FEBRUARY TENTH SET FOR 4-H CALF SHOW

Interest Being Shown In Golden Gloves Bouts

Many Boxers To Vie For Honors

Entries Coming In For Tourney Bouts Here February 5, 6, 7

With entries already being accepted for the district Golden Gloves Boxing Tournament, to be held in Munday an February 5, 6 and 7, interest in the bouts is expected to reach a high peak within the next two weeks.

Several entries have already been received, according to Coach Billy Cooper, and indications from other parts of the district are that many will participate in the boxing events.

The Munday district is composed of Baylor, Knox, Haskell, Throckmorton, King and Stonewall counties.

FREE BOXING SCHOOL

In preparation for the Golden Gloves tourney, Coach Cooper announced that a free boxing school will be held at the grade school gym at four o'clock each afternoon. This school is open to everyone who wants to participate, regardless of age or occupation.

Boxing will be under the instruction of Howard Garner, assistant coach.

ties; however, present interest in the tourney indicate that other counties bordering this district will have entries.

Entry blanks were printed this week and are being sent to other towns in the district. They are expected to be coming in by the latter part of next week.

Coach Cooper has announced prizes for winners in each weight class. These prizes will be an attractive white boxing robe with gold trimmings and lettering. Work on the Munday boxing ring, reputed to be the best in this section, has been completed and everything is in readiness for the tournament.

Besides receiving district awards, winners in the Munday tournament will be given a free trip to the state tourney in Fort Worth on February 15 to 19, inclusive.

The Golden Gloves Boxing Association has appointed Coach Cooper as district director for this district, and the tournament is being staged in Munday through the cooperation of the Munday Times. All competitors in the tourney are, of course, amateurs—men of any age who have never received money for fighting.

Contestants over the district are urged to send in their entries as early as possible.

Doris Dickerson Is New Agent For Panhandle Co.

Doris Dickerson, who formerly operated the Conoco Service Station, has been appointed wholesale agent for Panhandle products. He moved his station to his new location, just north of town on 277.

Jim McDonald To Accept Position In Wichita Falls

The resignation of Jim McDonald as assistant cashier of the First National Bank in Munday was made Wednesday morning. Mr. McDonald has accepted a position with the Wichita Falls National Bank.

This position comes as a promotion to McDonald, who has been employed in the Munday bank since 1935. His resignation becomes effective February 1st.

In the going of Mr. and Mrs. McDonald, the community will lose two good citizens and civic and church workers, and the local bank loses an efficient employee. Their many friends here wish them much success in their new home.

Work On City Park Will Begin On Next Monday

Work Order Received Here Wednesday

Riley B. Harrell, city secretary, received word Wednesday that work on Munday's city park and recreational facilities will begin next Monday.

Authorization to begin work has been granted, and the work will include all improvements except construction of the dam and spillway on the site. This work cannot be started until further details are ironed out.

The following letter from C. D. Steed, district planning engineer, of Fort Worth, dated January 9, was received by Mr. Harrell:

"Authorization to proceed with work was received this morning on your project for the construction of Recreational facilities near Munday under Work Project 14921.

"Upon receipt of certain information from our Area Engineer, Mr. A. T. Cronwell, immediate plans will be made to start operations on or about January 15. Mr. Cronwell will be in charge of the project and will no doubt contact you within the next few days in order to confer with you on getting the project under way."

Grandpa James Dies Sunday At Home In Goree

Pioneer Knox Citizen Dies of Pneumonia

J. W. James, pioneer Knox county citizen who was lovingly known as "Grandpa James," died at six o'clock last Sunday evening at his home in Goree. Mr. James had been ill about two weeks, suffering an attack of pneumonia. He was 84 years old.

Surviving him are his widow, who is seriously ill at her Goree home; seven children, a number of grandchildren, 84 great grandchildren and one great-great grandchild.

Funeral services were held at three o'clock last Monday afternoon at the Fundamental Baptist church in Goree, conducted by Rev. Rice, pastor. Interment was in the Goree cemetery.

Sunset Boy Gets Injury On Hand

Howard Payne Shannon, son of Mr. and Mrs. J. S. Shannon, received a painful injury to his hand recently while working with an electric emery. While grinding a chisel, the implement was forced into his hand, cutting a leader.

Shannon is a valuable player on the Sunset basketball team, and the injury will likely keep him out of games for some time.

Charlie Haynie, who was injured in a car accident near Breckenridge on the night of December 31, is reported to be improving in the Knox City hospital.

Fred Broach, Jr., of Knox City was a business visitor here Tuesday.

Healing Dimes and Dollars

Dimes and dollars contributed at the 1940 President's Birthday celebrations to fight infantile paralysis, January 30, will help heal thousands of American children afflicted with the crippling disease. Cities and towns throughout Texas are sponsoring balls and "March of Dimes" solicitations to aid such youngsters, as depicted by Bressler in one of his noted cartoons.

Statement of First National Bank Shows Sound Basis

Over Half-Million On Deposit; Increase Over Year Ago

That the First National Bank in Munday is operated on a sound basis is reflected in the bank's statement of condition, which is published in this week's issue of The Times. The bank has shown an increase in deposits and assets for the year ending on December 31, 1939.

Deposits at the end of 1939 showed an increase of \$104,699.53 over those of the previous year. The figures are: 1938, \$531,119.76; 1939, \$635,819.29. A substantial increase was shown in all deposits, including that of individuals, states and political subdivisions, etc.

Assets of the bank also increased from \$584,591.37 in 1938 to \$688,095.68 at the close of business December 31.

Those who make a study of local conditions express their belief that increased deposits in the banks of Knox county are sure signs that the county at large is in a much better financial condition.

Capital account of the local bank is shown at \$52,276.39, which includes \$2,276.39 of undivided profits.

Program For League Events Being Made Out

A meeting of members of the executive committee for Knox county Interscholastic League was held on Tuesday night, January 8, in the office of Merick McLaughery, county superintendent. A program for the 1940 Interscholastic League events was mapped out.

All main literary events will be held in Knox City on March 21, 22 and 23, it was announced, while field and track events will be held at Benjamin.

Munday will be host to all basketball teams for the interscholastic league tournament for this county. This event will be held here on February 16 and 17.

H. A. Pendleton was a business visitor in Houston the first of this week.

C. H. Browning Is Buried Here Last Monday

Pneumonia Attack Is Fatal To Prominent Knox Farmer

Charles H. Browning, well known and successful farmer of Knox county, died last Sunday night at 11:30 o'clock, succumbing to an attack of pneumonia and other complications. Mr. Browning had been ill only a short time. He died at his farm home one mile south of Munday.

Chas. Henry Browning was born in Madison county, Tennessee, on September 7, 1885, and died January 7, 1940, at the age of 54 years, and 4 months. He had been a resident of this section for many years.

Surviving are his widow, Mrs. Kate Browning, and the following children: Ben Browning, Panama Canal Zone; Tom Munday, Mrs. Cecil Stevens, Fort Worth; E. C. Mrs. Jimmie Hicks, William and Ruth Browning, all of Munday. Other survivors include two grandchildren, his step-mother, two half-sisters and four half brothers, all of Wichita Falls, and three sisters, who are: Mrs. Margaret Stewart, Wichita Falls; Mrs. Mattie Jenkins, Enid, Okla.; and Mrs. Will Rhodes, Anton, Texas.

Funeral services were held from the Goree Baptist church at 2:30 o'clock last Monday afternoon, being conducted by Rev. S. E. Stevenson, pastor. Interment was in the Goree cemetery by the Mahan Funeral Home.

Palbearers were Sebern Jones, Chan Hughes, Noah Howeth, B. B. Rowden, John Layne and T. I. Whittington.

Munday P.-T.A. To Meet Wednesday

The Munday Parent-Teacher Association will hold its regular meeting on Wednesday afternoon of next week, at which time the program will be on "Today's Youth at Play." The following program will be rendered.

Director, Mrs. Howell; devotional, Mrs. G. R. Eiland; vocal solos, Mrs. Don Ferris; Saturday, Sunday, L. S. Hardegree.

Birth Certificates

Justice of the Peace G. M. Bryan announced this week that the government had discontinued issuing birth certificates, and that this will be done at the justice of the peace office.

Judge Bryan received a supply of these certificates this week and requests that all parents come in and apply for them when desired. This is a service which Judge Bryan renders free of charge, but he stated that those applying for a child's birth certificate must come to the office to get it.

Former Sunset Teacher Re-Elected At Merkel, Texas

Merkel, Jan. 8—L. W. Walling, former principal of Sunset Consolidate school near Munday, who is now serving his first term as principal of the grammar school of the Merkel Independent School district, was re-elected to that post for two years, according to announcement by S. D. Gamble, president of the board.

Connor Robinson, who is in his third year as superintendent; Rex Myers, principal of the high school, and Chester Collingsworth, vocational agriculture instructor, were also re-elected for two year terms.

HOME FROM HOSPITAL

Ky Hunter, who has been in the Haskell hospital for treatment for pneumonia, was brought home last Sunday afternoon. He is reported to be improving at his home here.

R. V. (Bob) Burton Aks Re-Election As Treasurer

The Times is authorized to announce the candidacy of R. V. (Bob) Burton for re-election to the office of County Treasurer of Knox county, subject to the action of voters in the Democratic primaries this summer.

Mr. Burton states that he has nothing special to say to the voters. He says that he has been trying during the past year to keep the promises he made the people when he asked them to put him in the office. He has been trying to do all that is expected of a county treasurer. Mr. Burton has been pleasant and courteous in all his dealings with the people and with all who have had business in his office.

"I will appreciate your continued support," he says, "and in exchange I will try to render the best service possible, and to do so in a nice way. Remember Bob Burton when voting time comes."

Certificates Of Exemption Asked For All 'Unders'

Earl Sams, tax assessor and collector, was in town Saturday and stated that all "unders" wanting to vote in the elections this year would be required to have exemption certificates.

All persons who become 21 years of age between January 1, 1939, and January 31, 1940, will be required to have an exemption certificate. These may be secured at the office of the tax assessor and collector at Benjamin.

Exemption certificates are obtained in the same manner as poll tax receipts and must be obtained on or before February 1, 1940, to entitle the "under" to vote in the 1940 primaries.

J. M. TERRY HOME

J. M. Terry, well known manager of the Terry Hotel, was brought home from the Stamford hospital on Thursday of last week. Mr. Terry is able to be up some now, and his many friends hope he will soon be back to normal health.

Mr. and Mrs. Sebern Jones and Mrs. D. C. Eiland spent last Sunday in Mineral Wells with Mr. Jones' parents, Mr. and Mrs. C. B. Jones.

M. L. Bird of Abilene, district superintendent of the Community Natural Gas Co., was a business visitor here the first of this week.

Mr. and Mrs. Alfred Homer of Rhineland returned home last week from Nara Visa, New Mexico, and Groom, Texas, where they visited over the holidays.

Mrs. Ardelle Speice was brought home from the Haskell hospital last Tuesday, and is reported to be doing nicely at her home here. An ambulance from the Mahan Funeral Home went after her.

LIBRARY NOTES

One of the most thought-provoking books of the season is now on the shelves of the Public Library. It is "The Nazarene" by Sholem Asch. Beautifully written in a lyrical prose almost verging on poetry, it presents the story of Jesus of Nazareth in a startling new manner. In vivid contrast to the almost incredible pomp, ceremony and ritual of the Jewish religion is set forth the utter simplicity of the Messiah's works and teachings. Never before has the contrast been so clearly defined—so eloquently portrayed. So vital is the movement of the words, so living the scenes and the incidents—it is as though the reader personally experiences the life of the times. A book of beauty, written with sympathy and understanding, it gives us a picture of the Nazarene which will long be in our mind and thoughts. Read it—for it is an experience you shouldn't miss.

Plans Are Made At Meeting Of Munday C. of C.

33 At Monthly Meet At Terry Hotel

Preliminary plans for holding the Knox county 4-H Club boys calf show in Munday on Saturday, February 10, were discussed on Thursday of last week at the regular monthly meeting of the Munday Chamber of Commerce.

At the suggestion of County Agent Walter Rice, a guest at the meeting, February 10 was set as the date for the calf show. Mr. Rice told of progress made in feeding of calves this year, and also made numerous suggestions for working out complete plans for the show.

Awards will also be given the 4-H club boys who were in the cotton contest. Winners in the contest will be presented the awards at a special luncheon given in their honor. Winners in the contest will be announced during the calf show.

Other guests at the meeting were Jack Idol and Charlie Hamilton, who talked on 4-H club work, especially touching on the phase of livestock feeding which club boys are so interested in.

King Burton of Memphis, Tenn., was a guest of T. G. Bengt, former C. of C. president.

Thirty-three members attended the meeting, which was reported to be one of the most enthusiastic gatherings the local body has held in many months.

Mr. Rice will make further arrangements regarding the calf show between now and the show date.

FSA Group Will Meet January 17 At Benjamin

Opportunity to get their land and chattel indebtedness in condition to begin their 1940 work free from danger from foreclosure will be offered county farmers at the meeting of the county farm debt adjustment committee to be held at 2 p.m., Wednesday, January 17, at Benjamin.

"The committee has been quite successful in working out voluntary agreements between farmers and their creditors permitting the farmers to continue to farm and eventually pay their debts," said Howard M. Williamson, Farm Security Administration supervisor. "This is done by the committee determining an orderly repayment schedule which the farmer can meet and which takes advantage of time extensions, re-amortizations, scale-downs of principal and interest, and reductions in interest rate granted by creditors."

"The committee considers every case on its own merits and its services are free and confidential," he said. "Farmers needing its help should go to the county FSA office, or to one of the committeemen, or they might appear at the meeting."

Munday To Play Basketball Games Here Next Week

Basketball games will be played in the school gym on two nights next week, it was announced Wednesday by Coach Billy Cooper.

On Tuesday night, beginning at seven o'clock, Munday and Weinert will stage games between the junior boys and senior boys teams. A girls' volleyball game is also scheduled.

On Friday night, at 7:30, Crowell will be matched against the Moguls. Two games will be played, between the first and second teams.

RETURNS TO MUNDAY

Lowry Rigby, formerly of Ruidosa, New Mexico, has returned to Munday and has accepted a position with the Guinn Hardware Co. He will go to Ruidosa this week end after Mrs. Rigby and little daughter, Loree Eva.

Who can smile? Sometimes we wonder if some people are deprived of that right. But they really aren't. Everyone can smile, and may smile, if he only would.

Wouldn't we be living in a grand old world if we had a smile for every frown; a laugh for every tear? Perhaps the tears are less conspicuous, for sometimes they are uncontrollable, but there is no excuse for a frown.

Anybody would much rather see a person whose cheeks are wrinkled from smiling than one whose forehead is corrugated from frowning.

So, smiles, let's wage a war against the frowns and prove the old adage:

Laugh and the world laughs with you,
Weep and you weep alone.

Senior Class News

The Seniors have been working hard during the past three months, but still they feel a bit creepy for midterms are approaching fast. In civics we have been studying on the government of the United States, and we find it very interesting.

We wonder why:
Jean hates to be seen in some-

body's overcoat, especially on Sundays.

Rosa Lee hates civics.
Clara knows how to bound California.

Bobby likes the Catholic Youth's organization so well. (Could it be the organization or a certain officer of it?)

Jean enjoys riding in green cars.
Genevieve enjoys going to Seymour so well.

The Seniors were glad to have Lucille Petrus visit them during our civics class last Thursday. We were also glad when Mr. Hoffman handed us a letter from our former classmate, Dot.

Alma read in the paper where everybody had to be baptized by immersion in order to go to heaven. "Elsie," she said one day, "We better take that mammy cat and her kittens to the river and baptize them." The kittens took the ducking without even meowing, but when the mammy cat's time came, she started scratching, and put up a good fight.

Finally Alma said, "Just sprinkle a little water on her head and let her go to hell."

Junior Report

We are back to school again, and

ready for another week's work. Some seem to think that they came to school Monday morning in order to wash someone's face.

Some day, I'm sure, we will all be authors of some books. The juniors write a theme every day and some of the stories are really good.

Some of the things that the Juniors like to do during snow weather are listed below:

Richard likes to wash Florine and Genevieve's face. (We wonder why.)

Genevieve thinks that it is lots of fun to go hunting with her brother and track down rabbits. (Say, Bud, isn't she afraid to shoot a gun?)

Florine says that the only time she doesn't have to wash her face is when it snows.

Ethel likes the snow but not the results.

Cletus enjoys washing the girls' faces, but when they start after him they can't run fast enough.

Catherine loves to stay in the house and read stories. (What kind, Catherine?)

Albert seems to think that when it snows it means a holiday for him.

Everyone of us enjoyed having Lucille Petrus with us last Thursday. We hope she enjoyed our history class just a little more than we did. (Lucille, come again. You will always be welcome.)

This is a conversation that someone overheard the other day:

Richard: "Which is the more important, a man's wife or his trousers?"

Cletus: "Well, I think that there are lots of places a man can go without his wife."

Sophomore Report

The Sophomores are working very hard, especially in English, because mid-term examinations are around the corner.

The Sophomores were having fun while the snow was on the ground, because they could wash faces and snowball the girls.

Here are two dozen things the Sophomore recommends to you:

Two Dozen Things

Three things to avoid:
Idleness, slang and falsehood.

Three things to despise:
Cruelty, meanness and ingratitude.

Three things to cultivate:
Sympathy, cheerfulness and contentment.

Three things to desire:
Intellect, music and beauty (of the soul).

Three things to value:
Time, money, and health.

Three things to love:
Honesty, purity, and truth.

Three things to cherish:
Home, friends and country.

Three things to revere:
Sunday school, church and the Bible.

Freshman Report

As we came to school Monday morning the ground was still covered with about four inches of snow which fell Friday night. Most of the girls received a good face washing. Some of the boys did, too.

Urban is going to Wichita Falls to get out of the United States.

Here is one of the smiles Urban told Miss McGrath: One boy said to the other: "A fool can ask questions a wise man can't answer."

"Oh," replied the other boy, "That's why I flunked my examinations."

OIL

Leasing and Exploration of Oil and Gas Production.

A Year 'Round Cash Crop for Every Section of Texas

Twenty years ago only 30 counties in Texas produced oil. TODAY OIL AND GAS ARE PRODUCED IN 147 COUNTIES! Ninety-eight additional counties are receiving the benefits of leasing and exploration activities.

Thus in 245 of Texas' 254 counties, business, government, tax collector, wage earner, farmer and rancher receive their part of the oil man's expenditures every month in the year.

Even the dry holes (52,000 drilled to date at a cost of a billion dollars) contributed their share of employment and wide distribution of money.

Last year land owners received 50 million dollars in lease rentals and bonuses alone.

In many counties where oil is a major factor, local government receives as much as 90% of its total tax revenue from the oil business.

Then, too, the State collects 45% of its tax money (exclusive of the gasoline tax) from the oil man. In 1938 this was 32 million dollars.

EVERY BARREL OF OIL PRODUCED IN TEXAS IN 1938 PAID AN AVERAGE OF 9.3 CENTS TAX.

Members of the Munday Study Club met at the club house last Friday afternoon in their regular January business session. Mrs. Marvin Reeves conducted the parliamentary drill which preceded the business session.

New officers for the ensuing club year were elected. They are as follows:

Mrs. Chan Hughes, president; Mrs. Wallace Reid, first vice president; Mrs. A. H. Mitchell, second vice president; Mrs. M. H. Reeves, recording secretary; Mrs. Paul Pendleton, treasurer; Mrs. J. L. Stodghill, assistant treasurer, and Mrs. Jess Burnison, executive board member.

Forty-Two Club Meets on Tuesday With Mrs. Mitchell

Mrs. A. H. Mitchell was hostess to members of the forty-two club last Tuesday evening in her home. After the games a delicious salad course was served to the following members and guests:

Members: Mesdames S. E. McStay, D. E. Holder, P. V. Williams, Deaton Green, T. G. Bengt, W. A. Baker, C. R. Elliott, H. B. Douglas, C. L. Mayes, P. B. Baker and John Lane. Guests: Mesdames C. H. Giddings, R. B. Harrell, Don Ferris and Aaron Edgar.

'Autobrella' Handy New Accessory

Always useful, the once prosaic umbrella has become a modern fashion accessory, with the advent of the Autobrella. The ingenious and practical article is carried in its metal sheath on the right side of the driver's compartment, just forward of the door. Miss Yvonne Gillespie seems pleased at discovering the need of hers, as she steps from her new Chevrolet.

Kuehler-Forehand Wedding Performed On Saturday Night

In a simple service read at the rectory of the St. Joseph's Church at Rhineland, Miss Juanita Forehand, daughter of Mr. and Mrs. C. S. Forehand, became the bride of Leonard Kuehler, son of Mr. and Mrs. Frank Kuehler, last Saturday night. Rev. Matthew Wiedeckehr officiated at the rites.

The bride was lovely in a street length costume of rose crepe, with which she wore accessories of black. Her corsage was of carnations. Mrs. C. J. Albus, sister of the groom, attended the bride. She was attired in a rose crepe street length dress with black accessories. Her corsage was of gladioli.

C. J. Albus was best man for the groom.

The bride graduated from the Sunset high school, and has been employed for the past year at Perry Bros. Variety Store. Mr. Kuehler graduated from the Rhineland high school, and is at present employed at the Munday Compress Co. The young couple will make their home in Munday.

TEXAS CITRUS DRIVE

J. Frank Grimes, IGA president, and Betty Roberts, housewife, meet the twin citrus-cotton surplus problem with smiles. The former explains that his organization plans a nation-wide campaign between Jan. 19 and Feb. 15 to move 1,000 cars of oranges and grapefruit, packed in cotton bags, into consumption, reducing both the state's citrus surplus and the South's cotton surplus in the same drive. The millions of bags to be used are cotton products.

County Council Of H.D. Clubs Has Meeting January 5

The county council of home demonstration clubs met at Benjamin at two o'clock Friday afternoon, January 5, with six clubs of the county being represented.

The retiring council chairman opened the meeting and installed new officers for 1940. Mrs. J. O. Cure, new chairman, appointed various committees for the year.

The manual was read by Miss Nina Astin, Mrs. M. J. Jones, Mrs. R. M. Almanrode and Mrs. A. F. McMinn.

The next council meeting will be February 2 at ten o'clock. All are requested to bring a covered dish for luncheon.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Carl Jungman are the parents of a daughter, born last Saturday night in a Wichita Falls hospital. Both mother and little daughter are reported doing nicely.

Homer Lee of Wichita Falls was a business visitor in town last Monday.

"Wishing Well" Gets Pennies At Tex. University

Austin, Texas.—Pennies dropped into the "wishing well" at the University of Texas may not bring the wisher his wish, but they add to the mounting pile of coins University librarians are saving to "buy something nice for the rare book room."

The "wishing well" in this instance is a fifteenth century Italian marble well-head, brought to this country by the late Mrs. Miriam Luther Stark of Orange, and given to the University together with her rare book and art collection.

It stands on the roof garden just outside one of the nation's rare book collections, on the fourth floor of the skyscraper main building—a quiet haunt for quiet students and a "must" on the campus tour of any visitor.

Jim Lewis was taken to the Knox City hospital last Monday for treatment for pneumonia.

Senior Report

Well, we're back again, ready to learn a little more about something we don't know. In other words, we're in school again. Everyone seems to be "snowed under" as they are busy getting their required points in books and studying for examination.

The Civics class has just about completed its work book and after that, the ones who wish to will take Commercial Law. We are hoping that we enjoy this subject as well as we have enjoyed civics.

The Seniors have selected the invitation and personal cards which they use for their graduation. The number each one will get is not definitely decided, but we believe we made a good selection.

When studying occurs, that's a pretty good sign that examinations are near. We Seniors hope that the rest of the student body will do as we are going to do, pass the exams.

Mathematics Teacher: "If you have \$10 in one pocket and \$15 in the other, what have you?"
Alfred: "The wrong pants."

D.P.'s ring certainly is in safe keeping these days. It's usually in his "mother's purse at home."

Junior Report

Jeepers Creepers! This snow is about to get some of us down. At least if some of the boys see you not taking part in the snowballing, they roll you. We girls don't mind this; we really enjoy it. Everyone agrees that it is good while it lasts.

Here is an explanation that should explain the reasons for our high school classmates having such long faces this week. We shall have completed half of this year's work by Friday. Many of us are completing the work, but we have long faces from worry. The exams that are to be given Friday will end this half year's toil and responsibility for us high school students. The Juniors have resolved to start the New Year with good

grades and by studying hard. Just for fun I will let you hear some of the jokes on the Juniors that I have heard.

"Now," said Mr. Benson, "you have named all the domestic animals but one. Who can tell me what that one is?"

Silence reigned.
"What," he cried. "Does no one know? Now think hard. It has bristly hair, is fond of dirt, and likes to get in the mud."

Melvin West at the end of the class raised his hand.
"Please, sir," he admitted bashfully, "it's me."

Miss Couch was instructing the English III class and called on Sue to write on the board, "He can ride a mule if he wants to."

"Now," continued Miss Couch, when Sue had finished writing, "Can you find a better form for that sentence?"

"Yes, ma'am, I think I can," was her reply. "He can ride the mule if the mule wants him to."

The 'We Wonder Why' Column
Sue, Evelyn and Flora Bell like to go shopping at Woolworth's in Wichita Falls.

Evelyn blushes when a certain Senior boy's name is mentioned. Allene doesn't have to come to school every other morning.

D.P. is working so hard lately. Joe Dean likes to go to Dallas so often.

Flora Bell and Evelyn sat up until 12:30 the other night. Were they waiting for someone?

Patsy Ruth and Zell waited so late to come to school Monday. John Broach and Maurice like to dry their gloves at the front stove.

Maurice likes to stay in the office the last period. Jerry likes to go to Haskell every week-end.

Why Dixie was so worried last week? (Could it be she thought someone was going to move?)
How Mr. Benson got the idea that Allene and Bonnie are different from other girls.

The Trustees don't have mail boxes installed between the aisles of the study hall.

Zell is so interested in game the laws? (Could it be that she is planning to go Partridge hunting?)
The Blacklocks are complaining about their telephone bill. (Do you suppose it is because of long distance calls coming collect?)

Freshman Report

We freshmen have had a "trip snorting" good time for the last three weeks, and now we have settled down for a few weeks of studying.

In General Math we are reviewing, and how Who but a slave-driver would make us poor little freshmen work twenty-nine pages of Math every day. Some of us already look like skeletons.

In Home Making we have started our dresses. Our home projects were due last Wednesday. There were some very nice garments made by the students. Some of the Home Making girls should make good housekeepers; although some of the people believe that they just learn how to make biscuits and fancy pastry.

We missed Dr. Bass and Mr. Cooper very much Monday afternoon.

Sophomore Report

Mid-term exams are finally here and although we are training our minds and cramming 'til the wee hours, we still find that:

Bobbie wants Moore and then some.
Mr. Cooper is still a length ahead of the students in getting out of the history class.

Florence goes when "he" goes and stays when he stays.
Juracy still has a good opinion of music, directors and things.

Ben and David are competent rivals, not over girls, but algebra.
Jimmie still hums "I'm Sorry for Myself."

Mary Lois still sits by the telephone.
Dixie thinks the algebra room a good meeting place.

Forrest Yancy is continuously singing, "Oh Johnnie, Oh Johnnie, O-o-o!"
Flora Alice can still take a bumpy sleigh ride.

Mary Joyce seems to make use of her technique.
Cora Jean puts her letter-writing knowledge into practice.

JUNIORS

J is for Juniors the best class of all.
U is for union, that's why we never fall.

N is for never, that's what it takes
I is for industrious, you can tell by the grades we make.
O is for obedience for which we are noted

R is for reverence, upon which we dote
S is for satisfactory, that's the work we do.
Put them all together, they spell Juniors, we think they're swell
Do you?

And then Stephen, tall and slim, what does he care about a friend?
And William, too, is a very fine

RIGHT OUT OF THE AIR

By EARLE FERRIS

SHERLEY TEMPLE, pictured here, will make her network debut on the Screen Guild Theatre program Christmas Eve over the CBS net.

Conrad Nagel, director-narrator of "Silver Theatre," has devised a novel way of discouraging "bloobers" during dress rehearsals. An assistant director keeps track of all slips of the tongue and the performers with the most black marks at the end of the session must buy sodas for the crowd.

Cal Tinney, whose "Youth vs. Age" has become a Saturday night NBC feature, reports that more elderly people have made applications to appear on the program than youngsters.

It's now the old combination of Vallee and McCarthy. Rudy Vallee took over the host's job on the

work. It is reported that she refused an offer of \$35,000.00 for another program in order to appear on the Guild program, for nothing, because proceeds of the show go to the Motion Picture Relief Fund.

Edith Meiser who writes two of radio's outstanding programs, is a fine example of a newspaperman's daughter who wanted to write when she grew up—and did. Her earnings run into five figures.

Dave Elman plans to stage "Hobby Lobby" contests in leading cities throughout the country, then inviting the winners to New York to be guests on the network program.

Horace Heidt, pictured here, feels like an "advise to the lovers" columnist these days when

he looks at the heap of mail awaiting him each morning. Listeners to his "Pot o' Gold" program are writing in from all over the country seeking additional information on persons the program has presented with gifts of \$1,000.

Kenneth Spele, a little shy, but isn't likely to let you by.
Aubrey is good, so everyone thinks, and probably so, just let him think.

And here is Maxine, a dear little miss, who's always waiting for a kiss,
And Geneva King, so sweet and jolly, everyone likes her as a scholar.

Then comes Maxine Harrison, a good friend to all.
Billy Hill, with her sweet smile, would make you walk a mile.

Sibyl Wallace, a fine little sport, always with mischief of some sort.
Lillian, Maurice and Marvin too, are as good as the best, I bet you!

Now Helen is new here in our class, but you know we think him a fine little lad.
Angeline and Jozelle are great and fine, because they never have to stand on the line.

And next our boys namely, these three, O. H., Raymond and Glenn, mark the end of the '40 class, and a true story of lad and lass.

FIRST BAPTIST CHURCH

David says, in Psalms 95:6, "O come, let us worship and bow down: let us kneel before the Lord our maker." This is the Lord's call to worship before Him. He is worthy of our worship and adoration. He has never turned any one away who has come to Him in the right spirit.

In the worship of Him is the only real satisfaction that ever comes to the human soul. In approaching Him in the true worshipful spirit, and feeling His divine presence come into our lives, there is real peace and rest of soul.

David said again, Ps. 122:1, "I was glad when they said unto me, let us go into the house of the Lord." The person who knows Christ is always rejoiced to go into His house.

Again David said, Ps. 119:59, "I thought on my ways, and turned my feet unto Thy testimonies."

All services at the regular hours next Sunday. We will be happy to welcome you to any or all of them.

Peter Loran, state president, and J. E. Edwards, secretary of the Farmers Union of Texas, were in Wichita Falls last Friday where they attended a Farmers Union meeting.

Eagles Lose to O'Brien and Seymour

On Thursday night, January 4, the Sunset Eagles played their first game in the Knox City Invitation Basketball Tournament against the O'Brien team. The Eagles, outclassed by the superior height of the O'Brien team, were defeated by a score of 33 to 23. After losing this game, the Eagles were scheduled to play the Seymour Panthers in the consolation semi-finals.

On Saturday morning, January 6, the Sunset team played Seymour. The Panthers nosed out the Eagles in a tightly contested game by a score of 19 to 17. The Eagles obtained a lead of 11 to 8 in the first half and retained the lead until the last few minutes of play, when a field goal by Seymour won the game for the Panthers.

In both of these games the Sunset team was operating under the handicap of having their key-man, Payne Shannon, on the sidelines with an injured arm.

The Eagles play Goree at Goree on Tuesday night, January 9.

Personals

The following teachers of Sunset School were rolled in the snow by Sunset pupils:

Mr. Harber, superintendent; Miss Phillips, homemaker teacher; and Mr. McLeRoy, shop teacher, of the high school; and Mr. Varner of the grade school was rolled also.

Hayt Gray, Jr., son of Mr. and Mrs. A. H. Gray, who is residing in Lubbock, has gone to Detroit on business.

Howard Myers visited school Friday, January 5, and Monday, January 8.

Howard Payne Shannon, Sunset senior, received a very painful injury to his hand last week while working in the shop.

Seniors on Parade

Cleta Jones, the daughter of Mr. and Mrs. John Jones was born at Knox City, Texas, on April 11, 1923. Cleta is five feet, two inches tall,

and weighs about 112 pounds. She has blue eyes and... auburn hair.

Cleta is very talented and is liked by everyone. She has been one of the high school trio ever since she has been in high school. She is also ever so good with a pencil in drawing.

Some of the most important favorites of Cleta's are:

Color, blue; sport, skating; subject, English; hobby, drawing; dislike, people who talk about others; and song, "Oh Johnnie."

After finishing high school Cleta wants to take an art course. All of the Seniors wish her success.

We Wonder Why

Miss Phillips, Mr. Harber, and Mr. McLeRoy dislike the snow. (After all, they did "waller" in it.)

Gena Beth made a dive for the house after she rolled a certain girl in the snow. (Reckon she saw someone?)

Everyone laughed when Claude came into the study hall. (Say, it doesn't snow in there!)

Kenneth and Victor were on the outside after the rest were on the inside. (Say, Gaynelle's face wasn't that dirty was it?)

By the Study Hall Clock and Study Hall Bell...

Grammar School News

The first grade reported that about one-third of their class was absent on Monday. This was the most that had been absent at one time.

Monday, during art class, the third grade went outside and made a snowman. When that was finished, they drew a picture of the man.

The fourth grade was very sorry that Riley Jean Hoover moved to Munday.

Freshmen News

The Freshmen are sorry that Bertha Faye Jennings moved to Benjamin. They hope she will enjoy her new home and school as

Let's Help

well as she seemed to have liked Sunset.

The Freshmen all seemed to enjoy the snow. This time even a few girls went out for a frolic. It must have been a frolic, for you should have seen them when they came in.

Their new motto is: "All girls who are afraid to venture into the snow need to be at home in their cradle."

Did You Know... Did Ya?

That Gena Beth surely likes peaches? (I suppose that's the reason she chose the one she did.)

That Alyne found out there was a Santa Claus in Goree?

That Leola was "kinda" disappointed because someone moved away from Sunset? (After all, Leola, it isn't so far to Rule!)

That Edith has been telling stories? (Why don't you publish them,

Edith, or was it that kind?)

That Rhineland is getting to be a popular place an especially with La Verne Brown?

That Margaret Jean did not know when the old year went out? (Too bad you did not have your watch, Margaret.)

That Juanita has at last found something interesting at Sunset, could you believe it, it is in the Sophomore class?

That Nellie wonders what the New Year holds for her? (Graduation, of course, Nell. I hope.)

That LaVerne wonders if the whole New Year will be as much fun as the first hours.

That Loma Rae really enjoyed seeing the old year out? (We wonder why.)

That there were quite a number of New Year's resolutions made among the volleyball girls? (How long will you keep them, girls?)

That Rachel doesn't think larger people should pick on smaller ones?

That Ruby won't tell her New Year resolutions. (Do we already know them, Ruby?)

That mid-term exams are just around the corner? (If you don't already know, you had better start learning.)

That Cleta thinks she's getting double-crossed. (Surely he would not do that Judy.)

Some Resolutions Of Those Dignified Seniors

As "Ole" Father Time rolls on the Seniors gently but firmly make a few resolves!!! Of course, they might be broken, but... oh, well, wait and see!

Anyway, they resolve to do or not to do the following:

Paynie—Not to slight the "Fish" class, (anyway, one of them.)

Cecil Joe—Not to laugh too much, (especially in English!)

Joe Tom—To keep his right foot to himself.

Cleta—"Do not judge others by suspicion."

Virginia—To beware of the pictures she puts in her locker.

Katie Bell—Not to get too enthusiastic about that business course.

LaVerne—To learn that "Seriousness" is at stake!

Ann—To quit typing cards in secret.

Nellie—To forget the past and strive for the future!

Howard—To eat lots and get fat!

Glendon—To learn that "shyness" went out with '39.

Jo—To keep that interest around Munday!!

Rachel—To always keep "tab" on that ring.

Bill—To write more sensible papers in English!

Claude—To quit talking above "our" heads.

A.J.—To learn to play "Scatter-brain" with his fingers.

Margaret—To watch this New Year closer!

Juanita—To keep that interest in the Soph class!

Robert—To write better poems, of course!

Ausa—To keep his teeth in his mouth. (It scares us sooo!)

J. R.—To use a blindfold in typing.

Thelma—To learn how to write letters.

Yours,
Till I become a "Scatter-brain" instead of Chat-ter-box.

The little son of Mr. and Mrs. Carl Kilecrease is in the Knox City hospital for treatment.

Cotton Council Reviews Results Of 1939 Program

Memphis, Tenn.—Looking forward to a program of greatly increased activity on all major fronts in the battle for increased cotton consumption during 1940, officials of the National Cotton Council today reviewed a lengthy list of concrete accomplishments of its 1939 campaign.

Attributing a major portion of the credit for greatly increased favorable publicity for cotton products to the 2,800 newspapers of the Cotton Belt, the Council said that during 1939 Belt editors almost \$1,000,000 worth of space to cotton and its products. Other favorable publicity came as a result of cotton programs staged by nearly 2,000 civic clubs throughout the Belt, test campaigns involving the use of "Pick Cotton" postage meter plates and the distribution of 500 outdoor posters featuring the 1940 program theme.

Special projects to stimulate the use of cotton products included the

co-sponsorship and promotion of the most successful National Cotton Week in the history of the event, the staging of the Cotton Belt's first annual Cotton Christmas, a campaign in which more than 750 newspapers promoted the household re-use of cotton bags, completion of arrangements with a large Southern coffee firm to distribute more than 3,000,000 cotton towels as premiums during 1940, Belt-wide production of a new cottonseed hull bran sweeping compound perfected by the Cotton Research Foundation, and successful negotiations with a large flour firm to use cottonseed shortening exclusively in its nationally distributed biscuit mixture.

Combating discriminatory taxes on cottonseed food products, the Council reported the successful defense of these products against 29 state legislative attempts to levy new or increased taxes and license fees.

In the field of scientific research to discover new uses for cotton, the Council adopted the Cotton Research Foundation as its research agency, pledging its financial support to the organization in carrying out projects already under way and new projects to be evolved jointly by the two organizations.

During 1939 the Council also initiated the first exhaustive survey of cotton roads. Continuing its efforts to expand foreign trade, the Council was successful in securing more favorable war risk insurance terms and assisted materially in the organization of the new Cotton Export Corporation. Results of studies on net weight selling of cotton are now being submitted to the industry.

Special Notice To Poll Tax Payers:

The State Attorney General has advised me that the following laws must be strictly complied with in order that Poll Tax payments will be legal:

Article 2961. 2944 MODE OF PAYING POLL TAX

If the taxpayer does not reside in a city of ten thousand inhabitants or more, his poll tax must either be paid by him in person or by some one duly authorized by him in writing to pay the same, and to furnish the collector the information necessary to fill out the blanks in the poll tax receipt. Such authority and information must be signed by the party who uses the poll tax, and must be deposited with the tax collector and filed and preserved by him.

Article 2963. RECEIPT MAILED

When in cases permitted by this Title, the tax is paid by an agent, the tax receipt shall not be delivered to such agent, but shall be sent by mail to the taxpayer or kept and delivered to him in person by the Tax Collector. Where a property taxpayer residing within or without a city of ten thousand inhabitants or more, has a poll tax assessed against him or his wife or both, he may, at the same time that he pays his property tax by bank check or money order, also pay the poll tax of himself and wife, or either, and in the same way, and it shall be the duty of the Tax Collector in such cases, to mail such poll tax receipts, together with the property tax receipt to such property taxpayer. Exemption certificates shall be mailed in like manner, with the property tax receipt upon the payment of property taxes.

Texas Allotted 120 Recruits In Marine Corps

Vacancies in the ranks of the United States Marine Corps are being filled at a very gratifying rate according to information received from Washington, D.C. Of the original 5,000 vacancies existing 2 months ago, approximately 2,000 now remain to bring the Marine Corps up to the authorized peacetime strength.

Texas, because of its size, has been allotted a January enlistment quota of 120 men by Headquarters, Marine Corps, according to Captain J. D. O'Leary, Officer in Charge of Marine Corps recruiting in Texas, with headquarters in Dallas.

These 120 young men will be accepted for enlistment through recruiting offices located in Abilene, Austin, Dallas, Fort Worth, San Antonio and Houston.

Applicants may secure further information by contacting the postmasters or the recruiting officers of the above named cities.

METHODIST CHURCH

Although the weather has been such as to discourage church attendance recently, we have gone forward with each service.

These are days when the church mean much to each one of us and the future of civilization is dependent on just such a life as the church advocates. Now is the time to more firmly establish that something that is peculiar to the American people; a spiritual inheritance that has grown along with our nation.

The story is told that when the old Prussian King, Frederick Wilhelm lay dying he called his son, afterward Frederick the Great, to his bedside and said: "If you lose anything that I have won, I will laugh at you out of my grave."

The American people enjoy a religious freedom and a broader liberty in which to develop real human beings than has been developed in other nations. Shall we not cherish that heritage which has its roots fastened in the Christian way of living? The church needs the cooperation of the American people but the American people need what the church has to offer in no small way.

In the war in Europe developing into the situation that the Scriptures speak of as being the beginning of the end of this age? Is Hitler one of the "Anti-Christians" spoken of in the New Testament? Sunday at 11:00 a.m., we will do a bit of comparing the Word of God to our day of uncertainties and generally disturbed situation. What ever the weather may be, your friends will be at church and improving ever opportunity to know more of the Christ way of living. Will you also be there?

TEXAS OUT-O-DOORS

Raise 5,212,288 Fish

Austin Texas.—Fish production in the ten hatcheries maintained by the Texas Game, Fish and Oyster Commission increased nearly 2,000,000 (millions) in 1939 over the 1938 crop of fingerlings, final reports of production from hatchery superintendents to the executive secretary of the Game Department show. The total production for 1939 was 5,212,288 (millions) compared with 3,306,996 (millions) the previous year. That is an increase of 1,905,292.

The Heart O' the Hills Hatchery near Natalia led in the distribution of fish in 1939 with a total of 795,817. The Dundee Hatchery was second with 67,776. The Tyler Hatchery was third largest in production with a total of 642,210. Other reports: Lake Dallas, 621,186; Clasco, 549,290; Huntsville, 540,083; Jasper, 513,325; San Angelo, 480,400; Olomito, 198,545 and Medina, 11,657. The new Medina Hatchery, in production for the first time, had only four ponds which were ready for use.

Twelve species of fish were raised in the state hatcheries in 1939. They are channel cat, largemouth black bass, smallmouth bass, spotted or Kentucky bass, red-ear green, warmouth bass, rock bass, broom sunfish, bluegills, long-eared darters, white crappie and black crappie.

Less than 15 per cent of the total number of fish raised by the state hatcheries went into private lakes or streams in 1939, the executive secretary announced.

Hatchery superintendents and helpers are now draining their ponds, cleaning and fertilizing them and refilling them in preparation for raising another crop of fish this year.

Texas Woman Kills Bear
Mrs. Alex D. Haynes of Pecos, Texas, will probably not forget her recent hunt for a good many years. She returned with a trophy of a 400-pound bear, but not before she had more than her share of thrills.

Hunting with her husband in the Davis Mountains, Mrs. Haynes saw a huge bear and fired her 30-30. The shot hit the bear in the foot and he turned suddenly and started toward the huntress. Mrs. Haynes fired twice more before bringing the bear down with a shot which pierced its heart.

Champion Bear Killer
Which brings to mind an incident reported by the Orange (Texas) Leader. Robert Linscomb, one of the oldest Orange County residents, is said to be the only man in Texas who can prove he killed two bears with one shot. Mr. Linscomb admits the feat was accomplished accidentally. It took place nearly 65 years ago. Back in those days game was so plentiful in Orange County that in a single season Mr. Linscomb brought down a total of fourteen of seventeen deer at which he shot.

Weather Hurt Hunting
Texas sportsmen got a bad break from the weather during the season just closed. In very few sections of Texas did it rain sufficiently to make for good quail hunting and sportsmen are hoping for a better break during the few days of the Bobwhite season remaining. Dogs could not work so faint was the bird scent on the ground and grass. Burs bothered pointers and setters considerably in many sections.

Deer hunters fared little better, the lack of cold spells playing havoc with big game hunting in almost every district in which there are deer. Due to the hot weather the deer remained back in the brush during the days. Deer probably were running less in South and Southwest Texas than in any season in a decade, experts declare. Surveys showed there were more deer and quail in 1939 than in ten years, but sportsmen didn't get the breaks the game did. As a result Texas may have considerable more game in 1940.

Weekly Health Letter!

Issued by Dr. Geo. W. Cox,
M.D., State Health Officer
of Texas

Children brought up according to the three 'R's' of mouth health have a very good chance to escape the discomforts and accompanying ill-health that comes from dental disease, according to the Texas State Department of Health.

This season of the year, when the children are getting adjusted to school routine, is particularly appropriate time to give special thought to the physical as well as mental aspects of a child's development. The child who is physically fit makes better progress in school, than does the boy or girl who is below par. Parents can help to keep their children fit by carefully following the rules of mouth health in bringing up their children.

The three 'R's' of course, are not 'Reading,' 'Riting,' and 'Rithmetic,' but are 'Right' foods, 'Real' cleansing, and 'Regular' office visits, which are as important to mouth health as the old three 'R's' are to mental development.

The teeth and other mouth tissues depend for their original structural strength and their continued resistance to ill-health on the quality and quantity of building materials made available in the food one eats. The first set (baby or foundation) of teeth obtain their materials from the mother before a child's birth. The permanent set may depend on the diet of both the mother and the child itself. Consequently, the diets of both should be rich in calcium, phosphorus, and in those vitamins that seem to affect mouth tissues, with special emphasis on vitamin "D" which is found principally in sunshine, codliver oil and fish. That is, there must be 'right' food in the diet for strong, decay-resisting teeth.

'Real' cleansing means twice-a-day thorough brushing of the teeth with effort to reach every tooth surface, and finally, the equally thorough flushing of the mouth with some mild antiseptic liquid or saline solution. The germs that play the part of tooth and gum destroyers in the diseases known as dental decay and pyorrhea are more active in unclean mouths. Real cleansing will help to prevent their activity.

But it is unwise to place complete dependence for dental health on the first two 'R's.' So 'Regular' dental office visit should be made if only to assure one's self that the mouth is healthy. These visits permit you family dentist to discover defects when they are small and to correct them before much damage is done. Naturally these corrections are much more easily made than those who have gone unattended.

Children of two and a half years are not too young to start dental office visits. From then on 'Regular' visits, combined with the other two 'R's,' will be good insurance on continued dental health.

"My dear wife, I have taken you safely over all the rough places in life, haven't I?"
"Yes, I don't believe you missed any of them."

Mr. and Mrs. K. G. Homer and daughter, Helen, and Mr. and Mrs. Alfred Homer were business visitors in Wichita Falls one day last week.

Open Season For Antelope Likely For Texas Sportsmen In Few Years

Austin, Texas.—The first white men to tramp the plains of Texas found antelope in larger numbers than the famed and fabled buffaloes and the pronghorns continued to prosper until the advent of the barbed wire fence, the high-powered rifle and the motor car.

Tens of thousands of antelope tore themselves to pieces on barbed wire fences before they learned to crawl under it. Then the hunter, fortified with his heavy rifles and transported rapidly long distances by automobile, carried on the work of destruction.

Antelope decreased so rapidly that a dozen years ago William T. Hornaday, noted naturalist, viewed with alarm the passing of the fleet-footed mammals. He believed there were only about ten thousand antelope left in the United States. Stern steps were taken by many states to give the pronghorn a maximum of protection. So successful were their efforts that in some localities gratifying increases in the ranks of the animals took place. It was not many years before Wyoming had so restored the antelope that an open season was possible.

Later New Mexico provided an open season under a system which permits the killing of a few of the animals each year. Now, through trapping and transferring antelope to new areas by use of a method devised under the direction of Mr. Elliott Barker, chief of the New Mexico Game Department, Texas may have a controlled open season on pronghorns in a few years.

Mr. Barker, finding that antelope are inclined to over-populate a given range without a natural spread to surrounding areas, was the first to devise a successful plan of trapping and transporting antelope to new and suitable range.

The recent efforts of the Texas Commission, which has trapped nearly 300 antelope on the Brennard Ranch near Sterling City in a drive recently completed, further proved the success of the method. It is believed other states that have a surplus in some localities will follow this method and that the antelope will again become one of the important game mammals of the western states.

So near to virtual extinction had the antelope appeared that when in the summer of 1938 Mr. Barker reported at a meeting of game officials in Asheville, N.C., that New Mexico's game Department had perfected a device for trapping live antelope in large numbers most game officials were surprised that such a method was necessary.

Learning from Mr. Barker of the successful trapping of pronghorns, Will J. Tucker, executive secretary of the Texas Commission, conferred with the New Mexico chieftain of the Asheville meeting and immediately detailed game manager Lee Fisher and Tom Redford, a game warden, to Roswell, N.M., where trapping operations were under way. They were given rapid instructions by Mr. Paul Russell of the New Mexico department and plans and specifications for the trapping device.

With slight modifications of the methods used by New Mexico, the Texas department was able to trap efficiently. The most recent roundup of antelope on the Brennard Ranch resulted in a catch of 237 with a loss of but six animals due to injuries.

Should the pronghorns prosper and propagate as rapidly as it is believed they will in the plains country, the only territory suitable for them, Texas may join New Mexico in holding controlled open seasons. Latest reports from New Mexico indicate that state has continued its restocking program and that the Game Department recently trapped a considerable number of antelope without any loss.

Although successful methods of trapping the pronghorn were developed later than for other large game mammals it is revealing that the Game Department recently trapped a considerable number of antelope without any loss. The fight is for possession of the range remaining. Sportsmen probably will be pulling for the cat squirrel to stage a comeback, but they arrantly are backing the lose rat this stage of the battle for the fox squirrel is moving into much of the country over which the cat squirrel formerly ranged. The gray nut-eaters are considered by the majority of hunters the best game animal of the two. Thinning of the woods makes the range more suitable for red squirrels. Game Department technicians have found, and therein lies the story of the advantage the reds have over the grays. The ratio is believed to be one gray squirrel for every ten reds except in some sections where there has been little cutting of timber. There the cat squirrels still outnumber the reds about ten to two.

approximately 4000 antelope which range that section of the state.

Austin, Texas.—A primitive battle for existence is taking place in the wooded sections of Texas, biologists of the Texas Game, Fish and Oyster Commission, discovered during a survey of squirrels. It is a fight, apparently to the finish, between the red or fox squirrels and the cat or gray squirrels. The reds are winning.
