

STREET PAVING SLATED TO BEGIN MAY 15

Year's Rainfall Is 15.18 Inches

Rainfall for this year is almost three times that of last year, according to the report of H. P. Hill, U. S. weather observer.

Last Saturday's rain in Munday, the last for the present "wet period" brought the total for 1941 to 15.18 inches, Mr. Hill stated.

Last Friday's steady downpour brought 3.40 inches for the day and the week's total was 7.65 inches.

Streets of Munday were flooded Friday and Saturday, and water ran into many business houses. Most of them were prepared for the second deluge, however, and had temporary dikes thrown up at their doors to keep the flood waters out.

Residents of the city reported more water on the streets of Munday since the flood of 1930. The water was approximately two days running off, since the entire area was flooded.

With continued pretty weather, farmers hope to be able to get into their fields within the next few days to plant their 1941 crops.

Bridge Across Brazos River Is Washed Out

The Brazos river bridge at Rhineland was washed out by the high waters of the Brazos, and the road from Munday to Benjamin through Rhineland has been closed.

The road north of the bridge was damaged last Friday, necessitating closing the highway, although the bridge was not damaged until later.

The main channel of the river changed during high water, and the current rushed against the north embankment of the river. The bridge could not be used Monday morning because pilings had been washed away, causing the structure to sag at the north end. Water continued to wash away the embankment until this portion of the bridge fell into the river Monday afternoon.

Prize Offered For Old Electric Service Bills

There is a hundred dollar reward out for "Old Bill." It's the old electric bill that is "wanted," according to Arthur Mitchell, local manager of the West Texas Utilities, who announced the reward.

Fifty dollars, he said, will be paid for the oldest bill sent in by any customer of the company on or before June 15, and five dollars each for the next 10 oldest. To be eligible for the reward, he explained, all entries must be dated at least 15 years ago, must be for service in the home, and must be accompanied by a 100-word-or-less letter telling something about the lights and appliances used and the cost at the time the bill was paid.

"All present customers are eligible, except employees," Mr. Mitchell said. "The old bill may be for service received from the West Texas Utilities or a predecessor in this community."

Purpose of the "reward," he added, is to compare present-day improved service and lower cost with the "good old days" when oil lamps were first being displaced by better light.

Munday Graduate Now in Air Corps

Rosecoe Smith, a former Munday student, has high praise for the air corps branch of the army. He is now staff sergeant and located at West Palm Beach, Florida.

Rosecoe enlisted in the air corps in November 1939. He graduated with the 1937 class of Munday high school.

Smith says the air corps offers wonderful opportunities for advancement for young men.

GOOD FISHING

Fishing is good right here in Munday, according to reports. The story goes that a cat fish came in during the town's high water period, and while swimming the streets, a car ran over it and put it out of commission.

Passing along the spot Monday morning, S. T. Easley noticed a cat trying to get across the water and retrieve the fish. He stepped out, picked up the fish and tossed it to the cat.

The cat enjoyed a fish dinner, and all that's left to prove these boys' story is the head of a cat fish, which, they said, weighed about a half pound.

Munday Moguls To Play Eight Games in 1941

Eight games have been scheduled for the Munday Moguls for the coming football season.

Two of the games are to be contracted thus giving the Munday fans a time game scheduled next fall.

The latest addition to the schedule is Snyder, who will meet the Moguls on the home field October 3 in a night game. Next year the Moguls will meet the Snyder team there.

The Moguls will meet Crowell, Seymour, Iowa Park, Archer City, Chillicothe, and probably others before the season is over.

Knox County Hospital Notes

Knox County Hospital will hold open house Sunday, May 11, observing "National Hospital Day," from 2:00 to 4:00 p.m. Please visit your hospital Sunday.

Patients in the Knox County Hospital May 6, 1941, included Mrs. Esker New, Truscott, Charles New, Truscott; Leroy Perdue, Goree; Mrs. Jack Cloudis, Munday; Mrs. Warren Frazier, Old Glory.

Dismissals since April 30, were: Miss Winnie Ferguson, Knox City; Mrs. J. C. Duncan, Knox City; W. A. Williams, Throckmorton; Mrs. H. J. Partridge and baby son, Munday; Mrs. Frank Silman, Rochester; R. O. Wilkerson, Munday; Mrs. C. B. Medaris and baby son, Gilliland.

Births

Born to . . .
Mr. and Mrs. H. J. Partridge, Munday, a son.

Mr. and Mrs. C. B. Medaris, Gilliland, a son.

CEMETERY FUND IS GETTING LOW

On account of recent rains and extra expense which have drained the cemetery funds, these funds are now about exhausted. Over 200 graves needed repairing after the rain, and seven workmen have been employed in repairing these graves.

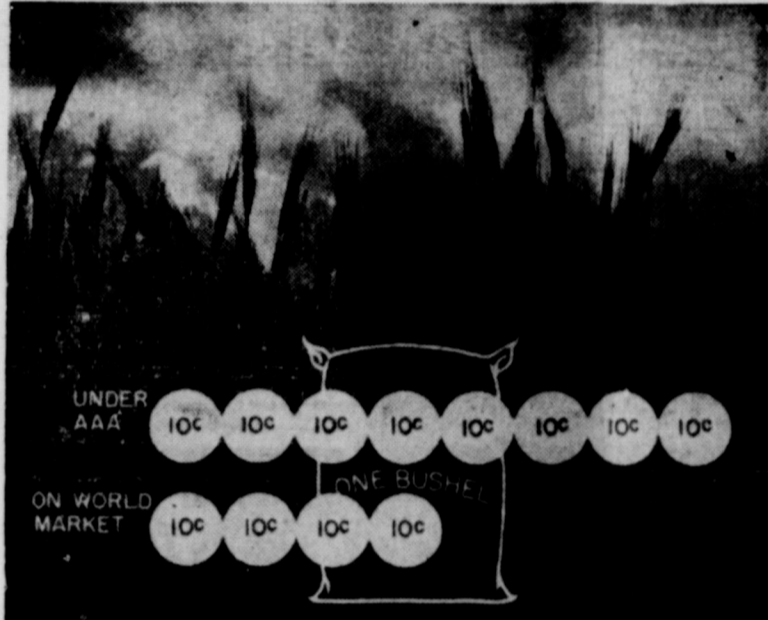

The committee thanks each and every one who has contributed to the cemetery work, and asks those who have not to make contributions to Mrs. W. V. Tiner, treasurer.

Additional funds are needed now in order to place the cemetery back in good condition.

C. F. Woodall, Jr., of Kelly Field, visited in the home of Mr. and Mrs. Frank Trammell last Friday.

G. B. Hammett and Aaron Edger attended a meeting of the Masonic Lodge in Seymour last Tuesday night. A degree team from Yellow House Lodge in Lubbock conferred the Master Mason's degree.

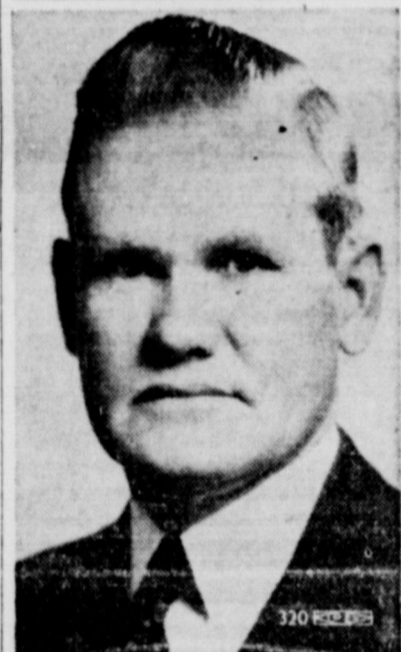

AAA Boosts Wheat Income

The U. S. Department of Agriculture says that American farmers who cooperated in the 1940 AAA program received a net return of nearly 80 cents a bushel for their wheat. Compared with a probable return of 40 cents a bushel or less had they been dependent entirely upon the world market. The national farm program aids wheat growers with crop loans, parity and conservation payments, crop insurance, and an export program.

Local Schools To Have Twelve Grade System Next School Term

Mann Speaker

Justice Clyde Grissom of the Eleventh Court of Civil Appeals at Eastland, who will introduce Gerald Mann in the opening rally of his campaign for the United States Senate at Sulphur Springs Saturday.

Defense Bond Group is Named For District

Official appointment of 30 men and women in the 13th Texas congressional district to serve as a district committee for the current national defense bond and stamp sales campaign was made in Austin last Monday.

Committee members for Knox county are E. O. Jameson of Knox City and W. E. Braly of Munday.

The men and women, residents of 15 counties comprising the district were chosen to assist in "educating the public and to make the people defense-minded for the immediate prosecution of successful national defense," said Frank Scofield, state administrator.

Countries included in the district are Archer, Clay, Denton, Hardeman, Knox, Throckmorton, Wilbarger, Young, Baylor, Cook, Ford, Jack, Montague, Wise and Wichita.

FORMER METHODIST PASTOR VISITS HERE

Rev. B. J. Osborne of Cisco, retired Methodist pastor, was here Tuesday and Wednesday attending the district conference of Methodist churches.

Rev. Osborne is a former pastor of the Munday Methodist church, and while here he made the rounds in town, meeting many of his old friends of former days.

Ben Hunt of Goree was a business visitor in the city Tuesday morning.

At a meeting of the Munday Board of Education Tuesday night, it was decided that the Munday school would operate on a 12-grade basis for next year. The decision was made after State Superintendent L. A. Woods in a letter to the schools of the state said that the recognized set-up for the schools of Texas next year would be the 12-grade plan.

Teachers in the school have been trained for several years for the coming change. College courses have been given for the past ten years toward the change that already has taken place in the north and east and a large portion of the Texas schools.

The new grade will be inserted in between the present first grade and the second grade and will be composed of students now in the first two grades. Beginners next year will have work moved down from the first grade and the change will take place in the first three grades especially with curriculum changes to fit the adopted state course of study published year before last.

Raised standard in elementary, high school and especially college has caused more work for the students and is one of the causes for the additional grade. Students will be more mature for high school and college work to meet the higher standards. Also, inventions, enriched courses of study, changes in social life, and a greater number of things to learn than a few years ago, has caused too much pressure to be put on children, and thus another reason for the additional grade has been given.

The additional grade in the Munday schools, according to Supt. Colley, at present will not cause the addition of an extra teacher over the past year. Parents are urged to talk with teachers concerning the proposal. High school will not be affected, only the first three grades.

Buford Cathey Is New Mechanic At Moore Chevrolet

Buford Cathey, formerly of Haskell, has moved to Munday and started to work last Monday as mechanic in the repair and service shop of Moore Chevrolet.

Mr. Cathey moved his wife and 9-months-old baby to Munday the first of this week.

Cathey has been specially trained in the servicing and repairing of automobiles, especially the late model Fords and Chevrolets. He comes highly recommended both as a mechanic and as a citizen.

Moore Chevrolet invites the public to come in and get acquainted with this new employee and assures motorists of the best of service at reasonable prices.

Mr. and Mrs. Allen Seale and Mr. and Mrs. Homer Parker of Dallas spent the week end here in the home of Mrs. Seale's and Mr. Parker's parents, Mr. and Mrs. C. R. Parker.

MOTHER

Oh, Mother, on this day I stand and see
Your Spartan love my stubborn spirit bend
With childhood memories rushing back to me
'Till I salute you for the perfect friend

While you can hear I mean for you to know
The love you lavished on me through the years
Shall find an echo in my life, and grow
To offer courage 'till life's sunset nears.

And I am glad that on this day in May
I can wear a flower of crimson hue,
And faltering with halting lips to say
That none can ever take the place of you!

Should I neglect the blessing that you bring
And merit retribution's chastening rod,
Your love, your prayers, your tears—these things,
If I forget, may Thou forget me God!

—A Son

Death Claims County Pioneer On Wednesday

J. B. Bowden Dies At Stamford Hospital

J. B. Bowden, pioneer citizen and prominent farmer of Knox county, passed away last Wednesday morning at 8:23 o'clock at the Stamford hospital, where he had undergone treatment for the past ten days.

Mr. Bowden had been ill for over two months, and relatives and friends realized there was little hope for his recovery. He had received numerous blood transfusions in an effort to prolong his life.

John Benjamin Bowden was born at Springville, Tennessee, on June 15, 1881, and died at the age of 59 years, 10 months and 22 days. He came to Knox county in 1915, and had resided here since that time and had made a success at farming.

Mr. Bowden was a member and consistent worker in the First Baptist church. He was a consecrated Christian husband and father and practiced his religion daily among his many friends and acquaintances.

Surviving him are his wife, Mrs. Lina Bowden of Munday; a son and three daughters, who are: Lloyd Bowden of McCamey, Mrs. W. L. Roberts of Los Angeles, Calif.; Mrs. M. L. Joyce of San Angelo, and Mrs. Garland Hawkins of Sweetwater; one grandchild, Bobbie Carolyn Bowden of Munday. Brothers and sisters who survive are Mrs. B. L. Bowden, E. B. Bowden and J. O. Bowden, all of Munday, and Mrs. Oliver Lilly of Henrietta.

Funeral services were held from the First Baptist church of Munday at 4:00 Thursday afternoon, conducted by his pastor, Rev. W. H. Albertson, who was assisted by a former pastor, Rev. Dick O'Brien of Stamford. Interment was in the Johnson cemetery by the Mahan Funeral Home.

Pallbearers were B. L. Blacklock, J. E. Reeves, Otis Simpson, C. M. Thompson, J. J. Keel, Bud Reynolds, Riley B. Harrell and Marvin Reeves.

BAKE SALE TO BE HELD ON SATURDAY

Due to the bad weather last Saturday, the Presbyterian Auxiliary did not hold its bake sale and the sale will be held Saturday, May 10, in the Broach Implement Co.

If you wish to reserve a cake, please call Mrs. Fred Broach, Sr., of Miss Fannie Isbell. The sale begins at two o'clock Saturday afternoon, and all cakes will be baked Saturday morning to assure freshness. Cakes of all assortments will be on hand.

Mrs. C. C. Willingham of Sudan is visiting in the home of Mr. and Mrs. Raymond Ratliff this week.

For U.S. Senate

Congressman Lyndon B. Johnson of Johnson City, former state N. Y. A. director, is making the race for the U. S. Senate, to succeed the late Senator Morris Shepard.

Johnson opened his campaign last Saturday. He has served his nation and his state well during the four years he has been in Washington, and it is said he entered the senate race with the "special blessings" of President Roosevelt.

Project Will Include Curbs And Gutters

Construction of city pavement on Earnest Street is scheduled to begin about May 15, according to announcement made by the Children's district office of the state highway department. The project will extend from the end of the highway pavement at the west city limits to the beginning of the pavement at Wichita Avenue, and will consist of gravel base with asphaltic concrete surface.

Plans call for the state and W. P. A. to build the pavement 30 feet in width for the entire length. Numerous property owners have taken advantage of a proposition whereby the W. P. A. will pay for approximately one third the cost of extending the pavement an additional 15 feet in width and building curb and gutter adjacent to their property. Where the owners on both sides of the street participate in the cost, the total width of pavement will be 60 feet.

The cost to the property owners for their share of the extra construction is \$1.30 per running foot, which is a very low price for this type of work and is possible only because the W. P. A. bears part of the cost and because further savings are effected by organizing the crews and equipment and purchasing material for a large job rather than a small one. Additional property owners can still take advantage of this arrangement until shortly after May 15th when materials will be ordered for surfacing. Riley B. Harrell, City Secretary, is making contracts with all persons owning property in this street who desire the extra paving and can furnish complete details to anyone interested.

Land of Liberty To Be Shown Here

Democratic Picture Is Booked For The Roxy Theatre

"Land of Liberty," an all-industry cavalcade of American history, released by Metro-Goldwyn-Mayer with profits assigned to British war relief, will be shown at the Roxy Theatre next Tuesday and Wednesday. The picture tells the story of America by carefully blending together selected scenes from 112 features.

Episodes of the country's history become dramatic realities. You will see Washington, Franklin, Jefferson, Madison, Hamilton and others found this republic. You'll hear Lincoln's stirring appeal for its preservation. You'll struggle with the pioneers as they win the West and link it to the East. You'll see the country grow and flourish by means of peaceful arts, industry and science.

The story begins with the founding of the nation, and after showing the growth of the country, the picture ends with the promise of better living to be realized through science and enlightenment. The film helps to emphasize the spirit of the nation based on the rights of individuals. There was never a more thrilling saga. It took Hollywood 25 years to make this film.

"Land of Liberty" is one picture every red-blooded American should see.

First U.S. Defense Bond Issued Here To Oates Golden

Oates Golden of Munday was the first local purchaser of a U. S. Defense Savings Bond when the bonds went on sale last Thursday, according to reports from Lee Haymes, Munday postmaster. Claude Hill purchased the second bond.

Mr. Haymes reports several bonds as well as stamps being sold daily, although the sales have not quite come up to what was expected.

Bonds are on sale at the post office and at the First National Bank in Munday. The stamps are on sale at the post office only.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

BONDS FOR DEFENSE

Defense bonds and savings stamps that went on sale Thursday offer nearly every American an easy way to help in the national defense program. At the same time, they give an incentive to thrift and offer a profitable outlet for funds that have been lying idle in the banks. The interest rate of 2½ per cent on the bonds, though not high, is in line with current financial conditions. Many banks at present offer only 1 per cent on savings accounts.

While appealing to patriotism, the Treasury is wisely avoiding high-pressure methods. There will be no need for the threats and terrorism used by vigilantes in some communities in the first World War to force big bond purchases by persons of German descent or others whose patriotism might have been in question. The loyal American will buy all the bonds he can, but will not use prying methods to learn how many his neighbor has bought.

The wide distribution expected for the defense bonds will relieve from further buying the banks that are already heavily loaded with government paper. The more widely the bonds are held, the more citizens will have a personal stake in federal efficiency and a balanced budget. These man or woman who buys defense bonds will be more reluctant than before to approve of needless new governmental expenditures.

No one needs worry about the safety of the new federal issues. The safety of every investment depends on the stability of the national government. If the government should fall, all private securities—and even insurance policies—might quickly become worthless. Every person who buys a bond and every school child who buys a savings stamp helps to strengthen the arm of Uncle Sam, both for defending America, and for peacetime activities.—Dallas Morning News.

TO AID DEFENSE

The recent announcement by William S. Knudsen to the effect that leaders in the automobile and truck industry have voluntarily agreed to reduce the Fall production of their cars and trucks by about 1,000,000 represents another example, among many, of industry putting patriotism and defense above all other issues.

The move will make available more man-power, materials, facilities, and management to take over part of the increasing defense load. At the same time, several large automobile manufacturers have announced that they will continue their 1942 models through the year 1943, thus freeing both engineering talent and tooling capacity in behalf of greater defense progress.

One big company, in commenting upon its move, has pointed out that the average model change costs it from thirty-five to forty million dollars. This involves tooling almost entirely. It further estimates that about ninety per cent of this capacity can be devoted to defense purposes, and that in terms of production, approximately 15,000,000 man hours will be involved.

This output reduction of motor vehicles by about one million means about a 20 per cent cut for these plants. Automobile manufacturers are already engaged in work on defense contracts to the tune of about \$1,500,000,000, and this new step will enable the defense program to avail itself of managerial talent, skilled labor and machines to an extent that will make a still greater dent in the rearmament problem.

The defense program is a huge job that will require a lot from everyone concerned, and industry is certainly offering proof that it intends to do its part. But best of all, this is America—where the national needs can be solved by voluntary agreements, freely arrived at on the basis of "talking over" what ought to be done. The automobile agreement is a case to illumine that truth.

ALL AID SHORT OF WAR

The American people, though they are almost unanimously in favor of all-out aid to England, are still heavily opposed to sending troops abroad. That is the gist of a recent Gallup Poll. Seventy-nine per cent of those queried were against sending part of our Army to Europe to help the British. Smaller majorities were against sending American air and naval units.

At the same time, there is no question but what many men close to Washington affairs fear that American participation in the actual shooting is coming. Some think that if Britain loses in the Balkans and Egypt and is driven out of the Mediterranean, this country will be unable to longer postpone the decision. For then the British Empire's lifeline would be broken, Hitler's U-boats would be supplied with the finest kind of bases, and the final stage of the Battle of the Atlantic would begin.

Congressional sentiment is undoubtedly against a declaration of war now, though a number of members are urging that fateful step. The President has shown no change from his position of all aid short of war.

A group of American sports writers voted Jean Paul Desjardes, Ottawa football and hockey star, as the "most courageous athlete" of 1940. He was recently wounded while fighting over England with the Royal Canadian Air Force.

TAX POSSIBILITIES IN THE FUTURE

Americans who for many years have been talking about the burden of taxation, are shortly to discover that they "ain't seen nothin' yet." They are about to learn, in short, that to live in a world whose main energies are being given to preparing for war and waging war, is an incredibly expensive business.

The new Administration tax plan to add \$3,500,000,000 to the government's annual income was announced on April 17. Both Republican and Democratic congressional leaders approved it, in general, almost automatically. It has long been evident that the moderate tax increases adopted by the last session amounted to little more than a drop in the bucket. Our defense and aid-to-the-democracies program is likely to cost upwards of forty billion dollars, even if we don't become involved in the war ourselves. Much of the cost will be deferred for future payment in the form of national debt. But it is universally agreed that we must pay for as much of it as possible as we go, and that substantial tax increases, reaching almost every income group, are no longer avoidable. Surveys show that the American people at large are grimly willing to shoulder the additional burden. It is a strange time indeed, in which advocating higher taxes has actually become "good politics" as well as it is good economics.

Key to the new tax program is found in a statement of Treasury Secretary Morgenthau, in which he said that it would be "an ideal thing for every one to pay one-third more next year than he did in the last year." It is probable that one of the first steps taken by Congress will be to up income taxes, on corporations and individuals both, by at least one-third. Some advocate doubling the base rate, which is now four per cent, and increasing the surtaxes and lowering exemptions for full measure.

Higher income taxes will not be all of it, by a long shot. While there seems little likelihood of a general sales tax being adopted now—the President is against it—it is considered sure that some new sales taxes will be put into effect, and existing sales taxes increased. The taxes, for instance, on liquor, tobacco, and gasoline are likely to go up. And there is talk of levying taxes on such hitherto overlooked items as soda pop, the humblest of beverages.

Some government officials have also been considering the possibility of a general payroll tax, to be levied against all employers. That tax, in a period such as the present, would be a gigantic revenue producer, and would be comparatively inexpensive to collect. Main objection is that it would be a tax on expense, rather than a tax on income. A concern might have a tremendous payroll and still be earning little or no profit, or even operating at a loss. At any rate, the payroll tax still lies in the future, and is not apt to be considered at this time.

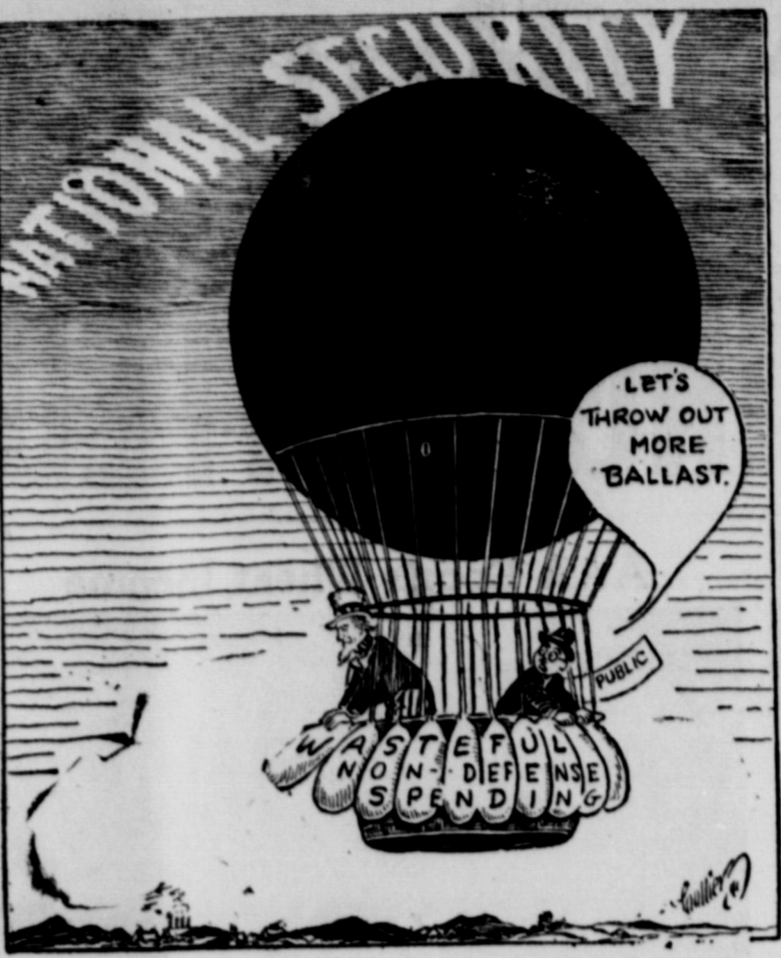

Still another suggestion is to have taxes paid by the month instead of quarterly, or even by the year, on the theory that it is less painful to pay a relatively small amount at frequent intervals than a large amount at long intervals. Some have also proposed that the employer deduct employees' tax from pay checks. This may be urged in the interest of simplification and of reducing collection expense.

Whatever the details, it seems certain that the new program will go through in jig time and with a minimum of debate. It will place upon the American people, in all brackets reached, a tax burden unprecedented in our history. It will bring grim realization of the possibilities of our eventually reaching England's high tax level, where a man earning \$5,000 a year pays more than a quarter of his gross earnings in income taxes alone. Soon some twenty-five per cent of this country's national income will be going for war materials and military expenses in some form or other. Mars is a costly visitor.

Charging cruel and inhuman treatment, Sam Brewster of Pittsburg sued his wife for divorce. He said she sang if he did.

Clay Pool of Oklahoma City attacked J. B. Kelley over a 10-cent debt he claimed; Kelley owed him, and was fined \$31 in court for assault and battery.

HOW TO RISE IN THE WORLD

Gems Of Thought

MUSIC

Although the spirit be not master of that which it creates through music, yet it is blessed in this creation, which, like every creation of art, is mightier than the artist.—Beethoven.

Music is the harmonious voice of creation; an echo of the invisible world; one note of the divine concord which the entire universe is destined one day to sound.—Mazzini.

Human hope and faith should join in nature's grand harmony, and, if in minor key, make music in the heart.—Mary Baker Eddy.

Music, in the best sense, does not require novelty; nay, the older it is, and the more we are accustomed to it, the greater is its effect.—Goethe.

Among the instrumentalities of love and peace, surely there can be no sweeter, softer, more effective voice than that of gentle peace-breathing music.—Elihu Burritt.

Farmers In This Section Using Land Bank Facilities

344 KNOX COUNTY FAMILIES TAKE PART IN SYSTEM TO PAY OFF DEBTS

Knox county has approximately 344 farm and ranch families using the Federal Land Bank and the National Farm Loan Association system of co-operative, low-cost long-term, farm mortgage credit, according to John Ed Jones, Secretary, treasurer of the Munday National Farm Loan Association.

Use of this system has enabled approximately 60 families in the county to pay out of debt already, Mr. Jones said.

Outstanding on December 31, 1940, in Knox county were 308 Land Bank loans totaling \$1,094,105. From May 1933 to date, 239 Land Bank loans amounting to \$828,100 were closed. The seven-year period had 238 Commissioner loans supplementing the normal Land Bank services for a total of \$394,100. Of these, 197 loans for \$338,300 remain.

"This system," said Mr. Jones "was founded to finance farm mortgage debts on terms to fit the needs of the farmer and the ranchman. While the family is in debt, striving to attain independent ownership, there is need for safe financing to protect the home investment. Credit from a dependable source, repaid in small, regular amounts on principal and interest, frees the family from worry and cost of frequent renewals. These loans are now being made at 3 1/2 per cent interest, and can be paid on or before—on any day—by paying principal and interest to date of payment.

He said that "farmers and ranchers who own this credit service feel that it is an asset to the community in general. It has made more money available for better farm and home conditions. During the depression and following, its services have permitted many farm families to retain their homes. It has further offered deferments in worthy cases during lean years and encouraged conditional payments to build up reserves in good years."

Mr. and Mrs. Sied Waheed and family visited in the home of Mr. and Mrs. B. Hassan of Haskell last Sunday.

THEY SAY!

"I'll never vote for an offensive war. But I cannot approve of a measure to hog-tie the whole federal government if and when the worst comes and we must defend ourselves."—Lyndon B. Johnson.

"The task now before us is that of marketing the new defense issues. It is noted that in some of our larger cities banks have had meetings with their entire staffs to acquaint them with the details of the new defense savings bonds so that they could readily acquaint individual investors with aims, purposes and accruing benefits thereof. We have the utterance of Mr. C. B. Upham, deputy comptroller of the currency, as to our criterion—Liberty is not a gift. It must be bought. The first payment is usually in blood. Installments come due every generation. Let us not fail in meeting ours."—R. H. Collier, chief National Bank Examiner.

CROP LOSSES OF WINTER WHEAT

College Station.—Losses of winter wheat in the field, at least in areas where the crop is insured, are expected to be smaller this year than last, officials of the Federal Crop Insurance Corporation say. Complete losses are reported in only a few cases, and the chief cause to date in Texas and six other western and southwestern states is attributed to wind, winter-kill, freezing and rabbits. Damage so far is fairly well scattered in most of these states, a few big producing counties as was the case last year.

The Soil Conservation Service says a traveler can drive from the Pecos to San Antonio and never be outside of a legally organized soil conservation district, except for a short gap along the Mississippi River.

U. S. DEFENSE BONDS—SERIES E AVAILABLE AT THIS BANK

The First National Bank in Munday is contributing its services—without remuneration—in cooperating with the government to make United States Defense Bonds available to the public.

These bonds offer every man, woman and child an opportunity to help in America's defense program, and we earnestly recommend that you make Defense Bonds a definite part of your budget.

Knox county people should give prompt cooperation in the purchase of bonds, as Texas has been selected as one of a few states where results will be studied for future plans.

Type of Bond available at this Bank: Series E: Appreciation Bond. Registered. Not Transferable. Denomination: \$25, \$50, \$100, \$500 and \$1,000. Dates first of month in which payment is made. Matures 10 years from issue date of bond. Owner may redeem bond at any time after 60 days from issue date of bond. Table of redemption values appear on face of bond.

Few Draftees Get Rejection

Physical Defects May Be Remedied, Say Draft Boards

A substantial percentage of registrants rejected for full military service on physical grounds have remedial defects which, if corrected, would permit training of the men in the armed forces, State Selective Service Headquarters announced today.

Reporting on an analysis of 37,132 white registrants examined, 7.20% were classified for full military service, and of the 6,849 colored registrants 64.69% were classified for full military service. Of the total number classified, Col. Beck said, 70% were qualified for full military service, 12.72% for limited service only, and 17.28% were classified as unfit for any military service.

The principal causes for classifying these registrants as unfit for military service are: Eye defects, 1306; defective teeth, 817; hernia, 861; cardiovascular disease, 701; tuberculosis, 278; diseases of the nervous system, 776; syphilis, 1982.

"It is appalling that approximately one-third of these men were disqualified for full military service simply because they had not received proper care and attention earlier in life."

Texas' local boards have been requested to notify every registrant disqualified because of physical defects the reason for his rejection, and to suggest that he report at once to the physician or dentist of his choice for treatment. Ordinarily, Col. Beck said, the local physician or dentist is familiar with the registrant's background and he is well-qualified to determine the best treatment for remedial defects. Furthermore, if the registrant is found to have defects which are not remedial, his local physician or dentist is likely to be the person best suited to recommend proper treatment.

"More attention must be paid to the prevention and cure of disease. It is hoped that improvement in the health of these young men of military age will tend also to better the general public health," Col. Beck said.

All Classes Of People Buying Defense Bonds

Queried on the results obtained the first day of the sale of defense bonds and savings stamps, Frank Scofield, State Administrator for the Defense Savings Staff of Texas, said:

"Reports from all over the State of Texas indicate that people from every walk of life are buying defense bonds and savings stamps in large volume. Many issuing agents have sold out their present supply of books and have had to wire for an additional supply. Others have exhausted their supply of application blanks for the Series F and Series G bonds.

"The public reception to this offering on the part of our Government for every individual to have a part in our all-out defense effort has exceeded the fondest hopes of this office. Many organizations, such as the Houston Chamber of Commerce, the Attorney General's

Department of Texas, the Tax Collector's Office of Travis County, and the Land Office, and of course my own organization, have reported 100 per cent participation. Also all the students in the High School at Marble Falls, Texas, have reported 100 per cent participation. And I understand that this is to be a monthly affair, and not something that happens today and today only.

"I knew the people of Texas would be there when the first began, but it makes me mighty happy to be able to tell the world that they were there at the first tinkle."

Mrs. B. L. Blacklock and Mrs. Winston Blacklock were visitors in Vernon last Saturday. Winston returned to Munday with them and spent the week end here.

Miss Maxine Eiland, who is attending Texas Tech at Lubbock, visited her parents, Mr. and Mrs. G. R. Eiland, over the week end.

George Salem and Mr. and Mrs. Jimmie Silman and family visited friends and relatives in Knox City and Haskell last Sunday.

Bonner Baker, who is stationed at Fort Sam Houston, spent the week end here visiting his parents, Mr. and Mrs. W. A. Baker, and other relatives and friends.

Seniors

The seniors are very anxious for these last three weeks to pass; then they will be on their way on their trip. Unless their plans are changed they will go to the following places: Austin, Houston, Galveston, San Antonio, Corpus Christi, and back to Sunset.

In the meantime the Seniors are trying to keep their mind on their studies long enough to be sure that they graduate.

Just three more weeks... my!

Seniors On Parade

Doris Walker is the daughter of Mr. and Mrs. Dave Walker. Doris was born October 5, 1923, three miles northwest of Munday. She has dark hair, and gray eyes.

Doris started her first schooling at Munday, and went three eight years, then entered Sunset in the ninth grade.

She entered county spelling during her Junior and Senior years. She is president of the Senior Class this year. She was in the Senior play this year.

Some of her favorites are:
 Song: "The Same Old Story."
 Subject: English.
 Teacher: All.
 Sport: Volleyball.
 Hobby: Keeping a scrapbook.
 Actor: Tyrone Power.
 Actress: Vivian Leigh.
 Color: Pink.
 Flower: Rose.

Willie Mae Pearce was born at Durant, Okla., April 18, 1924. She moved to this county when only three years old.

Willie Mae has brown hair and brown eyes.

She was in the Junior play last year, and is a very active student. Some of her favorites are:
 Song: "Walking by the River."
 Teacher: All.
 Hobby: Keeping a scrapbook.
 Sport: Skating.
 Subject: None.
 Color: Navy Blue.

Juniors

Although the Juniors news has been missing in the Sunset Glow for the last two weeks it is no sign that they are laying down on the job.

Saturday evening, April 26, at 8:00 o'clock a group of Juniors and their friends gathered in the home of Bernice Henderson for an evening of fun. And fun they did have. Various games were played during the evening, after which a delicious and attractive plate of hot chocolate and cookies, carrying out a patriotic theme, was served to the guests. Everyone reported a grand

time.
Did Ya Know—Did Ya?
 —That there's really going to be a swell little banquet at Sunset Saturday night?
 A certain Junior girl has safely hidden a wedding band. (For herself, or is it for a friend?)
 Wynell already knows who she is going to eat with Saturday night.
 Mrs. Holder's car, Putt-Putt Jr., is alright.
 Bernice Henderson is not going to be married when school is out.

Sixth Grade

Best citizens for the week are Barbara Altmanrode and F. A. Johnson.

The policeman is Jack Burnison. We have been writing paragraphs in English about various subjects. We find it very interesting.

Next week our class plans to have its annual picnic at the Munday park. Sandwiches, potato chips, cake, ice cream, and lemonade will be served to the members of our class. We hope to have a nice time.

DELTA PLANS GIANT COTTON FESTIVAL

Clarksdale, Miss.—Residents of the Mississippi Delta will combine National Cotton Week, the Delta Staple Cotton Festival, and Hermando DeSoto's crossing the Mississippi River into one giant festival which may run May 19-22.

Cotton festival officials said that the celebration would feature an elaborate pageant commemorating DeSoto's discovery of the Mississippi River near Clarksdale four hundred years ago. Customarily held in October the annual cotton festival was moved up to coincide with the dates of National Cotton Week, May 16-24.

HERE FROM GALVESTON

Mrs. James N. Walker and little daughter of Galveston are here this week visiting with Mrs. Walker's parents, Mr. and Mrs. G. R. Eiland.

Charlie Haynie, Jr., who is attending Hardin-Simmons University in Abilene visited home folks here over the week end.

Mr. and Mrs. Jess Burnison went to Dickens last Sunday to take their daughter, Wilma June, and Miss Maxine Eiland that far on their return to school in Lubbock.

J. C. Harpham was a business visitor in Knox City last Monday.

Prepared for Your Newspaper by Betty Crocker Home Service Department

ENTERTAIN BUFFET STYLE

Buffet... or "cafeteria style" entertaining settles many problems for the modern hostess. That's one reason why buffet lunches and suppers are so popular. But the other... and the most important reason... is that the guests thoroughly enjoy the ease and informality of this "help yourself" service.

So let's plan a buffet meal for whatever spring entertaining is in order for us. We'll build this buffet luncheon (or supper) around chicken loaf because just about everybody likes chicken. Here is the menu:

- Chicken Loaf with Mushroom Sauce
- Buttered Green Peas
- Tiny Hot Rolls
- Shoestring Potatoes or Hot Potato Chips
- Peach Pickles Filled with Red Jelly
- Angel Food Delight
- Bon Bons
- Salted Nuts
- Coffee

CHICKEN LOAF

1/2 lb. fresh mushrooms (or one 4-oz. can)
 1 tsp. butter
 1 cup soft bread crumbs
 1 cup milk
 1 cup chicken broth (well seasoned with celery, salt, pepper, etc.)

Wash fresh mushrooms, remove stems, and peel. (Caps do not need to be peeled.) Cut stems and caps into pieces... if canned mushrooms are used, drain well and slice thin. Cook gently in butter for 20 minutes. Mix soft bread crumbs with milk and broth. Add well beaten eggs, salt, paprika, pimiento, chicken and cooked mushrooms. Mix well.

Pour into buttered bread loaf pan which has been lined with paper. Steam-bake (that is, set pan of chicken loaf in another pan containing a little hot water, in oven) for 1 1/2 hours in a moderate oven (350° F.). When baked, unmold on a hot platter and serve with Hot Mushroom Sauce. This will be sufficient for 6 servings. Make 2 loaves for 10 or 12 servings.

MUSHROOM SAUCE

Prepare 1 lb. of fresh mushrooms (or 2 8-oz. cans of mushrooms) as directed for chicken loaf. Cook gently in 1/2 cup melted butter for 20 minutes. Then blend in 1/2 cup flour and stir in 4 cups milk. Cook until mixture thickens, stirring constantly. Season to taste with salt and pepper. This will make enough sauce for 10 to 12 servings.

ANGEL FOOD DELIGHT

Place 1 large cooled angel food on a large serving plate. Cut entire top from cake about 3/4 inch down. Lift off this layer. Remove center from main part of cake by cutting down into cake 3/4 inch from outer edge and 3/4 inch from middle hole... leaving a 3/4 inch wall all around and on the bottom.

Beat 2 cups whipping cream (1 pt.) until stiff. Blend in 6 tbsp. confectioners' sugar. Divide the sweetened whipped cream into 2 parts, taking a little more than half for the filling. Into this more generous half fold 1/2 cup drained pineapple cut into 1/2 inch pieces... 1 cup fresh strawberries, cut in halves or quarters... 6 marshmallows, cut in quarters... 1/2 cup toasted pecans, cut coarsely.

Fill the cake cavity with this mixture and replace the top. Spread the remaining whipped cream over the top and sides. Chill in refrigerator for at least 3 hours before serving. This makes 12 to 14 servings.

Order for Issuing New Drivers' License Announced This Week

Final plans for the issuance of all classes of Texas Drivers Licenses have been worked out by the Department of Public Safety and Highway Patrolmen will begin the issuance of licenses under the new law on Monday, April 28.

In the future, drivers of motor vehicles will be divided into three classes — Operators, Commercial Operators, and Chauffeurs. Every one is urged to study the definition of each of these classes so he will know what class license he needs when he applies to the Patrolmen for a license under the new law. Following is the definition of each of these terms as set forth in the law.

Operator—Every person, other than a chauffeur or commercial operator, who is in actual physical control of a motor vehicle upon a highway.

Commercial Operator—Every person who is the driver of a motor vehicle, designed or used for the transportation of property, including all vehicles used for delivery purposes, while said vehicle is being used for commercial or delivery purposes.

Chauffeur—Every person who is the driver for wages, compensation or hire, or for fare, of a motor vehicle transporting passengers.

The fees that will be charged for the licenses in the future are as follows:

Operators—\$5.00 (good for two years or less)

Commercial operators—\$1.00 (good for one year from date of issuance.)

Chauffeurs—\$3.00 (good for one year from date of issuance.)

Special attention is called to the fact that none of the operators licenses now outstanding will be renewed until October 1, 1941, and holders of these operators licenses are asked not to come in and try to renew their present licenses until after the above date.

All operators licenses issued to persons who have not heretofore been licensed between now and September 30, 1941, will expire Nov. 1, 1942. Applications for duplicate operators licenses will be taken as in the past where the holder of a license has lost his present license.

Regardless of the expiration date now stamped on your operators license, all licenses in the state will expire according to the serial number on the license, under the following schedule:

Licenses listed numerically from number 1 to 450,000 expire December 31, 1941, and are renewable on and after October 1, 1941.

Those listed numerically 450,001 to 900,000 expire March 31, 1942 and are renewable on and after January 1, 1942.

Those listed numerically 900,001 to 1,350,000 expire June 30, 1942 and are renewable on and after April 1, 1942.

Those listed 1,350,000 and following and issued on or before September 30, 1941, shall expire November 1, 1942, and be renewable on and after July 1, 1942.

Any person holding a valid operators license and who presents said license at the time set forth in the above schedule will be issued a new license without examination upon payment of the required fee. Any licensee failing to make application for renewal of license as above set forth may be required to take examination as required in this Act for applicant's license.

Attention is called to the fact that there are several new restrictions placed on the issuance of the new licenses. Also, the State Department of Public Safety is given more power of suspension, and Patrolmen have warned that a license,

though easy to get will also be easier to lose.

All licensees are urged to check their licenses against the above table to see when their license expires, and are further asked to apply for renewal only during the prescribed time. Any and all of the new requirements will be explained to each applicant at the time of renewal.

A copy of the expiration dates of all licenses will be posted on the bulletin board at the courthouse.

Farm Families Can Contribute To U.S. Defense

College Station.—Texas farm and ranch families can profit materially and also contribute to national defense by cooperating in several movements announced recently by the Department of Agriculture, says Director H. H. Williamson of the Texas A. and M. College Extension Service, who advises farmers to keep posted on fast-moving plans for converting ever-normal granary supplies to ever-normal food supplies.

Among the defense program announced recently by the Secretary of Agriculture are: A plan for making purchases in the open market to support long-term prices of hogs, dairy products, chickens, and eggs, a program to expand the production of tomatoes for canning, and a nation-wide drive to increase egg production this spring and summer from present laying flocks.

Director Williamson points out that the ever-normal food supply program is intended to stimulate sufficient increases in production here and abroad. Should unwarranted speculation drive prices up to unduly high levels at any time, the supplies in the hands of the government will be released to stabilize prices and maintain them at reasonable levels. This means consumers will be protected and farmers will benefit by selling more products at fairer prices than those which have prevailed in the past few years.

A 50 per cent increase in production of tomatoes for canning is also sought this spring to meet demands for canned tomatoes under the Lease-Lend Act and for distribution for the American Red Cross. Additional supplies will be used for school lunch programs, relief distribution, and other public assistance purposes, the Director ex-

plains. To make it possible for canners to take immediate steps to insure an increase in tomato acreage, the Federal Surplus Commodities Corporation will ask canners to submit offers at once to deliver canned tomatoes after the new pack has been completed. In considering bids the FSCC will make allowance for increases of from \$2.75 to \$3.00 per ton over the 1940 contract prices to growers.

The new drive for increase in poultry products is expected to increase the nation's egg production by about six per cent in the next 15 months, Director Williamson says. This means eggs produced will be increased by about 10 million cases of 30 dozen eggs each.

Extension Service poultryman George P. McCarthy and H. H. Weatherly say the goal can be achieved by ample feeding beginning immediately, by filling up the nation's poultry houses to capacity with laying birds this fall, and by an increase of around 15 per cent in the number of chicks raised. The specialists emphasize that expansion of permanent new poultry housing at this time is probably not justified.

Burnett Zeissel, who is stationed at Firt Sill, Okla., visited relatives and friends here over the week end.

Mr. and Mrs. Grady Thornton were in Goree last Sunday to attend the bedside of Mr. Thornton's grandmother, who is seriously ill.

Spring Alumni Day To Be Held At San Marcos

San Marcos.—Ex-students of Southwest Texas State Teachers College residing in and near Munday are invited to attend Spring Alumni Day to be held Saturday, May 10, at the college.

The day will also be observed as Founders Day, since it marks the 38th anniversary of the founding of the college.

A special assembly, a barbecue picnic, and a dance at Riverside are among the activities on the program. The Lone Star Conference track meet will be held Friday night, May 9, beginning at 7:30 at Evans Field.

Mrs. Ray Howard of Abilene spent the latter part of last week here visiting in the home of Mr. and Mrs. Ben Guinn. Mrs. Howard is the former Miss Mildred Burnett.

Dave Mauldin of Wichita Falls and Mrs. Dave Mauldin and two daughters of Abilene visited in the home of Mr. and Mrs. J. L. Stodghill last Sunday. The Mauldins plan to move to Wichita Falls in the near future.

Oscar Lewis, Goree rural carrier, was a visitor in the city Tuesday.

BOOKOUT'S BAKERY

MONEY in the ground

Billions of barrels of Texas oil reserves mean money in the bank for you as a Texan.

On constant deposit in underground vaults, they assure continued wages for Texas workers, lease and royalty payments for Texas farmers and ranchers, and tax revenues for our State and local governments.

Nearly 11 billion barrels of known oil reserves are on tap in 161 counties of our State. Texas oil men are now searching for new fields in 90 additional counties. They discovered last year almost three times as much oil as they produced.

These oil reserves can be cashed only through their production and processing by Texas workers.

As a means of safeguarding this backlog of economic security, you as a Texas citizen can and should expect:

(a) Sound conservation practices, (b) A reasonable taxing policy by State and local governments to permit healthy development without loss of employment through abandonment of properties, (c) Increased use of this great fuel source through creation of new Texas industries.

These oil reserves provide security for you and every other Texan

THE RECORD... Facts That Concern You

No. 28 of a Series

A couple of bad eggs... but why blame the hen?

A bad egg does turn up once in a while... but that's not a sensible reason for destroying all the good eggs... or for taking it out on the hen.

Beer retailing in America is something like that. The vast majority of beer retail establishments are clean, law-abiding, wholesome places. And still there may be a few "bad egg" retailers who violate the law or permit anti-social conditions.

The brewing industry wants these undesirables eliminated entirely... to protect your right to drink good beer... and our right to make it.

And also to protect the many benefits brought by the beer industry to Texas... such as the 31,165 jobs created... and beer's \$22,076,182 annual payroll. Beer contributed \$2,273,968.64 last year in taxes to help pay the cost of government in this state.

You can help us in our program of law enforcement, if you will, by (1) patronizing only the legal and reputable places that sell beer and (2) by reporting any abuses to the proper law enforcement authorities.

BEER... a beverage of moderation

Society

Shower Tuesday Given in Honor Of Mrs. Reeves

Mrs. Herman Reeves, formerly Miss Helen Holloway, was honored at a gift tea in the home of Mrs. S. Vidal Colley last Tuesday. Hostesses were Meses. B. L. Blacklock, J. B. Broach, J. L. Stodghill, A. H. Mitchell, J. E. Reeves, Erin McGraw, R. B. Bowden and Colley.

Guests were greeted by Mrs. J. B. Broach, Mrs. Herman Reeves, Mrs. F. F. Reeves of Sunset; Mrs. B. L. Blacklock, Mrs. C. M. Conner, of Haskell and Mrs. Colley.

Roses were used as room decorations. The dining table centerpiece was of red roses and spiraea, lighted by white candles. In the dining room, guests were served tea by Bonnie Jones and Sue Stodghill.

The hand-painted bride's book, a gift of Miss Dorothy Crawford, was presided over by Elizabeth Frances Moore.

Vocal numbers were given by the high school sextet composed of Polly Silman, Patsy Mitchell, Evelyn McGraw, Margaret Womble, Mary Lois Beaty and Audrey Nell Phillips. Instrumental numbers were given by Hugh Longino, Wayne Blacklock and Charles Baker. A reading, "Three Wishes for a Bride" was given by Jean Martin.

Gifts were on display from the following: Meses. M. L. Barnard, M. H. Reeves, L. M. Palmer, N. M. Wright, Winston Blacklock, Winston Bryant, Oates Golden, Robert Purifoy, Billy Cooper, Don Ferris, E. H. Nelson, A. L. Smith, Riley B. Harrell, Carl Whitfield, W. V. Tiner, R. D. Atkinson, and Travis Jones. Unable to attend but sending gifts were Meses. L. S. Hardegree, Joe T. Hext, Howard Cobb, John Ed Jones, L. B. Patterson, C. P. Baker, Worth Gafford, Leland Hannah, Effie Alexander, A. A. Smith, Nell Hardin, W. E. Reynolds, Curtis Coates, Deaton Green, Orb Coffman of Goree, P. V. Williams, Joe B. King, J. C. Harpham, H. A. Pendleton, Paul Pendleton, E. W. Harrell, G. R. Elland, Chandler Hughes, and Misses Dorothy Campbell, Christine Burton, Leona Keel, Novella Phillips, Peggy Jo Haynie, and Elizabeth Mounce.

High school girls and others attending the shower were Louise Mullican, Lois Wardlow, Maxine Harrison, Jo Lynn Williams, Doris Howell, Johnnie Hendrix, Louise Gafford, Jean Reeves, Jerry Chamberlain, Bonnie Jean Milstead, Peggy Heath, Olive Dobbs, Evelyn Reeves, Kathleen Burnett, Ruth Baker, Dorothy Crawford, Emogene Nelson, Mayme Crouch, Dixie Atkinson and Betty Jean Golden.

Mrs. Luther Kirk, Juanece Jones, Patsy Ruth Kirk, Billie Lou Speale, Charlene Nelson, Allene Jungman, Helen Williams and Flora Alice Haymes.

TWO DEFINITIONS

Woman: "A person who can hurry through an aisle 18 inches wide without knocking down piled-up tinware, then drive home and knock the doors off a 12-foot garage."

Man: "A guy who can see an ankle three blocks away while driving a car down a busy street, but won't notice in wide open country a locomotive the size of a schoolhouse."—Santa Fe Magazine.

Auxiliary Meets Last Monday For Training Class

The Woman's Auxiliary of the First Presbyterian Church held their annual Officer's Training class Monday in the home of Mrs. W. E. Braly with a covered dish luncheon. Mrs. Broach opened the program with the reading of Proverbs 20:12, followed with the Lord's Prayer in unison. Each cause secretary gave a report and plans of her work for the new year.

Luncheon was served to Meses. Fred Broach, W. R. Bryant, E. M. Wilson, M. F. Billingsley, M. Strickland, Miss Fannie Isbell and the hostess.

The next meeting will be with Mrs. Erin Betterton.

Hefner H.D. Club Meets on May 6th With Mrs. Jones

The Hefner home demonstration club held its regular meeting on May 6th in the home of Mrs. C. E. Jones. Roll call was answered by giving spring fashion hints.

A report on the district meeting at Vernon on April 17 was given by Mrs. Roy Jones, who also reported on the council meeting. A frame garden report was given by Mrs. Marion Jones.

Mrs. E. Ingram gave a report of the recreational school which she attended at Wichita Falls. Mrs. Van Zandt demonstrated the "Principal of Clothing Construction."

Two new members, Mrs. Turner Stanlee and Mrs. C. Railsback, were recognized. Refreshments were served to 22 members and three visitors.

New Deal Bridge Club Meets With Mrs. Huskinson

Mrs. Ike Huskinson was hostess to members of the New Deal Bridge club in her home last Wednesday afternoon. High score at the games was held by Mrs. Carl Jungman.

A salad plate was served to the following: Meses. Jack Mayes, Sebern Jones, Carl Jungman, J. C. Harpham, Dorse Rogers, Helen von Baumann, Wade Mahan and the hostess.

Pendletons Host To Monday Night Club Members

Mr. and Mrs. H. A. Pendleton entertained members of the Monday night Bridge Club last Monday night. The affair was given at the city park clubhouse, honoring Mr. Pendleton as a surprise on his birthday.

The hostesses served a delicious dinner in the club rooms, and club members presented Mr. Pendleton with a lovely gift. Bridge was enjoyed after the dinner.

Present were Mr. and Mrs. Fred Broach, Mr. and Mrs. C. P. Baker, Mr. and Mrs. A. H. Mitchell, Mr. and Mrs. W. R. Moore, Mr. and Mrs. Paul Pendleton, and the host and hostess.

Speak at National Boy Scout Meeting

Addressing more than 1,000 delegates at the 31st annual meeting of the National Council Boy Scouts of America at Washington, D. C., May 16 and 17 are (top) Norman H. Davis, Chairman, American Red Cross; Senator Arthur Capper of Kansas; Sir Willmott Lewis, Washington Correspondent, The London Times; (oval) Paul V. McNutt, Administrator, Federal Security Agency; (bottom) Dr. James E. West, Chief Scout Executive; Frank J. Hogan, past-President, American Bar Association and Walter W. Head, National Boy Scout President.

Mrs. Blacklock Is Honored With Gift Shower

Mrs. Winston Blacklock, the former Miss Flora Belle Sims, was honored with a lovely shower given in the home of Mrs. M. H. Reeves on Thursday evening.

Hostesses for the occasion were Meses. Reeves, Mart Hardin, Riley B. Harrell, W. E. Reynolds, D. E. Holder, Jr., and Noble Wright.

Guests were greeted at the door by Mrs. Hardin. In the receiving line were Meses. Reeves, Winston Blacklock, B. L. Blacklock, Doyle Williamson, and D. E. Holder, Jr. Mrs. Wright presided at the bride's book, where guests registered.

Mrs. Reynolds and Mrs. Harrell presided in the dining room, and were assisted by Misses Evelyn Reeves and Virginia Earl Stevenson.

Gifts from about 100 guests were displayed, making a lovely and attractive scene.

Present were Mr. and Mrs. B. L. Blacklock and sons, Lamoine and Wayne, and Meses. Nell Hardin, John Ed Jones, Leland Hannah, J. E. Reeves, Noble Wright, Herman Reeves, Carroll Blacklock, W. R. Bryant, D. E. Holder, Oates Golden, A. U. Hathaway, J. C. Borden, R. D. Atkinson, W. V. Tiner, Deaton Green, Walter Phillips, Sied Waheed, Howard Collins, L. O. Bowden, Lyle Stodghill, J. C. Campbell, A. L. Smith, Dorothy Hendrix, J. C. Harpham, D. E. Holder, Jr., H. A. Pendleton, Chan. Hughes, P. D. O'Brien, Joe B. King, Bob Parks, Paul Pendleton, Louise Ingram, Chester Bowden, J. J. Keel, W. H. Albertson, H. P. Hill, R. B. Bowden, J. B. Bowden, Worth Gafford, W. A. Baker, C. P. Baker, W. R. Moore, Luther Kirk, L. W. Hobert, Curtis Coates, C. R. Parker, S. E. McStay, Bess C. Neff, A. A. Smith, Jr., Effie Alexander, G. R. Elland, P. V. Williams, Lee Haymes, M. L. Barnard, R. A. Purifoy, R. B. Harrell, W. E. Reynolds,

M. H. Reeves, Travis Martin, M. F. Billingsley, S. V. Colley, L. S. Hardegree, L. M. Palmer, Billy Cooper, Joe T. Hext, Travis Jones, and Misses Maymie Crouch, Eugenia Gentry, Kathleen Burnett, Dorothy Crawford, Virginia Earl Stevenson, Elizabeth Mounce, Ruth Baker, Christine Burton, Dorothy Campbell and Mary Couch of Haskell.

Miss Leona Floyd Becomes Bride of Calvin Hendricks

Miss Leona Floyd, of View, Texas, daughter of Mr. and Mrs. Alvin Floyd of Weintert, and Calvin Hendricks, son of Mrs. Mary Hendricks of Claremore, Okla., were united in marriage on Saturday evening, May 3, in Abilene.

The couple was accompanied to Abilene by the bride's sister, Ethel Floyd, Oren McElhane, Davis Allen and Bill Harlan.

The bride wore a dress of pink net over pink satin.

At present Hendricks is stationed at Camp Barkeley, 120th quarter-master regiment.

Busby Family Reunion is Held Here Last Sunday

Members of the Busby family gathered at the home of Mr. and Mrs. T. M. Busby on Sunday, May 4, and enjoyed a family reunion.

Present for the reunion were Mr. and Mrs. H. C. Busby and daughters, Pat and Ann, of Stamford; Mr. and Mrs. Elton Busby and daughter, Gail, of Brownfield; Mr. and Mrs. T. R. Busby and Mr. and Mrs. Douglas Busby of Munday.

Others who called were Noble Land and Jess Burnison. County Agent Walter Rice was a business visitor here last Monday.

Goree Study Club Concludes 1940-41 Meetings Recently

The theme which marked the closing of the club year for the Goree Study Club was "Chemurgy," which is based on scientific research.

Mrs. F. G. Daniell was hostess to the meeting in her home recently. Roll call was answered by giving very interesting items on Texas research.

Mrs. S. G. Hampton was director and gave a talk on chemurgy, telling that it is using what you have to the best of your ability, also it was chemistry combined with agriculture. The speaker said the first course was held in Denton, Texas.

Mrs. Roy Jones gave the origin and history of cotton; the importance of cotton in every one's life as used daily and why Texas women should use cotton.

Mrs. R. W. Maples talked on "Flower Arrangement" and had tables decorated with artistic arrangements of roses, iris, cornflower, red honeysuckle, poppies and petunias.

After a short business session, the ladies were served delicious refreshments.

Wesleyan Service Guild Has Social And Business Meet

The Wesleyan Service Guild met last Monday night in the Methodist church for a business and social meeting. Hostesses were Mrs. J. J. Roberts and Mrs. Sied Waheed.

A very interesting program was given, the topic being "Stewardship and Christian Education," with Mrs. Ruth King as leader. Giving parts on the program were Misses Ruth Baker and Lorene Silman.

Following the program a short business meeting was held. Mrs. Roberts, delegate to the conference in Abilene, and Mrs. Luther Kirk gave conference reports. Refreshments were served during the social hour.

Present other than the above were Meses. Joel Massey, Jeannette Cooper, M. F. Billingsley, Basil Reynolds, Aaron Edgar and Oscar Spynn.

Ski-Hi Bridge Club Meets in Robert Green Home

Members of the Ski-Hi Bridge Club met in the home of Mrs. Robert Green last Wednesday afternoon. High score at the games was held by Mrs. Vincent Lane.

A dessert plate was served to Meses. Gene Harrell, E. B. Littlefield, Basil Reynolds, Vincent Lane, and Miss Lorene Newsom and the hostess, members. Guests were Mrs. Travis Lee and Mrs. Hugh Beaty.

FIRST BAPTIST CHURCH

Next Sunday is Mother's Day. In honor of Mother every one will want to go to church somewhere. We will have some special music, readings, and the sermon will be in keeping with the day. Make your plans now for the influence of a godly mother to come to fruition in your life. Hark back to the days when Mother heard your little prayer at night, gave you the goodnight kiss, tucked the cover about you, and left you to the care of the guardian angels. We have drifted far since our childhood days. Let's get back to the sincerity and simplicity of those days. We will have flowers in the vestibule of the church for you if you should come without one.

Next Sunday is Hospital Day. We are asked to make an offering for the charity work in our hospital. May we make a special place for the Lord and His work.

W. H. Albertson

MARINES ARE SKY TROOPS

Dropping down to earth in parachutes is not entirely new to the U. S. Marines, but developments in Europe have led the Sea Soldiers to devote more attention to this means of landing and getting the "situation well in hand."

"While all Marines are not given this type of training, in recent weeks selected groups of Sea Soldiers have been practicing the gentle art of parachute descending." Major John D. O'Leary, officer in charge of the Dallas recruiting district, said today.

The course includes special gymnastic training for the students as well as the packing, manipulation, collapsing and handling of the chute, method of making the jump, and landing.

Jumps from a training tower are followed by the first "live" leap from a plane at about 1200 feet, and then a gradual lowering of the altitude until the chutist jumps from 750 to 700 feet. Leaps from a lower altitude are considered unsafe.

It takes six weeks of steady training to make a parachute jumper. The technical problems they might have to solve under actual combat conditions will be taught later.

Major O'Leary stated that an unlimited number of vacancies still exist for enlistments in the Marine Corps and young men who may be interested in the Marines should apply or write to their nearest Marine Recruiting Station at once. Marine Recruiting Stations in the Dallas District are located in Abi-

lene, Fort Worth and Waco, with the District Office located in the Terminal Annex Building, Dallas, Texas.

Nearly every branch in the Marines has openings at the present time the Major said.

Chamber Commerce To Meet Wednesday

The regular meeting of the Munday Chamber of Commerce is scheduled for 12:15 o'clock next Wednesday at the Terry Hotel. The body is meeting every second and fourth Wednesday in the month.

Shuberts Seek Texas Talent For Summer Season

WILL GIVE JUNE AUDITIONS TO STAGE ASPIRANTS

Dalals, Texas.—Texas youth who aspire to the stage as a career will have an opportunity to show their talents when auditions are held to select more than 100 young men and women for places in the company to present "Opera Under the Stars" at Fair Park Casino, which will open a ten-week season on Thursday, June 12.

Needed for the summer season will be from 60 to 75 young women for the chorus, 30 dancers, and from 20 to 30 young men singers. This announcement was made here this week by J. J. Shubert, who will personally direct production of the ten weeks of operettas.

Announcement was also made by Mr. Shubert of his program for ten weeks of "Opera Under the Stars." The repertoire was made up by popular selection. Ten thousand persons in Texas, Oklahoma, Arkansas and Louisiana sent in their preferences. A list of 37 operettas was submitted. Balloting on the selections closed Monday, May 5, and the 10 most popular were "Student Prince," "Desert Song," "Blossom Time," "Rose Marie," "Countess Maritza," "A Wonderful Night," "Gay Divorcee," "The Mikado," "Too Many Girls," and "Rio Rita."

A galaxy of stars has been signed as principals for the forthcoming productions: Everett Marshall, Ethel Barrymore Colt, Paula and Carol Stone, Ben Blue, Alexander Gray, Harry Morton, Martha Errole, and many others. Mr. Shubert said that during the summer he hoped to bring every outstanding star of the stage and

musical world to the season of "Opera Under the Stars." Present plans are to open the season with Everett Marshall and Martha Errole in the greatest favorite of the operetta world, "Blossom Time." Prices for the opera season will range from 25c to \$1.

Cotton Week Will Set Newer Records, Sponsors Declare

KEY CITIES OF COTTON BELT COMPLETE PLANS FOR SALES CAMPAIGN

Memphis, Tenn.—Reports from all sections of the Cotton Belt indicate that the observance of National Cotton Week, May 16-24, will break all previous records, the National Cotton Council and Cotton-Textile Institute announced today after an initial survey of work being done by cotton promotion groups in the cotton-producing states.

The survey showed that in such cities as New Orleans, Memphis, Birmingham, Nashville, Charlotte, Houston, Dallas, Raleigh, Jackson, Los Angeles, Phoenix, and other key points definite plans have already been completed for citywide observances.

Cotton Week programs are not being planned in the larger cities alone, however. Through hundreds of chambers of commerce, retail merchants associations, civic clubs,

home demonstration and county agents in smaller cities and towns, Cotton Week programs will be carried out on a beltwide basis.

Outstanding Cooperation
Among the outstanding examples of cooperation in the campaign, a survey disclosed the distribution of large quantities of Cotton Week posters to retail stores by two large Southern firms, action of one of the nation's largest railroads in having posters placed on bulletin boards in each of its stations, use of the Cotton Week motion picture trailer by several chain theatre groups, use of Cotton Week advertising cards in all street cars and buses in two of the largest cities in the South.

Advance estimates show that participation in the Cotton Week program by newspapers of the Belt is already approximately 30 per cent in excess of last year. Cooperation of radio stations, theatres, and outdoor advertising firms, is also running ahead of 1940.

Retailers Enthusiastic
The Cotton Council said that "never before have retail merchants shown so much enthusiasm

over Cotton Week plans." Independent retailers in every community, as well as chain store groups, are said to be planning extensive merchandising programs built around the Cotton Week theme.

In many communities retail grocers are participating in the Cotton Week program by featuring cottonseed food products and staple groceries packaged in cotton containers. A large number of these stores will carry special Cotton Week display in their windows.

"The prompt and willing cooperation given in every section of the Belt indicates that the people are fully aware of the dangers which confront the cotton industry upon which so many millions are dependent," the Council said.

Alene Jungman Represents Munday At Wichita Falls

Alene Jungman, Munday High School senior, represented the Munday Chamber of Commerce in the district My Home Town contest in Wichita Falls Monday.

Miss Jungman brought out many outstanding qualifications of the City of Munday. She impressed upon her audience the religious life, school and community spirit. Many worthwhile projects of the Munday Chamber of Commerce and the citizens of Munday were mentioned in her well-rendered speech.

TRUSCOTT MERCHANT IS VISITOR HERE

C. C. Browning, well known farmer-stockman and grain dealer of Truscott, was here Wednesday, visiting friends and attending to business matters.

Mr. Browning is shipping 125

head of stocker steers and heifers to northern buyers this week. He is a charter member of the Stamford Production Credit association.

Texas Cowboy Reunion Program Being Planned

Stamford.—The most elaborate program in the history of the Texas Cowboy Reunion is assured by the list of attractions tentatively adopted by the directors for the 12th annual roundup in Stamford on July 3, 4 and 5.

New events will be added to the thrilling show in the arena of the world's largest cowboy rodeo. For the first time this year, the cowgirl sponsors from various towns and ranches will participate in every afternoon and night rodeo performance of the three days. A barehanded bull-fighter who uses no cape or weapon will engage the ferocious Brahma steers imported for the steer-riding contest.

Luke J. Pasco of Chicago will return this year with his champion sheep dogs which proved a popular attraction at the 1938 Reunion. A new group of trick and fancy riders are being signed for the arena shows, as well as an outstanding rodeo clown.

These special events are in addition to the cowboy rodeo contests in bare-back riding, wild-cow milking, steer riding, calf roping, and saddle bronc-riding in the arena each afternoon and night. Less elaborate programs are provided for the morning matinees. The annual cutting horse contest will be held on the morning of July 5. The special calf-roping contests for oldtime cowboys has been eliminated due to sentiment against the risks the elderly men take in this

event. Besides the arena shows, numerous other attractions will round out the Reunion program. Old-time dances will be held at the Coombes Roundup Hall every night and sponsors dances at the Reunion pavilion. The annual old-fiddlers contest will take place on the morning of July 5. The Quarter-Horse Show, inaugurated last year, will be repeated, sponsored jointly by the American Quarter-Horse Association and the Texas Cowboy Reunion. The grand parade will be held on the opening day and smaller parades on succeeding days.

Pioneer ranchmen and cowhands, composing the membership of the Texas Cowboy Reunion Association, will hold their annual meeting and election of officers.

Sonny: "Say, Dad, what does argument pro and con mean?"

Dad: "Well, my boy, pro is your convincing and unanswerable statement, while con is the contemptible drizzle of the other fellow."

Directors Of Stamford P.C.A. Meet Monday

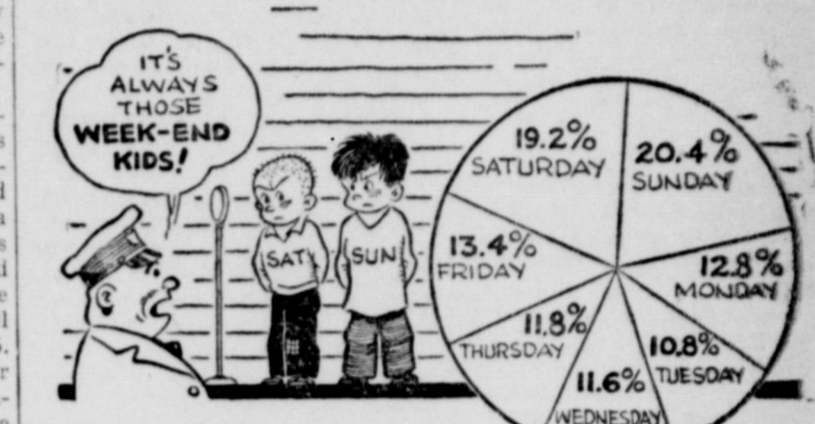

Mr. C. R. Elliott and Clint Helms attended a meeting of directors and employees of the Stamford Production Credit Association Monday of this week.

These meetings are now being held at regular intervals in order that employees may have a better understanding of Production Credit and be in a position to render greater service to its members.

It was also brought out in the meeting the importance of holding group meetings for Production Credit members. There will be several of these meetings held in Knox county in the near future. This is deemed advisable since the Munday office now has a membership of more than 150 members.

IT PAYS TO ADVERTISE

Traffic Accidents Hit Peak During Weekends

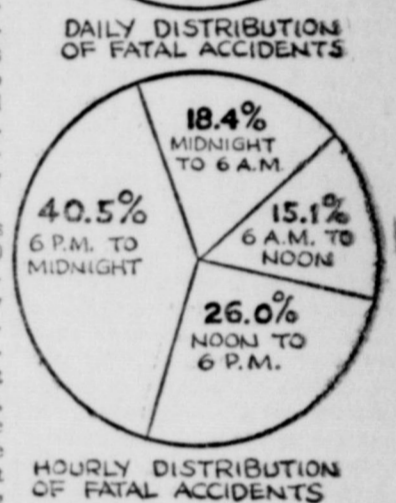

Beware of Sunday! It is an unholy day, a day of sinister happenings; a day when Death reaps its heaviest harvest, according to "Here Today—," eleventh annual booklet published by The Travelers Insurance Company in the interests of street and highway safety.

From an analysis of America's highway accident record for 1940 can be drawn the following conclusions: Saturday and Sunday vie for dishonor as the most dangerous days for automobile drivers. Of 35,000 people who met their death in traffic accidents, 13,860 or nearly 40 per cent were killed on weekends. When the days were divided into hours, it was discovered that the evening hours from six to midnight accounted for 14,180 or 40.5 per cent of those who died in automobile accidents last year.

Thus the booklet reveals to the layman unacquainted with accident facts that the worst driving hours and the most dangerous driving days are the very hours and days he most frequently chooses for pleasure trips.

Sunday has long been considered the most dangerous day of the week, but last year Saturday reared up until the two are running almost neck and neck as to fatalities. Most dangerous sin-

I GIVE YOU TEXAS

By Boyce House

"All I know is what I read in the paper":

Re: strayed chickens. If you live within the city limits and your neighbor's chickens continue to scratch up your flowers and gardens—chicken dinner would be very appropriate. Signed City Manager, in Wichita Falls Times.

A full charge of shot struck Mr. . . . squarely in the back door of the henhouse. (Peoria, Ill., Star.)

One advertisement for a husband brought a Massachusetts woman 19 reptiles. She is still unmarried. (Ablene, Texas, paper.)

George . . . had charge of the entertainment during the past year. His birth-provoking antics were always the life of the party and he will be greatly missed. (Willard Ohio, Times.)

The victim said that when he left the cafe with his two pretty companions he had \$60 on him besides several pockets full of loose change. But after being hit on the head he says he woke up without a dime. (Painter, Okla., Democrat.)

Here and there over Texas: My friend, Frank Harrison of the Corpus Christi Press has been appointed to the State Game, Fish and Oyster Commission. He was the original (and purty right) the only O'Daniel editor in the State.

"We heard what you said. Let's have more" read a telegram this columnist received after my first "I Give You Texas" program which is presented each Sunday, 12:45 p. m., over KGKO and it was signed by Mr. and Mrs. J. Frank Dobie and Mr. and Mrs. George Sessions Perry. Dobie has written a dozen books, all good, about the Southwest and Perry's novel, "Hold Autumn in Your Hand," is a best seller.

"A rosebush in every yard in Rosebud, Texas," according to Believe-It-or-Not Ripley—so Editor J. R. Kilgore, just to make sure, offers to give a rosebush for each yard that doesn't have one. Just back from a visit to Rosebud, and it has the roses—and bluebonnets, too, in the nearby hills. And you have really lived when you've enjoyed refreshments in Brother Kilgore's cabin with that big fireplace and logs a-snapping and

glowing in a cool night.

He wears a hat with the same size brim as 'most any business man (not a ten-galloner) and he doesn't wear spurs or even boots, yet he's Robert J. Kleburg, Jr., general manager of the biggest ranch in the United States. Leastways, that's how the head of the King Ranch dresses when he's not on the range. Appearing before a committee of the House of Representatives recently, he made an impressive appeal for the horse-racing bill, humorously commenting about some who had spoken against it: "I've seen more long faces here tonight than I ever saw in one place before," and he closed with a plea, "Let's have a little more fun in life." The bill was reported favorably, 10 to 7.

I can't lay claim to anything as far as looks go. And when it comes to learning, I may be rather slow. But there must be something more in me than other folks see, 'cause I got a little chap at home—he thinks a heap o' me.

I've had my ups and downs in life as most folks have, I guess. And take it all in all I guess I can't boast of much success. But it braces up a feller and it tickles him to know there's someone that takes stock in him, no matter how things go. To feel his hand in mine, so clingin' and so warm; to know he thinks I'm strong enough to keep him safe from harm; to see his lovin' faith and trust in all I say or do—it sort o' shames a feller, but it makes him better, too. That's why I try to be the man he fancies me to be, just 'cause that little chap at home he thinks a heap o' me. (By unknown writer; reproduced from Eric Bagwell's Sulphur Springs News-Telegram and J. H. Waggoner's Whitewright Sun.)

And after all it's easy up the better road to climb, with a little hand to help and guide you all the time. And I reckon I'm a better man than what I used to be, since that little chap at home he thinks a heap o' me. (By unknown writer; reproduced from Eric Bagwell's Sulphur Springs News-Telegram and J. H. Waggoner's Whitewright Sun.)

People, Spots In The News

JERSEY FIRE-KRIEG . . . One of the worst of numerous forest fires in east accompanying unusually hot, dry spring was one that virtually burned to ground a 20-mile square area near Lakewood, N. J. Here are shown two of many homes which burned in that resort town.

FARM PROBLEM of America won't be solved on the farm, said W. Fellowes Morgan, New York's Commissioner of Markets. Citing the distribution methods developed by chain stores that have brought higher returns to growers, he said real solution to farm problem lay in the distribution field.

GALLOPING GROVER Klemmer, U. of California ace quarter-miler, became one of brightest stars of young track season as he ran the 440 in 47 flat (above) to beat Gene Littler of Nebraska, reversing result of their classic duel in last New Year's day's Sugar Bowl meet.

Ward School Footballers Are Trained Daily

At the regular physical education period, forty-five minutes, Joe T. Hext, assistant football coach this year, is training about sixty boys in the elementals of football until school is out.

The ward team is expected to play several games next year, and have suits of their own, and have a ward school coach in all athletics, and this spring training period is expected to give good physical training, football stance, blocking positions, tackling positions, how to kick and throw a football and an appreciation for the game.

TEACHERS SELECTED FOR COMING YEAR BY BOARD

At a meeting of the Munday board of education Tuesday night, teachers in the system who plan to teach here next year were elected.

Teachers selected who plan to be back were: Miss Maymie Crouch, first grade; Mrs. Dorothy Crawford, second grade; Mrs. Billy Cooper, fourth grade; Miss Kathleen Burnett, English in ward school; Mrs. L. M. Palmer, third grade; and Miss Eugenia Gentry, music.

The positions left open, now being filled by substitute teachers

are: Homemaking, that was taught by Miss Ilah Moody, who resigned to accept a better position teaching Homemaking in the Brownwood Public Schools; Commercial work, taught by Mr. Howard Cobb for several years, who resigned to accept a business position with McCrory's Stores located at New Orleans; Mrs. Cobb, who teaches math in the ward school, who will join her husband in New Orleans after school is out; Science in high school, taught by Mr. Noble Wright who has a government position in Dallas in the defense program; Fourth grade, taught by Mrs. Wright, who will join her husband in Dallas after school is out; and Mr. Joe Hext, assistant coach and social science teacher in ward school, who resigned effective at the end of the year to accept a similar position at Haskell.

Two other teachers now in the system, who will resign at the end of the year to take up home duties are Mrs. Winston Blacklock, formerly Miss Simms, first grade teacher and Mrs. Herman Reeves, formerly Miss Hylen Holloway, high school English and choral teacher.

At present, Mr. W. F. Hill, Mrs. Travis Jones and Mrs. Buell Bowden are substituting in the Science, Homemaking and Commercial positions.

SIXTH GRADE

The Sixth Grade was very unhappy last week when Tiny Tim Goldfish passed away. He was buried in a desirable location with a rose at the head of his grave. They will never forget him. Next year they plan to have a Tiny Tim II.

School is almost out yet the Sixth Graders are working like bees getting in their notebooks and papers.

SEVENTH GRADE

Seventh graders are getting a sample of literature this last semester. They have studied two of the greatest poets: Whittier and Longfellow. They are using the Junior Beacon-Light Series, which is full of new and interesting happenings of the world. The most interesting stories have been: The Great Face, by Nathaniel Hawthorne; Snowbound, by John Greenleaf Whittier; Evangeline, by Longfellow; The Legend of Sleepy Hollow, by Washington Irving.

USE OF BAND-TEACHER COMBINATION DISCUSSED

Discussion of use of a teacher in the public schools in Munday who can teach band, each day, and be a regular teacher, is under way.

In this manner, a regular teacher-band director would be here to teach students in the school band, after school and also give private lessons to those who wish them. Most schools in this sec-

GENERAL SCIENCE CLASS

Recently when the General Science class was studying different types of food necessary for best health, the class invited the first year foods class into the science laboratory where they were shown how substances could be tested for various types of foods, as sugars, starches, fats, proteins, and minerals. The girls seemed enthusiastic over the fact that types of food in substances could be determined by experiment. Also they demonstrated by experiment that saliva in the mouth changes starch into simple sugars.

SECOND HOMEMAKING CLASS

The second year homemaking class has completed the American Red Cross dresses. They are wool plaid and are for four and six year old children. The material was furnished us by the Red Cross and the homemaking girls furnished the trimmings. They are to be sent to Great Britain for the needy children.

The Winter Haven substitution of the Texas Agriculture Experiment Station has bred several new straw berries, including Alamo and Ranger, which have been grown successfully under irrigation in South Texas.

Collins Enters State Senate Race

Hal H. Collins, Mineral Wells business man and author of his editorial of the air, "One Man's Opinion" on his Crazy Water program, has announced his formal entry into the United States Senate race.

Collins stated he had received requests to enter the race from more than 50,000 Texans. He is a close friend of W. Lee O'Daniel, and follows O'Daniel's type of politics with the music included.

Collins has resigned as president of the Crazy Water Co., and as a member of the State Democratic Executive Committee, and plans an intensive campaign tour of the state.

Lon Cottingham of Gilliland was a business visitor here last Tuesday.

Dennis O'Bryant, assistant coach in the Wheeler, Texas, high school, was a business visitor here Tuesday afternoon.

Jake Cure of Gilliland was a business visitor in the city last Tuesday.

Cecil Bookout of Haskell was a business visitor here last Monday.

ANNOUNCEMENT

I will be at Terry Hotel, in Munday, Texas, Tuesday, May 13, from 8:30 a.m., to 11:30 a.m. Next trip Tuesday, June 10. If you have any trouble with your Eyes, Ears, Nose and Throat, or need Glasses—consult me there on that date, or call at my office at any convenient time.

INDEPENDENTLY OWNED and OPERATED

TEXAS OUT-DOORS

Austin, Texas.—As a result of restocking a large area in Robertson County less than two years ago and managing the land, that is attempting to control the predators, provide good food and cover for game, there are now more than 300 wild turkeys upon the area, a report by a game manager for the Texas Game, Fish and Oyster Commission to the executive secretary here indicates. Only sixty-one were released upon the area.

Work on the Robertson county area, which was done with the aid of Pittman-Roberston federal funds, included fencing 20 acres and placing a score of birds inside. Their wings were clipped. Not only did the birds nest in the enclosure, but provided excellent decoys to the birds released outside the fence. The birds at liberty had a tendency to drift back to the penned birds each evening. That prevented their spreading over too large an area and into sections upon which the Game Department was not carrying on specialized work.

The Robertson county area is one of several the Game Department has set up for deer and turkey throughout the state in an effort to restore big game to areas which formerly had a sufficient supply of game, but which had been shot out.

Squirrel Battles Snake
C. C. Barton of Temple recently came to the rescue of a mother squirrel which was battling a large snake for one of her offspring, but apparently the little nut eater would have triumphed over its enemy without assistance from man.

Mr. Barton was driving near a creek on a farm he owns eight miles north of Temple when he noticed a large snake twisting and rolling. He got out of his car, picked up a club and started for the snake. Then he noticed that an adult squirrel was battling the reptile, twisting and turning with every move of the snake, which the squirrel had by the head. The nut eater had bitten the snake clear through the head. Then Mr. Barton noticed a half-grown squirrel under the snake. It was injured, but managed to follow its mother to a tree when Mr. Barton approached to kill the reptile. It was unnecessary for him to do so.

Hunting Is Big Business
More proof of the Texas Game Department's contention that hunting is big business is disclosed in a report of a game manager to the executive secretary. The game manager and his assistants checked 1,500 white-wing dove hunters in the Rio Grande valley and found that they spent a total of \$24,600 to bag 25,500 birds. That is an average of 16 1-2 birds to the hunter. When it is considered that thousands of persons hunt white-wings each season it can readily be seen that there is a huge turnover

in cash just for whitewing hunting.

A survey of 102 retail and wholesale dealers in ammunition in 20 towns of Hidalgo, Cameron and Willacy counties showed a gross sale of ammunition for the 1940 white-wing season exceeding \$45,614. There was a net profit of approximately \$7,754.38 in the sales for the dealers.

Help Save Texas Minnows
Now that Texas' season on all species of fish is open, the State Game Department is urging anglers to use care in the handling of minnows. These small fish are not only excellent bait, but are essential food for a large number of fish found in Texas. Wasting minnows means that you are simply robbing fish of badly needed food and that the fish you do catch may not be as large as they could have been had you helped conserve the minnow crop.

Texas laws are specific concerning minnows. Seines used to catch them must not be longer than 20 feet. Any fish other than minnows and minnows too small for bait must be returned to the water.

It is an excellent idea to handle your minnows carefully. If your minnow bucket is not supplied with an air pump, the water should be changed frequently or the bucket placed in a stream or lake. A minnow bucket should not be towed behind a rapidly moving boat. All minnows remaining after you are through fishing should be dumped into the lake or stream.

Sheriff Louis Cartwright of Benjamin was a business visitor here last Saturday.

Maurice Stapp, who is employed in Wichita Falls this week, visited his parents, Mr. and Mrs. R. R. Stapp, over the week end.

Mr. and Mrs. D. E. Holder, Jr., spent the week end in Denton, visiting with Mrs. Holder's parents, Mr. and Mrs. P. L. Phillips.

Mrs. Curtis Bell and daughter and Miss Dorothy Boone of Abilene visited in the home of Mr. and Mrs. J. L. Stodghill last Sunday.

Lamoine Blacklock and Hubert Homer were visitors in Wichita Falls last Sunday.

Herman Brown spent several days last week visiting in Amarillo and points in Oklahoma.

Miss Pauline Homer of Wichita Falls is visiting her parents, Mr. and Mrs. K. G. Homer of Rhineland, this week.

Miss Wilma June Burnison, who is attending Texas Tech at Lubbock, spent the week end here with her parents, Mr. and Mrs. Jess Burnison.

News From Goree

Mrs. Betty Davenport, mother of Mrs. Walter Thornton, is very low at this writing. A number of relatives have been summoned to her bedside. Among those present are Claud Slacker and children of Ralls, Mr. and Mrs. Bill Shannon of Wichita Falls, granddaughter, Mr. and Mrs. Earl Martin of Breckenridge, granddaughter.

Mr. and Mrs. Jim McNeese of Abilene, brother of Mrs. Jim Morton, were guests in the Morton home over the week end. Other visitors were Mr. and Mrs. Jim Morton, Jr., of Oklahoma City, and Mr. and Mrs. Morris Stewart of Oklahoma City.

Ira Stalcup and daughter Chloe Dell, Preda Farmer, Bonnie June Roberts, and Billy Joe Ratliff made a fishing trip and outing to Lake Kemp May 1. They reported a boat ride with fishing and motorboat rides.

Ozell Martin of Denver City was a week end visitor in this city. Josie Lenora Daniel spent the week end with home folks in Goree.

Mrs. H. S. Mercer and small daughter Patricia Ann of Oklahoma City, mother of Mrs. Jimmy Rice, is here on a visit to welcome James Richard, the grandson, who was born April 23.

The auxiliary of the Tri-County Medical Association met with the president, Mrs. W. M. Taylor. Mrs. Fred Braoch, Jr., gave a review of "For Whom the Bell Tolls" by Hemingway. Mrs. J. F. Caden-

head of Weinert sang two numbers, Springtime and Lover Come Back. A delicious salad plate was served to the following members and guests: Mmes. T. W. Williams and Bert Welch of Haskell, C. E. Johnson and J. W. Foy, Seymour; J. F. Cadenhead, Weinert; Fred Broach, Jr., Munday; S. G. Hampton, J. W. Fowler, H. D. Arnold, S. E. Stevenson, Maggie Madole and Dr. Taylor of Goree.

H. G. Moorman of Gorman, father of Cliff and Cal Moorman of this city, died last Wednesday after an extended illness. Mr. Moorman was 78 years of age and was one of the pioneers of that section. His passing was mourned by a number of children and a host of friends over a large section of country.

Lee Madole of New Orleans, La., cousin of Mrs. W. M. Taylor, was a week end guest in the Taylor home.

Word Thornton was a visitor in Goree last Thursday. He reported they had not had as much rain in that section as needed.

Harold Mercer and Dalma Livingston of Abilene were Sunday visitors in the home of Rev. and Mrs. Jimmy Rice. Mr. Mercer is a brother of Mrs. Rice and is in training at Camp Berkeley, at Abilene.

Mrs. E. B. Crites of Paris, Texas visited her mother, Mrs. Allen, and sister Mrs. Lloyd Stewart several days last week. Mr. and Mrs. Stewart accompanied Mrs. Crites as far as Abilene on her return home.

Mrs. Roy Jones entertained the Goree 42 Club in her home. Delic-

ious refreshments were served to the following members and guests: Mmes. Lloyd Stewart, John Coffman, Ira Stalcup, Homan McMahon, Ernest Robinson, Forrest Dan-nell, Orb Coffman, Gene Payne, Roy Maples, Cecil Barton, Tom Cowsar.

NEW USE FOR TOOTHPICKS

College Station.—U. S. Department of Agriculture scientists have found another use for toothpicks than decorating the lips of easy-mannered diners.

They have found that the tooth-cleaning splinter is an aid in getting a higher survival of transplanted pecan trees the first year. Pecan growers have been having high losses because not enough new roots are formed the first year to support the top. The top. The toothpicks are soaked in a growth-promoting substance and a hole bored in a pecan root is plugged with the treated toothpicks. This puts the "growth-promoter" into the circulation system of the tree. Treated trees produce more new roots and make more rapid growth than untreated trees. More of them survive the critical first season, too.

Mrs. J. A. Wiggins and Mrs. W. E. Braly were visitors in Wichita Falls last Saturday.

Nearly 700,000 farms and other rural users in the United States are connected with REA power lines operated by farmer cooperatives.

Memorial Honors Highway Patrolmen

Austin.—A memorial to Texas Highway Patrolmen who have been killed in line of duty has been placed in the Headquarters office of the Department of Public Safety, following the passage of a resolution by the Public Safety Commission.

The resolution emphasized that all enforcement officers of the Department of Public Safety are constantly facing hazards involving loss of life and great bodily injury in protecting the citizens of Texas. In pointing out that eight Patrolmen have lost their lives while facing such hazards, the resolution declared that "due recognition of our great loss and our desire to honor these brave and splendid citizens of Texas be recorded in the minutes of the proceedings of the Public Safety Commission."

Two of the Patrolmen, H. D.

Morphy and E. B. Wheeler, were shot to death April 1, 1934, by Clyde Barrow and Bonnie Parker. The other six—Arthur Fisher, A. L. Moore, J. N. Avery, M. D. Tarrant, G. A. Freese and D. A. McGonagill—were killed in vehicular accidents in line of duty. The memorial includes their photographs, the dates on which they entered the service, and the dates of their deaths.

Forrest Yancy went to San Angelo last Monday. He started to Eldorado to visit his parents, Mr. and Mrs. C. W. Yancy, but was told in San Angelo he could not reach home on account of high water.

Miss Mozelle Trammell left last Friday for Sherman, Texas, where she plans to spend the summer visiting with relatives.

Jack Idol of the League Ranch near Benjamin, was a business visitor in the city Tuesday.

BOONE HAMILTON

... Well known Munday automobile mechanic, is now in charge of our auto repair shop. Expert auto repair work will be done here. We invite you to our shop for repairs, regardless of the make of your automobile.

J.B. AUTO SUPPLY

MUNDAY, TEXAS

\$100.00 REWARD

\$50.00 for OLDEST Electric Bill
\$5 Each for the 10 Next Oldest
(All entries must be fifteen or more years old)

Nothing to Buy!

Just Send or Bring Us Your Old Bill — and 100-Word-or-less Letter Describing Electric Service at Time Bill was Paid

MAYBE you still have the first electric bill you ever paid! If so, you will recall that the service wasn't so good compared to present-day standards of efficiency and dependability.

If yours is the oldest we receive, it is worth \$50 to you. If it is one of the ten next oldest, we will pay you \$5 for it. It must be for service in the home, dated 15 or more years ago, and must be accompanied by a letter, 100 words or less, telling something about the kind of service and the cost for the appliances and light you used at the time the bill was paid.

Why Do We Want Old Bills?

So we can compare today's improved service and lower cost with yesteryear's! We want to figure what the kilowatt-hours used at present-day low rates would have cost in the "good old days" when oil lamps were first being displaced by BETTER LIGHT.

Electricity was on only part of each day and night; and that interruptions in small isolated oil engine plants were at times frequent. We all know, too, that the transmission line type of electricity has resulted in greatly lowered cost and improved service so that people today are using two or three, or even five times, as much for about the same or less money.

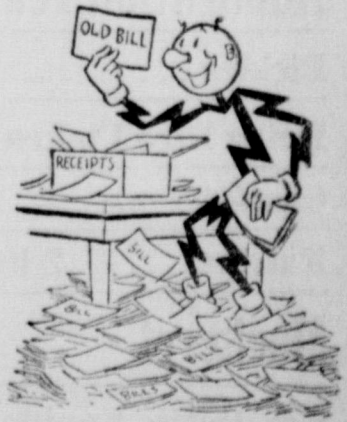

We will do our best to return your entry if it isn't one of the eleven oldest bills. We reserve the right to publish photographic copy of winning bills and letters and names of winners.

Look Through Your Old Receipts Today

This offer is good until June 15. But don't put it off—dig up that old bill today. If yours is one of the oldest eleven we receive, payment will be made as soon after June 15 as possible.

All PRESENT customers of the West Texas Utilities (excepting employees) are eligible. The old bill may be for service rendered from a predecessor of the company in this community; that is, for any bill paid before the coming of West Texas Utilities cheap and dependable electric service.

Mail or Deliver in Person Your Entry to Our Local Office

West Texas Utilities Company

Your tax dollars should be used for those items essential to national defense. Electric Service NOW is ample and sufficient to meet the emergency without government subsidies or expenditure of tax money for this purpose.

Auction Sale Has Big Run Of Cattle, Hogs

The Munday Livestock Commission reports a big run of cattle and hogs for last Tuesday's sale. Plain butcher cattle were 25 cents higher for the week. All other classes were fully steady.

Top hogs sold from \$8.20 to \$8.50; lights and heavies, \$8 to \$8.25; sows, \$7 to \$7.50; stocker steers, \$7.50 to \$8.15.

Beef bulls brought \$6.75 to \$7.30; butcher bulls, \$5.50 to \$6.50; fat yearlings, \$9 to \$10.75; fat cows, \$6.75 to \$7.50; butcher cows, \$5.50 to \$6.50; enslers and cutters, \$4 to \$5.50; butcher yearlings, \$7.50 to \$8.75; fat calves, \$9.25 to \$11; butcher calves, \$7.75 to \$9; rannies \$6.50 to \$7.50.

A hundred head of common stocker calves sold from \$27.50 to \$36 per head.

Buyers here for Tuesday's sale were Wichita Packing Co., Wichita Falls; Vernon Packing Co., Roscoe Jordan and L. O. Tucker, Vernon; E. W. Brasher, Bowie; Mr. Kemper, Memphis; Ben Clifton, Haskell; J. W. Tankersley, Knox City; J. F. McCaulley, Seymour; E. E. Glenn, Throckmorton; C. H. Keck, Tom Osborn and O. T. McClroy, Knox City; Edward Newton and P. F. Weinert, Haskell; A. E. Burgess, Gilliland; M. F. Wilson, Rule; J. R. Spivey, Crowley; V. B. Bowman, Weinert; J. C. Caussey, Fred Motl and Frank J. Meek and Perry Woods, Seymour; E. R. Howe, Stamford; Van Thornton, C. L. Patton and Howard Barnett, Gore; J. A. Hill, C. R. Elbert, W. A. King and Lee Isbell, Munday; J. L. Holmes, Wichita Falls.

Former Munday Student Wins High Honor at Grapevine

Rosal Smith, formerly of Munday, has won high honors at Grapevine, Texas, and a \$120.00 scholarship given by T.W.C., Fort Worth, according to word received here. He plans to enter T.W.C. in September.

Rosal also won first place in the Grant county tennis tournament and second place in the one-act play, it was stated.

He is the son of Mr. and Mrs. T. K. Smith, former residents, and brother of Mrs. J. T. Offutt and Mrs. L. D. Offutt of this county.

Many to Attend Mineral Wells C.C. Convention

Mineral Wells.—One of the largest downtown crowds in Mineral Wells' history is promised for Friday afternoon, May 16, closing day of the West Texas chamber of commerce convention. The occasion will be the parade of bands, starting at 5 p.m.

Parade plans were worked out Monday night by local committees in conference with Brig. Gen. W. H. Simpson, commander of the Camp Wolters infantry replacement training center, and Lt. Col. Otto F. Lange, plans and training officer at the center. Colonel Lange accepted the post director general of both parade and the patriotic mass meeting to be held Thursday night, May 15, in Mineral Wells' downtown convention hall.

The parade will be a composite of both military and civilian bands. Leading off will be the Camp Wolters band, and in the military section a whole battalion of troops, four companies, 1,000 men, will march. The honor spot in the civilian band section will go to the 80-piece Odessa High school band directed by G. Ward Moody. This is the 1941 WTCC official band. Other civilian band units will include the famed Cowboy band of Hardin-Simmons university, with their six horses; a Fort Worth high school ROTC band, the Weatherford high school band, the host band from Mineral Wells high school, and others.

The Odessa official band is also expected to play in Thursday night's patriotic mass meeting. During this event, as an offering by the Mineral Wells chamber of commerce, girl sponsors from the territory—West Texas beauties—will be presented to the big audience. There will be no contest feature in this event. Following the sponsors' presentation a patriotic oration will be delivered by an outstanding speaker, and this probably will be broadcast.

Emerson Parramore and family of Dallas visited friends and relatives in the city Wednesday and Thursday.

Station KGNC, Amarillo and KRIS, Corpus Christi, recently carried a national Extension Service radio program devoted to the cotton mattress demonstration program in Alabama.

THE POCKETBOOK OF KNOWLEDGE

INDUSTRY, TO PROVIDE DEFENSE FOR AMERICA, HAS HAD TO CHANGE OVER SWIFTLY IN MANY INDIVIDUAL FACTORIES FROM MAKING GOODS FOR NORMAL CONSUMPTION TO THE MANUFACTURE OF DEFENSE ARTICLES. FOR INSTANCE—

Observations At Austin

The Munday Times is in receipt of the following statement from Senator George Moffett, of this district, concerning affairs at Austin:

"The current session of the Legislature," stated Senator Moffett, "has probably done more work than any recent session. The emergency through which we are passing naturally brings about a need for considerable new legislation. For example, the matter of airports and the various auxiliary facilities in connection therewith, has brought about a definite need for several new laws concerning the financing, construction, and operation of airports by cities and counties. Since air transportation

is undoubtedly going to expand still further, these laws will, of course, have a permanent value.

"After some delay, the Legislature has passed a tax bill scheduled to raise around \$25,000,000 annually for social security. About half of this new money will come from increased taxes on oil. Sulphur and natural gas will pay considerably more than they have been. An increase has also been levied on utilities, corporation franchises, and transfer of stock certificates. The part about this new tax bill to which I seriously and earnestly object is the tax on used automobiles. It has long been customary to place a tax on new automobiles, but I have always thought, and still think, that when an article has been taxed once as a new article, that it is improper and unwise to tax the same article several times more when it changes hands as a used article, but that is

exactly what the new tax bill does with reference to used automobiles. I voted against this part of the tax bill with all the emphasis I could command, but I was badly outvoted.

"This session of the Legislature will probably adjourn in less than a month, as most of its work is finished. Most of the members will be glad to get home. Some few of the younger members plan to go to the army, while most of the others will return to pick up the threads of their affairs where they left them nearly five months ago."

Weather Report

Weather report for period May 1st to 7th, inclusive, as recorded and compiled by H. P. Hill, Munday, U. S. Cooperative Weather Observer.

Mr. and Mrs. K. W. Homer, Mrs. K. G. Homer and son, Phillip, were visitors in Wichita Falls last Tuesday.

Mrs. Edgar Huffman and son have returned to their home in Tyler, Texas, after several days visit here in the home of Mr. and Mrs. Lawrence Kimsey.

Weekly Health

M.D., State Health Officer
Issued by Dr. Geo. W. Cox, of Texas

Austin, Tex.—Reports from the Pasteur Institute of the Texas State Department of Health indicate that positive examinations of animals for rabies (hydrophobia) during the first four months of 1941 were statistically less than for the same period for the past two years, according to Dr. Geo. W. Cox, State Health Officer.

The Pasteur Institute reports that 164 animals have been shown to have had rabies since the first of the year, out of 474 examinations. During 1940, 1,488 examinations were made, revealing 394 positive cases of rabies in animals and 1,094 negative. This was a decrease from 1939's cumulative 1,975 cases, of which 583 were found to be positive and 1,392 negative.

Rabies in man is rare but highly fatal unless Pasteur treatment is promptly instituted. It is significant that one death in 1939 and one death in 1940 were reported from rabies in Texas, so successful was the Pasteur treatment in the cases of persons bitten by the rabid animals.

Rabies in man usually results from the bite of infected dogs, though rabies may be spread by calves, sheep, squirrels, skunks, and horses. As a precaution against the spread of rabies, Dr. Cox advises the penning up of all dogs suspected of having rabies and keeping the animals under observation for at least ten days, but not destroying the animal. This

holds true of other animals similarly suspected of rabies.

If a dog dies within the observation period, arrangements should be made to send the head of the animal to the Pasteur Institute, Austin, Texas, for rabies examination. The family physician or local health officer can make arrangements for shipping the head of the animal.

"Promptly after rabies has been established in animals, persons who have been bitten should begin treatment to prevent development of symptoms. Treatments should be begun before laboratory examination has been made in case a person has been bitten in the face or on the hands, or has received extensive wounds," Dr. Cox advises.

Miss Wynette Farmer of Knox City spent the week end here visiting in the home of Mr. and Mrs. W. R. Moore.
