

MUNDAY'S SCHOOL FACULTY IS COMPLETED

R. O. Dunkle Is Named Agent of Knox County

Announcement was made this week that R. O. Dunkle, who has served as county agent of King county for the past two years, has been named as county agent of Knox county.

Mr. Dunkle will begin his duties in this county on Monday, August 18. He succeeds Walter Rice, who was recently called into military service.

A man of many years experience in this work, Dunkle is recognized as one of the leading county agents in this section. Prior to going to King county, he served as agent in Gray, Deaf Smith, Stonewall and Throckmorton counties, and he has been with the Extension Service for some 15 years.

The new county agent is known to many Knox county people, having visited many projects, baby beef shows, etc., which have been held in this county.

Dunkle is efficient in 4-H club boys' work as well as in other duties of the county agent's office. Boys who have fed calves under his supervision have had animals which won prizes in county, district and state shows. With the experience he has had, Dunkle is expected to take up where Walter Rice left off, and the work in Knox county is expected to continue to progress under his guidance.

Mr. and Mrs. Dunkle and their son are expected to move to Benjamin this week to make their home.

Meeting to Begin At Goree Wednesday

Rev. S. E. Stevenson, pastor, announced this week that a revival meeting will begin at the Goree Baptist church on Wednesday evening, August 13, and he urges the membership of his church to cooperate in this revival effort.

Rev. L. A. Doyle of Anson will do the preaching during this revival. Rev. Doyle is a well-known preacher and evangelist, and a great revival is expected under his leadership.

The entire public is cordially invited to each and every service of the meeting, Rev. Stevenson said.

Church of Christ Revival Meeting Close on Sunday

The meeting at the Church of Christ, conducted by Minister Collins, closed last Sunday night, with 11 restorations and six baptisms reported during the revival.

"We feel that the church has been considerably strengthened by the series of meetings," church leaders report, "and we hope everyone will be present each Lord's Day for Bible study at 10 a.m., preaching at 11 a.m. and evening services at 8:15 p.m."

Everyone is cordially invited to these services.

Encampment Is Attended by 100 Club Women

About 100 women of the home demonstration clubs of Knox and Haskell counties met at the Midway school in Haskell county for their annual encampment on August 7 and 8.

Games and contests were enjoyed Thursday afternoon, after which a picnic supper was spread. During the evening each club represented presented a one-act play or stunt in addition to readings and musical numbers.

A sing-song was held Friday morning, preceding the regular business meeting. Following the business meeting games and folk dances were led by the Haskell county recreation committee.

The 1942 encampment for the two counties will be held in Knox county with Mrs. Marion Jones of Hefner as chairman and Mrs. Ernest Ingram, also of Hefner, as secretary.

4-H Club Boys To Encampment Near Quanah

Ten Knox county 4-H club boys attended the annual district encampment for boys held at Lake Pauline, near Quanah, on August 7, 8 and 9.

In the absence of an agricultural agent, O. L. Patterson of Benjamin took the boys to camp, and R. O. Dunkle, of King county, incoming agent, had charge of them while there.

The program consisted of talks, games and swimming and was climaxed with a fish dinner on Saturday.

Boys from Knox county who attended the encampment are: Earl and Hardie Richards, Bobby Roberson and Billie Richards, of Vera; Glen Myers and John Voss, Sunset; Jerry Westbrook, Jack Brown and Charlie Guynn Hickman, Truscott.

New Books Are Now Available

The public library committee regrets that the public library has not been open, due to lost keys and a broken lock.

However, on Monday afternoon, August 18, it will be open and every Monday afternoon thereafter. The following best-sellers have recently been added to the library:

This Above All, Random Harvest, City of Bells, Up at the Villa, Heritage of Hatcher Ide, Bachelor Life, Keys of the Kingdom, Oliver Wiswell, Aunt Sunday Takes Command.

All books now out, if returned by August 18, will require only one week's fee.

RETURN FROM TRIP

Mrs. Edgar Jones and daughters, Juracy and Lola, of this city and Mr. and Mrs. Jack Beddingfield of Greenville have returned home from a six-weeks vacation in parts of Texas, New Mexico, Arizona and Nevada. They visited the petrified forest, painted desert, grand canyon, Boulder dam, the white sands and El Paso. While away they were guests in the home of Mr. and Mrs. Johnnie Jones of Holbrook, Ariz., Mr. and Mrs. Henry Jones of Globe, Ariz., and Mr. and Mrs. L. P. Jones of Sierra Blanca.

Ratliff Bros. Buy Local Sales Barn

Announcement was made this week that R. L. and Will Ratliff, who have operated the Munday sales barn under lease agreement since it was opened three years ago, have purchased the barn and equipment from the stockholders.

Stockholders voted to sell the barn last week. There are some 20 stockholders, and the following served as directors: C. R. Elliott, chairman; W. E. Braly, secretary-treasurer; C. P. Baker and W. R. Moore. During the three years in which the auction sales have been held, the investment in this property has paid a dividend of 15 per cent annually.

In behalf of the stockholders, Mr. Elliott as chairman expressed their appreciation for the splendid patronage given the auction sales and he wishes the new owners continued success in the operation of the Munday auction sales. "We feel the livestock auctions have been of great benefit to the town and community," he said, "and we hope that it will continue to be successfully operated."

Mr. and Mrs. Luther Kirk and children returned home last Sunday night from Clyde, Texas. Rev. Kirk closed a successful revival meeting at the Eula church, on the Clyde Circuit, which was among the first churches he served as pastor.

Mr. and Mrs. Raymond Stapp, Mrs. T. C. Lowry, and Miss Dorothy Campbell, returned home last Sunday night from a week's vacation at Ruidosa, New Mexico.

Closing Date For Wheat Allotments Set for Nov. 30

Marvin Allen, secretary of the Knox county A.C.A. office, has been advised by the state office that November 30, 1941, is the closing date of accepting requests for 1942 new grower wheat allotments.

Farmers who have not planted any wheat for harvest during 1939, 1940, and 1941, but desire to plant wheat for the first time in 1942, are considered new growers. The acreage which new growers will receive is taken from a county reserve, which in most cases, represents approximately 3 per cent of the county allotment.

All farms receiving wheat acreage allotments for the first time this year, regardless of the size of the acreage, will be classified as non-allotment farms. Regulations also state that the larger of the wheat acreage allotment or 15 acres may be harvested without incurring deductions. Non-allotment farms will not be eligible for either conservation or parity payments, but in case marketing quotas are in effect loans may be made on that portion of the wheat in excess of the farm marketing quota.

Requests for new grower allotments should be filed in the county AAA office as soon as practicable, Mr. Allen pointed out, since no applications may be filed after the closing date.

Revival Will Close Sunday

The revival meeting which is now in progress at the First Presbyterian church will close next Sunday night, according to an announcement made by Rev. Winston R. Bryant, pastor.

Rev. M. H. Applewhite, Sweetwater pastor, who is doing the preaching in this meeting, is bringing interesting and forceful messages at each service. Interest in the meeting continues to grow, and much good is expected as a result of this revival effort.

Services are held at eight o'clock each evening in the new Presbyterian church building. No services will be held Saturday night, and both morning and evening services will be held Sunday. The public is cordially invited to attend all the remaining services.

Defense Guard To Attend Throckmorton Rally for Defense

Company C of the Texas Defense Guard will go to Throckmorton tonight (Thursday) for the 17th battalion review. The local unit met Wednesday night for drill. This review is staged in connection with the public defense rally at Throckmorton. Col. H. C. McLean of Camp Wolters is the reviewing officer, and Hon. Frank Scofield will speak at the defense rally.

Companies from Munday, Bryson, Throckmorton and Woodson will take part in the battalion review.

987 Pounds Of Old Aluminum Go to Defense

Knox City leads for county; Munday has 200 pounds.

News was received here this week from J. C. Patterson, county judge, that there was 987 pounds of scrap aluminum collected in Knox county during the recent drive.

Knox City had the distinction of having the largest collection with 425 pounds. Munday was second with 200 pounds. Gilliland had the largest single piece of aluminum, it weighing 27 pounds.

Judge Patterson expressed his appreciation for the efficient manner in which the chairmen cooperated in the drive and asked each of them to convey his sincere thanks to all their helpers. "To each donor," Patterson said, "the government is indeed thankful for your contribution to national defense."

Each community can secure exact weights gathered in the respective communities by contacting their chairmen, whose names appeared in this paper at the beginning of the drive.

Mr. and Mrs. Fred Lain announce the arrival of a baby boy, born August 7th. He has been named Danny Max.

Coates Cafe To Move Next Week

Work of repairing and reconditioning the building formerly occupied by Bookout's Bakery is being completed this week by Fred Broach, owner.

Curtis Coates, owner of Coates Cafe, announced Tuesday that he would move his cafe into this larger building. For some time Coates has felt the need of more room to care for his customers, and this building will give him ample room. He will complete moving the first of next week.

New fixtures and equipment are being added to the cafe, and the building is being completely remodeled. New tables, chairs, etc., have been purchased and will be installed in the new location, and the cafe will be one of cleanliness and attractiveness.

Mrs. Ramia Lee Bradford, nurse in the Haskell county hospital, is visiting with her parents, Mr. and Mrs. A. M. Moore, and recovering from a major operation which she underwent some two weeks ago.

Father of Mrs. Robert Green Is Buried Saturday

Funeral services for Charles Kirkpatrick Mosby, 50, railroad conductor in Wichita Falls for the last 22 years, were held last Saturday morning from the First Methodist church in Wichita Falls with Rev. Earl Hoggard officiating.

Mr. Mosby died at one o'clock Friday morning, following an illness of several days. He was the father of Mrs. Robert L. Green of Munday. Mr. and Mrs. Green were visiting relatives in Clarendon when notified of Mr. Mosby's serious illness.

Survivors include the widow; three daughters, Mrs. Green of Munday, Mrs. Everett McConnell of Wichita Falls, and Mrs. C. H. Giddings, Jr., of Albuquerque, New Mexico.

Charles Beaty, who is employed in Wichita Falls, visited with home folks here over the week end.

Knox County Hospital Notes

Patients in the Knox county hospital at Knox City August 12, 1941, included: Mrs. Esker New, Truscott, Leroy Perdue, Goree; G. M. Bryan, Munday; Lee Poe, Grow, Texas; Willie Wells, Knox City; C. W. Berger, Guthrie; Mrs. B. M. Higgins, Seymour; Miss Atie Robinson, Lubbock; Miss Lucy Norman, Rule; Mrs. A. C. Melton, Rochester; Mrs. E. A. Hollar, Munday; Casey Jones, Knox City; Mrs. Everette Kelley, Austin; Mrs. L. C. Kilgore, Benjamin.

Patients dismissed since August 5, 1941: Mrs. C. F. Fincannon, Goree; Mrs. A. R. Sawyer and baby son, Old Glory; Margarita Navarrete, (Mex.), Knox City; Mrs. Alvin Bryan, Benjamin; Mrs. Roy Gibson, Guthrie, Mrs. T. Epley, Rochester; Mrs. Cecil Anderson and baby daughter Crowell; Baby Gunnell, Knox City; Silas Dobles, Guthrie.

Schools to Open On September 8

A. N. Durham Coach;
Ten New Teachers
Are Elected

With the opening date of school set for nine o'clock Monday morning September 8, and the election of teachers complete the Munday Public Schools will begin work with 19 teachers, one more than was used last year.

A. N. Durham, coach at Silverton the past several years, was elected head football coach of the Munday Moguls in a meeting of the Board of Education Tuesday night after a large number of outstanding coaches of this section were interviewed, according to Supt. Colley. He will be here next week.

Mr. Durham has a number of years successful teaching and coaching of football, basketball, track and boxing. He is married and has one child. During the past two years at Silverton his football teams have won 17 football contests out of 20 played in class B football. His basketball teams have also showed marked success as have his track teams.

Miss Edna Lou Brock was elected commercial teacher in the Munday schools; she has had several years experience and was schooled at West Texas State Teachers College. Her home is Amarillo.

Miss Addie Elizabeth Boone was elected to teach fifth grade; she is a graduate of East Texas Teachers College, has a strong major in elementary education and has taught five years. Her home is Greenville.

Miss Margaret Lucille Williams will be science instructor in the high school and comes here from Abilene. She is a graduate of Hardin-Simmons University and has been laboratory instructor in the University the past two years.

Mr. Durham will be assisted by R. V. Wood, lineman on the West Texas State Teachers College football team three years and a June graduate; he will teach in the intermediate grades.

Also in the fifth grade, where there will be two sections, will be Miss Mayme Holcomb, of Seymour, also a graduate of Hardin-Simmons University and who has had several years experience both in teaching and in music.

Mrs. Clyde Kennamer, teacher the past eight years near Abilene, will be the new primary teacher. She has taught first grade five years, and has several hours on her master's degree. Her intermediate and rhythm bands have won acclaim in Taylor county.

Mr. Clyde Kennamer, for a number of years a teacher in the Abilene ward schools and coach of the strong Central Ward school football teams which have won several championships there, will have the ward school athletics, and teach in that school. He comes with 12 years experience.

Cecil Hood, a teacher and band director in the Johnson City public schools the past year, will teach in the ward school and handle the band activities of the entire school. He can handle any instrumentation in the band, was in the Agricultural and Mechanical College band for three years when they were acclaimed the "best drilled and marching band in Texas." He also was in the Austin College band one year. He will be here next week to begin organizing, making arrangements for instruments, and other details for the start of school.

Miss Jessie Merle De Loach, graduate of Hardin-Simmons University, with seven years experience at Heber Springs, Arkansas, was elected to teach English in the high school and handle choral singing. She has special training in music, has work on her master's degree and in choral work.

Many From Knox Attend Lubbock Pioneer Meet

Many pioneer citizens of Knox county who are still residents of the county went to Lubbock last Sunday where they attended the annual Knox county pioneer's reunion. The pioneers met at Mackenzie State Park in Lubbock.

This was the second annual reunion, and pioneers gathered from all parts of Texas and New Mexico. A basket picnic dinner was spread at noon, and the program consisted of special music, speaking and band music. Old-timers enjoyed associating with their neighbors of pioneer days. Among those from Knox county to attend the reunion are the following:

R. C. Partridge and family, Emmet Partridge, Mr. and Mrs. R. M. Myers, Roe Myers and family, Jess Burnison and family; Mr. and Mrs. G. R. Eiland and daughter, Maxine; Mr. and Mrs. Travis Jones, James Gaither and family, Mr. and Mrs. Bill Gaither, Mr. and Mrs. W. L. Lansford, Lee Haymes and children, Mr. and Mrs. Ben Guinn, Mr. and Mrs. F. Meers, Mr. and Mrs. Bill Swain, Lloyd Sweet and family, Mrs. N. E. Sweet and daughters, Bertha and Flora; Mr. and Mrs. J. Arthur Smith, Lloyd Hendrix and family; Mrs. A. U. Hathaway, Mr. and Mrs. Clyde Nelson, Mr. and Mrs. Cecil Burton, Mr. and Mrs. T. J. Partridge; Mrs. Nell Hardin and children; Mr. and Mrs. Marvin Chamberlain, Mr. and Mrs. J. B. Jones, Walter Snody and Mr. and Mrs. R. V. Burton.

This is only a partial list, as recalled by some who attended the reunion. Possibly others also attended but a list of those who registered was not available at press time Thursday.

Goree Schools To Open on Sept. 1st

The 1941-42 session of the Goree Public Schools will begin on Monday morning, Sept. 1, 1941, it was announced this week by H. D. Arnold, superintendent.

Everything is in readiness for the beginning of this school term, it was stated. The list of faculty members has been completed, and plans are being laid for a successful school year.

All students residing in the Goree district are urged to be present on opening day to receive their work assignments.

W. R. Moore Leaves Sunday for Duties In Armed Service

Mr. and Mrs. W. R. Moore, Jr., left last Sunday morning for San Antonio, where W. R. reported for duty in the U.S. Armed Service on August 11th.

Moore, who will serve as a second lieutenant, was ordered to duty in the arsenal at Fort Sam Houston. He held the second lieutenant's commission in the Reserve Officers Corps.

Legion Officers Installed Tues.

Don M. Ferris was installed for his second term as commander of Lowry Post No. 44 of American Legion last Tuesday night. Ferris served as commander during the fiscal year, 1939-40 and was elected recently to succeed Jimmie Harpham as commander.

Other officers are Louis Cartwright, first vice commander; Frank Cerveny, second vice commander; C. C. Jones, adjutant; Lee Haymes, chaplain; Jim Reeves, finance officer; Clay Grove, historian, R. F. Horan, sergeant-at-arms, and George Hammock service officer.

Howard Hudgens of Vernon, 13th district commander, served as installing officer and gave the duties of those being installed. Hudgens made a very interesting talk, pointing out some of the objectives of the American Legion and urged the post membership to support their commander in making this a successful year for the local post.

The regular birthday feed was also served, with the members partaking heavily of fried chicken, salads, doughnuts and other appetizing edibles.

Home Ec. Girls To Have Project Meet

Girls taking summer project work in home economics are to meet on Monday afternoon, August 18, at two o'clock at the home economics cottage to discuss plans for the following two weeks, Mrs. Travis Jones, instructor, stated Monday.

All girls expecting to get credit on summer work must be present and bring their written project plans completed.

WARREN'S SHOP MOVES INTO NEW LOCATION

A. B. Warren and Walter Sherrod completed moving their blacksmith and welding shop into their new location, the building formerly occupied by Williams Auto Supply, this week. All machinery has been installed, and the boys are well pleased with their new location. They invite the public to visit their newly arranged shop.

HUBERT HOMER JOINS AIRCRAFT SCHOOL

Hubert Homer, son of Mr. and K. G. Homer of the Rhineland community, left the first of last week for Dallas, where he entered the aircraft school. For the past several years, Hubert has been employed in Munday by the Baker McCarty Dry Goods Store.

ATTEND DALLAS MARKETS

George Salem and Mr. and Mrs. Jimmie Silman and family spent the first of this week in Dallas, where they attended the markets and purchased merchandise for the Fair Store and the Economy Store in Munday.

Mrs. G. A. Branton and Mrs. Billee Clark of Knox City were visitors here last Monday.

HOME FROM HOSPITAL

Mr. and Mrs. Cecil R. Parker and family of Gila Bend, Ariz., are here for a visit with Mr. Parker's parents, Mr. and Mrs. C. R. Parker, and with other relatives.

"What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"—

MULTIPLYING DEFENSE EFFORT

The Office of Production Management announcement that six corporations holding defense supply contracts with the War and Navy Departments have contracted 31.3 per cent of the total dollar volume of such contracts may perhaps raise in the minds of some folks that old, and tattered specter of the 60 families who are mistakenly supposed to "own" America.

But what are the facts? When the need of our gigantic defense effort first appeared, the government naturally turned to big corporations, because they were the ones who could handle the big jobs most quickly.

Few people realize the great amount of sub-contracting that is being done today. For that reason, a recent check made by the Army-Navy Munitions Board has considerable interest.

A case in point is furnished by a leading manufacturer of airplane motors. From a 69 million dollar contract which it received, this company has sub-let 30 millions dollars of work, or approximately 43 per cent of the total.

Another company with a 17 million dollars machine gun contract has sublet million dollars of it, or 64 per cent of its work.

A manufacturer of aviation and nautical instruments is already buying 350,000 man-hours a month from sub-contractors and within a year expects to increase that figure.

Cases like these are typical of the way in which defense effort—and defense spending—are being spread out among companies large and small all over the country.

A JOB FOR US

In the last two decades between the close of the last World War and the beginning of this one it was fashionable and smart to say that there was no such thing as a good war, and that one would go to jail before he would be drafted into the army.

Books were written to show that international bankers, munitions makers and other malefactors made wars for profit. These books were widely read and made a deep impression.

Disillusionment and cynicism were strongest in the generation which lived through the last war and the peace which followed it.

Commenting on the fact that the House of Representatives, while considering means to raise some three and one half billions in revenue, takes time out to consider an appropriation bill to spend over seven billions for the Army, Navy and Maritime Commission, one Congressman was heard to say: "That's catching up like the frog in the well that slipped back two hops to every hop forward."

Production of smokeless powder by Hercules Powder Company is now 10 times ahead of that a year ago, the company announces. Hercules is on or ahead of schedule with each of its many national defense construction and operating contracts.

Benevolent feeling ennobles the most trifling actions.—Thackeray.

PIRATES ALL

"There is but one way to make sure that help sent to Britain actually reaches Britain," said the New York Times recently. "There is but one way to insure the freedom of the seas. There is but one way to protect our own domestic freedom. That one way is to send our cargoes to Britain under the cover of our own naval guns, and if cargoes or ships are interfered with by Nazi pirates, shoot the pirates down."

That point of view is based on the belief that Hitler's system of total dictatorship and our system of total freedom cannot live in the same world.

We are spending billions to aid England in fighting aggression, and we are spending more billions to defend ourselves against its spread to America.

Only in a land where any man can go into any business, and prosper in it—where his talents and energies, can the people know true liberty.

There are those in this country who would force some form of socialism upon the people. We have seen this applied to the private electric industry—despite the fact that this industry is vital to defense and has at all times proven its ability to meet any and all increases in demand for power.

Our whole foreign policy today is based on the belief that liberty is in danger, and that every material resource of the United States must be given to building arms to defend it.

ALL OUT FOR ECONOMY

If America is facing an "all out" emergency, it's time for every American to act as if it were. Business as usual is finished for the duration.

But if business as usual is outlawed for most of us by the pressure of events, why not for all of us? So far as non-defense government spending is concerned, it's still the order of the day.

Everyone interested in preserving the American way of life acknowledges the need for huge defense financing. If we are to preserve our freedom, we must have weapons.

The time has come for economy. In the present emergency why are politicians still conducting business as usual in the field of government finance?

OUT OF HARM'S WAY!

Gems Of Thought

BENEVOLENCE

To feel much for others, and little for ourselves; to restrain our selfish, and exercise our benevolent affections, constitutes the perfection of human nature.—Adam Smith.

The place of charity, like that of God, is everywhere.—Quarles.

Sweeter than the balm of Gilead, richer than the diamonds of Golconda, dear as the friendship of those we love, are justice, fraternity and Christian charity.—Mary Baker Eddy.

Do not wait for extraordinary circumstances to do good actions, try to use ordinary situations.—Richter.

Charity is never lost, it may meet with ingratitude, or be of no service to those on whom it was bestowed, yet it ever does a work of beauty and grace upon the heart of the giver.—Middleton.

Deferred Men Urged to Assist In Defense Work

All Selective Service registrants in Texas who have been deferred from military service were urged today by General J. Watt Page, State Director, to offer their full assistance to state and local civilian defense agencies.

By granting certain men deferment, Congress, when it adopted the Selective Training and Service Act of 1940, gave no indication it intended to excuse these men from the obligation that rests upon every young man—that of helping his country in times of emergency.

"Many of our young men have entered the armed forces, leaving at home others who for one reason or another have been called and owe it to their country to help in its defense when and wherever they are needed."

"They can do their part by offsets of civilian defense. In the interim their services in the intervening near future almost every community will be engaged in civilian defense activities. Such activities, of course, cover a wide range and should include tasks for all young men who are deferred from military training."

Mr. and Mrs. M. L. Barnard returned home last Sunday from a week's vacation, which they spent in Fort Smith, Ark., visiting with Mr. Barnard's mother, Mrs. R. A. Barnard.

Mr. and Mrs. Carl Jungman and little daughter, Ida Jo, and Mr. and Mrs. Aaron Edgar were visitors in Haskell last Sunday afternoon.

BRIEF ITEMS

Found ... IN OUR EXCHANGES

The United States with 133,000,000 people, has not yet succeeded in selling a billion dollars' worth of Defense Bonds.

Canada, with not quite 12,000,000 people, has just sold \$900,000,000 in Victory Loan securities, when only \$600,000,000 had been asked for.

For our part, it gives a rather comfortable feeling to have Coke Stevenson occupying the governor's office. This unassuming, natural sort of Texan seems to fit into the saddle.

Coke Stevenson never asked for the job. It came to him through a series of circumstances that no one could anticipate. Maybe that very fact will make for a constructive administration.

Some aviator is going to have a silver dashboard on his plane. Someone brought in about 15 or 20 Wm. Rogers silver spoons along with their aluminum that was left at the shop.

One thousand pounds of scrap aluminum was gathered by people of Lynn county in the recent drive to collect this vital defense metal. Aluminum gathered here was carried to the district headquarters at Lubbock Saturday morning.

The old world is in a terrible state of turmoil. It seems that these is almost a curse upon the world. Peoples and nations seem to be studying more how to kill each other than they are to save beings from hell.

Whatever Hitler's reasons were for invading Russia the month's respite has been most welcome to England. It has also given her an opportunity to catch up with Germany in the air.

Let us hope that for the next year and a half, at least, Texas will enjoy a period of internal peace, during which we will strengthen our home defenses for whatever our task shall be in this bewildered world.

Low License Plates Banned

Austin, Texas. — The highway commission has issued an order that in registering passenger cars for the registration year, 1942, and in successive years, no license plates will be numbered below 5,000, and further that the issuance of special series of license plates known as the "State Official Plates" will be discontinued.

Straw mulched into surface soil leaves it spongy and capable of absorbing greater quantities of water. Dormitories built for industrial defense workers at Orange, Texas, are beginning to fill, reports the housing coordinator for the Farm Security Administration.

Mr. and Mrs. Chester Bowden and daughter were visitors in Wichita Falls last Thursday.

Tax Savings Plan

To make it easier for taxpayers to meet the increased taxes required by the National Defense Program, the Treasury Department is offering for sale two series of notes, both dated August 1, 1941, and maturing August 1, 1943.

SERIES A: \$25, \$50 and \$100 each (Amount acceptable in payment of income taxes limited to \$1,200 in any one tax year.)

SERIES B: \$100, \$500, \$1,000 \$10,000 and \$100,000 each (Amount acceptable in payment of income taxes limited only by the amount of taxes due.)

Tax Savings Notes bear interest provided they are used to pay income taxes. See this bank for details.

Cotton Insurance Program Explained

Under the 1942 cotton crop insurance program, Knox county farmers will be able to insure 50 per cent or 75 per cent of their average yield, August Schumacher, chairman of the Knox county ACA, announces.

The details of the United States Department of Agriculture crop insurance program are being perfected by the Federal Crop Insurance Corporation in Washington now and growers will be able to insure their next year's crop before seeding, he continued. The insurance will protect them from all unavoidable hazards, such as droughts, insects, including boll weevils, flood, plant disease, wind, and fire and hail.

Premiums and guaranteed yields will be figured in terms of pounds of lint cotton and the premiums will be based on the crop-loss history of individual farms adjusted to reflect the crop-loss history of the county. Yields and crop-loss averages will be figured on the basis of historical or appraised productivity over a period of years.

Premiums for individual cotton growers, the AAA official continued, will be figured on a lint cotton basis. Payment of premiums will be made with a commodity note which each grower will be required to sign guaranteeing payment of the premium on or before maturity

date. The maturity date is at about the time cotton is picked or about the time indemnities are usually paid.

In paying the note, Mr. Schumacher continued, it may be paid either in cotton or the cash equivalent. In the event the note is not paid when it matures, the cash amount of the premium will be deducted from the indemnity paid the grower, or from the first Government payments he receives. These payments include cotton, loan, parity payments, and AAA payments.

SPENDING MORALITY

In times of crisis, people are inclined to turn to their spiritual leaders for guidance.

Perhaps the Wriston Emergency Committee on Non-Defense Expenditures had that thought in mind when they appointed Dr. William L. Stidger to enlist the aid of the church leaders throughout the country in the cause of non-defense economies. Perhaps they realized, as Dr. Stidger points out, that the Christian morals are imperative in public as well as in private finance. An Advisory Committee of 1,000 clergymen on Governmental Expenditures could not have been organized at a more opportune time.

The plain truth is that there is a moral basis to both personal and public frugality. Wasteful spending is obnoxious to the basic interests of the American conscience. This doesn't mean that any of us want to do anything to curb necessary and wisely-spent expenditures for national defense—that is an emergency—and we have no choice but to meet it. Yet the very emergency itself, in its terrific urgency, emphasizes the need for the starkest paring of all nondefense appropriations.

Probably better than any others, the church people know the destiny of unbridled taxation—apportionment. All churches in countries that have traveled the road of inflation have known its horrors.

Yes, the formation of Dr. Stidger's committee meets a vital need. It seeks the help of those who, in times of trial, are accustomed to help. It is an organization with which all good citizens can cooperate. These church leaders are tackling a tough problem. But history shows they have licked tougher problems. It is up to each of us to help our churchman, to inform our Congressmen that we expect our government to use the same sacrifice and self-denial that we, along with that same government, have imposed upon ourselves.

The people and their government must save to afford defense.

Mrs. Allen Seale of Dallas is here this week for a visit with her parents, Mr. and Mrs. C. R. Parker, and with other relatives and friends.

Mr. and Mrs. Troy Warren of Lovington, New Mexico, spent the week end here visiting with Mrs. Warren's parents, Mr. and Mrs. U. S. Rogers, and with Mr. Warren's parents, Mr. and Mrs. S. J. Warren and other relatives.

Kitty Hawk Was Nothing Like This

DEARBORN, Mich.—Memories of the mechanical heartbreaks at Kitty Hawk returned for 73-year-old Charles Taylor (above) as he viewed this 2,000-horsepower airplane engine the Ford Rouge plant soon will produce for the army.

Taylor was mechanic for Orville and Wilbur Wright when they tried and finally flew the first heavier-than-air plane in 1903 on the sand dunes of Kitty Hawk, N. C. He said the Wright plane was driven by a 200-pound engine that turned up only 12 horsepower.

This mechanical giant weighs 2,350 pounds.

Ford is rushing toward completion a \$27,000,000 plant in which these powerful Pratt & Whitney engines will be built.

News From Goree

Mr. and Mrs. Jimmy Rice and son left last week for Kansas City, where Rev. Rice will assist in a revival meeting there.

Wynona and Robert McDonald of Jermyn, nieces of Mrs. Will Couch, have returned home after a visit in the home of Mr. and Mrs. Couch.

Mrs. Will Couch left last Thursday for Pampa to be with her son Robert, who underwent an operation at the Worley hospital. Mrs. Couch returned home Saturday and reported Robert improving.

Misses Ruby Milligan and Frankie Long of Sulphur Springs are guests in the Roy Maples home this week. Miss Milligan is a niece of Mrs. Maples.

R. G. Withrow of Barksdale Field, La., was a visitor in Goree over the week end. Mr. Withrow is a nephew of Mrs. W. R. Caldwell of Bomarton. He has been in aviation for several years.

Mrs. R. D. Stalcup and son Ira and family attended the Stalcup reunion at Wichita Falls Sunday. There were 58 present. The gathering, an annual affair, was held at Scotland park.

George Hunt and Les Jameson have bought an interest in the Ben B. Hunt equipment and will farm part of the Hunt land next year.

Mr. and Mrs. Clyde Patton have moved into their newly finished rock-veneer home. This is a very attractive home.

Mr. and Mrs. Ted Vandiver of Seymour visited in the home of Mr. and Mrs. Ed Vandiver Sunday. The Messrs. Vandiver are cousins.

Mr. and Mrs. Ed Harris of Mineral Wells visited relatives in and near Goree Sunday.

Mrs. C. D. Green and Mr. and Mrs. Charles Goode and son have returned from an extended trip that carried them through a number of states and many interesting sights. The longest stop was at Kim, Calif., where they visited a brother and family. Last Thursday they went to the mountains, where they were in a heavy snow-

storm.

Mr. and Mrs. Jack Burdick of Pittsburgh, Pa., aunt and uncle of Mrs. Ray Smith, were visitors in the Smith home last week. Mrs. Smith's father, Everett Burdick, of Blair, Okla., was a visitor in the Smith home also.

Mr. and Mrs. Orb Coffman and Mr. and Mrs. T. G. Bengt of Munday attended the district ginners convention in Abilene last week.

Mrs. Esther Killingsworth and son, Jim Dock, and Mrs. J. W. Fowler attended a family gathering at Colorado last Sunday. Mary Ethel Dockery and Annie Lee Bruton, nieces of Mrs. Fowler, returned home with her for a visit.

Jim Nash of DeLeon, Texas, has been visiting W. L. Thornton and family for the past week.

Mr. and Mrs. W. L. Thornton visited relatives in Denton last Tuesday.

Mr. and Mrs. Clarence Peek and daughter, Alicia Del, were visiting in the home of Mrs. Peek's parents, Mr. and Mrs. Ed Lowe.

Mr. and Mrs. Jack Hall and family of Eldorado were guests in the home of Mr. and Mrs. Eldon McSwain recently.

Officer Roberts of south of Goree, pioneer resident of this section, has been sick for some time, and continues low at this writing.

Francis Beth Edwards of Frederick, Okla., was a week end visitor in the home of her uncle and aunt, Mr. and Mrs. Ira Stalcup.

Walter Coffman and son, Joel Lynn, were Goree visitors Monday.

Orb Coffman left Sunday morning for Temple, where he is a patient in a Temple hospital.

Paul A. Jones, Taft, Calif., is here for a ten-day furlough to visit his parents, Mr. and Mrs. Ed Jones. Paul is in the air corps.

Mr. and Mrs. Charles Heard and Mrs. E. F. Heard spent Saturday and Sunday in Dallas. Mrs. Heard remained there to spend some time with her daughter and family.

Mr. and Mrs. Charles Griffin had a family gathering at their home last week end. Four sisters and their families and Mrs. Griffin's

mother were here, as follows: Mrs. R. L. Leonard of Tyler, Mrs. R. B. Withrow and children, Terrell; Mrs. H. H. Holley and child, Terrell; Mrs. John Gibson and family and Mrs. H. M. Mize and family, Haskell.

Mr. and Mrs. J. H. Bardwell have returned from a family homecoming visit to Jacksonville. Mr. Bardwell's mother returned to Jacksonville with them after visiting here, and Mrs. Bardwell's mother came back with them to spend some time.

BORDER PATROLMEN NEEDED

The United States Civil Service Commission has announced an examination for Border Patrolmen, \$2,000 a year, for employment in the Border Patrol, Department of Justice. The salary is subject to a retirement deduction of 3 1/2 per cent. Registers will be established for the following Border Patrol Districts: (1) Southwest A, including the States of California, Nevada, Utah, and the Territory of Hawaii; (2) Southwest B, including the States of Arizona, Colorado, Kansas, New Mexico, Texas, and Oklahoma. Vacancies to be filled from eligible registers established from this examination will be on or near the Mexican Border. Applications must be on file with the Commission's Washington office not later than September 11, 1941.

Applicants must show that they have had certain experience requiring a regular program of arduous physical activity or training, such as that required of park rangers, forest rangers, members of surveying parties, lifeguards, and linemen for utility companies.

The United States Immigration Border Patrol is a uniformed police organization, and its primary function is to detect and prevent smuggling and the illegal entry of aliens into the United States. The duties of this position are arduous and the physical and other standards that must be met are necessarily rigid. The age limits are 21 to 35 and will not be waived in any case. Eligibles selected for appointment will be required to take an extremely intensive course of training usually at the border patrol training school at El Paso, Texas. Failure to pass this course will be sufficient cause to separate appointees from the service.

Full information as to the requirements for the examination, and application forms, may be obtained from W. A. Speice, Secretary of the Board of U.S. Civil

Service Examiners, at the Post Office of Customhouse in this city, or from the Secretary at any first- or second-class postoffice in the States named above.

American Legion Leads in Defense

All-out help in the vast civilian defense program has been urged of the American Legion by officers of the national organization, it was pointed out by local Legionnaires this week. Such a program for the Legion means that every post and every member of The American Legion must:

Boost production for defense. Support local councils of defense. Support the state guard. Enlist in the aircraft warning service.

Aid the recruiting services of all our armed forces.

Register all defense qualifications.

Co-operate with the FBI.

Support the United Service Organizations.

Buy defense bonds or stamps.

Volunteer for the air-raid precautions services.

Assist in collecting scrap metal.

Aid the Selective Service boards and authorities.

Support loyally all efforts of local, state and federal defense authorities.

Keep informed by reading the American Legion Manuals for Civilian Defense, The American Legion Magazine, and the National Legionnaire.

Maintain the strength of The American Legion by keeping the membership at its current high level.

Civilian defense activities may lack the glamour of active military service, may become tedious and monotonous, but let us all remember that in modern warfare they are important—they constitute the zone of interior operations, upon the success of which depend in a large degree, in modern warfare, the striking powers of our armed defense forces. Victories are not won alone by the shedding of blood. They demand also sweat and toil and sacrifice and unflinching devotion to duty.

The American Legion can deliver these!

Mrs. W. P. Farrington and Harvey Lee were visitors in Mineral Wells last Sunday. They were met there by Dr. and Mrs. Nollie Farrington of Fort Worth, who visited with them during the day. In the party also were Mrs. Farrington's mother, Mrs. Lutz Wahl, and her sister, Miss Barbara Wahl, of Washington D. C., who are visiting in the home of Dr. and Mrs. Farrington.

Preston Ingram was a business visitor in Abilene last Monday.

Auto Production Slash REALLY Hits Farmer

Map Courtesy of Ford Motor Co.

The farmer has a double interest in news from Washington that automobile production is to be slashed by 50 per cent. For one thing, automobiles and trucks are prime necessities on the farm. But more important, the automobile industry is one of the farmer's biggest customers.

This diagram map shows how seriously the curtailment of car production will hurt rural America. It gives statistics on approximately how much material comes from the farm for every one million units the motor car industry produces.

How much the farmer will be affected by the proposed cut in car production depends on how deeply Washington makes the incision. But here are the facts! During the 1941 model year just ending, the automobile industry turned out approximately 5,000,000 units.

for MODERN living

In the early days, medicine show quacks sold crude oil for a dollar a bottle as a cure for all human ills. Today hundreds of essentials for modern living are made from oil. It supplies heat for the home. It provides power for the Nation's machinery and transportation. It lubricates the gears of industry. It furnishes fuel for your car. It has shortened distances to make our Nation one big community.

America is safer today because of petroleum. The oilman's initiative and enterprise have made available to the United States the world's largest supply of petroleum.

In all this, Texas plays a leading part. Last year we supplied 36 per cent of all the Nation's oil, and now have over half of the Nation's oil reserves.

You and every American live more comfortably and safely today because of Texas petroleum.

Leo E. Jones And Miss Myrtle Lowe Wed in Sweetwater

Wedding vows were exchanged in Sweetwater last Thursday by Leo E. Jones of Sweetwater and Miss Myrtle Lowe of Munday. The wedding was performed at the First Presbyterian manse in Sweetwater, with Rev. M. H. Applewhite, pastor, reading the ceremony.

Mr. and Mrs. J. D. Holbrook were the only attendants. The bride wore a blue dotted crepe frock with white accessories, and pink gladioluses in a shoulder bouquet.

Mrs. Jones is the daughter of Mr. and Mrs. E. E. Lowe of Munday. She is a graduate of Texas State College for Women at Denton and taught school in this county after her graduation. She was a teacher in the Midland schools last term and will be a member of the public school faculty in Sweetwater this fall.

Mr. Jones was reared in Knox county and is the son of Mr. and Mrs. E. J. Jones of Goree. He operates the Nolan appliance store in Sweetwater.

They will make their home at 311 Hickory.

Gilliland Club Holds its Meeting On August 6th

The Gilliland home demonstration club met on August 6 in the club room, with Mrs. Van Zandt, county agent, present. Ways and means of providing proper storage were discussed. Several games concerning storage were played, and Mrs. J. O. Cure gave a report on the last council meeting.

Cake was served to Meses. Van Zandt, Omar Cure, J. O. Cure, O. Miller, Bill Hollis, Jim Pentleton, J. R. Spivey, Hewitt Simmons and Miss Alene Horne.

The club will meet again on September 3. The place of meeting has not been decided.

PRACTICAL GIFTS—for all occasions. Designed by master craftsmen in crystal, china and pottery. Prices twenty-five cents and up. The Gift Shop, over First National Bank.

Mystic Weavers Club Meets With Mrs. J. C. Borden

Members of the Mystic Weavers Sewing Club were entertained on Wednesday of last week at their regular meeting in the home of Mrs. J. C. Borden. After sewing and visiting for some time, the hostess served a salad plate to the following members:

Mmes. Deaton Green, Chester Bowden, John Ed Jones, R. B. Bowden, Chan Hughes, Riley B. Harrel, Wallace Reid and the hostess.

Mr. and Mrs. E. W. Harrell and son, Dick, and Mr. and Mrs. Gene Harrell visited relatives in Anson last Sunday afternoon. Mrs. Harrell's mother, Mrs. Ida Davis of Stillwater, Okla., was also there for a visit with relatives.

Mr. and Mrs. Bud Reynolds and family left the first of last week for Ruidosa, New Mexico, to spend their vacation.

Mrs. Austin Jones Honored at Shower Last Thursday

Mrs. Austin Jones, formerly Jo Allene King, was honored with a gift shower on Thursday of last week in the home of Mrs. Brice Dobbs. Hostesses for the affair were Mrs. E. J. Cude and Mrs. Dobbs.

Guests registering or sending gifts were: Meses. J. M. Rister, J. A. Caughran, John Hart, B. King, Jimmie Edwards, A. T. Voyles, Frank Russell, Elmer Cude, Red Morrow, Oscar West, Brice Dobbs, Melvin Heath, M. B. Caughran, Joe Pearce, W. A. Hobbs, Frank Riley, W. C. Barley, W. H. Albertson, E. W. Harrell, B. L. Blacklock, Faye Hicks, W. A. Strickland, O. C. Caughran, A. B. Warren, Jessie Bason, Della Hambrick, Charlie Edwards, C. H. Browning, George Booe, Tom Browning, J. O. Bowden, J. O. Heath, Lula Jones, A. U. Hathaway, and Meses Mildred King, Betty Simpson, Virginia Bess Guinn, Anna Bell Simpson, Faye Voyles, Ruth Browning, Maxine Voyles, Dora Rister, Janell Barley, Mary Etta Jones, Lorene Silman, Louise Mullican, Dorothy Lee Mullican, Geneva King, Mildred Gray, Maggie Searcey and Olive Dobbs.

Mrs. L. Kimsey Entertains With Bridge-Breakfast

Mrs. Lawrence Kimsey entertained with a bridge-breakfast in her home last Wednesday morning at nine o'clock. After the breakfast, games of bridge were enjoyed, with Mrs. Sebern Jones receiving high score.

Present were Mrs. Jack Mayes, Mrs. Wade Mahan, Mrs. Grady Roberts, Mrs. Doris Rogers, Miss Thelma Atkinson, Mrs. W. M. Huskinson, Mrs. Sebern Jones, Mrs. Carl Jungman and the hostess.

Mr. and Mrs. Moore Honored at Party On Friday Night

Mrs. W. R. Moore, Sr., entertained a group of young people last Friday night at a bridge party given in honor of Mr. and Mrs. W. R. Moore, Jr., who left Sunday morning for San Antonio where W. R. reported for army duty.

Games were played in a unique manner, with high score honors going to Mr. and Mrs. Neal Perdue of Knox City. The hostess served a salad plate at the close of the games to the following: Mr. and Mrs. Paul Pendleton, Mr. and Mrs. D. E. Holder, Jr., Mr. and Mrs. Gene Harrell, Mr. and Mrs. Fred Broach, J. M. and Mrs. Travis Lee, Mr. and Mrs. Rupert Williams, Mr. and Mrs. Perdue, Mr. and Mrs. A. A. Smith, Jr., Miss Virginia Smith and Preston Ingram.

Wesleyan Service Guild Meets With Mrs. Billingsley

Members of the Wesleyan Service Guild met in the home of Mrs. M. F. Billingsley last Monday night. Mrs. Aaron Edgar was leader of the "World Outlook" program. Mrs. Joe Bailey King read the scripture, Miss Ruth Baker gave "The Bible Saved the Church"; Miss Merle Dingsy gave "Methodist in the Philippines," and Mrs. Jeannette Cooper gave "Where Does the Relief Dollar Go."

Other members present were Mrs. O. H. Spann, Mrs. M. H. Bounds and Mrs. Layne Womble.

Miss Maxie Dingsy, who is employed in Fort Worth, spent the week end here with her parents, Mr. and Mrs. G. W. Dingsy.

Mr. and Mrs. G. R. Elland were visitors in Lubbock over the week end.

Ladies Auxiliary Meets Tuesday In Joe McGraw Home

The Ladies Auxiliary of the Presbyterian Church met in the home of Mrs. Joe McGraw last Tuesday morning at nine o'clock. Mrs. Emmett Crawford was program leader and gave a most interesting discussion of "The Sins of the Saints." Plans for entertaining the Fort Worth Presbytery were discussed. The next meeting is to be held in the new church on Tuesday morning, August 19, at nine o'clock.

Mrs. L. Kimsey Entertains With Bridge-Breakfast

Mrs. Lawrence Kimsey entertained with a bridge-breakfast in her home last Wednesday morning at nine o'clock. After the breakfast, games of bridge were enjoyed, with Mrs. Sebern Jones receiving high score. Present were Mrs. Jack Mayes, Mrs. Wade Mahan, Mrs. Grady Roberts, Mrs. Doris Rogers, Miss Thelma Atkinson, Mrs. W. M. Huskinson, Mrs. Sebern Jones, Mrs. Carl Jungman and the hostess.

Rhineland News

Mr. and Mrs. Albert Andrae and daughter, Rosa Lee, went to Winters last Monday.

Mrs. Peter Loran and niece, Angelina, Bernice and Florine Decker made a trip to Menard last week.

Mr. and Mrs. Albert Fetsch and family, Misses Betty Catherine Jones and Clara, Theresia and Veronica Franklin went to Fort Sumner last week.

Mr. and Mrs. W. A. Jungman and family and Mrs. Herman Fox of Rogers, Texas, were in San Angelo last Thursday.

LOCALS

Lewis Warren of Amarillo spent the week end here with his parents, Mr. and Mrs. A. B. Warren.

Lee Haney of Fort Worth spent the week end here visiting with his parents, Mr. and Mrs. G. W. Haney, and with other relatives and friends.

Mr. and Mrs. Aristel Thompson of Paris Texas, came in the latter part of last week for a visit with Mrs. Thompson's parents, Mr. and Mrs. Jess Burnison and with other relatives and friends.

Mrs. Deaton Green and children left last Sunday for a few days visit with Mrs. Green's parents, Mr. and Mrs. F. H. Newsom of Wichita Falls.

Mr. and Mrs. F. A. Shirley of Brownwood spent several days here last week visiting with Mrs. Shirley's parents, Mr. and Mrs. R. C. Partridge of the Sunset Community. Mrs. Shirley remained here for a longer visit.

Mrs. M. T. Wilson of Roby is here this week, visiting in the home of Mrs. Edgar Jones and with other relatives and friends in this county.

Mr. and Mrs. U. S. Rogers are visiting relatives and friends in Fort Worth and Dallas this week.

LEAVE ON VACATION Mr. and Mrs. Dick Atkinson and family left last Monday morning on their vacation. They plan to visit various points in Colorado while away.

Mr. and Mrs. Ben Guinn went to Denver City last Friday, where they visited in the home of Mr. and Mrs. Otis Burnett. They returned Sunday by way of Lubbock where they attended the Knox county pioneers' reunion. They also visited Mrs. Guinn's sister, Mrs. W. T. Pittman of Ropes, Texas, while away.

Mrs. Erna Mae Lee of Wichita Falls spent the week end here with her mother, Mrs. A. F. Huskinson, and with other relatives and friends.

Proper Storage of Clothing Being Studied by Knox County Club Women

The Home Demonstration Club women of Knox county are studying "Proper Storage of Clothing" this month, according to the agent, Mrs. Neva Van Zandt.

The chief reasons for wanting good storage is for neatness of both the home and clothing, and for convenience. Some of the things which make for neatness and convenience in storage are: Rods for hangers, placed at a convenient height; garment bags for out-of-season or seldom-used clothing; racks or bags for shoes; and a shelf with stands or racks for gloves, bags, etc., are handy.

A light interior is essential to a neat and clean looking clothes closet. This may be achieved by either white or very light wall paper or the use of an electric light in the closet, or both.

UNDERGOES OPERATION Mrs. Earl Hollar, well known Munday resident, underwent a major operation at the Knox City hospital last Tuesday. She is reported to be doing nicely.

METHODIST CHURCH

Luther Kirk They say, "When the cat is away the mice will play." From all accounts our attendance was off Sunday. We will be looking for you at all services next Sunday. We closed a good meeting at Eula on the Clyde Circuit last Sunday evening, with good crowds and good interest prevailing throughout the entire ten days. We are glad to be home and hope to see you in the services.

Mr. and Mrs. White of Midland are here this week for a visit with Mrs. White's parents, Mr. and Mrs. A. J. Smith.

Mr. and Mrs. F. H. Newsom of Wichita Falls spent Tuesday and Wednesday here with their daughters, Mrs. Deaton Green and Miss Lorene Newsom.

Mrs. Tom Haney and daughter, LaVerne, of Wichita Falls visited relatives and friends here the first of this week.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Austin, Texas—Dr. Geo. W. Cox, State Health Officer, today issued a warning to Texas housewives to guard against food spoilage and resultant human food poisoning during the summer months.

Summer heat and food spoilage were closely coupled together in Victorian days as a sure sign of summer, and the association continues today, unless scrupulous care is taken to avoid food spoilage.

"Long, hot days in July and August necessitate keeping food clean, covered and refrigerated, plus additional hot-weather safeguards," Dr. Cox stated.

It should be kept in mind that food poisoning is more common in summer than in winter. The menu usually includes smaller helpings of cooked foods and an increased amount of raw and cold foods that may be more subject to spoilage or

contamination. Vegetables and fruit that is eaten without peeling needs to be washed carefully to avoid possible contamination with mineral poisons from chemical sprays. Harmful germs which may be harbored in raw dairy products or imperfectly cooked food cause typhoid fever, dysentery, summer diarrhea, scarlet fever, diphtheria and other diseases. Perishable food should be handled carefully and kept under constant refrigeration until time to serve.

Special care should be taken with milk and milk products, since milk is an excellent medium for bacterial growth.

HOME FROM CALIFORNIA Miss Thelma Atkinson returned home Sunday morning from Los Angeles, Calif., where she has been attending summer school at U.C.L.A. She came from the West Coast by plane, stopping over in Amarillo for a short visit with her sister, Mrs. E. M. Roberts and Dr. Roberts. Her nephew, Edwin Roberts, Jr., accompanied her on the trip by plane from Amarillo to Wichita Falls, where Miss Louise Atkinson and Mrs. W. M. Huskinson met them.

SENIOR REPORT

Well classmates, we have finally reached our goal. We are Seniors now. Everyone was glad to see that all of the Juniors of last year came back to take up the work as Seniors during this term. We are all determined to be honored graduates at the end of the school year but we must keep in mind that this will require much work.

All the Seniors agree on one point: vacation passed too quick. As we expected, T. J. had some good fish stories ready or us when we were ready to listen to them. We were very much surprised to hear that Roselia had some to tell too.

We miss the seniors of last year very much and hope they enjoy themselves in their work out of school.

JUNIOR REPORT

School started Monday morning and here are the Juniors ready to go.

We are sorry to say that one of our classmates failed to come back. Eleven of us finished the ninth grade, but Francis Redder failed to show up for the Junior year.

We know that we will like our subjects. Especially geometry and typing. Something new we always like. Geometry seems to be the pick of most of them.

We are proud to have one of the largest classes ever to enter the Junior year. We hope to become better day by day and improve our English.

WE WONDER WHY

Helen likes to sit in the back of the room. How come? Afraid of the teacher?

Urban likes his seat in the back by a certain senior girl. Florine, do you know anything about it?

Kenneth has an answer to any question you ask him. Smart, eh? Weldon goes to Munday so often. Somebody there I guess.

SOPHOMORE REPORT

The Sophs hope that everyone had a grand vacation and is ready to go back to school and learn some more.

School is out at 2:40 o'clock, so we will have to hurry to get our lessons or else we will not have them by tomorrow.

Since one of the students quit coming to school, there are now four of us left, and we hope these four will remain.

FRESHMAN REPORT

As another term of school has begun we are looking forward to a happy school year. It seems queer to us to be freshmen.

Everyone seems eager to get their points in book reports. Several have memorized many lines

SALAD SUPPERS FOR SIZZLING DAYS

Too hot to cook? Well, why not serve a hearty salad for your main dish? Crisp, refreshing and flavorful, such a salad will usually tempt the most languid dog-day appetites. So here's a suggestion for a hot night supper built around a whole-meal salad.

Chef's Salad
Fresh Peas in Cream
Eye Bread or Toast
Fresh Fruit
Hot Coffee or Iced Tea

You see this supper menu includes the "at least one hot dish or beverage" which any meal, for even the hottest day, should have. It's Fresh Peas in Cream this time. And if you prefer hot coffee to the iced tea, you'll have a hot beverage, too.

CHEF'S SALAD

Remove crust from bread. Slice lengthwise into 4 long slices . . . not more than 1/2 inch thick. Keep the slices in the original order. Spread the bottom slice with softened butter, then with Special Tuna Filling. Cover with lettuce leaves. Spread the under side of the second slice lightly with mayonnaise . . . and lay on top. Spread the Special Tuna Filling on the second slice of buttered bread. Cover with thin slices of cucumbers or radishes. Cover with the third slice (spread with mayonnaise on the under side). Spread the rest of the filling on this third slice of buttered bread. Lay thin slices of tomato over the filling. Cover with the 4th slice of bread (spread with mayonnaise on the under side). Press the whole loaf together gently. Place on a serving platter.

Use this same recipe to make the "Russian Salad" so popular in smart eating places. Then blend catsup or chili sauce and black caviar into the mayonnaise. And add about five anchovy fillets and strips of smoked pickled tongue (in place of ham) to the salad mixture.

Either way . . . the salad makes six good servings.

Or you might try this Tuna Supper Loaf the next time you find yourself faced with company coming on a hot day. Absolutely all you'll need to serve with this is coffee and a dessert of some kind.

TUNA SUPPER-LOAF

1 1/2-lb. loaf day-old bread (preferably a sandwich loaf) . . . soft butter for spreading . . . Special Tuna Filling . . . Lettuce Leaves . . . Mayonnaise . . . Cucumbers or radishes, thinly sliced . . . Tomatoes, thinly sliced . . . Garnishes—hard-cooked eggs and chives or watercress and radishes.

Cover the top and sides of the loaf with a thin coating of mayonnaise. Decorate with hard-cooked eggs (pressed through a sieve) and minced green chives or with chopped radishes and tiny watercress leaves to resemble flowers. Serve garnished with lettuce leaves and tomato sections or sprigs of watercress and radish roses.

Chill for at least 1/2 hour so that the loaf will cut easily. You'll find it will give you 8 servings.

Special Tuna Filling

Mix together finely flaked tuna fish from a 7-oz. can, 6 sliced hard-cooked eggs, 1/2 cup sliced stuffed olives, 1 tsp. minced chives, 1 tsp. salt, 1/2 cup mayonnaise and 2 tsp. lemon juice.

Mr. Bowden quoted a statement issued by John L. Collyer, B. F. Goodrich president and a director of the new plant, who stated: "In assuming responsibility for the construction and operation of the Lone Star Ordnance plant, B. F. Goodrich will contribute its year of industrial experience to this new government project believing that the defense of America transcends all other considerations."

Mr. and Mrs. Jack Bowers of Jackson, Tenn., visited W. H. Atkinson and family several days last week. Mr. Bowers is a nephew of Mr. Atkinson.

Mr. and Mrs. Hollis Atkinson of Spur, Texas, spent last Sunday here with his father, W. H. Atkinson, and family.

Mr. and Mrs. Jessie Howell and two daughters of Corsicana were guests in the home of Mrs. A. F. Huskinson the first of this week.

Mr. and Mrs. W. H. Morse of Dallas are guests of their son and daughter-in-law, Mr. and Mrs. M. H. Morse of the Hefner community.

Mrs. N. E. Sweatt and daughters, Bertha and Flora attended the Knox County Reunion at Lubbock last Sunday.

The first bale of the 1941 cotton crop in the nation was brought in from the farm of Arcadio Salinas in Starr County, Texas. County Agricultural Agent Charles King said the 85-acre Salinas farm had not made a crop in four years. He attributed this year's early yield to heavy rains in the last six months.

Young County Farmers Are Solving Problems of Terracing

Convinced that terraces are the most badly-needed conservation measure on their farms, Young county farmers are doing something about their problem.

They're still a long way from their goal of a completely terraced county, but they're on the way and they can point to nearly two million feet of terraces on about 5,000 acres on 100 farms as a sample of what can be done with a little cooperative effort and help by all concerned.

Recognizing the value of the work done in Young county, the Texas Agricultural Adjustment Administration Committee is doing all it can to assist the work by extending the conservation materials and services program to include the terracing in the county. Actually, as Wilmer T. Swink, state committee member from Olney, points out, the plan is an experiment, and if it works in Young County, it will probably be tried in other counties.

The terracing service program of the AAA is merely an addition and a strengthening to the Young County Terracing Project which already has done such effective work as a cooperative effort on the part of farmers, the County Land Use Planning Committee, the County AAA Committee, the Extension Service and the County Commissioners' Court.

Back in 1938, the Young county Land Use Planning Committee made a survey of the farms in the county and decided that the conservation practice they needed most was a complete system of terraces to conserve the soil and water. That agreed, the committee appointed a sub-committee, including the three members of the county AAA committee, to see what could be done about obtaining some terracing equipment.

Working with D. A. Adam, the county agricultural agent, and with James H. Crawford, county AAA secretary, the sub-committee met with the county commissioners' court to discuss the situation. The court had been renting its road-building machinery to farmers for terracing work whenever the equipment could be spared off the roads, but the demand far exceeded the availability of machines.

"Here's the situation," the sub-committee said in effect. "We need terraces. If we can't get our land terraced, then the land value is going to decline steadily, and, at the same time, the tax returns will decline. From a standpoint of good business for the county, terraces are a necessity? So, how about it?"

The commissioners' court got the point, agreed to purchase a terracing machine, and to rent it to the farmers at \$2.50 per hour. To keep things on a business basis, however, it was decided that the farmers should organize the Young County Terracing Project, with County Agent Adam as supervisor. The project would be the same as any other unit of the county government. Farmers renting the machine would pay their rental charges to the county. Mr. Adam would have charge of the machine, assign it to farms, and supervise engineering.

But there was still another problem to face—that of finding the money to pay for the rental. Few Young County farmers made a habit of keeping much cash on hand.

Getting The Terracing Job Done

Young County's terracing machine, top, constructs a 40-foot terrace on a farm operated by Pete Reynolds of Newcastle. Lower left, D. A. Adam, county agent, gives instructions to John Downey, terracing machine operator. Lower right, James H. Crawford, Young County AAA secretary, confers with Adam about the AAA's conservation materials and services program which is being used for terracing work in Young County for the first time in Texas.

That's where the Agricultural Adjustment Administration came in.

Under the AAA program, every farmer who is cooperating has what is known as a maximum soil-building allowance which he can earn by performing approved soil building practices and which is in addition to any conservation or parity payments he might receive for planting within soil-depleting acreage allotments. The soil-building allowance can be earned in a number of ways, including the construction of terraces. Under this provision of the program, the farmer who builds terraces earns payment at the rate of 75 cents per 100 linear feet within the limitations of his allowance. The 75-cent payment goes a long way towards off-setting the expense of terracing, but the trouble is that the payment isn't until several months after the work is done.

Delving still further in to the provisions of the program, the committee learned that a farmer could give an assignment against his forthcoming conservation payments, including the soil-building payments—for the expense of constructing terraces.

Another device which was used was authorized by the State Legislature and permits a farmer to give a contract lien for deferred payment for terracing work done by county machines. The contract lien insures the county against default by the farmer and puts his terracing rental in the same class as his taxes.

A third method of paying the rental, of course, was the cash route, but few could afford to use

this means.

With the broadening of the conservation materials and services program of the AAA to include terracing, most of the terracing will be done in connection with the program, according to the county agent.

Under the new program, the county AAA committee advertised for bids on terracing work. Low bidder was the Young County Terracing project which won the contract at the rate of 81 cents per 100 feet of terraces not less than 30 feet wide and 20 inches high. The bid was based on the records accumulated during the past two years of renting terracing equipment at \$2.50 per hour.

The preliminaries over with, the program is now under way. The AAA will pay for all terracing done under the program and will deduct the charges from the cooperator's AAA payments. In this way, the contractor, in this case the Young County terracing project, will be paid regularly at the end of every thirty days without the producer having to give an assignment on his AAA payments, a contract lien, or cash.

"That will provide for better coordination of our efforts and a quicker turn-over in payment," Adam points out. "We won't have a long wait for our money and we will have ample funds on hand to keep the equipment up."

Lines for the terraces are run under Adam's supervision by his assistant, R. L. Huckaby, or by other trained men employed on special occasions.

"There's no doubt at all about

the value of the terraces," Adam said. "This country needs them. Take the abnormal rains we've had recently, for instance. I think I'm safe in saying that terraces saved half the cotton crops on those fields which were protected. In other words, if it hadn't been for the terraces, the farmers owning those fields would have lost all their crops instead of just part of them."

The machines are not restricted entirely to work on farmlands, the county agent said, as they've been doing some terracing and contour ridging work in connection with the AAA's range conservation program.

The Young County Terracing Project has two machines now. And when demands for the one machine become too large, the Land Use Planning Committee once again approached the Commissioners' Court and once again the court was cooperative. The second machine has been on the job only since April of this year. Both machines are busy whenever the weather permits.

Adam predicts that the two machines probably will be able to terrace 100 farms a year from now on, but at that rate it'll take 10 to 12 years to do all the work needed in the county.

"Maybe we'll get another machine one of these days," he added hopefully.

J. W. Harris, of Ralls, Texas, is here for several weeks visit with his son, Walter Harris and family, and with other relatives and friends. Mr. Harris is a pioneer of Knox County and has been a member of the Munday Masonic Lodge since 1904.

I GIVE YOU TEXAS

By Boyce House

I was more fortunate than many boys—my father was a "drummer." That's what a traveling salesman was called in those days. And he used to take me along much of the time, when I was quite small.

There was the thrill of riding on the train (this being before the era of the "horseless carriage), and of looking over the wonderful wares of the "news-butcher," including glass pistols and glass telephones, filled with small, round, red bits of peppermint; California oranges, California grapes and California figs—(it seems that all the fruit was from California in those days—even the chewing gum was called "California juicy fruit")—and such classics of literature as "Slow Train Through Arkansas" and "I'm From Texas—You Can't Steer Me."

The conductor was an awesome individual in regal blue uniform with fifty, or maybe more, gold buttons; the brakeman was nearly as important as he hurried down the aisle at night with his lantern on his arm and called out sounds that were supposed to be the name of the town we were approaching. Even the porter, with his white coat, played an important part as he purveyed sandwiches—2 thick, thirst-provoking slices of white bread with a tissue of cold boiled ham in between, and the porter again came into prominence as darkness set in, as with a flame at the end of a long steel rod, he lit the lamps.

Sometimes my father would hire a horse and buggy at the livery-stable and we would visit inland towns, stopping now and then along the country lane while he

tacked up a few signs, using a marvelous hammer that had a magnetic tip which would hold a tack.

But it was the travel by train that was the most exciting part. There was a method of counting the clicks of the wheels for a minute and then figuring how fast the train was traveling—sometimes it got up to 30 miles an hour; that, however, was for only a short stretch and usually down a grade.

Looking out of the window, one could see boys and girls who waved at the train—I always waved back. One Christmas Eve, I spent on the train and—would you believe it!—when I awoke next morning there was a stocking full of presents. A few nights later, we arrived at Graham, Texas, and I had barely fallen asleep when there was an outburst of shooting. Maybe Indians were on the war-path was my first thought from having seen the pictures on the covers of "Buffalo Bill," "Diamond Dick" and "Young Wild West"—but no, it was New Year's.

Though too young to pay a fare, I was often given a hat check, punched with mysterious holes, and once the conductor allowed me to keep it, so I alighted from the train in my home town and marched proudly up the street, still wearing the check, the envy of all my playmates—unlucky lads, whose fathers were not drummers.

"The Greatest Things," from the Lometa Reporter.

The greatest sin—fear.

The best day—today.

The greatest deceiver—the one who deceives himself.

The greatest mistake—giving up.

The most expensive indulgence hate.

The cheapest, stupidest and easiest thing to do—find fault.

The best teacher—one who makes you want to learn.

The wisest man—one who always does what he thinks is right.

The greatest need—common sense.

The best gift—forgiveness.

Judge Alfred McKnight of Fort Worth, secretary of the Thoroughbred Horse Association of Texas, has been placed on the board of governors of the Quarter Horse Camp Meeting Association of America. Robert J. Kleberg, Jr., manager of the King Ranch and board chairman of the Thoroughbred Association, also is on the board of the Quarter Horse Association, which President J. Goodwin Hall of Fort Worth explains will "Revive and preserve the old Quarter Horse traditions of Colonial America and the Southwest."

Some weeks ago, your columnist reported that the most brazen act in connection with the entire session of the legislature was the forging of a legislator's name to a note calling off a committee meeting scheduled to consider an anti-loan shark bill. The stakes must be pretty big—I reasoned—for one to make as daring a play as this: to forge a note, smuggle it to the floor of the House, and in some pre-arranged way, get it to the clerk's desk. And curiosity aroused, your columnist began to dig a little into the loan shark situation in our State. Some of the facts are astounding—but more on the subject a little later.

Can you remember back to the time when a radio band leader gave you music instead of asking you questions? And away back yonder when the stage villains always smoked cigarettes? And here's a story of the "home brew" days: "It used to be that the men talked politics and the women swapped recipes. Now you hear the women tell who they are going to vote for and the men say, 'I take three cakes of yeast and . . .'"

Joe Kethley, who is a flying cadet at San Antonio, visited relatives and friends here last Sunday.

Billy Arthur Lee of Wichita Falls visited relatives and friends here the first of this week.

Change the Winter To Suit You

help yourself to new-type heaters, to keep the whole house warm!

The gas industry sees to it that the gas equipment for the home is just as modern as that for the factory. Since this is a Natural Gas town from away back, the operating cost is surprisingly low.

Thousands in this section are heading for an easy, healthful winter by bringing their heating facilities up to date. Besides giving a widespread, healthful warmth, modern equipment looks better as well as serves you more efficiently.

Heating your home is important, espe-

cially so since many winter illnesses are directly traceable to catching cold due to inadequate heating facilities in the home during the winter season. Bring your household up to date for the 1941-1942 winter season with modern gas heating and settle down to enjoy an easy, healthful winter.

Heater Sale

Winter Comfort PRICED AT SUMMERTIME SAVINGS

This is the sale of advanced types of gas heating equipment that thrift-wise folks wait for. Ask for complete details... for prices and terms.

Community Natural Gas Co.

Lone Star Gas Co.

Supplying natural gas from more than 4,800 miles of interconnected pipe line to your local gas company

TEXAS OUT-OF-DOORS

Licenses Expire Aug. 31

Austin, Texas—Warning that all types of license issued by the Texas Game, Fish and Oyster Commission expire Aug. 31, was issued today by the executive secretary of the Commission. Licenses for the 1941-42 fiscal year are being mailed all license deputies in the state and sportsmen, commercial fishermen, fur dealers and all other persons required to purchase license under the law, will be able to obtain them during the last week in August.

Beaver Trapping Under Way

The taking of beaver, the first of a series of trapping operations the Texas Game Department will carry out during 1941-42, is under way. The busy little dam builders are being trapped along the south fork of the Llano River and are being transported to several sections of the state.

There is a surplus of beaver on the Llano, while several parts of Texas can support beaver, but have few, if any. A large number of the beaver will be released in East Texas.

Most landowners consider beaver beneficial. Dams built by them slow up the flow of streams and create pools which are of benefit to livestock and game birds and animals.

That beaver can construct dams of gigantic proportions wherever they are needed is attested by a report received from Mississippi recently. A dam 1,080 feet long, three times the length of a football field, was built in Kemper county. It backed up water until a lake of 80 acres was formed.

Trapping game birds and animals is part of the restocking process used by the Texas Game Department. Six or seven crews will be placed in the field this fall and winter, the executive secretary has announced. This is double the number used during 1940-41, when the number of antelope, deer, turkey and other birds and animals taken was twice as great as in any other previous year. Improved methods of trapping have made the operation more economical and effective.

Kills Black Jack Rabbit

The first black jack rabbit to be reported to the Texas Game Department was killed recently by

J. G. Caudle of Willacy county. A black cottontail was found in Jack county several years ago. Black denizens of the wild are extremely rare, although a black buck deer was captured recently by a rancher in Comal county. The black jack is being mounted and will go into a collection owned by Gene Smith.

Dr. Oberholzer Retires
Dr. Harry C. Oberholzer, internationally known ornithologist who is well known in Texas, has retired from active service with the U.S. Fish and Wildlife Service. Dr. Oberholzer, 71 years of age, was scheduled to retire last year, but President Roosevelt signed an order extending his appointment one year to give the scientist time to finish a three-volume 2,000,000 word work on the birds of Texas.

Dr. Oberholzer is the author of some 800 technical and popular publications on birds. He was the first to describe and give scientific names to more than 650 bird forms. During his years with the Federal agency, Dr. Oberholzer became known in legal circles for his ability to identify species of wild birds by examining their bones or feathers. He was frequently called into Federal and State courts as an expert witness in cases involving wild duck bootlegging and sellers other migratory birds.

Mowing Machine Harmful

The mowing machine has long been recognized as one of the worst "predators" on nesting birds. The Texas Game Department along with practically all other state agencies of a similar nature, has long advocated the use of a flushing bar on mowing machines. A report from Wisconsin reveals the latest figures on the terrific toll taken by mowing machines. More than 60 per cent of the nests under observation of Wisconsin biologists were destroyed by mowing machines.

Pioneers to Meet During Anniversary Of Old Spindletop

BEAUMONT, Texas—A reunion of oil pioneers will be held as part of the fortieth anniversary celebration of Spindletop, famous oil field, during the Texas Oil and Gas Association's convention here Oct. 3, 10 and 11. J. Cooke Wilson, general convention chairman, today named a special Old Timers Celebration committee to invite back for the reunion those who played a part in the early days of Spindletop. Not only will the pioneers take part in the dedication of the Spindletop monument to be erected on the site of the Texas gas, but the special honor will be paid them in the convention program, Mr. Wilson said.

Those named to the Old Timers Celebration Committee, which includes many who got their start in the oil business in 1901, include R. Lee Blaffer, W. V. Bowles, W. L. Childs, T. J. Donoghue, H. C. Hansen, B. E. Hull, and H. A. Melat of Houston; W. S. Farish of New York City; J. Edgar Pew of Philadelphia; Patillo Higgins of San Antonio; Al W. Hamill, of Tulsa; W. Scott Heywood of Jennings, La.; Capt. J. F. Lucey and W. B. Tucker of Dallas; G. Clint Wood of Mineral Wells; L. F. Benckenstein of Orange; A. K. Gordon of Baton Rouge and G. L. Adsit, S. W. Pipkin, John H. Tucker and James F. Weed of Beaumont.

"Due to the large number of oil leaders of today when went into the oil business at Spindletop, we expect the biggest reunion of oil pioneers ever held in West Texas," Mr. Wilson said. "Several special features for their entertainment while here are now being planned."

Ted, Harold and Hugh Longino of Crowell, Jimmie Lee Haney of Wichita Falls, Wayne Blacklock and Dick Harrell are on an outing and fishing trip near Throckmorton this week.

Lamoine Blacklock of Vernon spent the week end here with his parents, Mr. and Mrs. B. L. Blacklock.

People, Spots In The News

BEAUTY AND TALENT are happily combined in this array of swimmers and divers of New York Women's Swimming association team, getting ready to defend national A. A. U. championship. Left to right: Helene Rains, national 300-meter medley champion; Kathleen Lawson, Catherine Wernert, Mildred O'Donnell, Gloria Callen, backstroke champion, and Dorothea Williamson, diver.

QUADS IN QUANTITY . . . As final group of tiny, fast Army reconnaissance cars built under initial order for 1500 awaited "drive-away" by soldier-chauffeurs at Willys-Overland's Toledo plant, president J. W. Frazer announced new order for 16,000 more. The four-wheel-drive quads tote three men and machine gun. Engines are counterparts of company's auto power plants.

NEW HAWK SOARS . . . Shown here in flight for first time is newly-developed Curtiss Hawk P-40-D pursuit plane now being produced in quantity at Buffalo, N. Y. It's more streamlined than original Hawk P-40, but other details are not being given out.

Excess Wheat May Become Free Wheat in Fall

Excess wheat under 1941 marketing quotas may be converted to free wheat this fall, Marvin Allen, Secretary of the Knox County A. C. A. has announced.

The U. S. Department of Agriculture has provided that wheat equal to the amount by which a producer exceeds his allotment for the following year, measured in terms of his normal yield, or the amount his next year's actual production falls below the normal yield of his allotted acres, may be marketed without penalty.

In clarifying this statement Mr. Allen assumed that a producer with excess wheat has a 100-acre wheat allotment and 10 bushels per acre normal yield. If his planting were reduced to 80 acres next year, he would be entitled to release 200 bushels of excess wheat from storage as soon as the seeding was completed and the acreage measured. When the producers seed acreage equal to their entire wheat allotment and actual production falls below the normal yield, the corresponding amount of excess wheat would be converted to free wheat at the time the wheat crop is harvested.

Under present wheat marketing provisions, farmers with excess wheat may store the excess, secure it by bond or money in escrow and be eligible for a Government loan at 60 per cent of the regular loan rate on the excess, or deliver it to the Secretary of Agriculture for relief purposes. If the excess wheat is stored, either in warehouses or on the farm, warehouse receipts or a bond or money in escrow for the amount of penalty is deposited with the county AAA committees. These deposits are the producers' assurance that none of the excess will be sold, fed or marketed or disposed of in any way, and as long as the excess wheat is stored, no marketing penalty will be due.

Loans on excess wheat, which are

made at 60 per cent of the regular loan rate after the payment is secured by bond or money in escrow, may run to April 30, 1943. If farm-stored wheat is delivered to the Commodity Credit Corporation in settlement of the loan, the borrower may collect 12 cents a bushel storage allowance. Delivery of the wheat in payment of the loan, however, is considered marketing and calls for payment of the penalty unless a release is secured, the AAA official pointed out.

Farmers who wish to sell or feed their excess may pay the marketing penalty of 49 cents a bushel on the amount of the excess. They will then be free to market or feed their entire wheat crops. Every wheat farm has a wheat marketing quota, and the only wheat that is subject to penalty when marketed or otherwise disposed of is the smaller of the actual or normal yield on the acres in excess of the farm's acreage allotment.

Many Counties Go "Over the Top" In U.S.O. Drive

Dallas—Rudyard Kipling once wrote something about "East is East and West is West, and never the twain shall meet," but that was long ago, years and years before Texas started to raise \$400,000 for the United Service Organization. Now it looks as though Kipling was wrong. At the far western corner of Texas, El Paso county joins up with San Augustine county far over in the pine thicket of East Texas in going over the top with their quotas for the U. S. O.

Now comes Big Spring in Howard County on the far western plains of the State and Gregg county, an oil spouting county deep in East Texas to meet again on this common ground of "over-the-top" for the U.S.O. Howard county, according to E. B. Germany, regional chairman, Dallas, has finished on top of the heap by more than \$300. The campaign there was conducted by County chairman G. C. Dunham, under the direction of Charles C. Thompson, Colorado City, chairman for the 19th congressional district.

Hugh S. White has been the chief fund-raising captain at Glade-water, to push Gregg county over its quota. He has been working under Cyril A. Parker, Gladewater publisher and county chairman, and Murray C. Sells, chairman for the third congressional district. "Over-the-top" counties are gradually closing in on Dallas, chairman Germany said, "and it is here the twain shall meet."

Mr. and Mrs. M. G. Underwood of Gorman visited in the home of Mr. and Mrs. A. H. Mitchell last Sunday.

Miss Maxine Lane of Benjamin visited relatives and friends here last Monday. Miss Lane is employed in the county tax assessor and collector's office.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Austin, Texas—"The average person, if considering the question at all, will likely conclude that the white-collar worker lacks hazards such as surround the man or woman in industry. Accident prevention campaigns, which have been directed toward making factories and plants safer places in which to operate, have given rise to this popular notion. Nevertheless, the fact remains that those in offices are also confronted with hazards which are no less real simply because they are somewhat intangible and often insidious in their effects," states Dr. Geo. W. Cox, state health officer.

"A prominent health educator recently topped his list of office hazards with the swivel chair. He indicated that its virtue holds its vice. Being comfortable, the office worker, either by choice of by a measure of necessity remains in it. Thus its harm is not of itself but in the physical inaction for which it is responsible, together with bad posture due to undisciplined sitting.

Again, the male office worker, despite his comparative physical inactivity, is prone to consume more food than is good for him. Excess weight in many cases results. And excess weight can be a liability. On the other hand, a limited number of the female contingent are likely to be too streamlined-conscious. Over-emphasizing this idea frequently results in many breakfastless days, light lunches, and insufficient dinners. Malnourishment with its untoward effect upon well-being, as well as a consequent lack of resistance to disease, is neither conducive to health nor maximum vitality.

"Emphasis on the need of physical conditioning as a direct result of the present emergency, will probably be reflected to some extent in factory workers' habits. More daily in a constructive change in exercise in the open, a more rational attitude toward food from both the over-eating and the under-eating standpoints, adequate hours of sleep and a curb on excesses of all kinds are natural buffers against the disadvantages to which the office population is subjected. "In factories safety committees, safety education and protected machinery do much to eliminate industrial hazards. On the other hand in the office the removal of less pronounced but just as real hazards depends largely upon personal interest, understanding, and subsequent action."

Retail Sales To Reach High Peak in Autumn

AUSTIN, Tex.—Forecast of autumn retail sales zooming to the highest peak in the history of this state was made this week by a University of Texas statistician in surveying flourishing Texas business.

While Texas business reveals less spectacular gains than in the country at large, the coming months hold a bright prospect for Texans, Dr. Fred A. Buechel, Associate director of the University's Bureau of Business Research, indicated.

He warned, however of rising costs of living, following curtailed production of certain types of consumers' goods.

Wide margins of gains for June over June of last year were cited in almost all the bureau's indexes of Texas business, the component index made up of six major business factors climbing to 114.9 or 16.5 points above June, 1940.

Employment—up 11.9 per cent over June, 1940.

Payrolls—up 26.6 per cent.

Department store sales—up 19.7 per cent.

Electric power consumption—up 9.5 per cent.

Postal receipts—up 13.9 per cent.

Lumber production—up 10.4 per cent; shipments—up 15.8 per cent.

Unfilled orders at the end of the month—up 180.9 per cent.

Building permits—up 46 per cent.

Commercial failures—down 16.7 in number, down 44.5 per cent in

liabilities. Only discordant notes in the picture were the declines in the number of new firms incorporating under state law and in the purchases of savings bonds. Charters dropped from 97 in June 1940, to only 48 in June, 1941, with a slump from \$2,960,000 in aggregate capital invested, while money invested in savings bonds in 29 of the state's largest cities declined from 12.3 per cent from June, 1940.

Mrs. Mart Hardin was a visitor in Lubbock over the week end.

Miss Leona Keel is visiting her sister, Mrs. Jimmie Frazier, of Baytown, Texas, this week.

Mr. and Mrs. Bryan Cammack of Matador and Charlie Minnick of Burkburnett spent the week end here, visiting in the home of Mr. and Mrs. W. A. Baker.

Mrs. Sunset Boone and daughters, Betty Lou and Jimmie of Lubbock are visiting relatives and friends here this week.

Miss Quintna Wiggins of Springtown, Texas, spent the week end here with her parents, Mr. and Mrs. J. A. Wiggins.

RATLIFF BROS. BILL WHITE, Auctioneer

We Are Exclusive Dealers in This Area For . . . MASSEY-HARRIS Implements

ROW BINDERS . . . Away Ahead of the Field

THESE BINDERS ARE AVAILABLE IN TWO NEW MODELS . . . NOS. 6 AND 7, BOTH IN HORSE-DRAWN AND TRACTOR-DRAWN MACHINES.

NO PACKERS TO MUTILATE STALKS—Some packers continue to work while the bundle is being tied, further tearing up the stalks. No so with the Massey-Harris! Packer chains are relieved of their load when the bundle is delivered to the knottor, giving you a better tie and conserving the stalk.

EASILY ADJUSTED FOR TALL, MEDIUM OR SHORT STALKS—the Massey-Harris handles them all. Adjustments easily made to handle longest and shortest stalks, locating the tie where desired.

NO SHARP INCLINES—Stalks are handled in natural upright position. Stalks are carried up a slight incline to the deck, where they are bound while still standing. Handling in this manner eliminates unnecessary draft and power consumption.

This method requires so little power that it is recognized as the best that has ever been devised.

THESE AND MANY OTHER ADMIRABLE FEATURES ARE INCLUDED IN THE MASSEY-HARRIS BINDERS. INSPECT THEM AT OUR IMPLEMENT HOUSE.

The Massey-Harris No. 9 One-Way Plow . . .

... Cuts Cost of Production

BUILT LIKE THIS . . . STURDY CONSTRUCTION—Double Frame; ELECTRIC HEAT-TREATED DISCS—Large discs resist chipping or warping under heavy strains . . . TRUE ALIGNMENT—Assures light draft, uniform tillage depth of all discs.

TO DO THIS . . . CUT COST OF TILLAGE—Eliminates the extra harrowing operations . . . STOP SOIL BLOWING—Leaves the stalk stubble mixed with top soil . . . CONSERVE MOISTURE—Form top mulch; holds rain.

LET US SHOW YOU OTHER ADVANTAGES OF THIS IMPLEMENT

FOR QUICK SALE—One 1938 International Pickup and one regular Farmall, rubber tires, with 2-row equipment.

Munday C. of C. Meets Wednesday

The regular meeting of the Munday chamber of commerce was held at noon Wednesday at the Terry Hotel with 21 members and guests present.

Reports from various committees were heard, and the body voted to give \$20 for work being done at the Johnson cemetery. Further discussion was held on possibilities of Munday flood situation being remedied, and the highway committee is to see about surveys to carry flood waters around the town.

Manuel W. Ayers gave a report on progress being made by the recently added vocational agriculture department in the schools, and S. Vidal Colley gave a report of work being done by the W.P.A. cannery here.

A short talk by Rev. Applewhite, who is preaching at the Presbyterian revival, was enjoyed.

BUSINESS REVIEW

Austin, Texas.—Buying power of the country is growing—with millions of workers put back to work and wages of other millions increased—so that retail sales are booming, a University of Texas business statistician points out.

Living costs, however, may rise substantially before winter, in line with national curtailment of production in consumer's goods, Dr. F. A. Buechel, assistant director of the University's Bureau of Business Research, warned.

He predicted continued rise in business activity, as he looked to unprecedented retail selling, along with still brighter agricultural, mineral and industrial pictures.

Texas' composite index of business activity is now 16.5 points ahead of last year, the University Bureau reported, and still rising.

ATTEND MARKET

J. C. Campbell spent the first of this week in Dallas, where he attended market and purchased merchandise for the Campbell Variety Store in Munday.

HEIR FROM VIRGINIA

Mr. and Mrs. W. W. Pusey of Lexington, Virginia, came in the latter part of last week for a visit here with Mrs. Pusey's mother, Mrs. J. K. Smith, and with other relatives and friends here. Mrs. Pusey is the former Mary Hope Smith.

Cotton Crop Estimated To Be Smaller in '41

A 1941 cotton crop of 10,817,000 bales, the smallest since 1935 and 14 per cent under last year's crop, which was below average, was forecast from Washington last Friday by the agriculture department on the basis of conditions prevailing on August 1.

Officials said a crop of this size would be about equal to the quantity consumed in this country and exported during the marketing year which ended Aug. 1. Domestic consumption established a new record, but exports dropped to the lowest level since civil war days.

This year's crop will supplement reserves and surpluses of about 12,250,000 bales remaining from previous seasons. Of this amount, about 6,500,000 bales are either owned by the federal government or stored by growers under government loans. The balance is held by consuming establishments, merchants and others, in this country and abroad.

Several factors contributed to the prospective small crop. They included the AAA crop control program with its 7-cent-a-pound penalty for marketing over-quota cotton, unfavorable weather and damage caused by boll weevils. Largely because of the control program, the indicated acreage to be harvested is the smallest since 1895.

Wheat Indemnity Certificates Have Wheat Loan Value

Certificates of indemnity issued to farmers as payment of wheat loans, may be used as collateral for wheat loans, according to Marvin Allent, secretary of the Knox county A.C.A.

"With loan rates higher than the advantage of insured wheat the present market value, it is to farmers to place this indemnity wheat under the loan," the AAA official continued, "and in taking the loan they not only retain possession of the wheat but are in position to sell if the price goes up."

Certificates of indemnity, which are given producers when the amount of their wheat losses are determined by the Federal Crop Insurance Corporation, may be used as collateral for wheat loans, or

they may be paid immediately in the cash equivalent. A recent survey of the statements substantiating wheat losses submitted to the branch offices of the Federal Crop Insurance Corporation indicates that nearly 57 per cent of the producers are requesting immediate cash settlement of their indemnities.

GOES TO KNOX CITY

Clifford Pippin, son of Mr. and Mrs. C. C. Pippin, has gone to Knox City, where he has accepted a position with the West Texas Utilities Co.

Mr. and Mrs. F. H. Proops of Gilliland spent last Sunday here, visiting in the home of Mr. and Mrs. W. R. Moore. Mr. and Mrs. Proops are Mrs. Moore's parents.

HEFNER NEWS

Quite a few from here attended Old Knox county settlers' reunion at Lubbock last Sunday, and report a large assembly of people.

Those who attended the women's home demonstration club encampment last week at Midway were Mesdames E. J. Jones, W. H. Barnett, Marion Jones, E. Ingram from the Hefner club.

Mr. and Mrs. F. T. Jones of San Angelo, Will Jones of Crowell and Sandra Ruth Jones were at T. H. Jones' Sunday.

Miss Gladys Jones returned from Del Rio and San Angelo, where she visited enroute home from Littlefield, where she teaches school.

Mrs. Elkin Warren of Dallas is spending a few days with her parents, Mr. and Mrs. Ed Jones.

Mr. and Mrs. Andy Steward of Bernalillo, New Mexico, are visiting his parents and other relatives here.

Miss Frieda Couble of Whitney is a guest of Mrs. M. J. Jones this week.

Mr. and Mrs. Leo Jones of Sweetwater were Sunday guests of homo folks.

W. P. McNeill is repairing and looking after his gin interests.

Ratliff Loses No-Hit Game To Abilene Team

Munday's softball team entered the Abilene invitation tournament on Thursday night of last week, but the Ray Crowell Jewellers snatched a 3-1 verdict from the locals without gaining a hit. Don L. Ratliff, Munday pitcher, turned in the no-hit performance, but his lack of control proved the downfall of his team.

Munday slipped into the lead in the first frame when the Crowell hurler, J. D. Richardson, was touched for the only two hits he gave up during the game. Kuehler reacher first on a scratch hit, King singled him to third, then Ratliff brought Kuehler home on a fielder's choice. Munday failed to threaten after this.

The Crowell Jewellers shoved across two runs in the second and another in the third. Three walks, a couple of wild pitches and a double steal in which McCully dashed home accounted for the two runs in the second. A free ticket was issued to Scott in the third, a sacrifice and a wild pitch putting over the other counter.

Mrs. L. W. Boynton of Springtown, Texas, spent the first of this week here visiting with her sister, Mrs. G. W. Dingus.

Miss Flora Alice Haymes returned home last Sunday from Plainview where she had been visiting relatives for about two weeks.

Mrs. Aaron Edgar left Tuesday morning for a few days visit with her parents, Mr. and Mrs. W. J. Bridge of McLean, Texas.

Mr. and Mrs. M. Boggs, Mrs. Sanders of Brownwood, and C. O. Scott left the first of this week for the Concho and Llano rivers for a fishing trip. They stated they would likely visit Medina Lake while away.

Auction Sale Has Good Run Of Cattle and Hogs

The Munday Livestock Commission Co. reports a good run of cattle and hogs for Tuesday's sale, with good cattle selling fully steady while bulls and common butcher cattle were 25 cents higher than last week. Some of the prices paid were:

Beef bulls, \$7.20 to \$7.50; butcher bulls, \$6.50 to \$7.10; beef cows, \$7 to \$7.50; butcher cows, \$5.75 to \$6.75; canners and cutters, \$3.50 to \$5.50; fat yearlings, \$9 to 10.50; fat calves, \$8.75 to \$10.25; butcher calves, \$7.50 to \$8.50; rannies \$6.25 to \$7.

Top hogs sold from \$10.25 to \$10.40; lights and heavies, \$10 to \$10.20; sows, \$8.50 to \$9. Buyers here for Tuesday's sale were as follows:

Ebner Packing Co., Wichita Falls; J. H. Bell, Fort Worth; L. H. Highnote and J. W. Mullins, Haskell; Ernest Brown, Olney; J. E. Thompson, Quanah; J. L. Holmes, O. P. Hall, C. L. Darnell, G. C. Woods, G. L. Forrester, J. C. Causey and Perry Woods, Seymour; B. K. Cornett, Knox City; Sammie Griffith and V. B. Bowman, Weiner; C. R. Elliott, Mrs. Irene Meers, D. G. Griffith, E. R. Lowe, E. M. McSwain and Claude Hill, Munday, and Van Thornton, Goree.

Lee Haymes, Wade Mahan and Aaron Edgar attended a Masonic Lodge meeting in Stamford last Monday night, at which time three Master Mason's degrees were conferred.

Staff Sergeant G. R. Eiland, Jr., who is stationed at Sheppard Field, Wichita Falls, visited relatives and friends here over the week end.

Mr. and Mrs. Fred Glover of the League ranch near Benjamin, were business visitors here last Friday.

Mrs. D. C. Green left the first of this week for Clovis, Albuquerque and other points in New Mexico for an extended visit.

RELATIVES VISIT IN BRAZELL HOME

Visiting in the home of E. J. Brazell over the week end were Mrs. Brazell's brother and wife and children, Nadine, Mable and Ronnie; a sister, Mrs. Grace Maddox and daughter, Billie, all of Cloud Chief, Okla.; another sister, Mrs. Eula Stubbs, and her three daughters of Knox City; Mr. and Mrs. O. O. Shire and two daughters, Loretta and Eileen, of Eliasville; Mr. and Mrs. Frank Garrett and baby, Brinda, of Anson; Mr. and Mrs. Clifton Vaughn and baby, Gleida, and Eugene Brazell and family of Munday.

Misses LaVerne McCanlies and Elizabeth Covey of Benjamin were visitors in the city last Tuesday afternoon.

Miss Lucille Petrus of the Rheinland community left Tuesday morning for Little Rock, Ark. She is enrolling in the Fern Eaton beauty school there.

P. V. Williams was a business visitor in Dallas the first of this week.

Mr. and Mrs. C. E. Brasher of Haskell and Mr. and Mrs. A. C. Boggs spent several days last week on the Llano river, near Junction, on a fishing and outing trip.

Mr. and Mrs. Howard Garner of Ozona, Texas, visited friends here Wednesday. Former teachers in the Munday public schools, they will teach at Ozona this year. Mr. Garner being principal of the grammar school.

Jimmie Lynn McDonald of Ta-

hoka is visiting his grandparents, Mr. and Mrs. J. J. Keel, this week. His parents, Mr. and Mrs. A. D. McDonald, are vacationing in Ruidosa.

Mrs. Levi Bowden and son spent last Sunday in Megargel visiting with Mrs. Bowden's mother.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Sam Hampton of Goree are the proud parents of a son, born Monday morning at a Wichita Falls hospital. Both mother and son are doing well.

Mr. and Mrs. Grady Roberts visited with Mr. Roberts' mother, Mrs. A. Roberts of Byers, Texas, last Sunday and Monday.

Miss Leona Keel has returned home from Baytown, where she has been visiting her sister during her vacation.

Mr. and Mrs. J. E. Richardson and son, Edward, of Lorenza and Mr. and Mrs. Orville Peterson of Dimmitt were guests in the home of Mr. and Mrs. D. E. Holder over the week end.

Miss Clorene Moore, formerly of this city, is now employed in Haskell.
