Exact Reproduction of the Original McCormick Reaper To Be Feature of Centennial Display Coming Here

This is the year that marks the centennial of the reaper, that famous machine invented by Cyrus Hall McCormick in 1831. As a fitting means of commemorating this unusual event, Fred Broach, manager of the Guinn Hardware Co., and local McCormick-Deering dealer, has arranged a full day's program to be held at his place of business in Munday on Wednesday, March 25th. This entertainment is for the enjoyment of every farmer and his family in this community.

A full-size working reproduction of the original 1831 reaper will be on display. Seeing this machine would in itself be worth a great deal for its educational and historical value. But there will be much more of interest to you. There will be thousands of feet of mighty interesting motion pictures, short talks on subjects of interest to every farmer, and a free lunch at noon for everyone.

As a special feature of the centennial program, a five-reel motion picture, "Romance of the Reaper," will be shown. This picture was especially filmed to celebrate the invention of the McCormick reaper.

"Romance of the Reaper" is not a "staged" picture taken on an imaginary lot with built-up scenery. It was actually filmed on Walnut Grove Farm, the old McCormick homestead, near Steele's Tavern, Virginia. Scenes showing the building and assembling of the world's first reaper were taken inside and outside of the log forge shop; the bellows and the forge, and the old equipment used 100 years ago are shown. The homestead pictured was actually the home of the McCormick family, built by Cyrus' father in 1822. The building is still in excellent condition. Many of the characters are Virginians—direct descendants of the families who were neighbors of the McCormicks, witnesses of the development and testing of young Cyrus' reaper. Carriages used in the picture are old carriages that were really in use in 1831. As near as it was possible to determine, the scenes showing the first public test of the reaper were taken in the identical location where the original machine proved its worth to a doubting crowd of onlookers.

Following the testing of the first reaper is an epilogue picturing the evolution of modern grain harvesting machines, from McCormick's reaper to the harvesters of today. You will see the old self-rake reaper, the Marsh harvester, the wire binder, the twine binder, the modern tractor binder, and a fleet of harvesters harvesting 640 acres a day! Never before has so much real history been packed into a single film of this kind.

From the first scene to the last, "Romance of the Reaper" is authentic. It is interesting and educational; it is romantic; it is thrilling.

Mr. Broach invites all farmers and their families to spend the entire day in Munday on Wednesday, March 25th as his guests. A full day's entertainment has been planned—a morning meeting, noon lunch, and afternoon program.

Quite a number of Mundayites were called to Benjamin on Monday by a new venire summoned for the Tobé Stark trial, however, only two Munday citizens were chosen as the jury—Jennings Barton and W. E. McNeill. A large crowd was present from all parts of the county and the case attracted much attention. Stark was tried for the murder of Lee Goodrich.

Members of the newly organized West Texas Firemen's association met here on Monday evening in their first business meeting following the organization of the association, which was perfected recently at Seymour, and at the meeting Monday evening constitution and by-laws were adopted.

At this meeting it was decided to hold the first convention of the association in Munday on May 5th, and already local firemen are planning a real day of entertainment for the visiting firemen, and they will have the fullest cooperation of the Munday Chamber of Commerce and other local organizations in their undertaking.

Representatives were in attendance at the meeting from Seymour, Benjamin, Rochester, Knox City, Haskell, Goree, Olney and other points.

West Texas Fire Fighters Select Munday For Meet

Members of the newly organized West Texas Firemen's association met here on Monday evening in their first business meeting following the organization of the association, which was perfected recently at Seymour, and at the meeting Monday evening constitution and by-laws were adopted.

At this meeting it was decided to hold the first convention of the association in Munday on May 5th, and already local firemen are planning a real day of entertainment for the visiting firemen, and they will have the fullest cooperation of the Munday Chamber of Commerce and other local organizations in their undertaking.

Representatives were in attendance at the meeting from Seymour, Benjamin, Rochester, Knox City, Haskell, Goree, Olney and other points.

Funeral Services Held For Little Ella Hope Edwards

Funeral services were conducted Saturday afternoon at Knox City for little Ella Hope Edwards, 8 year old daughter of A. B. Edwards and granddaughter of Mr. and Mrs. D. R. Weaver and Mr. and Mrs. J. E. Edwards. The little girl died in a Wichita Falls hospital after an illness of about three months.

The funeral services were conducted by the Rev. W. H. Albertson, pastor of the First Baptist church of this city.

Little Ella Hope had been in frail health for a number of years, in fact she had never been a strong child, and her death came as a great shock to members of the two families. The Times joins the many friends of the family in extending sympathy to the bereaved members of the families in their great sorrow.

Citizens Urged To Pay School Taxes In March

Citizens of the Munday Independent School District are urged to pay their school taxes during March, as after April 1st the penalty and interest may be charged on all past due taxes. The school board has extended the tax-paying period to April 1st in order that those who were unable to pay their taxes during the regular period might have more time in which to provide for same, and the board has made no intimation that further time will be granted.

Unless school taxes are collected rather liberally during March the schools will either be forced on a deficiency basis or will be forced to close, and under present conditions it is likely that the board will experience considerable difficulty in financing the deficiency warrants.

Three Trustees To Be Chosen In School District

On the first Saturday in April three trustees will be elected to fill the place of M. H. Reeves, P. C. Phillips and D. C. Fritz, whose terms expire, and we are plausibly informed that at least one of the members of the board will not be a candidate for re-election, as Mr. Fritz has stated that he will not serve longer on the board, as his duties require all of his attention.

The Amateur Gardener Starts His Spring Exercise

Entire Week of Activity Planned For Old and Young By Pastor of Methodist Church and Co-Workers

Hello folks: Look what's going on. Of course we will have a big day Sunday. The message last Sunday was "The Resurrection: The Fact of It, and the Effect of It." Next Sunday we will present "The Resurrection: Its Relation to the Fact of Redemption." Everybody should hear the series on the Resurrection. You are welcome: Come.

Program From March 23 to 27 Beginning next Monday evening at 7:30 and on through the week to Friday evening. Monday evening will be "Pa and Ma" night. Subject: "Keeping Up the Home Fires." Miss Kendall will read "It Takes a Heap o' Livin' In a House to Make It Home," by Edgar A. Guest.

Following the service will be a Pa and Ma party in the basement of the church. Let all the PAs and Mas come. The public and everybody invited to hear the message. But only Pa and Ma will be admitted to the basement for the fun. Tuesday at 7:30 will be Senior and Junior night.

These two classes of the High School along with the teachers will be our guests. Subject: "A Bible Beauty Review."

The Phillips Quartet will sing, Mary Hope Smith will give a violin solo, and a trio by Billy True Hill, Marjorie Harris and Mrs. Adrian Macon. Everybody cordially invited to hear the message, but after the service the Seniors and Juniors of the High school will be escorted to the basement of the church, where they will enjoy all that it takes to make young folks happy. Eats, drinks and everything.

Thursday evening: Sophomore and Freshman night. This will be "Adjustment Night" Did you ever take an adjustment? If not perhaps you have had your timing gear adjusted or your car-bearers. Well, this adjustment night will be full of interest. Come and hear the message. But after the message the "Sophs and Fish" will be hurled into the basement and then, oh boy, the fire works will begin. But nobody admitted but them, Sophs and Fish.

Friday evening will be "Adult Young People's Night." The message that night will be "Love Making and Marriage: The Why of It, The How of It, The Heaven or The Hell of It, Which?" Everybody invited to hear the message. There will be special music and some spirituals by a music quartette. Come and enjoy the evening with us. But after the service the young people will have an affair of their own in the basement of the church. All young people invited. On Tuesday evening there will be a number of anonymous letters read on "What it takes to make a girl beautiful" and others on "What it takes to make a boy handsome." And the Friday night letters on "An Ideal Husband" and others on an "Ideal Wife."

This will be our young people's week, and the program is all in honor of the young life of the community.

Mrs. J. C. Campbell as director of our young people, along with Mrs. D. E. Holder, Mrs. E. S. McCord, Mrs. J. R. Smith, Mrs. P. V. Williams, Mrs. G. R. Eiland, Mrs. John Lane and Mrs. W. H. Chapman, the teacher of our Adult Young People, are putting on the entertainment features for the young people, and D. T. Mauldin and W. D. Ford are putting on the entertainment for the PAs and Mas.

The pastor will do the preaching and since this is about all that could be expected of him it will be understood that he will not participate in any of the social features of the week. Not that he would not like to, but it will be impossible and hopes that no one will expect it. So please do not ask him.

Our Membership Month is coming along in a fine way. A number have already placed their letter with us and others have indicated their purpose to come in to the church Easter, the day set apart to receive members. So, if you expect to come into the church do not delay, but come on while coming is easy. You know you should. So, be ready Easter. Come to church Sunday.

W. C. Howell, Pastor.

Three Aldermen Will Be Elected In City April 7th

On the first Tuesday in April the voters of the City of Munday will be called upon to elect three aldermen to fill the terms of office made vacant by the expiration of the terms of office of Aldermen J. A. Kennedy, John Lane and W. H. Chapman. Notice of the election is being published in this issue of The Times. At this time it is not known whether any of the above-named aldermen will submit their names for re-election.

RHINELAND HAPPENINGS

Here we are again after a prolonged absence. Since we are having such beautiful spring weather things are beginning to come to life.

First of all, we again welcome a number of visitors. Elizabeth Kubala of Seymour, spent the week-end in the home of her parents, Mr. and Mrs. Fred Kubala.

Albert Decker, who recently moved to New Mexico, was a business visitor here on Wednesday.

Miss Gertrude Blake is a visitor here from Windthorst, Texas.

Miss Cecelia Albus of Knox City spent Sunday visiting with home-folks.

Misses Mary de Aguirre and Mary Ruddy were week-end visitors at Seymour, Texas.

Mr. Frank Kuehler and sons, Leo and Leonard, returned home on Monday after several days visiting in Groom, Texas.

Mr. and Mrs. Francis Albus have been entertaining a baby boy since the first part of last week.

A good number of farmers are availing themselves of an opportunity of securing information regarding farm problems and discussing same. They meet every Tuesday night at 8 o'clock with Mr. Underwood, the vocational agricultural teacher of Knox City. —Reporter.

Tobé Stark Given Acquittal On Murder Charge

In the trial of Tobé Stark, which has been in progress at Benjamin this week, and for which a special venire was drawn, the jury on Thursday morning brought in a verdict of acquittal after being out since Wednesday afternoon at three o'clock. The defendant based his plea on the unwritten law.

In the trial the state was represented by District Attorney Wm. B. Combest, Jas. A. Stevens and Jo A. P. Dickson, while the defense was represented by Attorneys Swain of Crowell and D. J. Brookerson of Benjamin.

Stark was charged with the murder of Lee Goodrich on the streets of Benjamin some months ago.

Local Oil Truck In Accident On Brazos Bridge

An oil truck operated by U. R. Houser, local Orient Oil Co. dealer participated in an accident on the Brazos river bridge at Seymour last Friday in which an aged lady was critically injured and is undergoing treatment in the Baylor county hospital at Seymour.

From information gathered it seems that three women in a buggy were crossing the bridge and met an oil truck driven by Conrad Kohler. The horse driven by the ladies became frightened and crashed the buggy against the banister of the bridge and ran away tearing the buggy up. One of the ladies in the buggy sustained severe injuries and the others were less seriously injured.

Mr. Houser carries insurance protection on his trucks, both for protection against personal damage and public liability, and if the driver of the truck should be held in any measure responsible for the accident Mr. Houser is amply protected.

Local H. D. Club Members Make Excellent Records

Three members of the Munday Home Demonstration Club have handed in reports of their club work for the period from November, 1930 to March 1931, and their work is itemized as follows: 749 quarts beef; 60 quarts sausage; 12 quarts pork chops; 12 quarts spare ribs; 13 quarts chili; 69 quarts mince meat; 16 quarts chicken; 6 quarts liver paste; 3 quarts meat loaf; 3 quarts bacon; 6 quarts preserves; 2½ quarts jelly; 6 quarts sauce; 37 gallons lard; 5 gallons tallow; 800 pounds meat cured; 200 pounds soap made; 17 adult garments made.

Our club members are taking a new interest in club work and we hope to accomplish more in the year 1931 than in the previous years. —Reporter.

City Hall Park Will Be Beauty Spot of Munday

Under the supervision of D. T. Mauldin, city secretary, the city hall yard is this week being set out in Bermuda grass and additional water hydrants are being installed for the irrigation of the grass, and when the yard is covered with a pretty carpet of green the city hall park will be one of the beauty spots of Munday.

Already a number of park seats have been procured and will be placed under the kindly shade of the trees in the park as soon as the grass has had sufficient time to get well under way, and the city hall park will provide a refuge for those who seek shelter under the hot summer sun.

Crop Loans From Government Now Available To Tenants and Land Owners On a More Liberal Basis

C. A. Eiland, county chairman of the farm relief committee, states that he has received authority to make loans through the Federal Farm Board to farmers throughout the county out of the fund made available for that purpose recently, and is authorized to make loans for the purchase of food, clothing and other necessities as well as for seed and other necessities for making a crop. The money is available to tenants as well as land owners and bears interest at the rate of 5 per cent. There are no restrictions placed upon the loans other than that the money be used by farmers who have made a practical failure the past two years, and Mr. Eiland is hopeful that a goodly number of farmers throughout this section will avail themselves of this opportunity to finance themselves in making a crop, since the banks will not be in position to make loans to the extent that they have in normal times.

Commenting further along this line Mr. Eiland stated that the Department of Agriculture is urging that farmers throughout the entire country make a greater effort than ever before to grow the necessities of life, or as many of them as is practical, at home, and warns against farmers depending upon the so-called money crop to provide these things, for while the Government is extending every aid possible at this time, it must be understood by every thinking person that even Government aid is limited, and the big purpose of the various departments of Government at this time is to assist the farmers in making their farm activities self-sustaining, and this cannot be accomplished unless a great portion of the necessities of life are produced on the farm, and to this end Mr. Eiland suggests large gardens, the planting of peas, beans and other vegetables, the growing of poultry and hogs, and the canning of these things in large quantities, and he further states that the bank with which he is associated, as well as other banks, will give their fullest cooperation in providing cash and necessities for canning, in case assistance is needed.

Munday Chamber of Commerce Will Be Revived and Officers Chosen at Meet Monday Evening

No definite action was taken at the joint meeting of the Munday Chamber of Commerce and the Munday Lions Club on Saturday evening, called with a view of consolidating the two organizations.

After much discussion W. R. Moore offered a motion that the two organizations continue as they are, retaining their affiliation with both the West Texas Chamber of Commerce and the Lions International on a reduced basis. This motion lost when put to a vote by Geo. Isbell, president of the chamber of commerce, who presided over the meeting.

Sentiment for and against consolidating seemed to be about evenly divided, and since this was the case it was decided to postpone any action on the matter until the Lions Club had taken action on the proposal, and a meeting of that organization was held on Monday evening to discuss the matter further.

Those present at the meeting were: Fred Warren, Geo. Isbell, R. D. Rawls, J. C. Campbell, John Ed Jones, Dr. E. M. Ammons, Raymond Thomason, F. A. Coxsey, H. F. Barnes, L. E. Lovless, W. H. Chapman, W. R. Moore, J. C. Borden, G. R. Eiland and J. A. Kennedy.

Another meeting was called for Monday evening, at which time it was unanimously decided to abandon the Lions Club and form another luncheon club to be more closely allied with the chamber of commerce, and at the same time a nominating committee was named to make nominations for officers.

Those present at the meeting Monday evening were: Geo. Isbell, L. E. Lovless, Dick Atkinson, H. F. Barnes, Dr. E. M. Ammons, J. C. Borden, Frank Coxsey, Leland Hannah, J. C. Spann, J. C. Campbell, E. W. McLaughlin, E. H. Bauman, John Lane, U. G. Richards, F. N. Warren, W. S. Dickerson and Tom Haney.

W. McLaughlin, E. H. Bauman, John Lane, U. G. Richards, F. N. Warren, W. S. Dickerson and Tom Haney.

Goree Will Hold Poultry Show March 27 and 28

Arrangements have been completed for the holding of a poultry show in Goree on March 27 and 28, and in addition to poultry entries of rabbits, pigeons and other domestic animals may be entered. An entry fee of 50 cents per pen or 25 cents per single entry will be charged and all fowls will be fed and cared for during the show. A number of poultry breeders from this section are expected to enter birds in the Goree show.

Bruce Lee Oliver is the name of a fine baby boy that has been ushered into the home of Mr. and Mrs. H. A. Oliver. The little fellow has been adopted by Mr. and Mrs. Oliver and halls from a home for homeless babies at Abilene. The youngster is fortunate indeed, in being taken into the home of such fine young people and we sincerely hope that he will ever be a joy to their lives.

for the chamber of commerce at a luncheon to be held on Monday evening next week. The nominating committee is composed of F. N. Warren, J. C. Campbell and John Spann. At the same time a joint committee was named by Geo. Isbell, president of the chamber of commerce, and W. S. Dickerson, president of the Lions Club, to arrange for the Monday evening luncheon and canvass the town for plates. This committee is composed of Tom Haney and Frank Coxsey for the Lions Club, and Leland Hannah and E. H. Bauman for the chamber of commerce.

At the meeting Monday evening plans will be worked out for the continuation of the chamber of commerce, which has reached a very low ebb, due to inactivity, and at the same time plans will be perfected for the continuation of a luncheon club to work in conjunction with the chamber of commerce, however, it has been definitely decided that the luncheon club will operate entirely independent of the chamber of commerce insofar as the luncheons are concerned, each member of the club being required to pay for his luncheon just as they have in the Lions club.

Those present at the meeting Monday evening were: Geo. Isbell, L. E. Lovless, Dick Atkinson, H. F. Barnes, Dr. E. M. Ammons, J. C. Borden, Frank Coxsey, Leland Hannah, J. C. Spann, J. C. Campbell, E. W. McLaughlin, E. H. Bauman, John Lane, U. G. Richards, F. N. Warren, W. S. Dickerson and Tom Haney.

F. A. Coxsey Buys McStay Interest In Service Station

A deal was made recently wherein F. A. Coxsey purchased the interest of J. Dee McStay in the White Service Station, and now Mr. Coxsey is sole proprietor of the business, while Mr. McStay remains with the business as an attendant.

Mr. Coxsey has operated the business in Munday for a number of years and has established an enviable reputation for service, and he will continue to feature Texaco products and Firestone tires at his station.

The declaration contests to determine who shall represent the Munday schools in the county contests will be held on Friday evening of this week, beginning at 7:30 o'clock, and the public is cordially invited to attend. The contests will be held in all departments—senior, junior and sub-junior. The contest will be held at the Methodist church.

GETTING YOUR GOAT

Did anybody ever get your goat? Don't let them do it.

Some decades ago there was an old custom of placing a goat in the same stall with a race horse. The companionship of the goat, it was believed, soothed a thoroughbred horse.

It happened at times that the owner of a competing horse would cause the goat from the opposition stable to be stolen overnight, which often fretted the horse so that he would be worthless in a race the following day.

"They got his goat."

When anyone or anything "gets your goat," it means that you have lost your poise. Poise is the secret of happiness and success. It is the control of the mind. Without mind-control things are bound to go wrong.

Mind accommodates but one thought at a time. A cheerful thought, a kindly thought, a constructive thought can easily be substituted for those of anger, bitterness, contempt, and hatred, as well as the petty, annoying things which dominate the mind without poise.

Without poise no mind can be truly just. Without poise no man can be fair to himself and others. Poise is the control of reason.

Reason sees not only one, but three sides to every question—your side, the other fellow's side, and the practical side.

Poise is your goat. Don't let anybody or anything get it away from you. It is the secret of business success and personal happiness.—Rays of Sunshine.

campaign, including 1713 daily newspapers and 2,139 weekly newspapers.

We cite the fact as evidence that newspaper advertising pays. This expenditure by a corporation of this type should be conclusive. Certainly, when it goes strong after years of large expenditures in newspaper advertising and craves the publicity gate with a million dollars in a week it must have ample proof that its newspaper advertising is a paying investment.

THE PEOPLE RESPONSIBLE

Gen. Smedley Butler, speaking at Raleigh, N. C., told his audience one thing that people everywhere ought to realize when they are tempted to criticize the men who govern their municipalities.

"The people themselves," said the general, "are responsible. There's not a police force in existence that can't clean up a town in a week when the mayor orders it, and the mayor will order it when the voters order him, and then see that their orders are carried out."

This applies generally, to counties, state's and municipalities. All the people of a given area have to do is to back up public officials in carrying out what the voters want. When citizens permit, or acquiesce, in conditions anywhere they have no right to complain. They are, as Gen. Butler says, "responsible."

WHY NOT THINK FIRST

Our attention has recently rested upon the fate of two mothers with particular interest upon the effect of their lives upon their own children. In each case there was a tragedy and in the results pathos.

In New York a woman racketeer was killed by some of her associates in crime who feared she was about to testify before an investigating committee. Shortly afterwards, in another city, her high school daughter took her own life because she was humiliated by the discovery of her mother's character.

Another woman was electrocuted because she and a male companion killed a highway patrolman while they were fleeing from an attempted robbery. Her own son, with her at the time, innocently and unknowingly furnished testimony against her. She left a letter addressed to him, a part of which was to prevent his feeling in after years that he had harmed his mother.

In both of these cases, as in almost every violation of law, the innocent suffered with the guilty.

We Say Not.

There are, we understand, fewer soprano voices now than formerly, and the fellows who sing falsetto haven't helped the situation any, either.—Philadelphia Inquirer.

A larger proportion of the stricken families who are being fed and clothed by the Red Cross live in homes like the one in the center. A typical family is shown here, and two children who have been saved from starvation.

FARM Gossip

SPENDING BONUS MONEY

Everybody is advising the ex-service men how to spend their bonus money, and we are not going to do so. In the first place, it belongs to those who earned it, and they probably know their own needs better than anyone else.

We will wager, however, that many farm homes in America will get some of the comforts they have been lacking and wanting for a long time and that this bonus money will bring happiness, joy and comfort to many a farm wife.

BOOKS ON FARMING.

Business people are reading more and more each day about their lines of endeavor and, in the past few years, there has been published quite a flood of business books.

Literature on farming and allied subjects have been available to farmers through their experiment stations and the United States Department of Agriculture for quite a number of years. Not enough farmers read them, however, and perhaps the main reason is that most of us put off ordering the ones we are interested in.

MENTUM OF PROSPERITY

A rapidly moving body develops momentum that will carry it on quite a distance without propelling power after the power is removed. This is exactly what happened to America during the eight years immediately following 1921 when the cities and industrial sections of the United States experienced a prosperity while farm prosperity had stopped.

All of us who are close to the farm know that agriculture has been in a slump for about ten years and the industrial slump was inevitable.

Desperate selling drives, propaganda and psychology will fail to bring an artificial prosperity back and we need look for the return of prosperity in the exact proportion to the return to agriculture.

Let's all then hope and work for better times for the farm and farmers and better times for all will be at hand.

HOW ARE YOU RAISING YOUR SON?

You are raising cotton and corn, you say. As fine as the earth will grow; you are raising cattle and horses and sheep. That will win were ever they go. You are raising wheat that is hard to boat. And I know you are raising the man.

FEDERAL LAND BANK LOANS

5 1/2% - Per Cent - 5 1/2%

A long term loan with the option to pay at any interest rate, provided the payment to be made is out of one's own funds. And contrary to the general belief, THIS LOAN DOES NOT CARRY ANY LIABILITY ON YOUR FARM, OTHER THAN YOUR OWN LOAN.

This loan offers a saving of \$10.00 on the \$1,000.00 over any loan offered by any Loan Company in Texas.

Like Color . . . the best Gasoline is Blended

THE artist stands before his canvas with color-laden palette. Blue, green, white and touches of warmer tones are blended by his inspired brush as the waves of the sea surge take form. His genius tells him that only through the blending of just the right colors is the ideal result achieved. Otherwise his most painstaking effort could only result in a monotonous, wholly lacking in brilliance.

Artistry and genius have their place in the making of CONOCO Gasoline. CONOCO engineers long since have found that the ideal gasoline is a balanced blend of the three types containing the elements most desired in a motor fuel. There is highly volatile Natural Gasoline, to give quick start-

CONOCO

THE BALANCED - BLEND GASOLINE

But tell me this, Oh, man of the soil,

How are you raising your son?
Do you take the time to talk to him
Of the things that he ought to know
Do you show him the good and the bad of life,
And teach him the way to go?
Does he trust you as a son should do?
Do you make him your friend or slave?
Will he stand some day with his fellow men,
Honest and true and brave?
Oh, cotton and corn and wheat and oats
Are things it is well to grow;
And cattle and hogs and a bank account,
Are good for a man, I know.
But the ribbons you take, and the money you make
Will not bring a mite of joy,
If you get to the top of the hill and find
You've made a "scrub" of your boy.

Can't Imagine

"The present state of the country is enough to make any politician think," declares a contemporary. Well, that's something.—The Humorist, London.

CARD OF THANKS

We wish to thank all of our kind friends for their many deeds of kindness and beautiful floral offerings, during our recent sorrow, in the passing away of our husband, father, son and brother, Albert Lytle.

May God's richest blessings rest upon each of you.

McCormick Reaper Centennial Celebration and Power Farming Entertainment

JUST one hundred years ago Cyrus Hall McCormick gave the world its first reaper. That was in 1831. Now, in 1931, we celebrate the centenary of that great event.

We want you to come in and be our guest for a day. A special program has been arranged for your complete enjoyment. Two miles of mighty interesting motion pictures—short talks on subjects of interest to every farmer. Plan now to be with us!

A full-size, working reproduction of the original 1831 reaper will be on display.

You will also see the first real motion picture "Romance of the Reaper" especially filmed to celebrate the 100th anniversary of the invention of the McCormick Reaper.

CENTENNIAL CELEBRATION PROGRAM

- 9:30 to 10:30—Show 1931 Reaper, new Six-Speed Special Truck, new Milker and power farming machines on our display floor.
- 12:00 to 1:30—Free lunch served at our store. Talk on the reaper.
- 1:30 P. M.—"Romance of the Reaper," sound picture for farmers.
- 3:00 P. M.—"Romance of the Reaper" for school children.

We extend a cordial invitation to every farmer throughout this section to come and be our guest on this date.

THE TOM-TOM

DEVOTED TO THE ACTIVITIES OF THE MUNDAY PUBLIC SCHOOLS

Editor-in-Chief	HAZEL DEAN EILAND
Assistant Editor	ELEANOR JUNGMAN
Athletic Reporter	GILBERT MYERS
Senior Reporter	VERA TATE
Junior Reporter	MAYOUREEN REEVES
Sophomore Reporter	IRENE MARTIN
Freshman Reporter	JESSIE MAE WEBB

The study hall was entertained by the Spanish class Friday at assembly period. Some of the interesting features of this program was very interesting, although we could not tell what the Spanish students were saying.

SENIORS

We seniors merely want to say that we are working very diligently at school and do not have time for any more of this tom foolery. We have outgrown that phase of life.

FRESHMEN

The initiation of our boys proved to be one of the most exciting events that has happened this year. The girls have not yet been initiated, however, we do not expect to be. There was an interesting baseball game played last Thursday between the high school girls and the grammar school girls. Most of the players on the high school team were Freshmen. Of course, the grammar school was defeated. We are glad to say that part of the credit goes to the Sophomores because some of the players were members of that class.

Docia Phillips was elected captain of the Junior baseball team in high school. We are very proud of her, for we know she will give us their right kind of practice.

If you witnessed the game of volleyball with Sunset Friday night I am sure you agree with me when I say "It was a good game." We are glad that some of our girls are practicing for volleyball. Docia Phillips, Hazel Clough, Opal Armstrong and Jessie Mae Webb, will do their best, which is sure to mean victory for the team.

All members of the class are working hard on their lessons, for they are already thinking about "finals". Many of them are entering athletic events, for they want to help Munday defeat Knox

City in the Interscholastic League Meet.

JUNIORS

One of the many things that prove our never lacking pep, vim and vitality is the picnic we had last Friday night. Most of the Juniors were present, and of course, it is needless to say that we had a good time, as any of the Juniors will tell you.

This picnic was at Brouch's tank. For information about the "hot" sandwiches, just ask Vincent Lane, who happened to get hold of a hot pepper sandwich when he was very hungry. This entertainment is one of the many we are planning to have like it during the remainder of the school year.

Concerning the Juniors

The Juniors certainly soared high last Thursday morning, March 12. People, the spirit of the entire Junior class was high up there in the blue sky with that "Junior" flag! You might say we have as much pep, vim and vitality as a tarrapin, but you noticed that the "tarrapin" got to going so fast that the fire truck had to be called out to move them! But only the Junior flag was moved by the fire truck. Our spirits are still high and are going to continue being this high. Our flag was all that did come down at eleven o'clock! The fact is, dear friends, those old tarrapins have just been storing up all their energy for one time and when we did let it out, you certainly know it. We stood by so long and our "pep, vim, and vitality" got the best of us!

SOPHOMORES

We shall be entertained in our home room program this week by Lowry Riggsby and his group. This program will be on good manners. Miss Watson: "Eunice, who is the smartest man in the world?"

Some of the Activities of Farmer-Owned Cooperatives

Farmers who take the processing and marketing of their products into their own hands have built big enterprises. Sorting wool in a cooperative warehouse in Portland which markets wool for growers of 12 states. (Below) Hauling wheat to a cooperative elevator at Hoxie, Kans. (Above) (Right) The big building is the Seattle branch of the Washington Cooperative Egg and Poultry Association. Land of Lakes Creameries, Minneapolis, owned by farmers, markets butter for 100,000 farmers in several states.

Sunday School

by HENRY-LESSON RADCLIFFE

USING GOD'S GIFTS

GOLDEN TEXT: "Be not drunken with wine, wherein is riot, but be filled with the Spirit."—Eph. 5:18.

(Lesson Text: Luke 12: 16-21, 41:48.)

While Jesus was engaged in one of his wonderful discourses a man in the crowd interrupted him with the request that the great teacher act as a judge and make his brother divide certain property with him.

Realizing that the listener, at least, had his attention upon material things far removed from the spiritual teachings which he was giving Jesus warned him to beware of his covetousness. "A man's life consisteth not in the abundance of the things which he possesseth." While physical life, the body, is dependent upon material things, the higher life, the soul, is entirely independent of such possessions.

Jesus illustrated with the parable of the rich fool. This man had very fertile soil, which brought forth a fruitful harvest, but instead of appreciating the divine miracle involved in making a crop or reflecting upon the responsibility for the possessions which he had thus obtained he selfishly decided to store up for his own individual use in order that he could take his ease and be merry. Because this man had entirely missed the spiritual appreciation of wealth and lacked every conception of its responsibilities, Jesus referred to him as the foolish one.

According to the story his life was taken from him and the question:

Eunice: "Thomas A. Edison."
Miss Watson: "Give reasons for your statement."

Eunice: "He invented the radio and phonograph so you would sit up at night and use his light globes."

tion put us to where all the material accumulations stored away for his own selfish use would go. As one writer points out, this man made three mistakes. He mistook his body for his soul, he confused a little bit of time for eternity, and he replaced the uses which God had for his wealth by his own selfish desires. A great many people in this day are making the same mistakes. Wealth involves responsibilities, furnishing us an opportunity to help and improve others, and a failure to realize this leads inevitably to selfish indulgence and the fate of the fool.

Shortly afterwards Jesus related the story of the master who found his servants faithful and waiting for him, whereupon he rewarded them. Peter inquired whether or not this meant a special blessing for the few who followed him or would it extend to all. Jesus stressed the blessedness which came to the faithful servant, that his fidelity would be rewarded with greater responsibility and a better opportunity for service. Then he told the story of the unworthy servants, involving three degrees of guilt and three shades of punishment.

One servant not only disobeyed his master knowingly but mistreated those under him, a second servant was careless and disobedient, but not mean and selfish, while the third was ignorant and failed to carry out the master's will. In the punishment which was meted out these servants received different amounts of punishment. Jesus pointed out that those to whom most was given most would be required of—a very sobering doctrine to those of us who live in the present age with its marvelous inventions and wonderful comforts.

It is interesting to note that both in the story of the fool and in that of the extremely disobedient servant drunkenness played its part. The fool wanted to eat, drink and be merry. The disobedient

A DREAM OF TOMORROW . . .

The great captains of industry today are men who had merely a vision and energy a generation ago. They worked hard, they made their dreams take shape in concrete and steel and glass—in lands or other property. Most likely it was their banker whose counsel and advice and financial aid gave them their start. It is to the weaver of dreams of tomorrow that this bank dedicates its support.

THE FIRST NATIONAL BANK

of the National City Bank of New York, who said that paying off the adjusted service certificates would cause "hundreds and hundreds of bank failures" throughout the nation. While Congress did not pass the act to pay all, it did increase the loan value to one-half. Therefore, if the financiers are correct, we should suffer a part of their pessimistic prophesies, at least! However, we doubt very seriously if any such results will follow.

CARD OF THANKS

As it is impossible for us to see each and every one of our beloved daughter, Ella Hope Edwards', friends personally to express our appreciation, we are using this medium to extend to them our sincerest thanks for services offered and rendered during her long period of illness, in the several different communities, and their devoted tenderness and care in the darkest hours in laying our darling to rest. We deeply appreciate the kindness of the Rev. Albertson and the presence of the Rev. Stovall and his family with their tenderness and consoling thoughts, which were a great comfort. Her words, "I love you daddy, and I love everybody in the world" is her offering. Mr. and Mrs. A. H. Edwards.

No Doubt.

The chap who said the good die young doubtless was speaking of resolutions.—Los Angeles Times.

HOME BAKERY

SPEND—But Save Too . . .

Buy sensibly, buy normally. But don't spend all your income. Put a portion aside each month. That is the golden mean between the wastrel and the miser—a duty to yourself and your family.

THE FIRST STATE BANK
Munday, Texas

In the Land of Opportunity

Progress in the dependable and widespread distribution of electric service, the West Texas Utilities Company has, in a comparatively short span of years, built here in central West Texas one of the major electric light and power systems of the Southwest.

Motivated by a sincere faith in the brilliant future of this rich West Texas empire, nearly fifty millions of dollars—more than the total gross revenue for the eight year period—have been brought in from the outside and invested here in generating stations, transmission lines and other physical properties necessary to the production and distribution of electric and other utility services. Virtually all of this new money has been provided through the financing agencies of the Middle West Utilities System.

The recent results to conduct itself in such manner as to merit the friendship and confidence of the people it serves, plus a constant effort to deliver more service at ever decreasing rates have been ideals to which this company has pointed since its inception.

Operating under a Texas charter, with its officers and employees seasoned West Texans—"living on the job"—a loyal band of 1,300 men and women strives always to render that type of utility service which has made transmission line service the accepted standard throughout the nation.

As a corporate entity the West Texas Utilities Company was organized on January 1, 1923, for the purpose of producing and distributing electric and other utility services. Like many other West Texas institutions with but modest beginnings, its growth and development has paralleled that of the West Texas territory as a whole.

Today the company is rendering service to 50,000 customers—carrying the advantages of dependable, efficient and inexpensive electric power to 120 cities and towns, and to hundreds of rural communities, farms and ranches. Its ever-all average rate for electricity per kilowatt hour consumed, today, more than fifty per cent LOWER than the net average rate charged throughout the territory before the organization of the West Texas Utilities Company.

West Texas Utilities Company

MEAT PRICES AGAIN REDUCED!

Again we are cutting the price of meat, which is made possible by the decline in the price of cattle. We sell the best that we can buy and at these low prices—

Best Cuts Steak, per pound	20c
Fore Quarter Steak, per pound	15c
Fore Quarter Roast, per pound	15c
Rib Roast, per pound	12 1/2c

We have fresh barbecue every day and serve it and other choice things to eat at our lunch counter.

W. F. S. Branch Hostess
 Wednesday Bridge Club
 Mrs. F. S. Branch entertained members of the Wednesday Bridge club at her home Wednesday afternoon. Mrs. W. H. Chapman was high score in the games. Dainty refreshments of strawberry cream and angel food cake were served. Mms. E. H. Bauman, W. H. Chapman, Joe Davis, P. B. Branch, U. R. Houser, Carol Hopkins, H. H. Langford, Adrian Macon, W. R. Moore, C. L. Mayes, E. W. McGlothlin and E. S. McCord.

Mr. and Mrs. Loveless Entertain
 Ace High Bridge Club
 Mr. and Mrs. L. E. Loveless entertained at their home Tuesday evening with four tables of bridge. Guests were members of a club recently organized, and at this time the name, "Ace High Bridge Club" was chosen.
 St. Patrick's ideas were observed in the green and white color theme for game accessories and was further accentuated in the dainty refreshment plate served. The spring touch was reflected in the lovely flowers placed about the home. In the games high score honors went to Mrs. Joe Davis and John Lane. Members and guests were Dr. and Mrs. Wm. F. Farrington, Messrs. and Mmes. Tom Haney, W. R. Moore, John Lane, J. A. Kennedy, H. F. Barnes and Dr. and Mrs. Joe Davis.
 The next meeting of the club will be at the home of Mr. and Mrs. W. R. Moore Friday evening, March 27.

Monday Bridge Club Entertained
 at Chapman Home
 The home of Mr. and Mrs. W. H. Chapman was the scene of a pretty party Monday evening favoring the Monday Bridge club and a number

of guests. Spring flowers, with lovely purple violets predominating, made attractive decorations for the rooms where four tables were arranged for bridge. Mrs. Chapman and E. Duval held high score at the conclusion of the games. Dainty refreshments of cream chicken in rosettes, angel food cake and strawberry mousse, with corsage fashioned of violets as favor, were served. Messrs. and Mmes. T. G. Bengo, E. Duval, F. S. Branch, J. D. Kettley, J. W. Ryan, Mmes. W. R. Moore and Louise Ingram, Mr. H. A. Pondleton and the hosts.

Mr. and Mrs. Bauman Entertain
 Highland Bridge Club
 Mr. and Mrs. E. H. Bauman entertained the Highland Bridge Club at their home in north town on St. Patrick evening.
 The green ties worn by the gentlemen and ribbons by the ladies, as well as the score cards and refreshment plate were suggestive of the day. Members and guests included Messrs. and Mmes. R. E. Day, E. S. McCord, R. D. Atkinson, W. H. Chapman, M. F. Billingsley, E. W. McGlothlin, J. W. Ryan, Mr. Jackson of Dallas, and the host and hostess.

PHILLIPS-JACKSON
 On Sunday, March 8th, Miss Vola Phillips, of Munday, became the bride of Mr. Kenneth Jackson of Ardmore, Okla. The ceremony took place at the parsonage of Church of Christ at Ardmore.
 The bride is the daughter of Mr. and Mrs. T. I. Phillips of this city, and has grown to young womanhood here. She was a member of the graduation class of 1930 and enrolled in Cameron College, Lawton, Okla., in the fall of 1930. The groom is the son of Mr.

PYGMY ARCHERS GO TO PARIS

Here we see a dress (?) rehearsal by I. ... for competition in the Colonial Olympic Games at the Paris International Colonial and Overseas Exposition. The men are competing in games on the military team, which will compete against bowmen from the Congo, the South Sea, Iceland and other faraway lands in Paris this summer.

Frank Jackson of Ardmore. He was a student in Cameron College, and is the highest type of young manhood. They will make their home in Ardmore, where Mr. Jackson will be engaged in the grocery business. The many friends of the couple wish them a long and happy married life.

Uncle Billie Cartwright and son, James Austin Cartwright, of Boerne, Texas, are here visiting in the home of Louis Cartwright.

Mr. and Mrs. Jack Cartwright of San Antonio are here visiting in the home of her mother, Mrs. E. H. Stoughill, and other relatives.

Mrs. E. D. David and Mrs. Stone returned to their homes at Gorman and DeLeon, Texas, the latter part of last week after spending several days visiting in the home of Mr. and Mrs. E. E. Akers.

J. E. Reeves of Mineral Wells is here this week looking after business interests.

Mr. and Mrs. Chas. Haynie and children and Miss Elizabeth Mounce spent Sunday in Truscott visiting relatives of Mr. Haynie.

Mrs. H. G. Craig of Truscott was here last Saturday visiting in the home of her brother, Chas. Haynie.

W. B. Moore made a business trip to Amarillo first of the week.

Dr. and Mrs. Wm. P. Farrington and son, Charles, have returned from Chicago, where they spent several days on business. Dr. Farrington states that they were caught in the biggest snowstorm of the year on their trip and their car followed snow plows through snow that came up to the top of their car.

In our article last week concerning the meeting of barbers held here we failed to mention the name of R. H. Sessions as one of the barbers attending the meeting, and hasten to say that the oversight was our error, as his name appeared on the list furnished us.

Sam E. Lee, former bandmaster here, and now associated with the Hall Music Company of Abilene, was here Tuesday shaking hands with friends.

Mr. and Mrs. Wash Rayborn are entertaining a ten pound boy in their home since Tuesday, March 17th. The young gentleman can celebrate his birthday and St. Patrick's Day at the same time.

Mrs. W. T. McKee and son, Earl, of San Angelo, were here this week visiting in the home of Mr. and Mrs. L. E. Loveless. Mrs. McKee is a sister to Mr. Loveless.

MISSING—A number of plates, dessert dishes, a dish pan and two granite pitches from the Masonic lunch room. The lodge will appreciate it if these things will be returned to the hall.

J. D. Henderson, J. E. Edwards and John Bowden went to Austin last week to attend a state-wide meeting of the Farmers Union and while convened in the capital city they took occasion to tell the legislators about their wants in the way of legislation and were cordially received by the law makers.

The new Ford is an economical car to own and drive

Low first cost, low cost of operation and up-keep, and low yearly depreciation mean a distinct saving to every purchaser

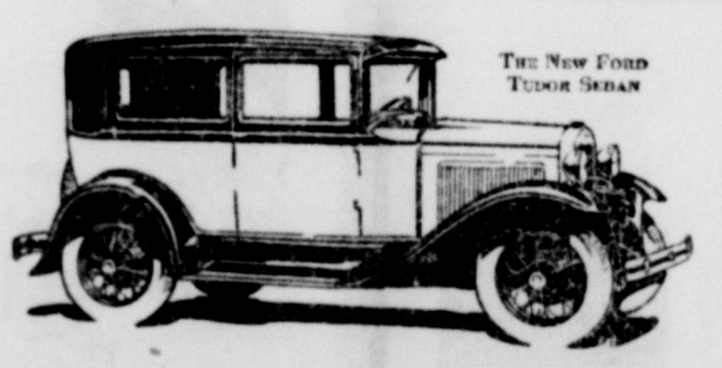

THE NEW FORD is a splendid car to own and drive because of its attractive lines and colors, safety, comfort, speed, reliability and long life.

There are, in addition, three other features of importance to every far-seeing automobile owner... low first cost, low cost of operation and up-keep, and low yearly depreciation.

During the life of the car, the day-by-day economy of owning a Ford will amount to considerably more than the saving on the first cost. You save when you buy the Ford and you save every mile you drive.

The reasons for this economy are simplicity of design, high quality of materials and care in manufacturing and assembling. Many vital parts are made to finish of one one-thousandth of an inch. Some to three ten-thousandths of an inch. Throughout, the new Ford is an outstanding example of fine craftsmanship in automobile engineering.

The more you see of the new Ford—the more you talk to Ford owners and experienced mechanics—the more certain you become of this fact... It brings you everything you want or need in a motor car at an unusually low price.

LOW PRICES OF FORD CARS

F. O. B. Detroit, plus freight and delivery. Tax, license and optional accessories extra.

CHICKENS—TURKEYS

Star Parasite Remover

Star Parasite Remover is a powerful, effective, and safe medicine for the treatment of all parasitic diseases of chickens and turkeys. It is especially effective against the mites and lice which infest the birds, and also against the worms which cause the most serious diseases. NOTICE OF ELECTION
 By virtue of the laws of the State of Texas, notice is hereby given that an election will be held within the corporate limits of the City of Munday on the first Tuesday in April, 1931, for the purpose of electing three aldermen to succeed J. A. Kennedy, John Lane and W. H. Chapman.

The place of holding said election shall be at the city hall in said city and all persons residing within the corporate limits of said city, otherwise qualified to vote, shall be entitled to vote in said election. H. P. Hill is appointed presiding officer of said election and shall make returns thereof as provided by law.

Said election shall be held in accordance with the laws of the State of Texas governing city elections.

C. L. Mayes, Mayor, City of Munday, Texas.

ADVERTISING PAYS.

The California Fruit Growers Exchange is a non-profit-making association, made up of citrus fruit growers, who have spent \$12,000,000 for advertising "Sun-kist" brand since 1907.

The other day, in a suit over an alleged infringement of its copyright trade mark, the "good will" of the organization was valued at \$1,000,000,000. This may be a high valuation but there is sufficient margin to admit that advertising pays.

Real Trouble
 China is never going to be a fully civilized country until her landlords become racketeers.—Louisville Times.

It Is.
 This custom of police combing the country unavailingly for criminals suggests that there must be something the matter with the comb.—Wichita Eagle.

Query.
 What we can't understand is why alienated affections are worth so darned much if they are so easily alienated.—Springfield News-Sun.

He Should.
 "I never heard of a perfect man," says a prominent biologist. Brother, you should marry a widow.—Denton Record-Chronicle.
