PRESIDENT OKAYS PROJECT FOR CITY PARK

Four Moguls Make All-District Team

Gainor, Toney Get A Unanimous Vote Of Coaches

Troy Denham, A. B. Kitchens, Forrest Yancy and Jiggs Thompson were the four Munday Moguls who were selected by coaches in this district as members of the all-district eleven. The poll taken of coaches in the district was announced Wednesday by the Abilene Reporter-News.

Only unanimous choices for the all-district eleven were O. G. Gainor, end, and Coy Toney, guard, members of the Stamford Bulldogs, district champions.

Coaches participating in the poll included C. H. Roland, Anson; Jim Mobley, Albany; Marcus Smith, Hamling; Billy Cooper, Munday, and Leo Walker, Stamford.

All-District Team

Ends—Gainor, Stamford, and Sowell, Hamling; tackles—Kelley, Stamford, and Huddleston, Albany; guards—Toney, Stamford, and Denham, Munday; center—Kitchens, Munday; backs—Yancy, Munday; Henshaw, Haskell; Ivey, Hamling; Thompson, Munday.

Honorable mention:

Ends—Broach, Munday; Hammock, Albany; Thurman, Anson. Tackles—Walton, Munday; Stevens, Munday. Guards—Tackett, Albany; Tidwell, Stamford; McCarty, Munday. Center—Smith, Stamford. Backs—Giles, Anson; C. Pippin, Munday; Hammond, Albany; J. Pippin, Munday; Freeman, Albany; Pearce, Anson; Kinard, Stamford; and Fuqua, Stamford.

Roberts Speaks To Legion Men At Meeting Here

Over 65 Are Present To Hear Commander Friday Night

Lois J. Roberts of Borger, state commander of the American Legion, made a very interesting and informative address to ex-service men at the American Legion meeting here last Friday night. Mr. Roberts was agreeably surprised at the number of Legionnaires and ex-service men who turned out for this meeting.

Prior to the address a feed of ham, salads, doughnuts and coffee was served to all present. The group gathered and had an informal visit with the state commander.

Don Ferris, post commander, introduced the speaker. Mr. Roberts reviewed the departmental program for 1940 and touched briefly on the Chicago convention and the national program. Most interesting were his remarks on the American Legion's part in community life, in national life, and in keeping the United States out of foreign wars. He also spoke of the national defense program which has been recommended by the American Legion—that of increasing the air force, the standing army and the National Guard.

He called upon all posts represented to enroll all possible ex-service men in the Legion, stating it was through increased memberships that the Legion was able to maintain its power in affairs of the state and nation. He said the day of asking donations for the Legion was over—that this organization has become more than ever one of service to the community. Speaking of communism, Roberts said the communists didn't dare to try to place teachers in the schools, agitators in the community, or spread its propaganda where there is an active Legion post.

Cotton Checks

County Agent W. W. Rice stated that 39 AAA conservation checks have been received in Knox county, in the amount of \$5,026.14. To date, 1387 checks have been received, totalling \$231,949.74.

POSTOFFICE WILL BE OPEN SATURDAYS

Postmaster Lee Haymes announced this week that the post office in Munday will remain open all day Saturday, December 16, and Saturday December 23. The post office is being kept open on Saturday afternoons to accommodate those wishing to mail Christmas packages.

Mr. Haymes is also urging all citizens to mail their Christmas packages early—in plenty of time for them to reach their destinations by Christmas, in spite of the holiday rush.

Arledge Stock Sale Is Best In Entire Nation

The Arledge stock sale, which was held Wednesday afternoon, was declared by competent authorities as one of the best hereford auction sales in the entire nation. Over 250 people were on hand, representing many states.

Forty-seven registered Herefords were sold at auction. \$2,700 was paid for one outstanding yearling bull; \$2,600 was the next top price paid for a bull calf. Both of these bulls were purchased by out-of-state buyers. Twenty-four bulls and 23 heifers were sold, bringing an average price of \$501.

"This was a very remarkable sale," County Agent Rice said, "and shows what can be done in Knox county in the way of producing more and better livestock. Our hats are off to the Arledge Brothers, Henry of Knox City, and Roy of Stamford."

Vera Resident Dies Tuesday Of Crash Injuries

Howard McMurry, 26, well-known farmer and trucker of the Vera community, died early Tuesday at the Baylor county hospital of injuries received when his car crashed with a car driven by Mrs. L. L. Berry of Archer county. The accident occurred Sunday morning near Vera.

Funeral services for McMurry were held Wednesday afternoon at 2:30 from the First Baptist church at Vera. Rev. J. E. Evans officiated, being assisted by Revs. J. R. Balch, R. I. Hart, A. W. Blaine and Ray Lee. Burial was in the Vera cemetery.

Surviving, besides the widow, are the parents, Mr. and Mrs. V. McMurry of Vera; two brothers, Wilburn McMurry of Seymour, and Bobby McMurry, Vera, and a sister, Lois Marie McMurry, Vera.

McMurry's wife was slightly injured in the accident which happened three miles east of Vera. Several other persons were in the car driven by Mrs. Berry, all of whom escaped injury.

Charges of negligent homicide were filed against Mrs. Berry, following the death of McMurry, according to reports received in Munday.

Weather Report

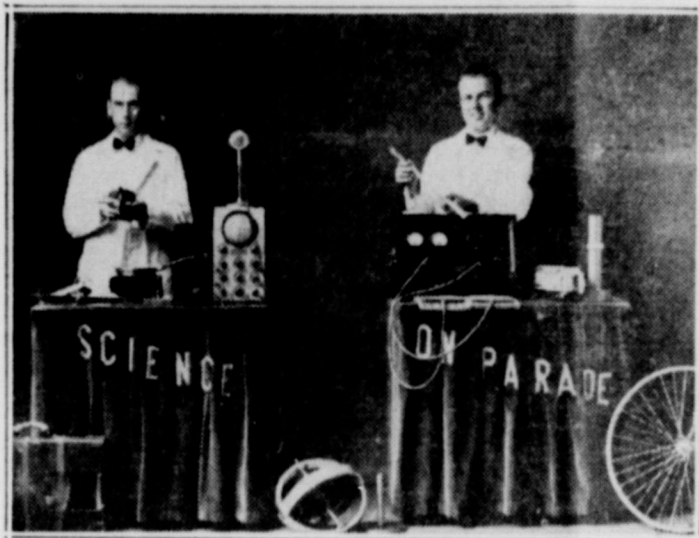

Weather report for week ending December 13, as recorded and compiled by H. P. Hill, Munday, U. S. Co-Operative Weather Observer.

	LOW	HIGH
1939 1938		
Dec. 7	43 33	76 65
Dec. 8	36 38	70 63
Dec. 9	47 31	74 69
Dec. 10	42 51	82 79
Dec. 11	41 40	85 67
Dec. 12	56 35	71 50
Dec. 13	34 25	63 45

Rainfall to date this year, 15.08 inches. Rainfall to this date last year, 24.50 inches.

Leland Hannah was a business visitor in Abilene last Tuesday.

"Science on Parade," to be Dec. 20

Science on Parade, a demonstration of the Induction Furnace, Gyroscopes, Oscillograph, etc., will be presented at the school auditorium in Munday on Wednesday, December 20, at 7:30 p.m.

Not modernistic but futuristic is this demonstration of scientific wonders. See the kitchen of the future which is absolutely heatless. In proof an egg will be cooked in a skillet with a newspaper or hand between the skillet and stove. Absolutely no heat passes between stove and skillet yet the egg is thoroughly cooked. This is the Induction Furnace which is becoming increasingly important in the field of medicine. How it creates heat in the human body, destroying stubborn germs is clearly explained.

Magic displays of electricity, such as lighting a bulb suspended in mid-air with no electrical connections whatsoever, will be presented. The principle of controlling light from a distance without

wires, such as William Powell, movie star, uses in his home and garage, will be explained.

You may see your own voice recorded by the Oscillograph, a modern apparatus which shows on a screen the nature of various types of voices and the sounds of various musical instruments. The uses and applications of the Oscillograph are fully explained.

But most important of all will be "Tops," a simple name for Gyroscopes. For the Gyroscope has graduated from the ranks of a toy to that of an invaluable aid to science, particularly aviation and shipping. The large 50 lb. man-wrestling gyroscope will be shown. There will be applications of the principle of the gyroscope to such instruments as the Airplane Stabilizer, Gyro-Compass, Gyroscopic Eye and Gyro-Pilot. All of these modern and essential applications will be demonstrated.

PENSION CHECKS SHOW SLIGHT INCREASE

December old age pension rolls will number 121,341 recipients receiving an average of \$8.75 each, officials of the Department of Public Welfare announced last week.

Compared with November, this was a reduction of 306 in the number of recipients, and an increase of 14 cents in the average grant.

Writing of checks started last week and will be completed about mid-month. The total pension payment will be \$1,062,307.

It was explained that the claims approved on the basis of need, amounted to \$1,790,353; but because of insufficient funds on hand each claim was cut \$6 to bring the total amount paid out down to \$1,062,307.

Farmers Vote For Referendum For Next Year

The 1940 cotton referendum carried in Knox county by an 80 per cent majority in last Saturday's election.

The referendum carried in the nation by a 91 per cent majority, County Agent Walter Rice said Thursday.

One outstanding peculiarity of the election was that there were 126 ballots cast in the county against the referendum for 1940; in 1939, 121 ballots were cast against it, and 112 were cast against it in 1938. This shows very little variation in the opinion of those cotton growers who oppose controlled cotton production.

New Tractor To Be Demonstrated Next Tuesday

H. A. Pendleton, dealer for the New Ford-Ferguson Tractor, has announced a demonstration of this tractor with new equipment for next Tuesday. The demonstration will be held one-half mile south-east of Munday, on the Throckmorton road.

The new tractor will be demonstrated pulling the new two-row later equipment which has just been received. Those who have seen the tractor pulling other equipment have expressed a desire to see it perform with two row implements, and Mr. Pendleton is offering this opportunity next Tuesday.

The entire public is cordially invited to come out and see this latest type of farm machinery in operation.

Gossett Speaks

Ed Gossett, congressman from the 13th congressional district, of which Knox county is a part, addressed a group of farmers at the courthouse in Benjamin at three o'clock December 14.

Mr. and Mrs. Isham Brown of Wickett, Texas, visited friends and relatives here last week.

WE WANT TO SEE SANTA

"Us boys" here at The Times Office want old Santa Claus to come to see us this Christmas, and members of our "Times Family" can help us a lot. Here is how you can do it:

You have a dollar somewhere in your jeans that will bring The Times to you for a full year, if you'd just come in and fork it over to us. Then we could use the dollar to guarantee Santa's visit, and by the end of next week everything will be set for Christmas.

Now a dollar is a dollar to you, but put them all together—a dollar from each of you who should come in and order The Times for another year—and just think what it would mean to us... and Santa! So just come "barging" in during this week and see how glad we'll be to send you The Times. You will be playing Santa Claus to us and yourself, too, by ordering The Times for another year!

Work Started Thursday On City Hall Lawn

22 Youths Certified For Work Under NYA Project

Notice was received the first of this week that the application for an NYA project to improve the city hall lawn had been approved, and work was started on the project on Thursday of this week.

The lawn will be spaded up to a good depth, fertilized, resodded and beautified, according to Riley B. Harrell, city secretary. In addition to this work concrete walks will be built across the lawn at places where citizens have beaten trails across the grass.

When the lawn is leveled, loosened up and resodded it will be much easier to keep the city's premises more beautiful. Various flowers and shrubbery will be set out at various spots, thus adding to the beauty of the premises.

Mr. Harrell stated that 22 boys have been certified and approved for work on the project, and he expects others to make application for this work.

14,981 Bales Of Cotton Are Ginned Prior To Dec. 1

A report received Wednesday from Hoyle H. Sullins, special agent for the Department of Commerce bureau of the census at Washington, gives the ginning report for Knox county prior to December 1st.

The report shows that 14,981 bales of cotton were ginned in the county from the crop of 1939 prior to the first of this month. This is 9,108 bales short of the crop of 1938, the report showing 24,089 bales ginned prior to the same date last year.

Praises Moguls

Mrs. Dave Eiland received a letter recently from her daughter, Laverne, who is attending the Sealy Nursing School at Galveston. Laverne included a word of praise for the Munday Moguls and congratulated the local team and Coach Billy Cooper upon the success of the Moguls this year. She is a former pep squad leader of Munday high school.

CHILI SUPPER AT THORP

The Woman's Missionary Society of Thorp is sponsoring a chili supper at the Thorp Church Friday evening, December 22, from six to eight o'clock. Coffee, cookies, pie, and cocoa will also be served. All items will be five cents each.

Entertainment will be furnished by a special quartet, and special musical numbers.

Mrs. Roy Cuthbert and daughter, Patsy Jane, of Baird came in Tuesday morning for a visit with Mr. and Mrs. J. C. Campbell and family and other relatives.

Atkeison Food Store Observing Its Anniversary

Observing 28 years of service to the people of Munday and the trade area, Atkeison's Food Store is this week announcing specials on practically all food items carried in the store. This anniversary sale will continue through the holiday season, and all citizens will find substantial savings at this Munday store.

"As we come to the close of our 28th year serving Munday and surrounding country, we sincerely thank everyone for their highly appreciated patronage," the Messrs. Atkeison said. "You have made it possible for us to continue year after year.

"In extending the season's greetings we hope this Christmas and the year just ahead will bring health, happiness and prosperity to all."

Over 100 items are listed on Atkeison's page ad in The Times this week, giving the people a few of the many low prices which are in effect throughout the store during this anniversary celebration.

To Loose Turkeys

At ten o'clock Saturday morning, a number of turkeys and guineas will be turned loose from the top of Atkeison's store. Some of these will have tags tied to their legs, good for certain items in the store. Everyone is invited to gather and join in the fun when these fowls are turned loose.

Top prices will also be paid for cream, eggs, hides and poultry at Atkeison's Farmers Produce during the anniversary sale. "Bring in a load of produce; take home a load of groceries," is the invitation extended to Knox county people.

Fireboys Have 75 Present For Local Banquet

A program which coupled fun with seriousness was rendered on Thursday night of last week at the benefit banquet sponsored by the Munday Volunteer Fire Department. Approximately 100 tickets were sold to the feed, and 75 persons came to enjoy the program and feed which was served by Coates Cafe.

Harvey Lee, president of the fire department, was toastmaster and called for the various numbers. Following the singing of "America," led by L. M. Palmer, the invocation was said by Rev. W. H. Albertson, fire department chaplain, and everyone waded into the turkey dinner with an earnestness that told of real appetites.

Following the dinner, the high school trio, composed of Lenore Longino, Polly Silman and Jane Campbell, sang two very enjoyable numbers. Miss Mildred Kennedy was accompanist at the piano. Interesting talks which took on a serious vein were made by Rev. Albertson and Rev. R. W. Bryant. Dickey Owens sang two very beautiful solos, accompanied by Miss Kennedy, and a short talk was made by Carl Patterson, county attorney.

C. R. Elliott then reviewed briefly the history of the fire department, and told of the old "rope and bucket" days in Munday. Just thinking of those old days so filled C. R. with laughter that he could hardly tell the humorous events which happened. He said this fire department nearly always "saved the lot," and was largely responsible for so many of the lots remaining in Munday.

E. U. Parchman expressed appreciation for the cooperation given the fire department and told of the convention of West Texas firemen which will be held in Munday next May, explaining that proceeds from the banquet will go toward helping entertain the visiting firemen.

The banquet room was filled to overflowing by those who came for the feed.

Mrs. Roy Cuthbert and daughter, Patsy Jane, of Baird came in Tuesday morning for a visit with Mr. and Mrs. J. C. Campbell and family and other relatives.

Congressman, Senator Do Valuable Work At Washington

Notice that presidential approval had been granted for the project to construct the city park for Munday was received this week by city officials. The park will be constructed on the grounds purchased last summer from the Cartwright estate.

Both Senator Tom Connally and Congressman Ed Gossett informed local officials that the project had been approved by the president. A wire from Senator Connally stated that the project is now eligible for operation at the discretion of the state works projects administration.

The "go ahead" signal is expected from the state officials within the near future, as soon as some few technicalities are worked out, according to Riley B. Harrell, city secretary.

Work at the city park will include the construction of a dam reservoir which will make a 25-acre lake, construction of golf links, tennis and croquet courts, a club house, a keeper's house, all on the park grounds. In the grove will be located playground equipment, children's wading pool, picnic tables and barbecue pits.

The entire park will be landscaped, and it is expected to be made one of the most attractive recreational spots in this section.

Work on the park is expected to begin shortly after approval by the state projects administration.

Senator Connally and Congressman Gossett have devoted much time toward getting this project approved for Munday, and all connected with the project locally are enthusiastic in their praise for this valuable work by their representatives in Washington.

Cantata To Be Given Sunday At Baptist Church

The Munday Choral Club will present the following program at the Baptist Church, Sunday evening, December 17, at 7:30 o'clock.

"CHIMES OF THE HOLY NIGHT"

Mrs. Longino, director; Mrs. Jim McDonald, pianist; Mrs. C. P. Baker, reader.

Scripture, Matthew 2: 16 & 11.
The Star in the Eastern Sky—Mrs. Don Ferris and Chorus
Oh, Holy Night, from the cantata "Bethlehem"—Miss Gail Reynolds
The Lord is Born Today—Chorus
Benediction.

TO BE IN PLAY

Winston Blacklock of Munday, who is attending John Tarleton College, Stephenville, will appear in Percival Wilde's play, "The Sequel," Monday evening, December 18, in the Tarleton auditorium. Two other plays will be presented also at this time by the Tarleton Players, of which Blacklock is a member.

EDITORIAL PAGE

“What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On”—

IT IS EASY . . .

To resolve to go on a diet just after a heavy meal.

To be a pacifist until your country calls for you in war.

To oppose capital punishment until one of your own flesh and blood has been slain.

To want to drive recklessly in a great new motor car until you hit an innocent man, woman or child and see them writhing before your own eyes in the death agony of their own blood.

To think that you are the most unfortunate creature under God's heaven until you see a blind person groping along in total darkness.

To bemoan that you have to work for a living until you are taken ill and while bedridden know that you cannot work.

To join with the crowd to mob some fiendish brute until you take an oath to uphold and defend the constitution and courts.

To rally jubilantly behind your own team in its hour of triumph and to taunt the unfortunate losers until your own team itself loses.

To determine to be careful just after you are in an accident.

MAJOR FRANK ROBERTS

Frank S. Roberts of Breckenridge is the successor to Beeman Strong of Beaumont, as a member of the new State Board of Public Welfare. Not a professional politician, he has, however, served as District Judge of Caldwell County, and is a distinguished member of the Texas Bar. A veteran of the Spanish-American and late World War, his buddies know

him as Major Roberts.

Judge Roberts has kept up with the activities of the Board since its first existence and he is not at all unacquainted with what has been going on during recent years in the pension bureau in Austin.

Texas is indeed fortunate in having Major Roberts as a member of the Board. He is honest, fearless, frank and friendly, as courtly as a son of the South could hope to be; a believer in discipline, orderliness and obedience to law, and what is more, he is a real man who realizes the grave responsibilities and need for action now on a Board with two other members who likewise are men of splendid attainments and broad and deep sympathies for those concerned in and with the outcome of their public services.

wonder what causes those pensive moods.

Florine has acquired a very charming laugh, which can be heard a very great distance.

Jean has taken a fancy to holidays. Especially the nights.

Clara can sing "South of the Border" very well, if accompanied by a guitar or violin.

Freshman Report

The freshmen came to school Tuesday feeling fine because of their extra holiday.

They are working hard and trying to be good, because Christmas is not many days off.

Urban has received a new name. It's Nosey for nosing around in other pupils' grades. He doesn't seem to like it very much.

Did You Know . . . And How!!

That Bernice has such a love for a certain Model T . . . or is it a Plymouth?

Why Margaret likes to visit a certain Junior girl—or is it the girl's brother?

That Clara plans to be a duchess some day. (Who's the Duke, Clara?)

That Rosa Lee is fond of ex-students of R.H.S.

That the Seniors were slighted on the Honor Roll last week.

That Genevieve likes to go to Seymour.

That Richard loves his classmates.

Boyd Carley of Abilene was a visitor here last Sunday.

EARLY OR LATE—DO CHRISTMAS SHOPPING SAFELY

Hurrying crowds engaged in Christmas shopping, with congested streets and sidewalks unusually hazardous because of winter weather make timely the suggestions to pedestrians by Harold F. Hammond, director of the traffic division of the National Conservation Bureau, accident prevention division of the Association of Casualty and Surety Executives.

Mr. Hammond says:

1. Be sure of your footing when crossing streets in shopping centers, as motorists may not always see the traffic lights or be able to stop in time.

2. The same factors of large throngs, hurry, slippery pavements, noises that confuse the pedestrians in shopping districts, also confuse the motorist. Therefore, don't expect him to do more for your safety than you can do yourself.

3. Avoid carrying large packages, as they may tend to reduce your range of vision and also render you likely to lose your balance and fall.

4. Be doubly careful when crossing streets with children, and avoid large groups where they may get crushed.

5. On crowded sidewalks be careful not to stand too close to the curb, as an unintentional push from behind may throw you onto the roadway.

6. Because jay-walking is one of the greatest cause of pedestrian accidents remember to cross the street at the intersections.

7. Night shoppers should use double precautions for two-thirds of pedestrian accidents occur then.

Will war ever be outlawed? Or will we always live in dread of that great horror of all human beings? The answer lies wholly with the human beings themselves.

It is difficult to understand the aims of those who engage in warfare. Just think of all that they sacrifice to gain territory and prestige. As we have seen, territory is so easily taken away, and prestige collapses so suddenly. Perhaps it is the satisfaction they feel when they have conquered.

But life is too short to waste on such ruthless deeds. We must live and let live in order to feel the real joy of life.

Will war ever be outlawed? Yes, if the whole world ever learns the golden rule; and human beings learn to apply this rule to their dealings with one another, and let its teaching become a habit of their life.

On Friday, December 22, the pupils of Rhineland Public Schools will present their annual Christmas program.

The various rooms will present their programs which will include songs and plays.

There will also be a Christmas tree and distribution of gifts.

Junior Report
Some may think that we are rather slow in our reasoning of geometry, but if they will give us plenty of time, we will perform miracles. Although our teacher thinks the period for geometry is "the romantic hour," we still disagree because we can think of lots more hours that are very much more romantic than our geometry

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

Home Economics District Rally

The Future Home Makers of Sunset entertained the following schools: Knox City, Munday, Haskell, Rule, Rochester, Weinert, Goree, and Throckmorton at the annual District Rally, Saturday, December 9, at Sunset.

Registration started at 9:45. After everyone had registered the program was opened by the Knox City orchestra. The welcome address was given by our club president, Margaret Hardin. Each club was identified and made a report of their progress. In the business meeting it was decided that Knox City would have the rally next year. The girls' creed was given by Gena Beth Griffith. The main interest of the morning program was a one-act play given by the Sunset Club. It consisted of five characters, two boys and three girls. (Don't be alarmed; they were girls dressed like boys.) The

rest of the program consisted of piano solos, a duet, a trio, group singing, and an accordion solo. This concluded the morning program.

The afternoon program started at one o'clock; it was made up of numbers from each school, and consisted of piano solos, singing, readings, and one-act plays.

There were approximately 130 registered.

Everyone reported a good time. The Sunset Club was very happy to entertain the rally this year.

Football Season Closes

Monday night the football boys were given a banquet at the Coates Cafe, in Munday, by the teachers. All of the boys, teachers, Mr. Claude Reed, and Dr. R. L. Newsom were present. Dr. Newsom made a very interesting talk on football. He stated that football was the best body-builder of any sport. Everyone else there made a short talk on football.

The menu consisted of Turkey, Dressing, Cranberry Sauce, Mashed Potatoes, Green Beans, Fruit Salad, Pumpkin Pie with Whipped Cream, and coffee or milk.

Everyone reported a good time . . . and plenty to eat.

The Eagles will open their basketball season Friday night in the O'Brien invitation tournament.

Seniors On Parade

A. J. Gilbert, the son of Mr. and Mrs. A. J. Gilbert, was born October 3, 1922, east of Munday.

A. J. is six feet tall and weighs 126 pounds. He has brown hair and blue eyes.

His favorites are: color, blue; subject, science; sport, basketball; hobby, music; and song "Scatterbrain."

After finishing school A. J. plans to continue his study of music.

Personals

Mr. and Mrs. J. O. Bryan and daughter of Wichita Falls visited Mr. and Mrs. M. H. Simmons, on December 4 and 5.

Mr. Nixon and Nell went to Abilene Friday, December 8, and returned to their home Saturday.

Wanda Sue Partridge is ill, but is somewhat better.

Miss Bobbie Waldron of Benjamin spent the week-end with her parents, Mr. and Mrs. A. J. Waldron.

Billy and Betty Hardin of Vernon visited Mrs. Hardin and children, Sunday.

Mr. and Mrs. B. F. Cornett of Knox City visited Ruby Hutchinson and parents, December 6 and 7.

Did Ya Know—Did Ya?

That Johnnie Nell was at Polly's Sunday. (Which one did you go to see, Nell?)

That Cecil Joe and Roddy always get home Sunday morning in time for Sunday School?

That someone at O'Brien is sure worried about not getting to see Jo Smith? (Come on, Jo, tell us who it is!)

That Edith is already getting Christmas presents? (Gosh, Edith, you're getting an early start!)

That Leola goes to church every Sunday night at Knox City?

That Victor is about to forget someone at O'Brien?

That Vaudine is expecting a big Christmas? (Where are you going, Vaudine?)

That Rachel seems to be very generous about letting people wear her class ring? (Say, Rachel, who's going to wear it next?)

That Doris was rather disappointed the other day at school

when she did not get to see the visitors we had?

That Claude Richardson has to talk now, because he can't write?

That Roy seems to like to go to Needmore? (Say, Roy, who is it now?)

That Nell and La Verne were shooting things up the other night? (You weren't scared, were you?)

That Polly wonders if she could ever do anything without Minnie finding it out. (You guess.)

High School Honor Roll

Seniors—Joe Tom Nelson 91, Virginia Parkhill 96, Margaret Hardin 91, Claude Harrison 90, Glendon Matthews 90.

Freshmen—None.

Juniors—Jane McLeroy 91, Doris Walker 94.

Sophomores—Pauline McAfee 91, Wynell Lowry 91, Ruth Jeanette Partridge 92, Paul Nelson 90.

Grammar School News

The first grade is going to complete their store this week. They will have their sale next week. Everyone is invited to come. They are sorry that Bearyelene Washburn has moved to Weinert.

A week from Friday the fourth grade will take part in a program. Everyone is invited to come.

In the fifth grade Citizenship Club, they adopted the following motto: Live pure, Speak true, and Right wrong. The club colors are red, white and blue. Their club poem is as follows:

The Perfect Knight
 If I would become the perfect knight,
 I must every day follow that which is right,
 Never a cowardly act be mine,
 I must help the weaker ones,
 every time!

Reverent, chivalrous, honest and clean,
 I must score any act that is base or mean.
 I firmly believe that Right makes Might.

That is the creed of the Perfect Knight.

The eight best citizens for the week were Barbara Jane Almanrode, Willie Marie Coburn, John Voss, Margie Lowrey, Daisy Hutchinson, Louis Washburn, Bonnie Lou Jordan, and Martha Louise Walker.

Second Grade Program

Last Friday, December 8, the second grade presented their program under the direction of Mrs. Reed.

The program was opened with some of the boys and girls singing "December." Their play was a Christmas story. The name of it was "Do Unto Others." The remainder of the program consisted of songs, readings, and the rhythm band.

There were several visitors, and

Great Cast Brings "The Rains Came" To Life on Screen; to Show Sunday

Picture Stars Myrna Loy, Tyrone Power, And George Brent

Hailed as one of the truly great motion pictures of all times, Darryl F. Zanuck's production of "The Rains Came," the sensationally successful novel by Louis Bromfield, opens Sunday, December 17, at the Roxy Theatre, with Myrna Loy, Tyrone Power and George Brent sharing stellar honors.

This powerful story of human emotions at the breaking point and human lives at the climax, while the untamed forces of nature ravaged the earth, have been faithfully retold in this 20th Century-Fox film, in which all of Bromfield's colorful characters are brought to vivid life.

Myrna Loy is seen as the amorous Lady Esketh, Tyrone Power has his romantic role as Major Rama Safti, and George Brent plays the world-weary Tom Ransome.

Brenda Joyce, star-maker Zanuck's newest discovery, interprets the role of young Fern Simon, while others featured in the great cast are Nigel Bruce, Maria Ouspenskaya, Joseph Schildkraut, Jane Darwell, Marjorie Rambeau, Henry Travers and H. B. Warner.

Clarence Brown directed the production, which reproduces with

everyone enjoyed the program.

Grammar School Honor Roll
 Second—Patsy Ann Matthews, Weldon Mansfield, Druella Frost, Donald Nix.

Third—Bobby Joe Fitzgerald, Teresa Harber, Robna Claire Moore, Doris Wayne Phillips, Carrie Bell Smith, Carlyne Jones, Maxine Hill, Billy J. Lain, Charles Hardin.

Fourth—Leroy Russell, Ronald Foshue, Curtis Wayne Gollehon, Anna Sue Woldron, Mary Lou Nelson, Dorman Followill, Jo Ann Whittemore.

Fifth—None.

Sixth—Christine Lindsay, Mart Hardin, Wanda Sue Nelson.

Seventh—None.

Mrs. George Smith and Mrs. Barker of Lockney visited their sister, Mrs. C. P. Baker, a few days last week.

Mrs. Lee Haymes spent the week end in Plainview visiting her sister.

The 6-year-old son of Mr. and Mrs. Herman Floyd of Sunset is recovering from a recent attack of pneumonia.

breath-taking realism the earthquake, flood, fire and plague, highlighting the novel. Philip Dunne and Julien Josephson wrote the screen play and Harry Joe Brown was associate producer.

Interviewed after his first showing of the film, Bromfield declared his delight with Zanuck's picturization of his novel and the expertness of Brown's direction.

The fact that employment of youths under the N.Y.A. programs in this county brings around \$800 per month into the county was made known Monday by Armon L. Kimbrough of Haskell, area supervisor for the N.Y.A.

The N.Y.A. was organized in 1934 and operated in connection with the W.P.A. until 1939 at which time it was separated and became an organization of its own. The appropriation for 1939 for N.Y.A. work was 100 million dollars, an increase of 25 million over last year. Kimbrough stated this was the only government agency which had an increased appropriation this year.

"The N.Y.A. is primarily interested in a training program which will benefit the boy or girl in securing future employment," Kimbrough said. The organization only draws from girls and boys between the ages of 18 and 25."

Knox county hasn't participated in N.Y.A. activities to any great extent until recent months. During this time the county has employed around 50 to 60 youths, which brings a total of about \$800 per month into the county.

Projects in this county are clerical and school ground beautification. Units of these projects operate at the courthouse at Benjamin, Chamber of Commerce offices, libraries, and at the respective schools. Every school in the county is participating in a beautification program.

There will be a gradual increase in employment of youths on the two projects mentioned above, Kimbrough said.

Mrs. Frank Sadler of Princeton, Indiana, visited in the home of Mr. and Mrs. Sebern Jones several days last week.

Spurgeon Hyde of Stamford was a visitor here last Sunday.

Mr. and Mrs. J. R. Burnison, Mrs. Frank Burnison and Geraldine Thompson visited in Plainview and Lubbock over the week end.

Mr. and Mrs. Billy Benson were visitors in Fort Worth over the week end.

Mr. and Mrs. Sam Roberts of Haskell and Mr. and Mrs. Grady Roberts spent the week end in Byers with their mother.

Mrs. H. H. Cowan and Miss Merle Dings were visitors in Wichita Falls last Saturday. They were accompanied home by their sister, Maxie Dings, who visited her parents here over the week end.

Mrs. Jim Reeves of Haskell visited friends and relatives here last Sunday.

E. H. Bauman was a business visitor in Dallas the first of this week.

SEE THE NEW

Ford Tractor

PULLING A TWO-ROW LISTER

at our demonstration

Tuesday, December 19th

The new Ford Tractor will be demonstrated pulling a 2-row lister, from 9 until 1 o'clock Tuesday, in a demonstration held 1/2 mile southeast of Munday on the Throckmorton road.

We cordially invite each and everyone to come and see the amazing work done by this tractor and implement. It's the latest and most complete thing in modern farming.

County Council Plans Christmas Party December 14

The Knox county home demonstration council held an all-day meeting December 8 in the assembly room at Benjamin. The purpose of the meeting was the completion of the 1940 yearbooks. Twenty-seven members met with the demonstration agent. A delicious lunch was enjoyed at noon.

The chairman called a business meeting and each club gave its year's report. Reports were also made by all standing committees.

Mrs. M. J. Jones gave a report of the two-days conference on Nov. 6 and 7 with AAA officials in the Kemp Hotel at Wichita Falls to talk over the 1940 farm program.

Arrangements were made for the annual Christmas tree party for the club women and their husbands. This part will be on the night of December 14 in the assembly room at Benjamin. A Christmas tree is being planned.

Christmas Party For "84" Club Is Held Tuesday Night

Club met last Monday night in the T. G. Benghe home, Mrs. Benghe and Mrs. Blacklock being hostesses for the annual Christmas party. The home was beautifully decorated in green and white, carrying out the Christmas motif.

At the close of the games, a delicious refreshment plate was served, after which Mrs. Benghe and Mrs. Blacklock distributed the gifts from a Christmas tree which was decorated in a variety of beautiful colors. Guests had as much fun as kiddies playing with their toys.

Present were Mr. and Mrs. Chester Borden, Mr. and Mrs. D. E. Holder, Mr. and Mrs. Chester Bowden, Dr. and Mrs. A. A. Smith, Mr. and Mrs. John Ed Jones, Mr. and Mrs. S. E. McStay, Mr. and Mrs. Leland Hannah, Mr. and Mrs. W. E. Braly, Mr. and Mrs. M. H. Reeves, Mr. and Mrs. G. R. Eiland, Mr. and Mrs. C. R. Elliott, Mr. and Mrs. E. W. Harrell, Mr. and Mrs. W. V. Tiner, Aaron Edgar, Mrs. C. L. Mayoy, Miss Stella Broughton, Mrs. Effie Alexander, Miss Christine Burton, Mr. and Mrs. Blacklock and Mr. and Mrs. Benghe.

Bridge Club Meets Monday Night In C. P. Baker Home

Members of the Monday Night Bridge Club met in the home of Mr. and Mrs. C. P. Baker last Monday night. After the games, scores were added, with high going to Fred Broach and Mrs. Grady Roberts.

A delicious refreshment plate was served to Mr. and Mrs. Fred Broach, Dr. and Mrs. J. H. Bass, Mr. and Mrs. Grady Roberts, Mrs. H. A. Pendleton, Miss Mary Couch, Mr. and Mrs. W. R. Moore, and the host and hostess.

Mrs. H. Leathers visited her mother in Paducah several days last week.

Juanita Herring And Doyle Bowen Wed Saturday

Announcement was made this week of the marriage of Juanita Herring of Knox City and Doyle Bowen of Munday. The wedding service was read in Munday by Rev. W. H. Albertson, Baptist pastor, in his home. Only intimate friends of the young couple were present.

Mrs. Bowen is a daughter of Mrs. J. W. Herring and was reared in Knox City. She is a graduate of Knox City high school with the class of 1938.

Mr. Bowen is a graduate of Munday High School. They will make their home in Munday.

COUPLE WEDS HERE

Mr. Mason of Seymour and Miss Ruby Ray of Throckmorton were married here last Saturday evening at six o'clock. The service was read by Justice of the Peace G. M. Bryan.

Sunshine Circle Holds Christmas Party Monday

The Sunshine Circle of Methodist W.M.S. met last Monday night in the home of Mrs. Joe B. King for a social and Christmas tree. The following program was rendered:

Scripture, Mrs. Bounds; Song, "Silent Night," Circle; Praise, Merle Dingus; Story, Mrs. Cobb; Poem, Mrs. Cecil Cooper; Benediction, Mrs. King.

Members present were Mrs. M. R. Bounds, Mrs. Ralph Barrow, Mrs. B. B. Bowden, Mrs. E. Bowden, Mrs. Howard Cobb, Mrs. Levi Bowden, Mrs. L. Womble, Mrs. Cecil Cooper, Mrs. Aaron Edgar, Miss Merle Dingus, Miss Cloe Mayo, Miss Ruth Baker and the hostess, Mrs. Joe B. King.

Mr. and Mrs. W. S. Campbell of Spur, Texas, spent last Sunday here visiting in the home of Mr. and Mrs. J. C. Campbell.

Mr. and Mrs. Riley B. Harrell and little daughter Joanne, visited friends in Albany last Saturday.

Mr. and Mrs. Porter Campbell of Rule and Mr. and Mrs. Ed Verner of Rule visited relatives here last Sunday.

Mr. and Mrs. S. E. McCord of Colorado City spent last Sunday with relatives in Munday.

Mr. and Mrs. H. M. Michels, Mr. and Mrs. H. F. Jungman, Mr. and Mrs. W. C. Hertel and son, William, spent the week end in San Antonio.

"Man," said the stern-faced woman, "will wake up one morning and find that the world is ruled by women."

The husband grimaced. "Um," he said, "that's just like a woman, that."

"What's just like a woman?" she asked snappily.

"Why," he answered deliberately, "to get the better of a man while he's asleep."

Mayfield Kothmann (center), 18-year-old Texan from Mason County, Texas, whose Hereford steer, Lucky Boy II, won the blue ribbon awarded for the grand champion beef animal at the International Livestock Exposition in Chicago, is shown with President S. G. McAllister of the International Harvester Company (left), and Miss Gertrude L. Warren (right), field agent in 4-H Club work, United States Department of Agriculture, Washington, D.C. Young Kothmann, the first Texas boy to win this premier national livestock award, was congratulated while in Chicago by Mr. McAllister and Miss Warren for his skill in feeding and developing the outstanding beef animal in the United States during 1939.

160 Methodists Attend Harvest Day Program Held at Stamford Church

St. John's church in Stamford was the scene of the gathering of 160 Methodist church men and women on Thursday of last week for the annual Harvest Day observance by Stamford district Women's Missionary Society members. This was also the first gathering of pastors and district stewards under Rev. T. M. Johnston, new district superintendent.

A highlight of the day was the presentation of a life membership to Mrs. J. H. Rutherford, Stamford district secretary, by church women in this sector whom she has served twice in her official capacity. Mrs. Nat G. Rollins, Abilene, honorary president of the Northwest Texas conference Women's Missionary society, made the presentation. McMurry college Chanters offered an afternoon program as another highlight of the meeting. Mrs. C. J. Robinson, Jayton, and

Mrs. O. F. Greer, Bomarton, zone leaders, gave brief talks, and reports were heard from women representing 23 auxiliaries of the Stamford district. Mrs. E. E. Tra-week, district secretary of Abilene district, gave greetings and Mrs. C. A. Bickley, Abilene, conference vice president, told Practical Plans of Spiritual Life Groups.

Joint devotional service was held by the men's and women's groups in the morning, with the Rev. Tom M. Johnston speaking. New pastors recently transferred to Stamford district were introduced to the assemblage.

A noonday fellowship luncheon was served by ladies of St. John's church. Bernard Bryant, district lay leader and member of board of directors of Methodist Home, Waco, made appeal to Stamford district churches for liberal Christmas contributions to the home's maintenance fund.

Attending from Munday were Rev. and Mrs. H. A. Longino, Miss Shelley Lee, Mesdames John Lane, S. E. McStay, J. A. Caughran, Ida Simkins, C. H. Giddings, Oscar Spann, Mae Bowden, Levi Bowden, G. W. Dingus and Miss Merle Dingus.

HEFNER NEWS

The W. P. McNeill gin still gins some cotton. Several grain men sowed grain after the rain last week.

Mrs. Earle Wisdom of Seymour attended church here Sunday at the Baptist church. Pastor J. L. Gray had charge of the services.

Mrs. Jim Jackson had as guests Sunday her brother W. H. Hodges and family of Knox City.

Hugh Boggs and wife and daughter of Lovington, New Mexico, have returned home after visiting his mother and brother.

Mrs. Roy Jones and sister have returned home from San Saba, where they visited with their sister, Mrs. Edd Brown.

Morris McElhannon of Calif., is visiting his sister, Mrs. A. L. Haskin, and his mother, Mrs. Lucy McElhannon of Goree.

Mr. and Mrs. Howard Barnett are announcing the arrival of a son, Nov. 29. The youngster has been named Coy Randal.

Mr. and Mrs. Carlton Mooney have returned from Jacksboro, where they attended their grandmother's funeral.

Six Hefner Home Demonstration Club women attended the county council at Benjamin December 8, to complete the 1940 yearbooks.

METHODIST CHURCH

As we are so rapidly approaching the Christmas occasion may I give you some idea of the services to be held in commemoration of the nativity of the Christ.

Next Sunday at the morning service we will remember the children of our Methodist Home at Waco. An annual Christmas offering is taken for them and our gift to them at this time acts as Santa Calus for them for the entire year. We take only one offering but make it so substantial that it meets the needs of the year. Will you bring your offering to church next Sunday or hand it to Jim McDonald at the bank. Please get your offering to someone so as to have it included. The evening service is in the form of a Christmas Cantata by the local Choral Club and will be held at the Baptist church.

Sunday, Dec. 14, the music will consist of the Christmas Hymns and the Christmas message will be given. The evening service of the same day will be given to Christmas songs and the Scripture announcing Christ's birth. Immediately after this a service a company will tour the town carol singing at the homes. The Christmas trees and gifts will be handled through the departments of the Sunday School. Different organizations of the church are passing out baskets to these more unfortunate and without which Christmas might

be a time of discouragement. I will appreciate knowing where such baskets should be placed so as to leave no one without at Christmas time.

The church asks you to honor the Christ by attending worship and remembering those who need our good will and material assistance. Will you not honor the Christ this Christmas?

H. A. Longino, Pastor

FIRST BAPTIST CHURCH

The Munday Music Club will give their annual Christmas Cantata at the Baptist church next Sunday evening at 7:30 o'clock. All the churches are coming together for this service. The following Sunday night the Presbyterian, Methodist, and Baptist churches are having a sing-song service at the Methodist church.

The Sunday school attendance was good last Sunday, 216 being present. We appreciate the way we

are closing this year out. The interest is good and the response to the work from every angle is very encouraging. We are anxious to close this year with a clean financial slate. All of us doing a little will keep it from being a burden on any one. Sermon subject for Sunday morning, The Harbinger of Light. Many people will be visiting the following Sunday, so let's make this go-to-church day.

TEXAS OUT-OF-DOORS

Kills Branded Deer

Austin, Texas.—A branded deer recently killed gave Texas Game Department biologists some light on how deer travel from range to range.

F. C. Heil, of Goliad, Texas, hunting on the Charles Klemstein, Sr., place, shot an 8-point buck which had been marked on the ear and branded with the Ernest Pfeiffer stock brand. The deer had been captured three years ago when it got caught in the barb wire fence on the Pfeiffer place. It is 12 miles from the place where the deer was branded and where it was killed.

Deer Fight Helps Hunter

Deer frequently are seen fighting each other and one of those battles proved disastrous for both combatants recently. A. T. Wendler of Boerne, Texas, came upon a 15-pointer, weighing 175 pounds, and a 155-pound 7-point buck fighting on opening day. Wendler bagged them both.

Three-Shell Limit on Quail

With the quail season now under way, hunters will do well to bear in mind that they cannot legally hunt bobwhites with a gun holding more than three shells. The law requiring guns to be plugged to the three-shell limit is often regarded as being only for ducks. However, it applies to turkey, dove and quail hunting, the executive secretary of the Texas Game Department warns sportsmen.

All Have Licenses

The director of the South Dakota State Game and Fish Department recently was dismissed when he was caught by one of his own wardens hunting without a license. That can hardly happen in Texas because the executive secretary of the State Game Department insists that all wardens and other employees of the department who hunt or fish purchase licenses and he is generally the first one to obtain them.

Clubs Cooperate

Sportsmen apparently are gradually learning that cooperation and conservation must be practised if the game supply is to be maintained. The marsh country of Southeast Texas was so dry this year that in Chambers and Jefferson counties only one of the eight large hunting clubs allowed shooting on the opening day of the duck season. Had all the clubs' members started firing at ducks and geese with there being a scarcity of water, the birds would have "taken out" for distant parts. As it worked out, rain started falling on the opening day and there was sufficient water the next day to make it safe for all clubs to allow hunting.

Bull Snake Helps Ranchman

Bull snakes are helping W. Albert Richardson, district clerk of Erath county rid his ranch in Somerville county of rattlesnakes. After Mr. Richardson purchased the place he advertised for snakes, obtained fourteen and released them on the ranch. That was 10 years ago. The number of rattlers has diminished since then and Mr. Richardson recently got a graphic illustration of the reason. While walking through a field he saw a large bull snake rush past an eighteen-inch rattler, which

struck, but missed. The bull snake did this repeatedly, and each strike of the rattler was slower than the last one. Finally the bull snake rushed by, turned quickly and grabbed the rattler before it could coil again. There was quite a scuffle, but the bull snake began twisting itself around the rattler and Mr. Richardson heard the bones of the smaller reptile crack. Finally the bull snake released its hold, satisfied itself that his foe was dead and crawled to the tail of the smaller snake and proceeded to swallow it. When he had completed the job he quietly crawled away as if in search of another victim. Moral: Never kill harmless snakes. One may destroy a rattler which might have bitten you.

Rail Fares For Holiday Season Being Reduced

Still another smashing reduction in round-trip coach fares in Texas and Louisiana, this time for the Christmas holiday season and effective December 20th, has just been announced by Mr. F. D. Daggett, general passenger agent, FW & DC Railway, Fort Worth, through Mr. H. F. Barnes, local representative.

This reduction according to Mr. Daggett, brings the basis of the fares to the lowest point in many years, and no doubt will encourage many Christmas visitors and travelers enroute home for the holidays to use rail service, particularly in view of the recent bad weather the cause of many serious accidents on the highways in the past few weeks.

Another feature pointed out by Mr. Daggett, which is of particular interest at this time of the year, is the Prepaid Ticket Order Plan. No doubt there are many people planning a family reunion during the holidays who desire to furnish transportation for their relatives to return home. This can be accomplished by making a deposit with their local Burlington Lines' ticket agent for railroad transportation as well as a limited amount

of cash for Pullman or incidental expenses, and the order will be transmitted by wire to the point from which the passenger will entrain. The Prepaid Ticket Order plan also enables parents to send prepaid tickets to their children to return home from school.

"Politically Speaking"

(By Jeanette Conyers)

The Stars and Stripes waving proudly before the stately majesty of the capitol of the United States, flanked by cherry blossoms. That is the vision in the minds of every American citizen today. It is a heartening vision, one that makes us happy and secure in the reassuring thought that President Roosevelt is doing everything in his power to keep this country out of war.

Now that his great problem is keeping the blood of Americans from running in Europe, if the president had done nothing else during his two terms of office, his close watch on the state of the nation would be memorable. We should be very proud of our leader, for the four horsemen are again riding the minds, again the old bugaboo of a united air service is creeping out from under the rocks.

Since the time of Gen. William Mitchell, it has been hiding like something afraid of the light. If you don't think it a touchy subject just try to get a public utterance from ranking officers of the army or navy. Having been the wife of a navy officer, I should know both services are for it, and if there is a united air service each wants to have the controlling voice in its affairs. Both services are afraid the control might slip into the hands of some political appointee whose knowledge of things aviation, especially that branch pertaining to the military, would be reckoned as so many votes or so much patronage of his party.

After all the majority of the personnel of the army and navy are Americans who have the welfare of the United States at heart. They know that the one thing that would tend to nullify any good of a united air service would be to place it in the hands of a vote catering politician. Both army and navy men fear for the effectiveness of aviation units if these are under a politician. Why? Because politicians would be inclined to give out contracts for the manu-

facture of equipment, from gasoline to airplanes, to persons regardless of merit, or perhaps they would hold up manufacturing until the enemy was dropping bombs in our front yard. Europe today presents to us the proving ground of aviation in warfare. It will also give us the answer to unified air service. England, France and Italy have for many years past been using this system. During the World War (the one that was to end all wars) England had two separate air units—the Royal Flying Corps that was a part of the army, and the Royal Naval Air Service that was sup-

posed to operate with the royal navy. But the navy, as far as fighting was concerned, was inactive for the most part. So the pilots of the Royal Naval Air Service trained on land planes instead of boats. Pilots that were too heavy for tiny scout planes were assigned to the heavy sea planes and duty with the fleet or coast patrol. But there was one thing you could always be certain of. The Royal Navy Air Service was the senior service, got the best of everything—pay, airplanes and the best assignments, so England decided on a unified air service. The Royal Air Force was born, taking

in every unit. Not so many months ago, a huge American flying fortress flew seven hundred miles out to sea on an interception problem, and accurately picked up an incoming ocean liner. If this liner had been an enemy they would have bombed it and sent it to the bottom of the ocean. Did the navy welcome the fact that land bombers in the service of the army could help defend our shores from the enemy? Not one minute! They roared to high heaven that the army was trespassing on their rights, on their territory—the sea!

Mr. and Mrs. Deaton Green were visitors in Seymour last Sunday night.
Ernest Griffith of Weichert was a business visitor here last Saturday.
Mr. and Mrs. Alfred Homer have moved from Groom, Texas, to this county to make their home.
Mr. and Mrs. Joe Bailey King and Mrs. A. E. Womble visited with relatives in Abilene last Sunday.
Mrs. E. C. Henry of Floydada is here this week, visiting her daughter, Mrs. C. P. Baker.

IT PAYS TO ADVERTISE

Make This A Munsingwear Christmas

Portrait of a Lady

Give her 3 pair of Munsingwear Hose...

3 & 4 thread **79c**
3 Pair \$2.19

2 & 3 thread **\$1.00**
3 Pair \$2.79

She likes... hosiery that fits sleekly, heels that are straight, seams that are tiny and unwaveringly trim, and a texture that is hard to see but surpasses expectations in durability.

She dislikes... hosiery that bags and wrinkles, heels that look like steps, seams that are "fuzzy" and loosely stitched, and a texture that is faulty and blotched.

That's why

... she chooses Munsingwear for Christmas... an idea as old as the hills and as everlasting... proof enough that every woman is pleased when she receives a gift box of hosiery or lingerie for Christmas labeled Munsingwear.

NYA Boys And Girls Give Lift To Santa Claus

Austin.—"An NYA boy fixed my broken leg," said a little flax-haired doll.

"And one painted my face," joined a saucy looking Jumping Jack. Between now and Christmas dolls of all sizes and shapes, toys of every description, will be painted and repaired by National Youth Administration workers who will unite with civic and social organizations, firemen and police departments from El Paso to Texarkana to play Santa Claus to needy tots on Christmas morning.

Calls are being issued in every community in Texas where NYA projects are in progress for plywood, apple boxes, old shirts, dresses, and other garments that can be used in making stick horses, doll furniture, wagons and doll clothes.

N.Y.A. boys and girls are playing Santa Claus with enthusiasm. Girls make the doll dresses and accessories and the boys do most of painting and repair work.

The farmer depends on milk for 15 per cent of his income. Industry can now turn extra milk into wool, glue, pens, combs, buttons and hundreds of other products.

The total valuation of all the automobiles produced in 1900 were less than \$5,000,000. The industry can now produce equivalent value in 15 hours.

Bask in Bed

Senior Report

Some of you are probably wondering why the lives of our seniors aren't appearing in these reports. After mid-term, we have just as many seniors as we have weeks left to go to school; therefore, there will be a life of every senior then.

Miss Couch would like to:
 See Dan in a serious mood once during her lifetime.

Know why some seniors just can't speak English correctly when she knows they know how.

Get some "non-whispering" tablets for her cold. Maybe the class would approve of this too, as they have to strain all ears to hear her talk. (Or maybe they would disapprove.)

D.P. is a poet, but the world doesn't know it. His feet show it... they are long fellows!

politician, and I believe this would be possible if his ideas materialize. Many great men have been selected for a governmental position, and in just a short time they have more enemies than Carter had oats. The trouble with our politicians is that they cannot understand the people. They try to please the majority by passing the bills that they seem to want. Then, when they think they have been a great success, they find they have been a complete failure in the eyes of the masses. But people are funny creatures! The very ones that are yelling the loudest for congress to pass a bill to remedy some dreadful evil, are the first people to run it down after it has been passed. In other words, a politician should do just the opposite of what the "good brothers are yelling for." This is the way Charles says he is going to do when he gets into politics.

color, blue; hobby, dancing; sport, swimming; song, "Girl of My Dreams"; teacher, Mr. Cooper; subject, history; saying, "what do you think?"

A meeting of the members of the Commercial Club was held Thursday, December 7, during which the club constitution was read. Provisions of the constitution were studied, discussed, and voted upon. A convenient meeting place and time have not yet been decided upon, but a decision will be made in the near future.

Freshman News

The freshmen had a class party last Friday night. We all had a good time. A class meeting was called Monday, and Dr. Bass told us about our Christmas party, which is to be held next Friday night in the auditorium.

In math we have been having students teach the class. Mr. Cooper decided we were not studying enough in history, and he is really pouring it on. We decorated the Home Economics Cottage Monday and Tuesday. Look at it when you pass at night, as we have a lighted Christmas tree. The Home Economics girls finished their first garment this week. All the things look very nice.

Private Life of Mary Ruth Jacobs

Mary Ruth was born July 2, 1925, at the farm of A. V. Branch, five miles southeast of Munday. She entered the Washburn School at the age of seven. When she was eight, she entered the Pleasant View School. At the age of 10 she entered the Munday School and is still here. Her favorites are:

 Beth: Seymour
 Doris: Munday
 Gladys: Olney
 Jane: Knox City
 Zell: Austin
 Doyle: undecided by Munday

Junior Report

Here we are again writing for the Tom-Tom. This week we are about to celebrate our Christmas holidays. We have just two more weeks to study before we can relax and enjoy ourselves.

We are very glad Dr. Bass is back with us after an absence of two days.

WE WONDER WHY—

Flora Belle hated to move across town from where she previously lived. Could it have been that she left someone behind that she was fond of?

A certain Senior girl didn't want the Juniors and Seniors to have a party together. Of course, we know. Can you guess?

At the present the high school is singing "Oh Johnnie." Of course they change the name from Johnnie to suit their taste.

Sophomore News

The Sophomore class had a Christmas party at the home of Dixie Atkinson on Monday night of this week. Everyone seemed to enjoy it very much. Was Grady there? Yes, 100 pct, and so was Juracy. Dixie said next time she was going to invite everyone, even the Seniors. We even had mistletoe.

I have just interviewed Mr. Baker, the future politician of the sophomore class. This brief talk is going to be on his political ideas. Therefore, I should begin by saying that these ideas are purely his own and do not necessarily reflect the ideas of this newspaper. All his life he has wanted to be a great

color, blue; hobby, dancing; sport, swimming; song, "Girl of My Dreams"; teacher, Mr. Cooper; subject, history; saying, "what do you think?"

A meeting of the members of the Commercial Club was held Thursday, December 7, during which the club constitution was read. Provisions of the constitution were studied, discussed, and voted upon. A convenient meeting place and time have not yet been decided upon, but a decision will be made in the near future.

A committee composed of Mozelle Trammell, Jane Stodghill and President Marvin McCarty was appointed to hectograph copies of the constitution to be distributed to the members.

Another meeting was called for Friday, December 15, in which a name for the Club will be decided.

DON'T HUDDLE!

HEAT YOUR ENTIRE HOME *and live all over it* FOR YOUR HEALTH'S SAKE

DON'T GIVE A COLD AN EVEN BREAK!

"Huddling" is the unhealthy practice of living in one or two rooms during the winter season. "Huddling" invites colds that are forerunners of many serious winter illnesses. If you "huddle", with part of the house blocked off in a shivering quarantine, sudden body chilling temperatures are unavoidable every time a member of the family leaves a heated room to go to some other part of the unheated home.

Fight the dangerous common cold this winter with these simple rules: (1) Don't "huddle" but provide comfortable temperatures in every room so that quick body-chilling changes will be avoided at all times; (2) Introduce sufficient oxygen-laden air into the home through adequate ventilation; (3) Keep connecting doors open so that a natural circulation of warm air prevails from one room to another; (4) If you should "catch cold" consult your family doctor before it has an opportunity to undermine your health.

Cowboy Ball to Be Held at Anson

Anson, Dec. 11.—If there is one single literary composition that is a West Texas classic it doubtless is Larry Chittenden's poem, "The Cowboys' Christmas Ball." Every year this famous old Ball, which began in the 80's at Christmas time, is re-enacted in Anson and the dates this year are December 21, 23 and 23rd.

Many old-time ranch hands who attended one of the original Balls will be back this year for the re-enactment which attracts people from all over the State. Everybody attending comes attired like the old time cowhands and their ladies of the 80's, lending to these old time dances and the grand march the proper atmosphere.

At these times, just as in bygone days:

The room was togged out georgous—with mistletoe and shawls
And the candles flickered frescoes 'round the airy walls.
The womenfolk looked lovely, the boys looked kinda tressed,
Till their leader commenced

yellin', 'Whoa, fellers, let's stampe.'
And the rataplans of the cowboy boots mingled with the swish and swirl of flowing skirts as the cowhands swung their partners through the Virginia Reel, Square, Heel and Toe, waltz and schottische and other oldtime dances at the annual Cowboys' Christmas Ball at Anson.

The Grand March, too, starts the Ball, just as it did in the 80's and to get the lads and lassies acquainted there is always the Paul Jones. Every year the thousands who attend, like Larry Chittenden say: "That whirl at Anson City just takes the cake with me, I'm sick of lazy shufflins' of them I've had my fill, Give me a frontier breakdown, backed up by Windy Bill."

FARMERS GRATEFUL FOR RUBBER TIRE INVENTION

Des Moines, Ia.—Development by the rubber industry of the modern automobile tire has resulted in time and money savings for the farmer, a survey of Iowa farmers reveals.

Agricultural engineers of the Iowa Agricultural Experiment Station have recently completed a study of the use of rubber tires on the farm, and found that the average farmer reporting a 23 per cent saving in time and a 22 per cent saving in fuel by using rubber tires on his tractor.

Farm operations in 73 counties in the state were studied by the engineers. They found the farmer reporting higher tractor speeds, easier operation on hard surfaced roads, lanes, meadows and pastures, decreased tractor breakage each year, and greater comfort.

In 1938 and 1939 more than 84 per cent of the farmers all over the South favored cotton marketing quotas. In Texas 78 per cent favored quotas last year.

Cotton marketing quotas are intended to keep supplies in line with demand and to protect cooperators against the effect of overplanting by non-cooperators.

An electric lamp only the size of a cigarette, but as powerful as a 1,000 watt bulb, was perfected recently in one of America's 1700 industrial laboratories.

Jobs in industry have increased to a point where today more people are employed in the distribution of goods than worked in all U.S. manufacturing at the turn of the century.

TEXAS CONG. ASKS WAGE AND HOUR CHANGES

Cites Puerto Rico and Southern States

By Federal Service Syndicate Washington, D. C.—Some revision of wage and hour provisions, to ease the burden on small rural enterprises and agriculture was seen a necessary task for the next regular session of Congress by Representative Ed Gossett, Democrat, of Texas, in a special interview following the close of the special session which debated neutrality.

Pointing out that the law had never been designed to regulate conditions in agriculture, but was intended primarily to correct sweatshop evils in the industrial sections of the country, Representative Gossett said it was essential that the law be clarified in its application.

Gossett, a member of the Insular Affairs Committee, in referring to this law's application in Puerto Rico stated that Puerto Rico and other American possessions should share in any benefits to be derived from amendments or clarifications of the Wage and Hour Act.

Puerto Ricans, terming application of the law to their economic activities "one of the most disastrous pieces of legislation" ever to be enforced on them, have indicated that they will make common cause with southern states and other agricultural areas in seeking modifications of the law at the coming regular session of Congress.

Rep. Gossett

OUTLOOK FOR 1940

Each year a government survey is made in an effort to forecast the probable trend of agriculture, industry, finance and business in general. A report making such a forecast for 1940 was made public last week, and some of the conclusions reached are as follows:

1. Everything considered, it seems likely that 1940 will be a moderately better year for business than 1939.
 2. The net effect of the war will be favorable to American business, but this will be felt very gradually.
 3. Aside from the war, the immediate domestic business outlook is favorable and the present upswing will continue for several months.
 4. A decline from the peak of this upswing may occur some time next year, but should not be serious.
- These predictions are made in a period of great uncertainty, and merely represented the composite opinion of various government officials, in the light of the best information available. Many things might happen to change the present

outlook, especially in view of the chaos in Europe.

The worst thing that could happen, of course, would be our involvement in the war, but all classes of our people seem so determined to stay out of it that we may be able to avoid such a disaster.—Eldorado Success.

TOM-TOM NEWS

You Don't Have to Be Lonely

The condition of unconscious guilt is primarily based on the equally unconscious activity of some early experience which still lives in the mind, one which was never terminated by explanation or understanding. It is like a sore that received no cleansing, anti-septic or bandage and so continues to add cell after cell of infection until it either becomes a serious menace or healing methods clear it up.

One of the best means of clearing up the septic areas of the mind is by abreaction. Being reasonably sure that your anxiety rests upon some early shock, think over the sorrows, disappointments, and terrors of your youth.

Let the feeling the incidents engendered your up and write down your memories in healing flood of words. The pencil is your scalpel, the paper your gauze and tapes. Cut away the toxic matter and apply the protective dressing or mature realization. Time will heal this wound as it does an injury to your body.

There was a father whose two small sons loved to go camping and boating. The father was afraid of water and more than once refused the little fellows' wants. When this happens you can put your finger right on the center of the problem. Selfishness and self-will lie at their foundation. When you are more concerned with making your friends and children happy that you are with having your own way, you will make the first big strike toward being free of your phobia.

There is something queer when people brood over the lack of companionship. There are usually plenty of people about, even those one might enjoy. The trouble is not loneliness. It is insulation. It is not that people are not there, one does not know them. The question is: What caused loneliness? Analysis reveals that there are various answers:

1. Self-centeredness.
2. Wish to dominate others, superiority attitudes.
3. Parasitism, a wish to be absorbed or to absorb.
4. A wish to receive adulation, conceit, a desire to keep center stage.
5. Guilt feeling; inferiority, self-pity.

In every instance the individual is not giving adequately to others, not making himself so worthwhile that others are drawn to him. Glooming and fussing will not help bring people into your life. Becoming interesting will. People do not introduce you to others because you want to meet them. The introduce you only when it flatters their pride to show you off.

You can overcome the negative

of loneliness by talking about the subjects you find are of interest to your friends. Discuss their plans. Help them to find their ambitions. Thus, if you show an interest in his interest, he not only gathers you about him, but he introduces you to those he feels are of a kindred spirit.

A LETTER TO SANTA CLAUS

Munday, Texas
December 12, 1939.

Oh Santa, Santa, Santa dear,
I truly love you best this year
Because I know that you will see
That what I want is best for me.

I am too big for dolls and toys,
But, Santa, I am just right for boys.
Of course, you can't bring me a diamond ring—
But a new boy friend won't cost a thing.

I'm not vain, and I'm not fickle
But just now I'm in a pickle.
My old friend is worn, and weary
And tattered,
His hair is thin and his teeth are shattered,
But I can't shove him in the face
Till there's someone else to take his place.

I don't love him any more,
But since there's no one else in store,
I'll have to just keep on hanging on
Until you bring someone along.

Now, Santa dear, I know you'll see
That what I want is best for me,
And I'll look forward with the greatest joy
To a darling, loving, brown-eyed boy.

Yours with anticipation,
Evelyn McGraw

Mrs. A. F. Huskinson returned home on Thursday of last week from Corsicana, where she had been visiting for the past two weeks.

11-GRADE SCHOOL NOW DISAPPEARING

The eleven-grade school system, so long in effect in Texas, is rapidly disappearing, a bulletin prepared by the State Department of Education discloses.

Pioneered by Port Arthur a few years ago, the 12-grade system actually is in effect, in one form or another, in a majority of our Texas schools," the summary asserted. In schools which have not formally adopted a 12-year plan of operation, the statistics show that approximately 38 per cent of the pupils are retained in the first grade two years or more.

The State Department of Education officially blessed the 12-year system this year, authorizing those schools desiring to do so to inaugurate the system. If schools follow the department's plan, the first six years is given over to elementary work and the second six years is divided into junior and senior high schools, with three years to each.

Schools are not required to adopt the plan, nor is it being urged upon local school officials.

New building construction in 12 leading Texas cities in 1938 was nearly five times the amount for 1933. During the same period annual Texas farm income increased nearly \$200,000,000.

Notice to Farmers With Cotton Loans

I will be in Munday next week to help the farmers with their last year's cotton loans. The market has advanced on cotton to where you have a good equity in last year's loans.

Anyone desiring information about their loans or wishing to take out new loans be sure to see me next week.

JIM HARPAM

Wade Mahan was a business visitor in Abilene last Monday.

Look before you shoot, the Texas Game Department warns. It might save a life.

If you plan a hunt this fall out of state, remember you must have a permit from the Texas Game Department to bring game into the Lone State State.

Skipper "Anchors" Himself in Bay; Party He Set Adrift Saves Him

Right, Skipper Holloway who nearly drowned in middle of Chesapeake and, above, boat showing Holloway's position when he was scuttled ashore.

DRAGGED under water by a heavy anchor rope that had snarled around his legs and pulled him overboard on a night fishing trip, Vaden Holloway, of Mossick, Virginia, was saved from drowning when his companions located him with a flashlight and guided their launch to him.

Holloway, the boat's skipper, had gone forward to weigh anchor and move to another position. But he had untied the anchor rope, and when his feet became entangled in the coils on deck, he was dragged overboard, carrying the rope with him. The launch, freed from its anchor, drifted rapidly away on an outgoing Chesapeake Bay tide.

"The anchor hook was still holding on the bottom," Holloway said, "with the tide running so strong that I was pulled well under. The harder I struggled to free my legs, the more the rope dragged me down. I was anchored there, ten miles from shore, in pitch darkness. No one had heard me go overboard, and the boat was fast drifting out to sea."

"Working to keep my head above water, I shouted to them as loud as I could. I didn't think they'd ever hear me, but finally some one did. The boat carried only one small oil lantern and

its beam wasn't strong enough to do any good.

"Then somebody found the one flashlight on board. We had used it a good deal but the batteries were fresh when we put them in, and so they still worked okay. Although the boat was picking up speed on the outgoing tide, they located me with this light.

"While one tried to keep the beam focused on me, the others worked to get the motor started. Despite their efforts, it wouldn't turn over. It resisted everything they could do as they drifted farther and farther away. I was pretty weak, but I managed to shout directions to them."

Finally the boys got the engine going and brought the boat around. When they reached Holloway the drag of the anchor was so strong that it took two men to hold him up while a third freed him from the anchor rope.
