MEMBERS OF THE MUNDAY SESQUICENTENNIAL COMMITTEE stand around the flagpole on the Munday City Hall lawn, which was landscaped for the city's Sesquicentennial project. The commemorative flag was purchased and given to the city by Mayor and Mrs. Doris Dickerson, and the flagpole was recently painted by James Merrell. Phillis Urbanczyk, Paula Schur and Gail Ramirez have spent many hours overseeing and working on landscaping and planting trees and shrubs on the lawn, which is now complete.

## MOTHER NATURE'S IN CHARGE!

### City Hall Landscaping Ready For Spring Weather

The landscaping project at the Munday City Hall has been completed, say members of the Munday Sesquicentennial committee, who were in charge of the planting. Several shrubs were recently planted to add to the existing greenery along the walks and in the lawn.

Recent donations to the project include \$150 given by the Lino Perez children in memory of Lino Perez Sr.; \$210 given in memory of Dr. and Mrs. Arthur A. Smith and Effie Alexander; a donation made by Mr. and Mrs. Tiffen Mayfield in memory of Eva Ray Estes; and two shrubs given by Mr. and Mrs. Don Combs.

The Munday Garden Club has also donated a watermelon red crape myrtle bush to the landscaping arrangement. This flowering shrub has been designated as the Sesquicentennial flower.

All the trees and shrubs were ordered from Tom Dickerson, son of Mr. and Mrs. Doris Dickerson, of Lone Star Growers in San Antonio, and from Kevin Schur in Seymour.

Accenting the lawn is a newly-painted flagpole, from which flies the Sesquicentennial flag donated by the Dickersons. West Texas Utilities employee, James Merrell, painted the flag pole as a volunteer service.

Paula Schur, Phillis Urbanczyk and Gail Ramirez, members of the Munday Sesquicentennial committee, express thanks to everyone who has contributed money, plants or

labor to the landscaping project. Persons who still want to donate to the project are invited to do so, they said; any further donations will go to replace trees or shrubs that die or for general maintenance of the lawn. A dedication ceremony for the landscaping will be held later, when the efforts of all the donors and workers are in full bloom.

### Academic Meet On Week's Agenda For MHS Students

A number of Munday students will travel to Vernon on Saturday, April 5, for the district UIL academic meet. Other students participated in the first leg of the district meet on Tuesday of this week.

### 6-Year-Old Boy Is Subject Of Search In Nearby County

Knox County law enforcement officers joined those from Stone-wall, King and Haskell counties to search for a missing child in northeast Stonewall County on Wednesday, March 26.

The youngster, Chris Strickland, 6, of Knox City, was fishing with his mother and aunt at a tank near Kiowa Peak when he apparently wandered off about 5 p.m. When the women realized he was gone, they searched the area for some time before leaving to report his disappearance to authorities.

Several law enforcement agencies responded to the call for help, set up a command post at the tank and began sending out search teams with the help of volunteers already at the scene and those who arrived later.

The youngster was found by Aspermont area searchers at about 11:30 p.m. He was about three miles southwest of the tank and was suffering from a sprained wrist but was otherwise unharmed.

Knox County volunteers in the search were Fred Carver and Mike Sheedy of the Cactus Farms ranch near Benjamin, Knox City Police Chief Gil Gillilan, DPS Trooper Danny Wainscott of Knox City and Knox County Sheriff Gene Nix.

## CITY, SCHOOL AND HOSPITAL

# Important Elections On Tap For Saturday

Texas voters will go to the polls on Saturday, April 5, to elect city, school and other district governments, and absentee response has been varied throughout the state. In Knox County, not many registered voters have bothered to cast their ballots absentee, and it is hoped that more will take the time to vote on Saturday.

A lack of candidates is certainly one reason for disinterest in the election. Some area elections just have enough people on the ballot to fill the vacancies, and in Goree, two write-in candidates will be elected. But there are plenty of choices in other elections, and voters are urged to invest just a few minutes Saturday in choosing those who will make many important decisions for our city, school and hospital district.

Here is a wrap-up of the candidates for office throughout the county:

### MUNDAY

Mayor Doris Dickerson is running unopposed this year. Names on the ballot for City Council are incumbent Richard Albus and Gene Brown. Von Marr, the second incumbent, did not file for re-election.

Three persons, Byron Gass, Ronnie Stewart and Bob Therwanger, are vying for two three-year terms on the Munday Independent School District board of trustees. Gass and Stewart are currently on the board. A two-year unexpired term is being sought by Joe Tidwell, Judy Wilde and Dr. A. Dale Selzer.

### KNOX COUNTY HOSPITAL DISTRICT

Two incumbents, Maurine Reeder and Vernal Zeissel, have filed for re-election to their seats on the hospital board. This election will be held in each voting box in the county along with city and school balloting.

### GOREE

W.D. Robinson, Bob Presnall and Margie Allen, all incumbents, have asked to be voted back onto the City Council. They are running

unopposed for the three seats.

Only one person, Raymond Allen, filed for the two-year unexpired term of Jerry Atkinson on the Goree ISD board of trustees. Atkinson recently moved to Haskell. Two three-year terms on the board are up for grabs, and since incumbents James Peek and Gerald (Slick) Myers chose not to run this year, the two persons receiving the most write-in votes will take seats on the school board.

### BENJAMIN

Six Benjamin residents are competing for three spots on the Benjamin City Council. Names on the ballot are Henry Rogers, Weldon Gideon, Randy Hibdon, Buddy Tolson, Dickie McCanlies and Sarah Meinzer. Tolson and Mrs. Meinzer are incumbents. Bertha Driver, a present council member whose term expires this year, did not file for re-election.

Incumbent school trustees Billy Ben Benson and Davey Oxford are running for two three-year terms to govern the Benjamin ISD, and Tracy Cartwright has filed for the one-year unexpired term of Steve Wilson, who has moved from Benjamin.

### KNOX CITY

Frankie Baker, Jon Godsey and Larry Staggs, incumbents, are on the City Council ballot, and they are opposed by Luther Clemons. Three councilmen will be elected.

Two seats are vacant on the Knox City-O'Brien school district, and they are being sought by incumbent Jimmy Tankersley and newcomer Terry Carter. Incumbent J.B. Rutherford chose not to run this year.

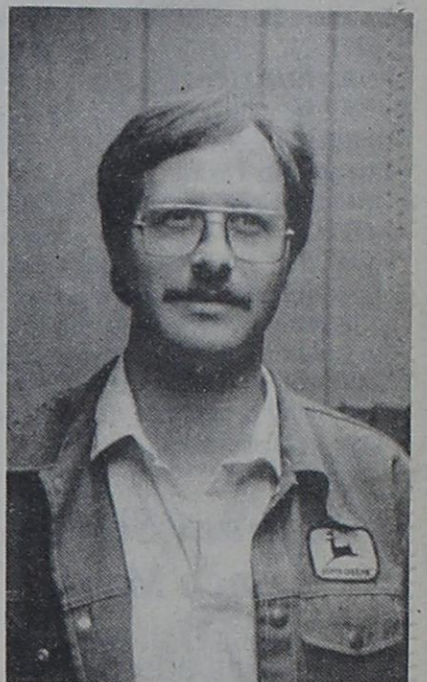

### WEINERT

Three places on the Weinert school board are being sought by Jimmy White, Bob Wood and Jerry Hester. White and Wood are incumbents. Dale Carroll did not file for re-election to the board this year.

Three incumbents, Ed Murphy, Tiffen Mayfield and Don Griffith, are running for three places on the Weinert City Council.

Another uncontested election is in the Haskell County Water District No. 1. Filing for terms on this board are incumbents Hal Guess, Woody Turnbow and Mark Stewart.

All the elections will be held from 7 a.m. until 7 p.m. at various voting boxes. In Munday, all voters will cast their ballots at the City Hall.

MARK W. TIBBETS

### Quality Implement Service Manager Is Employed Recently

Mark W. Tibbets, a Haskell County native, is the new service manager at Quality Implement Company in Munday. Tibbets replaces longtime service manager Tom Oustad, who retired early this year.

The new employee was raised in Rochester. He is a graduate of Rochester High School and attended Texas Tech University. His previous employment experience includes a stint at CBX Hydraulics in Irving, where he was in hydraulics rebuilding and diagnostics. He was mechanic, company trainer and assistant service manager at Trinity Equipment Co. in Irving, an industrial John Deere dealer, where he worked four years, and he was employed another four years at Jerry Walker Ford Tractor in Lubbock, during two of which he was employed as service manager.

Tommie Harper, owner of the business, said Tibbets is extremely qualified for the position and feels the new service manager will be a real asset to Quality Implement and its customers.

Tibbets and his wife, Michele, have two sons, Kevin, 5, and Chad, 3.

### Coach Tenders Resignation

It was announced Monday, March 31, that Jim Edwards, head coach and athletic director at Munday High School for the past three years, has accepted the position of head football coach at Mineral Wells High School.

Under Edwards' direction, the Moguls have recorded 35 wins and 6 losses, with state football and track championships in 1984. Mineral Wells, a Class AAAA school about eight times the size of Munday, finished with an 11-1 season in 1985.

Munday superintendent of schools Doyle Lowrance said the school is already in the process of seeking a new coach. "Jim Edwards has done a good job here and we appreciate his efforts. We feel he was a real asset to our school system and athletic program, and we wish him well in his new position."

Edwards has asked to be released from his contract as soon as a replacement can be found.

### Cotton Planting Date To Be Set Monday

Knox County cotton producers are invited to attend a fish fry and meeting at 7 p.m. Monday, April 7, at the Knights of Columbus Hall in Rhineland. The uniform cotton planting date for Knox County will be set at that time.

After the meal Emory Boring and Al Alexander of the Texas A&M University Agricultural Extension Service will speak to those attending about the upcoming cotton crop. The program is co-sponsored by the Knox County Boll Weevil Association and the Knox County Crops Committee.

### Texans Begin Vigil As Spring Ushers In Tornado Season

Spring is officially here, as of March 21, and with the warm weather also comes the threat of storms. Courier readers are advised to pay close attention to weather-watching and safety tips presented often during this season by the National Weather Service.

Radio and television broadcasts are often the first warning persons in our rural area have when threatening weather is approaching. Following these bulletins is important, although broadcasts from Abilene or Wichita Falls stations sometimes warn of danger after it has already passed.

Know the difference in a watch and a warning. A tornado or severe thunderstorm watch means that there is a likelihood of storms in a certain area because atmospheric conditions are providing the necessary elements. A warning indicates the existence of a storm within a defined area.

Local law enforcement authorities, firemen and other weather spotters are always on the watch during stormy weather. They are in close contact with the National Weather Service offices and are in a position to warn citizens when severe weather is imminent.

But one piece of good advice is to not wait until the last minute to decide you are in danger from the weather. If news broadcasts are telling of storms in or approaching this area, move to a safe spot. An important role is not to be caught in an automobile during a storm. If you must travel to go to a cellar or shelter, do so before it's too late.

Storm shelters or other enclosed places are the safest places to be during a tornado or hail storm. In a home, persons should seek shelter toward the interior of the building, preferably in an inner closet, bathroom or hallway which has no windows. The smaller the space and the more walls enclosing it, the better.

Since electricity can't always be depended on during a storm, a flashlight, extra batteries and a battery-operated radio are handy items to take into any sort of shelter. Other aids are candles, matches and bottled water.

In times past, opening windows to equalize pressure was recommended during a storm. This practice is not being advised any longer, as persons may lose valuable time opening

windows that will be shattered anyway if a tornado comes close enough.

Anyone being caught in the open when a tornado strikes should get in a ditch or a nearby building. Mobile homes are not sufficient protection during a tornado, as air can get up under them just as it can a vehicle. Lie flat on your stomach on the ground if there is no shelter, protecting your head with your arms and hands.

Although most people fear tornadoes, straight winds from a severe thunderstorm can do nearly as much damage. In our area, tornados generally move from southwest to northeast. Weather service statistics show that major tornados hit an area on the average of every ten years, but any well built thunderstorm can spawn a tornado if the conditions are right.

### Good News Revival Brought By Laymen

The First Baptist Church in Munday will host a lay revival beginning at the 11 a.m. worship services Sunday, April 6. The services will continue through Wednesday evening, April 9.

Tommie Harper is the first lay speaker, and he will take the podium at the Sunday morning service. Testimonies from Munday citizens will be heard Sunday evening at 7 p.m., and James Smith will talk about good news to families at 7:30 p.m. Monday. A hamburger supper is set for 6:30 p.m. Tuesday, after which the youth, led by Russell Reddell, will share good news for young people. Good news in times like these will be the topic of Larry Smith at the Wednesday evening service, which begins at 7:30 p.m.

Rev. Jim Way, church pastor, and the congregation extend a cordial invitation to everyone in the community to attend each service and hear of the good news God has for us.

The Gilliland Jamboree will be held at 7 p.m. Saturday, April 5 at the Gilliland school building. This will be the final jamboree of the spring, with the next one set in November.

All musicians and music lovers are invited to attend this evening of family entertainment.

## Benjamin Sisters Win Stocker-Feeder Project

Amy Tolson, daughter of Mr. and Mrs. Charles Griffith of Benjamin, won grand champion honors in the 1986 Knox County Stocker-Feeder Project. Weigh-in of stock, speech and record book judging and the annual awards banquet were held Tuesday, March 25.

Becky Griffith, the winner's sister, was reserve champion in the project. Amy recorded a profit of \$81.63 per head, followed closely by Becky's profit of \$81.61 per head. Third place went to Tres Pierce, also of Benjamin, who showed a profit of \$81.41 per head of stock.

Other participants, in order of profit, were Jason Simmons, Jason Bowman, Tessa Kiser, Shane Simmons, Kristin Simmons, Justin Emerson, Jennifer Bowman, J. Emerson, Jeff Conner, Kemp Jones, Leah Boone, Chad Tolson and Aaron Kiser. Prices for the stock were set by Sam Boone of Knox Feedlot.

Winners in the record book contest were Kristin Simmons, first, and Jennifer Bowman, second, in the junior division; and Amy Tolson, first, and Becky Griffith, second, in the senior division. Record book judges were Donnie Roberts and Bobby Sosolik.

Judging in the speech competition were Doty Lowrey and Dr. Nelson Adams. Junior winners were Tessa Kiser, first, and Jennifer Bowman,

second. Amy Tolson and J. Emerson won first and second places, respectively, in the senior contest.

Awards and prize money for the stocker-feeder project were sponsored by the Brazos Valley Young Farmers, and they co-sponsored the awards banquet with the Rolling Plains Production Credit Association of Munday. The meal was prepared by Leon and Leona Burkham and Carol Dickson, with supplies donated by the Benjamin Future Farmers of America.

### MOGULS 4th IN AA-AAA DIVISION

## JV Moguls Capture First Place At Breck

Munday's junior varsity Moguls won the JV and Class A division at the Buckaroo Relays in Breckenridge last weekend, and the varsity team finished fourth in the Class AA and AAA category. Munday fans had some bad moments when star runner Todd Thompson was unable to finish his leg of the 1600 meter relay, but coaches said early this week that Thompson had suffered a strained muscle in his leg and should be back in competition in a couple of weeks.

The Mogulettes competed in the Class A and AA division and won fifth place in the mile relay with a team of Ann Kuehler, Denise Kuehler, Lynn Parker and Maria Castillo.

The JV Moguls took their meet with 116 points, followed by a sparmont with 105. Other teams, in order of final finish were Newcastle, Breckenridge JV, Graham JV, Rising Star, Eula, Stamford JV, Throckmorton, Haskell JV and Albany.

The Breckenridge Buckaroos won their division of the meet with 106 points. Merkel was second with 65 and Iowa Park's 55 points was good for third place. Munday had 43 1/2 points. Other teams were Eastland, Paducah, Hamlin, Haskell, Anson, Albany, Stamford, Graham, Clyde and Bridgeport.

Mogul tracksters will travel to San Angelo this Friday and Saturday for a meet.

Results of the Buckaroo Relays follow.

## ★ FARM AND RANCH REPORT ★

David Tumire, County Agent

### SEEDS VULNERABLE IN COLD SOIL

Crops often have a hard time becoming established due to cold soils and severe seedling disease. Understanding what is happening may help farmers and gardeners deal effectively with the problem.

First, seedling disease is more severe when soils are cold, even though this is not the basic cause. When plants are placed at a disadvantage and soil-borne disease organisms are favored, an ideal condition exists for the seedling disease complex.

Seeds function differently in cold soils than they do in warm soils. In cold soils germination is slow and seedlings emerge slowly, making them vulnerable to soil organisms over a longer period of time. During that time micro-organisms may produce seed decay, or pre or post emergency damping off. A skippy stand may result.

Seed quality is a most important consideration. High quality seeds have a better chance of producing a healthy seedling in a cold soil. Weak seeds may lose nutrients from their cell walls, thus attracting soil pathogens that feed on the nutrients. Generally, a cold test is used to tell which seed lots are of high quality.

The average soil temperature last week at a four inch depth was 40.5 degrees. The temperature was read at 7 a.m. in a loamy fine sand soil type.

Spring crops and minimum soil temperatures recommended for planting are: corn, 50 degrees; sorghum, 55 degrees; cotton, 68 degrees; onions, cabbage and potatoes, 45 to 50 degrees; and tomatoes, melons, beans and peppers, 65 degrees. Other climatic factors, such as possible late freezes, should be considered with soil temperature whether you are planting a crop or a home garden.

### PECAN TREES AND ZINC

Throughout most of Knox Coun-

ty bud break has occurred for nearly all pecan trees. This marks the time for the first application of zinc for pecan trees. Marvin Zeissel of Rhineland and I recently discussed zinc application for pecan trees.

Soil zinc is unavailable to pecan trees so foliage applications are necessary. The amount of zinc absorbed from a single foliage spray is limited. For this reason, spray bearing trees at least four times from

April to June. Young non-bearing trees can be sprayed every two weeks.

Why is zinc so important? A zinc deficient tree may develop pecan rosette. This means the leaves tend to grow in bunches. The bunching is the result of short node development or lack of growth of the terminal shoots. A pecan tree which receives adequate zinc develops a dark green color and makes excellent terminal growth.

Zeissel is preparing to make the first application of zinc to his pecan trees at this time. His last application will be with the pecan casebearer spray around June 1. The

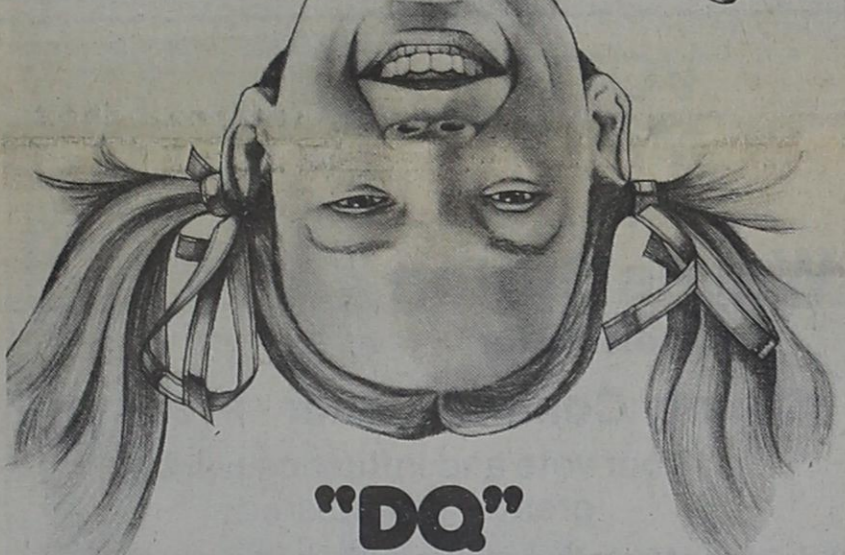

zinc will be sprayed to cover the leaf surface of the tree.

Recommended forms of zinc include NZN and zinc sulfate. Read and follow label instructions. Foliage applications of zinc may cause some browning of leaf edges and some leaf loss when applied under hot, dry conditions.

A Homeowner's Pecan Tree Care Program is available at the Knox County Extension office or a copy can be sent to you by calling 454-2651 and giving your name and address. This easy to read leaflet is a month by month schedule of what to do and how to do it for the homeowner with pecan trees.

MR. and MRS. IVAN B. (IKE) GRESHAM

### Munday Couple Celebrates Sixty Years Of Marriage

Mr. and Mrs. Ivan B. Gresham of Munday were honored with a recent family reunion to celebrate their sixtieth wedding anniversary. The gathering was attended by their children and family members.

The couple's four daughters are Louise Williams of Wichita Falls, Eloise Watson of Midland and Euwanna McCarty and Lynda Brown, both of San Antonio. They also have eight grandchildren and five great-grandchildren.

Ike Gresham and the former Ella Harper were married in 1926 in Newlin and moved to their farm six miles northeast of Munday right after their marriage. Their trip here carried them over the Brazos River before the bridge was built, and they arrived with a wagon and mules to use in farming their land.

In 1984, after retiring from farming, they moved their house to North 7th Street in Munday. The Greshams enjoy fishing, working around their place and visiting friends.

#### BANQUET HELD

Thursday night, nine young men were the center of attention as the Cub Scout Blue and Gold Banquet was held in the school cafeteria. The cafeteria was decorated with blue and gold streamers and the meal was a covered dish affair. About 40 people, which included parents, grandparents, and interested friends, were on hand to see the boys receive their Bobcat badges. Parents pinned the badges on their own child.

The Bobcat badge is presented to a Cub Scout after they complete their first step in scouting, which includes the Cub Scout motto, the meaning of the Cub Scout promise and the basics of Cub scouting in general. And they will continue to work toward getting their next badge.

Boys receiving the Bobcat badge were Riley Carver, Zeke Duke, Jason Simmons, Ricky Trepanier, Jason Patterson, Russell Carroll, Jim Bob Conner, Clay Patterson and Edward Estrada.

Two new members were also added to the troop. They are Timmy Cash and Robert Estrada.

Scout Master is Dennis Duke and den mothers are Trenna Patterson and Susan Carver.

#### HOSPITAL NEWS

Virginia Griffith underwent surgery Wednesday morning in St. Mary's Hospital in Lubbock. She is reported to be doing fine and I'm hoping she may be home by the time this paper is out. We're wishing Virginia a speedy recovery. Send her a card to her home here at Benjamin and Don will see that she gets it!

Maudie Clower was released from Bethania Hospital in Wichita Falls on Friday. She came home and spent Friday night and she and Clarence went to their daughter's in Midland on Saturday where she will finish her recuperating since her fall and hip surgery in late February.

#### ATTEND MEETING

Lucille and Togo Moorhouse, Sue and Tom Moorhouse and Julia Propps of Benjamin, along with John and Carolyn Moorhouse of Seymour and Bob and Linda Moorhouse of the Pitchfork Ranch near Guthrie, attended the annual meeting of the Texas and Southwestern Cattle Raisers Association in San Antonio recently. While there they met up with former Benjamin residents, Jack and Jolene Moore. Jack is a former county agent in Knox County. They also visited many other friends who were attending the meeting.

They report that the Red Bud trees, wild plum bushes and blue bonnets were in bloom and just beautiful.

#### HOST CARE HOME PARTY

The ladies of the Methodist Church and Christian Church of Benjamin were hostesses for the March birthday party at the Brazos Valley Care Home on March 20.

Jessie Roberts and Bea Parks of the Methodist Church and Lucille Moorhouse, Veta Campbell and Julia Propps of the Christian Church served the refreshments.

The Benjamin Sorosis club hosted the Easter party at the Brazos Valley Care Home on March 27.

#### EGG HUNT SUCCESSFUL

An Easter egg hunt sponsored by the Benjamin Volunteer Fire Dept., was held Sunday afternoon at the city park. I have no idea how many kids participated in the hunt, but it was a bunch and lots of grown ups were having nearly as much fun as the kids.

The firemen deserve a pat on the back for making this event possible and providing so much fun for so

many.

#### HERE AND THERE

Stella Roberson of Quanah visited the Van Greens Saturday evening. Easter Sunday guests of the Greens were the Gordon Taylors and Ruby Wynn of Munday.

Mr. and Mrs. D.E. Glenn of Amarillo were Benjamin visitors one day last week.

Billy, Penny, Stacy and Sandy Trainham of El Paso visited his brother, Bobby Trainham and his sister and family, the Charles Joneses and other relatives and friends last week.

Mr. and Mrs. Guy Spikes and Matthew of Haskell were Sunday guests of his parents, Bill and Dorothy Spikes.

Easter guests of Clodell Duke were her children Ken, Gaye and Mark Roberts of Hereford, Denny, Sue, Will and Marci McCarthy of Iowa Park, Mary and Mike Sawyers of Hamlin, Butch, Rhea and Marian Duke of Levelland, Jan Pollock of Benjamin and John and Wendy Matus of Megargel.

Mr. and Mrs. Tony Roberts and family of Longview spent the weekend with their parents, Harold and Beth Welch, and their grandmother, Oleta Welch.

Visiting H.T. and Kathleen Melton last weekend were Jim, Jason and Kobi Melton of Abilene.

Friday afternoon guests of their grandparents, Mr. and Mrs. C.B. Clower, were Cathy Tomlinson and family of Goree and Betty Parker of Aspermont.

Easter guests of Bill and Pearl Ryder were Jack and Judy Whitten and children and Jake, Shannon and Trey Propps of Throckmorton, Mark and Sandra Oxford of Wichita Falls, John Mark Kinnibrugh of Gilliland and the Donnie Ryders, David Oxfords and David Kyles of Benjamin.

Visiting the Don Hertels and Nora Hertel during Easter were Craig Hertel and Tim Hertel of Vernon, Kent Hertel of Wichita Falls and Larry, Judy, Greg and Christi Hertel of Lubbock.

David and Mary Kyle returned home Saturday night after several days stay in Pueblo, Colo. taking care of business. Seems they have all the loose ends "tied up" now in Colo. and we can call them permanent Benjamin residents. We're very glad to have them here.

Easter Sunday guests of Nora Duke were James and Carol Duke of Throckmorton, Tom and Sherry Morrison and family of Wichita Falls and the Dennis Dukes of Benjamin.

Weekend guests of Grace Snailum were Jim and Carrie Pults of Olney Springs, Colo.

**ENGAGEMENT ANNOUNCED:** Mr. and Mrs. Richard Roberts of Vera wish to announce the engagement of their daughter, Kathy Faye, to Allan Lloyd Heard, son of Mr. and Mrs. Lloyd Heard of Gilliland. The bride-elect will graduate this year from Benjamin High School. The prospective groom is a 1983 graduate of Benjamin High School and received a degree in diesel mechanics from Vernon Regional Junior College in 1985. The couple is planning a July wedding.

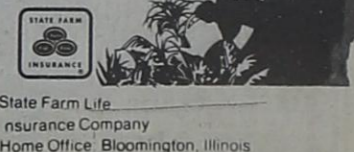

### Engagement Announcement

Evelyn Balis of Knox City and Rev. Delmar McBeath of Vera will exchange wedding vows at 5 o'clock in the afternoon on Sunday, June 1, in the First Baptist Church in Vera.

Mrs. Balis is serving as deputy treasurer for Knox County and is currently a candidate for that office in the May Democratic primary. The prospective bridegroom is the pastor of the First Baptist Church in Vera.

### TOO GOOD TO BE TRUE OPPORTUNITIES

"Too good to be true" offers flourish year round, but spring seems to bring them out in force.

They are too numerous to list by name, and the name doesn't really matter since they are changed frequently. But the following types of "opportunities" should be investigated before you commit yourself.

\*Free vacations - Three days and two nights in an attractive locale.

\*Sweepstakes - some are legitimate, many aren't.

### Retired Minister Is Buried In Vera

Rev. C.L. Belcher, 78, of Seymour died Saturday, March 29, at a Wichita Falls hospital. Services were at 3 p.m. Monday, March 31, at Seymour Memorial Funeral Home chapel with Rev. Lloyd McIntosh, pastor of the First Assembly of God Church, and Rev. Douglas Crow, retired pastor of the Vera Baptist Church, officiating. Burial was in the Vera Cemetery.

A retired minister, Rev. Belcher was born September 23, 1907, in Cumbie and moved to the Baylor and Knox county area in 1924. He had resided in Seymour since 1971. He married Edna Call October 18, 1924, in Munday. Rev. Belcher served in many churches in the Knox-Baylor area and traveled throughout Texas as an evangelist.

Survivors include his wife; a daughter, Eunice Thomas of Iowa Park; three sons, Talmadge of Eules, and Carroll and Don of Abilene; 11 grandchildren and 14 great-grandchildren.

\*Door-to-door sales - Magazines and household products are prime merchandise.

\*Work-at-home schemes - send \$15 or more to get started earning \$300 a week or more at home. A cruel hoax both misleading and illegal.

\*Weight loss without diet and exercise - Recognized by haunting theme song about getting into last year's bathing suit. Pills and body-wraps can be hazardous to your health. There aren't any shortcuts or easy ways.

\*Promotions - tickets sold in the name of the police, charities or respected civic organizations for variety shows, to benefit underprivileged, etc. The promoter may take most of the funds raised.

\*Telephone or direct mail offers giving you a big break into big bucks. Sound investments just don't happen like this.

\*Employment opportunities from faraway places, good job opportunities and overseas employment. - Send \$18 or more for job listings. These ads will appear as schools close. Some operate year round. The Better Business Bureau has found none of these to be legitimate.

\*Modeling agencies/beauty pageants. - Chances of making it big through itinerant "scouts" are extremely slim and the process can be very costly.

All these categories can encompass scams and fraud that will take your money and give you nothing in return. No one can recognize every scam - but do investigate any unfamiliar "opportunity" that asks for money.

**IT'S A FACT**  
Obesity is the number one nu-

tritional and medical problem in this country today. One-third of the population is overweight, one-third of adult males are obese and probably one-half of females by age 40 are obese. It is said "as a nation we are overeating and underexercising ourselves to death." Fat

people, who otherwise seem to be healthy, die younger than slim people, are more accident prone and are greater surgical risks. Being overweight is linked to most of the major diseases such as heart disease, strokes, diabetes and kidney diseases. Arthritis is aggravated, also.

MUST KNOW"**

**NOTICE OF SHERIFF'S SALE**  
The State of Texas, County of Knox.

Know all men by these presents: Whereas, on the 6th day of November, 1985, Rolling Plains Well Service, Inc., a Texas Corporation acquired judgment in the 50th District Court of Knox County, Texas, in Cause No. 7084 against Defendant, Lennis Tibbets ("Tibbets") for the sum of \$3,807.50 plus \$1,000.00 attorney's fees with interest thereon from the 6th day of November, 1985 at 9% per annum, and all costs of suit; and

Whereas, Rolling Plains Well Service, Inc. has abstracted said judgment in the Real Estate Records of Knox County thereby placing a lien on property owned by Tibbets in Knox County; and

Whereas, to secure payment of said judgment Rolling Plains Well Service, Inc., has requested the undersigned to sell the working interest owned by Tibbets in what is commonly known as the Benedict oil, gas and mineral leases situated in Knox County, Texas, as more particularly described in Exhibit "A", attached hereto and incorporated herein by reference, (herein the "Property"), and to apply the proceeds to amounts due under said judgment.

Now, therefore, notice is hereby given that on Tuesday, the 6th day of May, 1986, between the hours of 10:00 o'clock a.m. and 4:00 o'clock p.m., I will sell the property at the door of the Knox County Courthouse, Benjamin, Texas, to the highest bidder, for cash, all in accordance with the provisions of the Texas Rules of Civil Procedure and the Texas Revised Civil Statutes.

Witness my hand this 31st day of March, 1986.

**EXHIBIT I: Environmental Requirements**

"The Farmers Home Administration (FmHA) has received an application for financial assistance from the Town of Goree. The specific element of this proposed action is to replace the existing wastewater treatment facility. Improvements will include one facultative lagoon, two wastewater stabilization ponds and necessary piping and flowmeter, to be located on and adjacent to the site of the existing facility.

FmHA has assessed the potential environmental impacts of the proposed action and has determined that it will not significantly affect the quality of the human environment. Therefore, FmHA will not prepare an environmental impact statement for this project.

Any written comments regarding this determination should be provided within fifteen (15) days of this publication to Mr. Charles B. Hart, Community Programs Loan Officer, Farmers Home Administration, 101 South Main Street, Suite 102, Temple, Texas 76501, telephone 817-774-1306."

FmHA will make no further decisions regarding this proposed action during this fifteen day period. Requests to review the FmHA environmental assessment upon which this determination is based or to receive a copy of it should be directed to the above address. 27-2tc

## Carriker Announces Wildlife Hearings

Seventy-eighth District State Representative Steve Carriker announced that the Texas Department of Parks and Wildlife will hold public hearings on proposed changes in the state's hunting and fishing regulations.

Since these hearings are the only opportunity the public has to directly influence the regulations, Representative Carriker urges all sportsmen, landowners, and other interested persons to attend one of the hearings at the most convenient location. West Texas locations include Lubbock (April 1 at the County Courthouse), Wichita Falls (April 2 at the Field and Stream Building), and Abilene (April 3 at the Old Taylor County Courthouse). All hearings will begin at 7:00 p.m.

## Area PCA Stockholders Meetings Set April 4, 5

A Munday man will be on the election ballot at the Rolling Plains Production Credit Association's 52nd annual stockholders meeting planned for Saturday, April 5, in Stamford. A similar meeting will be held the preceding day in Childress.

Registration for both sessions will begin at 9:30 a.m., with meetings to commence at 10 a.m. The high school auditorium will be the Stamford meeting location, and the Childress meeting will be at the City Auditorium. A noon barbecue will be served following each session.

Oklahoma humorist Dale Minnick will be the keynote speaker on both days. Known as the "deep country voice of the Deep Water Windmill Company", he is guaranteed to present a funny, motivational message. Born and reared near the Oklahoma Panhandle, Minnick is a rodeo announcer, auctioneer and professional speaker who also farms and ranches with his father.

He taught ag economics at Oklahoma State University, has been a corporate economist for the Federal Land Bank and an executive in a savings and loan association and in real estate development. He was named executive director of the Oklahoma Wheat Commission in 1983, and lists other positions he has filled as "egg gatherer, morning milk, bronc stripper, theatre janitor, head cowboy, foot cowboy and general flunky."

Sunday guests of James and Janice Merrell and Shawna were James' sister, Deleita Sechrist and his nieces, Sandra and Tammy Sechrist, all of Dallas.

## Loan Program Focuses On Farm Water Conservation

Texas farmers and ranchers can now apply for low-interest loans for irrigation systems.

The loan program, to go into effect by mid-April, is part of the agricultural water conservation section of the 1985 Texas Water Plan which is being administered by the Texas Water Development Board.

The plan provides for a \$5 million, two-year pilot loan program that offers low-interest loans to farmers to buy water-conserving equipment, say Dr. John Sweeten and Jose Pena, agricultural engineer and economist, respectively, with the Texas Agricultural Extension Service. Depending on the success of this program, the Texas Legislature may authorize the sale of \$200 million in state revenue bonds to fund a full-scale low-interest loan program to farmers.

This loan program will be implemented through loans to local soil and water conservation districts or to underground water conservation

districts that have substantial use in their districts, Sweeten and Pena point out. These lender agencies will pay the same interest rate charged on loans from the Water Assistance Fund, currently 8.25 percent a year.

These districts will then make loans to farmers and ranchers to upgrade existing irrigation systems. Loans will be limited to \$100,000 and must be repaid within 10 years.

Irrigation equipment bought by producers can be used only on land that has been irrigated for at least two of the last six years, say the Extension Service specialists. A district may loan up to 80 percent of the cost of capital equipment and up to half the cost of labor or contractor services for installation.

Eligible items under the loan program include irrigation water delivery and application equipment and soil moisture conservation equipment.

Soil and water conservation districts and other eligible agencies

program and participating water districts and agencies is available from the Texas Water Development Board, P.O. Box 13231, Capitol Station, Austin, TX 78711-3231.

## Time To Pre-Register For '86-87 Kindergarten

Parents with children who will be eligible for kindergarten classes during the 1986-87 school year in Munday are urged to pre-register these children before the end of the present school term, according to Munday Elementary School principal A.B. Martin.

If a child will be five years old on or before September 1, 1986, he said, they will be eligible for kindergarten instruction in 1986-87. Such children should be pre-registered at the elementary school office at any time during school hours.

MRS. JIMMIE JOHN AWTRY  
the former Jenifer Hardin

## Goree Couple's Granddaughter Is Married In Wichita Falls

Miss Jenifer Gayle Hardin and Jimmie John "JJ" Awtry were married Saturday evening, March 22, in the First Baptist Church of Wichita Falls. Dr. Morris Chapman, pastor, officiated.

Parents of the couple are Mr. and Mrs. J. Ronald Hardin, Mrs. Marge G. Awtry and Jimmie Ray Awtry, all of Wichita Falls.

A prelude of music was presented by Miss Elizabeth Richardson, flutist, accompanied by Mrs. Buddy Richardson, pianist, as grandparents of the couple, Mrs. Homer Lambeth of Goree, Mr. and Mrs. Plenna A. Hardin of Seymour, Mrs. Viola McDonald and Mr. and Mrs. Archie Phillips were seated. Homer Lambeth of the Munday Nursing Center is grandfather of the bride.

Tommy Brinkley, organist, played wedding music. Mrs. Tom Bacus, pianist, accompanied Miss Marjean Sugg who sang *The Wedding Song, He Has Chosen You For Me* and *Only The Beginning* during the ceremony.

Triple arches of candles, candle trees, spirals and pyramids entwined with greenery and adorned with large mauve bows and white doves formed the setting for the ceremony.

The bride was escorted by her father. She wore a formal gown of white silk organza with full puffed sleeves edged in lace and featuring lace and pearl appliques on the bodice. The full A-line skirt extended into a chapel length train and was edged with triple rows of lace. Her fingertip veil was attached to a hat covered with satin and adorned with lace and pearls, and she carried a bouquet of white orchids and stephenotis.

Mrs. Julie Kay Willeford of

full skirts and full puffed sleeves. The bodices and sleeves were overlaid with embroidered white silk organza. They carried bouquets of miniature lilies.

Jimmie Ray Awtry was best man for his son. Groomsmen were Kelly Nix, Jim Davis, Steve Wilkinson, Jonny Enos, Randy Shirley and Bill Weske, all of Wichita Falls. Ushers were Peter Foley of Waco, brother-in-law of the bride; John Awtry, cousin of the groom; Scotty Harris, Joe Guthrie, Lloyd Cherry, Danny Koch, Randy Brown, David Farabee and Corky Scarbrough, all of Wichita Falls.

Candles were lighted by Miss Whitnie Shey Awtry, sister of the groom; and Miss Randi Shae Hardin of Colorado Springs, Colorado, niece of the bride. They wore tea length dresses of mauve moire taffeta with full sleeves edged with white lace and bands of lace across the neckline. Wristlets of lilies and stephenotis accented their dresses.

The bride's parents hosted the reception in the main hallway of the church following the wedding. The bride's table was covered with white satin overlaid with white lace and pulled into drapes with large mauve bows. A five tiered silver candelabra trimmed with mauve bows and flowers centered the table. The wedding cake was decorated with mauve silk flowers and topped with crystal swans.

The groom's table featured a red taffeta table runner and brass coffee service. The cake was chocolate and

had a "Rescue Pumper" firetruck and miniature bride and groom as decoration.

Reception assistants were Mrs. Gordon Brown, Libby Freeman, Hardy Edgin, Kay Wills, Sharon Kennemer, Pam Koch, Cara Enos, Traci Awtry, Debbie Awtry and Charla Thorn.

The rehearsal dinner was hosted by Mrs. Marge Awtry and James Scott and Mr. and Mrs. Jimmie Ray Awtry at the TradeWinds.

The bride is a graduate of Wichita Falls High School, where she was active in numerous school activities and played on the Coyote varsity tennis team. She received the DAR Citizenship award and was presented as a Junior Forum debutante. She is employed by MBank in Wichita Falls. The groom is a graduate of Wichita Falls High School and played on the baseball and basketball teams. He is employed by the Wichita Falls Fire Department.

The couple will live in their home at 4317 Faith Road in Wichita Falls after a trip to San Francisco and Lake Tahoe.

Among out-of-town guests for the wedding were Mrs. Homer Lambeth of Goree; Mr. and Mrs. Bill Lambeth, Joe and Anna, Lubbock; Mr. and Mrs. Plenna A. Hardin, Mr. and Mrs. Cleat Hardin, Mr. and Mrs. Bobby Hardin, Mrs. John Ed Nelson, Jonna and Jim, and Phil Hardin, all of Seymour; Miss Kim Sanders, Vernon; and Mr. and Mrs. Kent Beck, Duncan, Oklahoma.
