COTTON PICKING IS UNDER WAY IN COUNTY

Moguls Will Meet Roscoe Team Friday Night

Opening Game Is At Scruggs Field

Boasting three all-district lettermen from last years team the powerful Munday Moguls will meet an aggressive team of Roscoe Plowboys here on Scruggs Field under lights Friday night.

Football fans of Munday are hoping for victory in this game especially so since the last game played against Roscoe about a decade ago resulted in a 9 to 7 defeat for the locals.

Coach Mack Alexander has seven lettermen back who have faced the stiff opposition offered by district 6A. Munday's coach, Mr. Billy Cooper, and his new assistant coach, Joe T. Hext, have more than a dozen lettermen back.

All indications point to a polished game even though it be at the beginning of the season say the experienced football fans who have been watching the workouts of the Munday Moguls.

Men to watch on the Roscoe crew are L. B. Smith, elusive backfield man; and in the line Bill Hopkins, at tackle, is expected to show up well.

Hard driving and slippery Forest Yancy who together with his teammates faced tough opposition in district 10A last season will be a standout player for Coach Cooper. Two guards, Troy Denham, weighing 165 pounds, and A. B. Kitchens, tipping the beam at 180, are two other all-district performers for this Knox county team. Heaviest man on the squad is William Walton, captain. Despite his weight Walton is a speedy tackle and runners find it difficult to elude his grasp.

Complete roster of the Munday squad is as follows:

Forest Yancy, left half, co-captain, 172; Clayton Stevens, quarter, letterman, 180; Ray Moore, full, 165; Lee Patterson, right half, letterman, 149; Delmar Cadwell, right half, squadman, 168; Joe Clough, right half, squadman, 158; Bob Barton, left half, letterman, 150; Clyde Hendrix, full, letterman, 135; Raymond Carden, quarter, letterman, 126; Ralph Tidwell, left end, letterman, 160; Troy Denham, left guard, letterman, 165; Judge Stevens, center, letterman, 163; A. B. Kitchens, right guard, letterman (2), 180; William Walton, right tackle, letterman (2), 218, captain; Joe McGraw, left tackle, letterman, 190; Joe Morrow, right end, letterman, 180; Tony Denham, right end, squadman, 150; Frank Nance, right tackle, squadman, 150; Milton Kitchens, left tackle, squadman, 150; O. V. Milstead, left guard, squadman, 151; Weldon Higginbotham, center, letterman, 151. Kitchens, Yancy and Denham were chosen for the all-district team last year.

W. R. Holcomb Is New Superintendent Munday Compress

W. R. Holcomb was transferred here last week, and has assumed his duties as superintendent of the Munday Compress Co.

Mr. Holcomb comes here from Colorado City, where he has been for some time. He has been connected with the compress company for a number of years. He is fully experienced, and comes highly recommended by his friends of Colorado City.

Mr. Holcomb will be in charge of the local compress during the 1940 season.

Star For Cotton

Mary Nell Porter, Memphis debutante who recently completed a 12,000-mile tour of the United States promoting cotton fashions as the National Cotton Council's 1940 Maid of Cotton, listens to advice from Hollywood director Cecil B. DeMille about starring in the movies. Miss Porter in August will join a Paramount company on location to take part in the new film "Virginia." During her visit to Hollywood the Maid of Cotton took part in Mr. DeMille's "Theater of the Air."

35 Enrolled In Second Grade

Second graders in Munday Grammar School have begun work in earnest with 35 enrolled, and Miss Dorothy Crawford as teacher.

Peggy Joyce Newson of Grand Forks, North Dakota is visiting her cousin Jean. Arlene Zeissel visited her grandmother in Wichita Falls last Sunday. Junior Howeth visited his aunt in Rochester last week-end. Kenneth Stubblefield went to Shamrock Sunday.

A few of the things do during their leisure time are listed by them as follows: Garon Tidwell walked a mile in one hour Sunday. Betty Conwell helped her mother shell peas. Billy Joe Cadwell played ball and fifteen of the class attended church last Sunday.

Choral Club Has 76 Girls Enrolled

Seventy-six girls in the high school have enrolled in the choral club in first week of practice according to Miss Hylan Holloway, director.

Songs the girls have practiced are: "God Bless America," "Kentucky Babe" and "Glow Worm."

Patsy Hannah has been selected as accompanist for the group. Officers elected by the club are: Polly Silman, president; Johnny Hendrix, vice-president; Evelyn McGraw, secretary; and Bonnie Jones, reporter.

Fireboys Ask Merchants Aid In Preventing Fires

Members of the Munday Volunteer Fire Department are this week asking all merchants of Munday to cooperate with them in reducing fire hazards in Munday during the fall and winter months. The fireboys made the following statement: "Fall is here, and during this time of year we have a lot of fire hazards. The Munday Fire Department urges each business house to burn trash in wire cages or metal containers of some kind as a means of reducing these hazards. Your cooperation will be greatly appreciated."

SCHOOL PEP SQUAD BEGINS PRACTICE

Pep squad girls under the direction of Miss Moody, Mrs. Cooper and Miss Holloway have been practicing for the first football game, having organized last Tuesday. Although extensive plans have not been made for the first game of the season the sponsors and group are working on several stunts.

Knox County Hospital Notes

Patients in the hospital this week include: Mrs. W. C. Goodrich and baby son, Knox City; Mrs. E. S. Allen, Vera; Clarence Webb, Rochester; Mrs. L. C. Vance, Gore; Billy Charles Whittaker, Woodson; Mrs. W. C. Tanner, Rule; A. H. Jungman, Knox City; Mrs. Chas. Winchester, Rochester; Mrs. G. L. Pruitt, Munday; Mrs. Burris Teaff, and baby son, Knox City; Mrs. A. B. Patton, Weimert; Mrs. W. J. Easter, Munday; Bonita Russell, Seymour.

Patients dismissed were: Mrs. B. O. Bales, Knox City; Mrs. H. L. Hobbs, Knox City; Lizzie Lewis, (colored) Aspermont; Mrs. J. C. Reasley, Jr., Knox City; Mrs. P. K. Shawyer, Seymour; Miss Evelyn Headrick, Benjamin; Mrs. W. A. Wimberley, and baby daughter, Knox City; Mrs. Oris Lambeth and baby daughter, Gore; Mrs. Odie Karr and baby daughter Knox City.

BIRTHS

Born to Mr. and Mrs. W. A. Wimberley, Knox City, a daughter.

Mr. and Mrs. Oris Lambeth, of Gore, a daughter.

Mr. and Mrs. Odie Karr, Knox City, a daughter.

Mr. and Mrs. Burris Teaff, Knox City, a son.

Walter Phillips Is Now Employed At Baker-McCarty

Mr. and Mrs. Walter Phillips and little son, Walter, Jr., came in last Sunday from Levelland and will make their home here. Mr. Phillips is employed at the Baker-McCarty dry goods store, beginning work there Monday morning.

Mr. Phillips has had many years of experience in dry goods merchandising, and comes to the local store very highly recommended.

He is experienced both as a salesman and in management of stores.

Phillips invites the public to come in and get acquainted, stating that he is anxious to meet Knox county people and serve them whenever he can.

R. L. MYERS HOME NOW UNDER CONSTRUCTION

Construction was started last Monday on the new home of Mr. and Mrs. R. L. Myers, who reside four miles west of Munday. The old home has been torn away and will be replaced by the new one.

The new home will be a modern five-room bungalow type of residence. Work will be rushed to completion, and it is expected the home will be ready for occupancy within the next few weeks.

Jury List For October Court Is Announced

Lee Coffman, district clerk, this week announced the list of both petit and grand jurors who will serve during the October term of district court.

Court will convene in Benjamin on Monday, October 7th, with Judge Isaac O. Newton on the bench. The grand jury will be empaneled on that date. The list of jurors is as follows:

Grand Jury: Oda Claburn, Elmer J. Horne, Walter Hertel, C. E. Haskin, Fred Glover, J. M. Cash, John Ed Jones, Minor Coffman, Lester Hickman, U. H. Lea, Ben B. Hunt, H. A. Sullins, Clyde Bullion, E. G. Parkhill, John W. Goode, and Ed Whittemore.

The list of petit jurors to appear for the second week of court on October 14, are: T. E. Robbins, T. E. Albright, F. E. McBeath, J. D. Redwine, E. E. Hamilton, S. A. Hayes, Hugh Eubanks, J. R. Spivey, F. D. Reeves, T. W. Hardin, Herman Eggenbacher, J. C. Stetton, Carl Schumacher, J. C. Borden, Carl Jungman, Bernice Lay, J. T. Murdock, J. O. Warren, S. B. Campsey, G. S. Beavers, J. P. Hester, Carl Chafin, J. C. Morgan, Joe Everitt, Tom Ferguson, R. F. Richards, J. C. Rice, Will Herring, Lee Snailum, Ira L. Stakeup, J. E. Frost, J. V. Jones, L. W. Graham, H. C. Decker, B. L. Lowrey and Guinn Hickman.

Petit jurors to appear on October 21 for the third week of court are: H. M. Warren, Barney Arnold, Earl Watson, S. F. Farmer, Collins Moorhouse, D. E. Holder, A. B. Lowrey, G. R. Eiland, S. E. Park, T. H. Russell, Bruce McCann, Joe Redder, J. M. Ashcroft, Dewey Darden, Clay F. Grove, J. E. Cure, W. H. Freeman, O. C. Parker, Howard Barnett, E. E. Shaver, John Bates, J. H. Walker, C. P. Baker, J. C. Elliott, J. I. Welch, J. Bohannon, H. T. Melton, Joe Voss, J. O. Hamm, Ernest Kinnebrugh, John C. Spann, J. A. Kilgore, Cecil Haynie, Buster Coffman, T. J. Partridge, and H. M. Black.

Dr. and Mrs. J. B. Renuau of Paducah visited relatives and friends here last Sunday.

1952 Candidate For Governor

A brilliant young man with aspirations all his own was a caller at the Times office last Friday. The young man is George Theriot of San Antonio, who says he's going to be governor in 1952.

Theriot, who name is pronounced "Terio," said he first started saying he'd be governor of Texas in 1952 some seven years ago. Today, because of his ambition, which some call far-fetched, he has received publicity in many newspapers and magazines.

A magazine salesman, Theriot has visited practically every town in Texas, some of them four and five times, and is well known to many people.

"How come you ever get such an idea?" he was asked.

"Well," he said, "you know how kids always want to be a cowboy, an engineer or something like that. I got this idea back in 1933, decided I wanted to be governor of Texas in 1952. A man can do pretty nearly what he sets his head to do, and that's what I'm going to do. Nobody can outwork me, and I'm working for the realization of this ambition."

Theriot, who begins his study of law this year, said he would be a candidate for representative in 1942. "I don't know what I'll do in the meantime," he said, "but I know definitely what I'll do in 1942 and 1952—representative in 1942; governor in 1952."

Goree Team Downs Rhineland To Win County Softball Championship

Mrs. S. F. Farmer Is Selected as New Goree Postmaster

Mrs. S. F. Farmer of Goree has been appointed acting postmaster there, according to an announcement made this week by Postmaster General Walker. Mrs. Farmer's appointment becomes effective on Monday, September 16.

She succeeds S. G. Hampton, who recently resigned to accept appointment as carrier on rural route No. 1 out of the Goree office. Mrs. Farmer is well known in the Goree section, and is being complemented upon her appointment.

Ledbetter Opens News Stand Here

J. C. (Runt) Ledbetter, well known Knox county man, is opening a news stand in Munday. The place of business will open next Saturday, located first door north of Dr. Smith's office.

Ledbetter says he will handle newspapers and many of the best sellers in magazines. In addition, he will handle a supply of mops, brooms and bath mats. These are articles which he makes himself.

Runt solicits the patronage of everyone in the Munday trade area, assuring you that the business given him will be greatly appreciated.

Mrs. J. F. Bolander of San Angelo is visiting friends here this week. She is a former resident of Munday.

Behind the magnificent all-around play of their star moundman, D. Ratliff, Goree made it two straight over an unfortunate little band of Red Raiders from Rhineland last Sunday to become champions of the Knox county softball league by the decisive score of 13 to 4.

Proceeding almost at will, Goree quickly routed Decker, the starting hurler, who might have fared better with good support. Goree continued their heavy bombardment of Montgomery, Decker's successor. It was soon apparent that Goree was on the road to victory. At no time did the Raiders, who it seemed could never get going, seriously threatened; their morale broken, they were entirely inadequate to overcome the superlative play of the victors.

It was not a one-man show by any means, as Ratliff's mates performed creditably. It must be admitted, however, that it was the phenomenal chomking, hitting and fielding of D. Ratliff which meant the difference between victory and defeat. His clever and brainy play on the hill, which served as inspiration to his teammates, stamped him as one of the great performers in this entire area. For the second consecutive Sunday he was the only player to collect three safeties.

Improving steadily as the season progressed, the Goree lads reached peak form for the series, while for Rhineland it was just the opposite. They were caught in a woolly slump. However, it is the opinion of the writer and the consensus of observers that Goree played far superior ball and deserved to win.

(Continued on Page 8)

Legion Officers Are Installed On Tuesday Night

J. C. Harpham Named Post Commander

New officers of Lowry Post No. 44 of American Legion, who were elected a month ago, were installed at the regular meeting last Tuesday night.

Don M. Ferris, re-elected post commander, resigned at the Tuesday night meeting, and Jimmie Harpham was elected in his stead. Ferris, who explained that he could not devote the proper time to the office, acted as installation officer and gave new officers their oath of office.

Newly elected officers are: J. C. Harpham, commander; Louis Cartwright, first vice commander; Omar Reid, second vice commander; Bert Nichols, adjutant; Jim Reeves, finance officer; Lee Hayes, chaplain; George Hammock, service officer; Clay F. Grove, historian; Kirby Fitzgerald, child welfare chairman, and Shorty Horan, sergeant at arms.

Bert Cerveny, who has just returned from six years' service in the army, made an interesting talk on his stay in China. Other guests were S. Vidal Colley, who made a short talk, and Aaron Edgar.

The birthday feed was served by Ardelle Speice, Gorge Hammock and W. O. Lewis.

High School Classes Elect 1940 Officers

Officers and sponsors were elected Tuesday in the high school. They are: Freshman class, president, Hulen Montgomery; vice-president, Jean Reeves; secretary, Jerry Chamberlain; sponsor, Mr. Cobb.

Sophomore class, president, Troy Denham; vice president, Lowell Cure; secretary, Collene Gray; sponsor, Mr. Cooper; reporter, Betty Golden.

Junior class, president, Ralph Tidwell; vice president, Clayton Stevens; secretary, Dixie Atkeison; sponsors, Miss Moody and Mr. Wright.

Senior class, president, John Broach; vice president, J. E. Reeves; secretary, Flora Belle Ratliff; sponsors, Mr. Hardegree and Miss Holloway; reporter, Hugh Longino.

Weather Report

Weather report for week ending September 11, as recorded and compiled by H. P. Hill, Munday, U. S. Co-Operative Weather Observer.

Rainfall to date this year, 17.45 inches.		
Rainfall to this date last year, 15.11 inches.		
Mean temperature this week, 77.78.		
Mean temperature same period last year, 85.14.		

TIME IS CHANGED FOR ISSUING DRIVERS LICENSES

Sheriff Louis Cartwright announced Tuesday that the time for issuing drivers' licenses at Benjamin has been changed. Hereafter, highway patrolmen will be in Benjamin from 100 to 11 o'clock each Tuesday morning.

They will be in Seymour from 12 to 2 each Tuesday. A substation has been placed at Vernon, and patrolmen Russell and Spear are in charge. They issue licenses at Benjamin and Seymour on Tuesdays and are doing patrol duty in this section.

HERE FROM NORTH DAKOTA Mrs. Bailey Newsom and daughter, Peggy, of North Dakota, are here this week visiting with Mr. and Mrs. Deaton Green and family and Miss Lorene Newsom.

Around 250 Bales Are Ginned Here Ginning Will Be In Full Swing Soon

Cotton picking is getting well under way in the Munday section of Knox county, and a farmer can be seen bringing a bale to the gin at almost any time.

Both the Munday gin systems report that cotton has been coming regularly during the last two or three days, and within ten days they expect to be running at almost full capacity. Better than 250 bales were ginned in Munday up to Thursday noon.

Familiar faces are seen on Munday's streets this week, as cotton pickers are coming in who have made regular trips to this section in the past to help gather Knox county cotton crops. Some of these are from Parker county and other counties in that section of the state.

Prospects now are for the best cotton crop Knox county has experienced in recent years. Although the older bolls have opened, most of the cotton is still fruiting and will continue until frost. All crops are practically void of devastating insects.

A recent estimate of Knox county's crops place ginnings this year at 25,000 bales, as compared to the 16,335 ginned in the county last year.

Cotton Classer Is Located Here Classer Serves Under Variety Program

Mr. N. Woodrow Bragg, government cotton classer, arrived here this week to class 1940 cotton under the one-variety cotton program for Knox and Baylor counties. It is possible Mr. Bragg will class some cotton other than the one-variety.

In response to wires sent Congressman Ed Gossett urging that a classer be placed here under the export program, Mr. Gossett has made the following reply:

"Off and on since I have been in Washington I have taken pleasure in plugging for a better cotton program in that particular area. In 1938, you had the Cotton Export Program which we tried to continue in 1939. In 1939 you had the Cooperative Cotton Market. Some time ago, the Department of Agriculture assured me that this market in Munday would be continued and if possible improved.

"Upon receipt of your wires, I began again to check the Munday situation. I am told that a Mr. Bragg will be in Munday on September 16 to open a Cooperative Market.

"In addition to this, some weeks ago, the Surplus Marketing Administration promised me that they were going to set up a One Variety Cotton Improvement Program in Munday to furnish domestic markets with a better product at a better price. Mr. Henry W. Spielman has been in that section for weeks working on this program. Baylor and Knox counties will be included in one unit with an office at Munday.

"Your section will be one of a few areas in the United States (perhaps half a dozen) to be furnished such a program.

"Since the Cooperative Market is to continue and since the One-Variety Program is to be set up there, we may be unable to secure any other cotton classing office. Of course this isn't exactly what you have sought but its a great more than 99 per cent of the other cotton communities of the country that it works out for the benefit of the farmers of that section and of Munday.

"It will be my pleasure to help to the extent of my ability at all times in the promotion of any new program in which you may be interested."

E. H. Bauman was a visitor in Wichita Falls over the week end. Lawrence Kimsey was a business visitor in Sweetwater several days last week.

What He Does For His Community Lives On and On”

BLITZKRIEG FOR DEFENSE

From the standpoint of destruction, a lot of us surpass actual dive bombers and don't know it. We are unwittingly careless with the destructive forces of fire.

When a citizen sees these daredevils dropping out of the sky with their fleecy parachutes, he will not have to run for shelter.

This country teaches its people to preserve, not to destroy. The fire insurance industry was a pioneer in fire prevention and life saving activity.

FARMERS ALWAYS ON THE JOB

Wars may come and wars may go, but American farmers are always on the job. While business may become frightened and hibernate, producers of food and fiber continue to plant, cultivate and harvest.

The expenditure of more than \$5,000,000,000 in addition to regular appropriations in carrying out the defense program, and additional millions spent by other countries for planes, tanks, arms and munitions, will quickly absorb all available labor in every state in the Union.

DEATH IN MEXICO

A man named Leon Trotsky was murdered in Mexico City the other day. His death teaches no lesson except that those who live by violence usually perish by violence.

Perhaps more than any other individual of our times, Trotsky represented the view that theories of government could be applied wholesale and made to change the economic habits of single countries and then, ultimately of the whole world.

What is the lesson involved? Surely it is this: Theorists invariably feel that if they had their way they could remake society in very short order.

All theorists are not as ruthless and inhuman as was Trotsky. But all are more or less victims of the same poison; all are willing to destroy instead of produce.

Trotsky lived long enough to see the world chaos that his theories achieved. He was probably too sure of his own genius to admit his error.

A Federal judge and a score of lawyers and attendants were routed from a Newark courtroom when a tear-gas bomb exploded in the coat pocket of a lawyer arguing a case.

The morality of an action depends upon the motive from which we act.—Samuel Johnson.

WE REPLACE “TOY WEAPONS”

In National Guard maneuvers currently in progress in the United States, soldiers simulated real warfare with toy weapons made from gaspines and blocks of wood.

These episodes should remind Americans of practical problems that must be realistically faced.

A modern army is only as strong as the war materials it possesses. Only industry can provide the nation with arms. And it faces a tremendous job.

To perform that job most successfully, industry needs public help and public understanding of its problems. The present clamor for raising an army should not obscure the extremely pressing problem of arming our soldiers.

The unequivocal support that industry is giving our national defense program is a matter of fact and record. In connection with it, remembering the picture of real men drilling with toy guns and riding in mythical tanks, we need constant reminders that the manufacturing job is a primary one in American national defense today.

MAKING DEMOCRACY WORK

(From the Story City (Ia.) Herald)
The American people, fully awake to the menace to our institutions, are willing to make any conceivable economic sacrifice in the name of liberty and security.

It is one thing to appropriate billions. It is another thing to translate those billions into airplanes and artillery and fighting ships.

This is the time to make democracy work. America's capacity to produce is limitless—the American genius for achievement has proven itself too often in other crises to be doubted for a single second now.

GOVERNMENT TO NEED TEMPORARY AND PART-TIME CIVILIAN MEDICAL OFFICERS

The expansion of the Army creates a need for about 600 civilian medical officers in various grades for temporary and part-time service. The duties of full-time officers will be to act as doctors of medicine in active practice in hospitals, in dispensaries, and in the field.

The Civil Service Commission in making this announcement calls particular attention to the fact that part-time officers will be able to continue their regular practice. In order that this may be done, appointment to part-time positions will be made of medical officers in the vicinity of the place of duty.

Information concerning these positions may be obtained from the Secretary of the Board of U.S. Civil Service Examiners at any first- or second-class post office, or from the United States Civil Service Commission, Washington, D.C. Physicians are urged to apply at once. This work is of the greatest importance to the success of the National Defense program.

The defense program is beginning to move at last. Big airplane contracts have been placed, along with contracts for powder, tanks and other necessities.

It takes time for American industry to change over to war production after decades in which our security was never threatened. But once it gets going, the experts feel, the results will be astonishing.

In New York a would-be suicide decided to live when he found 25 cents on the street. Aid from an unexpected quarter!

A defeated Chinese general is said to have been deserted by ten of his wives. Which will save a lot of future scraps.

Gold can be beaten into such thin layers that a single ounce will cover 146 square feet.

THESE ARE MY JEWELS

THEY SAY!

“So far as history relates, free enterprise and democracy have grown hand in hand. I do not think we can have the one without the other. I think any effort, therefore, to destroy free enterprise with the profit motive for effort, will be destruction for our democracy.”—A. W. Birdwell, president Austin Teachers College.

“This country and its people are the greatest on earth. We can have anything we have the will to do provided we stop quarreling among ourselves and cooperate fully in the future, working together—all for one and one for all.”—Herbert Stockham, president Stockham Pipe Fitting Company.

“The great emphasis on the consumption of electricity in the home is largely politics, because the number of users in the home is about 24,450,000 and to the ordinary politician that sounds like 24,450,000 votes.”—Charles W. Kellog.

BIG BALES GO BLOOEY

Texas farmers who try to get too much cotton into their bales may be at least partly responsible for damage that shows up later when the bales go through the compress, F. E. Lichte, cotton gin specialist of the Texas A. and M. Extension service, points out.

Tests conducted by the U.S. Department of Agriculture show a larger percentage of air-cut damage in oversized bales than in normal bales.

The way to reduce this damage is to deliver only enough seed cotton to the gin to produce a bale of ginned lint weighing 500 pounds or thereabouts.

“If the tendency towards overweight bales does not stop, it is likely that we will see the trade put a penalty on bales over 550 pounds just as lightweight bales are now penalized,” Lichte said.

Mr. and Mrs. Jess G. Thompson of Vera were visiting friends here last Sunday. Mr. Thompson is superintendent of the Vera school.

Gems Of Thought

It is motive alone that gives character to the actions of men.—Bruyere.
He that does good for good's sake, seeks neither praise nor reward, but is sure of both in the end.—William Penn.

Right motives give opinions to thought, and strength and freedom to speech and action.—Mary Baker Eddy.

In the works of man as in those of nature it is the intention which is chiefly worth studying.—Goethe.

The measure of a man's real character is what he would do if he knew he would never be found out.—Macaulay.

THE WPA LUNCH ROOM IN OUR SCHOOLS

Considerable interest has been shown during the past two weeks in the proposed hot lunch room to be established in the Munday schools. At this stage of the work it is likely that the lunch room will be established—but not without approximately \$300 in expenditures.

The school board, the Chamber of Commerce, the Parent-Teacher Association, and the Munday Lions Club are uniting in an effort to get this project established.

In addition to feeding the children, the lunch room will employ a number of workers, who are paid under the government's WPA employment setup. The government also furnishes a big portion of the foods used, and it is necessary for the sponsors only to supplement that so furnished.

The Correct Change, Always . . .

... WHEN YOU PAY BY CHECK
The convenience of a checking account is pretty well known. But the fact that paying by check is really considered economical is not so well known. You will be interested in knowing the details of this service. We will be glad to explain it to you.

The First National Bank in Munday

Member Depositors' Insurance Corporation

It has been pointed out that this project would be a considerable relief to Knox county, in that it will give employment to those needing work. It is understood the sewing room project will be continued, but workers in the sewing room will receive their full pay from the WPA funds.

As stated before, these are secondary benefits, the primary benefits being the feeding of children who are in need of a balanced diet. Those who have made a study of school work of underprivileged and undernourished children, state that marked improvements are made in their school work when they are given a proper diet.

Some \$300 is needed to up the project into operation and it is likely that a good portion of this will be raised by subscription. Give the project careful thought, and determine if you think it is worthwhile. Sponsoring organizations will soon start a campaign for funds to start this project.

WEEVILS AT WORK

College Station—Weevils are working overtime these days.

To help offset some of their damage to peas and beans which have been or shortly will be harvested on most Texas farms, Cameron Siddall, entomologist for the A. and M. College Extension Service, has some suggestions to make.

First of all, the safest way to keep beans or peas which are to be used as seed is to shell or thresh them and treat them with carbon disulphide, then store them in half-gallon jars, gallon syrup buckets, or 25 pound lard cans. Carbon disulphide can be used in the following proportions: one-fourth teaspoonful per half-gallon jar; one-half teaspoonful for a gallon syrup bucket; five teaspoonfuls for a 25-pound lard can; and one ounce for a 50 gallon drum.

The peas or beans should be placed in a jar, bucket, or can. Then a small saucer or jar top containing the carbon disulphide solution should be placed on top of the peas before the lid is placed on the container. After 36 hours, the lid and the carbon disulphide should be removed and the peas spread out over a table top or on the floor until there is no trace of the fumes. The peas should then be placed back in the container and the lid placed on tight, Mr. Siddall explains.

If the peas are not to be treated, they should be left in the hulls, since they are less subject to weevil damage than if they are shelled or threshed.

Where peas or beans are to be used only for eating, they may be placed in an open container, such as a turkey roaster, and heated to 180 degrees for 10 minutes, then stored in tight containers.

About 15 per cent of the frozen-food locker plants in United States are owned and operated by co-operatives. Minnesota leads with about one-third of its 213 plants run by co-operatives.

DON'T SLEEP WHEN GAS PRESSES HEART

If you can't eat or sleep because gas bloats you up try Adlerika. One dose usually relieves pressure on heart from stomach gas due to constipation. Adlerika cleans out BOTH bowels.

Rhineland Register

Editor Genevieve Herring
Sponsor John J. Hoffman

Published by Students of the Rhineland Public Schools

Senior Reporter Florine Williamson
Junior Reporter T. J. Hoffman
Sophomore Reporter Bernard Kuehler
Freshman Reporter Anna Fetsch
Grade School Rose Marie Kuehler

Exams are over for the first month and the Seniors are proud of their grades.

The Seniors have ordered their class rings, now the next step is to wait until they come.

The other day when Genevieve was telling our teacher how long she had been studying, he said, "Whew! That girl can tell them so that you can cut them with a knife."

Did You Know That . . .

The first important ice factory was established at New Orleans in 1866?

The first motion picture theatre in the world was opened on April 2, 1902, in Los Angeles?

The making of automobiles was unknown in the United States until about 1895?

Wisdom and Wit

Not by appointment do we meet delight

Or joy; they heed not our expectancy,

But round some corner of the streets of light,

They of a sudden greet us with smile.

Junior Report

The Juniors feel happy because they passed their exams, and also are glad because of one more week of school.

The school got another type-writer. The girls are glad, because they had to take turn about the old one. The boys are still improving rapidly in typing.

Geometry! Oh my, it is the only subject that we dread. Yet we made good grades in exams.

It Made A Difference

Visitor: If your mother gave you two apples and told you to give one to your brother, would you give him the little one or the big one?

Johnny: Ddo you mean my little brother or my big one?

Sophomore News

We were all very happy Monday morning when we came back to school to find we had passed our exams.

Our attention was attracted to

We Wonder Why . . .

The boys wanted an "honey roll"

Ben had a sore hand

Weldon takes so much interest in clipping advertisements from magazines.

Freshman Report

Some of the boys seem to have trouble passing English. Maybe their "ain't got" habit had something to do with it.

In history we are now studying about the Greeks and their three styles or pillars, Doric, Ionic, and Corinthian.

In science we studied about ventilation. We have learned that ventilation means to keep air in motion, by letting the warm air go out and the cool air come in.

We Wonder Why . . .

Alfred S. was absent Monday. You are working too hard, Albert?

Everett is talking so much about Pop.

Victor was so sleepy Monday morning.

Senior George Moffett of Chilli-cothe was visiting friends here last Thursday, coming here to speak at a meeting of members of the local Farmers Union Coop Gin on Thursday night.

M. B. Caughran, son of J. A. Caughran, left last week for Shamrock, where he is employed with the Texas highway department.

Mr. and Mrs. Chas. Moorhouse of Benjamin were shopping in town last Saturday.

IT PAYS TO ADVERTISE

RIGHT OUT OF THE AIR

By EARLE FERRIS

BESS JOHNSON's diplomatic treatment of children on her daytime serial, "Hilltop House" was responsible for an offer she has

just received to accept the position of dean at a school for young girls. Her radio commitments prevented her acceptance.

If you want to get the lowdown on what to expect in the future from recent radio discoveries, just eavesdrop in the places where booking managers and agents gather. A showwise group, they can always call the turn. They tab young Jerry Lester, radio's newest comedian, to be the sensation of next season. Lester is now riding high with Tommy Dorsey's orchestra in the Bob Hope time on NBC.

Leon Janney, pictured here, is "Richard the Great" on the Sunday night "Parker Family" broadcast on NBC. He plays an average American youngster—something in real life he was not because, at the age of three, he was being starred in motion pictures.

When Producer Cecil B. DeMille raised the curtain on his first Lux Radio Theatre production, Monday evening, September 9, he launched the seventh season of this full-hour dramatic program. The famous director has lined up most of Hollywood's top talent for the CBS series

Eddie Bracken, who played the role of "Dizzy" in "The Aldrich Family" on the air, plays the same role in the forthcoming picture, "Life With Henry," being the only member of the radio cast in the film series.

Pretty Joan Banks, pictured here, one of radio's outstanding young actresses, is devoting two weeks to the study of her lines for her appearance Wednesday, Sept. 25, as star of "Manhattan at Midnight." This program presents leading actors and actresses on radio row as guest stars in the Hollywood tradition.

In the event that Frankie Masters and his orchestra complete negotiations for a new fall commercial before their contract at the Hotel Taft in New York expires, the first few programs of the new series will be broadcast directly from the hotel grill, somewhat of a departure for a sponsored show.

Bob Ripley brings his "Believe It or Not" program back to the airwaves September 13. Ripley's

program will again be heard Friday at 10 p. m., e. s. t. over CBS. Practically all the time he has been off the air has been devoted to travel and investigation of unusual facts.

News of Fluid Drive Provokes Record Interest, Local Dodge Dealer Says

New Models Said to be Replete With Many Other Important Improvements

"If there were news of an automobile that would run without having any engine, it could not provoke much greater interest than the announcement, made a few days ago, that 1941 models of Dodge cars will be available with the Fluid Drive, says J. E. Reeves, owner of Reeves Motor Co., Dodge dealers of Munday.

"Ever since the release of that information we have had a veritable deluge of inquiries regarding what the Fluid Drive is like, how it operates, why it is an improvement over the conventional drive, and, of course, how soon new Dodge models will be here for local inspection and trial.

"Fluid Drive is one of the things that are difficult to describe in words; one must experience it by seeing and feeling the marvelous improvement it makes in the way the car handles and acts.

"Basically, the Fluid Drive is a drive through oil, with no fixed mechanical connection between the engine and the rear wheels. The oil does it better than it could be done through any fixed coupling. Some of the things that can be done with the Fluid Drive are almost uncanny. For one thing, it makes driving almost unbelievably simple. It enables you to drive all day under average conditions without touching the gearshift or the clutch pedal. You start, stop, then start again, all in 'high.' Think of what it means to drive a car with that kind of silky, smooth performance! And you slip out of soft mud and ease out of snow heaps where formerly it took a tow car to free you.

"On hills you can slow the car down to a mile an hour without stalling the engine. Going downhill, the engine acts as an efficient brake through the Fluid Drive. With all of it, there is nothing new to learn about operating the Fluid Drive Dodge; it is simply much less work at the wheel and at the controls.

"While the Dodge Fluid Drive is undoubtedly the most dramatic of the advances found in the new 1941 models, there are other improvements—so many of them as to make the car one of the most interesting new-season offerings—even without the Fluid Drive."

Willard Bauman was a business visitor in Benjamin last Monday afternoon.

Mrs. Virgil Reynolds of Haskell visited friends here last Monday afternoon, coming up to attend the shower given for Miss Lucille Neff.

Mrs. Louise Atkinson and Gail Preston spent the week end in Wichita Falls, visiting in the home of Mr. and Mrs. Jim McDonald.

Record Crowds Are Expected At Graham's Fair

Fine crops, carefully planned entertainment programs, a National Defense Parade, and one of the fast moving rodeos in Texas, causes the officials of the North Central District Fair and Rodeo to predict a record crowd for the Graham show.

The affair opens Tuesday, September 17, with the annual Harvest Queen Beauty Revue, and closes Saturday night, September 21, with the final rodeo performance directed by Frank Rush, Jr., of Craterville Park, Oklahoma.

Between these two events comes the defense parade and school day on Wednesday. The parade is held at 11:00 o'clock and every school child in the 12-county district has been mailed a free ticket. Closing Wednesday's schedule is a singing convention of the Air staged by the Stamps Quartette. Neighboring quartettes are invited to participate in the program that will be broadcast over Station KRLL from 11:00 to 12:00 Wednesday night.

Thursday is livestock day with Jack Amlung Orchestra from Mineral Wells giving an hour's entertainment at the Grandstand and playing for a pre-rodeo dance later.

Friday opens with a club boys' livestock sale at 10:00 o'clock followed by the opening show of the rodeo. This is an open show designed to be plenty rough with Madison Square Garden specialty acts and a sponsors' contest thrown in to dress up the show. There will be four shows followed by rodeo dances.

From a tiny county fair organized in 1924, the association has developed a modern show, and 1940 finds the largest amount ever invested in the premiums and entertainment.

Mr. and Mrs. Robert Green and daughter, Lee Ann, spent the week end with relatives in Wichita Falls. Mrs. Green's mother, Mrs. C. K. Mosby, accompanied them home Sunday for a visit.

Mann McCarty, who has been in New Mexico, came in last week to enroll in the local schools. Mann is a member of the senior class this year.

Miss Louise Atkinson and Gail Preston spent the week end in Wichita Falls, visiting in the home of Mr. and Mrs. Jim McDonald.

SENIOR CLASS AT GOREE IS ORGANIZED FOR SCHOOL YEAR

The senior class of Goree high school reports the largest enrollment in its history, with 24 members this year. The class organized last week and elected officers: Class officers are: Norris Fitzgerald, president; Frieda Farmer, vice president; and Elaine Moore, secretary and treasurer.

BIRTH ANNOUNCEMENT

Mr. and Mrs. A. K. McGaughey of Vera are the parents of a girl, born Sunday, September 1st. The child has been named Carol Delores. Both mother and daughter are reported doing nicely.

Mrs. Pete Herring and Mrs. Stephanie Decker returned home from their visit in New Mexico. Clarice Francis Welde, daughter of Mr. and Mrs. Leo Wilde, accompanied them home and will stay for some time.

Mr. and Mrs. Gabriel Snapka and daughter Willie Mae visited in Vernon last Friday. They were accompanied by Mrs. George Petrus.

Miss Lillie Michalik of Wichita Falls, Texas, is visiting in the home of her parents.

Mr. and Mrs. Lawrence Friske, Jr., and family visited relatives in Scotland, Texas, Sunday.

A Want Ad In The Times Pays

Livestock Show To Be Feature Of State Fair

Dallas.—The livestock show at the State Fair of Texas, headlined by the National Hereford Show and the Regional show of the Holstein-Friesian Breeders Association, promises to make Texas and Dallas the livestock capital of the world between Oct. 5 and 20, date of the Fair. Pedigreed stock of every breed, already culled and manured for the event, will compete for a record-breaking \$100,000 in cash premiums.

Among features of the week-long judgings, to be held in a big arena with the public invited, will be an auction of 50 head of Herd bulls by the Texas Hereford Breeders Association, a sale sponsored by the American Hereford Breeders Association, and the Parade of Champions in which selection will be made of the grand champion of the show. Cattleman from 13 states and the Dominion of Canada will enter prize stock.

Increase in exhibit space and amount of premiums by the Texas Jersey Cattle Club, the National Holstein-Friesian organization, the American Shorthorn Breeders Association and by breeders of Guernseys will insure the most extensive Dairy Show ever to be held at the State Fair, according to Frank P. Holland, Jr., director in charge of the Livestock Department.

The State Fair and 23 spring dairy shows held over the state are accredited with materially boosting Texas from 19th place to 4th place among states in the dairy industry in the past 20 years.

Premiums shown in the 1940 Premium List of the State Fair for Shorthorn cattle indicate an increase by 35 per cent over the 1939 show. Due to increased interest throughout the Southwest in Shorthorn production, many northern breeders are shipping fine herds to the Fair for competition.

An added feature of the 1940 livestock show and one drawing widespread interest from 4-H club boys, Future Farmers and other youth groups, will be the Junior Fat Stock Show. Winners of the junior show will be entered in the senior shows.

In improving pastures the first essential in fertilizers is phosphorus. Lime is seldom needed in Texas west of the Trinity river. Nitrogen, another essential, can be supplied by growing pasture legumes after phosphorus has been applied.

Many people in the cotton trade expect domestic consumption in the current season to set an all-time high, perhaps over 8,000,000 bales.

Moist Cold

. . . That's what you get in Ice Refrigeration . . . moisture enough to keep foods and vegetables from drying out, and cold enough to insure their being kept nice and fresh.

ANOTHER DRY HOLE?

In the constant search for new oil reserves in Texas, even the dry holes benefit the communities in which they are drilled.

They mean employment and wages for Texas labor, lease money for Texas farmers and ranchers and many other expenditures which benefit all lines of business.

2,300 dry holes were drilled in Texas last year at a cost of nearly 60 million dollars.

Since oil was discovered in Texas, 52,000 dry holes have been drilled in all sections of the State at an expense of more than one billion dollars.

This billion dollar research has already resulted in the discovery in Texas of over half of all the known petroleum reserves of the Nation. The creation of this wealth will benefit Texas citizens for generations to come.

Whether the oil man wins or loses, the community always gains.

Lucille Neff Named Honoree At Shower Monday

Miss Lucille Neff, bride-elect of Arthur Smith, Jr., was honored with a lovely shower Monday afternoon at the home of Mrs. Louise Ingram.

Assisting hostesses were Mesdames Paul Pendleton, J. R. Smith, Helen von Baumann, W. V. Tiner, Fred Broach, H. F. Barnes, M. H. Reeves and Miss Mary Couch of Haskell. Callers were greeted by Mrs. Fred Broach.

In the receiving line were Mrs. Louise Ingram, the honoree, Mrs. R. H. Neff, mother of the bride-elect, Mrs. A. A. Smith, Mrs. Leroy Ballinger of Wichita Falls, Mrs. W. P. Farrington and Mrs. Effie Alexander. Signatures of the callers were secured for the guest book by Mrs. Paul Pendleton. Mrs. J. R. Smith presided at the gift tables in the bedroom where were displayed the china, crystal, and silver gifts of the guests. Included in that room also were the thirty-six pieces of china, the remembrances of the hostesses. In the second bedroom linens and pottery were displayed.

Green punch and white cakes were served in the dining room where the table was the center of interest with its cover of lace and its centerpiece of white asters and dahlias. Miss Mary Couch and Mrs. Helen von Baumann presided over the punch bowls. Assisting with the serving were Mesdames W. V. Tiner, M. H. Reeves, and H. F. Barnes.

Decorations throughout the party rooms placed emphasis upon the white and green color scheme which has been chosen by the bride-elect for her wedding.

Some eighty guests called during the afternoon.

Lagging national business activity is only waiting for the U.S. defense program to leave blueprint stages for actual construction, and should boom before winter, a University of Texas economist predicts.

School Faculty Is Entertained With Picnic

Mr. and Mrs. Sied Waheed entertained teachers of the Munday schools with a delightful picnic last Friday evening at the Seymour park. Mrs. Waheed prepared the picnic supper, and all assembled at the park late in the afternoon for the feed.

Attending were Mr. and Mrs. L. M. Palmer, Mr. and Mrs. S. Vidol Colley, Mr. and Mrs. Howard Cobb, Mr. and Mrs. L. S. Hardegroo, Mr. and Mrs. John Ingram of Sunset, Mr. and Mrs. Joe T. Hext, Mr. and Mrs. Noble Wright, Mr. and Mrs. Billy Cooper, and Misses Crawford, Mammie Crouch, Hylen Holloway, Iah Moody, Burnett, Sims, Eugenia Gentry, and the host and hostess.

Breakfast Given Saturday in Honor Of Mrs. Mahan

Naming Mrs. Wade T. Mahan, the former Miss Cloe Mayo, as honoree, Mrs. Lawrence Kimsey, Mrs. Grady Roberts and Mrs. Jimmie Harpham were hostesses at a breakfast given last Saturday morning in the Kimsey home.

After the breakfast bride was enjoyed and the honoree presented with a beautiful gift.

Attending the affair were Mesdames Carl Jungman, Aaron Edgar, Don Ferris, W. M. Mayo, Jack Mayes, Sobern Jones, Helen von Baumann, W. M. Huskinson; Misses Louise Atkinson and Gail Preston, the honoree and the hostesses.

Union Chapel Christian Service Society Meets

The women society of Christian Service of the Union Chapel church met September 6th at the church.

The women are to start a study of Revelations together with the book on "The Second Coming of Christ" at the next meeting. Six members and several visitors were present.

Good Sunday school attendance was reported at the church on Sunday, September 8. All those not attending Sunday school elsewhere are urged to come. Brother Ross will preach at the church services on Sunday, September 15th.

County Council Of Women's Clubs Meets on Friday

The Knox county council of women's home demonstration clubs had an all-day meeting at Benjamin last Friday. Five clubs were represented, being Gilliland, Hefner, Union Grove, Sunset and Truscott.

A routine of business was disposed of, and different sponsors and committees reported their work.

Mrs. Neva Van Zandt gave a talk on frozen food lockers, and several from this county plan to visit Plainview and Lubbock in October and see the lockers at these places.

Plans were made to have a county-wide fall harvest party for all home demonstration club members and their husbands. The party is tentatively set for the night of October 10 at Benjamin.

FASHION PREVIEW

VIATED campus walls will resound in early fall to yells for plaids as well as football heroes. The pages of Good Housekeeping's August issue disclose this trend, and they present this handsome green-and-brown wool coat, flared and fitted, with a becoming Racon collar.

Bridge Club In Meeting Monday At W. R. Moore Home

Members of the Monday Night Bridge Club held their regular meeting last Monday night, with Mr. and Mrs. W. R. Moore as hosts.

Following some time at the games, the hostess served iced watermelon. Members and guests present were as follows:

Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. Fred Broach, Mr. and Mrs. C. P. Baker, Mr. and Mrs. Grady Roberts and the host and hostess, members, Mr. and Mrs. Arthur Mitchell were guests.

It was voted to change the time of meeting to Tuesday night of each week, the next meeting being in the H. A. Pendleton home.

Dorcas Class Has Meeting in Home of Mrs. Brice Dobbs

The Dorcas Class met recently in the home of Mrs. Brice Dobbs, in a business and social meeting.

In the business session new officers for the coming year were elected.

During the social hour refreshments of sandwiches, cake, lemonade and iced tea were served to following:

Mrs. A. U. Hathaway, Mrs. C. A. Reagan, Mrs. J. J. Keel, Mrs. A. C. Brock, Mrs. C. N. Smith, Mrs. Layton Lansford, Mrs. C. M. Thompson, Mrs. A. M. Searcey, Mrs. J. W. Jones, Mrs. D. B. Weaver, Mrs. J. Beeton, Mrs. J. D. McClaran, Mrs. C. R. Parker, Mrs. L. L. Kegley, and the hostess.

Pioneer Circle Meets Sept. 5th With Mrs. Campbell

The Pioneer Circle met Thursday, September 5th, in the home of Mrs. Allie Campbell.

Members of the circle were very glad to have an old member, Mrs. Annie Russell, join them again. All enjoyed the afternoon visiting and doing their needlework.

The next meeting will be on Thursday, September 19, with Mrs. Zeissel.

Lucille Neff Is Honored at Shower On Thursday

Complimenting Miss Lucille Neff who will become the bride of Arthur Smith Jr., Sept. 19, Mrs. J. C. Borden and Mrs. J. A. Caughran gave a lovely kitchen shower and party Thursday at the home of Mrs. Borden.

The reception rooms were decorated in seasonal flowers of pink and orchid. Favors were small favors of orange blossoms.

A beautiful array of kitchen gifts were presented Miss Neff, who acknowledged her appreciation in a gracious and clever way.

Guests were friends of many years and included Misses Wanda June Williams, Margaret Tiner, Jean Williams, Dorothy Campbell, Shelley Lee, Fannie Isbell, Maxine Eiland, Ruth Baker, Mand Isbell, and Mesdames R. H. Neff, W. P. Farrington, Paul Pendleton, J. R. Smith, W. V. Tiner, A. A. Smith, Helen von Baumann, W. M. Huskinson, Fred Broach, H. A. Pendleton, Oscar Spann, M. H. Reeves, H. F. Barnes, Fred Broach, Jr., G. R. Eiland, Effie Alexander, P. V. Williams, Homer Lee of Wichita Falls, and Travis Lee.

Miss Mildred Burnett Becomes Bride Ray Howard in Impressive Ceremony

The marriage of Miss Mildred Burnett, daughter of Mrs. Ben Guinn of Munday, to Ray Howard of Abilene was solemnized in a double-ring ceremony Sunday afternoon at 4 o'clock at the home of the bride's sister, Mrs. Aubrey Smith, in Munday. Rev. W. H. Albertson performed the ceremony.

Otis Burnett of Denver City gave his sister in marriage. She wore a bridal gown of ivory satin designed with puffed sleeves, and a sweetheart neckline edged in rosepoint lace. Her double veil of illusion fell from a crown of seed pearls. For something old she wore a single strand of pearls which belonged to her mother, and carried a satin-covered prayerbook topped with a spray of white orchids intermingled with lilies of the valley.

Mrs. Aubrey Smith attended the bride as matron of honor, and the bridesmaids were Miss Patsy Cristy of Galveston and Mrs. Travis Martin of Seymour. All of the attendants were gowned in aqua blue satin frocks and matching off-the-face hats. Each carried a bouquet of chrysanthemums tied with matching ribbons. Mrs. Smith's bouquet was of amber and the others were white.

O. P. Whittington Jr., of Tyler attended Mr. Howard as best man. Floyd Bell of Austin and Robert Lusk of Graham were ushers.

Nuptial Music

The ceremony was read before an altar and kneeling bench improvised before a fireplace which was banked with fern and chrysanthemums of yellow, gold and white. White tapers burned in floor candelabra. Miss Gayle Reynolds of Munday, accompanied by Mrs. J. F. Cadenhead of Weimert, sang "O Promise Me," and "I Love You Truly." The wedding music was played by Mrs. Cadenhead.

A reception was held at the home of Mrs. Guinn after the ceremony. The home was decorated with chrysanthemums and seasonal flowers.

Mrs. Bill Means of El Paso presided at the bride's cake, which was tiered, and surmounted with a miniature couple, and decorated with valley lilies. Miss Marie Swain was in charge of the bride's book. Assisting in the dining room were Misses Margaret Tiner, Anna Stodghill, Billie Swain of Munday, and Mary Lee Hughes of Fort Worth. Mrs. Otis Burnett served the punch from a glass-topped table in the living room. Music and vocal numbers were contributed by Philip Cadenhead of Weimert and Tommy Frizzell of Knox City.

As the couple left for a wedding trip to Yellowstone National Park, the bride was wearing a soldier blue costume suit and black accessories. Upon their return Mr. and Mrs. Howard will be at home in Abilene.

The bride was graduated from Hardin-Simmons University, where she was a member of Alpha Chi, Alpha Psi Omega, Hardin-Simmons Cowgirls, Who's Who, was junior favorite, and in 1937 was university queen. She has done

graduate work at the University of Texas and Colorado. Mr. Howard is a graduate of the University of Texas, and is a member of Sigma Delta Chi, journalism fraternity.

MARRIAGE OF MISS SCHUMACHER ANNOUNCED

Mr. and Mrs. August Schumacher are announcing the marriage of their daughter, Veronca, to H. D. Affleck of San Angelo. The wedding ceremony was performed in Villa Acuna, Mexico, on May 16. Mr. and Mrs. Affleck are making their home at the Hotel Cactus in San Angelo.

TAKEN TO HOSPITAL

Mrs. John B. Reneau was taken to a Wichita Falls hospital last Tuesday evening for medical treatment. Reports from the hospital are that she is responding to treatment. The Mahan Funeral Home ambulance took her to Wichita Falls.

Miss Mozell Trammell returned home last Sunday from Fort Worth and other points, where she had been visiting relatives during the summer months.

TELEPHONE 86

Two Registered Pharmacists on Duty

Eiland's Drug Store

Mrs. C. O. Layne and two daughters and Miss Clara Bell Wheeler of Amarillo visited relatives here over the week end.

O. L. Jamison, business manager of the Knox county hospital at Knox City, was a business visitor here last Tuesday.

ATTEND FAMILY REUNION

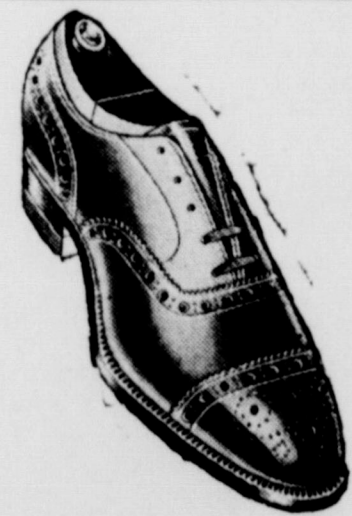

Mr. and Mrs. Frank Trammell and children attended a family reunion near Sherman, last Sunday, where Mrs. Trammell met her brother, Mr. Wylie Clark of Loraine, Ohio, for the first time in 18 years. About 80 relatives attended the reunion.

FIRST BAPTIST CHURCH

We extend to you a cordial invitation to worship with us next Sunday in any or all of our services. In Psalms 29:2 David says: "Give unto the Lord the glory due unto His name; worship the Lord in the beauty of holiness." This is an urge from David to his people that they worship the Lord. There is an innate desire in every human breast to worship God, the giver of life and all things worthwhile. Let us help each other to answer that urge, that inner longing to find satisfaction in a proper relation with the Lord. As the shadows lengthen in this tragic European war may we look to the Lord for His direction.

Special feature of the service Sunday morning will be a solo by Miss Hylen Holloway, accompanied

at the piano by Miss Eugenia Gentry.

We are grateful for the fine response to the titling movement is having. Many people are expressing their joy that is coming to them in bringing their tithe into the "storehouse." How happy we are when we "prove" Him and find His promises true.

W. H. Albertson

LEAVES FOR SCHOOL

Willard Bauman left Thursday for Lubbock where he is entering Texas Tech for the school year. Willard is a senior student this year and will receive his degree in mechanical engineering next spring.

Cecil Cooper, who is employed in Lubbock, visited home folks here over the week end.

Texas Boy Wins Scholarship

CLARK DOUGLAS, of Cleburn, state champion boy automobile driver of Texas, won a \$100 scholarship in the Ford Good Drivers League national finals at the Ford Motor pavilion, New York World's Fair, in late August. Edsel Ford, president of the League, personally handed him his award. In this photo Edsel Ford is shown with 18-year-old Gene M. Kennard, the Indiana boy who won the national boy driving championship, and his mother, Mrs. J. L. Kennard. The occasion was the League's first annual Champions Dinner at the Ford pavilion at the Fair, with Captain Eddie Rickenbacker as principal speaker. The League paid all expenses of Douglas and an adult sponsor named by himself for a gala week of entertainment in New York. The object of the League is to promote safety on the highways by teaching every high school boy in America to drive expertly. Any boy between the ages of fourteen and eighteen, inclusive, may join without charge. Enrollment blanks may be obtained from any Ford, Mercury or Lincoln-Zephyr dealer.

Lunch Room Project Soon To Be Opened

Commodities for the new hot lunch room now under preparation in the old high school building will be sent from Benjamin in the next week, according to Superintendent Colley.

Tables for the lunch room are almost finished and plumbing is being installed this week. Five or six 16-foot tables and benches have been built. The rooms that will house the project are being patched with plaster and will be calcimined this week and cabinets will be installed, as will a counter.

Several donations from the community have been received. All work by carpenters and plumbers is being done at a reasonable price in order to aid the project to get into operation for the students. A large ice box has been procured through the aid of the Rexall Drug Store. Several cans for the storage of food are being donated by the Hookout Bakery, the City has allowed the school to use a pressure cooker through the efforts of Mr. Riley B. Harrell.

The Lions Club and the Parent-Teachers Association in cooperation with the Board of Education are aiding in raising the necessary funds for the project. The project is primarily for those unable to buy their food at noon time at school.

Plans now call for the beginning of the project just as soon as workers complete the rooms now in progress, the workers are chosen and drilled in the operation of the lunch room and other necessary details worked out.

Materials for the present lunch room operated by the P.T.A. will be used in the project as has some lumber that was owned by the school. Three stoves owned by the school and one by the P.T.A. will be used.

"The project is expected to feed from 200 to 250 students at seven and one-half cents per meal or \$1.50 per month. It will work about ten women and one man; we will receive commodities from the government; hot, well-balanced meals will be served by workers who will hold a Food Handlers Health Certificate and several needy students will be fed free," stated Supt. Colley.

Those who wish to donate money, utensils, or materials should see Mrs. A. L. Smith, president of the P.T.A., P. V. Williams, president of the Lions Club, W. R. Moore, president of the Chamber of Commerce or Superintendent Colley.

HERE FROM ABILENE

John Coates of Abilene was here Wednesday, visiting his brother, Curtis Coates, and Munday friends. Coates, a former employee of the Texas Liquor Control Board, is now a special representative of the Texas Life Insurance Co.

Shelton Jones has returned to his home in Jermyn, Texas. Shelton has been employed here for some time.

Mrs. Ida Davis, Mr. and Mrs. Gene Harrell and Dick Harrell visited relatives in Anson last Sunday.

First Grade Has Fifty Enrolled

The enrollment for the First Grade with Miss Sims and Miss Crouch as teachers, has reached the half-hundred mark, and each member is enthusiastically getting the "swing" of school days after a week of attendance. Plans are being made to begin a unit on the home. Stories about each member of the family have been completed and are being read. Here is the story for today written by the children.

"We are going to build a house. The girls will bring their dolls. The boys will bring hammers and saws.

What fun we will have!

Watch the news for more about us.

LOCALS

W. A. Baker spent last Friday in Abilene visiting with an old friend, Rev. C. B. Meador. Rev. Meador is a former pastor of the Methodist church in Munday.

Bliss Lenore Longino left the first of this week for Abilene, where she enrolled in McMurry College for the school year.

Mrs. John McGraw of Haskell and daughter, Mrs. Glenn Dobbs of Oklahoma, were visiting friends here last Saturday.

Mrs. Addye Layne of Amarillo is visiting relatives and friends here this week. Mrs. Layne is a former supervisor of the Munday sewing room.

DeTroy Trammell left last week for Lubbock, where he plans to work and attend school at Texas Tech.

MOVE TO HAMLIN

Mrs. J. E. Murphy and daughter, Mrs. Merle Ladd, moved to Hamlin last Tuesday, where Mrs. Ladd has purchased a beauty shop.

WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Mr. and Mrs. J. M. Smith, Mr. and Mrs. A. L. Smith attended the ball game at Goree last Sunday afternoon.

Mrs. J. S. King spent last Monday with Mrs. Charlie McAfee of Sunset.

Anna Bell Simpson of Anson spent the week end here with her parents, Mr. and Mrs. Otis Simpson.

Mr. and Mrs. A. D. Wallace have returned home from East Texas, where they have been visiting for two weeks.

Mrs. Mann Broach had as her guests recently relatives from Knox City.

Mildred Smith visited Janie Sue Haynie last Sunday.

Mr. and Mrs. Wilburn Wallace of Abilene visited relatives here last week.

Mr. and Mrs. Cline Peterson of Hamlin visited here this last week end.

LEAVE FOR SCHOOL

Mr. and Mrs. B. L. Blacklock went to Stephenville last Sunday to take their son, Lamoine, and Dan Billingsley. The boys enrolled in John Tarleton Agricultural College for the school year.

GRAHAM FAIR BOOSTERS HERE

Headed by a Texas Highway Patrol car, a group of Graham and Young county citizens came "honking" into town last Tuesday at about noon, running almost two hours behind schedule.

The purpose of this motecade's visit was to advertise the North Central Texas District Fair, which will open at Graham on Thursday, September 19, and running through Saturday.

The visitors said this year's fair will be the best ever held in Graham, and invited Munday people to attend.

Why America Has A Farm Problem

SHRUNKEN EXPORT MARKETS HAVE INTENSIFIED FARMERS' PROBLEMS

FACTORS BLOCKING FOREIGN TRADE

1. TARIFFS, TRADE BARRIERS, ETC.
2. SCARCITY OF CASH AND CREDIT ABROAD
3. WAR MEASURES
4. TREND TOWARD SELF-SUFFICIENCY ABROAD

One of the big reasons for America's farm problem is the decline in the foreign market for agricultural products.

Prior to the World War, the United States was a debtor nation, and paid her debts by selling her agricultural products to her creditors.

After the war, America changed to a creditor nation. Up to 1929 at least part of the foreign market was held by making loans to other

nations. When the loans were stopped, the farm export market fell off sharply.

War measures, the tendency of other nations to become more self-sufficient, and trade barriers in retaliation to America's tariff system aggravated the system.

France guaranteed her farmers a dollar a bushel for wheat; Italy raised the ante to \$1.50 a bushel; other nations followed suit.

VISITS RELATIVES HERE

Bert Cerveny, who has been enlisted in the U.S. Army, came in last week for a visit with his parents, Mr. and Mrs. Joe Cerveny, and with other relatives. Bert has served six years in the army and received his discharge a few days ago. He plans to visit here a while, and will probably enlist in another phase of the service at some future date.

HERE FROM COLORADO

Mr. and Mrs. Harry A. W. Anderson of Boulder, Colo., are week end guests of Mr. and Mrs. R. D. Atkinson. Miss Ann Atkinson will return with them to Boulder, where she will enter Colorado University for the coming year. Mrs.

Anderson is Mrs. Atkinson's niece. Mrs. Mary Murry is also visiting in the Atkinson home. She is Mrs. Anderson's and Mrs. Atkinson's grandmother.

RETURN TO ABILENE

Mrs. G. C. Spann and daughter, Miss Ida Mae, returned to Abilene last Friday to make their home during the school months. Miss Ida Mae will teach in the Abilene schools. Billy Arthur Lee took them to Abilene.

Announcement...

The Government Domestic Consumption Program has been located at Munday, and all cotton ginned here and at Rhineland will be eligible for free classification by a government specialist classifier. The bale may then be sold to the government subsidized program or may be put into the loan on the grade of the government classer, as the owner may direct.

This program will have a higher price for cotton that will meet the requirements of being low middling, white or better in grade, and 15-16 or better in grade.

This means that cotton that meets these requirements will have a subsidized market not open to cotton that is not of these grades and staples. The bales must weigh between 400 and 565 net weight. The gin will be paid 75 cents per bale that goes into the program, and all above the costs may be returned to the individual responsible for the gin getting the subsidy.

Farmers are urged to take care of their cotton in the harvesting, and to investigate the possibilities of this program.

TEXAS OUT-OF-DOORS

Chukars May Have One Chance

Austin, Texas.—After experimenting with the Chukar Partridge for more than two years in all sections of the state, State Game Department biologists have reached the conclusion that there is but one area in Texas in which the birds have a good chance to spread and populate the countryside. That is in Brewster and a few surrounding counties of high altitude.

The Chukar was imported from India and attempts to adapt them to the United States is being made by more than a score of states. Birds were planted in many areas in Texas and various methods of propagating them attempted. However, in most sections they disappeared. A few times they appeared 40 to 50 miles from where they were liberated.

Plantings in Brewster county were made fairly near ranch houses and the birds have gradually spread until they are now in areas two or three miles from the ranch houses and are apparently prospering. Biologists, while now believing this is the only area in which the birds may do well, are withholding final opinion for at least another year.

Coyote Lassoed by Pipeline

The strangest method of trapping coyotes ever disclosed has been found in Texas! And there is a picture of the event to prove it! A pipe line recently broke on the Howells lease near San Diego in Duval county. Force of the explosion caused a piece of the pipe to curl in a circle—and in this circle, held so tightly it could not escape, was a coyote. It has not been determined whether the pipe choked the coyote to death or the force of the explosion killed it, according to J. L. C. Beaman, newspaper owner in San Diego, who ran a picture of this strange occurrence. It is said the pipe was twisted so tightly around the coyote's neck, and with no tool marks on it, that it would have been impossible for anyone to have played a practical joke.

Be Careful Hunters

With the hunting season under way in Texas officials of the CCC have issued their usual appeal to sportsmen to be very careful while in the fields or woods near

CCC camps. Hunters are asked to refrain from shooting within rifle range of camps. There have been comparatively few accidents in the past due to the excellent co-operation of sportsmen, and CCC officials hope that it may continue.

Beavers Are Reported

Evidence of a considerable number of beaver inhabiting the hills surrounding Buchanan Lake in Central Texas has been uncovered by a game manager of the State Game Department. The few beaver which remain in Texas generally are welcomed by landowners. They destroy some trees, but their building of dams has anded many landowners and helps some streams from a fishing standpoint.

Winter Food for Quail

This is the time of year when landowners should start thinking about feeding quail during the rugged days of winter and the time when sportsmen should urge the owners of their favorite quail shooting grounds to help the birds.

With a marked increase in bobwhites being reported from many sections, it is more necessary than ever to leave food standing for these birds, as it pointed out by the executive secretary of the Game Department. A few rows of grain left standing in the field edges, close to natural cover, is the best insurance possible for carrying over the game and insectivorous birds into next year.

Emergency feeding is not nearly as effective as proper preparation against food shortage, the executive secretary pointed out. One of the best plans is that of leaving small grains near the edges of fields. Hundreds of farmers in Texas are building shelters for quail under supervision of the Game Department.

The motto of real sportsmen: "Take a boy hunting or fishing."

Worth Gafford and daughter, Louise, were business visitors in Stamford last Monday.

Mr. and Mrs. J. C. Campbell were visitors in Wichita Falls over the week end.

Grady Roberts and Aaron Edgar were business visitors in Haskell last Friday afternoon.

Watermelon Feast Enjoyed By Patrons Of Farmers Gin

A large group of farmers and their wives were present last Thursday night at the second annual watermelon feast served by the local Farmers Union Cooperative Gin and its patrons. An enjoyable program was held at the meeting also, and those who attended feel that this was a profitable, as well as an entertaining meeting.

The program was opened by music from the Munday school band, an organization that is rapidly gaining popularity in this section.

Clay F. Grove served as toastmaster, and introduced the various speakers. Short talks were made by County Agent W. W. Rice and Peter Loran, president of the Texas Farmers Union.

The principal speaker on the program was Senator George Moffett of Chillicothe. Senator Moffett spoke some thirty minutes on a topic of interest to all farmers, and during his talk he demonstrated the new chemical treatment for cotton which makes it practically fireproof. This demonstration was made by means of setting fire to an ordinary piece of cotton and watching how quickly it was consumed by the flames; then the chemically treated cotton was placed in the flames, and it would not burn. Moffett explained that this new process would likely mean a much greater consumption of cotton than in the past, as it would make possible more uses of cotton.

This is, as yet, only in the experimental stages. Another speaker on the program was H. W. Spielman, who is connected with the government surplus marketing division. The Rhineland Lone Star Band also was featured on the program, rendering an enjoyable concert while guests at the party were eating melons. The band was under the direction of John J. Hoffman of the Rhineland school.

About 250 melons were purchased by the gin and served to those who attended this annual event. Wallace Reid, manager, reported around 800 in attendance.

12,000,000 Bales Is Estimate For Cotton Crop

Estimate of Counties Is Made Public

The government agricultural department last Monday forecast this year's cotton crop at 12,772,000 bales of 500 pounds gross weight, based on conditions prevailing September 1.

The crop was forecast at 11,429-bales a month ago, based on conditions at that time. Production last year was 11,817,000 bales and the average of 13,547,000 bales in the 10 years, 1929-38.

A yield of 250.7 pounds of lint cotton to the acre is indicated from the conditions this month, the department reported, compared with the 222.3 pounds indicated a month ago and 237.9 pound produced last year.

Growing conditions in West Texas counties are unusually good, according to a report made recently

Senator George Moffett

by a representative of Anderson and Clayton. There is only light insect infestations and cotton is still blooming, indicating a real "top" crop is not out of the question.

According to the estimate, the greatest increase over 1939 is in Throckmorton and Young counties where the yield is expected to be almost ten times greater than last fall.

Last year's production and the estimated 1940 crop by counties follow:

County	'39 crop	Est. '40 crop
Archer	520	4,000
Baylor	5,345	18,000
Brown	2,868	3,500
Callahan	2,521	3,500

Stephens	800	800
Schleicher	780	2,000
Stonewall	5,623	10,000
Taylor	16,247	21,000
Throckmtn	2,553	8,000
Tom Green	6,744	8,000
Young	2,853	13,000
Total	270,482	461,500

VISIT IN WELLINGTON

Mr. and Mrs. Wade T. Mahan spent Saturday night and Sunday in Wellington, visiting with Mr. Mahan's parents, Mr. and Mrs. J. A. Mahan, and with other relatives and friends.

Mr. and Mrs. Travis Martin of Seymour visited with Mrs. Martin's parents, Mr. and Mrs. M. H. Reeves, last Sunday, and attended the wedding of Miss Mildred Burnett and Ray Howard.

Mr. and Mrs. Otis Burnett and children of Denver City visited relatives and friends here over the week end.

Highway Dept. To Be Affected By Conscription

Austin, Texas.—The State Highway Department with an average of 8,500 employees the year round is vitally affected by legislation passed by Congress which may call to active duty all active reserve officers and officers and men of the Texas National Guard units.

"Many of our men belong to the National Guard," the State Highway Commission stated, "and a large number of our engineers are reserve officers subject to call." "The Texas Highway Commission has notified all its employees that those who are called for active duty with our country's defense forces will have a job with the De-

partment when they return." Every man in the organization, from the Highway Commissioners on down, is ready to do his part, whether it be active military service, improvement of needed military roads or routine work needed to keep present highways in shape to carry military or peacetime traffic.

Without definite knowledge of military service plan for the future, it is impossible to predict to what extent the passage of this legislation will affect our employees. The guarantee made by the Department to every man called is that he will have, upon his return, a job of the same grade and with a salary status at least equal to that held at the time of his departure. Men promoted or employed to replace employees called to duty will be returned to their previous status.

HEFNER NEWS

The Hefner school is scheduled to open September 30.

Mrs. Jay Marlowe and daughters visited Carlsbad Cavern last week on a sightseeing trip.

Leo Jones left for Sweetwater to teach school, which opens September 9th. Leo spent his vacation with his parents in this community.

Elder J. L. Gray filled his appointment at the Baptist church over the week end.

Mrs. Nanny Heathe of San Antonio is visiting her brother, C. E. Haskin, who has returned from a trip to the coast.

Mr. and Mrs. Horace Boggs and son, Billy of Hemet, California, are visiting his mother, Mrs. Lee Boggs this week.

Misses Omitea and Wynell Bar-

nett have returned from a visit with relatives in Fannin county.

Mrs. W. A. Harris was called to Little Rock, Ark., to the bedside of her mother, last Friday.

Chas. K. Johnson and wife of Wichita Falls visited in this community recently.

The Holder family reunion was held September 1 and 2 at the home of Ben Holder. All the family and friends enjoyed the visit the good eats.

Officers Named For Speech Class

Fifteen students in the new speech class elected officers in their study of Parliamentary Law last week.

Officers are: Chairman, Doris Howell; secretary, Evelyn McGraw; captains, John Broach and Patsy Ruth Michell; score keepers, Emogene Nelson and Eliza Moore.

Students: Evelyn McGraw, Doris Howell, John Broach, Patsy Ruth Michell, Emogene Nelson, Eliza Moore, Audrey Phillips, Nell Veda Claborn, Vera Conwell, Charles Baker, Evelyn Reeves, Polly Sillman and Doyle Jones.

Salesmanship, speech fundamentals and personality are now being studied.

Jerry Kane, who is attending school and working in Lubbock, spent the week end here with relatives and friends.

Miss Estelle Whorton visited her mother in Knox City several days last week.

Mmanuel Medley of Santa Rosa (New Mexico, visited relatives and friends here last Monday.

The FAIR Store

I GIVE YOU TEXAS

By Boyce House

How do you go about writing a book?

Well, in case you are figuring on doing one, be assured it's a lot of work—at least this commentator has found it so.

Take "Were You in Ranger?" for example. Upon returning to Texas in 1920 (I had spent several years in the State during my boyhood), it was my determination to write about the romance of oil. So when, in response to a bunch of letters sent out to newspapers over the State, R. K. Phillips—publisher of the Eastland Daily Oil Belt News—wrote that he needed an editor in that oil town, "Here," said I, "is my opportunity."

But being the one-man staff of a daily paper is a full-grown job and for 10 years—including Cisco and Ranger, likewise oil towns—there was too much to do in the way of writing up killings, accidents, new wells, football and other day-by-day happenings to think much about the proposed book.

However many incidents were stored away in memory; there was a sub-conscious accumulation of colorful incidents and, on quiet Sunday afternoons the dust was blown off the old files of the Ranger Times any bygone events were studied.

When J. R. Record, managing editor, offered a job on the staff of the Fort Worth Star-Telegram, for me was less responsibility (a petew had just one "run" and not vice whole paper to carry on his shoulders). Then began a spare-search of the files of the Star-Telegram for 1917 through 1920. By the big, flat volumes, wrapped in heavy brown paper, were on the shelves in the Public Library and could be reached only by climbing on a chair. There was no room on the narrow balcony and so a heavy iron railing in front of a window and your author stood for an hour. When a news item bearing on the Eastland county oil boom was found, the volume was balanced awkwardly with the left hand and notes were jotted down. No doubt the library force would have made the task much less arduous had their aid been asked but I didn't want to tell them I was working on a book when I might never be able to write it.

Here is an odd thing: It was necessary for me to leave Eastland county in order to get the per-

spective but, during this research in Fort Worth several trips back to Ranger had to be made to talk to people about boom events when I used to see those very people every day while living there.

You've got to have some luck, too. By co-incidence, I ran into Gene Reynolds on the street in Fort Worth and, in a long interview, he unfolded the criminal element that Parrish conquered in Ranger—(Gene himself was desk sergeant there and later chief of police) and this information was the basis of the most exciting part of the story. Then I encountered Dick Hodges in Fort Worth and he told about the time he was offered \$50,000 just for his photograph. Then I ran into J. W. Knightlinger, veteran railroad man, and he related the forcible crossing of the T. & P. by the Jake Hamon railroad at midnight.

After filling a fat notebook, it was necessary to allow the material to take shape in my mind for a year—in other words, 10 years of living in the oil fields, one year of concentrated research and interviewing, one year of study—before a single word was written. The actual writing of the book took only six months of spare time.

But, now that the manuscript was completed, could a publisher be found? It looked as though the answer would be No, for six houses rejected it. Finally, a small company in Dallas accepted it. Then came the question, would anybody be interested? Maybe the writer was the only one who cared anything about the Ranger rush, the greatest in the history of oil. In five weeks, however, the book was out of print; every copy of the first printing had been sold!

It went into a second, a third and a fourth edition. That was several years ago, but there has been a revival in the demand for "Were You in Ranger?" in the last two months because of this columnist's connection with the big Texas oil movie, "Boom Town."

Anyhow, there is the story of how you write a book.

Here's an old joke: Ikey and Moe were walking along on a very cold morning. Ikey, who had been talking suddenly became silent. His friend said, "Say something." Ikey retorted, "Freeze your own hands for a while."

A man hung out a sign, "A Swindler, Real Estate." A stranger said, "Why don't you use your first name instead of just the initial?" Swindler said, "I can't; my first name is Adam."

Farewell Announcement
A minister amazed his congregation one Sunday morning with this announcement:
"You don't love me because you don't pay my salary. You don't love one another, for there are no weddings. And God doesn't seem to want you, for nobody dies."

Now, since I have the honor to have been appointed chaplain of the penitentiary, this will be my last Sunday among you, and I will ask the choir to stana and sing, "Meet Me There."

No Help Needed
As the ship was about to leave the harbor, an old lady was knitting on the deck.
"Cast off there," shouted an officer.

"Thank you officer," said the old lady tartly, "but I am quite capable of doing my own knitting."

Patient: "What do you charge for extracting a tooth?"
Dentist: "Five dollars."
Patient: "Five dollars for only two seconds' work?"
Dentist: "Well, if you wish, I can extract it very slowly."

Mr. and Mrs. Levi Bowden spent the week end with Mrs. Bowden's mother in Megargel.

Merchants Turn To Cotton

Cotton merchants of the exchanges of New Orleans, Dallas, Houston and Memphis recently celebrated a special Cotton Day by coming to the floor in complete cotton outfits. In New Orleans exchange members endorsed the idea by giving a unanimous observance to Cotton Day. Wearing cotton suits at the New Orleans Exchange are (left to right) Henry Plauche, secretary; Garner H. Tollis, president, and Jao. N. Stewart, vice-president.

WEINERT SCHOOL NEWS

YOUTH SPEAKS

Today America is tottering precariously on the abyss of destruction. The fate of America, and with it the fate of the universe, rests heavily upon the shoulders of Youthful America.

I am a young American High School graduate of 1940. I am facing facts soberly, for the things that are happening in Europe and Asia today are going to influence what happens in America tomorrow. The overwhelming majority of young Americans are of this same view.

We young Americans have recently read of the trials and sacrifices of early American pioneers to the end that posterity might benefit from liberty. Our youthful minds little dreamed as we read those things that in the very near future we too would be called upon to sacrifice for America and freedom. Sacrifice for freedom was a remote possibility.

The same Hitlerian aggression in Europe, Austria, Czechoslovakia, Memel . . . then Poland, and simultaneously France and England declarations of war upon Germany. Ancient, those declarations of war . . . we did not realize or understand what would ensue.

War—The incessant thunder of exploding artillery shells, the terrific detonations of high-explosive bombs! We had read of such

things, but did not know what it would mean to live through a time when somewhere in the world such things were actually occurring. We were astounded.

Since that fateful morning when all of America arose to hear the news that Nazi troops had resorted to force in the German-Polish controversy, many historic events have occurred.

The greatest in the minds of us non-belligerent Americans was the crushing of France. This event simply goes beyond our imaginations. We young Americans saw the enormous French sacrifice for democracy; we saw the young boys of our own age go down before the blows of the German juggernaut. They went through inexplicable horrors and agony, which all proved to be in vain.

This endowed young America with the fear and sense of freedom. We saw the result, the demoralizing result, of defeat in modern warfare. It was obvious enough to us that liberty of the individual in France had greatly brought on catastrophe.

Now the British Empire is facing complete disintegration by the forces of world-domination. Well enough do we know that the German Fuehrer and the Fascist Duce intend to catch America in their maelstrom of war. There is a

great division of opinion in the question whether England will be annihilated. But we are forced to pretend that it will be crushed by the Axis powers, and that we are next on their systematic timetable of destruction.

Before Congress today is the question of Compulsory Military Training. There can be only one answer by American Youth.

We want Military Training, and it might as well be compulsory as selective. We want to serve this nation which has thus far served us so well. We want to show our elders who jeer at American Youth that we can and will defend the heritage they have given us.

We regret that it must be in this manner that we prove our worth and loyalty, but the outside influences bring this about. Interior conditions in America make it very difficult for American youth to prove what they are made of; anterior conditions right these.

Little does Youth realize the things that lie ahead. Perhaps it is better that we do not. At any rate, we shall sacrifice all that posterity may enjoy freedom in the modern sense.

But one thing we are agreed upon: we do not desire to fight another man's or another country's war. We will not consent to sacrifice ourselves on foreign battlefields for petty purposes closely knit with other nations. We salute one flag; we will gladly fight, and if necessary, die, for that old flag. To this, Youth pledges itself.

A united Youth trusts the leadership of the sage old men who hold the responsibilities of operating our government. And when the time comes, Youth will shoulder arms to resist any or all invaders attempting to obliterate our freedom. We young Americans want to learn how to be good soldiers in preparation for any eventuality.

We know the result of unpreparedness. Train us, America, and we will repay our debt by services in peace or war.

A Weinert Senior of 1940

The Weinert school has begun work in earnest, and all departments are functioning normally. The faculty has four new members this year as follows: Mr. Davidson, coach, Mr. Allen, of Commerce, band director, Miss Murrell Montgomery of Abilene, commercial work and Miss Smith of Tuscola, second grade.

The large student body is cooperating with the faculty in the crowded condition due to the building program, and little difference is noticeable in the amount and quality of work being done now and previously.

Ex-Students

A large number of ex-students are going away to college this fall, while many others are returning for post-graduate work here. Among those going away are Althea Liles, Louise Muston, Juanita Duff, Jeanette Weinert, and Helen Thomas will go to North Texas State Teachers College, Denton. Frank Cadenhead, Jr., W. T. Johnson, Maurine McBeth, and Ruby Rainey will attend Hardin-Simmons University at Abilene. Herman Josselot and R. S. Sanders will attend McMurry College at Abilene. Opal Dunham and Winston Palmer will enter the State University at Austin.

The Senior class had their first class meeting during the first week of school. We elected our sponsor, Mr. Perrin, and the officers.

President, Juanita Gordy. Vice-president, Granger Jenkins. Secretary, David Sanders. Treasurer, Clarence Sparkman. Reporter, Delphia Lain.

We have mailed orders for our rings, which, we think, will be pretty. We also selected our invitations and hope to send the order soon.

Our sponsor, Mr. Perrin, has some candy which the Seniors are selling to apply to our funds for a senior annual trip.

The Junior class had a class meeting for the purpose of electing a class sponsor and officers for the year 1940-41. The following were elected:

Sponsor, Mr. Allen. President, Jewel Norman. Vice-President, Philip Cadenhead. Secretary-treasurer, Margaret Duff. Reporter, Margaret Therwhanger.

Mr. Sullivan (looking over Dr. Cadenhead's farm with Philip): "Why don't you get some new devices on the farm and start modern farming? Why that tree there won't bear ten peaches a year!" Philip: "No, I guess not; It's a plum tree."

Echoes From the Second Junior Class Meeting

"I move we have a hayride" "Who ever heard; if we have one I won't come." "I move we have a skating party." "I wish you would shut up." "Let's PLEASE be quiet so that we can attend to business." "I second the motion." "If you don't sit down I'll knock you down." "No, you are not listening to the European war, just to the Juniors' "

second class meeting . . . well, what we decided will be in the next issue.

Sophomore Class Elects Officers

The Sophomore class met September 4 to elect class officers and a sponsor. Those elected are as follows:

President, Leona Havran. Vice-president, Warren Johnson. Sec'y-treasurer, LaVerne Linville. Reporter, Bruce Edwards.

Our class sponsor is Mrs. Iva Palmer, and our room-mothers are Mrs. Cecil Jones, Mrs. Perrin, and Mrs. V. Williamson. We are expecting to have a wide-awake class this year.

News from Weinert

Freshman Class
The freshman class met September 2 and organized. The following officers were elected:

President, Roderick Duff. Vice-president, Clifford Thomas. Secretary, Imogene Driggers. Treasurer, Pauline Sanderson. Reporter, Joanna Honea.

The class elected Miss Murrell Montgomery as their sponsor. We plan to have a weiner roast next week. Further plans for the weiner roast will be announced later.

Rev. and Mrs. W. R. Bryant and little son returned home last week from Fort Worth and Sherman, where they have been during the summer. Rev. Bryant, who has been attending school in Sherman, will be in full charge of his pulpit at the Presbyterian church during the remainder of the year.

Employee: "May I have the afternoon off to go shopping with my wife?"

Boss: "No."

Employee: "Thanks."

Cattle Prices Are Steady For Auction Sale

A good run of cattle and hogs were sold at auction last Tuesday. All classes of cattle were fully steady, while some of the in-been grades were somewhat high.

"We still have good demand for butcher hogs," the sales barn operator said, "and assure you that they bring top market prices. We will buy your hogs at 50 cents under Fort Worth packer prices daily. We have good active demands for butcher cattle each week, with some good buyers here."

Some of the prices paid during the day were: Good beef bulls, \$65 to \$80; butcher bulls, \$52 to \$65; Jersey butcher bulls, \$35 to \$47.50; good beef cows, \$50 to \$65;

butcher cows, \$40 to \$65; canners and cutters, \$27.50 to \$40; good fat yearlings, \$52 to \$66; plain fat yearlings, \$35 to \$50. Some good stocker calves sold for \$43.

Ratliff Bros. plan to have scales installed by the next sale. This will entitle sellers to sell them by the pound, or by the head, just as they choose.

Sellers included E. E. Jones, A. Moore, Brown Derby, C. R. Elliott, D. G. Griffith, Henry Jones, Wardell Sweatt, R. M. Melton, T. E. Beason, August Peters, R. A. Guffey, J. B. Ferguson, J. B. Reneau, J. J. Smith, Grady Thornton, F. H. Russell, Delmar Hill, M. Lane, Ike Gresham, Frank McCauley, R. W. Gov. O'Daniel To Visit In Munday

Governor W. Lee O'Daniel, who twice upset political circles by being elected governor of Texas by a landslide vote which gave him a majority over the entire field, will visit in Munday a short time next Tuesday. The exact time of his visit has not been learned.

Governor O'Daniel is on a tour of the state to interview members of the legislature, and announced his schedule Tuesday at the Mineral Wells Democratic convention.

The governor said Tuesday he had no intention of discussing governmental matters with members of the state legislative bodies. He gave as the purpose of the tour that of getting acquainted with the membership of the two houses. He will be accompanied by Mrs. O'Daniel, and part of the time by his sons, Pat and Mike.

O'Daniel is possibly setting a precedent by this tour and visit to the legislators. It will be his first time to visit Munday as governor of Texas; however, he spoke here in 1938 when he was a candidate for governor.

The governor's scheduled stops during the tour, which began Wednesday, is as follows:

September 11, Jacksboro, Bridgeport, Bowie and Henrietta; Sept. 12, Wichita Falls, Chillicothe, Miami and Pampa; Sept. 13, Amarillo, Floydada, Matador and Dickens; Sept. 14, Lubbock, Snyder, Sweetwater, and Odessa; Sept. 17, Abilene, Stamford, Munday, Throckmorton and Graham; Sept. 18, Breckenridge, Eastland, Cisco, May and Comanche.

Goree Team ...

(Continued from Page One)

Much credit must be given the three arbiters for this classic—Reid, Stodghill and Bivins, as they handled the series in a very impartial manner.

Although they met humiliating defeat, the Raiders wish to congratulate the victors, and their only regret is that the season ended entirely too soon, as they thoroughly enjoyed meeting the Goree team.

Sheriff Louis Cartwright of Benjamin was a business visitor here last Tuesday.

Mr. and Mrs. Deaton Green and children spent the week end Wichita Falls, visiting Mrs. Green's parents, Mr. and Mrs. F. H. Newson.

Mr. and Mrs. H. B. Leathers and little daughter of Paducah visited friends here one day last week.

Joe Nelson of the Sunset community is leaving Friday for Austin, where he will enroll in the university as a medical student.

Mr. and Mrs. Jimmie Harpham were visitors in Dallas over the week end.

Miss Lucille Pterus has returned to her home in the Rhineland community after a week's visit with relatives in Wichita Falls.

W. W. McCarty was a business visitor in Lubbock and Levelland several days last week.

Mr. and Mrs. A. P. Barker and son of Lockney spent a while here last Monday, visiting Mrs. Barker's sister, Mrs. C. P. Baker, and Mr. Barker.

Mr. and Mrs. Gene Witt of Sweetwater came in Thursday for a few days visit with Mrs. Witt's parents and sister, Mr. and Mrs. C. E. Binnion and Mrs. Don Ferris.

Three new buildings at the University of Texas will be constructed this fall. They are a \$400,000 Music Building, a \$200,000 Petroleum Engineering Building, and a \$200,000 Chemical Engineering Building.

Of the rain that falls on the soil, only about 50 per cent is available for plant growth under average conditions. The other half is lost through run-off and evaporation.

Roads made from a combination of molasses and coal tar have proved practical in India.

Poultry may now be dry-picked on a machine invented in Great Britain and introduced in the

United States. One operator in a Brooklyn establishment is reported to have averaged 50 chickens an hour.

Infants can be given meat as early as 10 days after birth with no digestive or kidney disturbances, according to Dr. Leo K. Campbell, of the University of Chicago, who says the only requirement is that the meat must be scraped so that chewing is not required.

Bathing Beauty: "You really want my picture, why?"

Good Young Man: "I want to put it up on the wall so the Lord can see how I was tempted."

Weekly Health

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Austin, Texas.—"Sporadic outbreaks of food poisoning over the state in the past few weeks demonstrate the need for special care in handling and refrigerating any food that must be prepared some time in advance of serving," said Dr. Geo. W. Cox, state health officer.

"Prevention of food poisoning requires clean food handled as little as possible and consumed while it is fresh. Food prepared hours before serving, and allowed to stand at warm temperatures becomes good culture media for bacteria. Cooked products of a perishable nature are readily subject to decomposition, and must be kept well refrigerated.

"Most food poisoning is caused by infection by certain types of bacteria which grow rapidly under favorable conditions, such as high temperature and high humidity. The infection may come from dirty hands, utensils, flies, rodents, contaminated water, infected food materials, and in some cases, from certain bacteria which spread rapidly and are not necessarily associated with filthy conditions.

"Picnic is particularly susceptible to transmitting food poisoning to the members of a picnic party. Be sure you have fresh, clean food, free from stagnant odors, slime, etc. Require all who prepare the food to wash their hands thoroughly before handling it. Avoid excessive hand contacts with the food. See that clean containers are used and that special care is exercised in wrapping foods and in protecting them from contamination.

"If food is prepared far in advance of its use, cook it thoroughly, and keep it refrigerated or otherwise protected at a temperature under 50 degrees F., until you are ready to use it. Avoid serving foods that are readily infected, such as the more perishable salads and cream-filled pastries. Any foods that are not to be served immediately should be kept on ice. Milk, ice cream, and dairy products in general should be from approved sources.

"Digestive upsets cannot always be blamed on the food served or eaten at an outing. Sometimes excessive heat and humidity combine with over-exercising and over-heating, as well as over-eating, help to bring them about. Remember this, and don't indulge in too strenuous exercise when the days are hot and muggy. Don't indulge, either, in unwise combinations of food," Dr. Cox further warned.

KATIE BELL SWEATT IS IN BUSINESS COLLEGE

Miss Katie Bell Sweatt, daughter of Mr. and Mrs. L. C. Sweatt of Munday, is now taking an advanced secretarial course while attending Draughton's Business College. At present, Miss Sweatt is taking accounting, touch typewriting, penmanship and commercial arithmetic. She is attending the Lubbock college.

HERE FROM OKLAHOMA

Mr. and Mrs. J. E. Womble of Moreland, Okla., spent the week end in Munday, visiting with Mr. Womble's mother, Mrs. A. E. Womble, and with other relatives and friends.
