Local 4-H'ers Win Top County Awards

Two Munday youths won special honors Sunday as 4-H'ers from Knox County were recognized for their accomplishments during the past year. The annual 4-H achievement program was held Sunday afternoon at the Knox City Community Center.

Highlighting the event was the announcement of the junior and senior Gold Star award winners. Junior honors went to Robyn Clem, a sixth grader at Munday Elementary School. The daughter of Christi Parker, Robyn has been involved in 4-H four years, during which time she has conducted projects in clothing, rabbits and food and nutrition. She won first place in her age division at the district 4-H fashion show.

Kacy Longan, 15, a Munday High School freshman and the daughter of Bill and Karen Longan, is this year's senior Gold Star winner. A seven-year 4-H'er, she has completed projects in foods and nutrition, clothing and poultry, and won a trip to the state 4-H fashion show this year. A first place winner in home designer events and the district 4-H Roundup, Kacy has served as a junior leader for the foods and nutrition project group and as a club officer.

Kacy was mistress of ceremonies for the awards program. Lorin Clem led the group in pledges, and the 60 4-H'ers and guests present were welcomed by Billy Gene Johnson of Knox City, a county commissioner. Andrea Longan responded on behalf of the 4-H club members.

Christi Whitten of Benjamin narrated a review of the past year's activities. Adult leaders were recognized by Kristin Simmons of Gilliland. County Extension Agents David Tunniere and Jane Rowan introduced the Gold Star award winners, and Robyn Clem and Kacy Dillon, a Knox City 4-H'er, read the list of achievement awards. Philip Homer of Munday, also a Knox County commissioner, presented medals to students attending the program.

A reception honoring all the award recipients was held after the presentation. Members of the Knox County 4-H and Youth committee planned and hosted the event.

Those receiving achievement awards for 1987 were:

Fashion review - Carol Griffith, Amanda Baker, Tressie Boyd, Jennifer Abernathy, Robyn Clem, Melissa Berryhill, Jessica Williams, Lorin Clem, Andrea Longan, Amy Carver and Kacy Longan.

Beef - Lance McWhorter, Jason Patterson, Rhonda Whitten, Angie Partridge and Christi Whitten.

Citizenship - Angie Partridge.

Achievement - Angie Partridge.

Clothing - Andrea Longan, Tressie Boyd, Kacy Longan, Carol Griffith, Amanda Baker, Amy Carver, Jennifer Abernathy and Jessica Williams; leader Kiki Griffith.

Horse judging teams - Amy Deering, Missy Reneau, Amy Carver and Andrea Longan, juniors; Jae-Jae Reneau, Bob Burkham and Trent Driver, seniors; coach Mary Ann Boone. The junior horse judging team placed fifth at district with Missy Reneau taking high point honors. Jae-Jae Reneau was third high point in the senior competition in which Munday placed third.

Foods and nutrition - Clay Patterson, Mitzi Alderson, Rebekah Duke, Kristin Simmons, Andrea Longan, Amy Carver, Angie Partridge, Shannon Grossman, Lorin Clem, Missy Reneau, Jason Simmons, Robin Reneau, Bonnie Bohannon, Robyn Clem, Anna Kay Kiser, Tressie Boyd, Sandy Patterson and Jae-Jae Reneau.

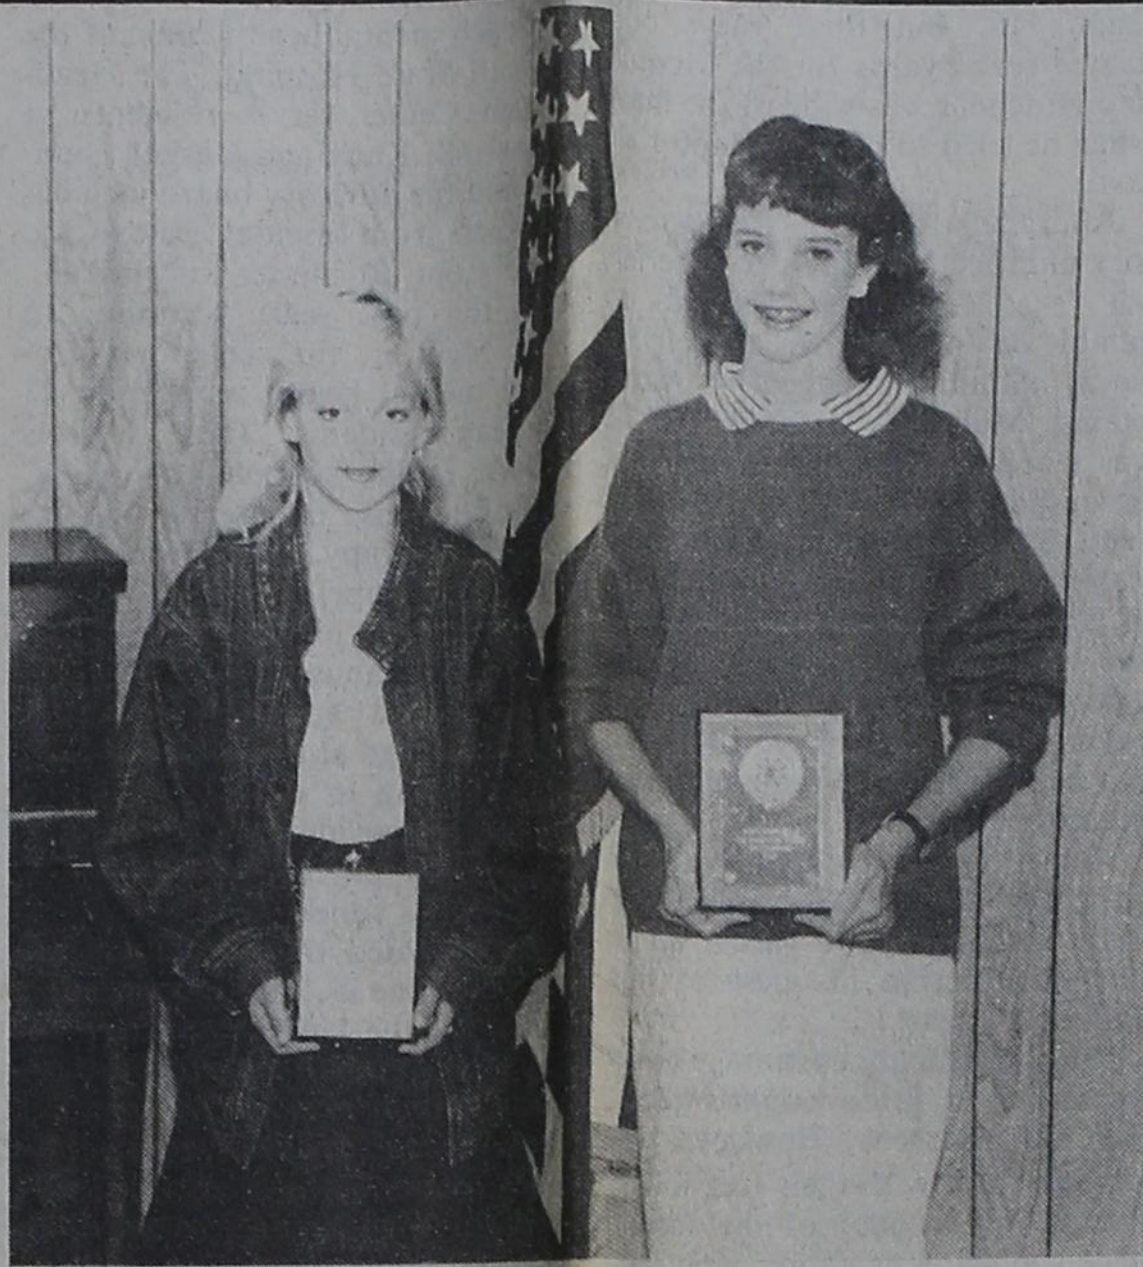

Home design - Andrea Longan and Kacy Longan.

Rabbits - Amy Deering, Marc McWhorter, Todd Faulk, Jacy Dillon, Tressie Boyd and Chad Bordovsky.

Leadership - Angie Partridge. President of the District 3 4-H Council and secretary of the state 4-H organization, Angie was absent from the awards program because of her representation of the Texas 4-H at a leadership seminar in Washington, D.C. during the weekend.

Plant identification team - Mitzi Alderson, Tressie Boyd and Christie Manning; coach James Alderson. This team placed second at district competition.

Bread - Angie Partridge.

GOLD STAR WINNERS: Top Knox County 4-H'ers for 1987 were named at the achievement award program Sunday at the Knox City Community Center. Junior winner was Robyn Clem, left, a sixth grader in the Munday schools. MHS freshman Kacy Longan won senior Gold Star honors.

11th Goree Homecoming Unfolds This Weekend

The population of Goree is expected to increase dramatically this weekend as ex-residents, students and teachers gather for the 11th Goree homecoming. Festivities begin with a street pep rally and bonfire Thursday night, October 15.

The homecoming game will feature the 5-1 Goree Wildcats and the New Life Christian Academy of Lubbock. The game will begin at 7:30 p.m. Friday. Special halftime activities will include performances by the Goree drill team and Wildcat cheerleaders.

Homecoming registration is set for 9 a.m. Saturday in the high school building. A snack bar will be open from 9-11 a.m. in the school cafeteria. Stanley's Barbecue of Wichita Falls will cater the noon meal in the cafeteria from 11:30-1:30. Tickets are \$5 per plate, and persons who still need tickets should contact Mike Hord.

General assembly will begin at 2 p.m. Wayne Bingham, a 1954 GHS graduate who is now superintendent of schools in Breckenridge, will serve as master of ceremonies. The Munday barbershop quartet will perform, and the coming home queen will be crowned. Former teachers will be recognized, as will each class.

A dance will be held at 8 p.m. at Rhineland featuring the Country All-Stars from Dallas. Anyone wanting more information about individual class reunions should contact a member of that particular class.

United Fund Money Is Important To Agencies

As Munday volunteers prepare for the annual United Fund drive, local agencies which receive funds from this drive are asked to explain why they need this contribution and how the money will be spent. As a public service, the Courier will publish articles about each of the agencies benefitting from the United Fund during the next few weeks.

The Knox County chapter of the American Red Cross has, in the past, received \$500 of the United Fund's budget. Half this money, along with half of all other Red Cross income, is sent to the national office, and the other half is kept for local use. Some expenditures listed by Bob McWhorter, county Red Cross treasurer, are refreshments for the Bloodmobiles, an infant

mannequin for the Munday Ambulance Service EMT training and workbooks and textbooks for EMT and CPR classes.

McWhorter said the money sent to the national Red Cross headquarters is used in the role the National Red Cross fills whenever there is a disaster anywhere in the United States. When any community suffers from a tornado,

Goree Baptists Announce Revival

The First Baptist Church in Goree invites everyone in the area to a revival Friday through Sunday, October 23-25. Dr. Frankie E. Rainey, professor of Bible and biblical language and chairman of the biblical languages department of the School of Christianity at Howard Payne University, will deliver the revival messages.

Rev. Wayne Varnell, church pastor, will preach at a pre-revival rally at 7:15 p.m. Thursday, October 22. The first special service will be at 7 p.m. Friday, and activities continue Saturday morning with a 7:15 a.m. prayer breakfast. Another service is set for 7 p.m.

The 11 a.m. Sunday service will precede a dinner on the grounds and a question and answer session, and a 6 p.m. service will bring the revival to a close.

THE BEAT GOES ON...

Munday Chalks Up Victory Over Rotan

Despite some costly mistakes and a pair of missed field goals, the Munday Moguls preserved their unbeaten record Friday night, nailing the Rotan Yellowhammers 23-6 in the first District 5-A south zone contest.

The Moguls were vaulted to the top spot in Associated Press rankings last week, followed by also-unbeaten Paducah of the district's north zone. Munday and Roscoe share the zone lead with 1-0 records, but that will change after Friday night when the two teams will tangle on Scruggs Field in Munday.

The Moguls, giving up a size disadvantage of over an inch and about 20 pounds per man, needed an entire quarter to get their potent offense rolling. In addition to the size mismatch, several of the players had been hit by a flu virus earlier in the week and were feeling considerably weaker than usual. The first quarter consisted mostly of short runs and attempted passes as both teams adjusted their offenses. At the end of the quarter Munday began driving from its 30, going all the way to the Rotan goal, where Anthony Stinnett coughed up the ball, and the game remained scoreless.

Soon after, the Hammers returned the favor, fumbling in Munday's endzone after driving 80 yards in 9 plays. Rotan gave up its second fumble of the quarter on its next possession, and this time Munday was able to take advantage of the miscue to put some points on the board. A 34-yard pass to Terry Collier and a 16-yard run by Stinnett put the Moguls inside Rotan's

10, then a penalty pushed the ball half the distance to the goal. But Rotan's defense stiffened, holding Munday to six yards on the first two plays, then the Moguls were flagged with a five-yard penalty. When the third down play ended three yards short of the goal, kicker Lowell Hutchens stepped up to give Mun-

Munday Students Rank High On Tests

Munday Independent School District ranks in the top ten percent of all districts in the state on 1986-87 T.E.A.M.S. SCORES. Information released by the Texas Education Agency placed the district 102nd out of 1,052 districts in the state. In Region IX the results were very similar, with a ranking of third out of 40 districts.

T.E.A.M.S. test results are used as a means of assessing student performance in a district. Such results will be used by the TEA in its accreditation process. These tests are given each year in the odd numbered grades and are part of school reform in recent years.

Munday school superintendent Doyle Lowrance said, "The school board, administration and staff are proud of our students and their accomplishments. Parents, students and patrons of the district should take pride in these rankings. Effective school districts that provide opportunities for students to achieve, are the result of many factors. Supportive parents, quality students and a dedicated staff are major factors in making a district effective."

A continuing goal of the district will be to build on these accomplishments toward even higher student performance, Lowrance added.

Commodities To Be Distributed Tuesday

The Aspermont Small Business Development Center will distribute USDA surplus commodities on Tuesday, October 20, at the following locations and times:

Knox City city hall, 8:30-10 a.m.; Truscott Community Center, 9-9:30 a.m.; Knox County Courthouse in Benjamin, 9:30-10:30 a.m.; Gilliland school building, 9:45-10:15 a.m.; Vera Community Center, 10:45-11:15 a.m.; Munday Community Center, 1:30-2:30 p.m.; Goree Community Center, 3-4 p.m.

Persons must present eligibility identification before receiving the commodities and should bring large grocery sacks to hold the surplus goods.

Courier Renewals Due In November

Although more new Courier subscriptions are being purchased every day, a great many of our subscriptions are due in November. Readers who don't remember when their paper expires can look on the mailing label. The year, month and day the subscription runs out is noted at the bottom of the label.

Due to high costs of postage, we no longer send out reminders about renewals. Also because of postal regulations, we cannot mail papers unless they have been paid for. So if your subscription is almost expired, we urge you to come in and renew it or send us a check.

This is an exciting time for a small-town newspaper. With football and other school activities and holiday plans being made, there is lots of interesting reading in the paper each week, and we don't want any of our readers to miss out on something because they forgot to pay for their subscription.

Munday Bank Issues Report Of Condition

The First National Bank in Munday listed \$27,594,253.91 in total assets and liabilities at the close of business on September 30, 1987. Deposits on the statement of condition issued for the third quarter of the year were \$24,035,536.29.

Loans and discounts stood at \$13,446,610.45. The bank maintains \$200,000 in capital stock and \$300,000 surplus on its liabilities and assets ledger.

Absentee Voting Begins This Week

Absentee voting for the November 3 amendment election began Wednesday, October 14, according to absentee judge Gloria West. The voting place is the Knox County Clerk's office in the courthouse in Benjamin, and hours are 8 a.m. to 5 p.m.

October 30 is the last day to vote absentee in person. Applications for absentee ballots must be received by October 27. For more information about absentee voting, call 454-2441.

WINNERS AT THE first October golf scramble at the Lake Creek Golf Club were Joe Sosa, Celso Gonzales, Jerry King and Daniel Ramirez, from left. The men blazed a 12-under-par 58 through the 18 holes of play.

day a 3-0 lead on a short field goal. With only 27 seconds left, fans were stirring to get down to the concession stand for hot coffee when Terry Collier stepped in front of a Hammer pass and ran it back in for a touchdown as the clock ran out. Hutchens was called back in to kick the extra point, and Munday went into the dressing room suddenly in charge of a tight game.

Receiving the kickoff to start the second half, Munday showed some of the versatility needed by a team hoping to reach the playoffs. Using the persistent running of Stinnett to grind out 32 yards in seven plays, sophomore signal caller Marc Andrade turned the tables on the eighth try. Facing a third and nine count, Andrade lofted a picture-perfect strike to Collier, who was dropped at the Rotan 1. From there Stinnett punched it in for the score, and Hutchens' kick made it 17-0.

Munday threatened on its next possession, but a pass intended for Perry Collier dropped from his hands, and on the following play Andrade was sacked for a 13-yard loss. Hutchens' field goal attempt was wide, and Rotan took over on their 24. Racking up three successive

first downs on long runs, the Yellowhammers drove in Munday territory, getting a little help from a Mogul who was called for pass interference on a play which should have been disastrous for Rotan, as Perry Collier had found a handle on the pigskin. Instead, the officials returned the ball to Rotan at the six yard line, and tailback George Patterson carried it in for Rotan's only score.

Munday should have gotten the touchdown back when Kent Sanders recovered a Hammer fumble on a quarterback sack near the home team's 10. But three plays only gained seven yards for the Moguls, and Hutchens was wide of the mark when he tried to hit his second field goal.

Andrade's fumble in Rotan territory nullified Munday's next series, but the Hammers decided to gamble on fourth down at their 33. Kevin Smith managed 4 yards against Munday's defense, but he was stopped just short of the first down marker and the Moguls took over. A 15-yard penalty against the Hammers sent Munday inside the 20, and Stinnett took a fourth-and-five handoff and sprinted into the endzone. The extra point was wide, leaving Munday with a 23-6 lead that held during the remaining two minutes of play.

Stinnett ended the game with 133 yards rushing on 27 carries. Andrade threw for 104 yards, all to Terry Collier, in his best passing night of the year.

The homefield advantage may play a part in Friday night's game. The 3-2-1 Roscoe Plowboys will come to town with their feet solidly planted in the door of the second place spot in zone action, and they will certainly be looking for an upset. Kickoff is at 7:30 p.m. and local fans are urged to be on hand to cheer for Munday.

Coach's Comments

by Coach Ron Steele

We were glad we won this one - they were an awfully good football team. But after watching the film, I saw that we made a lot of mistakes. By the same token, though, we had some big plays that helped us win. Perry and Terry Collier played great defensive games, and Terry's interception was on a super play.

Rotan was just huge, and they were better than I had expected. They didn't have the quarterback or running backs that Seymour had, but other than that they were just as tough.

We played fairly well, but we will have to eliminate those mistakes. Anthony Stinnett, Glen Reid and Jeremy Hutchinson really worked hard to have been as sick as they were. It was a rough game for them because they were so weak and tired easily.

Marc Andrade had a very good game. He's throwing well and improving every week. I just couldn't ask for any more from a quarterback than I'm getting from Marc. He's being asked to do a lot of things and he's doing them all well. By the time he's a senior he should be a great quarterback.

Three of our JV players, Tyler Thompson, Jeff Herring and Brett Bruce, went into the game near the end and sacked the quarterback. The JV's were off last week, but we plan to play at Throckmorton Thursday evening.

I'm glad that we caught Rotan when we did; the kids should know the caliber of the Roscoe team. They are just a little bigger than us, and they are a solid, well-coached team with a good quarterback in Sammy Herrera. I expect a good, hard football game and we will have to be in good shape both physically and mentally to win. We need to play hard this week and in our last two games without looking down the road.

Our eighth grade lost to Rotan 12-6. Bobby Dockins scored for us. Our sixth and seventh grade players divided up for a purple and gold game. This was a lot of fun for the kids and was interesting for the coaches. We saw a shining star for the future in Aaron Kiser.

flood, hurricane or any other disaster, Red Cross is there to provide emergency relief and manpower. The agency also provides financial help to military servicemen during periods of emergency.

The Headstream Memorial Center in Haskell is a \$250 recipient of the Munday area United Fund. The center, which is under the direction of Sarah Meinzer of Benjamin, is an outreach mental health clinic of the Vernon State Hospital. The Headstream Center serves residents of Stonewall, Knox and Haskell counties and the advisory board includes members from Munday, Knox City, Aspermont, Rochester and Haskell.

In the past year, according to Mrs. Meinzer, the center has provided mental health services to 23 Munday residents. These services include family support counseling, chemical abuse counseling and individual therapy, and Headstream Center personnel have also worked with the Department of Human Services in child abuse cases.

Because of an increase in the client caseload at the center, a drive is continuing to expand these services and provide space for group counseling, psychosocial activities and various support groups. It has been estimated that the expansion will cost some \$5,000.

\$200 of the United Fund budget has been set aside for the Knox County Aging Services. This organization has been in existence since 1974 and employs three fulltime and seven part-time workers, along with several volunteers. Ruby Cockrell is project director.

The Aging Services offers educa-

tional and other programs to anyone over 60 years of age. Volunteers direct game nights and monthly musicals at various sites in the county. The agency owns two vans which are used to transport senior citizens to such events as the Albany Fandangle, the "Texas" production in Palo Duro Canyon, the "Hee Haw" production in Sagerton and movies at the Paramount Theatre in Abilene.

The most well-known feature provided by the service is the eight-year-old lunch program. Meals on Wheels lunches are cooked at the Aging Services Center in Knox City and are served there five days a week. Meals are taken to Munday on Monday, Wednesday and Friday and to Benjamin on Tuesday and Thursday. There is no set price for the meals, although ASC personnel suggest \$2 per plate or a small donation if diners can afford it. Persons under 60 may also eat at the center for \$3, but the "over sixty" crowd gets served first.

Future projects for the Aging Services Center include enlisting more volunteers to carry the prepared lunches to shut-ins, Mrs. Cockrell said.

Mogulettes Victorious At Millsap

The Munday Mogulette cross-country team made it 4-0 Saturday, winning its fourth consecutive event with 39 points. Runner-up teams in the contest, which was held at Millsap, were Aledo, Windthorst, Bridgeport, Hamilton and Breckenridge.

In individual competition, Munday placed three runners in the top

five and all five team members in the top half of the 51-girl field. Sophomore Mindy Myers won the race with a time of 11 minutes and 44 seconds. Fourth went to Robin Reneau at 12:30, and freshman Kacy Longan was fifth at 12:54. Eva Campos came in 14th at 13:34 and Jae-Jae Reneau finished 22nd with a time of 14 minutes and 9 seconds.

"I was really proud of Jae-Jae and Eva," said coach Gina Farmer. "They knew they had to place high in order for us to win. That was probably the best Jae-Jae's run all year."

The coach said she was "thrilled to death" about the victory, adding that she hadn't been sure about the team's chances against another field of teams from larger schools.

The girls will see action Saturday, October 12, at Abilene Christian University.

Former Resident Is Buried In Denton

Bessie Marie Williams, 97, a former Munday resident, died Wednesday, October 7, in a Fort Worth nursing home. Graveside services were held Friday, October 9, in Denton.

Mrs. Williams' husband, the late Walter Williams, ran a dray line for Pendleton business in early-day Munday, farmed and was a mail carrier for the rural Rhineland route. The couple lived in Munday from 1912 until in the 1930's.

Survivors include three daughters, Gladys Reed of Knox City, Lois McCrory of Fort Worth and Jonell Condon of Tomball; seven grandchildren, including Claudia Tidwell of Munday and Linda Underwood of O'Brien, and several great-grandchildren.

MEMBERS OF THE Munday Garden Club gathered October 6 for a salad luncheon in the home of Mrs. Christine Nelson. Plans for the upcoming year were discussed and a variety of salads were enjoyed in a setting of pretty fall floral arrangements.

New Garden Club Year Gets Underway

Fifteen members and one guest were present for the first Munday Garden Club meeting of the 1987-88 year. A noon salad luncheon was held October 6 at the home of Mrs. Christine Nelson.

Club president Sara Offutt called the meeting to order. Minutes from the last meeting and the treasurer's

report were read and approved and various announcements were received. Reports were called for from all committees, and old and new business was discussed. Plans for the coming year were the major topic of discussion.

Welcomed as a guest was Mrs. Jack McFarland, and members attending were Mmes. J.H. Amerson, Chester Bowden, Weldon Floyd, W.G. Hertel, H.W. Jungman, Loyd Mathews, Wallace Moorhouse, E.H. Nelson, Lonnie Offutt, J.T. Offutt, Dan Offutt, Grady Phillips, Joe Roberts, Gene Thompson and Larry Thompson.

CONSUMER DEBT

Consumer debt stands at an all time high. Since the average consumer has two bankcards and seven other credit cards and an average balance of \$800, it's no wonder. Last year, consumers charged \$70 billion worth of purchases, \$10 billion between Thanksgiving and Christmas alone. That's nothing compared to this year's craze. As of July 1987, consumers owed \$600 billion, or \$2400 per capita on credit purchases, excluding home mortgages.

LAYAWAY FOR CHRISTMAS

Before credit cards became so common, layaway was a popular means of stretching out the costs of buying Christmas gifts. If you want to avoid mounting credit card bills and the interest on unpaid balances, layaway is still a good alternative.

The whole idea behind layaway is that you make a down payment, which is usually 10 percent of the price, and then make installment payments at agreed upon intervals until you've paid for the merchandise.

Unlike other types of transactions, you can't take the merchandise home right away. The retailer holds your intended purchase until the final payment is made. That may be ideal for gifts you'd just have to hide anyway!

Before you put an item on layaway, request a written copy of the store's layaway policy. Find out if your intended purchase will be set aside or ordered, and will definitely be available when you finish the

payments. Ask about the store's refund policy, in case you change your mind after making partial payment. Also consider extra costs such as penalties for late payments, or service or layaway fees.

When you buy an expensive item, such as jewelry, feel sure about the store's reputation or check with the Better Business Bureau before buying on layaway. If the store goes bankrupt before you finish making your payments, you lose the merchandise as well as the payments you've made so far, and there isn't much you can do about it.

Avoid problems or misunderstandings with your layaway by keeping your own record of all transactions. It will help you remember when payments are due and keep track of how much you have already paid toward the purchase.

One of the best things about layaway is knowing that your Christmas gifts are paid for and you won't be facing high credit card bills in January.

Resident Takes Azure Seas Cruise

Mrs. Johnnie McAfee of Munday recently enjoyed a three-night cruise from the Los Angeles Harbor to Ensenada, Baja California, Mexico, with 30 residents of the mobile home park in which her daughter, Polly McAfee, lives. If taking the cruise wasn't enough excitement, Mrs. McAfee found plenty more the day before she left California to come home - Placentia, where her daughter lives, was one of the towns affected by the recent earthquake and Mrs. McAfee was there to experience this frightening event.

Mrs. McAfee described the Mexican cruise for us in her own words:

It was a delightful time of laughter, food, excellent service, and an opportunity to share with both my daughters and friends. I had come the farthest from Texas to share in my first experience on the high seas and was thoroughly ecstatic when I saw the size of the ship.

Beautiful food was spread out for us, and I dearly enjoyed our waiter Mervin and busboy Daniel. They made our trip a lot of fun. Our group spent the day on tours around Ensenada both shopping and sight seeing, while others stayed on board ship to rest, eat and participate in activities throughout the day and night. If you desired, you could attend a movie on the ship.

There were too many highlights to talk about in this short article, but one that really stood out was the Captain cocktail party followed by a delightful dinner. On Sunday at the gala farewell dinner, all stops were pulled with another outstanding dinner, for example, lobster for openers if you chose, followed by flaming baked Alaska headed up by the chef and waiters marching to the tune "When The Saints Go Marching In."

I could sum it up in one word, "fabulous". My daughter Polly stated, "There's not enough words to describe it."

Letter To The Editor

Dear Munday Courier,
I am sending a check for another year's subscription.

It has become a family joke in the "Armstrong" family as to whose subscription is due each month. We do thoroughly enjoy the Munday news and even though it has been 23 years since I graduated and left Munday, it will always be home.

Please change my address to 6033 Nanci Dr., Ft. Worth, TX 76148.

Thanks,
Sue Kelly

Halfway Point Surpassed In Conservation Reserve Program

Acres now enrolled in the government's Conservation Reserve Program has passed the halfway point in reaching the targeted 45 million acres nationwide.

With the most recent signup period of July 20-31, farmers have committed almost 23 million acres of highly erodible cropland to the program.

Nationally, almost 5.3 million acres were accepted into CRP during the July signup, with an

Weinert Extension Clubwomen Discuss Family Physicians

The Weinert Home Extension Club met in the home of Debbie Crump with president Faye Jetton in charge of the program.

Roll call was answered with "A bad experience I have encountered as a patient." Mrs. Jetton brought the program entitled "The Art of being an Informed Patient", in the absence of Lou Gilly, agent.

She advised the members what to look for when choosing a family doctor, such as specialty, training, certification, fees, acceptance of Medicaid-Medicare patients, etc. In personal communication she asked, "Do you trust him, can you speak frankly, do you feel comfortable with him, or do you feel he is too rushed to take another patient?" In a skit performed by Debbie Crump and Betty Sanders, information on "what, when, and why" to tell your doctor was discussed.

In the business meeting, Alice Yates reported that the annual information day will be held at the Haskell National Bank community room on November 18.

Because of the resignation of the TEHA chairman, a new one will have to be elected. The name of Betty Sanders was nominated from the Weinert club. Secret ballots were cast for the Outstanding Club Woman, who will be announced at the Information Day luncheon on November 18.

The club voted a round of applause for the fair booth's chairmen, Betty Sanders and Debbie Crump, as the first place ribbon, the first place in educational exhibits, and the Best of Show award banner were displayed. The prize money will go into the working fund of the club, and the merchants who donated the money will be sent thank you notes.

The clubs quilt, made each year for the Rehab auction, will be put into the frames at the Weinert Day Care Center on October 19. You do not have to be a club member to help with the quilt, and your help will be appreciated.

Debbie Crump read Ecclesiastes 12:9-11 for a devotional, and the TEHA prayer was said. A delicious snack was served to Cordie Cunningham, Henrietta Rueffer, Anna Mae Roberts, Myrtle Plemister, Betty Sanders, Faye Jetton and Alice Yates by the hostess, Debbie Crump.

average bid price of \$47.90 per acre. Texas farmers had 529,760 acres accepted at an average bid price of \$39.97 per acre.

CRP was part of the 1985 farm bill and went into effect in early 1986 as a five-year effort to reduce crop production on highly erodible land, explains Dr. Bill Harris, soils specialist with the Texas Agricultural Extension Service. Land accepted into CRP must be kept out of production for at least 10 years and must be planted to grass or trees according to an approved soil conservation plan. The government shares in the cost of establishing the permanent cover.

A total of 11,803 Texas farmers now have 2,782,531 acres of cropland enrolled in CRP, notes Harris. These contracts amount to more than \$109,500,000 per year in rental payments.

The next CRP signup period will be February 1-19, when farmers and landowners will once again have an opportunity to submit bids for land declared eligible by the Soil Conservation Service and the Agricultural Stabilization and Conservation Service.

CRP regulations restrict the amount of cropland in an individual county that may be bid into the program.

Enjoys German Vacation

Tommie Crawford of Munday is just about bursting to tell everyone about her vacation, and no wonder—she just returned from a tour of Germany and a visit with relatives stationed there.

High points of her stay included visits at Tirmasens and Baden-Baden on the French border to see casinos fashioned after French salons and the famous mineral baths. She toured numerous castles, including one built in 1152 where Richard the Lion-Hearted hid, saw the Rhine River, Black Forest and the Bavarian and Austrian Alps and spent some time in Munich during the Oktoberfest. The group also stopped at the Dachau death camp, which Mrs. Crawford termed "an experience."

Trips into military bases were crowded in with visits in small villages to mingle with the German people and get a taste of life there. On the trip home, Mrs. Crawford was able to see Iceland, Greenland and Canada from the air.

Arbor Foundation Makes Tree Offer

Ten flowering trees will be given to each person who joins the National Arbor Day Foundation during October, 1987.

To become a member of the foundation and to receive the free trees, a \$10 membership contribution should be sent to Flowering Trees, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by October 31, 1987.

gram to 25 percent of the total acreage, Harris points out. Currently, 13 counties have met or slightly surpassed that level and further bidding will not be allowed. Another dozen counties are approaching the 25 percent maximum acreage.

Information about CRP is available from local offices of the Agricultural Stabilization and Conservation Service, Soil Conservation Service and Texas Agricultural Extension Service.

Former Munday Pastor Observes 40 Years In Ministry

Dr. H.B. Graves, a former pastor of the Munday First Baptist Church, was honored recently for his 40 years of service in the gospel ministry. The celebration was held in the Trinity Baptist Church in Sweetwater with family, friends, past congregations and members of the church in attendance.

Mrs. Graves greeted guests at the door and Kent Wright and Joe Yost ushered the family to their reserved seats. The first section of the "This is Your Life" program was presented by Dr. Graves' son, Ben Graves, who told of his father's life from his birth until the completion of the eleven years he spent in Munday.

The honoree's brother, Joel Graves, minister of music at Calvary Baptist Church in McAllen, sang "He Touches Me," and Jerel Graves, a coach at Seminole, continued with the description of Graves' life. A daughter, Tori Wright, sang "The Corner Stone."

Mrs. Graves presented her husband with a two-volume scrapbook. A dinner was served at a Sweetwater restaurant to 47 family members and guests.

Graves has served in churches in Loop, Irving, Oklahoma, Coahoma, Munday, Graham, Palestine and Sweetwater. Members of each of these churches were present for the celebration. He has been involved in West Virginia missions, in the Rio Grande River ministry and crusades in California, Washington and Oregon.

Lions Club Nets \$2,400 On Sale

Members of the Munday Lions Club have announced the completion of another successful sale of articles made by the blind. Proceeds from this year's mop and broom sale totaled some \$2,400, according to chairman Philip Homer.

Local Lions express their thanks to citizens of Munday for their support of community projects such as the sale and other fund-raising efforts conducted to help their fellowman.

North America is 9,366,000 square miles in area.

FARM AND RANCH REPORT

David Tunmire, County Agent

RESULTS OF SORGHUM VARIETY DEMONSTRATIONS

Sorghum ranks third in total acreage of production for Knox County. Like other commodities, sorghum has fallen upon times of low prices but it remains an important crop in the county.

Each year local sorghum seed dealers are asked to select their best varieties to be used in variety demonstrations conducted by Knox County producers. This year Julius Pennartz of Rhineland conducted the dryland variety demonstration. Mike and Gaylon Hord of Goree conducted the irrigated variety demonstration.

Both demonstrations were planted May 6, 1987. Seeding rates of 2.5 pounds per acre and 7 pounds per acre were used in the dryland and irrigated demonstrations, respectively. Samples 1/1000 acre in size were hand harvested for yield determination.

The top sorghum variety in Pennartz's dryland demonstration was Warner 564-T with a yield of 3905.9 pounds per acre. Varieties rounding out the demonstration and their yields in pounds per acre were: Brownie Challenger XX, 3651.3; Golden Acres T-E 40, 3514.5; Golden Acres T-E-Y 45 G, 3435.1; ConLee Ranger, 2899.8; Golden Acres T-E-Y 75, 2760.7; Golden Acres T-E-Y 75, 2759.2; Funk G 1660, 2620.9; Warner 685 DR, 2521.4; and Terra HT 45G, 2063.2.

Warner 695 E was the top sorghum variety in Hord's irrigated

demonstration with a yield of 6616.3 pounds per acre. The remaining varieties and their yields in pounds per acre are: Golden Acres T-E-Y 45G, 6504.5; Golden Acres T-E 42, 6183.8; Warner 685 DR, 5970.6; Terra HT 45 G, 5905.2; Golden Acres T-E-Y 101 R, 5793.5; Warner 844 E, 5442.4; Brownie Challenger XX, 4810.7; ConLee Ranger, 4716.6; and Funk G 1660, 3707.4.

Producers should consider that these demonstrations represent just one year's information and that yields can be affected by a variety of factors such as weather and insects. More than one year's data is needed before a variety's performance reliability can be established.

The skin of an average adult covers an area of about 20 feet; that of an average woman about 17½ square feet. The skin is the largest organ of the body, accounting for about 16 percent of total weight.

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

THIS GERMAN-GROWN radish was brought back to Munday by Tommie Crawford, who recently vacationed in Germany. She said she saw radishes even larger than this one, and carrots just as large in grocery stores and markets. Mrs. Crawford said she had a wonderful time and would love to go back if she can take her whole family with her!

The Benjamin Mustangs enjoyed an open date Friday night and are looking forward to the game this week when they meet Trent at Trent for a non-conference tilt in preparation for what might be the toughest game of the season the next week, October 23, with Goree.

HERE AND THERE

Visiting Earlene Meinzer last week was Nila Beth Swanner of Tyler.

Craig Hertel of Vernon, Kent Hertel of Texas Tech, Lubbock, and Scott Hertel of Wichita Falls were weekend guests of their parents, Don and Louise Hertel.

Weekend guests of Dorothy and Randy Hibdon were his mother, Betty Hibdon, and his sister and her husband, Betty and Larry Beckner of Altus A.F.B., Okla.

Homer T. and Kathleen Melton were in Lubbock several days last week visiting and getting H.T. checked over by his doctors. He's doing fine, according to Kathleen. They and their daughter and son-in-law, Jack and Mary Young, came

through Benjamin Friday, stopped briefly to check things out and went on to Arlington to visit the Jack Young Jr. family.

Clodell Duke was in Haskell last Thursday to see grandson Mike Sawyers of Hamlin play ball. Mike's team won!

Becky Taylor of Munday spent the weekend with her grandmother, Gladene Green.

We've had several donations and memorials given to the Cemetery Association recently. This money has all been put in the maintenance fund. Most recent donors have been Elnora Duke, Mr. and Mrs. Dutch Young, Tommy Benson, Ozelle and Galen Kilgore, Don and Faye Railsback, Kenneth and Jessie Roberts, Mike and Brenda Driver, Clyde and Wilma Feemster, J.W. and Robbie Feemster, M.R. Skidmore, and Dub and Jo Cartwright.

Mr. and Mrs. Temple Driver of Wichita Falls visited Bertha Driver and friends in Benjamin on Saturday.

Barbara Cox left Saturday for her home in Anchorage, Alaska after a week's visit with her mother, Gertrude Brannan, and her brother, Bobby Brannan. Also visiting their family during Barbara's stay were Ann Roddy and family of Denton, Mary Whitsett and family of Carrollton and Johnny Brannan of Lubbock.

Gertrude said they all had a fine time.

Benjamin's junior high team plays Guthrie here Thursday evening. I think they play about 5:30 so if you have a chance, go up and see them. It should be a good game.

The adult heart beats about 40 million times a year.

NOTICE

In lieu of the County Convention, the Knox County Farm Bureau will have an annual business meeting on October 26, 1987 at 8:00 at the Knox County Farm Bureau office, 132 North Birch in Munday, Texas.

The purpose of this meeting is to approve resolutions, discuss increase of dues and election of directors.

WHAT A YAM! Lock Atkinson, a resident of the Munday Nursing Center, holds a sweet potato grown by Dawanna Roberts, right, and Margaret Atkinson, both of Goree. Mrs. Atkinson is Mr. Atkinson's daughter-in-law. The vegetable weighed 12½ pounds, and the senior citizens at the nursing home enjoyed seeing the whopper.

★ MUNDAY NURSING CENTER NEWS ★

By Nancy Cypert

We would like to take this opportunity to thank Janice Albus of Country Crafts for giving us such a good price on our craft supplies. We are anxious to start on our new painting project. Thanks again to Janice for helping in this way.

DeTroy and Margie Trammell of Tulsa, Oklahoma visited his mother, Susie Trammell.

Laura Moylette of Wichita Falls visited Mary Johnson.

Sam Stone came Wednesday morning and held devotional with the residents. Our thanks to Sam and all the other church members who visit us.

Visiting Lock Atkinson last week were Mr. and Mrs. Charles Atkinson of Goree and Jerry Atkinson of Haskell.

Ruby E. West spent a few days in her home in Red Springs last week. While at home she attended the revival at the First Baptist Church in Red Springs. Red West of Red Springs and Joyce King and Kathy of Houston brought her back to the nursing home.

Father Bob Strittmatter came Thursday morning and held Catholic services with the residents. Thanks to Father Bob for coming.

Dr. Fidelia Moylette and Alice Reneau came Thursday afternoon and called bingo for the residents. Each player received a prize of their choice. Thanks to these ladies for sharing with us.

Visiting Beulah Hosea during the week were Mr. and Mrs. Bobby Cypert of Odessa, Mrs. Nell Dearman of Ft. Worth, Mrs. Lewis Fincannon of Corsicana, Taylor Fincannon of Austin, Tony Fincannon of Arlington and Brenda Wilson of Houston.

Howard and Ruby Myers and Marie Burns came Friday afternoon for Bible study. Our residents enjoy this each week and want to thank them.

The Senior Citizens held sing-

along with the residents Saturday afternoon. Thanks to this group for coming each week.

Mr. and Mrs. B.W. Pavlicek of Colleyville and Bill and Carol Bellinghausen of Houston visited Hubert Bellinghausen over the weekend.

The Church of Christ in Munday hosted church services with the residents Sunday afternoon. Thanks to this group for sharing with us.

The family council is planning to obtain another Christmas tree for the home this year. Anyone who has a good used tree they would be willing to donate or sell to the nursing center should contact me at 422-4541.

We would like to remind our visitors that the sidewalks around the nursing center are needed for wheelchair access. Sometimes cars are parked a little too close to the building and they block the sidewalk, making it impossible for our wheelchair-bound residents to get around outside without help. We want our visitors to know how much we enjoy and appreciate them, but we do ask that they be careful not to park on the sidewalk.

We are glad you are reading the Munday Courier, and we hope you enjoy each issue.

Lifetime Truscott Resident Is County Homemaker Of Year

Knox County Extension Homemakers and their guests participated in the annual homemaker achievement day Saturday, October 3, at the Benjamin Memorial Building. The event is held each year to provide extension homemaking club members and county youths an opportunity to display the handwork, baking and canning they have done during the year.

The 1987 achievement day included a program on microwave candy presented by county Extension Agent Jane Rowan. After a covered dish luncheon was served at noon, awards were presented to winning participants.

One hundred forty six entries were recorded this year, and the Knox City Circle Club was recognized for contributing the most entries, 66. The Munday Club was second with 15 entries. Munday's club was also honored for having the highest attendance with 60 percent of its members present. Fifty percent of the Truscott and KC Circle clubs' members were on hand.

Overall sweepstakes winner was Mary Groves of the KC Circle Club with 26 points. Glenda Moore, also of Knox City, was second with 24 points, and Lula Baty of Gilliland won third with 24 points.

Clara Owens of Truscott, a member of Extension Homemakers since 1939, was honored as club woman of the year. Mrs. Owens has served as a council delegate and secretary of the Truscott club and has held the job of treasurer for the past ten years.

In addition, she is secretary of the Truscott Cemetery Association and a member of the Truscott Historical Preservation Association. An election judge who is in charge of the Truscott box for the Knox County hospital board elections, she is also site manager for the Truscott senior citizens meal project and helps plan and serve meals for the monthly Grandma's Sunday Dinner at the Truscott Community Center.

The daughter of Knox County pioneers Torval and Agnes Ilseng Berg, Mrs. Owens is one of a group of Truscott and Gilliland women who have made 100 quilts which have been donated to raise money

for various projects. She is a member of the Truscott Church of Christ, shares produce from her garden with friends and neighbors and keeps a large yard.

★ TRUSCOTT-GILLILAND NEWS ★

By Mrs. Clara Brown

The weather has been typical October weather in the Rolling Plains during the last week, mostly clear skies, some indications of moisture, and cooling northers turning from time to time. The leaves are turning gold on China Creek and fall wildflowers are still showing their colors. The purple gayfeathers can be seen along the roadside and through the pastures and yellow broomweed is everywhere. The multi-blossomed sunflowers which are so thick this year seem to be the Maximilian sunflowers pictured in Geyata Ajilvsgfi's "Wildflowers of Texas".

The Maximilian sunflower, according to this book, has been eliminated from much of its natural range because livestock like it so much. Indian tribes once ate the tubers. It was named for Prince Maximilian of Wied Newweid, a naturalist who traveled in the American West during the 1830s.

Grandma's Dinner was enjoyed by about fifty from Knox and Foard counties, with a few guests from other places. Jimmy and Jeannie Jones were over from Seymour, and carried off the beautiful gold and brown quilt that the History Committee gave away Sunday.

Debbie and Paul Summerfield dropped in on the Jack Browns Friday afternoon. They were flying home to Georgetown from a vacation in Colorado when they developed engine trouble west of Truscott. Fortunately they were at about 2,000 feet so they had enough gliding time after the engine quit to locate the Brown Ranch air strip and land. They were very glad to be

safely on the ground and to find someone at home. A call to Austin reached Debbie's father and mother. They arrived in their 4 passenger Bonanza about sundown to take the couple home. They will be back later for the plane. Debbie said the windmill at the Brown Ranch was the first she had ever seen that actually pumped water.

Mr. and Mrs. Lawrence Truscott visited the Jack Brown and Eddie Lowrance families Saturday afternoon. He was a cattle buyer until 1972, getting out before the "wreck of '74", and has been in real estate until recently when he retired. He managed Bob Masterson West Camp for about a year in the 50s when Bob was in Australia and bought calves from Ed Lowrance for many years. He is working on the Truscott family tree, but to this point has not established connections with the J.J. Truscott line for which our town is named.

The gymnastics quilt was on display Sunday. Donations will be used for gymnastics club activities and can be made in Truscott through Kathy Lowrance or Gail Whitley.

Jacquelyn Brown of Houston was here Friday through Monday visiting her parents, Jack and Clara Brown, and grandparents, Vivian Brown and Edgar Jones. Saturday she met Bill Brown in Lubbock and they attended the Texas Tech homecoming game.

Kay Gray and children of Vernon visited her parents, the Newell Looneys, Sunday and enjoyed the Grandma's dinner also.

Never cut your flowers in the morning. Since all day the leaves manufacture food which is transported around in the form of sugars to feed the plant, cut your flowers in the late afternoon when they are the fullest of sugar if you want the flowers to last.

THE GOREE DRILL TEAM will perform at a bonfire Thursday night and halftime of the homecoming game Friday. Organized this year, the drill team features GHS students Sherry Hutchens, Cathy Reagins, Clara Allen, Cynthia Lambeth, Marcie Hale and Dolores Castorena. Homecoming activities continue with registration, dinner, general assembly and a dance on Saturday.

The Lord's Corner

by Dr. Pete Bradfield
Pastor, First Baptist Church

The pastor of a large rural church was showing a visitor through the church building. Although the church had recently completed a building program, additional space was still needed. On the second floor, the pastor asked his visitor to look out the windows on all sides. A large cemetery surrounded the church on three sides and in front was the highway. Half joking, half serious, the pastor said, "We can't expand anymore, for we are surrounded by the dead."

Sobering to think that many churches find themselves in the same situation. They are not surrounded by cemeteries but hemmed in by members who are dead in vision, dead in progress, dead in concern, dead in involvement and dead in stewardship.

Every Christian must ask themselves the question, "What would my church be if every member were like me?"

See you next week, and remember: God is not the God of the dead, but of the living.

Surrounded by the dead! It's

Postal Service Schedules International Holiday Mail

For those with relatives in the armed services stationed overseas and those who wish to mail holiday greetings and packages to others living in foreign countries, now is the time to plan for holiday mailings, according to Munday Postmaster Dolores Lambeth.

"Parcels sent to military personnel in Far East, South, and East Asia have to be mailed by October 16 if shipped by surface mail, the least expensive form of shipment," said Mrs. Lambeth.

"November is the month when most parcels shipped via Parcel Airlift Mail (PAL) should be sent," she added. "PAL packages are airlifted domestically to a gateway facility, then airlifted on a space available basis from the gateway to the APO (Army or Air Force Post Office)."

Packages up to 30 pounds and 60 inches in combined length and girth may be sent by PAL. Mailers pay the regular Parcel Post rate to the U.S. exit port or from the port of entry, plus a fee for air service. The air service fee is 30 cents for parcels

weighing two pounds or less, 60 cents for two to three pounds, 90 cents for three to four pounds, and \$1.20 for four to 30 pounds.

November mailers can also ship military parcels by Space Available Mail (SAM). Items shipped by SAM are transported by surface means in the contiguous 48 states and flown on a space available basis from the U.S. to the overseas destination or from the overseas destination to the U.S. Packages up to 15 pounds and 60 inches in combined length and girth may be sent by SAM for regular Parcel Post rates to the U.S. exit port or from the U.S. port of entry.

When mailed from a military post office outside the 48 contiguous states, the weight of any piece cannot be more than 70 pounds and the size cannot exceed 100 inches in length and girth combined.

Here are three calendars of suggested mailing dates to assure parcels and greetings will arrive on time. More information on international mailings is available from the Postmaster's office or post office window clerks.

Senator Lloyd Bentsen

Watching Washington

In selecting someone to run the Federal Bureau of Investigation, the President couldn't have made a better choice than U.S. District Judge Bill Sessions of San Antonio.

The reasons, which are no surprise to Texans, became clear during his confirmation hearings.

During these hearings before the Senate Judiciary Committee, my colleagues as well as people around the country had an opportunity to observe Judge Sessions and hear his views on important issues that he is likely to face as chief of the FBI.

He demonstrated what Texans have known for some time: Judge Sessions is a man of character and a man with the experience necessary to perform this job. He is eminently qualified for this position—qualified by temperament, by his even-handed approach to issues, by his unquestioned integrity, by his legal training and by the ability he has shown during years of service to the cause of justice.

A look at his record underscores this.

He has earned a tough, law-and-order reputation, drawn from his strong stand against drug peddlers. He is just as well known for his fair and impartial administration of justice. This is exactly what this country needs as Director of the FBI—a tough but fair champion of law enforcement.

The Western District of Texas, where he has served for 12 years, is one of the largest districts geographically and has one of the fastest-growing populations in the nation. But despite these challenges, Judge Sessions' peers have consistently recognized him for making it one of the nation's most efficient districts.

All of this became clear to the Judiciary Committee and the full Senate, as each voted unanimously to confirm this West Texas judge as FBI director last month.

Judge Sessions has some big shoes to fill. His predecessor, William Webster, who also was a federal judge before taking the post, worked hard to restore leadership at the FBI prior to becoming Director of the Central Intelligence Agency.

One cannot overemphasize the importance of the FBI, which is the nation's top law enforcement agency. One of its most important roles is as our first line of defense against domestic terrorism, and it does a fine job under difficult conditions.

As a member of the Senate Intelligence Committee, I worked closely with Director Webster in this regard. For instance, the Administration froze the FBI's anti-terrorism budget from 1985 to 1986, then rejected its request for additional funds to hire more agents and expand anti-terrorism efforts. However, I was able to secure Senate approval for an additional \$20 million to help the FBI fight terrorism within our borders.

That kind of support in Congress for the FBI is essential for our nation's security. Bill Sessions can count on me to do my part, and I'm confident he will do his.

★ Weinert News ★

By Mrs. Myrtle Phemister

We welcome our very newest resident, Caleb James Hudgens, infant son of Don and Doneta Hudgens, who was born at the Stamford Hospital on September 30, and weighed in at 8 lbs.

The Hudgens have another son, Bryce. Grandparents are James and Shirley Hudgens of Rochester and Mr. and Mrs. Lewis Dale of Muleshoe. Welcome, Caleb!

A letter from Ila Moody says, "Please convey my love and appreciation to all the Weinert people who did so much for me while I was in the hospital. The flowers, gifts, cards and letters meant so much to me. The name cards were misplaced when I moved, so I cannot thank each one personally.

I am improving, I walk with my walker, and mail call is a favorite time of day for me. Scotty, Linda and the boys are so nice to me. I love you all. May God bless each of you."

Ila Moody, 613 S. 19th, Kingsville, Texas 78363.

J.D. Davis was taken to Humana Hospital in Abilene on Wednesday, suffering from stroke symptoms and lung problems.

R.S. and Betty Sanders are in Houston for a routine checkup for R.S. We pray for a good report.

Susie Brockett reports that her daughter, Caleen Nance is home in Houston following surgery, and the suspicious tumor was benign, for which they are grateful. She is recovering slowly.

Darla Coffman, Drew and Jordan, of Bridgeport were in town to see the Brocketts and other relatives and friends. Mark was too busy with coaching duties to accompany his family, but sent loving regards to all, especially those students he coached here last year.

Darla is enrolled in North Texas State and commutes to Denton for classes.

Frank and Fauna Garrett, long-time residents here, were in Weinert for a few days' visit with family and friends. They attended the funeral for a cousin, Mildred Baggett of Cisco, while here before returning to their home in Las Vegas, Nevada.

Mr. and Mrs. Al Hudson of Edinburg were in town and spent some time in the home of good friends, Roy and Leta Phemister. They were admiring the beautiful crops in our area, this being their first time to visit the "Big Country". They are farmers, also, but this is vacation time for them and they were on their way to Colorado to do some elk hunting.

Mary and Ed Murphy, Shanna and Lane, were in Garland the past weekend to visit with Ed's mother there.

Helen Boykin was honored with a party for her birthday on Sunday hosted in the home of her son, Raymon, and family in Vernon.

Ted and Faye Jetton spent the week in Denton and Dallas in the homes of their daughters and families, Sandra and Don Stafford and Jackie and Earnie Frantz.

Recent guests in the home of Jerry Don and Doneta Hudgens were Doneta's parents, Mr. and Mrs. Lewis Dale, and her sister, Jeff and Diane Skipworth and Jeffery, all of Muleshoe.

Roy and Bunt Herricks were delighted to have Roy's sister, Pearl Covington of Lovington, N.M., and his brother, Mr. and Mrs. Noble Herricks of San Diego, as house guests last week.

Donnie Crump, pastor of First Baptist Church, was in Arlington on Friday to attend a counseling seminar, called the Taylor Johnson Temperament test.

Weinert school is counting daily attendance, as is every school in Texas. They are making plans for a Halloween Carnival to be held at the school gym on October 31.

Weinert Foursquare Church enjoyed good attendance and inspirational sermons each night during their revival, which will close Wednesday night. Phil Hyde of Albuquerque, N.M. is the visiting evangelist. Paul Chambers is the local pastor.

Sallie Sanders was honored on her 83rd birthday with a party hosted by her children in the community room of the Haskell National Bank on Saturday, October 10.

Out-of-town guests included her children and grandchildren as follows: Ethelyne Slade of Springerville, Arizona and her son, Steve Slade of Phoenix; Sue Cox and family of Daingerfield; Marie Kirkland and family of Ft. Worth; Eva Hardeman and family of Irving; Oman Sanders and family of Coleman; Andy Sanders, Jackie Sanders and Charlotte Brazzel and their families all of Cross Plains. Martha Manpin and family of

Odesa were unable to attend the festivities.

Happy Birthday, Sallie, and many more!

We send birthday greetings to Cynthia Castillo, Pedro Perez Jr., Floyd Stout, Veta Alexander, Otie Bell Mayfield, Kevin White, Christy Horan, Lynzie Harlan, LaRue Patton and Hal Guess.

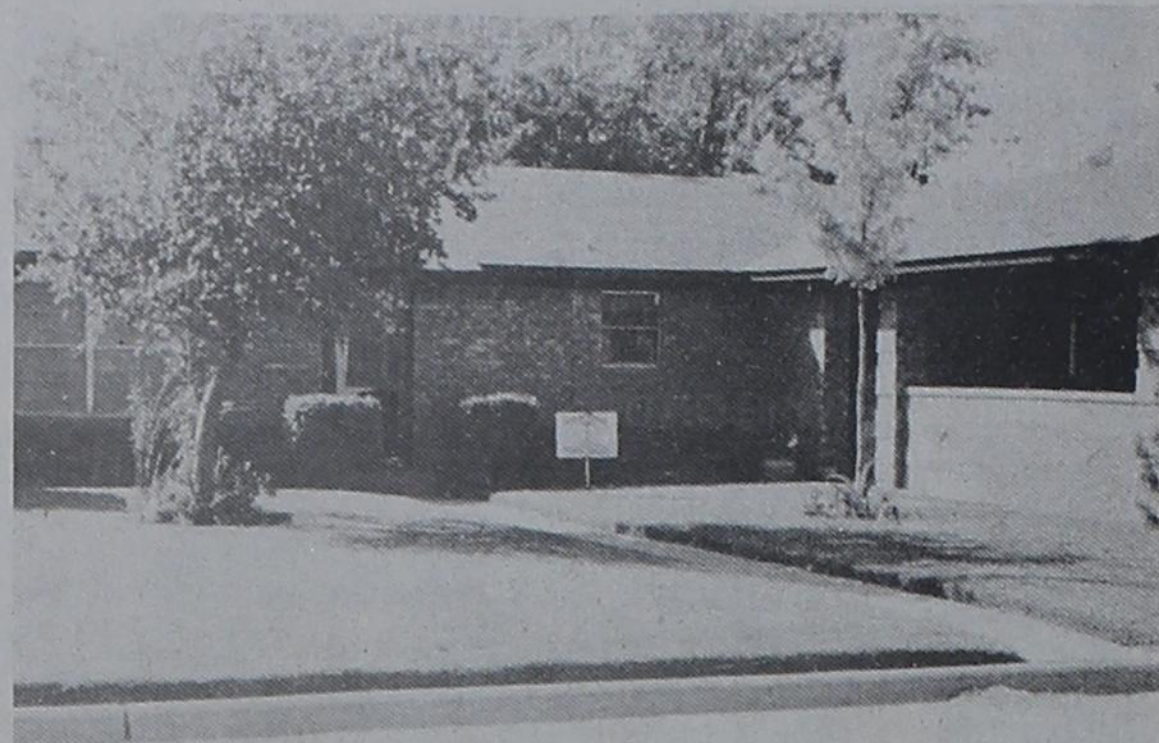

And congratulations to Jerry Don and Doneta Hudgens, who will be celebrating a wedding anniversary.

Marvin and Myrtle Phemister are in Galveston to attend the annual convention of the Soil and Water Conservation Districts to be held there October 12-14. Marvin will be a voting delegate, representing the Haskell SWCD.

The ladies auxiliary will have its meeting at the same time, with Patricia Niblett of Andrews, president, in charge of the program.

Thought for the day - Happiness is not found at the end of a road, but along the way.

Have a happy day!

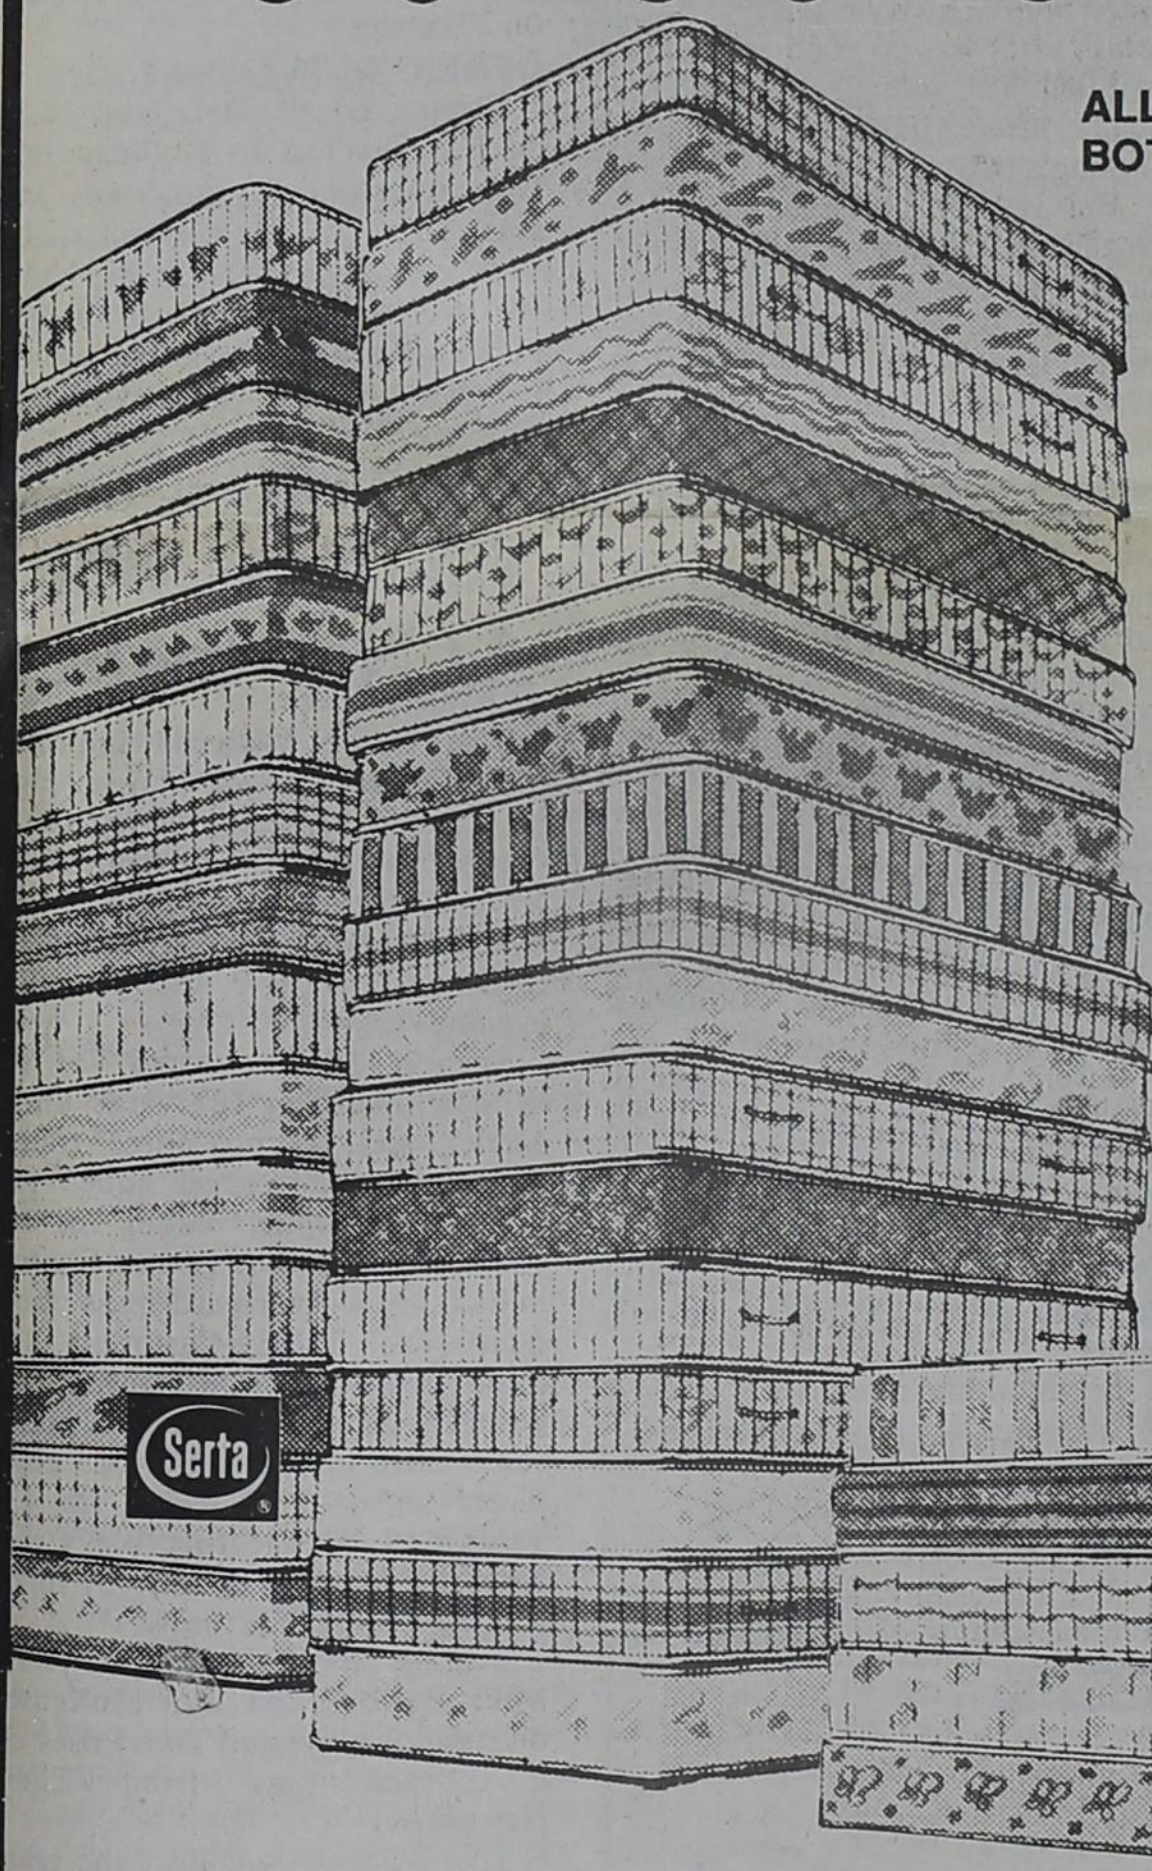

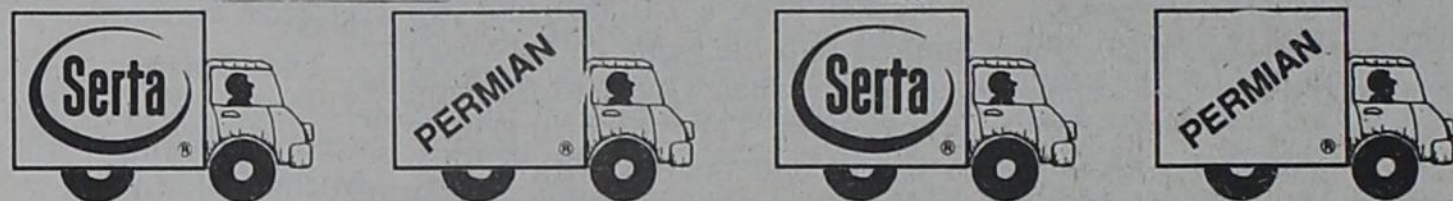

THE YARD of Bobby and Ida Jo Owens on South Ninth is always one of the prettiest in town. Right now, it boasts bright red geraniums, dahlias and thriving copper plants to herald the arrival of fall. Munday Garden Club judges chose this as their Yard of the Week.

Family Night Set At Nursing Center

Friends and families of Munday Nursing Center residents are invited to family night activities on Tuesday, October 20. Those attending are asked to bring a salad to be shared at the 6 p.m. supper.

Entertainment will be provided by Stan Decker and Waymon and Cambie Alexander, and interested persons are urged to join the residents and their guests for this evening of music and fun.

MOGUL QUARTERBACK Marc Andrade, No. 23, rolls out to pass during Munday's 23-6 win over Rotan. Andrade threw for more than 100 yards in the game, setting up two touchdowns with long passes to Terry Collier. Andrade and the rest of the Moguls will be tested this week as they put their undefeated streak on the line against the Roscoe Plowboys in District 5-A south zone action. The Moguls are currently rated number one in Class A in Associated Press football rankings.

Area Grid Report

ROBY TROUNCED BY PLOWBOYS

Sammy Herrera ran for one touchdown and passed for two more to lead the Roscoe Plowboys to a 40-14 victory over Roby Friday night in the first district game for both teams. Roscoe will be in Munday Friday night to tangle with the Moguls.

The Plowboys racked up 356 yards total offense in capturing their third victory against two losses and a tie. Roby is now 1-5 for the year. Roscoe took a 13-0 lead in the first quarter on Herrera's 23-yard scoring pass to Todd Snyder and a one-yard quarterback keeper. Hilly Williams picked up the action in the second quarter with a 30-yard scoring run, then Herrera connected again with Snyder for another touchdown just before the half ended.

Roby's Reggy Spencer put the Lions on the scoreboard with a one-yard dive in the third quarter, and Spencer tallied again in the final period with a 3-yarder. Roscoe scored twice in the fourth quarter, once on Danny Herrera's 17-yard pass to Chas McGlothlin, then Bill Brown intercepted a Lion pass and ran it in 40 yards for the final points.

KNOX CITY TOPS MOTLEY COUNTY

The Knox City Greyhounds evened their season record at 3-3 with a 40-19 defeat of Motley County Friday night. Both teams lost three fumbles and were penalized several times, with the Hounds intercepting two Matador passes to the visitors' one interception.

Billy Large led Knox City with touchdown runs of 3, 34 and 40 yards. Anthony McCrary scored on an 83-yard kickoff return and also turned one of Motley County's fumbles into a touchdown. Greyhound defensive guard Ricky Garcia added more turnover points, nabbing a Brandon Eddleman pass for a 77-yard interception TD.

Brent Marshall scored for the visitors on a 5-yard run, and Tim

Kendall tallied twice on short distances.

HAMLIN RALLIES TO EDGE HASKELL

After trailing almost the entire game, Hamlin drove down the field and scored at 2:25 in the last quarter to take an exciting 20-13 win over the Haskell Indians. The Pied Pipers improved their record to 4-2, while Haskell drops to 3-3.

Haskell took a 7-0 lead just two minutes into the game on a 49-yard pass from Chan Guess to Stephon Brockington. The Pipers came back in the second quarter with a one-yard plunge by Kyle Jeffery, but the point after was no good and Haskell still led. The Indians increased their lead after halftime on Mark Young's two-yard run.

But Hamlin's offense geared up in the final quarter, kicking off the action with a score by Cruz Barrera. The two-point conversion attempt failed, leaving the Pipers trailing 13-12. Hamlin's defense held on the next series, and the Pipers got the ball back on their 14. Eleven plays and 86 yards later, Jeffery hit the end zone on a quarterback sneak, then passed to Leslie Douglas for the two extra points and put Hamlin on top for good.

OLNEY SHUTS OUT SEYMOUR PANTHERS

The District 9-2A opener in Olney found the Cubs handing Seymour a 27-0 defeat at the hands of quarterback Greg Holden. Holden rushed for 100 yards and scored three touchdowns to push his team to a 2-4 record. Seymour drops to 1-5.

After a scoreless first quarter, Holden put the Cubs on the board with runs of 25 and 27 yards. Mike Kimbro scored the Cubs' third tally, then Holden hit paydirt again on a 96-yard lateral interception, taking it a step farther by kicking the extra point.

Seymour had more than 250 yards offense but lost four fumbles and 95 yards in penalties.

PADUCAH POUNDS CHILICOTHE

The Paducah Dragons, state basketball champions last year and

ranked the state's number two Class A football team behind Munday, took a convincing 62-0 victory over Chillicothe Friday night. The Dragons are undefeated this season, and the Eagles own a 3-3 record.

Paducah was paced by the four-touchdown effort of Allen Hurd and the two-score performance by his brother, Chris, who ran for one touchdown, threw for another and kicked six extra points. Also scoring for the Dragons were Will Flemons on a pass from Hurd and James Gilbert and Scott Mints on running plays.

The Dragons, while racking up 539 yards offense, held Chillicothe's record-breaking running back, Michael McKnight, to only 79 yards on 20 carries.

OTHERS OF INTEREST...

Electra edged Henrietta 24-22; Archer City lost to Holliday 28-6; Throckmorton overpowered Masonic Home 52-14; Crowell rallied to defeat Valley 17-13; Rochester took it to Paint Creek by a 54-6 margin; Stamford and Albany knotted to a 14-14 tie; and Anson clawed Hawley 26-6 in the sixth week of Texas high school football.

Wildcats Win At Newcastle

The Goree Wildcats improved their 1987 record to 5-1 Friday night by traveling to Newcastle to trounce the Bobcats 54-24. The junior high Kittens also preserved their unbeaten string by clawing their Newcastle visitors 41-7 the preceding evening.

Spencer Dixon starred for the Wildcats, rushing 123 yards on 15 carries and scoring three touchdowns. Grady Weaver added two touchdowns while running for 103 yards on 18 carries. Lonnie Shahan tallied on a four-yard pass from quarterback Jimmy Castorena, and Paul Lucio caught a scoring pass good for 52 yards and kicked six of seven extra points. Castorena completed seven of 12 passes for 139 yards and two scoring plays and aided the team on defense by intercepting a Newcastle throw.

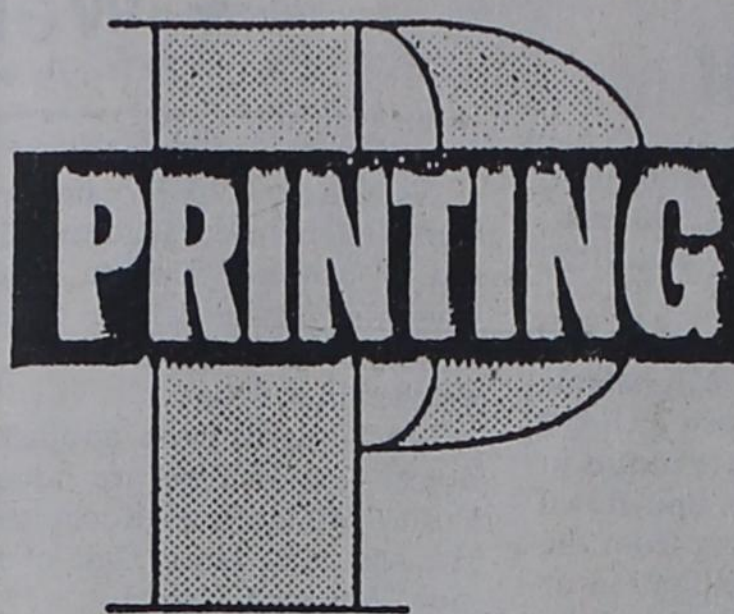

Scoring for the Bobcats were Mike Pafford and Wes McKensy on running plays and Tom Posey on a 32-yard pass from Eddie Newsome.

The Wildcats will host the team from the New Life Christian Academy in Lubbock for their homecoming game at 7:30 p.m. Friday. The Kittens will play at 6 p.m. Thursday at Paint Creek.

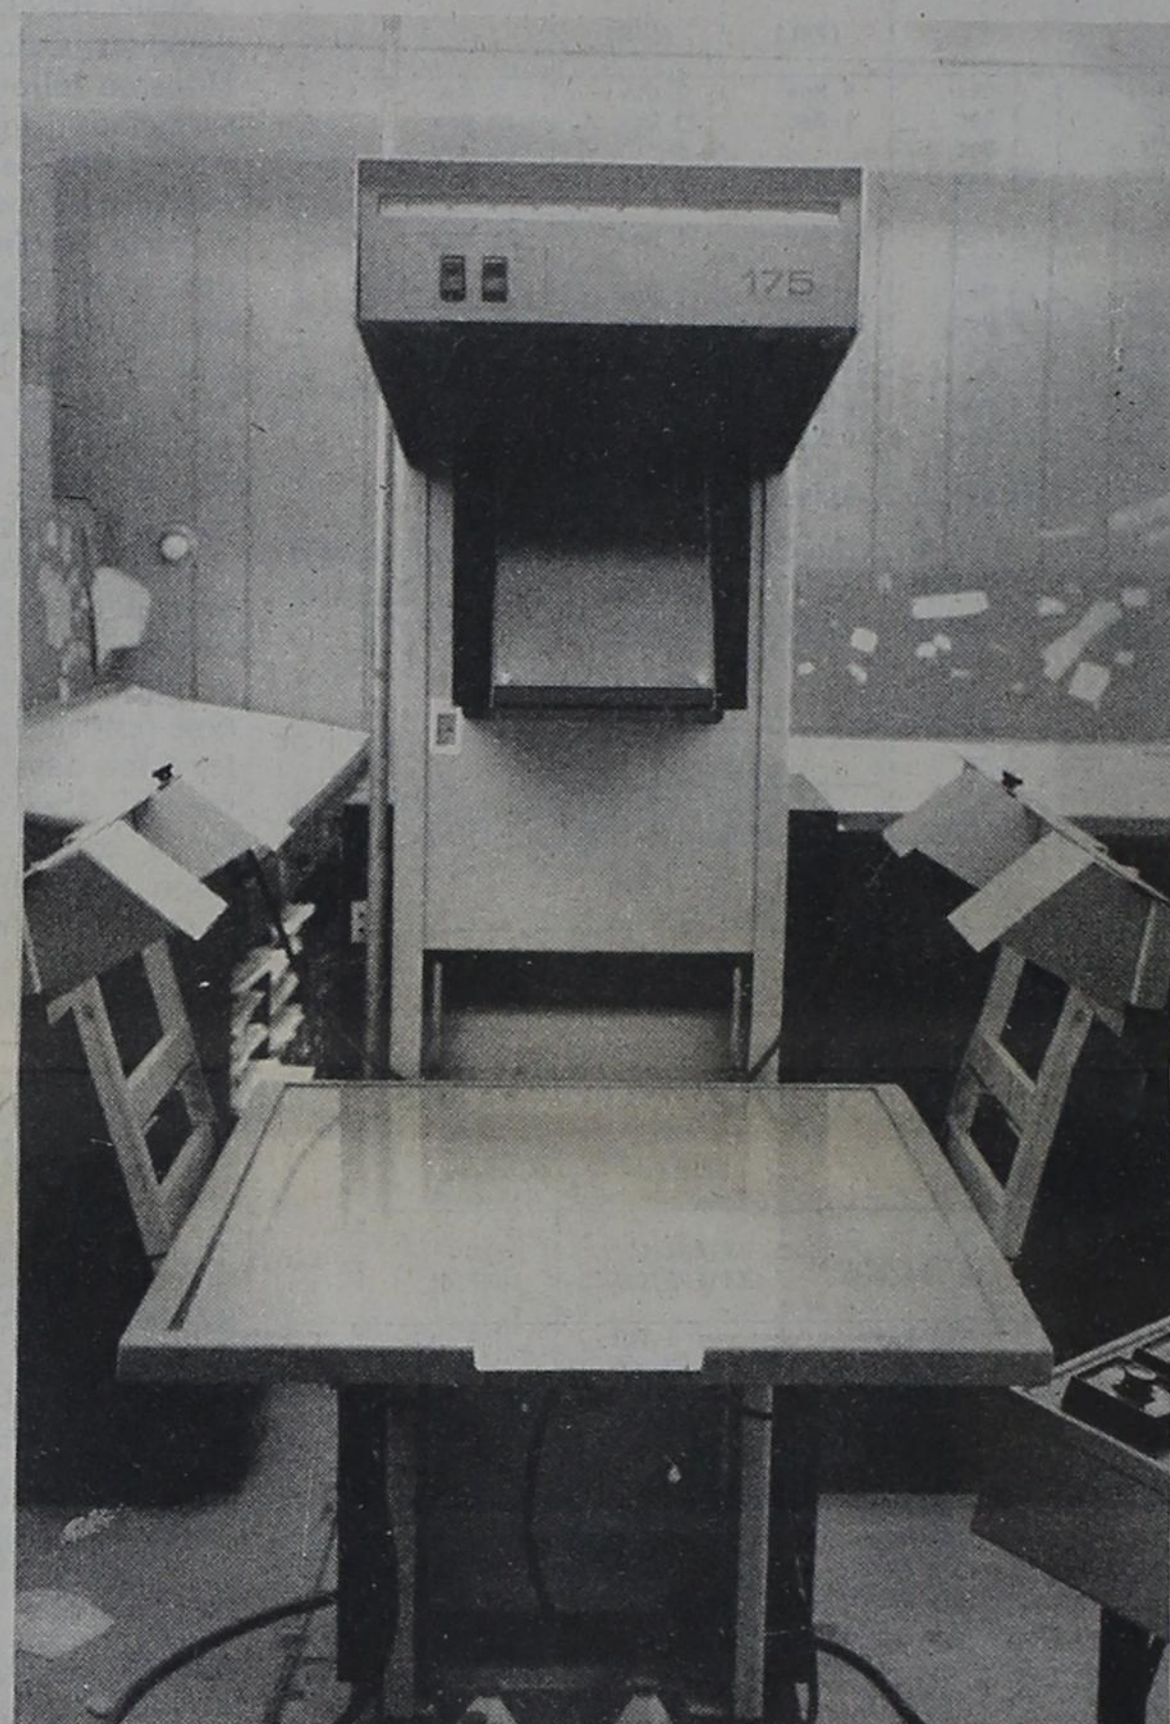

LOCALS

Mr. and Mrs. Roger Johnson of Alvarado spent part of their vacation last week visiting his parents, Mr. and Mrs. Vernon Johnson, in Abilene and her mother, Lala Morgan, and brothers, the Melton Morgan family and Gerald Morgan, in Munday. Mrs. Morgan returned home with them and visited her sister, Mr. and Mrs. Melvin Wainwright, in Dallas and her son, Mr. and Mrs. Norris Morgan and Kenneth in Fort Worth. Mrs. Morgan attended church services at the Midlothian Church of Christ Sunday and returned to Munday by bus the next day, saying she had a good time but was glad to be home, as there is no place like Munday.

Mr. and Mrs. Bonner Baker of Grand Junction, Colorado, visited his sister, Ruth Baker, and other relatives and friends here during the weekend. They attended the harvest festival at the First United Methodist Church.

CAPITOL JOURNAL

STEVEN A. CARRIKER
House of Representatives

This is the fourth in a series of informational columns on constitutional amendments and referendum proposals which Texas voters will consider on November 3. The amendments are presented in the order in which they will appear on the ballot.

Amendment No. 12: "The constitutional amendment permitting spouses to hold community property with right to survivorship."

This proposal would allow spouses to agree in writing that on their death, all or part of their community property becomes the property of the surviving spouse. This same result can now be achieved through mutual wills. Proponents of this amendment feel it would simplify and expedite the manner in which most married couples wish to dispose of their community property.

Amendment No. 13: "The constitutional amendment to allow for the creation and establishment, by law, of special districts to provide emergency services."

This proposal would allow voters to set up districts for ambulance and fire prevention services in rural areas not served by urban emergency medical and fire departments. These new districts could levy property taxes up to 10 cents per \$100 valuation; however, no district can be formed or levy taxes without local voter approval.

Amendment No. 14: "The constitutional amendment giving the state a limited right to appeal in criminal cases."

Defendants in criminal cases can appeal verdicts but the state does not have the same right. This proposal would allow the Legislature to establish limited conditions under which the state could appeal verdicts. The obvious and laudable goal of this proposal is to improve the state's conviction rate, but traditionalists point out that this amendment may violate the double jeopardy provisions of the U.S. Constitution.

Amendment No. 15: "The constitutional amendment to provide for the abolition of the office of county treasurer in Gregg, Fayette and Nueces counties."

This has a very localized impact, and the amendment was requested by residents of the named counties. The office of county treasurer is required by the Texas Constitution, and local counties cannot eliminate the position without statewide voter approval of a constitutional amendment.

Amendment No. 16: "The constitutional amendment providing that certain justice precincts may contain more than one justice of the peace court."

This amendment applies only to counties with population of 150,000 or more. No counties in the 78th District are affected, as Taylor County's population is about 120,000. Lubbock County, for example, is one of 15 counties that would be impacted by this amendment to allow counties the option of increasing the number of justices of the peace if the workload warrants more justices.

Amendment No. 17: "The constitutional amendment to define for

all purposes the governmental and proprietary functions of a municipality."

A city's liability is determined by whether its activities are "governmental" (such as police and fire) or "proprietary" (such as water service or public parks). This amendment could give cities protection from lawsuits similar to the protection state and county governments now enjoy. Proponents note that legislative clarification of city functions will lead to more uniformity in lawsuits against cities. Opponents say that the courts should continue to interpret the city's liability on a case-by-case basis. Opponents also say this amendments will not lower municipality costs for liability insurance.

Amendment No. 18: "The constitutional amendment relating to the creation, operation, and financing of jail districts."

This amendment would allow multiple counties and communities to work together to create regional jail facilities. Supporters say this could be a valuable cooperative tool for rural areas. Any taxes levied by the jail district and any bonds issued by the district would require the approval of local voters.

Amendment No. 19: "The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a Superconducting Super Collider research facility sponsored or authorized by the U.S. government."

This proposal would have Texas taxpayers make a one-half billion dollar gift to the federal government in exchange for locating a big atom-smasher (a nuclear research installation) near Dallas or Amarillo. Frankly, it is difficult to see the benefits of this amendment to the 78th District.

Amendment No. 20: "The constitutional amendment to authorize the Legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use."

This is a break from local property taxes for the owners of offshore drilling equipment not currently in use. Jefferson County (Beaumont) would lose about \$200,000 per year, and Nueces County (Corpus Christi) would lose about \$300,000 annually by exempting from taxation offshore drilling equipment that is in storage in their jurisdictions. *****
