Moguls Win District Opener

The Munday Moguls came out victorious in their first district game of the season. The Moguls defeated the Knox City Greyhounds 22 to 7 to improve their record on the season to 4 - 2.

The Greyhounds received the opening kick-off but didn't have the ball very long. Kole Sanders intercepted a pass at Knox City's 24 yard line. The Moguls were unable to take advantage of the turnover after falling short on fourth down.

Knox City was forced to punt and Bronco Flye was waiting. Flye received the punt at the Greyhound 49 and then raced in for the touchdown to put the Moguls on the scoreboard. The extra point was wide, leaving the score at 6 to 0.

The Greyhounds took over at their 32 yard line after the kick-off. They then proceeded to move the ball down field to the Mogul 36. QB David Dudensing hit for a 29 yard pass gain to the 7 yard line. On second down Dudensing took the ball in from 4 yards out. Duane Toliver kicked the PAT to put the Greyhounds on top 7 to 6. The score remained there until the end of the first quarter.

Munday took over at the 50 yard line after trading a punt with Knox City. The Moguls moved the ball down to the 8 yard line. With a fourth down and three situation, Coach Jim Edwards sent in the kicking team to try for 3 points. Ky Edwards stepped up and kicked through the uprights to put Munday on top 9 to 7.

On the kick-off Lance Dever returned the ball across the 50 to the Mogul 46. Knox City moved the ball to the 32 and were left with fourth and long. Bronco Flye knocked down a pass to give Munday the ball at the 32.

Aaron Kiser took the ball on first down 21 yards to the Greyhound 47. A personal foul called against Knox City pushed the ball to the 32. After 2 plays and a ten yard penalty, Bronco Flye gained 23 yards to the 17. Dustin Kiser and Bronco took turns moving the ball to the 4 yard line and Aaron

Sausage Dinner Draws Record Crowd Sunday

It was the largest crowd ever to attend the annual Knights of Columbus Sausage Dinner held Sunday, October 10, in Rhineland.

Approximately 850 enjoying a meal of sausage and fried chicken with all the trimmings, and the Mothers Society Bazaar.

A high point of the afternoon was the announcement of the quilt winner, which was Leonard Edrington, son of Mr. and Mrs. H.L. Edrington of Rhineland.

It was a nice day for all who attended.

Don't throw those good Christmas decorations out! Munday's new "Santa House" needs them!!!

Do you have a yard Santa or a plastic toy soldier stored somewhere? Haven't used them in years but hate to throw them out because they're still good?

Munday's Christmas committee is planning on designing a "Santa House" for this Christmas season and needs those decorations. What is requested is *any* good, usable

Kiser went from there. Kiser scored from 3 yards out with 2:18 left in the game. Ky Edwards kicked the extra point. The Moguls increased their lead 16 to 7. No more scores came in the first half.

Munday had the ball for more than 9:00 minutes during the third

Locally Produced Television Program To Be Aired On Access Channel

Starting next Sunday afternoon, Munday residents will start receiving a locally-produced program through their Harmon cable T. V. system.

The program called "Community Worship Service" will air each Sunday afternoon at 2:00 p.m. Teaching the lesson each Sunday will be Dr. Larry Fitzgerald, minister of the Church of Christ. Each lesson will be recorded from the Munday congregation's Sunday morning sermon.

"This will not be a slick, professionally-produced program," states Fitzgerald, "this is a hometown produced lesson." "No one

Immunization Clinic Monday In Knox City

The Texas Department of Health will hold an immunization clinic from 10 a.m. to 3 p.m. at the Knox City Community Center, 212 South 3rd, on Monday, October 18. The clinic will remain open through lunch.

Adult TDs (tetanus-diphtheria) will also be given. A parent or guardian must accompany minor children.

For more information call (817) 864-2609.

SCS Office Accepting Orders For Windbreak Seedlings Once Again

Several folks have been inquiring about the trees for the upcoming season. This is your notice that now is the time to order your windbreak seedlings for homes, farmsteads, feedlots, screen planting, etc.

The species are well adapted to this area and people have been successful at beginning and establishing windbreaks as well as beautification. There is one new species available this year, the Chinkapin oak. The native plum is available this year as a single tree, and the Forest service advised this may be the last time it will be offered. It use to be one of the species in the wildlife packs before, but now you can purchase it individually.

Stop by the SCS office in Knox City weekday mornings from 7 to 12, or call 658-3526 to place an order or get more information.

decorations that you wouldn't mind donating. Items that aren't used this year will probably be used in future Christmases

Please bring your decorations by the Chamber of Commerce office on 121 East B Street or call Larry Fitzgerald at 422-5257 for pick up.

quarter. The Moguls scored after a long drive from their own 31 yard line. The drive took 14 plays with 2 penalties against the Moguls for 15 yards. Munday made 5 first downs with Aaron Kiser making the last one for a touchdown from 11 yards out. Ky Edwards kicked the PAT to make the score Munday 22, Knox City 7.

Marc McWhorter helped get the ball back for the Moguls very quickly. McWhorter caused the Greyhound returner to fumble the football and Chris Torres was there to recover the ball at the Knox City 46 yard line.

The third quarter ended after a few plays for the Moguls. Munday was able to move the ball to the 23 yard line but a stubborn Greyhound defense wouldn't allow any more.

Later in the fourth quarter Knox City had moved the ball from their own 6 yard line out to their 41. Aaron Kiser spoiled the drive when he intercepted a pass at the 48. Time soon ran out and the Moguls gained their first district win of the season.

Fitzgerald states that there are future plans for other locally-produced T.V. programs such as replaying sports events or community activities such as "Christmas in the Park". Volunteer help and equipment will be needed if that is to be done, Fitzgerald said.

Shutins and home-bound persons will now be able to participate in a local worship service.

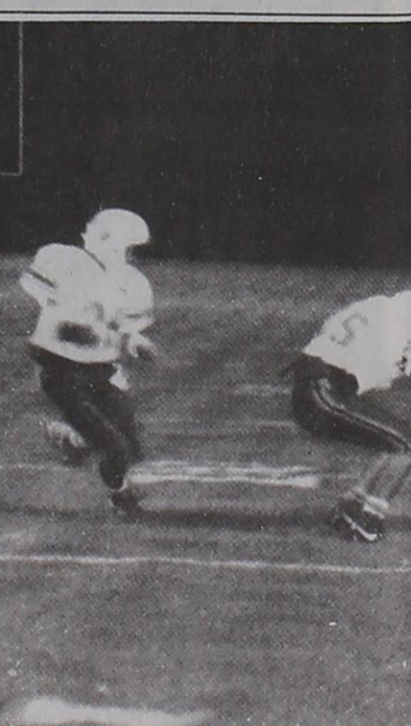

If you have any questions about the new programming, contact Fitzgerald at 422-4691. If you have problems with your cable equipment call the cable office.

Cross Country Team Runs At Archer City

The Munday High School and Junior High Cross Country team members ran at the Archer City meet this past Saturday.

In the varsity girls division Kandis Longan improved her time by :18 seconds running a 13:08 for a fourth place finish. Kizzie Shields knocked off almost a minute and a half by running a 14:25 to place thirty-third.

Junior High members running at the meet were Ambra Welch placing tenth with a time of 7:10. Angie Stone took two minutes and fifty-eight seconds off of her time at the last meet. She ran a 10:11 for ninety-sixth place.

#31 DUSTIN KISER IS SURROUNDED by Greyhounds after making yardage inside Knox City's ten yard line. This run helped set up a touchdown by Aaron Kiser a few plays later. Dustin was named offensive player of the week by the Munday coaching staff for the Knox City game. The Moguls play the Paducah Dragons this Friday.

day 22, Knox City 7. Marc McWhorter helped get the ball back for the Moguls very quickly. McWhorter caused the Greyhound returner to fumble the football and Chris Torres was there to recover the ball at the Knox City 46 yard line.

The third quarter ended after a few plays for the Moguls. Munday was able to move the ball to the 23 yard line but a stubborn Greyhound defense wouldn't allow any more.

Later in the fourth quarter Knox City had moved the ball from their own 6 yard line out to their 41. Aaron Kiser spoiled the drive when he intercepted a pass at the 48. Time soon ran out and the Moguls gained their first district win of the season.

Moguls Travel To Paducah This Friday

The Munday Moguls will travel to Paducah this Friday night to take on the Dragons. Game time will be at 7:30 p.m. This will be the second district game of the season for both teams.

The Munday Junior High Braves will be hosting the Junior High Dragons of Paducah this Thursday at 6:00 p.m.

Cow/Calf/Stocker Health Seminar Set For October 20th

Hi-Pro Animal Health of Abilene and Franklin Laboratories invite you to a free seminar Wednesday, October 20, at the Abilene Auction.

Tom Overbay, D.V.M. will discuss bovine herd health from pre-breeding through the stocker phase.

A complimentary meal will begin at 7 p.m. with the seminar to follow.

Please notify Hi-Pro Animal Health at (915) 673-4692 or 1-800-456-6663 by noon Monday, October 18, if you plan to attend.

TWIRLING TO THE MUSIC of the Munday Purple Cloud Band are Cathy Nelson, daughter of John Lee and Pam Nelson, and Mandi Moore, daughter of Ray and Diana Moore. They entertain the crowd at all pep rallies and football games, and do a great job.

Early Voting Starts October 13 For November 2nd Election

On Tuesday, November 2, registered voters will be deciding the fate of sixteen proposed constitutional amendments. You may cast your vote early at the County Clerk's Office in the courthouse at Benjamin starting Wednesday, October 13, during regular office hours. The last day for early voting is October 29. It would be very helpful to bring your voter's registration card with you.

If you are over 65 or under a doctor's care and cannot appear in person to vote, you may request a ballot by mail, but you must do so before October 29. If you are out of town, you may also request a ballot by mail before October 29, but your letter must be postmarked from out of the county. Remember, if you receive your ballot by

Check For Your Name On The Concession Stand Workers List

The following people are scheduled to work in the concession stand Thursday evening, October 14, at the junior high game against Paducah.

Those listed to work are Debbie Pankhurst, Barbara Jordan, Janice Dutton, Debbie Rueffer, JoAnn Maston, Sue Ann Hise and Karen Longan.

If you cannot work at this time, it is your responsibility to make arrangements to trade with someone else. If you have a question, contact Annette Welch, 422-4828.

Kiser Wins Angus Show At State Fair

The State Fair is well underway at Dallas. The junior steer, lamb and barrow shows were held September 29 - October 3. The results are in, and Munday, Texas has something to be proud of.

Aaron Kiser, son of Danny and Ann Kiser of Munday, exhibited the grand champion angus steer at the 1993 State Fair of Texas. Aaron's steer weighed in at 1178 and was placed in the light weight class.

According to steer judge Nevil Speer of Paonia, Colorado, Aaron's steer was by far the best calf in the light weight class. Judge Speer's decision was somewhat more difficult when Aaron returned to the ring to show against the first place steer from the heavy weight class.

When the dust settled and all was said and done, Aaron was leading his Grand Champion angus steer back to his stall in the barn! Congratulations Aaron on a job well done!

Weather Holds Up For Community Harvest Fest '93

Harvest Fest '93 was deemed a big success last Saturday at the First United Methodist Church in Munday. The weather was nice for the 300 people who came for the delicious meal of brisket, beans and all the trimmings.

The auction also drew a good crowd. One unusual item donated by Mrs. B. B. Bowden was a quilt over 100 years old, which was made her mother-in-law, the late Florence Bowden.

Cindy Josselet was the winner of the quilt made by the ladies of the church.

The community support was appreciated.

Haskell-Knox Baptist Association To Meet Monday In O'Brien

The 88th Annual Meeting of the Haskell-Knox Baptist Association will be Monday, October 18, at First Baptist Church in O'Brien. The afternoon session will begin at 4 p.m. followed by a fellowship meal at 6:00, and worship services will begin at 7 p.m. Stewart Farrell, pastor of First Baptist Church in Rule, will moderate the meeting, with Alton Sanders, music minister at Weinert Baptist Church, leading the congregational singing. Truett Kuentler, pastor of First Baptist Church in Rochester, will preach the sermon. The denominational speaker will be E.B. Brooks, who is currently director of the Church Extension Department of the Baptist General Convention of Texas. Everyone is invited and encouraged to attend.

Benjamin News

By Mrs Gladene Green

ABOUT OUR ILL

Togo Moorhouse was released from the hospital and is recuperating at home. As is his son, Tom, who was in the hospital at the same time. They are on the mend and hopefully won't have anymore problems.

Pat Barton is still staying at Knox City but is on her way to a full recovery. She comes over frequently to check out things at home.

Shirley and Stanton Brown were in Lubbock on Thursday for her to see an oncologist. She started a new series of five chemo treatments on Monday. She is feeling pretty well most days.

Gary Hamilton underwent surgery on his hand on Wednesday. It's doing okay.

News from San Antonio is that Grace Snailum is not doing too well.

Our sincere prayers, as always, are extended to all these friends in their time of need.

FORMER RESIDENT DIES

Word was received of the death of former Benjamin resident, David Kyle. David and his wife, Mary, have resided in Pueblo, CO, for several years. Sympathy is extended to Mary and family during this time of sorrow.

FIRST BAPTIST REVIVAL

The revival at First Baptist Church is over, but it was a good week. The inspirational services were enjoyed by many.

HERE AND THERE

Eunice Friday, accompanied by her daughters, Jimmie Ryder of Benjamin and Lynn Fancher of Vernon, attended the homecoming and reunion at Green Valley School in Denton County last weekend. Though there were not many there that "Friday" remembered, she really enjoyed going back.

JoAnn Hamilton is spending a few days with her family in Rolla,

Missouri. She went at this time to be with a brother who is seriously ill in a Salem, Missouri hospital.

Weekend guests of their parents, S. L. Milson and Bo Milson, have been Kelly Slade, Sam, Ben and Will, of Austin, Shane Milson of Alice and Kathy Woolley and family of Spur.

Wymon and Sara Meinzer have been in Abilene to be with her mom, Julee Thomas of Buffalo Gap, who is hospitalized. Report on Sunday night is that she is improving.

Barbara Cox of New Braunfels was a weekend guest of her mom, Gertrude Brannan, and her brother, Bobby.

Maretha Patterson received word this week that her great-nephew, Bart Bivens is seriously ill in a Midland hospital. He underwent surgery and will begin either chemo or radiation treatments when his condition is favorable. Bart is the 28 year old son of Carson and Peggy Bivens of Tatum, NM, and the grandson of Leon Bivens and the late Olga Bivens. We urge everyone to remember this young man and his family in your prayers.

Jessie and Kenneth Roberts were in Wichita Falls on Saturday to visit her sisters, Bea Parks and Lucy Ming.

Jonnie Williams learned Sunday night that her aunt, Effie Jackson of Pueblo, CO, had suffered a massive stroke. Mrs. Jackson, who is 94 years of age, is the widow of Jess Jackson. They were Benjamin residents for many years and she is well known. She is also the aunt of Clodell Duke.

JUNIOR HIGH FOOTBALL

The Benjamin Colts played Jayton on September 30. Jayton won by a score of 38-8. This was the Colts first defeat of the season. Leading rushers were Jonathan Sanchez, Billy Clark and Wade Pierce. The touchdown came on a

pass play from Wade Pierce to Jay Whitten that covered 32 yards. Billy Clark kicked for 2 points.

Last week the Colts traveled to Rochester for a very exciting game. The Rochester squad scored first and took a 7-0 lead. The Colts came back, after several pass completions, with a 23 yard touchdown pass from Wade Pierce to Jay Whitten. The PAT failed. Rochester scored on their next two possessions to make the score 19-6.

The Colts came back with two touchdowns before the half. Jonathan Sanchez scored both on long runs. Half-time score was Rochester 19, Benjamin 18.

Rochester came out in the second half and scored on a pass play that made the score 25-19. Benjamin then took the lead on another touchdown run by Jonathan Sanchez and the extra point kick was good.

The Colt defense forced a Rochester fumble which was recovered by Tyler Carroll. Another touchdown run by Jonathan Sanchez made the final score Benjamin 32, Rochester 25.

Leading rushers for the Colts were Jonathan Sanchez with 186 yards, and Billy Clark with 78 yards. Leading receivers were Jay Whitten with 5 receptions for 86 yards, and Tyler Carroll had one reception for 12 yards. Season record for the Colts is 3-1-1.

KIDS GO TO FAIR

Friday, Benjamin High School students got a break from classes and all went to the State Fair in Dallas. Accompanied by sponsors, Kim Smith, Lewis Lee Baty and Vicki Clower, the group left Benjamin at 6:30 a.m. and returned around midnight. All had a good time!

TOM HAMILTON at 431 West Bowie received "Yard of the Week" honors this week. Judges were attracted by the small neatly mown yard with the beautiful blooming periwinkles along the sidewalk.

~ THANK YOU ~

I would like to express my sincere thanks to my children, family and friends for the love and concern shown me before my surgery and since my return home. The prayers, phone calls, flowers, cards, visits and food were greatly appreciated. I will always cherish your thoughtfulness. May God richly bless each of you.

Love, Pearl Yates

Fire Prevention Month Focuses On Educating Youth And Adults

Recognizing continued progress toward reducing fires in Texas, Governor Ann Richards calls on Texas children, parents and teachers to join fire departments in stopping fires caused by human actions in her proclamation naming October as Fire Prevention Month.

"In the past three years, the number of fires reported in Texas and the number of Texans killed in fires has decreased," Richards said in the proclamation. "Yet, the need for fire prevention is as strong as ever because most fires are still caused by human actions."

The Texas Commission on Fire Protection recently reported that the number of fires reported in 1992 totaled 89,616. That is just 1 percent more than the 88,468 fires reported in 1991, a difference that is not considered statistically significant. Both years are a significant decrease from the high of almost 103,000 fires reported in 1988.

Mike Hines, executive director of the Commission on Fire Protection, said that teaching fire pre-

vention effectively is a challenge to fire departments and teachers. To assist them, the commission recently published "Fire Safety For Texans," a series of curriculum guides designed for teaching fire prevention to kindergartners through high school students.

"The specific needs and skills of each grade level are addressed in the curriculum guide," said Anne Easterling, program administrator for the commission's fire prevention education program. "Because fire prevention education in school is the foundation of what we Texans know about fire safety, the agency put a priority on providing comprehensive, effective teaching materials to teachers and fire departments."

Educating adults on effective fire prevention is still a challenge, Hines said. Statistics from the Texas Fire Incident Reporting System show that most fires are caused by human actions. The three leading causes of fire are arson or suspected arson, careless cooking, and heating equipment.

Everyone is encouraged to follow these four simple rules:

1. Make arson unacceptable in your community. Never start a malicious fire. Report any information you know about arson fires. Support your local fire department's efforts to reduce arson.

2. Read and follow the directions for everything you use in the home and at work. Most products and appliances are labeled with safety information. Reread the directions occasionally to remind yourself how to use the item safely. Be especially careful with flammable and combustible liquids, electrical appliances and tools, and solid and liquid-fueled

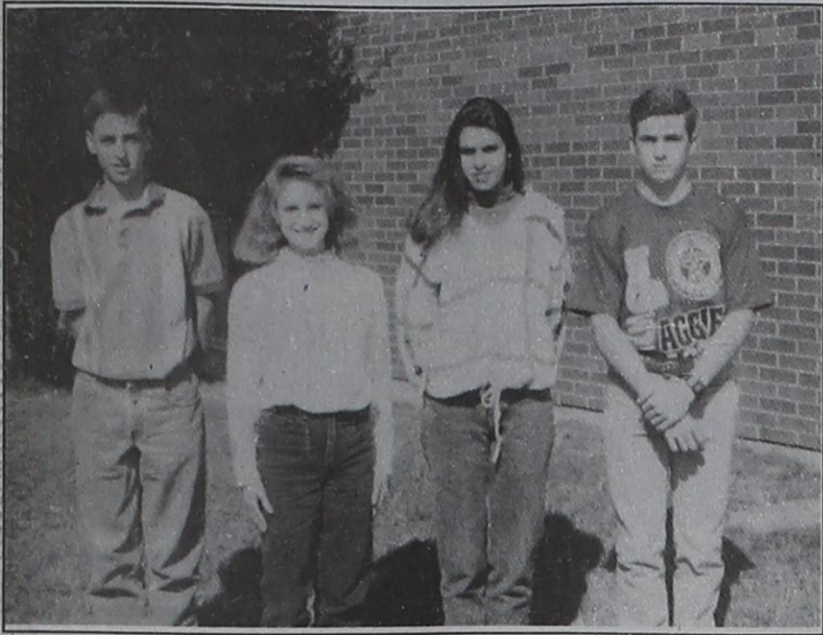

appliances.

3. Take care of those who can't care for themselves. Don't make assumptions about what your child or grandparents know about fire safety. Teach them safe practices with fire and burn hazards. Help senior citizens learn how to use appliances safely. Never leave children unattended, for most fire deaths in young children occur when the children have been left alone.

4. Be prepared for fires. Have a working smoke alarm. Test the alarm monthly, and replace the batteries yearly. Have a fire exit

plan, and practice getting out at least once a year. Look for fire exit signs in every building you enter, such as office buildings, stores, and movie theaters.

Additional information on fire safety is available from the local fire department or the Texas Commission on Fire Protection, Fire Prevention Information, P.O. Box 2286, Austin, Texas 78768-2286.

THE JUNIOR CLASS OFFICERS were recently elected for the 1993-94 school year. They are Kevin Myers - Treasurer, Terri Pankhurst - Secretary-Reporter, Gina Vaughn - Vice-President, and Doug Edrington - President. Class favorites were also chosen and they are Terri Pankhurst and Bronco Flye.

Truscott-Gilliland News

By Mrs. Clara Brown

Forty-three attended the Gilliland supper Saturday night at the community center. The community welcomed newcomers including Tim and Barbara Home and sons, Justin and Clinton; Bud and Ora Mae Massingill; and the new Gilliland Baptist Church minister and his family, Bro. Tom and Gloria Goulet and Rickey.

Curtis Casey visited Margaret Todd at Coronado Care Home in Abilene last Friday. He reported she is looking good and is in good spirits. She said to tell all her Truscott friends hello.

While in Abilene, Curtis also visited his sister, Frances Carroll, and had lunch with her.

Sunday, October 3, Owen and Irene New enjoyed an all day picnic at Copper Breaks State Park with two of their grandchildren

and their families, all of Haskell.

The grandmas met last Thursday to plan the October 10 Grandma's Sunday Dinner. Barbecue beef, enchiladas, lasagna and other casseroles will be on the menu.

Jack and Eloise Horne were honored Sunday, October 4, with an anniversary party hosted by their children and their families at the home of Charlotte and Dennis Welch in Gilliland.

Jack Horne and Eloise Davis were married September 28, 1948, in Seymour.

Hosting the party were their children and families, Charlotte and Dennis Welch, Julie and Adam of Gilliland; Tim and Barbara Horn, Justin and Clinton of Gilliland; and Elaine Horne of Vernon.

MHS Academic Challenge Team Faces Snyder

The Academic Challenge team from Munday High School will travel to Abilene this Wednesday, October 13 to participate in the KTXS Academic Challenge Competition. This is the fourth year Munday High School has been represented in a competition that draws most of the schools in the Big Country.

This year's team consists of team captain, Andrea Longan, a four year team member, Heather King a three year member, Kerri Smith and Zane Donoho, both two year members, and Marc McWhorter and Kandis Longan alternates participating for the first time.

This competition pits two-four member teams, regardless of school classification, against each other. They participate in a live 30 minute program where questions can cover any subject. The MHS students prepare for the competition by participating in a competition-style contest before school three days a week and by studying all school subjects.

Munday High School has been well represented in the past three years, never losing a first round contest. They will meet this Wednesday at 6:30 to go against Snyder and the program will be broadcasted Sunday, October 24, at 5:30 on channel 12.

The first balloon flight in America occurred in 1793 when Jean Pierre Blanchard flew from Philadelphia, PA to Woodbury, NJ.

DUREX

The time has come.

Don't look at your watch. Don't look at your calendar. Instead, check your vehicle's owners manual.

Antifreeze/coolant should be changed every 24 months or 24,000 miles. When was YOUR antifreeze last changed?

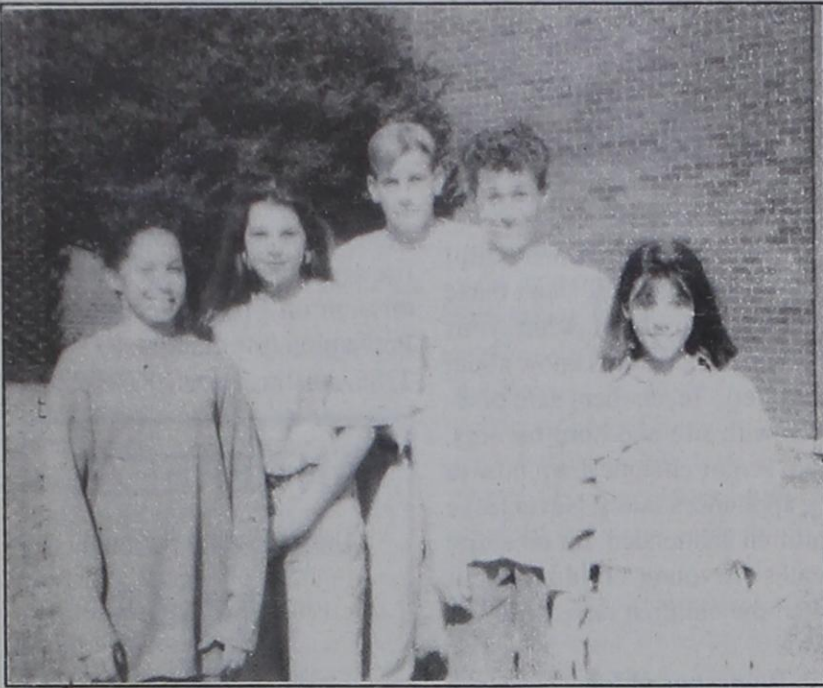

Most antifreeze maintains its freezing and boilover protection for longer than 24 months. But most antifreeze brands begin losing their rust-inhibitor protection after a couple of years. And when rust protection is gone, your radiator and engine block start rusting overtime - internally, where you can't see it happening.

So check your radiator level. If your fluid is a nasty rust orange color, your rust protection is gone and your antifreeze needs to be changed right away. We hope you'll choose DUREX antifreeze with rust-inhibitor protection.

Only **\$2.99** PER GALLON

Munday Pastor To Attend Baptist General Convention

The annual Baptist General Convention of Texas will be held in the Dallas Convention Center October 25-26. Randy White, pastor of the First Baptist Church in Munday, will be among approximately 8,000 Texas Baptists from churches throughout Texas attending this meeting.

Using the theme, "The Family of God Touching Families," the messengers (delegates) will conduct business involving the convention's institutions and state missions ministries beginning Monday afternoon. New officers will be elected, including a successor to Dick Maples, pastor of First Baptist Church of Bryan, who will deliver the annual presidential address Monday evening.

Also, the messengers will consider a \$63.5 million Cooperative Program budget and resolutions on key moral and social issues and will elect about 300 trustees and board members for convention institutions and agencies.

D. L. Lowrie, pastor of First Baptist Church in Lubbock, will deliver the annual convention sermon on "The Changing Family." Other speakers include BGCT Executive Director William M. Pinson Jr.; Russell Dilday, president of Southwestern Baptist Theological Seminary, Fort Worth; and Jerry Rankin, president of the Southern Baptist Foreign Mission Board.

Women's Missionary Union and Texas Baptist Men will meet Tuesday afternoon, October 26, in the Convention Center.

By Virginia Williams

Mr. and Mrs. Woody Strickland and Diana Good of Abilene visited with Eunice Strickland over the weekend.

Tom and Ida Oustad and Ernestine Dickerson called bingo on Tuesday afternoon. Eunice Strickland won the blackout game. Thanks to these faithful volunteers that come each month.

Geri Hardin of Wichita visited her parents, Homer and Gladys Lambeth.

Oleta Lee of Fort Worth visited her brother-in-law, Harvey Lee Cecil and Maxine Welch of Anson visited with T. J. Partridge.

The residents always enjoy hearing tapes of the First Baptist Church services. We listen to these each Saturday morning. We enjoy hearing Brother Randy's sermons and want to thank him for supplying us with these tapes.

Eddie Sanders and J. O. Crawford of Weinert visited with Mable Derr and Susie and George Brockett.

Mr. and Mrs. Bud Slaggle from Red Springs visited her aunt and uncle, Nita and Herby Peck.

Brother Randy White held Bible Study for the residents Monday afternoon. Steve Smith led the singing. We enjoy them coming each week for this Bible Study.

Red West came to the nursing center to visit his wife, Ruby West and his sister, Linnie West and other friends.

The residents had mind stretchers on Wednesday afternoon. We always enjoy this activity.

Geneva Pennartz and Annie Smajstrala from St. Joseph's in Rhineland called bingo for the residents on Thursday afternoon. Audrey Gulley won the blackout game.

Lindo Guess and Rebus Guess brought their friends, Charles Owens, Jess Lenard, Leon New-

ton and Sherri Adams to lead in gospel music. Lindo and Rebus are brothers to Mabel Derr. Also attending were Mabel's sister and her husband, LaVera and Bud Hummel from Illinois. Otie Bell Mayfield, Rita Hughes and LaVerne Mayfield also sisters of Mabel's were in attendance.

The residents and staff enjoyed the good singing and piano playing. Many feet were tapping. We hope to have this group come back monthly.

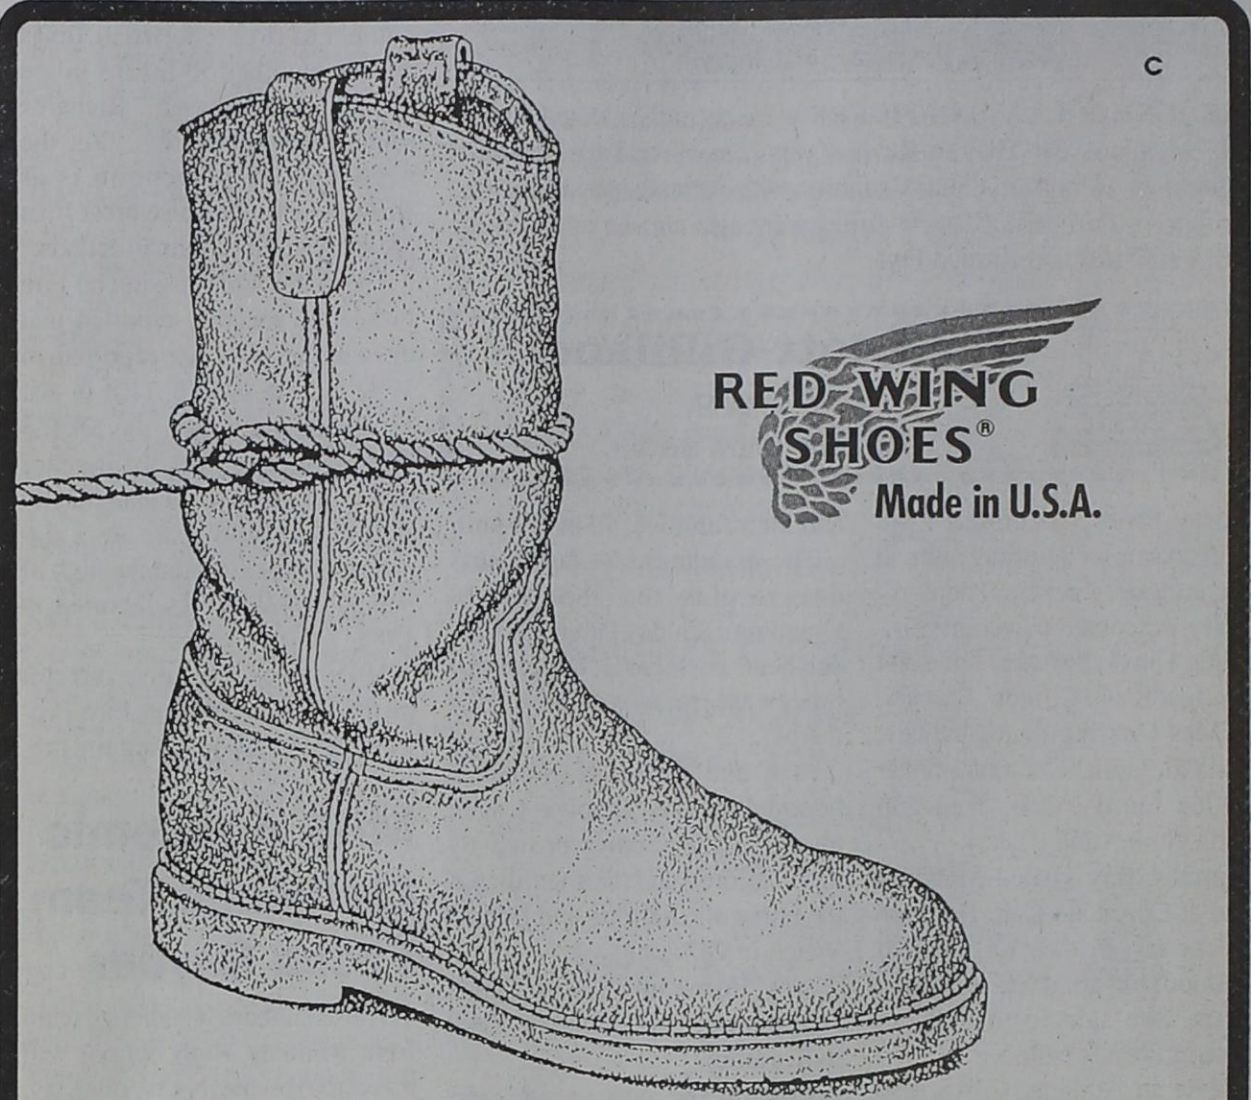

The resident council of the nursing center met and made plans for the month of October. We are already making Christmas items in our crafts class to sell. Our Halloween party will be October 29. We hope we will have trick or treaters again this year because we will have goodies on hand.

Virginia Williams attended the

Spur Homecoming. She graduated in 1928 with 88 classmates. There are only 8 classmembers living and all 8 members were at the homecoming. It was the largest class that ever graduated in Spur. Virginia had a very good time at the Homecoming.

The Methodist Church had the church services this Sunday. We thank this group for coming to worship with us.

Mr. and Mrs. Bonner Baker from Grand Junction, Colorado visited his sister, Ruth Baker.

Senior Citizens Meet At Community Center

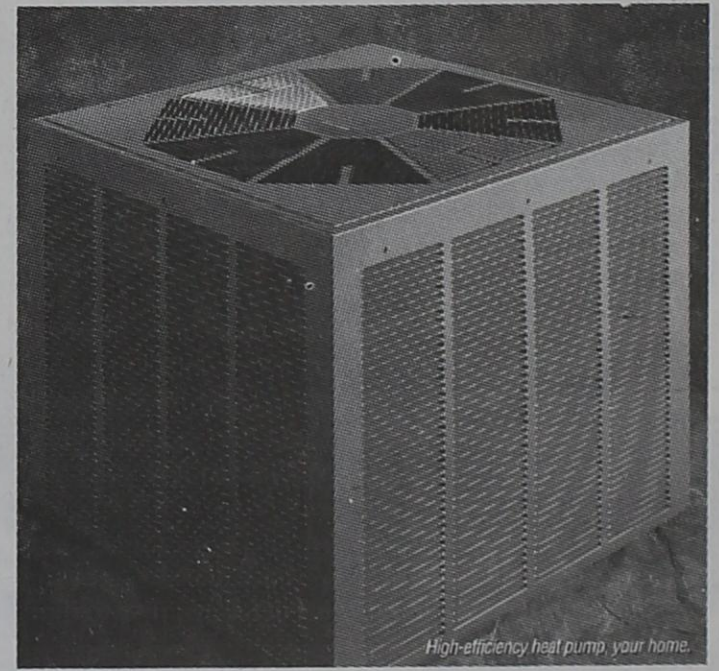

The Munday Senior Citizens group met Thursday, October 7, in the Perry Patton Community Center. Eleven members were present.

The next meeting will be held November 4. All senior citizens and guests are welcome to attend.

HAVE A NICE DAY!

This device helps the environment by using solar energy.

So does this one.

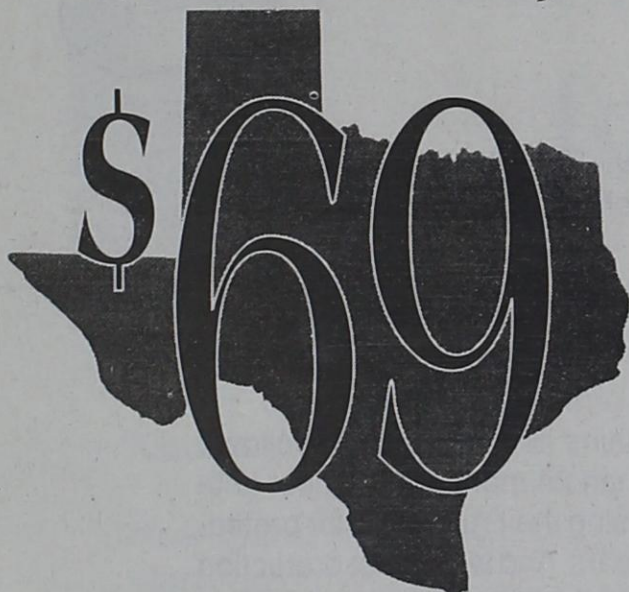

In cool weather, a high-efficiency heat pump heats your home with natural heat created by the sun. In the summer, it works just like a high-efficiency air conditioner. Sound brilliant? It is. You get more comfort for less energy. So you save money year-round. And you help the environment, too. Find out more about how an energy-saving heat pump can work for you. Call WTU today.

MUNDAY FHA MEMBERS Tara Alexander and Robin Bowen were in charge of a secret pals project which involved members of the local chapter. The secret pals were revealed October 8 at a special luncheon in the home economics department.

Local FHA Chapter Strives To Be Better In 1993-94

The Future Homemakers of America chapter at Munday High School have accepted the challenge to be better in 1993-94. The officers and members are working together to see that the region, state and national programs are carried out in the local chapter.

For the past two weeks, Danette Owens, Region II Officer, and members of the local chapter have been holding leadership workshops for area FHA/HERO Chapters. The workshops were held in Knox City and Seymour High Schools. The total participation in these two workshops was 206 students and 14 advisors.

This is just one of the ways local officers and members can help train others in the program of work in the Future Homemakers of America.

Robin Bowen and Tara Alexander started a secret pals project with members of the local chapter. They now have over 30 FHA members participating in the positive self esteem building

project. On Friday, October 8, the members and their secret friends were guests at a baked potato luncheon in the home economics department. The secret pals were revealed at this time.

Michelle Wilde accepted the challenge to make being an FHA member fun. Last Friday she asked all members to bring home baked cookies to exchange. This was the first time the Munday members had a "Cookie Swap." Michelle reports that the day was a great success and she plans to have a second cookie exchange day before the year is completed.

During the 1993-94 school year all the officers will be working on one or more projects. The National Projects selected during the 1993 National Meeting were: Financial Fitness, Leaders at Work, Community Service, Power of One, Star Events, Student Body, Self-Improvement, Family communication and Healthy Lifestyle.

At Your Service

Dr. Larry Fitzgerald
Minister, Church of Christ

Q: Why does the Church of Christ teach that baptism is required for salvation?

A: Baptism, that special act found in the New Testament, has come under a lot of attack and misrepresentation throughout the centuries. Baptism requires very little time and is, perhaps, the easiest thing to do in God's plan.

However, Jesus felt baptism was important enough that he started his ministry by being baptized "to

fulfill all righteousness" (Matthew 3:15).

The purpose of baptism is being the final act in obtaining God's forgiveness of our sins against Him. That's why Peter told the first people to become Christians to repent and be baptized for the purpose of having their sins forgiven (Acts 2:38). Later, Peter compared baptism to God's washing the world clean of evil during Noah's flood. Peter wrote that baptism corresponded to this flood in that through baptism we appeal to God for a clear conscience (1 Peter 3:20-21).

Baptism is not a "work of the law." Works of the law can not justify. Only God's grace justifies (Ephesians 2:8-9). But baptism is one of the steps that God has commanded by which we accept His grace and favor. Therefore baptism "washes away your sins" (Acts 22:16) and gives you a new life in Christ (Romans 6:1-5).

How dare someone say that baptism isn't necessary to your salvation. Why is baptism required? God said so!

P. S. James tells us that faith must be coupled with works of the royal law (James 2:14-26).

If you have a question for Larry, write him c/o Box 211, Munday, Texas 76371.

Munday School Lunchroom Menu

Thursday - Fish, French Fries, Cole Slaw, Cronbread, Brownies, Milk

Friday - Hamburger, Bun, Trimings, Potatoes, Fruit, Milk

The first singing telegram was delivered by the Postal Telegraph company in New York in 1933.

October Is National Breast Cancer Awareness Month

In 1992, an estimated 180,000 women were diagnosed with breast cancer and approximately 46,000 died of it. The American Cancer Society estimates one in nine women will develop breast cancer in her lifetime. It is the second major cause of death for women.

It is more likely to happen to women over age 50, who have other family members with breast cancer, who never had children or who were over 30 when they had their first child.

Nearly nine out of ten women could survive it if they would perform routine breast exams. Women age 20-40 should have a

doctor examine their breasts every three years and have their first mammogram by age 40. Women over 40 should have a doctor's exam and a mammogram every year. If a lump is found or any other changes occur, you should see your doctor.

For literature or programs for organizations on breast cancer, call Eileen Rolo at (817) 658-3771 or Donna Daniel, 658-3766.

Boston Latin School, the first public school in what is now the United States, was founded in Massachusetts in 1635.

HAVE A NICE DAY!

LOOK AT THE NUMBER ON YOUR STICKER!

If your safety sticker has the number

"10"

on it, you'll need a new one before the month is over.

Let us safety inspect your vehicles and install stickers before the time runs out.

PUBLIC NOTICE

AN ORDINANCE
An ordinance of the City of Goree, Texas requiring that there be absolutely no loitering inside the legal city limits of the city of Goree, Texas and there will be posting of such ordinance inside the legal city limits.

SECTION 1 - Any person who willfully refuses to comply with the terms of this ordinance shall be deemed guilty of a misdemeanor and shall be subject to a fine of not less than twenty-five dollars (\$25.00) and upon conviction shall be fined in any sum not exceeding two hundred dollars (\$200.00), and each and every violation constitutes a separate and distinct offense.

SECTION 2 - It is deemed imperative and a public necessity that this ordinance be passed, made and entered as herein ordained by the majority vote of the City Council of the city of Goree, Texas at a regular meeting on this the 5th day of October, 1993, and shall take effect immediately upon its passage and publication.

Jimmy Harlan, Mayor 20-1tc

PUBLIC NOTICE

AN ORDINANCE

An ordinance of the City of Goree, Texas requiring owners of any animals to keep said animals at least ten (10) feet away from any public utility service meter and that said animals cannot in any way hinder or be a hazard to the safety of any person while reading these public utility meters.

SECTION 1 - Any person who willfully refuses to or fails to comply with the terms of this ordinance, or any person who allows the said animal to be a hindrance or a danger to any public utility employee in the duty of fulfilling his job requirements, shall under the terms of this ordinance be deemed guilty of a misdemeanor and shall be subject to a fine of not less than twenty-five dollars (\$25.00) and upon conviction shall be fined in any sum not exceeding two hundred dollars (\$200.00), and each and every day's violation shall constitute a separate and distinct offense.

SECTION 2 - That all other ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

SECTION 3 - It is deemed imperative and public necessity that this ordinance be passed, made and entered as herein ordained by the majority vote of the City Council of the City of Goree, Texas, at a regular meeting on this the 5th day of October, 1993, and shall take effect immediately upon its passage and publication.

Jimmy Harlan, Mayor 2-1tc

Parenting Enhancement Program Is Planned

Haskitt and Associates Counseling Services announces that Sarah Meinzer LMSW, LCDC will be offering a "Parenting Enhancement" program for adult children of alcoholics and other troubled family systems. The course will be offered free of charge on six Thursday evenings from 6 to 8 p.m. beginning October 14 in the fellowship hall of the Santa Rosa Catholic Church in Knox City.

Many parents do not feel they know enough about "typical" or "normal" teenage and child behavior. This course is designed to help parents become more effective and confident parents and to work toward realistic goals for themselves and their children.

Participants will learn about a range of "normal" behavior and will explore their own strengths and concerns as parents. Parents will be taught skills for helping the children develop self-esteem for fostering family communication and for establishing effective discipline.

The group will be limited to 20. Information and registration may be obtained by calling Sarah Meinzer, 454-3311 after 7 p.m. ***

The first duty of friendship is to leave your friend his illusions.

Two Knox County Residents Injured In Car Accident

An early morning traffic accident on Hwy. 277 just inside the city of Munday sent two Knox County residents to the hospital last Wednesday, October 6.

Kelly Myers of Munday and Elkin Warren of Goree had a near head on collision around 8 a.m. which sent both to the Seymour hospital by Knox County ambulance.

Mrs. Myers received bruises but no broken bones. Glass was removed from her arm, and she was released. Mr. Warren was transferred to a hospital in Wichita Falls. He suffered from a broken wrist, broken ribs and bruises, but is home now where he is recuperating.

Calendar of Events

THIS IS THE NINJA TURTLE SOCCER TEAM. Playing are: bottom row - Ty Bufkin, Katie Myers, and Payden Stewart; Top row - Shane Decker, James Nelson, and Jordan Lowe; Not pictured are Curt Groves, Torey James, and Lane Loftin. These 4 and 5 year olds play in the under 6 division in the Seymour Soccer Association in Seymour on Saturday mornings. They have played three games and won all three. Kristi Bufkin and Kelly Myers are coaching this totally awesome team.

CORRECTION

The "Yard of the Week" last week was mistakenly identified as belonging to Mrs. Dude Coffman and her daughter, Tommye Harlan. Though their yard is deserving of special notice, the "Yard of the Week" sign was displayed in the yard of their neighbors, Gordon and Shirley Smith. The judges and Munday Courier staff apologize to the parties involved for any embarrassment this may have caused.

Birthdays & Anniversaries

- October 6 - Brandon Melton, Rhonda Richardson.
October 7 - Chris & Brenda Brown.
October 9 - Jimmy Howry, Justin Yates, Renita Raynes.
October 10 - Erik Sosolik, Lance Brown, Morris Underwood.
October 12 - Amanda Gulley, Debbie Holland.
October 13 - Dale Huffman, Eric Valencia, Tena Myers; Monty & Erlinda Booe.
October 15 - Phillis Urbanczyk.
October 16 - April Meers, Jimmy Urbanczyk.
October 17 - Jackie Underwood, James Hawkins, Phillip Bowen.

SPREADING THE FACTS . . .

Keep Risks Of Dietary Pesticides In Perspective

by Don Kueck
Hutchinson News
Hutchinson, KS

Pesticides in our diets are 99.99 percent all natural according to an article I read recently in the "Proceedings of the National Academy of Science."

A pesticide is any substance used to control a pest such as weeds, insects, fungi, etc. Most of us think of a product that is put on one of our food crops when we hear or read about dietary pesticides and their effect on our health. However, nature's pesticides are an important subset of naturally occurring chemicals.

Plants produce toxins to protect themselves against fungi, insects and animal predators. Tens of thousands of these natural pesticides have been discovered and every species of plant analyzed contains its own set of one or two up to several dozen toxins. Besides the number, the levels of these toxins in plants can vary greatly depending on whether or not the plant has been "stressed" by an insect attack for example.

It's been estimated that Americans eat about 1.5 grams of naturally occurring pesticides per person per day. This is about 10,000 times more than we eat of Synthetic pesticide residues. This 1.5 grams is a rough estimate because everyone's diet differs, but it is based on the pesticide content of some of our more commonly consumed foods. For instance, alfalfa sprouts on the salad bar contain 1.5% of canavanine, a naturally occurring pesticide, and coffee contains 4% phenolics, another natural pesticide group of compounds.

Concentrations of these natural occurring pesticides are usually measured in parts per thousands or parts per million rather than parts per billion, the usual concentration of synthetic pesticide residues.

It's been estimated that we eat about 5,000 to 10,000 different natural pesticides and their breakdown products.

So what do these natural pesticides do to us? Surprisingly few plant toxins have been tested for their human cancer causing ability, one of the first risks we usually think of with pesticide consumption.

Among 1052 chemicals tested in one chronic cancer test, only 52 were naturally occurring plant pesticides and of these, about one half (27) tested out as carcinogenic or cancer causing.

These 27 were found in a wide array of foods from apples all the way through the alphabet to turnips and tomatoes. The list also includes broccoli. Maybe former President Bush read this report.

Looking at this list, it's probable

that almost every fruit and vegetable in the supermarket contains natural plant pesticides that cause cancer in rats. Rats are the normal test animal that we use to access risk to humans.

So why do we preach eating a diet rich in fruits and vegetables to lower cancer rates? As with all tests, much caution is necessary in interpreting the results. While fruits and vegetables do contain naturally occurring pesticides that are cancer causing in rats, they also are known to contain anti carcinogenic vitamins and antioxidants which counteract the cancer causing affect of the natural pesticides.

Bring us back to where we started, the Food and Drug Administration assayed food for 200 chemicals, including the most

common synthetic pesticides residues, and found 105 was .09 milligram vs 1.5 gram a day intake of the natural pesticides, thus we end up with a diet that has 9.99 percent of our pesticide intake as natural.

What all of this means is that we have a long way to go in determining the risks in what we eat. It doesn't hurt to be aware of the risks but let's keep them in perspective, I doubt any one food or food group is going to kill or cure us. Moderation in all things is probably still the best policy, so pass me the beef and the bread, the beans and the broccoli, too.
