Bible band and Decon Honsby is Teacher of class 1. in the Sun School. she's a great Teach for God.

You no we need more young people to take a stand for Christ and come out of their sins. the time is getting close at hand you're going to need Jesus you no God is love and if you don't love him you wont have no part in him

Mother teach you children the way's of the Lord also their prayer to say them morning and night and how to behave them self when you're not with them and to regard, Gods house, read your Bible to them

I can't write your news if you don't tell me and go the church of your choice.

TEXAS TALK

Farming isn't getting any simpler. Regulations change as quickly as they're made. Labor is a problem. You almost have to have a PhD to keep up with the technical advances made daily in farming methods.

But, for all that, farming is still a good life and the American farmer is one of the finest examples of free enterprise at work.

Sadly, the modern, non-farming generation seems to have a different idea about America. The U. S. Chamber of Commerce recently surveyed some high school students about our way of life.

67% thought there is no need for profits; 40% were unable to name one advantage capitalism has over communism.

In his constant quest to hold production costs down and obtain favorable markets for his products, the American farmer knows that the free enterprise system can and will function on a modest profit margin of 3%.

SPOTLIGHT

by Julie Hines
 We are proud to have Mr. Doug Cunningham as a new teacher. He is teaching history in high school and reading and spelling in jr. high.

Mr. Cunningham graduated from Bomarton High in 1946 and Texas A&M in 1953. He served 23½ years in the army and retired as a Lieutenant Colonel in June of 1975. During this time he served in Korea, Vietnam, Turkey, Europe, Hawaii, and several states in the U. S.

Recently he has spent 2½ years at Midwestern State University, to receive certification in biology and history.

Mr. Cunningham and his wife, Marion, are living in Goree, and have two sons, Mark, who is a 1977 graduate of A.C.U., and Scott, who is a junior at Goree High School.

We welcome Mr. Cunningham and we hope he enjoys teaching in M.H.S.

FHA LUNCHEON

by Gala Myers
 At the Luncheon of officers on January 4, 1978, we voted to support Joy Shawver to run for a district office in March. She will run for third vice-president. Joy is well qualified to run for this office. She has served the same position this year for our local FHA chapter.

Plans for the style show were also discussed. Lots of hard work and effort are going into preparing this

event. The theme will be "Songs in the Key of Life." The style show will be January 19, at 7:30 p.m. Tickets are being sold by FHA students. Prices are: adults - 75c and children - 50c.

RUSSELL'S RIDDLES

by Russell Routon
 If a plane were to crash on the border between Texas and Mexico, halfway centered on the border, where would the survivors be buried? The answer will be in next week's Tom-Tom News!

ASSEMBLY

by Brenda Bruggeman
 The seniors were delighted to have Benny Melton, a former border patrolman, speak to them on Friday, January 6. He is currently working in Lubbock as deputy sheriff for Lubbock County.

He told of some of his past experiences working in the border patrol. He estimated there were 7 million aliens in the U. S. but only 1 million were returned each year to their own country. After the talk there was a question and answer session which proved to be very interesting and worthwhile.

The seniors wish to thank Mr. Melton for a very interesting assembly.

LIVESTOCK SHOW

by Randy Waggoner
 The Knox County Livestock Show will be held January 13-14 at the Dunbar Gym in Munday.

On Friday, January 13,

breeding swine, broilers, and sheep will be exhibited at 2:00 p.m. At 9:00 a.m. Saturday, January 14, barrows and cattle will be shown. The sale will begin after the beef animals are shown.

There will be a concession stand operated by the Munday FFA chapter for your refreshment. The FFA members invite you out to watch the 1978 County Show.

A Look At The Moguls

This year has two returning starters, Tony Myers, an All-District football player, along with Dan Adams, another All-District football player. These two young men have provided the early leadership for the Mogul basketball team. The remaining starters include a fine collection of young, hard working sophomores, determined to hustle and improve with every practice. They include Isom Murray, Keith Sanders, Lenny Welch, and Ricky Sosa. All of these players will surely contribute to the future of Mogul basketball.

Our team this year will be facing some outstanding senior ball clubs with each week being a tough fight for

the Moguls. Hamlin has a fast running team that can beat you very quick. Aspermont has a top scoring team that plays methodical defense with a couple of All-District players. Paducah and Crowell both are the powerhouses of the district. Being strong in all phases of the game, Munday will have their hands full facing these two teams. Knox City, Haskell, and Rotan have fine ball clubs that will give the Moguls a challenge when they meet on the court.

The Mogul Junior Varsity, headed by Coach Steve Rodgers, have some very promising and hopeful prospects for the future.

Truscott And Gilliland Events

by MILDRED GLASSCOCK

Vivian Brown entertained with a Holiday Tea in her home at 9 a.m. Dec. 22nd.

The house was beautifully decorated for Christmas. The serving table was covered with a white net cloth with poinsettias and candles. All kinds of Christmas cookies and candies were served with coffee.

Those enjoying the affair were Mmes. Kay Cumley, Clara Owens, Margaret Todd, Beryl Hickman, June Looney, Lottie Whitaker, Idoma Chowning, Virginia Casey, Billie Shaw, Carrie Barry, Berniece Jones, Clara Brown, Mildred Glascock and Miss Jacqueline Brown.

Word has been received here of the marriage of Rev. Aaron Mitchell of Paducah to Mrs. McDonald on January 1st at 12:01 a.m. at the First United Methodist Church. Rev. Mitchell was pastor of the Methodist Churches in Truscott and Crowell until his retirement.

Jimmy Brannon of Southwestern Theological Seminary in Fort Worth visited with Curtis and Virginia Casey last weekend. They toured the Crowell Museum and the Copper Breaks Museum and had a picnic in the park.

Mrs. Hattie McEwen (Ila Mae's aunt) enjoyed the holidays in San Angelo with her children; Annie Bell McEwen, and the families of Bill McEwen, Joy Brown and John Romp, and Mrs. Pearl Summers (Ila Mae's mother) visited her daughters, Lu Ann and Forrest Hedden and girls and Nadine and Jerry Nibling and family. Nadine and Marilyn brought them home last Tuesday and spent the night with Paul and Ila Mae Bullion.

Letter To The Editor

Dear Editor:

The following poem appeared in a local newspaper. Because of the situation the American farmer is facing today, we feel this poem is well worth reprinting.

CHRISTMAS 1987?

by Jerry Wells

'Twas the nite before Christmas and all thru the land there was nothing to eat, not even a ham

Our children are starving we need food they all cried Yet there was nothing raw, boiled or fried.

Calls were sent cross the water to all distant soils. One could send computers, another one oil.

'Twas decided the government could settle it all, so by the millions, each placed a call.

They got hold of a fellow with sad eyes and big ears, He has been there for 'bout fifty years.

He came before the people with eyes full of tears, raised his old hands to quiet all the jeers.

One could tell by just looking he had a story to tell, so he began in a voice clear as a bell.

'Bout ten years ago if I remember it right, this nations' farmers got into a tight — said they were going broke buying overpriced equipment and 10 percent notes.

You people all laughed, government said go to hell, and when they protested we put them in cells.

I have nothing for you so back to your home. There is no food the farmers are gone.
