AFTER THURSDAY AND FRIDAY EVENTS

## '88 Vegetable Festival Activities In Store Saturday In Munday

All roads lead to downtown Munday this weekend, as the Knox County Vegetable Festival unfolds Thursday and Friday nights and all day Saturday. Local vegetables are in the spotlight, and events, exhibits, games and entertainment have been planned to include the entire family.

Charles Durham was in charge of the team penning which was held Tuesday night. Results from that event will be published next week along with other festival prize winners.

The festival parade is set for 7 p.m. Thursday, June 16, with Gary Kuehler serving as chairman. Parade sponsors are Zeissel Brothers, Riverside Terra, Tri-State Chemicals, Knox Prairie Co-op, Rhineland Co-op Gin, Farmers Grain Co-op and Munday Gin and Seed.

Parade entries must be ready to leave the high school at 7 p.m. A cash prize of \$100 will be awarded to the best overall theme entry. Other prizes include \$50 for the best adult entry and \$25 for the top children's entry which follow the vegetable theme. Floats, walkers, vehicles, bicycles and horseback riders are invited to participate in the parade, which will travel to the downtown area and back to the football field.

Following the parade will be the Anything Goes contests. Boyd Lynn Meers and Don Welch have designed a variety of contests which should challenge the dexterity of any athlete but are easy enough for the less agile participants. The Munday Gymdandeez will also perform, and a concession stand featuring hamburgers and soft drinks will be manned by Munday Ambulance Service volunteers. Proceeds will be added to the fund for

### Noah Volunteers To Sell Produce At Vegetable Festival

The Noah Project-North will participate in this year's Knox County Vegetable Festival Saturday, June 18. Activities will begin at 9 a.m.

According to Betsy Nanny, outreach coordinator for the project, they will be selling new crop potatoes and, hopefully, cucumbers furnished by TXS Vegetable Producers owned by Larry Smith and Joe Tidwell. Other produce available will be seedless watermelons, whole or by the slice, donated by American Sunmelons, Donald and Kay Johnson, growers and representatives.

For the youngsters, clown face painting will be done by project volunteers. All proceeds will go toward funding the Noah Project.

### Zeissel, Owens Win Golf Club Scramble

Winning the Lake Creek Golf Club's weekly scramble Sunday was the twosome of Wayne Zeissel and Danny Owens, who followed a two-under-par 33 on the first nine holes with an even better 31 in the second round for a total six-under 64.

Runners-up were the teams of Don Coffman, Dick Moore and Marion Waggoner and W.O. Ratliff, Jack Nuckols and Louis Wise with identical scores of 65. Three strokes off the pace with a 67 were Johnny Earp, Neil Waggoner and Bob Bowen.

Coming in at one-under-par 69 were Chris Moore, Alvin Michalik and Stacia Cook, and finishing one-over-par with a 71 were Kent Josselet, Ed Jetton and David Owens.

Another scramble will be held Sunday, June 19, to give others a chance to get out of the house and do something they enjoy on their special day. The scramble will begin at 1 p.m. and all area golfers are invited to participate.

purchasing a new ambulance. Admission to the Anything Goes contests is the purchase of a specialty item from the Chamber of Commerce.

The Munday High School auditorium will be the scene of activity Friday night, as the festival pageant is scheduled for 7 p.m. Fifty-four young ladies are competing for titles in preschool, kindergarten and high school divisions, and a queen and two runners-up will be crowned in each. Names of all the contestants and more details about the pageant can be found in an article in the special tabloid section of this week's Courier. Kerri Urbanczyk, chairman, urges everyone who plans to attend the pageant to purchase advance tickets, as open ticket sales will be conducted at the door only between 6:45 and 7, and the auditorium will probably be filled by that time. An advance ticket will almost be a must to get a good seat. Tickets are available from the high school pageant entries, from Mrs. Urbanczyk and various Munday businesses.

A 10K run kicks off Saturday's activities at 8 a.m. Entries must register at the Chamber of Commerce office, and age groups include 13 to 17, 18 to 24, 25 to 30, 31 to 35, 36 to 40, 41 to 49 and 50 and over, in both male and female categories. Trophies will be awarded to first place male and female finishers, and medals will be provided for first, second and third place winners in each division.

In conjunction with the 10K run, a children's fun run of one mile will also be held for youngsters under 13 years of age. They must also register at the chamber office.

Entries for the flower show, which will be held in the City Hall drivers license office and the adjacent hall, are due between 7 and 11 a.m., and the exhibit opens at noon. Major prizes will go to the best horticultural and arrangement entries, and ribbons will be awarded in several categories. Sara Offutt and her fellow Munday Garden Club members will handle show arrangements.

Entries for the baked and preserved foods division, the cake decorating contest and the vegetable exhibit will be accepted between 8 and 9 a.m. at the firemen's meeting hall at the fire station. County Extension Agent Jane Rowan is in charge of the baked and preserved foods, and sweepstakes prizes for both categories will be available, as well as ribbons for individual entries. The best overall home gardener will receive a plaque after vegetables have been judged, and top adult, junior and commercial

entries will also be presented awards. David Bordovsky is directing this event. The meeting room will be open for public viewing of the entries at 11 a.m.

A dedication ceremony set for 10 a.m. in the lot between the Fair Store and Munday Auto Supply will formally dedicate this year's festival to the family of the late B.E. Smith, one of the early Knox County vegetable growing pioneers. James Amerson, president of the Chamber of Commerce, will make the presentation. Festival officials, dignitaries and queens crowned the preceding evening will also be recognized, and the stage will then be turned over to the entertainers. Musicians will include the Minor Chords, the Brownie Tackett band, the Munday Community Choir and Gary Hale of Goree, and they will present informal programs until 3 p.m.

Booths will line the sidewalks in front of the blocks containing the Fair Store, the WTU office and the Munday Courier office, and a wide variety of arts and crafts and refreshments will be available. Some booths will also feature commercial displays. Food items will include hamburgers, fajitas and tacos, and soft drinks, snowcones and ice cream sandwiches sound like ideal thirst-quenchers and cool snacks to ward off the June sunshine.

The Knox County Historical Commission will sponsor a square dance exhibition, bingo booth and bake sale. The commission will also man a booth to display some of the projects they are working on, such as county school and cemetery surveys. Proceeds from their activities will go towards the Knox County Museum fund.

(See Vegetable Festival, Page 2)

## City Awards Bid For Street Seal Coating

The City Council of the City of Munday, Texas met in regular session on June 7 at the Munday City Hall.

Members present were Mayor Doris Dickerson and aldermen Jessie Tucker, Garon Tidwell, Gene Brown, Jessie Andrade and Richard Albus. Gary Coltharp was also present. Members absent: none.

Mayor Dickerson called the meeting to order. Minutes of the May 10 regular meeting were read. Brown moved minutes be approved as written. Tucker seconded. All for.

First business was opening of bids on the 1988 proposed street seal coat

DAVID COUNTS

ON GENERAL ELECTION BALLOT

## County Man To Replace Carriker In November

Knox City businessman David Counts was chosen Tuesday night by Democratic chairs of the 78th District to replace state Rep. Steve Carriker as nominee for the district's House seat.

Taylor County Democratic Chairman A.L. "Dusty" Rhodes of Abilene conducted the "unofficial" meeting, which was described by district leaders as "gentlemen's agreement."

Rhodes gave the district chairmen the opportunity to select someone else to conduct the meeting, but they all voted unanimously to have him continue with the usual meeting.

Of the 12 Democratic chairmen, ten votes were cast. Counts, Knox County Democratic chairman for the past eight years, chose not to vote, passing instead, and Lynn County Democratic chairman Tommy Lawson was not present. Of

## Doctor Announces Plans To Open Practice Here

Dr. Terry W. Springer, an M.D. general practitioner from Ft. Worth, announced his plans to open a general family practice in Knox County on October 1 at a recent hospital board meeting.

D.L. Stout, administrator of the Knox County Hospital, said that final details are still to be worked out, however it has been decided that Dr. Springer will work in the Munday clinic in the mornings and in the Knox City clinic in the afternoons. His Munday office will be in the old Newsom clinic.

A 30-year-old bachelor, Dr. Springer is engaged to Anita Varela,

a registered nurse from Vernon. They plan to marry in December. Both the doctor and his fiancée were very complimentary of the hospital and the Knox County area, according to Stout.

The hospital board of directors, the local physician search committee and Dr. N.D. Neufeld of Knox City welcome the new physician to the county with open arms. Said Stout, "We are all looking forward to October 1, when by the grace of God, a new physician will be rendering medical services to county residents."

More information about the new doctor will be published in the Courier as it is released by the hospital board.

## Weinert Baptist Revival Announced

Revival services at Weinert Baptist Church have been scheduled for Sunday, June 19 through Wednesday, June 22. Sunday services will be at 11 a.m. and 7 p.m. with weekday services slated for 8 p.m.

Preaching the revival will be evangelist Paul Burleson of Broken Arrow, Oklahoma. A full-time revivalist, Rev. Burleson has pastored churches in Oklahoma and Texas for the past 26 years, most recently Southcliff Baptist Church in Fort Worth and First Baptist Church in Broken Arrow, Oklahoma. He received his education at Oklahoma Baptist University and Southwestern Baptist Theological Seminary in Ft. Worth. He has served on the Southern Baptist Foreign Mission Board and has been past president of the Texas Alumni of Southwestern Seminary. He is married with four children and six grandchildren.

Music for the revival will be led by Doug Bromley, a student at Hardin-Simmons University. Bromley is originally from Kennewick, Washington and has served as music and youth director for First Baptist Church in Cisco for one year. He is married, and both he and his wife are H-SU students.

Sunday evening after the service there will be a youth fellowship, and Monday evening before the service a meal will be provided for all children through sixth grade.

## Judge Hears Cases In District Court

Several cases were heard in district court in Benjamin on June 1 by District Judge David Hajek. District Attorney Tom Schrandt represented the state.

Jefferson Betts pled guilty to a charge of passing a forged instrument and was placed on probation for three years with a \$500 fine. Pretrial motions were considered in the cases of Derrick Hardin and Charles McCrary, both charged with burglary of a vehicle. Trial date will be set later.

Defendants who were arraigned included Steve Oudems, charged with attempted murder; Wayne Clark, charged with sexual assault; and Bennie Robinson, charged with five counts of burglary of a vehicle.

## Weather Report

Following is the weather report for seven days ending Monday, June 13, 1988, as compiled and recorded by Goodson Sellers, local U.S. weather observer.

	TEMPERATURE	HIGH	LOW

SCRAMBLE WINNERS: Wayne Zeissel, left, and Danny Owens combined their golf talents to win the Lake Creek Golf Club scramble last Sunday, shooting a 64. Another scramble is scheduled for 1 p.m. Sunday, June 19, to commemorate Fathers Day.

project. Robert Hosea was present to check bids, bonds, etc. Mayor Dickerson opened bids from Coltharp Construction Co., Seymour; Zaik Burkett Const. Co., Graham; Lipham Construction Co., Aspermont; and High Plains Sand Co., Kanapolis, Kansas. Bids were on Grade 5, surface rock and alternate Grade 4 surface rock. After examination of bids, the council agreed to go with the alternate grade 4 since it was deemed adequate and the savings appeared substantial.

Apparent low bidder was Coltharp Construction Co. of Seymour with an alternate bid of \$18,137.01. Gary Coltharp left the meeting at this time. Hosea reported all were in order with proper bonds or cashiers check as required. Tidwell moved that Coltharp Construction Co. be awarded the bid and sufficient streets be added (these most in need of sealing) to approximately expend the \$20,000 available in Certificate of Obligation account for this purpose (provided contractor will accept the additional square yards at price per square yard as bid). Albus seconded the motion. All members voted for.

Next on the agenda was for a report from Kay Looney in regard to the Texas Department of Commerce application; however she was unable to attend. Tabled.

Henry Dancer met with the council in regard to Police Department vacation time. Extra coverage to allow policemen time off as previously set up by the City Council was clarified. This extra coverage for the 1988 calendar year for the police department is clarified in the January 12, 1988 minutes.

City administrator Hertel reported on swimming pool progress. The pool is now open and functioning well. The building has been completely repainted, pool leakage has been stopped by plugging the

 of the publisher.

**VEGETABLE FESTIVAL**  
 (Continued From Page 1)

Children's games begin at 9 a.m.  
 on the west City Hall lawn.  
 Organized by Juli Decker, events in-  
 clude a vegetable decorating con-  
 test, a sponge throw and a diaper  
 derby with races for crawlers,  
 walkers and tricycle riders. Partici-  
 pants in the tricycle obstacle race  
 should wear a bathing suit or  
 clothing that won't be damaged if it  
 gets wet.

The ever-popular dunking booth  
 will also be part of the activities.  
 Stan Decker is making arrange-  
 ments for this event, and prospec-  
 tive dunkers include cheerleaders,  
 coaches and public officials.

One of the most important parts  
 of the festival is the producers' market  
 showcasing the vegetables  
 people come from miles around to  
 buy. Potatoes, onions, squash,  
 seedless watermelons and various  
 plants should be available for pur-  
 chase Saturday. The market will be  
 located on the east side of the City  
 Hall lawn and will be open  
 throughout the day.

Activities in town will begin wind-  
 ing down about 4 p.m. and persons  
 who had left entries to be judged in  
 any contest should pick them up  
 soon after that or they will become  
 the property of the festival com-  
 mittee.

But the festival won't be over that  
 afternoon. A dance featuring  
 popular country music by T-Bone  
 Road is slated for 9 p.m. to 1 a.m.  
 at the Rhineland gym. Admission is  
 \$5 per person, and the Chamber of  
 Commerce will sponsor a conces-  
 sion stand.

Other committee chairmen who  
 deserve recognition for their efforts  
 include Kathy Bowen, publicity;  
 and Paula Schur and Perry Kuehler,  
 entertainment. They and all the  
 other organizers have worked hard  
 to put together a successful festival  
 and deserve commendations for  
 their service to the community.

Everyone in the county and out-  
 lying areas is urged to take part in  
 the festival event and enjoy watch-  
 ing the various activities. Results of  
 all the contests will be published  
 next week in the Courier.

**MEMBERS OF THE MUNDAY** Little League Red Sox are pictured  
 above. In back row from left are Donny Browning, Kole Sanders, Tony  
 Morgan and Jeff Cook. In front row are Roberto Nunez, Jason Hise,  
 Rigo Nunez and Charlie Browning. Not pictured is Ricky Taylor. These  
 young men are coached by Donnie Hise and Quinn Smith.

**MHS Graduates Receive  
 College Scholarships**

In addition to the presentation of  
 diplomas, several special awards  
 were announced at the Munday  
 High School commencement exer-  
 cises. Nine members of the  
 graduating class have received  
 scholarships which they will apply  
 toward their college education.

Sam Hunter, son of Johnny and  
 Martha Hunter, won the MHS  
 faculty scholarship presented to a  
 student who has exemplified  
 academic and extracurricular excel-  
 lence and service to the community.  
 He will attend Texas Tech Univer-  
 sity.

Winning the Joe Choucair  
 Memorial Scholarship presented by  
 the Choucair family was Russell  
 Reddell. Russell, son of Jimmy and  
 Linda Reddell, has also been award-  
 ed a \$4,000 scholarship from  
 American Benefit Management  
 Corporation, a Wichita Falls insur-  
 ance company. This scholarship is  
 presented to one area student every  
 year. He will use his scholarships at  
 Texas Tech University.

Alexis Bordovsky won the  
 scholarship given to the highest  
 ranking student in the graduating  
 class. The daughter of Gail Breeland  
 and David Bordovsky, Alexis will  
 attend Texas A&M University.

Bound for McMurtry College this  
 fall is Annette LeFevre, who has  
 won scholarships in music and  
 drama as well as an award from the  
 United Methodist Church. She is the  
 daughter of Steve and Patsy  
 LeFevre.

Corey Moore, salutatorian of the  
 class, will attend Angelo State Uni-  
 versity on a Carr Academic Schol-  
 arship. His parents are Maynard and  
 Carolyn Moore.

Texas Tech University is also the  
 destination of Christi Nelson,  
 daughter of John Lee and Pam Nel-  
 son. She has been awarded a  
 scholarship from the Tech college of  
 agriculture.

Glen Reid has been named a win-  
 ner of the Harrington Academic  
 Scholarship at West Texas State  
 University. Glen is the son of Jim  
 and Marilyn Reid.

Anthony Stinnett will be partici-  
 pating in athletics at Cisco Junior  
 College, where he will attend on a  
 two-year athletic scholarship. He is  
 the son of Ida Jo Stinnett.

Trey Thompson, son of Larry  
 and Cindy Thompson, was the  
 recipient of the Brazos Valley  
 Young Farmers scholarship, and  
 will enroll in Angelo State Uni-  
 versity in the fall.

**Beef Referendum Results Are  
 Viewed As Highly Positive**

National beef checkoff referendum  
 results, announced May 27 by the U.S.  
 Department of Agriculture, were seen  
 as extremely positive by industry,  
 education and research groups in-  
 volved in the effort.

Nationally, 78.97 percent of the eli-  
 gible cattle producers, dairy farmers  
 and importers voted to continue fund-  
 ing the U.S. beef research and promo-  
 tion. Of the 256,505 total ballots cast,  
 202,408 were affirmative votes, while  
 the remaining 54,097 voters registered  
 negative votes, or 21.03 percent re-  
 jected the referendum.

In Texas, 37,945 people voted in the  
 referendum. Affirmative votes were  
 cast by 32,269 persons, or 88 percent.  
 Voting "no" were 5,676 persons, or 12  
 percent.

Dr. Ernest E. Davis, economist in  
 livestock marketing with the Texas  
 A&M University Agricultural Exten-  
 sion Service, said it is very critical that  
 this funding be available to cattlemen  
 not only for advertising and promotion  
 but "also for future research and con-  
 tinuing development of genetically-de-  
 signed cattle to meet consumer and  
 packer carcass and meat demands."

Davis said approval of the referen-  
 dum will allow funds spent on that  
 research to come from cattlemen rather  
 than private funding. "This means that  
 cattlemen may own the genetics, in-  
 stead of a private company."

Passage of the referendum will per-  
 mit long-range information planning  
 that will benefit all segments of the

beef industry, said Dr. John R. Bever-  
 ly, beef cattle project group supervisor  
 for the Texas A&M University Agri-  
 cultural Extension Service.

"Broader promotion and informa-  
 tion projects can now be planned in  
 this post-referendum period. Besides  
 product development research and pro-  
 motion, more comprehensive  
 marketing research and educational ef-  
 forts can be generated that should have  
 a positive impact on all phases of the  
 beef industry," Beverly said.

According to Anne Anderson, exe-  
 cutive director of the Texas Beef In-  
 dustry Council in Austin, strategies to  
 be used to influence consumers will in-  
 clude reaching them through education  
 of physicians, dietitians, nutritionists  
 and children -- the consumers of the  
 future.

"The Beef Industry Council will  
 strive to reposition beef as a food that  
 is fashionable, light, healthy, whole-  
 some, versatile, nutritious and good  
 tasting by working with food editors of  
 magazines as well as the broadcast  
 media," Anderson said.

The referendum provides the ac-  
 countability needed so producers are  
 aware that funding decisions have been  
 made by producers, Anderson said.

The beef checkoff program, which  
 began Oct. 1 of 1986 as a result of the  
 1985 Farm Bill's Beef Promotion and  
 Research Act, required that \$1 from  
 every head of cattle sold or imported in  
 the U.S. be put aside for beef promo-  
 tion and marketing efforts. The pro-  
 gram is controlled by a 113-member  
 board of 108 producers and five impor-  
 ters.

## Leonard-Waggoner Vows Are Solemnized Here Saturday

Paula Gail Waggoner became the bride of Perry Dale Leonard in a double-ring ceremony at three o'clock in the afternoon on Saturday, June 11, at the First Baptist Church in Munday. Dr. Pete Bradford, pastor of the church, officiated.

Parents of the bride are Mr. and Mrs. M.L. Waggoner of Munday. The groom is the son of Mr. and Mrs. Ray Dunlap of Roscoe.

The couple exchanged vows under an archway covered with greenery and accented with white doves and a peach and Williamsburg blue bow. A pair of candelabras appointed with sonya, apricot and Williamsburg blue silk flowers and crystal prisms flanked the arch. Runners of lily-of-the-valley and votive candles lined the altar rails, and pews were marked with peach satin bows.

Mrs. Dolores Lambeth of Munday was organist for the ceremony. Soloist Janie Leonard of Lubbock, sister of the groom, presented vocal selections of *To Me, I'll Still Be Loving You* and *My Treasure*. Jeannine Echols of Knox City registered guests at a podium decorated with a garland of silk sonya and apricot roses and azalea blossoms with a Williamsburg blue ribbon bow.

Given in marriage by her parents and escorted by her father, the bride wore a formal gown of white bridal taffeta and organza. Designed with a Queen Anne neckline, the fitted bodice tapered to a dropped waistline in back and was embellished with a design of Chantilly lace and seed pearls. The long sheer sleeves were gathered at the wrists with lace cuffs, and medallions of lace were repeated down the length of the sleeves. The skirt was fashioned with an inverted V-shaped inset of crystal pleated organza framed in lace which extended into a pleated border around the hemline, and crystal pleated ruffles fell in tiers down the back of the skirt and the chapel length train. Her lace-edged fingertip veil of illusion was caught to a Juliet cap of lace, and she

MRS. PERRY LEONARD •  
the former Paula Waggoner

carried a cascade bouquet of white silk gardenias, apricot tiger lilies and roses, sonya roses, morning glories and primroses with accents of stephanotis, Williamsburg blue honeysuckle and candlelight gypsophila with peach and white picot ribbon streamers.

Following tradition, the bride included a gold bracelet which had

belonged to the groom's paternal grandmother in her ensemble as something old, and her new pearl earrings were a gift from the groom. Her pearl necklace was borrowed from her mother, and she wore the traditional blue garter and pennies in her shoes.

Donna Welch of Ennis served as maid of honor, and bridesmaids were Rhonda Moses of Sweetwater and Dawn Dooley of Comfort. They wore tea-length gowns of peach moire taffeta designed with basque bodices and full skirts. The scooped necklines were framed with deep ruffles of candlelight lace centered in front with peach bows, and matching bows tied the puffed sleeves at the elbows. Each attendant wore a comb of English ivy, sonya rosebuds and blue honeysuckle with candlelight gypsophila in her hair and carried long-stemmed sonya roses, Williamsburg blue honeysuckle, gypsophila and English ivy with peach picot and blue lace streamers.

Ronnie Killough of College Station was best man, and Greg

Althof of San Angelo and Craig Raughton of Midland were groomsmen. Ushering guests were Randy Waggoner of Lubbock and Neil and Michael Waggoner of Munday, all brothers of the bride. The groom chose a white tuxedo with tails, a white shirt and matching accessories, and he wore a talisman rose with blue honeysuckle and stephanotis in his lapel. His attendants' grey tuxedos were complemented with white shirts, grey cummerbunds and ties, and their boutonnières were talisman roses and honeysuckle.

Mothers of the couple wore corsages of apricot roses, blue honeysuckle and candlelight ribbon.

The bride's parents were hosts for a reception in the church fellowship hall after the ceremony. A white satin cloth overlaid in white lace and swagged with peach ribbons and bows draped the bride's table, and a crystal bowl of peach silk peonies, enchantment lilies and blue dahlias enhanced the setting. The three-tiered cake was iced in white with peach and blue flower accents and was encircled at the base with greenery. Atop the cake was a blown glass arch above two glass swans. A white lattice screen stood behind the table. Julie Tidwell of Lubbock and Wilda Smith of Munday served cake and punch.

The groom's table was covered with a grey cloth overlaid in ecru lace with a natural wooden lattice backdrop. A tower arrangement of fresh fruit centered the table setting, which was completed with a silver coffee service and a circular German chocolate cake made by the groom's mother. Servers were Janie Leonard, sister of the groom, and Linda Allen, the groom's cousin.

Brian Vinson of Castroville, cousin of the bride, distributed tulle bags of birdseed tied with peach ribbon.

The groom's parents hosted the rehearsal dinner at the church fellowship hall on the evening preceding the wedding. Reigers Barbecue of Sweetwater catered the meal.

In addition to the bridal shower given in Munday, pre-nuptial courtesies honoring the bride included a lingerie shower in San Angelo hosted by her attendants and a bridal tea in Roscoe, the groom's hometown.

The bride was valedictorian of the 1984 graduating class of Munday High School and received a bachelor of business administration degree in accounting from Angelo State University this spring. The groom is a 1983 graduate of Roscoe High School and earned a BBA degree from ASU in 1987. He is employed by the Goodyear Tire and Rubber Company in San Angelo, where the couple will make their home after a wedding trip to Hawaii.

### California Visitor

Arnold Davis of Anaheim, California spent the past week visiting his sister and family, Mr. and Mrs. T.J. Partridge, and his nephew, the Wendell Partridges. He also attended his fiftieth class reunion in Knox City on June 4 and 5. The Buddy Angles and Dave Thompsons entertained him on Wednesday.

Before departing, he spent Friday with his grandniece, Julie and James Tidwell. Wendell Partridge accompanied him to Lubbock.

## ATTENTION PARENTS

Due to the drop in enrollment of the Munday Gymdandeez, Coach Larry Robards will not have classes during June and July.

We need to know immediately how many kids will be interested in taking lessons this fall. If you plan to take gymnastics lessons please call Frieda Brown at 422-4600 or Christi Parker at 422-4619 by June 22.

## BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

Tuesday, June 28, 1988  
Baylor County Extension Bldg.  
500 N. Main  
Seymour, Texas

A SERVICE OF  
Cancer League of Seymour

### CALL FOR APPOINTMENT

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97 percent five year survival rate and a 90 percent 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

APPOINTMENTS: 817-888-5582, 817-888-3852 or 817-888-3341.

The Mobile Breast Cancer Detection Unit will be in Seymour on Tuesday, June 28.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

1. 35-40 years of age - One baseline mammogram.

11. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.

111. 50 years of age and over - An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appro-

private intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50. The Unit accepts cash, check, Visa, Mastercard and American Express.

FOR APPOINTMENTS CALL:  
817-888-5582, 817-888-3341,  
817-888-3852.

## ★ Weinert News ★

By Mrs. Myrtle Plemister

**MR. AND MRS. RUBEN RICHARDS** of Seymour will be honored on their fiftieth wedding anniversary with an open house at the Vera Community Center from two to four o'clock in the afternoon on Sunday, June 26. The couple was married June 27, 1938, at the Baptist parsonage in Vera by Rev. Paul Evans. Former Vera and Munday residents, they have three children, Joyce Richards of Chickasha, Oklahoma, Jerry Richards of Grand Prairie and Shirley Perman of Wichita Falls, all of whom graduated from Munday High School. The couple's eight grandchildren and five great-grandchildren will also assist with the reception.

### Moisture Inadequate For Effective Mesquite Control

Dry conditions across most of the Rolling Plains may make ranchers look twice before making their customary spring effort to control mesquite with foliar applications of herbicide, says a range and brush control specialist with the Texas Agricultural Extension Service.

"There isn't adequate moisture in many areas for such herbicides to be effective," said J.F. Cadenhead, the Extension specialist. Research by the Texas Agricultural Experiment Station, an arm of the Texas A&M University System, and by Texas Tech University shows that dry conditions aren't conducive to good brush control, he noted.

This is the time ranchers normally apply foliar herbicides to control mesquite, Cadenhead said. But research by the Experiment Station shows that higher plant kills occur when monthly rainfall exceeds the average during the six months prior to spraying. With less rain, the degree of control is reduced.

Rainfall in most of the Rolling Plains has been below normal for several months, although a few areas have received adequate precipitation, Cadenhead said.

"Generally, if the mesquite plants have developed a large quantity of leaves and the plants aren't moisture stressed when foliar herbicides are applied, reasonable control can be expected," he said.

Mesquite leaves should be fully extended and have turned from light green to dark green before herbicide is applied. This usually occurs about 40 days after bud break.

"We had bud break from late March to early April," Cadenhead said. Control isn't good when seed pods of the plant are elongating. Research at Texas Tech shows that during pod elongation, the plants use their food reserves.

After the pods elongate, good control with foliar herbicides can be attained until about 90 days after bud break. At that time, wax builds up on the leaves and growth activity decreases.

Another important factor is soil temperature, the Extension specialist said. For best control, soil temperature at 12 to 18 inches depth should be 75 degrees Fahrenheit or

above. Frequent rains during spray season may cause new leaf growth. If possible, new leaves should be allowed to mature before they are sprayed. Foliage damaged by insects, late frost, hail or disease shouldn't be sprayed until new foliage has developed and matured.

Four herbicides are registered and effective for mesquite control by foliar application. They are Reclaim (clopypalid), Grazon ET (triclopyr), Banvel (dicamba) and Grazon PC (picloram).

Grazon ET, Reclaim and Banvel may be used alone. However, research shows a higher degree of control is obtained by using a 1:1 (active ingredient) mixture of triclopyr and picloram or a 1:1 (active ingredient) mixture of dicamba and picloram.

Reclaim may be used alone at a rate of a half pound an acre, or as a tank mix of Reclaim and Grazon PC at a quarter pound an acre of each, Cadenhead said.

"The tank mix of these two herbicides is recommended for spraying pastures infested with weeds and cacti species," he said.

### County 4-H Fashion Show Slated June 16

Nineteen Knox County 4-H'ers will model their clothing projects at a public show set for 7 p.m. Thursday, June 16, at the Believer's Chapel west of Munday. Kacy Longan of Munday and Christi Whitten of Benjamin will serve as mistresses of ceremony.

Representing different communities in the county, the youths will model ensembles they have constructed, and there will also be a division of ready-made clothing which the participants have purchased in a comparison shopping project.

The highlight of the evening will be the presentation of the 1988 Extension Homemaker Council scholarship. Following the fashion show and awards ceremony, a reception will be held to honor the winners.

The public is encouraged to attend and support these youths.

My Dear Friends:

I appreciate your very kind comments about this column, and I feel constrained to say "thank you" publicly, but if I have any talent, as you say, it is a gift from God, and He alone deserves praise.

Many of you have said, "It's like receiving a letter from home," and it warms my heart to think I have a small part in brightening your day. I try to keep each of you in mind as I attempt to convey the news from Weinert.

May God bless each of you today and every day!

Very Sincerely,  
Myrtle

That dark cloud has hovered over us the past few days, and we have several who have been on the sick list.

Mrs. Joe Yates underwent surgery at the Stamford Hospital last week. She is at home and doing well.

Heath Guess, son of Cindy and Hal Guess, fell from the pickup and almost broke his arm. He is wearing splints for a badly jammed bone.

Mitch Mayfield had some repair surgery done on his arm last week caused from a basketball injury. He is back at work at the Weinert grocery. You can't keep a good man down!

D.I. White, after attempts to restore life to the finger he lost in a farm accident failed, had surgery done at Humana Hospital on Friday to amputate the third finger on his left hand. He is at home, but is in quite a lot of pain.

Faye Brian is almost her old happy self after suffering for years with her hand. The surgery she underwent in Fort Worth has relieved the pain and she is able to use her hand more each week.

Chet and Jeanie Forehand enjoyed a visit from Chet's sister, Doretha and Leroy Hix of Odessa. The Forehands will be with Jean's mother, Grace Skipworth, when she undergoes hip surgery in San Angelo on Wednesday.

Fifty-four descendants of Ivy and Clara Cypert gathered at Lake Fort Phantom June 11 and 12 for their annual family reunion. Bobby and Rowena Hester hosted the affair at their lake home.

Those from Weinert who attended included Alice and Toby Yates, with their children: Mary and Ed Murphy, Shanna and Lane, and Joe and Caron Yates, with Jace,

### County Native, 91, Dies in Washington

James J. Johnson, 91, a Knox County native, died May 18 at Bethesda Manor Nursing Home in Enumclaw, Washington. Funeral services were held at Enumclaw Funeral Home and burial was at Evergreen Memorial Park Cemetery.

Johnson was born December 4, 1896, in a half dugout on the Bud Johnson landholding in Knox County, a part of the Orient Railroad site. He moved to Washington in 1939 from California and had spent over 40 years in the Enumclaw area. He served in World War I and was a member of the American Legion.

Survivors include his wife, Edith; three daughters, Juanita Dubey of Buckley, Wash.; Jimmie Nell Johnson of Tacoma, Wash.; and Roberta Voss of Enumclaw; two sisters, Iola V. Hudson of Knox City and Sue Scheadick of Wisconsin; 10 grandchildren, 12 great-grandchildren and two great-great-grandchildren.

PART VII - THE NEW BLOOD

JASON IS BACK  
BUT THIS TIME  
SOMEONE'S  
WAITING.

Dusty and T.J.

Jerry and Wanda Hester, Laurie and Stacy, were in the reunion party also.

Mr. and Mrs. Donnie Crump, pastor of the First Baptist Church, are attending the Southern Baptist Convention being held this week in San Antonio.

Betty and Bobby Raynes, Michelle Johnson, Wade and Gay Raynes and Robin and Renita Raynes all attended the memorial services for Jerry Weatherby, which were held on Monday in Memphis.

Jerry is a former administrator of the Haskell Hospital. He was killed in a plane crash near Elgin, Texas on Friday. They were very dear friends of the Raynes family.

Mr. and Mrs. Kenneth Sanders, with Kregg, Kent and Kole, attending the wedding ceremony of her niece, Kristin Campbell, and Christopher Grand on Saturday, June 11, at the East Side Baptist Church in Haskell.

Mollye Estrada is enrolled in Midwestern University's summer session in Wichita Falls. She is the daughter of Julian and Andrea Estrada.

Christie Herricks, daughter of Sarah and H.L. Guess, is also taking some courses at Midwestern this summer.

Charlene and Bill Harlan of Houston are spending a few days with her parents, J.T. and Florence Alexander.

David, Greg and Marcus Plemister of Round Rock were in town for a visit with relatives. Marcus remained for a longer visit, and is attending the Farm Bureau citizenship seminar, hosted by Angelo State University this week.

Doyle Boykin, with sons Tommy and Michael of Texas City, were in town to visit his mother and other relatives, and attended his wife's family reunion held in Anson.

We welcome our very newest business to Weinert! Jace Yates, son

of Joe and Caron, is organizing a paper route of Abilene Reporter News and service should begin by June 15, and no later than July 1. Subscribers may call Jace for details.

We also welcome our newest resident! Sandra Mathison Nicholson, with 7 year old son T., is moving back "home" from Houston. She is living in the Four Square parsonage until her home can be built on the Mathison farm east of town.

Mr. and Mrs. Bobby Cypert of Odessa are spending a few days with his sister, Alice and Toby Yates.

Rene Vojkufka and her grandson, Cory Wood, are attending Bible Camp at Whispering Oaks Camp in Buffalo Gap.

Heather Guess, daughter of Hal and Cindy Guess, accompanied a group of young people from the Munday church to the Baptist Encampment in Lueders this week.

We extend condolences to Gracie Griffis, whose uncle, Manford Reed, was buried at Rochester on Monday.

Gracie, Donald and Darla Griffis are attending a seminar in Greenville, Mississippi this week. Dianne Carroll accompanied the Griffis family on the trip.

Guests in the Dale Carroll home

include Darlene and Kerry Therwanger of Megargel and Jason and Joshua Briles of Odessa, Doris' nephews.

Our birthday people this week include Mabel Derr, Rene Vojkufka and Francisco Diaz. Happy Birthday all.

Congratulations to Mark and Kim Stewart and Gilbert and Sophia Jimenez who are celebrating wedding anniversaries. Love you all!

# ★ BENJAMIN NEWS ★

By Mrs. Gladene Green

## HOMECOMING NEARS

The Benjamin Homecoming 1988 is right upon us. The whole town is gearing up and making lots of plans to try to make our visitors feel welcome as they return "home" to visit and renew old acquaintances. It is hoped that we have the biggest crowd ever for any or all of the activities.

A complete schedule of events is listed in the advertising section of this edition of the Courier.

We hope to see many of the Benjamin exes in Benjamin this weekend!!

## METHODISTS HONOR PASTOR

The congregation of the First United Methodist Church in Benjamin honored their pastor and his family, the Bill Perkins, with a covered dish lunch on Sunday in the home of Dennis and Pam Duke.

Rev. Perkins has been reassigned to the Seagraves Church and Sunday was his last day here.

He will be replaced by Byron Putnam who comes here from Sweetwater.

## CITY WATER SITUATION

James Klutts, city manager, has asked me to express to everyone his appreciation for their cooperation during our periods of water problems recently. If everyone does continue to save water during these times (that is cut off outside watering, etc.), we won't run out for household use. They have also said that if at all possible, they will notify everyone when these problems are about to occur.

Tom Moorhouse was by the courthouse Thursday and said Sue is feeling better each day, but will probably be at Baylor Medical Center for an indefinite time. She always enjoys her cards and letters from home.

Grace Snailum is still at Bethania in Wichita Falls. She was to come to the care home in Knox City last week to stay a few weeks until her recovery was more complete, but she began having a few more problems so will remain in Wichita Falls until all those are corrected.

Billy Ben Benson is at M.D. Anderson in Houston undergoing extensive tests. No results as yet, but we hope he gets a good report. He and Pat were accompanied to Houston by Butch and Letha Young and Kenneth and Ila Mae Benson.

## HERE AND THERE

Edith Brown of Wichita Falls came Wednesday and took her parents-in-law, J.D. and Annie Brown, to Dumas to visit J.D.'s brother, Ed Earl Brown, who is ill. J.D. said Ed Earl is in bed all the time but is in good spirits and that they had a very good visit.

Among the Benjamin folks who traveled to Truscott on Sunday for the Grandma's dinner were Dub and Jo Cartwright, Ruth Russell, Jim and Barbara Pratt, Larry and Gaye Neal and family, Virginia Griffith, Eunice Friday, Bil and Pearl Ryder, David and Mary Kyle and Earlene Meinzer. Those I have talked to said the food was extra good.

Nell Hudson, Danny Hudson, and Buster and Luella Tolson were in Wichita Falls Monday for the funeral of Josephine Hudson. She was a cousin of Luella.

Homer T. and Kathleen Melton and Jack and Mary Young of Lubbock were here during the weekend to get a few things of the Meltons. They plan to stay in Lubbock a while longer until they both feel more able physically to stay at home here. Homer T. looks good and says he feels fine and it was good to visit them a while on Saturday. Their grandson and his wife, Jackie Jr. and Cindy Young of Arlington were also here for a visit.

Their new address is: Homer T. Melton, 3809B - 51st, Lubbock, Texas 79413 and they enjoy all correspondence from their friends.

Becky and Cody Taylor of Munday visited me during the weekend while their parents, Gordon and Debbie, were in Paducah for the all school reunion.

Hazel Stockton and Von Conner visited Grace Snailum in Bethania Hospital on Sunday.

Jan and Fred Carver, Mark and Tammy Collins, Kemp Jones, Jodi and Randall Kimmel and James Propps were in Dumas Saturday for the annual get together of the Cactus Feeders employees. The group enjoyed a picnic, team penning, roping, volleyball, baseball and various other games. All reported a good time.

Rudolph Tallant was a Benjamin visitor on Saturday with Nell Hudson and Slick and Darlene Benson. I'm unsure of his exact place of residence but he does live down near the Louisiana line.

Omitene Barnett returned home Saturday after several weeks visit with relatives in the Dallas area. Mr. and Mrs. Gerald Barnett of Baytown are spending this week with Omitene.

## Munday Students On

Several college students from Munday were named to honor lists at the end of the 1988 spring semester.

Douglas Schumacher, son of Mr. and Mrs. Albert Schumacher of Rhineland, was one of 58 students who received all A's during the

## College Honor Lists

semester at the University of Texas at Arlington. Schumacher is a freshman accounting major.

Holly Hutchinson and Lynette Norman were named to the Dean's List at Texas Tech University. Honored students were required to finish 12 or more hours with a grade

point average of 3.5 to 3.9. Holly, a junior physical education major, is the daughter of Mr. and Mrs. Jerry Don Hutchinson, and Lynette's parents are Mr. and Mrs. Clint Norman. She is a junior home economics major.

Wilda Smith, daughter of Mr. and Mrs. James Smith, was named

to the Hardin-Simmons University President's List. The honor is awarded to students carrying 12 or more semester hours who maintain A's in all courses for the semester. A senior who will graduate in December, Wilda has a double major in English and history.

## ★ VERA HAPPENINGS ★

By Mrs. Thelma Coulston

Mrs. Lometa Doss is recuperating in the home of a brother in Panhandle following her dismissal from Bethania Hospital in Wichita Falls.

Weekend visitors in the Dalton Gore home were Mr. and Mrs. Larry Dan Gore of Wichita Falls and Randal Gore of Mansfield.

Mrs. J Winston Feemster was in Woodson Saturday and Sunday where she attended the wedding of a friend, Miranda Hoskins to Joel Brown, Saturday afternoon, in the First Christian Church in Woodson. Robbie also visited her mother, Mrs. Edna Sullivan, and attended the senior class reunions of 1938-1939-1940 at the Woodson High School auditorium.

Mr. and Mrs. Darvin Odgen of Overland Park, Kan. were recent visitors in the home of her daughter, Mr. and Mrs. Ricky Busby and family.

Mr. and Mrs. Clyde Beck returned home from Dallas Friday where she had been a patient in the Baylor Hospital.

Ranell Scott of Vernon spent the weekend in the home of her parents, Mr. and Mrs. Gaylon Scott.

Mr. and Mrs. Glen Kinnibrugh of Vernon visited Saturday evening in the home of his brother, Mr. and Mrs. Billy Kinnibrugh, and helped

celebrate Billy and Randal's birthday at a hamburger and ice cream supper. Also attending were the Bill Townsends.

Weekend visitors in the Harold Beck home were Mrs. Brenda Hawkins and children of Austin, David Roberson and Debrah Beck of Denton and Mr. and Mrs. Kent Beck and family of Duncan, Oklahoma.

Mr. and Mrs. Claudell Bratcher were in Bowie Sunday where they visited her mother, Mrs. Ruth Ellis, and Mr. and Mrs. Ralph Blanton and Mrs. Flo Bratcher and Shannon. They also visited Mary's brother, Mr. and Mrs. Clay Ellis, at their home on Amon Carter Lake.

### Local FHA Leader Attends Seminar

Future Homemakers of America, the largest youth organization in Texas, held an officer training seminar in Austin June 6-7.

Lynn Parker, Region II vice president of programs, joined other regional and state officers in the practice of key leadership skills. Lynn interviewed and introduced Virginia Chancellor, advisor for Regions 3 and 4, and also served on the recreation committee.

Sharon Reddell, state FHA advisor, taught the group letter writing and public relations skills. Cindy Gruner, advisor for Regions 1 and 2, told about the Trinidad leadership training program in July.

Mrs. Penny Winchester accompanied Lynn to Austin and participated in the advisor workshops.

To crack a quantity of nuts quickly, put them in a bag and gently hammer until all are broken open.

### 21st Century Patch Technology Is HERE!

LePatch, the Omnidermal System for simple effective weight control. 12 hour patch ready to use, no mixing or special preparation. Place your order now for June delivery.

For more information CALL Linda Latham - 422-4807

June 19 - Kevin Hawkins; John Loyd and Dolores Lambeth.

June 20 - Kristin Herring.

June 21 - Johnnie Smith, Lanasa Wilson and Barry Ratliff; Jimmy and Phillis Urbanczyk.

June 22 - Robyn Clem and Kayla Moore.

## Family Service In Business Counts For Social Security

Services performed by an employer's spouse or child 18 or over in a trade or business now count for Social Security purposes under a change in the law effective January 1, 1988, according to Frances Braden, Social Security representative in Vernon.

"Before, if a spouse or child under age 21 worked in the family business, their earnings were not covered for Social Security purposes," Braden said. Services of a child 21 or older were covered under the old law.

"This is especially important to families of business operators and other entrepreneurs that depend on family participation to support the business. Now these workers earn the same protection that other employees earn for themselves and their families against the loss of earnings at retirement, disability, or death," Braden said.

The provision was included in the Omnibus Budget Reconciliation Act enacted December 22, 1987. Any questions about the provision can be answered at the Social Security office located at 1701 Cumberland in Vernon. The telephone number is 817-552-9346.

Earl McNeill visited his sister, Bertha McNeill, in Wichita Falls last week. Others visiting there were Mr. and Mrs. Roy McNeill of New Braunfels.

**WHAT DOES A COACH DO** in the summer when there are no football games to be played or track meets to be watched? Although insiders know that he is already planning every possible aspect of the 1988 football season, Munday athletic director Jim Edwards is also spending part of his summer doing some renovations to his home on North 5th. The sight of the paint-brush wielding coach in his work clothes has elicited plenty of honks, wolf whistles and more than enough unasked-for advice on how to do the job right!

★ TRUSCOTT-GILLILAND NEWS ★  
By Mrs. Clara Brown

It was another dry, windy week on the Wichita Divide. Despite a few mornings with clouds in the west, nothing of interest developed here last week except the record breaking, for June, temperature which ranged from 110 to 112 by noon, according to whose thermometer you looked at. Kristy Kimmell reports the official high for last Wednesday, June 8 at Truscott was 110. It was a high that lasted until late afternoon. Crowell's official high was 117 degrees. Someone said last week that they read a prediction that this is the beginning of a three-year drouth. If this is the beginning (remember April, May and early June are when we usually get rain), then the rest of the drouth will go down in history.

Most of the wheat is cut on the divide. Some fields did very well, but overall each farm's average was 15 to 20 bushels. Some have managed to get in and plow wheat stubble where some scattered showers had mellowed the earth a little, but most are waiting for a rain as many fields, especially those that were grazed, are too hard and dry to plow.

This continues to be a "good" year for snakes around the house and barn, according to reports. Game warden Ronnie Ainsworth said the extremely dry weather, along with the unseasonable heat, has driven mice, etc., to seek shade and water around houses, barns, and water troughs, and of course the snakes hunt where their prey goes.

Be careful when you turn water on and off at outside faucets, especially if there is vegetation around the faucet which might hide a snake. An eight-inch rattler hiding in the grass could hurt just as much as a big one that might be easier to see.

Joe Tomanek of Boyd visited his parents Saturday.

Sybil Simmons and her sisters, Edith Dillard of Lockney and Bobby Kinnibrugh of Floydada, visited their brother-in-law and sister, Mr. and Mrs. W.H. Smith, at Odessa last week. They were met there by two nieces and two great nieces.

The Gilliland Extension Homemakers were putting in a quilt Monday. After this one is finished they will have nine more to make for club members.

Margaret Todd is back in her home. Her daughter, Camille, brought Margaret home from Abilene last Monday and then stayed until Wednesday. Margaret said she is still using a walker and is mostly staying in the house. Lupe Palacio has been helping her some.

Terry Williams of Crowell died Saturday morning. He had been in intensive care in an Abilene hospital following an automobile wreck a short distance north of the North Wichita River. Terry was the son of Connie and the late Odell Williams, who lived at Truscott many years, and the grandson of Lee and Rose Wood, former Gilliland residents.

Joyce Williams of Floydada spent Saturday and Sunday nights with her father, Edgar Jones, and also visited Connie Williams of Crowell.

Ed Lowrance was in the hospital several days last week and was in intensive care for a while. Eddie Lowrance was in San Antonio to be near him from Saturday through this past Friday. Ed is doing much better now.

Nearly 90 attended the Grandma's Dinner Sunday. The Hord family ate dinner with Grandma then visited into the afternoon. The next dinner will be July 10, if that is the second Sunday. The China Creek calendar seems to say it is, but the China Creek calendar was wrong once, so check yours to be sure.

Joan Daniel, Scottie Burgess and Irene New spent this past Tuesday afternoon at the Wood Living Center at Quanah providing recreation for the 32 residents by singing, playing games with them and serving refreshments. This was an activity of their share group which meets at the Truscott Community

Center each Tuesday night at 6 for prayer, a devotional and to make plans to share their time with those at the living center, care homes and area hospitals. Anyone wishing to participate is invited to join them.

Last week the Shirley Moores were in Amarillo for the graduation of two grandchildren from two Amarillo high schools. They were Virginia Moore, daughter of Mr. and Mrs. J.H. Moore, and Monty Havins, son of Nola and Derrell Havins.

A great-granddaughter, Haley, three-and-one-half years old, returned home to Truscott with them Sunday afternoon. She stayed until Friday when the Moores met her mother at Clarendon.

Sunday the Truscott quilters displayed the beautiful blue quilt they finished recently. It will be given away at homecoming on Labor Day weekend.

Those donating cakes from Truscott to the Knox County Historical Commission cake sale and cake walk at the Vegetable Festival in Munday this Saturday, June 18, need to have them at the Truscott center between 8 and 8:30 a.m. June 18 so they can be carried to Munday. Munday ladies will be operating the cake activities and Rhineland ladies will be running a bingo booth for the benefit of the Knox County Museum. Florence Miller will take the cakes being sent from Gilliland so she can be contacted by those Gilliland bakers sending cakes. Anyone wishing to make monetary donations or memorials to the museum fund can contact the county judge at Benjamin.

Gail Whitley and Crystal and Ila Mae Bullion went to Lubbock last Tuesday for combine parts.

Kristy Kimmell attended a postal meeting in Childress last Friday. Kristy's sister, Karen, and son spent several days with Kristy and Johnny. Kristy took her to Midland Saturday.

Visiting the C.W. Millers on June 4 were their daughter, Kay Hayes, and daughter, Jere, of Abilene. Spending Friday to Sunday with the Millers the same weekend, June 3-5, were their other daughter, Mary Nell Hinds of Dallas, and her two daughters, Kathy and Susan.

Florence Miller went to Slaton Thursday afternoon and watched her grandson play ball. She returned home Friday.

J.C. Langston is back home again. After being released at Wichita Falls following his May 27 surgery, they stayed in Seymour to be near the hospital, but returned to his home at Gilliland last Wednesday and report that he is doing much better now.

Paul Bullion is also continuing to do well after his recent heart problem sent him to the hospital. He will go in for a routine check up June 13.

Philip Cook of Mesquite visited his parents, the A.L. Cooks, Saturday night.

Mildred Cook and Florence Miller spent Sunday afternoon visiting in the home of Lena and Brownie Tackitt between Knox City and Munday. They said Brownie's sisters were there.

Gail Whitley and Vula Hord judged the Hardeman County 4-H fashion show last Thursday.

Ila Mae Bullion was in Amarillo the weekend of June 4 with Crowell Little Dribblers for the regional tournament. With her were granddaughter, Crystal Dishman, and Angie Palacio, Nora Moya and Isabel Moya.

Truscott Extension Homemakers met last Thursday for a fajita and crepes program by agent Jane Rowan. Each of those present got to practice making a crepe.

Weekend visitors in the home of Chris and Penny Phillips were Johnny, Pat, Angela and Alisha Antonisse of Richardson, Gene and Billie Shackelford of Avoca, George Henderson of Knox City, and Jo Hill and Ed Jetton of Munday.

APRIL LYNN BRADFIELD, daughter of Dr. and Mrs. Pete Bradfield of Munday, was a spring graduate of Hardin-Simmons University in Abilene. She received a bachelor of business administration degree during commencement ceremonies held May 7.

**The Lord's Corner**  
by Dr. Pete Bradfield, pastor  
First Baptist Church

A child psychologist was asked, "If you had one rule for fathers, what would it be?" In reply, the psychologist gave him what he called the ABC's of discipline.

A, he said, stands for 'always'. Always be consistent. Maintain a reasonable level of discipline with your child.

B, he said, stands for 'busy'. But not too busy. If you're not too busy to have a child, then don't alibi out of giving him time and friendship.

C, he said, stands for 'caring'. Men are equal partners in parenthood. It's not womans work to rear the young. A major peril to children in America is the bad parenthood of good men.

See you next week, and remember: trying to change a child once he is 12 is like molding cement after it has hardened.

**LOCAL**

Mr. and Mrs. Roger Gauger of Clinton, Oklahoma, and Mrs. Gauger's brother, Clyde McGlaughlin of Clearlake, California, visited their cousins in Munday on Friday, June 10, who included Mr. and Mrs. Nolan Phillips, Irene Carmichael of Ontioch, California, Otis Spann and Lala Morgan. They all enjoyed visiting, taking pictures, and reminiscing.

Paper toweling, when dampened will make an excellent pressing cloth.

**STATEMENT OF INTENT TO CHANGE RATES**

GTE Southwest Incorporated, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas, effective July 6, 1988. This proceeding has been previously docketed by the Commission as Docket No. 5610.

The proposed changes in rates will affect approximately 970,500 of the Company's Texas customers who represent all classes of customers subscribing to the Company's local exchange and foreign exchange services within the State of Texas, as well as all entities subscribing to the Company's billing and collection services within the state. The proposed changes in rates are designed to increase the Company's intrastate revenues by \$81,407,000, or approximately 11.8 percent annually.

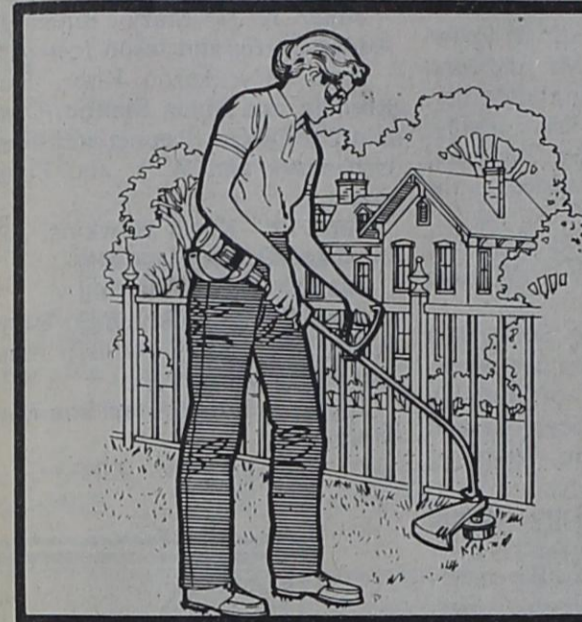

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223, (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

A complete set of revised rate schedules has been filed with the Public Utility Commission at Austin, Texas, and is available for public inspection in each of the Company's Business Offices in the State of Texas. A summary of the Company's rate filing has also been sent to the Mayor's office of each affected Municipality.

### Wedding Shower Honors Miss Smith

Miss Keila Smith, bride-elect of Shawn Cude, was honored with a bridal shower between three and four o'clock in the afternoon on Sunday, June 5, at the home of Mrs. John Earl Nelson. Receiving guests with the honoree were her mother, Mrs. Dewey Smith of Lubbock, the groom's mother, Mrs. Bob Cude of Goree, and his grandmother, Viola Cude of Munday and Dot Garland of Wichita Falls. The groom's great-grandmother, Mrs. Delia Mullican of Munday, was also a special guest.

Cathy Nelson registered guests, and various hostesses served refreshments. The bride's color scheme of peaches and cream was carried out in the cream linen cross-stitch cloth which covered the table and the peach and cream silk flower interspersed with "money plant" in a crystal compote which served as the centerpiece. Homemade cookies and punch were served from crystal and silver appointments.

Gift display tables were covered with peach and cream checked cloths topped with cream colored lace.

The couple will exchange vows Saturday, June 18, at Highland Baptist Church in Lubbock.

Hostesses for the shower were Mary Ann Boone, Nell Grisham, Becky Hendrix, Charlotte Jackson, Sandy King, Beverly McGaughey, Juanita Nelson, Pam Nelson, Becky Offutt, Verna Rawlins, Ilene Redder, Linda Reddell, Jean Reneau, Cindy Thompson, Wanda Vojkufka, Mattie Waggoner, Gay Yost and Jan Zeissel.

### WASHING FLATWARE IN A DISHWASHER

Almost all flatware including stainless steel, silverplate and sterling can be safely washed in the automatic dishwasher. An exception would be knives with hollow handles. The adhesive securing the handle to the blade may not be heat resistant to temperatures encountered during the automatic dishwashing process. When loading the flatware basket, position the flatware so that silver surfaces don't touch stainless steel surfaces. Most silver knives have stainless steel blades. Electrolytic action between silver and stainless steel can cause pitting and tarnish.

### CLEAN YOUR GAS RANGE BURNERS

Prevent any clogging to gas ports or holes on gas range burners by cleaning the burners frequently. Wash in warm sudsy water and remove any soils by scouring with a non-abrasive plastic scouring pad and cleaner. Rinse the burners thoroughly. Wipe completely dry or place in a warm oven at 250 degrees F. for 15-30 minutes. The burner and flash tube must be thoroughly dry to function correctly.

**DUSTIN DARVIL MORROW**, a junior at Madison County High School in Danielsville, Georgia, is one of 20 students selected nationwide to receive a scholarship from Cumberland College in Williamsburg, Kentucky. Dustin will take and receive credit for six college hours during this summer course. Selection was based on his grade point average and SAT scores, and a recommendation from a teacher was submitted along with his application. He is the son of Rev. and Mrs. Jackie D. Morrow of Danielsville and the grandson of Mrs. Pauline Morrow of Munday and Mr. and Mrs. Clifford J. Pruitt of Breckenridge. Mrs. Delia Mullican of Munday is a proud great-grandmother.

### CITY COUNCIL

(Continued From Page 1)

drains and operational procedure for the pool has been altered somewhat. Expense has been larger than usual; however, pool operation might be similarly handled for several years without major renovation unless new problems develop. The administrator recommended the council consider purchase of a new circulating pump due to age and condition of the old one (prior to another season).

Mayor Dickerson next discussed our new dump ground site and another possible location alternative. No official action taken by the council.

Mayor Dickerson next informed the Council that he had been presented a rate increase request by General Telephone Co. The increase is substantial, with rates, if granted by P.U.C., to be: for B-1 business rate from \$22.15 to \$33.65; Residence B-1 from \$8.55 to \$14.45. Estimated business increase is approximately 50%; residence approximately 69%, although company claim is they are asking for approximately 11.8%. Interstate subscriber line charges, more favorable income tax factors and other advantages to the telephone company should suffice, the council feels, with no increase needed at this time.

The council advised the mayor and city administrator to oppose this increase through our rate consultants; also citizens wishing to protest should immediately write to: The Public Utility Commission, 7800 Shoal Creek Blvd., Suite 400 N, Austin, Texas 78757 to voice individual protests.

The council next reviewed the Knox County Appraisal District audit. No action required.

Two letters were read by the city administrator in regard to a legislative task force hearing about solid waste disposal which was held in Fort Worth. Testimony was given by city administrator Hertel opposing new more rigid requirements which are possibly too severe for small cities; also a new no-burn order; state fees being imposed on all our city activities, etc. No council action required.

Tucker next moved that bills be paid as follows: from airport funds, \$174.54; from ambulance funds, \$472.83; from swimming pool funds, \$1,226.28; from operating funds, \$16,597.25. Andrade seconded. All for.

Tidwell moved the meeting adjourn. Brown seconded. Carried, all for. Note: Mayor Dickerson swore in Gene Brown (absent at last meeting) as alderman. Oath of office was duly executed.

### COUNTY CHECKS LOOK GOOD

## Bullock Predicts Revenue Increases From Sales Tax

State Comptroller Bob Bullock said recently that Texas cities can expect handsome revenue increases from their local sales taxes as the Texas economic recovery continues to pick up steam.

This month's city allocation checks showed a 23.5 percent increase over June 1987, a growth rate too high to attribute to the broadened sales tax base.

"Local governments will continue

to see a healthy increase in revenues from their sales taxes as the state's economy mends and consumer confidence grows," Bullock said.

Texas' economic outlook will continue to improve, barring a national recession or a collapse in oil prices, according to Bullock.

Checks totaling \$65.1 million were sent to 878 cities that collect local option sales taxes at either one or one and one-half percent.

Since January, the state has sent \$465.9 million in local taxes to cities across the state, an increase of 10.3 percent over last year's allocations during the same period.

"This increase is too great to be attributed to the Legislature's broadening of the sales tax base, which was estimated to bring in an extra 3.5 percent in local revenues," Bullock said.

Bullock projected that local sales tax revenues statewide will continue to increase at an average rate of more than eight percent a year through 1991.

Munday's rebate check for June was \$4,315.16, compared to \$2,327.22 last June for a 85.42 percent increase. For the year, Munday has received a total of \$25,895.51, a 23.92 percent increase from last year's \$20,896.21 at this point.

Goree received a check for \$799.10 this month, bringing that community's rebate total to \$4,814.82 for 1988, a 41.55 percent jump. Knox City leads the county with a \$10,649.18 June check which is a very encouraging 132 percent larger than last June's rebate. Their total for 1988 is \$49,847.96, up 48 percent from last year.

Weinert and Benjamin did not receive rebates this month.

## ★ FARM AND RANCH REPORT ★

by Donnie Peters

### CARE FOR ROSES

Roses are very pretty when well kept and free of insects.

Philip Homer of Munday and Randy Hibdon of Benjamin both have raised very nice roses with exception of damage by thrips. Thrip damage takes place while the rose is in the bud form. As the bud swells the outside of the petals are black or darker than the rest of the petal.

The thrip itself is very small, yellow in color and cigar shaped. It will be found just inside the outer covering of the rose.

Both Homer and Hibdon had many thrips on each new rose bud. There are many control measures for killing thrips, which include Orthene, Malathion, Diazinon, Sevin, Dimethoate and Meta-Systox-R at 7-10 day intervals.

However, I like a product called Orthonex. This is a combination of Orthene and Funginex. This product will take care of nearly every problem that should infect your rose bushes.

Funginex is a fungicide which controls two other problems of roses. These are black spot and powdery mildew.

Black spot causes a black spot, usually in the middle of the leaf. Black spot can cause death to the rose bush if it is severely affected. Powdery mildew makes the leaves look really chalky.

The control measures for these two diseases include Benomyl, Maneb, Zineb, Folpet, Acti-dome PM, Karathane or Wettable Sulphur. The fungicides may be mixed with insecticides and sprayed simul-

### Cooksey Rites Held June 8 In Seymour

William Taylor Cooksey, 61, of Seymour, a lifetime resident of Knox and Baylor counties, died Monday, June 6, at the Seymour Hospital. Funeral services were at 2 p.m. Wednesday, June 8, at the First Baptist Church in Seymour with Rev. Joe Ainsworth, pastor, officiating. Burial was in the Riverview Cemetery under the direction of Archer Funeral Home of Seymour.

Cooksey was born July 2, 1926 in Goree and married Georgia Graves May 1, 1947, in Goree. He was an Army veteran, a farmer and rancher and a member of the First Baptist Church. He was preceded in death by his father, Melvin Cooksey of Goree.

Survivors include his wife; a son, Taylor Wayne Cooksey of Seymour; a half-brother, Ward Cooksey of Throckmorton; a half-sister, Peggy Myers of Goree; his stepmother, Ballie Cooksey of Goree; and a granddaughter, Crystal Cooksey of Seymour.

aneously.

One other tip that I might add is to prune spent flowers above the second five-leaflet leaf. This will make new growth and longer flower production.

By following these tips on your rose bushes will produce more beautiful flowers and make your home more beautiful.

The information given herein is for educational purposes only. Reference to a commercial product or trade name with the understanding that no discrimination is intended and no endorsement by the Texas Agricultural Extension Service is implied.

### COTTON INSECT SCOUTING PROGRAM TO BE HELD

With much of the cotton in Knox County being planted and making a good stand, producers will now be watching for early cotton pests.

There will be two different cotton scouting sessions held on Tuesday, June 21. The first session will be held at the Rhineland Co-op Gin beginning at 8 a.m.

The other program will be held at the Community Center in Knox City beginning at 10 a.m. Emory Boring, District 3 Rolling Plains entomologist, will be presenting information on early cotton pests.

Participants will also get to scout early planted fields for insect damage.

Fruit tree owners should soon begin to get their sprayers ready as mid-June will be the time to begin spraying for the peachtree borer.

Take my advice and don't wait until your trees get infested before treating. Preventive measures are the best way to control this awesome pest.

Control measures that should be followed to avoid infestation of peachtree borers in peach, plum and apricot trees include:

- removal of any damaged, diseased or dead wood from tree
- maintain good health of the tree by watering regularly and fertilizing with a balanced fertilizer at a rate of 1 pound per inch diameter. The fertilizer should be applied around the drip line.
- spray trees in mid-June, mid-July and mid-August. The trees should be sprayed from the scaffold limbs to 3 feet from the base of the tree. Chemical control measures that are recommended are Dusban, Lorsban, Thiodan or Lindane.

Tree owners should be warned to avoid spraying foliage and fruit. By following these tips you should continue to have quality fruit for years to come.

The information given herein is for educational purposes only. Reference to a commercial product or trade name with the understanding that no discrimination is intended and no endorsement by the Texas Agricultural Extension Service is implied.

## Maintain Terraces To Control Erosion

Building terraces helps control erosion, but how well terraces do their job protecting cultivated land depends on how they are farmed and maintained. Terraces can be built parallel or non-parallel, but parallel terraces are easier to farm and maintain.

In farming terraces, you can use either a one-way or two-way plow. A one-way plow used for several years eventually creates "steps" from terrace to terrace. Because the soil removed between terraces cannot be replaced, the profile between terraces becomes hollowed out and terraces become benched.

If a two-way plow is used, the

dead furrow or hollowed-out portion is in the terrace channel where it can be smoothed out. When using a two-way plow on parallel terraces, plow the front slope of each terrace towards the ridge. Plow uphill the remaining area from the channel to the ridge of the next terrace. Plowing uphill tends to keep up with the downslope movement of the soil. On deep soils plowing can be done downslope to decrease the slope between terraces. Plowing downslope tends to bench the area between terraces and requires periodic raising of terrace ridges.

When using a one-way plow, plow so that dead furrows, or hol-

lowed-out spots, do not follow in the same place too often. Either raise the terrace ridge by back furrowing or deepen the channel by dead furrowing.

When working terraced land for either row crops or drilled crops, operate all cutting tools such as disks, using the terraces as guide-lines.

When row crops are planted in terraced fields, it is often to the farmer's advantage to sow small grain, grass or other high residue crops on the terrace. This serves two purposes; to keep the terrace from blowing and to have a field that is strip cropped and contour farmed to

keep from plowing down terraces. The main objective to terrace maintenance is to keep the base width and original height of the terrace as it was when the terrace was built. With contour farming and maintenance with a one-way plow or two-way plow, this objective can be achieved. For further information, contact the Soil Conservation Service in Knox City.

### PUBLIC NOTICES "BECAUSE THE PEOPLE MUST KNOW"

#### INVITATION FOR BIDS

The Housing Authority of the City of Munday, Texas (hereinafter called the Local Authority) will receive bids for a single construction contract for the re-roofing on 9 buildings on two sites and all necessary work specified and/or shown on the drawings until:

Thursday, July 7, 1988 - 2:00 p.m.  
131 W. Cisco - Housing Authority Office - Munday, Texas

at which time and place all bids will be publicly opened and read aloud.

Proposed forms of contract documents, including plans and specifications are on file and available for inspection at the office of the Owner of the City of Munday, Texas and at plan rooms in various cities of the State.

Copies of the documents may be obtained by depositing \$50.00 with the LHA for each set of documents so obtained. Such deposits will be refunded on return of the plans, specifications and other documents in good condition within ten days after bid opening.

A certified check or bank draft, payable to the Local Housing Authority, U.S. Government Bonds, or a satisfactory bid bond executed by the bidder and acceptable surety in an amount equal to five (5%) percent of the bid shall be submitted with each bid.

The successful bidder will be required to furnish and pay for satisfactory performance and payment bond or bonds.

Attention is called to the provisions for Equal Employment Opportunity as set forth in these documents.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the specifications must be paid on this project.

The Local Authority reserves the right to reject any or all bids and to waive any informalities in the bidding.

No bid shall be withdrawn for a period of ninety (90) days subsequent to the opening of bids without consent of the Local Authority.

Housing Authority of the City of Munday, Texas  
Jeanie Carden  
Executive Director  
38-1tc

## Benjamin Library Opens For Summer

A six-week summer library program has been planned at the Benjamin school library. The program begins Tuesday, June 21, and continues through Wednesday, July 27.

The library will be open from 9 a.m. to 3 p.m. each Monday, Tuesday and Wednesday during the program, and special activities will be planned from 1 to 4 p.m. each Monday and 9 a.m. to noon each Wednesday.

Storytimes, movies, reading contests and games will await children who come in for a visit, and adults are welcome to browse through the library's good collection of fiction and nonfiction books and trade used paperbacks at the paperback swap box.

Booklovers of all ages who live within the Benjamin Independent School District should sign up to use the library this summer on registration day, June 21. Those in the community who have not seen what the library has to offer are in for a nice surprise.

For additional information, contact Ben Grill, superintendent of the Benjamin school system.

## Lain Services Are Held Here Wednesday

Leita M. Lain, 83, a resident of Munday for nearly 60 years, died Monday, June 13, at the Haskell Memorial Hospital. Services were at 10 a.m. Wednesday, June 15, at the First Baptist Church in Munday with Rev. Paris Barton of Haskell officiating. Burial was in Johnson Memorial Cemetery under the direction of McCauley-Smith Funeral Home.

She was born September 30, 1904, in Bosque County and moved from Cleburne to Munday in 1929. She married William Fred Lain March 9, 1929, in Munday, and he preceded her in death October 28, 1978. She was a Baptist and a homemaker.

Survivors include a son, Larry Don Lain of Buchanan Dam; a daughter, Joan Lain of Dallas; seven grandchildren and six great-grandchildren.

Pallbearers were Gene Haynie, Jerry King, Gene Brown, Jim Reid, J.N. Stewart Jr. and Garon Tidwell.  
\*\*\*\*\*

Joe Glynn Nelson and his son, Cameran, of Riviera visited John Earl and Juanita Nelson during the weekend. Cameran stayed for a longer visit with his grandparents and to play with his cousin, Jason Cypert of Carrollton, who is spending a few days in Munday with his Nelson and Cypert grandparents.

### HELP — HELP

The City needs your help. When you mow, PLEASE turn mower away from curb (throw grass toward house) so that grass is thrown on yards, not in street. Grass seed and cuttings are helping seed asphalt with grass. Note - we have approximately 26 miles of curbs to maintain. It costs you, our citizens, a lot of money for grass removal.

### CAUTION

Note - in approximately 2 to 4 weeks some streets will be shot with asphalt. PLEASE, PLEASE don't drive through asphalt before rock is applied or run water into streets at this time.

Thanks a lot,  
Walter Hertel  
City Administrator
