COUNTRY CLUB ORGANIZATION IS PLANNED

Closing Programs Held For Knox County Schools

Several of the county schools held their closing programs last week, which programs are marking the close of the 1939-40 school terms in Knox county.

Gilliland held its closing exercises last Friday with the annual basket picnic for the community. A large crowd attended the picnic and closing exercises.

During the afternoon skating was enjoyed in the gymnasium of the Gilliland school, and open house was held for the new school building. This school was completed in April, and consists of 9 classrooms, and gymnasium and auditorium. It was built of native stone and cost around \$45,000.

Closing exercises for Hefner were held last Friday morning for the seventh grade. A basket lunch was enjoyed at noon, and awards were made to students having perfect attendance records during the year. A ball game was enjoyed during the afternoon.

The Union Grove school, west of Knox City, held its exercises on Thursday night of last week, and on Friday a picnic lunch and neighborhood gathering was held. All who attended these events reported a very enjoyable time.

Truscott's closing exercises were held last Thursday and Friday. Seventh grade graduation exercises were held Thursday night, with J. Donnell Dickson of Seymour as the principal speaker.

High school exercises were held on Friday night. S. O. Murdock of Childress, deputy state superintendent over this district, delivered the graduating address.

Diplomas were issued to seventeen graduates, who included two sets of twins, the Glidewell twins, and the Gradham twins.

240 Certified In The Mattress Program Here

120 Mattresses To Be Made in County

Two hundred and forty persons have been certified to receive materials for cotton mattresses in Knox county's mattress program, it was announced Monday by County Agent W. W. Rice and Neva VanZandt, home demonstration agent. Thirty-seven other applications are on hand, but these had not been passed upon by the local committee.

The agents stated that they have received shipping instructions for cotton for 120 mattresses to be made in this county. Cotton is to be shipped from Lubbock, and the mattress making program is expected to start in the near future.

"Applications must be completed by June 1st," they said. "It is the duty of both business men and farmers to see that all needy farm families make application for mattresses under this program. Any farm laborer, farm tenant, share cropper, or farm owner is eligible if he had an income of less than \$400 in 1939, and is not under some other form of public assistance."

Application blanks may be obtained locally at the office of Mrs. Louise Ingram, secretary of the Chamber of Commerce, at the post office, or the Times office.

KNOX CITY RENAMES ALL SCHOOL FACULTY

The entire faculty of Knox City has been re-elected for 1940-41, it was announced this week.

The staff includes: A. M. Whittis, superintendent; L. G. Cook, high school principal and coach; J. Bud Farrar, band director; Patricia Reagan, home economics; Martha Crenshaw, speech; Pauline Cherry, primary; Ruth Rice, second grade; Opal Lambright, third; Mrs. Jack Wetzel, fourth; Jack Wetzel, fifth and grade school principal; Bernice Swift, sixth, and Mrs. Sammie Carpenter, seventh.

Wade Walling returned Tuesday from a week's business trip to South Texas.

Twenty to Take Annual Trip to Short Course

Knox county club people and extension folks are planning to attend the annual short course, to be held at College Station on July 8 to 12, inclusive.

A group of 4-H club boys and girls will attend their section of the short course for two days, Monday and Tuesday, and the adults will attend the adult section on July 11 and 12.

W. W. Rice, county agent, and Mrs. Neva VanZandt, home demonstration agent, are making plans for the following delegation to attend:

Four club ladies and four girls will represent the women's and girls' clubs of the county; three AAA committeemen and three members of the county and use committee are delegates, as well as four of the county's 4-H club boys.

Poppy Sales To Be Held Here Next Saturday

Boy Scouts Will Sell Tiny Replicas of Flanders Poppy

The tiny red poppy, replica of the flower that blooms profusely over the graves of American soldiers in Flanders Field, will be on sale here next Saturday. The little red paper poppies made by the veterans at Legion hospitals, will be sold by Munday boy scouts, and the sale is sponsored by Lowry Post of American Legion, in memory of their World War buddies. Scouts will receive a portion of the proceeds from Saturday's sale.

"Buy a poppy, Mister?" Many of us will recall these words which echoed through the streets in the early poppy day, over 20 years ago. Most of us realize the significance of the tiny red flower, but the following story told by a little red poppy will help us to evaluate its significance more:

"A Poppy Trail"

"Once upon a time I was red crepe paper but I was cut into pieces like poppy petals and showered on beds of sick veterans in a hospital at Legion, Texas.

Eager hands grasped my wee bits and fashioned me into a flower and I heard a tired voice say "That's ten I've made today, but I wish I could make ten times ten, my days are so long." Then an aide passed that way and the same tired voice asked, "Any poppy orders come in today?" I think I shall never see distress more disguised than when that aide replied, "The orders are just a little late. There'll be a big mail in at noon tomorrow!"

I did not stay to know about the big noon mail because I was packed into a box that soon went coasting with other boxes into a big laundry chute where sterilization was in order. When I next saw the light of day it was on a street corner in a busy town on "Poppy Day."

A little girl lifted me tenderly and said "My Daddy wrote me he made some flowers just like these and he sent my Mother a dollar bill to buy some things for us children. Aren't these pretty poppies? I know I can sell a hundred, easy."

I soon found myself facing the breeze on the lapel of a much worn coat and I heard my wearer say as he marched away, "I wear you in memory of my oldest boy who lies in Flanders Field and for my baby boy now so sick at Legion Hospital!"

TO BANKERS MEETING

M. L. Wiggins, cashier of the First National Bank, spent the first of this week in Galveston, where he attended the Texas bankers convention. The convention was held through Thursday of this week.

Food Storage Lockers May Be Located Here

At a meeting of the Farmers Union, held Saturday, April 18, County Agent W. W. Rice was invited to discuss the possibility of setting up food storage locker systems in Munday. A number of farmers in this section have expressed interest in such a system.

The nearest storage lockers to Munday are at Stamford and Vernon. These plants cost around \$5,000 and usually have 250 lockers which rent at \$1 per month. Fresh foods can be stored in them and maintained at a temperature of 10 below zero, which keeps them fresh and delicious for an indefinite period of time.

A committee plans to visit the plant at Plainview in the near future. This plant was built two years ago, consisting of 250 lockers, and has recently doubled its capacity. This is considered as definite proof that farmers like this means of storing and conserving their perishable foods.

Medical Group In Meeting Here Tuesday Night

Auxiliary Program Is Book Review

The Baylor-Knox-Haskell County Medical Society met in its regular monthly session at the Terry Hotel in Munday on Tuesday night, May 21. The Auxiliary met with the Society, and immediately after the luncheon, a book review was given by Miss Martha Crenshaw of Benjamin.

The Society and Auxiliary then met in business session. The Society heard a report from the State Medical Association meeting which was held in Dallas last week.

Those present were, Dr. and Mrs. J. W. Foy, Seymour; Dr. and Mrs. T. S. Edwards, Knox City; Dr. and Mrs. O. J. Emory, Rule; Dr. W. M. Rogers, Rule; Dr. Earnest Kimbrough, Haskell; Dr. and Mrs. Gordon Phillips, Haskell; Dr. and Mrs. Frank Scott, Haskell; Dr. and Mrs. J. W. Youngblood, Stamford; Dr. Ike Hudson, Stamford; Dr. and Mrs. D. C. Eiland, Munday; Dr. R. L. Newsum, Munday; Dr. and Mrs. W. M. Taylor, Goree; and guests were Miss Martha Crenshaw, Benjamin; and Mrs. Una Hollis, Goree.

HOLDER'S GROCERY IS NOW OPERATING MARKET

Holder's Grocery announces this week that their market, which has been leased out for the past few months, is now being operated in connection with the grocery store.

J. B. Graham has been employed as market manager, and promises prompt and efficient service. The market will have a supply of fresh and tender meats at all times, and the patronage of local citizens is invited.

Forty-two Students Receive Diplomas In Seventh Grade Graduation Exercises

Exercises Held Last Friday Night

Forty-two students of the Munday elementary school graduated into high school last Friday night in the seventh grade graduation exercises held at the school auditorium.

The program for the evening consisted of the welcome address by William Browning, after which a one-act play entitled "Getting Gracie Graduated" was presented and the class rendered its commemo-

Saturday is "Poppy Day" Here

CALL FOR FLOWERS

Legionnaires will need flowers in order to carry out their plans of decorating the graves of their World War buddies on May 30, Memorial Day.

Graves at Munday, Goree, Rhineland and Weinert will be decorated by the local Legion Post, and those having flowers which they will donate to the Legion for this purpose are requested to notify Lee Haymes at the post office.

Voters Consolidate Vera And Cottonwood Schools

Knox City Has Final Exercises Monday Night

Twenty-nine Students Receive Diplomas

With Rev. C. E. Cogswell, Christian pastor, delivering the baccalaureate sermon last Sunday morning, graduates of the Knox City high school held their commencement exercises on Monday night of this week.

The program, held at the auditorium at 8:15 o'clock, was based on the theme: "Democracy in our Educational Program." Rather than having a regular commencement address the program carried out this theme, with various graduates taking part. Supt. A. M. Whittis awarded diplomas to the following graduates:

MARGARET STEPHENS DIES SUNDAY AT THE KNOX CITY HOSPITAL

Margaret Dutton, Bobbie Armstrong, Geneva Mills, Odell Carver, Nella Shaver, La Roy Stubbs, Rufus White, Edna Warren, Ernestine Teaff, Anita Wampler, Zena Bolin, George Wall, Udell Darden, Carl Benson, Sam Woodward, Junior Montandon, Dolly B. Hodges, Ina-leen Williams, Alden Huntman, Paul Edward Benedict, L. N. Bridges, Jr., Milton Simmons, Paul Hodge, Annie Mae Rice, De Alva Hammons, David Clarke, Dickie Mullins, Winnie Mae Nance and Melvin Dutton.

MR. AND MRS. CECIL STEPHENS AND LITTLE DAUGHTER, SUE, OF Ft. WORTH, WERE CALLED TO THE BESIDE OF THEIR LITTLE SISTER, MARGARET STEPHENS, WHO PASSED AWAY SUNDAY MORNING AT THE KNOX CITY HOSPITAL.

COMMEMORATE SONG

L. M. Palmer, principal of the elementary school, presented the graduates their diplomas, and awarded honor and perfect attendance medals. After the class had presented the "Home Going Song," Rev. W. H. Albertson, Baptist pastor, pronounced the benediction. Diplomas were awarded the following students:

Laverne Darter Gets Honor Award At ACC, Abilene

Miss Laverne Darter, daughter of Mrs. I. N. Douglas of Munday, was awarded a certificate at Abilene Christian College for maintaining an average of 90 per cent or above in all work done during the freshman year.

This honor is given each year by the college's chapter of Alpha Chi, national honor scholastic society, to encourage the leaders in scholastics among the first-year students. Thirty received the award this year.

BIRTH ANNOUNCEMENT

Mr. and Mrs. J. D. Smith of the Hood community have an 8 1-2 pound boy, born at the Haskell hospital, May 21. Mother and son are reported doing nicely.

Mrs. Billy Cooper is in Abilene this week attending the bedside of her grandfather, W. A. Parmelly, who is ill.

Election Is Saturday; New School Board To Be Named

At the school consolidation election held in the Vera and Cottonwood school districts last Saturday it was voted to consolidate these two schools into one rural high school district. The election carried by 100 votes for consolidation to 18 against.

Vera voted unanimously for consolidation, polling a total of 48 votes. Cottonwood polled 52 votes for consolidation to 18 against the proposed consolidation.

A meeting will be held within the near future to name a board of trustees for the newly formed school district. Seven new board members will be elected, County Supt. Merick Metcalfe says Monday.

Attend Meeting Held in Crowell

Mrs. Neva VanZandt and W. W. Rice, extension service agents in this county, were in Crowell on Thursday of last week, where they attended a district extension service meeting where instructions were given in keeping of farm records.

"Under the rapidly changing farm system," they explained, "it is felt that farmers should keep accurate records of their farm operations the same as business men do of their operations." They plan to assist farmers of this county in setting up record books for their farm records.

TO DALLAS HOSPITAL

Melvin Bryan left last Sunday for Dallas where he entered the Baylor hospital for treatment for a heart ailment. He expects to remain in the hospital for some six weeks before returning home.

MRS. C. R. ELLIOTT HAS MAJOR OPERATION AT THE KNOX CITY HOSPITAL

Mrs. C. R. Elliott was taken to the Knox City hospital last Monday, where she submitted to a major operation last Monday morning.

Reports coming from the hospital are to the effect that she is doing nicely, and her many friends over the county wish her a speedy and complete recovery.

Utilities Co. Building Line To City Park

An expenditure of approximately \$2,000 will be made by the West Texas Utilities Co. in the very near future in order to supply electricity to the city park, three and one-half miles southeast of the city.

Arthur Mitchell, local manager, stated Tuesday that an electric line will be run to the park, which means the running of a new line all the way from the city. The park will have a system of lights throughout the picnic grounds, and electricity will also be supplied to the club house, keeper's residence, etc.

Work is awaiting the arrival of materials, and it is expected to be started between now and June first. A few rural customers will also be served by this electric line.

Because the highline which runs by the park carries a heavier load of electricity, Mitchell explained that it is necessary to run a line from the Munday plant in order to supply this service to the city park.

Vera Club Girl Remodels Bedroom

County's Outstanding Work Voted For This Project

Since coming to the county some few months ago, Mrs. Neva VanZandt, county home demonstration agent, has been busy working with the 4-H club girls on their bedroom improvement projects.

The most outstanding work done so far in the county is that done by Miss Laverne Timberlake, a member of the Vera girls' club, who has recently completed remodeling her bedroom.

Work done in this project included repapering room, remodeling and refinishing the bed, refinishing the dresser, covering a chair, refinishing floor and adding new rugs. Laverne has also covered the chair used in her bedroom, and has made new curtains for the windows.

Her room has been made into a most attractive bedroom, and with very little cost to the club girl.

Vera Student Has Many Honors

Miss Aline Smith, a senior student in Vera high school, has many honors to her credit during her high school days in Knox county. Included this year are four places in ready writing in interscholastic league contests.

Aline won first place in the county, first in district at Breckenridge, first in regional at Abilene, and third in the state meet at Austin where she received a bronze medal as a reward.

Last year she received a certificate in the interscholastic league for making a perfect paper in spelling, and for an additional reward the superintendent gave her a free trip to Carlsbad and El Paso.

She received a medal in the Benjamin high school last year for making the highest grade in the junior class.

She graduates from the Vera high school this year, and she plans to enter Weatherford Junior College next fall. After finishing there she will go to the University of Texas at Austin.

In addition to her school work, Aline is very active in club and church work in the Vera community.

JACK IDOL'S TRACTOR STOLEN THIS WEEK

A tractor belonging to Jack Idol, near Benjamin, was stolen last Sunday night.

According to reports the tractor was towed several miles from the field to a point where it was loaded on a truck. Officers traced the machine several miles and found where fences had been cut to get it across, but lost track of it where it was loaded and trucked away.

Will Organize At Meeting On Friday Night

Prospective Members Asked to Meeting

Plans for organizing a Munday Country Club, with its members entitled to all facilities of the city park, southeast of town, will be completed on Friday night of this week at a meeting of all interested citizens.

The meeting has been called for 8:15 o'clock Friday night at the city hall. Everyone from all sections of the county who are interested in membership in the country club and in having a voice in its organization is urged to attend this meeting.

The country club will be organized, officers elected and committees will be named for working out by-laws and regulations. Rules and regulations governing the use of recreational facilities at the park will also be adopted.

It was explained that membership in the country club entitles the member to such privileges as golf, tennis, croquet, and use of the club house, etc., although the picnic grounds will remain public and free to all citizens.

Membership fee in the country club has been set at \$5.00, and monthly dues not to exceed \$1.50 month. The \$5.00 initial fee is the only fee required, exclusive of monthly dues, as long as one remains a member.

W. H. Atkinson and H. A. Pendleton circulated a petition asking for memberships this week, and received over 50 applications for membership. There are many whom they have failed to see, and they ask that everyone interested in membership in the organization who reside anywhere in Knox county to attend the meeting Friday night or ask for membership just as early as possible.

4-H Club Girls To Make Trip To State Capitol

Another educational tour, which will take 4-H club girls of Knox county to the state capitol at Austin, San Antonio and other places of interest, is being planned for the 4-H Club sponsors. A meeting was held at Benjamin last Monday in the home demonstration agents' office, where plans were made for the trip.

Last year a group of 13 girls and women visited the Carlsbad Caverns. This year the group going on the educational tour will consist of approximately 50.

In charge of plans for the tour are Mrs. E. F. Branton of Union Grove, Mrs. R. M. Almarode, Sunset; Mrs. Gladys Meek, Gilliland; Mrs. Herbert Gillespie, Truscott; Mrs. Sam Hampton, Goree; and Mrs. Sam Shipman, Vera, who are working with Mrs. Neva VanZandt in making arrangements for the tour.

The date has not definitely been determined, but the group plans to be gone five days.

WALTON STUDIO TO CLOSE BABY CONTEST ON SATURDAY, JUNE FIRST

Walton's Studio in Munday announces this week that the baby contest which the studio is sponsoring will close on Saturday, June first.

Mrs. Walton says out-of-town judges will make awards to the prize winning babies on Friday, June 7th. The studio's ad, announcing the close of the contest, appears in this week's issue of the Times.

SERVEL
ELECTROLUX

What do OWNERS say about it

SAYS MRS. D. S. KAUFMAN, ABILENE, TEXAS:

"A representative of the local Servel Electrolux dealer recently asked us to trade in our 11-year-old model. We declined, for it is still giving us the same economical, silent and trouble-free refrigeration it did the day it was installed. It has been in constant use—costs to operate only a penny or so per day—the same as when new."

- NO MOVING PARTS in its freezing system
- PERMANENT SILENCE
- CONTINUED LOW OPERATING COST
- MORE YEARS OF DEPENDABLE SERVICE
- SAVINGS THAT PAY FOR IT

Rexall Drug Store
"The Most Complete Drug Store for Miles and Miles"

From Tree to Desk in N.Y.A. Farm Shop

Between the ages of 18 and 24 for private employment.
NYA's full-time resident center for boys at Woodlake, Texas, includes, as a part of its shop training, the complete processing of lumber. These boys cut the trees, haul them to the mill, operate the sawmill and stack the lumber. When it has been properly cured, they process it in the woodshop into tables, office desks, typewriter desks, beds, kitchen and dining tables, and benches.
That she seems to be rather serious about the future. Come on, kid. Things shall come out all right!
That Juanita H. wonders just how many can get in a car. Really !!!
That Joe Burton is so-o-o sorry that the time is gradually diminishing. Could it be the end of those "sweet" romantic looks?
Guy is so popular these last days. Like the candle; gets brighter just before the end.
That Rachel is sorta blue these last few days. Kinda like "What-a matter with me... nobody loves me." Not the way I heard it!!
Joe Tom has got in the habit of agreeing with others. That is just what I mean, Joe.
Howard so mysteriously disappears when he is wanted so badly. That is, unless that "certain someone" wants him!
Nellie somehow or other is breathlessly awaiting some event in the near future. What's up now, Nell? We wonder?
That LaVerne really likes "Orange Crush!"
That this is the last time that our friend, your friend, and everybody's friend, Minnie the Mocher, shall tell you of the various happenings. Know why? Just because she was a Senior!
Always forever and a day... Minnie the Mocher
Mrs. Grady Shyles of Lubbock spent the week end here with her parents, Mr. and Mrs. M. H. Reeves.

They are all glad to have a former classmate, LaVerne Brown, visiting in school.
The Juniors Wonder Why...
Guy seemed to be so happy last Monday morning. (Say, Guy, who did you see?)
Both seems so happy or is it unhappy, this week? (Is it because a certain Munday boy has gone to Mineral Wells this week?)
Jane was so interested to know what a certain boy had to say Sunday night. (Look out, Jane!)
Roy has stopped going to Lake Creek so often. (What is the matter, Simmons?)
Doris was so happy just because a certain Munday Mogul came so early Saturday night.
Kenneth seems to think that the Sophs are just about it. (Or is it just one Soph?)
Edith does not talk about O'Brien so much here of late.
Claude enjoys going to K.C. so much on Saturday night.
Willie Mae seems to downhearted here lately. (Don't worry kid, he has a new pickup now.)
Agnes studies Plane Geometry now. (Could it be because school is almost out?) Maybe the other Juniors should take heed.
Donnie likes to go fishing. (Is it to catch fish or ????)
Gladys seems to be taking life easy now.
Loma Rae seems so happy and lovable. (Say, Clarke, what is this meant for?)
Roby is so sad the Seniors are graduating. (Or is it just ONE special Senior?)
Joe seems such a happy-go-lucky boy.
So long folks, until next August, when we all hope to be back again as Seniors!

Home Ec Picnic
The Future Homemakers of Sunset had a picnic last Saturday evening at Munday park. Baseball and other games were played. Then a picnic supper was eaten. About nine o'clock they started for home. Many of the girls went skating. About 30 were present and all reported a good time.
Did You Know... Did Ya??
Jane has suddenly become so thrilled over a certain seventh grader?
Robby is so interested in Weinert or around Weinert here lately?
"Punk" likes to skate so well. (Have you really won a pair?)
Edna Earl treasures her letter from... could it be someone from Old Glory?
Smitty missed the picnic... say, did you have other "fish to fry"?
Paul just can't be cute!!
Pauline McAfee sits up late on Saturday nights. (Are you still waiting on someone, Polly?)
Evelyn gets so tickled at a certain girl... or just who is it, Evelyn?
Bobby and Rufus just couldn't be still in the study hall? (Surely you don't sit on tacks.)
Verbon is so jealous of a certain boy. We are just wondering why.
Wynell is wondering what the summer will hold for her. We wish you luck, Kid.
That "Jerry" Phillips is glad school is out. Well, are you tired of fishing, Jerry?
That Juanita Mincey doesn't care what people say about her—that is, everyone except a certain Freshman.
Paynie wishes that people could get things straight once in a while.

THE FORD WAY OF DOING BUSINESS

The Ford Motor Company was founded by a working-man for working-men. Its present officers began as employees of the Company. It was the first company to pay a minimum wage, beginning in 1914, at the then astounding figure of \$5 a day. That was double the prevailing wage of the time. The Ford minimum is now \$6 a day for all employees engaged in production work. And from that, the wages rise to \$10.80 a day, with the average wage \$7.25, exclusive of salaried employees.

Henry Ford and Edsel Ford keep daily personal touch with all phases of Ford manufacture. In a conference with his staff, Henry Ford often says: "Go ahead—I'll sit here and represent the public."

service with the Company—sober, decent family men. Hundreds of them have been with the Company for more than 25 years—thousands for more than 15 years. Their health record, home ownership and citizenship records are good.

All this is reflected in Ford products, whether cars, trucks or tractors. The work is honestly done. Materials are the best that can be made or procured. Less profit to the Company and more value to the customer is known throughout the motoring world as "Ford's way of doing business."

Ford Motor Company was the first to make a motor car within the means of the average family—quitting the manufacture of what was then the largest selling model in the world to do so. Its chosen field in all the 30 years since that time has been the average American family— for which it has consistently provided car facilities which formerly only the wealthy could buy.

It is the policy of the Ford Motor Company to share the benefits of advanced methods and management with workers and public alike. Increased wages and employment over a period of many years have resulted in

A 300 per cent increase in the built-in value of the Ford car and a 75 per cent reduction in its price.

I GIVE YOU TEXAS

By Boyce House

A town with a fence around it was described at the recent Texas State Historical Association convention in Austin by Miss Mary J. Gentry, San Angelo school teacher.

Thurber, at one time the largest town between Fort Worth and El Paso, now consists of a filling station, a few residences, two or three abandoned brick buildings.

This columnist's recollections of Thurber go back to the time when its semi-pro baseball team was one of the fastest in the State.

Repartee at those games was amusing. Two fans were razzing each other, the final thrust of one being: "My friend is so dumb that he was 18 before he found out about Santa Claus and, when they told him, he cried all day."

Thurber brick was used to construct a 20-mile highway joining Ranger, Eastland and Cisco, at the time of its construction the longest stretch of brick pavement in Texas.

During prohibition days, Thurber was famous for its "grappo" and "choc." Being near the boundaries of three counties, the stiffs around there hopped back and forth like the "kings" on a checkerboard.

The doom of Thurber was sealed by the discovery of the Ranger oil fields—the "crude" displacing the market for the coal. Oddly, it was W. K. Gordon, general superintendent of the coal company, who discovered the Ranger oil fields.

An aftermath of Thurber's stirring history was the salvaging of equipment about a year ago, by Jack Urban, Ranger oil man, who reopened abandoned shafts and removed tracks, cars and other equipment after they had been idle underground for some 20 years.

The doom of Thurber was sealed by the discovery of the Ranger oil fields—the "crude" displacing the market for the coal. Oddly, it was W. K. Gordon, general superintendent of the coal company, who discovered the Ranger oil fields.

Winning answers to the question, why is a woman like a newspaper were:

- Because they are thinner now than they used to be.
Because they are easy to read.
Because they are well worth looking over.

Because they carry the news wherever they go.
Because every man should have one of his own and not run after his neighbor's.

News about newspapermen: Stanley Hoble of Lockhart has been appointed to a postmastership and two other Texas editors have relinquished postmasterships.

El Campo News, is just looking around after selling his journal to R. D. Maher . . . Mineral Wells Index, a good paper in a good town, recently celebrated its 40th birthday.

Weinert Seniors Return From Trip Thru Texas

30 Class Members Go On Trip to Many Texas Places

Thirty Seniors of Weinert High School returned from a tour of Texas Friday noon. On their trip they visited Austin, San Antonio, Houston, Galveston and Huntsville.

Sunday night was spent in Brownwood. Austin was reached Monday morning. The class was taken through the Treasury and the huge subterranean vault of the Treasury beneath the capitol.

Late in the afternoon Randolph Field was reached. There the class saw huge hangars, bombers, and regular training ships. The night was spent in San Antonio.

Next they entered the Alamo. There the Seniors saw what they had read so often about in history. The old shrine, sacred in the hearts of all native Texans, still possessed a unique atmosphere within its walls.

They arrived in time to have lunch on the sandy beach. Gazing across the blue, the majority of the landlubbers almost expected to see land, or some sort of background beyond the water, but there was no background . . . just sky and sea meeting on the blue horizon.

Several hours of travel found the bus in Houston. Early in the morning they visited the docks. Several took a boat ride which covered about three miles. They saw several large ships. One was Italian . . . it was loading 8,000 tons of iron, bound for Italy.

POLITICAL ANNOUNCEMENTS

Subject to the action of the Democratic Primary, July 27, 1940:

For County Clerk: J. F. (Red) WALDRON; M. T. CHAMBERLAIN (re-election)

For County Attorney: JOE REEDER, JR.

NEW SUBSTRATOSPHERE TRANSPORT REQUIRES ONLY 1000 FEET FOR TAKE-OFF

The huge new Curtiss-Wright Substratosphere Transport, designed by Curtiss-Wright Aircraft Corp., recently when it took off in less than 1,000 feet. Landing wheels equipped with Timken Bearings eliminate rolling friction and thus enable it to take off and land in small airports with a full passenger load and its maximum speed is 245 miles per hour.

Swedish, and Spanish ship, and several large United States vessels. Also they saw many shrimp and jelly fish. All enjoyed the boat ride; children were all over the Galvez, eyeing the water in wonder.

Having concluded their boat ride, several of the group plunged into the brine, and others rode over Galveston. They stayed in the gulf about an hour and a half. Everyone liked to ride the invading waves, but few enjoyed the taste of the water. Above the beach was a symbol of security—huge naval guns pointing seaward.

The night was spent in Houston again. In Huntsville the next day the travelers entered the gates of the state penitentiary. They saw several cells, the electric chair, the blacksmith building where plow tools are made for the farm, the electrical department, the leather department, the license building, the mess hall, and last but not least, the many prisoners behind the prison walls.

From Huntsville the students came via Fort Worth to Weinert.

They had no trouble of any sort on the trip. Everyone saw many new things, and all had a grand time. —Number 17

Mr. and Mrs. John Patterson and daughter, Marilyn, of Sweetwater visited in the home of Mr. and Mrs. Don Ferris over the week end. Mrs. Patterson's parents, Mr. and Mrs. C. E. Binnion, accompanied them home Sunday for a visit.

Mr. and Mrs. T. J. Peek of the Hefner community were business visitors in the city Saturday.

HERE FROM OKLAHOMA Mrs. Lizzie Stewart of Sentinel, Okla., is here for a visit with her brother, A. V. Branch and his family. Mrs. Stewart's family came to Knox county some 30 years ago, and this is her first visit to the county. She said she was delighted with this section, which is a surprising contrast with her impressions of the country gathered by stories told her of its pioneer days.

Urie Lea of Knox City was a business visitor in the city Saturday.

Mrs. W. M. Huskinson, Mrs. Bess C. Neff and Mrs. W. P. Farrington were visitors in Amarillo over the week end.

Mr. and Mrs. J. A. Warren and Mrs. L. W. Hobert left last week for Quitman, Texas, where they are visiting with relatives.

Sheriff Louis Cartwright of Benjamin was here Friday on official business.

Miss Cloe Mayo was a visitor in Wichita Falls one day last week.

J. Donnell Dickson of Seymour, candidate for district judge, was here Saturday working in the interest of his candidacy.

Miss Margaret Tiner, a student in Hardin-Simmons University, spent the week end here with her parents, Mr. and Mrs. W. V. Tiner.

Mrs. Roy Sanders and little daughter of Abilene, spent the week end here with Mrs. Sanders' parents, Mr. and Mrs. H. A. Pendleton.

Mr. and Mrs. Jim McDonald and baby daughter, Jennie Gay, visited friends in Munday over the week end.

More and more families are enjoying the invigorating freshness of Munday Dairy milk at breakfast-time. Start right.

Energy remains unflagged for the afternoon, when when luncheon includes a fine glass of energizing Munday Dairy milk!

The easy digestibility of milk promotes a restful relaxation and easy sleep. Enjoy a glass before retiring.

DRINK AT LEAST THREE GLASSES OF MILK DAILY

Munday Dairy PHONE 106

"HE WOULD APPROVE OUR RECORD HERE" Illustration of a man and a dog. Text: The cost of all Electric Service used in the average home today is no more than for light alone just one generation ago.

Something ought to be done about this!

Forty years ago there were few women who didn't know the back-breaking misery of doing a family washing over a tub and a washboard. Today, few women have that experience. What made the change? First of all, someone said, "Something ought to be done about it." In those words you have the real slogan of America.

world. Yet they continue their tireless efforts to improve the quality of electric service and to reduce its cost. Within the last fifteen years, these employees have done their work so well that this company has been able to cut the unit price of electricity just about in half. That means you can now use electric light, a radio, electric refrigerator, washing machine, vacuum cleaner and toaster for a total operating cost very little, if any, higher than you used to pay for light alone.

Dr. and Mrs. Bass Honored Tuesday With Reception

A lovely reception held at the home of Mr. and Mrs. M. H. Reeves last Tuesday night was given in honor of Dr. and Mrs. J. Horace Bass. Hostesses were Mesdames Reeves, H. F. Barnes, T. G. Bengtson, J. R. Burnison, B. L. Blacklock, Leland Hannah, Louise Ingram and H. A. Longino. Mrs. Fred Broach assisted as hostess.

Upon arrival the guests were greeted by Mrs. Reeves. In the receiving line were Dr. and Mrs. Bass, Mr. Reeves, Mrs. Bengtson, Mrs. Hannah and Mrs. Blacklock. The reception rooms were beautifully decorated with spring flowers.

The dining table, where guests were served, was presided over by Meses Patsy Hannah, Lenore Longino and Evelyn Reeves.

The guest list included: Meses and Mmes. W. H. Atkinson, R. D. Atkinson, W. H. Albertson, C. P. Baker, W. A. Baker, and Ruth, M. P. Billingsley, J. O. Bowden, J. C. Borden, W. E. Braly, J. R. Bowden, Fred Broach, Jr., J. A. Caughran, Hollis Douglas, G. R. Elland, D. C. Elland, C. R. Elliott, Oates Golden, R. B. Harrell, E. W. Harrell, L. S. Hardegree, H. P. Hill, D. E. Holder, George Labell, J. E. Jones, Carl Jungman, H. L. Kinsey, Joe Lane, Don Ferris, C. L. Mayer, S. E. McStay, H. A. Pendleton, Paul Pendleton, Grady Roberts, Jim Reeves, A. L. Smith, J. R. Smith, A. A. Smith, Lyfe Stodghill, Oscar Spann, W. V. Tiner, P. V. Williams, Wallace Reid, J. J. Keel, Cecil Cooper, M. L. Barnard, C. H. Giddings, Chan Hughes, Phil Lowry, L. Hobert, J. B. Reneau, W. E. Reynolds, W. L. Barber, W. W. McCarty, A. U. Hathaway, E. E. Akers, John Ingram, Chester Bowden, Raymond Ratliff, Press Phillips, and J. S. Kendall; Orh Coffman, W. M. Taylor and H. D. Arnold, Gorse; Misses Louise Atkinson, Maude and Fannie Isbell, Maxine Bates, Shelly Lee, Jean Williams, Merle Ballmark, Leona Keel and Christine Burton, Mesdames Dave Elland, D. C. Green, Helen von Baumann, Ethie P. Pool, P. B. Baker, Bess C. Neff, W. P. Farrington, Effie Alexander, Stella Broughton and Nell Hardin.

Teachers who were invited were: Mr. and Mrs. Howard Cobb, Ford Allen, Mr. and Mrs. Howard Gardner, Mr. and Mrs. L. M. Palmer, and Misses Irah Moody, Mary Couch, Dorothy Crawford, Mayme Couch, Eugena Gentry, Dorothy Sims and Kathleen Barnett.

Mrs. D. R. Poer of route two, Gorse was shopping in town Saturday.

Granddaughter of Mrs. Bertie Wilson Marries Recently

Miss Sibyl Louise Robertson, daughter of Mr. and Mrs. R. M. Kellogg of Oatman, Ariz., was united in marriage to George LeBeau Moser, son of Mr. and Mrs. George LeBeau Moser, son of Mr. and Mrs. George F. Moser of Oatman, on Sunday afternoon, May 12, with Rev. G. E. Wharton of Kingman officiating.

The bride was given away by her father, R. M. Kellogg, and she wore a white pique afternoon garden frock and carried a bouquet of sweetheart roses and orange blossoms. The matron of honor was Mrs. Virginia Kellogg Cochran.

After the ceremony the wedding party and the host of friends who were in attendance went to the Moser home where a very lovely reception was given by the bride's mother and the groom's mother. Refreshments of the wedding cake, ice cream, punch and coffee were served. There were about 100 guests attending both the wedding and the reception.

The wedding couple left on a honeymoon trip and visit to the Grand Canyon, Dallas, Texas, and the Carlsbad Caverns.

Engagement of Nolley Farrington Announced Here

Mrs. Lutz Wahl announces the engagement of her daughter, Miss Fennella Marie Castaneda, to Dr. Nolley Craft Farrington, son of Mrs. William Prentice Farrington and the late Dr. Farrington of Munday. Miss Castaneda is the daughter of the late Mr. Walter Castaneda of New Orleans; and is at present making her home in Washington.

The wedding will take place Tuesday, June 18, in New Orleans, at the home of the bride's maternal grandmother, Mrs. George Alfred Hero. The young couple will make their home in Fort Worth, Texas.

Mrs. Elao Mosman, Mrs. Ora Blasingame, Mrs. William Lane, Mrs. L. J. Peek and Dimple Peck of Gorse, route one, were shopping in town last Saturday.

Mrs. Royce Teaff of Weinert was in town last Saturday, shopping.

Simple Lines Bring New Beauty

The architectural characteristic most sought today is simplicity. There is not only beauty but often economy as well in simple lines. This home, owned by the Home Owners' Loan Corporation, suffered from an over-sized porch which disturbed the simplicity of the home and marked it as belonging to a by-gone day. Removal of the cumbersome porch, redesigning of the roof, and an application of fresh paint caused the home to gain \$2,142 in value. Old homes, like the one treated here, may be remodeled and modernized with funds obtained from private lending institutions; this work is eligible under the Modernization Credit Plan of the Federal Housing Administration.

Mrs. Clyde Taylor Honored at Lovely Shower Tuesday

A lovely shower honoring Mrs. Clyde Taylor was given Tuesday afternoon of last week by Mrs. M. O. Satterwhite in her home in the Lone Star community.

Decorations of roses and honeysuckle were used, while a large stork standing beside a baby doll on the scales presided over the gift display. Favors were awarded to Mrs. Annie Taylor, Mrs. Annie Vojkufka and Mrs. T. E. Flenniken.

Punch and wafers were served from a table bedded with pink rosebuds and tiny dolls. Dainty plate favors, a baby in a pink shoe, bearing the honoree's name in gold letters, were used. Those either present or sending gifts were.

Mesdames Lois Owens, Otis Taylor, Woodrow Cowan, E. M. Owens, Leonard Alexander, Annie Taylor, O. O. Posey, Annie Vojkufka, T. E. Flenniken, Frank Vojkufka, Bill King, Truman Wincheater, Jim Driggers, Jim Alexander, Robert Alexander, Earl Kirkpatrick, Adolph Havran, Jimmie Jenkins, Claude Reid, all of the Lone Star community; W. W. Weatherly, and Miss Ina Alexander, Haskell; Geo. Kilian, E. W. Harrell, C. P. Baker, Leonard Kuehler, J. B. Barnicot, S. A. Taylor, and Clint Hawes, Munday; J. L. Hawkins, R. H. Jones, Henry Monk, H. Weinert, Preston Weinert, G. C. Newsom, Payne Hattox and Laverne Burgess, Weinert, J. E. Grindstaff, Morton, and the honoree and hostess.

Hefner H.D. Club Has Meeting On Tuesday, May 21

The regular meeting of the Hefner home demonstration club was held in the home of Mrs. T. H. Jones on Tuesday afternoon, May 21.

The president opened the meeting with the club pledge and the song, "God Bless America." After roll call, the general routine of business was held, after which the county agent Neva VanZandt, postponed the scheduled demonstration on account of inclement weather.

Mystic Weavers Club Meets With Mrs. Chester Borden

The Mystic Weavers sewing club met in the home of Mrs. Chester Borden last Wednesday afternoon.

After spending some time at needlework and visiting, the hostess served refreshments of strawberry ice cream and cookies to the following members and guests: Mesdames R. B. Bowden, Chester Bowden, Riley B. Harrell, Wallace Reid, Don Ferris, Aaron Edgar, H. B. Douglas and M. L. Barnard. Guests were Mesdames R. D. Atkinson, Oates Golden, Oscar Spann, and Mrs. John Gillespie of Atlanta, Ga.

Senior Class Is Honored With Buffet Supper Thursday

Members of the graduating class of Munday high school were honored with a buffet supper in the home of Mrs. B. L. Blacklock last Thursday evening.

Hostesses for the occasion were room mothers of the seniors. They were Mrs. Blacklock, Mrs. J. L. Stodghill and Mrs. M. F. Billingsley.

All members of the class were present and enjoyed this lovely courtesy, which was reported the most enjoyable even for the class this year.

48,000 Texas Families Certified In Government's Mattress Program

Approximately forty-eight thousand Texas farm families have already been certified as eligible to receive mattress making materials under the government's three-month-old program for aiding low income families.

Thus far, 4,800 bales of cotton and 480,000 yards of cotton ticking have been ordered through the Federal Surplus Commodities Corporation, according to R. T. Price, fieldman at large for the state AAA office. Bona-fide farm families with a normal annual cash income not in excess of \$400 are certified as to eligibility by county agricultural conservation committees.

Outstanding in the mattress program in Texas is Lavaca county which had processed 870 mattresses by the middle of May. In a report to Mae Belle Smith, district extension agent in charge of home demonstration work, the Lavaca county home demonstration agent, Elizabeth Pfeiffer, stated that 138 bales of cotton had been ordered for use in the county's 17 centers. A total of 1900 applications have been approved by the county's AAA committee, she said.

Altogether 116 counties have been approved for participation in the program, according to information received by Miss Mildred Horton, vice-director and state home demonstration agent for the Extension Service of Texas A. and M. College. The Extension Service is responsible for the supervision of the mattress making projects at community centers where applicants gather for cooperative work on the mattresses.

Counties recently certified, other than those previously announced, are: Bastrop, Bowie, Burnet, Duval, Fayette, Fort Bend, Goliad, Gregg, Hamilton, Hardeman, Haskell, Hays, Lamar, Leon, Limestone, Madison, Robertson, Scurry, Shackelford, Williamson, Yoakum.

Trees Trimmed, Grass Grows On City Hall Lawn

The city hall is beginning to take on its "summer beauty" and it is expected to be one of the beauty spots of Munday during the summer months.

The grass which was set earlier in the year has been doing nicely during recent weeks, growing rapidly and spreading until it will have the ground covered within a few weeks more. Additional flowers have been set out, also.

Workmen were busy most of last week, trimming the trees on the lawn, ridding them of all dead and superfluous limbs and giving them a more attractive appearance.

Mr. and Mrs. L. S. Hardegree and children left Tuesday for Menard and Junction, Texas, where they will spend the summer. Mr. Hardegree will be employed in a grocery store at one of these places during the vacation months.

Hefner Play Shows To Capacity House

The play, "The Alley Daffodil" was presented to a capacity house at Hefner on May 19. It was sponsored by the home demonstration club.

The 4-H Club girls sang club songs between acts and sold cold drinks to the large audience. Dude Coffman's band furnished the music. All who attended complimented the excellent manner in which the play was presented.

Herbert Barnes Local Agent For Mead's Bread

Herbert Barnes, well known Munday boy who has been employed at local grocery stores for some time, announced this week that he has taken the agency for Mead's bread in this territory. He makes this territory regularly during the week days.

REPORT SUCCESS ON THEIR FISHING TRIP

Mr. and Mrs. S. T. Easley and son, Ray, returned home last Monday from San Saba, where they had been visiting their son, Foy Easley and family, and fishing on the San Saba river.

They caught around 175 pounds of fish, the largest one tipping the scales at 25 pounds. They fished for days and did not have any trouble getting a bite... and the good part of it was they would sit in the shade of a tree and fish away, with success!

Mr. and Mrs. George LeBeau Moser of Oatman, Ariz., returned to their home Wednesday after a visit here with Mrs. Bob Wilson.

Mrs. L. B. Lee and Billy Arthur Lee of Wichita Falls spent last Sunday here with Mrs. Lee's mother, Mrs. A. F. Huskinson, and with other relatives.

"All-American" Is Name of New Goodyear Tire

Timed for introduction at the beginning of the year's fourth-month peak period in tire buying, Goodyear Tire & Rubber Co., today announces its new All-American tire, made in popular sizes to cover 70 per cent of the current market of automobiles in service.

Described as full size, bearing a lifetime guarantee without time or mileage limit, the tire is made in 6.00-16, 5.25-17, 5.50-17 and 4.75-19 5.00-19. In addition to the line makes a most complete grouping of tire and tube merchandising units, literally made to measure values to fit any car or truck, whether for a seven-year-old used car, a single truck of a fleet of high-speed transports, J. E. Reeves, local Goodyear dealer, said.

"Affording an opportunity for the man who doesn't want to invest as much in tires, but yet enabling him to get products built by a recognized manufacturer, the All-American supplements the company's line of Double Eagle, G-3, Marathon and Pathfinder tires, providing one for every price range to meet every driving need," said Mr. Reeves.

Economies in manufacturing processes make the new tire possible at a net low price, Mr. Reeves said. The same materials are used as are employed in the manufacture of all Goodyear passenger car tires, and the carcass is made with low-stretch Superwist cord, which has a higher tensile strength than did even the quality tires of two years ago.

Double cord breaker of high-tensile cord has been included to give greater protection against bruises.

Tread design is new and known as the multiple-rib, which assures long even wear, easy steering and resistance to side slip. Tread compounds are of time-tested reputation for withstanding abrasion.

Mr. and Mrs. William Shannon and son, Wantland, of Ringling, Okla., spent the week end here with Dr. and Mrs. Joe Davis. Wantland remained here to spend the summer with Dr. and Mrs. Davis.

District Attorney Lewis Williams of Benjamin was here Tuesday, working in the interest of his candidacy for the office of district judge.

WE LIVE IN MUNDAY!

Successful School Year Closes At Rhineland on Thursday Night

Another successful year of the Rhineland school closed with the graduation exercises on May 16, which were held in the school's auditorium before an appreciative audience of patrons and friends who filled the building to overflowing.

The principal feature of the evening was the address delivered by the Hon. Lewis Williams, district attorney of the 50th judicial district.

The program was as follows: Salutatory—Margaret Birkenfeld.

Class History—Bernice Decker
Piano Duet—Rosemary Claus and Jewel Marie Hoffman.
Class Prophecy—Rosalie Chandler.

Class Will—Jean Wilde
Awarding of Scholarship Prizes and Attendance Certificates—John J. Hoffman.

Presentation of Diplomas—John J. Hoffman.

Address—Hon. Lewis Williams
Songs—High School Chorus
Advice to Juniors—Clara Franklin.

Valedictory—Alma Schumacher
The Lone Star Band gave a short concert before the exercises began.
Diplomas were issued to Alma Schumacher, Jean Wilde, Bernice Decker, Margaret Birkenfeld, Clara Franklin, and Rosalie Chandler.

Prizes were awarded the following students for having made the highest averages in their respective rooms:
Room 4—Virginia Sue Chandler.
Room 3—Rose Marie Kuehler.
Room 2—Florine Decker.
Room 1—Alma Schumacher.

Perfect attendance certificates were issued to Charles Albus, Harold Decker, Herbert Stengel, John Redder, Rosemary Claus, Anna Fetsch, Alvin Jungman, Raymond Decker, Frances Redder, Elsie Schumacher, Kenneth Blaschke, Calvin Steinbach, Florine Decker, Rose Fetsch, Nadine Kreitz, Albert Brown, Joe Jungman, Florine Williams, Jean Wilde, Margaret Birkenfeld, Alma Schumacher, Richard Albus, and Cletus Wilde.

After the dinner, games of forty-two and eighty-four were the diversions. Those enjoying this delightful evening were Dr. and Mrs. J. H. Bass, Mr. and Mrs. Howard Cobb, Messrs. Ford Allen, Mac Haymes and L. S. Hardegren, Misses Mary Couch and Stella Broughton, and members of the class of 1940.

MISSIONARY MEETING HELD AT KNOX CITY
A district conference of the Methodist Missionary Society was held at the Methodist church in Knox City on Thursday of last week, with a good representation reported from churches of this district.

Attending from Munday were Mesdames H. A. Longino, P. V. Williams, A. H. Mitchell, J. A. Caughran, D. E. Holder, Chester Borden, S. E. McStay, C. H. Giddings, and Miss Merle Dingus.

Red Cross Asks \$10,000,000 For Europe Relief

St. Louis.—The 3,700 Red Cross chapters throughout the nation this week set in motion machinery locally to raise a \$10,000,000 European war relief fund to lessen distress among Europe's war sufferers.

William M. Baxter, Jr., of St. Louis, Red Cross midwestern area manager, said today that early indications point to a gratifying response on all sides.

"The Red Cross already has cabled \$200,000 to Belgium and the Netherlands for emergency relief work, and this week placed new orders for 150 ambulances, 100 auxiliary hospital trucks and other equipment, such as field hospitals and surgical supplies," Baxter said. "Invasion of the low countries has multiplied the requirements for additional American Red Cross assistance in the war zones," Baxter added. "Before the latest invasion into Western Europe, the Red Cross had spent \$1,500,000 for aid to Europe since the outbreak of hostilities last September. Most of this was to provide for innocent refugees. The present campaign was not launched until the organization was convinced of the need for a greatly enlarged relief program," Baxter pointed out.

Since the opening of the war fund appeal was announced, the National Red Cross has been assured of fullest cooperation by many organizations. A number of chapters, Baxter related, already have "gone over the top" on their quotas. High government executives, including President Roosevelt, were this week lending their support to the cause.

"We must send relief as needed, and not too late," the Red Cross official emphasized. "We have had many requests for clothing, bedding, ambulances, medications and surgical supplies. We have absolute faith that the American people will heed this call. Through the Red Cross they will be mobilized for action that gives life, hope and courage. A minimum of \$10,000,000 is needed at once." A large portion of the \$10,000,000 already spent by the American Red Cross has gone into Poland and Finland for relief of civilian war sufferers, Baxter explained. Ten American Red Cross ambulances formerly used in Finland now are in use in other war zones. American Red Cross chapters have turned out approximately 200,000 garments for European war civilians since last September.

MOVES FAMILY HERE

J. E. Reeves, owner of the newly established Reeves Motor Co. here, went to Haskell Wednesday and moved his family back to Munday to make his home.

VERA FARMER TAKES FIRST LOAD OF OATS TO SEMOUR MONDAY

Tom Russell, farmer of the Vera community, took the first harvest of the 1940 oat crop to Seymour last Monday. The oats weighed 32 pounds to the bushel, were taken to the elevator but were not sold. Mr. Russell's harvest was of a field sown last fall, and he reported the yield at 35 bushels to the acre.

TO STATE CONVENTION

Wade Mahan, Ridley Campbell and Ike Huskinson left Wednesday morning for Fort Worth, where they attended the state convention of embalmers and funeral directors on Wednesday and Thursday.

MIXED CONGRATULATIONS

To old Mr. Biffin was delegated the honor of presenting the vacuum cleaner purchased by the staff as a token of their esteem for Miss Jones, the typist, who was leaving the firm to get married.

He arose, blushed, then said, nervously: "On behalf of my colleagues and myself, I congratulate you, Miss Jones, and beg you to accept this little gift. We hope that, as you use it to free your home from dirt and litter, you will be reminded of your old friends at the office."

CITATION BY PUBLICATION OF FINAL ACCOUNT

The State of Texas,
To the Sheriff or any Constable of Knox county, greeting:
J. A. Wheat, independent executor of the Estate of J. H. McGuire, having filed in our County Court his Final Account of the condition of the Estate of said J. H. McGuire numbered 523 on the Probate Docket of Knox county, together with an application to be discharged from said Administration.

You are hereby commanded, that by publication of this Writ for 10 days in a newspaper published in the county of Knox you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on Monday, the 3rd day of June, 1940, at the Court House of said county, in Benjamin, Texas, when said Account and Application will be acted upon by said Court.
Given under my hand and seal of said Court, at my office in the City of Benjamin, Texas, this 21st day of May, 1940.
(SEAL)

M. T. CHAMBERLAIN,
Clerk County Court, Knox County.
A True Copy, I Certify.
LOUIS CARTWRIGHT,
Sheriff, Knox County.
By Orvil Capehart,
Deputy Sheriff. 48-11c

Notice of Withdrawal of Partner
Notice is hereby given that I, J. R. Reeves of Mineral Wells, Texas, did on the first day of March, 1938, sell to M. H. Reeves of Munday, Texas, all my entire one-fourth interest in the Farmers Elevator Co., of Munday, Texas. All bills, notes and accounts due said Company to be paid the said M. H. Reeves, and all bills, notes, or other indebtedness owed by Farmers Elevator Co., to be paid by M. H. Reeves, sole owner of the above-mentioned Farmers Elevator Co. This notice effective as of March 1, 1938. Witness our hands this 2nd day of March, 1940.

"What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"

FARMERS LOSE A FRIEND

In the appointment of Congressman Marvin Jones to the federal judgeship, Texas farmers lose one of their best friends in Washington. Congress had a great deal of confidence in Marvin Jones and rightly so. He exerted a powerful and constructive influence in shaping the epochal measures that Congress has enacted in recent years in an effort to give agriculture a more equitable share of the national income.

Congressman Fulmer of South Carolina, who succeeds him as chairman of the Agricultural Committee has his job cut out for him in measuring up to the Jones standard. And the Panhandle will have to choose very carefully if it is to send to Congress a man who will equal Mr. Jones in his sympathetic understanding of the needs of American agriculture. —Progressive Farmer.

A SLIGHT "TOUCH" OF TAXES

A little learned research by Dr. Arthur P. McKinlay, professor of languages at the University of California, discloses the fact that the word "tax"—with which we are all so familiar—is derived from the Latin slang term that means "touch."

During the last 500 years of the Roman Empire's existence, Dr. McKinlay declares, the average Roman citizen was "touched" pretty regularly and pretty heavily. In fact, it got to resemble more of a push than a touch.

Americans can easily sympathize with the attitude of poor Junius Q. Publicus back in the old days. Government "touching" is going on at a great rate in this country at the present time, and the Tax Policy League has come up with some more disheartening figures.

Last year, the League points out, taxes collected by all units of government in the United States raked up 20.1 per cent of all the national income produced, which was about 5 per cent more than in 1930. Excluding payroll taxes, here were some of the largest levies going to make up the grand total: 35.6 per cent of the total on property, 20.6 per cent on incomes, and 8.3 per cent on gasoline. In one way or another, we were all "touched."

Maybe the figures are boring, but paying your increasing share of the bill is even more so.

And we suggest a new motto for governments afflicted with loose fiscal habits—a motto to read something like this:

"Friends, Romans, taxpayers—hand us your dough!"

ALL KINDS OF JOBS

Industrial research has come in for a lot of highly merited praise in recent years. In the teeth of the severest depression this country has ever known, it was heartening to know that faith in the future was not lost, and that industry was continuing to search for new products and a higher standard of living.

Today, in better times, research continues at an accelerating rate, with industry spending well over \$200,000,000 annually to find new products or better methods of making existing ones. We read almost daily of new triumphs in this line—and emphasis is usually placed on the new and interesting and useful things that industry is learning to make.

There's another angle, however, that's even more important. That's the fact that a lot of new jobs are created by research. And a wide variety—Americans have the widest and most varied choice of occupations offered anywhere in the world.

That latter point is dramatized in a report just issued by the Department of Labor and called "Dictionary of Occupational Titles." This document lists 29,744 titles for 17,452 different jobs in this country, and it's impressive evidence of the fact that in this country Americans are laboring at a tremendous variety of tasks, making an inconceivable number of products, and in general contributing to the highest and best standards of living in the whole wide world.

A STORY IN SILVER

We don't see many silver dollars any more. They used to have a good comforting touch to the palm of the hand, and a pocketful of silver was a fine thing to have. But silver dollars were kind of unwieldy, and by common consent they dropped out of fashion.

The other day, though, a Midwestern company brought silver dollars back into circulation for a brief day of glory. It paid its whole payroll in silver dollars, in order to watch the way that the industrial payroll circulated all through the community.

The results were enlightening for all concerned. As silver dollars passed across store counters, from hand to hand and pocketbook to pocketbook, the community gained an entirely new conception of the important part that the industrial dollar plays in bringing prosperity and general well-being into a town where a factory is located.

Whether the plants wages are paid in silver or paper money, the money circulates widely and does a lot of good. And when the example of a single town is repeated and multiplied all over the country, a new concept arises and a basic truth is emphasized: In the community or the nation as a whole, when industry prospers everyone prospers!

One large American railroad is owned by about 215,000 stockholders, and about one-half of them are women.

Slow wind also brings the ship to harbor.—Swedish Proverb.

"BUT MA WOULDN'T LET HIM"

The fine son of a neighboring farmer was in the other day to see us and began talking of the pleasure and money he and his brothers had received from 4-H calf club work, and of his mother's own interest in their purebred cows.

"Several years ago when cotton was 13 or 14 cents a pound," said the boy, "Dad decided he'd give up dairying and just depend on money crops for cash. But Ma wouldn't let him. 'Let's have some cash coming in every month to pay for what we have buy,' she said, 'and then when fall comes and we sell our cotton it won't all go for debt.' And now Dad is mighty glad he listened to her."

This Mrs. Farmer of course did a good thing by insisting on "two strings to the bow" in the matter of cash income . . . and many another wife is now reminding her husband that not only can family living expenses be greatly cut but doctors' bills reduced by having (1) plenty of home-produced milk, cream, butter, clabber, etc., and also (2) an abundance of vegetables and fruit such as Mr. Niven is perpetually advocating.—Progressive Farmer.

HAVE A SAFE SUMMER

Summer isn't far away. And the coming of that pleasant season means, to most of us, vacations, adventures in the out-of-doors, work about the house and garden, and a generally happy and healthful time.

We can do much to assure happiness and healthfulness by doing our part to fight summer fire hazards this year. Each change of season brings new dangers. Uncut dry grass in a vacant lot, combined with a carelessly disposed of cigar butt, may mark the starting point of a holocaust that will destroy lives and property. And a vacationist's carelessness with a campfire may result in the razing of thousands of acres of magnificent timberland which Nature spent centuries in creating.

Every town should adopt a "clean-up" campaign during the summer months. Old sheds, prime breeding places of fire, should be raked. Garages and homes should be painted. And the utmost care should be taken with any and all inflammable materials.

Have a good time this summer. And as one step toward that goal, keep the dangers of fire everlastingly in mind.

AUTO ACCIDENTS IN TEXAS

State police reported today that over one-half of the fatal traffic accidents in the first three months of the year involved single vehicles.

Statistics for that period revealed that only one vehicle was reported in each of 189 out of 343 fatal crashes which killed 431 persons. In each instance the vehicles either hit pedestrians, overturned or struck fixed objects.

Passenger cars alone were far in the lead with 144 fatal accidents charged to them while trucks alone were involved in 34 fatal crashes.

During that three months period there were 24 motor vehicle-train collisions in which 64 persons were killed, none of which occurred where state designated highways intersected railway crossings. Sixteen of the railway crossing deaths resulted from accidents in cities and towns while 48 occurred at county road-railway intersections.

Exclusive of vehicle-pedestrian accidents there were 245 fatal accidents in which 149 drivers and 184 passengers lost their lives. The passenger death toll included 28 Mexicans killed in a train-truck crash at Alamo in March.

State police blamed carelessly speeding drivers and "jaywalking" pedestrians for the high single-vehicle collisions.

In the movies when the wintry scenes are filmed, actors hold a special candy pill in their mouths—as it dissolves, it gives off vapor, which realistically simulates breath in cold air.

Another weakness of our distribution system is the fact that with three million square miles of area in this country it is often impossible to find a place to park.

Dr. Wanda K. Farr, Yonkers, N.Y., has determined the way cellulose develops, and this discovery is a step toward artificial creation of this raw material by machines and chemical reaction.

THEY SAY!

"Our policy should be to prevent these European wars if we can, and otherwise to stand aside while the nations of Europe find their own destiny. We must stand aside if for no other reason than that one strong western nation be left to preserve the flame of civilization." —Charles A. Lindbergh.

"Those who call themselves liberals, who believe in an increase in anybody's power, whether that person be in industry or government, are taking a great and valuable word in vain. Far from being liberal, the persons who try to solve their problems by concentrating power in the hands of a single individual, or in the hands of a group around a single individual, in Washington, in Wall street, or anywhere else, are really reactionaries." —Wendell L. Willkie.

Gems Of Thought

Continuance
To reach a port, we must sail, sometimes with the wind and sometimes against it, but we must sail, and not drift, nor lie at anchor. —Oliver Wendell Holmes.

Energy will do anything that can be done in this world, and no talents, no circumstances, no opportunities will make a man without it. —Goethe.

Goodness and benevolence never tire. They maintain themselves and others and never stop from exhaustion. —Mary Baker Eddy.

I go on with what I am about as if there were nothing else in the world for the time being. That is the secret of all hard-working men. —Kingsley.

Only those who have the patience to do simple things perfectly ever acquire the skill to do difficult things easily. —Schiller.

AFTER CLUB WORK, WHAT?

An answer to the question, "Does 4-H club work tend to encourage members to seek advanced training in agriculture and home economics?" has been indicated in a survey made recently by a research worker of the Federal Extension Service. He found that 37.78 per cent of the students now enrolled in agriculture and home economics at the agricultural colleges in the Central States are former 4-H Club members.

A similar survey was made for the school year 1927-28, and comparison of those results with the figures for the school year 1939-40 indicates a gain of 823 per cent during the 12 year period. Many of these students made their first contact with the agricultural college through their 4-H activities, and it is also believed that the awarding of scholarships to 4-H club members has been a factor in encouraging attendance at state colleges of agriculture.

Old Mountaineer Explains

An old mountaineer walked into the drugist's one morning with an immense black bottle that he wanted filled with sulphur and whisky. "This is the way I allers have it fixed," said he to the drugist, "I put his finger about half an inch from the bottom of the bottle, and the rest I have whisky. When I want a dose of sulphur, why I jes' shake her up afore I drink, and when I don't want no sulphur, I don't shake her. See?"

In conjunction with WPA field crews, University of Texas geologists are excavating one of the nation's largest known meteor craters, a 600-foot-wide pit, eight miles southwest of Odessa.

Propagandized "scientific" reports and regimentation into the army of potential scientists is undermining technical progress in Germany, according to W. R. Woolrich, University of Texas engineering dean. Supposedly scientific journals, particularly in mechanical and chemical engineering, are often tainted with false claims that American scientists know to be unreliable, he added.

LOCALS

Bruce Campbell of Knox City was a business visitor here last Saturday.

Mr. and Mrs. O. O. Putnam of the Ferris ranch were business visitors in town Monday.

G. R. Elland, Jr., of Lamesa visited his parents, Mr. and Mrs. G. R. Elland, over the week end.

Mrs. John Ed Jones and children left the first of this week for Naeogoches, Texas, where they are visiting relatives.

Mrs. Sam Warren of Plainview visited friends and relatives in the county several days last week.

Andy Elland, Wayne Patterson, Red Stevens and Ray Moore spent the first of this week at Lake Kemp, fishing.

Mrs. Roy Smith of Knox City was a business visitor here on Thursday of last week.

My Home Town--Munday

The following is the speech on Munday, given by Ben Wanslee Bowden in the West Texas Chamber of Commerce "My Home Town" contest at the Big Spring convention last week. It is being reprinted for the information concerning Munday which may be of interest to local citizens:
Friends:

My home town, Munday—spelled M-U-N-D-A-Y—is located half way between Abilene and Wichita Falls in the heart of what is widely known as the "Knox Prairie." Munday—a very prosperous little city—is a growing city, hopeful of a future filled with progress and development.

It has a population of 1,500 of the purest type of Anglo-American people, boasting of many citizens who have brought it the influence of wide travel and university study. New people come, but the population is not transitory.

A pure water supply and uniform climatic conditions are contributing factors to the healthful conditions of its populace. Munday has an altitude of 1,750 feet; thus giving it an invigorating atmosphere. It not only has a pure water supply but it has a plentiful one, thus enabling it to have one of the cheapest water rates of any town in Texas. The minimum is 6,000 gallons and over the minimum 5¢ for each 1,000 gallons. For the last few years, the Lions Club has sponsored home and yard beautification contests. The bountiful supply of water and the F. H. A. have been great helps in this.

Munday's youth has a chance to grow with a proper sense of values and a well-balanced outlook on life. There are seven churches to help them form and develop their spiritual and moral ideals. An excellent school system with 26 1-2 affiliated credits prepares them for higher educational training or qualifies them for immediate entrance into the business world. One of the best school buildings in West Texas was completed in 1936. This school system is presided over by Dr. J. Horace Bass, and Munday, as well as her youth, is proud of the fact that its superintendent is one of the four PhD superintendents in the state of Texas.

A public library and a strong Boy Scout troop provide further educational opportunities for Munday's youth.

A new city park of 115 acres of land, which is now under construction will enable every citizen, both young and old to enjoy himself right in Munday. There will be tennis courts, swings, a swimming pool, clubhouse, golf course, and a

thirty-acre lake—in fact, everything necessary for a real playground for young and old alike.

My home town is certainly not lacking in civic pride. Such organizations as the Lions Club, Chamber of Commerce, Study Club, American Legion Post, and Music Club aid in advancing cooperation among the people and are constantly on the lookout for ways to improve the town and community. The Munday Times cooperates with these organizations to serve the citizens of Munday and its surrounding trade territory.

Munday is an agricultural center. It is one of the three communities in Texas growing and exporting one variety of cotton. Its ninety business concerns are absolutely dependent upon the farmer. Munday has a cottonseed oil mill, with a daily capacity of 5000 tons and an annual crush of 5000 tons of seed; four gins, providing employment for 32 people, and a compress with storage room for 20,000 bales of cotton.

A new sales barn, which is certainly a drawing card, has recently been completed in Munday. Every Tuesday people from the surrounding area bring livestock to Munday to be sold.

My home town is an ideal place for old and young to live, providing the breadwinner excellent business opportunities, means for advantageous use of his leisure time and for his sons and daughters an opportunity to grow up well-rounded persons capable of taking their places as citizens of their home town—my home town—M-U-N-D-A-Y.

Mrs. R. L. Stubblefield of Weinert was a business visitor in town Saturday.

C. H. Brown of Goree was a business visitor here one day last week.

Mrs. C. H. Billingsley of Goree, route two, was shopping in town Saturday.

Mrs. J. F. Tomlinson of Ropesville, Texas, visited friends and relatives here several days last week.

Mrs. W. B. Neighbors, Mrs. Melvin Morse, Mrs. Charley Buys and Mrs. John B. King of Goree, were visiting in town last Saturday.

Mr. and Mrs. Dave Mauldin and family of Abilene visited friends and relatives here last Sunday.

L. A. Reddell of Knox City was a business visitor in town the latter part of last week.

Mr. and Mrs. R. B. Jones of Goree were business visitors in the city Saturday.

Mrs. Edwin Lee Jetton of Goree, route one, was shopping here Saturday.

Mrs. Elzo Moorman of Goree was visiting in town Saturday.

Mrs. Cecil McMinn of Benjamin was a business visitor in town one day last week.

Mrs. Alvin Stewart and Mrs. E. N. Lowe of Weinert were shopping in town Saturday.

Mrs. Decil Temple of Goree was shopping in town Saturday.

Dora Beth Butler and Lucille Jackson of Goree were visitors in town Saturday.

Juanita Hunter and Pauline Goodson of Knox City were visitors here last Saturday.

Mrs. George Weber and Lee Weber of Goree were shopping in town Saturday.

Mrs. R. L. Gaines and Florence Gaines of Goree were visitors in the city on Wednesday of last week.

Cool Seersuckers

Continued growth in popularity during the coming summer is forecast for cotton seersucker suits by the National Cotton Council. Termed the coolest suits available for summer wear, seersuckers during recent years have been growing in popularity in the East and Middle West. Recent innovation is the matching seersucker tie to go with the suit. In the women's wear field, seersuckers in variety of colors are being used for both evening and informal wear.

Wounds Fatal To Stockman of Haskell County

Weinert Man Dies at Haskell Hospital

John Mayfield, prominent farmer-stockman of the Weinert section, died at ten o'clock on Thursday night of last week of gunshot wounds inflicted at his home near Weinert earlier in the day.

Physicians gave him a fifty-fifty chance to survive when taken to the Haskell hospital. Two bullets from a small calibre rifle had penetrated Mayfield's chest and lungs, inflicting wounds which in many instances would have resulted in instant death.

Members of the Mayfield family were eating dinner Thursday when they heard shots in another room, and investigating found Mr. Mayfield wounded and bleeding profusely, with the small rifle nearby. Mr. Mayfield had resided in the Weinert section for many years, where he was engaged in farming and stock raising. He was 58 years of age.

Surviving him are his wife, four sons, Clyde, John, Alex and Perry, all of Weinert, and Arlie of California; one daughter, Mrs. Ferrell Stratton of California; his mother, Mrs. A. Mayfield of Weinert, and seven sisters.

Funeral services were held at Weinert on Sunday.

Mr. and Mrs. M. D. Walker of Wichita Falls and Miss Lenora Walker of Stamford spent last Sunday here visiting in the home of Mr. and Mrs. Travis Lee.

Mr. and Mrs. R. C. Couch of Haskell visited here last Sunday with their daughter, Miss Mary Couch.

BIRTH ANNOUNCEMENT

An 8-pound girl was born to Mr. and Mrs. A. C. Boggs last Saturday morning. The child has been named Gerie Maree. Both mother and little daughter are reported to be doing nicely.

County Supt. Merick McLaughery of Benjamin was a business visitor in the city Monday.

Mr. and Mrs. H. T. Hallmark of Haskell spent the week end here with their son, M. C. Hallmark and family.

Miss Gayle Preston of Burkburnett spent the week end with friends in Munday.

Miss Janice Patterson and Miss Bobbie Waldron of Benjamin were in town last Friday, shopping.

Mr. and Mrs. C. P. Baker attended the funeral of John Mayfield in Weinert last Sunday afternoon.

Mr. and Mrs. W. B. Payne of Stamford spent last Sunday here, visiting in the home of Mrs. Payne's parents, Mr. and Mrs. J. M. Terry.

Miss Drucilla Jones, who is attending Hardin-Simmons University in Abilene, visited her mother, Mrs. Raymond Jones, over the week end.

Miss Dorothy Crawford, instructor in the Munday schools, left Tuesday for her home in Floydada to visit for a few days. She will attend school at N.T.S.T.C., Denton, during the summer.

Mr. and Mrs. Howard Cobb left this week for Marshall, Texas, for a visit with Mrs. Cobb's parents. Howard plans to do some fishing on Caddo Lake while there, and then attend summer school to work on his masters degree. When they left Munday, Howard hadn't definitely decided where he would attend summer school.

Mr. and Mrs. Chas. Moorhouse of Benjamin were visitors in the city Thursday of last week.

Mrs. Dave Eiland visited friends in Benjamin last Saturday.

Miss Marie Ballard, a student in the John Sealey nursing school at Galveston, visited her uncle, and aunt, Mr. and Mrs. Grady Roberts last Sunday. She is on vacation and visiting her parents at Haskell.

Mrs. Jack Patton of Goree visited in the city the latter part of last week.

Ozzie Turner of Truscott spent last Thursday and Friday in Sweetwater.

Don Ferris and Aaron Edgar were business visitors in Benjamin last Monday afternoon.

Bill Dingus, who is attending Texas Tech at Lubbock, spent the week end here with his parents, Mr. and Mrs. G. W. Dingus.

B. M. Haymes and family of O'Donnell, Texas, visited in the home of Mr. and Mrs. Lee Haymes and other relatives over the week end.

Miss Naureen Sheedy of Big Spring is visiting in the home of her aunt, Mrs. George Dingus, this week.

Mrs. H. L. Caugaran of Grady, New Mexico, spent the week end here with her parents, Mr. and Mrs. J. A. Hendrix, and with other relatives.

Mr. and Mrs. J. F. Waldron of Knox City were business visitors in the city Monday afternoon.

Auction Barn Has Light Sale Last Tuesday

Cattle, Hogs Sell At Market Prices

A somewhat lighter run of cattle and hogs was experienced at the livestock sale last Tuesday. There were about 300 head of cattle and 100 head of hogs offered for sale, to bring the total to \$7,500.

Several stocker cattle were sold to go to the country, and brought from \$25.50 to \$34.

Sellers included C. R. Elliott, E. R. Lowe, Bob McGregor, Orville Roden, John Harris, R. S. Edwards, A. M. Moore, H. L. Bellingerhouse, Paul Pruitt, Bill Mitchell, C. T. Hackney, O. R. Johnson, J. B. Bowden, Tony Kuehler, J. A. Caughman and J. H. Patton, Munday; B. G. Hodson and J. L. Welch, Benjamin; Fred Broach, Jr., Sam Carter, O. T. McElroy, C. A. Hull and Geo. Harberger, Knox City; G. A. Newton, Preston Derr, Olen Robison, L. L. Carroll, V. B. Bowman, Weirnett; J. C. Allison, and J. R. Jouselett, Rule; L. H. Highnote, Haskell, G. W. Montandon and Eddie Gibbons, Vera; Roy Martin, Clyde Patton, C. E. Berger, M. A. Gace, E. L. Pierce, L. Pierce, W. L. Williams, Frank McCalley, Roy Mayo and H. C. Corley, Goree; Davenport & Sullivan, Big Springs; Jake Parrot, Throckmorton; C. R. Miller and Lon Cottingham, Gilliland, and Louis McAlpine, Granite, Okla.

Buyers included Vernon Meat Co., Vernon; Chas. M. Carma and J. C. Allison, Haskell; L. S. Furr, John Trimmer and Jack Fuqua, Stamford; Louis McAlpine, Granite, Okla.; Lester Kinnibrugh, Vera; C. A. Hull, J. M. Bradberry and B. F. Cornett, Knox City; Floyd Causey and Pete Cooper.

Seymour; Lewis Brashear, Bowie; W. S. Carson and John Ruddy, Wichita Falls; O. R. Miller, Gilliland; Davenport & Sullivan, Big Springs; Grady Bell, Fort Worth; Parker Denson and W. P. Denton, Knox City; W. S. White, Sentinel, Okla.; J. Van Thornton and Clyde Patton, Goree; L. H. Highnote, Haskell; W. M. Trimmer and Sam Carter, Rochester; Tom Cluck, H. A. Hill, C. R. Elliott, and C. P. Baker, Munday.

.77-Inch Rain Visits County

Munday and Knox county has been visited by three rains during this week, which have totaled .77 of an inch in Munday, according to the records of H. P. Hill, U. S. weather observer.

The showers, coming on Monday afternoon, Tuesday night and Wednesday night, are beneficial to all crops of the county, although light for the grain crops which are nearing maturity. Farmers who have planted cotton and other crops welcome the light rains, since they will not crust the soil and cause them to plant over.

Other portions of West Texas received much heavier rainfall. This year's precipitation exceeds that of last year by almost an inch, according to Mr. Hill's records.

Gain Shown For Knox City; Goree Loses Citizens

The population of Knox City and Goree, compiled during the recent 1940 census, was made public Monday by Clifford Deaton of Wichita Falls.

The population of Knox City as shown by the preliminary count of returns of the 16th census taken as of April 1, 1940, was 1,123 as compared with 906 in April 1, 1930, showing a gain of 217.

Goree showed a loss of 32 citizens during the last ten years. The 1940 census showed a population of 425 as compared with 457 in 1930.

The 1940 figures are preliminary and subject to correction, Mr. Deaton, district census supervisor, stated.

Orville Cranfill of Dimmitt, Texas, visited in the home of Mr. and Mrs. D. E. Holder over the week end.

EYES OF TEXAS UPON THEM

Folks down at Uvalde, Texas, will see the above scene re-enacted soon. When the Presidential Special rolls out of Washington in June, carrying President Roosevelt on his western tour, one of its stops will be at the home of his long-time friend and able political ally, Vice President John N. Garner.

For nearly eight years these Democratic leaders have worked together in the cause of political liberalism, and as the President's traditional second term draws to a close, the Vice President is being widely acclaimed as his most logical successor.

The announcement of the projected visit to Uvalde was made the day following the county conventions in Texas on May 7, and is being generally interpreted by political observers as expressing the President's gratification that the Lone Star State gave a ringing endorsement to the presidential candidacy of its distinguished native son. Texas adopted resolutions approving the Roosevelt-Garner administration, and endorsed Garner for the Presidency by a vote of 6 to 1 over proponents of a third term.

Soil Committees To Hold Meeting

A joint meeting of the soil conservation committee and the land use committee of Knox county will be held at the courthouse in Benjamin on Friday, May 24, at 2 p. m., for the purpose of discussing the possibility of setting up a soil conservation district, such as outlined in the state soil conservation law. Two members of the state soil conservation committee have been invited to explain this law.

Soil conservation districts have recently been set up in a number of counties in this section of the state, and if this group think it advisable plans will be made to get this district on the Brazos river watershed. In order to create such a district a petition must be submitted which is signed by 50 voters, then an election held which must carry by a majority of voters in the area.

The soil conservation committee is composed of J. A. Caughman, Munday; D. L. Jameson, Knox City; C. C. Browning, Truett, and Milton Ford, Vera. The land use committee is composed of August Schumacher, Rhineland; J. O. Warren and Mrs. Ullric Lea, Knox City and Mrs. Roy Jones, Goree.

Soil Committees To Hold Meeting

Len Kuehler and R. Kuehler were largely instrumental in the Rhineland victory with three hits each, while not a single Vera player collected more than one hit.

Rhineland returns to the home lot next Sunday when the Red Raiders tangle with Goree. They are fully aware of the improvement shown by Goree, as their triumph over Knox City would indicate. A really good game is anticipated.

Rhineland Beats Vera Sunday, 7-2

The Red Raiders from Rhineland regained the league leadership with their 7 to 2 triumph over Vera last Sunday.

Given faultless support, Lefty Decker, ace portender of Rhineland, was his old self again, holding Vera to 5 safeties and issuing only one walk. He might have registered a shutout except for a questionable decision at the plate.

The game was a scoreless affair until the 8th, when Rhineland suddenly came to life and exhibited their versatility by laying down three perfect bunts to load the sacks. This caught the Vera infield flatfooted and unsteadied the Vera pitcher, B. Hardin, and he quickly yielded other hits which netted the Raiders seven runs and

New Awning Is Added by Local Business Firms

Sporting a new awning this week are the City Drug Store and the Palace Cafe. It was constructed the latter part of last week, and adds to the attractiveness and comfort of these business houses.

Replacing the old metal awning, this new one makes the stores cooler. And their air conditioning have been installed again, after having to come down until the awning was built, and the stores are again cool and comfortable.

In addition to the new awnings, they will be set off by the use of new neon borders, installation of which was completed Thursday by Bob Billingsley, local electrician.

GET THEIR DIPLOMAS

Members of the seventh grade class who received their grade school diplomas in the Heffner school exercises last Friday are as follows:
Emma Jean Brogdon, Pauline Chandler, Naomi Norwood, Blanche Trimble, Trudie Trimble, Eugent Whitsett, Joe Hudson, Perry Hudson and Bill Hudson.

IT PAYS TO ADVERTISE

A Fish Story

Comes the following letter from J. E. Edwards, who is down Banderana way, in which he tells a story we wouldn't dare to affirm. Read it:
Munday Times,
Munday, Texas.
Sirs,
The Munday Times is like getting a letter from home. We enjoy reading it.

I will give you a little of our fishing experience here. We live on the mountain, just up from the river, so we have quite a time getting the larger ones up the mountain. For instance, I caught one so large that when I jerked him around crossways of the river, it made quite a waterfall. By the use of block and tackle and wire cable, we got him up to camp, so wife and I had all the fish we could eat for dinner and supper.

The squirrels are so fat that we make our bread with squirrel grease. So you folks come and see us.
Your friend,
J. E. EDWARDS

Mr. and Mrs. L. M. Palmer left this week for Grand Saline and other points where they will visit. They plan to enter N.T.S.T.C. at Denton for the summer months, attending school during 12 weeks.

Mrs. Travis Martin of Seymour visited her parents, Mr. and Mrs. M. H. Reeves, here the first of this week.

Air Conditioned

The Munday business firms added new air conditioning units to their places of business this week. The City Drug Store replaced their old unit with a new one. Sebern Jones at the Clover Farm Store had a new one installed the first of this week and the Munday Times is the third place to be air conditioned this week.

These units haven't been in operation during the past two days, however! Too cool!

Mr. and Mrs. G. A. White and family of Midland visited Mrs. White's parents, Mr. and Mrs. A. J. Smith, last Tuesday and Wednesday.
