MUNDAY BUSINESSWOMAN, ERNESTEEN MICHEL, received the honor of Citizen of the Year at the annual Chamber of Commerce banquet last Thursday night. The award was presented to Mrs. Michels in recognition of her dedicated service to community, church and school by last year's recipient, Perry Kuehler.

Ernesteen Michels Named 1990 Citizen Of The Year

At the annual appreciation banquet sponsored by the Chamber of Commerce and Agriculture last Thursday night, local businesswoman Ernesteen Michels was named Munday's 1990 Citizen of the Year.

In presenting the award to Mrs. Michels, Perry Kuehler, last year's recipient, noted her dedication and service to the community, church, and local school programs. Special recognition was given for her efforts to increase the visitor traffic to Munday.

Paula Schur, incoming president of the Chamber, presided over the program which featured a patriotic theme. Providing interlude music as guests were seated was pianist, Linda Smith. The invocation was given by Dr. Pete Bradford, pastor of the First Baptist Church.

Mrs. Schur presented the "Spirit of the Chamber" award to the Brazos Valley Young Farmers. This county wide organization was recognized for their volunteer efforts on behalf of area youth in farm-related activities. They have done much to promote youth-oriented county farm programs, such as 4-H and FFA, including sponsoring the County Junior Livestock Show and several college scholarships.

The evenings entertainment was provided by vocalists, Cherie Hutchinson and Kristi Earle. Following the banquet theme, these ladies entertained the crowd with several renditions of patriotic songs.

A special award of merit was presented to Chamber board member, Mike Wulf, for his exemplary efforts towards achieving the goals of the Chamber.

Next on the agenda was the introduction of the 1991-92 Chamber board of directors. Paula Schur will serve as president, while John Lofin will serve as president-elect. Other officers include Becky Offutt, vice-president; Pat Smith, treasurer, and Lynn Fitzgerald, executive vice-

president. The board of directors includes Mike Wulf, Larry Smith, Carol Cottingham, Mike Greenwood and Dwight Key. Advisory members are David Bordovsky, Mike Wulf, Ernesteen Michels, Jan Wilde and Pat Smith.

Mrs. Schur next presented \$25 gift certificates to the winners of the "Why I Love Munday" contest conducted at the local junior high and high school. Winner in the seventh through ninth grades was seventh grader, Bryan Michels, son of J.W. and Elaine Michels. Sophomore Ronnie Whitfield, son of Rodney and Marilyn Bennett, was named the winner in the tenth through twelfth grades. These young men then read their views on why they love their hometown. Judges for this event were LaRue Reeves and Maryann Lee.

Barry Mahler, the speaker for the evening, was introduced by Larry Smith. Mr. Mahler, radio personality for KWFT in Wichita Falls, offered words of encouragement to local citizens to continue building their community and keep up their winning spirits.

The program concluded with a special salute to servicemen from the Munday-Goree area who served in Operation Desert Storm.

City Fights Outbreak Of Type-A Hepatitis

What began as one case of Type A hepatitis in January has now grown to 18 confirmed cases in Munday. While health officials do not classify this as an epidemic, it has produced some concern among local residents.

Local school officials have been in contact with the Department of Health since the first confirmed case of hepatitis in the school system. According to school officials, health authorities state that the school has exceeded recommendations as far as sanitation is concerned. Safety pre-

cautions taken include disinfecting door knobs, desks, playground equipment, restroom walls and water fountains.

All but two of the confirmed cases of hepatitis were elementary age children. Of these, nine were in the first grade. As of last Wednesday, the

fountains at the elementary school have been disconnected as an added precaution. In addition, elementary school teachers are supervising the hand washing of their students in an attempt to reduce the spread of the disease. All safety precautions currently recommended by health offi-

cial are being followed.

The Department of Health conducts case histories of each person confirmed with the disease. To date, it is believed that only four of the first 11 cases confirmed were contracted in the school system.

In an effort to keep parents informed, the elementary school sent out two pamphlets outlining the disease and necessary safety precautions. Also, the Department of Health conducted an informative meeting for the public on Tuesday afternoon concerning the outbreak. John Shaeffer of the Region 5 Arlington office spoke to a large crowd of parents and interested citizens. He stated that most of the cases in Munday to date have been in the Kindergarten and first grade age group. The severity of the disease increases with the age of the infected person. Most children will experience only mild cases of the virus.

Mr. Shaeffer stated that the odds are extremely remote of anyone contracting the HIV (Aids) virus from the immune globulin (IG) injection. He strongly recommended the use of IG for household contacts and classmates of hepatitis A patients.

He praised the school for their cooperation and stated that though we have not yet seen all the cases of Hepatitis A in this outbreak, the public should not panic, but take necessary precautions.

School officials would like to assure parents and local residents that they are taking all necessary steps to prevent the spread of the disease.

If you were unable to attend the Tuesday afternoon meeting and have questions concerning the virus, please contact either your family doctor or the health department.

Time Changes

It doesn't seem possible, but it's that "time" again!

This Sunday at 2:00 a.m. Daylight Savings Time officially begins. Before going to bed Saturday night, adjust your clock ahead one hour, or you'll be late for church Sunday morning!

Remember to "spring forward" for more daylight leisure hours!

Fire Department Receives Check

The Munday Volunteer Fire Department recently received a check for \$100 from Germania Farm Mutual Insurance Association. The check was presented in appreciation of the quick response of the department in answering a fire call involving the property of Alvin H. Jungman.

Local Servicemen To Be Honored

The Munday Chamber of Commerce and Agriculture would like to help you welcome your servicemen and women home from Saudi Arabia!

If you have a relative or friend who served in Operation Desert Storm coming to visit, please notify the Chamber office. Arrangements are being made to put up a welcome for these individuals on the community sign to show appreciation for a job well done.

Plans are also in the making for a homecoming float honoring these servicemen and women. For more information, contact the Chamber office.

Please bring your social security card and driver's license for identification purposes.

"Why I Love Munday" Winning Essays

BY BRYAN MICHEL

I love Munday because it is a small town with friendly people. I can walk all over town without being afraid because I know almost everyone. And I know that if I ever need help, Munday has a good police department. I like living in Munday because it has a lot of stores with friendly workers and no factories to pollute the air.

I love Munday because it has good schools. The school built a nice track for people to walk and run on. It has a great football team and coaches. I like to listen to and watch the Purple Cloud Band perform.

There is a well-kept baseball field for kids to play Pee-Wee League and Little League in the summer. And the city provides a park with a swimming pool and playground for families to have fun.

Munday is a small, friendly place where you can trust your neighbors. That's why I love Munday!

Stretch tuna salad by adding diced or grated apples and celery.

Munday High School's version of "Steel Magnolias" was performed to perfection last Tuesday night at the District 9-A one-act play contest in Knox City. The Munday play, as well as Knox City's "Arsenic and Old Lace", were chosen to advance to the area competition this Saturday, April 6 at Hardin-Simmons University in Abilene.

Bridgett Beaty, who played the somewhat flighty assistant beautician Anelle, took Best Actress honors in the district contest. Byron Waldrip of Knox City was named Best Actor.

All-star cast honors went to Christina Walker and Kacy Loggan of the Munday play; Shelly Bailes and Brian Tankersley of Knox City; Kenna Tanner and Melissa Carreon of Rule; and Joe Brent Stanalan and Rachel Brown of Jayton.

Receiving honorable mention were Brandi Crawford of Munday; Kristen Perdue and Matt Maurer of Knox City; Jason Halliburton of Rule; and

Bambi Ferguson, Clell McCauley, Beau Norris and Melissa Harris of Jayton.

The area competition will begin at 9:00 a.m. Saturday at Van Ellis Theatre on Southside Drive on the Hardin-Simmons University campus. The plays, which will be one hour apart, are (in order of appearance): Knox City, Munday, Eula, Lingleville, Ira and Trent.

PCA Plans Annual Meeting For April 5

The Rolling Plains Production Credit Association's 57th Annual Stockholders meeting will be held Friday evening, April 5, at the high school cafeteria (located east of the school) in Stamford. Registration and the meal will begin at 6:00 p.m.

Cash drawings totaling \$250 will be awarded this year to members in attendance whose names are chosen from those registered. Entertainment will be provided by humorist Bob Murphrey.

Rolling Plains PCA is part of the nationwide Farm Credit System providing over \$51 billion in loans to America's farmers, ranchers and ag-related businesses.

Moguls Lead Division IV At San Angelo Relays

The defending Class A state track champion Munday Moguls were in top form last weekend as they led Division IV of the San Angelo Relays. The Moguls racked up 66 points and a first place lead Saturday before the remaining events were canceled due to bad weather.

Division IV was composed of twenty-five Class A and Class AA teams.

In Saturday's competition, the Moguls posted the following wins: 3200 METER RUN - Andrew Serrato, second, 10:02.26.

400 METER RELAY - Bobby Dockins, Tyler Thompson, Perry Collier and Terry Collier, first, 43.5.

110 METER HIGH HURDLES - Bobby Dockins, first, 14.5.

SHOT PUT - Brett Bruce, first, 51'5"; Jerry Branam, third, 47'4".

DISCUS - Jerry Branam, fourth, 136'8".

HIGH JUMP - Perry Collier, second, 6'2".

The boys and girls varsity and the boys junior varsity teams will compete this Saturday in the Seymour Relays, the last meet scheduled before the district contest April 12 in Knox City.

Family Night Planned At Nursing Center

Munday Nursing Center will hold a Family Night on Tuesday, April 9. A salad supper will begin at 6 p.m., followed by bingo games.

This has been a very enjoyable time for the residents in the past, so all family members are encouraged to attend to make this one even better.

Baptist Women Invited To Paint Creek Meeting

The Paint Creek Baptist Women will hold a meeting and luncheon for area Baptist Women next Tuesday, April 9, beginning at 9:45.

In keeping with the theme for the year, they will study the book, "Empowered!", written by Esther Burroughs. Mrs. Burroughs works at the Home Mission Board as a consultant with women, and she has the distinct ability of communicating to all age groups with honesty and insight.

The study will be led by Mrs. Lee Welch, wife of the Anson Baptist Church pastor.

Baptist women in the area are urged to make plans to attend this special event.

BRYAN MICHELS (left) AND RONNIE WHITFIELD (far right) were named winners of the "Why I Love Munday" essay contest recently sponsored by the Munday Chamber of Commerce. The young men were honored at the Chamber banquet Thursday night, where they read their essays and were presented gift certificates. Shown with them above is Paula Schur, 1991 Chamber president.

Panel Appointed To Review Texas Agricultural Extension Service

A blue-ribbon task force of community and state leaders has been appointed to review the operations of the Texas Agricultural Extension Service and make recommendations to assure its future vitality and effectiveness.

The 40-member panel, chaired by S.M. True of Plainview, president of the Texas Farm Bureau, will report its recommendations by late April to Dr. Edward Hiler, interim chancellor of the Texas A&M University System.

"Just seven years ago, the Extension Service was reviewed as part of Texas A&M's Target 2000 project," Hiler said. "At that time, we didn't anticipate expansion of the Texas A&M University System to include four more institutions in South and West Texas, so a re-evaluation of our agricultural outreach program is appropriate."

The Extension Service currently operates educational programs through offices in 254 Texas counties and 14 district centers throughout the state.

"Over its 76-year history, Extension has changed constantly to meet the shifting needs and priorities of Texas citizens," said Dr. Zerle Carpenter, director of the Texas Agricultural Extension Service.

"With an increasingly urbanized population, the economic importance of the agricultural industries, and the new opportunities presented by ex-

pansion of the A&M System, we need to study our options for the future," he said. The institutions recently added to the university system are Texas A&I University in Kingsville, Corpus Christi State University, Laredo State University, and West Texas State University in Canyon.

The panel will divide into subgroups to review the Extension Service along the five topic areas contained in the Target 2000 report: mission and program, clientele served, resources, organization and management, and intra-system realtions.

Dr. Jim Butler, assistant deputy chancellor at Texas A&M, is secretary for the task force.

Sports Card Show Saturday In Abilene

St. Mark's Episcopal Church in Abilene will hold it's 5th Sports Card Show Saturday, April 6, from 10:00 a.m. until 5:00 p.m.

Collectors will find all kinds of collecting cards and card storage supplies at the show.

Jamboree Fund Raiser Scheduled For April 25

The Knox County Hospital Auxiliary are sponsoring a jamboree April 25 in Knox City. *I'm Proud To Be An American* will be the theme for this event.

Proceeds will go toward the purchase of a new heart monitor system for the Knox County Hospital.

They will also be awarding a beautiful, queen-size, handmade quilt to some lucky person who has made a donation. You may donate to any Pink Lady volunteer or at the *Pink Ladies Thrift Shop*. The quilt is on display in the window of the Knox County News office.

Easter Brings Trip To Austin For Lala

Lala Morgan spent the Easter holidays in Austin with her daughter and family, Neva and Bill Biggs.

Following Sunday morning church services, they all went to Dennis and Judy Morgans for lunch. Others attending were the Biggs' sons, Scott and William, and their girlfriends, Nolan, Martha and Anna Morgan, Kent and Keely Morgan, Keely's roommate and her father, and Judy's brother, Chris and Barbara Boggs and three children.

Everyone had a good time visiting, hiding and hunting Easter eggs for the children.

Lala returned home Monday, April 1, looking forward to her next trip to Austin.

Counts Compares Insurance Systems

Rep. David Counts, D-Knox City, was among a group of Texas law makers who accompanied Governor Ann Richards to New York for a look at that state's insurance regulators. Governor Richards and the group from Austin were looking for ways to stabilize insurance rates in Texas.

Stan Dorf, who is chief of policy and planning for the New York Insurance Department, told the Texans that restructuring a rate system to include parameters in which individual companies can charge would stabilize rates in competitive markets. Members of the New York Department said a proposed Texas formula for setting rate parameters, called a flex system, would work in competitive markets without driving

the industry to its knees. Annual increases in New York have ranged from 1.9% to 3%, compared to requests of up to 30% in Texas.

"We were able to compare our system with the New York system. There are some areas we can incorporate into our industry and make improvements," Counts said.

Others who attended the work session were Representatives Eddie Cavazos and Mark Stiles, Texas Insurance Commissioner Phil Barnes and Clair Koriath, Chairwoman of the three-member Texas Board.

Services Held For Riley Dee Bell, 74

Funeral services for Riley Dee Bell, 74, of Goree, were held at 2:00 p.m. Wednesday, April 3, at the Goree Church of Christ. Greg Melton officiated. Burial was in the Goree Cemetery under the direction of McCauley-Smith Funeral Home.

Mr. Bell passed away Sunday, March 31, in a Wichita Falls hospital.

He was born October 18, 1916, in Anson. He and Vera Lola McKinney were married May 16, 1936, in Seymour. He was a World War II Army veteran.

Mr. Bell was a former Munday resident. He was a retired blacksmith and welder. He moved from Dallas to Goree in 1972 and was a member of the Goree Church of Christ.

Survivors include his wife; two sons, Bobby Dee of Garland and Roger D. of Graham; two daughters, Glenda Decker of Goree and Vickie Barker of Seymour; a sister, Vera Wales of Olney; 23 grandchildren and 17 great-grandchildren. Grandsons served as pallbearers.

Former Pioneer Resident Dies

Former Munday resident Dr. Charles L. Farrington, 83, of College Harbor, Florida, died Thursday, March 21, at College Harbor Health Center of heart failure.

A pioneer orthopedic surgeon, Dr. Farrington performed the first hip joint surgery recorded in St. Petersburg in 1968. It was the second complete joint replacement done in the United States.

Dr. Farrington was preceded in death by his wife, Florence "Sunshine", in January 1981.

Survivors include his son, Charles, of Portland, Oregon; a daughter, Dr. Charlotte "Sherry" Green of Palham, New York; and six grandchildren.

DINGY LAUNDRY

Underused detergent is the most common cause of dingy laundry. Using too little detergent can cause greyness and yellowing due to a build up of body soil and poor soil removal.

To prevent leftover poultry stuffing from being too dry, add 1 1/2 eggs to 1 cup of milk before baking the second time.

COTTON PLANTING TO BEGIN SOON

Cotton planting season is soon approaching and many producers may be wondering what variety to plant.

To aid in determining some of these answers I compiled information from six years of irrigated cotton variety demonstrations and seven years data of dryland cotton variety demonstra-

tions conducted in Knox County. The data was averaged to even good and bad years or a comparable average formula.

Listed in Table 1 are the top ten varieties in irrigated cotton variety results and Table 2 shows the top ten varieties on dryland fields.

Table 1. Irrigated Cotton Variety Five Year Comparable Average

KNOX COUNTY KONNECTIONS

By Jane Rowan, County Extension Agent

NEW PRODUCT MAKES DAIRY FOOD CONSUMPTION EASIER

Are you one of 30 to 60 million people who can't stomach dairy foods? Have you ever had a problem with your digestive tract when you drink milk or eat dairy products? Today many lactose intolerant consumers can enjoy dairy products by using one of several commercial products containing an acid active lactose (drops) to pre-treat milk products to reduce lactose content.

Remember, if for this reason you have not eaten milk products -- the most appropriate source of calcium -- then start eating the recommended number of servings daily. This will help ensure that your intake is sufficient to lessen the risk of getting osteoporosis in later years and to attain or maintain greater bone density.

STORING WINTER CLOTHES

Spring means warmer weather is coming and it is time to clean and store your winter clothing. Clean all items before storing. Even tiny spots of soil or food make the fabric more susceptible to staining, mildew and insect infestations. Launder washable items and garments, but avoid using laundry additives such as fabric softener and starch. Fabric softeners tend to yellow with age and starch attracts insects.

Reduce dry cleaning costs by having "dry clean only" garments

cleaned, but not pressed. Store wool garments in moth repellent (balls, flakes, or crystals), but avoid putting moth repellent in baby or children's cotton clothing.

Tailored and professional clothing should be stored on padded hangers protected in a cloth garment bag. Avoid storing garments in plastic whenever possible. Plastic garment bags and dry cleaner bags trap moisture during the humid summer season and sometimes cause garments to become yellowed and discolored. The print from dry cleaner bags has been known to degrade onto garments leaving an ink stain.

If you do not have closet space available for winter garments, then stuff the sleeves and shoulders with tissue paper and store in a tissue lined box. Choose large flat boxes so that the garments may be folded fewer times and are not crushed by the weight of other garments. Store the heaviest garments on the bottom and lighter weight garments on top.

Good places to store out-of-season garments include the "far end" of a bedroom closet, under the bed, and the top shelves of a clothes closet. Avoid hot attics, damp basements and damp garages, because mold and mildew grow in humid conditions. Also avoid storing good clothes next to the outside wall because outside walls tend to draw dampness with outside temperature fluctuations.

Arbor Foundation Offers Free Trees

Ten free shade trees will be given to each person who joins The National Arbor Day Foundation during April, 1991. The free trees are part of the nonprofit Foundation's Trees for America campaign.

The ten shade trees are red oak, weeping willow, sugar maple, green ash, thornless honeylocust, pin oak, river birch, tuliptree, silver maple and red maple.

"These trees were selected to provide shade and beauty, and a variety of forms, leaf shapes, and fall colors," John Rosenow, the Foundation's executive director, said.

The trees will be shipped postpaid at the right time for planting in April or May with enclosed planting instructions.

To become a member of the Foundation and receive the free trees, send a \$10 membership contribution to SHADE TREES, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by April 30, 1991.

Texas Crime Volume Shows Small Decline

The overall major index crime volume in Texas for 1990 dropped 1.3%. However, five of the seven crime categories showed increases compared to the previous year.

According to DPS Director, Colonel Joe Milner, all of the violent crime statistics went up in 1990.

"Unfortunately, the increases in these four categories amounted to 17.7% for murders, 10% for rapes, 16.9% in the number of robberies, and 15.5% for aggravated assaults," Milner said.

The DPS director said that the number of burglaries dropped by 8.1%, while thefts had a slight decline of 1.4%. However, motor vehicle thefts continued to climb with a 2.3% increase.

The number of arrests in Texas were up by 10.5%. While the number of persons taken into custody for drug-related offenses fell by 13.1%, the number of DWI arrests increased 9.5%.

Senator Lloyd Bentsen

Watching Washington

A farmer who puts seeds in the ground and doesn't return until the harvest will reap an unhealthy crop and a lot of weeds. The future of the United States is only as healthy as its children. But like the negligent farmer, we are failing too many of the most vulnerable Americans.

Our foster care systems are overrun due to a dramatic rise in reported cases of child neglect and abuse. In 1989 there were more than 2.4 million such reports, twice the number reported in 1980. At the end of 1989 there were 360,000 children living in foster care, an increase of nearly one-third in just five years.

Too many families lack access to the services they need to prevent family problems before they occur. Texas authorities estimate that of the 425,000 Texas children at risk of abuse and neglect, only 30,200 are receiving services.

I have introduced legislation that can provide the foundation for major changes in our foster care system by emphasizing prevention of family breakups rather than having to cope with the results of those breakups.

My proposal calls for a cooperative effort between the Federal Government and the states over the next five years to help strengthen families. States would create a network of services to provide help and support to families before crises develop. The bill provides incentives for state and local child agencies to test new family support programs where young men and women can come for training and guidance in child-rearing, health services and nutrition and family counseling. There are also incentives to make it easier for children to be adopted.

A second problem the bill addresses is the explosion in the number of boarder babies caused by the epidemic of crack cocaine. These babies are exposed to drugs during pregnancy and left in hospitals by parents unwilling or unable to care for them. Of the estimated 280,000 pregnant women nationwide in need of drug treatment, less than 11 percent receive the care they need due to lack of treatment programs. The bill encourages states to help create substance abuse prevention programs and treatment programs for pregnant women and mothers with children.

My proposal also helps states improve access to health care services for some of the nation's most defenseless children. More than 9 million American children lack any public or private health insurance coverage. One report indicates that as many as half of Texas children have no health insurance, the highest rate in the country. My proposal allows states to extend Medicaid coverage to a greater number of older children and reduce barriers to Medicaid eligibility for pregnant women and children.

We must commit ourselves to creating a more hopeful future for our children by meeting their needs for a safe home, basic nutrition and health care services. If we turn our backs on our children, we jeopardize our future. That's something the United States cannot afford to do.

Locals Grandson Is Wed In San Angelo Ceremony

Holy Angels Catholic Church in San Angelo was the lovely setting for the marriage of Sandra Kay Jost and George Sumner Spann, Jr. The double ring ceremony was performed at 2 p.m. on Saturday, February 2 by Father Serran Braun.

The bride is the daughter of Mr. and Mrs. Emil Jost of San Angelo. She is a graduate of San Angelo Central and a 1985 graduate of Angelo State University and is employed in Forecasting at GTE in Las Colinas.

The bridegroom, son of Mr. and Mrs. George S. Spann, Sr. of Ennis, graduated from Ennis High School in 1979 and the University of Texas at Arlington in 1986. He is the Credit Manager for Southland on Maple in Dallas. Grandparents of the groom are Chester and Annie B. Lain of Munday and the late Oscar and Bera Spann.

Red and white poinsettias adorned the front and sides of the altar. Large butterfly plants in red wicker baskets with ivory bows and winding candelabras decorated with ivy and ivory bows were placed to each side of the altar. Pew markers were large ivory bows. Stacy Pullig and Cheryl Fleming registered guests.

As guests were seated, Deborah Osborne, cousin of the bride, played organ selections. Bera Faye and Bobby Boyd of Hereford, aunt and uncle of the groom, sang *On Eagle's Wings* as the parents were escorted into the church. They also sang *The Wedding Song, There Is Love* during the lighting of the unity candle, and *The Lord's Prayer* at the close of the ceremony.

The bride, given in marriage by her father, wore a champagne ivory satin wedding gown. The dress was an original, designed by the bride, and was hand sewn by a relative. The dress featured a scalloped sweetheart neckline with a deep scalloped 'v' in the back and had long puffed sleeves. The fitted bodice extended to a 'v' in front and back and was entirely covered in lace adorned with ivory pearls and iridescent sequins. Covered buttons ran down the back to a satin bow.

MRS. GEORGE SUMNER SPANN, JR.
..... the former Sandra Kay Jost

Scalloped lace was sewn around the edge of the entire dress.

The bride's headpiece consisted of a tiara, adorned to match the bodice of the dress, with a veil flowing down the dress past the immense train. She carried a silk cascade of ivory and red roses, adorned with baby's breath, ivy, ivory pearls and miniature ivory flowers.

Laren Green of San Angelo served as her sister's matron of honor. Bridesmaids were Sheryl Norakas, sister of the groom of Ennis; CaSandra Golovach, cousin of the bride of San Angelo, and Tammy Fetterolf, her college roommate of Chicago, Ill. Junior bridesmaid was Tessa Trussell, niece of the bride of San Angelo.

They wore formal red satin tea length dresses with ivory hose and red satin pumps. Each carried a round nosegay of silk ivory and red roses, ivy and gypsophila, accented with

ivory tulle, pearls, an ivory bow and ribbons.

The flower girl was Nikki Adair of Lancaster. She wore a champagne ivory satin dress with a red satin sash and ivory bow. She carried a basket of fresh red roses mixed with greenery and gypsophila.

The groom chose an off-white full dress tuxedo with matching cummerbund and bow tie. His boutonniere was a red rose accented with baby's breath.

Candle lighters and ushers were Gary Jost of Austin and Jeffrey Jost of San Angelo, brothers of the bride. Best man was Shane Adair of Lancaster.

Groomsmen were Danny Lain, uncle of the groom of Knox City; Tony Jost, brother of the bride of San Angelo, and Severt Nielsen of Ar-

lington. The male attendants wore black classic tuxedos with ivory shirts and red cummerbunds and bow ties. Each wore a red rose boutonniere.

The ringbearers were Brian Jost of Austin and Matthew Green of San Angelo, both nephews of the bride. They wore ivory tuxedos with red accessories.

The bride's mother wore a cream two piece double-breasted suit with lace and matching accessories. The groom's mother chose a champagne tea length dress with matching accessories. Each wore corsages of ivory and greenery.

The reception was held at Bentwood Country Club in San Angelo. Various cheeses, finger sandwiches and fruit and vegetable trays were served along with punch, champagne and a coffee and tea service. Music during the reception was provided by Elizabeth O'Brian who sang *Wind Beneath My Wings* to the couple.

The bride's cake was a three tiered creation accented with red roses. Between columns separating the layers were red ribbon bows accented with white net. A Precious Moments bride and groom figurine graced the top of the cake.

The groom's cake was a chocolate confection featuring a figurine of a bride and groom. The groom had a ball and chain attached to his ankle.

A rehearsal dinner was hosted by the groom's parents at Zentner's Steak House in San Angelo.

Following a honeymoon in Maui, Hawaii, the couple is at home in Irving.

People once believed the best time to plant corn was by the light of the full moon.

Do you have a problem with pride? Yes or No (circle one).

If you circled "No", are you proud of that fact? Yes or No.

Pride is a vice not limited to the emperors of far-flung realms. Almost anyone, by comparing himself with those who have less talent, less success, less popularity, can emerge with a feeling of satisfaction that is the very opposite of humility.

What is the remedy for pride? It's the daily realization that all you are and have is a gift from God. When you forget that, you get into "pride problems."

See you next week, and remember: humility is the embarrassment we feel when we tell others how wonderful we are.

Benjamin News

By Mrs Gladene Green

I hope everyone had an enjoyable Easter weekend. The Benjamin Fire Department sponsored their annual egg hunt, with a good crowd on hand to watch the different age groups hunt eggs.

Sunrise services were well attended at the Moorhouse Ranch west of Benjamin. Breakfast preceded the services, beginning at six a.m.

NEW ARRIVAL

Matt Dillon is the newest member of the Keith Pierce family. He arrived March 20, 1991, at 5:38 a.m. at Wichita General Hospital, weighing 6 lbs. 13 oz. Both he and his mom, Mamie, are doing well. His grandparents are Sammy and Barbara Pierce of Benjamin, Mary Lou McLaury of Abilene and Royce McLaury of Guthrie. Bill Pierce of Benjamin is his great-grandfather. They all look forward to helping spoil him.

ATTEND RALLY DAY

Bea Parks and Eunice Friday attended the Tri-County Rally Day for Home Extension Clubs recently in Haskell. The day-long activities were held in the Community Room of the Haskell National Bank.

Later in the afternoon, Bea, Eunice and Lucille Moorhouse, all members of the Benjamin Sorosis Club, were guests of the Knox City Study Club, where they enjoyed a program of musical presentations by Erma Liles of Weinert.

INTO HONOR SOCIETY

Sue Gideon, daughter of Weldon Gideon and Jane Gideon, both of Benjamin, was inducted into Beta Gamma Sigma at Texas A&M recently. This is an honor society for collegiate schools of business, which recognizes the top 5% of Business students.

Sue is a 1987 graduate of Benjamin High School, where she was valedictorian of her graduating class. She will get her degree in accounting from A&M in December, 1991.

HERE 'N THERE

Carol Judiscak of Farmington, New Mexico, spent last week here with her mom, Bertha Driver. She assisted her mother in caring for her grand-

parents, Mr. and Mrs. Floyd Bailey of Knox City. The Baileys are having lots of problems and our prayers go to their family.

Bobby and Philomac Roberson are in Wichita Falls regularly to see her mom, Lona Feemster, in Wichita General Hospital. Mrs. Feemster is improving slowly and it is hoped she can return to Knox City soon. Her daughter, Corrine Parish of Franklin, is staying with her all of the time.

Craig and Kent Hertel of Gainesville and Scott Hertel of Plano spent Easter here with their parents, Don and Louise.

Ann Roddy and children of Denton and Mary Whitsett and family of Carrollton were weekend guests of their family here, Gertrude and Bobby Brannan.

Mark Woolley of Vernon visited his mom, Oliver Woolley Saturday. They also visited the Kermit Woolley family in Spur Saturday afternoon.

Last week in listing those who attended Sammy Young's wedding in Arlington, I left out the names of Stephen and Sheila Kuchler and Dee Ann Lamb. I apologize!

Visiting the Raul Barrientez family during the Easter weekend were Ruben and Janie Saucedo of Rochester, Sean and Mary Widmer of Carrollton, Alizabeth Worthington of Wink, and the Ernesto Estrada family and Jr. and Virginia Barrientez and son of Benjamin.

Ned, Susan and Kemp Jones of Guthrie visited her dad, Butch McCanlies, on Sunday.

I visited Sharon McGregor of Crowell at the egg hunt Sunday. She, Ervy, Kristin and Rosalee McGregor were her to visit the Fred McGregors.

Mr. and Mrs. Billy Trainham of El Paso visited his brother, Bobby and other relatives and friends during the weekend.

Stanton, Shirley and Shari Brown and Tyler Colins visited Doug and Karen Brown in Teague during the weekend.

Calvin and Thelma Brown of Peryton visited the Stanton Browns a couple of days last week.

Our family increased by one on March 22. Lucas Clint Taylor was born to Scott and Sabra Taylor of Paducah. He arrived at Childress Regional Medical Center weighing 7 pounds and is 20 inches long. He has lots of grandparents! His paternal grandparents are Gordon and Debbie Taylor of Childress and Billy and Annette James of Paducah. Maternal grandparents are Sonya and Craig Mayberry, also of Paducah. Great and great-great-grandparents are Mr. and Mrs. Willie Rushing of Paducah, Eula Taylor of Plainview, Gladene Green of Benjamin and Beatrice Rushing of Paducah.

Bill and Judy Bland of Throckmorton and "Little Bill", Kelly and daughter of Seymour, visitor her on Sunday.

Peggy Dillard of Lubbock visited her mom, Audrey Nolan, in the Knox City Care Home, and her sister, Virginia Griffith, on Saturday. On Sunday, Leon and LaDell Nolan of Odessa visited Audrey and Virginia.

Bill Brooks of Paris came by to see me one day last week. Bill is with the Red River Authority. It's always good to see him when he's in the area. Also stopping by on Wednesday was Billy Crenshaw of Savoy. Annie Mae was here with him, but was visiting in town. Billy left a nice contribution to the Cemetery Association.

In writing about Benjamin politics last week, I failed to mention the Mayor's race. Buddy Tolson, the incumbent, has filed for re-election. He is opposed by Bud Clower.

Easter Sunday guests of Jan and

Fred Carver were Dorothy Anderson, John Lewis, Dorothy Carver, Doyle Griffith and Fred and Margaret Warren, all of Knox City, and Tammie and Mike Lyles, Jacy and Cassie of Benjamin.

Roger, Betty and Sabra Parker of Aspermont had Easter with Betty's parents, Leroy and Gloria West.

Mary Sawyers of Hamlin and Jan Pollock of Wichita Falls visited their mom, Clodell Duke, during the week-

end. Visiting Mike and Lorrie Bufkin and children on Sunday were Mr. and Mrs. Freddie Riethmeyer and Stephanie Riethmeyer, all of Crowell, and Wesley Jolly of Quanah.

"Ye are the light of the world. A city on a hill cannot be hidden. Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to everyone in the house. In the same way, let your light shine before men, that they may see your good deeds and praise your Father in Heaven."

St. Matthew 5:14-16

Light is a wonderful thing which I usually take for granted until I do not have any. But when I am looking for something in a dark corner of my closet or walking down a dark street at night, I become aware of how important light is to me. I long for some kind of light to help me see what I am searching for or to see the path in front of me so that I will not trip and fall.

In our world today there are many people who are longing for a light to help them find their way. They are needing a little light to help them to find the joy and love which they are seeking. Many people feel lost and they are wandering without a sense of direction and purpose. They need the light of Jesus Christ to help them find His truth which brings with it

love and joy and peace which they want.

We as a church family who love Jesus Christ are a part of the "light of the world" which Jesus talked about in Matthew 5:14. When Jesus is in us, His light of love, truth, grace, and peace is also in us. As a result, we need to let this light shine out to others. This will happen when we love others, share about Jesus with them, and invite them to share in the fellowship of our church family by inviting them to come with us to worship, Sunday School, or some other activity of the church.

During the New Testament times, light was a precious commodity. Those who heard Jesus call them light understood that they were precious and valuable in the Lord's scheme of things. Through their lives others would see the light of God's goodness and grace and encounter the truth that was being revealed through Jesus as they let that truth live in them. Let your light shine. It is precious and so are you.

For winter storage, wipe apples dry and pack in dry sand or sawdust. Keep in cool, dry place.

Thank You

I want to thank everyone for your prayers, telephone calls, cards, flowers and visits while I was with Weldon and Susan, and in the hospital. You will never know what it meant to me.

May God bless each of you.

American Cancer Society To Begin April Crusade

The Munday chapter of the American Cancer Society has announced their annual community crusade will be held in April.

In preparing for the crusade, Shirley Amerson, co-chairman of the Cancer Society's educational and fundraising Community Crusade in Knox County, feels it is important for Munday residents to know how the Society invests their contributions.

Over 43% of the funds raised in

past years has gone towards cancer research, 29% to Public Education, 25% to patient services, 15% to fund raising, 10% to professional education, and 3% to program development and administration.

"This 125% expenditure reflects increased research spending in Texas by the national American Cancer Society," Amerson said. "This means that contributions to the Society are more valuable than our contributors

realize." "The American Cancer Society is currently sponsoring research investigations in 12 major Texas hospitals, medical schools and universities totaling more than \$10.3 million," said Amerson. "Because so much promising research is taking place here, the national American Cancer Society allocates additional funds to Texas scientists and institutions."

Last year, Knox County received a national volunteer achievement award by meeting various criteria...one of which was collecting in excess of \$6,000 during the community crusade. Mrs. Amerson stated, "Volunteers help maintain these

impressive figures, and volunteers are responsible for the success we've had here in Knox County."

Local volunteers plan to begin the Community Crusade on Monday, April 1.

Funeral Services Held For Ida Mary Blake

Funeral mass for Ida Mary Blake, 82, was at 10:00 a.m. Wednesday, March 27, at St. Joseph's Catholic Church in Rhineland. The Rev. Gary Geurtz officiated. Burial was in the church cemetery.

Rosary was held at 7:30 p.m. Tuesday at McCauley-Smith Funeral Home.

Mrs. Blake passed away Monday, March 25, in the Haskell Hospital.

She was born March 3, 1909, in Rhineland, where she was a lifetime resident. She was a homemaker and a member of St. Joseph's Catholic Church. She and Theodore Blake were married September 19, 1931, in Rhineland. He preceded her in death, November 26, 1970.

Mrs. Blake is survived by a son, Elvis Blake of Goree; two daughters, Dorothy Winchester of Plano and Janie Mraz of Ennis; two sisters, Ellen Kuehler of Munday and Hilda Kuehler of Littlefield; two brothers, Frank Steinbach and Calvin Steinbach, both of Munday; six grandchildren and five great-grandchildren.

Grandsons serving as pallbearers were Jeff Mraz, Mark Mraz, Jason Blake, James Blake, Charles Blake and Mike Winchester.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies, the Cooperative should be notified as soon as possible so that the meter can be resealed.

At Your Service by Dr. Larry Fitzgerald Minister, Munday Church of Christ

Q: I heard a preacher say that people still worship idols today. I know that in other countries this happens, but is this really a problem in the U.S.A.?

A: Most people think of images or icons when they think of the sin of idolry. Of course, such is sinful (Exodus 20:4, Deuteronomy 5:8). Even symbols of God's church, if worshipped, are wrong. A good example is the bronze serpent of Numbers 21:9. Moses constructed this symbol for people to look upon if they were bitten by the fiery snakes during their wilderness wandering. This symbol was commanded by God. However, when the Israelites started worshipping the symbol, it was destroyed (2 Kings 18:4). Should people start worshipping a statue of a past Christian or the cross then that is idolry. Any image, whether it is of Jehovah or some pagan deity, is strictly forbidden. "You shall not make for yourself a graven image, or any likeness of anything..." (Exodus 20:4).

There is idolry which is not associated with a Buddha or a golden calf. The Apostle Paul identifies covetousness and sensuality as forms of idolry (Ephesians 5:5; Phillipians 3:19). Covetousness is the overwhelming desire for money, possessions or another person's spouse. As the commandment says: "You shall not covet your neighbor's wife (or husband), or his servants, or his possessions (e.g. livestock), or anything else that is your neighbor's" (Exodus 20:17).

Sensuality is a preoccupation with things that gratify the senses. This encompasses sexuality, alcoholic or recreational drug use, overwhelming

indulgence in food or any recreation. This is more than just enjoying the good things, but is a sinful overuse of God's gifts. For instance, sexuality is to be enjoyed in marriage by God's design. However, it should not override devotion to God and family (1 Corinthians 7:2-5). I like to participate in outdoor sports. Such is a noble and old pursuit. However, should I ever neglect my responsibilities to my family or to God because of sports, then they have become idols. That is why (even when I wasn't a preacher) I did not skip church for sports tournaments, camping trips, etc.

To stubbornly disobey God's commands is also idolry. "...stubbornness is as iniquity and idolry." The context of this passage makes it clear that the sin is in rejecting God's word (1 Samuel 15:23). As Ezekiel says, idolry is more than worshipping images...it is having a heart that is not right with God (14:2-11; 20:15-16; 44:9).

Also identified with idolry is: serving gods other than Jehovah (Deut. 30:17; 8:19); speaking by the authority of other gods (Deut. 8:20); the worship of heavenly beings other than Jehovah (Colossians 2:18); worship of the sun, moon and stars (Deut. 4:19; 17:3); Satanism and worship of other evil beings (Revelations 9:20); making sacrifices to or on behalf of the dead (Psalm 106:28).

SPRING CLEANING?

Don't Forget The Kitchen

When it's time for spring cleaning, an important room to keep in mind is the kitchen where food is stored, prepared and eaten.

The kitchen needs to be kept clean and food must be stored safely. Start by checking the refrigerator and freezer to make sure safe temperatures are maintained for storing perishable foods. An appliance thermometer can be used. The refrigerator temperature needs to be between 34 degrees and 40 degrees Fahrenheit. The temperature will vary somewhat in different parts of the refrigerator so check for the coldest places to store most perishable foods like meats, dairy products and eggs. The freezer should register 0 degrees F or lower. Keeping the refrigerator and freezer clean will help maintain safe temperatures. Clean and defrost insides, and clean lint and dust from the motor and refrigerating unit. Check door gaskets for tightness.

Any spoiled foods or those which have an expired "use-by" date should be discarded. Mold on any meats, soft or semi-soft cheese, or fermented dairy products such as sour cream or yogurt, signals the need to discard these products. If hard cheese has a small mold growth, substantial trimming of the mold from the cheese can save it. Heavy mold growth on a small portion of cheese may not be worth the risk. Throw it away. Also, clean up any spills in the refrigerator. These encourage bacteria growth.

Check freezer foods. While frozen food stays safe for extended periods, the texture and flavor will suffer. Rotate frozen foods and, in general, use within six months to a year. Date all items so rotation will be easier. Packages with frost inside or with freezer burn will probably show loss of quality.

Check the cabinets and pantry. Ideally, foods should be stored in the coolest cabinets in the kitchen. Heat speeds up deterioration of foods.

Avoid storing foods near sources of heat such as the range, oven, dishwasher or hot water heater. Also,

don't store foods under the kitchen sink where water and pipe connections encourage pest and rodent entry.

Check pantry items such as flour, spices, cereals and grains for signs of insect infestation. If you see little black bugs, throw the infested products away. Clean the storage area and sanitize. Store these types of goods in air-tight containers. Moldy breads should also be discarded and not eaten.

Check cans and jars for rust, dents, cracks, leaks or bulges. Don't taste any suspicious foods. Throw them away. Again check "use-by" dates. Set up a system of "first-in", "first-out" to ensure the use of oldest foods first. Generally, it's best to use canned goods within one year, especially home-canned items. Check for signs of pests or rodents and take proper measures of control.

Check appliances for cleanliness and proper operation. Now may be the time to replace those appliance parts or repair those you have been putting off. Cleanliness for appliances such as can openers, processors, slicers, blenders, etc. is important to help prevent cross-contamination of foods with disease-causing bacteria. Be sure you have a good supply of clean dish rags and sponges. These items harbor bacteria very well. Spring may be a good time to do a

thorough kitchen search and cleaning, but habits established on a regular basis to keep foods and the kitchen safe are one good way to maintain food quality and safety, and get the most from the food dollar.

Millers Creek Reservoir
Level & Condition: Full & clear. Temperature: 57°F.
Black Bass: Good to 8 lbs. Several people limiting out. Hitting all depths. Best on jigs, plastic worms and similar lures. Favorite colors: green, lime, yellow and pumpkinseed. Remember to respect limit laws. Several bass taken from waters (especially at this time) mean large numbers of fry destroyed.

White Bass & Striper: Fair. Few big striper being caught near dam areas. Sandies still not moving well in creeks.

Catfish: Good on trotline to 45 lbs. on live perch and large minnows. Best trotline areas are in north parts of lake(s). Slow on Miller Creek.

Crappie: Fairly good to 1 1/4 lbs. Best on tube jigs in deeper parts of main lakes. Better at night under the lights off the docks. Slow in creeks.

Rough fish: Good on Tan Bait, minnows and cut perch.

Fishing Tip
Q: I seem to set the hook on a lot of large bass only to have the line break or the hook to shake loose. What's the secret to landing the big ones?

A: The interesting element (to me) about fishing is the part luck plays in it. I've often said that "I will take dumb luck over skill anytime" when it comes to fishing. Luck sometimes plays a big role in landing that monster fish. However, there are some things that can help us rely less on good fortune.

First, to make sure the hook is set well, be sure to use new, very sharp hooks. Most lures make it possible for you to remove older hooks and replace with new. Sharpening the hooks with a file or knife-stone helps. Also, when I first obtain my lures I use some pliers to carefully turn each blade about 1/10th of an inch. This improves your puncture zone.

Second, when bass fishing use a firm rod. I prefer graphite. Flexible poles are for other species. When the bass strikes, use a quick, powerful arm snap over the head. This will bury the hook in the upper boney structure of the mouth. Observe the T.V. bass fishing shows to see how this is done.

Third, to keep the fish from breaking the line, be sure that you have fresh line on your reel. I would rather have a new spool of 4 lb. than a 4-year old 8 lb. Resist the temptation to purchase cheap line. You get what you pay for. Also, make sure that your drag is set correctly. The biggest mistake that most fishermen make is to set the drag too tight. A person of normal strength should be able to pull line out of his reel by hand. When the fish is hooked, let him tire himself out. Don't try to "horse" him in. He should pull out a good deal of line and bend the rod double.

If you have a question for Dr. Fitzgerald, write him c/o Rt. 1 Box 115B, Munday, TX. 76371.

TRUSCOTT-GILLILAND NEWS

By Mrs. Clara Brown

Ila Mae Bullion's niece, Brenda Hedden, is visiting her.

The Harold Barrys returned last week from several days in Florida. Harold was there to be inducted into the Polo Hall of Fame. Several news stories have run in area papers recently on Harold and his polo career.

Jerry and Sherry Miller and son, Andy, of Merkle visited Sherry's parents, A. L. and Frances Cook, Friday night and Saturday. Andy also had a friend with him.

Edmund Tomanek, local agent, received a 17 year pin from Farmers Mutual of Texas at the annual dinner in Benjamin Saturday night. Edmund became a sales representative in the mid-70's. Several people from Gilliland and Truscott attended, with a total attendance of 89.

Ruby Martin and Lucille Langston were birthday honorees at the dinner at Gilliland Baptist Church on Sunday.

Venta Horne came in Friday from a three week visit in Dallas and Granbury with her daughters, Winnie Carter and Faye Mitchell.

The genealogy workshop at Crowell Saturday drew LaRue Reeves, Valerie Burgess, Margaret Daniel and Clara Brown.

Jackie Miller and sons of Slaton spent Thursday and Friday nights with his parents, O. R. and Florence Miller.

Todd Campbell of Haskell and Shelly Campbell of Arlington visited the O. R. Millers Thursday.

The Rally Day for Extension Homemakers at Haskell last Tuesday drew Lula Baty, Sybil Simmons, Jodie Miller, Frances Cook, and Florence Miller.

Last Monday, March 18, the Rev. Ralph Branum and his wife, Coleene, of Hazen, Arkansas, visited Curtis Casey, staying until Tuesday noon, when they left to visit their daughter, Julie, at Allen. Rev. Branum was pastor of the Truscott Baptist Church in the 50's. Virginia and Curtis Casey often kept the Branum children when the family lived here.

Helen and Leon Kincaid of Cisco have been visiting her sister, Clara Owens.

Alicia and Jeff Cook and Brett Bruce, all of Munday, had Sunday dinner with Alicia and Jeff's grandmother, Mildred Cook.

Gladys Meek and J. C. and Lucille Langston, all former Gilliland residents now living in Seymour, were all visitors Sunday at Gilliland Baptist Church morning services and for the dinner afterwards.

The Gilliland Volleyball tournament will be Friday and Saturday, April 12 and 13.

Scotty Burgess has had all her children visiting at various times through the past several days. Jan Richardson was on spring break and visited her mother Wednesday through Saturday. Her son, Alton of Memphis, Tennessee, came Saturday with plans to visit several days. Others here on Sunday were Patricia and Jack Cox of Ft. Worth and Sharon, Shannah, and Jarrett Hughes of Durant, Oklahoma, and Joan Pointer of Cleburne. Joan also planned for a few extra days.
