Look To The East

by Aaron Edgar

There's a lot of mystery down there at the bottom of the ocean!

And Abilene oilman and adventurer, Jack Grimm, has failed in his attempts to solve some of those mysteries - his third attempt to find the sunken luxury liner, The Titanic.

The huge ocean liner, billed as the world's finest, the first unsinkable ocean liner and "queen of the seven seas", had set out from England on her maiden voyage to New York. Passengers were revellers making history for the first time, crossing the ocean in a vessel that "could not be sunk".

Amid all the hilarity and revelry as the magic ship ploughed its way through the icy waters of the Atlantic, crewmen of the Titanic received warnings that the vessel was in iceberg territory.

They paid little attention to the warning, having the assurance that their vessel was unsinkable, regardless of icebergs or whatever.

We wonder if people knew, as we do now, that only a small portion of an iceberg is visible above water - that the main hulk of this gigantic hunk of ice is below the surface and cannot be seen with the eye or other sighting equipment.

Surely the crew or passengers of the Titanic didn't know. Their periods of revelry quickly turned into horrors of mass fear and mourning on a night in April, 1912, when the giant of the seas struck an iceberg and sank with the loss of 1,500 lives.

A fortune of jewelry and other valuables are believed to have gone down with the ship.

We were just a mere kid when this happened, but that catastrophe of the sea was not forgotten within a week, and not for many years. As the years passed, the news and other stories of this great disaster became uppermost in our thinking.

It was a horrible incident in that day, and it remains so with us to the present time.

The Abilene oilman, who claims to know the area where the pride of the White Star Line went down, just recently called off his third unsuccessful attempt to find the sunken vessel. He financed this expedition, as well as the attempts in 1980 and 1981, to pinpoint the "grave" of the liner.

His first two attempts were thwarted by bad weather, and this latest one in July met with the same fate.

Stormy weather churned the Atlantic into a maelstrom of 50-foot waves that knocked out all sonar and camera equipment on the ship. Ship-to-shore contact with the research vessel was lost at times.

So the area, some 400 miles southeast of Newfoundland, remains nothing but bits of former information and the churning surface of an angry ocean.

Mr. Grimm, geologist and president of Grimm Oil Co. in Abilene, based his third attempt on murky pictures taken last year purporting to show a propeller. Already he had spent 2.5 million on expeditions that failed, and this time they found not even a propeller. The stormy North Atlantic wouldn't permit them as much as to anchor their research equipment.

Returning to Abilene, the geologist and oil promoter seemed disappointed, though undaunted, in his third failure. He indicated that yet another expedition would be organized in the near future.

Regarded his defeat, he said: It's about like drilling a dry hole. In his early career, Mr. Grimm is said to have drilled so many holes that telephone service to his rigs was cut off. Yet, he went on with determination until he finally hit "pay dirt" time after time.

So the final resting place of the ill-fated luxury liner remains a secret, except to the "denizens of the deep".

Just as decades ago, when we became appalled at the tragedy of the world's finest ship, we became interested a few weeks ago in the third attempt to find its resting place.

If, by chance, Mr. Grimm decides to make a fourth attempt in this very expensive venture, we sincerely hope that this time he won't hit a "dry hole!"

School Days Are Almost Upon Us!

School bells will ring at area learning institutions on Friday, August 19. The faculty at the Munday school system will begin a week of in-service training on August 12, and Goree teachers start their work on August 15.

According to Superintendent Doyle Lowrance, the staff for Munday schools is complete and ready to go.

More details about the beginning of the 1983-84 school year and complete faculty lists will be printed in a future issue of the Courier.

Goree School Board Calls Special Trustee Election

The Goree Independent School System will hold a special election on Saturday, August 13, to elect two trustees for unexpired terms. Names on the ballot will be Darrell Patterson, Jerry Atkinson and Dolan Moore.

The polling place will be at the Goree Memorial Building, and it will be open from 7 a.m. until 7 p.m. for voters. Mrs. Eva Warren will be the judge.

Absentee voting will continue until Tuesday, August 9, at the school superintendent's office during regular hours of 8 a.m. to 4 p.m.

Local 4-H Girls Win At District Fashion Show

Representing Knox County at the district 4-H fashion show held at Jayton on Tuesday, July 26, were Amy, Lynn and Ann Parker and Julie Partridge.

Ann, Lynn and Julie won blue ribbons for their creations and Amy was awarded a red ribbon. In addition, Lynn won second place in the intermediate division of the cotton fashion category.

County extension agent Jane Locknane, who accompanied the girls to Jayton along with their mothers, Mrs. Doug Parker and Mrs. Wink Partridge, commented that winning a blue ribbon at the district show is quite an achievement. "I think the girls all did a great job and should be commended for their hard work," she said.

The contestants were the winners of their divisions at the Knox County 4-H Fashion Show held in June. The district show was sponsored by West Texas Utilities Company.

File For Social Security Benefits At City Hall

A representative of the Vernon Social Security office will be at Munday City Hall on Wednesday, August 10, between the hours of 9:30 until 11:30 a.m.

He will assist citizens in filing applications for Social Security Retirement, Survivors, Disability, Medicare or Supplemental Security Income benefits.

To transact Social Security business by telephone, call the Vernon office at 817-552-9346 during their business hours of 9 a.m. until 4:45 p.m. on weekdays.

Trustees Approve 1982 Tax Rate For New School Year

The Munday Independent School District Board of Trustees met in called

Weather Report

For seven days ending at 5 p.m. Monday, August 1, 1983, as compiled and recorded by Goodson Sellers, local U.S. weather observer.

CHEERING FOR THE BRAVES of Munday Junior High this year will be the group of girls shown here, who recently attended cheerleading camp in Rule. Seated are Robin Reneau, at left, and Holly Jackson; in center row are, from left, Nickie Collier, Mindy Myers and Alexis Bordovsky, head cheerleader; and Lynn Parker is at the top of the pyramid.

Moguls To Begin Preparing For 1983 Football Season

Munday head coach Jim Edwards has announced that members and prospective members of the Munday Mogul football team will receive their physicals at 3 p.m. on Thursday (today), August 4.

Two-a-day football workouts will begin on Monday, August 8. Coach Edwards stated that the boys will need to be at the field at 7:30 a.m. for the morning workout and again at 5:30 p.m. for evening practices.

The Moguls will begin pre-season play with a scrimmage against the Crowell Wildcats. The game will be played in

Munday, beginning at 6 p.m. on Friday, August 19. The next Friday the Moguls will travel to Archer City for their second scrimmage before taking on their regular season opponents.

Coach Edwards said he expects the team to have a fine season. "We have some real young kids," he commented, "but they could be very competitive."

The coaching staff is complete with Coach Edwards as head coach and athletic director. Other coaches are Robert Redden, Bill Kingston and newcomer Randy Burks.

Goree Wildcats To Begin Workouts Under New Coach

Football workouts for the Goree Wildcats will begin at 6:30 p.m. Monday, August 8, according to new head coach Cherry Eldredge. All high school boys interested in coming out for the team are urged to be at the field at that time.

Coach Eldredge recently moved to Goree from Maple, where he coached at the consolidated Maple-Three Way School District. Before that he coached at Guthrie and Hobbs. He has 11 years experience in coaching both boys' and girls' sports and has worked with 6-man football teams. He will be coaching the entire high school program at Goree.

Coach Napoleon Johnson is beginning his third year at the Goree school system, and will assist Coach Eldredge.

Coach Eldredge and his wife, Willie, have a daughter, Traci, who will be a sophomore student at Clarendon College this fall.

The Wildcat's first scrimmage of the 1983 season will be at McCauley on Friday, August 19. The team will again be on the road the next Friday to face Newcastle.

Screening Clinic Set August 10

The Texas Department of Health will conduct a Screening Clinic at the Munday Community Center on August 10 from 9:00 a.m. till noon. The following tests will be offered: blood pressure, diabetes, anemia, height, weight, and skin disorders. If an abnormality is found the person will be referred to the physician of their choice.

Jamboree Planned At Truscott

A musical jamboree will be held at the Truscott Community Center at 8 p.m. Saturday, August 6. Paul Bullion will be the master of ceremonies, and he invites all local musicians to come show off their talent.

There will be no admission, and area residents are urged to come join in the fun by participating or just listening to the music.

DON'T FORGET TO DONATE

Bloodmobile To Make A Stop Here Next Monday

Persons between the ages of 17 and 66 are needed to donate blood at the upcoming American Red Cross Bloodmobile on Monday, August 8, at the Munday Community Center. The bloodmobile will open at 2:45 p.m. and operations will continue until 6:30.

Seventeen-year-olds must have parental permission slips, and all donors must be in relatively good health. Persons having a history of hepatitis, heart disease or cancer (other than skin cancer) are restricted from donating blood.

Latreace Lane and Margaret Moore, local Red Cross Bloodmobile chairmen, are encouraging donors to try to make

appointments to donate blood. It is felt that appointments can be beneficial to those persons having tight time schedules. Appointments can be made by calling 422-4024 or 422-4282.

Patients in 43 regional hospitals depend on volunteer donors through the Red River Red Cross Blood Services to meet their needs for 95 units of blood a day. Munday, Goree and Rhineland residents are encouraged to give blood to help their fellow citizens. It takes a very short time, but the effects of your donations can be far-reaching and immeasurable.

Reduction In Tax Value Affects School District

(Editor's note: The text and figures in the following article were provided by Munday school superintendent Doyle Lowrance.)

Members of the Board of Trustees of the Munday Independent School District are facing some tough decisions because of significant losses in its taxable values. In the tax year 1982, the school had a taxable value of \$31,586,360.00 from which to assess taxes for operation. Latest figures for the 1983 tax year indicate a taxable value of \$27,474,833.00, resulting in a \$4,111,477.00 loss in taxable value.

These losses are due to a combination of various factors that have caused the reduction. They include:

- \$1,584,700 - drop in oil prices and production;
- \$999,520 - Supreme Court ruling that removed the intangible bank values;
- \$787,124 - Agriculture use values;
- \$695,570 - Constitutional amendment that removed all values on farm equipment and livestock;
- \$142,400 - New homestead and over 65 exemptions.

These losses in taxable values mean loss of tax dollars to the Munday school district in excess of \$50,000. A portion of these losses will be offset through a reduction of the local fund assignment and an increase in equalization aid.

The Board of Trustees and the super-

intendent must now look at how the school can continue to function effectively with operating expenses continually on the rise.

A big decision concerning the condition of the elementary and junior high buildings must be addressed by the board in the near future. These buildings are in need of either major renovation or replacement.

The Board of Trustees has a commitment to maintain a sound educational system at the lowest cost to the taxpayers. This commitment will take priority in the decisions made by the Board as it continues to serve the Munday Independent School District.

County Youths Show Records At Contest

Knox County had nine 4-H members participate in the District 3 Record Book Contest on July 15. To be eligible for competition, each member had to complete a book containing project records of a particular 4-H project, compiled over all the years they have been an active 4-H member.

In the junior division, Dixie Reid received a blue ribbon in the area of clothing. Ann Parker was awarded a blue ribbon for her Food and Nutrition record book. Robin and Jae-Jae Reneau received blue ribbons in the sheep division. All these girls are from Munday.

Lynn Parker of Munday received a blue ribbon in the intermediate clothing division.

In the senior category, Doug Brown of Benjamin placed second in the beef division and Amy Griffith, Benjamin, placed third in the area of swine. Amy Parker of Munday participated in the Food and Nutrition category.

Julie Partridge, Munday, placed first in the area of gardening and her record book will go on to the state competition at Lubbock on August 24.

These 4-H'ers are the children of Mr. and Mrs. James Reid, Mr. and Mrs. Doug Parker, Mr. and Mrs. John Reneau and Mr. and Mrs. Wink Partridge of Munday, and Mr. and Mrs. Stanton Brown and Mr. and Mrs. Charles Griffith of Benjamin.

VISITORS INVITED . . .

New Insurance Office Completed In Munday

Clarence Herring, area agent for Germania Farm Mutual Insurance, recently completed construction on a new brick building at 720 West Main, which is the new home for his insurance firm.

The new building, which faces north on Main St., is 24 x 30 feet, or 720 square feet of space. The attractive structure is divided into three areas inside, one of which serves as Mr. Herring's office. In addition, there is a reception area and a kitchenette.

Work started on the project the latter part of April, and Mr. Herring was able to occupy the building by mid-May.

Rickie Herring Construction of Munday was the contractor.

Germania Farm Mutual has been conducting business in this area for many years. Herring said he had handled the business from his home for about 38 years. The late Peter Loran was also an agent for Germania.

Herring has also served as a District 13 director in the firm since 1968 and has just recently been re-elected for another three-year term. The association now has in force in excess of \$6 billion in Texas.

NEW HOME: After operating from his home almost 38 years, Clarence Herring recently completed this new business home for his Germania Farm Mutual Insurance. He invites the public to come by and inspect his new facilities, located at 720 W. Main St. in Munday.

Conservation Program Benefits Moorhouse Ranch Near Benjamin

"Being a part of the LTA Program has helped us speed up our own program of getting the land back into shape," Tom Moorhouse, one of three brothers of the Moorhouse family ranch, stated.

"We've been fighting mesquite for years and working to build the range back up to the grass producing land it should be," Tom says of their 10,167 acres of range eleven miles west of Benjamin, "and the LTA program we began 2 years ago has made reclaiming the land possible."

The LTA Program, short for "mini-Long Term Agreement," is a USDA cost share program funded by the Agricultural Stabilization and Conservation Service (ASCS) and technical assistance provided by the Soil Conservation Service (SCS). The program is designed to provide funds to apply conservation treatment to a part of a management unit within a period of three to five years.

"The ASCS provides the costshare funds to local producers and the SCS provides the technical part to get conservation work done on the ground," Tom explains. "The mini-LTA was set up

with SCS personnel to put in a livestock pipeline and to aerially spray mesquite on part of the ranch."

"We've put in 2500 feet of pipeline and sprayed 340 acres of mesquite through the program," Tom states.

"Before the LTA, we had a problem of uneven grazing in one of our pastures. Putting in the new pipeline provides the pasture with adequate water and makes the cattle graze the pasture more evenly."

Reflecting on the aerial spraying program, Tom remarks, "We've been spraying as we can in the past, considering the economics of brush control each year. The LTA Program has made it possible for us to get mesquite controlled where it has been badly needed. The spraying program has killed mesquite and as a result, stopped the mesquites from robbing the grass of an astounding amount of soil moisture."

SCS data indicates that mesquite requires about 225 gallons of water to produce one pound of forage. That same 225 gallons of water is capable of producing about five pounds of grass.

"The increase in grass production is exactly what we're working for," Tom pointed out, "brush control and managing grazing to allow regrowth each year go hand in hand for increasing grass production. Management is a part of the LTA Program that is not cost shared but is up to me and is just as important as any other part of the program."

The mini-LTA and other cost share programs are available to Knox County agricultural producers. These programs are set up to help apply conservation treatment on areas with high priority needs for conservation work. Anyone interested in the benefits these programs have to offer should contact the USDA SCS office in Knox City or call 658-3526.

Senior Citizen Singing Held

The Munday Senior Citizens held their monthly singing on July 28 in the Community Center with approximately 55 attending. Many expressed their enjoyment of the evening. Refreshments were served after the singing.

Visitors were Mr. and Mrs. Tom Christ of Knox City, Mr. and Mrs. Lloyd Robertson and Marie Parker of Red Springs, Mr. and Mrs. Clyde Williams and a friend of Haskell, and Sandy King of Munday. We wish to thank all who helped to make the evening so enjoyable. We especially wish to thank Mrs. Ruby Myers, Sandy King, Mrs. Christ, and our own Eunice Raynes who played the music for the singing. We would like to say thanks to Nolan Phillips, Maggie Gaines, Marie Parker and others who did the leading of the songs.

Our next singing will Thursday, August 25 at 7:00 p.m. Anyone wishing to sing or just listen is cordially invited to attend.

Virginia Cary, Reporter

Walter David Counts Of Rule Dies Last Saturday

Walter David Counts, 76, well-known Rule resident and former resident of Munday, passed away at 10:15 a.m. Saturday, July 30, in Haskell Memorial Hospital after a brief illness.

Mr. Counts was born on June 4, 1907, in Fannin County and married Alma Johnston on October 5, 1933, in Haskell. He was a graduate of Munday High School and attended Wayland Baptist College and Hardin-Simmons University.

The Counts family moved to Rule in 1940. Walter was a route salesman for Mead's Bakery in the Haskell-Knox

County area from 1942 until his retirement in 1971. He was an active member of the Rule Lions Club.

As a member of the First Baptist Church of Rule, he participated in many construction projects, including the Lueters Encampment and church raisings in Mexico. He was Rule's high school booster of the year in 1983, having been a longtime supporter of many youth activities in the area.

Funeral services were held at 3:40 p.m. Sunday from the First Baptist Church in Rule with Rev. John Gillispie, pastor of the First Baptist Church of Knox City, officiating. He was assisted by John Greeson, minister of the Rule Church of Christ, and Rev. J. R. Williams, pastor of the First Baptist Church of Rule. Burial was in Rule Cemetery under direction of Smith Funeral Home of Knox City.

Serving as pallbearers were Howard Brass, E. L. Elmore, Pete Kitley, Clifton Rhinehart, Kenny Tanner and Jack Wilson. Honorary pallbearers were A. P. Denton and Cameron Sprayberry.

Survivors include his wife, Alma; three children, Pat Grimsley and David Counts, both of Knox City; and Cheryl Robinson of Rule; three sisters, Inez McCarty of Nara Visa, N. M., Grace Giles of Floydada, and Lavena Hastings of Waxahachie; ten grandchildren; and nine great-grandchildren.

Cheerleaders Attend Camp

Cheerleaders for Munday Junior High recently attended a camp for junior high cheerleaders at Rule sponsored by Dynamic Cheerleader Association. The camp was led by Laura Tidwell of Haskell.

The girls learned new cheers, chants and pom-pom routines, and received various commendations, including Outstanding Spirit, Jumps

and Stunts, Outstanding Cheering Skills and Leadership and the Super Squad award.

The girls reported a great time at the camp and are all excited and ready for the season to begin.

Attending the camp were Alexis Bordovsky, daughter of Gail Ramirez and David Bordovsky, Nickie Collier, daughter of Lonnie and Norma Collier, Holly Jackson, daughter of the Mickey Jacksons, Lynn Parker, daughter of Mr. and Mrs. Doug Parker, Mindy Myers, daughter of Mr. and Mrs. Billie Jake Myers, and Robin Reneau, daughter of Mr. and Mrs. John Reneau.

Cude, Boone Place At State Show

Five Knox County youths were among more than 400 horsemen competing for honors at the Texas state 4-H Horse Show held at the Heart of Texas Fairgrounds in Waco last week, according to Knox County extension agent Charles Sipel. These young competitors represent the top 4-H horsemen in the state.

Shawn Cude of Goree rode his blue roan gelding, Dr. Mito, to 9th place in the

stakes race in the show. He also qualified for the finals in the barrel race. Shawn is the son of Mr. and Mrs. Bob Cude.

Riding her bay gelding, John's Choir, Kristi Boone qualified for the finals in poles and stakes, placing 14th in the stakes competition. Leah Boone showed her paint mare, An Apache Beauty, to the semi-finals in showmanship at halter and Western pleasure. Kristi and Leah are the daughters of Mr. and Mrs. Joe Boone of Knox City.

Todd Thompson, Tyler Thompson and Shawn Cude also competed in the roping events at the state show. Todd and Tyler are the sons of Mr. and Mrs. Larry Thompson of Munday.

Accompanying the contestants to Waco were Mr. and Mrs. Joe Boone, Bob Cude and Mr. and Mrs. Larry Thompson.

Chris Scott of Gering, Nebraska has been spending the summer visiting his grandmother, Mr. and Mrs. Jerry Cobb, and his aunt, Mr. and Mrs. Gary Wilde and Michelle. Mr. and Mrs. Robin Scott and Shelley visited here for a week and Chris returned home with them.

LONG TIME POSTAL EMPLOYEE

Senior Citizen For August Has Many Years Of Voluntary Work

Another senior citizen who has been dedicated to helping others in her church and community has been chosen as Munday's "senior citizen" for the month of August.

Upon being informed that she was selected, she said modestly: "I don't know why they selected me. All I've ever done was work at the post office."

For Merle Dings, this "work at the post office" was her means of gaining a livelihood, but her devotion has been far deeper than her daily employment. It involved work in her church and many phases of community activities.

Merle is the oldest of the six children who were born to the late Mr. and Mrs. George W. Dings, who came to Munday from Comanche County in 1924. As they established residence here, the father became employed in the carpentry profession.

The eldest daughters, Merle and Ina, finished high school in Comanche; the other four children are graduates of Munday High School.

Merle became involved in serving the public in 1927, when she became employed in the U.S. Post Office in Munday, a type of profession she was to continue for almost 30 years.

She became a full-time postal clerk in 1929 and was the senior employee at the local post office at the time

MERLE DINGS

Munday's senior citizen for August

of her retirement in 1966. She "pigeonholed" many pieces of mail and issued money orders to legions of people during this period of service.

Her interest in the public and her family did not cease with her retirement, for it was then that she found more

time to devote to the well-being and happiness of others, in addition to maintaining the family home. Her mother was deceased in 1949, and her father in 1956.

As a Methodist, she devoted much time to church activities. There was an organi-

zation of women known as the Wesleyan Service Guild, which met at night so more working people could be members. Merle held every office in this organization except that of secretary. She was a charter member of the United Methodist Women.

When the Munday Nursing Center was established, she was among the first to do voluntary work there. She conducted bingo games there once each month for many years. She also has many accumulated hours of volunteer work, both as an individual and with church groups.

Her latest area of service has been with the Knox County Nutrition Program since its inception in Munday. She has served three days a week as secretary and reporter for this group for the past three years. She has a record of being "so willing, so efficient and dedicated" to this program.

She has been absent very few times, and this was due to illness or a need to help with those who were ill. She gives much time to affording transportation for those needing this service.

All of the Dings children were born in Comanche County. Only one of the six children, Henry Clay, is deceased. The others, with Merle being the oldest, are: Ina Cowan of Munday, Rita Longbothan of Guymon, Okla.; Maxie Irland of Big Spring, and George William (Bill) Dings of Pampa.

For one who "hasn't done anything", Merle Dings has been carrying on an important role of service to others throughout the years. We're happy to proclaim her as "Senior Citizen" of Munday for the month of August!

Marine Receives Service Medal

Marine Cpl. Joel W. Greenwood, son of Tommy W. and Joyce Greenwood of Goree, was recently awarded the Good Conduct Medal.

The Good Conduct Medal signifies faithful and obedient service during a three-year period. To earn it, enlisted Marines must achieve and maintain an unblemished conduct record for the entire period.

Greenwood is currently serving with 1st Marine Division, Camp Pendleton, California.

Staff Sgt. Ken Booe of Bergstrom Air Force Base, Austin, spent the weekend with his parents, Mr. and Mrs. Cecil Booe. Ken had an extra day off work, so he took a long weekend and came home. They all enjoyed the visit.

Knox County Hospital News

INTS FOR HOMEOWNERS

SHINGLE WARRANTIES: THEY'RE NOT ALL THE SAME

Differences can be interesting... but when you're a homeowner buying fiber glass shingles for your roof, the difference in the warranties on those shingles really warrants your interest.

A recent survey of fiber glass shingle warranties conducted by Owens-Corning Fiberglas Corp. revealed some startling differences in the liabilities that six leading shingle manufacturers assume under a 20-year warranty.

"Even though the warranties are of equal duration," said Fred Franklin, marketing manager for Owens-Corning's Residential Roofing Operating Division, "various exceptions and stipulations in the warranty agreements limit the manufacturer's responsibility for replacing damaged shingles. And because warranties are dynamic agreements, with liability depending upon the age of the roof, it is extremely important for homeowners to check with the manufacturer, contractor or roofing supply dealer on the

The best warranty seems to be one that replaces shingles at current cost.

warranty's limitations before making a purchase."

Pro-rating: The Essential Ingredient

All manufacturers prorate their warranties, deducting part of the cost of shingles for each month the shingles are actually in service. However, the best warranty is the one that replaces shingles at current cost, and protects the homeowner against any future increase in the price of labor and materials. Owens-Corning, for example, offers a warranty which is prorated according to replacement costs, including both labor and materials. At the

other extreme, some shingles manufacturers cover replacement based on original cost or at a predetermined flat rate that is reduced every month for the length of the warranty period.

Thus, if shingles were to fail fifteen years into the warranty, the manufacturer's liability would not cover the cost of replacement at current prices. A predetermined flat rate warranty or one based on original cost could leave the homeowner responsible for a much larger portion of the replacement cost. None of the manufacturer's warranties covers flashing or metal-work, damage from acts of God, application failure or shading differences.

This sort of warranty information can be as useful to the builder or contractor as it can to the homeowner himself. For the seller with the best warranty can show the prospective homebuyer or homeowner the advantages of that document in dollars and cents.

MUNDAY, TEXAS

PUBLIC NOTICE

At the request of the Office of the General Counsel of the Public Utility Commission, the Commission has established Docket No. 5113 to inquire into pressing issues involving the entire telephone industry in Texas. Docket No. 5113 will deal with many issues resulting from the impending divestiture of American Telephone and Telegraph Company and Southwestern Bell Telephone Company. Some of those issues include establishing the service areas of Southwestern Bell after divestiture and assessing the impact on other telephone companies in Texas, including General Telephone Of The Southwest, of current settlement arrangements between Southwestern Bell and those companies. Additionally, Docket No. 5113 will deal with the issues arising from the Federal Communications Commission's Final Order in Docket 78-72 (the Access Charge Docket) as they impact all telephone companies, including General Telephone Company Of The Southwest. It is anticipated that Docket No. 5113 will be evidentiary in nature. RATES FOR GENERAL TELEPHONE COMPANY OF THE SOUTHWEST MAY BE DETERMINED BY THE COMMISSION IN OR AS A RESULT OF THIS PROCEEDING. Interested parties seeking further information or desiring to participate in Docket No. 5113 are advised to write to Rhonda Colbert Ryan, Secretary and Director of Hearings, Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757 or telephone the Public Utility Commission Consumer Affairs Division at (512)458-0223 or 458-0227, or (512) 458-0221 TTY for the deaf.

NOTICE OF CALCULATION OF EFFECTIVE TAX RATE AND PUBLICATION OF ESTIMATED UNENCUMBERED FUND BALANCES MUNDAY ISD

I, Oscar Mangis, Tax Assessor-Collector for Munday ISD, in accordance with the provisions of Sec. 26.04, Property Tax Code, have calculated the tax rate which may not be exceeded by more than three percent by the governing body of the Munday ISD without holding a public hearing as required by the code. That rate is as follows:

\$1.5487 per \$100 of value.

The estimated unencumbered fund balance for Maintenance & Operation fund: \$50,000.

The estimated unencumbered fund balance for interest & Sinking fund: \$ 0.

Doyle Lowrance

A RAINBOW OF COLOR adorns the yard of the Lee Roy Leflars at 461 S. 9th Avenue. The many flowers lining the walks and pot plants set at vantage points are a pretty backdrop to the green, well-kept lawn. This is the Munday Garden Club judges' Yard of the Week choice.

Vera Happenings

By MRS. THELMA COULSTON

Recent visitors in the home of Mr. and Mrs. Olen Coffman were their friends, Rev. and Mrs. Douglas Crow of Melvin, Texas and Mr. and Mrs. Robert Coffman and little Hardy of Wichita Falls. A grandson, Jud Lane of Archer City, is spending the summer with them while his mother, Eileen, is recovering from her recent injuries.

Mr. and Mrs. Bill Miller of Perryton spent the weekend with her parents, Mr. and Mrs. Loran Patterson. They were accompanied home by their daughters, Gidget and Heidi, who had spent several days with their grandparents.

Mrs. Mary Lou Gore visited Sunday with a son, Mr. and Mrs. Wallace Gore, of Midland at their farm north of Seymour.

Jennifer Berrier of Lubbock spent last week with her grandparents, Mr. and Mrs. Carl Coulston. Her mother, Mrs. Vicki Berrier, came for her Thursday and spent the night with her parents and returned home Friday.

Mr. and Mrs. Weston Parris visited Thursday with Mr. and Mrs. Jimmy Randolph in Abilene.

Mr. and Mrs. Paul Weiss and Mr. and Mrs. Ruben Richard returned home Thursday from a weeks vacation with their travel trailers at Red River, New Mexico and visited with the Richard's daughter, Mr. and Mrs. Ronnie Perryman and children.

Mr. and Mrs. Douglas Gore of Rochester and his daughter, Heather Gore, of Bakersfield, Calif., were visitors with Doug's mother, Mrs. Mary Lou Gore.

Weekend guests in the home of Mr. and Mrs. Weston Parris were Cloyce Floyd of Dawson and a friend, Mary Nell Davis of Waxahachie.

Mr. and Mrs. Carl Coulston visited Sunday evening with Mr. and Mrs. Quail Hughes in Seymour.

Mr. and Mrs. Clifford Boone and grandson, Phillip Henderson, returned home Sunday evening from a boat ride and fishing trip on the Brazos River, 20 miles south of Jacksboro. They were joined there by Clifford's brother, Mr. and Mrs. Harlan Boone, and their son, Mr. and Mrs. Roger Boone, and Mr. and Mrs. Mike Martinez, Mike Forbes, Curtis Cooper and Sheila Boone all of Jacksboro.

Mr. and Mrs. Jim Coulston of Tahoka spent Sunday night with his parents, the Carl Coulstons.

Mrs. A. C. Nichols and Lori returned home Sunday

evening from Dallas where they visited Wednesday through Sunday with her son, Jack and Mrs. Beatrice Struck and Mrs. Velma Short. They were accompanied on the trip by her sister-in-law, Mrs. Cloris Reeves and two grandchildren, Meridith and Johnny Arnold of Abilene.

Mrs. Tom King of Seymour spent the weekend with a daughter, Mr. and Mrs. Loran Patterson.

Mr. and Mrs. Harold Beck vacationed in Colorado recently where they visited with Mr. and Mrs. Joe Alford in Colorado Springs. Enroute home, they visited with her sister, Mr. and Mrs. Ray Brooks and boys, in Floydada.

Mr. and Mrs. Keith Beck and Mr. and Mrs. Harold Beck spent Sunday with the Kent Beck family in Duncan, Oklahoma.

Mrs. Lackey Of Haskell Dies July 28

Mrs. Pearl Lackey, 87, of Haskell, passed away on Thursday, July 28, in Haskell Memorial Hospital after a period of illness.

She was born on January 17, 1896, in Travis, Falls County, and moved to Haskell County in 1914. She married Rube D. Lackey on March 6, 1919, in Haskell, and he preceded her in death on April 28, 1953. She was a member of the First Baptist Church and was a homemaker.

Funeral services were held at 2 p.m. Saturday from the First Baptist Church in Haskell with the pastor, Rev. Mike McKinney, and Rev. Steve Peace, pastor of the First Baptist Church in Weinert, officiating. Burial was in Willow Cemetery in Haskell under the direction of Holden-McCauley Funeral Home.

Survivors include five daughters, Mrs. Herley (Willie Velma) Address and Mrs. Woodley (Alta Faye) Davis, both of Haskell, Mrs. J. T. (Ruby Naomi) Address of Globe, Ariz., Mrs. H. H. (Sallie Juanita) Grimes of Weinert, Mrs. Edwin (Frieda Pearl) Fly of Rochester; two sisters, Mrs. G. C. (Susie) Brockett of Weinert, and Mrs. Jeff (Ola) Smith of Haskell; 10 grandchildren; 29 great-grandchildren; and 12 great-great-grandchildren. She was preceded in death by her parents, four sisters and three brothers.

Jack Stewart and David McGaughey left at mid-week last week to join their families who were vacationing at Colorado Springs, Colo. They all returned home last Sunday.

Texans Are Paying High Energy Bills

The fact that hot weather and high utility bills go hand in hand apparently is being proved again by West Texans.

Electric energy usage in the West Texas Utilities Co. system soared to new records this week as temperatures throughout the territory hit the 100-degree mark.

A new record was set on Monday, July 25, when WTU customers used 19,286,000 kilowatt-hours during a 24-hour period. This record was broken the following day when consumption totaled 19,318,000 kilowatt-hours. The old record was 19,216,000 kWh recorded on July 23, 1981.

The peak demand this year still had not reached the all-time record of 994,000 kilowatts, which was set at 5 p.m. August 27, 1982. Peak demand is the largest amount of electricity being used at any given moment during the day. Highest peak so far this year was 982,000 kilowatts on Tuesday, July 26.

"We expect the demand to go higher, but we should have no problem supplying our customers' needs," said Don Welch of Abilene, WTU vice president and director of customer services.

"But we do hope our customers realize that the more energy they use, the higher their bills will be," Welch added. "We urge them to use electric energy wisely and to conserve when possible."

WTU's on-system generating capacity currently is 1,059,000 kilowatts. This means that with last year's peak demand the Company had a reserve capacity of 6 percent, while the safe reserve is considered to be 15-20 percent.

To assure a reliable supply, WTU has contracts to purchase power when necessary from neighboring electric companies until the Oklahoma Power Station comes on line in late 1986. This station, now under construction near Vernon, will increase WTU's generating capacity by about one-third.

County Agent's Reminder To Pecan Growers

Knox County extension agent Charles Siepel says that pecan nut casebearer moths started to emerge from damaging developing nutlets on July 20-22. Some egg deposition has already occurred and the first nutlet entries by the second generation casebearer should be expected by August 30. The second generation is normally expected about 43 days after the first generation.

If you have pecan trees, you should consider spraying to ensure a bountiful harvest. For more information and the proper chemicals to use contact the Knox County Extension Office.

"Common sense is instinct and enough of it is genius." Josh Billings

Funeral For Mrs. Dunkle Held July 28

Mrs. R. O. (Margaret) Dunkle, 97-year-old former Benjamin and Graham resident, died on Sunday, July 24, in a Dallas hospital. Her health had been failing for several years.

Mrs. Dunkle was born on April 9, 1886, in Moulton, Texas, and was an early-day school teacher. She was a member of the Methodist Church. Her husband, who died in 1961 in Graham, was an agricultural extension agent with a long period of

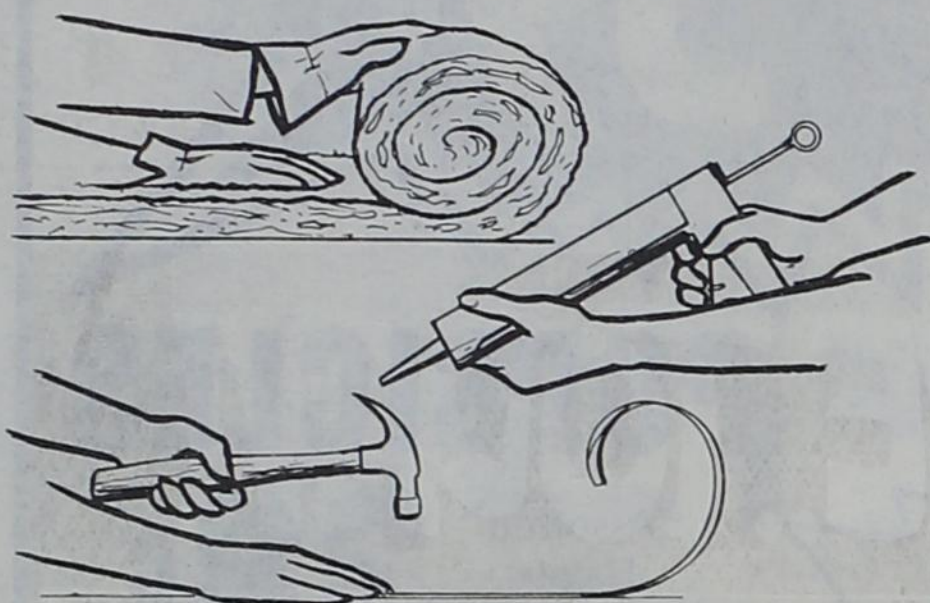

service. Among the counties he served are Gray, Deaf Smith, Throckmorton, King, Knox and Young. He retired a few months before his death.

Funeral services were held at 11 a.m. Thursday, July 28, from the First United Methodist Church in Graham with the pastor, Rev. Lee Bedford, officiating. Burial was beside her husband in Pioneer Cemetery under direction of Morrison Funeral Home.

Survivors include a son, Glen Dunkle of Dallas, who is a graduate of Benjamin High School.

The Munday Courier has office supplies for your every need.

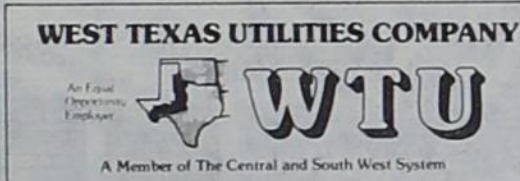

Use Your ENERGY To Save Electrical Energy On Air Conditioning This Summer...

By using some of your energy you can save electrical energy. Simply by adding insulation, caulking around windows and doors, and adding weatherstripping you can help to keep the cool air in your home. Stopping cooling loss will help your home to operate more efficiently. Also, consider installing an Energy Efficient Heat Pump Cooling and Heating System in your home. If you want more information call your WTU Local Office.

HOSPITAL NOTES

Mrs. Fannie Bell Lambeth, who received medical treatment in the Methodist Hospital in Lubbock, was able to return home on Monday.

Mr. and Mrs. Walter Coffman returned home on Saturday after spending several weeks in Houston while Mr. Coffman was taking treatments at the M. D. Anderson Hospital. Mr. and Mrs. Coffman will return to Houston next weekend for Mr. Coffman to take more treatments.

Mrs. Marian Lee Green underwent surgery at the Seymour Hospital on Tuesday.

Mrs. Vera Bell returned home Saturday from the Bethania Hospital in Wichita Falls where she underwent back surgery.

Mrs. Doris Lane, Seymour Hospital.

ATTEND WEDDING

Mr. and Mrs. Kenneth Roberts and Randy of Plainview and Mrs. Ina Roberts attended the wedding of Mrs. Robert's granddaughter, Miss Lisa Moore, and Steve Zubriski at the United Methodist Church in Arlington Saturday evening. The bride is the daughter of Mr. and Mrs. Jim Moore of Arlington.

Mr. Jim Downs of Ft. Worth preached at the First Baptist Church here Sunday.

HERE AND THERE

Mr. and Mrs. George Cotton and Kipp vacationed at Aspen and Estes Park, Colorado last week.

Mr. and Mrs. Luke Madole and son,

Bryan, of Dallas are visiting Mrs. W. M. Taylor this week.

Mr. and Mrs. Taylor Allen and Mrs. Jo Emma Moore visited their sister and husband, Mr. and Mrs. Foster Price, in Sterling City last Tuesday.

Mr. and Mrs. Jack Beaty visited their son, Mr. and Mrs. Douglas Beaty, in Abilene last Thursday.

Mrs. Ruthann Sharp and sons, D and Wade, are visiting her parents, Mr. and Mrs. Harold Beaty.

Visiting Mr. and Mrs. Carl Echols on Sunday was her mother, Mrs. Addie Underwood, and her sister, Mrs. Elba Lois Barron of Seymour.

Visiting Mrs. Lois Moore last Tuesday were Mrs. Larry Lindsey, Michell and Scott, of Dhahran, Saudia Arabia, and Mr. and Mrs. Jerry Billingsly, Bryan and Mary Jane, of Wichita Falls.

Mrs. Ruby Dane Howell of Joshua visited her parents, Mr. and Mrs. Ruby Hammons, and in the Les Jameson home during the weekend. Paula Howell who spent two weeks in the Jameson home, returned home with her mother. Mr. and Mrs. Ronnie Howell and family of Ft. Worth also spent the weekend in the Hammons and Jameson homes.

Visiting Mr. and Mrs. Tony Hammons Sunday afternoon were Mrs. Zonelle Duke and her daughters, Mrs. Jerlyn Miller, Mrs. Peggy Carter and Mrs. Frankie Carlyle, and her daughter-in-law, Mrs. Don Duke, all of Ft. Worth.

Mr. and Mrs. Bobby Lambeth and granddaughter, Susan Neeley of Midland, and Don Lambeth of Mesquite returned home Sunday after spending several days with their mother, Mrs. Winnie Lambeth.

Mr. Homer Moore visited several days last week with his brother, Mr. Walter Moore, who was a patient in the Hamilton Hospital in Olney.

Visiting Mr. and Mrs. Floyd Nickerson and Linda during the weekend were her daughter and husband, Mr. and Mrs. Melvin Matus of Graham.

Mr. and Mrs. Larry Foerster and Mandi of Frisco visited her parents, Mr. and Mrs. Jack Nuckols, during the weekend.

Karl and Kem Schumacher of Hereford are visiting their grandparents, Mr. and Mrs. Bill Orsak, this week. They all visited Mrs. Bessie Orsak in Seymour on Sunday.

Mrs. Lois Livingston of Seymour visited in the J. C. Watson home Sunday afternoon.

Mrs. Lanna Mae Lowrance visited her brother, Taylor Couch, who is a patient in an Andrews Hospital, during the weekend. She also visited John Lowrance and family and Mr. and Mrs. Donnie Lowrance in Colorado City.

Mr. Roy Shake and Misti of Abilene were dinner guests in the Ruby Hammons home on Sunday.

Mr. and Mrs. Gary King and Mark of Breckenridge visited his parents, Mr. and Mrs. Lloyd King and Eddie, the first of last week. Candy and Lloyd Glynn, who visited their grandparents last week, returned home with their parents.

Mr. Bud Yates of Wichita Falls visited his sister, Mrs. Ballie Cooksey and with his brother, Mr. and Mrs. Bill Yates, last Sunday.

Mr. Clifton Mooney of Dallas visited his mother, Mrs. Gladys Mooney, during the weekend.

Mr. and Mrs. Donnie Finley and family of Brownfield spent the weekend visiting her grandparents, Mr. and Mrs. Bill Decker. They also visited Mr. and Mrs. Tommy Decker and family.

Mr. and Mrs. Bobby Beaty of Hurst brought his son, Brian Beaty of Seymour, who spent the summer visiting in their home, and spent the weekend visiting his parents, Mr. and Mrs. Jack Beaty. Douglas Beaty of Abilene visited his parents on Friday.

Word was received here of the death of Jerry Gilliland of Fort Worth. Funeral services were held in Springtown on Tuesday. Jerry was the son of the late Reed Gilliland.

Mr. and Mrs. L. O. Chamberlain visited Mr. and Mrs. Raymond Lawrence in Tahoka on Saturday. They visited his daughter and family, Mr. and Mrs. Bill Gatchell and Rachel, in Hobbs, N.M., Saturday night and her son and family, Mr. and Mrs. Jimmie Routon and daughters, in Lubbock on Sunday afternoon.

Mr. and Mrs. Dorse Blankenship of Olney visited her parents, Mr. and Mrs. John Jones, Sunday night.

Mr. and Mrs. Billy Lee Lambeth, Joe David and Anna of Lubbock are visiting his mother, Mrs. Gladys Lambeth, this week.

Mr. and Mrs. Wayne Hargrove, SuAnn and Tammy, of Rollo, Kans., visited several days last week with his parents, Mr. and Mrs. Arthur Hargrove. They all attended the Coley reunion at Possum Kingdom during the weekend.

Mrs. Lois Howard and Mr. and Mrs. Doug Donoho of Munday were in Lubbock last week with their sister and mother, Mrs. Fannie Bell Lambeth,

while she was a patient in the Methodist Hospital. While in Lubbock, they also visited Miss Kathy Donoho, Mrs. Blanche Atkinson, Mr. and Mrs. John Shropshire and Mr. and Mrs. Beaty Howard. They returned home Monday afternoon.

Need For Blood Emphasized At Lions Meeting

On the eve of the Red Cross bloodmobile's visit to Munday - Monday, August 8 - members of the Munday Lions Club were "indoctrinated" to the importance of blood donations at last Tuesday's meeting.

Latreace Lane, Munday's co-chairman for the bloodmobile, emphasized the need for younger people and women to become active donors. "There'll be a time when you and I will be rejected because of age," she said, "and we need younger people to take our place." Mrs. Lane has headed Munday's program for some 10 or 12 years.

She introduced Pam Webb of the bloodmobile center in Wichita Falls, who gave other information on the everyday need for blood, then showed a film entitled "No Other Source". This film dealt with a person who always didn't have the time to make a donation; when, on his first time as a donor, he learned that blood centers need "all the friends we can get" and that making a donation is "exciting in a quiet way - it makes you feel needed!"

Young people, young couples and women of this area are urged to get started into this program on Monday, August 8.

CAPITOL UPDATE

John Tower
U.S. SENATOR for TEXAS
WASHINGTON, D.C. 20510

Although significant reductions in mortgage interest rates over the past two years have made it possible for more Americans to buy homes, too many still find the cost of a house is too high.

Finding ways to help make housing more affordable is a major concern of both the Administration and the Congress. As chairman of the Senate Housing and Urban Affairs Subcommittee, I have been actively involved in trying to find ways the federal government can act to help make home ownership a reality for as many Americans as possible.

One program which shows promise is the Joint Venture for Affordable Housing. Many housing studies have shown that there are innovations in site design, in land development and in building methods and materials which can help reduce the cost of housing. However, these innovations often cannot be used because of various regulatory barriers, such as building codes, zoning regulations and other local, state or federal requirements. The Joint Venture for Affordable Housing is designed to identify and overcome these regulations where they add unnecessary costs to housing.

Many national public interest organizations, representing all levels of government and many industry organizations, are participating in the Joint venture. Governmental groups such as the National Association of Counties, the International City Management Association, and the National Conference of State Legislatures have organized workshops and conferences, and are informing their members about steps which can be taken to make housing more affordable.

In addition, a national demonstration of the opportunities to reduce housing costs is underway in about thirty communities around the country, with more projects being considered. Through the joint efforts of local officials and innovative builder-developers, local regulations which add costs to housing are reviewed. Clearly, those regulations which are important to safety or otherwise are important to the quality of life must be retained. But many regulations can be waived or amended. As a result, builders can construct and sell housing at prices up to 20 percent below comparable housing in the area, and local officials are able to help citizens of their communities find needed housing.

The Department of Housing and Urban Development and the National Association of Homebuilders provide technical assistance to these projects.

One Joint Venture project is in the planning stages in Texas. This is in Dallas, where project design now is in progress, and construction is to start later this year. The series of demonstration projects will use increasing density, innovative building methods and small-area units for new houses in Dallas.

This program certainly is not the total answer to the problem of housing affordability. However, it does show promise in helping to alleviate the problem. This, along with other government initiatives and a general improvement in the national economy, can make a significant difference in the number of Texans who can afford to buy homes.

Farm And Ranch Report

CHARLES SIEPEL
KNOX COUNTY EXTENSION AGENT

Summer Often Means Lawn Problems

Along with hot temperatures, mid-summer in Knox County may bring special lawn problems - drought, weeds, insects and disease.

These lawn problems can cause concerns for homeowners unless accurate diagnosis and proper treatment takes place before they become severe.

Dry spots, thin turf and weeds can result from improper watering, fertilizing and mowing practices before applying a chemical to correct lawn problems.

Drought stress most often occurs in mid-summer and shows up as wilted, discolored turf. Adjust watering schedules to wet the soil to a depth of four to six inches, and water only when grass shows symptoms of moisture stress. Also, raise mowing heights one-half inch to improve drought tolerance in mid-summer.

Lack of nitrogen or iron often creates a lawn problem. Grass with a nitrogen deficiency may have a pale color and be heavily infested with weeds. A light application of a nitrogen fertilizer will improve the lawn's appearance.

Grass leaves that have yellow stripes parallel to the leaf margins may be deficient in iron. A foliar application of iron sulfate at six ounces per 1,000 square feet will usually solve this problem.

Leaf spot diseases are generally a problem when lawns are under stress and increase with high temperatures, drought, heavy shade and close mowing. While proper mowing and watering will reduce these problems, fungicides may be required to prevent serious damage.

Chinch bugs and white grubs feed heavily on lawns

during mid-summer, and their damage resembles drought injury. If turf does not respond to applications of water, suspect these insects. Both pests damage St. Augustine grass, but only the white grub damages bermudagrass lawns.

Chinch bugs and white grubs can be controlled with insecticides. Water the lawn thoroughly prior to applying an insecticide for chinch bug control, and follow with a light watering.

You are advised to drench the lawn after an insecticide is applied for grub control, since grubs feed in the soil.

Peachtree Borers

The peachtree borer can greatly limit the life of peach, apricot and plum trees in Knox County. The larvae feed in the cambium, just under the bark at the base of the trunk. Small trees are often killed due to the damage caused by a single larva. Larger trees can survive larger numbers of larvae but the damage may reduce the productivity of the tree.

Because the larvae feed beneath the bark and at the soil line they often go unnoticed until it is too late. Large amounts of gum mixed with grass can be found at the base of the trees where larvae are feeding.

Peachtree borer eggs are laid by the female moth in August or September. The life cycle is completed in one year. The eggs hatch in about 10 days and the larval stage is completed in 10 to 11 months. Larvae begin feeding after hatching and feed intermittently during the winter and early spring.

Insecticides for control of peachtree borers include chlorpyrifos (Lorsban), endosulfan (Thiodan) and para-

dichlorobenzene crystals (PDB). All three of these materials are labeled for use on peach and apricot trees but chlorpyrifos is not labeled for use on plums.

One well timed application of chlorpyrifos will control the peachtree borer. The application should be made in late August. Endosulfan should be applied twice, once in early June and again in mid-August. Chlorpyrifos should not be applied within 14 days of harvest and endosulfan within 21 days of harvest.

PDB crystals should be applied between October 20 and November 15. Place a circle of the crystals on the soil around the tree, 2 inches from the crystals to touch the tree. Cover the crystals with six inches of soil. Use 1/2 to 1 ounce of crystals based on the size of the tree.

Be sure to read and follow the directions on the label when using these three insecticides.

Tomato Problems

Tomatoes are the number one garden vegetable in Knox County but they also cause a lot of headaches for gardeners.

Some of the common tomato problems, along with their causes and cures:

--Young plants dying soon after planting. This is often the result of fertilizer burn or damping off disease. Thoroughly mix fertilizer into soil and treat seed for diseases. Avoid overwatering.

--Stunted, yellowing plants.

Low soil fertility, poor soil drainage, shallow or compacted soil, insects or diseases, and nematodes are among the causes. Fertilize and work the soil well and control insects and diseases.

--Stunted, purple colored plants. Low temperatures and a lack of phosphorous cause this problem. Plant at recommended times to avoid temperature damage and add phosphorous fertilizer.

--Spots, molds, and darkened areas on leaves and stems. These could be caused by many things. If a disease is present, identify it and spray or dust. If there is a chemical burn, use only the recommended chemical at the recommended rate. To avoid a fertilizer burn, keep fertilizer off plant leaves.

--Wilted plants. Common causes are dry soil, overly wet soil, nematodes and diseases. Cures include watering, providing good drainage, and controlling diseases and nematodes.

--Weak, spindly plants. Check for too much shade, too much water, plants too thick or too much nitrogen.

--Failure to set fruit. Temperature extremes, too much nitrogen, insects and cloudy weather are some of the culprits. Plant at the recommended time, control pests and avoid excess fertilization.

--Tomato leaf curl. Heavy pruning in hot weather as well as insects or diseases cause this problem.

--Blossom-end rot. Low soil calcium and too much as well as not enough moisture are causes. Add calcium-containing material, water regularly and improve drainage.

--Misshapen tomatoes and catfacing. Cool weather during blooming is the usual cause, so avoid planting too early.

--Abnormal leaves and

growth. 2,4-H weed killer and virus diseases could be at fault. Remove affected plants to prevent spreading diseases and use care with weed killers to avoid spray drift.

Grandson Of Local Woman Dies July 16

Jonathan R. Koenig, 13, died Saturday, July 16, 1983 at McAllen Methodist Hospital after a long illness.

Funeral services were held at 10 a.m. Monday, July 18, at St. Paul Lutheran Church, McAllen, Texas.

The Rev. Gordon Albers officiated. Kreidler Funeral Home was in charge of arrangements.

The body was sent to Park Lawn Funeral Home at Kansas City, Mo. for services and burial.

Born in Wichita, Kan., he had lived in McAllen three years and previously in St. Louis. He was a student and a member of St. Paul Lutheran Church and school.

Survivors are his parents, Mr. and Mrs. David Koenig of McAllen; a sister, Janet Koenig of McAllen; a brother, Christopher Koenig, of McAllen; Maternal grandparents, Mr. and Mrs. Alan Gorthy of Overland Park, Kan.; paternal grandmother, Mrs. Allene Koenig of Munday; and paternal grandparents, Mr. and Mrs. Norman Koenig of Blanchard, Okla.

The family suggested memorial contributions to the Jonathan Koenig Memorial Fund, St. Paul Lutheran Church, 300 Pecan, McAllen. A portion of these memorials will be sent to the Oncology Department of the Children's Mercy Hospital, Kansas City, Mo.

Mrs. Ralph (Mary) Bernard of Lubbock spent several days here during the weekend with her mother, Mrs. W. R. Moore. She also visited other relatives and friends.

It is the policy of these schools not to discriminate on the basis of sex, handicap, race, color and national origin in its educational and vocational programs, activities, or employment as required by Title IX, Section 504 and Title VI. For information about your rights or grievance procedures, contact the Title IX Coordinator or the Section 504 Coordinator in Munday, 817/422-4241, Doyle Lowrance; in Goree, 817/422-5233, Jerry Hawthorne. 42-1tc

CARD OF THANKS Many thanks and much love to all of you for the thoughtfulness shown to Madeline and me because of my accident. Lou Speer

CARD OF THANKS I want to extend my sincere appreciation to my friends in Munday for the cards I received and the prayers offered in my behalf during the illness and passing of my mother, Mrs. Anna Hurst. Your thoughtfulness will always be remembered. Mrs. Edwin Johnson

LOCALS Glenn and Jennifer Amerson of Houston spent several days with his parents, the Hal Amersons, and his brother, the James Amersons. Their children, Bret and Holly, who had been visiting a week in Munday, returned home with them. ****

Keep Your Cool This Summer By Avoiding Car Trouble

Being stranded by the highway during rush hour or any hour is definitely not cool. But many people will find themselves in that situation if they don't practice some preventive maintenance for their cars during this season of blazing summer suns.

As R. J. Anderson of Munday Auto Supply, a Green Light Auto Parts Store, points out, "Most people neglect car care until something breaks down. Since people are keeping their cars longer, these older cars need regular maintenance."

The cooling system, which keeps the engine from overheating, is a good place to start. Check the radiator when the engine is cold to make sure the cap is in good shape and the spring is firm. The radiator should be filled with a 50/50 mixture of water and antifreeze, which should be changed annually. To remove rust from the radiator, flush it with a radiator cleaner and water before refilling. A rust inhibitor makes a good additive.

"Several other fluids should be checked if you're planning summer vacation trips," Anderson continued. Power steering, brake, washer reservoir and automatic transmission fluids all need inspecting. If you're planning on using your car to tow or carry heavy loads, you should think about installing a transmission cooler. This will help keep the transmission from overheating. (The tip-off to overheating is brown fluid with a burnt odor.)

"Since air 'expands' during warm weather, the tires may show a higher than normal pressure, but don't let any air out. The tires will be underinflated, resulting in lowered gas mileage and poor wear. Before leaving for a long trip, add four pounds of air pressure to each tire. Both mileage and performance will improve," Anderson says. "And even though flat tires are less common these days, remember to take along a good spare, jack and tire tool."

A dirty engine can impair performance. Try a spray engine cleaner to dissolve accumulated grime. Many people overlook engine hoses and belts. If your car is over four years old, these parts could need replacing. Test belts for proper tension and general condition (there should be no glazing, cracks or uneven wear). Replace spongy or cracked hoses. Before you pull out of the driveway on a long trip, take a stroll around your car. In the front, check to be certain the signals and headlights are working - both high and low beam. In the rear, look at the brake lights. When the car is cold, shake the tail pipe to determine that it's securely connected. Inspect the tires for uneven wear or worn tread.

Your driveway could yield clues to your car's condition. The location and color of fluid under the car could signal parts to check. Black or dark brown liquid is engine oil or rear axle fluid; automatic transmission fluid has a red tint, while antifreeze is greenish. Clear water is condensation from the air conditioning - there's no problem there. Preventive maintenance extends to the car's body, too. Vinyl roofs take a beating any time of the year, but they're especially vulnerable to a blazing sun. Products are available that clean, protect and mend vinyl roofs. They will improve the appearance and extend the life. Velour and vinyl interiors can also benefit from a thorough cleaning.

"Follow these suggestions, and you'll be sure to keep your cool during the hot months ahead," Anderson added.

Randy Boyd Of Knox City Dies Saturday

Randolph Thomas (Randy) Boyd, 69, of Knox City, passed away at 9 p.m. Saturday at Haskell Memorial Hospital following a period of illness.

A retired railroad employee, he was born on July 11, 1914, in Knickerbocker and married Evelyn Sturges on August 31, 1940, in San Angelo. He served in the U.S. Navy during World War II, and was a retired track supervisor for the Sante Fe Railroad. He was a member of the Church of Christ in Knox City.

Funeral services were held from the Church of Christ in Knox City at 3 p.m. Monday with Bill Oden, Eddie Pitchford and Owen Akin officiating. Burial was in Knox City Cemetery under direction of Smith Funeral Home.

Serving as pallbearers were Vick Thomas, Alfred Elston, Steve Pepper, Pete Edge, Ray Goodrich and Royce Ferrell. Honorary pallbearers were Morris Denton, Orville Manning and Joe Averitt. Surviving him are his wife; a son, Shelton Boyd of Knox City; a daughter, Randy Kevil of Rankin; a brother, Floyd Boyd of Slaton, a sister, Ethel McClereery of Odessa; and five grandchildren.

Lora D. Hall Of Benjamin Dies Saturday

Mrs. Lora D. Hall, 93, well known and beloved Benjamin resident, passed away at 1:49 a.m. Saturday, July 30, at the Seymour hospital, following a period of illness.

She was born on March 28, 1890, and was married to Mr. Hall on November 26, 1906. The couple were long-time residents of the Benjamin area. He preceded her in death on April 16, 1963.

She was a member of the Jehovah's Witness.

Funeral services were held at 10 a.m. Monday from the First Baptist Church in Benjamin with Robert Hosington of Jehovah's Witness Hall in Haskell, officiating. Burial was in Benjamin Cemetery under direction of Smith Funeral Home of Knox City.

Surviving her are two sons, Clarence William Hall of Plainview and Hester Albert Hall of Benjamin; a daughter, Letha Bell Yandell of Globe, Ariz.; a sister, Edith West of Benjamin; seven grandchildren; 16 great-grandchildren; and eight great-great-grandchildren. ****

Mr. and Mrs. Ray Herring and Kristin have just returned home from a weeks vacation to the Gulf coast and Austin. Kristin thoroughly enjoyed her first plane ride to Houston where they were met by her grandparents, Gene and Jerrie Baccus of Lake Jackson. They visited the Houston Zoo, Miller Outdoor Theatre, San Jacinto Inn, and traveled to Galveston Island to see the musical production, "Annie, Get Your Gun". Kristin enjoyed playing on the beach at Shurfside. Midweek they went to Wimberly for camping and rafting on the Blanco River. During the later part of the week they visited in the home of Mr. and Mrs. Chris Boggs, Casey and Cody, at Austin. Other relatives who joined in the fun were Mr. and Mrs. Dennis Morgan and Kent.

MRS. GARY DECKER
formerly Connie Perry

Miss Connie Perry, Gary Decker Wed In Double Ring Ceremony

The First United Methodist Church of Haskell was the setting for the marriage of Connie Anne Perry and Gary Don Decker. The Rev. J. B. Stewart of Midland, great-uncle of the bride, officiated at the double ring ceremony held Saturday, July 23, at 2

o'clock in the afternoon. Mr. and Mrs. Donald R. Perry of Haskell and Mr. and Mrs. Jerry J. Decker of Munday are parents of the couple. The bride is the granddaughter of Mrs. A. W. Weaver and Mr. and Mrs. Hoyt Perry.

The ceremony was performed before an arched brass candelabra holding thirteen everlasting white candles. An arrangement of greenery and two white love birds with apricot ribbon ties adorned the candelabra. Tall baskets of white and apricot gladiolas, sonya roses and springerei fern stood at each side of the chancel rail.

Rick Perry, cousin of the bride, and Rhonda Adams, cousin of the groom, lighted the candles.

After the guests were seated, Brian Burge sang "The Wedding Song", accompanied on the organ by Nelda Lane. After the vows were pronounced he sang "The Lord's Prayer", and when the mothers of the couple were escorted from the sanctuary after the wedding, he sang "It Seems Like I've Always Loved You".

As the bride was escorted down the aisle by her father, she paused to give her mother a long stemmed sonya rose. As the newlyweds started up the aisle after the ceremony, she presented another rose to her new mother-in-law.

The bride wore an original gown fashioned of candlelight lace and chiffon. The fitted bodice was designed with a high crown collar and a deep yoke of Venice lace. A ruffle of lace outlined the yoke and

was repeated on the long fitted sleeves. Tiny seed pearls traced the pattern of lace on the yoke and sleeves. Her princess line skirt was sprinkled with appliques and pearls and featured a deep flounce of matching lace that fell into a chapel train. A cap of lace and pearls held her fingertip veil of imported English illusion. The bridal bouquet was formed into an everlasting circle and fashioned of white roses, baby's breath and English ivy, adorned with long streamers of ivory ribbons tied in love knots.

Her wedding gown and shoes were both something new, and something borrowed was a sixpence worn in her shoe, borrowed from her aunt, Amelia Perry, who wore the sixpence in her shoe at her wedding. It was brought back from England after World War II by the bride's uncle, Ray Perry. For something blue, the bride chose to wear blue garters, one a gift from her aunt, Jeneane Perry. For the traditional something old, the bride pinned to a lace motif in the skirt of her gown a diamond gold ring belonging to her late grandfather, Arlos Weaver.

Mrs. Dorothy Miles of Lubbock was matron of honor. Mrs. Carla Brooks of Midland was bridesmatron and Miss Jennifer Davis of Haskell was bridesmaid. Mrs. Brooks and Miss Davis are cousins of the bride.

They wore identical dresses of matte jersey and chiffon in pale apricot. The fitted bodices designed with spaghetti straps were covered with chiffon jackets featuring shirred necklines and full push-up sleeves. Shirring was repeated at the waistline above the long full skirts. They carried nosegays of white daisy mums and greenery tied with long apricot ribbons.

The mother of the bride wore a matinee length coral and ivory twin print. The blouse, with mandarin neckline and long full sleeves, was edged with cream colored Italian lace, as was the neckline of the full skirt. A sash defined the waistline, and she wore a single gardenia at her neck. Mrs. Decker wore a street-length gown of pale mauve with a sheer long sleeved jacket featuring a ruffled yoke trimmed in lace and a high lace collar. She wore a shoulder corsage of white roses.

Jerry Decker served as his son's best man. Groomsmen were Kenneth Galloway of Fort Stockton and Tim Hertel of Gainesville. Rick Perry, Douglas Davis of Haskell and Dirk Perry of Houston, cousins of the bride, and David Adams of Haskell, cousin of the groom, seated guests.

The groom wore a silver grey tuxedo with matching trousers and vest. His boutonniere was a white rose with baby's breath. His attendants were dressed in silver grey jackets and grey ascot trousers and vests, with apricot carnation boutonnieres.

A reception was held following the ceremony in the fellowship hall of the church. Registering guests was Jennabeth Duncan, aunt of the bride. The round registry table was draped in white satin with an overlay of apricot eyelet embroidery. Appointments were the bride's book, an ivory and gold plume pen and a bud vase holding a single sonya rose and baby's breath with greenery and stringers of apricot satin ribbon.

The bride's table was covered with an ivory satin

cloth and two layers of French lace-adorned illusion. Corners of the cloths were pinned with corsages of sonya roses and apricot ribbon. The centerpiece was a large hurricane lamp globe centered with an ivory candle and encircled with an arrangement of sonya roses, white daisy mums, apricot gladiolas, baby's breath and greenery.

LeAnn Koslin of Austin, the bride's cousin, served the cake, which was a three-tiered confection iced in ivory and decorated with ivory roses, with a wedding ring accent between the first two tiers and topped with a miniature of the bride's bouquet in fresh flowers and tiny white doves. Mrs. Frances Blacklock of Austin, aunt of the bride, served fruit and sherbert punch from a silver bowl. Other appointments were silver and crystal.

The groom's table was covered with an apricot cloth with an eyelet ruffle and centered with a strawberry tree. Cake covered in mocha icing and decorated with chocolate curls was served by Sherrie Adams of Haskell, the groom's aunt. Jerri Ann Decker of Munday, sister of the groom, served mocha punch from a brass bowl.

A buffet table was decorated with a crystal cornucopia filled with apricot icing morning glories and apricot tapers. The table was covered with apricot linen overlaid with white lace. Mrs. Jeneane Perry of Stanton, aunt of the bride, served coffee from a sterling silver coffee service, along with a fruit basket, cream puffs and cheese balls.

Miss Jody Brooks of Midland, great-niece of the bride, handed out satin rose bags filled with birdseed.

A rehearsal dinner was hosted by the groom's parents at Mitchell's Port Hole at Haskell.

The bride chose a white peasant dress with white accessories as her traveling outfit, complemented with a sonya rose corsage. The couple will make their home in Munday, where he will be associated with the Munday school system.

The bride graduated from Amarillo High School and Texas Tech University. The groom is a graduate of Munday High School and Tarleton State University.

Pre-Nuptial Courtesies

A shower honoring the couple was held in the Community Room of the Haskell National Bank on Friday, July 8. Hostesses were Mmes. Nedra McCauley, Jo Cox, Mary Frances Lowe and Dwanna Klose of Haskell and Mmes. Margaret Hill, Frances Cypert, Alta McGuire, Dorothy Brown, Reba Nix and Melissa Josselot of Munday.

On the morning of the wedding, a brunch was given for the young couple, family members and wedding attendants at the Community Center by Mrs. Amelia Perry and Mrs. Jeneane Perry.

Mr. and Mrs. Joey Bowley and children are visiting his grandmother, Mrs. Bill Bowley. Joey is being transferred by the Air Force from Indiana to Alaska for a period of one year and his family will be living in Texarkana with her mother.

Mr. and Mrs. Dick Moore spent the weekend with his sister and husband, Rev. and Mrs. Glenn Bowman, and his niece and family, Mr. and Mrs. Robert Williams, Sherie and Christie, in Cleburne.
