Munday Councilmen Set 1987 Tax Rate

The City Council of the City of Munday, Texas met August 11 in regular session at Munday City Hall.

Members present were Mayor Doris Dickerson and Aldermen Jessie Tucker, Garon Tidwell, Gene Brown and Jessie Andrade. Richard Albus was absent.

Mayor Dickerson called the meeting to order. Minutes of the July 14, 1987 meeting were read. Brown moved minutes be approved as written. Tucker seconded, all in favor.

First business was discussion of the North Park cement-lined ditch project. Letters have been sent to property owners adjacent to and west of the proposed 6 ft. wide shallow drainage ditch. Oscar Cypert, who attended the meeting, was briefed on the proposed construction. He expressed no objection. Other drainage work being done at the water tower intersection was discussed. After the telephone poles are removed by General Telephone Co. the ditch work can be finished. Headwalls on the culverts will be delayed until completion of the North Park project. The city administrator is to contact John Lee Wilde in regard to assistance in pouring this 1100 ft. long concrete North Park ditch to discuss terms for work required to assist City forces.

A new bill passed by the Legislature allowing creation of medical districts was discussed. Voters must approve the amendment in November. If the voters approve, the county could later order an election. (Ambulance services in Knox County are requiring subsidies by cities, county and the hospital dist. at this time.)

Action on the junked vehicle ordinance was tabled at this time.

The City is presently removing metal from the dump ground as required by State Health Department. Pine St. Salvage is providing the containers. Possible land acquisition was again discussed. The mayor and city administrator are to continue working on this. Costs of dump ground operation were discussed. Due to Health Department requirements on metal salvage, additional manpower and machinery required, Tidwell moved that Goree be billed its pro-rata share of inside dump ground costs based on per-

centage of number of pickups method. Tucker seconded, all for.

A letter from the Texas Association of Counties was read. State airport funding has been totally deleted for the time being. Mayor Dickerson briefed the Council on a possible radio controlled system for runway lighting (80% Federal funding, 20% state funding). This is to be checked out.

Setting of the 1987 tax rate was discussed. Brown moved that the 1987 City of Munday tax rate be set at .62% based on the appraised value of \$15,472,450, and that boats be taxed for the taxable year of 1987. Tidwell seconded, all for.

Brown next moved that an extended warranty on the 1987 police car be purchased for six years in total for \$345. Tucker seconded, all for.

Brown moved bills be paid as follows: airport fund, \$111.00; ambulance fund, \$331.56; swimming pool fund, \$223.43; operating funds, \$10,750.06. Tidwell seconded, all for.

Numbers Down After First Workout Week

After a week of two-a-day practices, the Munday Moguls held a team scrimmage Saturday morning so coaches could take a look at prospects in pads. Coach Ron Steele is low in numbers this year, with about 35 players to be spotted on varsity and junior varsity teams.

Early standouts on the varsity are Chad Bordovsky, Marc Andrade and Anthony Stinnett, all of whom have been working at the quarterback spot, and outstanding freshmen prospects Terry and Perry Collier.

The top asset of the new team, according to the coach, is the attitude of the players. "Our seniors are really assuming the leadership, and the whole team seems very cohesive and dedicated. There is a lot of intensity, and we look good in some spots and not so good in others, but the teamwork has been very good so far."

Steele is expecting a weak junior varsity in the early stages as the players don't have a lot of experience, but with a full ten-game

DR. AND MRS. PETE BRADFIELD are settling in the First Baptist Church parsonage after their first few days of residency in Munday. Dr. Bradfield is the new pastor at the church, and his wife, Jae, will serve as church secretary. They have lived in various areas in Texas and Mississippi and come to Munday from Graham. Dr. Bradfield will also be furnishing the Courier with material for a weekly column.

Golf Scramble Slated Sunday

Area golfers are invited to enter the second August scramble at the Lake Creek Country Club. Play begins at 1:30 p.m. Sunday, August 23, at the club course east of Munday.

Good-sized fields of teams have been entering the scramble all summer, with each player hoping to win one of the savings bonds offered for a hole in one on certain holes. None of the prizes have been won thus far, but interest in the events has grown throughout the summer.

Reserve Tickets To Mogul Games On Sale At Courier

Reserve seat tickets for the Munday Mogul football games are now available at the Munday Courier office. The tickets are \$3 each and entitle the holder to a seat in the reserved section of the stadium after they have paid the regular admission price at each game.

Persons previously holding reserve seat tickets have first choice, until September 4, when they will also be available on the sidelines of the Munday-Haskell season opener.

MOGUL BOOSTERS OFFICERS were elected Monday night at the organization's first meeting of the 1987-88 athletic year. Gene Thompson, left, was re-elected president of the group, and Lee Bruce returns as vice-president. Not pictured is secretary-treasurer Jim Reid. The Booster Club will sell drinks and ice cream at the Moguls' first scrimmage Friday night.

Faculty Complete For '87-'88 School Year

The faculty list for Munday schools has been released and a few changes can be found, most due to resignations and replacements in the coaching staff.

Doyle Lowrance returns for his sixth year as superintendent of schools. Doug Donoho is elementary principal this year, and Bill Kingston is principal at the secondary level. Waunita Bellinghausen is school secretary, and Sue Haynie, Cheryl Berryhill and Brenda Shawver serve as office aides.

Elementary teachers include Debbie Wilson, kindergarten; Nancy Wilde and Anna Decker, first grade; Margaret Hill and Melissa Josselet, second grade; Alta McGuire and Linda Bunton, third grade; Linda Edrington and Nell Sloan, fourth grade; Peggy Urbanczyk and Susan Steele, fifth grade; and Leona Partridge and Linda Chapman, sixth grade.

Teachers in high school and junior high are Ann Therwhanger,

language arts; Janice Wilde, math; Jacquita Welch, science; Betty Wilde, business and social studies; Dan Sloan, math and computer; Ralph Klinkerman, math and athletics; Barbara Ratliff, English; Steve LeFevre, vocational agriculture; Penny Winchester, vocational homemaking; Rodney Bennett, band; Karen Longan, Spanish and speech; Nahwana Donoho, English; Ron Steele, athletic director; Mark Dobson, health and athletics; Gina Farmer, physical education and girls' basketball; Bill Green, social studies and athletics; and B.R. Winchester, science.

Instructors in special programs are Donna Saffel, migrant program; Janice Dutton, elementary resource; Laurie Dobson, secondary resource. Teacher aides include Frances Cypert, Donna Cypert, Martha Andrade, Stella Caram, Mary Denise Groves, Sammie Kingston and Christi Parker.

Kindergarten Classes Announced By School

Pre-registered kindergarten students have been divided into morning and afternoon classes by elementary principal Doug Donoho. Thirty-four students have been registered at the beginning of this week, and several more were expected. Parents of kindergarten age youngsters are reminded to register these children at the elementary school office before school starts September 1.

The morning kindergarten session will begin at 8:15 a.m. and end at 11:15, when lunch will be served. The mid-day meal for students in the afternoon class is set for noon, and their studies run from 12:30 to 3:30 p.m.

Classes are divided as follows:

Goree School Faculty, Calendar Are Announced

Officials of the Goree Independent School District have announced the employment of two new teachers to complete the school's faculty. E.B. Hosea is school superintendent, and George Cotton is principal.

Newly hired are Diedra Kuehler Peters, who will teach secondary special education, and Cliff Gilmore, head coach and history teacher. Mrs. Peters is a graduate of Munday High School and Midwestern State University and taught at Rider High School in Wichita Falls last year. She now lives in Seymour. Gilmore, who also lives in Seymour, coached at Notre Dame High School in Wichita Falls last year and is a former teacher at Vernon Northside.

In addition to the new teachers, Greta Waldrip has been reassigned to coaching girls' track and volleyball and assisting with girls' basketball as well as teaching fine arts.

Other returning staff members include Cathy Albus, elementary special education; Christy Gannaway, kindergarten and first grade; Judy Burson, second and third grades; Brenda Trainham, fourth and fifth grades; Kari Skelton, junior high language arts; Bob Pressnell, science and math; Robert Coffman, science; Phyllis Reed, home economics and computer science; Ida Jo Owens, English and math.

Support staff includes Susie Williams, school secretary; Donna Cotton, secretary-librarian; and Barbara Bowman, Joyce Greenwood and Francell Echols, aides.

Dates on the school calendar are as follows:

- September 1 - First day of school.
- September 7 - Labor Day holiday.
- October 9 - End first six weeks.
- November 20 - End second six weeks.
- November 26-27 - Thanksgiving

holidays.
December 21 - January 3 - Christmas holidays.

January 15 - End third six weeks.

February 26 - End fourth six weeks.

April 4-8 - Spring break.

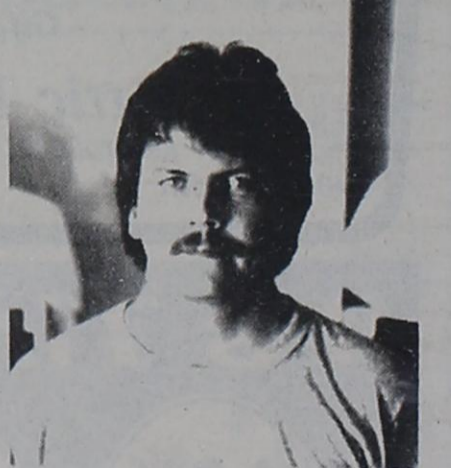

April 7-8 - Bad weather makeup days, if needed.

April 15 - End fifth six weeks.

May 26 - End sixth six weeks; junior high graduation.

May 27 - High school graduation.

Teacher inservice begins Wednesday, August 19.

CLIFF GILMORE is the new coach for Goree Wildcat football and basketball teams. A graduate of Midwestern State University, Gilmore grew up in Harrold and has coached at Vernon Northside and Wichita Falls Notre Dame before coming to Goree. He and his wife, Diana, live in Seymour with their children Brandon, 4, and Taylor, 2. Mrs. Gilmore is a teacher at Seymour Elementary School. The new coach returns five offensive and five defensive starters among his 15 six-man players and will see them in action Friday night in their first scrimmage at Guthrie.

WTU Customers Due Refund In December

West Texas Utilities Co. plans another refund to its retail customers in December of this year.

The company was to file a request Monday with the Public Utility Commission of Texas requesting permission to refund a total of \$3.8 million in retail revenues collected in excess of actual fuel costs during the months of December, 1986 through July, 1987. The total includes \$3.4 million actual fuel cost savings, plus \$.4 million in interest.

Leon Sellers, WTU local manager, said recently negotiated contract revisions reflecting the continued soft price of natural gas makes the refund necessary.

"As our cost for boiler fuel went down, we simply over-collected under the fuel rate approved by the PUC," Sellers said.

This will be the sixth refund made to WTU retail customers since the summer of 1985. The fuel rates charged to customers have been adjusted five times since 1985, but the price of natural gas, WTU's main power plant boiler fuel, has continued to decline.

WTU's base rates have not changed since December, 1984. However, on May 19, 1987 the company filed for an increase in base rates necessitated by the completion of the new coal-fired Oklahoma Power Station near Vernon. The assured supply of coal under a long-term contract is expected to help

stabilize WTU's power plant fuel costs.

The refund will be made through one-time credits to retail customers in December subject to approval of the PUC. The typical residential customer will receive about \$7.

Mogul Booster Club Begins New Season

The first meeting of the Munday Mogul Booster Club was held Monday night. In addition to parents and other team boosters, coaches Ron Steele, Bill Green and Ralph Klinkerman were also in attendance.

Officers from the past year were re-elected to serve in 1987-88. They include Gene Thompson, president; Lee Bruce, vice-president; and Jim Reid, secretary-treasurer. A \$100 donation to the Booster Club was reported from Burton-Hutton Construction Company of Towner, North Dakota. The company is laying the U.S. Sprint telephone line across the county.

Purchases made by the Booster Club during the last several months include a hip sled, 300-pound weight; a washer and dryer and travel bags for boys' and girls' athletic teams.

The club will meet at 8 p.m. each Tuesday at the Munday Elementary School cafeteria.

Weinert Coach Is Listed In Top Ten

Word has been received by Weinert School superintendent H.L. Guess that Coach Chesley Wayne (Chet) Forehand has been selected to the top ten of six-man football coaches in Texas. Forehand's selection was based on his career victories and is listed in the summer edition of Dave Campbell's *Texas Football*.

Forehand grew up in Weinert and was a Weinert High School football hero under the coaching of Sam Adams, another Weinert graduate who is listed as number one in six-man coaches in Texas. Adams now coaches at the Welch-Dawson school. After his WHS graduation, Forehand attended Abilene Christian University and began his teaching career in Goree before returning to his hometown in 1967.

In addition to his coaching duties, Forehand teaches science, physical education and computer and serves as school principal. He is also a deacon at the Weinert Church of Christ and preaches when he is needed.

Forehand and his wife, the former Jeanie Conner, have three children, Kim Stewart, a recent graduate of Midwestern State University; Shannon, a sophomore at Angelo State University; and Kenny, a student at Weinert. Mrs. Forehand is an aide in the school's migrant program.

According to the U.S. Bureau of Labor Statistics estimates, the job classification with the most openings likely between now and 1990 is that of computer service technician.

It's A Boy!

Gary and Judy Wilde of Munday are proud to announce the arrival of their son, Michael Wynn, at 2:45 a.m. Wednesday, August 12, at the Seymour Hospital. He weighed in at 6 pounds, 5 ounces and measured 19½ inches in length.

Anxiously awaiting the chance to help take care of her new brother was big sister Michelle. Grandparents ready to spoil the new arrival - and then give him back to Dad and Mom - are JoNell Cobb and Maxine Wilde, both of Munday, and John Ed Wilde of Lubbock.

IT WAS THE PURPLE against the gold at a Saturday morning scrimmage designed to give the coaches a look at the 1987 Mogul team in full gear. Small in numbers but big on dedication and teamwork, the Moguls will

tangle with the Hamlin Pied Pipers Friday night in the season's first scrimmage, set for 6 p.m. at the Mogul Stadium. Both varsity and junior varsity will see action in the practice game.

Research League Announces State School Tax Figures

Last year trustees in the 1,061 local school districts adopted budgets totaling \$12.2 billion and levied local property taxes totaling \$5 billion to pay for it. The state provided \$4.8 billion of foundation aid, and the remainder was funded by school lunch and other fees, federal aid, bond sales, and other revenue.

Locally, the Munday ISD's tax levy last year was increased by 1.5 percent for 1986-87 as compared to a 8.2 percent increase for the average school district in Texas.

The figures come from the latest issue of "Bench Marks for 1987-88 School District Budgets in Texas", an annual publication of the Texas Research League, an Austin-based educational corporation engaged in governmental research.

School budgets adopted last year called for spending an average of \$3,088 per student for current operations plus \$281 for interest and repayment of debt and \$464 per student for capital outlay. Munday's budget provided for \$3,541.79 per student for current operations, \$302.85 for debt service, and \$93.30 per student for capital outlay based on the 421 students enrolled in the fall semester of 1986.

The average salary for classroom teachers paid by Munday ISD in 1985-86 was \$22,127. The average among all school districts in Texas was \$24,487 per classroom teacher.

In Munday ISD the average salary for administrators was \$36,813, and \$18,175 for other professional support employees (librarians, counselors, nurses, supervisors, etc.).

Four dollars in five were spent for salaries. Statewide payroll expense averaged \$2,506 per student, as compared to \$2,461 in the Munday ISD. Payroll expense is a combination of salary levels and staffing patterns.

Taxpayers provided one teacher for 13.8 students in the local school compared to a statewide pupil-teacher ratio of 1 to 17.4. Because of small classes, especially at the high school level, and abbreviated teaching schedules, many classes have more than the average number of students.

The average school district imposed a property tax at the rate of 79.3 cents per \$100 of appraised value, which value averaged 93.8% of market value (selling price). The "true tax rate" was 74.3 cents (79.3 times 93.82%) statewide. Locally, the Munday ISD imposed a rate of \$1,300 while property was appraised at 96.1% of its market value, making the true rate \$1,250 per \$100 of market value (selling price).

The report points out that the calculation of a true tax rate based on market value rather than appraised value enables a valid comparison of tax levels with other schools. In 1986, the true tax rate exceeded \$1 in 196 school districts in Texas.

The tax on a house in this district that would sell for \$80,000 would have been \$1,319. If the homeowner were eligible for homestead exemptions, the tax would have been \$1,237, and if owned by a person 65 years or older, the tax on an \$80,000 house in this district would have averaged \$1,072 or less if subject to a tax freeze.

Revenue lost from exemptions exceeded a billion dollars. To balance school budgets, the revenue loss from exemptions was imposed upon other taxpayers in the school district.

Local property taxes plus state aid was \$3,346 per student in Munday ISD as compared to \$3,075 statewide. The primary purpose of state aid is to equalize state and local tax resources among schools. In 1986-87, tax resources ranged from less than \$2,500 per student in 30 districts to more than \$10,000 in eight districts.

B-K Membership Re-Elects Directors

The 41st regular annual meeting of B-K Electric Cooperative, Inc. was held Friday, August 14, in the Seymour High School auditorium. The Imitation Stats provided entertainment to members and guests during the registration period.

Two cooperative employees were recognized and presented service pins by John W. Yates, president of the board of directors.

The election of directors was presided over by Tom Schrandt, District Attorney. Charles T. Porter of Seymour and James Albus of Knox City were re-elected to the board of directors of the cooperative. The members of the cooperative approved an amendment to their Articles of Incorporation which relieved some of the personal liability that could be placed on the directors and officers of the cooperative as provided for in Texas Senate Bill #260.

At the close of the business meeting, Earl Sargent of Wichita Falls did his usual outstanding job of handling the distribution of prizes. Ninety-one prizes were given away to members, with Mrs. Joe Simek winning the grand prize, a Samsung VCR.

Letter To The Publisher

Dear Sir:

Enclosed you will find my check for my subscription to your newspaper.

You have truly gained a fine head basketball coach and football coach in Ralph Klinkerman. Your gain has truly been our loss, a great one. He is a fine basketball coach, as he worked at and on his own time to make my son the truly great player he is now in playing college ball at Midwestern University.

His love for kids and his true dedication to the sports will come to light when you see him in action on the football sideline or basketball court.

You already have a fine program and from all I have read in Texas Football and other articles, you will go far in every sport. Good luck to the Munday Moguls and hope to be going to state to watch you win in every sport.

Sincerely,
Mrs. Deborah Geer

ANDREA LONGAN is seated on her 4-H home designer project - an antique rocker given to her by Marshall Benner. Andrea stripped and refinished the rocker and replaced the seat covering to accessorize the room she designed for the Rolling Plains District home designer competition held last week in Stamford. The work was worth it - Andrea won first place in the contest's junior division, as well as taking honors in the energy-efficiency category.

ELAINA MORGAN REECE
MHS Graduate Is Living In Germany

Elaina Gayle Morgan Reece, daughter of Gerald and Gayle Morgan of Munday, completed correspondence work from Texas Tech University in June and has received her diploma from Munday High School.

A four-year member of the Purple Cloud band, Elaina was named lieutenant of the organization two years and twice served on the flag corps. During her four years in the Future Homemakers of America, she was parliamentarian as a junior and secretary her senior year and won a scholarship award in 1986. She also played basketball two years, was involved in Future Teachers of America and annual staff and was a member of the National Honor Society.

She is married to Sp. 4 Ronald G. Reece, a 1985 graduate of Knox City High School and the son of Danny and Betty Reece of Knox City. He is stationed in Wurzburg, West Germany, where he will serve a three-year tour of duty, and Mrs. Reece plans to continue her education while living in Europe.

Local Sisters Win District 4-H Event

Two Munday 4-H'ers were among 25 girls who participated in the Rolling Plains District home designer event August 13 at Stamford. The local club was well represented by Andrea Longan, who won first place in the junior division, and Kacy Longan, who finished second in the senior category.

Home designer entrants draw a scale poster of a room in a home, using pictures from magazines and catalogues for furniture and accessories. They must include samples of floor and wall covering materials to match their room and must also submit an accessory they have made.

The event was sponsored by the West Texas Utilities Company and the Texas Agricultural Extension Service.

In addition to their prize-winning posters, Andrea and Kacy also won recognition in a special division for energy-saving ideas in the rooms they designed on paper. The girls are the daughters of Bill and Karen Longan.

It's A Girl!

The Saffel residence in Munday is under new management these days. Kimberly Denise arrived at 2:38 p.m. Wednesday, August 12, at Hendrick Medical Center in Abilene, and was at home in Munday the next day, ready to take over. Although at 6 pounds, 12 ounces and 20 inches long she doesn't pack much power, she quickly let it be known that she was firmly in control!

Temporarily taking orders from this little lady are her proud parents, Gerald and Donna Saffel, and her big brothers, Brandon and Shannon. Backing up her every demand is her grandfather, Raymond Saffel of Rule.

TIME TO CONTROL PEACHTREE BORER

Mid to late August is the time to control the peach tree borer. Annual applications to control this pest are the best way to keep the peach tree borer out of your peach trees. Even if you planted young trees this year like Oscar Mangis of Knox City, you need to make an application to control the peach tree borer.

The damage to a peach tree from the peach tree borer occurs while the borer is in the larvae stage. The larvae feed in the cambium layer beneath the bark. Left uncontrolled for several years, they can kill the tree.

Control of the peach tree borer is fairly easy. Insecticides which are effective in controlling the peach tree borer are Chlorpyrifos such as Dursban or Lorsban and endosulfan (Thiodan). Read the label of the product you select to make sure it is for peach tree borer control and how the material is to be used.

When using either of these materials apply a quart to one gallon of insecticide mixture, mixed accord-

ing to label instructions, to the base of the tree. Small trees will require less. Thoroughly wet the lower part of the tree. Be sure not to contaminate the fruit.

Both of these materials have a harvest restriction. Chlorpyrifos cannot be applied within 14 days of harvest. Do not apply endosulfan within 21 days of harvest. Read label for harvest restrictions.

Another material that can be used for peach tree borer control is paradichlorobenzene (PDB) (mothball crystals). After the trees have gone dormant in early November, they can be treated with PDB crystals. The crystals should be placed in a circle around the base of the infested tree, two inches from the tree and covered with six to eight inches of soil. Use 1/4 oz. of crystals for each inch of tree diameter measured 1 foot above the ground. Never apply more than one ounce per tree.

A publication entitled "The Peachtree Borer" is available at the Knox County Extension office.

Kidstuf Preschool Opens September 8

A new pre-school for children age two through five will open its doors Tuesday, September 8, at the Church of Jesus Christ of Latter Day Saints, 540 North Fifth, south of the Munday Nursing Center.

Teachers at Kidstuf Preschool will be Kerri Urbanczyk and Kristi Bufkin, and it will be open from 8:30 til 11:30 a.m. each Tuesday and Thursday. Games and learning activities for pre-schoolers will be provided.

To enroll a child at Kidstuf Preschool, parents should call Mrs. Urbanczyk at 422-5137 or Mrs. Bufkin at 422-4080.

Children can glue macaroni to cardboard. Makes great bumpy designs.

A banana plant is not a tree. It is an herb. The stalk is made of leaves that overlap each other, like a celery stalk.

Brown sugar is white, processed sugar with the molasses put back in.

VRJC Announces Three Fall Classes At Seymour

Vernon Regional Junior College has announced plans to offer three college-transfer courses in Seymour this fall. These courses are taught by fully qualified instructors with extensive training and teaching experience in their fields.

Classes scheduled are English 301, composition and grammar, to be held 6:30-9:30 p.m. Tuesdays; History 301, U.S. history to 1865, 6:30-9:30 p.m. Mondays; and Soc. 321, introductory sociology, 6:30-9:30 p.m. Thursdays.

Local residents who are planning to attend college in the near future will be interested in knowing that significant recent changes have been made in requirements for most college degrees. Even two-year associate degrees, including those in such vocational fields as electronics and office technology, require that students successfully complete at

least 15 semester hours (5 core courses) in general academic subjects.

Core courses include at least one semester of each of the following: freshman English, college algebra, political science and speech. In addition, a course in either fine arts/humanities, natural science/math or behavioral science/social science is required.

The courses being offered in Seymour may be used to fulfill these core course requirements. With the written approval of local public school officials, high school seniors are allowed to enroll in these courses for college credit.

Registration for VRJC courses will be held in the Seymour High School beginning at 6:00 p.m., August 31. Additional information is available from Beth Arnold, phone 888-5392, or the registrar at VRJC, phone 552-6291.

GEORGE E. RISTER, son of David and Earlene Rister of Ft. Worth and grandson of Marie and Edward Burns of Munday, has received a four-year scholarship to play football for East Texas State University at Commerce. A 1987 graduate of Castleberry High School in River Oaks, Rister was a two-year letterman for the Castleberry Lions and was named to the All-District second team as a tight end last season. He was also listed in Who's Who in the Castleberry yearbook. Rister is a tight end prospect at ETSU.

Potential Retirees Should Take Time To Plan Ahead

People who plan to retire at the end of the year should take some time soon to think about Social Security retirement benefits, according to Frances Braden, Social Security representative in Vernon.

A person should apply for Social Security benefits two or three months before they plan to retire. This way, benefits can begin shortly after income from work stops.

Before applying a person should get the necessary evidence together, Braden said. This will save time at application time. The first item a person needs is their Social Security card or a record of the number.

Next, proof of age is required. Preferred proof is an official record of birth or baptism recorded before age five. If this does not exist, other proofs can be submitted. The people at the Vernon Social Security office can explain what kinds of other evidence can be used.

Records that might be used include school, church, State or Federal census, insurance policies, marriage, passports, employment, military service, children's birth certificates, union, immigration or naturalization. This is not an ex-

clusive list and other records may be acceptable.

Form W-2 or self-employment tax return for the previous year should be provided. These are needed because recent earnings reports may not be in Social Security records.

A husband or wife who also plans to apply should have about the same documents. A marriage certificate may be required, but is not always needed. Information about any previous marriages is also needed.

Birth certificates of any young, unmarried children should be available.

Additional documentation may be required, depending on the particulars of certain cases. The people at the Vernon Social Security office will be glad to answer questions about retirement applications.

The Vernon Social Security office is located at 1701 Cumberland and the telephone number is 817-552-9346.

By Nancy Cypert

The residents would like to thank the family council for arranging for them to enjoy homemade ice cream in June, July and August. And a big thanks goes to each of those who has brought the ice cream: Latrace Lane, LaRue Patton, Etta Jean Searcey, Olga Jim Reid, Alice McNeill, Annie B. Lain, Dena King, Leona Partridge, Geneva Pennartz, Eula Mae Parks, Elaine Gulley, Nancy Cypert, Betty Baker, Betty Tidwell and Linda Reddell.

Mr. and Mrs. Charles Atkinson of Goree and Mr. and Mrs. Jerry Atkinson and Matt of Haskell visited Lock Atkinson last week.

Becky Taylor and Amy Huffman came several times last week and helped with exercise and current events. Thanks to these girls for sharing their time with us.

Visiting Mary Johnson were Jewel Ford, Iola Hudson and Mona Cook of Knox City, Laura Moylette of Wichita Falls, Stuart, Mandi and Alisha Lane of Ft. Worth, Walter Patton, Penny Hahn and Ed Bover-

mann, all of Houston.

The residents had a watermelon feast last Monday afternoon and really enjoyed it. Many thanks to Dean Feemster for furnishing the watermelons.

Mr. and Mrs. R.T. Rea of Killeen visited his sister, Loma Hall, last week.

The residents really enjoyed shelling blackeyed peas last week. A lot of old stories were remembered and shared. Our thanks to Wendell Partridge for bringing us the black-eyed peas.

Eula Mae Parks and Faye Stone came Tuesday afternoon and called bingo for the residents. Each player received ice cream bars as their prize. Many thanks to Eula Mae and Faye for coming.

Visiting Linnie West last week were Marcelle Jackson and Vina Clark of Dallas and Jack Moore of Holliday.

Ray Hunter came Wednesday morning for devotional with the residents. They look forward to this time with Ray and always enjoy his devotionals. They also enjoy seeing and visiting with the church members. Thanks to everyone who takes part in these activities.

The Senior Citizens were hostesses for the August birthday party on Wednesday afternoon. Residents celebrating August birthdays are Clair Wilde and Vashtie Carlton. The residents enjoyed refreshments and singing. Thanks to the Senior Citizens for a good party.

Randall and Nancy Parks visited Ruby E. West last week. They are

missionaries in Egypt and were on furlough. Also visiting Ruby was her husband, Red West of Red Springs.

Dr. Fidelia Moylette and Rosemarie Brown came Thursday afternoon and called bingo for the residents. Each player received a prize of their choice. Thanks to these ladies for sharing with us.

The Senior Citizens group came Thursday night and played dominoes and 42 with the residents. The dining room was full and our residents enjoyed being with their friends. Thanks to this group.

Visiting Beulah Hosea were Mr. and Mrs. E.B. Hosea of Goree, Mr. and Mrs. Steve Wilson and Cory of Burneyville, Oklahoma and Mr. and Mrs. Ed Gallagher and Eddie of Victoria.

Twelve residents went to the Dairy Queen Friday for lunch. We do this once a month and they really enjoy this outing. We want to thank Shirley Welch and her workers for being so nice to us; also thanks to Dean Feemster and Mary Huffman for helping me transport the residents.

Howard and Ruby Myers came Friday afternoon and held Bible study with the residents. The residents enjoy this each week and appreciate Howard and Ruby. Thanks to them for being so faithful.

The Senior Citizens group came Saturday afternoon and held sing-along with the residents. Thanks to this group for sharing with us each week.

The First Baptist Church in Munday sponsored Sunday afternoon church services at the nursing center. They were really glad to meet the new pastor and his wife, Bro. Pete and Jeane Bradfield. A large crowd from the church attended and this means a lot to the residents. Thanks to Bro. Pete and to everyone that came and shared with us.

Jennifer Searcey of Austin and Leanne Goodin of Abilene spent the weekend with their grandmother, Ruth Griffith.

Childhood Immunizations Are Required By Texas Schools

More than any other preventive health care practice, immunizations begun in childhood and kept current save money, misery and lives. In the U.S., an estimated \$1 billion are saved annually in would-be medical costs because of immunizations against polio, tetanus, measles, rubella (German measles), mumps, and diphtheria.

In Texas proof of vaccinations for these six communicable diseases is required by law for all children registering for day care or public school. In addition, pertussis vaccine is required for children less than 5 years old in day care and public school. The Texas Department of Health (TDH) and the American Academy of Pediatrics recommend pertussis (whooping cough) vaccine for most children through six years old as well.

Wes Hodgson of the TDH immunization division, said, "Today's parents of young children are sometimes too young themselves to remember a time when immunizations were neither available nor required. But a few decades ago, outbreaks and epidemics of killer diseases such as polio and diphtheria not only threatened every child but were occurring more frequently every year."

Hodgson said because of vaccinations, polio and diphtheria are now rare in Texas. In the past ten years, only six cases of diphtheria and four cases of polio, one of them fatal, were reported in the state.

"What some young parents may not realize is that although outbreaks of vaccine preventable diseases are now less frequent in Texas, the diseases can still spread among us. Children are not born immune to these diseases," Hodgson said. "It is important that their parents follow their physicians' advice in scheduling all the necessary vaccinations and boosters, and in keeping accurate records for each child," he added.

Some preventable diseases persist, mainly because parents often do not take them seriously enough to ensure their children's immunizations are up-to-date. In 1986, TDH recorded sporadic outbreaks of measles (398 cases), mumps (239), pertussis (112), rubella (78), and tetanus (12) in the state. Victims in-

cluded unimmunized children as well as adults who had allowed their own immunizations to lapse.

Hodgson said, "Parents who are not sure that their children's vaccinations are current should begin now to update their records, to be ready for the coming school year. Their family physicians should be

able to advise them on any booster shots that are due. Parents who have no family physician, or who cannot afford a private doctor should check with local public health clinics." *****

The Lord's Corner

by Dr. Pete Bradfield

A party of missionaries was sitting at tea one afternoon, when suddenly an ant appeared on the white tablecloth, made its way to one of the tea plates, walked around it, and finding nothing to eat there, made straight for the sugar bowl. After eating some bits of sugar, it went off with a small piece. The party watched it go off the table, down the table leg, along the floor of the room, and disappear underneath the door. Not long afterwards, it returned with several of its relations. Soon they all entered the sugar bowl. After they had eaten their fill of sugar, they all departed, each with a piece of sugar in its mouth.

But that was not all. Presently a swarm of ants arrived to partake of the same sweet food.

What a great lesson those ants teach us. The one who came first of all, went and told others the good news; they in turn went out and told the glad story to many more. Shall we let the ants put us to shame? Surely not. Like Isaiah, the demoniac, the woman of Samaria and others, we must 'go and tell' the glad story of God's redeeming love to others.

See you next week, and remember...those who find the most difficulties in the Bible are those who seldom read it.

Residents Of Local Nursing Center To Collect For Firemen

Residents of the Munday Nursing Center are coming to the aid of the Munday Volunteer Fire Department in their collection of funds to purchase new helmets.

Nursing center residents are asking their families and friends to donate to this cause in memory of a loved one. All money collected by the senior citizens will go to the fire department in appreciation for their service to the community. For those persons who have been putting off making a donation to a charitable organization in memory of a friend or loved one, this is an ideal way to commemorate a life as well as assist a group which contributes a great deal to the well-being of Munday's citizens.

The occupants of the home are pleased to continue being useful in the community, and hope to see a big response to their fund drive. Anyone interested in contributing may leave their donation at the nursing center or contact Nancy Cypert, activities director, at 422-4541.

PREVENTION BEGINS AT HOME

The following article comes from the Alcohol and Drug Information Clearinghouse, Alcoholism Council of Nebraska. It has some good thoughts that I want to share with you.

Prevention begins at home. Parents are the single greatest influence upon their children and have a major role in determining whether or not their kids will experience alcohol or drug problems. The first step in helping kids is learning what to do. The following prevention guide has been assembled to assist parents. Please save this and post it where you can refer to it often. IT WORKS!

START TALKING TO KIDS EARLY

Attitudes about alcohol and drugs are formed early in life, so look for triggers -- times when an alcohol or drug related happening has caught your child's interest -- and use the opportunity to give them your views and accurate information.

For example, if your kids are watching a show that portrays drug use as funny or grown up, you might say something like, "This program doesn't show the other side of drugs. Some of the bad things that could happen are..."

Remember, most kids have their first alcohol or drug experience be-

tween the ages of 12 and 14. The earlier you begin talking openly and naturally about alcohol and drugs to kids, the more likely they are to accept your views and information rather than relying on peers or the media.

SET RULES AND CONSEQUENCES

Kids are less likely to use alcohol and drugs if their parents disapprove of such use and tell them so -- clearly and firmly. This means telling kids what you expect of them and imposing consequences if they don't honor those expectations. Here is a simple four-step process:

1. Have in mind exactly what you expect. Come to agreement with your child's other parent. (For both health and legal reasons, we recommend no use of illegal drugs ever, and no use of alcohol until of legal age.)
2. Sit down with your kids and tell them exactly what you expect and why. Make sure they understand. Let them know you are serious.
3. Tell them what will happen if they don't honor your expectations. Choose consequences that are immediate and important to your child.
4. Be prepared to follow through. Be realistic about consequences -- if you make them too severe, you may be reluctant to impose them. Certainty and consistency is more important than severity.

Cable TV Service Airs Special Pay Channel Price

Harmon Cable Communications will offer a "Back-To-School Sale" for new subscribers to The Disney Channel, featuring 99¢ installation and a 99¢ first month's service. The offer begins August 17 and ends October 2, said Gigi Barnett, system manager for Harmon Cable Communications.

Harmon Cable is offering the same 99¢ installation and 99¢ for the first month of service for any new subscription to The Disney Channel, HBO, or Showtime. For more information, contact the Harmon Cable office at Enterprise 2406.

"Sleeping Beauty", one of the classics of Disney animation, will make its exclusive world television premiere on The Disney Channel

this fall. "Sleeping Beauty" is the seventh full-length Disney animated masterpiece to make its television debut on the channel, following "Pinocchio," "Alice in Wonderland," "Dumbo" and other timeless favorites.

"The Disney Channel offers high quality programming that the entire family can enjoy," noted Ms. Barnett. "We are pleased to make The Disney Channel available to our customers and believe that many of them will take advantage of this special opportunity."

Besides animated classics, The Disney Channel, which is on the air 24 hours a day, offers full-length movies, original series, specials and miniseries. Subscribers receive free "The Disney Channel Magazine," a full-sized, full-color publication that provides programming information, feature articles and suggestions for encouraging children to read and write.

The Disney Channel, the nation's fastest-growing major pay television service, has more than 3 million subscribers and 4,300 affiliates. It is a subsidiary of the Walt Disney Company.

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

WEATHER!

Sunday afternoon found us at Benjamin in the middle of a spring thunderstorm in mid-August. Lots of lightning, high winds, rain and some marble size hail greeted us around 4:30 or 5:00 p.m. Several residents reported wind damage to trees and antennas and there was a report or two of lightning damage. After it was all over, we had 1½ inches of rain in our rain gauge. And it did cool things off for a little while.

UNDERGOES SURGERY

Judy Conner is recuperating in Lubbock General Hospital after undergoing hip surgery there last Thursday. She is feeling better and was taken out of ICU on Saturday night. If her progress continues, she may be able to come home in a couple of days. Send her a card to her home here. It will perk her up. We wish Judy a speedy recovery. With Judy for her surgery were her parents, Bobby and Philomae Roberson, her sister, Kathie Waldron, aunts Corrine Parrish of Franklin and Robbie Feemster of Vera and Larry, Jeff and Jim Bob Conner.

HERE AND THERE

Lots of Benjamin folk weathered the heat and humidity this past weekend to attend the seventh annual Ranch Roundup in Wichita Falls. Among those attending were Togo and Lucille Moorhouse, Tom, Sue, Jed, and Jodi Moorhouse, Lonnie, Dolly, Jennifer and little Lonnie Vincent, Fred and Jan Carver, Trenna and Kynn Patterson, Michelle Bufkin, Jack, Christi, Rhonda and Jay Whitten, James and Stacia Propps, Danny Hudson and Nell Hudson. I'm sure there are many, many more but I don't have their names. Everyone said they had a great time.

Sandra, Mark and Nikki Oxford of Wichita Falls visited his parents, Sue and David Oxford, during the weekend.

Recent guests of Togo and Lucille Moorhouse were Joe and Mary Doby of Washington on The Brazos. Joe is a former Extension agent in Knox County, having been here in the late 60's. They attended services at First Christian Church on Sunday and enjoyed renewing old acquaintances.

Julia Propps had company recently from Colorado. They were Mike and Patricia Price, Lisa and Sheryl, of Denver.

Kathy Woolley and children, Daniel and James, of Spur visited Bo Milson and the K.E. Woolleys Wednesday night.

Virginia Griffith and Audrey Nolan are in Lubbock today (Monday) for Virginia to undergo a medical checkup.

Kathie Waldron took her son, Tres, and some of his friends to

Wichita Falls Sunday afternoon to celebrate Tres' 14th birthday. They enjoyed an afternoon of doing things teenage boys enjoy.

LATEST CEMETERY ASSOC. DONORS

Most recent donors to the Benjamin Cemetery Association are the Bobby Robersons, the Dutch Youngs, the Leroy Wests, Evelyn Balis, the Van Greens, Mrs. J.B. Moorhouse and the Sammy Pierces.

And again, thanks to everyone! Everything is appreciated.

LOOK WHO'S HERE

Cathy and Billy Carl Benson are proud to announce the arrival of Laura Kathryn. She arrived Wednesday, August 12, at Wilbarger General Hospital in Vernon. She weighed 5 lb. 8 oz. and was 17¾ inches long. She has two sets of grandparents, Bill and Pat Benson of Benjamin and J.B. and Ina Reynolds of Knox City, and a maternal great-grandfather, R.L. Guthrie of Palestine.

She also has a big brother, "Bubba", who is just about two years old and really proud of his "Sissy".

RETURN FROM TRIP

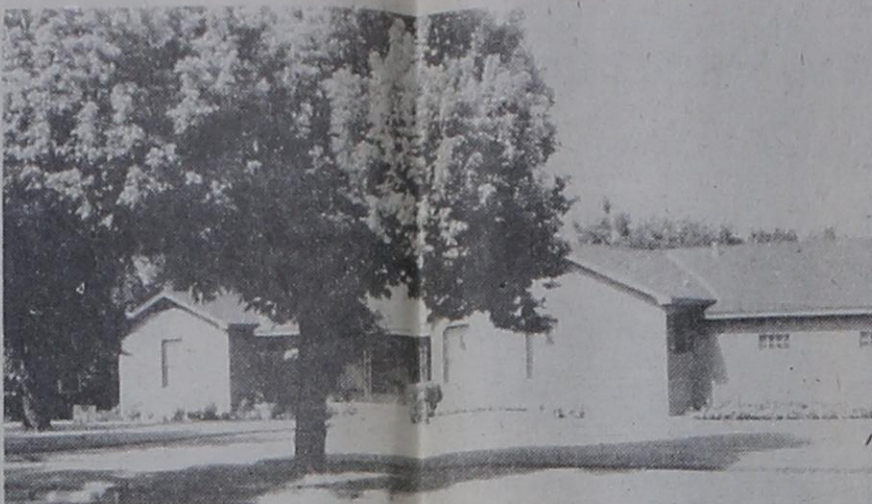

Kenneth and Jessie Roberts returned home last Wednesday from several weeks vacation in the Northwest including Sequoia and Yosemite National Parks in California. In Oregon they visited Crater Lake, Rogue River National Park and the Columbia River Gorge. From there it was on to Washington State where they visited the Mount St. Helens Interpretive Center, Olympic National Park and the Lewis and Clark Interpretive Center in Fort Canby National Park and took a ferry to Vancouver Islands via the San Juan Islands. There they visited the world-famous Butchart Gardens. They enjoyed a beautiful drive down the Alaska Highway to Alaska.

In Alaska they visited Fairbanks, Denali National Park, Anchorage, Semard, Portage and Valdez. From Valdez, they took a cruise out to Columbia Glacier.

They visited museums, took hikes and took in national park interpretive programs along the way. While in Anchorage they visited John, Barbara, John, Karl and Carmack Cox. Barbara will be remembered as Barbara Brannan.

On July 4, when they turned into a camp ground in Whitehorse, Yukon Territory, they saw Penny Winchester of Munday walking across the street in front of them. Later they traveled with Penny and Bob and granddaughter Amanda Gulley for a couple of days and said that was lots of fun. Small world after all!

Bill and Mildred Lane of Haskell were also at the same campground and since this was the 4th of July,

AS THE HOT DAYS of August continue, shade trees grow to be an increasingly important commodity. There is plenty of shade at the home of Tony and Lisa Myers at 721 South 7th Avenue, where hanging baskets on the porch, low brick planters and filled beds of flowers and greenery serve as a perfect backdrop for the large expanse of lawn. Munday Garden Club judges chose this as their Yard of the Week.

they all celebrated by going to see the "Frantic Follies", a musical that featured Robert Service poetry.

They had a great time on their trip but were glad to be home where they were welcomed back by a family party in the home of daughter Nancy and her family, Fred and Chris McGreger, on Saturday night, August 15. The Dennis Dukes and the Don Roberts of O'Brien were also present.

Community Calendar

- August 20 - Brown bag lunch; Chamber of Commerce.
- August 21 - Hamlin vs. Munday scrimmage here.
- August 24 - Fire Department.
- August 25 - Lions Club; Futures and options seminar.

Letter To The Editor

August 15, 1987

We got our paper this morning and we are sending you a check for one more year for the Courier. I enjoy reading the Courier very much. I like to keep up on the things that are going on up there.

It was so sad to read about Martha Franklin. My brothers, Homer Belcher and Wayne and I were real good friends with Jane and Martha over the past years.

I would like to share this little reading with everyone.

The world would sure be a happier spot if people were friendly more often than not. Cause nothing brings sunshine and joy without end, like a warm, cozy place in the heart of a friend.

Keep up the good work.

Local Woman Takes Pride In Own Home

Making the last payment on a home is a milestone in anyone's life. But when it happens for the first time at age 77, it's an even more special occurrence!

Mrs. Myrtle Sullivan of Munday finished paying for her first home August 1. She began making payments on the residence at 450 North Munday Avenue four years ago, living on Social Security and what she earns caring for "older" persons.

Mrs. Sullivan was born June 16, 1910, in Munday and later moved to Silverton, then relocated in the San Joaquin Valley of California. She married Van L. Sullivan and had two children, Phillip and Vaita, who now live in Abilene and Lubbock, respectively. When her husband died, she moved back to Silverton, then settled in Munday.

A retired licensed vocational nurse, Mrs. Sullivan is an active member of the Munday Church of Christ and regularly visits residents of the Munday Nursing Center where her 93-year-old aunt lives. Her daughter-in-law, Paula Sullivan, says, "Myrtle's philosophy of life is work. She says 'always do three things every day and you will be happy - do something for someone else; do something you don't want to do; and do something for yourself.'"

Mrs. Sullivan owns the large lot next to her house and maintains a flower and vegetable garden on it. In addition to her numerous activities she also finds time to brag about the six grandchildren of whom she is very proud: Travis, Shane, Andrea, Slade, Kara and Dusty, who range in age from 8 to 16.

Fall Calendar Of Events Released By Tourism Department

Country fairs, county fairs, and the giant of them all, the State Fair of Texas, are as traditional in Texas as is football when the crisp, clear days of autumn roll around. Dozens of fairs, many that include the excitement of rodeos, are among listings in the latest Calendar of Texas Events, just issued by the State Department of Highways and Public Transportation.

The fall calendar spans the months of September, October, and November -- months that many believe bring the year's best weather to the Lone Star State.

During September the Hispanic heritage of Texas will be remembered in many communities as everyone joins to celebrate the anniversary of the start of Mexico's revolt in 1810 that led to independence.

In October, Texas' Germanic heritage is noted as Oktoberfest celebrations combine with the fairs to provide Texas-style entertainment.

There's more Texas-style fun, too, as chili chefs compete with their versions of the Texas state dish. But Texans don't limit their culinary skills only to chili. They'll be cooking and sampling such diverse specialties as oatmeal, barbecue, colaches, fried chicken, stew, dove, pies, pinto beans, gumbo, rice, pumpkin, corn, shrimp, and pecans...not to mention a jalapeno-eating contest and a wine-tasting.

The fall Calendar of Texas Events lists where and when more than 700 happenings are scheduled. Free individual copies are available at any Texas Tourist Bureau, or by mail from Calendar of Texas Events, Box 5064, Austin, TX 78763.

The sun weighs about 2.2 billion billion tons, and was 35 to 50 percent dimmer in its infancy - 4.5 billion years ago - than it is today.

With all the rain our neighboring towns received, we must report 0. Not even a sprinkle! Our turn will come (hope the cotton can hold up until it does.)!

Mr. and Mrs. Morris Walker and Deana of Argile were weekend visitors in the home of Mr. and Mrs. Jerry Walker and attended memorial services for their aunt, Flossie Walker of Haskell.

Other guests of the Walkers were Cindy Parrott, Justin and Rance, of Wichita Falls.

Members of the Church of Christ were invited to a sandwich and ice cream supper in the home of Mr. and Mrs. Roy Plemister on Sunday night.

YATES REUNION

Approximately 40 descendants of the Charlie and Mary Yates family of Munday recently gathered at the Stamford Marina for their annual reunion.

Usual activities were the order of the day, with boating, fishing, swimming and of course eating, as family members gathered from various towns. Towns of Hurst, O'Donnell, Lamesa, El Campo, Munday, Goree and Weinert were represented. Charlie and Mary are both deceased, but left a loving, living, heritage.

EARP REUNION

The family of John Earp and the late Ruth Earp met at the farm home of Ricky and Karen Harlan to celebrate the 91st birthday of John Earp Sr.

Forty of John's family spent the day together, with the usual activities that accompany family get-togethers.

In his youth, John was an avid baseball player, and many from our community have watched him in action over the years. He resides in Rice Springs Home at this time and enjoys visiting with friends.

A daughter, Beth Haskell of Pampa, was unable to attend the festivities.

Happy Birthday John. We all love you and hope you have many more to celebrate.

Buck and Helen Turnbow have returned from Stanton, where Buck was honored on his birthday with a gathering of his grandchildren in the home of his daughter, Jeanine and Gene Perry. Buck reports royal treatment and food fit for a king (don't all daughters think their father is just that?)

Helen Boykin and Jimmy and Harlan Weinert have returned from an extended tour of the British Isles. They spent several days in England, Ireland and Scotland, and have many exciting things to relate. The weather was cold and it rained quite a bit, and of course, no one took a suitcase full of our Texas sunshine! Everyone stayed well and all 14 of the group had a "jolly good time." They were escorted by Nancy and Bailey Toliver of Haskell, who work through International Travel Co.

Jimmy and Gayle White and Kevin, spent a few days in Ft. Worth with his sister's family, the Jimmy Hackneys. It was Kevin's last outing of the summer before football practice began. He is a senior in Weinert High School.

Debbie Hutchinson returned to her home in Junction on Tuesday after spending the summer in Weinert with her parents, Lester and Kathi Hutchinson. Debbie is a first grade teacher in the Junction school, and has been attending workshops and seminars for several weeks.

Linda Mahan, Len and Donald, spent the weekend at Lake Coleman with her parents, Mr. and Mrs. Howard Lawson.

Mr. Lawson is employed with an oil company stationed in Saudi Arabia, and will be returning to his job this week.

Congratulations to Kim Forehand Stewart, who graduated from Midwestern University in Wichita Falls on Thursday with a 3.4 grade point average and a BBA degree in accounting.

Kim has been commuting to classes, and is also a full-time farmer's wife, and is due a lot of praise. She is married to Mark Stewart. Kim is looking toward being a Certified Public Accountant, and we are sure she will make it.

Congratulations to Christy Guess Herricks who has finished her college work at Midwestern also, and will be living in Throckmorton where she has been added to the school faculty there.

Happy Birthday to Gloria Castillo, Jeremy Hager, Chat Adams and Toby Yates.

We extend sympathy to the family of Mrs. T.C. (Flossie) Walker, whose memorial services were held in Haskell on Sunday, August 16. She and her family lived here for many years. We share fond memories of them all, and are very grieved at her sudden demise.

OUR SICK

Sarah Guess joined our sick list on Monday as she underwent surgery in Hendrick Medical Center in Abilene. Our prayers are for a speedy and complete recovery.

Our other sick are doing well, and will soon be back to their good health.

R.S. Sanders has completed all of his chemo-therapy, and is gaining his strength back gradually. He looks toward a complete physical at Houston in October, and hopefully, a good report.

Billy Allen of Phoenix is doing as well as can be expected following his heart valve surgery.

Bertie Alexander fell and broke her small finger last week. She was gathering her peach crop. She is not feeling well.

Mrs. Ila Moody will continue her stay in Hendrick Medical Center for several more days.

Ida Farrel is getting up with a walker now, and though progress is slow she is improving daily.

Brenda Sanders is recuperating nicely following her surgery.

Thought for the day: Most folks are as happy as they make up their minds to be. -Abe Lincoln

You have a nice day!

We are glad you are reading the Munday Courier, and we hope you enjoy each issue.
