Look To The East

by Aaron Edgar

What's in a name?

It is the moniker by which you answer when called. The name is very important to you. Relatives and friends call you fondly by name. Your enemies also refer to you by name, maybe adding something uncomplimentary ahead of it!

It would be confusing to try to get through life without a name. You might have to answer to "Hey, you" on many occasions when you were not the "you" the person was calling.

If someone should holler, "Hey, you idiot!", surely you would look around expecting to see someone else before you let it be known you even heard the call!

Almost everybody has a name, we reckon. Some people's names we cannot spell without help, and maybe are never able to pronounce correctly, but somebody perks up when the name is called.

It's difficult, though not impossible, to change a name once it's tacked onto you. We've known of people going through the court in order to get a name changed that they had come to dislike, or for other reasons.

If marriages fail and the divorce court seems to be the best way out, female persons may ask the court to do away with their married names and let them take their former names back. This is not so difficult unless there are children involved.

People give their horses names, also their show cattle or favorite animals.

Children name their stuffed toys, their pet dogs, cats, hamsters, etc., and these animals become trained to answer to the name, especially if food is involved.

We once had a 4-H pig, which we named Janie. When we came out of the cotton field at noon or nighttime, wagging an armful of fresh carefree weeds, we could call that name as we approached, and Janie would almost climb out of the pen. She would reward us with a squeal or an oink!

Edgar A. Guest once wrote a poem about "your name" that kinda hits our fancy. As it's been going the rounds lately, we thought it timely to print it out for you. Here it is:

YOUR NAME

You got it from your father, 'twas the best he had to give.

And right gladly he bestowed it. It's yours, the while you live.

You may lose the watch he gave you and another you may claim, But remember, when you're tempted, to be careful of his name.

It was fair the day you got it, and a worthy name to bear, When he took it from his father, there was no dishonor there.

Through the years he proudly wore it, to his father he was true, And that name was clean and spotless when he passed it on to you.

Oh, there's much that he has given that he values not at all. He has watched you break your playthings in the days when you were small.

You have lost the knife he gave you and you've scattered many a game, But you'll never hurt your father if you're careful with his name.

It is yours to wear forever, yours to wear the while you live, Yours, perhaps, some distant morning, to another boy to give.

And you'll smile as did your father - with a smile that all can share, If a clean name and a good name you are giving him to wear.

People have jokingly acted like they were confused about our name. Sometimes we're asked, "Is your name Aaron Edgar, or Edgar Aaron?" "I'll answer to either one," we're prompt to reply, "especially if you want to pay me!"

Another writer had this to say about his name—and his remarks are also worthy of some thought:

"He who steals my purse steals trash, but he who takes from me my good name steals that which profits him nothing, but makes me poor, indeed!"

So be careful about your good name! Sometimes one is hard to come by, the second time 'round, that is!

Bank's Deposits At Peak!

Deposits in the First National Bank in Munday have continued an upward trend during the past year, despite adverse conditions in agriculture and other activities over the area.

When a call was made by the Comptroller of the Currency in Washington at the close of business on June 30, 1982, deposits at the local bank were possibly at their highest all-time peak. This should speak well of the economy of a large area served by the local bank, despite disastrous conditions in recent weeks.

The bank's deposits on the above date stood at \$25,777,550.97. And that's a heap of money, folks!

This was an increase of a little over \$3 million since January 1, 1982, as deposits at that time were announced at \$22,906,532.98.

The amount shown on the bank's condensed statement last week was an increase of over \$6 million since early in 1981, when a total of \$19,092,334.68 was shown.

The bank maintains a capital stock of \$200,000 and a surplus of \$300,000. Undivided profits were shown at \$1,618,186.37. Loans and discounts were listed at \$12,797,526.62.

City Council Opposes Frequent Utility Increases

The City Council of the City of Munday, Texas met July 13, 1982 at the Munday City Hall at 9 p.m. in regular session.

Members present: Mayor James W. Reid and Aldermen M. M. Booe, Ray Lynn Hardin, Bob Therwhanger and Donald Hobert.

Members absent: Von Marr. Mayor Reid called the meeting to order. Minutes of the July 3, 1982 special meeting were read. No alterations. Mayor Reid stated minutes approved as written.

Item 2 on the agenda was passed over at this time since no one appeared.

Sealed bids on the 1979 Ford pickup (some body damage) were opened. Bids were as follows: Gene Brown \$556.00; Nick Barnes \$725.00; Don Hertel \$852.00. After discussion, Booe moved the high bid of \$825 by Don Hertel Used Cars be accepted. Therwhanger seconded. All for.

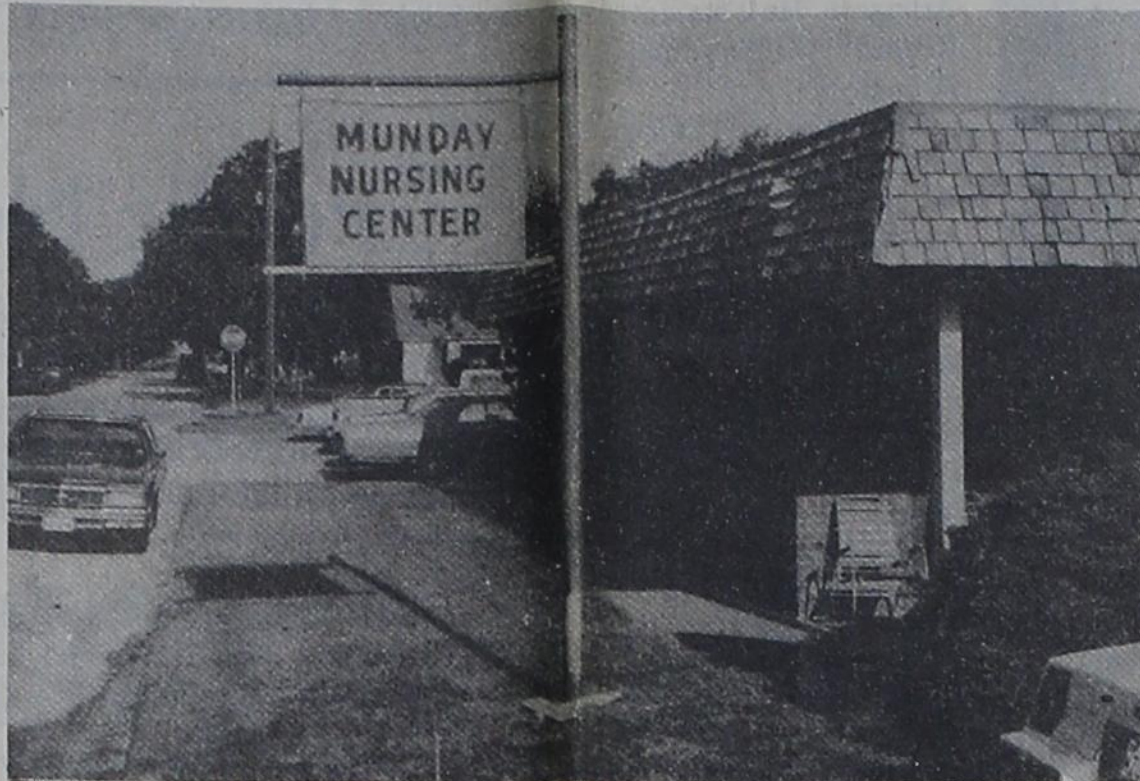

A letter was read from Texas Municipal League in regard to cities needing to oppose large increases in rates sought by Lone Star Gas Company (both gate rate and customer charges) and also by Southwestern Bell. Therwhanger moved that the City of Munday join other cities to oppose these "too regular" increases and to provide our portion of funds to oppose same. Bell rates indirectly will affect General Telephone Company rates also. Any further rate request by General Telephone Company is also to be contested. Booe seconded, all for. (The council feels that all utilities rate requests have been too much and too frequent.)

The council commented in regard to a "back flow" project in the area of the depot to the end of east main street. As time permits the administrator was instructed to remove some trees from the ditch next to the depot and to try to devise a "flapper" valve for the culvert east of the depot; also to clean out and lower existing ditches east to the Farm Road 222 bridge. Additional work is to be done later.

Repair Work Progressing

Painting and repair work being done on the future office of Dr. J. Patrick Hooker is progressing as planned. Chamber of Commerce manager Callie Ann Combs stated that the building should be completed by the planned opening date of the office, Monday, August 16.

Dr. Hooker has employed Mrs. Tom (Sandy) West as receptionist for his practice. His office will be in the building formerly owned by the late Dr. R. L. Newsom.

NEW SIGN, OLD NAME: This new sign adorns the area of Munday Nursing Center, designating a change from Leisure Lodge to the center's original name. This change was authorized by the owners, Beverly Enterprises of Ft. Smith, Arkansas.

Local Nursing Center Gets Old Name Back!

Munday Nursing Center—that's the name given to the local nursing facility when the building was first completed and began accepting patients.

After some years, the name was changed to Leisure Lodge, and it was known by this name so long that it's difficult to call the facility by any other name. Anyway, the present owners,

Beverly Enterprises of Ft. Smith, Ark., decided that the original name fitted best, so the name was changed back to Munday Nursing Center.

This 15,200 square foot modern brick facility was completed in 1969, and a large number of Munday and area people got a first-hand view of its numerous rooms during an open house which was held on October 12, 1969.

The nursing home was constructed and originally owned by Mr. and Mrs. Floyd (Bud) Yates of Wichita Falls and Mr. and Mrs. Walter P. Blevins of Electra, and was leased to Convalescent Nursing Center, Inc., of Warren, Ark.

Marge Rixford of Olney served as the center's first administrator. She began accepting "residents" immediately after open house was held.

Mrs. Rixford retired after serving almost eight years, and Joyce Hardin became administrator on April 15, 1977, which position she holds at the present time.

Serving as her department heads are: Dietary department, Jean Alexander; activities, Cheryl Berryhill; nurses, Dean Feemster; housekeeping, Amelia Sosa; laundry, Johnnie Gray.

The center opened as a 61-bed facility, and has been operating at almost full capacity since that time.

The most recent state survey inspection was made on July 12 and 13, 1982, and resulted in a good report on all facilities. This included inspection of nursing facilities, maintenance, kitchen, laundry, housekeeping and activities.

The center has operated consistently under the theme of a "Homey" atmosphere. All employees are devoted to taking care of the health needs and promoting the social and recreational welfare of all their residents.

Film On Life Of Christ To Be Shown Friday Night

"Jesus", the first totally authentic film on the life of Christ, shot on the actual Biblical locations throughout the Holy Land, will be shown Friday, July 23, 1982, at 7:30 p.m. at the First Baptist Church in Munday.

"Jesus" adheres faithfully to the account of Christ's life as recorded in the New Testament Gospel of Luke, which is acknowledged to be the most complete story of Christ of the four Gospels.

"Other films on Christ have been made by people who have thought it necessary to write a screenplay and embellish the Gospels, but the language of

Knox County Eligible For Disaster Relief

Knox County was listed among the approximately 62 counties in West Texas last week as being eligible for federal crop disaster assistance. This was revealed a few days ago by John Rector, county executive director of the Agriculture Stabilization and Conservation office in Knox City.

Rector stated that Knox farmers need to apply at the Knox City office for certification for disaster relief. August 1 is the final date on applications for cotton and feed grains, he stated.

The special disaster payment program was announced last week from the office of U. S. Sen. John Tower in Washington, D. C.

Secretary of Agriculture John Block also announced that special action has been taken to meet the needs created by a unique and widespread natural disaster caused by severe weather. During the

past several weeks, a combination of hail, heavy rain, wind and cold weather has devastated crops in a wide area of North Texas.

Counties approved for federal assistance include: Archer, Baylor, Childress, Collingsworth, Cottle, Dickens, Fisher, Hall, Hardeman, Haskell, Jones, King, Knox, Shackelford, Stephens, Stonewall, Throckmorton, Wichita, Wilbarger and Young.

Special disaster payments have been announced as follows:

Wheat - The U.S.D.A. will pay \$1.75 per bushel for wheat losses in excess of 40 percent of the crop based on established yields.

Cotton - The U.S.D.A. will pay 20.5 cents per pound for crop losses in excess of 25 percent of the crop based on established yields, or the average produced on the land in the past five years.

Feed Grains - The U.S.D.A. will pay 15 cents per bushel for corn, 18 cents per bushel for grain sorghum and 15 cents per bushel for barley for any losses that exceed 40 percent of each of these crops.

The disaster assistance will be in addition to the insured benefits available to the farmers covered by the Federal Crop Insurance Corporation, it was emphasized.

Little League Still In Play-Offs

Munday's Little League all-stars, after a 15-0 victory on Monday evening, July 12, traveled to Seymour on Tuesday night and defeated Knox City 18-2.

Seymour and Knox City played on Wednesday night with Knox City winning 22-5. Munday then defeated Knox City once again on Thursday evening with a final score of 8-3.

Munday's team, along with coaches Alan Hutchens and David Bordovsky, journeyed to Graham and faced Burk Burnett on Monday night of this week. The local boys lost that game 26-1.

The schedule is for Haskell to play Burk Burnett on Tuesday night (too late for this week's Courier). Munday will then battle the winner of that game on Wednesday night at Graham. Game time is 7:30 p.m.

Representative From Munday At A&M Fire School

Ray Lynn Hardin, Munday volunteer fireman, will attend the annual firemen's school at Texas A&M University. He will leave on Sunday morning, July 25, and return to Munday late Friday, July 30. At press time Tuesday, Mr. Hardin was the only Munday representative planning to attend.

Mr. Hardin has been a volunteer fireman for Munday for over twenty years. This is his seventh or eighth trip to the school.

Instruction will be given in the newest and latest fire protection. The men will be fighting sample fires of all types.

The residents of Munday benefit when local firemen take their time to attend schools such as this. Not only do they reap the knowledge of the men at the time of a fire, but representatives at these schools cause the local insurance rates to be lower.

County To Get All Registration Fees

John A. Smith, county tax assessor and collector, announced recently that Texas counties will get to keep all auto registration fees, beginning next year.

This is a result of action of the Texas Legislature during the last session. "This will be an added incentive for all car owners to register their vehicles in the county of their residence," Smith said.

Money received from registration fees is equally divided between the four commissioners precincts in the county, Smith emphasized.

Engagement Announcement

Mr. and Mrs. F. R. Minyard of Lubbock are happy to announce the engagement and approaching marriage of their daughter, Debbie, to Del Shumate, son of Mr. and Mrs. W. L. Shumate of

Munday. Debbie graduated from Monterey High School in Lubbock and attended Texas Tech University for two years. At the present time she is employed by K-Mart in Lubbock.

Del is a 1974 graduate of Seymour High School and a graduate of Southwestern Oklahoma State University School of Pharmacy. At the present time he is living in Graham, where he is employed by Olivers Pharmacy.

The wedding will be held on August 28 at the home of the bride's parents in Lubbock.

Tony Gauntt On Dean's List

Tony Gauntt, son of Mr. and Mrs. Troy Gauntt of Munday, has been selected to the Dean's Honor List of the University of Texas Medical Branch at Galveston where he is beginning his second year of study to obtain a degree as a physician assistant. In order to qualify for the Dean's List, you must be a full time student and maintain at least a 3.5 grade point average out of a possible 4.0.

As president of the Galveston chapter of SCPA, Tony was selected to attend a recent National Convention for Physician Assistants in Washington, D. C. He was elected Regional Chairperson for the Central Region of the national student organization. His responsibilities will be to work with the student societies of the Physician Assistant programs in Texas, Oklahoma, Nebraska and Kansas in order to strengthen each society's membership and political involvement at the local, state and national level.

Attend 60th Anniversary

Don and Belinda Hendrix and their children, Greg and Heather, of Nocona attended the 60th wedding anniversary for his grandparents, Mr. and Mrs. Jesse Yost. (The Courier regrets that the names of this family were omitted from the list of guests in last week's paper).

Surprisingly, many people are not aware of what potassium does and don't always recognize that being potassium-poor could be at the root of some of their health troubles.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

Notice to El Paso Area Customers

Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.

Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intraestatales de la compañía.

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cual Southwestern Bell aplique sus tarifas.

Aviso a Clientes en la Región de El Paso

Con vigencia a partir del 1o de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States efectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras tarifas que se aplican al resto de Texas. El nuevo arancel que resulta de esta unión se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.

Aviso a los Clientes de Otras Compañías de Teléfono

El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell. Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para larga distancia, cualquier cambio en las mismas también afectaría a los clientes de otras compañías de teléfono.

Bride-Elect Honored With Showers

Diana Redder, bride-elect of Robert Dorrough, was honored with a gift tea in Munday Community Center on Sunday afternoon, July 18, from 3:00 to 4:00 p.m.

Guests were greeted by Mrs. U. J. Bellinghausen, aunt of the honoree, and presented to the bride-elect, her mother, Mrs. Louis Redder, and her grandmother, Mrs. H. L. Bellinghausen.

The serving table was covered with a white cloth and centered with a silk flower arrangement dominated by the bride-elect's chosen color of suede rose, and accented with baby's breath. Crystal appointments were used to serve punch and cookies to the guests. Serving were Brenda Bruggeman of Austin and Cheryl Green-

wood of Goree. Loretta Bellinghausen of Bedford registered guests.

Hostesses for the occasion were Mmes. Terry Alexander, Boyd Baker, Kenneth Baker, Francis Birkenfeld, Walter Brown, Lee Bruce, Keith Burnison, Freddie Caram, Al Cartwright, Bob Cude, Byron Gass, Kenneth Hendrix, Philip Homer, Leon Johnson, Von Marr, Georgeen Meadors, Fidelity Moylette, B. J. Presnall, John Reneau III, Marvin Urbanczyk, Debbie Ward, John Ed Wilde, John Lee Wilde, Gary Wilde;

Also, Albert Schumacher, Jerry Wilde, Clarence Brown, Robert Hertel, William Redder, Marvin Zeissel, Vernal Zeissel, Ruth Brown, Jean Wissel, Mary Zeissel, Vince Orsak, Frank Steinbach, Phillip Bruggeman, Reinhart Redder, Arldeda Decker, Earlene

Kuehler, Bernard Brown, Alvin Michalik and Miss Verna Lee Rawlins.

Diana was also recipient of a miscellaneous wedding shower in the home of her aunt, Mrs. Alvin Bellinghausen of Amarillo. A group of fellow workers at Northwest Texas Hospital and friends from West Texas State University in Canyon gathered at the residence on Saturday afternoon, July 10, and enjoyed the time together, "showering" the honoree with a variety of useful gifts.

For the best "per pound" buys, select fruits and vegetables that have only a small amount of waste. For example, broccoli has less waste than artichokes, so broccoli is a better buy per pound.

Lueders Camp Enjoyed By Boys and Girls

Mrs. Melvin Cypert and Mrs. Robert Hosea recently accompanied a group of girls to the Big Country Baptist Church camp near Lueders. The group enjoyed several days of Bible study, arts and crafts, volleyball, and swimming together.

Those attending were Amy Hosea, Debbie Cypert, Jami Hicks, Holly Jackson and Melanie Little.

The boys' session at the camp will be this week. Rev. Jim Way and Keith Davis will alternate spending time with the boys there.

The boys will be involved in similar activities as the girls. Little League playoffs were expected to hinder some of the boys from going to camp.

It is easy in these days of flood and natural disasters to get to feeling a little discouraged and depressed. When troubles begin to close in around us, the temptation is to lose heart and quit. Many of God's greatest servants experienced that "down" feeling at one time or another. King David went through periods of depression. His family had been torn apart by sin. He had lost a baby. The armies of the Philistines and Canaanites hounded him constantly. His firstborn son even turned against him. There came a point at which David dealt with his depression in Psalms 42:11 - "Why art thou cast down o my soul? And why art thou disquieted within me? Hope thou in God; for I shall yet praise Him who is the health of my countenance, and my God." This verse gives us some practical hints for handling depression.

1. Self-Examination - "Why?" Many times it is important for us to confront ourselves about why we're

depressed. Sometimes we are depressed for no good reason at all. Our emotions might get the best of us, or possibly we are tired. Maybe we have a distorted view of life, or we have let our problems grow out of all proportion in our eyes. It does us good to ask if our depression is justified, if we really have a valid reason for being down. Handling depression begins with asking yourself why you are depressed.

2. Hope In God - Conquering depression begins when we have confidence that God is working in all things to bring about good results for those who love Him. It is the hope that "He who hath begun a good work in you will perform it until the day of Jesus Christ." Hope in God means believing in His goodness and grace and ability no matter what the circumstances or what the world is saying. Hope keeps believing no matter what. You may not understand why something has happened, but God has not changed just because tragedy has struck.

He remains a God of glory and a God of grace. Hope in Him.

3. Praise - David literally says "No matter how down I feel, no matter how depressing the situation, I determine in my heart to praise God." The Bible says that God inhabits the praise of his people. One of the most healing and uplifting exercises a person can undertake is to set their heart to praise God. Begin looking for things to praise Him for and He will seem very close. Begin praising Him and your depression will subside. "When upon life's billows you are tempest tossed, when you are discouraged thinking all is lost, count your many blessings, name them one by one, and it will surprise you what the Lord has done." A sure cure for depression is to determine in your heart to praise God no matter what.

It's A Boy

Mr. and Mrs. Adam Andrade are happy to announce the birth of their son, Adrian, who made his arrival at Haskell Memorial Hospital at 12:46 p.m. on Saturday, July 10, 1982. He weighed nine pounds, three ounces and was 21 1/2 inches long.

Paternal grandparents are Mr. and Mrs. I. M. Andrade. Mr. and Mrs. Lupe Valencia are maternal grandparents.

Coaches Clinic This Week

The annual coaches clinic will be held in Houston this week. The coaching staff for Munday schools was making preparations to leave on Tuesday, July 20.

They will be able to attend lectures on football, basketball and track. They were anticipating a very worthwhile session.

Ragsdale Rites Held In Ft. Worth

Eugene A. (Gene) Ragsdale, 65, of Ft. Worth, died Monday, July 12, 1982, in a Ft. Worth hospital.

The family attended a private memorial service Thursday evening. Funeral services were held at 11:00 a.m. July 16, in Greenwood Chapel, with Rev. Milton Thompson of Skellytown officiating. Masonic last rites were performed, and burial was in Greenwood Memorial Park.

Mr. Ragsdale was born February 3, 1917, in Wichita Falls. He was a former resident of Munday. He married Inez Thompson, daughter of the late Mr. and Mrs. C. M. Thompson, on August 21, 1937. He was a retired tool engineer, employed by General Dynamics for 38 years. He was a deacon in the Sagamore Hill Baptist Church and a member of Arlington Heights Masonic Lodge #1184.

Survivors include his wife, Inez; two daughters, Marcy Lasseter of Garland and Genia Gorczyca of Fort Worth; three sisters, Polly Little of Center, Agnes Clifford of Columbia, South Carolina, and Lucille Dickey of Portersville, California; one brother, V. K. Ragsdale of Altus, Oklahoma; and two grandsons, Chad and Jason Lasseter.

Pallbearers were Dan Smith, Alec Heard, Ralph Leith, A. B. Phillips, Don Kloustad, John Hurst, Walter Morris and Bud Fisher.

Honorary pallbearers were Mickey Jackson, Melvin Cypert, Larry Sinclair, Mike Thompson, A. A. Hamilton, Bruce Roberts and R. B. Calhoun.

Pony League In Play-Offs

Munday's Pony League finished their season 8-17, with the loss to Rochester. Several members of the local fourteen and fifteen year olds were selected for the all-star team, coached by Tyke Meinzer of Knox City and Tony Shawver.

This team included Munday players Todd Thompson, Ronnie Lowrance, Frankie Stinnett, Shannon Forehand (of Weinert) and Dent Offutt. Burkburnett won over this team 15-5 on Monday night. They played Sheppard on Tuesday night, too late for this week's issue of The Courier.

Munday had four thirteen year old players and they were all chosen for the thirteen-year-old all-star team, coached by James Reid of Rochester and John Malone of Stamford. The Munday players were Scotty Jackson, Louis Perez, Terry Shields and Jerry Shields. However Scotty injured his arm and was unable to play in the play-off tournament in Abilene last week. The boys were beat out by Abilene Senior team and Abilene Southwest.

Tony Shawver stated, "I was real pleased that all of Munday's thirteen-year-olds were selected for the all-star team. This, I hope, will encourage boys of that age to plan to play with us next year, as a thirteen-year-old all-star team will again be picked."

Revival At Benjamin First Baptist Church

The First Baptist Church in Benjamin has planned revival services each night at 7:30 beginning Sunday, July 25, and continuing through Friday, July 30.

Van McQueen of Hurst is evangelist for the revival, and Donnie Roberts will lead the singing.

The public is cordially invited to attend the revival services and any other regularly scheduled events at the church.

ICE CREAM PARTY

Ladies from the Goree Church of Christ hosted a homemade ice cream party on Tuesday, July 13, at 2:00 p.m. Ice cream and cookies were served to the residents. Our July birthday honorees were also honored during the party. They are George Wofford, Bessie Hendrix, Eva

Belrose, Carrie Elliott and Gurtha Smith. Everyone really enjoyed the homemade treat.

VISITORS AND VOLUNTEERS

Joe and Margaret Jungman of Fort Worth visited Joe Kubena on Wednesday. Henry Liberda of Wichita Falls visited his mother, Mary Nacol, and his uncle, Joe Kubena, on Wednesday.

Harold Albus of Wichita Falls visited his mother, Lena Albus, during the weekend.

Barbara Walker and grandchildren of Lamesa visited her mother, Mrs. G. R.

Eiland, during the weekend. Bertha Moore and Audrey Birkenfeld called bingo for the residents on Thursday and brought prizes for the winners.

Rev. Woolley conducted Bible study on Friday afternoon. He announced that he was retiring and would not be coming on Friday afternoon anymore. We sure will miss him and his wife and have really enjoyed his messages each week.

The Sing-Along was held Saturday afternoon by several volunteers from the Munday Senior Citizen

group. Gillespie Baptist Church conducted Sunday afternoon services for the residents.

Shrimp Boil Enjoyed By Group

Mr. and Mrs. Jack Crumpton honored Captain Michael Putnam and his son, Jared, with a "Cajun shrimp boil" in their back yard Monday evening. Cookies were made for the occasion by Jenni and Jason Bowman.

Those present were Mr. and Mrs. Floyd Bowman, Martin Bowman, Michael Bowman, Mr. and Mrs. Don Bowman, Jenni and Jason, Dorothy Putnam, and Michael and Jared Putnam.

Take time to stop and smell the roses.

Hightower Pleased With Disaster Aid Approval

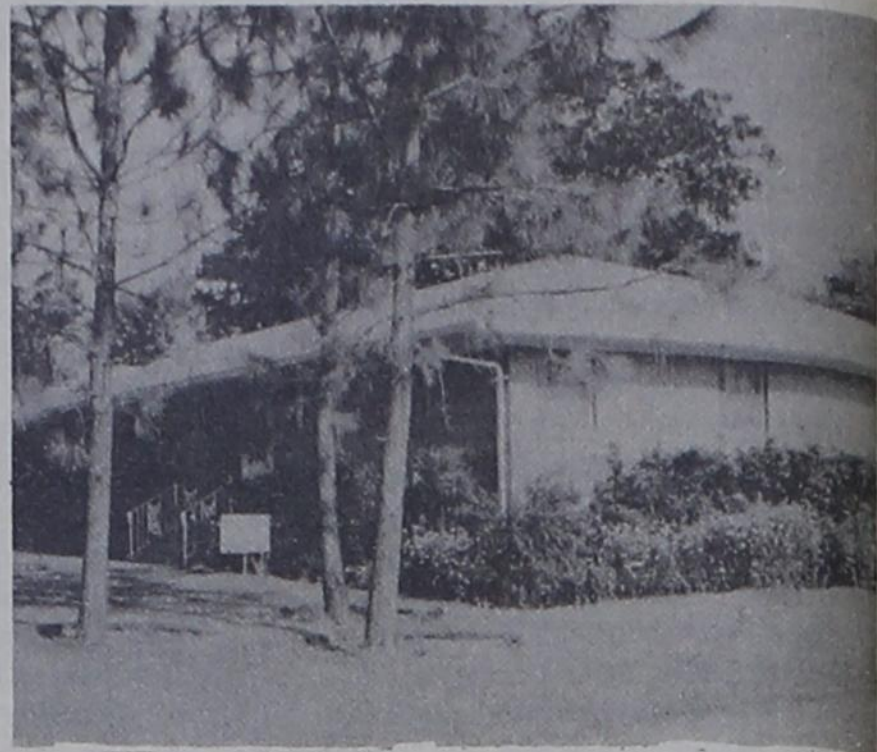

Commenting that he was "extremely pleased that Secretary Block and the President have finally acted on our original June 23rd request for disaster aid," Congressman Jack Hightower said he felt the bipartisan effort had been productive. Last Thursday, Agriculture Department officials and Governor Bill Clements made the official announcement of aid to farmers in West Texas who were recently devastated by intense rain and hailstorms that destroyed important crops. On June 23, Hightower, Rep. Kent Hance and Rep. Charles Stenholm sent a letter to Block officially requesting the aid and inviting

U.S.D.A. officials to inspect the damage in Texas. This was the first formal request of any kind and the trio followed that up after the inspection with another letter July 12 reaffirming the need for aid. The July 12 letter spelled out what steps Agriculture Secretary Block should take.

"I felt that some kind of help was absolutely essential for many people in West Texas although it may not save others who will go under due to the general farm depression," Hightower commented. "I hope that the amount of assistance the U.S.D.A. has decided on will provide meaningful assistance and be of real economic help. If the Administration and Secretary Block had supported our Farm Crisis Bill, perhaps farmers would have been better able to handle these natural disasters as well as being better of generally," Hightower said.

Of the 33 counties in the 13th Congressional District, 32 are covered in the U.S.D.A. announcement. Also included are Baylor, Kent, Knox and Floyd counties, which will become part of the 13th District in January, 1983, because of Texas redistricting. Special disaster payments will be made primarily to cotton, wheat and feed grain producers to help them survive the high crop losses.

Visitors in the home of Mr. and Mrs. Earl McNeill during the weekend were Mr. and Mrs. Murl Feemster of Plano and Alice Moore and Mary of Garland.

YARD OF THE WEEK honors went to Mrs. Christene Nelson. Munday Garden Club judges make the selection, and were aided by the beautiful variety of flowers in bloom in Mrs. Nelson's yard. Very large marigolds in various shades of yellow and gold grace the yard, which is also filled with black-eyed susans, a member of the cone daisy family. A hibiscus is beginning to bloom alongside potted geraniums and other color accents. Mrs. Nelson's residence is at 511 West B, and the huge marigolds will be worth your while to drive by.

April's Advice

APRIL STAMPS

County Extension Agent Chicken Is Still A Bargain

What food can be purchased in the local supermarket for about 10 cents a pound more than it cost in 1954, almost 30 years ago?

The answer, of course, is poultry. Ready-to-cook chicken sold at the back dock of processing plants in 1954 for about 37 cents per pound. Today the price is about 46 cents. And chicken in the supermarket was about 39 cents "on sale" in 1954. Today's "on special" chicken sells for about 49 cents per pound.

This is a remarkably small price increase over the last 30 years. Why is this nutritious product being offered to the American consumer at such an attractive price?

The main reason is the highly productive and efficient poultry industry. All phases of the poultry marketing industry, including genetics, nutrition, production, management, processing and distribution, have contributed to this phenomena.

Due to genetic improvements birds grow to be heavier in a shorter period of time than was previously possible. In addition, relative

proportions of the breast, thigh and drumstick - the meaty portion of the chicken - have increased greatly due to improvements in commercial strains of broiler-fryers available today. All commercial broilers today are basically Cornish cross strains which are processed at seven weeks of age at a weight of 4 to 4½ pounds.

Advances in poultry nutrition have led to a basic diet for chicken broilers composed mostly of corn and soybeans, 60 percent and 40 percent respectively. This is supplemented with small amounts of other ingredients to insure a complete balance of amino acids, vitamins and minerals. In addition the energy, or caloric, content is closely monitored to achieve the maximum growth rate, good fleshing and uniformity of the entire flock.

As far as production and management factors are concerned, all birds are raised in confinement houses, feed intake is controlled and clean water is provided at all times. Environmental factors such as temperature and ventilation are monitored closely to insure bird comfort.

Poultry processing today is vastly different and greatly improved from the days when slaughter and dressing was done using hand labor. The slaughtering operation, including scalding to loosen feathers and picking to remove them, evisceration (removal of intestines), USDA inspection, washing and chilling is fully mechanized. This greatly improves operational efficiency and the cleanliness of the product. Present processing systems insure a uniform wholesome product available the year round.

Modern packaging methods which use refrigeration to the maximum also have contributed to the poultry industry's success by almost eliminating economic losses due to spoilage. Chicken now is available in a variety of form, including whole, cut-up, breast portions and leg quarters. In addition, a host of cooked products can be found in most supermarkets.

Even if the price of poultry was double what it was in 1954, the consumer would still come out the winner. Considering price increases for most items since that time, especially cars, clothes and homes, poultry is a "steal" today.

First National Team Out In Front

In the Men's League games on Friday, July 16, Knox Prairie lost to the Raiders 10-2. The Weevils lost to First National 10-5, and the Weinert team forfeited their game with the Desperados.

On Monday, July 19, Knox Prairie lost to the Desperados 16-1, First National won over the Raiders 18-5, and Weinert once again forfeited their game to the Weevils.

Two more games are scheduled. The First National team is out in front by several games.

Dionne Kingston is visiting relatives in Snyder this week.

County Agents To Meet

About 400 county extension agents who are members of the Texas County Agricultural Agents Association will assemble for their annual conference at the Sheraton Inn of Tyler, August 1-4. Among major speakers will be U. S. Rep. Ralph M. Hall of Rockwall; Dr. Perry L. Adkisson, deputy chancellor for agriculture, Texas A&M University System; Dr. Zerle Carpenter, head of Texas A&M's Animal Science Department, who will assume duties as director of the Extension Service September 1; and Frank W. Naylor Jr., Under-Secretary of Agriculture for Small Communities and Rural Development. Also, seven Texans will be recognized as a "Man of the Year in Texas Agriculture", and key agents will be honored.

Fund Started For Purchase Of Drug Dog

Pointing out the need for help in the control of a narcotics program locally, Chief of Police Gerald Saffel spoke to members of the Munday Lions Club on Tuesday in regard to the purchase of a "drug" or "narcotics" dog.

Saffel stated that there has been an increase of about 50% in the drug traffic locally during the five years he has worked in Munday. There are such drugs as heroin and cocaine being used here, he said, but the common use of marijuana is more prevalent than ever before.

He spoke in behalf of securing a narcotics dog here to aid in detecting such drugs on persons or in vehicles, expressing the belief that such a move would serve to cut down on the drug traffic.

A fund has been started by the Reserve Officers Association for the purchase of such a dog. The cost of the animal is \$2,500, and he would be trained to work with local police. This would not be an attack dog, Saffel emphasized, but one trained as a "dope" dog.

Interested people may contribute to this fund through the First National Bank. Bob McWhorter is treasurer.

HOUSEWARMING

Friends of Ozelle Kilgore and Galen honored them with a housewarming in their new home Sunday afternoon. The two bedroom home has just been completed by builders Tracy Cartwright and Mike Waldron. About 35 guests registered and toured the new structure. Refreshments of punch and cookies were served by hostesses Philomae Robertson, Jo Cartwright, Susan Cartwright, Julia Waldron and Gladene Green.

Special guests were Ozelle's sister, Mary Fitzgerald of Munday, and a sister-in-law, Mildred Draper, of O'Brien. HERE 'N THERE

Mr. and Mrs. C. B. Clower are visiting in Midland with their daughter and family,

the Bill Powers, a few days this week.

Charles Hertel of Jal, N. M., visited his mother, Nora Hertel, and other relatives and friends a few days last week.

Mr. and Mrs. Kenneth Roberts and grandsons, Chris McGregor and Mark Roberts, left Saturday for a vacation trip which will take them to several points of interest, including the World's Fair in Knoxville, Tenn. Before returning home, they will return Mark to his home in Midland, Mich., and visit their children, the Ken Roberts.

Darlene and Toni Benson and Jewel Shipman vacationed several days last week in Colorado.

It's A Girl

Now, there are three - Misti Lea, Mindy Lea, and Miranda Lea Zeissel!

I was born Saturday, July 10, at 10:40 a.m., weighing eight pounds and two ounces, and I'm a big 22 inches long. My parents are Mr. and Mrs. Wayne Zeissel.

Grandparents are Vernal and Betsy Zeissel and Dwight and Lavita Burgess. Great-grandmothers are Mary Zeissel of Rhineland and Henrietta Burgess of Munday Nursing Center. I sure am cute, but not spoiled - yet!

Attend Funeral

Relatives attending the funeral of Gene Ragsdale in Ft. Worth last Friday include Mr. and Mrs. Everett Thompson, Mr. and Mrs. Mickey Jackson, Socc and Holly, and Mr. and Mrs. Melvin Cypert.

Mr. Ragsdale was a brother-in-law to Mr. Thompson.

"Texas Football" Ranks Moguls Third In District

It will be up to the mighty Moguls to prove Dave Campbell's "Texas Football" picks in District 4-AA in error. The Moguls just may not settle for third as the prediction in the magazine reads. Munday returns six offensive and four defensive starters and were the 1981 district champions of district 7-AA.

When re-alignment was completed in 1981, the Moguls went to 4-AA. Quanah is now in 2-AA from 7-AA, and Crowell is placed in 3-A with Knox City. Hamlin came to 4-AA from 8-AA. Seymour, Haskell, Rotan and Paducah are the other schools completing the 4-AA roster.

The magazine predicts Hamlin to win the 1982 district 4-AA title. Hamlin won the 8-AA crown last year with a 10-3 mark, and won over the Moguls in bi-district play.

Haskell is ranked in the number two spot by Campbell. Haskell had a 6-4 season in 1981, and welcomes back five offensive and six defensive starters.

Rotan, next in line by "Texas Football", fell from a state semi-finalist berth in 1980 to a 6-4 season last year. However, six offensive and five defensive returnees, according to Campbell, could spell another playoff berth in 1982.

Seymour returns five offensive and four defensive veterans from a 4-6 team last season.

After breaking even at 5-5 last season, Paducah will count on their six offensive and four defensive returnees to earn them a winning season this fall.

Munday has a scrimmage with Crowell there on Friday, August 20. On August 27, the Moguls will scrimmage Abilene Christian High School here.

Senior Citizen Singing Planned

The Munday Senior Citizens will hold their monthly singing July 22 at 6:30 p.m. in the Community Center. Singers are invited from Red Springs, Haskell, Knox City, and perhaps others will be present.

Anyone who wishes to sing or just listen will be welcomed. Come out and spend a very enjoyable evening with us. Thank you.

Munday Shows Decrease

Sales Tax Rebates On Rise Statewide

State Comptroller Bob Bullock stated that recent checks had been mailed to 967 Texas cities in the total amount of \$38.9 million. This is the cities' share of the one-percent city sales tax for July.

Statewide, these monthly rebates continue to show an increase over last year, running 14.4 percent ahead of 1981.

The largest check went to Houston in the amount of \$8.3 million, bringing the total that city has received during 1982 to \$83.6 million, up nearly 18 percent over last year.

Munday received \$2,439,38, as compared to \$3,090,00 for the same period in 1981. Munday shows a 0.43 percent decrease for 1982.

Knox City's current check was in the amount of \$3,285.87. Last year for the same period the rebate amounted to \$3,300.00. For the year Knox City is showing a 20.68 percent increase

over 1981, up to the present time.

Benjamin has received \$1,465.30 in 1982 thus far as compared to \$871.25 as of this date in 1981, showing a 68.18 percent increase. Benjamin did not receive a rebate check for July.

Goree, for the year thus far, has received \$1,465.30 compared to \$871.25 for 1981 at this time, reflecting an increase of 84.59.

Weinert has received \$919.32 for 1982 over 1587.45 for the same period in 1981. No check was received for the current period.

Mr. and Mrs. Hal Amerson visited Mr. and Mrs. Glen Amerson in Houston. Their granddaughter returned home with them for several days visit.

How, When To Water Garden

When, how and how much to water are common questions asked by gardeners. Watering is one of the most enjoyable aspects of home gardening but it is also one of the most misunderstood. Misuse of water in your home garden often causes many problems, among them soil crusting, poor root growth, blossom drop, cracked fruit, nutrient deficiencies and various types of plant diseases.

Regardless of how you water your garden, remember to apply sufficient water to wet the soil to a depth of at least 6 inches. How often to water will depend upon climatic conditions, rate of growth, stage of maturity of your garden, and soil type.

Check the soil, not the plants, to determine when to water your garden. Looking at plants for symptoms such as wilting to determine when to water is a serious mistake. Plants wilt for many reasons, such as diseases, too much fertilizer, heat or perhaps too much water. If soil is relatively moist an inch or so deep, you don't need to water. Remember, heavy soils will need watering less frequently than sandy soils.

Most gardeners water by flooding or furrow irrigation. For this method to be effective, it's best to have plants or raised beds so water can go between them. With flood or furrow irrigation, apply water slowly to soak the soil thoroughly.

Watering with a sprinkler is probably the most convenient method. It's simply a matter of placing the sprinkler where it can water the entire garden. Be sure to apply at least one inch of water at each watering. This can easily be determined by placing a coffee can in the sprinkler pattern and catching about an inch of water.

When using a sprinkler, turn it on early enough in the day to allow foliage to dry off before nighttime. Wet foliage in combination of cool nighttime temperatures often results in serious types of foliage diseases.

Drip or trickle irrigation is a relatively new concept which is gaining popularity. This type of system literally drops water onto the soil surface near plants so that it seeps slowly into the soil. This method is much more efficient than either furrow or overhead watering

although the initial cost is high. However, being more efficient, these systems generally pay for themselves within a short period of time.

Paying attention to how, how much and when you water can make the difference between success or failure of your garden.

Sorghum Farmers Deliver Crop Into Buyer's Market

Harvest is in full swing in the grain sorghum fields of South Texas. Farmers who were not signed up in the Feed Grains Reduced Acreage Program are selling their grain at an average price of \$3.90 per hundredweight, eighty cents below the Government Loan. Participation of South Texas farmers in the Reduced Acreage Program (RAP) was very low, due partially to its late announcement by USDA.

"Grain prices are not expected to exceed the loan level plus carrying charges in the next year unless the grain surplus is greatly reduced," according to Elbert Harp, executive director of Grain Sorghum Producers Association. "Significant participation in the RAP and maximum sales of grain are the only hope for reduced stocks and higher prices."

A study of carryover stocks and their effect on grain market prices shows that any time these stocks have exceeded a two month supply the market price remains at, or below, the level of the government loan plus carrying charges.

The study, researched by Grain Sorghum Producers Association, shows that the only time prices equal the cost of production (based on USDA estimates), is when the carryover supply is at, or below, a one month supply. Ironically, it is at this level that consumers become alarmed at the prospect of declining food supplies and pressures mount for export restrictions and other controls.

The carryover supply of corn and grain sorghum on October 1, 1981 was 2.3 billion bushels - three and

CARD OF THANKS
Whatever you did to console our hearts in the passing of our loved one, Mary Moore, we thank you. The kind words spoken by Bro. Travis, the calls, visits, food brought to Aunt Mamie's, and the gifts to the Goree Memorial Building Fund in her memory, have all made our sorrow easier to bear. Notice To All Auto Owners:

By action of the Texas Legislature, all auto registration fees may be kept in the county next year.

Heretofore, the county kept the first \$50,000, then 50 percent thereafter. According to the new law, 100% of the registration fees remain in the county, and the funds are equally divided between the 4 commissioners precincts in the county.

This is an incentive for all auto owners to register their vehicles in their home county.
