

## Cotton Gathering Halted By Rain

Rain on Wednesday evening again brought a halt to cotton gathering, as farmers hoped in vain for continued dry weather so they could gather their cotton without further damage.

Some farmers have crews of pickers capable of gathering eight bales a day, and with pretty weather their cotton harvest would soon be over. Each successive rain tends to damage the grade and staple of cotton, it was reported.

Munday received a little less than a half inch Wednesday, although damp weather had permitted cotton gathering only on about a half-inch basis this week.

The years rainfall now totals 42.08, according to the records of H. P. Hill, local weather observer. This is the highest rainfall in the history of the county, according to Mr. Hill's records, and more than double last year's precipitation of 18.03 inches.

## Local Midgets Win at Haskell By 13-0 Score

The Midgets of Munday Elementary School won their first victory last Friday at Haskell. Munday received the kickoff and marched 70 yards to score. Willis Pippin and Rex Voyles took turns carrying the ball. At the end of the first half the Midgets were again hammering at the goal but the timer's whistle stopped the drive short on the three-yard line.

In the second half the Midgets featuring reverses, scored again, and Pippin plunged for the extra point. In the last quarter the Midgets had three touchdown plays called back for infractions of the rules.

The score was 13 to 0 for the Midgets' favor.

The teams meet again the 13th of November at Munday.

Game this week, Thursday, will be played at Seymour when the Midgets will seek to even the account for the 6 to 0 defeat of week before last.

## Defense Bond, Stamp Week To Be Nov. 3-11

November 3 to 11 has been proclaimed by Gov. Coke Stevenson as Defense Savings Stamp and Bond week in all of the 13,791 schools and colleges in Texas. As a great army they will move forward with one accord to revive the Spirit of '76—the spirit that made America great.

The Spirit of '76 made possible those great privileges we stress so loudly today—freedom of speech and freedom of the press—and its continuation will be perpetuated only by the boys and girls of today that are prepared and protected for tomorrow, according to leaders in this drive.

All schools of the county are urged to cooperate in this movement by making a special effort to encourage the purchase of defense bonds and stamps during this week.

## Urges Using Of Cotton Bagging

Harry L. Kebrick, with the surplus marketing administration, U. S. Department of Agriculture, was in the county last Friday, visiting with Peter Loran, well known Rhineland farmer.

Mr. Kebrick and Mr. Loran made a number of calls in the county, the purpose of which was to urge the use of more cotton. One means of using more American grown cotton is advocated by Mr. Kebrick was for farmers to use cotton bagging on their cotton.

For the past two seasons, local farmers have been urged to use cotton bagging as a means of consuming their own products.

M. L. Wiggins, who is stationed at Camp Bowie, Brownwood visited relatives and friends here the first of this week.

## Mexican Killed Last Saturday

### Head Is Crushed By Two Trailers

Jacinto Chapa, well known Mexican who was employed by Clyde Warren, prominent farmer of the Hefner community, was instantly killed last Saturday afternoon at two o'clock in an unusual farm accident.

Workmen were coming out of the fields with three trailers loaded with cotton when one of the trailers came loose. Chapa was underneath either a trailer or pickup when one of them started moving backwards. As he raised up his head became caught between the two vehicles. His head was badly crushed and he died instantly.

Chapa was born September 11, 1908, and was 33 years, 1 month and 7 days of age. He was well known in Munday and was lots of assistance to local people in registering Knox county youths in the first draft call last year, when he served as an interpreter.

Funeral services for Chapa were held Monday morning at 10:30 o'clock at the graveside. Burial was in the Goree cemetery by the Mahan Funeral Home.

## Poultry Culling Demonstration Given

Ninety-one 4-H club boys and girls attended the poultry culling demonstration given at the Goree and Vera schools Wednesday and Thursday of last week by R. O. Dunkle, County Agent, and Mrs. Neva Van Zandt, Home Demonstration Agent.

For illustration two white Leghorns and one Barred Rock hen were used. One of the Leghorns represented the kind that had been very profitable and other was of the "free boarder" type. Mr. Dunkle explained that all poultry flocks before culling should be fed properly in order to determine the egg-laying ability of each individual hen. To illustrate this point, the feeds required to produce each part of the egg were shown. Milo grain to produce the yolk, mash to produce the whites and oyster shell to produce the shell.

The marked difference of the hens was that the comb and wattles of the hen were bright red, large, full and waxy. The eyes were much brighter and there was also a great difference in the weight of the hens in favor of the one that was in production.

The boys and girls also learned that when a hen is laying her abdomen is enlarged and the skin covering is soft. In a good layer the pelvic bones are spread wide apart and become soft, thin and pliable. The first change indicating past performance is the disappearance of yellow pigment. This is applied to all yellow-skinned varieties. Heavy production causes this pigment to be used up.

Each club member attending the meeting pledged themselves to cull their poultry flocks. This is a vital part of our National Defense program to be conducted by 4-H club members. Mrs. Van Zandt occupied the first part of the program by impressing the club members with the importance of a properly balanced daily diet and mentioned several farm grown foods that were rich in vital food elements, such as yellow corn meal, molasses, milk, butter, eggs and green vegetables.

## FRED ZEISSEL BUYS FARM AT LITTLEFIELD

Fred Zeissel, well known Knox county farmer, has purchased a 173-acre farm near Littlefield, it was reported this week. The farm, which is well improved, is located three miles east of Littlefield—in case anyone wants to go up and spend the week with him.

Mr. Zeissel will move to his place about January 1, but lots of people here won't be surprised if he comes back to Knox county before very long. He's been here so long that he will likely become lonely for Knox county people and surroundings.

## Baptist Leader

Abilene is preparing for the largest state Baptist general convention ever held in West Texas, according to Dr. W. R. White, president of Hardin-Simmons University and general chairman of the committee arranging convention plans.

Preceding the convention proper, which opens Tuesday night, Nov. 11, will be the simultaneous meeting of the Woman's Missionary Union Convention in First Baptist church and the Brotherhood convention in H.-S.U. auditorium. The general convention is Nov. 11-14.

## Certificate Of Title Needed To Operate Auto

Beginning January 1, 1942, it will be illegal for any person to operate an automobile as owner unless he has a certificate of title of the vehicle.

Official notice of the law, passed by the last regular session of the Texas legislature, was issued a few weeks ago by Earl Sams, tax assessor-collector for Knox county.

The law, it was explained, does not affect persons holding certificates of title to their automobiles. It does mean, however, that persons who heretofore have operated on registration receipts must obtain the titles also. Certificates of title cannot be issued at the same time the car is registered, but the certificate must be presented the tax assessor-collector at all future registrations of any automobile.

Mrs. Woodrow Vernon of Carlsbad, New Mexico, came in last week for several days visit with her parents, Mr. and Mrs. L. E. Hunter, and with other relatives here.

## Gossett is Principal Speaker At Dedication of Seymour Post Office

Congressman Ed Gossett and Post Office Inspector C. W. B. Long of Dallas were principal speakers at the dedication of Seymour's new \$71,000 post office last Monday night. Attending the dedication from Munday were Postmaster Lee Haymes, Mrs. Haymes, Mrs. Jess Burnison and Aaron Edgar.

A banquet was given at 6:30 o'clock in the basement of the First Methodist church honoring the speakers, visiting postmasters of the area, members of the Seymour Chamber of Commerce and other visitors. Postmaster Alexander of Seymour presided at the banquet.

The visitors then gathered at the rear of the post office building where the dedication program was held. Inspector Long reviewed services of the post office department from pony express days, terming this department as the biggest business institution in the United States. He gave a brief history of the Seymour post office, giving the names of all postmasters since the office was established in 1879, and stated that Seymour's population, postal receipts, etc., justified the establishment of city delivery as soon as the city met specified requirements.

Congressman Gossett dedicated the new structure to "peace, prosperity, and progress," and in a serious vein rallied Americans to face courageously the great crisis in world affairs, stressing the fact that it is the attitude of American people that determines the future of the United States.

Stressing his role as an optimist, the speaker predicted "all will be right in the world eventually," and

## Moguls Play Holliday Here On Friday Night

### Munday Team Enters Secret Practice

With the second conference game of the season on schedule for next Friday night, Coach Jack Perryman announced Tuesday that the Munday Moguls have started secret practice and will continue to practice secretly for the remainder of the season.

"This does not mean that we don't appreciate the interest of fans who come out to see the workouts," Perryman said, "but that we feel the team can carry out better practice periods and be in better condition for the games without this fanfare at daily practices. We have a hard schedule ahead of us, and we want our boys to be in the best of condition."

Holiday comes to Munday next Friday night for the second conference tilt for the Moguls. The Holiday team has gotten off to an unimpressive start this year, but the Moguls are not underestimating their strength and are expecting a hard game.

The Moguls will be in fairly good condition, with the exception of colds that have struck many of them, and with the possibility that Kitchens has a bad arm that may keep him out of the game.

Holiday stands fourth in the district at this time, having won (Continued on Page Eight)

## Knox Singers To Meet at Goree

Singers of Knox county will meet at 2:30 next Sunday afternoon at the Four-square church in Goree for the regular monthly singing convention, it was announced Wednesday by the president.

An interesting program of songs, quartet, etc., is being arranged for this convention, and the public is invited to come and enjoy this good singing.

## NAVY DAY

Next Monday is designated as "Navy Day," and pastors of the community have been asked to cooperate in national observance of this day on Sunday, October 26, by dedicating a sermon to the men in their congregations now serving in the navy or to relatives and friends of such men.

All Legionnaires and other ex-service men are urged to attend the church of their choice next Sunday.

## November 1st Last Day To Save On Back Taxes

### LOOK AT THE DATE ON YOUR MUNDAY TIMES

If the figures following your name are 11-1-41, this means your subscription will expire November 1, 1941. 10-15-41 means your subscription expired October 15, 1941. We urge you to come in immediately. Our Bargain Rate may be withdrawn any time, and you are urged to subscribe while the rate remains in effect.

We can also save you money on your daily paper, when clubbed with The Munday Times and subscription received at The Times office.

## Wife of Cameron Official Dies At Waco on Monday

Mrs. E. R. Bolton of Waco, Texas, wife of the president and part owner of the Wm. Cameron & Co., Inc., passed away at Waco last Monday afternoon. Mrs. Bolton had resided in Waco for many years.

The Munday yard of Wm. Cameron & Co., Inc., was closed Tuesday until after the funeral services Tuesday afternoon.

## 14 Girls Enter Race For Queen Of the Harvest Plans For Rhineland Celebration Gains In Momentum

The race for Queen of the Harvest, an outstanding event of Rhineland's Harvest Festival to be held on Thanksgiving Day, November 27, is attracting much attention. Fourteen beautiful contestants are at present actively engaged in soliciting votes for themselves.

Those competing for the honor are: Alma Schumacher, Pauline Homer, Wilma Michalik, Margaret Birkenfeld, Bertha Stenzel, George Claus, and Ellen Kuhler, Rhineland; Dorothy Hertel, Sunset; Martha Simek, Bomarton; Cora Jean Martin, Jean Johnson and Zell Spann, Munday; Edna Russell, Benjamin, and Geraldine Bookout, Haskell.

Each contestant will receive a substantial prize. The winner will be crowned amid fanfare in the evening of the day of the festival, at about 8 p.m. An act of "Her Majesty," which will hold the attention of hundreds, will be the giving away of a bale of cotton. The day's celebration will close with a big dance. Hugh Comisky's well known orchestra will furnish the music.

## VISIT IN AMARILLO

Mrs. T. J. Stall and children of Abilene visited relatives here last Monday. Accompanied by Mrs. W. M. Huskinson and son, Billy Marvin, they went on to Amarillo where they are visiting in the home of Dr. and Mrs. E. M. Roberts.

## George Hammock To Attend Turkey Grading School

George Hammock of Munday, manager of the Atkison Produce Co., will attend the Annual Turkey Grading School that is to be held at College Station October 27-28.

The purpose of the Turkey Grading school is to teach producers and buyers the methods used by government graders in order to determine the proper grades and classifications which in every instance refers to quality and fineness of the turkeys.

Knox county farmers should feel proud that Mr. Hammock is willing to attend the school at his own expense in order to learn more about grades of turkeys as it will effect prices of a very important crop of Knox county.

## Vera Child Is Killed Sunday; Hit by Truck

Dannie Boyd Roberts, 7-year-old Vera child was instantly killed last Sunday afternoon when he was struck by a heavy truck while crossing the street at Vera.

According to reports of the accident, the truck driver saw the child and attempted to stop. His machine swerved and overturned, hitting the child and crushing it to death. The truck also skidded into a building as it overturned and did considerable damage to the building.

Dannie Boyd was the grandson of Mr. and Mrs. Tom Heard of Vera and was being reared by his grandparents. He was a brother of Mrs. Dee Mullican of Munday.

Funeral services for the child were held at Vera last Monday.

## Sunset School To Open November 3rd

At a recent meeting of the Sunset school board, it was decided to postpone the opening of school until Monday, November 3. This action was taken because of the inclement weather during recent weeks which has hampered cotton picking.

The Sunset school closed the latter part of September so students could help in the fall harvest, and postponement of re-opening was deemed necessary so they could continue work in the fields.

## Cotton Ginnings

Munday gin plants ginned 1595 bales of cotton during the past week, according to a report of the gin managers which was received at 10:20 Thursday. A total of 5400 bales have been ginned in Munday, as compared with 2805 bales ginned at this time last week.

Although wet weather kept pickers from the fields, the local gins were busy all during the week end trying to catch up with the ginnings. The rains this week will likely give them an opportunity to catch up and be ready to start in anew when picking is resumed.

## Weather Report

Weather report for week ending October 22, 1941, as recorded and compiled by H. P. Hill, Munday, U.S. Cooperative Weather Observer.

	LOW	HIGH
1941 1940		
Oct. 16...	51 35	57 75
Oct. 17...	53 40	73 83
Oct. 18...	52 45	81 86
Oct. 19...	63 56	83 95
Oct. 20...	65 50	82 89
Oct. 21...	65 50	84 90
Oct. 22...	64 57	76 91

Rainfall to date this year, 42.08 inches.

Rainfall to same date last year, 18.02 inches.

## Rhineland Girl Chosen Sweetheart Of Beauty School

(Take from the Arkansas Gazette) Miss Lucille Petrus, student at Fern Eaton's beauty college of Little Rock, Arkansas, was chosen sweetheart of the 1941 class in a recent election.

An elaborate banquet was given in her honor at the Albert Pike hotel, and was followed by a dance. Miss Petrus is the daughter of Mr. and Mrs. George Petrus of the Rhineland community.

## FORMER PASTOR IN SERVICE HERE SUNDAY

Dr. Geo. S. Slover of Aledo, former pastor of the Munday Methodist church, visited friends here over the week end and preached at the morning services at the Methodist church last Sunday. Dr. Slover, former president of Clarendon College, is now retired.

Members of the church held a picnic dinner at the club house Sunday at noon, where Dr. Slover was an honor guest.

## McGuire Calf Wins Prize At Dallas Fair

Wade McGuire, a 4-H club member of Vera who exhibited his fat Hereford steer calf at the Dallas Fair last week won 19th place and a premium of \$20.00. There were 46 calves at the show from 20 other Texas counties.

The second day after the show the calf sold at auction for \$14.75 per hundred, bringing a total of \$163.80, including the premium money. The calf made a net profit of \$63.80.

While attending the Dallas Fair Wade managed and exhibited two other calves, one from Baylor county and one from Throckmorton county. The wages derived from taking care of these two extra calves paid for the transportation of Wade's calf to Dallas and enough to pay for his meals during the fair. This kind of management regarding finances is rather rare with boys of Wade's age, but a very desirable trait. Wade has two more calves that will be shown at the Knox county calf show at Munday some time during the month of February.

## Calf Nets \$183.80 In Sale and Prizes

While attending the Dallas Fair Wade managed and exhibited two other calves, one from Baylor county and one from Throckmorton county. The wages derived from taking care of these two extra calves paid for the transportation of Wade's calf to Dallas and enough to pay for his meals during the fair. This kind of management regarding finances is rather rare with boys of Wade's age, but a very desirable trait. Wade has two more calves that will be shown at the Knox county calf show at Munday some time during the month of February.

## Smith Infant's Funeral is Held At Goree Monday

The 10-month-old son of Mr. and Mrs. Lenzo Smith of Goree passed away last Sunday afternoon at the Knox county hospital, where he had been taken a few hours earlier for treatment for a serious illness.

Funeral services for the child were held from the Baptist church in Goree last Monday afternoon, conducted by Rev. S. E. Stevenson, pastor, who was assisted by Rev. J. W. Baughman, Methodist pastor. Interment was in the Goree cemetery.

The child is survived by his parents and two sisters.

## Munday P.-T.A. To Sponsor Events On Thursday Night

Two entertainments tonight (Thursday) are being sponsored by the Munday Parent-Teachers Association.

An eighty-four party is being held at the home economics cottage, where a charge of ten cents per game will be made. At the high school building will be bingo games and the sale of home-cooked pies.

Proceeds from these events go to benefit the P.-T.A., and the entire public is cordially invited to attend.

Mr. and Mrs. R. M. Kellogg of Los Angeles, Calif., arrived Wednesday for a visit with Mrs. Kellogg's mother, Mrs. Bertie Wilson. Mrs. Kellogg reports the condition of her brother Ura Wilson, who was seriously injured in a train-car collision some time ago, as much improved. He is able to be up part of the time and is improving rapidly.

Kay Shiman of Corpus Christi is visiting in the home of Mr. and Mrs. Jimmie Silman and with other relatives here this week.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"—

## RETAILEDS' PRICES

Do not blame the retailer for price increases, enjoins F. E. Morris of Dallas in a letter to the Dallas News October 16. Because Mr. Morris is secretary of the Texas Retail Dry Goods Association, there may be some who would say that he is biased. At the same time, it can be said that, because Mr. Morris holds this office he is in better position than anyone else to give an unbiased opinion if he wishes to do so. Those who know Mr. Morris will give him credit for being entirely honest in any statement that he makes.

Careful analysis of this or any other generally inflationary tendency, however, will make unnecessary anybody's personal word to disprove that individual retailers, or other distributors or manufacturers, are generally guilty of causing price increases. General price inflation, except in the instances where speculative frenzy has been the principal cause, is much more deeply rooted. There is usually much mouthing by politicians against profiteering because this is good politics, yet the politicians themselves, rather than the manufacturers or distributors of goods, have been responsible for most of this world's price inflation. The public will, and ought to, keep a careful eye on individual attempts to profiteer. It will serve a good purpose, but prices are going up primarily because the individual retailer and manufacturer have no alternative but to raise prices or go into bankruptcy. During the last year the net increase in the prices of raw materials, farm products and minerals, and labor have been sufficient to account for the entire rise on the cost of living.—Dallas Morning News.

## WHEN WILL THE BRITISH ATTACK

There is some impatience in Great Britain, and in this country, over the failure of the British to take the offensive in the west while the German soldiers are engaged in their stupendous struggle with the Red army.

Certain strategists declare that a golden opportunity to create a "two-front" war. They should add, however, that a "two-front" war requires two armies able to hold against an enemy offensive.

The question that confronts the British is not whether they can obtain a foothold on the continent but whether they can maintain it, after they land. To attack, with insufficient forces would be to present Germany with an opportunity to smite another British army.

Recent speculation has been increased by an article in a London newspaper by War Minister David Margesson, seemingly discounting the likelihood of any immediate attack upon Germany upon the Western front, but holding out the promise that "the quicker we get the hammers, the harder we shall hit."

The Germans, it is believed, have at least 500,000 men in the occupied areas of western Europe. To successfully attack this force would require numerical equality and heavy mechanical preponderance, on land and in the air. To make a half-hearted attack would be folly.

## LOG JAM

"Industrial management will never strike against defense!"

In spite of uncertainties of what the future holds in the form of unnecessary restrictions and controls, industry has rolled up its sleeves and gone to work in record time. And it will continue to work, come what may. Such is the promise that NAM president Walter D. Fuller recently made to the nation.

According to Mr. Fuller, however, industry could do an even better job that it is doing if some of the uncertainties were removed. At the present time, for example, management "wonders how important defense production really is, when government sits blandly by while two groups of labor leaders make defense plants the battleground for jurisdictional warfare.

"It builds armaments for defense of freedom, while the principles and institutions on which that freedom rests are progressively being sacrificed. It worries whether we may not be preparing to defend the assassinated corpse of freedom rather than our liberties themselves.

"It sees, for the first time in the Republic's history, the individual's right to work made subject to the arbitrary whims of private organizations, all with the implied sanction of the government itself.

"Here is the basic log-jam of defense . . . Unless American industrial management has freedom to pursue its function of free enterprise and unless the American worker has the right to work, neither can contribute its "full participation in the national defense program" which the President requests, and which the people of the nation are entitled to get."

A bolt of lightning knocked Jim Owen's pipe from his mouth in his home at Blytheville, Ark., and threw him across the room.

To make fairly sure that an unpleasant job won't be done, plan to do it yourself.

All growth that is not toward God is growing to decay.—George MacDonald.

## EIGHTH WONDER

In spite of the fact that America's defense production is climbing steadily to new heights every month, there are still mistaken people—often with a political axe to grind—who insist that it has bogged down. A look at the facts should convince them of the truth.

The record shows that industry has already finished and delivered a dollar volume of defense goods greater than the government specified as necessary for our defense as late as March 10 of this year. Nearly ten billions of dollars of equipment has been turned over to the government—more than had even been ordered seven months ago.

Before the passage of the lease-lend bill American industry was asked to produce \$9,329,000,000 worth of defense equipment of all kinds—some of it equipment that had never been made here in quantity before. Factories that had been turning out civilian goods had to be changed over to defense production, and new factories had to be built.

All this was done—and done quickly—on the basis of the total appropriation of \$9,329,000,000.

Today, with the pending lease-lend additions, appropriations total \$66,000,000,000—an increase of 607 per cent since March—and the end is not in sight. Donald M. Nelson recently called it a job of fantastic size. Fantastic as it is, the record shows that industry is doing it with the kind of American speed and ingenuity that have already become an eighth wonder of the world.

## "OIL SHORTAGE" BACKFIRES

The so-called "oil shortage" scare on the Eastern seaboard, promoted for reasons hard to understand, has vanished like a morning mist. According to a congressional committee investigation, there is no serious shortage in the foreseeable future.

The productive capacity of the American oil industry is more than adequate to meet today's enormous military demand, as well as the normal civilian demand. A transportation problem was created by the transfer of tankers to Great Britain. That problem is now being met by moving oil by rail, even though the cost to the industry is higher; by the construction of additional pipelines, and, in many cases, by using coal instead of oil in industrial operations.

This country produces more than 60 per cent of all the oil in the world. It produces oil of a quality unequalled elsewhere. That is what private enterprise has done—and all the politically inspired rumors of "grave shortages" can't hide it. Friendly cooperation with industry as dislocation problems arise, due to defense needs, will do more to solve them than autocratic, punitive action.

Since July, 1940, American airplane deliveries have increased 230 per cent.

There are 37,000,000 dwelling units in the United States. The walls of most of them leak heat so freely that America's domestic heat bill is \$1,000,000,000 larger than it would be if those walls were insulated.

The cost of making a low-priced automobile by hand would be approximately \$18,000.

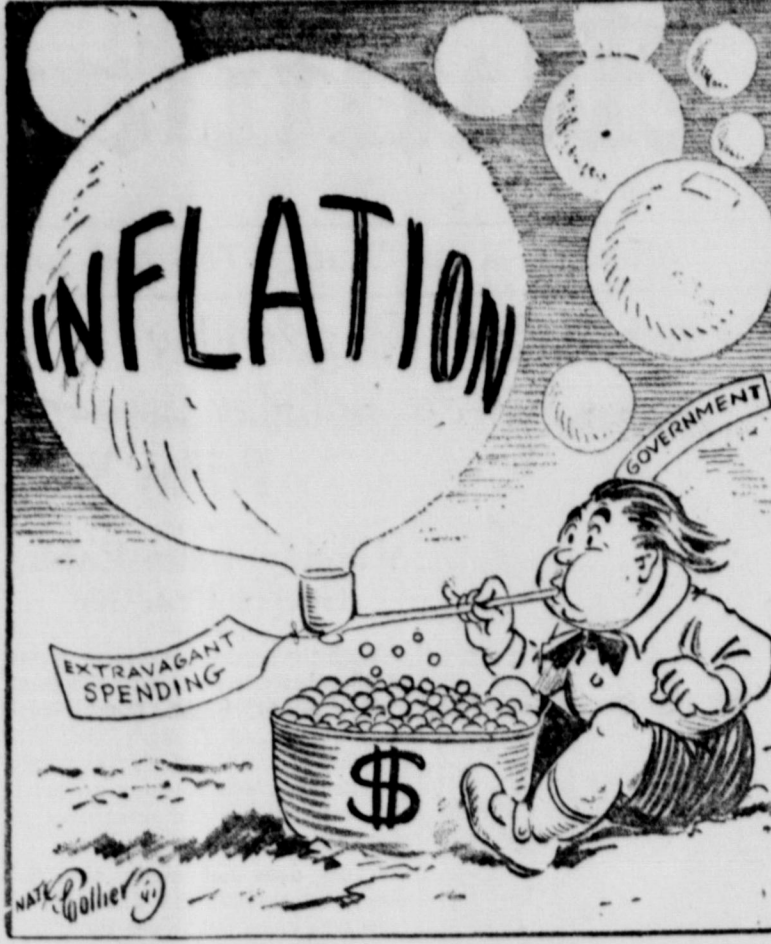

The individual who attempts to reform the human race has an exaggerated opinion of his or her ability.

A commentary upon our civilization is the fact that colleges are judged by their football teams rather than their faculties.

Every time we get set to read an "epochal" volume the book publishers come out with another "must" volume.

Because her husband took her out three times during 18 years of married life, Mr. Max Popper of New York City sued for a divorce.

## I'M FOREVER BLOWING BUBBLES!

## Gems Of Thought

PROGRESS  
All that is human must retrograde if it do not advance.—Gibson.

I find the great thing in this world is not so much where we stand, as in what direction we are moving.—Oliver Wendell Holmes.

Intellectually, as well as politically, the direction of all true progress is toward greater freedom and along an endless succession of ideas.—Bovee.

Literary commercialism is lowering the intellectual standard to accommodate the purse and to meet a frivolous demand for amusement instead of improvement. Incorrect views lower the standard of truth.—Mary Baker Eddy.

Let us labor for that larger comprehension of truth, and that more thorough repudiation of error, which shall make the history of mankind a series of ascending developments.—Horace Mann.

## PARTIAL UNEMPLOYMENT BENEFITS

New procedures have been initiated by the Texas Unemployment Compensation Commission relating to the payment of benefits for partial unemployment. Mr. Roy Epperson, District Supervisor of the Texas Commission, stated yesterday that these procedures are in compliance with minimum standards established by the Social Security Board, Washington, D.C. These procedures have been required by the Board because it is believed that a considerable number of workers have failed to claim partial unemployment benefits to which they might have been entitled.

The chief difficulty, according to Mr. Epperson, has been that many people have not had a clear idea of what partial unemployment is and when benefits are payable for this type of unemployment under the Texas Unemployment Compensation law. "The simplest way to describe it," he said, "is to point out that a worker is partial unemployed when he continues to work for his regular employer but suffers a loss of earnings because his working hours are reduced below normal full-time. A man does not have to lose his job to be eligible for partial benefits. In other words, the employer-employee relationship is maintained, but the employee does not work full-time. However, he must be available for full-time work if his employer needs him."

Mr. Epperson made it clear that partial benefits are payable only when the worker's reduced earnings are due to lack of work on his regular job. They are not intended to compensate workers who, for personal reasons, choose to work less than full-time.

Mr. Roy Epperson urged both employers and workers to familiarize themselves with the new procedure and asked them to cooperate with their local State Employment Office in initiating the payment of claims for partial unemployment benefits to all who are entitled to them.

The Texas Home Demonstration Council, Negro women's organization announces that its scholarship, the highest honor open to Negro 4-H Club girls in Texas, this year went to Ella Mae Johnson, 18, of Smith county.

## BRIEF ITEMS . . . Found

Hitler's last speech, on the occasion of the opening of the Nazi winter relief drive, was in a sense a confession of failure. He admitted that the German General Staff had tremendously underestimated the Russians. Hitler's gains in Russia have been relatively minor and have been won at terrific cost. The world has been shown, at last, that the German military machine is not irresistible.—The Industrial News-Review.

The well-dressed aviation cadet at Randolph Field wears three garters instead of the convention two—especially while flying cross-country. Because navigation memoranda must be penciled on a slip of paper for explicit reference, and pockets are difficult to reach in midflight, cadets take an extra garter and strap instructions to their legs.—The State Observer.

For the seventh time since Texas became a state, we have a former lieutenant governor now as actual governor of the state—the cowboy reared Coke Stevenson from Junction, the man with the pipe and smile, the man who is not "hide-bound" about anything, will give Texas a business administration, coupled with sound sense.—The Richardson Echo.

If you have ever gone through an

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

## Tax Savings Plan

To make it easier for taxpayers to meet the increased taxes required by the National Defense Program, the Treasury Department is offering for sale two series of notes, both dated August 1, 1941, and maturing August 1, 1943. This is known as the Tax Savings Plan, and notes are available at this bank in the following denominations:

SERIES A: \$25, \$50 and \$100 each (Amount acceptable in payment of income taxes limited to \$1,200 in any one tax year.

SERIES B: \$100, \$500, \$1,000, \$10,000 and \$100,000 each (Amount acceptable in payment of income taxes limited only by the amount of taxes due.

Tax Savings Notes bear interest provided they are used to pay income taxes. See this bank for details.

oil boom you can appreciate a West Texas town during the fall rush in gathering a good cotton crop, especially when the cotton opens all at once, as it has done this fall.—Western Enterprise.

We are in the midst of desperately serious days which involve all peoples and all nations. Unfortunately, many people fail to grasp the nature of this worldwide crisis and its meaning to our country.—The Happy Herald.

Recently at a meeting of the women at a local church it was proven that "a friend in need is a friend indeed." It all came about in this manner—one lady was to appear on the program and after reaching the meeting discovered she had failed to wear a petticoat. She appealed to a friend to take

her home that she might be properly robed. The friend immediately gave the desired assistance by telling her that she was wearing two. They went to an adjoining room and both returned very happy and the program proceeded.—Honey Grove Signal-Citizen.

There's a Miss England who runs a beauty shop in Delaware, Ohio, and she advertises permanents with the slogan: "England Rules the Waves."—The Vernon Times.

# Hallowe'en Carnival To Be Given At Munday School

The goblins are sure gonna getcha—if you don't watch out!

When? Thursday night, October 30th.

Where? In the Munday School Gymnasium!

What? The annual Hallowe'en Carnival sponsored by the Parent-Teachers Association!

Yes, it will be all out for the school that night when people, students, parents, teachers all toss out the school room and bring in the Carnival Capers . . . just for one night. So if you expect to ever get scared, have a good time or enjoy yourself again—then set that date and night down on your cuff to make that big Hallowe'en party. They say it will be the best and biggest ever!

Even the old-time German Band directed by Mr. Hood, will be there on parade.

Just to let you know where and what, you might jot down a few of the things you might want to see. Everybody will wish to see the crowning of the Queen on the stage after the evening is far spent. Those in the annual high school race for the coveted crown are: Seniors, Cora Jean Martin; Juniors, Maggie Searcey; Sophomores, Jerry Chamberlain; and Freshmen, Latrece Johnson.

Then you can visit some of all of these: cake walk, in the music room, sponsored by the fourth grade and Mrs. L. M. Palmer; the money table, in the gym sponsored by the sixth grade (B) directed by L. M. Palmer; ice cream, chunking teachers, in the gym and library room by eighth grade, directed by Miss Burnett.

Fish pond, third year students, in the gym, sponsored by Miss Hall.

Pie walk, in the gym, by third grade, directed by Mrs. Hardegree.

Grab box, in 5B room, directed by Miss Beene.

Wheel of chance, popcorn and peanuts, shooting gallery, apple gallery, apple ducking, German Band, located in Home Room 6A and directed by Mr. Hood, for 6A students.

Fun House, located in Room 6B, directed by Mrs. Bowden, for 7B students.

Drinks, chicken, home-made candy, in gym for first year, directed by Mrs. Kenamer.

Coffee, doughnuts, in the gym, for 11th year students, directed by Miss O'Donnell.

Cats and Picture Gallery, in the gym, for seniors, directed by Mr. Hardegree and Miss A. Tech.

Weight Guessing, in the study hall, and halls, for ninth grade students, directed by Miss Stewart.

Chunk Face, in the gym, directed by Miss Brook for the freshmen.

Bingo, in Mrs. Palmer's room, for the 7A students, directed by Mr. Kenamer.

Toss in Win, for 5A, in home

room 5A, directed by Miss Holcomb.

There will be a general admission of 5 cents at the door. All proceeds from the affair will go to the Parent-Teacher Association who have done worthy work, especially in aiding the band by paying for some band suits bought last year.

### Band Report

The band got another new piece of music Monday afternoon, Anchors Aweigh. We are preparing for the football game with Holliday Friday night. We will march Thursday and Friday to prepare for the formations Friday night. Everyone be sure to come to see the formation as well as to see Munday beat Holliday.

### First Grade News

Last Friday the children in the first grade experienced a thrill that comes once in a lifetime, when they were given permission to take all their materials home for the first time. They really felt like they were big boys and girls when they started home with their scrap books, tablets, work books, etc.

After all they really had done a lot of work during the first six weeks of school, and they were anxious to show mother and daddy what they had done.

The boys and girls are very interested in decorating their room for Hallowe'en. We are working on a frieze now about Peter Pumpkin and his wife.

### Munday Harmonica Band

Much interest is being shown in the "Harmonica Band," recently organized under the direction of Mrs. Clyde Kenamer.

The following boys and girls have purchased their harmonicas and various instruments and are already playing several tunes.

Billy Gene Taylor, Clifford Killian, Rosa Marie Stodghill, Jennell Daugherty, Jean Ratliff, Francis Hallmark, Elizabeth Smith, Rodney Heath, Bobby Howell, Ruth Browning, Ethelene Simpson, Gloria Strickland, Clifton Swain, R. L. Kirk, Curtis Wayne Gollehon, Marquetta Fitzgerald, Donald Weaver, Ronald Foshee, Glen Ray Morrow, Mary Jo Steel.

### Juniors Select Maggie Searcey

The Junoir class is happy to present Maggie Emilie Searcey as their nominee for queen for the Hallowe'en Carnival.

How many of you people know Maggie Searcey. Not nearly so many as should. She is a very quiet, hard-working member of the Junoir class. She has light skin, blue eyes and beautiful carrot-colored hair. She is the only daughter of Mrs. A. M. Searcey of Munday, Texas. She was born

February 20, 1925.

Maggie is the reporter of the Junoir class, a member of the pep squad and Choral Club.

Maggie's favorites are: Color—lavender. Song—You and I. Subject—Typing. Teacher—Mr. Perryman. Sport—Volleyball. Hobby—Sewing. Vote for Maggie and make her Queen!

### Third Year News

Hallowe'en plans were under way in the third year room today. There was much discussion over room decorations and entertainment.

We are finding out more and more about this world in which we live. The way it rotates on its axis and revolves around the sun is certainly an interesting thing to us. At the same time we are finding out how each of us can help make a better America by being a good citizen.

### Second Year News

We are enjoying the train we made very much. Our best readers each day have had an opportunity to take a trip on it.

Herbert Ford was eight years old Saturday. We celebrated his birthday Monday. Our table was decorated with vases of zinnias and some candles. Herbert's mother sent a large cake and we had fruit juice with it.

After the first six weeks examinations are over the World History class is ready to start in on a new six weeks and a new chapter and hoping to do better this next time.

This six weeks we will start off by studying about "The Golden Age of Greece," and hoping to learn it golden. The whole class, as you know, is dying to get started. Is it History that they like or is it because Coach Perryman is the teacher?

### Junior News

Last Thursday at noon the Junoir class met to elect their representative to the Hallowe'en Carnival. Maggie Searcey was chosen. It was also decided to have a party Thursday night to repair rummage for the rummage sale Saturday. The entertainment while sewing, ironing, and making price tags, was the radio. Refreshments of sandwiches, cookies and cocoa were served to the following: Patsy Ruth Kirk, Betty Simpson, Jimmie Silman, Jane Campbell, Benton Snelson, Wayne Blacklock, Delmar Cadwell, Jerry Stevens, Rita Jo White, Ray Moore, Joe McGraw, Helen Williams, Betty Jean Golden, Harmon Sessions, Judge Stevens Raymond Carden, Margaret Womble, and the sponsors, Mr. Ayres and Miss O'Donnell.

The Junoir class wants to thank everyone who contributed to our rummage sale. We were thoroughly satisfied with the results.

### Jean Martin to be Queen!

Miss Jean Martin is queen of the Senior class and if it is left up to us she will be crowned Queen of Munday High School at the annual Hallowe'en Carnival. It will certainly disappoint us if she isn't Queen.

We are learning about our government in Civics and it becomes more apparent as the days go by how much we all should be thankful that we are Americans. It does something to us to think of the grave situation we might be in, in the future. But now we are doing our best to be true and faithful citizens of this great nation of ours, the United States of America.

### Johnson for Queen!!

Latrece Johnson, a well known and well liked student in Munday High School, was elected the freshman candidate for queen. A few points of interest about Latrece, in case you would like to know are: She was the valedictorian of Grammar School the year of 1940-41.

She was born Feb. 1, 1928, in Munday, Texas. She is a brunette with bluish-brown eyes. Some of her favorites are: Subject: Home Ec. Teacher: Miss Stewart. Song: A City Called Heaven. Color: Blue. Sport: Football. We're all backing Latrece for Queen.

The Seniors said that they always win, but we'll show them this year, won't we Fish??

For anybody's information, this was not written by Latrece, who is Freshman reporter.

Won't Someone Tell Us Why . . . Lois can't make up her mind for Munday or Weinert?

Sue is sporting a new perma-

## Row, Row, Row Your Boat

When the soldiers of Uncle Sam's new Army set out on "blitz" maneuvers, they don't have to pack along heavy steel or wood boats for crossing streams in their path. Instead they're using rubberized cotton craft like that shown above. The boat will carry as many as six men. Several of the cotton boats, lashed together, are used in ferrying heavy field equipment.

ment? Syble was so happy over the week end? (Let's go to Camp Barkeley, Syble!)

Maxine has such an interest in Sunset? Hulen was so worried about a certain party's fountain pen last Friday? (Didn't sprout legs and walk off, did it?)

A certain blonde gets around so fast and finds out so much news to go in the Soph report? (How do you do it, Toots?)

Mr. Hardegree: "If you had \$10 in one pocket and \$75 in the other pocket, what would you have?" Stephen: "Someone else's pants"

### Sophomore News

Last week the Sophomore class elected their candidate for queen of Munday High School. The class' choice was Jerry Chamberlain, and as her escort she chose Aubrey Roden.

Jerry said: "I wish I could have taken all the boys in my class, for it was really hard to pick the one for my escort."

All the Sophomores say: "The best of luck" to Jerry and they will really work hard for her.

The class plans to have pitching money at the Hallowe'en Carnival, and some other things that they will decide later. To get money for the queen they will put jars of beans in downtown stores and people will guess at the number of beans in the jars.

### Hooray for the Fish!!

We're ahead of all of the classes, now, even the Seniors, because we have a new pupil. We're glad to have Jean Davis with us now. She was elected secretary of our club. We just organized it today. We don't have a name for it yet, but we know it will be a success.

### We Wonder Why . . .

All the Freshmen were so happy all day Tuesday? (It couldn't be over Tuesday night, could it?) Bernice was so downhearted Monday. (Could it be jealousy?) Elma was so happy on Monday? Joylene wanted to go over to Grammar School this week. Dickie was so glad to have Jean come into our class?

Bernice wanted to see a new Mercury car from Weinert? (Whose car is it, Bernice?) Miss O'Donnell was so happy

Monday. (Was it over that compliment?)

The Freshmen are selling chances on a hen. They are 5c each. The hen is to be given the night of the carnival. Everyone gets a chance. Maybe you'll get that hen! You can't always tell!

We kinda hate to get our report cards. Oh, what do we care, we all made good grades, anyway, we hope so.

Come on Fish! Win that Queen's race for our Queen! (Latrece!) We still wonder why Patsy doesn't like someone any more.

### Home Ec News

The Freshman Home Ec girls are studying Personality and Clothing.

They plan to start sewing soon. The Sophomore girls are also studying personality, coloring and different patterns of dresses, especially tailored garments. They intend to make a tailored suit or dress before long, but first they want to choose the color best suited for them and the material.

The Junior girls are getting prepared to take up cooking.

They have also been studying the ways of community life and church organizations.

George Salem and Misses Lorene and Polly Silman visited relatives in Lubbock last Sunday and Monday.

Mrs. C. F. Williamson of Abilene and Mrs. H. G. Williams were at the bedside of their mother, Mrs. D. Lawless, who was seriously ill the first of last week.

Sgt. Grady Beck, Jr., who is stationed at Camp Bowie, Brownwood, came in last week for a visit with his parents, Mr. and Mrs. G. L. Beck. He is on furlough.

## Details For Farm Program Are Under Way

Speeding up work to get 1942 AAA allotments to farmers by November 1 is the gigantic task facing county officers now, August Schumacher, chairman of the Knox county AAA committee, announced this week.

Allotments are being issued about six months before the usual time since all decks must be cleared for the house-to-house canvass in the national defense program, the AAA official said. The farm plan sheet method, through which farmers plant crops for maximum payments under the AAA program, will be used by committeemen in the feed and food campaign.

Since greater production of milk, eggs, and other foodstuffs, are being asked of Texas farmers, county goals will be announced in a few weeks, Mr. Schumacher said. Secretary of Agriculture Claude R. Wickard outlined details of the defense program to southern agricultural workers in Memphis, Tenn., September 29 and 30.

Flexibility of the AAA program to curtail production of surplus commodities and at the same time increase production of commodities essential to defense needs is evidenced by the 1942 AAA program which has been designed to

meet a national emergency, Mr. Schumacher said.

Cotton, wheat, rice and peanut allotments will be established as in former years but no general allotments will be made because of the increased emphasis on feed and food. Allotments will also be established for commercial Irish potatoes.

When details of the 1942 program are received, education meetings will be held in the various communities, the chairman said.

Charles Williams of Goree had his tonsils removed at Haskell the first of last week. He is reported to be doing nicely.

Lieut. John B. Reneau, who is stationed at Fort Bliss, El Paso, visited his parents, Mr. and Mrs. John B. Reneau, over the week end.

R. L. George of Seymour was a business visitor here last Monday.

## THERE GOES A TIRE!

...but why junk the car?

Any car can have a blowout in a tire. But you wouldn't junk the car. You'd just fix the tire—or replace it.

That's very much like a situation that exists in the retailing of beer. Beer retailing has its "flat tires," too—retailers who disobey the law or who permit unsavory conditions.

To protect your right to drink good beer, we of the beer industry want to eliminate the few "flat tire" retailers. Here's another reason: Right here in Texas, beer has provided employment for 31,165 persons, supports an annual payroll of \$22,076,182 and paid \$2,273,968.64 in state taxes last year.

The state, too, has an important stake in the beer industry's purchases—for material, equipment and services—from more than 100 other industries.

Those benefits are worth preserving. You can help us preserve them by patronizing only the reputable and legal places where beer is sold and by reporting any law violations you may observe to the duly constituted authorities.

**BEER...a beverage of moderation**

## J. E. Hunter And Miss Doris Apple Marry Wednesday

Mr. J. E. Hunter of Munday and Miss Doris Apple of Knox City were united in marriage last Wednesday morning at ten o'clock at the Baptist parsonage in Munday. The wedding ceremony was performed by Rev. W. H. Albertson, pastor of the First Baptist church in Munday.

The bride is the daughter of Mr. and Mrs. E. M. Apple of Knox City, and Mr. Hunter is the son of Mr. and Mrs. L. E. Hunter, who reside near Munday. Both young people are well known over the county, where they have a host of friends.

The young couple will make their home in Los Angeles, Calif., where Mr. Hunter is employed.

## Mothers Society Of Rhineland In Monthly Social

On Wednesday afternoon, October 1, the Mothers Society of Rhineland held their monthly social. Rev. Father Herman attended this social and discussed plans for a big picnic in Rhineland on Thanksgiving. He is very anxious to make this affair a great success in order to bring nearer the completion of the interior of the Rhineland church. He also wants the mothers to have a study club. Books will be ordered and it is hoped to get this club started as soon as possible.

Forty-two and various card games were enjoyed. Mrs. Peter Loran and Mrs. Pete Albus were winners of the prizes.

Hostesses for the occasion were Mrs. Joe Blaschke, Mrs. George Petrus, Mrs. Frank Herring, Mrs. Clarence Herring, Mrs. Leo Fetsch, and Mrs. Albert Wilde.

A delicious plate lunch and coffee was served to the following: Rev. Father Herman, and Meses. Albin Homer, Vincent Albus, Clement Albus, Herman Jungman, John Hoffman, Leo Kuehler, Will Hertel, Joe Brown, Anton Kuehler, Joe Sokora, Anna Urbaneczyk, Magdalena Albus, Henry Herring, Martin Schumacher, Francis Albus, Fred Decker, John Albus, Peter Albus, Joe Wilde, K. G. Homer, Albert Sokora, Joe Koenig, Peter Loran, and Hubert Bellinghausen.

## Service Guild Meets Monday To Study Book

Members of the Wesleyan Service Guild met last Monday night in the study of the book, "Dangerous Opportunity," which is a study of China.

Jeanette Campbell was leader of the program, giving the part, "Value of Silence." "The Emergency of a Nation" was also given, with Mrs. Joel Massey rendering the first part and Mrs. Aaron Edgar the second part.

Others present were Mrs. R. L. Kirk, Mrs. Oscar Spann, Mrs. L. L. Womble, Mrs. Levi Bowden, Mrs. Joe Bailey King, and Misses Ruth Baker and Merle Dingus.

County Clerk M. T. Chamberlain was over from Benjamin Wednesday, attending to business matters.

Long sleeved velveteen evening dresses will be fashion leaders at college dances this year, the National Cotton Council reports. This cotton velveteen has flowing full skirt and renaissance bodice trimmed around the neck and shoulder-line with curly-cue cord details.

ture in the interest of school lunch rooms.

A delicious plate was served to 13 members and two visitors, Miss Allmon, and Mrs. Eva Warren of Dallas.

## Young People In District Meet At Roaring Springs

The League members from Haskell, Rule, Goree, Spur, Munday, Westover and Roaring Springs met at Roaring Springs last Sunday in a district meeting.

Lunch was served in the church Sunday and was enjoyed by everyone. Before lunch, the delegates went to the springs near Roaring Springs. This was a very beautiful sight and was very interesting. Roaring Springs furnished nice homes for the out-of-town members.

Goree had the largest number present among the out-of-towners, including Frieda Lee, Floyd Farmore, Helen Duncan, Betty Sue Stevenson, Roberta Ratliff, Faye Duncan, Imogene Morton, Betty Jean Coffman, Eunice Thornton, Janell Fitzgerald, Madelyn Goode and Lois Miller.

Attending from Munday were

Ida Bell Sherrrod, Helen Haymes and Janie Spann.

## FIRST BAPTIST CHURCH

Things go round and round these days, and happen so fast that it is difficult to keep up. It is like Hitler's and Satlin's reports, you have one thing one and another the next. This weather all this year has been variable. However, we can put our trust in the Lord and know that He moves on with one end in view, and that is our good and His glory. Whatever comes or goes, God's love and providence are ever the same.

Sermon subject for Sunday morning: GOD'S DEEPEST HORROR IN SEN.

WE ESPECIALLY URGE THE MEMBERS OF THE CHURCH TO BE PRESENT SUNDAY MORNING, AS THERE WILL BE A SPECIAL CONFERENCE AND SOME RECOMMENDATIONS OFFERED BY THE BOARD OF DEACONS.

Our Training Union director, Mr. Jim Reeves and his co-workers are making special effort this week to have a good attendance in the Training Service Sunday evening. Remember that we meet at 6:30. There is a place for every one,

from the youngest to the oldest. The programs are varied to suit the different ages. Come—You'll find it interesting and profitable.  
W. H. Albertson

## PRESBYTERIAN CHURCH

Rev. Clifford Williams, pastor of the First Presbyterian church, will dedicate his sermon Sunday morning, October 26, to the sailors in the U.S. Navy and relatives of all sailor boys. Monday, October 27, is designated as "Navy Day" in America.

Preaching services will be held at 9:30 a.m. Special music will be rendered, and all Legionnaires and ex-service men will be given a hearty welcome at this service.

J. B. Justice of Goree was a business visitor in the city Tuesday.

Sheriff Louis Cartwright of Benjamin was here Wednesday on official business.

The Munday chapter of F.F.A. met on Tuesday, October 21, to adopt a program of work, which includes activities under the following headings:

Supervised farming, cooperation, community service, leadership, earnings and savings, conduct of meetings, scholarship, recreation and general. A committee of three members had charge of each of these phases of the work program.

Wayne Tidwell and Ralph Tidwell were elected to represent the chapter in the Vernon district F.F.A. meeting, to be held at Vernon on Saturday, November 1. These members will present a suggested program of work for the Vernon district as set up and adopted by the local chapter.

Munday F.F.A. boys visited the Haskell Fair on October 8. The exhibits or most interest were

dairy cows and heifers, chickens, horses, sheep and hogs. The boys thought the dairy heifers the most interesting of all.

Mr. Seofield, district agent, and Mr. Eudaly, dairy cattle specialist from A. and M. Colleges, were the judges. They told why the cow won and why others didn't win. The boys also enjoyed the carnival. October 14 being agriculture work day, all agriculture boys worked to earn money for the F.F.A. treasury. The money will be used for carrying out different activities of the year and to help finance an educational tour this summer.

by Hulen Montgomery,  
F.F.A. Club Reporter

**Cotton Insurance Program Explained By Marvin Allen**

Determining an average lint yield and premium rate per acre for every cotton farmer in Knox county is the first task to be accomplished under the cotton crop insurance program, Marvin Allen, secretary of the Knox county ACA has announced.

Until these figures have been approved by the State AAA committee and Federal Crop Insurance

If, as salesmen assert, the woman generally has the last word in selecting a new car, the Ford for 1942 is due for a big year. A new "high" in feminine appeal is achieved in the '42 Ford lines, with Super DeLuxe Tudor Sedan. The long graceful fenders, and flowing Super DeLuxe and DeLuxe lines streamlines combined with a lower body. Running boards are entirely either the famous V-8 engine or an concealed. This is the new Ford advanced 90-horsepower "six."

Corporation, applications cannot be accepted, the AAA official explained.

"We hope to start writing insurance applications in the county later in the fall, however, detail work will not begin until 1942 farm allotments have been determined," Mr. Allen said in explaining that allotments would be issued by November 1 in order that the food-defense program could get under way.

The 1934-40 cotton history for a farm will be the basis for determining the average lint yield for a farm. In the event historical data is not available, appraised figures will be used to determine the average yield, Mr. Allen explained.

Premium rates, which reflect as nearly as possible the crop insurance risks on the farm, will be taken from losses shown in the base period. By this method, each farm will have an individual rating and the possibility of the good farmer carrying part of the risk of the poor farmer will be avoided, the AAA official pointed out.

The crop insurance program, under which 50 per cent or 75 per cent of the average yield may be insured, protects farmers against hail, rain, flood, drought and other factors over which they have no control. It does not insure losses because of poor seed, poor management, or failure to plant cotton at the proper time of year, the secretary said.

County Judge J. C. Patterson of Benjamin was a business visitor here Wednesday.

According to the Census Bureau there are fewer sharecroppers in the U. S. now than at any time in the last two decades. The 1940 census found 521,291 sharecroppers in 16 states—234,987 less than in 1920.

IT PAYS TO ADVERTISE

**FOOD WILL WIN THE WAR—AND WRITE THE PEACE**

These words of Secretary Wickard's are well on their way to becoming bywords of World War No. 2. They are more than just talk. They are more than just a slogan to encourage farmers to produce more food in the interests of national defense. Leaders throughout the world concur with the Secretary in his belief that "Food will win the war—and write the peace."

The American farmer has heard the call of Secretary Wickard for more food—more milk and eggs and pork and certain vegetables—and the farmer is ready with his answer. No one has any doubt but that agriculture will more than meet the demands made upon it.

In Texas the plea for increased production of the foods needed to fight aggression might well prove more important than in many other sections of the country. Some portions of Texas in the past few years have been getting out of the production of cotton and not the production of foodstuffs—meat, eggs, milk, vegetables. The call for more production should accelerate that shift from the old one cash crop system to a better balanced cropping system.

Texas already has a big start in that shift. During the past eight years a lot of land has been taken out of cotton and turned to the production of food. Pasture acreage has increased. Feed acreage has increased. Production of the foods needed now in such great volume has been increasing steadily through the years. Now Texas farmers are in a position to better their incomes and, at the same time, help strengthen America and the nations resisting aggression.

In every county of the State, USDA Defense Boards have been set up to assist farmers in doing their share in this great effort. Heading each of these boards is the chairman of the county AAA

committee.

It is important to remember that the chairman of the board is not in and of himself THE board. The board is composed of representatives of all USDA agencies in the county and the fullest cooperation of each and every one of them is necessary to successful operation. All matter should be discussed thoroughly with the board. The board, as a working organization, should lay plans, make decisions, and study information transmitted through the chairman.

Moreover, the job does not stop within the board itself. It goes beyond the board to the various employees of the USDA agencies. In the AAA, every employee and every committeeman, both community and county, is expected to do his part in carrying out the work which the board must do. The same holds true for other agencies. All of us must our part.

**LEGISLATION SUPPORTS PRICES OF NEEDED FOOD**

College Station.—Texas farmers answering America's call for increased quantities of vital foods in the Farm Defense Program have the protection of Federal farm legislation against price collapses of these commodities, B. F. Vance, chairman of the Texas USDA Defense Board, said this week.

The new act of Congress, known as the Steagall amendment, requires that whenever it is necessary to encourage the expansion of non-basic agricultural commodities in the present emergency the Secretary of Agriculture must issue a public notice of the expansion. Through the same law, Vance said the Secretary of Agriculture supports the farm price of the commodity at not less than 85 per cent of parity. Before the price-supporting program can be discontinued, the Secretary must give sufficient public notice of the termination so that producers may make readjustments in production, Vance continued.

Secretary of Agriculture Claude R. Wickard has already given public notice covering hogs, eggs, evaporated and dry skim milk, cheese and chickens until December 31, 1942. Cotton, wheat, corn,

tobacco and rice are supported by law through loans at rates based in 85 per cent of parity, Vance declared, but he pointed out that surpluses of these crops already exist and no increased production is needed.

The new protection is not needed now, the State Board chairman said, since the prices of the non-basic commodities named are well above the 85 per cent of parity level, but farmers can plan their 1942 production in the knowledge that prices can and will be supported should it become necessary.

**Defense Bond Quiz**

Q. Just what is deflation and how can it be minimized?

A. Inflation is a decrease in the buying power of the dollar caused by a rise in cost of living. This, in turn, is brought about by a heavy public demand, resulting from a rapid increase in the national income, for things which cannot be produced in large enough quantities. Every citizen can help minimize inflation by buying Defense Bonds and Stamps.

Q. How can I get cash for my Defense Savings Stamps if I should need to redeem them?

A. Go to any post office.

Q. I cannot find the word "Defense" anywhere on the Defense Savings Stamps I have bought. Are they merely Postal Savings Stamps, or does my money invested in these Stamps go into the Defense Program?

A. The money you use to purchase these Stamps goes definitely into the Defense Program. The Stamps bear the words "America on Guard," which indicates that they are an integral part of the Defense Program.

Q. What is the Treasury's purpose in putting Defense Savings Stamps on sale in retail stores throughout the Nation?

A. To make it as easy as possible for Americans everywhere to buy these Stamps, which as everyone knows, may be exchanged at many postoffices and banks for Defense Savings Bonds.

NOTE—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association, or write to the Treasurer of the United States, Washington, D.C. Also Stamps now are on sale at most retail stores.

**What You Should Know About Vitamins**

**Vitamin B-2**

It's source is very much the same as Vitamin B1. It is a fine orange-yellow needle-like crystal or powder. Melts at 275 degrees with decomposition. It is soluble in about 9000 parts of water, less soluble in alcohol, sparingly soluble in amyl acetate, very soluble in sodium hydroxide, insoluble in chloroform or ether. It's aqua solution is of a greenish color, which disappears on addition of an alkali. When in solution and exposed to light it rapidly deteriorates, but in the solid form the deterioration is very slight. Dosage is 1 mg. for infants and 3 mg. for adults daily. During pregnancy the dosage may be from 5 to 10 mg. daily. Soreness or raw tongue and lips; sores in corner of mouth, itching and burning of the eyes and certain eye characteristics often associated with pellegra are symptoms that you need Vitamin B2.

**NOTICE**

**To Taxpayers**

**NOVEMBER 1st IS LAST DAY TO SAVE MONEY ON DELINQUENT TAXES**

Attorney General Gerald C. Mann has ruled that under a recent act passed by the Legislature, the penalty and interest on all delinquent state and county taxes, up to the year of 1939 on both real and personal property, has been eliminated until Nov. 1, 1941, provided the taxpayer pays all of his delinquent taxes at one time.

If the taxpayer owes delinquent taxes on more than one piece of property and only pays taxes on one, however, he must pay a flat six per cent penalty.

## I GIVE YOU TEXAS

By Boyce House

America—love it or leave it.

It was the Aspermont Star that gave the first reminder: "Just 71 more shopping days until Christmas!"

A boy rushed into a drugstore and said, "Father's being chased by a bull!" The druggist asked, "Well, what do you want me to do about it?" The lad replied, "Gimme a roll of film for my camera, and hurry."

For 20 years, your columnist has made a study of the history and romance of Texas oil rushes. I would hesitate to say how many weeks and months and how much my own money have been spent in traveling over the State to get first-hand information. Two books as well as several articles in the Saturday Evening Post and other magazines have resulted. When one of the oil and gas associations became history-conscious and decided to celebrate the 40th anniversary of the Spindletop field, this writer wasn't invited to make even a one-minute talk.

## COMING SOON!

Rexall's Original  
**1-CENT SALE!!**

I am the Country Weekly. I am the friend of the family, the bringer of tidings from other friends; I speak to the home in the evening light of summer's vine-clad porch or in the glow of winter's lamp.

I help to make this evening hour; I record the great and the small, the varied acts of the day and weeks that go to make up life. I am for and of the home; I follow those who leave humble beginnings; whether they go to greatness or to the gutter, I take to them the thrill of old days, with wholesome messages.

I speak the language of the common man; my words are fitted to his understanding. My congregation is larger than that of any church in my town; my readers are more than those in the school. Young and old alike find in me stimulation, instruction, entertainment, inspiration, solace, comfort. I am the chronicler of birth and love and death—the three great facts of man's existence.

I bring together buyer and seller, to the benefit of both; I am part of the market place of the world. Into the home I carry word of the gods which feed, and cothe, and shelter, and which minister to comfort, ease, health and happiness.

I am the word of the week, the history of the year, the record of my community in the archives of state and nation.

I am the exponent of the lives of my readers.

I am the Country Weekly.

Some jingler once wrote: "I all be true that I do think, There are five reasons we should drink, Good wine—a friend—or being dry—

Or lest we should be by and by— Or any other reason why."

This seems to be the logic of some who are urging a special session of the legislature. Not wishing to give the true purpose they have in mind, certain special sessionists put forward the proposed

pipe line from Texas to the East as a reason but a correspondent points out that Congress already has given the President ample authority to condemn the right-of-way to build it—so they'll have to think up a new "reason," for urging that the taxpayers be put to the expense and turmoil of a special session.

Mexican sayings:

It is pleasant to command, though it be only a flock of sheep. He who loves not the loved one's faults does not truly love.

However early you get up, you cannot hasten the dawn. The dearest child of all is the dead one.

He who loves you will make you weep, and who hates you will make you laugh.

Lowly ground and poorly tilted will sometimes produce a fragrant rose.

## LOCALS

Mr. and Mrs. A. U. Hathaway and Mrs. Addie Layne returned home Friday night from Corpus Christi and other points where they had been visiting for a month. Mr. and Mrs. Hathaway visited Mr. and Mrs. Ralph Blanton and other relatives at Corpus, where "Uncle Happy" got in lots of fishing. Mrs. Layne visited a sister and niece in Alice, Texas.

Mrs. Don Ferris returned home last Sunday after a week's visit with her parents, Mr. and Mrs. C. E. Binnion, and with other relatives in Sweetwater.

Mr. and Mrs. Lowry Rigby and little daughter returned to their home in Ruidosa the latter part of last week after several days visit with relatives and friends here.

Miss Helen Ruth Morrow, who is in nurses training at Fort Worth, visited with friends here last Sunday.

## News From Goree

Houston Covey, Jr., who is stationed at Camp Bowie, Brownwood, has been visiting in Goree for several days.

Mrs. G. D. Jones, who has been seriously ill for the past week was carried to a Wichita hospital Thursday. She is reported somewhat improved.

Mr. and Mrs. Ira Stalcup made a trip to Denton Sunday to take their daughter, Chlo Dell, and Virginia Goode and Lorena Cowsar back to school. The girls visited home folks here over the week end.

Margaret Pryor, daughter of Mr. and Mrs. Ezra Pryor, who is attending school at Canyon, visited her parents and other relatives over the week end.

Mr. and Mrs. Glen R. Cowsar and Morris Fitzgerald all of Odessa, were visitors in Goree over the week end.

Miss Jennie Ranson of Seymour, aunt of E. R. Camp, is visiting in the Camp home.

Mrs. Lester Bowman was visiting her parents last Monday.

Mr. and Mrs. Jack Coy and daughter of Old Glory were visitors in Goree last week end, with Mrs. Coy's parents, Mr. and Mrs. Frank Hill.

Ethelda Robinson, who is attending school in Abilene, spent the week end with her parents and other relatives.

Mrs. Dora M. Rouse, of Pampa, and Mrs. Roland Rouse of Shamrock are visiting Mrs. Rouse's daughter, Mrs. Orb Coffman, and other relatives in and near Goree. Mrs. Roland Rouse is an aunt of Mrs. Coffman.

Gordon Earl, son of Mr. and Mrs. Ernest Moore, has been on the sick list.

Mrs. Orb Coffman and Mrs. Sam Hampton and son, Jackie, were business visitors in Wichita Falls last Thursday. Mrs. Hampton visited Mr. Hampton, who has been a patient in a Wichita Falls hospital for a week.

Mr. and Mrs. Payne Wood of Littlefield were Sunday afternoon visitors in the Sam Hampton home.

Mr. and Mrs. W. O. Barnett and Mrs. Foy Bain Barnett spent Sunday in the home of Mr. and Mrs. Foy Easley of Anson.

Mrs. Oliver Lee of Munday and daughter, Mrs. Gene Tonn of Haskell were visitors in the home of Mrs. Jack Fowler and Mrs. Olive Dulany last Sunday.

Rev. Jimmie Rice went to Wichita Falls last Saturday to give a blood transfusion for Mrs. G. D. Jones, who is a patient in a Wichita Falls hospital.

Mr. and Mrs. Tom Baker, longtime residents of this section, have moved to Harlingen to make their home. They like the climate there and will also be nearer their children.

Mr. and Mrs. Jimmie Taylor of Sioux Falls, South Dakota, visited in the home of Mr. and Mrs. J. W. Fowler last Sunday and Monday.

Hubert Edwards made a business trip to Harlingen recently. While there he visited his parents, who have been living in that section for several years.

H. P. Malone and Jerald Hooser of Seymour were visitors in Goree Monday.

Betsy Glo Norris, who is attending school at Wichita Falls, was a week end visitor with home folks in this city.

Virginia Goode and Chlo Dell Stalcup, who are in school at Denton, visited home folks last week end.

Mr. and Mrs. Chas. Goode made

a business trip to Fort Worth last Thursday.

Mr. and Mrs. Amos Williams and Doris Williams visited in Abilene and Camp Barkeley last Monday.

Mary Jane Duncan is visiting home folks for some time and is employed at the telephone office.

### TO LEAGUE MEETING

Miss Ida Bele Sherrod, Helen Haymes, and Janie Spann spent last Saturday and Sunday in Roaring Springs, where they attended a district meeting of the Epworth Leagues of this district.

Sgt. G. R. Eiland, Jr., who is stationed at Sheppard Field, Wichita Falls, visited relatives and friends here over the week end.

Ray Longino, son of Rev. and Mrs. H. A. Longino, of Crowell, visited his brother, Ted, and friends here last Sunday.

Mr. and Mrs. Les Cowell of Avoca visited in the home of Mr. and Mrs. J. C. Campbell last Sunday.

Ted Longino, son of Rev. and Mrs. H. A. Longino of Crowell, came in last week end and has accepted a position as clerk in the Baker-McCarty store.

Miss Quintna Wiggins, who is teaching in the Putnam schools, spent the week end here with her parents, Mr. and Mrs. J. A. Wiggins.

Miss Edith Simmons, a student in N.T.S.T.C., at Denton, spent the week end with home folks at Munday.

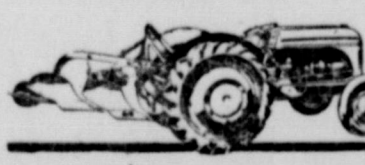

Mr. and Mrs. M. C. Hallmark and two daughters visited relatives and friends in Merkel last Sunday.

Mr. and Mrs. M. L. Barnard were visitors in Wichita Falls last Sunday.

## YOU CAN CUT FARMING COSTS

### Sports Report

The Mustangs received a forfeit from Sagerton this week in their second conference game. Although there was no game, school turned out at 2:00 o'clock and the students attended games at the neighboring towns.

The Mustangs will remain at home for the rest of the season for games on the home field. They will play Avoca next Friday. The boys are expected to be ready for the game, with few injuries. Everyone is expected to come out and cheer them to victory, on their first home appearance.

### Sadie the Snoop

E.C., do you sell much lumber these days?

What's the matter with Louise and Supy? Louise, maybe you could explain a little.

Francis, how is the Knox City gin? Did I see you there Saturday night?

Knox City seems to be pretty interesting to three senior boys. Lee, do you know anything about this?

We wonder where Miss Cole went last week-end.

Miss Reynolds, have you heard from California lately?

Lonnie and Jimmy looked over the town of Knox City Sunday—or was it the town?

### Junior Report

The junior class gave a box supper and cakewalk last Friday night at the school gym. We wish to take this opportunity to thank everyone very sincerely for helping us. This event helped us to get started making money for the Junior-Senior banquet later in the year. We wish to again thank everyone for their support.

### Sophomore Report

The Sophomore class had to call their party off because of bad weather; but they are hoping to have it this week end.

Sophomore personalities: Gene

### JOBS FOR GRADUATES

Many unfilled positions every month virtually assure immediate employment opportunities on graduation. Urgent demand for graduates both in business and government offices at handsome starting salaries. Phone, call, or write today for Special Offer, before rates advance. Draughton's Business College, Wichita Falls, Texas. 16-2tp

Hamilton was born at Benjamin, Texas, March 22, 1925. Gene was on first string in basketball and football until this year. He has been ill which prevents him taking part in any kind of activities.

Some of his favorites are:  
 Sport: Basketball.  
 Teacher: Miss Cole.

### Freshman Report

Freshman personalities: Bryson Laird was born August 22, 1928, at Benjamin, Texas. Bryson has been with the class since his first year in school. He is four feet two inches tall and has blond hair. He is slightly small, but he makes some powerful grades.

Some of his favorites are:  
 Sport: Football.  
 Song: The Old Apple Tree.  
 Subject: General Math.  
 Teacher: Miss Cole.  
 Color: Red.

### Ralph Schumacher Recent Graduate In Army Radio Work

When 300 radio communication students gathered at commencement exercises in the Radio Operating hangar at Scott Field, Ill., recently, Private Ralph G. Schumacher was among the graduates to receive a diploma for his excellence and efficiency, according to Col. Wolcott P. Hayes, commandant.

Son of Mr. and Mrs. A. S. Schumacher, Rt. 2, Pvt. Schumacher completed last week a 22-week intensive course in radio theory and mechanics which has qualified him to be sent to Victoria, Texas, as an expert technician.

Graduates last week were addressed and congratulated by Capt. Carl Swyter, supervisor of the Aircraft Radio division of the army's radio university, who told the graduates they were vital keys in national defense regardless of the post to which they were being sent.

Although Scott Field has been graduating approximately 300 technicians every two weeks, the post will be expanded this year to a capacity of 20,000 graduates every year, making the university the largest school of its kind in the country. The school is open to all enlisted men of selectees who have a high school education of its equivalent.

## Army Calls for 1375 Men; New Modified Plan of Induction Given

A modified plan for induction of trainees under the jurisdiction of the Texas Selective Service System will be placed into immediate effect with the Army's most recent call for 1375 men, it was announced today by General J. Watt Page, State Selective Service Director.

The new system has the approval of the War Department, General Page said, and will reduce almost entirely the uncertainty with which registrants have heretofore been faced during the period between the local board examination and the date set for induction. A major advantage also in the new plan is that registrants will be given ample opportunity to make final arrangements in their financial and other personal matters.

"In the beginning," General Page pointed out, "men called for induction did not know until they reported for induction whether or not they would pass their Army physical examination. This naturally worked a hardship on many registrants—some of them had given up their job only to be rejected at the induction station. Now, registrants will know well in advance whether they will be inducted and are in a position to make their plans accordingly."

General Page explained that the modified plan calls for the usual preliminary local board examination within 30 to 60 days prior to date of call for induction. Within 30 days prior to call selectees will be sent at government expense to the Army Examining Board in their district, where a complete examination, including physical, citizenship, morals, and literacy will be given. (Army examining stations in Texas are located at Houston, Dallas, Ft. Sam Houston near San Antonio, Ft. Bliss near El Paso, and Lubbock.)

After examination the local board concerned will be notified of the result of the examination and the selectee will be returned to his home at government expense. Wherever possible, registrants will be permitted to return to their homes the same day they are examined by Army physicians. General Page pointed out that the new system when the Army requisitions the State Selective Service Headquarters for a certain number of men to be delivered on given dates, the 351 local boards throughout the State will be called upon to furnish their quota of selectees who have already been accepted by the Army Examining Boards, and these selectees will be sent direct to the designated reception centers in the Eighth Corps

Area for immediate induction. Induction will normally follow within 20 to 30 days after the Army physical examination, and selectees will receive at least 10 days notice prior to call for induction.

"For example," General Page said, "the Army has just requisitioned the Texas Selective Service System for 1183 white selectees and 192 colored selectees. State Headquarters has today issued a call on Texas' local boards for the actual number each will send to Army Examining stations during the period October 27 through October 30. However, these men who are accepted will not be inducted before December—the white selectees on December 1 and the colored selectees on December 6."

Mr. and Mrs. Jimmie Silman were visitors in Stamford last Tuesday.

Mrs. Deaton Geen and son, Gary, spent the first of this week in Wichita Falls, visiting with Mrs. Green's parents, Mr. and Mrs. F. H. Newsom.

Mr. and Mrs. Lawrence Kinsey and son, Larry, visited relatives in Fort Worth over the week end.

Miss Patsy Ruth Mitchell, who is attending N.T.S.T.C. at Denton, spent the week end here with her parents Mr. and Mrs. A. H. Mitchell.

## Cole's Circus To Show Sunday In Stamford

The Cole Brothers Combined Circus, with Jack Dempsey in person and Dorothy Herbert, the world's most daring rider, and Senor Juan Lobo, Mexico's greatest cowboy champion, will exhibit at Stamford on Sunday, October 26. The big top with its canvas of blue and gold will be pitched at the old ball park.

A mile long train of double-length steel cars are used to transport the huge organization from city to city. Traveling with the big show are nearly 1000 people. More than 300 men and women aren't stars from all parts of the world are listed under the show's banners this year. A stupendous array of circus stars and features new to American audiences are boasted of.

Then there are clowns—50 of them this year, led by America's greatest, including Emmett Kelly, Otto Breibling, Hoarce Laird, Toby Tyler, Arthur Borella, Freddie Freeman, and Bo-Bo Barnett, definitely the greatest in all the world, it is claimed.

The performances will be given at 2 and 8 p.m., with the gates opening one hour earlier to permit inspection of the huge six-pole

menagerie, the largest traveling zoo in the world, with its big collection of wild and ferocious animals from the four corners of the earth.

Dr. and Mrs. Nollie Farrington of Fort Worth spent the week end here with Dr. Farrington's mother, Mrs. W. P. Farrington, and with other relatives and friends.

Major Miller, who has been stationed in Georgia, spent last Sunday here visiting in the home of Mr. and Mrs. R. L. Myers.

Mrs. Ralph Johnson of Chickasha, Okla., is visiting with relatives and friends here this week.

Mrs. Helen von Baumann and Miss Virginia Smith have returned home after several days visit in Dallas.

Mr. and Mrs. W. W. Roberts, who moved to Big Spring several months ago, have returned to Monday to make their home.

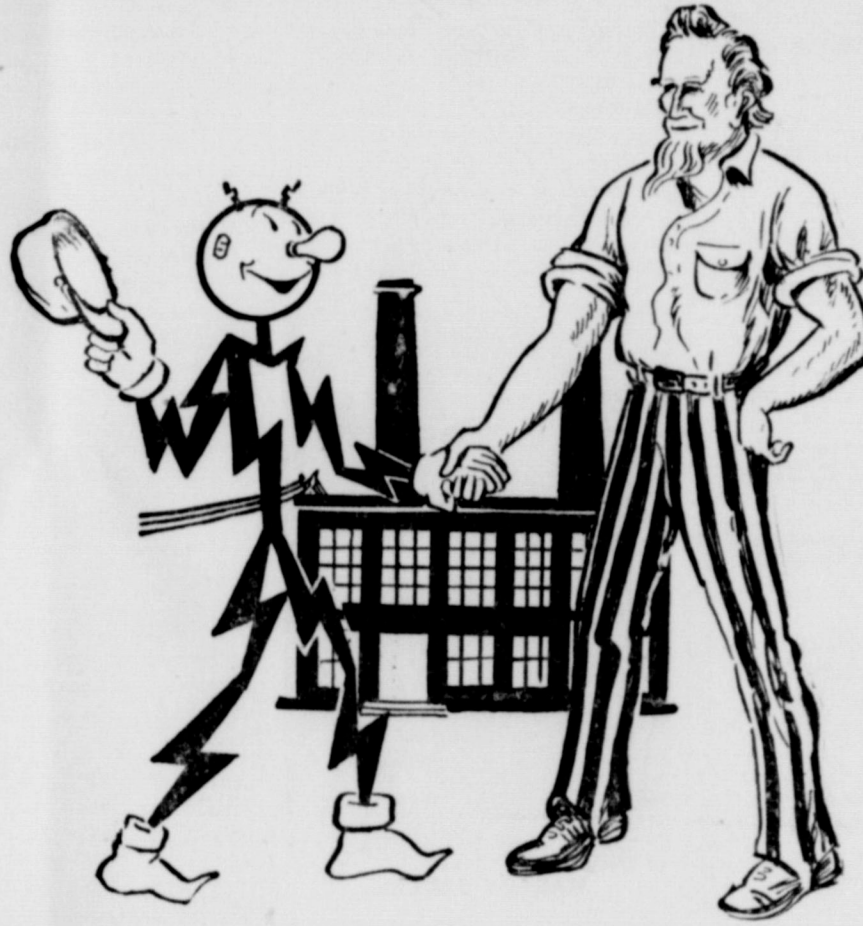

Mrs. R. F. McGuire of Vera was a business visitor in the city last Saturday.

County Treasurer R. V. Burtos of Benjamin was a business visitor in the city Monday.

Henry Redmond and Miss Elsie Andrews or Dallas visited in the home of Mr. and Mrs. Jimmie Harpham last Sunday.

## Your Electric Servant

Is Classified as a "National Defense Utility"

This Company is serving Camp Barkeley, Abilene; Goodfellow Field, San Angelo; Bruce Field, Ballinger; Arledge Field, Stamford; Victory Field, Vernon; and other associated and cooperative projects, all of which are defined as National Defense Premises.

The Company, therefore, is classified as a National Defense Utility, and its property is protected by an Act of the Congress of the United States (Chapter 926-3D, Session 76 Congress) approved April 20, 1918; and Texas Labor-Violence Law (H. B. 800) passed by the Legislature on April 4, 1941.

### Section 5 of the Federal Law reads as follows:

"That whoever, with intent to injure, interfere with, or obstruct the national defense of the United States, shall wilfully injure or destroy, or shall attempt to so injure or destroy, any national-defense material, national-defense premises, or national-defense utilities, as herein defined, shall, upon conviction thereof, be fined not more than \$10,000 or imprisoned not more than ten years, or both."

### Section 1 of Texas H. B. No. 800 reads as follows:

"It shall be unlawful for any person by the use of force or violence, or threat of the use of force or violence, to prevent or to attempt to prevent any person from engaging in any lawful vocation within this state. Any person guilty of violating this Section shall be deemed guilty of a felony and upon conviction thereof, shall be punished by confinement in the State Penitentiary for not less than one (1) year nor more than two (2) years."

ished by confinement in the State Penitentiary for not less than one (1) year nor more than two (2) years."

### Section 2 of Texas H. B. No. 800 reads as follows:

"It shall be unlawful for any person acting in concert with one or more other persons to assemble at or near any place where a 'labor dispute' exists and by force or violence prevent or attempt to prevent any person from engaging in any lawful vocation, or for any person, acting either by himself or as a member of any group or organization, or acting in concert with one or more other persons, to promote, encourage, or aid any such unlawful assemblage. Any person guilty of violating this Section shall be deemed guilty of a felony, and upon conviction thereof shall be punished by confinement in the State Penitentiary for not less than one (1) year, nor more than (2) years."

In these times of national emergency, it is the patriotic duty of every American to report any act or plot which endangers the country's safety. Thus, Your Electric Servant feels free in requesting that you report to local law enforcement agencies or to the nearest WTU office, any person or persons violating or planning to violate any of the provisions of the above acts, of which you have any knowledge.

West Texas Utilities Company

Lowe, Munday.

## Haskell Hospital To Celebrate Its Second Birthday

The Haskell hospital is celebrating its second anniversary next Sunday with a birthday party and homecoming for all babies born there during the two years of service to the area.

Up to the present time, the hospital has admitted 1103 patients. It maintains a large and efficient staff, headed by Stella Trice, superintendent, and is rendering a real service to citizens of the area.

A large crowd is expected to attend the birthday celebration.

## Moguls Play ...

## Sadler's Show Is Coming Here

Harley Sadler and his popular Stage Show will be in Munday Saturday November 1st. Their appearance will be for one night only. They are showing under the auspices of the Munday Fire Department. For something like 25 years this popular stage show has been playing this section and they

HARLEY SADLER

are always welcomed by everyone because they present clean, wholesome family entertainment, and at popular prices.

Harley announces that everything will be new for this engagement, new plays, new vaudeville, and outstanding musical presentations. "Wake Up America" is the title of our latest musical presentation and is said to be the most elaborate and pretentious ever presented by the Sadler Company. It has a patriotic motive and goes in for the George M. Cohan flag-waving, but as Mr. Sadler states, "This is something that is appreciated by all during these times."

The doors are open at 7:15 p. m. The musical presentations will begin promptly at 8:10 p. m. The play and other vaudeville will follow.

Prices—Children 10c, Adults 30c, reserve seats 10c & 20c extra. Federal tax included.

### DAUGHTER BORN TO MR. AND MRS. RALPH LAYNE

Mrs. Addie Layne received a telegram Sunday informing her of the arrival of a daughter to Mr. and Mrs. Ralph Layne of Deport, Texas. The child arrived at 7 a. m. Sunday, weighed six pounds and 10 ounces, and has been named Shelia Gene. Mother and daughter are reported doing nicely.

Dr. Chas. L. Farrington and daughter left last Sunday evening on their return to their home in St. Petersburg, Fla., after several days' visit here with Dr. Farrington's mother, Mrs. Wm. P. Farrington, and with other relatives. Mrs. Farrington accompanied them as far as Fort Worth.

Mr. and Mrs. Slater Wilson of Knox City were here Monday, visiting friends and attending to business matters.

J. E. Hunter, who is employed in California, came in the latter part of last week for a few days' visit with his parents, Mr. and Mrs. L. E. Hunter.
