BILL NEAL

Bill Neal Announces For District Attorney

Bill Neal, 55, an attorney who resides at Lake Kemp, announced his intention this week to file as a candidate in the upcoming Democratic Primary for the office of District Attorney of the 50th Judicial District composed of Baylor, Cottle, King and Knox Counties.

Mr. Neal, who was raised on a ranch near Quanah, has recently opened a law office in Seymour. He has practiced law in Quanah and Vernon since 1965 and was District Attorney for the 46th Judicial District (Foard, Hardeman and Wilbarger Counties) for eight years, from 1969-1976.

"I believe that vigorous, effective and honest prosecution is a key to good law enforcement and deterrence of crimes," Mr. Neal stated. "Teamwork between the prosecutor, county and district officials and law officers is a must, for it doesn't matter how hard law officers work, or how well they do their job, if the prosecutor fumbles the ball when the case gets to the courthouse.

"I believe my record as a trial attorney and prosecutor speaks for itself. If elected, I intend to give the 50th District the kind of hard-working, 24-hour-a-day prosecutor they deserve and one they can be proud of."

Mr. Neal graduated from Quanah High School in 1953, and from Hardin-Simmons University in 1957 with a Bachelor of Arts degree in economics. While attending Hardin-Simmons, he served as editor of the student newspaper, business manager of the student government and president of the Press Club.

After graduation, he entered the United States Army, and, after serving his term, was honorably

Harvest Fest Planned For October 19

The beginning of fall brings to mind cool weather, steaming hot food and harvest time. While the weather might be unpredictable, the "harvest" of steaming hot food will be plentiful at the annual Harvest Fest sponsored by the First United Methodist Church.

This year's Harvest Fest has been planned for Saturday, October 19 at the church. A delicious steaming-hot homecooked dinner will be served.

Other treats in store include a Country Store filled with lovely handmade arts and crafts. The traditional auction, which has proven to be a favorite in years past, is also scheduled. Highlight of the day will be a drawing for a beautiful quilt made by Nettie Partridge.

All in all, it sounds like a pretty good way for the entire family to spend a Saturday! Make plans now to come on out and join the fun!

Smajstrla Is Appointed Victim/Witness Coordinator

Bobby D. Burnett, 50th Judicial District Attorney, has announced the appointment of Robin Smajstrla to the position of Victim/Witness Assistance Coordinator. The 50th Judicial District covers Baylor, Knox, King and Cottle counties in Northwest Texas.

Burnett said, "There is a growing emphasis on the importance of victims' rights in Texas and rightfully so. We fully intend to see that these persons' rights are protected in each of the four counties we serve."

The duty of the Victim/Witness Coordinator is to ensure that a victim or close relative of a victim is afforded the rights granted under legislative acts. These rights include, among others, the right to be protected from threats of harm arising from cooperation with prosecution efforts; if requested, the right to be informed about court proceedings including any plea bargains in the case;

if requested, the right to be notified of parole proceedings, to participate in the parole process and to be notified of the inmate's release; and the right to prompt return of any property no longer required as evidence.

Burnett further stated that his office will make every effort to contact each victim of a crime and to inform them of their rights. If a person feels he or she has been a victim of a crime and has not been contacted, that person may contact Mrs. Smajstrla at (817) 888-5140.

Mrs. Smajstrla said, "I am looking forward to the challenges and opportunities in this position. The area of victims' rights is one which has been too long neglected in many instances."

Robin is a life-long resident of Seymour. Her husband, Richard is employed by the Seymour Independent School District. They have one daughter, Staci, age 14.

MUNDAY LIONS CLUB MEMBERS sort through boxes of household items as they prepared for the annual Lions Club Broom Sale Tuesday morning in the City Hall parking lot. Bobby D. Burnett, chairman of this year's sale, is shown supervising at left, while Mike Greenwood, Daniel Ramirez and Gary Schur assist the truck driver with unloading and arranging the items for sale. Proceeds go to the Lighthouse For the Blind.

Downtown Park Is Ready In Time For Homecoming

Once just a dream existing only on paper, the Downtown Park is now a reality.

It took a lot of determined effort to turn the gaping hole of the burned out area into the beautiful concrete park that now exists. The Downtown Park committee, headed by Betty Baker, has overseen the planting of many green plants, the installation of drip irrigation and benches and the building of a deck-type stage. More irrigation lines, a tree, monkey grass and possibly more benches will be added to the area before Homecoming.

The structural work and landscaping have totaled \$6,392 to date, with approximately \$500-\$700 more in expenses expected.

Moguls Lose Heartbreaker To Electra Tigers, 21-14

The Munday Moguls traveled to Electra last Friday night to lose a heartbreaker to the Tigers, 21-14. This is the Moguls third loss of the season to a Class 2A team.

In the first eight minutes of the game, Electra recovered three Mogul fumbles, but only managed to score one time.

After receiving the opening kickoff, Munday continued for a nine-play drive, before fumbling the ball. Electra recovered on their own 25-yard line.

The Mogul defense allowed the Tigers only four plays before forcing a punt. But, just two plays later, the Moguls fumbled again, with Aaron Williams of Electra recovering. It took the Tigers only five plays to score on a five-yard pass from Tyrone Robinson to Jason Holmes. Tyrone Weaver kicked the PAT for a 7-0 Electra lead.

On the following drive, Munday again fumbled at their 24-yard line, with Electra recovering. However, the mighty Moguls allowed the Tigers only three yards in the next four plays, forcing a turnover.

The Moguls then went to work, looking for a touchdown. Bobby Dockins completed two passes - one to Gene Shields for 18 yards

and one to Ray Hernandez for 27 yards - to put Munday at the Electra 20-yard line. Six short plays later the Moguls tied the score with Aaron Kiser making the TD from five yards out. Dockins kicked the PAT, tying the ballgame at seven all.

After an exchange of punts with less than two minutes left in the half, Electra marched 64 yards in eight plays to set up a three-yard scoring run by Brandon Lynn. Weaver kicked the PAT with only three seconds left on the clock, giving the Tigers a 14-7 halftime lead.

In the third quarter, the Moguls rallied to even things up. It took nine plays - a 13-yard pass to Ronnie Whitfield, runs of 26, three and five yards by Aaron Kiser, three carries by Chad James for six yards, and a 16-yard carry by Bobby Dockins - before Dockins evened the score with a seven-yard touchdown run and the PAT kick.

Electra then received the Mogul kickoff and drove 62 yards downfield in the next 11 plays for the final score of the game on a one-yard dive by Brandon Lynn. Weaver kicked the extra points to give Electra a 21-14 advantage.

From the 34-yard line, the Moguls marched downfield to Electra's 16 before being stopped.

Trying to increase their lead, the Tigers moved to Munday's two-yard line, where they faced a fourth down situation. The Moguls had no intention of allowing another Tiger touchdown, however, as Munday's Freddie Sosa broke through Electra's offensive line and tackled Lynn for a five-yard loss.

The Moguls then began their final drive of the night. A 43-yard pass to Kent Latham and runs of three, 12, seven and seven put the Moguls on Electra's 21-yard line before the clock ran out. While the statistics of the game were pretty even, the scoreboard favored Electra when the final whistle blew and the Moguls lost another heartbreaker, 21-14.

The Moguls will face their last AA opponent of the season this Friday night at Scruggs Field as they host the Olney Cubs at 7:30 p.m.

Q: What does the word "Amen" mean?

A: The term, "amen", came from the Hebrew word awmane in the Old Testament. When the New Testament writers were penning the last books of the Bible, they kept the Hebrew form and wrote it in the Greek form, amen. Thus in our translations, "amen" is anglicized (an English spelling of a foreign word). The Greek amen is also translated "truly" or "verily" at times in the English versions.

Every time Jesus said: "Truly, truly" (or in KJV, "verily, verily") "I say to you..." he was literally saying, "Amen, amen, I say to you...". Christ used this address 72 times in the New Testament; therefore, he liked to say a lot of "amens" when he preached.

Like many Christians today, Jesus used this term at the end of his prayer (Matthew 6:13, KJV) as did the Apostle Paul (Ephesians 3:21, etc.) and the Apostle Peter (1 Peter 4:11, etc.) and others. To say "amen" at the end of a prayer is to say "let it be so" or "what I'm saying is true." It certainly is a proper form to use in prayer or to confirm Bible preaching.

The term is translated "amen" in 22 passages in the Old Testament (RSV). Deuteronomy 27 is

Lord, What About Him?

"Peter...said to Jesus, 'Lord, what about him?'" Jesus had just completed an intimate conversation with Peter seeking a response to the question, "Do you love me?"; and then giving Peter the challenge to "Feed my lambs, tend my sheep". Then Jesus indicated to Peter that this would cost him his life, and even how he would die. It was then that Peter wanted to know about John. (See St. John 21:15-24).

After Peter's inquiry concerning John, Jesus replied, "...what is that to you? Follow me." (vs 22) How often we get trapped into centering in on "they" and "them" while forgetting ourselves. Our response to the claims of the Gospel is a very personal thing. The call is to us individually and the answer must come from us personally.

We in the church tend to look around at other folks and become more intent on them than on our own spiritual condition. I believe a part of Jesus' reason behind his

statement on "judging others" comes from the tendency to overlook our own needs while criticizing others. Jesus said: "How can you say to your neighbor, 'Let me take the speck out of your eye', while the log is in your own eye?" (St. Matthew 7:4 NRSV)

Sometimes we slip into the attitude that our faith depends on someone else, or at least is affected in some way by how other people respond or by what happens to them, as was the case with Peter. Jesus calls us to "follow him," a personal call requiring a personal response.

There's a chorus that comes from an Indian Ashram, "I Have Decided to Follow Jesus," in which the second verse affirms: "Tho' no one join me, I still will follow..." Remember Jesus calls to us, each of us individually and personally, "Follow me".

I hope to see you in study and worship this week!

Think

Think of a time when you looked ridiculous. Perhaps it was at a costume party or on a fishing trip or in a school play. In any case, you dressed in such a way that others laughed at the way you looked.

Did you ever stop to realize that ridicule is the act of making someone feel ridiculous? That's why it's so painful. Through taunts, coarse jesting, misrepresentation, or mocking, someone makes you (or what you believe) an object of derisive laughter.

One test of your Christian character is the way you handle ridi-

cule. Do you explode in anger and look for a quick way of retaliation? Or do you leave the matter to God?

Jesus said, "Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake. Rejoice and be exceedingly glad: for great is your reward in heaven."

Remember that the next time you or your godly views are laughed at. And if ridicule is not a problem you face often, perhaps you had better check to see if your light is really shining!

See you next week and remember: few things heal more than the laughter of delight; few things hurt more than the laughter of derision.

CONCERNING OUR SICK

Hes Hall was released from the Seymour Hospital Wednesday after a 10 day stay. I've talked to him a couple of times since his return home, and he says he's feeling pretty well, and certainly glad to be home.

Betty Lyles is still recovering from her recent knee surgery. She says it's improving but sure not back to 100% yet.

Juanita Burnett is a patient in the Knox County Hospital suffering from a heart problem. She was admitted on Wednesday night and will be there 3 or 4 days for observation.

Bill Rutledge has been a patient in the Knox County Hospital. I have not heard whether or not he has been released.

Virginia Griffith is some improved at this time. She was able to go in a wheel chair to the lobby of the care home Thursday night for musical entertainment. This was the first time she has been able to be up for any period of time for several weeks.

Jane Gideon worked a couple of days at the school this week but the last couple of days has not felt as well as she had been feeling. Just taking her quite some time to get back to feeling like her "old self" again.

There are probably others whom I have missed but as usual our prayers and good wishes go to all who may be having problems in their life at this time.

FOOTBALL NEWS
I goofed again! I thought BHS had an open date this week (read my schedule wrong). They did play ball as did junior high and here's how it went.

The Benjamin Mustangs won their 2nd game of the year by defeating the Paint Creek Pirates 46-12.

With 17 seconds to go in the first half, the Mustangs made their first tally of the game, which came on a 46 yard pass from Ricky Trepanier to Bo Welch. The try for 2 was successful, making the score 8 to 6 at half time, in favor of the Mustangs.

Outstanding player for the Mustangs was Tres Pierce, who scored 3 TD's and was perfect with his extra point attempts. He also led the team in tackles. Bo Welch was

greatly appreciated.

The museum committee reported that the location of the Knox County Museum has been decided - south of the courthouse. On Friday a sign was put up saying "Future Site of Knox County Museum". That's a start and it will be good to see that become a reality.

Janice Tolson reported that her committee has looked into the possibilities of a Senior Citizen Housing Project which would also provide accommodations for the handicapped. A survey is being

the leading ground gainer with over 150 yards in total offense.

Benjamin's next game will be against Rochester at Benjamin October 3. Game time will be 7 p.m.

JR. HIGH MEETS NORTHSIDE

The Benjamin Junior High Colts were defeated by the Northside Indians on Thursday night. The game was played at Northside, with a final score of 51-20.

Scoring for the Colts was tailback Edward Estrada on runs of 15 and 25 yards. Also scoring was fullback Chad Rainwater on a 25 yard gallop from the line of scrimmage.

Outstanding defensive players were Chad Rainwater and Andy Dushan. The Colts' next game will again be with Northside to be played here October 3 at 5:30 p.m.

HIGH SCHOOL FAVORITES

Last week was election week at Benjamin High School when all school favorites were selected.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device.
- (2) Preventing electric service from being correctly registered by a meter device.
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies, the Cooperative should be notified as soon as possible so that the meter can be resealed.

MHS Students To Participate In KTXS Quiz Bowl

By Ronnie Whitfield, MHS Journalism Class

KTXS of Abilene is hosting an Academic Quiz Bowl. Munday High School has been invited to participate in these series of programs.

The taping of these programs will begin in November. Each school will enter one team which will consist of four students. The tournament will be single elimination, and each time our school makes an appearance, our library will receive a donation of \$100 from KTXS towards its replenishment.

This program will be exciting and will encourage the academic achievement of our students. Mrs. Karen Longan has volunteered to be the coach of the MHS students. Hopefully, the Academic Quiz Bowl will be a yearly event at MHS, and many students will have the opportunity to be involved with its success. ***
