Views From Another Point

by Joyce Beecher Greenwood

Have you ever heard someone say, "I'm not the least bit superstitious," then five minutes later, when someone sneezes say, "Bless you"? It's sort of an automatic reaction to say "bless you" when someone sneezes, yet that comes from an old belief that the soul leaves the body momentarily when we sneeze and must be blessed to re-enter.

Many otherwise logical people cling to a certain degree of superstition because, through the years, we've more or less been conditioned to it. Old superstitions, no matter how unreasonable, have a way of creeping into our everyday lives because for generations those ideas have been passed down.

A few years ago, I did a research paper on superstition and found it to be very interesting. I was surprised to discover that many things I've said and done over the years have had a supernatural basis without my even knowing it. I never knew why it made me uncomfortable to walk across the floor with one shoe on to retrieve the other, or to open an umbrella in the house. And I still catch myself avoiding cracks in sidewalks. These all stem from old beliefs that bad luck will be sure to accompany one shoe, open umbrellas and cracks in sidewalks.

Superstitions include carrying a rabbit's foot for good luck - throwing salt over the left shoulder after a spill - blowing out all the candles on a birthday cake to make a wish come true - and even crossing our fingers.

My grandmother told how people once believed if an owl came and stayed around someone's house, there would be a death in that family. I was reminded of that a couple of weeks ago when Amy's boyfriend came for her late one Saturday afternoon.

"Come out here. I want to show you something," he told me.

There, high in the top of a partially dead mesquite tree, was the biggest owl I have ever seen. He's still sitting there sometimes when I look for him, just like he's paying lease on that tree.

When Butch was little, he would walk in his sleep. I mentioned it to my grandmother and she told me to never ever startle him awake, but to wake him slowly and gently.

I thought there was some medical reason for it. Perhaps there is, but there is also an old belief that when a person is walking in his sleep, the soul is again out of the body, as in sneezing, and to wake a walker suddenly could cause his soul to be forever suspended somewhere in oblivion. I'm sure my grandmother didn't believe that, but somehow the idea of waking a sleepwalker gently had been passed down from previous generations.

Tommy will not admit to being superstitious. In fact, it makes him mad to accuse him of it, but I've seen him drive a block out of his way because a black cat crossed in front of him. If he lets someone borrow his pocket knife, he opens it and hands it to him, then closes it when he takes it back, because to close a knife someone has opened might "sever a friendship."

"Do you really believe that?" I asked him.

"No."

"Then why?"

"It's better to be safe than sorry."

I had always wanted a Weeping Willow tree and finally he planted one so I could see it from my kitchen window. It was a beautiful little tree, but one day Mother came to visit and said, "Well, Tommy, that tree is almost tall enough to shade your grave."

"What?"

"Haven't you ever heard that when a

Medal Of Honor Award Presented In Memory Of Perry Floyd Patton

Joe Reynolds, Chief of Police in Lindsay, presented the American Police Hall of Fame Medal of Honor Award in memory of Perry Floyd Patton to Perry's widow, Mrs. Karen Patton Monday night, June 12, in special ceremonies held at Munday City Hall.

Reynolds represented the American Federation of Police and the Police Hall of Fame and Museum of Northport, Florida.

Attending the ceremonies were members of the Patton family, Munday city council members, members of the Knox County sheriff's department, Knox City police and Coyt Smith, Munday Chief of Police.

In making the presentation, Mr. Reynolds stated, "We in the police profession have high ethics and standards to live up to. The main purpose in law enforcement is to serve mankind, to safeguard lives and property. That is the case before us this evening."

In keeping with the Code of Ethics to keep calm, maintain courage in the face of danger, some will pay with their lives. Most police officers recognize the badge of their office as a symbol of public trust and faith. Officer Perry Patton was certainly a true professional and a credit to his department...a trait you're not born with.

Yates, Zeissel Qualify For National Meet

Four Munday girls competed in an advanced Tri-State Regional Gymnastic Meet at South Plains College in Levelland last Saturday, June 10.

Mindy Zeissel and Jennifer Yates competed against 30 girls in their level and had to score a 36 or receive a 1st, 2nd or 3rd place to qualify for the nationals. Mindy placed 11th overall and received a 36.14 score. Jennifer placed 10th overall and received a score of 36.60.

They are the daughters of Wayne and Barbara Zeissel and Macky and Janet Yates.

Lorin Clem and Heather Brown competed in an older agegroup, which had to receive a much higher score to go to the nationals. Lorin placed 4th and Heather placed 7th, but will not be able to compete in the nationals, even after finishing so high in their level.

They are the daughters of Daron and Christie Parker and Eugene and Freida Brown.

These girls have worked hard and practiced long hours to get this far in competition, and should be commended on their efforts.

The national meet will be held in Ogden, Utah sometime in July.

God's chosen few."

The Medal of Honor Award read: "Presented in Memory of Perry Floyd Patton, who in the performance of his duties as a public safety officer gave his life to protect life and property; that we the living dedicate ourselves to his memory and the supreme sacrifice he made."

This Posthumous Award is public recognition of the honor in which we

will forever hold his name by placing his name in the Hall of Fame Memorial so that his sacrifice, his dedication to humanity and justice will always be remembered by generations to come.

Issued by the American Police Hall of Fame this 1st day of June, 1989."

Perry Patton lost his life early Sunday morning, May 28, 1989, after he was shot by a robbery suspect in downtown Munday.

Three Cases Heard When District Court Convenes

District Court of the 50th Judicial District convened June 2 in Benjamin with District Judge David Hajek presiding.

The following defendants appeared for arraignment: Mike Hodges, charged with theft by check; Jimmy Flye, charged with theft over \$750; William Worthington, charged with driving while intoxicated; and Sharlon Williams, charged with two counts of forgery.

In the matter of the State of Texas vs. David Hagle, the defendant pleaded guilty to burglary of a building and was sentenced to six years probation with a \$5,000 fine, \$500 restitution, and court costs of \$74.50.

Michael House, defendant, pleaded guilty to criminal mischief charges and was placed on probation for four years, fined \$2,000, and ordered to pay court costs and restitution in the amount of \$486.74.

Fathers' Day Dinner To Benefit Benjamin Fire Department

The Senior Extension Homemakers Club of Benjamin will sponsor a "Fit For A King Dinner" on Fathers' Day, June 18.

A meal of mesquite smoked brisket, fried chicken, assorted vegetables and salads, coffee, tea and dessert will be served beginning at 12:15 at the Benjamin ex-students building. Tickets for "all you can eat" are \$4 for adults and \$2 for children age 12 and under.

Proceeds from the meal will go toward the purchase of a new fire truck for the Benjamin Volunteer Fire Department.

Honor your Father on his special day Sunday and treat him to a good meal at Benjamin, and at the same time, help in a much-needed cause.

Seferino Sanchez, defendant, appeared in court on a charge of driving while intoxicated - a felony offense. Pretrial matters were considered and a trial date will be set.

The State was represented by District Attorney Chad Williams.

Increased Sales Tax Reflect Growing Texas Economy

State Comptroller Bob Bullock has reported that sales tax allocations to cities, counties and transit authorities across the state increased 14.2 percent during the first half of 1989, compared to the first half of 1988. This was not the case for Knox County, which showed an 8.27 percent decrease for the first six months of 1989 compared to 1988 figures.

Munday's June sales tax check totaling \$2,936.27 showed a 31.95 percent decrease over last year's \$4,315.16 for the same time period. Knox City received a check for \$5,572.67 in June, which represents a 47.67 percent decrease for the same period in 1988. Benjamin and Goree, and Weinert in Haskell County, did not receive checks in June.

Despite the low payments locally, Bullock says, "The Texas economy continues to strengthen and expand."

In the first six months of 1989, statewide city allocations totaled \$512.5 million. Last year's payments for the first six months were \$465.9 million.

Bullock added that the June 1988 monthly allocation was unusually large, so this month's payments compared to June 1988 payments may appear to be slightly lower than they actually are.

June checks represent taxes collected in April by monthly filers and reported to the Comptroller's office by May 22.

Brazos Electric Co-op Seeks Permanent Rate Reduction

Brazos Electric Cooperative recently filed with the Public Utility Commission for a rate reduction that will permanently reduce rates to about the same level they have been since the cooperative implemented a temporary rate reduction in December.

Richard E. McCaskill, executive vice president and general manager of Brazos Electric Cooperative, said the cooperative has a history of passing savings to its wholesale customers and has returned \$20 million in the last two years with temporary rate reductions. Additionally, it reduced its fuel charges by more than \$11 million per year, starting in 1987. In 1977, it returned \$1 million to its customers. McCaskill said the pending reduction means the cooperative's wholesale customers will have had a 19 percent average reduction in their cost of power since 1984. To the end consumer, this means a reduction of about \$10 per 1,000 kilowatt hours. The cooperative has had only one rate increase since 1976.

Public notices state the cooperative has requested that the rate reduction become effective July 17 and that the cooperative's revenues be reduced by \$21,508,032 or 10.8 percent. McCaskill emphasized that the present temporary rate structure already has lowered rates by about that amount.

The proposed rate structure features different summer and winter rates for the cooperative's customers. It also provides a different rate schedule for customers receiving only part of their total electricity requirements from Bra-

zos Electric Cooperative. An interruptible rate schedule will be available to customers that wish to pass along its lower cost to industrial consumers.

"We are delighted to pass along this reduction," McCaskill said. "It again exemplifies our commitment to making our members as competitive as possible in the retail electric service market."

Brazos Electric Cooperative is a member-owned generation and transmission electric cooperative based in Waco. B-K Electric Cooperative in Seymour is one of the 20 member cooperatives supplied by Brazos Electric.

Canner Testing Clinic Scheduled June 22

Gardening and canning season is here and individuals who plan to use a pressure canner to preserve produce will want to have the pressure gauge checked for accuracy.

Jane Rowan, Knox County Extension Agent, will be testing pressure canner gauges on Thursday, June 22 from 9 a.m. to 5 p.m. at the County Extension office located in the courthouse at Benjamin. The test will take about 5 minutes, and all that is needed is the lid to the canner and the weight for those canners that have one.

Gauges do become inaccurate with use which can result in foods that are over and under processed. This can lead to spoiled foods and food-borne illness.

Anyone who does home canning is urged to take advantage of this free service.

At State Roundup Angie Partridge Awarded \$8,000 4-H Scholarship

Angie Partridge, daughter of Mr. and Mrs. Wendell Partridge, was awarded an \$8,000, four-year Houston Livestock Show and Rodeo 4-H scholarship June 6, in special ceremonies at the Texas 4-H Roundup in College Station.

Angie is a 1989 graduate of Munday High School where she excelled in academic and 4-H activities. An outstanding 4-H member for nine years, she served as state council secretary and was a delegate to the "Profiles for Tomorrow" gathering in Washington, D.C. She was also recipient of the Knox County Gold Star Award.

While in high school Angie was a member of the National Honor Society, the award-winning Purple Cloud band, was selected 1988 Homecoming Queen and was named to "Who's Who Among American High School Students."

Angie, who plans to major in agricultural communications at Texas Tech University, was one of 50 Houston Livestock Show and Rodeo 4-H scholarship winners honored.

The 4-H scholarship recipients were chosen by members of the Texas Agricultural Extension Service. The selected students all demonstrated academic excellence and strong leadership skills throughout their high school careers.

The show will also award 50 four-year, \$8,000 scholarships at the Texas State FFA Convention on July 13 in Houston. As in past years, all 4-H and FFA recipients must pursue a degree at a Texas college or university. This scholarship program has been expanded, however, to include life science as well as agricultural majors.

Scholarship funding is provided by revenues earned at the annual Houston Livestock Show and Rodeo, a civic and charitable event made possible by the efforts of more than 6,000 volunteers. To date, the show has committed more than \$1.14 million in educational funds for the upcoming school year.

Included in this commitment are 24 new, \$8,000, four-year metropolitan scholarships, to be awarded at a special Million Dollar Scholarship Luncheon on June 20 in Houston; the Area Go Texan scholarships, presented at rodeo performances during the 1989 show; and school art scholarships, awarded to

ANGIE PARTRIDGE

recipients selected during this year's school art contest.

EMS Volunteers No Longer Buying Cans

Munday Emergency Medical Services volunteers have asked the Courier to announce that they are no longer buying aluminum cans and other related items.

A spokesman for the group said the EMS volunteers appreciate the support of the community in this fund raising project, but feel it is in their best interest to discontinue the project at this time.

Weeping Willow tree is tall enough to shade a grave, the person who planted it dies?"

Shortly after that, Tommy decided the problems we kept having with our sewer line were the result of the expanding roots of the willow tree. In a few days, he decided to dig it up. But he's not really superstitious.

Some argue that being superstitious is a sin and is refuting that God is in control of our lives. I don't think superstitious people doubt God's dominion over our destiny, it's just the result of years of little things that we've picked up and old habits die hard. Every time we "cross our hearts and hope to die" or say, "I guess I told a lie. I have a bump on my tongue", we are giving in to superstition.

I don't believe for a minute that Friday the 13th is an unlucky day or that finding a four-leaf clover brings good luck, or even breaking a mirror brings seven years bad luck. I don't believe to "find a penny - pick it up; all day long you'll have good luck".

But, I may get one of the boys to shoot that owl.

It's better to be safe than sorry.

Miss Munoz Makes CJC Dean's List

Karen Munoz, a recent graduate of Cisco Junior College, was listed on the recently released Dean's List for the spring semester of 1989.

The list includes students earning 3.5 or better grade point average on a 4.0 system.

Census Bureau Launches Pre-Census Address Check

The Census Bureau will soon be sending 31,000 temporary workers into neighborhoods across the country to complete collection, checking and re-checking of housing unit addresses in preparation for the 1990 Census.

Census Day is April 1, 1990. About 100 million questionnaires will be delivered to housing units nationwide by late March 1990. Accurate address lists are vital for prompt delivery and to monitor the return of completed census forms through and beyond Census Day.

In mid-May census employees begin working in selected large cities to verify residential address information and the number of housing units at each address. This operation will end in late June.

Another address check will begin in mid-June and last for about eight weeks. During this period, temporary census workers will visit small cities, towns, suburbs, and rural areas to list residential addresses for these areas.

Finally, a third operation, called Advanced Post Office Check Reconciliation, will be conducted in many small cities, towns, suburbs, and rural areas. In this operation, census workers go through neighborhoods verifying those addresses that were added or marked as duplicates or undeliverables during an earlier address listing check completed by the U.S. Postal Service. Census employees also will update the address list and check for any additional living quarters.

Williams Services Held In Arizona

Ruby M. Williams, 76, a resident of Wichita, Kansas, died May 31, 1989 in Wichita. Funeral services were held Monday, June 5, at the Unity Baptist Church in Farmington, Arkansas. Rev. James Kisner and Rev. Harold Jones officiated with burial in Farmington Cemetery.

Mrs. Williams was born June 17, 1912, in Gore, the daughter of Robert and Elizabeth Hutchens Mullens. She was a member of the Farmington Unity Baptist Church and a homemaker.

Survivors include two daughters, Margaret McLain of Wichita, Kansas, and Wynelle Hampton of Houston; three brothers, Dural Mullens of Bullhead, Arizona, Ralph Mullens of Farmington, and W.P. (Pete) Mullens of Wichita; one sister, Robye Meredith of Yuma, Arizona; her mother, Elizabeth Davis of Yuma, Arizona; five grandchildren, Kim McDonald and Jim McLain, both of Wichita, Kansas, Clifton McLain of Nashville, Tennessee, Mike Hampton of Fayetteville, Arkansas, and Shannon Hampton of Houston; and seven great-grandchildren.

All Census Bureau workers will display official red, white, and blue identification badges. Residents are asked to cooperate with them. Public cooperation will mean a better, more accurate, and complete address list will be available for the delivery of the 1990 census questionnaires.

County Vegetable Show Is Cancelled

The county-wide Vegetable Show which was scheduled for June 24, has been canceled, according to Lloyd Welch, president of the Knox County Horticulture Committee.

"Close to half the vegetable produce in the county has been lost this year because of adverse weather conditions," Welch commented, "therefore members of the committee voted not to have the show this year."

Step-By-Step Process Decides SS Disability

Disability determinations for social security and supplemental security income (SSI) follow a step-by-step process, says Frances Braden, resident representative of the Vernon Social Security office.

When someone who is not working applies for disability benefits, the case is referred to the State Disability Determination Service (DDS) to determine the severity of the person's disability. The individual's medical records are reviewed, and a consultative examination may be scheduled if the DDS needs more information.

A person will be found not disabled if evidence establishes only a slight abnormality with no more than a minimal effect on ability to work. If evidence shows that the disabling condition is significant, the DDS must decide whether or not the impairment meets or equals its "Listing of Impairments."

The Listing of Impairments identifies conditions which are so severe that they automatically result in an approval of the disability claim.

If an impairment is severe but it does not match the listing of impairments the person's present ability to work is compared to past work experience. If the applicant is unable to do the kind of work previously done, the claim will still be turned down if the DDS determines that the person could do some other kind of work.

Consideration is given to factors of age, education, and transferable skills. For example, a young person with a high school education could be expected to change from a strenuous job to a job with fewer physical demands.

On an average, disability decisions take 77 days. Questions about social security and SSI disability can be answered by telephone representatives at the toll free number 1-800-2345-SSA.

Truscott-Gilliland News

By Mrs. Clara Brown

Truscott and Gilliland are just about as pretty and green as they ever have been. Approximately .5 inches of rain fell on Saturday and Sunday nights. Everything is soaked and prospects are good for more rain this week. At least prospects are good for more rain for those who have cut their wheat and want to watch grass grow. For those who haven't cut wheat or have had a cotton field washed out, dry weather might sound better. Antelope Flat, as usual, needs a good hard rain to fill the tanks.

Eighty-seven attended Grandma's Dinner at Truscott Sunday. The rain the night before and some scattered clouds kept the weather perfect for a summer gathering.

The Hord family enjoyed the dinner served by the grandmas then stayed on for an afternoon of visiting. Present for the reunion were 19 descendants and relatives of Wiley Marion Hord and Vera Stella Traweck Hord, who were married December 28, 1897.

Jerry Bob and Eugenie Daniel and children visited his parents, Don and Margaret Daniel, Sunday afternoon.

The Gilliland Extension Homemakers met last Wednesday.

Florence Miller was in Vernon Sunday visiting Eura Mae Tamplen at the hospital.

Jacke Miller of Slaton was in Gililand one day last week visiting his parents, Mr. and Mrs. O. R. Miller.

Jim Richardson and son, Timothy, of Lubbock visited their mother and grandmother, Scottie Burgess, one day last week. They were on their way to Ft. Worth where Jan will be taking some computer and word processing courses this summer.

Bill Brown of Brownfield came in Wednesday to spend a month or so with his parents, Jack and Clara Brown.

Stacy Harkness of Brownfield was a guest in the home of Jack and Clara Brown Wednesday to Friday.

Jimmy and Cathy New and children of Jean visited Owen and Irene New Sunday.

E. D. and Mary Welch were Sunday afternoon visitors in the home of her uncle, Owen New.

Clara Owens became a great-grandmother Thursday, June 1, with the birth of Benjamin Ryan Miller, son of Melissa and Todd Miller of Sterling, Michigan. Grandparents are Dick and Pat Owens and Van Dyke. A family reunion for descendants of brothers, Clyde and Russell Riley, was recently held in the home of Lorene and Bryan Jones at Gilliland.

Parents of Clyde and Russell were Robert Rowe and Amanda Jane Gray Riley.

Attending the reunion were the 84-year-old sister of Clyde and Russell, Mary Riley Halliburton of Llano, Donald and Helen Riley of Borger, Paul and Katherine Riley Packenbush of Ft. Worth, Bobby and Mary Riley of Austin, Jim and Louaida White and daughter, Katie, of Stinnett, Martha Cole Riley, 91-year-old widow of Russell Riley, of Seymour, J. C. and Lucille Langston of Seymour, and the host and hostess.

NOW IS TIME TO CONTROL BORERS

As mid-June approaches, that means time for an important management practice for fruit tree owners.

I'm referring to the control of the peach tree borer and time to control is upon us.

The peach tree borer navigates from the ground around the trunk of fruit trees which include peach, plum, and apricot trees.

The borer pupae digs into the tree

where it becomes an adult and lives until next spring where it will come out of the tree, lay eggs and die.

If the borer is imbedded into the fruit tree there are no control measures that I know of to kill the dreaded pest.

Chemicals that are labeled for use to control the borer include Dursban, Lorsban, Malathion or Lindane. Be sure to follow label instructions when mixing the pesticide.

The insecticide should be applied to the scaffold limbs, trunk and around the trunk extending two to three feet away from the base of the tree. Control measures should also be repeated in mid-July and mid-August.

Another good tip is to keep the fruit trees watered, fertilized and actively growing. This will deter most borers. Homeowners should also remove dead wood from the tree to avoid infestations of borers of trees.

Following these techniques will assist in the ridance of the pesky borer.

DIETARY - MEDICAL QUACKERY

Quackery in the U.S. today costs more than \$25 billion. These unsound dietary-medical treatments can prevent consumers from seeking proper treatment.

To recognize the dietary-medical quackery device, the Food and Drug Administration (FDA) and the Council of Better Business Bureaus provide these personal protection tips:

1. Be wary if a product's label or advertising promises immediate, effortless or guaranteed results.

2. Be wary of testimonials in ads or on labels from satisfied users. They rarely can be confirmed.

3. Don't be taken in by a "money-back guarantee". A guarantee is only as good as the company that backs it.

4. Be wary of promises that a product is effective for a wide variety of ailments.

5. Be wary of promises of complete relief from pain.

6. Don't be taken in by promises that a product offers a "cure".

7. Watch out for claims that a treatment or product has been approved by the FDA. Federal law doesn't permit mention of FDA in any way that suggests marketing approval for any drug or medical device.

8. Don't give too much importance to the term "natural ingredients". The

definition of "natural" is elusive, and the word is often abused.

9. Look out for other misleading words such as amazing, secret, miracle, special, vanish, painless, discovery, breakthrough, exclusive, instant, immediate, quick, or fast.

10. If the product sounds too good to be true, it probably is.

YO-YO DIETING

On again - off again dieting may be more hazardous to your health than a few excess pounds. Yo-yo dieting can increase a dietary preference for fat and lower the body's metabolic rate, thus making subsequent dieting more difficult and increasing the risk of cardiovascular disease.

The Lord's Corner

By Dr. Pete Bradfield, Pastor
First Baptist Church

Here are some of the wisest words ever penned by Benjamin Franklin. You may want to create a plaque or stitchery using them, and display it prominently: "Doing an injury puts you below your enemy; revenging it makes you but even with him; forgiving it sets you above him."

Revenge is one of the most natural - and destructive - of all human responses. Rather than trying to right a wrong by forgiving it, the more normal reaction is to try and right a wrong by committing another wrong - namely, lashing out at the other person.

What is your response when someone wrongs you? Do you count to ten

The Munday Courier, Thursday, June 15, 1989, Page 5 before "blasting off"? Or do you "go into orbit" immediately? The writer of Proverbs said, "A soft answer turneth away wrath: but grievous words stir up anger." You'll find it's hard to express anger - or harbor it - when you whisper. See you next week, and remember: a broken home is the world's greatest wreck!

Afternoon Ceremony Unites Miss Coghill-Tracy Simpson

Yvonne Lee Coghill became the bride of Tracy Joe Simpson in a double-ring ceremony at three o'clock in the afternoon on Saturday, June 10, at the First Baptist Church in Anson. Rev. Jerry Paulding, pastor of the church, officiated.

Parents of the bride are Mr. and Mrs. Charles M. Coghill of Prospect, Oregon. The groom is the son of Janice Merrell of Munday and Ralph Simpson of Anson.

The wedding altar featured a large basket of fresh pink gladiola, greenery and baby's breath flanked by two white seven-branch candelabra appointed with greenery and pink ribbons. Votive candles trimmed the altar rails and pews were marked with pink bows. Baby's breath, greenery and pink roses accented the white unity candle.

Mrs. Durell Wilson of Anson was organist for the ceremony. Soloist was Mrs. Geneva Simpson, step-mother of the groom, of Anson. Carrie Lee Bates of Ft. Worth, cousin of the groom, registered guests.

Mothers of the couple were escorted into the sanctuary by their sons, Karl M. Coghill and Stephen Simpson.

Given in marriage by her parents and escorted by her father, the bride wore a formal gown of white bridal satin and organza. Designed with a Victorian neckline, the fitted bodice tapered to a dropped waistline in front and back and was embellished with seed pearls, sequins, and alencon lace appliques. The sheer inset was accented with seed pearls and lace appliques. The long sheer sleeves were gathered at the elbows and the sheer cuffs accented with seed pearls, sequins and lace appliques. The full skirt, which extended to a semi-cathedral train, was edged with a deep ruffle of organza trimmed with scalloped lace.

Mr. and Mrs. Tracy Joe Simpson

Her fingertip veil of illusion, finished with hand crochet, was caught to a halo of white silk flowers and seed pearls. She carried a bouquet of pink and white silk roses, enhanced with baby's breath, greenery and pink and grey ribbon streamers.

Following tradition, the bride wore something old, new, borrowed and blue and had pennies in her shoes.

Shawna Simpson of Munday, sister of the groom, served as maid of honor and bridesmaids were Leah Stinnett of Strawn and Jennifer Smith of Dallas, cousins of the groom. They wore tea-length gowns of powder pink satin

designed with basque waistlines and sweetheart necklines, both trimmed in tiny seed pearls. Matching fabric bows accented the back of the dress at the waistline. The elbow-length puffed sleeves were worn slightly off the shoulder. The attendants wore combs of pink and white silk flowers accented with sprays of seed pearls in their hair and carried long stemmed pink roses.

Serving as his son's best man was Ralph Simpson of Anson. Randy Simpson of Brownfield, uncle of the groom and Stephen Simpson of Anson, brother of the groom, were groomsmen. The groom chose a white cut-away tuxedo with tails, white shirt and pink cummerbund and bow tie. He wore two pink rosebuds in his lapel. His attendants' grey tuxedos were accented with white shirts, pink ties and cummerbunds, and their boutonnières were pink roses.

Ushering guests was Kenneth Neal of Anson.

A reception was held in the church fellowship hall following the ceremony. A white cloth overlaid with white lace covered the bride's table, which was centered with a large brandy snifter with floating pink flowers, placed atop a mirror adorned with greenery and baby's breath. The three-tiered cake was iced in white and adorned with pink silk flowers and encircled at the base with greenery, baby's breath and pink silk flowers. Jeana and Johna Brawley, cousins of the groom, served guests from crystal appointments.

Ramona Olney and Freddie Bates, aunts of the groom, served chocolate cake and coffee punch at the groom's table, which was covered with a pink cloth overlaid in silver lace. A brass platter held the cake, which was decorated to resemble an American flag, and the brass punch bowl and three-branch brass candelabra holding grey tapers, completed the table setting.

The gift table was covered with a quilted cloth in shades of pink and centered with a basket of fresh cut pink gladiolas flanked by white tapers in brass candleholders.

The rehearsal dinner was held at Bea's Steak House in Anson on Friday evening.

The bride is a 1986 graduate of Prospect High School in Prospect, Oregon. The groom is a 1986 graduate of Anson High School. Both hold the rank of Specialist in the U.S. Army and are stationed in Crailsheim, West Germany. Following a wedding trip in the Dallas area, they will return to Germany on June 22.

Weinert News

By Mrs. Myrtle Phemister

The weather has been so nice, we'd love for it to stay this way forever.

We continue receiving the showers of rain, the cool nights and warm humid days. The cotton is up and growing; the milo is so lush and promising; our part of the Big Country is "looking good"! Monday night brought one and two-tenths of rain.

Erma Liles returned home from a two week vacation trip she took with good friends, Paris and Fannie Mae Barton, all exuberant and excited about the good time she had.

Their experience took them to Wink, Texas for the graduation exercises of Tommy Beckham, a good friend of the Bartons who pastored the First Baptist Church there 18 years ago.

They went on to Arkansas, Cleveland and Harrison, visiting friends. Among them Al and Edna Eason, who are in

their nineties and still keeping their own home. Through Missouri, they visited relatives in Farmington, and made a stop at the Lambert "Thrown Roll" Cafe in Sikeston, an acclaimed antique country dining place, and Erma declares is a "must stop".

Their destination was Frank Clay, Mo., where Paris attended the 50th anniversary of his high school graduation, before they turned back towards home, making a few stops on the way, especially in Ft. Worth, since Fannie Mae is the trail boss and every grandmother uses each opportunity to visit their grandchildren! Erma attended the Toliver family reunion in Haskell on Saturday.

J. A. and Laverne Mayfield were in Dallas and DeSoto last week to visit their children. They attended worship services there where Alexia sings with the church choir.

David and Sandra Pena spent the weekend in Pawnee with his family and hers. They were accompanied by their four sons, and David's brother, Voldo Pena.

Francis Mahan spent Sunday in Haskell and visited in the home of Eunice Amonett and at the nursing home with Ima Stewart.

Chet and Jeanie Forehand were in Abilene on Tuesday where they took his mother, Maye Forehand, for a checkup. She is doing well.

Ted and Faye Jetton were in Holliday for their family reunion last weekend. They were saddened to learn that a nephew, Harbis Allison of Lubbock, is critically ill in the Lubbock hospital. He is a former resident of Rule and is married to Claudia Froley.

Doyle and Tommy Boykin of Texas City spent Saturday night with his mother, Helen Boykin. They all attended the special orientation service at ACU on Sunday evening, where Tommy is enrolled as a freshman student.

Bob and Ann Hogle of Pratt, Kansas, and their combine crew, were guests at the worship services of First Baptist Church on Sunday, and later visited in the home of Mr. and Mrs. Eddie Sanders.

Marcus Phemister of Canyon Lake is in town for an extended stay with relatives.

Several members of the Four-Square Church are attending camp at Buffalo Gap this week.

James Green was honored on his 6th birthday with a birthday party hosted by his mother, Cindy Matlock. Special guest was his father, Mike Green of Midland.

Mark and Darla Coffman, Drew and Jordon, of Bridgeport, were in town to visit Mark's grandparents, Pud and Susie Brockett.

Mark is a coach and spends a lot of time on the road attending seminars and such. He left for Arizona this week, and will be there until he goes on to California for another meeting.

Other guests in the Brockett home were Eula Booe (nee Eula Adams of Lake Creek) of Knox City, and Mr. and Mrs. Theodore Lewis of Ft. Worth. Mr. Lewis's father, Daniel Lewis, preached at the Methodist Church at Lake Creek many years ago, and is remembered fondly.

All roads will lead to Bowie on Friday, June 16, where the "farmer takes a wife."

We extend congratulations to Mondy Mayfield and Deborah Ogle, who will

be married at the First Baptist Church there at 7 o'clock in the evening on that day.

Mr. and Mrs. Alan Johnson and Angela entertained her sister and family, Mr. and Mrs. David Solis, Sabrina, Alicia, Vanessa and Patricia, of Abilene, over the weekend, and the girls stayed for a longer time.

They learned the home of the Solis' was in the flooded area on Saturday night, and the family was evacuated to higher ground.

Lester and Kathi Hutchinson were delighted to have Lester's aunt, Callie Hutchinson Mach of Dallas, to visit in their home for the weekend.

Weekend guests of Chet and Jeanie Forchard and Kenny were Jean's mother, Mr. and Mrs. Dick Skipworth of Robert Lee, and her sister, Sybil Conner of Big Spring.

Our birthday people this week include Mabel Derr and Rene Vojkufka. Happy Birthday!

Those celebrating wedding anniversaries are Ricky and Karen Harlan, Mark and Kim Stewart, and Gilbert and Sophia Jimenez. Congratulations!

Thought for the day:
They who give their soul for the world, will, in the end, lose both.

Have a nice day!

CAPITOL JOURNAL

STEVEN A. CARRIKER
State Senate

The regular legislative session ended last week with more successes than failures, but the governor says we'll come back in late June to discuss an issue that was left hanging.

Noteable successes during the session included rural health care, aid to the elderly, improved school finance, new economic development initiatives, and for the first time in six years we achieved a balanced budget with no new taxes.

The only big issue left unresolved was workers compensation insurance. The insurance groups involved became victims of their own propaganda and

painted themselves into a corner, where they had no flexibility to negotiate.

Although the House-Senate conference committee was 95 percent agreed, a couple of hanging points prevented a bill from being reported back to the full Legislature. The failure precipitated by the inflexibility of these interest groups will cost Texas taxpayers thousands of dollars in a summer special session.

The ceremony to marry an Amish couple usually lasts about 3 hours 30 minutes.

Benjamin News

By Mrs. Gladene Green

There is a new addition to the Wilson family. He is Sean Michael and he arrived at the Seymour Hospital Thursday, June 8, 1989, at 11:53 a.m. He weighed 7 lbs. 8 1/2 oz. and was 21 1/2 inches long.

Proud parents are Michael and Sheri Wilson. Extra-proud grandparents are Jerry and Linda Parker of Benjamin and Barbara Wilson of Munday and Melvin Wilson of Burkburnett. Great-grandparents are Dave and Nocona Jetton and Lillie Parker of Munday. He also has a great-great-grandmother, Erie Wilson of Abilene. And the entire family is doing fine!

HERE N THERE

The Benjamin seniors and their class sponsors enjoyed a few days in the West Indies shortly after graduation. They left DFW on June 1 and returned June 4. They enjoyed lots of sight-seeing, some deep sea fishing, and various other goings on, and from reports, had a super time. Those making the trip were Kelly Westmoreland, Francine Redder, Jeff Conner, and Benny and Belle Grill.

Johnny Williams and Mary Bohannon and Brandi had several guests recently for a family get-together. The group met at the memorial building and had lots of food and re-hashed many ole' times. Enjoying all the fun was Mr. and Mrs. Floyd Ratliff of Buchanan Dam, Mrs. Audrey Moore of Odessa, L. O. and Bess Jackson and Micky and Linda Jackson of Munday, Rex Bohannon of Amarillo, the Roger Bohannons of Amarillo and Benjamin and Phyllis Johnson of Amarillo.

Corrine Parrish of Franklin is visiting her mom, Lona Feemster, in the Knox City Care Home, the Bobby Robersons and family and her Vera relatives for a few days.

Randy and Dorothy Hibdon and children, Chrystal and A. R., vacationed in Michigan and other points of interest last week. They returned home Sunday night.

Virginia Griffith visited relatives and friends in Brady and San Angelo during the weekend.

I spent the weekend with my Childress kids. Becky and Cody returned home with me for a few days here and to visit their Munday and Knox City friends.

Homer Rolston attended the 25th anniversary of his graduation from Kermit High School in Kermit over the weekend. He said he had a real good

time and was sort of surprised how old everyone is looking!! That happens to all of us, I'm afraid.

Weekend guests of Nancy and Fred McGreger were Chris McGreger, John Devine and Nancy Cox, all students at the University of Texas. John returned to Austin on Sunday and Chris and Nancy will leave Tuesday for a six-week German course at the University in Taos, NM.

Jessie and Kenneth Roberts returned home Thursday night from a trip that took them to several interesting places. They started out by spending some time in Austin with their son, Bill, of Woodbridge, VA, who was there to return his son, Kevin, a student at UT, home for the summer. From there, they went to Washington and visited Mary and Joe Doby at their retirement home. Their homejoins Washington-on-the-Brazos. Knox County folks will remember the Dobys. Joe was county agent in the 1960's.

Their next stop was Houston to visit relatives where they spent a day or so. Over in Alabama they toured the Bellingrath Gardens near Mobile, finally arriving at their destination, Florida. They did lots of sight-seeing. They visited all the Disney World attractions and the Kennedy Space Center. Their kids, Don, Diane, Trish and Angela Roberts, flew down for a week of touring with them during their stay. (They left DFW about the time the recent hijacking to Cuba took place.)

Enroute home Kenneth and Jessie visited Okefenokee Swamp in Southern Georgia, the Vicksburg Battleground in Mississippi, and the Jonesville General Store in Jonesville, Texas, a little store that has been open continuous since 1846. The last stop was Dallas for a visit with Cy and Lucy Mings. They said they sure had a good time but Benjamin sure looked good when it came into sight.

Carol Judesock of Farmington, NM visited her mom, Bertha Driver, and other relatives and friends in the area recently. While she was here, they attended the Bailey family reunion at Buffalo Gap. Bertha accompanied her home for a visit and while away, they visited the Mike Drivers in Albuquerque.

The U.S. is the country with the greatest gold reserve.

Rep. Counts Receives Praise From Texas National Guard

Freshman State Representative David Counts of Knox City has been praised for his leadership in passing a number of significant measures to benefit the Texas National Guard during the recent 71st Texas Legislative session.

Among these important legislative achievements are:

1. Expansion of the definition of a veteran for the purpose of qualifying for the Texas Veterans Loan Program. This bill expanded the coverage to those older Guardsmen who may not have undergone active basic training and to certain categories of new Guard recruits.

2. The right for security guards to be armed at National Guard bases. This legislation rectified an attorney general's ruling that said National Guard security guards could not be armed and that the Adjutant General had no authority to arm them.

3. That a member of the State Military Forces would not be civilly liable for an act that is within the scope of his official military duties. This act did not pass the Senate.

4. Lined up military leave for state employees to conform to the federal fiscal year.

5. To allow worthy senior enlisted personnel the opportunity to be honored for their long service by being honorably promoted to the next higher military grade.

6. To allow the adjutant general to have access to criminal history records of proposed applicants for membership in the State Military Forces.

Representative Counts served in the Texas National Guard for 32 years rising to the rank of colonel. He served as an infantry company commander, an artillery battalion commander and in various other command and staff positions. He is a recipient of the General K.L. Berry Award for Heroism.

He has been a member of the Texas Guard Legislative Task Force of the National Guard Association of Texas (NGAT) since its inception in 1978. In this capacity he has made many trips to Washington, D.C. on behalf of National

Guard issues.

Representative Counts has long been active in Knox County area politics and its NGAT's chairman of governmental relations committee. NGAT is a 36,000-member association whose purpose is to promote the welfare of members of the Military Forces of Texas.

Letter To The Editor

Dear Editor:

Words cannot express how much I have appreciated all the cards, phone calls, food, flowers, etc. But more than that, I am grateful for the love, concern and prayers of all the wonderful people of Munday.

My unexpected surgery was just that - unexpected. But the operation was successful and I am doing fine.

I apologize to all my customers for being closed the past two weeks without explanation. It was a surprise for me as well.

I am excited to have Stacie Redder assist me as well as you during my recovery period. Stacie has six years experience styling hair for men, women and children.

I will be around to assist and to help her get acquainted with your hair, as well as your likes and dislikes. We are waiting to hear from the state board so my shop will be licensed by the Cosmetology Board in addition to the Barber Board.

I hope to be open so call for an appointment, Kountry Kuts at 422-4848 or at my home number, 422-5153. I will be recuperating at home and I'd love to see or hear from all of you.

Thanks again for everything.

Love to all,
