Munday, Knox County, Texas, August 1, 1940

Number 6

## ONE RUNOFF IS SLATED FOR KNOX COUNTY

### Here's Texas' Number One Family Again

Pictured above is Texas' Number One Family—Governor W. Lee O'Daniel, their two sons, Pat and Mike, and their daughter, Molly, who will occupy the governor's mansion in Austin for two more years.

Setting another precedent in Texas politics, Governor O'Daniel carried the field again over six op-

ponents and totaled more votes than two years ago when he defeated his twelve opponents without a runoff.

O'Daniel's statement "There ain't gonna be a runoff," was taken as a joke in political circles when first originated during the campaign. It was sung by the governor's band during the campaign,

and this statement with music added, proved more than true in Saturday's primary. O'Daniel's lead over his opponents continued to mount with every report of election returns.

The governor led the field in Knox county also, receiving 1,637 votes to the combined 979 for his opponents.

### New President Accepts Post At Hardin-Simmons

Dr. W. R. White, pastor of the first Baptist church at Oklahoma City, last Monday accepted the presidency of Hardin-Simmons University at Abilene.

Dr. White was offered the presidency several weeks ago, but declined to accept after two week's deliberation. Since then many of his close friends have urged him to accept.

Recognized as one of the outstanding ministers of the Southwestern Baptist convention which comprises 19 states, Dr. White at one time was secretary of the Texas Baptist convention and had taught in Southwestern Baptist Theological seminary in Ft. Worth. A native of Leesville, Texas, he received his high school education at Frankston, Texas, and attended Rusk Baptist academy at Rusk, Texas, and Howard Payne college.

Dr. White was an active leader in the prohibition campaign before repeal of the 18th amendment. He has been pastor of the church in Oklahoma City the last five years.

### Patterson Wins Precinct Two Post Over 2 Opponents

O. L. Patterson, commissioner of precinct two, won re-election last Saturday by gaining a majority of votes over his two opponents. Patterson received 311 votes to 221 cast for S. H. Shipman and 60 for Ed Foemster.

The vote by boxes: Benjamin, Foemster, 13; Shipman, 101; Patterson, 221; Vera, Foemster, 47; Shipman 112; Paterson, 74; Brock, Foemster, 6; Shipman, 2; Patterson, 16.

### Commissioner Race In Precinct One To Feature Run-off

A "nip and tuck" race was staged in Commissioner's Precinct One last Saturday, with a difference of only one vote between the two leading candidates.

E. L. Park, present incumbent, received 267 votes; William Griffith, former commissioner, led with 268, while C. A. Richardson trailed with 121.

The vote by boxes: Sunset, Richardson, 33; Park, 64; Griffith, 38; Knox City, Richardson, 88; Park, 202; Griffith, 230.

#### GOES TO CONVENTION

Frank Cerveny left the first of this week for Taylor, Texas, where he is attending an insurance convention. He will return the latter part of the week.

Joe Reeder, Jr., of Knox City was a business visitor here Tuesday.

### Baptist Revival To Close Sunday

#### Much Interest Being Shown in Meeting

The revival meeting which has been in progress at the First Baptist church since Sunday, July 21, will close with the services next Sunday night.

Much interest has been shown in the services, with increasing crowds attending each and every service. Morning services are held inside the church building, while open-air services are held each evening.

"We are having as good preaching a you ever heard in your life," Rev. W. H. Albertson said Wednesday. "Rev. Aubrey Short is bringing messages that are inspirations to all who hear him. The singing has been splendid under the direction of Rev. Finis Williams."

"Our revival will close Sunday night. Much good has been accomplished thus far in the meeting, with a number of conversions and additions to the church, and we are expecting others to find Christ in the remaining services. We cordially invite everyone to come out and help us in these remaining services of the meeting."

### 50th District Court Officials

Pictured above are the newly elected officials of District Court for the 50th Judicial District. They are Lewis Williams, district judge; and Arthur A. Kitchens, district attorney.

Williams, now serving as district attorney, received a sufficient lead over his two opponents and was nominated to the post of district

judge without a runoff. Returns from the four counties, Knox, Baylor, Cottle and King, which were received Monday gave the vote as follows: Williams, 4,155; Stephens, 554; Dickson, 2,905.

Mr. Blount led his opponent, Rollie Fancher of Seymour, in three of the four counties.

### Justice, Constable Elected in Munday

Justice of the Peace G. M. Bryan, and Lewis Floyd, constable, were re-elected Saturday to their Precinct 6 posts. Bryan won over R. G. Campbell, while Floyd defeated Arthur A. Kitchens.

The vote: North Munday, Bryan, 159; Campbell 129. South Munday, Bryan, 127; Campbell 102.

For Constable: North Munday, Kitchens 68, Floyd 198. South Munday; Kitchens 63, Floyd 160.

Totals: Bryan 286, and Campbell 222; Floyd 358, Kitchens 131.

### Soil Meeting At Benjamin Is Well Attended

The soil conservation hearing held in Benjamin last Tuesday morning was attended by 69 people. Mrs. V. C. Marshall, administrator of the State Soil Conservation Board of Texas, was in charge of the hearing. County Agent W. W. Rice called the meeting to order, then turned it over to August Schenbacher, as temporary chairman. Twenty-five landowners testified before the board regarding the possibility of establishing a soil conservation district.

The board will study the minutes of this hearing and then, if it is decided that a majority of the landowners desire a district, an election will be called.

The general opinion gathered from those who testified was that a majority of landowners desired a soil conservation district, but many of them needed some additional information before an election is called.

Mr. Marshall stated that the county would be notified of findings of the state board in the near future.

#### BACK FROM HOSPITAL

J. A. Warren was brought back from the Knox County hospital this morning where he has been for treatment. According to reports his condition is much improved.

### Jiggs Thompson To Play Football In Plainview

#### Game to be Feature of Coaching School

Word was received here Friday that Jiggs Thompson, star back on the 1939 Moguls, had been invited to play in the all star game at Plainview in August. This team will be composed of leading football players from many sections of the state.

The game will highlight the six-days coaching school at Plainview. Coach Billy Cooper indicated he would attend the school provided he could get back from the state coaching school in time.

Jiggs has accepted the invitation to play. Boys participating in the game will have their expenses paid, will receive a nice reward for their playing, and will be scouted by the leading coaches in the southwestern conference.

### Scholastic Money Received by County

County Supt. Merick McGaughey announced Monday that the State has paid an additional \$1.00 per capita into the scholastic funds for Knox county schools.

There remains as yet only \$3 per capita due from the state, and this is expected to be paid before the majority of the county schools open their 1940-41 terms.

The state per capita money has been paid more regularly this year than in many years.

#### HERE FROM WICHITA FALLS

Miss Bertie Mae Norville of Wichita Falls visited her parents, Mr. and Mrs. Aubrey Norville, last week. She is leaving this week for a three weeks vacation trip to Colorado and other points with Mr. and Mrs. C. D. Knight and family of Wichita Falls.

### Revival to Open At Hefner Church Friday, August 2

A revival meeting will open at the Hefner Methodist church on Friday evening, August 2, it was announced here this week.

Rev. William H. Self of Windom, Texas, will do the preaching. Rev. Self is said to be an extraordinary pastor and evangelist, and a good revival is expected under his leadership. Rev. L. M. Napper will direct the song services.

The public is cordially invited to attend any or all of the services.

A. L. Smith was a business visitor in Abilene Tuesday afternoon.

#### RESULTS TOO GOOD!

Dr. Joe Davis was in the office Saturday and said he got "too much" results from a classified ad inserted in The Times recently.

"In the first place," Dr. Joe said, "folks saw the ad and began asking if I was moving away from Munday. Then when I rented the house I advertised to rent, people just kept coming and inquiring about it. I'm just a customer that's too well satisfied."

Those "big little ads" get results! Folks read the classified ads!

### Four Constitutional Amendments To Be Voted on in Election in November

When voters go to the polls in November's general election to vote for president of the United States, they will find four proposed amendments to the state constitution upon the ballot.

These proposed amendments are being published in The Munday Times, beginning with this week's issue and running for four consecutive weeks. In speaking of these amendments, Senator George Moffett of Chillicothe said: "All of these amendments should do some good, and could not hurt anything. It is hoped that they will be adopted."

Briefly the amendments are: House Joint Resolution No. 45. It applies only to Red River county and provides for the levying of a tax in this county not to exceed 25 cents on the \$100 valuation for the purpose of refunding the outstanding warrant indebtedness of the general fund of the county.

Senate Joint Resolution No. 6. Empowers the Secretary of State to appoint notaries public at any time he sees fit, instead of only when the Legislature is in session. House Joint Resolution No. 8. Permits civil service for employ-

ees of city governments.

Senate Joint Resolution No. 4. Provides that appeals may be taken directly from the trial court to the Supreme Court when the point at issue is the constitutionality of the law.

### Raymond Carden Wins Weight Title In Abilene Bouts

Raymond Carden, Munday bantamweight, won the TAAF championship in his class in the final boxing bouts held in Abilene last Monday night. Carden is a nice little boxer who was a drawing card at the bouts held here last evening.

Clayton "Red" Stevens, another Munday boxer, went to the finals in the light heavyweight class, only to lose the decision to Byron Sherrill of Sweetwater.

Troy Denham went to the semifinals in his class.

Mr. and Mrs. Sebern Jones visited relatives in Throckmorton last Tuesday night.

### Gov. O'Daniel Is Re-Elected Over Six Opponents

#### County Races Closely Contested; Changes In Officials Made

Only one runoff is slated for Knox county candidates in the second Democratic primary, as other candidates were "weeded out" in last Saturday's primary.

Knox county's only runoff is in the commissioner's race for Precinct One. The runoff will be between E. L. Park, present commissioner, and Wm. Griffith. Griffith led Park by only one vote last Saturday.

Only a few more runoffs are slated for state races, and the second primary ballot will be a short one.

With 1,130,326 votes accounted for Tuesday night, the Texas Election Bureau reported Gov. W. Lee O'Daniel's vote had mounted to 607,614 as he cleaned the field and was re-nominated over his six opponents. Returns were included from all except two of the 254 counties, and reports complete from 196 counties.

O'Daniel had received 53.7 per cent of the votes, which has set a new record for number of ballots cast in a Texas election.

Returns from the election as tabulated Tuesday night show: Governor—Condron, 1,988; Davis, 3,975; Ferguson 96,291; Hines, 119,797; O'Daniel 607,614; Sadler 59,261; Thompson 249,960.

Railroad Commissioner—Brooks 196,319; Colburn 196,357.

Chief Justice Supreme Court—Alexander 301,117; Latmore 339,919.

Civil Appellate Races—District 2 (12 counties)—8 complete: Dunklin 15,110; McDonald 23,728; Rowland 10,991. District 8 (22 counties) 19 counties, 13 complete: Folson 9,838; Sutton 11,195; Wasaff 6,562.

Congressional races—District 17 (12 counties)—12 counties, 11 complete: Blanton 8,755; Garrett 20,361; Miller 8,486; Russell 16,593; Sheppard 1,497. District 18—(28 counties, 19 complete): Bishop 2,644; Cade 1,416; Converse 2,532; Ellzey 3,255; Fields 3,890; Goodrich 4,954; Harp 5,382; McConnell 1,078; Miller 8,003; Wells 14,808; Worley 8,701; Zimmerman 1,325.

In the race for District Judge, Lewis Williams won over both opponents. Total vote in this race is given elsewhere.

Charlie Blount of Paducah was elected district attorney, receiving 4,574 votes to 2,992 of his opponent, Rollie Fancher of Seymour. The vote by counties:

Cottle: Blount 1,836; Fancher 631; Knox: Blount 1,631; Fancher 827; Baylor: Blount 913; Fancher 1,398; King: Blount 194; Fancher 136.

J. C. Patterson was nominated county judge, receiving 1294 votes to 1226 received by E. L. Covey, present incumbent.

M. T. Chamberlain was re-nominated county clerk, defeating J. F. (Red) Waldron by a vote of 1778 to 767.

Earl Sams was returned to the office of tax assessor and collector by a close margin. He received 1336 votes, while J. P. Tolson received 1256.

Renominated without opponents were Grady Roberts, state representative; H. B. Sams, county attorney; Lee Coffman, district clerk; Louis Cartwright, sheriff, and E. A. Jones, commissioner, and Bob Burton, county treasurer.

### KNOX COUNTY WHEAT IN GOVERNMENT LOAN

To date, 128,342 bushels of Knox county wheat has been placed in the government loan. The average net price received for this wheat was 65 9-10 cents, whereas the market price on this grade of wheat was from 54 to 59 cents per bushel.

#### BIRTH ANNOUNCEMENT

Mr. and Mrs. J. W. Sokora are the parents of a baby daughter, born Wednesday morning, July 31, at one o'clock. Both mother and baby are reported to be doing nicely.

Mrs. E. M. Roberts returned to her home in Amarillo last Friday after a visit here with her father, W. H. Atkinson, and other relatives.

### Application Filed For Continuation Of Sewing Rooms

County Judge E. L. Covey stated Tuesday that the county has filed application with W.P.A. authorities for the continuation of sewing rooms in Knox county for the next fiscal year, which will end on June 30, 1941.

Should the application be approved, the sewing room at Munday and the one at Knox City will be continued.

This means an expenditure of federal funds of around \$26,000 in salaries, textiles, commodities, etc., it was reported.

Mrs. C. A. Taylor of Knox City was a visitor in town Saturday.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"—

### HEALTH AND SECURITY

An eminent doctor has stated that the apparent inexhaustibility of the German war machine is partly due to the continued Nazi interest in health and that if America's defense production schedule is to be maintained at high speed, America must look carefully to the health of its industrial man power.

The observation is that of Dr. Victor G. Heiser, author of "An American Doctor's Odyssey" and "You're the Doctor." He was quick to say, however, that America should not emulate the dictator nation with any such regimentation of the population for health's sake. The point he did make was that with the full cooperation of labor, management, and government and the public we in America can accomplish the same degree of physical fitness and efficiency without regimentation.

Fortunately industrial medicine has found methods to prevent fatigue of workers so that neither the worker's health nor the production schedule will be impaired. What is needed now is voluntary cooperation to put these methods into wider use. They have already been adopted by many manufacturers, large and small.

Certainly the interest of manufacturers in the health of their employees is indicated by the recent "clinic" of manufacturers and medical experts in Muskegon, Mich.,—the first meeting of its type ever held for a thorough analysis of industrial health problems.

We in America have no enthusiasm for totalitarian methods. But we can, as Dr. Heiser says, learn a lesson concerning the importance of health in industry, and we can—through voluntary cooperation of all groups—maintain a superior American health standard as an integral part of a sound program for national defense.

### ARE WE GROWING OLD?

One fashionable argument in favor of increased government meddling in business has been advanced by some "liberal" economists that this country's business structure has "arrived at maturity." In other words, it is argued that business can no longer take care of its problems of idle capital and idle manpower unless government steps in and "helps."

The London Economist recently paused long enough in the midst of the problems of a nation at war to take a pot shot at this theory. As an impartial and learned observer its words are worth listening to. Here's what the Economist says:

"If the United States with its vast areas, its low debt, its inexhaustible natural resources, its rising population, is a mature economy, what is Great Britain? And yet our 'decadent' economy has contrived, during the decade when America was standing still, to go ahead as fast as on the average of the great Victorian era of expansion . . .

"The American economy seems to have forgotten, for the moment, how to grow. But the probable explanation of this economic anemia is to be found not in any arrival at 'maturity,' but rather in the existence of institutional obstructions to a free flow of capital."

Perhaps, as the Economist broadly hints, the reason that business and industry have not gone ahead very rapidly in recent years can be traced right back to the interference of those theorists in government and politics who believe that America is growing old and who pass misguided legislation and restrictions against industry on that basis!

### THERE SHALL BE NO HUNGER HERE

Since the dawn of history hunger and the fear of hunger have driven men to war. And nations have had to have food to defend themselves. No nation has ever been so secure in its supply of food fiber as America is today. Never has a nation been given such a guarantee of abundance as that assured the United States by the American farmer.

America's granaries are full to overflowing with food and fiber, for America has the Ever-Normal Granary that stores the abundance of fat years against any possible scarcity in the lean years. The Ever-Normal Granary is on millions of farms, in thousands of roadside bins, and in countless elevators and warehouses.

Wheat and corn and cotton to feed and clothe the multitudes are there. Three times the normal supply of wheat has been put into this storage, and added to the new crop it gives more than a billion bushels for the coming year—half again as much as we would normally consume.

The Ever-Normal Granary for corn holds three times the usual carryover, and the corn means pork and lard, beef and mutton, milk and butter, poultry and eggs.

If there were a cotton failure, we should not go without because the Ever-Normal Granary now has more than a full year's supply.

The American farmer is the most efficient on earth and he now has the most efficient storage system on earth. America's bursting bins of food and fiber are the farmers' reply to the bursting shells in Europe. Come what may, the American farmer with his Ever-Normal Granary is ready for the defense.

The upkeep on a pretty face seems to be just about as expensive as that if a homely one.

An Indian man was arrested with 19 watches in his pockets. Now he is doing time and doesn't need even one.

### EXPERTS SURVEY THE FOOD PROBLEM

Fortune recently held a "round table" meeting for the purpose of surveying farm policies, from a straight business-like, non-political point of view. Twenty-two agricultural experts were invited to attend, of whom the majority were real "dirt farmers." The experts talked, argued and analyzed—and produced a number of highly interesting conclusions.

They pointed out that failure of export markets is hurting farmers, and that agriculture needs assistance to get back to some sort of parity level. They then made five definite suggestions for improving the farmers' lot: A public policy of soil conservation; better farm marketing and reduction of erratic fluctuation in prices; elimination of interstate trade barriers and discriminatory taxes; lower cost of food distribution and improved marketing facilities; new industrial uses for farm products.

The suggestion concerning lower food distribution costs is especially important—for it is here that the recent legislative trend has been most inimical to farmer-consumer welfare. Our lawmakers have gone the limit in discouraging efficiency and encouraging waste, with consequent higher prices and narrowing markets. We have legalized price-fixing—we have levied punitive taxes against chains—we have passed so-called fair-trade laws which are manifestly unfair to the public—we have burdened progressive retailing with a mass of restrictions which tend to increase prices, to freeze prices, or prevent price reductions. And the farmer, along with the wage-earner, has inevitably suffered.

The Fortune round table turned the spotlight on the fallacy of legislative policies which handicap or prevent normal production and distribution.

### HEAVY READING!

Even if you go in for reading on a heavy scale you probably won't have the Code of Federal Regulations, now being published by the Government Printing Office, on your bookshelves. When completed, it will include 23 volumes and 27,000 pages and we don't know how many words—which makes it considerably bigger than the Encyclopedia.

Yet much of the material contained in this lengthy compilation is of direct concern to you as a citizen. For it is going to contain a complete record of the things that various governmental agencies—none of them directly elected by the citizens of this country—have forbidden Americans to do.

The number of these agencies, and the extent to which their actions today affect the life of the ordinary man or woman in this land of ours, is truly staggering.

The Logan-Walker Bill, now in Congress, is an attempt to guarantee the individual fair judicial protection against the sometimes arbitrary actions of these dozens of quasi-legislative boards and commissions. The actual physical record of the past rulings of these agencies—embodied in the Code of Federal Regulations—bears striking witness to the need of such protection!

### INDUSTRY'S TWO-FOLD JOB

Airplanes and tanks and guns are not the sole needs of national defense. If the United States is going to be well equipped to face the problems that the future may bring, manufacturing industry must be in good running order, and it must continue to answer the requirements of the civilian population of this country. If for no other reason, this is the case because we must depend on industry, directly or indirectly, for a large part of the revenues necessary to finance our huge new defense program.

Industry has two problems which it must deal with effectively. One is national defense. The other, as one spokesman put it, is "domestic defense of national prosperity."

If America recognizes these truths—and the public today is demanding realism in the work of achieving national security—industry is capable of doing both these jobs effectively.

Industrial research can now make sponges that are superior to nature's product out of everyday agricultural and lumbering products like cotton and wood.

It took nine hours for a factory worker to earn a pair of shoes in 1914. Today, it takes only three and a half hours to earn the same pair of work shoes.

### 5c A Bale For Cotton Defense

## THEY SAY!

"We have been told all our life that haste does not pay; that worry is needless; that uncertainty just shows a lack of confidence in ourselves and others. When will we learn to apply it to our life and work?"—Lauren R. Geringer, editor and writer.

"You can't accomplish much just by sitting still and waiting for something to happen. So industry spends much of its time and much of its income in searching for new things, new ideas, new products. This process is called industrial research. Thousands of companies in every part of the United States maintain research laboratories, where inventors and scientists seek new products and try to improve one that we are using today. Last year, American industry spent over \$200,000,000 for research work alone."—Dr. John Richelson, lecturer.

### COTTON FARMER PUZZLED

Austin, Texas.—The Texas cotton farmer of 1940 watches Europe and wonders what to do. A dip into the rare-volume files of the University of Texas library reveals a century-old version of the same story:

It was back in the early 1850's and an East Texas cotton grower was sitting in an Austin hotel, spitting in the fire and talking about cotton. A northern traveler listened in and later wrote of the conversation in a now-rare commentary on Texas, published in 1859.

"Bad luck he had had," the visitor wrote of the cotton farmer; "and next year he didn't reckon nothing else but that there would be a general war in Europe, and then he'd be in a pretty fix, with cotton down to four cents a pound. 'Curse those Turks! . . . There always were some infernal rascals somewhere in the world trying to prevent an honest man from getting a living."

"Oh, if they got to fighting, he hoped they'd eat each other up," the traveler wrote. "They just ought to be, all of them—Turks and Russians, and Prussians, and Dutchmen and Frenchmen—just be put in a bag together and slung into hell! That's what he'd do with them!"

A few days later he met a German farmer who expressed "the greatest fear lest the sovereigns should not permit a general war to take place, with its chances for the people."

The German farmer and the cotton-grower got their wish. It was the Russo-Turkish war of 1853-56.

### FAITH

Now faith is the substance of things hoped for, the evidence of things not seen.—Hebrews 11:1.

Through love, through hope, and faith's transcendent power.  
We feel that we are greater than we know.

All I have seen teaches me to trust the Creator for all I have not seen.—Emerson.

Trust in Him whose love enfolds thee.—Mary Baker Eddy.  
Nothing in life is more wonderful than faith—the one great moving force which we can neither in the balance nor test in the crucible.—Harvey Cushing.

The world's largest dinosaur track, a four-and-one-half foot imprint near Glen Rose, is being recovered by University of Texas geologists and W.P.A. field men.

More than 60 per cent of the nation's key defense industries are located in vulnerable positions within 50 miles of the U.S. shoreline or borders, University of Texas Engineering Dean W. R. Woolrich declares in urging industry to move to Texas and the South.

One hundred and eighty-five graduates, attending the University of Texas from 83 Texas and six out-of-state cities and towns, were cited for honors in spring graduation this year.

U.S. highways on the whole are adequate for military defense, Col. H. A. Finch, Fort Sam Houston corps engineer, recently declared at a University of Texas conference on traffic engineering.

## Nickel-A-Bale War Chest For Cotton on Way

Cotton firms and cotton farmers of Knox county and surrounding areas were called on recently by President Oscar Johnston of the National Cotton Council for "100 per cent allegiance in cotton's total war for increased consumption."

H. A. Pendleton, local ginner, is spending his fourth week covering this territory as a special representative for this movement, contacting cotton mills, cotton oil mills, warehousemen and other cotton firms in an effort to further this campaign.

In a message addressed to local producers throughout the country President Johnston declared that "the raw cotton industry is arming as never before in its history to smash down the blitzkrieg of substitutes, surplus, and foreign competition."

The message came simultaneously with the National Cotton Council's announcement of a "university service" plan to provide funds with which to carry on the fight during the coming year. The new plan, to go into effect August 1, calls for a defense fund of five cents on every bale of lint and three cents on every ton of seed, mobilized with the help of each of the five primary raw cotton interests.

Under the new plan, arrangements have been perfected enabling the producer to make his nickel-a-bale contribution at the first point of sale, either to the cotton merchant, large of small, or the ginner or warehouseman acting as merchant. This contribution is carried on from merchant to compressor, who remits the accumulated funds to the Council when the bale is first compressed, or from merchant to textile mill which remits on uncompressed cotton.

Similarly, contributions on seed, which are made by the ginner and crusher, are assembled and remitted to the war chest by the oil mills. "For fifty years we cotton farmers have been talking about an organization like the National Cotton Council to defend our markets and find new ones through judicious advertising, intelligent research, and organized opposition to restrictive legislation," said Mr. Johnston. "At last we have it, and in two years, equipped with modern weapons, if we accomplish more than any of us thought possible in so short a period."

"Domestic consumption has been brought back virtually to the all-time high, with every indication that a new record can be set in 1941. Plans are ready for a vigorous attack on the acute problem of

## Refugees Fleeing Mexican Army Is "Runaway Scrape" of Texas History

Austin, Texas.—In the University of Texas library are graphic accounts of a little-known chapter in Texas history—the State's own small-scale version of the refugee horror now sweeping Europe.

Historians refer to it as the "Runaway Scrape," a pell-mell flight of Texas settlers that began in early March, 1836, with the Alamo's fall, and didn't stop until Houston's retreating army, barely a day behind the refugees—turned and defeated Santa Anna at San Jacinto in late April.

Most graphic account, Texas Collection librarians agree, is in the memories of Mrs. Dilue Harris, member of a pioneering Texas family. Then 11 years old, she recalled that the family hid their furniture in a hollow near their home, got their moveable things into a cart and then set out for the San Jacinto river, driving oxen with them.

"On the west bank of the flooding river, there were five thousand

refugees gathered—all trying to cross first," she wrote. "It was three days before her party got to the far shore and hurried on."

"Our hardships began at the Trinity," she continued, for there it was a four-day struggle against the river and the others trying to get across it, and in addition "measles, sore eyes, whooping cough and every disease that man, woman or child is heir to, broke out among us."

Mrs. Harris' little sister fell ill, and her mother was weak. The wagons had to be taken apart and floated across the river, "ten miles wide at the mouth."

Out of the flooded swamplands, the family stopped at the town of Liberty to rest. There the sister died. The mother got no better.

Again the family fled eastward. A few miles out of Liberty, however, a courier overtook them with news of the Texan victory at San Jacinto, which made it possible for them to return to their homes.

## Traffic Deaths Show Increase

Austin, Texas.—An increase of 54 traffic fatalities for the first six months of 1940 over the same period in 1939 was disclosed today by the State Highway Engineer.

He stated that this increase can be attributed largely to one fatal accident—the train-truck collision in March of this year at Alamo, Texas, in which 29 persons were killed and a number injured.

"Head-on" collisions for 1940 reflect a 16 per cent increase over those of 1939 and "Driving too fast for conditions," as the primary cause, shows for 1940 a 9.1 per cent increase over that of 1939. He stated that strict observance of the restricted center-line stripes on the highways would reduce collisions considerably, and that careful, sane driving by the motorist would curtail fatal accidents.

The pedestrian problem is of the gravest importance as the increase in this type of fatal accident is mounting each year. Pedestrians are urged to study and obey the rules and regulations set out by the authorities for them to follow while walking in traffic. "Inattentiveness to traffic" is the prime cause of most of the pedestrian

fatalities.

Of the 766 traffic fatalities from January through June 1940, 22.7 per cent were "head-on" collisions. "Angular collisions" and "vehicles with trains" had their share of the total with 10 per cent each, and the larger part of the remaining deaths were from sideswiping, overturning on tangent or curve, and pedestrian violations.

Our desire, the State Highway Engineer said, is to secure the fullest cooperation from motorists, while extending them our cooperation in an effort to reduce traffic fatalities.

## Jones Expresses Thanks to Voters

I am grateful for the splendid vote cast for me as your commissioner of Precinct Four in the election last Saturday, and I take this means of expressing my gratitude to each and every voter for this support.

Although I was unopposed in this race, I feel it my duty to tell you how grateful I am for your vote of confidence. I shall always be found doing my best for my precinct and for the county in all matters.

Sincerely,  
E. A. JONES

## M. Chamberlain Says "Thanks, Voters"

I wish to take this means of expressing my appreciation to the people of Knox county for the splendid support given me in the primary of July 27, and assure you that I will give you the service to which you are justly entitled, in so far as my ability will permit.

M. T. Chamberlain

Mr. and Mrs. P. L. Ferguson and daughter of Bryan came in Sunday to spend several days with Mrs. Ferguson's mother, Mrs. R. A. Clements.

Andy Eiland returned to Austin Sunday, where he plans to attend school.

Mr. and Mrs. Hugh Beatty left last Sunday on their vacation. They plan to visit San Antonio, Austin and Galveston.

Miss Maxie Dingus of Wichita Falls spent the week end here with relatives.

L. E. Owens of Vernon visited friends and relatives here over the week end.

Mr. and Mrs. Otis McClain and daughter of Plainview visited in the home of Mr. and Mrs. Lee Haynes over the week end.

Mr. and Mrs. Ed Jones of Goree were business visitors in town Saturday.

Mrs. W. L. Thornton of Goree was shopping in town Saturday.

## RIGHT OUT OF THE AIR

MARIAN SHOCKLEY—you know her as the audacious "Nikki" in "The Adventures of Ellery Queen"—admits off the record that

she is afraid to pass a graveyard after dark! She is an important factor in the cases the super-sleuth solves.

Madeline Gray, who guides the "Bright Idea Club" for young people over NBC, is once again giving prizes to those who appear on her Saturday program. Top winners receive a five-dollar bill and a 19-volume set of the World Book.

Ruby Hughes, pictured here, focuses his "Hughes reel" on the "Hour of Charm" broadcasts over

the NBC-Red network every Sunday night on some wonder of his sponsor's plant at Schenectady, N. Y. He's featured with Phil Spitalny's all-girl orchestra on the program.

Bud Abbott and Lou Costello turned down a Hollywood offer for three movie shorts in order to blossom out with their own air show in the Fred Allen spot on NBC starting Wednesday, July 3.

James Melton's career could be briefly described as "from tooting

to Trovatore in a decade." The celebrated radio and opera tenor started his musical career as a saxophonist with a dance band—to earn money to pay for voice lessons!

Lovers of Dixieland will recognize "The Great Man Himself," for it is none other than Muggsy

Spanier, world-famed trumpet player, now heard regularly with Bob Crosby and his orchestra Saturday nights on the NBC-Red network. He joined Crosby recently and his trumpet is being featured by "The Best Dixieland Band in the Land."

Peter Van Steeden, maestro on the Fred Allen program and "Mr. District Attorney," went to the Coast for the last of the Allen Wednesday night programs, but returns in time for the Wednesday night summer series.

One of the highspots of Horace Heidt's "Pot o' Gold" program since it was moved to Thursday

nights on the NBC-Blue network has been the singing of Josette Romay, pictured here. She's the latest to join Horace, and is heard with him Tuesdays on the NBC-Red network as well.

## Willkie Man

Dallas, Tex.—A name illustrious in the annals of the Texas Democratic party joined the forefront of the state-wide movement for Wendell L. Willkie, when Joseph Weldon Bailey, Jr., of Dallas, lifelong Democrat, Tuesday morning accepted the chairmanship of the Texas-for-Willkie clubs.

He was appointed by L. A. (Pat) Casey who last week was named coordinator of all Texas work for Willkie in Democratic and independent quarters by Oren Root, Jr., head of the Associated Willkie Clubs of America. Mr. Casey notified the presidential nominee by telegram Tuesday morning of Mr. Bailey's appointment.

It is the plan, Mr. Casey said, to form Texas-for-Willkie clubs in every city, town and hamlet of Texas. For this purpose Mr. Bailey will make a swing over the state soon.

Mr. Bailey was born in Gainesville, Texas, and is the son of the late United States Senator Joseph Weldon Bailey. He is a graduate of Princeton University with the B.S. degree and of the University of Virginia he received his degree in law. During the first World War he served in the 314th Regiment of Field Artillery with the A.E.F. He was elected in 1932 as a representative at large from Texas to the Seventy-third Congress, a place later vacated under the congressional redistricting bill.

"Willkie is as good a Democrat as any Democrat I have ever had an opportunity to vote for," Mr. Bailey said Tuesday. "Working for Willkie, I feel that I am working in behalf of America."

Clarence and R. G. Freeby of O'Brien were business visitors here Saturday.

Mr. and Mrs. Jack Whitaker of Truscott were business visitors in the city Saturday.

Mrs. John Earp of Knox City was shopping in town Saturday.

J. R. Reeves of Weinert was a business visitor here Tuesday.

Leslie Bolin of Knox City visited friends here one day last week.

Mrs. R. Smith of Knox City was a visitor in the city Thursday.

Mrs. Ben Holder of Goree was a visitor in town Thursday.

Mrs. Mary Cook of Weinert was

a business visitor here one day last week.

Mr. and Mrs. Roy Mayo of Goree were visitors in the city Saturday.

Mrs. John Lambeth of Goree, route one, was shopping here one day last week.

Mrs. Lewis Edwards of Weinert was shopping here Saturday.

Mrs. C. E. Haskin of Goree was

here Saturday, shopping.

Ralph Binnion of Dallas visited in the home of Mr. and Mrs. Don Ferris last Sunday. Mr. Binnion is a brother of Mrs. Ferris.

Mrs. B. C. Lawrence of Weinert was a visitor in the city Tuesday.

Mrs. W. P. Farrington and Miss Lucille Neff visited relatives in Amarillo the latter part of last week.

## Ladies Auxiliary Holds Meet With Mrs. H. Barnes

The ladies auxiliary of the Presbyterian church had a most enjoyable meeting in the home of Mrs. Herbert Barnes at 8:45 o'clock Monday morning of last week.

Mrs. Don Ferris gave the devotional and conducted the business session.

The subject, "Moral Implications of the Monroe Doctrine" was the topic discussed with Miss Maude Isbell as leader. After the program cake and punch were served. Two new members were welcomed into the work.

## Munday Home Demonstration Club Meets on Friday

Mrs. John B. Reneau was hostess to members of the Munday home demonstration club with a luncheon on Friday, June 12. Attractive floral arrangements for the luncheon tables were bouquets of sinias.

Mrs. C. M. Matlock, vice president, conducted the business session during which activity reports were presented and arrangements completed for the annual Knox-Haskell county encampment for club women on August 14-15.

Following the luncheon which was served to 12 members and guests, a social hour was enjoyed.

## Askelon Stogner Cleta Jones Are Married Recently

Mr. Askelon Stogner and Miss Cleta Jones were married on July 16 in the home of Mr. and Mrs. Otis Cash. The wedding ceremony was performed at seven o'clock.

Mrs. Stogner is the daughter of Mr. and Mrs. John Jones of Knox City and a granddaughter of J. B. Jones, mayor of Benjamin.

Rev. Austin Varner read the ceremony which united this young couple. They are making their home in Knox City.

Mrs. Ella Hackett returned to her home in Sherman this week after two weeks visit here with her sister, Mrs. Ben Guinn.

## Recent Bride Is Honored July 22 With Shower

Tuesday afternoon, July 23, Mrs. Askelon Stogner, formerly Miss Cleta Jones, was honored with a lovely bridal shower given in the home of Mrs. M. A. Bumpas.

Hostesses were Miss Margaret Hardin, Nellie Prather, Doris Howell, Laverne Bumpas. Most of the bride's close friends were present and showered her with many lovely gifts.

While guests were being served, Virginia Parkhill played several numbers on the accordion, and the entertainment was closed by the bride Katie Sweatt, and Virginia Parkhill singing once more as a trio.

The table from which guests were served was attractively decorated with a miniature arrangement of bride and groom as a center piece. Plate favors were tiny brides.

About 40 guests attended the shower.

## Clara Wigley And P. W. Conway Are Married July 28

Miss Clara Wigley and Mr. P. W. Conway were united in marriage at ten o'clock Sunday morning July 28, 1940 by Rev. Woster at the Foursquare parsonage.

The bride was the daughter of Mr. and Mrs. Harmon Wigley and has spent most of her life at Weintert. She is a graduate of the 1938 class of Weintert High School.

The groom is the son of Mr. and Mrs. George Conway of Waurika, Okla. He is a graduate of the 1935 class of Waurika high school. He has spent most of his life near Munday, Texas, and moved to Waurika about five years ago.

The bride wore a navy blue sheer with white accessories. Those who attended the wedding were Mr. and Mrs. Hershall Molder, Ray Kads of Knox City, Fay, Billie Smith, Betty Wroster, Ruth Wigley, of Weintert.

The young couple will make their home in Waurika where Mr. Conway is employed.

County Clerk M. T. Chamberlain of Benjamin was here this week on official business.

## WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Mr. and Mrs. Elmer Dean of Haskell visited relatives here last week end.

Maggie Searcey has returned home from Dallas where she had been visiting for the past two weeks.

Mr. and Mrs. Wilbur Wallace of Abilene visited relatives here last week end.

Miss Bettie Simpson is visiting in Stamford this week.

Mr. and Mrs. J. M. Smith were in Wichita on business last Friday.

## Charlie Blount Thanks Supporters

To the People of Knox County: Friends:

I am taking this means to thank each and every one of you for your support in behalf of my candidacy for the office of District Attorney.

I am deeply grateful and words cannot express my heartfelt appreciation. For each and every vote I received, I realize there is some person who has confidence in me as a public official and who is interested in me as a man. I will never betray that trust and confidence.

Never will I forget the friends who worked so hard and stayed by me so faithfully. Friends like you make all hardships a pleasure and life worth living. Without your help I could not have been successful.

May God's richest blessings always be yours.

Sincerely,  
Charlie Blount

## County Attorney J. C. Patterson, above, was nominated county judge in the election Saturday in one of county's closely contested races. Patterson received 1294 votes against the 1226 received by E. L. Covey, present incumbent.

Lewis Williams of Benjamin, newly elected district judge of the 50th judicial district, was here Tuesday, greeting friends.

## NEW JUDGE

## Betty Crocker KITCHEN CLINIC

prepared for Your Newspaper by Betty Crocker Home Service Department

**HEALTHY, HAPPY AND COOL**  
Here are six golden rules for hot weather meals which I assure you will help keep the family healthy, happy and cool.

1. Serve one hot food or beverage with each meal. It's a temptation when the mercury reaches the high eighties to serve all cold meals. But for digestion's sake, one hot food or beverage should be included. This need not be more than a hot soup or bouillon at the beginning—or hot tea, coffee or cocoa—or a hot vegetable such as corn on the cob—or a hot bread such as muffins, biscuits or popovers.
2. Avoid foods that are too rich. Food is fuel—and our systems do not need to be stoked as heavily in summer as they do in cooler weather when we are more active.
3. Serve lots of fresh fruits and vegetables. In addition to all their vitamins and minerals, they are excellent thirst-quenchers.
4. Choose dishes as far as possible that you can cook or at least partially prepare in the cool of the morning. Such as meat loaf, potatoes for salad, fruit pies, etc.
5. Use canned foods and ready-to-eat packaged foods wherever you can. They will not only save work, but the family will enjoy them for a change.
6. Eat out-doors or in the coolest part of the house. Do not feel chained to the dining room for all your meals,—especially if the dining room is on the sunniest side of the house. Eat on the porch, in the back yard—or give the family trays in a cool corner of the living room.

- DINNER MENUS FOR HOT DAYS**  
The following menus carry out the six golden rules for hot weather meals.
- Jellied Chicken or Veal (Garnished with tomato slices, radishes, olives and lettuce)
  - Creamed Potatoes with Chives
  - Fresh Corn on the Cob
  - Assorted Breads
  - Blackberries and Cream
  - Chocolate Drop Cookies
  - Iced Tea or Hot Tea
  - Salad of Smiles (Potato salad with coarsely cut-up beef, tomatoes and celery added)
  - Popovers
  - Fresh Peach Ice Cream
  - Sponge Cake
  - Iced Tea or Hot Coffee
  - Fish Turbot (Alternate layers of left-over cooked fish and well-seasoned cream sauce baked in a casserole with buttered crumbs over the top)
  - Buttered Peas and Diced Cucumber (cooked together)
  - (Rolls or Muffins)
  - Crisp Cabbage Salad
  - Iced Tea or Hot Coffee
  - Fresh Berry Pie

**Do You Find It Hard To Plan Meals in Hot Weather?**  
Betty Crocker's suggested summer menus will give you lots of worthwhile suggestions. Here are menus for breakfast, dinner and lunch or supper for two weeks in mid-summer. Left-overs are taken into consideration. This folder of menus is FREE. Simply send 3 cents in postage to cover mailing charges to Betty Crocker in care of this newspaper.

Copyright 1939 by Betty Crocker, Inc.  
If you have any specific cooking problems, send a letter requesting information to Betty Crocker in care of this newspaper. You will receive a prompt, personal reply. Please enclose 3 cent stamp to cover postage.

## Flower Arrangement Demonstration Features 4-H Club Girls Programs

The 4-H Clubs meeting this month are being given a flower arrangement demonstration by Mrs. Nova Van Zandt, County Home Demonstration Agent. The following outline was used:

1. Why have flower in the home  
To add life and beauty  
To add color and cheeriness  
To develop appreciation of nature.
  2. Pictures were shown of good arrangements of flower in various types of containers.
  3. The club listed these points to be remembered in arranging flowers:  
1. Cut flowers with long stems  
2. Use plenty of greenery  
3. Strive for natural effect  
4. Avoid overcrowding  
5. Use native and wild flowers whenever and wherever possible  
6. Combine the flower colors and flowers with bowls harmoniously  
7. Develop a sense of balance, experimenting with informal balance  
8. Use frogs or modeling clay to hold flowers in place  
9. Do not discard fresh flowers because they have short stems. Try floating them in a shallow bowl or deeper clear glass bowl.
- Various arrangements were exhibited by the club members and agent and criticized by the group. Flowers grown by club members have been used with bowls and vases of various sizes, shapes and colors.
- Club girls are showing a great deal of interest in using flowers and especially in combining colors well and using informal balance interestingly.

## RETURNS TO QUITMAN

Mrs. H. L. Davis returned to her home at Quitman, Texas, last Monday after spending the week with her father, J. A. Warren, who has been ill in the Knox county hospital.

Chat. Reynolds and Miss Maggie Reynolds visited in the home of Mr. and Mrs. L. W. Hobert last week end, and also visited their uncle, J. A. Warren, who is ill.

Donald Hobert is visiting relatives in Sterling City, Texas, this week.

## DAUGHTER TO BILL KINGS

Mr. and Mrs. Bill King of Weintert are the parents of a baby daughter, born Tuesday, July 30, at the Haskell hospital. Both mother and baby are reported to be doing nicely. Mrs. King is a daughter of Mr. and Mrs. M. A. Bumpas.

## HEFNER NEWS

The election passed off quietly here Saturday, July 27th. A total of 90 votes were polled at Hefner. The Baptist revival meeting closed on Sunday, July 28th, when the church pounded Rev. A. B. Thornton of Aapermont.

The Methodist meeting will start here the first Sunday in August, and will continue for ten days.

Bobby, son of Mr. and Mrs. V. Lambeth, has been brought home from the Wichita Clinic hospital. He is reported to be doing fine.

The 11-year-old daughter of Mr. and Mrs. Berte Jackson was buried here on July 27th. She lived near Cottonwood. Services were at the Friendship church, conducted by Elder J. L. Gray and Rev. W. H. Albertson. A large crowd of friends and relatives attended the last rites.

Albert Cooper and family of Brandon, Miss., have been visiting relatives here.

Mrs. J. L. Gray had her daughter, Mrs. J. McKenken, and husband, of Little Rock, Ark., here for a few days. They were in vacation.

Mrs. O. Canfield of California visited her brother, Joe Tidwell, here a few days last week.

Dr. Everett Payne of Slaton, Texas, visited his mother, Mrs. M. J. Payne the latter part of last week.

## Women's Clubs Have Luncheons in Their Club Work

The Home Demonstration Clubs of Knox county are busy planning for and serving luncheons which climax their work in coolery and table service.

One very attractive luncheon was served by the Vera Club, Wednesday, July 24, with the club's home food supply demonstrator, Mrs. Albert Boyd, as hostess.

A well balanced meal of foods produced at home was the aim of the group, when they planned the following menu:

- Fruit Cocktail
- Fried Chicken
- Buttered New Potatoes
- Green Beans
- Stuffed Tomato on Lettuce Leaf (stuffed with cottage cheese)
- Glazed Carrots
- Hot Rolls
- Butter Bavarian Cream
- Cake
- Iced Tea

The house was attractively decorated with flowers grown by club members. Colored cotton luncheon cloths were used with pottery dishes.

Sixteen club members and the county home demonstration agent were present.

Mrs. Gene Horne returned to her home in Oklahoma City last Sunday. She had been visiting her parents, Mr. and Mrs. Tom Phillips.

**FARMS WANTED**—I have some cash buyers for good Knox county farms. If yours is for sale, I would be glad to list it.—George Isbell. 6-21c

**USED CAR For Sale**—36 model Plymouth Sedan, for only \$100. Better hurry, it's priced to sell quick.—George Isbell. 6-21c

**CARD OF THANKS**  
We wish to express our deepest gratitude for the many words of sympathy and the lovely flowers sent us in our bereavement, and to ask God's richest blessings on such dear friends.  
Paul and Hazel Pruitt

**MUNDAY METHODIST CHURCH**

We will begin a week's intensive preparation for our evangelistic campaign which begins on August 11th. This next week have arranged for a Bible school with the children's division, ages ranging from 5 to 14, which includes some of the Intermediates. They meet each morning, with a corps of workers. The class work begins at eight o'clock with a devotion period at 8:30. The work from 9 to 10 will be Bible stories, woodcraft and recreation period to follow. We are prepared to take care of all children who care to attend and will endeavor to give them a knowledge of the Bible that will help them to live consecrated Christian lives. Let your children have this week of Bible study and wholesome recreation. Mrs. Helen von Baumann will relate her trip through Palestine Wednesday and Thursday at 9:00 a.m., in connection with the school.

Young Peoples Crusade, including those in the age range of 12-24, will have their first session Monday at 4:00 p.m. The background of Christ's life will be given and each day until August 14, a close study of Christ's life will follow at the same hour. At 8:00 p.m. a devotional service will be rendered by the Young People themselves, followed by recreation. A personal worker, Rev. B. L. Nance, will be busily engaged contacting persons in a friendly way with a definite purpose of helping them to become Christians and aligning themselves with the church. Will you cooperate in this week of preparation by prayer and attending such services as are given? No person is barred from any service but those in the age groups are urged to attend regularly. Munday needs an awaking revival, will you help bring it about by boosting the revival spirit already generated?

H. A. LONGINO

**Judge E. L. Covey Expresses Thanks**

I wish to express my sincere appreciation for the vote cast for me last Saturday. Although I was not re-elected to serve you as your county judge I will always feel very near to hundreds of Knox County people who have been my friends through the years that I have lived in the county; and I will cherish above everything else your friendship.

May I again thank each and everyone for the many favors shown me in the past and for your co-operation while I have been serving as your public official. After I go out of office I will be interested in the welfare of Knox County and her people, and if at any time I can be of service to anyone I will be happy to render that service.

E. L. COVEY

Mr. and Mrs. F. N. Carter and daughters, Ruth and Marie, of Comanche, visited in the home of their daughter and sister, Mrs. B. B. Bowden, several days last week.

**Home Grown Vegetables Are Being Canned**

Farm women of Knox county are enjoying the use of more home-grown vegetables than this section has seen for the past few years. Almost every kind of vegetable adopted to this county has been grown this year and much is canned for winter use.

Judging from preliminary reports of A. A. supervisors who have checked compliance in 49 Texas counties, there are more gardens on Texas farms and ranches this year than ever before.

Figures compiled as of June 25 by county AAA officers and county home demonstration agents for Jennie Camp, specialist in home production planning for the A. and M. College Extension Service, reveal that 80,616 home gardens in these 49 counties will qualify for soil building payments under the 1940 agricultural conservation program. The number varies from 100 in Lynn county on the South Plains to 4,757 in Navarro county in the Central Texas Blacklands, with an average of 1,641 gardens for these 49 counties.

"If each of these gardens is the minimum size of one-half acre and the vegetables are planted in rows three feet apart, then the total number of feet in those 80,616 gardens would be 885,272,160. This would measure 110,847 miles or four and one-half times around the earth at the equator.

Over most of the state the season has been unusually good, and vegetable production abundant. An increase in the number of varieties planted was also reported by the compliance supervisors.

Estimating the monetary value of each garden as \$50, the aggregate worth to Texas farm families would be \$4,030,800. Miss Camp adds that the value to farm families "in improved diets and improved health" cannot be estimated in dollars and cents."

**J. R. (Red) Waldron Expresses Thanks**

I take this means of expressing my sincere thanks to all my friends who supported me in last Sunday's Democratic Primary, as well as for any consideration given my candidacy for the office of county clerk.

Although defeated in this race, I feel that my efforts have not been in vain because I enjoyed the association with my old friends and made the acquaintance of many new friends. My best wishes are with you, and I'll be glad to serve you in whatever way I can.

J. F. (Red) WALDRON

Mrs. A. P. Barker and son Barry, of Lockney, Mrs. E. C. Henry and Mrs. G. V. Smith of Floydada visited in the home of Mr. and Mrs. C. P. Baker last Friday. Mrs. Henry and Barry Barker remained for a week's visit.

**People, Spots In The News**

**MAYOR ON MOVE . . .** And how! Ab Jenkins, Salt Lake City chief executive, receives congratulations of Cliff Bergere, relief driver, as he completed fastest 24-hour drive on record, over Utah salt flats. Averaging 161.18 mph. for 3,868 miles, he smashed all marks from 50 kilos to 3,000 miles.

**WINDSOR'S NEW HOME** Government House, built in 1801, will be Nassau "palace" for Duke of Windsor and his American-born duchess when he takes over new duties as governor of Bahamas soon.

**BEARDS AND BANNERS . . .** Colorful note in Omaha's Golden Spike Days celebration was Union Pacific's whiskered band, which marched down main stem playing "The Advance of Aluminum" in honor of railroad's fleet of aluminum streamliners, nation's largest and last word in modern travel luxury, far cry from trains in days when rails first joined East and West.

**Travelers In Texas Learn Of Shelterbelts**

Wichita Falls, Tex.—"Travelers through Northwest Texas are beginning to recognize the meaning of the belts of young trees they see along the highways," stated W. E. Webb, recently. "Shield-shaped Shelterbelt signs placed at a few of the cooperatively-planted farm shelterbelts, showing the years they were planted."

The signs, green and white shields suspended from crossarms, are quite impressive, Webb said, and competition among farmers for them is keen. Every farmer who gets a shelterbelt also wants one of the signs, and it would almost be worth the life of the local forester to attempt to remove one for erection elsewhere.

"When it is considered that shelterbelts already have been planted on 2,180 farms in Northwest Texas, it can easily be seen that only a small portion of them can be

provided with signs," the State Director remarked. "That really is enough, though, because everyone who lives in the area knows what the shelterbelts are and it is necessary to explain them only to outsiders passing through."

Since 1935, when the project began, 1,850 miles of shelterbelts have been planted in Northwest Texas, using nearly 20 million trees. Their purpose is to check the force of the winds which damage farm lands and crops, and to conserve soil moisture.

Cecil Oliver of Goree was here Tuesday, attending to business matters.

Don and Carol Coffman of Goree visited friends here on day last week.

Mrs. T. J. Partridge of Knox City was a visitor in town Saturday.

**POINTERS FOR TEXAS AGRICULTURE**

In an average year, Forest Service officers fight about 12,800 fires in National Forests.

The trees most easily establish-

ed in windbreaks are green ash, honey locust, American elm, mulberry, Chinese elm, lemonade sumac, soapberry and buckthorn.

According to Secretary of Agriculture Henry A. Wallace, there are at least 500,000 farm families which are in urgent need of rehabilitation loans but have been unable to get them because of the limited funds available.

Over 66 per cent of the tree and shrub windbreaks planted under the Prairie States Forestry Project during 1939 survived and are growing. This is the highest percentage so far reached. More than 11,000 miles of windbreaks have been planted since the program started.

Great alligators were common on the Texas coast during the days of the Texas Revolution. University of Texas library records show. The Trinity Bayou was reported at one time to be "infested" with them, and they were known to have eaten at least one man there.

A branch of the seed laboratory of the State Department of Agriculture is maintained at Texas Technological college.

# TEXAS OUT-O-DOORS

### Chukars Still Question Mark

Austin, Texas.—While a few reports of Chukar Partridges doing airily well have been received, the majority of the Texas Game Department Biologists and other field men who have worked with this bird, which is native to India, are optimistic over the future of Chukars in the Lone Star State. However, they are withholding final judgment on them until they have had more time to determine the birds' habits and adaptability to Texas.

It appears that if the birds are to thrive at all, they will do so in West Texas. The following report to the executive secretary of the Game Department is typical of many received:

### Quail Need Water

An example of the necessity for an adequate water supply if quail are to prosper, especially in West Texas, is shown by a report of the Game Department biologists. In LaSalle County along a four-mile strip bordered by ponds, 253 bobwhite and blue quail were counted. However, in a 171 mile drive through areas overgrazed and with little water only 17 quail were counted.

### Ever See Boxing Jackrabbits?

Some fight promoter might get an idea from this: J. R. Barton of Wichita Falls and a state game warden recently saw a pair of jackrabbits boxing. The rabbits repeatedly jumped high in the air and hit each other with their hind feet. Finally, without either knocking out the other or apparently gaining the advantage over the other, they departed, each in a different direction.

### Wild Turkey Increase

Here is another specific instance in which it is proved that wild turkeys, if given proper protection and food will materially increase their numbers. Reports to the Game Department indicate a recent survey of a Brown county area shows there are now 490 wild turkeys in a section where 25 were planted in 1934.

### Are Gar Good to Eat?

Since the drive by the State Game Department to get anglers fishing for gar with a wire nose has spread rapidly throughout Texas the question is often being asked as to whether gar are good to eat.

The answer, according to the Department's chief aquatic biologist, is that they are good to eat. The difficulty of dressing a gar is the major hindrance to exploitation of the fish for menu purposes. Heavy clippers or wire cutters are almost mandatory to make the ab-

dominal incision to remove the viscera. The tough, scaly skin can hardly be dented with a knife. Some fishermen beat the carcass of gars on a tree before attempting the skinning process. This loosens the skin and is said not to damage the meat, which is white.

The fishy odor will be missing if one is careful to prevent any of the slime on the gar skin from coming in contact with the carcass. Should a sufficient number of sportsmen indicate a desire for receipts on how to cook gar to make tasty dishes, the Game Department will distribute such receipts.

After a year and a half of experience in Orange County on a chukar and quail project, the game keeper in charge is very pessimistic about the possibilities of adapting Chukars to Southeastern Texas conditions. At present he is attempting to raise them on wire, sing bantam hens to incubate. Last season 200 adult Chukars were given free range on 2,000 acres of good quail land and they hatched off approximately 75 young birds. However, last fall these could not be found. When the birds were finally trapped early this year only 60 remained. What happened to the others is not known. Predators could hardly have taken many as intensive control of opossums, house cats, stray dogs and other such animals is practiced. No signs of predator kills were found in diligent searches over the area.

### Myers Completes Thesis for Degree

Denton, Texas.—R. G. Myers, graduate student at the North Texas State Teachers College and business manager of the Arp schools for the past two years, has completed his masters degree thesis on a problem of interest to all schools in the East Texas oil field area—"An Evaluation of the Operation and Administration of School Cafeterias in the East Texas Oil Field Area."

Myers, who received his bachelor of science degree here in 1935 in public school and business administration, is scheduled to his master's award in August. The data for his thesis were obtained by a personal investigation and study of thirty-four school cafeterias in the East Texas oil field area.

Among his findings in his research were: the majority of the cafeterias ranked high in sanitation and the salary costs were adequate. Some showed financial losses because rent and other overhead expenses were charged to them. Other cafeterias reported profits because they were not paying for the overhead expense.

Myers, in his work, made recommendations for all physical equipment, wages and hours, and proposed a simplified bookkeeping system.

Mr. and Mrs. J. C. Walker and daughter, Billie Sue, of Knox City were visitors here Saturday.

Mrs. Homer Howard and children of Goree, route two, were shopping here Saturday.

Mrs. Shorty White of Goree, route two, was a visitor here Saturday.

## HE WHO GETS KICKED

## Texans Are Prominent In Triple-A Work; Hold Key Positions in Program

College Station, Texas.—Texans and Oklahomans play a major part in the administration of the Federal farm program, according to Texas delegates who have just returned from Washington, D. C., where the annual national conference of the Agricultural Adjustment Administration was held.

Mr. E. N. Holmgren of College Station, state Triple-A administrative officer and spokesman for the Texas group, said he was particularly impressed by the number of men from the southwestern portion of the Southern Region who are in key positions in administration of the farm program.

"At the top, of course," Holmgren said, "we have Grover B. Hill of Amarillo, the Assistant Secretary of Agriculture, who is as much at home in the range country as he is in his Washington office. Hill helped write the AAA range conservation program with which most ranchmen in Texas are cooperating."

Since Hill's promotion, the range program in the Southern Region has been under the supervision of Ferd R. Merrifield, of Stillwater, Okla., the administrator continued. In addition to the range program, Merrifield also handles wheat and western conservation practices. Working in close cooperation with him are Morris P. Leaming, of Panhandle, who has charge of wheat crop insurance, and Ernest C. Neas, of Cordell, Okla., who has charge of wheat loans.

"One of the highest ranking officials in the Southern Division is Charles H. Alvord, of San Marcos, a former director of the Texas Agricultural Extension Service, Holmgren said. As assistant to I. W. Duggan, director of the Southern Region, he is in charge of all budgetary and financial matters.

"Texans who work particularly on cotton include James H. Rounsaville, of Alto, who is assigned to cotton marketing quotas, and Eugene A. Rush, of Austin, who helps write the procedure to be followed in the field," the administrator continued. "Rice phases of the farm program are assigned to William L. David, of Angleton, and James M. Hunt, Jr., of Killeen. Another Texan, John H. Walker, Jr., of Borger, works in the unit handling grants of aid. In the landlord-tenant relationships unit,

## LOCALS

Mr. and Mrs. W. E. Braly spent the week end in Wichita Falls, visiting in the home of Mr. and Mrs. Jim McDonald.

Mr. and Mrs. J. A. Caughran and Mr. and Mrs. J. A. Wiggins returned the later part of last week from their vacation which they spent at Red River, New Mexico.

Mr. and Mrs. C. S. Ameen and family came in the first of this week from Denver City for a visit in the home of Mr. and Mrs. Sied Wahed.

Shirley Patterson of Sweetwater spent last week and the first of this week here, visiting in the home of Mr. and Mrs. Don Ferris.

Misses Edith and Gladys Nell Simmons of Knox City were visitors here one day last week.

Mrs. J. L. Sipes of Weisert was shopping in town Saturday.

Mrs. Clyde Warren and Clydeon of Goree were visitors in town Saturday.

Misses Juanita Hunter and Ruby Hutchinson of Knox City visited here one day last week.

Mr. and Mrs. Roy Outbirth and daughter and Mr. and Mrs. Andrews of Baird visited in the home of Mr. and Mrs. J. C. Campbell last Sunday.

Mrs. Ruby Gulley of Goree was shopping here Saturday.

Mr. and Mrs. S. E. Seay of Knox City were shopping here Saturday.

Mr. and Mrs. B. C. Lawrence of Weisert were visitors here the latter part of last week.

LaVerne Haney of Wichita Falls visited relatives and friends here the first of this week.

Tom Rigby of Ruidosa, New Mexico, came in the first of this week for a visit with his son, Lowry Rigby, and with friends here.

J. Carlton Smith of Abilene, district superintendent of the Southwestern Life Ins. Co., was here last Friday, visiting friends and working with Mrs. Bess C. Neff, local

representative, on matters pertaining to the company's business.

Mrs. Aaron Eligar returned home last Saturday from McLean, Texas, where she had been visiting her parents, Mr. and Mrs. W. J. Bridge for some ten days.

Sheriff Louis Cartwright was a business visitor in the city Monday.

Mrs. G. C. Conwell of Goree was shopping in town Saturday.

known as Section 9-A, which shall read as follows:

"Section 9-A. Upon the vote of a majority of the resident qualified electors owning rendered taxable property therein so authorizing, the Commissioners Court of Red River County, Texas, may levy an annual tax not to exceed Twenty-five (25) Cents on the one hundred dollars valuation for a period not to exceed fifteen (15) years for the purpose of refunding all the outstanding indebtedness of the General Fund of such County and issue bonds under the provisions of the General Law regulating the issuance of bonds to refund said indebtedness.

"At such election, the Commissioners Court shall submit for adoption the proposition of whether such outstanding warrant indebtedness of the General Fund of such County shall be refunded into the years said tax is to be levied. The funds raised by such taxes shall not be used for purposes other than those specified in the plan submitted to the voters.

"The provisions of this Section 9-A shall apply only to Red River County; and the provisions hereof shall be self-enacting without the necessity of an enabling act of the Legislature of the State of Texas, but shall become effective immediately after the official canvass of the result has been made and it is determined that this Amendment has been adopted by a majority of the voters of the State."

Sec. 2. The foregoing Amendment to the Constitution of the State of Texas shall be submitted to the qualified voters of the State on the first Tuesday following the first Monday in November, 1940, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words: "FOR THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS AUTHORIZING THE LEGISLATURE TO PROVIDE FOR APPEALS DIRECT TO THE SUPREME COURT IN INSTANCES INVOLVING THE CONSTITUTIONALITY OF CERTAIN LAWS AND ORDERS."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of said publication and election.

S. J. R. No. 6  
A JOINT RESOLUTION  
proposing an amendment to the Constitution of the State of Texas amending Section 26 of Article IV so as to provide that Notaries Public be appointed by the Secretary of State of the State of Texas; providing for the submission of this amendment to the voters of this State; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be and the same is hereby amended by adding thereto a new Section to Article 16 to be known as Section 30b which shall read as follows:

"Section 30b. Wherever by virtue of Statute or charter provisions appointive officers of any municipality are placed under the terms and provisions of Civil Service and rules are set up governing appointment and removal from such offices, the provisions of Article 16, Section 30, of the Texas Constitution limiting the duration of all offices not fixed by the Constitution to two (2) years shall not apply, but the duration of such offices shall be governed by the provisions of the Civil Service law or charter provisions applicable thereto."

Those voters opposing said Amendment shall write or have printed on their ballots the words: "Against the Amendment to the State Constitution providing that Article 16, Section 30, of the Constitution shall not apply to appointive offices of any municipality placed under the terms and provisions of Civil Service."

If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment the same shall become a part of the State Constitution.

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published, as required by the Constitution for amendments thereto.

Section 4. The sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 26 of Article IV of the Constitution of the State of Texas be amended so that the same will hereafter read as follows:

"Section 26. (a) The Secretary of State shall appoint a convenient number of Notaries Public for each county who shall perform such duties as now are or may be prescribed by law. The qualifications of Notaries Public shall be prescribed by law.

(b) Nothing herein shall affect the terms of office of Notaries Public who have qualified for the present term prior to the taking effect of this amendment.

(c) Should the Legislature enact an enabling law hereto in anticipation of the adoption of this amendment, such a law shall not be invalidated by reason of its anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the 5th day of November, 1940, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words:

"FOR AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS PROVIDING THAT NOTARIES PUBLIC BE APPOINTED BY THE SECRETARY OF STATE OF THE STATE OF TEXAS."

and those opposed shall write or have printed on their ballots the words:

"AGAINST THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS PROVIDING THAT NOTARIES PUBLIC BE APPOINTED BY THE SECRETARY OF STATE OF THE STATE OF TEXAS."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Section 4. The sum of Ten Thousand (\$10,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

known as Section 9-A, which shall read as follows:

"Section 9-A. Upon the vote of a majority of the resident qualified electors owning rendered taxable property therein so authorizing, the Commissioners Court of Red River County, Texas, may levy an annual tax not to exceed Twenty-five (25) Cents on the one hundred dollars valuation for a period not to exceed fifteen (15) years for the purpose of refunding all the outstanding indebtedness of the General Fund of such County and issue bonds under the provisions of the General Law regulating the issuance of bonds to refund said indebtedness.

"At such election, the Commissioners Court shall submit for adoption the proposition of whether such outstanding warrant indebtedness of the General Fund of such County shall be refunded into the years said tax is to be levied. The funds raised by such taxes shall not be used for purposes other than those specified in the plan submitted to the voters.

"The provisions of this Section 9-A shall apply only to Red River County; and the provisions hereof shall be self-enacting without the necessity of an enabling act of the Legislature of the State of Texas, but shall become effective immediately after the official canvass of the result has been made and it is determined that this Amendment has been adopted by a majority of the voters of the State."

Sec. 2. The foregoing Amendment to the Constitution of the State of Texas shall be submitted to the qualified voters of the State on the first Tuesday following the first Monday in November, 1940, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words: "FOR THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS AUTHORIZING THE LEGISLATURE TO PROVIDE FOR APPEALS DIRECT TO THE SUPREME COURT IN INSTANCES INVOLVING THE CONSTITUTIONALITY OF CERTAIN LAWS AND ORDERS."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of said publication and election.

S. J. R. No. 6  
A JOINT RESOLUTION  
proposing an amendment to the Constitution of the State of Texas amending Section 26 of Article IV so as to provide that Notaries Public be appointed by the Secretary of State of the State of Texas; providing for the submission of this amendment to the voters of this State; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be and the same is hereby amended by adding thereto a new Section to Article 16 to be known as Section 30b which shall read as follows:

"Section 30b. Wherever by virtue of Statute or charter provisions appointive officers of any municipality are placed under the terms and provisions of Civil Service and rules are set up governing appointment and removal from such offices, the provisions of Article 16, Section 30, of the Texas Constitution limiting the duration of all offices not fixed by the Constitution to two (2) years shall not apply, but the duration of such offices shall be governed by the provisions of the Civil Service law or charter provisions applicable thereto."

Those voters opposing said Amendment shall write or have printed on their ballots the words: "Against the Amendment to the State Constitution providing that Article 16, Section 30, of the Constitution shall not apply to appointive offices of any municipality placed under the terms and provisions of Civil Service."

If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment the same shall become a part of the State Constitution.

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published, as required by the Constitution for amendments thereto.

Section 4. The sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 26 of Article IV of the Constitution of the State of Texas be amended so that the same will hereafter read as follows:

"Section 26. (a) The Secretary of State shall appoint a convenient number of Notaries Public for each county who shall perform such duties as now are or may be prescribed by law. The qualifications of Notaries Public shall be prescribed by law.

(b) Nothing herein shall affect the terms of office of Notaries Public who have qualified for the present term prior to the taking effect of this amendment.

(c) Should the Legislature enact an enabling law hereto in anticipation of the adoption of this amendment, such a law shall not be invalidated by reason of its anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the 5th day of November, 1940, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words:

"FOR AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS PROVIDING THAT NOTARIES PUBLIC BE APPOINTED BY THE SECRETARY OF STATE OF THE STATE OF TEXAS."

and those opposed shall write or have printed on their ballots the words:

"AGAINST THE AMENDMENT TO THE CONSTITUTION OF THE STATE OF TEXAS PROVIDING THAT NOTARIES PUBLIC BE APPOINTED BY THE SECRETARY OF STATE OF THE STATE OF TEXAS."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Section 4. The sum of Ten Thousand (\$10,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

I GIVE YOU TEXAS

By Boyce House

Election echo: A candidate for sheriff, who received only 60 votes out of 1,000, showed up next morning with a six-shooter on each hip.

"What are you doing wearing those guns?" somebody asked. "You weren't elected."

"I know it but I figured that a man who had no more friends in this county than I have had better be ready to protect himself," the ex-candidate said.

So now it's Congressman Clifford Davis.

Not long ago, in Memphis, Tenn., an old schoolmate and debating comrade-at-arms of Central High School days was elected to the National House of Representatives. He was one of J. L. Highaw's "boys" (as our debating coach called all his proteges) and was president of the June, 1916 class, graduating four months after the class of which this commentator was president.

Cliff always was a spell-binder, which is not difficult to understand when you learn that he was born in Mississippi, where lipping infants declaim—Mississippi, the home of L. Q. C. Lamar, Jefferson Davis, James K. Vardman, John Sharp Williams and "Private" John Allen. Even the incomparable Sergeant S. Prentiss had to leave the bleak shores of his native Maine and tie himself to Mississippi before he could unleash his oratorical powers.

Old Cliff may be in Congress now and his old schoolmate is just a typewriter pounder but let him admit who it was, on behalf of the Philomathean Society, that prevented the wily Websterians from

palming off the short end of a debating subject on us—said maneuver being led on behalf of the Websterians by George Dickens Riley, now a staid editorial writer for a bid daily in the Ole South. (It was the insistence of Riley on all three of his names being used that caused us to refer to him as George Dickens Higgins Wiggins Wentworth Riley—but that is another story.)

The lofty language and the resonant voice of young Davis once caused a speaker on the other side to say, "We are opposed by two good debaters and an Edison phonograph"—but that was only the futile shot of one outmatched. And Congressman Davis may have some warm arguments on the floor of Congress but he'll never have a more epic debate than the one in which he, Sterling Tracy and your columnist successfully upheld the colors of Central High against Little Rock High in the latter's own auditorium with three Little Rock men as the judges.

President of the newly-formed Texas Wheat Improvement Association is Jack P. Burrus of Dallas, head of the Tex-O-Kan Flour Mills Company, owner of numerous elevators and mills and third-generation member of a family prominently identified with milling. Frederick T. Dines of Oklahoma A. and M., who directed the Oklahoma wheat improvement program with success, will be director of the Texas association to improve the yield and quality of the Texas grain and headquarters will be in Amarillo.

"Boom Town," the Metro-Goldwyn-Mayer picture on which this columnist spent last winter in Hollywood as technical director, will be released this month. Based on the romance of oil, the Sam Zimbalist-produced and Jack Conway-directed film stars Spencer Tracy, Clark Gable, Hedy Lamarr and Claudette Colbert. Hope you will like "Boom Town."

Will the flood of jokes never cease? Here our contest has been running for a year and a half, yet we haven't given these: Am I hungry? Why, it's been so long since I've eaten that my stomach thinks my throat's cut. And my shoe soles are so thin, I can stand on a dime and tell if it's heads or tails. I've heard that the first million is the hardest, so I'm working on my second million now. Can he drive? He can turn a car on a dime and give you back six cents change.

A city man who had hired out to work on the farm, when awakened at 3 a.m. to dig potatoes asked, "Are they wild." When the farmer said, "No," the new hand wanted to know, "Then why do we have to slip up on them in the dark?" Mrs. J. R. Reeves and Edith Reeves of Weinert were shopping in town Tuesday.

Mrs. W. F. McGuire of Vera was here Tuesday, attending to business matters.

People, Spots In The News

RAN OUT OF LAND . . . Chester J. Decker, Glen Rock, N. J., was forced to stop at Captree State Park, in Long Island, to keep from being carried out to sea in his glider after he had flown 230 miles from Elmira, N. Y., in national soaring contests.

LATIN TRADE TIP . . . Irving Tow, Argentine retailer, back in U. S. after 20 years, considers chain store distribution vital to trade between American nations and says North American firms—"if clever"—can outsmart axis traders in South America.

WHISTLE! PICTURE . . . Philip, 10-month-old son of Mr. and Mrs. M. C. Garwood, La Mesa, Cal., pucks up to do bit of whistling. While he can't get off any long tunes as yet Philip really can whistle which is quite an accomplishment for a young man his age.

Heavy Highway Travel Helps In Tire Sales Gain

Few Drivers Want to Take Risk With Thin Casings on Crowded Summer Roads

"When a motorist tries to squeeze the last penny's worth of mileage out of worn-out tires he's taking big chances and why should he take any risks when, during our special mid-summer sale, he can obtain new tires at rockbottom figures—prices that certainly are unusually attractive? Besides, it matters not whether the motorist has the ready cash, because we'll sell him Goodyears, mount them on his car and he can pay for them on easy installments as he rides," said J. E. Reeves, local Goodyear dealer.

"Our ten-day special bargain sale starts July 24 and ends August 3. We have an unusually large assortment of sizes of all types of tires, so no customer need be disappointed."

"A wonderful buy is the All-American, which was introduced only a short time ago and has been selling like hot cakes ever since. Just think of it—only \$5.15 for the 4.75-50-15 and other sizes in proportion. And the famous Marathon only \$8.55 for the 6.00-16. "Another thing, during this sale we have put the price of the Life-Guards, that tire within a tire, which is packed with safety for the motorist, down to the lowest figure we have ever quoted. "This at the season of the year

when the highways are pretty well choked with cars—people on vacation tours, driving to the lakes, the seashore, the mountains or perhaps to one or both of the World's Fairs. Motorists should take no chances with thin tires. Why should they, when the best for the money in tires can be obtained, along with credit terms if desired? There is not a reason under the sun why a car owner should not discard his worn-out tires now and replace them with dependable Goodyears. And when we put on tires we give the rims a thorough cleaning, removing all foreign substances which might injure tires. We see, too, that the tires are inflated to the proper pressure and we change them from one wheel to another, if advisable, so the user will get the most safe miles possible. We make no charge for this extra service."

Lewis Williams Says "Thank You"

To The Voters of Knox County: I wish to take this opportunity to thank those of you who supported me in the July Primary for District Judge.

To my many loyal friends who worked so hard and so earnestly, I'll always love you, may God bless and prosper you, I will always strive to live up to the standard you set for me when you so ardently plead with others to support me. "I from the very depths of my heart I thank my home County for their splendid cooperation and help, for without it I could never have been successful. Sincerely yours, Lewis M. Williams

U. S. Marines Are On Guard In Tropical Isle

Far across the Pacific is a tiny tropical island where approximately 600 Americans are living, yet it is virtually unknown. It is remote from the routes usually followed by tourists and, apart from the natives, nearly all of the white inhabitants are attached to the naval service.

The name of this little-known island in Guam. It is about 30 miles long and from 4 to 8 miles wide and has been owned by Uncle Sam since the Spanish-American War. Thousands of U. S. Marines have served there for varying periods, and despite its isolation the island is an important outpost of the Pacific.

Guam's chief value to our government is as a naval base, although it is entirely unfortified. Its population, including the naval establishment, is almost 20,000 and has increased rapidly in recent years.

"Most of the U. S. Marines who go there expect a Robinson Crusoe existence," says Sergeant William H. Greene, in charge of the Marine Corps recruiting station, 341 U. S. Courthouse Building, 10th and Lamar Streets, Fort Worth, Texas. "They are surprised to learn that Guam is quite up-to-date, with compulsory education, a hospital, several churches and many of the conveniences of the mainland."

The easy-going natives are called Chamorros, of Malay, Filipino or Spanish ancestry, the latter racial mixture being due to Spanish pioneers who settled there in the 17th century. The are engaged chiefly in the cultivation of coconuts, the dried kernels of which are called copra. From copra a valuable oil is obtained, used in making soap, hair oil, cosmetics and other preparations.

Apart from safeguarding government property and providing the personnel for an insular patrol, the Marines go in for such pastimes as swimming, tennis, golf and baseball. Visiting Army and Navy transports and a radio and cable station keep the island in touch with the outside world.

Mrs. Sidney Johnston of Goree was shopping in town Saturday.

Mrs. Bud Speck of Weinert, route one, was a visitor in town Saturday.

Mrs. Everett Barger of route two, Goree, was shopping here Saturday.

Mrs. George Nix of Goree was shopping in town last Saturday.

Mrs. Ralph Blanton and son, Ralph, Jr., of Stamford visited relatives here several days last week.

G. E. Eiland, Jr., returned home last Sunday from his vacation, which he spent in Oregon and California, where he attended the San Francisco world's fair.

I Am Exceedingly Grateful J. C. PATTERSON

Buster Tolson Thanks Voters

To The Voters of Knox County: I wish to take this opportunity of thanking you for the splendid support you gave me in the first primary.

Although defeated, I feel that my efforts were not in vain. It has been a pleasure meeting and getting acquainted with each of you.

Sometimes we wonder why we have our misfortunes and set-backs in the walks of life, but we have some consolation in knowing that there is a greater power that rules this universe, and things are done for the best. Yours respectfully, J. P. (Buster) Tolson

Mrs. C. C. Draper of Dallas visited friends and relatives in town several days last week.

Billy Sams of Benjamin was a visitor in town Wednesday.

Mrs. Bill King of Weinert was shopping in town Saturday.

Jerry Kane, who is attending Texas Tech at Lubbock, visited his parents at Weinert over the week end.

Mrs. E. C. Neuse and Billie Jean of Weinert were visitors in town Saturday.

Mrs. Allie Moorhouse and Mrs. Frank Moorhouse of Benjamin were business visitors here Saturday.

Mrs. H. C. Spikes and Louise Spikes of Benjamin were visitors in town Saturday.

Mrs. E. N. Miller of Goree was shopping in town Saturday.

Mrs. J. A. Dodson and Wand Dodson of Weinert were visitors here Saturday.

Mrs. Billie Hutchens of Knox City was a business visitor here Tuesday.

HERE FROM AUSTIN Mr. and Mrs. E. A. Sims and Mrs. C. S. Heacock, Jr., of Austin spent the week end here visiting the latter's parents, Judge and Mrs. J. S. Kendall.

The Poorest Place to Tell a Lie!

IT has been said by some of our radical reformers that advertising misleads the public.

Such accusations fall under their own weight.

The poorest place in the world to attempt a lie is in the advertising columns of American newspapers and magazines, and in American radio programs.

In the first place, our publishers and broadcasting companies wouldn't carry dishonest advertising. They outlawed it long ago.

In the second place, such efforts to mislead would be conducted in full view of the public and of the officials empowered to apply fraud laws.

In the third place, dishonest advertising is as inefficient as dirty football. It does not pay.

Informed people have lost interest in the advertising-baiting books and speeches of the radical self-appointed reformers since one after another of them has figured prominently before the House Special Committee on un-American Activities.

### Munday Cards Stop Benjamin By 18-5 Count

The Munday Cardinals hit their stride for the first time since the Wichita Falls tournament last Sunday afternoon by downing Benjamin by a score of 18 to 5.

The Cards collected 25 hits from two Benjamin pitchers, while Strickland held the opponents to six hits. Strickland and J. King led the hitting, with four hits each. They were followed by B. King and Cooper with three safeties. Rayburn drove in four runs with a double and a single. The Cards were playing without three of their starters, Pete Reid, and the Taylor brothers.

Munday is one game behind the league leaders, the Red Raiders of Rhineland, but they have five games in which to catch up.

The Munday boys will meet Vera next Sunday at Munday. They also plan to enter another tournament at Wichita Falls next week.

### Sams Expresses Thanks to Voters

To The Voters of Knox County:  
I wish to take this opportunity of expressing my sincere thanks for the splendid vote accorded me in last Saturday's primary. Returning me to the office of Tax Assessor and Collector makes me believe you are satisfied with the manner in which I have served you in the past.

I appreciate each and every vote; I hold no ill will toward those who did not see fit to vote for me, and I shall do my best to conduct the affairs of this office in a manner that will merit your continued confidence.

Sincerely,  
E. B. SAMS

### Lewis Floyd Says Thanks to Voters

I take this means of expressing my thanks to the voters of Precinct 6 for returning me to the office of constable for another term.

Your vote is sincerely appreciated, and I shall do my best to merit your confidence by making you the best officer possible.

Sincerely,  
LEWIS FLOYD

**RETURN TO DALLAS**  
Mrs. Allen Seale and little daughter returned to Dallas the latter part of last week after two weeks visit here with Mrs. Seale's parents, Mr. and Mrs. C. R. Parker.

Ronald and Donald Horne of Oklahoma City are visiting their grandparents, Mr. and Mrs. Tom Phillips, this week.

### Vera Loses To Rhineland In Sunday's Game

With their 16 to 9 victory over Vera Sunday, Rhineland not only made its four straight; but stretched off of Vera flinging this season. This only goes to show that as far as actual play was concerned the Raiders had little difficulty in subduing them; however, they were compelled to battle every foot of the way to overcome tactics employed by Vera, which were prompted by lack of ability.

Featuring the assault on Vera pitching were Shorty Kuehler and Montgomery, with three safeties each.

Fans are invited to Rhineland next Sunday to witness a real battle between Rhineland and Goree. This game, many believe, will decide the potential winner of the second half. Goree will be struggling to cause a play-off while

the Raiders are determined there shall not be one. Regardless of the outcome, a real test lies in store for those in attendance.

### Deadline For Cotton Classing Being Extended

College Station.—Extension of the time limit for filing applications for free classification of 1940 cotton for that part of Texas east of the 100th Meridian and from August 15 to August 25 for the remainder of the state has been announced.

The 100th Meridian runs roughly from the eastern edge of the Panhandle south to the west line of Maverick county.

The August 25 date will thus apply to the South Plains cotton area.

Under the Smith-Doxey Act, free classification of cotton and free marketing news service are offered to organized cotton improvement groups.

Applications for the service are received by county agricultural agents and forwarded to either the Dallas, Austin, or El Paso office of the United States Department of Agricultural Marketing Service.

### Soloman Goes Back As Precinct 4 Commissioner

G. W. Soloman, present commissioner of Precinct Three, which includes the voting boxes of Gilliland and Truscott, was returned to the office in the election last Saturday. He defeated his opponent, Onie Welch, 61 votes.

The vote by boxes: Truscott, Welch, 45; Soloman, 148. Gilliland, Welch 111, Soloman 69.

M. J. Gass of Goree was a business visitor here the first of the week.

### Cattle Prices Remain High At Auction Sale

The Munday Livestock Commission Co. reports a good run of cattle for the sale Tuesday and a lighter run of hogs than usual.

The cattle market has been comparatively lower for the last 30 days on all classes of cattle. The in-between kind show the greatest decline and good cattle show only a slight decline. Both cattle and hogs sold well in line with the major markets.

Some of the prices paid: Good butcher bulls, \$50 to \$75; good fat cows, \$37.50 to \$50; good butcher cows, \$37.50 to \$50; good fat light calves, \$28 to \$35; good fat heavy calves, \$35 to \$50; some good stocker steer calves sold around \$40; plain yearlings, \$37.50 to \$42.50; raggy calves, \$12 to \$20.

The list of sellers included: C. P. Baker, Ralph Weeks, Fred Broach, C. R. Elliott, T. J. Gaines, P. C. Mansker, J. F. Hallmark, Bill Mitchell, J. F. Hendrix, H. M. Wood, G. E. Boone, Roe Meyers, W.
