IRS Tax Form Change Alert

Internal Revenue Service has simplified its 1040 forms for next year in the spirit of becoming a "kinder, Texas saw brisk voting activity in to vote. gentler" IRS.

It goes like this:

(B) HOW MUCH DO YOU HAVE LEFT?

(C) SEND IN AMOUNT ON LINE B.

During one "generation gap" quarrel with his parents, young Michael cried out, "I want excitement, adventure, money, and beautiful women. I'll never find it here at home, so I'm leaving. Don't try and stop me!"

With that, he headed toward the

His father rose and followed close behind.

The son exclaimed, "Didn't you hear what I said? I don't want you to try and stop me."

"Who's trying to stop you?" replied his father. "If you wait a minute, I'll go with you."

There were two brothers, 8 and 10 years old, who were exceedingly mischievous. Whatever went wrong in the neighborhood, it turned out they had had a hand in it. Their parents were at their wits' end trying to control them. Hearing about a preacher nearby who worked with delinquent boys, the mother suggested to the father that they ask the preacher to talk with the boys. The father agreed.

The mother went to the preacher and made her request. He agreed, but said he wanted to see the younger boy first and alone. So the mother sent him to the preacher.

The preacher sat the boy down across from him at a huge impressive desk. For about five minutes they just sat and stared at each other. Finally, the preacher pointed his forefinger at the boy and asked, "Where is God?"

The boy looked under the desk, in the corners of the room, all around, but said nothing. Again, louder, the preacher pointed at the boy and asked,

"Where is God?"

Again the boy looked all around but said nothing. A third time, in a louder, firmer voice, the preacher leaned far across the desk and put his forefinger almost to the boy's nose, and asked,

"Where is God?"

The boy panicked and ran all the way home. Finding his older brother, he dragged him upstairs to their room and into the closet, where they usually plotted their mischief. He finally said, "We are in BIG trouble."

The older boy asked, "What do

you mean, 'BIG trouble'?"

His brother replied, "God is missing and they think we did it!"

Munday Elementary Students Jump Rope For Heart

Students from Munday Elementary School raised \$2,033 from friends and family members who sponsored them in the school's Jump Rope For Heart event. This year marks the 20th anniversary of Jump Rope For Heart and children jumping to fight heart disease and stroke.

Students at Munday Elementary School joined the ranks of 25 million students who have raised more than \$262 million since 1979 to support American Heart Association research, community service and education projects, like Heart Power! an education program for schools. They also learned about community involvement and the fun of physical activity.

A joint project of the American Heart Association and Texas Association for Health, Physical Education, Recreation and Dance, Jump Rope For Heart involves elementary students in the fight against heart diseases and stroke,

America's No. 1 and No.' 3 killers. Participants learn the benefits of physical activity and community service.

This popular event has been conducted in schools across the country for two decades. Students jump in teams and collect donations from their sponsors. Prizes are awarded according to the amount of money raised. Participating schools receive physical education equipment and AHA educational materials.

For more information, call the American Heart Association at (940) 397-0700 or visit the AHA online at www.americanheart.org.

The American Heart Association spent more than \$312 million during fiscal year 199798 for research support, public and professional education, and community programs. With more than 4 million volunteers, the AHA is the largest voluntary health organization fighting heart disease and stroke, which annually kills more than 959,000 Americans.

CLEAN UP DAY SUCCESS

The Sorosis Club was very pleased with the "turn-out" Saturday for the annual clean-up day. Lots of vacant lots were burned and several old, abandoned structures are now just ashes. It's sure good to get a lot of this done. The firemen were out all day with the trucks and hoses close to all the fires in case some of the flames "went away" but nothing happened. Just good clean burning. The club express appreciation to all those who helped in any way. The noon meal in the park was good and gave workers a chance to rest and visit as well as eat. It was a good day.

Alzheimer's Workshop Scheduled for Knox City

Caring for and learning to better deal with disoriented persons, especially those with Alzheimers or dementia, can sometimes present challenges that are new to family members or professionals. A special training to ease this challenge is planned for Wednesday, March 22 in Knox City.

Dr. Carol Rice will conduct the training for area residents at 3:30 p.m. at the Brazos Valley Care Home in Knox City. Dr. Rice is a registered nurse with expertise in community health, gerontology and mental health. She holds a joint appointment as a health specialist with the Texas Agricultural Extension Service, and associate

professor of public health and safety with the Texas A&M University's Health Science Center School of Rural Public Health.

workshop will provide you with information concerning the

recognition of signs of Alzheimer's disease, ways to deal with loved ones or patients who are experiencing disorientation, and coping with your own inabilities and feelings regarding this care.

If you are interested in attending the workshop, please contact the Knox County Extension office at 940/454-2651 by Monday,

March 20.

Educational programs of the Texas Agricultural Extension Service are open to all citizens without regard to race, color, sex, dis-The approximate one hour ability, religion, age or national origin. Individuals with disabili-

ties who require an auxiliary aid, service or accommodation in order to participate in a meeting or program are encouraged to contact the Knox County Extension office at (940)454-2651.

The statistics on new business failure are frightening. Some reports show that as many as half fail in the first two years.

Your community doesn't have to follow these statistics if you shop with home town merchants. They need your support and you need them to keep your community the great place it is to live, work and play.

Let's help keep these local stores in business and encourage new businesses to open. Without these stores you would be left to pay the tax burden alone. Think about it before your go shopping out of town.
