

WHEAT FARMERS VOTE ON QUOTAS MAY 31

Sunset Schools Hold Exercises

Fifteen Get Diplomas Thursday, May 22

Graduates of the Sunset Consolidated Rural High School held their graduation exercises on Thursday night, May 22, thus marking the close of one of the most successful terms in the school's history.

The baccalaureate address was given by Rev. Luther Savage, pastor of the Church of Christ at Hamlin, on Sunday night, May 18. In the commencement exercises May 22, the students had complete charge of the program.

This year's graduates include: Agnes Brown, Loma Raye Clarke, Kay Eggleston, Gene Griffith, Guy Hardin, Ruby Hutchinson, Jane McLeroy, valedictorian; Kenneth Myers, Donnie Partridge, Willie Mae Pearce, Claud Richardson, Edith Simmons, Roy Simmons and Doris Walker, salutatorian. Robert Travis graduated at mid-term this year.

On Friday afternoon, members of the seventh grade class were awarded certificates of promotion into high school. After the exercises, 31 honor certificates were given to students in the school, with only those making 90 or above receiving these awards.

Fifty perfect attendance certificates were given students who had neither been absent nor tardy during the school year. Wendell Partridge received his seventh perfect attendance certificate. In addition 10 students received both the perfect attendance and honor certificates.

At a recent meeting of the school board, the following teachers were elected: Mrs. R. I. McLeroy, Mrs. Herbert Partridge, Miss Iola Tate, John B. Ingram, grade school principal; R. I. McLeroy, and Mrs. Manera Savage, W. C. Kimbrough, high school principal, was elected earlier in the year, and Supt. T. W. Harber has another year on his present 2-year contract.

Inspection Of Home Defense Guard Slated

Local Company is Now In Full Uniform

Company C of 17th Battalion Texas Home Defense Guard, the Munday unit, will be inspected on Thursday night for state and federal recognition. The company was organized February 28 in Munday, under the sponsorship of the American Legion.

Uniforms for the guard membership arrived last week end and have been purchased at the expense of the individual members. They will be in uniform for the inspection, which will follow a supper given at the Coates Cafe for all officers, non-commissioned officers and visitors. The public is invited for this inspection.

Company officers selected, as follows: Walter Rice, captain; John Ed Jones, first lieutenant; Lee Haymes, second lieutenant. J. C. Harpham has since been made a first lieutenant on the battalion staff as plans and training officer. Commissioned officers then selected non-commissioned officers of the company. Robert F. Horan, is first sergeant; Don M. Ferris, mess sergeant; S. V. Colley, supply sergeant; T. W. Harber and Rupert Williams, sergeants first platoon; W. R. Moore, Jr., and Gene Harrell, sergeants second platoon. Riley B. Harrell is company clerk.

The list of other non-commissioned officers was not available this week, and it is planned to publish the entire roster in next week's issue of The Times.

Mr. and Mrs. Tug Nesbitt and baby of Dallas and Mrs. P. F. Nesbitt of Sherman visited relatives and friends here over the week end.

Mrs. John Ed Jones and children visited with relatives in Neacogoches several days last week.

LEGION APPEALS FOR FLOWERS

Members of the American Legion are making a last appeal for flowers to be used in decorating the graves of war veterans on Friday, May 30.

Those having flowers which they will donate to this cause are asked to notify Lee Haymes, Don Ferris or other Legion members. Someone will call at your home and get the flowers.

Boy Scouts To Meet on Tuesday

Troop Organization to Be Perfected

A meeting of all boys of scout age will be held on Tuesday night of next week for the purpose of reorganizing the Munday troop, it was announced this week by Robert Green, Munday scoutmaster. The meeting will be held at the American Legion hall, beginning at 7:30 o'clock.

Mr. Bennett Cooksey, area field executive for this area, will be here and will help with the organization. Scouts will be organized into patrols, their leaders selected, and the scout set-up will be perfected.

Green urges all scouts, boys of scout age, their parents and others interested to attend this meeting. Gene Harrell will serve as assistant scoutmaster, and others of the town will assist in various phases of scout work.

The Boy Scouts plan to get their organization completed and attend the summer camp which opens on June 22. The troop is being sponsored by the American Legion and the Munday Chamber of Commerce. Local scout councilmen who are expected to attend the meeting are L. M. Palmer, Lee Haymes, E. W. Harrell and A. H. Mitchell.

Four Men To Answer Draft Call in June

State Selective Service Headquarters today announced the Army's 16th and 17th calls on Texas' 351 local boards for 2319 trainees to be delivered for induction during the period June 11 through June 19.

General J. Watt Page, State Director, said that 214 negroes have been selected to meet the 16th call on June 11, and on the 17th call 2105 white men will be inducted between June 12 and June 19.

When these two calls have been completed, Texas will have 29,704 men in training under the Selective Service Act, Texas is credited with 825,429 men registered last October, and the quota assigned by the War Department for the first year of the program ending June 30 is approximately 55,213 trainees.

General Page said that Texas leads the nation in the number of men furnished the armed forces. In addition to the 29,704 men called under Selective Service, Texas has more than 80,000 men—all volunteers—serving in the Army, the Navy, Marine Corps, the National Guard and the Coast Guard.

The Local Board of Knox county will furnish four men, all white, under call No. 17. These men will be entrained June 19th for the induction station at Dallas, Texas.

Mrs. A. P. Barker and son of Lockney were here on Tuesday of last week, visiting in the home of Mr. and Mrs. C. P. Baker. Mrs. Baker's mother, Mrs. E. C. Henry, and Kenneth and Charles Baker accompanied them home Wednesday for a visit.

Democracy in Action Farmers to Decide Quota Question

One of the foundations of democracy is the right of people to share in national decisions affecting their everyday lives. Although many other parts of the world are under the heel of dictatorship, here in America farmers are strengthening democracy by putting it into practice in their AAA marketing quota referendums. The Secretary of Agriculture has proclaimed a wheat marketing quota for 1941, subject to approval by farmers in a national referendum on May 31. When farmers vote in the referendum on that date, they will be exercising a fundamental privilege of citizens in a democracy.

21-Year-Olds To Register July 1

Services To Be At Presbyterian Church Sunday

Building Program Is Nearing Completion

Rev. W. R. Bryant, pastor of the Presbyterian church, announced Wednesday that church services will be conducted in the new building, beginning next Sunday.

Although there remains much to be done before the structure is completed, Rev. Bryant stated that work was far enough along that it can be used for all regular services. The interior of the building is almost completed, but the rock work remains to be done.

Rev. Bryant stated the rock program is coming along nicely and he believes it will not be long until the rock work can be carried on to completion. Official opening of the church will not be held until the entire program is completed.

In his regular announcement this week, Rev. Bryant expressed appreciation to members of the Munday Study Club for the use of their club house while the building program has been under way. He urged all members to attend services in the new building next Sunday.

Curtis Coates Buys Hunter Residence

A deal was completed this week in which Curtis Coates, owner of the Coates Cafe, purchased the Ky Hunter residence, located in the southwest part of Munday. Mr. and Mrs. Coates are moving into their residence this week.

Mr. and Mrs. Hunter have moved to Iowa Park to make their home, and Mr. Hunter will be engaged in farming there. They have been residents of Knox county for a number of years, and their many friends here wish them success in their new home.

Mr. and Mrs. Ralph Johnson of Chickasha, Oklahoma, spent the week end here visiting in the home of his parents, Mr. and Mrs. J. A. Wiggins, and with other relatives and friends.

Another registration day asking registration of approximately a million young men just attaining the age of 21 years has been ordered by President Roosevelt for July 1, 1941.

The 6,500 selective service systems throughout the United States will conduct the registration, and the new men signed up in each area are expected to be put at the bottom of their local draft lists in an order of priority among themselves to be determined by a new national lottery.

Some of the men who have been called since the first registration on October 16, 1940, have already registered and volunteered for training. A provision of the draft law allows voluntary service by men 18 to 21.

It is understood that the July 1 date was chosen for registration in order that men registering then would have time to find out before fall whether or not they might expect to be called for duty. They then would be permitted to plan ahead for their fall and winter work or scholastic work.

The registration and lottery will be along the same order as the first one. Each man will be given a registration number. One set of corresponding numbers will then be drawn in the national lottery. If "50" is the first number drawn, then that would be "Order No. 1", and men holding the number would be the first of the young men called to enter selective service if there was no reason for deferring their training.

Thousands of the young men registering on July 1 are expected to be called into service within a few months. Officials said that local boards will be inclined to go quickly through their older registrants in order to reach the men who have neither dependents nor essential employment and are at an age which the army wants.

The registration is expected to affect many young men of Knox county, who are either in college or just completing their college careers and preparing to enter employment.

Moulton L. Wiggins, who is stationed at Camp Bowie, Brownwood, spent the week end here visiting in the home of his parents, Mr. and Mrs. J. A. Wiggins, and with other relatives and friends.

Bankers Meeting To Be Held Here

Commencement For Vera Held Friday Night

Seven Graduates Get Their Diplomas

On Friday night, May 23, the commencement exercises were held for the 1941 graduates of Vera school.

The processional and recessional were played by Miss Mildred Reynolds. Rev. Swindall gave the invocation. The salutatory address was delivered by Miss Leota Patterson, and the class joined in singing "Perfect Day." The valedictory address was given by Miss Mary McNeill.

Joe Wheat, Seymour lawyer, gave a talk on Americanism, after which awards were presented by Supt. Jesse G. Thompson. A loving cup given by the young matron's club was presented Miss Leota Patterson for making the highest grades in high school. Miss Janie Faye Boyd, sophomore, was given a safety medal for making the best scrapbook in safety education. The citizenship medal was awarded to Morris Robertson.

At the beginning of school, Supt. Thompson announced some points to work for to receive best all-around medals. These included interscholastic league activities, grade points, citizenship, sports and general benefit of the school. These medals were awarded to Miss Leota Patterson and Calvin Hardin.

Scholarships were presented Miss McNeill, Miss Patterson and Mr. Hardin, high-ranking boys.

Diplomas were presented to the graduates by R. N. Smith, president of the school board. Those receiving their diplomas were: Mary Lou McNeill, Calvin Hardin, Leota Patterson, Charles Robertson, Morris Robertson, Evelyn Rabe and Wanda Jo Sansom.

Knox County Hospital Notes

Patients in the Knox County hospital May 27, 1941, included Mrs. Esker New, Truscott; Leroy Perdue, Goree; Bill Collins, Knox City; Mrs. Henry Thompson, Munday; James Adams, Vera; Levi Bowden, Munday.

Dismissals since May 20, 1941 were: R. J. Riley, Jr., Gilliland; Mrs. M. S. Denton and baby daughter, Knox City; J. R. King, Munday; Leon Kennedy, Knox City; Mrs. O. O. Carver and baby son, Knox City; Miss Kate Watson, Rochester; William Bell, Truscott; Mrs. W. U. Cornelison and baby son, Benjamin; Mrs. Howard Gilchrist and baby daughter, Knox City; Glen Ray Morrow, Munday; Laverne Scifers, Gilliland; Mrs. Warren Frazier, Old Glory; Mrs. E. L. Foster, Munday; Baby Shirley Park, Knox City.

Births
Born to . . .
Mr. and Mrs. O. O. Carver, Knox City, a son.
Mr. and Mrs. Howard Gilchrist, Knox City, a daughter.

Band Parents To Meet on Wednesday At Grade School

Parents of members of the Munday School Band are requested to meet in the school auditorium next Wednesday evening to discuss plans for the band next year.

It is thought a plan may be evolved whereby students in the band may be able to get their own instruments, have band every day, and it is hoped that all parents that are interested in the band and its progress will meet with school officials to discuss the future work of the band at the appointed time.

8 Voting Boxes In Knox County

Farmers are Urged To Cast Their Ballots On Referendum

The wheat situation has become critical, with the largest supply on hand in the history of our country. Canada has two year's surplus wheat stored on the ground in piles. All terminal grain elevators in the United States are full, and new elevators are being built to take care of the present crop.

If the farmers vote for the wheat marketing quotas, farmers complying with the farm program will not be affected in any way. Those farmers who have overplanted their wheat acreage can sell only the wheat produced on the allotment, and the excess wheat produced above their allotment will be subject to the tax of half of the loan rate, or approximately 50 cents per bushel. He may put his allotment wheat in the loan at the regular rates, but the excess wheat can go in the loan at only 60 per cent of the loan value.

If farmers do not vote the quotas, there will not be a loan on wheat. The farmers will sell their wheat on the open market, which has been badly disrupted due to the unsettled world conditions with no loan market to follow the loan value.

"It is the duty of every eligible Knox county wheat grower to vote in the referendum Saturday," stated County Agent Walter Rice.

To be eligible to vote, a farmer must have at least 15 acres or more planted for harvest now, or have a production of 200 bushels or more. Farmers producing 200 bushels or less will not be affected by the quotas and therefore are not eligible to vote.

Knox county will have 8 voting boxes at the following places: Munday, city hall; Knox City, city hall; Rhineland, school house; Goree, W. W. Coffman's office; Vera, Methodist church; Gilliland, Co-op gin office; Truscott, Brown's service station; Benjamin, court house.

The boxes will be open at 8 a.m. and will close at 7 p.m. Every eligible farmer should be able to come out and vote.

Poppy Sale To Be Held On Week-End

Memorial Poppies To Be Sold Friday And Saturday

Lowry Post No. 44 of American Legion is sponsoring the sale of the memorial poppy on Friday and Saturday of this week in commemoration of Memorial Day. Also on Friday, the American Legion will decorate graves of all war veterans in memory of America's war dead.

The tiny poppies, replicas of those that grow over the graves of America's war dead, are made by disabled veterans in the U.S. veterans hospitals over the nation. These are men who fought America's battles in 1917-18 and who are now suffering from wounds and illness caused by this conflict and have no means of support only that of fashioning these tiny poppies we wear in memory of their buddies.

Several dozen poppies are on hand, and everyone will be given an opportunity to buy one. Legion members ask that we wear these small tokens in memory of those who gave their lives for our freedom.

IRON LUNG DONATIONS

Two additional donations to the iron lung fund have been reported to The Munday Times this week in addition to those published prior to this time. They include the following:

Zada Lee Bible Class . . . \$1.00
Tony Kuehler 1.00

Mr. and Mrs. P. L. Parries of Grandfield, Okla., visited with Mrs. Parries' brother, Frank Nance, here last Sunday. Miss Winnie Mae Nance returned home with them for a visit.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"

VACATIONS MEAN MORE NOW

Americans take vacation time seriously. We work hard and play hard in this country. The English humorous magazine, Punch, paying too much attention to the latter habit, once declared that America isn't a country—it's a picnic.

Vacations mean a lot to us because they are a part of the whole pattern of freedom under which we live. No state-arranged "workers' tours" and "labor battalion" holidays for us! The people of the United States pay their ten billion dollars annually for amusement and recreation in their own liberty-loving way!

Well, summer is nearly here again, and this is not quite like other years. A huge national defense program is under way, calling for the best that is in every one of us. And it is already apparent that for some Americans there will be less time for relaxation this year than heretofore.

Skilled management will be in great demand at this crucial time in the defense program. The busy employer, whose symbol at present is the sandwich and a cup of coffee for a lunch at his desk, will often be forced to forego a vacation this year.

Skilled workers will be in great demand too. Already the employees of some companies working on defense have voted to take their vacation pay as a bonus and go right on working to make sure that their country will be armed in time.

But if the management and workmen in our defense industries and all those who have a stake in building this nation's defenses can give less thought to the pleasures of a summer in the mountains or on the beach, there is at least one point they will not forget. It is privileges like these that they are working harder in order to render secure. And any liberty is only a thing of worth and dignity if those who enjoy it are willing to make sacrifices too insure against its being taken away.

That is the vacation spirit of Americans in these difficult times.

UNNECESSARY PARADOX

"At the end of the first nine months of the fiscal year present, the number of persons holding jobs in business and industry was 5 per cent higher than at the start of that period. Over the same nine months, WPA rolls showed a net increase of 5.9 per cent, despite the demands of defense industries.

Thus, the New York Sun reports the present paradox of better business on the one hand and more Americans on relief on the other. It would be hard to think of an explanation of this fact that made much sense, but there is certainly a need for some careful examination to discover what is wrong with the picture.

The rise in relief rolls at a time when industry is steadily taking on new workers is similar in nature to expansion of government activities and increase in costs of a number of other non-defense fields. These activities were depression-born. They were conceived as "emergency efforts"; and it was surely the theory of their sponsors that substantial business recovery would bring about a complementary lower cost for them.

The Sun study indicates that these hopes are not being realized. Surely it is fair to carry the argument one step further and suggest that they can and should be. When the nation is bending every effort for defense, when the taxpayer is facing unprecedented burdens, the average American citizen has the right to demand that his governmental representatives keep the non-defense costs as low as possible.

The evidence mounts up that economy of this type is both reasonable and possible.

PRICES ON THE RISE

For so long economists have talked about the danger of inflation of prices without materialization of their prophecies that the public and many economists themselves have come to believe that there really is no danger. For such a rise of about 2.5 per cent in food prices throughout the United States during the month ending April 15, is significant.

During the last 10 years the credit resources of the national government have been enormously exploited, but prices have remained steady because this government had the greatest reserve of credit ever accumulated and because economic depression came partly as a result of an accumulation of surplus consumer's goods. The country was bulwarked against both of the two great causes of inflation.

Now the nation turns to a defense program that will consume accumulated goods at an unprecedented rate. At the same time a new war debt must be piled on top of the tremendous depression debt which in turn was piled on top of the huge unpaid balance of the World War debt. It is not time to become panicky over the nation's finances. But it is time to be careful. There is much knowledge of economic cause and effect that did not exist 20 years ago. Wisely used, it can be effective in maintaining fairly stable prices under abnormal conditions such as are ahead. But there must be wisdom and caution and fearless facing of realities. The danger of inflation does exist.—The Dallas Morning News.

In recent years, subsidiary government agencies in the United States have been set up at the rate of about 185 a year.

The best way to get to the top is by being the best man at the bottom.—V. H. Jones.

THE AMERICAN DOCTOR

The British Red Cross recently appealed to the American Red Cross for one thousand American doctors to reinforce the staffs of the Emergency Medical Service and the Royal Army Medical Corps. This appeal was at once endorsed by the President, who pointed out that those who volunteer will work under the protection of the Red Cross Treaty of Geneva, which has been respected by belligerents since 1864.

As is to be expected, many young doctors have already responded to this appeal—as they did to a similar appeal made in April, 1917. The typical American medical man is ready to help relieve suffering wherever in the world it may appear. And the British soldiers and civilians treated by these Americans will receive a quality of medical care that can not be surpassed.

Medical science has reached its greatest development in this country. Here we have private medicine, as contrasted with the bureaucratic, socialized medicine that exists in most European countries. Every doctor is encouraged to do his utmost—he knows that there is no limit to achievement save that set up by his own abilities and energies. That is why American standards of health are the highest in the world.

CONSCRIPTION LAW CHANGES

Changes in the conscription law may take place this year. The Army wants the age limit dropped to 18—it prefers young men. Another law may be proposed to give the President authority to defer all men over 27. Conscription older men has made for social and economic dislocations.

According to officials, training is going ahead well, and the quality of the men is the best in our history. Basic supply and housing problems have been solved. However some experts doubt that a year's training is enough to turn a civilian into a crack soldier.

The United States Treasury Department decided last week to authorize the substitution of synthetic fibers, such as rayon and nylon for the traditional silk threads in currency. . . . Ace sleuths of the FBI state the substitution of synthetic fibers in U. S. currency will not make the path of the counterfeiter any easier to follow, since the exact process by which future runs of currency will be handled will remain a guarded secret with treasury officials.

It takes 163,600,000 miles of wire annually for about 160,000 uses in the daily life of the United States—everything from paper clips to piano wire.

The United States, once dependent upon foreign sources in a great many cases, now imports only about 5 per cent of its dyes, and exports more than it buys from foreign countries.

As a result of industrial research, melamine, a base for many non-shatterable plastic products, now sells at about 1/100th its former price.

30 pounds of textiles, 250 pounds of paper, 600 pounds of steel, 2,500 pounds of oil products and 7,500 pounds of coal are consumed annually for each person in the United States.

The United States is often called the "cleanest country" in the world, because it uses about one-third of all the soap produced each year. There are nearly 20,000 employees in the soap industry of this country.

Industry spent \$215,000,000 last year to improve the existing products and try to discover new ones. This year, because of defense needs, the figure will probably be much higher.

G. W. Tamplin, conductor on a street car in Los Angeles, reported to police that a robber had taken \$10 from his change carrier and then demanded a transfer.

Ethel Pawlins of Chicago was ordered to cut her fingernails after several mothers complained that she had scratched their sons' faces.

The race advances only by the extra achievements of the individual. You are the individual.—Town

MORE FARM GARDENS BEING PLANTED

Wichita Falls, Texas, May 24, 1941.—(Special)—Farm gardens including numerous watermelon patches are being planted in many areas protected by shelterbelts. County agents and home demonstration agents throughout much of Northwest Texas report that an increased number of farmers are taking advantage of these areas which are protected from blasting winds and the scorching effects of the hot sun.

Black-eyed peas, corn, beans, okra and numerous other items so necessary to the proper nutrition of young and old folks alike are being planted in the farm gardens. A definite upswing in the number of gardens is being reported.

The only successful gardens planted in the past have been located near farm buildings, near orchards, or near a natural growth of trees. W. H. Cunningham of Lamb County actually purchased a ball park fence several years ago so that he could grow a garden. For the past two years the Chinese Elm he planted in 1938 has given him all the protection he needs. His nearby shelterbelt has made this protection even more effective. Another farmer with no protected field tried to lease the land adjacent to Rube Bitner's farm in Wilbarger County for growing his watermelons. With over 80 per cent of approximately 1700 miles of shelterbelt tall enough to provide protection for areas reaching out 100 to 500 feet, operators of farms with these trees are taking advantage of this to grow the green things so necessary to a balanced food diet.

FIRING POWER GIVEN CONTROL BOARD

Said to be the outgrowth of a current eleemosynary institution investigation by a House committee, a bill giving the Board of Control Broad new powers to hire and fire officials of institutions was finally passed by the House last week and sent to the Senate.

The bill was said to correct present conditions under which the Board of Control employs but may not discharge superintendents with no cause.

Mr. and Mrs. Wesley Russell of Abilene visited with relatives in Munday last Sunday.

Rev. and Mrs. Hawkins of Bomarton were in town last Monday morning, shopping.

THEY SAY!

"We have in this country, both in and out of government, a fairly large number of persons who have lost faith in the principles of private enterprise and democracy. If the American public doesn't soon recognize what is going on, it will find one of these days that our basic political and economic safeguards have been hopelessly undermined." Ralph Robey in Newsweek.

"We know that in this glorious expanse lies the world's richest deposit of raw materials, of food stuffs, and of the fibers and chemicals that are the basis of our civilization. We know that we possess here the most competent and integrated national industry adaptable to the needs of our people and capable of expansion according to those needs. We know that we have produced intelligent management, efficient labor and a free initiative which makes it possible for both to work in liberty and cooperation."—W. P. Witherow, the president of Blaw-Knox Co.

MORE AUTO SALES

Austin, Texas—Texas is still selling more automobiles in 1941 than it did in 1940, the University of Texas Bureau of Business Research reports.

Though dropping 16 per cent behind March sales, passenger car registration in 18 representative counties last month totaled 8,808 cars—up 40.9 per cent from April a year ago. For the year to date, sales are running 30.2 per cent ahead of 1940.

Mr. and Mrs. Riley B. Harrell were visitors in Abilene last Friday night, going there to take the electric motors for the City of Munday to be repaired.

Mr. and Mrs. John Palmore of Tulsa spent last Sunday here visiting in the home of Mr. and Mrs. G. R. Eiland.

County Agent Walter Rice of Benjamin was a business visitor here last Monday morning.

"The flight of time is probably hastened by the spur of the moment."

BUY UNITED STATES

Defense Bonds

Help Your Country .. Help Yourself!

You have an opportunity to serve both your country and yourself by purchasing U. S. Defense Bonds. The money will be put to work now, building our defense, making America strong and safe.

Ten years from now you will receive the full face value of the bond. The earnings on your money will amount to approximately 2.9% a year.

Our bank is glad to cooperate with the government—without compensation or profit—in making these new bonds available. The new Series E Bonds, maturing in ten years, available at this bank.

Age Limit For Marine Corps Is Now 17 Years

Notice that for the first time in the organization's history the minimum age requirement for enlistment in the U. S. Marine Corps has been reduced to 17 years was received at the Abilene recruiting office last week.

The lowered limit applies both to the regular enlistment in the Marine corps and in the corps reserve. Enlistments in the corps are for four years and in the reserve for the duration of the national emergency.

Along with the lowered age limit the Abilene office received an additional recruiting sergeant stationed permanently at Abilene. He is Sergeant H. C. Lindsey, transferred from the Dallas office. The Abilene office will continue to serve the West Texas territory.

COTTON INSECT SITUATION IN TEXAS

It is believed that Texas cotton growers are facing an "insect year". Boll weevils, flea hoppers and cotton bollworms are expected to be abundant and the probability that cotton leaf worms or army worms will appear in outbreak proportions in late summer must be faced. Evidence of thrips injury to the leaves may occur, but these insects are not expected to severely retard the development of young plants.

Farmers who plan to protect their cotton are advised to make arrangements to secure supplies of insecticides early and to see that their dusting machinery is in good condition, or, if new equipment is to be purchased, to obtain all the information possible concerning the type best suited to his conditions.

Boll weevils are expected to cause the most damage of any insect in 1941. A large number of weevils were in the field last fall, the winter mortality was low, and the spring emergence has been above average in spite of cool weather. With moisture and temperature conditions favorable for a quick growth of cotton, there is good reason to expect early and continued boll weevil damage throughout the most of the infested area of the State. Already about 3 per cent of the weevils have become active and more are emerging. The total normal emergence which lasts until June is about 5 1/2 per cent.

The outlook with reference to flea hoppers appears brighter in south-central Texas than in north-central or northeast Texas, based upon the number of adult hoppers in fall weeds and upon the hatching or emergence of young hoppers this spring. Last fall in Brazos County the flea hoppers were fewer in number than for several years, and to date the hatch has been less than half the normal. In McLennan County, according to workers of the Bureau of Entomology and Plant Quarantine, and in Northeast Texas, flea hoppers have been hatching in fairly large numbers.

In practically all locations, cotton may be expected to possess a succulent growth because of plenty of soil moisture. Therefore the plants should be attractive to the flea hoppers, and these insects probably will multiply in cotton fields more abundantly than usual. Furthermore, the infestation may continue to be injurious over a longer period than in past years.

Thrips may become abundant, but with warm weather, sufficient soil moisture and good growing conditions, young cotton should grow faster than thrips can cause damage. It is only when young cotton is retarded in its growth as a result of dry soil or cool temperatures that thrips have opportunity to kill the terminal buds.

The wise cotton grower in 1941 will obtain early the supplies of insecticides that he is almost certain to need. In past years some arsenic has come from abroad. This supply is now cut off. In case of heavy demands for arsenicals, the prices undoubtedly will advance, as the present supply from this country and Mexico is limited, according to reliable information.

The situation, with reference to machinery and prices, is also uncertain. All signs point to the wisdom of early purchases where new equipment is needed if costly delay is to be avoided.

Mr. and Mrs. Joe Duke and daughter, Jo Ann, spent the week end in Wichita Falls, visiting relatives.

Miss Patsy Ruth Kirk, daughter of Rev. and Mrs. Luther Kirk, is visiting relatives in Princeton, Texas, this week.

Cecil Fitzgerald, Mann McCarty and Andy Eiland spent last Sunday on Miller creek, fishing.

TEXAS OUT-DOORS

Turkey Plantings Pay Dividends

Austin, Texas, May—Increases of from 200 to 400 per cent as a result of the planting of turkeys in managed areas by the Texas Game, Fish and Oyster Commission are noted in reports of game managers to the executive secretary of the Commission here. As reported recently, an area in Robertson county produced more than 300 wild turkeys from a planting of sixty-one gobblers and hens. Other interesting figures which prove that by providing proper food and cover, that game can be brought back, are reaching the Game Department office.

The Department has set up a score of turkey and deer restoration areas throughout the state by supplementing the Commission's funds with federal aid money. An area in Wharton and Colorado counties was stocked with a total of fifty birds, seven males and forty-three females. Eight months later a census of the area disclosed that there were at least 147 turkey on the land. That is an increase approaching 200 per cent, and it is certain that all of the turkeys could not be seen while the count was in progress. The area contained 8,225 acres.

From a stock of six males and forty-seven females placed on an area in Goliad county has come a crop of 250 birds, an increase of nearly 400 per cent.

An original stock of five males and forty-six females released on the Lorraine turkey restoration project in Jackson county, produced more than 150 birds, a count eight months later disclosed.

All the areas are new projects of the Texas Game Department and are now little more than a year old. Birds to be used for restocking areas are trapped by Department employees and transported all over the state to sections where the birds once thrived, but from which they have been shut out.

Rattles Can Kill Quickly

That rattlesnakes can be deadly and that their poison can act very quickly is reaffirmed by a report of a Texas Game Warden. While patrolling near Pearsall recently the warden saw a large calf reach down to take a bite of grass, jump and then run toward him. The calf dropped within ten feet of the warden after running seventy-two paces, and was dead in five minutes. Two cowboys, nearer the calf than the warden, when it was struck, found a six and a half foot black diamond rattler which had fourteen rattles. The warden killed

it. The snake evidently had not struck at anything for some time and its poison sacks were filled with venom.

The warden's report concluded: "It is not because boots are pretty that the southwest Texas Game warden wants to wear them while patrolling."

Passes Reduce Salinity

Passes cut through the islands along the Texas Gulf coast to reduce the salinity of the Laguna Madre, the best natural spawning bed for fish along the coast, are accomplishing their purpose, a report of the marine biologist of the Game Department indicates. Tests made in the lower Laguna Madre three weeks after the pass at Murdock's Landing was cut showed that the salinity of the water had been reduced in some places from 55.5 and 58.6 to as low as 33 which is below the salinity of sea water. To what extent the large amount of fresh water which has poured into the Laguna from land has helped the situation is not known, but the volume of water coming from the land has been large.

Think You Are A Good Shot?

Maybe you are better than the average when it comes to hunting ducks and geese, but if you are just an average hunter, your ducks are costing you considerable in ammunition alone. A survey made by a Game Department biologist of 308 hunters during last season showed that they fired 10,705 shells in bagging 2,205 ducks. That is an average of 4.4 shots per duck. A total of 196 goose hunters fired 1,199 times to bring down 124 geese for an average of 9.6 shots per goose. Maybe you're not so cheery now. We're not.

Remember to take a boy or girl fishing with you whenever you can.

Fatal Accidents Are On Increase

Austin—Overshadowing the 34 per cent reduction in the number of Texas traffic fatalities recorded in March of this year over the same month of 1940, the month of April this year showed a disheartening increase of 24 per cent over April 1940. Col. Homer Garrison, Jr., State Police Director, pointed out today.

The number of deaths last month was 141, as compared with 114 the same month last year, showing an increase of 27 deaths.

However the number of traffic fatalities for the first four months of this year as compared to the same period last year shows 573 persons were killed in 1941 and 563 in 1940, for only a 2 per cent increase. The total fatal accidents for the first four months of this year over last year, increased 9 per cent for a total of 42. The greatest number of these accidents showing increases occurred in the towns with populations under 2500 and on the open highways. Fatal accidents in towns with populations under 2,500 increased 79 per cent, while fatal accidents on the open highways increased 20 per cent. Larger cities decreased their fatal accidents two per cent and country roads showed a 23 per cent decrease in accidents where fatalities occurred.

Colonel Garrison attributed a large portion of the increase in fatal accidents to the wet and muddy conditions of the highways and streets prevailing in Texas during most of April.

TEXAS EGGS IN DEMAND

Austin, Texas.—Texas eggs are in increasing demand as April shipments to other states almost doubled those of a year ago, the University of Texas Bureau of Business Research reports.

Interstate shipments in April numbered 224 cars, compared to 117 a year earlier. Total rail shipments, including intrastate and interstate movement, were 354 carloads, compared to 201 in April a year ago.

Movement of poultry remained about the same as a year ago—53 cars compared to 55 in April, 1940. Forty-three cars of the total were chickens, the remainder turkeys—all dressed. Bulk of the shipments continue to go to New York, 20 cars, and Massachusetts, 12 cars.

DEFICIT CONTINUES TO GROW

A slight increase in the deficit in the general revenue fund was reported last week by State Treasurer Charley Lockhart.

The deficit May 5 was recorded as \$27,525,910.01, while the deficit reported May 20 was \$27,660,485.

The deficit increase over the year was large, the deficit on May 20, 1940, being \$21,999,135.

The deficit in the Confederate pension fund was \$535,985, the treasurer reported.

Hostess At Texas Cowboy Reunion

Mrs. Lee Walker has been named Twelfth Annual Texas Cowboy Reunion hostess at Stamford July 3, 4 and 5. Mrs. Walker is the wife of the Stamford football coach and sponsors the school pep squad.

Parade on July Third to Open Cowboy Reunion

Stamford.—Cowgirl sponsors, representing the various towns and cities, will have a place on the official program of rodeo events at the Texas Cowboy Reunion July 3, 4 and 5. All judging in the sponsors' contest this year will take place in the arena at regular performances, thus giving greater prominence to the towns which they represent.

Four prizes will be awarded, first prize being a handsome saddle, second, a pair of hand-made boots, third, riding bits, and fourth, a pair of spurs. Judging will be based 6 per cent on the girl, her personality counting 15 per cent, riding togs and equipment 15 per cent and riding ability 30 per cent. The remaining 40 per cent is on her horse, which is scored 10 per cent on conformation and appearance, 10 per cent on equipment and 20 per cent on performance.

Besides their part in the rodeo program, the girls will ride in the big parade on July 3 and in the grand entry for each rodeo performance. The sponsors will be entertained with the annual sponsors' ball on the night of July 3, two open dances on July 4 and 5 and a chuck wagon dinner on July 5th.

Appointments of sponsors are made by the chambers of commerce of the towns which they represent, or by the mayor, or the postmaster of such town. Appointments will not be accepted after July 1. Sponsors must be over 16 years of age. Former first prize-winners are not allowed to compete for prizes.

Mrs. Lee Walker, wife of the Stamford football coach, has been appointed by the directors of the Texas Cowboy Reunion as hostess to the sponsors for 1941. Miss Betty Jane Blackwell, daughter of Dr. and Mrs. A. Blackwell, has been appointed by the local cham-

Eastern Star Head

Mrs. Zilpha Ellis Mansell of Jackson, Miss., grand worthy matron of the Mississippi Chapter of the Eastern Star, wears a cotton lace dress similar to those worn by 125 officials of the organization at their annual convention held at Meridian.

News From Goree

Mrs. D. B. Jones, who has been with her husband in the hospital at Dallas has returned home. We are glad to report Mr. Jones will soon be able to come home.

Mr. and Mrs. Tommy Hammonds visited his parents, Mr. and Mrs. Hammonds of this city, a few days ago.

Mr. and Mrs. George Moore and daughter made an extended trip recently. They visited Mr. and Mrs. J. W. Moore of Jocksboro, then on to Fort Worth, and then attended the chamber of commerce convention at Mineral Wells, where they had the pleasure of hearing their granddaughter, Dorothea, play. She is a member of the official Chamber of Commerce band.

Mr. and Mrs. Hamp Jones made a trip to Ballinger Sunday where they met their son and wife and daughter. Felton is accepting a position with the government. He and Mrs. Jones went on to their new location and Sandra Ruth came home with her grandparents and will spend the summer here.

Mrs. Jeff Roberts is on the sick list, but has improved some. Mrs. Forrest Daniel and Forrest Jr., made a trip to Lubbock last week. Mrs. Daniel remained there for several days visit with relatives and friends. Forrest Jr., will be employed there through the summer, and possibly enter Texas Tech.

Theo Perdue visited homefolks in Goree over the week end. Mr. and Mrs. G. C. Brackett of Weintert, sister of Mrs. Oscar Lewis, were week end visitors in the Lewis home.

Mr. and Mrs. Elmer Truman of Waco, old-time residents of Goree, were visitors in the home of Mr. and Mrs. Will Couch last week.

Oscar Lewis says that he may have the distinction of being the first mail carrier to make his route on a Ford tractor. He used the tractor one day last week.

Mr. and Mrs. W. O. Barnett and son, Foy Bain, visited Mr. and Mrs. Foy Easley in Anson Sunday.

W. W. Coffman made a trip to Rosee last week to be present for the graduation exercises there. His grandson Dennis Kennedy, was one of the graduates.

Mr. and Mrs. N. W. Roberts and children spent Sunday with relatives at Henrietta.

Mrs. W. C. Ratliff and Almarie Nunnally made a trip to Dallas last week.

Flyod Hill of Perryton, nephew of Frank Hill, was a week end visitor in Goree.

A family reunion of the Robinson family was held in the park at Abilene Sunday. Mr. and Mrs. Ernest Robinson and children of this city attended. There were 68 members of this pioneer family present.

Sam G. Hampton attended the Thirteenth District Mail Carriers' convention which was held in Wichita Falls Saturday. Mrs. Hampton accompanied Mr. Hampton to Wichita Falls.

Billy Lytle, Burnice Hudson, Wynelle Barnett and Jack and Vivian Stuart were shopping in Wichita Falls Saturday.

The junior play cast made a picnic trip to Lake Kemp last week. J. H. Bardwell accompanied them, and all reported a good time, except they wish it hadn't rained so much. Fourteen were in the party.

Betty Coffman is visiting her aunt, Mrs. Don L. Ratliff at Munday, this week.

Mr. and Mrs. George Reagan of California visited the J. W. Fowlers last week. George is employed in an airplane factory and is well pleased with that work.

J. C. Decker is reported on the sick list this week.

Mrs. Walter Lowe of Bomarton, aunt of Mrs. H. D. Arnold, underwent an operation at Wichita Falls Saturday.

Mr. and Mrs. C. R. Robinson and small daughter, Charlene, of Dallas visited Mrs. Robinson's parents, Mr. and Mrs. W. O. Barnett, over the week end.

Mr. and Mrs. Jim Goode were shopping in Fort Worth last week.

Mrs. N. M. Howerly south of this city, continues on the sick list.

Mrs. Esther McGraw and Leola Jones visited in Old Glory last week.

The dance given in the John Coffman skating rink, sponsored by the Goree Fire boys, was well attended. A good number of out-of-town people were present. Mr. and Mrs. Norris, 80 years young, were one of the couples who danced.

County Agent Walter Rice of Benjamin was a business visitor in the city Tuesday afternoon.

Frank Nance, Jr., spent the week end with homefolks here. He is now at Robstown, Texas, where he is employed in a drug store. He is a former employee of Eiland's Drug.

Society

Auxiliary Holds Regular Meeting On Last Monday

The Presbyterian Auxiliary met Monday in the home of Mrs. Charity Bunts for the Annual Birthday Party for Home and Foreign Missions. The objective this year was Brazil and Collegiate Home at Montreat, North Carolina. Mrs. W. E. Braly had charge of the party and program. Mrs. W. R. Bryant gave the devotional "Women Chosen of God," speaking of Hannah.

The decorations throughout the program were carried out in green and yellow, the flag colors of Brazil. Ribbons of the same color were given to each lady to wear. The program opened with the hymn, "Help Somebody Today," followed by the Lord's Prayer in unison. From a large map of Brazil, Mrs. Braly gave a very descriptive talk on Brazil, pointing out our Mission stations. The important high-lights of the stations were read and a quiz given on same. Yellow and green balloons were given to each lady, and each balloon contained a need of the Collegiate Home. Much fun was had in bursting the balloons. Mrs. Agnes Mayes, leader of the green ribbons, and Mrs. Bryant, leader of the yellow ribbons were given the flag of Brazil to draw and the yellow side won. A "golden pot" was passed to each lady and a need of Brazil was drawn out and read. In closing, the members marched in a circle and dropped their offering in the golden pot. A lovely refreshment plate was served to the following members: Meses. Fred Broach, Don Ferris, Agnes Mayes, E. M. Wilson, W. E. Braly, Joe McGraw, Melvin Strickland, W. R. Bryant and the hostess, Mrs. Emmett Crawford was a guest.

Bridge Club Has Meeting Monday In Mitchell Home

Mr. and Mrs. Arthur Mitchell entertained members of the Monday night Bridge Club and several guests in their home last Monday night. High score for men went to W. R. Moore and for ladies to Mrs. T. G. Bengé.

The hostess served a dessert plate to the following members and guests.

Members, Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. W. R. Moore, Mr. and Mrs. Fred Broach, and the host and hostess; guests, Mr. and Mrs. W. E. Braly, Mr. and Mrs. T. G. Bengé and Miss Elizabeth Mounce.

Bridge Party On Thursday Honors Wynette Farmer

Mrs. Fred Broach, Jr., entertained with a bridge party in her home on Thursday afternoon at three o'clock, honoring Miss Wynette Farmer of Knox City.

Miss Farmer and W. R. Moore, Jr., are to be married next Sunday. The wedding will be at the home of the bride's parents in Knox City.

The guest list included Meses. Arthur Smith, Jr., Hugh Beatty, Carl Jungman, Gene Harrell, D. E. Holder, Jr., Travis Lee and Miss Dorothy Campbell.

Virginia Nell Yates Celebrates Her Tenth Birthday

On Wednesday afternoon, Virginia Nell Yates celebrated her tenth birthday with several of her friends. A party was given by her sister, Mrs. J. M. Smith. Games were enjoyed by all, and Virginia Nell received many beautiful gifts.

The birthday cake was beautifully decorated with ten candles and "Happy Birthday." The candles were lighted and blown out by the honoree.

Ice cream and cake were served to the following: Eva McSwain, Maurice Patterson, Gerald Reynolds, Elizabeth Smith, H. C. Claborn, L. C. and Clarence Searcey, Ward Melvin and Peggy Cooksey, Jeanette Smith, James and Ethelena Simpson, Kenneth John and Shirley Jo Patterson, Wayne and Marilyn Rhea Searcey, Peggy Jo and Patay Pearce, Jane Hill, Gene Brown, Marie and Loy Pennington, Alta Joyce and Nell Beecher, Rosetta Wilson, Bobby and R. L. Harlan and Tommy Yates and the honoree, Virginia Nell Yates.

Mrs. Smith was assisted with the serving by Angeline Yates, Mrs. Lamar Searcey, Dean Wilson, Frances Smith, Mrs. Ezell Reynolds, Mrs. Cleo Pearce and Mrs. Melvin Cooksey. Others present were Mesdames Pete Beecher, Joe Patterson, Murphy Pennington and Tom Wilson.

The Knew Klub Meets on Monday In Palmer Home

Members of the Knew Klub were entertained last Monday night in the home of Mr. and Mrs. L. M. Palmer, with all members present. High score at the games went to Mr. and Mrs. Paul Pendleton.

The hostesses served a refreshment plate to Mr. and Mrs. D. E. Holder, Jr., Mr. and Mrs. Rupert Williams, Mr. and Mrs. Carl Jungman, Mr. and Mrs. Paul Pendleton, Mr. and Mrs. Fred Broach, Jr., Mr. and Mrs. Gene Harrell and the host and hostess.

Wesleyan Service Guild Has Bible Study on Monday

Members of the Wesleyan Service Guild held their regular monthly Bible study last Monday night at the church. Six members were present.

A very interesting discussion was led by Mrs. Oscar Spann.

Members present were Mrs. M. F. Billingsley, Mrs. Aaron Edgar, Mrs. Jeanette Cooper, Mrs. Joe Bailey Klug, Mrs. Spann and Miss Ruth Baker.

Each member is urged to be present next Monday night for the business and social meeting in the home of Mrs. B. B. Bowden.

Miss Florene Allen, who has been teaching in the schools at Sterling City, spent the week end here with Mr. and Mrs. Rupert Williams.

Win Honors In Munday High School

Students who took their share of honors in the Munday school during the term just closed are Jimmy and Polly Silman, above, brother and sister.

Jimmie, a freshman in the school, won first honors in junior boys declamation, high school division in Knox county, first in the district meet in Breckenridge, and second in the regional meet in Abilene. Jimmy also held a high scholastic

standing, and although too small to hold a regular berth on the Moguls' first string, he plays on the junior football team and is always on hand at practice periods.

Polly was one of the honor graduates this year. She sang a solo on the all-patriotic program at the graduation exercises. She was a member of the debate club, and the girls' sextet, quartet and trio. She was also chosen as the best all-round girl in high school.

Mystic Weavers Sewing Club Has Meeting Wednesday

Members of the Mystic Weavers Sewing Club were entertained in the home of Mrs. Chandler Hughes last Wednesday afternoon. A dessert plate was served to the following members:

Mmes. Riley B. Harrell, Deaton Green, John Ed Jones, Wallace Reid, Chester Borden, H. B. Douglas, Aaron Edgar, and R. B. Bowden.

Ski-Hi Club Meets Wednesday With Mrs. Gene Harrell

Members of the Ski-Hi Bridge Club were entertained in the home of Mrs. Gene Harrell on Wednesday afternoon. High score at the games went to Mrs. Basil Reynolds.

The hostess served a refreshment plate to Meses. Basil Reynolds, Bobby Davy, Fred Broach, Jr., E. B. Littlefield, Vincent Lane, Travis Lee, and Miss Lorene Newsom.

WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Mr. and Mrs. J. B. Graham of Throckmorton visited Mr. and Mrs. J. A. King recently.

Mildred Smith visited friends in Munday recently.

Mr. and Mrs. J. W. Gulley visited Mr. and Mrs. Cecil Gulley of Munday last Friday.

Miss Virginia Nell Yates visited her sister, Mrs. Melvin Cooksey, at Goree last week.

Mr. and Mrs. Tip Womble and Mr. and Mrs. V. C. Snider and children of Dallas visited relatives here last week end.

Mr. and Mrs. A. D. Wallace visited Mr. and Mrs. Elmer Dean and Mr. and Mrs. Homer Rowell and family of Knox City last Thursday.

Mr. and Mrs. C. N. Smith and daughter and Miss Janie Sue Haynie of Munday attended the singing convention at Benjamin last Sunday.

Mr. and Mrs. Tuck Whitworth of Weinert visited in the Gaines home last Sunday.

Mr. and Mrs. Troy Morris and children of California and Mrs. C. Y. Morris of Rule visited in the home of Mr. and Mrs. C. N. Smith and family last week. They were accompanied by Mr. and Mrs. Douglas Busby of Munday.

Mrs. Redden Parramore and daughter, Traphine, of Dallas, visited relatives here last Tuesday.

Mrs. J. A. Hill underwent a major operation at the Knox City hospital last Wednesday.

MUNDAY CLUB TO ELECT DELEGATES TO SHORT COURSE

Delegates and representatives to the Texas Home Demonstration association short course are to be elected Friday, May 30, at the regular meeting of the Munday Home Demonstration Club.

The meeting will be held in the home of Mrs. L. W. Hobert. All members are urged to attend.

HERE FROM CALIFORNIA

Mr. and Mrs. Barton Campbell of California spent last Thursday and Friday here, visiting in the homes of Mr. and Mrs. J. C. Campbell and Mrs. T. C. Lowry.

Mr. and Mrs. S. T. Easley spent several days last week in Dallas and other East Texas towns, visiting with relatives.

Mrs. Bess C. Neff, Mrs. A. A. Smith, Jr., and Mrs. W. P. Farrington were visitors in Wichita Falls on Thursday.

Death Claims Early Settler Of Haskell County

R. E. Sherrill, 81, pioneer resident of Haskell county, died at his home in Haskell last Monday night after a short illness.

Son of the late Rev. R. E. Sherrill Sr., organizer and first pastor of the Haskell Presbyterian church, Richard Ellis Sherrill had been elder and clerk of the church for 51 years.

Mr. and Mrs. Sherrill moved to Haskell in 1890. They had been the only living charter members of the church. Mr. Sherrill opened a hardware store in Haskell in 1890 with his brother, the late Will Sherrill, and later engaged in the manufacture of brick and stone and built the Haskell elevator in 1902.

Mr. Sherrill was well known in Munday and in this section of Knox county.

Survivors are his wife; two sons, Dr. Richard Sherrill of Pittsburgh, Pa., and Dr. Lewis Sherrill, Louisville, Ky.; three daughters, Mrs. Tom Davis, Mrs. B. C. Chapman and Mrs. Carrie Williams, all of Haskell, and one sister, Mrs. A. H. Smith of Asheville, N.C.

Funeral services were held at two o'clock Tuesday afternoon.

Postal Workers In Meeting Here Monday Night

Postal employees of the Brazos Valley Association held their regular monthly meeting here last Monday night in the home of Miss Merle Dingus, who was hostess to employees of this area.

The association is composed of employees of four counties Knox, Haskell, Stonewall and Baylor. Twenty-three members were present.

The program consisted of a general discussion of postal laws and regulations, which was led by Mrs. Matheny, postmistress at Rochester. Following the discussion refreshments were served to the group.

The employees voted to meet in Haskell in June, at which time the annual banquet will be held.

Two-Price System Advocated as Aid To Agriculture

Austin.—"Texans can aid agriculture—the lifeblood of the state by urging Congress to provide a two-price system for marketing crops," State Agriculture Commissioner J. E. McDonald declared today.

"As the national House of Representatives has devoted 30 days to agricultural hearings, and with the U.S. Senate planning to hold a 30-day hearing, it is plainly evident that Congress realizes the vital need for a more constructive and enduring agricultural program."

"An agricultural program is needed which will not be dependent upon annual appropriations from our national treasury—already 'in the red' to the staggering amount of 70 million dollars, and due to have a deficiency of 90 million, according to RFC head, Jesse Jones," McDonald commented.

"Our farmers must have full parity prices for that product consumed domestically, and a world

Minimum Height Now Reduced For Aviation Students

A dispatch from the Navy Department received this morning at the office of the Naval Aviation Cadet Selection Board, 524 Allen Building, Dallas, definitely reduces the minimum height limit for Naval Aviation students from 5 feet 6 inches to 5 feet 4 inches. This will be good news to many candidates who were otherwise qualified, but who could not quite stretch to 5 feet 6.

Commander Laverents, Senior Member of the Naval Aviation Cadet Selection Board this morning stated that he heartily approved of this change, as in his opinion, a man 5 feet 4 inches tall was physically able to handle the controls of Naval airplanes, as modern planes are equipped with controls which are adjustable to meet the requirements of the individual pilot. He further stated that the 5 feet 6 inch minimum height has always been considered a military requisite rather than physical.

Education requirements for Naval Aviation Training were recently modified eliminating mathematics from the college credits necessary. All other requirements remain the same.

Interested candidates should contact the nearest U.S. Navy Recruiting Station.

Knox County Shares In Work Under The WPA

Cities and counties in this area have used WPA assistance in a vast and diversified program of public improvement during the past five and one-half years, according to a report issued this week by Herman W. Holtzer, district manager of Fort Worth.

A network of 3,720 miles of new and improved roads in 21 counties of the district is one of the most impressive products of WPA labor in this area, Holtzer stated. The majority of this road-building has been over farm-to-market roads, he said. Elimination of traffic hazards, including the construction and rehabilitation of 383 bridges, was an important feature of the road program.

In Knox county there have been completed 106 miles of roads, 84 miles of which are on farm-to-market routes. On these roads WPA workers have reconstructed three bridges.

Physical facilities which have been created or improved by WPA workers in the county include six public buildings, one stadium, and three parks, Holtzer reported.

In a recent nation-wide poll, citizens were asked: "Would you like to see the Federal government fix prices so that as long as the war in Europe lasts, everything you buy will cost the same as it does now?" Sixty-one percent of the farmers questioned favored price fixing.

United Service Organizations Plan Recreation Facilities for Trainees

Young men who are called into military service from Knox county—your boy, your brother, your neighbor's boy—will no longer walk the streets of their training camp town like lost men.

Instead they will go to their own club house built by Uncle Sam and operated by the United Service Organizations which will look after their moral, religious and social needs.

In whatever camp or station these young men will be in training, there will be one of these club houses with trained personnel in charge to give them every aid.

Uncle Sam is now planning to build 360 of these club houses. More will be built if required. The government is spending many millions of dollars in building these clubs. He has called up the Y.M.C.A., the National Catholic Community Service, the Salvation Army, the Y.W.C.A., the Jewish Welfare Board and the National Travelers Aid, joined in the United Service Organizations to operate these clubs.

The purpose of the United Service Organizations is to serve the religious, spiritual, welfare, educational and social needs in the armed forces and defense industries of the United States, and in general to contribute to the morale of our defense forces and the communities in which they are based.

Each club will have its own program designed to meet its peculiar local needs. They may include such projects as:

Religious service for those of varying faiths, in cooperation with chaplains of the force and churches of the community.

Counsel and guidance for personal problems.

Social events, and entertainments.

Hospitality in homes and the creation of opportunity for normal friendships.

Facilities for service within the clubs, such as recreation rooms, lounges, meeting rooms, possible limited sleeping quarters and all of the services one might expect from a club.

Group activities.

Cooperation with educational and cultural programs in camp.

Hospital visiting in cooperation with chaplains and the American Red Cross.

General information services.

Aid to transient service men.

Contacts between soldiers and

their homes when necessary.

These are but a few of the services these clubs will perform. They will be expanded to fill individual and local needs, and will include innumerable services.

The money to support this work will be raised in a nation-wide campaign starting June 3rd. The 13th congressional district has been given a quota of \$14,940 to raise as its part of the general fund.

Knox county has been assigned a quota of \$250 by J. H. Allison of Wichita Falls, district chairman.

Wichita county having the largest population of any county in the district has a quota of \$10,000. Quotas of other counties are:

Archer, \$170; Baylor, \$170; Clay, \$300; Cooke, \$600; Denton, \$700; Foard, \$150; Hardeman, \$300; Jack, \$300; Montague, \$450; Throckmorton, \$150; Wilbarger, \$500; Wise, \$400; Young, \$500.

E. L. Covey is chairman for Knox county.

Masonic Assn. Meeting Is Held With Seymour

Seymour And Goree Lodges are Hosts To Masons of District

One hundred fifty-four Masons of this area were present at Seymour last Tuesday evening at the regular meeting of the 91st Masonic District Association.

The Seymour Lodge and the Goree Lodge were joint hosts to the association, serving a delicious barbecue supper at six o'clock. After the supper, Mason repaired to the grade school auditorium where a splendid program was carried out.

Principal speaker for this occasion was Claude L. Austin, junior warden of the Grand Lodge of Texas, who delivered a very interesting and forceful address on Masonry. Mr. Austin spoke in the place of Grand Master Sam Cantey of Fort Worth, who could not attend the meeting on account of illness.

The program opened with the singing of "God Bless America," led by Bob Jones of Seymour. This was followed by a quartet composed of Aaron Edgar, Lloyd Jones, Bob Jones and Don Ferris, after which the U.S. flag was placed on the platform and O. P. Caldwell gave a stirring address on the flag.

The assembly then heard President Roosevelt's address by radio, after which Mr. Austin brought his message.

The next meeting will be held with the Woodson lodge, with Woodson and Throckmorton joint hosts. This will be in July at which time district officers for the coming year will be elected.

Attending the meeting from Munday were: G. B. Hammett, Lee Haynes, Aaron Edgar, M. F. Billingsley, L. M. Palmer, G. W. Dings, John Ingram and Don Ferris.

Barge Captain, Near Drowning, Saves Life With Slack-Wire Act

A dangling strand of wire, found after a half hour of swimming in darkness and icy sea water under a deserted New Jersey pier, saved the life of Capt. Holger Petersen, of the barge Adelaide.

The captain was going ashore by way of a ladder from his barge on to the Hudson Street dock, Jersey City. He was half way up when the ladder broke, plunging him into the water. A series of waves from a passing tug swept him under the pier, where he began clutching at the piles to keep afloat.

He was fully clothed with heavy overcoat, sweater and shoes. In the pocket of the overcoat was a flashlight. The captain managed to get this out. He began using it to try to locate some means to climb up on to the dock.

He shouted as he swam along the rows of pilings, but nobody was there to hear him. He was hidden from the view of river craft by barges similar to his own.

For half an hour the captain alternately swam and clung to the piling. Exhaustion and the cold water were beginning to make his struggle seem hopeless when the beam of his light showed the piece of wire. This hung about half way between the pier flooring and the water. Petersen grabbed the wire, stuffed the flashlight back in his pocket and, using both hands, at length pulled himself up on to the pier.

"Locating that piece of wire among scores of pilings was a good

LOOK Magazine & Travelers Safety Service

"DEAR BILL: I don't think I care to go out with you again. Most of last evening was wonderful, Bill. But the drive home spoiled everything. You behaved so nicely and acted so considerably up till the minute you got your hands on the wheel and we headed home. Then you suddenly were transformed into what seemed to me a bad-mannered and irresponsible gorilla. You yelled at people who had just as much right on the road as you. You disregarded white lines and signs put there for your safety. You scared my wits out by going at an absurd speed. That might have been considered smart once upon a time, but I assure you it's silly and childish today. Call me stuffy and prudish if you like. But I don't relish dying quite yet. Nor do I want to get in one of those accidents where I am just hurt. I have sense enough to realize that you and the rest of the boys wouldn't be ruing my phone if my face and body were inexpertly rearranged by a smash-up in your automobile. So I don't think I'll go out with you again, Bill. At least not until you've grown up enough to behave decently as a driver, and not until you realize that you owe a certain responsibility to the person you ask to share your car with you."

CARE TODAY ★ HERE TOMORROW

At The Churches

FIRST BAPTIST CHURCH

At the regular meeting of the officers and teachers of the Sunday school Monday night of this week two things were definitely planned for: First, we will meet each night from June 9th to 13th for a preview of the third quarter's Sunday School lessons; second, we will have a Vacation Bible School from June the 16th to 25th. Mrs. Albertson has been selected as general director. This V.B.S. will include the Beginners, Primaries, Juniors and Intermediates (ages from 4 to 16, inclusive). More to say later.

We are planning for some gravel to be put on the yard and street in front of the church, which should be of great help.

The new-church spirit is growing. Many are increasing their offerings with that in mind. The title will bring you a great blessing, and at the same time will provide a worthwhile place for place for worship.

Sermon subject for Sunday morning, Energetic in Business—Fervent in Spirit.

The Training Service Sunday evening will begin at 7:30, preaching at 8:30. Let's have a good attendance in every group.

W. H. ALBERTSON

During the last half of March the U. S. Department of Agriculture bought about ten million dollars worth of surplus food products, including fresh oranges and grapefruit, canned grapefruit and grapefruit juices.

IT PAYS TO ADVERTISE

FIRST PRESBYTERIAN CHURCH

We wish to extend our thanks and appreciation to the members of the Study Club for the use of their building while we were building our new church. Now, however, we are far enough along with our structure to begin using it. There remains much to be done before our church is complete but it can be used for services from now on. We urge all our members to be present next Sunday at the new church.

Sunday School will be held at 10 o'clock. We would like for all the classes to have one hundred per cent attendance. Remember, we will be looking for every member of the Sunday School and church to come out next Sunday.

Our rock program is coming along nicely and we feel that it will not be long until we can put the rock on the church and complete our program in full. The official opening of the church will be held when the whole program is completed.

PRESBYTERIAN AUXILIARY CHANGES MEETING DAY

The Presbyterian Auxiliary voted last Monday to change their meeting day from Monday at three o'clock to Tuesday at nine o'clock in the morning. This change will last through the summer months. All members are urged to keep this in mind and the next meeting will be with Mrs. Joe Meraw.

BAPTIST LADIES TO SEND EGGS TO ORPHANS

The Baptist ladies of Munday have a movement under way to send several cases of eggs to the Buckner Orphan's Home in Dallas, and they ask the cooperation of citizens of Knox county.

Those desiring to contribute eggs to this cause are asked to leave them at Blacklock's grocery or at Keek's grocery.

Mrs. M. B. Bounds has returned home after several weeks visit with relatives in Houston, Odessa and points in the Rio Grande valley.

Red Raiders Of Rhineland Down Goree, 27 to 0

Striking with relentless fury to blast out 24 base-blows good for 27 runs, the Rhineland Bombers battered into submission Goree at Rhineland Sunday by the humiliating count of 27-0, for their sixth consecutive victory.

While the Bombers were pounding Goree chunkers, Thomas, Rhineland's diminutive 16-year-old ace-boxman, with surprising skill and stamina, performed smoothly to limit Goree, who were poignant disappointments to their adherents, to only 3 safeties, which left them blank in the run department.

Although the hitting of the winners was predominant, with Montgomery and R. Kuehler displaying the most potency, the defensive skill of L. Wilde at third, who started a successful triple play, an unprecedented feat rarely accomplished.

Seeking their seventh successive victory, Rhineland makes their first jaunt of the season to Benjamin next Sunday.

The box score:

Twelve Seniors On Annual Trip

Twelve seniors and their sponsors, Mr. and Mrs. L. M. Palmer went to Craterville, Oklahoma, last week for a three-day Senior trip. Leaving on Thursday morning about seven o'clock they arrived at Craterville around noon, at which time the fun began. Entertainment such as skating, free swimming in spring water, horseback riding, mountain climbing, miniature golf, and above all, lots of good eats were enjoyed by all. A sight-seeing tour to the Indian school at Lawton, the army camp at Fort Sill, and the Easter Pageant grounds in the Wichita mountains, was enjoyed very much, in spite of the heavy rainfall. The climax of the sight-seeing tour was a 5-mile hike to the top of Mt. Scott in a downpour of rain. Every member of the class proved to be real sports at all times, even when sore muscles and sleepy eyes were calling for rest.

The return trip was made on Saturday afternoon, and though tired

and worn out, the spirit of the Senior class and Munday High was shown at all times, featuring the comedy and songs of the Texas Song Bird, L. B. Patterson.

Those making the trip were: Sue Stodghill, Allene Jungman, Evelyn McGraw, Eliza Frances Moore, Audrey Nell Phillips, Joe Dean Clough, J. E. Reeves, Jr., Lee Patterson, L. B. Patterson, Glen Rayburn, Wayne Thompson and John Broach.

Local Boy To Receive Degree At H.-S.U., Abilene

Abilene, Texas.—Forty-ninth annual commencement at Hardin-Simmons University will be held June 1 and 2, with 160 candidates for degrees, Dr. W. R. White, H. S. U. president, announced today.

The commencement address on June 2, will be given by Dr. Carl C. Rister, professor of history at the University of Oklahoma, Southwest historian, and Hardin-Simmons alumnus.

Dr. W. W. Melton, executive secretary of the Baptist General Convention of Texas, will deliver the baccalaureate sermon.

Candidates for degrees include 19 for master of arts, 64 of bachelor of arts, 68 for bachelor of science, and 9 for bachelor of music.

The 1941 senior class, graduating in the Hardin-Simmons fiftieth anniversary year, has 15 more members than the 1940, which totaled 145. Ralph Beard, of Marlin, is class president.

Jeff Dean Bowden, son of Mr. and Mrs. J. O. Bowden, is a candidate for a bachelor of arts degree. A chemistry major, he is treasurer of the Science Club and a member of the Chemistry Club.

John Trotter of Wichita Falls and Hal Dyer of Seymour were business visitors here one day last week.

O'Daniel to Open Campaign June 2

Gov. W. Lee O'Daniel stated Tuesday in his radio address that he would open his campaign for the U.S. Senate on June 2 at 8 p.m. at Waco.

In his statewide "pre-campaign" broadcast O'Daniel said that "was some indication" the Legislature was going home "around June 3" and that the last day would consist mostly of "saying goodbye" so he would leave June 2 to begin his campaign.

The governor promised plenty of good hillbilly music and stated further, "I'll have something to tell you."

E. H. Bauman was a business visitor in Wichita Falls last Wednesday afternoon.

deal like finding a needle in a haystack," Petersen said, "and without the flashlight I was as good as drowned. But the fresh batteries I had put in the light kept it working even after they had been soaked over and over as I floundered around under the pier. If they had failed at any time I would have been completely out of luck."

Petersen got to a nearby saloon, where an ambulance was called. He was in the hospital for four days under treatment for exhaustion and the effects of his icy swim.

I GIVE YOU TEXAS

By Boyce House

The Mexicans have a proverb for it: Guests and fish stink on the third day. He who would be rich has not to pile up money, but to diminish his wants. It is a bad hen that feeds at home and lays abroad. If the pitcher knocks the stone or if the stone knocks the pitcher it is equally bad for the pitcher. He who will revenge every affront means not to live long. Laws, like the spider's web, are for catching the fly and letting the hawk go free. By night all cats are gray. Keep yourself from the anger of a great man, from the tumult of the mob, from fools in a narrow way, from a widow that has been thrice married, from wind that comes in at a hole, and from a reconciled enemy.

Over the hill trailed a man behind a mule drawing a plow. Unexpectedly the plow hit a root; the mule stopped and the man began to grumble as he fixed the harness. "Bill, you are just a mule, the son of a jackass, and I am a man made in the image of God. Yet, here we work, hitched up together, year after year. I often wonder if you work for me or I work for you. Verily, I think it is a partnership between a mule and a fool, for surely I work as hard as you do, if not harder. Plowing or cultivating, we cover the same distance but you do it on four legs and I on two, and therefore I do twice as much as you. "Soon we will be preparing for a corn crop. When the crop is harvested, I will give one-third to the landlord for being so kind as to let me use a small speck of God's earth. One-third goes to you and the rest is mine. You consume all of your portion except the cobs, while I divide mine among nine children, six hens, two ducks and a banker. "If we both need shoes, you get 'em. You are getting the best of me, and I ask you, is it fair for a mule, the son of a jackass, to swindle a man, the lord of creation, out of his substance? "Why, you only help to plow and cultivate the ground, and I alone must cut, shock and husk the corn, while you look over the fence and hee-haw at me. All fall and most of the winter, the whole family from baby up picks cotton to help raise enough money to pay taxes and buy a new set of harness and pay a mortgage on you. And what do you care about the mortgage? Not a thing, you ornery cuss. I even have to do the worrying about the mortgage on your tough, ungrateful hide. "About the only time I am your better is on election day, for I can vote and you can't. But after election I realize that I was fully as big of a jackass as your papa. "And that ain't all, Bill. When you're dead, that's supposed to be the end of you. But me? The good preachers tell me that when I die I may go to Hell forever. That is, Bill if I don't do just as they say. And most of what they say keeps me from getting any fun out of life. "Tell me, William, considering these things, how can you keep a straight face and still look so dumb and solemn."—Quoted from Lon Boynton's Lamar County Echo.

Around the corner I have a friend In this great city that has no end; Yet days go by and weeks rush on And before I know it a year is gone. And I never see my dear friend's face, For life is a swift and terrible race. He knows I love him just as well As in the days when I rang his bell And he rang mine. We were younger then We were not busy, tired men Tired of playing a busy game, Tired of trying to make a name. "Tomorrow," I say, "I'll call on Jim, Just to show that I am thinking of him." But tomorrow comes and tomorrow goes And the distance between us grows and grows. Around the corner! Yet miles away "Here's a telegram, sir." "Jim died today." And that's what we get and deserve in the end. Around the corner—a departed friend. (Author unknown)

HOME FROM HOSPITAL
Omar Reid, who has been undergoing treatment in the U.S. Veterans hospital at Amarillo, returned home the first of this week. He is reported to be greatly improved.

Betty Crocker KITCHEN CLINIC

Reg. U. S. Pat. Off. prepared for Your Newspaper by Betty Crocker Home Service Department

OPENING THE COBBLER SEASON

Our grandmothers and great grandmothers were resourceful women. They took the food they had at hand and created our American food customs. Only they never dreamed they were doing anything as important as that. Take our cobblers for example. The woman who told her family that she just took some fruit and flour and things and "cobbled up" a dessert had no idea what she was starting. We do not even know her name. But when her family liked the dessert she probably told her neighbors about it, and before long they were "cobbling up" fruit desserts in the same manner.

They Called Them "Cobblers"

Thus in time, these luscious fruity puddings with their biscuit-like coverings . . . so tender and crusty and golden brown on top . . . with such light, fleecy interiors . . . became known as "cobblers". In some parts of the country cobblers had both a top and bottom crust that was tender and flaky and more like a regular pastry. Brown sugar was preferred to white sugar by some housewives. You see no one had taken the trouble to really write out recipes for these desserts that the busy housewife "cobbled up" while she was doing a half a dozen other things at the same time. Eventually, however, the fleecy, tender, golden brown biscuit-covered variety came to be pretty generally accepted as the authentic cobbler. Although, of course, the other kinds still have their staunch adherents. Peaches, apricots and blackberries and cherries are still the favorite cobbler "makings" just as they were in the old days. So let's begin our cobbler season this year with a luscious, flavo-ful ruby-red cherry filling under the fluffiest, tenderest, most melt-in-your-mouth topping that can be made.

An Easy Way To Make Cobblers

A prepared biscuit flour such as you find in grocery stores everywhere today will help you achieve such a crowning glory for your fresh cherry cobbler. However, I'm going to give you the recipe for making it with a good all-around, all-purpose flour in case you haven't any of the prepared biscuit flour on hand with the shortening, baking powder and salt already blended through it for you.

Fresh Cherry Cobbler

3 cups pitted cherries	1 tsp. cornstarch
1 cup sugar for tart cherries	1/2 tsp. butter
(1/2 cup or less for sweet cherries)	1/2 tsp. cinnamon (or a few drops of almond extract)
1 cup water	

Heat the cherries, sugar and water. Blend in the cornstarch which has been dissolved in a little cold water, and cook for 5 minutes. Pour into the bottom of a buttered deep baking dish, 10 inches in diameter. Dot with butter and cinnamon.

Rich Biscuit Dough

2 cups sifted all-purpose flour	2 tsp. sugar
1 tsp. salt	1/2 tsp. shortening
1 tsp. baking powder	1/2 cup milk

Sift the flour, salt, baking powder and sugar together. Cut in the shortening with 2 knives or a pastry blender and add the milk. Mix gently until smooth. Drop spoonfuls of this dough on hot cherry mixture until you have it entirely covered. Or, if you prefer, roll the dough out and fit it over the top of the cherries. Put the baking dish with this cobbler in it into an oven that has been preheated to 400° F. (moderately hot), and bake for 30 minutes.

Tech to Have Flying School

Lubbock—Applicants will be accepted immediately for four CAA flight training courses to be offered this summer at Texas Technological College, said Robert P. Vail, coordinator of civilian pilot training. Offered for the first time at Tech are an apprentice instructor course, open to those who have completed secondary training and a cross country course, which is still more advanced. The primary course will be open to any student who has completed at least 30 semester hours of college work and is between 19 and 26 years of age, inclusive. The advanced course will be open to those who have successfully completed the primary course. All four courses will be open between June 1 and June 5, and applications must be filed within the next few days.

Vail said. They will continue until late August. Trainees may be students of Tech or other colleges who have received credit for 30 or more semester hours.

Fees for the primary course will include \$7.20 insurance fee and \$6 for the medical examination; \$9.60 insurance fee for the secondary course and \$12 for the medical examination, plus a possible course fee of \$5 to \$10. Cost of the cross country course, including equipment, will probably be between \$30 and \$35, Vail said. The CAA has not yet notified the college of its quotas for all courses.

Mr. and Mrs. Hassan of Stamford, Mr. and Mrs. S. Hassan of Haskell and Mr. and Mrs. Frank Silman of Rochester visited relatives here last Sunday.

Mrs. W. F. Hardin of Silvertown came in last week for a visit with Mrs. Nell Hardin and family. Mrs. Nell Hardin met her in Vernon.

Mr. Farmer:

Our blacksmith shop has rendered satisfactory service to many farmers in this section for years. We are equipped to do any job of Blacksmithing or Welding, no matter how small or how large.

We have experienced men in charge of our shop, and we are trying to run a shop that is second to none in this section.

● Mr. Farmer, you'll be needing Blacksmithing to successfully carry out your farming operations during the summer months. Recent heavy rains, which have delayed your work, will call for more farm work, and you'll want blacksmithing done correctly and promptly. We invite you here . . . where we offer good workmanship and excellent service.

YOUR FARM NEEDS

Remember . . . We have Plowshares, Sweeps, Go-Devil Blades, Hoes, Files, in fact, anything you need on the farm . . . Come HERE for your farm needs, whatever they are!

We have several good combines on hand. Look these over and get our prices before you buy.

GUINN HARDWARE CO.

Weekly Health

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Austin, Texas—The approach of summer weather foreshadows the greater prevalence of intestinal disorders, according to morbidity reports reaching the State Health Department. "Infants are most susceptible to the so-called 'summer complaint' (diarrhea and enteritis), but older persons are also affected, the aged being more likely to contract the disease," states Dr. Geo. W. Cox, state health officer.

"Symptoms of diarrhea and enteritis usually appear suddenly, accompanied by fever and severe diarrhea due to inflammation of the bowel (enteritis). The patient suffers depletion of bodily fluids and the bowel discharges often contain blood and mucus. Convulsions and coma frequently precede fatal cases, particularly in the infantile type of summer diarrhea."

Vital statistics records of the State Department of Health distinguish between fatalities from diarrhea and enteritis occurring under two years of age and those occurring among persons over two years of age. Death records filed in the Vital Statistics Bureau for 1940 show that 1,972 infants under two years of age died of diarrhea and 553 persons over two years of age were victims of this disease.

Diarrhea and enteritis are contracted as a rule by use of contaminated food products or contact

with a patient or carrier. Dysentery bacilli (germs) are often found through laboratory examination of intestinal discharges. Laboratory studies further demonstrate that many patients suffering from symptoms similar to diarrhea and enteritis in reality have contracted bacillary dysentery. This infectious disease is very similar to typhoid fever in its methods of spread and contraction.

Prevention of diarrhea and enteritis is dependent upon public health control measures, chiefly: (1) safeguarding milk and water supplies; (2) improvement in sanitation, methods of excreta disposal; and fly control; (3) scrupulous cleanliness on the part of all those who prepare and serve food and (4) careful attention to matters of infant care and home hygiene.

THOUSANDS OF MATTRESSES

College Station—Already 314,731 Texas families—most of them farm families—have applied for mattress-making materials under the USDA's mattress program and final tabulation is expected to increase the figure considerably. Incomplete reports filed by the Extension Service of Texas A. and M. College reveal that of this number 75,993 were Negro families, 566 were Latin American and the remainder were white.

Since some farm families are eligible for more than one mattress under the provisions of the program, it is likely that half a million will have been made at the close of 1941, says Mildred Horton, extension vice director and state home demonstration agent. On May 1, 345,522 mattresses

had been made and taken home by low-income families, according to a joint report of the Extension Service and the Triple-A. Of this number, 54,096 were made during April. More than 43,000 committee members—27,685 of them women and 15,491 men—have assisted in carrying on the program in 4,703 community centers.

April reports also showed that the making of comforts under a supplementary provision of the mattress program, is under way. Already 11,074 comforts have been completed, and workers say the total will eventually reach the 250,000 mark.

Cotton and ticking for the mattresses and cotton and percale for the comforts are provided by the surplus marketing administration.

Mr. and Mrs. Lavoy Burton and daughter of Haskell visited relatives and friends here last Sunday.

C. C. Browning, prominent farmer and cattleman of Truscott was here last Monday attending to business matters.

Mr. and Mrs. Hal Burton and family of Hamlin spent last Sunday with relatives and friends in Munday.

RETURNS FROM SCHOOL

Miss Virginia Smith, who has been attending school in Virginia, returned home last week to spend some time here with her mother, Mrs. Maggie V. Smith. Her sister, Mrs. Helen von Baumann, met her in Wichita Falls.

Mr. and Mrs. L. M. Palmer were visitors in Brownwood last Sunday, going there to take M. L. Wiggins back to Camp Bowie.

Mr. and Mrs. Les Cuvell of Avoca spent last Friday here, visiting in the home of Mr. and Mrs. J. C. Campbell.

"Now You're Cooking With Gas" has been publicized often on a nation-wide basis by comic strips and many top-flight radio comedians. But few who have heard the slogan know where it originated.

The expression is an old one used by vaudeville and theatrical people to indicate when they had "arrived" or when they had become established as leaders in their profession. In other words, "Now You're Cooking With Gas" meant the performer was appearing in communities where gas, instead of coal or wood, was used for cooking.

Thousands OF FOLKS FROM "ALL WALKS OF LIFE" HAVE GONE MODERN

Little did those who originated the tribute, "Now You're Cooking with Gas," realize that in 1941 hundreds of thousands of people in the Southwest could proudly answer, "Yes, we, too, are cooking with gas." Moreover, many of these homes now use this low-cost modern service to the exclusion of all other fuels for water heating, house heating and refrigeration as well as cooking.

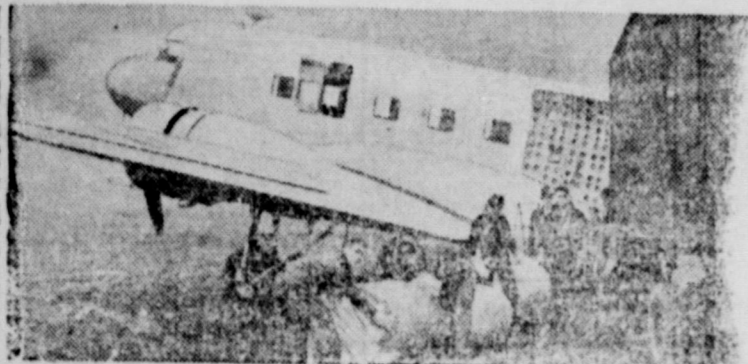

Proudly we say to you, our customers, "Now You're Cooking with Gas" . . . and add this all-important fact: your dependable gas service is supplied by a 4,800-mile interconnected pipe line system reaching out to more than 1,200 wells in sixty fields.

LONE STAR GAS SYSTEM

People, Spots In The News

SIBERIAN SEPTUPLETS . . . Capt. Bob Ashley, veteran air lines pilot, and Mrs. Ashley are shown at their Ocean-side, Long Island, home with seven fuzzy white "Samoyede Siberian sled dog" puppies, a rare breed in this country. They're nine weeks old.

PLANES TOTE TANKS . . . To speed air armament, Army Air Corps transport planes are used as "fast freight" to rush bullet-proofing gas tanks for combat aircraft from B. F. Goodrich plant at Akron, O., to humming West Coast factories. Special rubber lining of tanks enables planes to carry on in face of machine gun fire.

'NOT 'OKIES' . . . But luckier-than-average fugitives from bombed Plymouth, England, are these folk who keep house, in a manner of speaking, with help of trailer and makeshift tent as repeated air raids threaten their houses in town. Children seem to like the outdoor life, the British caption on picture said.

Seniors

Well, this is the last week of school for the Seniors of B.H.S. This has been a year that I am sure will be remembered by each student of the Senior class for years to come.

The Seniors wish to thank each student, teacher, the community, and the room mothers for their splendid cooperation in the past school year. The help of each of you has made it possible for us to make the Carsbad trip. It has been a pleasure to work with such cooperative students and teachers.

Friday night, May 30, at 8:00, at the Benjamin High School gym the Seniors are presenting a three-act play filled with comedy. You shouldn't miss seeing "Jiminy Crickets." The admission is 10c, 20c, and families will be admitted for 75c. (If you have a large family you can manage to see the play anyway).

Since the play will be the last thing presented this year the Seniors will appreciate very much having all the people in town out for the event.

Juniors

The Juniors planned to leave Thursday afternoon for Lake Kemp—but it rained. We left Friday morning about 8:30. We had a flag fight before we left. Our flag was up when we left.

We got to Lake Kemp at 10:30. The girls (except Louise) helped Miss Cole and Mrs. Parker prepare lunch. (Where were you, Louise? Do you know, E.C.?) We ate lunch and then some of us went swimming. Others tried their luck at fishing. We didn't stay long, because a cloud came up and we

went back to the cabins and stayed until the weather cleared up again. Then we went swimming again. We stayed until time for supper this time. Pete, do you, Lester and Chris like the boat house? After supper we started to bed—after we had fished for a while. We had water fights for an hour or two. Mr. and Mrs. Cunningham came about 11:00. We went to bed and arose early Saturday morning to go fishing again. (That is, some of us did). After breakfast we all went swimming and then came back to the cabin to get ready to come home. It wasn't long until the bus came and we came home. We all had a swell time and hope we never have another Junior Day. We want to thank our sponsors and room mothers for all they have done.

Sadie the Snoop
 Glenda, Glenda! Did you miss going to Knox City Saturday night??
 Bill, how many people do you suppose could get in your car?
 Did you Freshmen boys get cool going down to the stockpens Friday night?
 Ike, you will find those lost pants hanging on the scales at the stockpens.
 Bill Spikes, when you aren't fully dressed you shouldn't stand in front of the car lights.
 Cidy, are you happy?
 Cidy, you shouldn't wear your milking pants to school!!
 Doug, what Senior girl are you trying to court?
 Such manners, Seniors!!
 Seniors, are you going to present your play Friday night?? You are?? Well, good!!

Wheat Farmers Vote Saturday On Referendum

College Station.—Every wheat grower who values his democratic rights will take the time to cast his vote in the wheat marketing referendum Saturday, May 31, B. F. Vance, state administrative officer in charge of the AAA in Texas, points out.

"The referendum is the only democratic method of finding out just what the farmers want," the official said, "and, as I see it, failure of farmers to voice their opinion would indicate a lack of interest in democratic methods."

The United States Department of Agriculture is holding the referendum among the nation's wheat growers, to learn whether the growers want to use marketing quotas on the 1941 crop. As provided by Congress in the Agricultural Adjustment Act, whenever the supply of wheat is too large, growers are given the opportunity to vote marketing quotas upon themselves. If two-thirds or more of the growers voting approve quotas, then they will be in effect. Polling places will be located conveniently in every county throughout the wheat section of the state.

At stake in the referendum, along with the quotas, is the fate of the government loan on wheat, since the law provides that no loan can be offered in any year in which quotas are proclaimed by the department and voted down by the farmers, Vance pointed out.

According to the latest crop estimate, the 1941-42 wheat supply will be 1,236,000,000 bushels, exceeding the level at which marketing quotas become necessary by 217,000,000 bushels.

Polling places will be under the supervision of resident farmers who will act as referendum officials. Votes will be tabulated locally and reported to College Station AAA headquarters.

Mr. and Mrs. M. C. Hallmark and family visited relatives in Haskell last Sunday. Their daughters, Frances and Sue, remained in Haskell for a week's visit.

Hubert Homer, Philip Homer and Robert Schumacher were visitors in Wichita Falls last Sunday.

John Smith of Wichita Falls was a business visitor in the city last Thursday.

Miss Mayme Crouch left last Saturday for her home in O'Donnell to visit her parents a few days before entering summer school at Denton. Miss Crouch is a teacher in the Munday schools.

Miss Margaret Tiner a junior student in Hardin-Simmons University at Abilene visited her parents Mr. and Mrs. W. V. Tiner, last Sunday.

Draftees Asked To Help Protect Civilian Jobs

"Help protect your civilian jobs by keeping your employers informed of your Selective Service status," General J. Watt Page, State Director, today advised all registrants and inductees.

"Complete cooperation between employees and employers at all times is imperative to insure civilian job protection for the registrants," General Page said. "Each registrant should advise his employer immediately as to how he has been classified for Selective Service, when he expects to be called for training, and then as to what are his plans after he has had experience in military life.

The Selective Service Act, he pointed out, gives civilian job protection to every man inducted into military service under its authority, whether he is a selectee or a volunteer. It provides that each shall receive a certificate of merit if he completes his military training to the satisfaction of his superior officers. Then if he makes application within forty days after he has completed his one year of training and is still qualified to perform the duties of his civilian job, the law says that he shall be restored "to such position, or to a position of like seniority, status and pay, unless the employer's circumstances have so changed as to make it unreasonable or impossible to do so."

Protecting seniority on their civilian jobs, the Act also provides that men inducted for Selected Service shall be considered by their employers as having been on leave or furlough. It further stipulates that selectees restored to civilian jobs shall not lose them without cause for at least one year.

"It is the policy of the Selective Service System," General Page said, "to help the registrant in every way possible, and through the press and otherwise to keep him informed of his rights. In view of the requirements the law imposes upon employers for the protection of Selective Service registrants, it would seem to be only fair that the registrants, themselves, should cooperate by keeping their employers advised at all times as to their status."

Addressing all registrants in the state, including those who have already been inducted, he said:

Keep in touch with your civilian job. Keep your employers advised of your Selective Service status before you are inducted, and let them know also how you progress in military training and your plans for after your year is ended. You owe that much protection to them so that they can protect your job for you.

"If you are learning something that will make you more valuable to them when you return to your civilian job, it is to your interest as well as theirs to tell them about it."

"Likewise, if you should decide to continue your military career after your year of training is up,

you owe them that information also, and should give it to them as early as possible so that they may plan for your permanent replacement in their organization.

DYING WORDS OF INFIDELS

Infidelity is often renounced in the heart-searching light of the dying hour. Consider these dying words of noted infidels:

Hobbes, 1679—"I say again if I had the world to dispose of I would give it to live one day. I am about to take a leap in the dark."
 Churchill, 1764—"What a fool I have been."

Voltaire, 1778—"I am abandoned by God and man. I will give you half of what I am worth if you will give me six months life." (This was said to Dr. Trochin who told him it could not be.) "Then I will go to hell and you will go with me, O Jesus Christ."

Gibbon, 1794—"All is now lost finally unrecoverably lost. All is dark and doubtful."

Tom Paine, 1809—"Oh Lord, help me. Oh God, what have I done to suffer so much? But there is no God—but if there shall be what shall become of me, for I cannot bear to be left alone. Send me even a child to play with."

Gambetta, 1882—"I am lost and there is no use to deny it."
 Ingersoll, 1889—"I am mistaken—I have lived in vain."

Mr. and Mrs. W. P. Kirk of Littlefield spent several days last week with their son, Rev. Luther Kirk, and his family.

Miss Mary Tom Kirk visited relatives and friends in Byers, Texas, over the week end.

Mr. and Mrs. Russell Doran of Stamford visited in the home of Mrs. Doran's parents, Mr. and Mrs. W. C. Bevers, and with Mr. Doran's sister, Mrs. E. B. Littlefield, and Mr. Littlefield, Sunday.

Mr. and Mrs. Arthur Lawson and children visited with relatives in Stamford last Sunday.

Chas. Moorhouse of Benjamin visited friends here last Sunday.

ADVERTISING Is Business Insurance

Insure the volume of your sales by a program of advertising directed to acquire new customers, and to keeping the confidence and patronage of your regular customers. Advertise your merchandise or service that your place of business will become a recognized dealer and grow faster in the business you sell. Make friends through acquainting the general public of your desire to do business with them.

Persistent newspaper advertising will bring your business to the fore as no other medium can possibly do. Even though residents here and afar have never set foot in your place of business, through the consistent use of space in their newspaper, they become acquainted with you and your business, which will net profitable returns in the future.

Give your business the opportunity to return the profit which your investment should. Place it before the public.

Your Buying Public Will Read Your Ad In This Paper

Your prospective customers read their home newspapers thoroughly. It has an appeal which no hand bill tossed into your yard can possibly be expected to have. The home newspaper is read because it contains all the paper. The advertisements of local concerns have their news of your home and community. Each member of the family finds time each week to read their local appeal to every reader. With the undisputed fact that home news is always best news, your sales message thus attains the reader's interest which is necessary to return profitable sales from money spent for advertising.

Your home newspaper has the confidence of its readers. It is a part of the community. It is looked forward to weekly to bring its readers the news, the local happenings about local people which all of us know as neighbors and friends. Such interest cannot help but stimulate the value of advertising space.

At the low cost of advertising space in this newspaper, plus the local reader interest, your advertising dollar is worth much more than it would be if applied to any other medium to acquaint the public with what you have to sell.

Crowell's Golf Tournament To Be On Sunday

Golfers of Munday are Invited to Enter

The first annual one day golf tournament will be held at the Spring Lake Country Club in Crowell on Sunday, June 1, according to Irving Fisch, general chairman. All golfers of this section of Texas are invited to enter.

Over 100 players from Crowell, Quanah, Childress, Matador, Vernon, Memphis, Truscott Paducah, Munday and Seymour are expected to enter.

A free lunch will be served to all contestants.

A long-driving contest will be held Sunday afternoon at 1:00 p. m. Beautiful prizes will be given the winners, runner-up and consolation winner of each flight.

Golfers who wish to enter will qualify on their home course. They will mail their qualifying score and entrance fee of \$1.00 to Irving Fisch, Crowell, Texas, not later than Friday, May 30, 5:00 p. m.

Match play will start Sunday, June 1, 7:00 a. m.

High Waters Flood Munday's Sewer Plant

High waters which rushed into Munday during the rains last week flooded the sewer plant of the City of Munday.

Pumps at the plant had been able to take care of all the high waters prior to this time and prevent the plant being flooded. An electric fuse blew out at the plant this time, however, which stopped the motors and allowed the water to overflow into the plant. Three of the motors were inundated by the muddy water.

The Munday fire truck was used in pumping out the water, and the electric motors were taken to Abilene to be dried out. Local officials report no material damage to the motors.

Mr. Ellis of Seymour and daughter, Mrs. Bill McWilliams of Mineral Wells, were visitors here last Saturday morning.

Vera Farmer Dies Following Long Illness

W. C. Feemster Buried At Vera May 20th

W. C. Feemster, well-known farmer of the Vera community, died at the family home at Vera on Monday, May 19, following a long period of illness.

Wood Collins Feemster was born December 18, 1871, in Alabama, and died at the age of 69 years. He lived in Alabama until 1888, when he moved to Tarrant County, Texas.

Mr. Feemster was married to Miss Maybelle Snoddy in 1896, and to this union were born ten children. Mr. and Mrs. Feemster moved to Knox county in 1898 and settled on a farm near Vera where they have resided since that time. Mr. Feemster was a member of the Baptist Church.

Immediate survivors include his wife, seven sons, and three daughters, who are: Walter Feemster of Seymour, Lee Feemster of Vera, Ed Feemster of Knox City, Roland Feemster of Mineral Wells, Royce Feemster of Vera, Robert Feemster of Tulare, Calif., Vernie Feemster of Benjamin, Mrs. Ruby Coleman of Roanoke, Mrs. Elizabeth Snody of Olney, and Mrs. Morine Peddy of Vera. He is also survived by 19 grandchildren and two great grandchildren.

Funeral services were held from the Vera Baptist Church on Tuesday afternoon, May 20, with interment in the Vera cemetery. Services were conducted by Rev. Balch Church, who was assisted by the pastor of the Methodist Church at Vera.

Mrs. Isham Brown returned to her home in Wickett, Texas, last Sunday after several days here with her mother, Mrs. Ora Collins, and her brothers, Howard Collins and Mrs. Collins, and Dorse Collins, and with her sister, Mrs. J. C. Elliott of the Hefner community, and Mr. Elliott.

Miss Elizabeth Mounce left Wednesday morning on Paducah to visit her sister for the remainder of the week.

Mrs. Dorse Rogers and little son, Bill, left Tuesday for Lawton, Okla., where they are visiting Mrs. Rogers' sister.

Mr. and Mrs. Robert Green and little daughter, Lee Ann, visited relatives in Wichita Falls last Sunday. Mrs. Green and daughter remained there for a visit with Mrs. Green's mother, Mrs. C. K. Mosby.

Mr. and Mrs. Homer Lee and Mr. and Mrs. Mark Walker of Wichita Falls visited with Mr. and Mrs. Travis Lee here Wednesday.

Miss Shelley Lee was a visitor in Wichita Falls last Tuesday.

17 Girls Take Summer Project In Homemaking

Seventeen girls of Munday, students in the Munday schools, are taking the summer project in homemaking this summer. They are as follows:

First year girls: Nadine Kreitz, Neva Gray, Gladys Cumba, Lois Wardlow, Billie Hill, Syble Wallace, Geneva King, Daphne Snelson, Jo Lynn Williams, Maxine Harrison, Martha Hannig, Marjorie Howeth and Sue Barton.

Second year girls: Margaret Womble and Aline Cadwell.

Third year girls: Jimmie Henstee and Jean Martin.

Some of the subjects selected by the girls are: Family sewing, managing the home, caring for my wardrobe, improvement of my bedroom, improvement of the kitchen, earning money to pay expenses of being a senior, spring house cleaning.

The entire group met for the second time Thursday afternoon, May 29, at two o'clock. Plans for the continued summer work were discussed, after which a visit was made to the Munday sewing room.

Mrs. Hardegree Is Selected to Teach in Local School

Mrs. L. S. Hardegree, teacher in the Munday school in 1933, was selected as second year teacher in the Munday ward school for next year at a meeting of the board of education Wednesday night.

Mrs. Hardegree taught three years in the schools here from 1930 to 1933. She and Mr. Hardegree will spend most of the time in Denton this summer where Mrs. Hardegree will go to school.

IT PAYS TO ADVERTISE

Cattle Prices Remain Steady At Auction Sale

The Munday Livestock Auction reports a good run of cattle and hogs for last Tuesday's sale, with fat cattle selling fully steady while cows and common cattle were 25 cents lower than a week ago.

Some of the prices paid at Tuesday's sale are as follows: Fat bulls, \$6.75 to \$7.25; butcher bulls, \$6 to \$6.50; beef cows, \$6.50 to \$7.25; butcher cows, \$5.50 to \$6.25; canners and cutters, \$3.25 to \$5; fat yearlings, \$8.75 to \$9.50; butcher yearlings, \$7.50 to \$8.50; fat calves, \$9 to \$10; butcher calves, \$7.25 to \$8.50; rannies, \$6 to \$6.75.

Top hogs brought from \$8.75 to \$8.85; lights and heavies, \$8 to \$8.60; sows, \$7 to \$7.50.

Plenty of buyers are here for each sale to buy all classes of cattle, Ratliff Bros. said Wednesday.

Miss Dorothy Crawford, teacher in the local schools, left last Friday for her home in Floydada, where she will visit her parents for several days.
