Number 13

DRAFT MEASURE CALLS YOUTH TO SERVICE

Moguls Down Roscoe 18-0 in Season Opener

Playing with a handicap, in that Yancy, star Mogul player was not in the game, Coach Billy Cooper's Munday Moguls set the pace for a successful season last Friday night by winning the season's opener from the Roscoe Plowboys by a score of 18 to 0.

Yancy, who is the main cog in the Mogul machine, watched the game from the sidelines. His eligibility to compete in the 1940 season is being questioned by other teams in the district, so he played the role of spectator rather than forfeit his team's right to continue in the conference.

It was Munday all the way Friday night, with outstanding play being made by linesmen Tidwell, Wham, Kitchens and Capt. Walton to break up all efforts of the opposition and open large "windows" in the Plowboy line to let the Mogul backs through. Outstanding in the backfield were Stephens, Patterson and Moore.

Munday chalked up 10 first downs to 3 for Roscoe. The visitors failed to make even one first down until they inaugurated a brief but effective aerial attack in the last quarter.

Winning the toss, Munday chose to receive on the kickoff. The first score of the game followed a sustained series of line drives. Patterson plunged over for the counter before the Moguls lost possession of the pigskin.

In the third quarter Munday recovered a fumble on the visitors' 25-yard line. Ray Moore, whose passing ability is, without question the best ever displayed on a Mogul team, tossed the oval to Stephens for the second tally. In the fourth, Moore passed 30 yards to Patterson for the final score. All attempts at conversions for extra points came to naught.

Munday rolled up 253 yards rushing during the game, as compared with 77 for Roscoe.

Thus the Moguls avenged their 99 to 7 defeat at the hands of the Plowboys several years ago.

Local Golfers Downed Sunday By Truscott

Thirteen Munday golfers, headed by W. H. Atkinson, president of the Munday Country Club, journeyed to Truscott last Sunday afternoon and took their beating at the hands of Truscott's players. Four local men won their matches, and nine went down in defeat.

Winning their matches were L. S. Hardegre, L. M. Palmer, Wade T. Mahan and Winston Blacklock.

Items Needed In Lunch Room Project

As co-sponsors of the federal lunch room project, the Munday P.T.A. asks your cooperation in furnishing the items listed below: Large coarse strainers, case knives, large wooden stirring spoons, long handle steel forks, measuring cups, quart measures, vegetable brushes, can openers, dish cloths, dish towels, hand towels, pot holders, wire egg beaters, table spoons, spatulas, containers with covers for supplies, bread knife and board, measuring spoons, large bowls, pan cake turners, large mixing bowls, sifters, rolling pins, cheese graters, potato masher, juice extractors, chow girls.

You are invited to come and inspect this lunch room.

Mrs. A. L. Smith, Pres. P.T.A.

KNOX COUNTY SINGERS MEET AT KNOX CITY

The Knox county singing convention will hold its regular meeting on Sunday, September 22, at the Methodist church in Knox City.

A good program of songs and special numbers is promised for this meeting. J. C. McGee, president of the convention, extends a cordial invitation to everyone to attend this meeting.

Moguls To Play Seymour There Friday Night

Without the services of Forest Yancy, ace back who was ruled ineligible, the Munday Moguls will journey to Seymour on Friday night of this week for an encounter with the Seymour Panthers.

Seymour defeated the Moguls in their opening game last year, but the powerful team came back in the latter part of the season to avenge this defeat. Another win is predicted for Cooper's and Hext's proteges this week.

The Seymour eleven is as yet untried, so this game will be in the nature of a test game for this reason, as well as the fact that the combatants play in different districts.

Lack of Yancy is expected to be shown in the absence of running plays and the substitution of a passing attack, using Moore and Morrow and passers and Stevens and Patterson on the receiving end. Stevens and Patterson both scored last week on long passes, getting into the pay zone and remaining on their feet to touch the ball to the ground.

Many of Munday's ardent fans will accompany the Moguls to Seymour.

Forrest Yancy Is Voted Ineligible

Forrest Yancy, upon whom Coach Billy Cooper had pinned hopes of a winning football team this year, was voted ineligible at a meeting of the committee composed of superintendents of all schools of this district last Tuesday. The meeting was held in Stamford.

Supt. Breedlove of Haskell, chairman of the committee, presided at the meeting. Evidence of Yancy's eligibility was presented by Coach Billy Cooper and Supt. Colley, consisting of a family Bible in which was recorded Forrest's birth date, and statements of his mother, Mrs. C. W. Yancy, who appeared before the committee. Evidence of the opposition consisted of a photostatic copy of the county clerk's record at Coleman.

At conclusion of evidence, Yancy was voted ineligible by a vote of 6 to 2.

Munday P.T.A. To Sponsor Cake Walk Saturday

Cakes of all description, from devils food to angel food cakes, will be offered for the public's consumption in a cake walk to be presented by the Munday P.T.A. Saturday night at 7:30 on the square, according to Mrs. A. L. Smith, president.

Money earned will be turned over to Mrs. L. M. Palmer, head of the finance committee, who says that each ticket on the cakes will be ten cents. According to P.T.A. members the best cooks in the community have been chosen to bake the cakes and each woman of the 25 on the committee to furnish the cakes will be baking her specialty so a wide variety of excellent cakes is assured.

The public is invited.

New Fords To Be Displayed In Near Future

New 1941 model Ford cars and trucks will go on display here in the near future, according to word received today by E. H. Bauman, local Ford dealer.

Production of the new line was started earlier this year than usual and deliveries will start immediately after announcement day, according to Mr. Bauman's information.

The new Mercury 8 for 1941 will be introduced at the same time. While complete descriptions of the new models are still not available, advertising now being released indicates that the 1941 cars will be bigger than last year's and will have many important improvements.

Visits Here

Governor W. Lee O'Daniel, above, visited in Munday last Tuesday from 11 til 2 o'clock and made a short talk before a group of some 300 people who assembled on the city hall lawn. He was escorted to talk by those who gathered in front in The Times office to greet him.

O'Daniel explained that the purpose of his tour was not to make speeches, but to get acquainted with representatives and senators for the purpose of "ironing out personalities" before the legislature convened. He opened his talk with the remark: "You know, we had an election some time back, and it ended so suddenly that I just haven't been able to stop running."

6-Man Football To Be Played On Scruggs Field

On Thursday night, September 19th, Truscott's 6-man football team will engage the Sunset Eagles in their first game to be played this season. This game, which will be played on Scruggs Field in Munday, promises to be a very snappy game.

All reports indicate that Truscott has a formidable lineup this year, with letter men for each position. They also boast of speed and weight, two very desirable assets in this football game.

Sunset has a light, inexperienced team, however, they may be able to account for their side of the score. Everyone is cordially invited to come out and see the game, which will begin promptly at eight o'clock.

M. G. Nix, well known resident of the Sunset community was taken to the Knox City hospital last week for medical treatment.

Mr. and Mrs. Jimmie Harpham were business visitors in Abilene and Ballinger last Monday.

B-Bar Ranch To Hold Hereford Sale in Munday

An event of interest to all cattlemen in this section will be the Hereford cattle sale, which will be held in Munday on October 1st by the B-Bar Ranch. Ed Bateman is announcing this sale in this week's issue of The Times.

Ten head of purebred Hereford bulls, two and three years of age, will be sold at the Munday Livestock Commission Co., sales ring. They are from registered cows and bulls, and a majority of them are already registered.

"If you want good bulls, ready for stock farm or ranch use, come to our Tuesday, October 1st, sale. You will not be disappointed in these cattle," Mr. Bateman said. All the bulls carry the customary livestock producers guarantee that they are without damage or blemish, and they will be reasonably priced.

New Chevrolet To Be Displayed Here Saturday

Bill Moore, owner of the Moore Chevrolet, today received word that the new 1941 Chevrolet will be formally introduced locally and nationally, Saturday, September 21.

Mr. Moore said he was not in a position to confirm any advance information on the new Chevrolet car, but indicated that it will be much bigger inside and out, than last year's model. Vacuum-Power Shift, original Chevrolet feature, will be standard equipment on all 1941 models at no extra cost. Mr. Moore said, and the new car will have an even sturdier and more modern valve-in-head engine.

"Chevrolet has led in motor car sales for nine out of the past ten years," Mr. Moore said, "and with this better-than-ever 1941 car, we certainly should repeat again."

Moore Chevrolet Company expects a big Fall upturn in new car sales, indicated by the large number of advance orders already placed by those who want to be sure of early delivery.

HAS OPERATION On the evening set for his departure for Lubbock to enter Texas Tech, last Thursday, Willard Bauman was taken to the Knox county hospital where he submitted to an appendectomy. He is reported to be recovering nicely, and expects to enter Tech next Monday morning.

Woodrow Myers left last Monday for College Station, where he entered A. and M. College for the coming school year.

GO TO CHURCH SUNDAY

Sunday, October 6, has been set aside by the Federation of Churches in America as "Go To Church Day." This is a nationwide movement.

All churches of Munday are cooperating in this movement, and urge all citizens of the community to attend their places of worship on that day.

A return to religion is the fundamental need of America. Business houses will be asked to cooperate on that Sunday by closing for worship places, closing for morning worship services.

Every Sunday should be "Go To Church Sunday, and pastors are especially urging a good attendance on October 6th.

John A. Miller Is Buried Here On Last Saturday

John Asbury Miller, well known in this county, died on Wednesday September 11, at a Wichita Falls hospital following a period of illness.

Mr. Miller was born in Coryell county on October 22, 1862, and died September 11, 1940, at the age of 79 years, 10 months and 21 days. He spent most of his early days at Granbury, Hood county, Texas.

He joined the Methodist church at the age of 17 years, and remained faithful to that belief until his death.

Mr. Miller was married to Miss Clyde Walls on August 27, 1886, and to this union seven children were born, five of whom survive: Jessie Asbury Miller on San Angelo, Ethel May Gilmer, Irene Reeves Washburn, and Lena Bell Mayfield, all of Munday, and John Gaston Miller, whose address is not known. He is also survived by 31 grandchildren and four great grandchildren.

Funeral services were held at Johnson cemetery at 3:30 p.m. last Saturday, conducted by Rev. H. A. Longino, Methodist pastor. Pallbearers were John Burns, Virgil Burns, Porter Blankenship, Joe Pierce, George Floyd and Lawrence Birkenfeld.

BERTHA STENGEL NOW IN BUSINESS COLLEGE

Miss Bertha Stengel, daughter of Mr. and Mrs. C. J. Stengel of Munday, has entered Draughon's Business College in Lubbock for a general business course. At present Miss Stengel is taking accounting, elementary typewriting, business arithmetic and penmanship.

Bill Dingus left last Thursday for Lubbock, where he entered Texas Tech for the school year.

Lumber Yard Is Burglarized On Thursday Night

Musser Lumber Co. Is Loser As Safe Is Broken Open

Burglars entered the Musser Lumber Co. office here on Thursday night of last week and were successful in getting a few dollars in silver after demolishing the combination and door of the safe.

E. B. Littlefield, manager of the yard, said the burglars entered the office through a side door. Using a sledge hammer, they battered the safe door until it could be pried open. The door, handle and combination were destroyed.

Only some silver and checks were taken, that being the only money left in the cash drawer of the safe. Littlefield, following his usual custom, took all currency from the safe when he closed the place of business on Thursday. Several of the checks were found between Munday and Weimert last Friday morning.

So far, the burglars have not been apprehended, having left only meager clues for officers who have been working on the case.

Woman Killed By Slow Train At Bomarton

Mrs. Tom Goosetree, about 55, was killed at about two o'clock Wednesday afternoon when a northbound Wichita Valley freight train struck her as she walked across the track in Bomarton.

Mrs. Goosetree was widely known in this section, and a prominent church worker. She apparently did not hear the train approaching and walked in front of it. Her body was badly mangled.

No one witnessed the accident and no inquest was held. The train was delayed about an hour.

Mrs. Goosetree had been to a Bomarton store and was walking home when the fatal accident occurred. The train was reported going slowly, and the engineer stopped the locomotive after three or four cars passed over the woman's body.

Surviving are the husband; two children by her last marriage, Tommy Lou and Sam Goosetree, and three children by a previous marriage, Leon, and Flint Bibb and Mrs. Ralph Miller.

Funeral services were held at six o'clock Wednesday afternoon from the Bomarton Methodist church, with Rev. L. M. Napper officiating. Burial was in the Bomarton cemetery.

Seymour Man Is Accident Victim

Weldon St. Claire, 28, of Seymour was killed last Sunday night when the automobile in which he was riding overturned six miles out of Seymour.

St. Claire with several companions was returning to Seymour from Munday when the car quit the highway and overturned several times. Other occupants of the automobile were not seriously hurt.

St. Claire was the son of Mr. and Mrs. J. T. St. Claire, well known residents of Seymour.

Skating Rink To Be Operated For Local Schools

Supt. S. V. Colley announced Wednesday that the school has just received 75 pair of fibre wheel roller skates in mixed sizes, and skating will be permitted at the grade school auditorium.

The rink will be open at 8:30 next Saturday night, and present plans are for skating to be permitted on Saturday nights. Complete details have not yet been worked out.

Proceeds from this activity will be used to purchase band uniforms, equipment for the lunch room and other school equipment. It was stated.

Many Youths To Register On October 16th

Governors of States Are Called on For Assistance

When President Roosevelt attached his signature to the draft act last Monday, plans were started for appropriating money and setting the drafting machinery in operation.

Roosevelt set October 16 as registration day for 16,500,000 young Americans now subject to compulsory military training, and said the nation was marshaling its strength to avert "the terrible fate of nations whose weakness invited attack."

The Chief Executive called upon the governors of the states to provide suitable places for registration, urged local election officials and other patriotic citizens to assist the registration boards and asked the registration boards to make the registration sufficient to give their employees sufficient time to present themselves and fill out the forms.

The new law requires that all who, October 16, have attained the 21st birthday and have not passed their 36th year must register. A national drawing by lot will determine the order in which questionnaires will be mailed to the men.

The local boards will select sufficient men from among those available for immediate service to fill the quota for their area, it was said. Those so selected will undergo physical examinations and, if they pass, will be inducted into service for one year.

Roosevelt said: "In military service they will be intelligently led, comfortably clothed, well fed, and adequately armed and equipped for basic training. By the time they get physically hardened, mentally disciplined and properly trained in fundamentals, the flow of critical munitions from factory to combat units will meet the full requirements for their advanced training."

"In the military service," he said, "Americans from all walks of life, rich and poor, country-bred and city-raised, farmer, student, manual laborer and white collar worker, will learn to live side by side, to depend upon each other in military drill and maneuvers, and to appreciate each other's dignity as American citizens."

Proclamation of the president fixed the registration date for October 16th.

Lunch Room To Open Thursday

Supt. S. V. Colley stated Wednesday that the hot lunch project in the local school will be placed in operation on Thursday of next week, if present plans now under way are not altered.

Workers in the lunch room started their training on Thursday of this week. The lunch room will employ a number of workers in addition to the supervisor.

Many items of food furnished by the WPA are available at Benjamin when the lunch room is ready to open, it was stated.

High School Band Has 48 Members

Munday's band enrollment is about 48 members. Drum Major is Sue Stodghill and majorettes are Core Jean Martin and Margaret Jean Womble.

About one-half of the band members have uniforms and school authorities hope that business men and fraternal organizations will help the band in securing more uniforms. Reason for the shortage of uniforms is the great increase in the number of band members. The uniforms are purple and gold which are the school colors.

Mr. Paul Martin is the band director.

ENTER TEXAS TECH

Mrs. G. R. Elland went to Lubbock last Saturday to take her daughter, Miss Maxine, and Miss Wilma June Burnison, who entered Texas Tech for the coming school year.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

GET FIRE ON THE RUN

Here's a date to mark on your calendar—October 6 to 12.

During that period Fire Prevention Week will be observed this year. And that Week isn't something to idly notice, then forget. Fire Prevention Week is carried on for you—and for all the other people of this country. It is carried on for your business, and every other man's business. It marks an intensive effort to awaken the American people to the terrible waste fire leaves behind it—and to show how fire may be conquered.

Fire Prevention Week is far more than usually important this year. Today, largely due to the rearmament drive, industrial production is on the upward curve, and is slated to go rapidly higher as the drive gains impetus. And the record shows that the danger of fire increases as production increases. That means that fire, if not controlled, can be a very real danger to our defense plans. It takes an intricate industrial machine to make the weapons we need today—all the agencies of manufacture, transportation and assembly must work with the precision of pistons. One bad fire in one key factory might delay for months the production of weapons which we sorely lack.

On top of that, special precautions must be taken against the arsonist and the saboteur—as our experience in other times of crisis grimly prove. Authorities expect efforts to sabotage the defense program—and fire is always regarded as a handy weapon by the purposeful destroyer.

Fire Prevention Week should be observed by all of us—by every man and woman able to read and listen and learn. This is one place where all, old and young, can be of great aid to the national defense program. Do your part!

5c A BALE FOR COTTON DEFENSE

Can cotton defend itself from the attack of substitutes, surplus, foreign competition, under-consumption and discriminatory legislation? On that question hangs the future of cotton and of all of us who depend on cotton.

There is one way out. It is expressed in the goal of the National Cotton Council: "To increase throughout the world the consumption of American cotton, cottonseed, and the products thereof."

Cotton is not consumed until it is sold to consumers in the form of finished products. If cotton is going to be sold to consumers, the primary responsibility for selling it is ours. Mills, manufacturers, and retail organizations—all are ready and willing to help us. We cannot grow rayon or linen or silk or jute.

Since cotton started fighting through the National Cotton Council two years ago, domestic consumption has been brought back virtually to the all-time high. Plans are ready for vigorous attack on the acute problem of foreign trade. Council scientists are now on the trail of new uses.

Our Council can keep up its vital and aggressive fight only with our support. A way has been provided, and arrangements have been made for us to put in our nickel a bale at the first point of sale, either to the cotton merchant, or to the gin or mill or warehouse acting as merchant. Our 100 per cent allegiance to the Council's nickel-a-bale fund for cotton's defense is vital to our job of getting cotton used and consumed.

For fifty years we cotton farmers have been talking about an organization like the National Cotton Council to defend our markets, and find new ones through judicious advertising, sales promotion, and intelligent research. At last we have it, and in two years, equipped with modern merchandising weapons, we have accomplished more than any of us thought was possible in so short a time. Our nickels will prove that a democratic industry such as ours, can organize successfully for total, successful economic war in behalf of our crop.

OSCAR JOHNSTONE,
President, National Cotton Council.

SOUND TALK FROM THE PAST

P. T. Barnum may have had some of the weaknesses generally credited to showmen, but he was highly successful and he ran a good circus where you generally got your money's worth. A word of advice from the man who operated the "Greatest Show on Earth" is therefore apropos at the present time.

Here's a very pithy declaration from Barnum's own lips:

"Advertise, or the chances are the sheriff will do it for you."

The Great Showman's estimate of the value of advertising is surely worth the attention of certain individuals, even some in high places, who are inclined to view it with contempt. Those who argue that advertising is a waste of money forget that it sells goods widely, helps to make mass production possible, and thus in the end leads to far lower prices for the average consumer.

Barnum understood these matters. It was perhaps when he ran into folks with a contrary view that he made a second famous remark: "There's one born every minute!"

Since 1935 the number of chemical patents in the United States—one important measure of progress—has increased 15 per cent, while the number of foreign chemical patents was decreasing 12 to 30 per cent.

Spiritual force is stronger than material; thoughts rule the world.—Emerson.

GEN. PERSHING AT 80

General John J. Pershing, one of the world's greatest living soldiers, and one of the few surviving officers who exercised high command during the first World War became 80 years of age on September 13.

Incidentally it may be mentioned that Pershing was born on Friday the 13th, and his 80th birthday also fell on a Friday. In his case the jinx does not appear to have been unlucky, although his life has been marked by one great tragedy. His wife and three young daughters were burned to death at the Presidio of San Francisco in 1915, one son surviving.

A native of Missouri, General Pershing was graduated from West Point in 1886, and was engaged in the campaign against the Apache Indians the same year. He served in the Sioux war of the 90s and in the Santiago campaign of 1898. He distinguished himself in a successful campaign in the Philippines that he was promoted from captain directly to brigadier general in 1906. In 1916 he commanded an expedition sent into Mexico in pursuit of the noted bandit, Pancho Villa.

Upon our entry into the World War, he was placed in command of the American Expeditionary Force in France, and for his distinguished services was made General of the Armies of the United States, a rank created especially for him by Congress in 1919. He was retired from active service in 1924.

The nation extends congratulations to its first soldier on his 80th birthday, and wish for him many more years in which to enjoy his well-earned honors.—Haskell Free Press.

ABOUT THE MACHINE TOOLS

The public demands utmost speed from government and industry in their current job of providing this country with sufficient equipment to meet its national defense program. When the public hears reasons advanced for delay, it wants to know the facts. And it's entitled to them.

On that account, having heard frequent mention of the problem of our national defense industries are having with "machine tools" we decided it would be a good idea to find out more about this matter.

This seems to be the story:

Of course vast numbers of machines are needed to make tanks and guns and airplanes. But did you ever consider that, before the armaments are produced, "super-machines" must be put to work to make these vast numbers of regular machines? It's the opposite of Dean Swift's little verse about the little fleas who

"... have smaller still to bite 'em,
And so proceed ad infinitum!"

The super-machines in question are known as "machine tools." Most of these huge machines that can cut metal like butter and shape it to desired form are enormously complicated and expensive. Machine tools can't be made in a day under any circumstances; and the increased demand for them because of the national defense emergency has made the problem of production even more complicated.

That's why there's nothing hypocritical connected with industry's statement that machine tools are causing a lot of delay and defense headaches. These delays are being cleared up as rapidly as possible. In the meantime, public understanding of the difficulties involved will be a real contribution to progress.

Thirty years ago there was a prize of \$10,000 offered for the first successful airplane flight from New York to Albany. There's one industry in which giant strides have been made in less than a single lifetime!

The average printer annually fills in nearly 3,000 spaces on government tax blanks. And in connection with the filling-in of these forms, there are more than 30,000 words of instructions for him to read.

Industrial research has made it possible to turn salt into road surfacing materials and also into fertilizer.

There are 40,000 direct jobs in paint, varnish, and lacquer factories in the United States.

THEY SAY!

"In reality, the traders, with their wealth and energy and activity, were the first influential civilization. It was the towns and cities, as the name 'city' implies, that gave rise to what we call civilization; and it was the traders, the merchants, and the carriers that made these aggregations possible... so from the earliest days we find banking, shipping, and mining, and all the complementary fields of industry and commerce, so closely associated with the bolder spirits who were so engaged."—Carl Snyder, author.

"Our job is to save America for ourselves and our way of life. The soul of that way of life is the supremacy and freedom of the individual in a state organized to serve him, not to enslave him. The price of survival of that precious heritage is discipline, clear thinking and thorough organizing of our industrial and military resources for our own selves and our own interests."—Basil C. Walker, economist.

FARM TRENDS DURING 1940

Farm income from marketings during the first six months of 1940 was up 296 million dollars over figures for the same period of last year.

The increase came from improvement in domestic demand, which more than balanced dwindling exports, T. R. Timm, economist of the Texas A. and M. Extension Service, states in an analysis of the USDA Bureau of Agricultural Economics report.

Some further improvement in domestic demand is indicated. No boom, no runaway prices are in sight—simply a sound advance stimulated by increased industrial production of national defense. Supplies of food and feed are more than ample.

The outlook for exports of farm products is very unsatisfactory as European markets which furnish an outlet for about one-third of U. S. exports or farm products are now closed. Cotton is hit worse than any other commodity.

Cotton growers, faced by a gloomy export picture, find some consolation in increased cotton mill activity in this country. Domestic mill consumption for the current marketing year now seems likely to reach 7,750,000 bales; an increase of almost a million over the 1938-39 total of 6,858,000.

The U. S. wheat supply for the current year is about the same as for last season—a billion bushels. An increase of around 25 million bushels in the carryover is offset by a similar decrease in this year's crop. World wheat supplies appear to be from 100 to 200 million bushels less than a year ago, but holdings are still about double the normal export trade.

Gems Of Thought

THOUGHT—IT'S POWER
The greatest events of an age are its best thoughts. It is the nature of thought to find its way into action.—Bovee.

All thoughts that mold the age begin deep down within the primitive soul.—James Russell Lowell.

Right thoughts and deeds are the sovereign remedies for all earth's woes.—Mary Baker Eddy.

Secret study, silent thought, is, after all, the mightiest agent in human affairs.—Channing.

Be still, and know that I am God.—Psalms 46:10.

ALMOST TWICE AS MANY

Applications from 568 one-variety cotton groups for free-classing and market news service under the Smith-Doxey Act have been recommended to the Division of Cotton Marketing USDA for approval by the Texas Cotton Review Committee, E. A. Miller, agronomist of the Texas A. and M. Extension Service and chairman of the committee, has announced.

This is almost twice as many applications as the 287 received in 1939. The cotton will be classed by the USDA Agricultural Marketing Service, which maintains offices at Dallas, Austin, El Paso and Lubbock, and the grades and classes will be accepted by the Commodity Credit Corporation as the basis for making loans, Miller said.

The service enables farmers in the one-variety groups to know the official grade and staple of their cotton, as well as the price being paid for that type of cotton at the central markets.

Cuba's four million people bought \$1 million dollars worth of farm and factory products from the United States in 1939.

A bulletin entitled "Soybeans for the Table," has been issued by the Bureau of Home Economics, U. S. Department of Agriculture, and is available free upon request.

Rough-ginned cotton costs Texas farmers from \$1.50 to \$10 a bale. Much of this loss can be prevented if only dry cotton is carried to the gin.

The Correct Change, Always...

... WHEN YOU PAY BY CHECK

The convenience of a checking account is pretty well known. But the fact that paying by check is really considered economical is not so well known. You will be interested in knowing the details of this service. We will be glad to explain it to you.

SENIOR NYA AIR MECHANICS UNIT OPENS DUNCAN FIELD

Austin, Sept. 11—Operation of the National Youth Administration air mechanics resident center at Duncan Field Air Depot near San Antonio to train 100 youth in the repair, construction, and maintenance of airplanes and airplane engines was initiated Wednesday under the sponsorship of the United States Air Corps, J. C. Kellam, state NYA administrator, announced.

Designed to become the senior unit of the eight NYA air mechanics projects operating at South Houston, Marshall, Waco, Fort Worth, Ranger, Canyon, Tyler and Dallas, the new center will provide the youth 44 hours of actual shop work and related training a week.

An additional 25 boys will receive work experience as cooks, helpers, waiters, and clerical assistants.

Approximately 1,000 Army mechanics at the Air Depot repair all Army planes in the 8th Corps area, and it is in the Depot shops that the NYA boys will receive their training, under the direction of the shop personnel and the supervision of Colonel Henry J. F. Miller.

A short wave transmitter will also be set up at the project, with classes in radio transmission to be held nightly in addition to the shop work done by the boys.

The San Antonio public schools, through the Trades and Industries Division of the State Department of Education, have been requested by the NYA to provide instructors for the related experience classes which the boys will attend.

"Opening of the Duncan Field Center marks another advance in the program of the National Youth Administration of Texas to provide unemployed young men with work experience and training that will enable them to hold jobs in private industry and that will contribute to the program of national defense," Kellam said.

The motto of a real sportsman: "Take a boy hunting or fishing."

Some of the common bunchgrasses range in protein content from as high as 14.5 per cent in the spring to 2.5 per cent in the fall.

Cash receipts from National Forests totaled \$5,859,183 for the past year, according to the USDA Forest Service.

Constipated?

"For years I had occasional constipation, awful gas bloating, headaches and back pain. Adlerika always helped right away. Now I eat sausage, bananas, etc., anything I want. Never felt better." Mrs. Mabel Schott.

AMOUNT OF PENSION CHECKS RAISED

September pension checks, mailed out last week to aged Texas citizens, will average \$11.16 each, the Department of Public Welfare reported.

This is an average increase of 30 cents over checks for the previous month.

With the final payment of money borrowed to finance old age pensions being made to a Dallas bank this month, officials in the Welfare Department hoped that November checks would be back to the \$14 level from which they were cut in September, 1939.

Chas. Haynie, Jr., who is at Harding-Simmons University at Abilene, visited home folks here over the week end.

Freshman Report

In one way the Freshmen are glad that summer school will close Friday, but in another way we are sad because we will have to go out and pull cotton after school ends. But everybody gets tired, too, of going to school all the time.

The study of outlines is very interesting. We have learned some valuable rules in outlining. Our task now is to apply these rules.

The Freshmen wish all an enjoyable vacation. And don't work too hard.

After being in session for six weeks, our school will dismiss for several weeks in order that the school children will have an opportunity to help their parents gather their cotton.

Everyone seems to have enjoyed the summer term. Students and teachers are high in their compliments. That kind of spirit moves mountains. Let's bring it along next fall.

Senior Report

The Seniors wish to tell everybody goodbye until after cotton picking. We have enjoyed the six weeks of summer school, and hope everyone will return in the fall with the ambition to work hard the long term of school.

In economics we have learned that creative labor is a divine road to the deepest satisfaction in life. We have also learned the difference between work and play.

There is a long tale which goes like this:

Some men cut off a log at the top of a mountain and carried it down with great difficulty. When they got down the boss asked them why they didn't roll it down, because it was so much easier. They said they hadn't thought of that, so they carried it up the mountain and rolled it down.

Junior Report

The happiest moment in our six weeks of school seems to be that the summer term will end today.

In geometry we are progressing rapidly. We are topping off our work by a thorough review. The girls are getting more interested in typing although the boys are yet 'way ahead of them. Of course we know the story of the hare and the tortoise.

In English we are doing very well in correcting sentences even if we don't get the gerunds sometimes.

Here's wishing everybody good cottonpicking until next fall.

Sophomore News

The Sophs have organized a club which they named the Happy-Go-Lucky club. Our motto is never follow, but lead.

The following officers were elected: Elsie Schumacher, president; Kenneth Blaschke, vice-president; Mildred Stengel, Bernardine Homer, and Weldon Herring on the program committee. Bernied Kuehler, Theresa Franklin, and Francis Redder are on the rules committee.

In economic geography we are studying about coffee. We learned that Brazil produces two-thirds of the world's coffee, that the average person in the United States uses twelve pounds of coffee per year, and that the tree bears coffee beans for many years.

In English we have learned that we must not shut our teeth, not look at the ceiling and windows but to look at the audience when making a speech.

We Wonder Why—

Elsie is so glad school will be out.

Mildred likes to go to instructions.

People, Spots In The News

YOUNGEST DOUBLES CHAMPS in 59-year history of national tennis tourney are Ted Schroeder (left) and Jack Kramer, both 19-year-old Californians. Teamed together for only eight months, they stormed through veteran Henry Prusoff-Gardnar Mulloy pair in straight sets, 6-4, 8-6, 9-7, in final of U. S. title meet at Brookline, Mass.

TUNING UP for coming American Legion convention at Boston, Sophie Tucker, "last of the red-hot mammas" and star of gigantic Cavalcade of Stars, feature entertainment of the meeting, sings out "God Bless America" while John Stringer, adjutant of Schenley Post No. 1190, sponsor of the Cavalcade, lends an ear.

PART WAY TO JAVA, these seven-year-old twin refugees from Brussels, Belgium—Johannes and Francis de Baat Doelman—ponder the sad state of the world as they wait on a Jersey City dock before resuming their long journey to Java in Dutch East Indies.

Kenneth wanted to sit on the book shelf this morning. Francis is so busy during study periods.

Our reporter pinches so hard. Thereisia likes the story of the rabbit losing his tail trying to catch fish.

Grade School News

We, the pupils of room four, have done the best we were able during the first month of school, and Miss Albus thinks we're one of the best groups of industrious students that she has even associated with.

We have a "Roll of Honor" and a "Perfect Attendance" roll on the blackboard. To get on the "Roll of Honor" we must have an average of at least ninety in each subject, including our citizenship grade. To be on the perfect attendance roll we must be at school every day of the month, have an average of 70 or more, and a citizenship grade of 90. This shows that it pays to be good—in behavior, especially.

Those making the Roll of Honor were: La Verne Albus, Virginia Sue Chandler, Jewel Marie Hoffman and Margarita Jakubec. Those attaining the Perfect Attendance roll were: Fidelia Fetsch, Alfred Kuehler, Robert Redder, Clarence Stengel, Louis Urbanczyk, Marvin Zeissel, La Verne Albus, Arlene Blaschke, Virginia Sue Chandler and

Jewel Marie Hoffman. We hope to make these rolls even larger next month.

Did You Know That

Marvin couldn't remember if he had eaten any dead meat.

Alfred learned the difference between synonym, homonym and antonym.

Louis found that the terms in arithmetic weren't so difficult after all.

It is very interesting to watch a Praying mantis eating grasshoppers—especially through a microscope.

Some of the sixth grade boys haven't as yet learned how to chew gum with their mouths closed.

Miss Albus helps make our work very easy and interesting. Jewel Marie hands in such lovely papers—they're a treat!

We have a number of real ladies and gentlemen in room four.

We miss Alvin. Arlene's blue hat looks grand on her.

Virginia Sue is a typical little lady. Margarita almost missed getting on the Roll of Honor. Room four is an attractive part of the building. Could it be the girls that make it such—or boys, perhaps the flowers help.

We Wonder Why

Fidelia is such a wiggler. Clarence couldn't understand what the little cub said to the north wind.

Francis was so surprised about his citizenship grade. Bobbie always starts his answers with "We'll . . ."

Gene can't remember his assignment. Marvin always gets LaVerne's papers to grade.

Jewel Marie makes such high grades.

Alfred is in such a hurry to pull bolls.

The boys thought the health test so difficult . . . lack of study, huh?

Veronica was absent for two days last month. Did the fish taste good?

Marvin and Clarence get along so well . . . or do they?

Arlene has such pretty blonde hair. Bobbie gets his curls pulled so often.

Miss Albus has so much patience with some of those boys. Francis feels so mistreated.

Mary Ann made such a high grade in Word Study last Monday. The parocical boys have beaten the sixth grades so often.

It makes us rather sad to think that this is the last week of summer school, but when vacation is past, we'll be back to try all the more.

Mr. and Mrs. Walter Phillips were visitors in Haskell last Sunday.

WEINERT SCHOOL NEWS

BULLDOGS DROP GAME TO HASKELL INDIANS

The Bulldogs opened the season last Friday night at Haskell in a very thrilling game. Although it was only a matched game the Bulldogs fought hard to lose to a much heavier team. There was some very good playing on both sides. The score was 6 to 12, neither team making their tries for extra points.

In the middle of the game quarterback Raymond Ammons ran for a 72-yard touchdown with the excellent blocking by halfback "Dutch" Jenkins.

The boys are expecting a very good season this year under the supervision of Coach Davidson. They will meet Peacock Friday afternoon on the home field.

We, the students of Weinert School, are proud to have boys that are so faithful as the Bulldogs.

When we played the Haskell Indians Friday night, September 13, the Bulldogs didn't give up when the Indians made a touchdown. That put more determination into our boys to make a touchdown, also, and they did. The Indians made another touchdown, still the Bulldogs didn't give up. They were determined to win.

Even though we lost that game, the boys didn't give up. They didn't get mad at the Indians, either, but came home praising them.

The Bulldogs are going to be better sports, better players and are going to play with a determination to win every game this year. They are going to do it, too. Just you wait and see.

JUNIORS HAVE EXPENSIVE PARTY

Saturday night a few of the Juniors met at the schoolhouse, loaded "onto" the dray wagon and started for Weinert's lake. The trip over ruts which were not over one foot deep caused a few to have appendicitis. After we had eaten and played around for a while, we decided to come back to town and ride around, our driver, Phil Cadenhead, who was trying to talk to some of our good-looking girls and drive at the same time, hit a stump which was about two feet high. Well, the wagon stopped, but the horses kept right on at a steady pace, practically taking the tongue off the wagon with them. After lifting the wagon over the stump and seeing that the tongue was not completely broken we came on to town. After it had held that long we decided to ride around a little.

Just as we were in front of Mrs. Palmer's house something happened, the tongue broke "smack-dab" in two. The wagon had to be delivered to the owner, and nothing was left to do but push it. After

knocking several down and running over a few, we succeeded in getting it to the owner's house. The owner was not at home—thank the Lord—but he was told the next day what was wrong with his wagon. How much it will cost us I don't know. Some initiation for our new sponsor, Mr. Allen, I'll say.

The Sophomores are planning a party for Friday evening. There is little difference in choices on entertainment, but we hope that the party will be a success, and that we can go somewhere else later.

Bertie Mae Brown left us last Friday to go to Mattson High for the rest of this term. We were all sorry that we had to lose her. She has been a valued member of the sophomore class.

Home Economics Club

The members of the Home Economics Club met September 16, 1940, to elect officers for the class club.

The following officers were elected: Bernice Pickering, president; Vera Mae Hastey, vice-president; Charlotte Frost, secretary; Gloria Kane, parliamentarian; Nettie Evelyn Routon, reporter.

Irene Havran and Mary Frances Howard will assist Vera Mae Hastey on the program committee, and Laverne Linville, Ann Weinert and Pauline McBeth form the social committee.

The program committee plan to make a year book to enter in the state contest.

The club will meet once a month.

June Bride: "How do you like this pie, darling?"
 June Groom: "It's delicious, sweetheart. Did you buy it all by yourself?"

"The good thing about beginning at the bottom is that you always have something solid to go back to."

Absurd

He: "You always do all the talking and never listen."

She: "How ridiculous! I've heard every word I've said!"

I crept up stairs, my shoes in my hand,

Just as the night took wing—

And I saw my wife four steps above,

Doing the same darned thing.

Scotty: "Has this dog a good pedigree?"

Jackson: "If he could talk, he wouldn't speak to either of us."

...BUT WHY COURT-MARTIAL THE WHOLE REGIMENT?

There are bound to be one or two bad soldiers in every regiment. But why court-martial the whole regiment?

The same applies to beer retailing. Out of hundreds of thousands of wholesome, law-abiding beer retailers, there is bound to be a small minority who disobey the law or permit anti-social conditions.

To protect your right to drink good beer, the Brewing Industry wants even this small minority of undesirable retailers eliminated entirely. Beer is a refreshing, appetizing beverage—the

beverage of moderation. We want every beer retail establishment to be as wholesome as beer itself.

To that end, we have instituted a "clean-up or close-up" program—now in operation in some states and being extended to others. We'd like to tell you about it in an interesting free booklet.

Write:—United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

BEER...a beverage of moderation

Society

M. H. Brumley And Virginia Reid Marry Saturday

The marriage of Miss Virginia Reid, daughter of Mr. and Mrs. J. A. Reid of Munday, to Mr. M. H. Brumley, son of Mrs. Mae Brumley of Abilene, took place Saturday at 5:30 p.m. in the home of the bride's brother, Mr. Wallace Reid, in Munday.

Only a few friends and members of the families were present at the ceremony, which was read by Rev. W. H. Albertson, pastor of the First Baptist Church of Munday.

The bride wore a soldier blue crepe with black accessories and carried a bouquet of Talisman roses. After the ceremony the guests were served punch and wedding cake. The cake was beautifully decorated and carried out the color theme of the bride's bouquet and costume.

The home was decorated with Talisman roses and other garden flowers.

Out-of-town guests included Mrs. Mae Brumley and Miss Lucille Brumley, mother and sister of the groom, and Mrs. Ernest White of Abilene. Other guests were: Mrs. R. B. Bowden, Mrs. Don Wardlow, Miss Lucy Lee Dobbs, Mrs. Edgar Jones and daughters, Juracy and Lola; and Hollis Barnicoat. Members of the bride's family attending included: Mr. and Mrs. J. A. Reid, Mr. and Mrs. Alvin Reid, Mr. and Mrs. Wallace Reid, Judy Diane Reid, Miss Juanita Reid and Harvey Reid.

The couple left immediately on a trip to South Texas.

The bride's traveling costume was of forest green with brown accessories.

Hefner H.D. Club Meets Tuesday In Murdock Home

The Hefner home demonstration club was entertained in the home of Mrs. J. T. Murdock on Tuesday, September 17, at 3 p.m.

A report of the last county council was given by Mrs. E. J. Jones. It was decided to discontinue the "Better Speech" lessons for an indefinite time, and the club women will take up sewing and needlework at the following meetings.

A refreshment plate was served to the 18 members and one visitor present.

Music Club To Begin New Year Next Saturday

Opening their club year with a breakfast, members of the Munday Music Club will hold their first meeting next Saturday morning at nine o'clock. The breakfast will be in honor of the new president, Mrs. Oris Coffman of Goree.

Hostesses will be Mesdames Don Ferris, W. E. Braly, S. E. McStay, Travis Lee and Carl Jungman.

Amigos Sunday School Class Enjoys Picnic

Members of the Amigos Sunday school class of the First Baptist church, Riley B. Harrell, teacher, held their annual picnic and dove fry last Tuesday night at the city park.

A number of doves had been killed by the men, and those were cooked with steak, chicken and other delicious foods to supplement the meats.

Class members visited while preparing the foods over the barbecue pits, and after eating and more visiting they returned to their homes. About 45 members attended the picnic.

North Dakota Guest is Honored At Bridge Party

Mrs. Bailey Newsom of North Dakota was named honoree at a lovely bridge party given in the home of Mrs. Deaton Green last Friday afternoon. Hostesses were Mrs. Green and Miss Lorene Newsom.

The entertaining rooms were decorated with fall flowers. High score prize was presented to Mrs. Aaron Edgar. The honoree was presented with a lovely gift.

A dessert plate was served to Mesdames Jack Mayes, Gene Harrell, Vincent Lane, P. V. Williams, John Ed Jones, S. V. Colley, Oris Coffman of Goree, Arthur Mitchell, Aaron Edgar, L. M. Palmer and Robert Green.

Recent Bride Honored at Tea Last Wednesday

One of the outstanding events of the season was held on Wednesday of last week, when Mrs. Rupert Williams, the former Geraldine Allen, was honored at a tea given in the home of Mrs. P. V. Williams. Co-hostesses with Mrs. Williams were Mrs. T. G. Bengel, Mrs. S. E. McStay, Mrs. P. B. Baker, Mrs. A. H. Mitchell and Mrs. D. E. Holder.

In the receiving line were Mrs. P. V. Williams, Mrs. Rupert Williams, Mrs. Frank Allen, mother of the honoree; Mrs. Springer Allen, sister-in-law; Mrs. Lloyd Stewart and Mrs. Roy Maples of Goree. Mrs. H. A. Longino played a piano solo, and also accompanied Mrs. Oris Coffman of Goree when she sang "Ah, Sweet Mystery of Life," and "Just A Cottage Small." Jean Williams played several selections on the piano, and Wanda June Williams read a toast to the bride.

Approximately eighty guests called during the afternoon.

Birthday Party Honors Leo Hill On Last Sunday

The many friends of Leo Hill helped him celebrate his eighth birthday on Sunday, September 15.

Many games were enjoyed, after which refreshments of cake and ice cream were served to the following:

Mary Francis Booe, Maxine Hill, Ralph Hargrove, Evelyn Brown, Martha Jane Gentry, Lois Reddell, Raydean Brown, Robert Brown, Wayne Searcey, Claude Larry Hill, Elizabeth Brown, Charles Prather, Lester Lee Phillips, Dwaine Russell, Charles Ray Cude, Johnette Hill, Clarence Searcey, Pat Hill, Bobby Gray, Eugene Russell, Billie J. Lain, Fred Searcey, L. C. Searcey, Joe Ed Sweet, Royce Harber, Austin Smith, Royce Reddell, John Prather, Richard Searcey and Marjorie Dee Hill.

Mystic Weavers Club Meets In Edgar Home

Members of the Mystic Weavers Sewing Club were entertained in the regular meeting at the home of Mrs. Aaron Edgar last Thursday afternoon.

A salad plate was served to the following members and guests:

Mesdames Chester Borden, Riley B. Harrell, H. B. Douglas, John Ed Jones, R. B. Bowden, Chester Bowden, Don Ferris and Deaton Green, members. Guests were Mrs. L. W. Hobert and Mrs. Bailey Newsom of North Dakota.

Mr. and Mrs. W. O. Pentecuff and son, Marcel, of Texas City visited friends and relatives here several days last week.

Wesleyan Service Guild is Formed Monday Night

The Sunshine Circle of Methodist W.M.S. held its regular meeting at the Methodist church last Monday night at eight o'clock. This was a re-organization meeting, and the society is called the "Wesleyan Service Guild" under the new set up.

Twelve members were present, who became charter members of the new organization. All whose memberships are obtained by October 1st will become charter members. New officers were elected, as follows:

Mrs. Joe B. King, president; Mrs. Aaron Edgar, and Mrs. L. Wombles vice presidents; Mrs. Ralph Burrow, secretary, and Miss Merle Dingus, treasurer.

Others present were Mesdames Levi Bowden, Cecil Cooper, Oscar Spann, M. B. Bounds, E. B. Bowden, B. B. Bowden and Miss Ruth Baker.

ENTERS TEXAS UNIVERSITY

Dr. R. L. Newsom and Jack Pipin left last Saturday for Austin, where Jack entered Texas University as a pre-medical student. Dr. Newsom returned home the first of this week.

Burnell Scott of Anson spent last Thursday here, visiting in the home of Mr. and Mrs. W. V. Tiner.

Miss Maud Isbell returned home last Friday from Wichita Falls, where she went through the Wichita Clinic for medical check-up.

Preston Ingram of Sweetwater and Miss Louise Ingram of Cross Plains spent the week end here their mother, Mrs. Louise Ingram.

Miss Gail Reynolds left last Monday for Denton where she enrolled in N.T.S.T.C. for the school year.

GOES TO SCHOOL

Mr. and Mrs. R. C. Partridge went to Abilene last Wednesday to take their daughter, Faye Marie, who entered Hardin-Simmons University for the school year.

Misses Wanda June and Margaret Jean Williams left last Monday for Denton to enter T.S.C.W. for the coming school year. Their mother, Mrs. P. V. Williams, took them to Denton.

Rev. Joe Haymes of Big Spring visited his brother Lee Haymes, here one night last week.

Mrs. Bailey Newsom and little daughter, Peggy, who have been visiting Mrs. Deaton Green and Miss Lorene Newsom, left this week for Wichita Falls to visit in the home of Mr. and Mrs. F. H. Newsom.

Tom Haney of Wichita Falls was a business visitor here Wednesday.

Chester Borden was a business visitor in Electra Wednesday afternoon.

Jess Burnison went to Dallas last week to take his son-in-law and daughter, Mr. and Mrs. Elmo Anderson, who have been visiting here. Mr. Anderson is a junior student in the Baylor Medical College.

Betty Crocker KITCHEN CLINIC

Prepared for Your Newspaper by Betty Crocker Home Service Department

"SUGAR AND SPICE AND OTHER THINGS NICE"

The other day I gave a recipe in this column for a chocolate and pink and white marble cake. This recipe always brings in requests for other old-time marble cake that is made with spices. And our Black Hills Cake is that kind of a cake. To begin with, there is molasses in the spice part... which makes it much more delicious... and then there are tiny flecks of golden orange rind... like the golden nuggets hidden in the Black Hills of South Dakota.

WHY BLACK HILLS

When you see the cake you can understand how it came by this picturesque name... for you have dark hills and peaks silhouetted against the white part of the cake... just as the dark peaks of the Black Hills stand out against a white noonday sky. Here is the recipe:

BLACK HILLS CAKE

| | |
|-------------------------------------|-------------------------------|
| 1/2 cup shortening | 1/2 cup milk |
| 1 cup sugar | 1 tsp. vanilla |
| 3 eggs | 1 tsp. very dark molasses |
| 2 cups sifted cake flour | 1/2 tsp. cinnamon |
| OR | 1/2 tsp. cloves |
| 1 1/4 cups sifted all-purpose flour | 1/2 tsp. nutmeg |
| 3 tsp. baking powder | Grated rind of half an orange |
| 1/2 tsp. salt | |

Cream the shortening, add the sugar gradually and cream until fluffy. Add 2 of the egg yolks... unbeaten... to the creamed mixture and beat until light. Sift the flour with the baking powder and salt together and stir into the creamed mixture alternately with the milk. Blend in the vanilla and fold in the stiffly beaten egg whites. Pour 3/4 of this batter into a well-greased and floured 8-inch square pan.

TO THE REMAINING BATTER

To the remaining 1/4 of the batter add the remaining egg yolk... the molasses, spices and grated orange rind. Blend well together. Spread this dark layer over the light batter in the pan.

RAISIN ICING FOR BLACK HILLS CAKE

| | |
|----------------------|---------------------------|
| 1 cup seeded raisins | 1 egg white |
| 1 1/2 cups water | 1 tsp. vanilla |
| 1 1/2 cups sugar | Grated rind of 1/2 orange |

Simmer the raisins in 1 cup of the water until they are soft and the water is almost evaporated. Cool and drain the raisins. Stir the remaining 1/2 cup water into the sugar and cook until the syrup spins a 6-inch thread.

Pour this syrup over the stiffly beaten egg white and beat with a rotary beater, then with a spoon until the icing is thick enough to spread.

Add the well-drained raisins and spread over the top and sides of the Black Hills Cake. Sprinkle the grated orange rind over the top of the icing.

Dallas Marine Corps Office Is Leading U.S.

Once more the Dallas Recruiting Office, headquarters for the Texas Recruiting District of the U. S. Marines, has come out on top to take the nation's lead in peacetime recruiting, with the total of 216 enlisted during the month of August. The establishment of this record shows the patriotic feeling exhibited by young Texans and their willingness to serve their country.

Major John D. O'Leary, officer in charge of the Dallas Recruiting District, announced today that the Marine Corps expects to reach their quota of 9,000 men, bringing the total strength of the Marines to 34,000 by the end of this month. Approximately 10 per cent of the men enlisted in the Marines during the month of August came from the state of Texas.

A new order from Marine Corps Headquarters, prohibits the enlistment of National Guardsmen in the

Marines, as it is expected that all of the National Guard will be called for one year of active training in the near future. Many National Guardsmen have been enlisting in the Marines for the four-year period. While the conscription bill has been delayed, men have been pouring steadily into the recruiting offices of the Marines.

If you are interested in the Marines, you may apply at any one of the five recruiting offices in Texas, located at Dallas, Austin, Ft. Worth, Houston and San Antonio, or ask your local Postmaster for information.

The eleventh commandment: "If any shall fail in their stewardship of the Earth, their faithful fields shall become fertile, stony ground and wasting gullies, and their descendants shall decrease and live in poverty or perish from off the face of the Earth."

Red and green neon lights have been installed under water at federal hatcheries at Spearfish, S. D., and are expected to prove better lures for insects than the above-water, drop-cord lights commonly used.

Soil Conservation Election Date Near

August Schumacher, chairman of the Knox County Land Use Planning Committee, has been notified that an election will be held on December 7th to determine if the landowners desire the formation of a voluntary soil conservation district.

Before a voluntary district is set up, a two-thirds majority of the qualified voting land owners must vote favorably for the district.

County Agent Walter Rice plans to call a meeting in Benjamin in the near future to explain the details of a soil conservation program and what benefits farmers may expect from the district organization.

At The Churches

FIRST PRESBYTERIAN CHURCH

The fall program of our church is well under way. We are urging all members to come out and help us carry out that program in full. There are many strangers in town who are working on different projects and we want to invite them to attend our church while they are here. We are always glad to have visitors and friends come and worship with us. Let our church be your church while you are here.

Sunday School, 10 o'clock Sunday morning.

Church service 11 o'clock Sunday morning.

Church service 7:30 o'clock Sunday evening.

Prayer meeting 7:30 o'clock Wednesday evening.

We are holding prayer meeting in the homes of the members. Last Wednesday night we went to the home of Mr. and Mrs. W. H. Walling who live in the Sunset community. Place for meeting next week will be announced later.

The Sunday School membership is holding up nicely. We have a new teacher for the Intermediate Department. Mrs. Noble Wright has been chosen for this work and has many new plans and ideas for that department.

Mr. Noble Wright will teach the adult class next Sunday.

We hope to see you in your place at church Sunday.

Winston R. Bryant, Pastor

FIRST BAPTIST CHURCH

The first Sunday in October is designated by the Federation of Churches in America as go-to-Church day. This is a nation-wide movement. All the churches in Munday are cooperating in asking that all business houses close from nine to one that day. We are making special effort to get everyone to go to church. More will be said about this movement later, but we are hoping that we will have the cooperation and backing of every individual in Munday community. To shut down the wheels of industry, travel, and pleasure for one four hours and spend the time in reverence and worship would bring great joy, and would make a tremendous impression for God and right.

Last Sunday was another good day. The services, both morning and evening, were well attended and the interest was good. There

MUNDAY METHODIST CHURCH

You have doubtless been making good resolutions to yourself in recent months about your attitude toward church life. Well, we, on the other end of the proposition, have been trying to make our church so attractive and the services so helpful that it would be easier for people to decide to attend regularly. We have gone a long way toward trying to meet the needs of the community in the religious life from our denomination standpoint. We are asking the religious delinquents of Munday and vicinity to stop by the church Sunday long enough to worship with us. Get into some of the church's organized bodies suitable to your spiritual needs and watch yourself take on new ideals of life and the future present more worthwhile challenge to live. Really Live!

October 6th, has been set aside by the "Federated Churches of America" as "Go To Church Day." Why wait until that day and be one of the regulars by that time. You people who do not go to "Anybody's church" are you really proud of your attitude when taking a survey of world conditions and its causes. Would you like to live in a country where churches have been outlawed and people have no place to worship and no God but some dictator? It's possible, but lets not let it be possible in America. Meet your friends at somebody's church next Sunday morning at 11:00 a.m. I hope you will.

H. A. Longino

were 221 in Sunday school and above sixty in the Training Union. We give you a cordial invitation to worship with us.

W. H. Albertson

Leland Hannah went to Abilene on Wednesday to attend a district druggists' convention.

Mr. and Mrs. Grady Roberts visited relatives in Haskell last Sunday.

Winston Blacklock of Vernon visited his parents, Mr. and Mrs. B. L. Blacklock, over the week end.

Mr. and Mrs. Roe Davidson of Altus, Okla., visited in the home of Mr. and Mrs. Jimmie Harpham last Sunday.

Frank James Vows to Avenge Jesse

"Jesse James was shot in the back. That's murder and somebody's going to pay—or my name's not Frank James."

The speaker, of course, is identified with the words above. And it is with this thought that the "Return of Frank James," new 20th-Century-Fox picture opening Tuesday, September 24 at the Roxy Theatre, begins.

Filmed in spectacular Technicolor, the production is the colorful climax to the daring exploits of the world's most famous outlaw and the picture is said to be even more stirring and exciting

than the first chapter of their chronicle, the unforgettable "Jesse James."

Henry Fonda, who created the role in the earlier production, is again cast as Frank James. Featured are Gene Tierney, Jackie Cooper and Henry Hull, while the cast also includes John Carradine, J. Edward Bromberg, Donald Meek, Eddie Collins and George Barbier.

Darryl F. Zanuck produced "The Return of Frank James," with Fritz Lang as director and Kenneth Macgowan as associate producer. The screen play was authored by Sam Hellman.

Teachers In County Schools Are Announced

Teachers in several of the schools of Knox County were announced this week by County Supt. Merick McGaughey, who explained that the complete list for Benjamin's school had not been announced.

Benjamin will open the 1940-41 term of school next Monday, it was announced.

Teachers as announced by Mr. McGaughey are as follows:

Vera; Jesse G. Thompson, capt.; Mrs. Helen Randolph, primary; Mrs. Rosalena McMahon, second and third grade; Mrs. Maurine McMurry, fourth grade; J. W. Tidwell, grade principal; Mrs. Mildred McMurry, commercial; Mrs. Irene Beard, English; T. E. Beard, math and coach; Roy Tomlinson, high school principal and science; Mrs. Blaine, substituting for fifth grade. A music teacher is yet to be employed.

Truscott; A. F. McMan, capt., commercial and math; Alma Lea Burkett, English; Alice S. Johnston, third and fourth grades; Leah Jones, intermediate; Warren Morton, high school social science; Clyde Wood, science, and Fannie Mae Acker, primary.

Gilliland; S. H. Thompson, capt. and math; Ervin U. Bussanmas, science; Katha Lee Harrell, English; Forrest B. Carter, Junior high school work and high school history; Lula Mae Cook, primary; Mrs. S. H. Thompson, intermediate.

Rhineland; John J. Hoffman, capt.; Billie Faye McGraw, intermediate; Dorothy McGrath, junior and high school; Genevieve Albus, primary.

Munday School News

Elementary School

After a few trials and changes during the first week of school the elementary school has settled down to real work and is making progress toward a successful year.

For a while we thought that we would get to have a football team but due to financial conditions it seems that it will be impossible to have one this year. We hope to get a team ready to put on the field, fully equipped, for next year.

Mrs. Herring has come to us as matron of our building and we appreciate her very much. Her duties will consist of administering first aid, taking care of the sick, etc., or in other words, acting as school nurse in a first-aid way. Other duties will be up-keep and sanitary administration of the girls' rest room.

Second Grade News

Jack Preston Bell is building a little rock house at home.

J. L. Ford rode a horse down to the pasture and back Saturday.

Garon Tidwell was very proud when he got home Friday afternoon as his grandmother from Floydada was there.

Jackie Cockrell spent Sunday with Joyce Yarbrough.

We are glad to have a new pupil, Martha Ann McMinn from Benjamin.

Juanita Brown went to Goree Saturday.

James Simpson went to Abilene and Anson this week-end.

17 pupils of the second grade went to Sunday School and church.

Almost all of the pupils can write their numbers from 1 to 200.

Judge and Mrs. E. L. Covey of Benjamin were business visitors here Tuesday afternoon.

FOR SALE—Good used feed mill, at a bargain. Guinn Hardware Co.

FOR SALE—Umbrella tent, 9x9, waterproof. Good condition.—Dr. Joe Davis. 17p

FOR SALE—120 acre stock farm, 95 acres in cultivation. Finest grass in Knox county. Lots of water. Only \$40 per acre. This is a bargain. George Isbell. 11

WANT your house wired. Ceiling drops \$1.75, switches or plugs \$1.85. All work guaranteed to pass government inspection. Will appreciate your business. Clarence Jones, Goree, Texas. 12-27p

FOR SALE—Trailer wagons for hauling your crop. Guinn Hardware Co.

HEATERS—Oil, gas, coal, wood, all kinds at Guinn Hardware Co.

STOVES—Stove pipe, dampers, elbows—in fact anything you need for the winter.—Guinn Hardware Co.

Vaccination For Elementary School Pupils Urged

As most everyone knows, the Munday schools require every student to be immunized against diphtheria and smallpox. Practically all the old students have met this requirement but of course the new ones, including the first grade, have not yet done so.

If your child is entering the Munday schools for the first time you should present a certificate to the teacher certifying that the child has been immunized against diphtheria and smallpox. Several have already met this requirement and those that have not should do so at once.

The people of Munday should be ground of the school record and the fight it has made to keep these two diseases down. About 2 years ago adjoining towns, communities, and counties had to close their schools to stop the spread of smallpox, but the Munday school operated through the entire epidemic without fear, and without a single case of smallpox. Let's keep up the good work and have the children immunized without having to be reminded several times.

Rhineland News

Mr. and Mrs. E. B. White and daughter, Theresia Marie, of Wichita Falls, were visiting here last week.

Mr. John N. Albus made a business trip to Wichita Falls last Friday. He was accompanied by Charles Washburn.

Mr. and Mrs. C. J. Albus are the parents of a baby daughter, born September 13th.

Miss Lucille Petrus returned home from her visit in Wichita Falls, the first part of last week.

Mr. and Mrs. Frank Herring and sons, Weldon and Johnnie, visited in Wichita Falls last Sunday.

Messrs. August, John and Martin Schumacher made a business

trip to O'Brien Sunday.

About fifty members of the Rhineland C.Y.O. and their sponsor, Rev. Matthew Wiederkehr, O.S.B., enjoyed a social at the Seymour park last Sunday night. There were also a few visitors among whom were: Rev. Paul Mosler, O.S.B., sponsor of Seymour's C.Y.O., Robbie Waldron, Charles Haynie, Jr., and Ethel Bichsel.

John B. Reneau spent last Tuesday in Wichita Falls, visiting with Mrs. Reneau who is undergoing treatment in a hospital there. He reported Mrs. Reneau doing fine and expects to bring her home this week.

S. T. EASLEY EMPLOYED AT THE FAIR STORE
S. T. Easley, well known Munday resident, is a recent addition to the sales force of The Fair Store. Mr. Easley began his work last Monday morning, and George Salzer, owner, says he will be an asset there during the fall business season.

Mrs. J. J. Keel is spending this week in Tahoka, visiting her daughter, Mrs. Dewey McDonald and family.

Chancey Hobert left last Sunday for A. and M. College where he will be a student during the 1940-41 session.

FOODS CLOVER FARM STORES MEATS

TEXAS OUT-OF-DOORS

Javelinas Are Increasing

Austin, Texas.—Javelinas, also called Wild Collared Peccary, the only native North American wild hog, are increasing in Texas, reports of game managers to the executive secretary of the State Game, Fish and Oyster Commission indicate.

The increase is largely due to the protection given this game animal by a state law which went into effect last year. It is now unlawful to shoot peccaries except during the opening season of Nov. 15 to Dec. 31. It is permissible to kill two during a season.

Javelinas are more common in Southwest Texas counties. They formerly ranged in far more areas than they now do, but the killing of them for meat, for their hides and for their bristles threatened the extinction of these animals.

Judging from requests for information concerning javelina hunting received by the Game Department, a large number of hunters from other states will invade Texas seeking javelinas during the open season. Their heads are regarded by many sportsmen as a finer trophy than deer heads.

Doe Battles Coyote

A battle between a doe deer, seeking to protect her young fawn, and a coyote, was witnessed by a cowboy on the McAllen ranch in Hidalgo county recently, it is reported to the Game Department by Mr. Argyle Allen, owner of the ranch.

The cowhand came upon the doe and coyote while the battle for the life of the fawn was in progress. Every time the coyote made a rush for the young deer, the doe struck out sharply with its hoofs and the fur flew from the coyote. The battle was interrupted when the cowboy made his presence known. The coyote ran into the brush, but the doe and her fawn took their time about leaving the scene of the skirmish. The doe was bleeding slightly.

Prolific Pair of Doves

The most prolific pair of mourning doves yet reported in Texas raised six pair of young in a rose arbor in the yard of H. A. Stuermer of Cuero last year and at the last report had raised three pair this year and were on the job with a fourth, according to a report from the Cuero Standard.

Storm Hits Muskrats

A recent storm in Southeast Texas did considerable damage to muskrats and the extent of the damage is being studied by the Texas Game Department manager for that region. Muskrats provide the livelihood for many trappers in the Lone Star State.

May Have Set Fish Record

A sawfish measuring 14 feet, 9 inches was caught recently in Texas Gulf waters by E. F. Reid, Houston automobile dealer, and it is believed his haul is a new world's record for sawfish landed on rod and reel. Reid battled the huge deizen of the deep three hours and ten minutes before bringing it to gaff. Reid also landed a sawfish which measured 14 feet. He brought the smaller one to the docks in two and a half hours. Quite a day's work!

Talk About Tough Fish

A catfish so tough that the steaks had to be pounded like they were pieces of a Longhorn steer were caught recently by Timothy Gray of Bandera, Texas. The huge

cat weighed 45 1-2 pounds. It's the first time we have ever heard of a fish so tough steaks from it had to be pounded before being palatable.

Gatesville Youth Is Named Chairman Of Hobby Club

Norris Graves, Jr., 15, of Gatesville, Texas, has been re-elected national Boys' Chairman of Larry York's Hobby Club, an organization of 29,000 boys and girls, sponsored by Clover Farm Stores. Norris is a customer of the Blue Bonnet division of Clover Farm Stores, which had its headquarters in Ft. Worth, Texas.

The Hobby Club was organized in 1933 for the purpose of promoting a worthwhile use of leisure activity among young people. Its members correspond with each other about their hobbies, exchange collector's items, and groups of them frequently form local chapters. The club is promoted through Clover Farm Stores' weekly publication, "The Four-Leaf Clover."

In the election, which is held annually in August, Joseph H. Saling, 23, of 1104 Buckeye Avenue, Wellsville, Ohio, was elected national president, and Mary Louise Hopkins, 14, of 80 N.W. 'G' street, Richmond, Indiana, was chosen national girls' chairman.

Norris became a member of the Hobby Club on January 14, 1938. He is also an officer of his local Hobby Club chapter, which is sponsored by E. Price Bauman's Clover Farm Stores, of Gatesville.

Dates Extended For State Fair's School Contests

Dallas.—Date for entry of Texas Public Schools in the various activities at the State Fair of Texas, October 5 to 20, has been extended to October 1, Miss Edgar L. Wilson of the State Department of Education, announces.

These contests already have attracted many entrants but all divisions still are open. Application for entries should be made to the School Division of the State Fair.

The program of activities follows:

Spelling Contest, Miss Leland Watkins, chairman; October 7, 7:30 p.m.

Rhythm Band Contest, Miss Christine Hewett, chairman; October 11, 10 a.m.

Choral Club Singing Contest, A. M. Tate, chairman; October 18, 10 a.m.

Classroom Broadcast Demonstration, John W. Gunstream, director; October 11 and 18, 1 p.m.

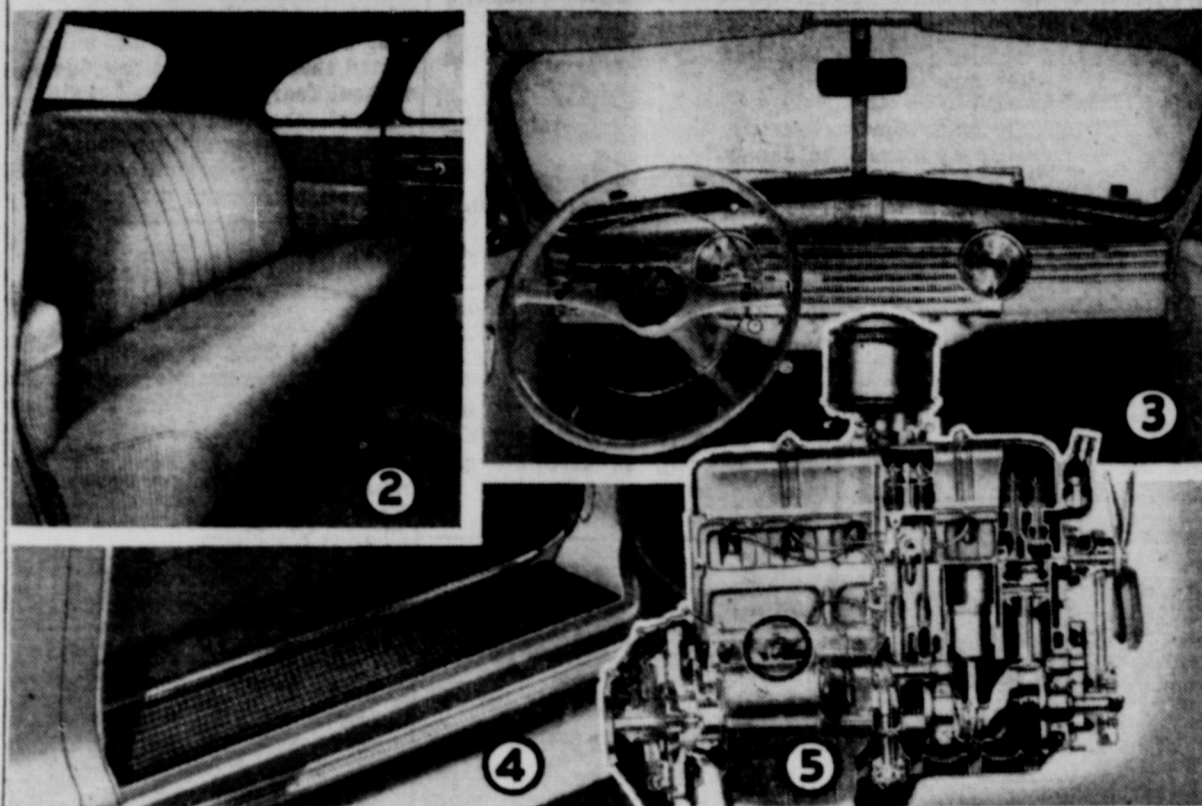

Public Speaking Contest, Mrs. Arthur Maberry, chairman; October 17, 12:30 p.m.

Visual Education Demonstrations, C. R. Reagan and Arthur Maberry, directors, daily programs in the Educational Building.

Cletus Thompson of Wichita Falls visited friends here last Saturday.

Miss Pauline Homer, daughter of Mr. and Mrs. K. G. Homer, left last Monday for Wichita Falls, where she will be employed.

Beauty Reaches All-Time High in New '41 Chevrolet

Completely new styling joins with numerous mechanical improvements to make the new 1941 Chevrolet, now on display at all dealers', a worthy successor to the cars which have earned first place in public favor year after year. The greater size and roominess of the new models, as well as their sleek new beauty, are apparent in the Special De Luxe Sport Sedan, shown above.

At (2) is shown the spacious interior of the same model's rear compartment, and at (3) is its front compartment, showing two-spoke steering wheel with horn-blowing ring, new sliding-type sun visors, and smartly re-styled dash.

One of the major changes is substitution of concealed safety-steps (4) for the running boards of other years, an improvement adding to the car's beauty without sacrifice of the safety and convenience which running boards provide. At (5) is the six-cylinder Chevrolet valve-in-head engine for 1941, in which many refinements have been made. Horsepower is increased from 85 to 90 without affecting economy; and cooling, lubrication and carburetion are all improved. In circle is the new switch which reverses the ignition current polarity each time the starter is operated, indefinitely prolonging the life of distributor points.

Weekly Health

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Austin, Texas.—Dr. Geo. W. Cox, State Health Officer, in a statement issued this week, urged all local boards of education to pass regulations providing for exclusion from school of all children not presenting certificates of vaccination against smallpox and immunization against diphtheria.

"School children are exposed to so much infection during the school year that where a definite preventative against a disease is known, parents should be urged to take advantage of this knowledge. Vaccination may save a period of prolonged absence from school, doctor's fees, and even life itself. It is foolhardiness not to require that all school children be rendered non-infectious from the communicable diseases, smallpox, diphtheria, and typhoid, before they start to school this year," Dr. Cox said.

Because of the fact that authority of school boards to pass such

regulations has been upheld by the courts, the Texas State Department of Health wishes to recommend that the various school boards adopt such regulations, taking further into consideration that such action on their part may mean the difference between a successful school year and prolonged illness, failure in classwork, or death.

It is desirable that parents take children to the family physician for a physical examination before school opens. Such examinations are valuable in determining the readiness of the child for learning. A child suffering from defects is carrying an extra load, and when the weight of school problems is added, he may become ill, develop serious bad habits, or respond with character or emotional upsets. Such examinations, when reported to the school, enable the school to adjust the curriculum to the needs of the child and thus minimize the possibility of failure with its attendant inferiority complexes.

Parent-teacher organizations, the public health personnel, and local medical organizations are strongly in favor of pre-school examinations and vaccination. In this campaign against unnecessary death and disease among the school children of Texas, the State Health Department lends its full support.

10,000 WHEAT FARMERS ARE GUARANTEED HARVESTS IN 1941

More than 10,000 Texas wheat farmers are certain to harvest a crop in 1941.

For that many producers signed their applications for all-risk wheat crop insurance before the August 31 deadline, insuring their crops against drought, wind, hail and all other unavoidable hazards.

Although the number of producers insuring their 1941 crops was slightly less than took out insurance on the current crop, the total coverage in bushels and acres will be equal, and possibly surpass, the coverage for this year, E. R. Duke, state crop insurance supervisor with headquarters at Amarillo, Texas, reports. No compilation is available yet on the 1941 total coverage.

Meanwhile, indemnity payments on the 1940 insurance contracts are practically complete, the supervisor said, with 5,314 claims, amounting to 1,647,238 bushels, approved for payment to insured producers.

LEAVE FOR SCHOOL

Mrs. W. W. McCarty and family went to Lubbock last Sunday, where Miss Colleen McCarty entered Texas Tech for the school year. Mrs. McCarty went on to Denver City where she visited with her son-in-law and daughter, Mr. and Mrs. Russell.

Mr. and Mrs. Don Ferris and Mr. and Mrs. Aaron Edgar were visitors in Wichita Falls last Saturday.

GET ESSAY MONEY

Dallas.—Cash prizes are to be awarded Texas High School Students for the best essays on "Texas Resources and What an Investment in Them Means to America." They will be limited to 750 words and must be in the hands of the publicity department of the State Fair by October 5. First prize is \$25, second prize \$15, and third prize \$10. First prize winner will be given a free trip to the State Fair.

CARD OF THANKS

We take this means of thanking each and everyone for their kindness shown us in our hour of sorrow, in the death of our father, John Asbury Miller. Especially do we thank those who made the beautiful floral offerings. May God bless each of you.

Jessie Asbury Miller
Ethel May Gilmer
Irene Reeves Washburn
Lena Bell Mayfield

Jeff Dean and Orin Joe Bowden have entered Hardin-Simmons University for the school year. Jeff Dean is a senior student, and Orin Joe is entering his freshman year at the university.

FOSHEE BOY BREAKS ARM THURSDAY IN FALL FROM HIS BICYCLE

The little son of Mr. and Mrs. R. E. Foshee received a broken right arm on Thursday of last week when he fell from the bicycle he was riding. After receiving treatment at a local doctor's office, he was taken to his home in Munday. He is reported to be doing nicely, having missed only one day from school because of the accident.

Mrs. Nell Hardin went to Lubbock last Friday to take her daughter, Margaret Jean, who entered Texas Tech for the school year.

PURE BRED HEREFORD CATTLE For Sale at Auction TUESDAY, OCTOBER 1 MUNDAY SALES RING

There will be offered at auction on Tuesday, October 1, by the B BAR ANCH of King County, Texas, ten head of Hereford bulls, two and three in age, all guaranteed by the Ranch to be pure Hereford blood, from registered cows and bulls, and the majority of them registered already.

These bulls are just exactly the right age for a life of use. They are thoroughly used to living on pasture lands, wheat fields or stalk fields, are gentle and can be fed at the lot or barn. They will not "blow up" like a pampered bull, because they have lived all their lives under pasture conditions.

They are not going to be cheap, but they are going to be reasonably priced—far below what the "show" bulls bring at auction. However, they are in good flesh, are a good weight, and even on the market would not be "cheap" bulls. If you want good ones, ready for stock farm or ranch use, come to our Tuesday, Oct. 1 sale and you will not be disappointed in these cattle.

All these bulls carry the customary livestock producer's guarantee that they are without damage or blemish.

Come to this sale and see these bulls—they might be just what you want.

Munday Sales Ring

Munday, Texas

IT PAYS TO ADVERTISE

I GIVE YOU TEXAS

By Boyce House

When I was a little boy in a little town, wagons loaded with logs used to come to the mills. Their cargo discharged, the empty wagons would start back to the woods, and as the big horses plodded along in the white dust of the street, a lad could climb on the end of coupling pole and ride as long as he wished. However, the farther you rode, the further you had to walk back. Life is that way.

Much was written during the past summer, concerning the Golden Gate Exposition in San Francisco and the World's Fair in New York but we should not—in gazing at distant, green pastures—overlook our own exposition.

The State Fair of Texas is not only the largest in the field of state expositions but, utilizing the grand array of structures erected for the Texas Centennial and the Pan-American fairs, is worthy of mention in the same breath with the New York and San Francisco ones—and it is right at our doors, not half a continent away.

The buildings and grounds in Dallas represent more than \$15,000,000. That the people of Texas appreciate their own fair is shown by the fact that an all-time record in the 51-year history of the exposition was set last year when 1,036,708 persons passed through the turnstiles.

A few days ago your columnist strolled around the grounds where crews were putting things in readiness for the opening on October 5. Looking at the double row of great exhibit halls with the long pool between, one could visualize the scene that soon would come into existence under the star-spangled Texas sky—silver fountains, thousands of many-colored lights, throngs slowly shuffling past the giant murals, the dull hum of voices, the throb of music in the distance, and the pungent odor of mustard-smearing hot dogs.

Many educational features have been arranged—an exhibit from Mexico, historical, archaeological and handicrafts; a citrus display from the tropical Lower Rio Grande Valley; an exhibit from the Fruit Belt of Cherokee, Panola, Nacogdoches, Rusk and Shelby counties; a hobby show; an Irish potato exhibit from the Panhandle; and the National Hereford Show with \$25,000 in premiums. The Texas Jersey Cattle Club is planning a "bigger and better show." In all,

\$80,000 in livestock prizes will be offered.

Old jokes:

Judge—Guilty or not guilty? Prisoner—Ain't that what we got the jury for?

And the one about the old man who says, "My boy John writes that he has been sent to the legislature but he doesn't say what for."

Speaking again of the State Fair—glittering, fast-moving entertainment will be given. The Mexican Police Tipica Orchestra will provide free concerts daily; the Queen of Queens pageant (viewed last year by 40,000) will be a free attraction on opening day; "Americana," high outdoor revue, will be presented twice nightly on the 300-foot stage in front of the grandstand, starting well-known screen, stage and radio personalities. Incidentally, the finale will be a spectacular fireworks display.

And one the Midway there will be "the Streets of Shanghai," two girls whose combined weight is 1,416 pounds, "French Casino," "Beautiful Hawaii" with Princess Aloha and her hula girls, the International Midgets and many breath-taking rides. You'll see Texas and Texans on parade at the State Fair, October 5-20.

Even cotton gins are going stream-lined in their business appeal. Judge Ralph Yarbrough, back from a vacation, reports seeing this sign on an Arkansas gin: "Trading here is like making love to a widow; you can't overdo it."

Another reader (who din't sign his name) sends in this one, seen in a tavern: "You don't have to be crazy to tend bar, but it helps a lot."

The porter at the Connellee Hotel in Eastland, announcing a bus, has a chant: "All aboard for Cisco, Hico, Waco, any-place-you-wanna-go."

SLEEPING ON SURPLUSES

More than 1,158,870 farm families in the nation, 191,990 of them in Texas, have been selected by county agricultural conservation committees as eligible to receive surplus cotton and ticking to make a mattress for home use. Nearly 306,000 low-income families in the county and 64,832 in Texas already have completed their mattresses, according to Mildred Horton, vice director and state home demonstration agent of the A. and M. College Extension Service.

Under the cotton mattress demonstration program begun in March of this year, the Surplus Marketing Administration allotted 100,000 bales of surplus cotton to low income families on a basis of 50 pounds plus ticking to each family. County extension agents have directed the program with the help of local volunteer helpers, and the mattresses are made at community work centers. Texas has 2,200 such centers.

Nearly 500 counties in 17 states are now at work under the mattress program with 500 other counties getting their organization under way. Texas has 226 counties participating in the program, with 140 mattresses currently, Miss Horton reports. Demonstration work centers have been set up in more than 12,000 communities, and more than 58,000 farm men and women and older boys and girls have accepted responsibilities in getting the program under way in their communities. Volunteer leaders in Texas aggregate 25,047 with 17,053 of them women and 7,994 of them men.

Reports from the various states submitted to the Department of Agriculture indicate that as a result of these demonstrations there are many people who are encouraged to go home and make or renovate other mattresses.

A Want Ad In The Times Pays

Loan Cotton Classing Offices Set Up

- 1. NO COTTON
2. TO LUDDOCK
3. TO ALTUS, OKLA.
4. TO ABILENE
5. TO DALLAS
6. TO TEXARKANA
7. TO SHREVEPORT
8. TO EL PASO
9. TO AUSTIN
10. HOUSTON-GAL.

All cotton placed under the 1940 Commodity Credit Corporation will be classified uniformly by Agricultural Marketing Service offices. Samples will be shipped to the central offices in each of the zones indicated on this map. Information concerning the loan is available from county agents or the county offices of the Agricultural Adjustment Administration.

Much Cotton to be Handled Under the Munday-Seymour One Variety Program

Between 7 thousand and 10 thousand bales of cotton will be handled this year under the Munday-Seymour one-variety cotton program, it was announced this week by Henry W. Spielmar, associate marketing specialist.

The following instructions to ginners and instructions of press box sampling of cotton gives some idea of the manner in which this one-variety cotton will be handled:

1. It will be necessary for the ginner to use a special tag on each bale ginned for this program. The classification secured through the correct use of this tag is acceptable for the loan as well as for the One-Variety Cotton Improvement Program. For the gins which participate in this program, free classification can be secured only by the correct use of this tag. The samples from bales correctly tagged will be classed in Munday. Free classing service may be secured at those gins which do not participate in the program by sending the samples to Dallas for the regular Smith-Doxey Form 1 Classification memorandum.

2. The ginner is required to use cotton bagging on all bales which are accepted in this program. Bales must not be cut for samples. Samples must be drawn according to the Official Instructions for sampling cotton, a copy of which is enclosed. Approved Sampler stamps ink pads, sample bags, bale-dating sheets, will be furnished by the Department of Agriculture and the ginner must furnish the wrapping paper and sealing tape for the samples and a bulletin board for furnishing price information at the gin.

4. The ginner will deliver the samples to the classing office at Munday in any manner he chooses. On the bale listing sheets, he will indicate what the farmer wants done with his bale; for example, he will write in the "Remarks" column "sell through Program," "put in loan," or "hold." For those bales that are sold, the ginner may receive the checks for the farmer or the checks will be sent according to other written instructions. For those bales going into the loan, the Form MD-4 classification memorandum will be sent to the agency handling the loan papers designated by the ginner.

A postal card giving the classification of each sample received by the classing office will be mailed to the farmer whose name appears on the reverse side of the card. Copies of this classification will be retained by the classing office for disposal as indicated under paragraph 4 above.

6. In the near future a representative of the Department will visit the gin to explain the exact operation of the program.

7. Those qualities which are eligible for purchase under the program are: white cotton, low middling or better, spotted cotton, middling or better in grade, 15-16 inch or longer staple length, and No. 1 or No. 2 preparation. The bales must weigh between 400 and 565 pounds net weight. Tare for cotton bagging is 14 pounds.

For his extra services the ginner will receive 75c per bale for cotton from his gin which is purchased under the program. This 75c is for the following services: for proper ginning and furnishing bulletin board—50c per bale; for taking proper press box sample—16c per bale; and for tagging and identifying—16c per bale.

Official Instructions for Sampling Cotton

1. Samples from each bale must be drawn from at least two places in the bale from the gin press box during the time of ginning. Such samples must be drawn in bales as formed by the gin condenser.

4. After sealing, the title of the sampler must be stamped over the sealed edges of the wrapper, the initials of the sampler must be written over the sealed edges of the wrapper with an indelible pencil or ink, and the number of the sample must be written plainly on the wrapper with an indelible pencil or ink.

5. After such samples have been drawn, the bales must be identified to correspond with such samples.

October 7-12 Dates Set For Abilene Fair

Abilene, Texas.—Regardless of your taste, you'll find your entertainment at the West Texas Fair Oct. 7-12!

Two complete new programs have been arranged, one for each half week of the exposition. They are designed to appeal to both young and old Fair goers.

Probably the top attraction for the older patrons will be the square dance, scheduled for the first three nights at the Supper Club.

Of general interest to all ages, and both urban and rural residents, will be the Second Annual Texas Palomino Association Horse Show, October 7, 8 and 9. And it's free!

Moving in on Thursday, October 10, for the last three days stand will be the splendid Cavalcade of Stars, playing both night grandstand revues and Supper Club floorshows and dancing.

The cavalcade features Johnny (Scat) Davis and his orchestra; Dixie Dunbar, of movie and Broadway fame, with her Rhythmairs; Bob O'Neil, ventriloquist and his impish dummy, Reggie; Rola and Verna Pickett, still dancing artists; Bud Hughes, canine act and magic; and Dorothy Byton's 12 beautiful dancing girls.

Here for the entire week will be the Max Goodman Wonder Shows, furnishing carnival and midway attractions.

Likewise a full-week will be the world famous Hardin-Simmons University Cowboy Band, with its colorful music and specialty acts.

In addition to playing for the Palomino show each afternoon and night of October 7, 8 and 9, the band will stage an elaborate free show of its own the last three afternoons before the grandstand. And what does not come free will be available at modest prices.

LOCALS

BIRTH ANNOUNCEMENT

Mr. and Mrs. Tip Albus are the parents of a baby daughter, born last Friday at the family home in the Rhineland community. Both mother and daughter are reported doing nicely.

Mr. and Mrs. G. R. Eiland visited in the home of Mr. and Mrs. C. A. Eiland of Lamesa over the week end.

Mr. and Mrs. S. C. Ameen and family of Denver City were week end visitors in the home of Mr. and Mrs. Sied Waheed of Munday.

Mr. and Mrs. A. L. Bland of Benjamin were visitors here last Sunday.

Deaton Moorhouse of Ardmore, Okla., visited friends and relatives in the county several days last week.

Mr. and Mrs. A. C. Foster of Rule visited in the home of Dr. and Mrs. H. B. Douglas one day last week.

Chas. and Collins Moorhouse of Benjamin were business visitors here last Saturday.

Mr. and Mrs. D. E. Holder visited in Fort Worth last Sunday, where they met their son and daughter-in-law, Mr. and Mrs. Rex Holder of Crockett, for a visit.

Mrs. T. J. Partridge of the Sunset community is visiting Mr. and Mrs. Rip Davenport in Dallas this week.

ENTERS HARDIN-SIMMONS

Miss Margaret Tiner, daughter of Mr. and Mrs. W. V. Tiner, left last Saturday for Abilene, where she entered Hardin-Simmons University for the school year.

Mr. and Mrs. R. C. Henry and sons of Floydada visited with Mr. and Mrs. C. P. Baker one day last week. They were enroute to Kerrville, where one of the boys entered school.

HERE FROM OKLAHOMA

Mr. and Mrs. Clyde Longbotham and baby of Guymon, Okla., visited Mrs. Longbotham's parents, Mr. and Mrs. G. W. Dingus over the week end. Mrs. Dingus, who has been visiting them for two weeks, returned to Munday with her daughter, Miss Maxie Dingus, of Wichita Falls, spent the week end in the Dingus home.

G. F. Mullino of Haskell was a business visitor here last Monday.

Scales Being Installed For Auction Barn

Sale Tuesday Lighter Than Week Earlier

Ratcliff Bros., operators of the Munday Livestock Commission Co., reported this week that scales will be installed at the auction barn by next week, so sellers may weigh their cattle and hogs each week. Some delay prevented the scales being installed for the sale last Tuesday.

A lighter run of cattle and hogs were reported for Tuesday's sale, although cattle sold about steady with what they were a week earlier prices being well in line with market prices. Hogs also sold to packers at prices well in line with the major markets.

Some of the prices paid were: Good beef bulls, \$65 to \$80; Jersey butcher-bulls, \$28 to \$40; fat cows, \$45 to \$60; butcher cows, \$37.50 to \$42.50; fat yearlings, \$42.50 to \$62.50; plain yearlings, \$27.50 to \$35; fat calves, \$25 to \$37.50; plain

calves, \$20 to \$27.50; ranny calves, \$12.50 to \$20.

Several good Jersey cows with calves were sold and brought from \$29 to \$50 a pair.

Sellers included C. R. Elliott, A. Moore, Henry Jones, W. R. Mitchell, E. R. Lowe, D. R. Willingham, J. D. Shirley, J. L. White, J. W. Henderson, C. P. Baker, Will Herring, J. T. Voss, Jno. Bowden, T. F. Parks, A. Rutledge, Otis Simpson, Delmar Hill, J. R. Melton, Munday; J. G. Hudson, John Kubena, R. F. McGuire, Benjamin; A. W. Atkins, J. W. Atkins, W. S. Grinsley, Rochester; V. J. Peck, Van Thornton, Goree; Jack Ratliff, Haskell; Perry Woods, Seymour; Clyde Mayfield, John Alex Mayfield; J. C. Dunam, E. E. Teaff, E. M. Stanfield, Weinert; Lewis Hesser, Knox City; E. E. McCambess, Winshoro; L. S. Furrh, Stamford; R. L. Dickey, J. C. Allison, Rule; J. M. Bradberry, Knox City; O. P. Hall, Olney; O. R. Miller, J. O. Cure, O. A. Iseng, Gilliland.

Buyers were Vernon Packing Co., R. J. Jordan, Vernon; W. S. White, Jr., Sentinel, Okla.; C. C. Brothers, Shamrock; S. P. Swells, John Brown, Paducah; C. R. Elliott, W. R. Mitchell, Griffith Bros., Chas. Mayes, Henry Jones, Louis Blake, Knox City; C. A. Hull, Lee Smith, Lonnie B. Hester, Knox

City; Perry Woods, Seymour; O. R. Miller, Gilliland; Grady Hudson, Benjamin; Clyde Mayfield, Weinert; J. C. Allison, Rule; O. P. Hall, Olney; Freddie McDaniel, Archer City; Melton Bros., Clay Kimbrough, J. L. O'Neal, Haskell; W. E. Robinson, Eugene Marak, J. C. Elliott, Cody West, V. J. Peck, L. Pierce, Clyde Patton, Goree; J. W. Trainham, John Morris, Ernest Kinnibrugh, Vera; Walt Williams, O. E. Bynum.

Fourteen Students Of Rhineland Make Month Honor Roll

Fourteen students of the Rhineland school made the honor roll for the first month of school, according to an announcement made Wednesday. The Rhineland school will close Friday for the cotton picking season.

Honor students are: Senior class, Geneva Wilde and Genevieve Herring; Junior class, Roselia Loran, Albert Brown, T. J. Hoffman, Florine Decker and Theresia Andrae; Sophomores, Bernadine Homer and Mildred Stengel; Freshmen, Albert Andrae; Seventh grade, Charles Albus, Rosemary Claus, Cleo Herring and Rosemarie Kuehler.

Social Security Representative To Be Here Sept. 26

The next regular semi-monthly visit to Munday of a Social Security Board representative will be on Thursday, September 26, at 4:00 p.m., according to an announcement received today from Roscoe L. Surlis, manager of the field office of Wichita Falls, Texas. The Wichita Falls office of the Board serves the area in which Munday is located.

These regular visits to Munday are made twice monthly, Surlis explained, on the second and fourth Thursdays. Temporary office space is provided in the City Hall.

These visits are for the purpose of contacting employers and employees, potential beneficiaries, and others in connection with their problems relating to the Federal old-age and survivors insurance provisions of the Social Security Act.

The representative of the Social Security Board will handle claims for old-age and survivors insurance, applications for social security account numbers, applications for employer identification numbers, and wage discrepancy cases. He will also be available to furnish information on any phase of the program, Surlis said.

BERT CERVENY TO SWIM LAKE KEMP

Bert Cerveny, who was recently discharged from the U.S. army after six years of service, was in town Wednesday and said he would swim Lake Kemp next Sunday. Out at the lake for recreation last Sunday, Bert decided to swim the lake at its longest point, and he will repeat this feat again next Sunday.

Bert said he would start swimming at about ten o'clock Sunday morning and estimates it will take him about an hour to make the swim. "I'm doing it just for fun and for the exercise," he said.

Mrs. George Castles and daughter, Ann, of Dallas, Mrs. Carmen Childs of Coleman, Mrs. S. G. Castles and Miss Dorothy Castles of Anson visited in the home of Mr. and Mrs. E. W. Harrell last Tuesday.

GOES TO T.S.C.W.

Miss Mary Moore left the first of this week for Denton, where she entered T.S.C.W. for the coming school year. Mrs. W. R. Moore took her to Denton.

Munday N.F.L.A. Names Officers At Recent Meet

Loans of Association Total More Than Million Dollars

The annual stockholders meeting of the Munday National Farm Loan Association was held in the Roxy Theatre on Tuesday, September 10, at 2:00 with about 200 present. Of this number, 86 were stockholders in the association and participated in the election of directors for the coming year.

R. W. Maples of Goree and W. A. Baker of Munday were unanimously elected as directors for a three-year period, and share their responsibilities with G. R. Eiland, president; A. J. Buntz, vice president and John B. Reneau. John Ed Jones will continue to serve as secretary.

The Munday N.F.L.A. showed to have been quite active for the last year, and now has 283 Federal Land Bank loans in the total sum of \$959,500, and 201 Land Bank Commissioner Loans in the total sum of \$315,500—or a grand total of \$1,275,000 of loans that are services through the Munday National Farm Loan Association. These loans amount to a saving of about \$78,000 in interest alone, as compared with the old line legal reserve interest.

The Munday association has a charter to make loans anywhere in Haskell, Knox and Throckmorton counties. It is in Class One, and solicits loans from good borrowers on good farms and ranches.

The Association made approximately 45 new loans within the last period, and had 23 loans paid off during the same period. This speaks well for new loan activity, and at the same time shows that good, thrifty farmers can pay off their loan obligation.

The association has been active in Munday for the last fourteen years, and has tried to be of real service to all borrowers by making farm and ranch loans available at three and one-half per cent interest, reducing the old rate of interest from an average of nine per cent. During this time, the association has had three foreclosures, which were handled to the best interest of all concerned at the time, and on which there was some loss.

"Service to farm and ranch borrowers is the motto of the Munday N.F.L.A., and this is practiced with fairness to the borrower, and with due regard to the various interests of the association," Mr. Jones said.

Sleeping Sickness Raging in County

An outbreak of sleeping sickness is raging in Knox county, and owners of horses are warned to be on the lookout for this disease.

The horse usually acts as if he has lost control of himself, and staggers around, running into trees, fences, etc. It seems that sleeping sickness resembles blind staggers very closely.

Horses may be vaccinated to prevent this disease. The vaccine costs about \$1.25, and comes in two doses to be given 7 days apart. A serum has been prepared to give to horses soon after they have come down with the disease but not yet in the advanced stages. This treatment costs about \$5 per horse.

Flies and mosquitoes spread the disease by sucking the blood of a sick horse and carrying the germ to a well horse.

Farmers should watch their work stock very closely and call the nearest veterinarian if symptoms of sleeping sickness are found.

Mr. and Mrs. Aaron Edgar visited Willard Bauman in the Knox City hospital last Sunday afternoon.

Mrs. Woodrow Maggart and daughter, Sandra, of Graham spent the week end here with Mrs. Maggart's parents, Mr. and Mrs. J. T. Bookout. Mrs. Bookout accompanied them home for a few days visit.

Mrs. E. B. Littlefield and little daughter, Gayle, returned home last Saturday after several days visit with relatives in Stamford and Anson.

Mrs. Willie T. Jones of Blomoch, Texas; Walter Massey of San Diego, Calif.; Mrs. Ralph Boyington of Jal, New Mexico, and Mrs. Homer Josslett of El Paso, are guests in the home of Mr. and Mrs. Joe Massey. Walter Massey, who has recently completed his preliminary naval training, is spending a short furlough with his brother and other relatives, before his assignment for duty on ship.

M. L. Bird, of Abilene, district superintendent of the Community Natural Gas Co., was here Wednesday, visiting with Don M. Ferris.

Knox County Hospital Notes

Patients in the Knox county hospital at Knox City this week include: Mrs. W. C. Goodrich and baby son, Knox City; Mrs. E. S. Allen, Vera; Clarence Webb, Rochester; Mrs. L. C. Vance, Goree; Billy Charles Whitaker, Woodson; Mrs. W. C. Tanner, Rule; Mrs. G. L. Pruitt, Munday; Mrs. A. B. Patton, Weinert; Mrs. W. H. Ledbetter, Goree; Willard Bauman, Munday; Donald Lamond, Jacksboro; Mrs. A. G. Glidewell and baby daughter, Truscott; Terrell Kinman, Jr., Rule.

Dismissals were A. H. Jungman, Knox City; Mrs. Chas. Winchester, Rochester; Mrs. Burrell Teaff and baby son, Knox City; Mrs. W. J. Easter, Munday; M. G. Nix, Munday; Mrs. L. P. Woodall and baby daughter, Knox City; Mrs. E. B. Gray, Abilene; Miss Louise Hicks, Rule; Mrs. Tip Albus, Munday; Mrs. E. Q. Warren, Knox City.

BIRTHS

Born to Mr. and Mrs. L. P. Woodall, of Knox City, a daughter.

Mr. and Mrs. A. G. Glidewell, of Truscott, a daughter.

Donald Hobert and Hal Pendleton left Tuesday morning for A. and M. College to enter school. Mrs. H. A. Pendleton took them as far as Farmersville, and is visiting her sister there.

Sheriff Louis Cartwright of Benjamin was here Tuesday on official business.

CATTLE BEING TESTED FOR BANGS DISEASE

Dr. C. F. Layton, with the Department of Agriculture, has been in Knox county the past week, testing dairy cattle for Bang's disease. Any farmer who has not had his cattle tested may leave his name at the county agents office for this service.

Mrs. Bess C. Neff and daughter, Miss Lucille, were business visitors in Dallas last Saturday.

E. W. Harrell was a business visitor in Haskell last Tuesday afternoon.

County Treasurer Bob Burton of Benjamin was a business visitor here Tuesday.

Treat Seed Wheat

With wheat sowing soon to be here, farmers should make preparations now to get their seed wheat ready. It should be treated with improved Ceresan or copper carbonate to prevent smut. Two ounces per bushel, well mixed will control stinking smut of wheat.

There was some damage to wheat in Knox county during the past year, and unless it is prevented the smut damage may become worse this year. The treatments cost so little that farmers cannot afford to take the risk, stated County Agent W. W. Rice.

Farmers attention is again called to wheat varieties. The wheat millers of Texas have raised some serious objections to the beardless varieties of wheat and the early varieties of blackhull. The millers report that flour made from these varieties of wheat have very poor baking qualities. Bread made from it tends to be heavy and will not rise properly. Millers prefer Turkey red, tenmarq, kanred and blackhull. Farmers in buying seed wheat should give the above wheat varieties careful consideration. Most varieties of wheat have very similar yield when compared over a five- or ten-year period. Some very unsubstantial statements have been made regarding yields of certain varieties of blackhull wheat.

Knox county farmers should verify these claims from the Texas Experiment Station at Chillicothe and Denton, where the common varieties of wheat are being grown year after year under similar conditions.

Rice Discussing Wiring of Homes

County Agent Walter Rice has held meetings at the Knox City, Sunset, Munday and Goree schools the past week. Wiring of houses under the R.E.A. has been the subject of these meetings. A house must be correctly wired and passed by an authorized inspector before the electricity is turned on in the community. Plans and specifications for wiring houses may be secured from the Municipal Light Plant office in Seymour.

Jack Williams, who has been visiting his parents, Mr. and Mrs. P. V. Williams, for some three weeks, has returned to College Station, where he entered A. and M. College for another year.

Mr. and Mrs. Jim Alexander and daughter of the Lone Star community were in town Saturday, shopping.

Miss Yaelta Webb of Vernon was a guest of her sister, Miss Berna Doris Webb of Munday, several days last week.

Mr. and Mrs. Leon Reagan of Spur visited Mrs. Etta Webb several days last week.

Mr. and Mrs. Grant Farmer and son of Seymour spent last Sunday in the home of Mr. and Mrs. Arthur Lawson.

Miss Zell Spann left last Sunday for Denton, where she entered T.S.C.W. for her freshman year. Her father, John C. Spann, took her to Denton.

Weather Report

Weather report for week ending September 18, as recorded and compiled by H. P. Hill, Munday, U. S. Co-Operative Weather Observer.
