Crops Threatened By Late Season Freeze

The unexpected hard freeze experienced here during the weekend and the early part of the week has left many farmers wondering what Mother Nature has left in her bag of tricks to prevent them from making a crop this year. After several warm, springlike days, the temperature dipped down into the low 20's Saturday and Sunday nights, and it is not known how much of an effect the freeze will have on many local crops.

Knox County Extension Agent David Tunmire spoke with Extension Service agronomist Al Alexander Monday morning, and Alexander said the wheat fields most susceptible to damage will be the early varieties and those not grazed heavily. Signs of damaged wheat will be white, blasted heads and beards not emerged from the boot. "But the real kicker to the problem," added Tunmire, "is that there is no way of looking at the fields and telling which ones are damaged. We just won't know until the wheat heads out."

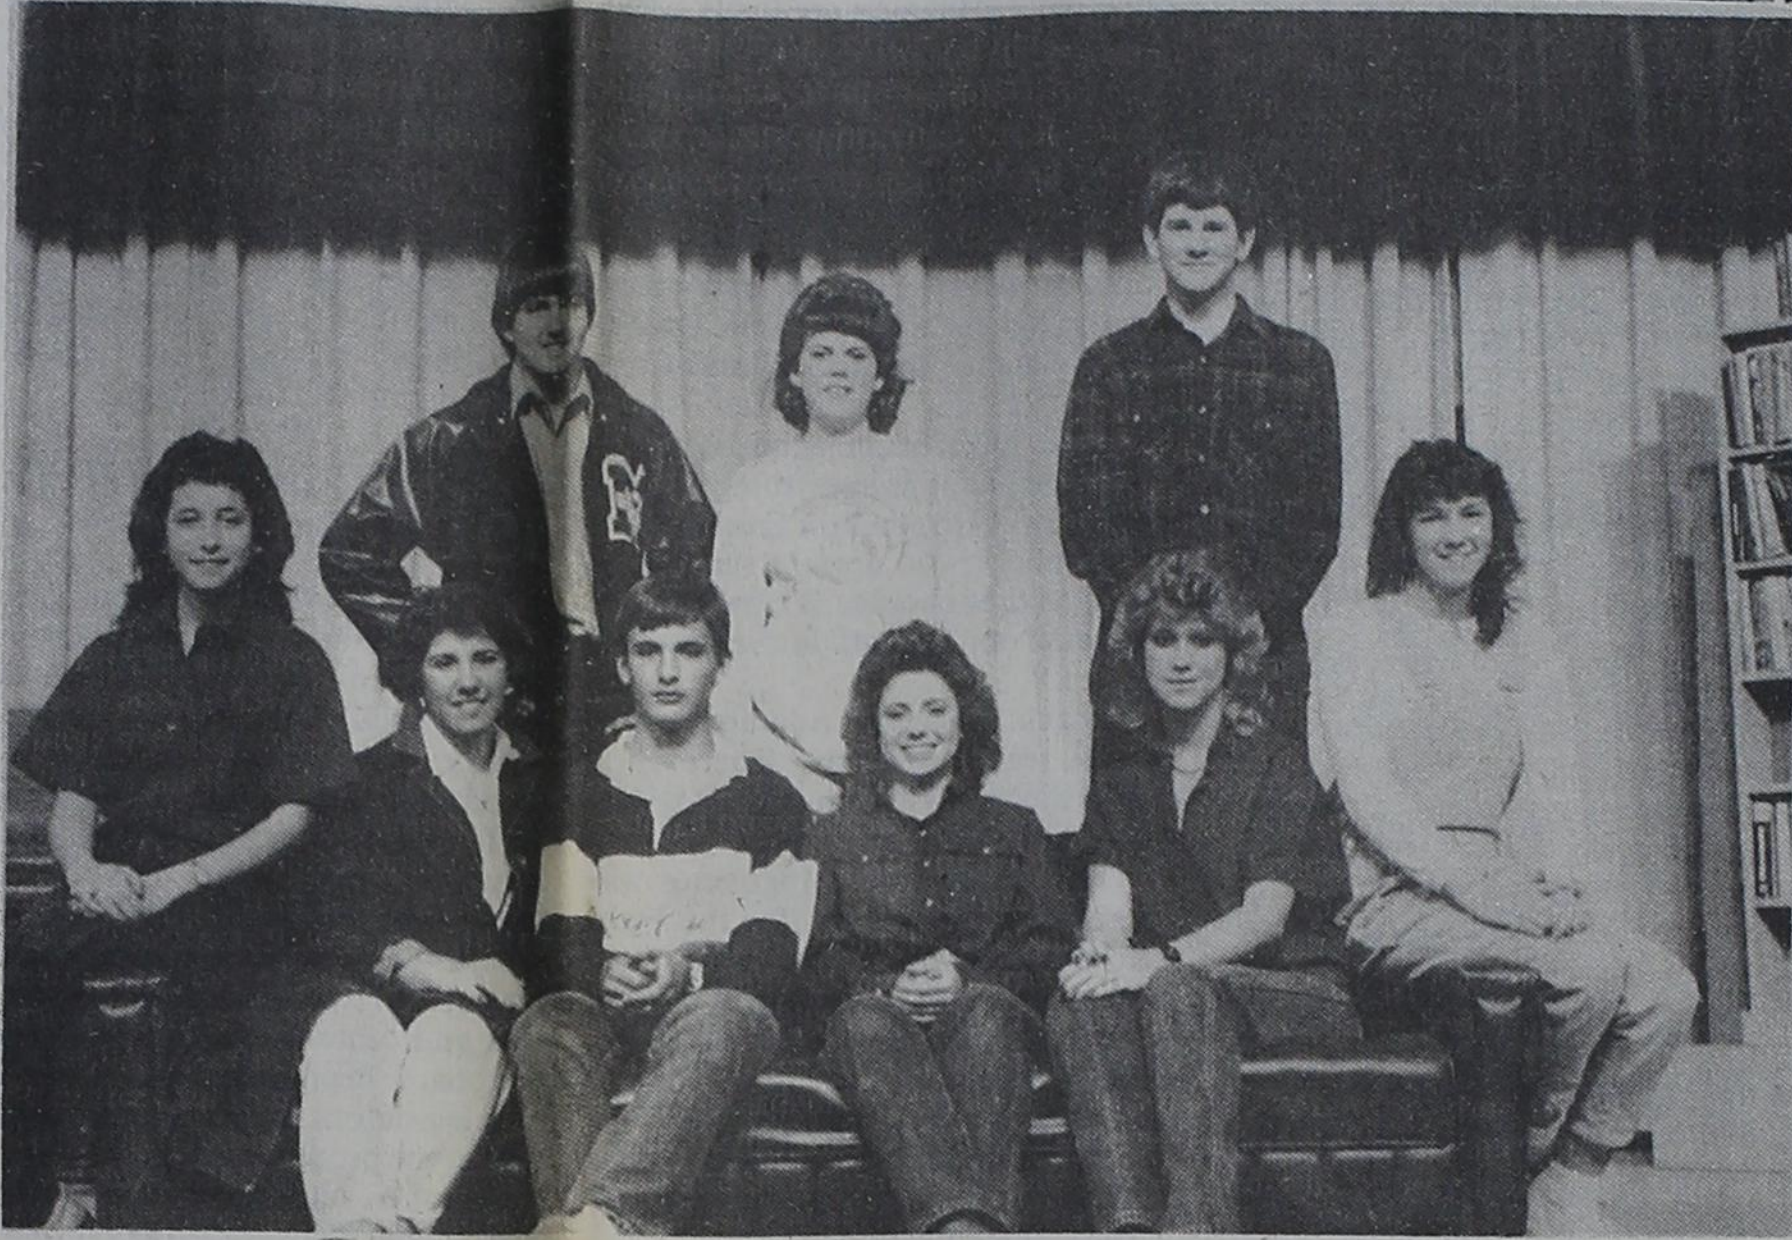

Potato producers are cautiously optimistic about the chances for

their crop's survival. Intermittent winter and spring rains had delayed planting so that not many of the plants had come up, and even those are not expected to be killed. Producers say the yield may be affected, but they, too, are playing the waiting game and hoping for the best until the crop is further along and signs of damage can be spotted.

"We can write off the fruit for this year," Tunmire said. Home gardens were also hurt by the freeze, with planters not giving the earlier crops much chance of producing. Cold weather crops, however, may be delayed but not totally damaged.

"The ground moisture will play a big part in the outcome," continued the county agent. "We are accustomed to seeing some freeze damage in wheat each year, but not enough to really worry about. April 3 is our average last freeze date, according to the Farmer's Almanac, but this is pretty late for such a hard freeze."

By Tuesday, clear skies and sunshine had warmed the air considerably, and weathermen were predicting nice weather through the end of the week.

THE CAST OF "The Curious Savage" will present a dress rehearsal of their one-act play at 7 p.m. Thursday at the auditorium. There is no admission and the public is invited. Cast members standing in back are Jeremy Hutchinson, Cheryl Bunton and Jay Donoho. Seated

are Karen Munoz, Alexis Bordovsky, Chad Bordovsky, Annette LeFevre, Kathy Byard and Holly Jackson. Not shown are actors Lowell Hutchens and Howard McPherson. The district champion play will compete at the area contest Saturday at VRJC.

Producers To Decide Cotton Planting Date

Local cotton producers are reminded of the meeting set for Monday, April 6, to set the uniform cotton planting date for Knox County. A fish fry catered by Stanley White of Stephenville is set for 7 p.m. at the Knights of Columbus Hall in Rhineland, with the business meeting to follow.

Producers planning to attend must pre-register no later than Thursday, April 2, by calling the Knox County Extension office at 454-2651, Zeissel Brothers Fertilizer and Seed at 422-4606, Farmers Grain Co-op at 422-4822 or the Knox County Soil Conservation Service at 658-3526.

Extension Service entomologist Emory Boring will discuss the boll weevil outlook for 1987 and explain how the uniform planting date can be an economically important management tool.

The program is sponsored by the Knox County Boll Weevil Association and the Knox County Extension Program Council Crops Committee.

AT HASKELL MEETING

Headstream Center Directors Voice Opposition To Bill

Knox and Stonewall county judges heard remarks by Haskell County judge B.O. Roberson at a meeting of the Headstream Memorial Outreach Service Center board in Haskell March 27. Roberson is chairman of the center's board of directors and spoke regarding House Bill 2324 recently introduced in the Texas Legislature.

The bill would change the north

One-Act Play To Be Performed Thursday

The cast of Munday High School's one-act play invites the community to a dress rehearsal of "The Curious Savage" at 7 p.m. Thursday, April 2, in the high school auditorium. The students and their director, Karen Longan, will travel to Vernon Regional Junior College Saturday, April 4, for the area competition.

The Vernon drama contest will begin at 1 p.m., and plays will be presented at hourly intervals. Perrin High School will enact the first entry, and other contestants are Rule, Harrold, Crowell, Fort Worth Masonic Home and Munday, which drew the final slot in the performance schedule.

Mrs. Longan said five of the six schools represented at the competition have taken plays to the state contest in recent years. Parents and other interested individuals who want to see Munday perform should be at the auditorium by 5 p.m., she said, although Munday is not scheduled to go on stage until 6.

There is no charge for the dress rehearsal Thursday, and all residents are urged to attend this special presentation.

Seymour Butane Has Big Grand Opening

Approximately 200 persons registered at the grand opening of Seymour Butane, formerly J.H. Kane Butane, held Saturday at the Munday office. Free hot dogs and drinks were served to a large crowd, according to owner Day Carlin of Seymour.

Winners of prizes donated by the business to celebrate their grand opening were Doris Dickerson, fish fryer; Freddie Caram, butane weed burner; Kent Trainham, 200 gallons of propane; Alvin Adams, 100 gallons of propane; and J.B. Booe and Kay Looney, cases of oil.

campus of the Vernon State Hospital into a unit of the Texas Department of Corrections for treatment of inmates suffering from mental retardation or drug abuse disorders. No provision is made in the bill for outreach services.

Sarah Meinzer, director of the Headstream Center, Vernon State Hospital chief of community programs Jeff Bearden and hospital information director Jerry McLain met with the board and discussed local services provided by the hospital and outreach center.

Bearden said Headstream Memorial Center served 202 patients in Haskell, Knox and Stonewall counties last year. A total of 2,422 patient visits were in areas related to outpatient individual and group counseling, medication services, family support groups, substances abuse counseling, day activity and skills training groups. The center employs two full time staff members and a community services case manager along with two physician consultants. They are assisted by some 12 volunteers including nine board members. Bearden said the center contributes over \$50,000 annually to the area economy.

Additional treatment services are provided by a Vernon State Hospital traveling treatment team consisting of a psychologist, psychological assistant and social worker.

Some 36 patients from the three counties were admitted to the Vernon State Hospital last year. Bearden said.

Band Looks For "I" At Spring Contests

The Purple Cloud band of Munday High School will journey to Vernon Thursday, April 9, for the annual University Interscholastic League spring concert and sight-reading competitions. First division ratings in the two sections of the contest would give the Munday band its second Sweepstakes recognition.

"We are anticipating being named a Sweepstakes band for the second consecutive year," said band director Rodney Bennett. "I think this is the best playing band I've directed since I've been in Munday."

Sweepstakes bands are those given first division or I ratings in the fall marching contest as well as in the spring competitions.

Continue or Cancel?

Due to apparent lack of interest, the organizational meeting of the Munday Little League has been rescheduled. It has been scheduled for April 7 at 7 p.m. at Munday Fire Hall. If, at this time, the interest and concern is not shown by your attendance, the following 1987 season possibly will be canceled.

Parents of eligible children should attend this meeting if they want to continue our program of the past. The league cannot be supervised and run by a few; it is the responsibility of all parents.

Practically speaking, Little League is an adult, volunteer work project constructed, supervised, and assisted by parents who desire to make its benefits extend to their children. Each parent should join in the total effort. There is a place and job to do for all. The burden of operating the league should not fall on a few. The parent who shirks this responsibility cannot, in turn, expect others to assume the burden.

PCA Announces Annual Stockholders Meetings

Rolling Plains Production Credit Association's 53rd annual stockholders meeting to be held April 3 in Childress and April 4 in Stamford will feature entertainment by "Faith", an inspirational vocal musical group from Rule. Registration will begin at 9:30 a.m. with the meeting to begin promptly at 10 a.m. for both sessions.

The City Auditorium will be the site of the Childress session, and the VIP Center located one block west of the high school auditorium will be the Stamford meeting location. A noon barbecue catered by Briarstone Manor of Abilene will be served immediately following each session.

In the business portion of the meeting, a director representing the Childress branch office area will be elected. Nominees for the position are W.J. Boykin of Northfield and Edwin Meyer of Estelline. A director will also be elected to represent the Stamford branch office area, with nominees for this position being Bill DeBusk of Anson and Darryl Schoonmaker of Avoca.

Holdover directors are Willard H. Williams, Don Henard Jr. and Garon B. Tidwell of Munday. Members of the nominating committee are Jack Felton of Childress, Johnny Scott of Matador, Walter Heller of Stamford, Kenneth Sanders of Weinert and Lance Morris of Spur.

Rolling Plains PCA is one of 28 member-owned Production Credit Associations in Texas. Collectively they serve approximately 12,000 of the state's agricultural producers. Last year almost \$1 billion was loaned through Texas PCAs. Roll-

ing Plains PCA is part of the nationwide Farm Credit System providing over \$54 billion in loans to America's farmers, ranchers and ag-related businesses.

During 1986, Rolling Plains Production Credit Association loaned more than \$90 million to approximately 800 member-borrowers in Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Motley, Shackelford and Stonewall counties.

FHA's Cited At Leadership Meeting

The Munday High School Future Homemakers of America chapter was recognized for outstanding participation in the Power of One program at the Region II FHA/HERO leadership meeting held March 20-21 in Arlington. Seven Munday FHA'ers attended the meeting, accompanied by their advisor, Mrs. Penny Winchester, and chapter mother, Mrs. Frances Parker.

Lynn Parker was a candidate for regional vice-president of recreation and was the second voter-getter among several candidates in the election. She was also recognized as being only one of 10 FHA members in the region who completed three of the five Power of One categories.

The categories include bettering one's self, improving family ties, working, leadership and speaking

Child Welfare Board Announces New Program

Members of the Knox County Child Welfare Board attended a special called meeting Tuesday, March 24, in the boardroom of the First National Bank of Munday. Meeting with the group were Greg and Polly Sallas of Abilene, who have been working with the board for several months to prepare an educational project.

The local Child Welfare Board strives to provide educational programs each year to help prevent child abuse and neglect. In 1985 a seminar on self-destructive behavior in teenagers was led by Ralph Kantor, an independent child care consultant in Abilene. This program was attended by clergy, educators and other professionals who work with children. A substantial amount of the discussion was devoted to the factors involved in raising children who are generally resilient and tend to survive calamities.

In 1986 the Child Welfare Board presented two seminars on child abuse sexual offenders led by Jean Lyons of Lyons and Mayben Counseling Services, Inc., of Abilene. Mrs. Lyons explained what the community can expect of rehabilitated and repeat offenders and how the penal code can be a help in some cases and a hindrance in others. The seminars were held in Munday and Knox City to provide locations and times convenient for all interested persons.

The new program for 1987 will be titled "Active Parenting Training" and will be targeted at a group of

parents who will be interested in developing and carrying it out throughout the year. The first APT meeting has been set for the afternoon of April 14 with the location to be announced later depending on response to the program and the need for babysitting services. More information will be released as soon as it is available.

Greg Sallas has agreed to help interested citizens in the county set guidelines for a program on awareness of the first signs of child abuse and neglect and on how to handle some of the problems in child rearing. Sallas is a contract therapist with the Department of Mental Health and Mental Retardation in Jones County and works out of Stamford. He also assists the Abilene YMCA in the juvenile justice program. His wife teaches in the Abilene school system and will help her husband prepare for these meetings.

The old saying, "An ounce of prevention is worth a pound of cure!" is one that the board feels can be applied to the APT program. By working with parents and providing a professional therapist with first-hand knowledge of how to make a safe and stress-free environment for children, the Knox County Child Welfare Board hopes they can create the basis for a long-going program.

Persons interested in the Active Parenting Training program can call Pat Gonzales at 658-3732 or any of the Child Welfare Board members and more information will be provided.

Bob Presnall of Goree is board chairman, with Terry Carter of Knox City as vice-chairman; Ray Hunter of Munday, secretary; Pat Gonzales of Knox City, reporter; and Bertha Driver of Benjamin and Paula Schur of Munday, co-treasurers. Other board members are Don Bunton of Munday, Sarah Meinzer of Benjamin and Ruth Brown of Rhineland.

HUD Designates April Special Month

Munday City Administrator Walter Hertel submitted the following proclamation to the *Courier* in recognition of "Fair Housing Month."

PROCLAMATION

Whereas, the Department of Housing and Urban Development has initiated the sponsorship of activities during the month of April, 1987 designed to reinforce the Department's commitment to the concept of Fair Housing and Equal Opportunity; and,

Whereas, the City of Munday affirmatively supports federal objectives related to Fair Housing and Equal Opportunity.

Whereas, therefore, I, Doris Dickerson, Mayor of the City of Munday, Texas, do hereby proclaim the month of April, 1987, as:

"FAIR HOUSING MONTH" and urge all local officials and public and private organizations to give full and requisite consideration to this timely and important policy component.

In Witness Whereof, I have hereunto set my hand and caused the Seal of the City of Munday to be affixed this the 30th day of March, 1987.

Approved:
Doris Dickerson, Mayor

Public Service Announcement

A representative of the Vernon Social Security office will be at the Munday City Hall from 9:30 to 11:30 a.m. Wednesday, April 8, to assist citizens in filing for Social Security retirement, disability, survivors, Supplemental Security Income or Medicare benefits.

DPS REPORT

Texas Department of Public Safety statistics from Region 5 show that two accidents involving personal injury and one involving property damage were investigated in Knox County during February by local DPS troopers.

Mogulettes Triumph Over Field At Olney

The Munday Mogulettes, after winning second and third place trophies in their first two meets this season, ran away with the team championship Saturday at Olney. The girls amassed 128 points to runner-up Knox City's 96 in what Coach Gina Farmer termed a very unorganized meet.

"Even so, we were really proud to win our first meet," the coach remarked. "The girls are justly proud of their accomplishments this year."

The Moguls ran against some stiff competition at the San Angelo Relays, finishing seventh overall with 34 points. Mason won the division with 73 points, and others in the top six were Haskell, Ozona, Irion County, New Deal and Coleman.

"We have some team members who are giving it everything they've got," said Coach Ron Steele, "and a few more who are not running as hard as they should. We have got to increase our strength in the next two meets."

Coach Steele sent a junior varsity track team to Olney, where Glen Reid placed first in the discus with a throw of 113'1".

The Moguls and Mogulettes will be in Electra Saturday for the Tiger Relays and will travel to Seymour April 11 before competing in the district meet on April 18. Results of the San Angelo and Olney meets follow.

High jump - Mindy Myers, second, 4'6".

Fire Auxiliary Meets Tonight

The Ladies Auxiliary of the Munday Volunteer Fire Department will meet Thursday (tonight), April 2, at the Dairy Queen. The meeting will begin at 7 p.m., but those who would like to enjoy a meal before the meeting will gather at 6:30.

All members, active, in-active, and associate, are urged to be a part of the group at this meeting.

Volleyball Tournament Planned At Gilliland

The Gilliland Extension Homemakers will sponsor a volleyball tournament on Friday and Saturday, April 10-11. Mixed teams made up of three men and three women are eligible to participate.

Entry deadline is April 8. For more information or to enter a team, interested persons should call Lula Baty at 474-3256.

A children's party may be easier and more fun for all if you serve each guest his own basket or box of food. Saves young squabbles.

MOGULS

400 meter relay - Curtis Taylor, Richard Toliver, Jeff Bruce and Anthony Stinnett, third, 45.1.

100 meter dash - Richard Toliver, third, 11.6.

400 meter run - Anthony Stinnett, third, 51.1.

1600 meter run - Ernest Escamilla, sixth, 5:01.07.

1600 meter relay - Trey Thompson, James Gass, Richard Toliver and Anthony Stinnett, fifth, 3:32.08.

Discus - Lowell Hutchens, fourth, 142'3".

Also running in the finals were Massey Campos in the 3200 run, Trey Thompson in the 800 meter run, J.B. Jones in the 300 meter intermediate hurdles and David Owens in the 1600 meter run.

HEADSTREAM CENTER

(Continued from Page 1)

den added that without the outreach center or state hospital, persons needing help would be forced to travel to state hospitals in Wichita Falls or Big Spring for services.

Judge Roberson said, "I am not in favor of creating a problem somewhere else. Our duty is to people with mental illness." Board member Lillian Hicks expressed concern for the future of the hospital and center and suggested that the board begin writing letters to state legislators urging them to vote against the proposed bill.

In other business action, the board made plans for observance of April as Mental Health and Chemical Abuse Awareness month. The outreach center is enlisting the help of area banks and other organizations in distribution of a brochure explaining services of the Headstream Center. Judges Roberson, David Perdue of Knox County and Ed Wolsch of Stonewall County will make joint proclamations regarding the month-long recognition.

Others attending the meeting were Don Nanny, Linda Haynes, Jo Ann Asher, Sandy Gilley, case manager Sharon Davis and center secretary Pam Aycock.

RUSSIAN WHEAT APHID

The Russian wheat aphid was found in Muleshoe in March, 1986. This was the first record of this aphid in the United States. During the spring of 1986 the aphid spread into a total of 61 Texas counties and throughout the year extended its range to include parts of seven states.

Last spring 150,000 wheat acres were treated in the Texas High Plains for control of the Russian wheat aphid. As the aphid feeds, it injects a toxin into plants that can cause significant yield losses. Yield losses of 30 to 50% have been reported.

In the Rolling Plains, Russian wheat aphid populations developed late in 1986 and infestations were limited to parts of fields, in most cases small spots. Russian wheat aphids were found in Hardeman, Foard, Baylor, Throckmorton and Jones counties in May 1986 and these counties are on the eastern boundary of the known distribution. Russian wheat aphids have not been found in Childress and King Counties but have been found in all other counties in the western part of Extension District 3.

The wet conditions of the 1986-87 wheat production season have not favored development of Russian wheat aphid populations. Infestations are now present in parts of the High Plains and Panhandle but have not been found in the Rolling Plains. In 1986 most of the Russian wheat aphid infestations in the Rolling Plains were found in April and May.

Russian wheat aphids prefer the uppermost leaf or leaves of small grain plants. The aphids will be on

the top side of the leaf and infested leaves will curl much like a straw around the aphids. Infested leaves will exhibit white, longitudinal streaks due to the toxin. The toxin disintegrates the chloroplast membrane. Heavily infested plants may appear flattened, with tillers lying almost parallel to the ground. Occasionally, infested plants will exhibit a purple appearance. When inspecting a field look for the flattened plants, rolled up leaves and white leaf streaking. The aphids will not be visible until the leaves are unrolled.

The Russian wheat aphid can be distinguished from other aphids in wheat by its double tailed appearance when viewed from the side and by the lack of prominent cornicles (dorsal tubes projecting from the rear of most aphids). Greenbugs and other aphids are usually found on the underside of leaves while the Russian wheat aphids are found on the top side of the rolled up leaves.

If aphids are found that appear to be Russian wheat aphids, please contact the County Extension office at 454-2651. Since this is a new pest the infestation pattern this year should be documented.

W.G.'s Party At Ponder Home

It was a cold Saturday night, but a warm welcome was extended to the W.G.'s as they arrived at Frankie Ponder's home to party!

A salad dinner was served, gifts exchanged and games played.

Those attending were Ruth Griffith, Alta Bowden, Viola Cude, Allene Beaty, Pauline Morrow, Dorothy Putnam and the hostess, Frankie Ponder.

Munday Eighth Graders Take Track Wins

Munday's eighth grade track teams were exceptionally successful in the Breckenridge Bronco Relays last Saturday. The junior high Mogulettes took first place in their division with 168 points, followed by Graham with 130. Munday was the only Class A team in the girls' division, with most of the teams representing 3-A and 4-A schools.

The Braves took a third place win with 64 points. Class 4-A teams Cleburne and Graham won first and second in the meet with 120 and 85 points, respectively. Other teams placing in the boys' division in-

cluded Mineral Wells, Haskell, Wylie, Archer City, Winters, Breckenridge and Albany.

Munday coaches were understandably pleased with the teams, especially girls' coach Gina Farmer, who noted that some of the junior high girls' times would have won or placed in the varsity meet. Neither seventh grade team made much of a showing in Breckenridge, but Coach Ron Steele pointed out that mixed teams of sixth and seventh graders couldn't be expected to compare with seventh grade teams from schools so much larger than Mun-

day. All the junior high runners will compete in Jayton on Friday, April 3, and the district meet for seventh and eighth graders will be in Munday on April 10. Following are the results from the Bronco Relays.

Area Oil Company Fined For Violation

The Railroad Commission levied a total of \$30,000 in administrative penalties last week to eight oil and gas operators for problems under the commission's pollution and well plugging rules.

Ridge Oil Co. of Breckenridge agreed to a \$2,000 penalty for pollution and other problems on its Higginbotham lease in Eastland County. The company did not admit any violation of commission rules. Commission inspectors found a well on the lease being used for saltwater disposal without a permit and documented saltwater leaks on the lease. Saltwater tests showed concentrations of 63,000 parts per million of chlorides.

The commission penalized several companies for well plugging violations after company representatives failed to appear at commission hearings. The companies and penalties received included Greenwood Industries, Inc. of Shreveport, La., \$3,000 for one well on the Loveless-Evans lease, Hardeman County; Howard Kenneth Sanders of Ocean-side, Calif., \$6,000 for three wells on the Glenn McWilliams lease, Medina County; Future Energy, Inc. of Irving, \$3,000 for a well on the Luker lease, Hood County; Petrowestern Corp. of Armonk, N.Y., \$4,000 for a well on the Fry lease, Caldwell County; and Knight

Petroleum Resources, Inc. of Wichita Falls, \$6,000 for three wells on the B. Coffman "B" lease, Knox County.

In other plugging cases, the Commission penalized Destiny Oil Company of Austin \$3,000 for an inactive and unplugged well on the company's Harold Lundgren lease in Travis County, and Cimmaron Oil Co., Inc. of Granbury, \$3,000 for a well on the Branson lease, Parker County.

To date in 1987, the commission has levied some \$226,000 in pollution and well plugging penalties. In 1986, the commission assessed some \$1.6 million in such penalties.

The Gilliland Jamboree will feature the Imitation Stats of Seymour at the Gilliland Community Center, Saturday night, April 4, at 7 p.m. The usual delicious pies and other good things will be available at the concession stand. It's time to make music again, go and enjoy.

The Truscott Community Association annual meeting will be held at the Truscott Community Center, Monday, April 6, at 7 p.m.

The temperature dropped to the 20's Saturday night, stayed there all Sunday and was in the teens early Monday morning. This finished off the fruit and even had some worried about their wheat, which is knee high in some places and forming a head.

Henry Black, who grew up on Antelope Flat, was buried at Crowell Saturday morning.

Gymnastics meet honors are still flowing in to the younger set here. At the Ft. Cobb, Okla. meet Saturday John Lowrance not only won a first and a gold medal, but he also brought home a trophy for being named overall winner in his age group. David Lowrance garnered a silver medal and second in his group and Crystal Dishman came home with a first and gold medal also. Others attending the meet were Kathy Lowrance, Gail Whitley, and Rose Ann Riggs.

James Gillespie, Truscott native, and son of J.H. and DeAlva Gillespie of Crowell, is featured on pages 24 and 25 of the February issue of the Texas Farmer - Stockman. James, who is district conservationist with the SCS at Matador, was cited for his work in designing and promoting the use of permanent grass windstrips atop terraces to cut wind erosion. The grass strips have been established on 12,000 acres by Motley County farmers who like the protection offered young cotton and sorghum crops and the low maintenance.

The Farmers Mutual Protective Association honored its customers with a barbecue at Benjamin Saturday night with 89 attending. Edmund Tomanek is the local agent. Those attending included Mr. and Mrs. Edmund Tomanek, Michael Tomanek, Mr. and Mrs. Joe Tomanek and Sara of Boyd, Mr. and Mrs. Newell Looney, Mr. and Mrs. Son Propps, Mr. and Mrs. Shirley Moore, Mr. and Mrs. John Campbell, Mr. and Mrs. Orville Burgess, Mrs. Derrell Hord, Mrs. Thelma Jamison, Mrs. Sybil Simmons and Mrs. Naomi Myers.

Julie and Adam Welch spent last week in Wichita Falls with their grandparents, Mr. and Mrs. Jack Horne. Thursday their parents, Charlotte and Dennis Welch, went down for the weekend.

Florence Miller went to Crowell Saturday to visit her sister, Grace Bayless.

Corinne New and Clara Brown attended an election school at Benjamin Tuesday.

Rev. K.E. Wooley of Benjamin preached at Gilliland Baptist Church Sunday in the absence of Bro. Barton Paris, who was absent due to a family funeral.

Mr. and Mrs. Raymond Baker and daughter Regina of Oklahoma City visited his sister, Bulah Burton, over the weekend.

Phillip Cook of Mesquite visited his parents, Mr. and Mrs. A.L. Cook, this past weekend.

Frances Cook spent Friday night in Merkel visiting her daughter, Sherry Miller, and her family.

Venta Cook, Aline Groves and Mildred Cook visited Loretta and Doyle Davis at Wichita Falls Sunday.

Buford and Faye Brown of Arlington visited Vivian Brown Thursday.

Glen and Valoise McGuire visited Otis Cook and Loretta Davis in Wichita Falls Saturday.

Visitors in the C.W. Miller home during spring break the past week were their daughters, Mary Nell Hinds of Dallas and Jo Kay Hayes of Abilene, and their children.

Mrs. C.W. Miller was in Vernon one day last week visiting her sister, Damie Groves.

The Knox County Historical Commission will meet April 8 at Benjamin to begin working toward a county museum. Corrine New, Kay Looney and Clara Brown are members of the commission.

Betty Adkins and Micah Beeman of Ft. Worth visited Betty's parents, Harold and Carrie Barry, over the weekend.

June and Newell Looney were in Austin recently for an insurance meeting. Newell enjoyed area fishing while June attended the meeting.

Gail and Lee Whitley visited in the home of Pam and Charley Key and Christopher at Shallowater on Sunday.

Jack and Clara Brown were in Bowie and Jacksboro Friday. Spring in Jack County is about two weeks ahead of this area.

Deck Bevers of Winthorst visited Vivian Brown and Jack and Clara Brown last week.

Paul and Ila Mae Bullion went to Arizona March 20 and returned Saturday, March 28. They woke up to snow in southern Arizona the Sunday after they left. Benson, Arizona was their base, about 45 miles east of Tucson. From there they made trips to Tombstone, Bisbee, Douglas, three ghost towns, Cochise's stronghold, the Sonoran desert museum, a 200 year old mission and the Safford-Globe area which produces almost 70% of the copper used in this country.

In Mesa, Arizona, they visited a World War II buddy of Paul's who lives six months in Arizona each year and six months in North Dakota.

Friday night, April 10, and Saturday, April 11, the annual Extension Homemakers volleyball tournament will be held at Gilliland. Some local teams have been practicing, and have the sore muscles to prove it.

The second weekend in April will be busy between the Wichitas, because Sunday, April 12, will be Grandma's Sunday Dinner at Truscott. Grandma will be serving Easter dinner before Easter, so that she will have time the next week to help the Easter bunny.

If you grandmas and grandmas in training don't know your food assignment then check it out, there have been some changes to make it easier on those who will be frying chicken.

Gardeners To Meet April 7

The April meeting of the Munday Garden Club has been set for 2 p.m. Tuesday, April 7, in the home of Cindy Thompson. All members are urged to be present for the meeting and program, which will be presented by H.H. Partridge on the culture of geraniums.

Knox County History Commission To Meet

The advisory board of the Knox County History Commission will meet at 2 p.m. Wednesday, April 8, in the Assembly Room of the Knox County Courthouse. All advisory board members are urged to attend.

 The Summer Sun with the
UV-A Tanning System

Come tan with Jae-Jae and Missy Reneau
Opening Price

I have never heard of a tanning machine before, is this something new?
 No. Light therapy has been used by dermatologists for many years, and tanning was an interesting side effect. In Europe where the UV-A tanning system is used extensively, it is common practice for people to tan at home or at tanning institutes.

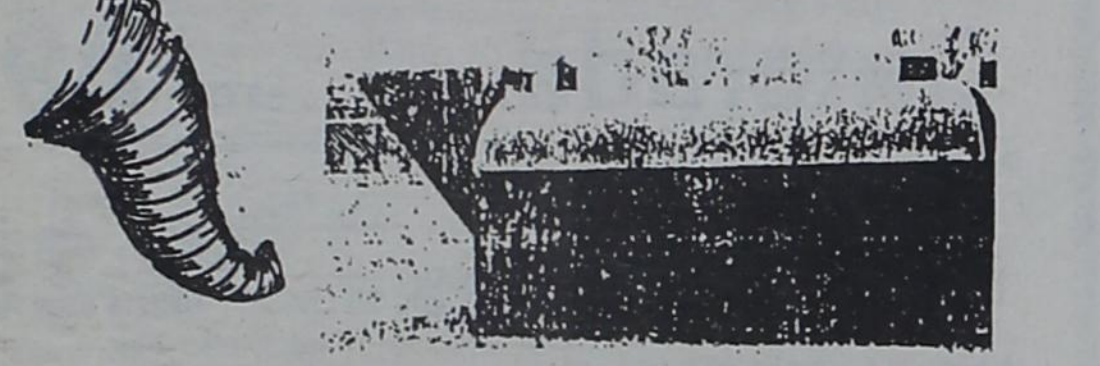

How does this system differ from the so-called tanning booths?
 There is considerable difference. The booths for the most part rely upon the type of lamp that emits a very large and strong dose of light in the UV-B range. Dosage is very short, just a few minutes only and for a good reason. UV-B which is necessary in a very limited quantity for the tanning process to begin, can if overused, be very dangerous. A severe burn, eye damage and other hazards could result. The UV-A tanning system drastically reduces these dangers.

How much time is required for a rich tan and how often must I use the machine to keep my tan once I have one?
 Tanning periods vary with the individual. After one or two sessions, you will begin to notice a tan. Generally 20/30 minutes a day or every other day for 4-8 sessions will produce your desired tan. Once you have reached your desired tan, one or two weekly sessions will maintain it. It is important to notice that most machines have combinations of upper and lower units which provide a complete coverage on both sides of the body simultaneously.

I have heard that tanning may cause skin aging.
 It is important to limit oneself to a maximum of one 30 minute session daily. Once desired pigmentation has been reached, you maintain it by one or two sessions per week. Dr. Stander (dermatologist) makes the following comparison: Two weeks on the beach in a southerly location is responsible for more premature skin aging than 9 consecutive weeks of suntanning (every day) with the UV-A system.

By Mrs. Thelma Coulston

Mr. and Mrs. Clifford Boone returned home Sunday after a few days visit with a daughter, Mr. and Mrs. Frank Henderson in Del Rio. They were accompanied home by a grandson, Phillip, who had spent his school spring break with his family. On their return trip home Sunday, they stopped to tour the caverns at Sonora.

Mrs. Barbara Coulston and daughters, Aimee and Mrs. Carla Crawford of Odessa were weekend visitors in the home of Mr. and Mrs. W.J. Townsend.

Weekend guests in the home of Mr. and Mrs. J.L. Trainham were their sons, Mr. and Mrs. Eric Trainham, Richard and Tom, of Texarkana and Mr. and Mrs. Murl Trainham and son of Azle.

Loran Patterson was admitted as a patient at Bethania Hospital in Wichita Falls Saturday afternoon. Loran was dismissed from Bethania early last week. Visiting the Pattersons since they returned home were Mrs. Dick Patterson and Ryan, PFC Richard Patterson and a friend, Cynthia Mansfield, of Plano, Rev. Douglas Crow, Mr. and Mrs. Garland King and Mr. and Mrs. Harley King of Seymour, Mr. and Mrs. Rex Patterson of Benjamin and Mr. and Mrs. Woody White of Glenwood, Ark.

Mr. and Mrs. Toby Crooks, Stephanie and Bret, of Seymour were visitors in the Jerrell Trainham home Saturday evening and helped celebrate June's birthday.

Celia and Sissy Hodges and a friend, Tina, of Hackett, Ark. are visitors with Mrs. Frances Kuchan. Sissy returned home Sunday while Celia and her friend remained for a week's visit.

Mr. and Mrs. Edward Marek and boys of Wichita Falls and Mr. and Mrs. Russell Beck, Charity and David, of Enid, Okla. spent the weekend with Mr. and Mrs. Clyde Beck. Also visiting in the Beck home Sunday were Mr. and Mrs. Rea Carter of Seymour.

Mr. and Mrs. K.B. Ritchie attended church services in Henrietta Saturday.

Earl and Douglas Evans of Leveland visited in the home of their friends, Mr. and Mrs. Duward Richard, Thursday. Saturday Duward and Wanda were in Wichita Falls where they visited her sister, Mr. and Mrs. Bert McClary, and their daughter, Terry, and little daughter, Kayle. They also visited Loran Patterson.

Band Boosters To Meet Tuesday

All members of the Munday Band Boosters are urged to attend the regular monthly meeting set for 7 p.m. Tuesday, April 7, at the band hall.

Items of business on the agenda include an update on the band calendar project and a report of the upcoming sightreading and concert competition.

CREW AND ALTERNATES for the Munday High School one-act play have been busy helping set up the stage for each rehearsal as well as learning lines in case one of the actors is unable to perform. Standing from left are Debbie Cypert, Marc Andrade, Ronald Edrington and Scott Hutchens, and seated are Leann Oustad, stage manager Rita Ramos and Angie Partridge.

Use Soil-Applied Herbicides For Control Of Brush Plants

Often individual brush plants must be treated to keep a thin stand in check and to prevent a brush reinvasion following a broadcast control method.

This type of maintenance brush control is less expensive than a broadcast method and prevents loss of forage production that results with increased brush density, says Dr. Tommy Welch.

This is where soil-applied herbicides come into the picture, points out the range weed and brush control specialist with the Texas Agricultural Extension Service.

Four soil-applied herbicides are registered for use on rangeland. Three of these are pelleted or granular: the picloram pellet (Grazon 10K or Tordon 10K), the tebuthiuron pellet and briquette (Spike 20P and Graslan Brush Bullets 250), and the dicamba granule (Banvel 10G). Hexazinone (Velpar RP) is a liquid herbicide that is applied to the soil surface.

Both the pellets and granules require rainfall to move the herbicide into the soil, explains Welch. Rainfall will move Velpar RP into the rooting zone.

Soil-applied herbicides work best in late winter and early spring when the probability of rainfall is highest over the state and most brush species are entering their primary growth period.

Grazon 10K and Tordon 10K will control pricklypear, huisache, whitebrush, redberry juniper, Macartney rose, hawthorne, sumac and honeylocust. For pricklypear and honeylocust, use 3/4-ounce of pellets per 100 square feet. Small undisturbed huisache plants, whitebrush and Macartney rose may be controlled with one ounce of Grazon 10K pellets per 100 square feet. Control of redberry juniper, hawthorne and sumac will require 1-1/2 ounces of pellets per 100 square feet.

Spike 20P and Graslan Brush Bullets 250 provide good control of post oak, blackjack oak, winged elm, whitebrush, running liveoak, blackbrush, creosotebush, tarbush, sand shinnery oak, lotebush and pricklyash, Welch points out. Apply 1/2 ounce of Spike 20P pellets per 45 square feet or per 2-4 inches of stem diameter. Use Graslan Brush Bullets 250 at a rate of four bullets per inch of stem diameter or two bullets per 3 feet of canopy diameter.

Banvel 10G can be used for con-

should not be used on marshy or poorly drained sites or on clay soils, cautions Welch. It is applied undiluted to the soil surface with an exact delivery spotgun.

These soil-applied herbicides may be used effectively in a maintenance control program as well as spot treatment to reduce brush in selected areas, notes Welch. They are ready to apply and require no mixing and are most effective when used in late winter and early spring.

PETTICOATS ARE BACK
This spring, the news from New York's Seventh Avenue is about pouffed-out hem lines. Ruffles and flounces are bringing a spirit reminiscent of the fifties to this year's fashions.

Petticoats, unlike conventional slips, are supposed to show. The best petticoats peek out several inches under skirts to reveal a row or two of contrasting ribbon or lace.

A NEW INNOVATION IN MEAT PACKING — VACUUM PACKAGING

Vacuum packaging can help consumers save money while they enjoy their favorite meat cuts.

Vacuum packaged beef is a boneless section of beef that is trimmed of excess fat. It is packaged in a plastic "shrink-wrap" bag at the processing plant under strict sanitation controls.

By buying bulk, vacuum-packaged beef consumers can save .20 to .50 cents/lb.

But in the package, the meat may appear old to consumers since it is slightly darker in color than traditional beef cuts. However, once the bag is open and the beef exposed to air, the meat will take on a bright red beef color. Meat that is vacuum-packaged can be stored two to three times as long as conventionally packaged cuts. But as with other meat, it should be kept refrigerated and used soon after the "sell-by" date on the label.

WMU SpringFest Is This Weekend

Mrs. Helen Fling and Miss Jackie Evans will be the featured speakers when SpringFest, an area leadership training event for members of Woman's Missionary Union, is held April 3-4 at Lueders Big Country Baptist Assembly.

Mrs. Fling is well known for her involvement in WMU, having served as president of Texas WMU, the national WMU and Southern Baptist Convention, as well as many other offices. Miss Evans is the Texas Girls in Action/Mission Friends consultant in the Texas WMU office in Dallas.

SpringFest, which will involve WMU members of six associations, will begin with registration at 2 p.m. on Friday and close with lunch on Saturday. Sessions will be held Friday afternoon, Friday night, and Saturday morning with methods conferences and special interest conferences scheduled so that participants can attend at least three different ones.

Cost of the event is \$20 for the two days or \$13 for one day.

Mrs. Eunice Chambless of Clyde is serving as general chairman, with WMU directors of the six participating associations working with her.

All area WMU members are urged to attend.

Olney Savings Announces New Tax-Savings Programs

Olney Savings has announced the introduction of the Taxavers Program, according to Alan D. Myers, Jr., chairman and chief executive officer.

The new program initially offers two plans: the Taxavers Growth Annuity, now paying 8% interest, provides tax-deferred accumulation of cash; and the Taxavers Classic Life Plan (now paying 7.5%) is a single-payment universal life insurance plan structured for tax deferral and estate benefits.

The Taxavers Program is offered through JMC Insurance Services Corp. of Texas and endorsed by Olney Savings. Although it is not FSLIC insured, the plans are guaranteed; the Annuity by Keystone Provident Life Insurance Company (a member of the Travelers Companies), and the Classic Life Plan by First Penn-Pacific Life Insurance Company.

Myers commented, "Olney Sav-

ings is committed to bring our customers the best services available. This new program is another step in serving you better."

He continued, "We invite you to drop by any of our offices and talk it over. We'll answer all your questions."

Olney Savings, with assets in excess of \$1 billion, has offices in Abilene, Albany, Anson, Arche City, Azle, Bowie, Boyd, Breckenridge, Bridgeport, Brownwood, Burkburnett, Cisco, Clyde, Coleman, Comanche, Cross Plains, Crowell, Decatur, DeLeon, Eastland, Electra, Gainesville, Graham, Haskell, Holliday, Jacksboro, Nocona, Olney, Ranger, Seymour, Snyder, Stephenville, Throckmorton, Vernon, Weatherford and Wichita Falls.

By offering me the opportunity to become your City Administrator, I have received the highest honor awarded in the community, "Citizen of the Year".

I accept this award with humility and appreciation to each citizen in the community.

Thank you Munday for the opportunity to serve the City in this capacity; also thanks to dedicated Mayors such as Jim Reeves, Clint Norman, Dale Selzer, Jim Reid and Doris Dickerson and to City Councilmen who so unselfishly have given of their time, knowledge and expertise to help make ours a better town. Thanks citizens, for electing mayors and councilmen such as these to work for and with. It makes the job easier.

Thanks, too, to our dedicated employees. With your help I feel that in addition to daily operating requirements, a lot of worthwhile projects have become a reality.

I am still overwhelmed by the high honor presented by your Chamber of Commerce. Each time it crosses my mind it causes an occasional tear even now.

*I love all of you,
Walter Hertel*

Abuse Of Over-The-Counter Drugs Causes Harmful Effects

Abuse of over-the-counter drugs can lead to vitamin deficiencies, psychological dependence and delay in treatment of serious physical illness, says a health education expert.

"Some people don't even think of the laxatives or cough syrups they buy at the store as drugs, when they are," remarks Dr. Mary Ann Heussner. "Others look to a pill or tonic as a magical cure-all, rather than placing their confidence in a physician."

"Self-diagnosis and self-medication with almost any type of over-the-counter drug can have possible side effects," cautions the Texas A&M University Agricultural Extension Service specialist.

Aspirin is the most widely used medicine in the world, she says. It's a pain reliever, but excessive use has been known to cause kidney damage, ulcers and anemia.

Laxatives used over a prolonged period may be habit forming. Stimulant laxatives shouldn't be used when abdominal pain, nausea or vomiting are present. Repeated use of mineral oil may affect the absorption of calcium, phosphates and

vitamins A and D, explains the specialist.

Diuretics are used to purge the body of excess water, Heussner notes, but they can produce a wide range of side effects, including rash, headaches, constipation, dizziness, sweating and a tingling feeling in the arms and legs. Also, diuretics can cause the user to lose too much natural salt from the body.

The specialist says diet pills used indiscriminately can lead to a psychological dependency for the drug.

Caffeine taken in pills to help you stay awake will temporarily increase alertness. Large doses can also cause rapid or irregular heart action, muscle twitching, agitation and possibly even convulsions, she explains.

Cough medicine typically contains a mixture of two to five drugs. A few mixtures contain as much as 50 percent ethyl alcohol, which is the equivalent of 100-proof whiskey.

Sleeping pills usually contain antihistamines to induce drowsiness and drugs with other sedative properties. After prolonged use, sleeping pills disrupt healthy, normal sleeping habits. Some of the possible side effects are blurred vision, rapid pulse, dizziness and dryness of the mouth.

"Over-the-counter drugs are useful for minor ailments that last a short time," Heussner says. "But taking them constantly may be postponing treatment for a serious illness."

"If symptoms persist, make an appointment with a doctor and find out for sure what is wrong. Then follow his or her advice for proper medication," advises the specialist.

★ Weinert News ★

By Mrs. Myrtle Phemister

The temperature dropped to 21° in Weinert on Sunday night, March 29. We grieve at the loss of all the delicious fruit we had anticipated.

Many of our residents took advantage of the spring break from school to get away for a few days of vacation.

Chet and Jeanie Forehand, with son Kenny, were in Lake of the Pines to visit Chet's brother, Grandon, and family. They took time from visitation to do some fishing and caught a nice string of crappie and bass.

Leonard and Linda Mahan, with Len and Donald, were in Novice to visit their daughter, Michele Saddler and family. Len stayed for a longer visit, and returned home on Saturday.

Mr. and Mrs. Rolla Eaton of Farmington, Mo. were guests in the home of Mrs. Erma Liles, Mrs. Eaton is the daughter of Mr. and Mrs. Paris Barton.

Pud and Susie Brockett entertained Jewel Moody of Arlington last week. She is Susie's niece, the former Jewel Imes, and an ex-student of Weinert school.

Kathi Hutchinson spent the week with her daughter, Debbie, in Junction, where Debbie is a teacher. Debbie brought her mother home and spent the weekend with relatives and friends in Weinert.

Mr. and Mrs. A.J. McClintock of Abilene were in Weinert this week and picked up a copy of the Sanders' book "Just Passing Through..." Mrs. McClintock is the former Hazel Fullerton, and resided here with her family while growing up.

Sallie Sanders is spending a few days with her daughter, Marie Kirkland and family, of Irving. While there she will see her eye doctor.

Dale, Doris, Dianne and Denise Carroll arrived home safely from a weekend trip to Nashville, Ark. to visit a brother, Bobby Carroll and family. They took a trailer load of household items for the Ted Boykins who are moving to Nashville. The Boykins' new address is Route 4, Box 73B, Nashville, Ark. 71852. They hope some from Weinert will stop by for a visit.

Jerry, Joyce, Amanda and Jeremy Sanders of Merkel were in town to visit Jerry's parents, Mr. and Mrs. Alton Sanders, and other relatives. They attended worship services at the First Baptist Church.

Mrs. John Mayfield has just finished her third term on the Haskell County Child Welfare Board. She has declined a fourth term. The month of April will be "Public Awareness of Child Abuse and Neglect" month, and many programs will be instituted to generate the public's awareness. We appreciate Laverne for her years of service.

Mrs. Erma Liles and Mrs. Marguerite King were in Snyder for the GFWC Mesquite District spring convention held there March 20 and 21. Erma is Weinert's only active member of Federated Clubs and we appreciate her.

Francis Mahan caught a plane for Mesa, Arizona on Saturday. She will spend some time with her sons, Bill and Jim Allen and their families and remain for her granddaughter's wedding. Dianne Allen, daughter of Mr. and Mrs. Jim Allen, will become the bride of Brian Ware of Phoenix, on April 5.

Karen Harlan and children were in Corpus Christi this past week to visit a sister-in-law, Mr. and Mrs. Rodney Gilroy, the former Cindy Harlan of Goree. Karen's mother-in-law, Doris Harlan, accompanied them on the trip.

Ted and Faye Jetton were in Lubbock this week to visit Faye's sister, Gladys Fraley, and other relatives there.

Dora Bruggeman, John and Larry, and other family members were happy about a visit from Dora's daughter, Johnny McCarty, with sons Joe, Josh, and 3-month-old Patrick, who came from Kilgore to visit friends and relatives in Weinert.

Other out-of-town relatives who attended the family get-together were Mr. and Mrs. Charles Carr, Ruby and Tammy, Mrs. Darlene Holcombe and Shanna and Mrs. Lillie Moeller, all of Paducah. These are cousins of the Moeller family.

Donna Griffis spent last weekend in Wichita Falls as a guest in the home of her sister, Derinda, and husband, Johnny Larned.

Donna, a student at Western Texas College in Snyder, was home for the weekend to visit her parents, Donald and Gracie Griffis.

Mr. and Mrs. Raymond Mathison were in Houston recently to attend a concert of country music singer Reba McEntire, and to visit their daughter, Sandra Nicholson and son.

Latest report from the M.D. Anderson hospital in Houston is that R.S. Sanders is recuperating from surgery, and the doctors are pleased with his progress. He is in room 631, and will possibly be there for two weeks.

The Weinert Community is looking forward with excitement to the 50th anniversary of the Four-square Gospel Church in Weinert. The event will take place April 4 and 5, and the first service will be at 2:30 p.m. April 4. A barbecue dinner will be hosted for everyone at 5:30 p.m. with night services later. Everyone is invited to attend and meet several former pastors and members of times past. Several pastors remember Weinert especially, as this was a first pastorate for them. A special spiritual treat awaits each one who attends.

We extend congratulations to many people this week. Birthday greetings go to Mrs. Lucinda Davis, Brenda Hager, Bobby Raynes, Donnie Crump, Wanda Vojkufka and Randy Alexander.

Special congratulations go to our young people who achieved outstanding recognition in events: to Mondy Mayfield and Stacia

Adams, who were second place winners in the UIL team debate competition held at Knox City last week, to Barry Walker, who was second place winner in the Lincoln-Douglas debate at the same meet; Tina Herricks, who placed fifth in poetry interpretation, Anthony Garza, who placed fifth in ready writing, Louis Perez, who was selected for the District basketball team on the first string, Barry Walker who was selected for the District basketball team on the second string, and to Kent Sanders (of Weinert, but representing Munday High School), who was first place winner of the Lincoln-Douglas debate. Kent and Barry will enter the regional UIL academic meet to be held at McMurry College in Abilene on April 25.

Our sincere congratulations!

COMING EVENTS
The Elementary students will be involved in a Jump-Rope Marathon on the morning of March 31, with Kelly Perry as adult sponsor. The proceeds will benefit the American Heart Association.

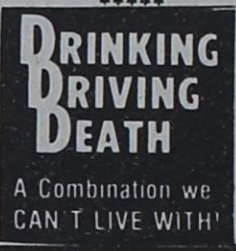

The Weinert senior class will host an outsiders basketball tournament

Thursday, Friday and Saturday, April 2, 3, 4, at 6 p.m. each night.

Community elections are to be held in the school library on Saturday, April 4. These elections are for city council, school board, and water district board.

The Weinert Home Extension Club will meet Tuesday, April 7, in the home of Annie Mae Roberts. The topic for discussion will be "How to save dollars when you don't have a dime to spare." Visitors are always welcome.

The Weinert pep squad is completing plans for an arts and crafts show they have set for Saturday, May 9, to be held in the school gym. They hope many local as well as out-of-town craftsmen will rent a booth to display and sell their wares. Kerri Urbanczyk, homemaking teacher, is sponsoring the pep squad.

Reid in turn thanked the firemen for their efforts at the January 22 fire which destroyed three downtown buildings in Munday. Reid and other store owners planned the meal.

Imitation Stats To Entertain At Gilliland Jamboree

The Imitation Stats of Seymour will sing this Saturday, April 4, at Gilliland's last jamboree of the year. The music starts at 7 p.m. at the Community Center. Also on the program are Son Propps and his musicians.

Everyone is encouraged to attend the jamboree and hear some good entertainment. Refreshments will be available.

Correction

In an article in last week's *Courier*, we referred to the Wichita Falls Maternity Cottage as Maternity College. It seems unlikely that three people could make the same error in typesetting and proofreading, but it happens, nevertheless. We don't even have a good excuse, as the copy we were given was clearly written.

We apologize for the error and promise to read a little more closely in the future.

Taxavers Growth Annuity

CURRENT RATE

Taxavers Growth Annuity is a single premium deferred annuity that can give you high interest earnings, not subject to current taxes, in a fully guaranteed cash accumulation plan.

SAFETY GUARANTEED

When you put your money into a Taxavers Growth Annuity, your principal and a stated amount of interest are 100% guaranteed at all times. The current interest rate is guaranteed for 12 months from the time you start your plan. And you don't pay tax on your interest until you take it out.

The Taxavers Growth Annuity is issued and guaranteed by Keystone Provident Life Insurance Company. A member of the Travelers family of companies, Keystone is rated A+ (Superior) by A.M. Best, America's premier insurance analyst.

FLEXIBILITY

You can design your Taxavers Growth Annuity plan the way you want it: to provide a lifetime of retirement income for yourself, your spouse or both; to provide a lump sum of cash for a new home or other major purchase; to fund your children's education.

SIMPLE TO START

Starting your Taxavers Growth Annuity is as simple as opening a savings account. Just come in to any Olney Savings office and fill out an application. To find out more, call or stop by any Olney Savings office—but do it today, the current rate is subject to change.

Don't miss the opportunity to discover how Taxavers Growth Annuity can deliver tax advantaged benefits year-after-year.

Endorsed by:

OLNEY SAVINGS

Though annuities are not insured by the FSLIC, by law annuity contracts are backed by statutory reserves which must secure the cash surrender value. Offered through JMC Insurance Services Corp. of Texas. Issued and guaranteed by Keystone Provident Life Insurance Company, Boston, Massachusetts.

CARD OF THANKS

We would like to thank all our family and friends for their love and support during Amy's recent hospital stay and surgeries. The cards, calls, flowers and visits made the long days seem shorter and happier and have boosted her recuperation. We will always be grateful for your thoughtfulness.

Dale, Mary and Amy Huffman

CARD OF THANKS

I want to express my sincere thanks to all my wonderful friends and family in the Munday area for their kind gestures during my recent hospital stay and since my return home. The food, flowers, visits, phone calls, cards and prayers made me feel loved and missed, and I appreciate each gesture. You're a special bunch of people and I'm thankful for every one of you.

God bless you.

MUNDAY FIREMEN AND AUXILIARY members were guests of honor at a barbecue supper Monday night. Fire chief Bill Longan, standing at left, is shown thanking Jim Reid, right, for his generosity in arranging

supper. Reid in turn thanked the firemen for their efforts at the January 22 fire which destroyed three downtown buildings in Munday. Reid and other store owners planned the meal.

Imitation Stats To Entertain At Gilliland Jamboree

The Imitation Stats of Seymour will sing this Saturday, April 4, at Gilliland's last jamboree of the year. The music starts at 7 p.m. at the Community Center. Also on the program are Son Propps and his musicians.

Everyone is encouraged to attend the jamboree and hear some good entertainment. Refreshments will be available.

Correction

In an article in last week's *Courier*, we referred to the Wichita Falls Maternity Cottage as Maternity College. It seems unlikely that three people could make the same error in typesetting and proofreading, but it happens, nevertheless. We don't even have a good excuse, as the copy we were given was clearly written.

We apologize for the error and promise to read a little more closely in the future.

ANNOUNCING

Taxavers Growth Annuity

Taxavers Growth Annuity is a single premium deferred annuity that can give you high interest earnings, not subject to current taxes, in a fully guaranteed cash accumulation plan.

SAFETY GUARANTEED

When you put your money into a Taxavers Growth Annuity, your principal and a stated amount of interest are 100% guaranteed at all times. The current interest rate is guaranteed for 12 months from the time you start your plan. And you don't pay tax on your interest until you take it out.

The Taxavers Growth Annuity is issued and guaranteed by Keystone Provident Life Insurance Company. A member of the Travelers family of companies, Keystone is rated A+ (Superior) by A.M. Best, America's premier insurance analyst.

FLEXIBILITY

You can design your Taxavers Growth Annuity plan the way you want it: to provide a lifetime of retirement income for yourself, your spouse or both; to provide a lump sum of cash for a new home or other major purchase; to fund your children's education.

SIMPLE TO START

Starting your Taxavers Growth Annuity is as simple as opening a savings account. Just come in to any Olney Savings office and fill out an application. To find out more, call or stop by any Olney Savings office—but do it today, the current rate is subject to change.

Don't miss the opportunity to discover how Taxavers Growth Annuity can deliver tax advantaged benefits year-after-year.

Endorsed by:

OLNEY SAVINGS

Though annuities are not insured by the FSLIC, by law annuity contracts are backed by statutory reserves which must secure the cash surrender value. Offered through JMC Insurance Services Corp. of Texas. Issued and guaranteed by Keystone Provident Life Insurance Company, Boston, Massachusetts.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies the Cooperative should be notified as soon as possible so that the meter can be resealed.
