

## BOUNTIFUL RAIN FALLS OVER KNOX COUNTY

### Benge Named Chairman of Navy Relief Committee

Austin, Texas.—The Navy Relief Society Citizens Committee in Knox county will be headed by T. G. Benge of Munday. This appointment has been announced by Attorney General Gerald C. Mann who is Texas Chairman for the Navy Relief Campaign. Under Chairman Mann's direction every county in Texas is being organized for the purpose of raising funds for the families and dependents of men serving in the Navy, the Marine Corps and the Coast Guard. Texans are asked to contribute \$210,000 to the national quota of \$5,000,000 for Navy Relief.

The Navy Relief Society campaign in Texas will be centered during Navy Appreciation week, April 19 to 25th, which has been officially proclaimed by Governor Stevenson.

"This Navy Relief Campaign gives the people of Texas a chance to contribute directly to the welfare of the brave men who are fighting the nation's enemies in the South Pacific, on the Atlantic convoy lines and on the seas everywhere," Chairman Gerald Mann says. "The Navy at present is our front battle line. They are suffering casualties and their families must be cared for. The Navy Relief Society acts speedily and cares for emergencies not provided for by the Government. This appeal is made in behalf of our own boys who are even now in the midst of battle. I know that Texans will not fail to respond generously to this request."

Contributions to the Navy Relief Society should be sent without delay to the chairman of each county organization.

### Typhus Fever Health Menace

#### State Health Officer Ask Eradication Of All Rats

Austin.—Typhus fever is fast developing into a serious health menace in Texas, according to Dr. Geo. W. Cox, state health officer, who today issued an appeal to every Texan to cooperate in the prevention of this dread disease.

"Last year, the greatest number of cases in the history of the state were reported, when there was a total of 733 cases of typhus fever in Texas. While there were only 46 cases of typhus fever reported during the first 12 weeks of last year, during the same period of this present year there have been 131 cases," Dr. Cox stated. "With the peak of this disease occurring during August, if the present trend is continued, we may expect serious conditions resulting from typhus by the end of summer.

The type of typhus fever occurring in Texas is known as endemic or Brill's disease, and is transmitted to human beings from infected rats, by means of the rat flea. The eradication of rats greatly reduces this health hazard, and a consistent program of rat poisoning, rat trapping, and rat proofing will materially aid in the control of typhus in Texas.

Dr. Cox stressed the fact that it is the patriotic duty of every Texan to cooperate in maintaining the highest possible health level, and the eradication of rats will promote the control of typhus among our civilian population as well as our armed forces.

#### JEFF DEAN BOWDEN ACCEPTS POSITION WITH STATE HEALTH BOARD

Jeff Dean Bowden, son of Mr. and Mrs. J. O. Bowden of Munday, visited his parents here a few days last week. He left Friday for Austin, where he has accepted a position as chemist with the state board of health.

Jeff Dean has been doing graduate work at Hardin-Simmons University after receiving his B.A. degree from that institution last June. He also taught freshman chemistry at the university.

#### COUPON DAYS AGAIN ANNOUNCED

So great was the success of the recent "Coupon Days" observed by Baker McCarty that C. P. Baker, manager, has announced Coupon Days again for Friday, Saturday and Monday.

In the firm's ad this week appear numerous coupons of designated value when used for the purchase of designated articles. No coupons will be on hand at the store, and customers are asked to clip these coupons from this week's issue of The Times and use them in making purchases.

The local firm believes citizens of this area will appreciate another opportunity to use the coupons to get big reductions in merchandise.

### Baker, Nelson Are Returned To School Board

#### More Interest Than Usual Is Shown In Election

More than usual interest in a local school board election was manifested upon the part of local citizens last Saturday as 299 voters went to the polls and cast their ballots. Usually the vote locally is much lighter than this year.

C. P. Baker and E. H. Nelson, both of whom are serving as members of the board, were re-elected, receiving a large majority of votes over the other two whose names appeared on the ballot. The vote was as follows:

E. H. Nelson.....226  
C. P. Baker.....225  
Otis Simpson.....64  
L. W. Hobert.....74

Upon appearing at the polls the voters were presented with three ballots, the other two being for the election of a county trustee-at-large, and a county trustee for this precinct.

W. E. Braly received 259 for trustee-at-large to the 26 received by Mrs. J. W. Melton.

As trustee for precinct 4, J. E. Cure received 225 votes to the 59 cast for W. W. Coffman.

On the basis of incomplete returns of the election received in Munday, two new county trustees were elected last Saturday. W. E. Braly was elected trustee-at-large, and J. E. Cure was elected trustee from Precinct Four.

### Teachers Invited To Conference At Benjamin April 10

An elementary education conference will be held at the Benjamin school building at nine o'clock Friday morning, April 10, it has been announced here.

Miss Edgar Ellen Wilson, from the division of elementary education of the State Department of Education, will come to the county with Mr. J. C. Jernigan, deputy state superintendent for this district.

All teachers and board members should avail themselves of this opportunity to discuss with Miss Wilson and Mr. Jernigan any elementary school problem. Jernigan notified school authorities that all teachers will be given credit for a day's school work if their schools are dismissed so the teachers may attend this conference.

Mrs. Pierce Voss and little daughter, Revis Ann, of Abilene, spent the week end in Munday with Mrs. Voss' parents, Mr. and Mrs. Elijah Cuningham, and with her sister, Mrs. I. N. Douglas and son.

### Many Attend Rally Monday At Benjamin

#### Victory Bonds Sold; Red Cross Fund Is Benefited

Many patriotic citizens of the county attended the Army Day rally held in Benjamin last Monday afternoon at three o'clock for the purpose of raising money for the Red Cross and for the sale of victory bonds.

The rally opened with a parade, led by the Knox City school band and the rhythm band of Benjamin. Immediately after the parade, the crowd assembled in the district court room for the following patriotic program:

"Star Spangled Banner," Knox City band; invocation, Rev. W. M. Lawrence; "Onward Christian Soldiers," rhythm band; plea for Red Cross funds, Mrs. V. H. Lindsey; "Any Bonds Today," Benjamin school chorus; plea for bond sales, Jack Idol; introduction of speaker, Judge James A. Stephens; invocation, Knox City band; address, Hon. John Lee Smith of Throckmorton.

Senator Smith brought a very interesting and forceful patriotic message. His message was of the type that characterized him as one of the leading speakers of this section.

A total of \$47.56 was received for the Red Cross through the auctioning of a pig, and other donations ran this amount up to \$104.50.

Those in charge of the rally reported the bond purchases and pledges have amounted to over \$8,000 this year. This was termed very good considering the fact that this was the first rally of this kind held in Benjamin.

### American Legion To Meet Tuesday

Important business will be taken up at next Tuesday night's meeting of Lowry Post No. 44 of American Legion, it was announced this week by officers of the post. All Legionnaires are urged to attend this meeting.

Those who will serve the birthday feed are Andrew Gilbert, Kirby Fitzgerald, D. B. Jones of Goree, and G. A. White.

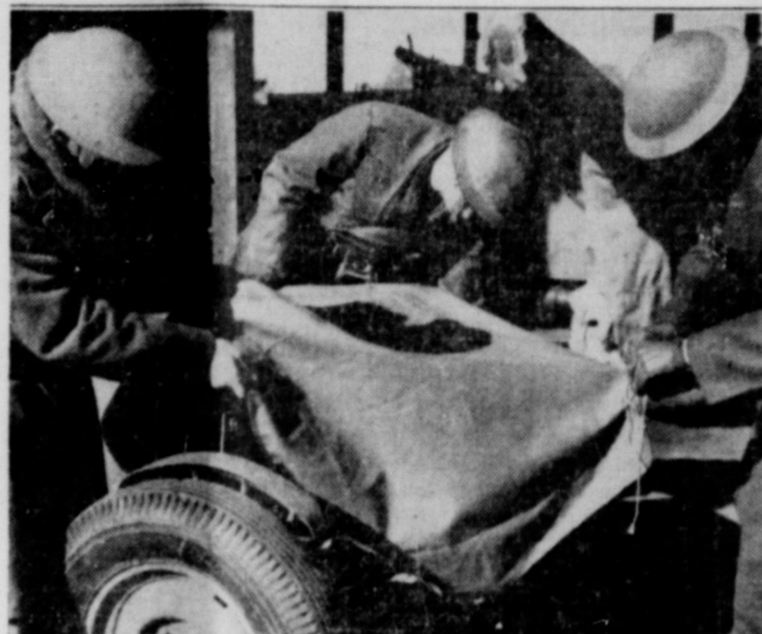

#### LIBERTY LIMERICKS

There was a young farmer  
named John,  
Who said to himself—  
"Well, I swan!  
Defense Bonds get bigger  
In value I figger  
While helping our Victory  
on."

Get a bumper yield on your savings by investing them in U. S. Defense Bonds and Stamps for Victory. Get one today!

### Canvas Covers Protect Guns

Men of the 14th Field Artillery of the Second Armored Division, Fort Benning, Ga., are shown adjusting the cotton cover of a 37mm antitank gun. These sturdy cotton canvas covers protect the guns from dirt and rain, keeping them ready for instant use.

### Local Clubs, Legion Sponsoring Americanism Rally For April 15th

#### To Speak Here Rally Will be Held In Munday's School Auditorium

Plans were completed this week for a huge Americanism rally which will be held on Wednesday night, April 15, at 8:30 o'clock at the school auditorium in Munday. The rally is being sponsored by Lowry Post No. 44 of American Legion, the Munday Study Club and the Munday Music Club.

Hon. John Lee Smith of Throckmorton, one of the most widely known speakers in this section, will bring the principal message at this rally. Senator Smith is in much demand as a speaker over this section, and the above date was the only one he had open for the immediate future.

A veteran of World War I, and active in state affairs and Knights of Pythias work, as well as possessing a thorough knowledge of national affairs, Senator Smith is reputed to be one of the most intellectual speakers in this section. He will have a message of interest for all who attend the rally.

The program for the rally has been announced as follows: Master of ceremonies, Rev. Luther Kirk; music, Munday school band; "America," audience; invocation, Rev. W. H. Albertson; song, grade school chorus; recognition of Spanish-American war veterans; first World War veterans, wives and parents of men now in the service of the United States, and members of the Texas Defense Guard; sing song, led by Mrs. Don Ferris; address, Hon. John Lee Smith; "Star Spangled Banner," audience; benediction, Minister Carl Collins.

An invitation is extended to all citizens to attend this rally, and members of sponsoring organizations are urged to be present.

### Sunset Elects Two Trustees

Two trustees for the Sunset Rural Consolidated school were elected last Saturday. One old member, Claude Hill, and a new one, Fred Reddell, were elected. The vote was as follows:

Claude Hill, 22; Fred Reddell, 22; and Ted Johnson, 8. A total of 31 votes were cast, it was stated. W. E. Braly received 22 votes for county trustee-at-large. Mrs. J. W. Melton received 8, and Roscoe Partridge, a write-in, received one vote.

Miss Carolyn Bowden spent last week end in Sweetwater visiting her aunt, Mrs. G. W. Hawkins and Mr. Hawkins. Mr. and Mrs. Hawkins returned home with Carolyn Sunday, and Mrs. Hawkins is visiting with her mother, Mrs. J. B. Bowden, this week.

G. B. Hammett was a business visitor in Stamford last Tuesday.

### Joe Cade Asks To Be Elected As Commissioner

Joe Cade, well known stock farmer of the Gilliland community, this week authorized The Munday Times to announce his candidacy for the office of Commissioner of Precinct Three of Knox county, subject to the action of the voters in the July 25th primary.

Mr. Cade has been engaged in stock farming in this precinct for ten years. He owns his own farm and is considered one of the county's most successful stock farmers.

In making his announcement, Mr. Cade made the following statement:

"I believe my knowledge of the precinct and its needs fully qualifies me to carry on the duties of commissioner. If elected to this office, I will always be found working for the best interests of my precinct and of the county as a whole. I expect, if elected, to work with the commissioners' court for the best interests of our county."

"I expect to see as many voters as possible and solicit your vote and influence. Most of you know me, and if you feel that I will give you an honest and efficient service as your commissioner I will greatly appreciate your vote in the coming election."

### Germination Tests Show Cottonseed Not Safe For Planting

Farmers of Knox county are becoming alarmed over the low germination of their cotton seed. Many of the germination tests that were reported on last week indicate that more than 30 per cent of the seed planted in Knox county this year will not be of sufficient germinating ability to insure good stands even under the most favorable conditions.

All Knox county farmers are urged to send seed samples to the Seed Testing Laboratory, Tech College, Lubbock, Texas.

This seed testing for germination is free, and only about one pint of seed should be mailed.

### Ice Deliveries To Be Restricted

In keeping with government requests that all tires and equipment be conserved as much as possible, the Banner Ice Co., and the Phelps Ice Co. have announced that ice deliveries will be restricted for Munday.

Deliveries will be made to residential users up to noon each day, and no orders will be accepted for deliveries after the noon hour.

Commercial users may receive deliveries up to 7 p.m. each day, and they are asked to cooperate in helping the ice firms to cut down the number of deliveries as much as possible.

The firms point out that unless deliveries are restricted their equipment would soon be worn out and all deliveries would have to stop. Under the restricted service, they hope to continue making deliveries through the duration. All customers of these firms are asked to cooperate so a maximum of service can be continued.

M. A. Bumpas, who lives four miles south of town, reported a considerable amount of damage done by wind and hail on his place last Monday afternoon. Sixty grown hens were killed when a 20 by 30 foot chickenhouse was blown over. Two large stacks of bundle feed were also blown away. Several smaller outbuildings were blown over. Mr. Bumpas stated the loss of the buildings was covered by insurance.

Miss Mary Couch of Haskell visited over the week end in the home of Mr. and Mrs. Paul Pendleton and other friends.

Capt. and Mrs. James Kennedy and little daughter, of Fort Sill, Okla., were week end guests in the home of Mr. and Mrs. Dorse Rogers.

### Moisture Comes To All Sections

#### Total of 3.17 Inches Received Here

Rain for four continuous days, and with Thursday's skies heavy and overcast, giving promise of continued moisture, local citizens have begun thinking of last year and wondering if a repetition of "too much rain" is in prospect.

The first shower on last Sunday received a hearty welcome, and folks wished for more. But after four days of rainy weather they are willing to call a halt for the time being.

A total of 3.17 inches has been registered in Munday according to H. P. Hill, U.S. weather observer. The rain came as follows: Sunday, .45; Monday, .64; Tuesday, .97, and Wednesday, 1.11.

The rain, which has extended over most of the state, has reached virtually every section of Knox county and has placed the soil in excellent condition for spring planting, as well as boosting along the many small grain crops in this section.

Rain was reported at Gilliland, Vera and other points of the county the first of the week, and since then every portion of the county has received its portion of the welcomed moisture.

It is believed the present moisture will be sufficient to meet the underground season, and the coming of sunny days will see much activity on the farms of Knox county.

With the rain came considerable hail in and around Munday. Hail fell for several minutes Monday afternoon, when high winds demolished several outbuildings southeast of the city, and again Tuesday morning brought quite a sprinkling of small hailstones.

Farmers and townspeople are elated over the good rain—but they are ready for it to quit now. They still look upon last year's generosity of J. Pluvius with unpleasantness, and don't want a recurrence in 1942. But so far, the moisture has been termed the most welcomed thing that's come to Knox county in many months.

### New Mayor And Aldermen Are Elected Here

Two hundred and nineteen Munday citizens braved the rainy weather last Tuesday to go to the polls and cast their ballots in the city election. Considering the weather, this was regarded a good turnout for the city.

All three of the new candidates were elected to office. C. R. Elliott with 145 votes defeated J. M. Terry, incumbent, who polled 72 votes for the office of mayor.

Wallace Reid with 158 and Grady Thornton with 127 became new aldermen, succeeding H. P. Hill with 84 and A. L. Smith with 65, present incumbents.

Unless a called meeting is held this week, the new officials will be inducted at next Monday's regular meeting of the city council, it was stated.

#### J. C. RICE, JR., IS CALLED TO SERVICE

J. C. Rice, Jr., of Seymour, son of Mr. and Mrs. J. C. Rice of Munday, was received his call to report for duty in the U.S. armed forces. Mr. Rice, who holds a reserve commission, has been FSA supervisor for this area for some time.

He will report to Camp Bowie, with the 31st Division, next Friday and will serve as a second lieutenant.

#### HAS TONSILLECTOMY

Bob Billingsley, who is employed in McCamey, came in last week for a week's visit with his parents, Mr. and Mrs. M. F. Billingsley. Bob underwent a tonsillectomy at the Knox City hospital last Friday, and is reported to be doing nicely.

Payne Shannon, who is a student in N.T.A.C., at Arlington, spent the Easter holidays with his parents.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"—

## ARE YOU DOING ALL YOU CAN?

There's no use talking about it . . . we all know that this war is getting more serious by the hour, and we are all sensible enough to know that if America is to survive, which we have not the slightest doubt that she will, we must all do our part to provide money for necessary guns and bombs.

However, all have more or less a material streak in us—we want to look out for "Mr. Me" first, and then our country. Not a thoroughly complimentary thing to admit, but, after all, there's a law of self-preservation—of doing the thing most beneficial to ourselves, for which we cannot be blamed—for indeed, who would be left to blame us?

Seeing this point of view, then, it's really to our best interest to buy bonds and stamps—SAVINGS bonds and stamps. Aside from helping out in the war effort, it will be money in our pockets when we are most apt to need it—for after we win this war, it's going to be a pretty tough struggle to get back to our usual standard of living, and it's likely to take a long time, with money pretty scarce and hard to get. As the money we invest now will be practically doubled as the years go by, it is only sensible to realize that here is a chance to provide for a future that at this time does not look any too bright.

We are urged daily to "buy bonds till it hurts," and it's fine, and generous, and sensible, and patriotic, if we can afford to, and our hats are off to all who have purchased, and are purchasing bonds. But the sad part of it is that we can't all spare enough money to buy a bond these days, what with prices going sky-high and groceries taking up all the money we get from eggs and cream, or from the weekly or monthly wages earned by those of us working in town. And it's for us who are anxious to help in the war effort all we can, and anxious to save money for our own use, but can't seem to afford to, that we're writing this editorial of the week.

Now here's the point we're hoping to make: If every man, woman, and child in Knox county would buy just one ten-cent defense stamp every Saturday, and put it in his individual book that he gets with his stamp, he'd soon have enough stamps to convert into a bond, and just think how many bonds it would mount up to before long! We all know that we could afford to buy at least one stamp a week, if not more, for we spend more than that each week for cold drinks alone, and if we skip a drink once in a while, we'd be surprised how these little saving gestures will mount up, and how soon the handy little stamp books will fill up.

How about it, Knox county—will every man, woman and child help America, as well as himself, and make his slogan "A dime a week to give the Japs defeat?"

## TRIPLE DUTY

During peacetime more than \$300,000,000 was spent here in America in a single year to develop new products that would make our lives more comfortable. In research laboratories all over the country many thousands of men and women worked at the endless task of raising our standard of living higher and always higher.

Today these great industrial research laboratories have another job. They're working now to protect our freedom and the comfortable way of life that they have helped to create. For our armed forces they have already developed airplanes, tanks and guns that are superior in many ways to foreign makes. And they are constantly improving on themselves, constantly making weapons that are better than anything they've made to date.

They're busy, too, devising ways by which they can make our peacetime goods last longer, now that we'll have to do without many new products until the war is over. They've already perfected methods of caring for automobile tires to stretch the wear we get from them. They've developed ways to extend the use that wood, plastics, and many other products give us.

Such facts indicate that industries today are not only sweating for victory on the firing lines; they're working for it on the home front, too. And they're planning ahead to the post-war period, figuring out new wonder products that can be manufactured then to raise our standard of living higher than anything we've ever known in the past.

"Millions on millions are on the march with fanatical zeal and ruthless determination to blot out forever the ways of freedom everywhere. They will surely succeed unless all our resources are mobilized immediately and directed wisely. The time for petty political opposition and negation is over. This is the day for tough and resolute men; this is the hour of patriotic men."—Wendell L. Willkie.

## THE MUNDAY TIMES

In first zone, per year \$1.50  
In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

By humility and the fear of the Lord are riches, and honor and life.—Proverbs, 22:4.

### THE GASOLINE SITUATION

The country has now had examples of the wrong and the right way to handle the so-called "gasoline shortage" problem.

The wrong way was tried briefly some months ago along the Atlantic Seaboard. Apparently working with insufficient or inaccurate information, the government suddenly imposed "curfews" on service stations, and it was generally believed that rationing would follow. Then it was found that gasoline stocks were above normal in the area, and that all this was premature. The public had been unnecessarily inconvenienced and confused.

The right method to meet a gasoline emergency is now being put into effect in the Pacific Northwest and parts of the East. The public has been shown that lack of tankers makes normal deliveries of gas impossible to these areas. It was not confused with conflicting statements. Deliveries to service stations have been reduced. A gas rationing system will be started. The public has accepted these restrictions willingly.

In producing centers, gasoline stocks are reaching all-time highs and a serious storage problem is developing. The government is ordering increasing quantities of aviation gas and fuel and lubricating oils. The manufacture of these automatically increases the production of ordinary gas. The difficulty is one of distribution to regions depending on tanker transport. Many tankers have been destroyed; many more have been transferred to our Allies, and many more are being used by our own military forces.

In parts of the country where pipelines, railroads and trucks have been the main source of transportation, the situation is entirely different. There is no need for rationing there and government agencies are cooperating to keep the wheels rolling.

### COMING EVENTS CAST THEIR SHADOWS . . .

"We have been asked for the impossible, let us do it, as usual."

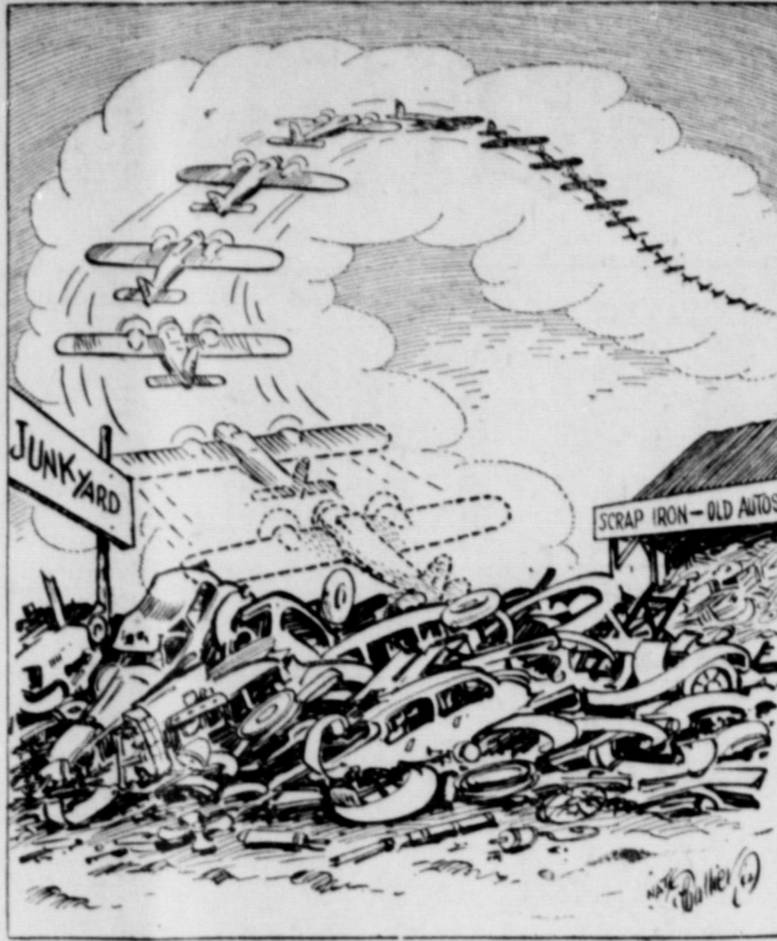

That's what the president of one big company said to the employees; that's what he told them about the enormous war production job that his firm must do.

He's right about it, too. Like thousands of other companies, this one has done the impossible in peacetime. That's been the history of American industry—doing things that can't be done. Radios, airplanes, movies—every one of the modern inventions that we accept so casually now was "impossible" at one time. Yet we Americans did them.

And now in wartime we're still doing things that couldn't be done. We've got a long way to go, it's true, but we're off to a flying start. Since Pearl Harbor airplane production has gone up more than 50 per cent, and that's only the beginning. One plant reports that it is now building huge bombers on the same kind of moving assembly line that made it possible for our automobile companies to turn out millions of cars a year. Steel production has reached an all-time high. Daily production of crude oil is about 20 per cent over what it was a year ago. One company is making more cartridges in one year than all the American plants did together in the World War. Another is already doing everything Donald Nelson asked for recently—and more—in its war production program.

In the grim news that fills our papers today facts like these are important. They're straws in the wind—the production wind that's growing into a hurricane that will smash the Axis. There's a lot of "impossible" work that we must do before that happens. No matter. We're used to "impossible" work. When we Americans make up our minds, pitch in and work together, nothing in the world can stop us.

## SPRING FLIGHT

## Gems Of Thought

### HONOR

The surest way to live with honor in the world is to be in reality what we appear to be.—Socrates.

By skillful conduct and artificial means a person may make a sort of name for himself; but if the inner jewel be wanting, all is vanity, and will not last.—Goethe.

Be noble-minded! Our own heart, and not other men's opinions forms our true honor.—Schiller.

Honor to faithful merit is delayed, and always has been, but it is sure to follow.—Mary Baker Eddy.

Honor and shame from no condition rise; Act well your part; there all the honor lies.—Pope

### LESS SUGAR WON'T HURT

College Station.—With rationing of sugar in the offing, many housewives will have to manage well to have enough for the week-end breakfast, dinner and supper.

According to Hazel Phipps, specialist in food preparation of the A. and M. College Extension Service, people can get along with less sugar and still have tasty, nutritious meals. Any reduction in food energy which sugar furnishes can easily be supplied by increased serving of starchy vegetables, cereals, and dried fruits.

Prepare only the amount of sweetened food needed for each person, Miss Phipps suggests, and avoid waste by thoroughly stirring the sugar in iced tea and coffee.

Fresh fruits, which carry their own sugar, make nutritious desserts, and dried fruits are a good source of natural sugar. Honey, cane syrup, molasses, sorghum, and corn and maple sugar make good sugar supplements. Several of these are sources of calcium and iron.

When substituting honey, use approximately the same amount as the sugar called for by the recipe. But on account of the moisture in honey, decrease the liquid normally required by about one fourth cup for each cup of honey. Usually one eighth to one fourth teaspoon of soda is used for each cup of honey in which products are leavened.

It takes about one and one half times as much sorghum or molasses to give the same sweetness as the sugar the recipe calls for. Add one fourth teaspoonful of soda for each cup of syrup in leavened products, and decrease the liquid given in the recipe one fourth to one third cup for each cup of sweetening in order to equalize the moisture in sorghum or molasses.

Miss Phipps cautions that the baking temperature should be lowered when honey or molasses is substituted for sugar in a recipe.

A new radio set automatically turns out the lights on outdoor signs during blackouts. The set is tuned to a nearby radio station; when the station stops broadcasting, the radio switches off the lights.

When two identical automobiles are driven over the same 1000-mile course, one at 25 miles an hour and the other at 65, the latter consumes 60 per cent more gasoline and 800 per cent more oil, and causes 700 per cent more wear on tires.

Sales of natural gas last year were 19 per cent over 1940 total, the biggest increase on record.

## Shelterbelts And Trees

Munday, Texas.—What kind of trees shall I plant? There are many ornamental trees that, if given special care, will grow. But, as a whole, the most success is had in planting trees that are native to a locality that have proven satisfactory over a number of years.

It has been found, by experience and by study, that many species of trees will not grow if transplanted too far north or south of its original habitat. The same applies to elevation, even if the moisture conditions are the same.

The Prairie States Forestry Project commonly plant about 30 different species of trees in these shelterbelt plantings. In areas where cotton root rot is prevalent such as in Knox county, the number of kinds of trees planted is far less, due to the fact that the root rot kills many species. It has been found that some trees are much more susceptible to the disease than others. The Prairie States Forestry Project is planting desert or flowering willow, red cedar, apricot, sashberry, sycamore, hackberry, ailanthus, crassifolia elm and green ash. Not all of these trees are necessarily planted in one shelterbelt.

### IN MEMORY OF WALT COUSINS

Dear Lord, my brother, Walt, has gone To join the saints around Thy throne.

I come to beg, on bended knees, A favor for my brother, please.

May he have spurs, boots, a saddle, A bronc to ride that can skedaddle, A pal or two from his cowboy days, A herd of dogies they can haze;

A quiet spot to spin a yarn, (If they stretch the truth they mean no harm) And when the asks of life are done, Please let me in, to join the fun.

The above poem, in memory of a beloved former resident of Knox county, was composed by his sister, Mrs. Ben Bridges of Hale Center, Texas.

There's a shortage of horseshoes.

## LOCALS

D. P. Morgan, Jr., who is attending college and the Sherman air school at Sherman, spent the week end here with his parents, Mr. Mrs. D. P. Morgan.

Supt. Jesse G. Thompson of Vera was a business visitor here last Saturday.

Henry Clay Dingus, who is attending N.T.S.T.C., at Denton, spent the week end here with his parents, Mr. and Mrs. G. W. Dingus.

Jack Pippin, who is a student in Texas University at Austin, was here during the Easter holidays to visit his parents, Mr. and Mrs. C. C. Pippin.

Miss Maxie Dingus of Fort Worth visited her parents, Mr. and Mrs. G. W. Dingus, and other relatives and friends here over the week end.

Mr. and Mrs. Carl Mahan and daughters of Abilene visited with Mrs. Mahan's mother, Mrs. E. M. Wilson, the latter part of last week.

Mrs. A. V. Branch of Munday

## Legal Notice

### NOTICE OF SHERIFF'S SALE

The State of Texas County of Knox

Notice is hereby given that by virtue of a certain Alias Execution issued out of the Honorable County Court of Grayson County, on the 13th day of March 1942, by the Clerk of said Court for the sum of Four Hundred Fifty and 50-100 Dollars and costs of suit, under a Judgment in favor of Frank E. Furst and Fred G. Thomas, in a certain cause in said Court No. 11967 and styled Furst and Thomas vs. S. W. Holland, et al, placed in my hands for service, I, Louis Cartwright as Sheriff of Knox county, Texas, did, on the 27th day of March, 1942, levy on certain Real Estate, situated in Knox County, Texas, described as follows, to-wit: Lots 5 and 6 Block 20, Town of Goree and Lots 3, 4, 5 and 6, Block No. 6, Town of Goree, and levied upon as the property of A. L. Martin and that on the first Tuesday in May 1942, the same being the 5th day of said month, at the Court House door of Knox county, in the Town of Benjamin, Texas, between the hours of 10 a.m. and 4 p.m., by virtue of said levy and said Alias Execution, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said A. L. Martin.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Munday Times, a newspaper published in Knox county.

Witness my hand, this 27th day of March, 1942.

LOUIS CARTWRIGHT, Sheriff, Knox County, Texas. 40-3te

### Notice To Our Customers . . .

## Out of Step with the Weather like Winter Gasoline in Spring

**BATHING BEAUTY OR GASOLINE** ... both should be in step with the weather.

Sure, a winter gas will do. But if you want the best from your motor, and the most for your money, get *April* gasoline... Phillips 66 Poly Gas... this month's gasoline which is definitely engineered for the April climatic requirements of your locality.

We change the characteristics of this remarkable motor fuel every month. Give it the qualities most needed for top performance, with the right amount of high test (volatility) for sweeter running and economy.

Phillips was the pioneer and is the acknowledged leader in matching gasoline to climatic changes. With Phillips 66 you benefit every day in the year from January through December.

Scientific laboratory and field surveys prove that no other gasoline, not a single one, is so completely and accurately matched, all year 'round, to the monthly variations in your weather.

Phillips 66 Poly Gas sells at regular price. So it costs nothing extra to try a tankful and find out the facts. See if you don't get more pep and power... more flexible response to the throttle... and extra mileage... all without a penny of extra price... at any Orange and Black 66 Shell.

CARE FOR YOUR CAR... FOR YOUR COUNTRY

Phill-up with Phillips for Greater Mileage

## Census Figures Show Drop In Local, State Scholastics

Munday school census reports show a slight drop has taken place in keeping with the trend the past few years. Munday school census total ran 430 white, a drop of 30 children of school age under last year's report.

The Washburn census report showed a small increase with 43, an increase of 7 over last year.

Hood school census also increased a few, showing a trend back to the farm, with a total of 57.

Colored census reports ran practically the same as last year with 35.

Families with children that will be six years old before Sept. 1, 1942, that have, for some reason, overlooked having their children on the census are requested to

turn the name in to Supt. Colley this week.

Reports over the State, according to the Department of Education are dropping some 100,000 children of school age per year in Texas. War concentration in camps has also caused a shifting of population from urban communities to cities.

**Second Year**

My! My! Easter was such a lovely time for the second grade children. Their picnic and egg hunt was so much fun. They would like to thank their room mothers, Mrs. John Ed Jones, Mrs. Sied Waheed, Mrs. Oscar Spann and Mrs. Robert Purifoy, for being so kind and thoughtful. The food was

delicious.

Loys Gray and Marjorie Hill went fishing last week end.

Douglas Halsey went to Cisco to visit his grandparents, and while there caught to baby squirrels. He plans to let us keep them in the room some. We want to help him name them.

**7A News**

This room is up around top again in buying stamps.

We are finding areas of circles, rectangles and squares in arithmetic. In English we are studying the formation of letters. In geography we are studying the Empire of Japan. Texas History is very interesting now. We are studying the governors of Texas.

Did You Notice—

That Jennell was awfully blue Monday.

That John Edgar is so happy. (Why, Johnny?)

That Betty brought a spool of thread to school.

**Third Year Enjoys Hunt**

The third grade enjoyed a picnic and Easter egg hunt at the park last Friday. The picnic lunch was served by the room mothers. After the lunch, all the students took part in the egg hunt. Ralph Hicks won the prize for finding the most eggs, and Thomas Franklin found the prize egg.

We seem to be improving in our reading. One day there was only one student that missed more than three words and many read without missing a word. We hope to continue with this good reading.

**Sophomore Report**

Last Wednesday the Sophomores had a very nice part of the chapel program. Stephen Harrison and William Browning were the ones to put our part on and they didn't do a bad job at all. Stephen started off with "Ladies and Rolling Pin Dodgers." William later played some of the popular musical numbers. In the minds of the class this was well done.

The English II class is struggling with book reports and poetry. If you see any of the "tough" Sophomore boys going around and reciting poetry to themselves, don't be surprised. They are also polishing up on Correctness in Words and Phrases to start on composition writing.

**Senior Report**

Well, at last April Fools' Day came and I think nearly everyone thought best to come to school and get the best out of All Fools' Day. We had a chapel program and it was thoroughly enjoyed. The Senior boys sang "The Lost Sheep," which we thought was very cute. The entire program was very good as well as entertaining.

Two of the Senior boys decided to work out a problem just to show us how intelligent Seniors really

## Produce More Cotton

**1. Because it is Patriotic ...**

Secretary of Agriculture Claude R. Wickard has issued an appeal to the nation's farmers to plant 4 million acres more in cotton in 1942 than in 1941. America and her allies need more cottonseed oil for food, cotton linters for munitions, cottonseed meal and hulls for livestock feeding, and lint cotton of certain grade and staple for prosecution of the war. Cotton is the ONLY crop that supplies ALL these essentials.

**2. Because it is Profitable ...**

You know from your own experience that cotton is a most dependable crop for this section. You know that you can count on lint cotton and cottonseed to provide ready cash; and that the value of lint and seed has been very favorable in recent months. You've proved that you can grow cotton—and cotton has proved that it's a money-maker for you.

It will pay you, this season, to plant every acre permitted under the AAA legal allotment; and to produce every pound of lint and seed you can on these acres. You should have your seed tested for germination before planting.

Distributed as a Public Service by  
**West Texas  
Cottonoil Co.**  
T. G. BENGE, Mgr. Munday Mill

are, so I will now prove it to you by giving you this problem. These two boys were Dick Harrell and Doyle Jones. They figured out that they walked 32 miles per school year, thus taking 11 years to walk from New York to London, which is 36,000 miles. It would take eight years to walk across the United States at the farthest point and two years to walk across Texas. We only hope these boys knew what they were doing. They worked on this problem for one hour and this is the result.

Don't forget to buy your annual in the next few weeks, because it won't be long until the annuals will be here and you won't have yours.

**Seniors on Review**

Florene Pippin was born in Okmulgee, Oklahoma on Thanksgiving day, November 27, 1924. She came to Texas while quite young, so I suppose we can call her a Texan instead of an Oklahoman. She started to school here in the first grade with the Seniors.

Florene is the vice president of the Chorus, member of the high school sextette, Senior play and a member of the pep squad.

She plans to enter John Tarleton and major in Home Ec. The class wishes her the best of luck and hopes she gets that soldier in Illinois for her husband.

**The Eighth Year News**

The class certainly was not sleepy Friday morning when our teacher popped us a big surprise and read the "Legend of Sleepy Hollow" to us in memory of Washington Irving's birthday. The reading was not at all in vain because after she had finished she told us what our lesson was for Monday. To our great surprise she told us to have two character sketches, one of Ichabod Crane and one of Katrina van Tassel. Writing the sketches was fun as both characters were very interesting.

The class has been worried lately and we wonder if it is because: Joseph isn't back yet. (Eh, Joan?)

The weather is so bad. (How about it, Ava?)

A certain boy and girl fuss all the time. (Kinda resemble red-headed Kenneth and Nora.)

Fred is so industrious.

Some of the class are back from mumps and we are very glad. Some are still out and we hope they can come back to school soon. Our reporter, Janie Spann, is all mumps this week, so the news is being written by Mary Alice Beck.

**Fourth Year News**

The pupils of the fourth year class are working on a Nature Unit. We have planted seeds and the boys have built bird houses.

Following are some poems by the pupils in our room.

The orchard trees are green and white,  
The birds so gaily sing.  
All living things from morn till night  
Cry welcome, welcome, Spring!  
—N. A. Howeth, Jr.

Spring is here,  
Birds will sing,  
Butterflies are everywhere,  
This is spring... beautiful spring!  
Kenan Kennamer—

Spring is here, it has come at last.  
The trees are green and so is the grass.  
The kites are flying about in the sky,  
The wind does blow them up so high!  
—Garon Tidwell

I saw some bees  
And a yellow-jacket.  
Boy! Do they go through the trees  
And make a lot of racket!  
—Royce McGraw

I saw a bee  
He flew over a tree.  
When he came down  
He stung me on the knee.  
—Donnie Lee Coady

This is spring,  
The little birds sing,  
They swign in the trees  
And fly like bees.  
—James Simpson

**ROXY**

**YOUR  
SCRAP IRON  
WILL HELP WIN  
THE WAR**

One afternoon as I was walking along  
I met a fine red bird that sang  
me a song.  
Then his mate flew around and  
around,  
Like an airplane right over the  
town.  
—Charles Elmo Morrow

In the spring  
I like to hear the robins sing.  
I like to search the trees  
And find honey made by the  
bees.  
—Donnel Lee Belcher

The little birds fly over  
And oh, how sweet they sing!  
See the red, red clover  
I gues it must be spring.  
—Raydean Brown

**First Grade News**

We want to thank our room mothers for the lovely picnic and Easter egg hunt last Friday afternoon. It was a beautiful day, and we enjoyed the outing very much. The picnic lunch was delicious and refreshing.

We were sorry that Mrs. Joe Patterson was ill and couldn't enjoy the fun too. We hope she will be better soon.

Julie is very happy these days, and she really has something to be happy about, for she has a little baby brother. His name is John Walter Massey, and we are proud of him, too.

Maurice Stapp, who is attending Hardin-Simmons University in Abilene, spent the Easter holidays here with his parents, Mr. and Mrs. Raymond Stapp.

Lewis Warren, son of Mr. and Mrs. A. B. Warren of Munday, has

recently been transferred from Randolph Field to the army flying school at Waco. Lewis is in the quartermaster's corps.

Mr. and Mrs. Grady Roberts spent last Sunday with relatives in Haskell.

Mr. and Mrs. L. M. Palmer were visitors in Dallas over the week end.

Miss Margaret Jean Hardin, a student in Texas Tech at Lubbock, spent the holidays here with her mother, Mrs. Nell Hardin. She returned to school last Monday.

Mr. and Mrs. Bill Maddox and family of Wellington spent the week end with relatives and friends in Munday. They are former residents of this city.

Mr. and Mrs. G. W. Russell of Denver City spent several days here last week, visiting with Mrs.

Russell's parents, Mr. and Mrs. W. McCarty.

Mrs. C. K. Mosby and daughter, Mrs. Charles Giddings of Wichita Falls, visited relatives here over the week end. Mrs. Giddings will be here for about a month to visit her sister, Mrs. Robert Green, and with her husband's parents, Mr. and Mrs. C. H. Giddings.

Miss Marie Bingham of Crosbyton visited friends here a while last Saturday. She was enroute to Seymour to attend the funeral of her uncle and aunt, Mr. and Mrs. W. D. Bingham.

Mrs. Deaton Green, Miss Lorene Newsom and Mrs. Dave Eiland were visitors in Knox City and Rochester last Friday.

Mrs. Willie Floyd of Abilene visited her parents, Mr. and Mrs. I. E. Loving, for several days last week.

## From where I sit...

by Joe Marsh

**BEST** storekeeper I ever knew was a fellow named Sam Abernethy. Sam's specialty was to take over some run-down store that somebody else had given up as a failure. Then Sam would turn it into a gold mine.

"But the most important thing of all," he used to say, "is to remember who's Boss!"

"You may think you are Boss of your business... but you're not. The Public, your customers, are the real bosses... and you've got to run your business the way they want it."

That little statement of Sam's made a big impression on me... particularly since it certainly seemed to work so well in Sam's case.

And Sam isn't the only one. I see the beer industry feels the same way... certainly, the brewers believe in running their business the way you and I would like to see it run.

Well... the brewers feel the same way about it. They don't want their beer sold in wrong surroundings. They know it doesn't pay. And they know it hurts the good name of beer.

I was reading the other day how the brewers and the beer distributors work together and cooperate with law enforcement authorities. The idea is to make careless beer retailers clean up their places and practices... or close up.

It's a good plan... and it seems to me it ought to work. I understand it is already in operation in a number of states and is being extended.

It's a mighty fine thing when a great industry has the gumption to do a job like that on its own initiative. And if Sam Abernethy was right, the brewers should be mighty successful... because they're running their business the way the public wants to see it run.

Joe Marsh

## Miss Snapka And George Decker Are Married Monday

Miss Willie Mae Snapka, daughter of Mr. and Mrs. G. S. Snapka, and Mr. George Decker were united in marriage Monday morning April 6, at 9 o'clock, at St. Joseph's Church in Rhineland, with Rev. Father Herman Laux, O.S.B., reading the ceremony. The bride was dressed in white and carried a bouquet of Easter lilies. Miss Florene Decker, cousin of the groom, was the bride's only attendant. She was dressed in blue and carried a bouquet of Easter lilies.

Victor Snapka, brother of the bride, was best man.

John J. Hoffman played the wedding music.

At 1 o'clock the wedding dinner was served at the home of the bride's parents, Mr. and Mrs. G. S. Snapka. Attending the dinner were: Rev. Father Herman Laux, O.S.B., Rev. Father Bede, O.S.B., Mrs. Madeleine Albus, Fred N. Decker, Mr. and Mrs. Fred Decker and family, Mr. and Mrs. Pete Albus and family, Mr. and Mrs. Eugene Michel and family, Mr. and Mrs. Alois Kuhler and family, Mr. and Mrs. John Albus and family, Mr. and Mrs. Francis Albus and family, Mr. and Mrs. John Decker and family, Mr. and Mrs. Henry Decker and family, Mr. and Mrs. Fran Herring and family, Mr. and Mrs. George Petrus and family, Mr. and Mrs. Julius Kuehler and family, Mr. and Mrs. Ben A. Wilde, Mr. and Mrs. John Sokora, and Mr. and Mrs. Tony Wilde and family. Out of town guests were: Mr. and Mrs. Jerome Decker of Peep; Mr. and Mrs. Joe Mynar, of West; Mr. and Mrs. Andrew Susata, Fort Worth and Mr. and Mrs. W. H. Beseda of Dallas.

The wedding dance was held at the community hall in Rhineland, Monday night at 8:30, with music by Billy's Melody Five.

## Bridal Shower Given Tuesday For Willie Mae Snapka

Miss Willie Mae Snapka was honored with a shower at the Parish Hall in Rhineland last Tuesday afternoon at 2 o'clock. Mrs. Fred Decker, Mrs. Ben A. Wilde and Mrs. Alois Kuhler were hostesses.

The bride-elect received many beautiful and useful gifts.

Refreshments of Jell-O, cake, cookies, and coffee, was served to about 60 guests.

Pinkie Smith left last Wednesday for Abilene to take an examination to volunteer for the Coast Guard.

## Woman's Society of Christian Service Has Social Meeting

A joint meeting of the Woman's Society of Christian Service of the Methodist church met in the home of Mrs. J. C. Harpham last Monday afternoon, in a regular business and social meeting. Mrs. Dorsey Rogers was co-hostess.

Miss Shelly Lee and Mrs. Travis Lee gave a very interesting program. Mrs. J. C. Borden, president, was in charge of a short business meeting.

During the social hour, refreshments were served to 25 members.

## Monday Night Bridge Club Meets In Pendleton Home

Mr. and Mrs. H. A. Pendleton were hosts to the Monday Night bridge club last Monday night. In the games of bridge, Mrs. Moore and Mr. Pendleton held high score.

A refreshment plate of strawberry shortcake and fruit drink was served to the following guests and members: Mr. and Mrs. T. G. Bengt, Mr. and Mrs. W. E. Braly, Mr. and Mrs. J. C. Harpham, Mr. and Mrs. Fred Broach, Sr., Mrs. A. H. Mitchell, Mr. and Mrs. W. R. Moore, and the host and hostess.

## Ski-Hi Club Meets Wednesday With Miss Newsom

Members of the Ski-Hi club met Wednesday afternoon in the home of Miss Lorene Newsom. At the games of bridge, Mrs. Travis Lee received high score, and defense stamps were given as the high prize.

The hostess served a salad plate to the following members: Mmes. Travis Lee, Gene Harrell, Bob Davy, Robert Green, Jerry Kane, Travis Jones, E. B. Littlefield and the hostess.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. E. T. Capps of Crowell are the parents of a boy born Monday at the Foard county hospital. The child weighed 7 pounds, 4 ounces, and is the grandson of Mr. and A. T. Isneg of Munday.

Miss Evanel Gibbins had as her guest this week end, her cousin and a friend from Sheppard Field.

Mr. and Mrs. Tom Haney and children, Jimmie Lee and LaVerne, of Wichita Falls, spent Sunday with relatives and friends in Munday.

## Food For Freedom

Falling in line with the nation's victory program, the smart young miss will carry fashion from the flower garden to the vegetable garden this spring planting most of her flower beds with carrots, beet seeds and other vitamin-producing foods. Ellen Drew, Paramount star, is shown wearing a bright red and white cotton outfit designed for comfort and style while gardening this spring.

## Munday P.-T.A. To Meet Wednesday

The following program will be given at the regular meeting of the Parent-Teacher Association next Wednesday afternoon, April 15, at 5 o'clock, at the Grammar School auditorium.

Director, Mrs. S. V. Colley; a patriotic message, "These We Hold Dear," Rev. W. H. Albertson; solo, Miss Mayme Holcomb, with Miss DeLoach at the piano. Business meeting.

This will be the last meeting of the P.-T.A. for this school year. The public is cordially invited to attend this meeting.

## HEFNER NEWS

The fine rains were welcomed this week. Some hail fell around Hefner and Goree, damaging garden crops.

An Easter program was rendered at the Methodist church Sunday afternoon and was enjoyed by all present.

Those attending the county council at Benjamin on April 3, were Mmes. J. E. Cure, A. W. Akin, J. T. Murdock.

Several from the Hefner community attended the funeral of Mr. and Mrs. W. D. Bingham, former residents of this community, at Seymour Saturday.

William Trimble returned recently from a visit at Lorenzo.

Mrs. J. C. Parks of Rotan is visiting her sisters, Mmes. Hamp and Dibrell Jones.

Roy Jones made a business trip to Fort Worth the first of this week.

M. J. Jones and family visited relatives near Bomarton Sunday.

Mmes. J. G. Martin, S. Johnston and Helen visited Mrs. J. Williams and went fishing last week.

Mrs. Roy Jones' niece and nephew, B. Brooks of Chillicothe, spent the week-end here.

Mrs. A. W. Akin's mother of Crowell is a guest in the Akin home this week.

Miss Mayme Holcomb spent the week end in Seymour with her parents.

Dan Weaver and his niece, Miss Winnie Mae Nance, left Monday for a business trip to Corpus Christi.

Miss Dorothy Campbell of Abilene spent the week end with her parents, Mr. and Mrs. J. C. Campbell.

Mr. and Mrs. James Dyke, who are attending Hardin-Simmons University at Abilene, spent the first of this week here with Mrs. Dyke's parents, Mr. and Mrs. W. V. Tiner.

Minister and Mrs. Carl Collins visited in Sulphur Springs, Fort Worth and Garland last week. Their daughter, Mrs. Wm. H. Bryan of Garland, accompanied them home and is spending the week visiting her parents here.

R. R. (Rip) Davenport of Dallas visited friends here for a short time Monday. He was enroute to Abilene to meet officials of the Southwestern Life Insurance Co.

## Officials Plan Sugar Rationing

School superintendents and rationing board members of nine counties will meet in Wichita Falls April 16 to discuss plans for the sugar rationing program. The meeting will be held in the county courtroom.

More than 140 officials are expected to attend, including those from Archer, Baylor, Clay, Foard, Haredman, Knox, Montague, Wichita and Wilbarger counties. The rationing boards from each county are all expected to attend.

A meeting in Dallas is also scheduled for April 11 for final instructions.

Tentative plans provide that schools will be turned out only one complete day for the issuance of sugar rationing cards. It is planned to have only one school holiday and maintain a skeleton force for the remaining three days of the registration period. Registration days for individuals are May 4, 5, 6 and 7.

Mr. and Mrs. Arthur Lawson and children visited with relatives in Stamford last Sunday.

## 15 County Men Are Reclassified

Fifteen Knox county men were re-classified by the local selective service board on April 2. They are as follows:

- 1221 Grady Hardin, 3-A.
- 421 Chancey W. Hobert, 1-A.
- 968 Louis Henry Meizer, 1-A.
- 193 Fred L. Blassingame, 3-A.
- 1332 Jack D. Abbott, 3-A.
- 1246 Woodrow Thompson, 3-A.
- 758 Claude Denham, 3-A.
- 649 James T. Randolph, 1-C.
- 745 Demencio T. Alvarez, 1-C.
- 960 Leslie W. Roby, 1-C.
- 899 Nicholas W. Land, 1-C.
- 558 Clifford C. Cluck, 1-C.
- 53-A Jasper C. Durham, 1-B.
- 1085 Billy Crenshaw, 1-B.
- V Joseph Burch, 1-A.

## WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent

Retta Jo White of Munday visited Frances Smith last week end.

Dean Wilson of Goree visited Angie Yates last week end.

Mrs. C. N. Smith of this community visited Mrs. A. E. Womble

of Munday last Friday afternoon. Tommie Coffman of Goree visited Jo Nell and Billie I last week end.

Mr. and Mrs. Otis Simpson and children visited relatives at Hamlin last Sunday.

Mildred Smith visited Janie Haynie in Munday last Saturday.

Mr. and Mrs. Melvin Cooksey of Goree visited in the Yates home last Sunday.

Mr. and Mrs. Layne Womble and little son, Charles Arthur, visited in the home of Mr. and Mrs. C. N. Smith last Sunday afternoon.

Mr. and Mrs. Clarence Booe and children visited relatives near Weinert last Sunday.

Mr. and Mrs. A. D. Wallace made a business trip to Goree last Saturday.

Mildred Screws of Munday visited friends here last Saturday.

Rosetta Wilson of Goree visited friends and relatives in this community last week end.

J. E. Frost of the Sunset community was a business visitor in this community last Saturday.

Press Phillips and family, Nolan Phillips and wife and Minister Collins motored to Gilliland last Sunday afternoon and Minister Collins preached at the Church of Christ there.

## ALL PENSION ROLLS INCREASE IN APRIL

April old age pension checks averaging \$19.74 will be mailed out to 169,905 persons, the Department of Public Welfare announced last week. A total of \$3,307,770 will be distributed.

April's rolls gained 1,643 pensioners over the previous month, the Department reported.

A total of \$64,650 will be distributed to needy blind persons during April, with checks averaging \$22.96. Blind rolls increased from 2,675 to 2,816 over the previous month.

Aid to dependent children grants for April averaged \$20.80 per family and totaled \$200,614, representing 9,643 families and 20,650 children. This was an increase of 2,272 families over the previous month.

The use of chlorine, important to the war effort, has been restricted in laundry operations, swimming pools, domestic cleansers and similar items.

The crabmeat canning industry, which now has a foothold in Maine, is expected to be expanded to the South Atlantic and Gulf coasts, now that no imports of this delicacy will come from Japan.

Mr. and Mrs. R. J. Melton and daughter Rama Lee of Garner, spent the week end with her father, J. W. Polson, and with other relatives.

Mr. and Mrs. Leslie Polson and son Stanley, and Mr. and Mrs. Dean Bingham of San Diego, Calif., were here to attend the funeral of their father and mother.

Mr. and Mrs. Dewey Melton and son, Edward, spent the week end with Mr. and Mrs. J. A. Melton in Garner.

Mr. and Mrs. J. W. Polson, Mr. and Mrs. George Weber, Mr. and Mrs. Douglas Smith and son, Mr. and Mrs. L. M. Patterson, W. O. Barnett, Joe Weber, Mrs. Herman Caldwell, Mrs. Duane Marian, Mrs. W. R. Couch, Mr. and Mrs. Cherry Moore and Mrs. J. W. Lawson attended the funeral services in Seymour last Saturday for Mr. and Mrs. W. D. Bingham.

Mr. and Mrs. Roy Jones have received a letter from their nephew, Hardin Cartwright, who is serving with the armed forces at Fort Mills, Corregidor, P. I. The letter was dated February 17, and stated he is getting along fine.

Mr. and Mrs. J. Harlan of Littlefield, were week end visitors with Mrs. Harlan's parents, Mr. and Mrs. Bud Coffman. Mr. and Mrs. Coffman have been on the sick list but are improving.

George Turner of Fort Ord, California writes home that he is getting plenty of training and that he likes it fine.

Mr. and Mrs. Clarence Peek and daughters of Seymour were week end visitors in this city.

Mr. and Mrs. Fayette Harlan of Southland and Mrs. Frank Hazelwood, and Mrs. Clan Lynch of Stanton, visited their brother Tom Harlan and family last Tuesday. They had attended the funeral of Mrs. E. V. Harlan in Stamford, who died of a heart attack last Sunday morning. E. V. Harlan, Jr., of

Goree also attended his mother's funeral.

Mrs. Maggie Madole has returned to her home in Goree after spending the last two months with her sons in Belton.

Ross Frank Madole and Miss Margaret Gaston of Dallas were week end guests in the homes of Dr. and Mrs. W. M. Taylor and Mrs. Maggie Madole.

Mr. and Mrs. B. R. Boyles have returned from an extended visit to Bisbee, Arizona, where they visited with their sons and their families, Mr. and Mrs. Clarence Boyles and Mr. and Mrs. Clyde Boyles. The boys took their parents to see many interesting sights. They saw the petrified forest, visited in Tombstone and in Old Mexico. Mr. and Mrs. Clyde Boyles brought their parents home and spent several days visiting with Mrs. Boyles' mother, Mrs. Levi Cowsar, and with other relatives. They returned to their home in Arizona last Tuesday morning.

Floyd Hill of Terrell and J. D. Newsom of Wichita Falls spent the week end in the home of their uncle and aunt, Mr. and Mrs. Frank Hill.

Rip Davenport of Dallas spent last Monday night in the home of Dr. and Mrs. W. M. Taylor.

Mrs. Olive Dulaney is on the sick list.

W. P. McNeill has returned home after a visit with his mother in Bellevue.

Orb Coffman left last Tuesday to attend the ministers convention in Dallas.

Miss Elizabeth Turner has returned home from Lubbock where she has been visiting relatives.

Mr. and Mrs. Oda Claburn and Mr. and Mrs. J. M. Nix of Knox City were Sunday visitors in the home of Oda's parents, Mr. and Mrs. S. M. Claburn.

Mr. and Mrs. George Moore and daughter, Mrs. Charles Johnson,

were recent visitors in Abilene with Mrs. More's sister, Mrs. G. E. Ranson and Mr. Ranson.

Mrs. Everett Pruitt is visiting her husband, Corp. Pruitt, who is stationed in Orlando, Florida.

Mr. and Mrs. Grady Williams made a business trip to Wichita Falls the past week.

A heavy hail fell in Goree late Monday afternoon, causing considerable damage to roofs, fruit trees, shrubs and young plants.

Mrs. Roy Perdue and daughter, entertained with a bridal shower for Mrs. Troy Moore, March 26th. A beautiful array of gifts were displayed.

After games were played, guests were served punch and cookies. Thirty-two guests registered in the brides' book.

Heard Reeves of Camp Blanding, Florida, is a specialist in his department. He is with the 36th Infantry division. He left Camp Bowie March 23rd.

Mr. and Mrs. Louis McCauley and son, Donald, of Dallas were week end visitors with Louis' parents, Mr. and Mrs. W. F. McCauley.

## GOREE GRADE SCHOOL ECHO

The rhythm band, composed of children from the first three grades, entertained in assembly last Monday. Their selection was "A Navajo Indian Tune." The children wore Indian costumes they made from gunny-sacks.

Grades three and four were entertained with an Easter egg hunt Friday afternoon. Room guests were Florene Hammons, Buster Lane, Wayne Peck, Wendell Moore, Letitia Cook, Imogene Decker and Mrs. Decker. Josephine Williams received the prize for finding the most eggs.

There are 40 pupils in grades Five and Six. Each one owns a Defense Stamp, and the total of Stamps and Bonds owned by the room is \$179.30.

Grades Five and Six have organized a Good English club in their room. Don Bingham is president; Janice West, vice president; Mildred Coffman, secretary; and Edward Stalcup, reporter.

Mrs. Wright's room went on an Easter egg hunt Friday afternoon. Billy Turner found the lucky egg and was awarded a prize.

The Seventh grade failed to get their news in last week, but they are still here and are busy working on a program to be presented in assembly in April 16th. This class enjoyed the Defense Parade Tuesday afternoon, and the program that night, after which they resolved to do better about buying stamps.

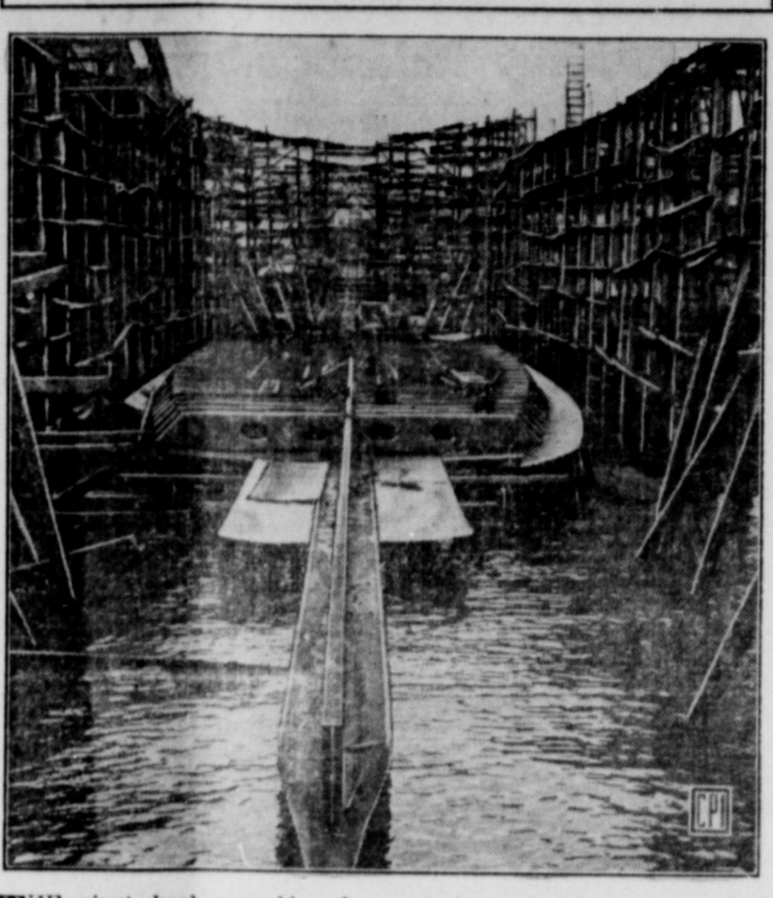

In Room 7, Bobby and Jimmie are running a race to see who will fill his second \$5 Defense Book. Several others have books almost filled.

Pupils in Grade 7 are proud of the patriotic emblem they earned by selling "Old Glory" pins. Some of the boys and girls won prizes for selling more than ten pins each.

Grade Eight enjoyed the Egg hunt Friday and the picnic lunch following. Other members of the class regret that the mumps kept LaVera from joining in the fun.

Pupils from Grade Eight sold \$27 worth of Defense Stamps last Wednesday. They have set \$500

# SHIPS MAY WIN THE WAR

**THE** giant keel assembly of a 10,000-ton cargo vessel takes shape in a West Coast Canadian shipyard. When completed, this ship will be capable of carrying the following cargo in ONE voyage: Enough flour, cheese, bacon, ham, canned and dried fruits to feed 225,000 persons in Britain for a week; 2,150 tons of steel bars and slabs; enough Bren Gun carriers, trucks and motorcycles to

motorize an infantry battalion; enough bombs to load 350 medium bombers or 225 heavy bombers; enough lumber and plywood, wall-board and nails to build 90 four-room cottages; two complete bombers stowed on the after deck, and enough aluminum in the hold to build 310 medium bombers or 640 fighter planes in England. Canada's production of these ships now almost equals that of British shipyards.

commentator, known as the fearless Kentuckian who pulls no punches, will appear here in person, on the stage, at each performance.

"Dust to Dust" is a vital, frank and fearless attack upon delinquency and social diseases. It seeks to enlighten the masses to the benefits of moral living by parading before their eyes a motion picture document of evidence that is startling and shocking to put it mildly.

Parents are urged to live closer to their children, and to give their youngsters greater counsel on human relations problems.

"Dust to Dust" has received the praises of millions who have witnessed it, and has been endorsed by countless universities, educational groups, mothers' clubs, civic clubs, medical leaders and welfare agencies throughout the nation. It has no equal, critics declare, as a social hygiene attraction.

"Dust to Dust" can be shown to segregated audiences only. There will be shows for women and high school girls at 2:00 and 7:00 p.m., and for men and high school boys at 9:00 p.m.

New clothes will be short on zippers, buckles and other metal ornaments. Most of the buttons that are used will be made of wood, bone and spun glass.

# Cotton Quotas Will be Decided By Farm Ballot

Uncle Sam already has his hands full and should not have to worry about a problem farmers can decide for themselves, Marvin Allen, secretary Knox County AAA committee, pointed out today.

Solution of the problem is the marketing quotas which will be decided at community ballot boxes Saturday, May 2, when wheat farmers vote in a national referendum.

"We must produce the feed and food it will take to whip international gangsterism instead of spending time, labor and money raising crops we don't need," the secretary said in explaining that a 2-year supply of wheat is in sight and the United Nations are in desperate need of meat, milk, vegetables, eggs, fats and oils.

"Just as there is no more 'business as usual,' there must be no more 'farming as usual.' Wheat is no exception and we must fit it into our war program," he continued.

Wheat marketing quotas, which divide a limited market equally among all wheat producers, give farmers opportunity to continue as masters of their own wheat production and reserves.

Also at stake in the referendum is the 85 per cent of parity loan program which is one of the principal reasons for present fair prices of wheat, the secretary said and added that with abnormal supplies, wheat quotas are essential to maintenance of fair prices.

"We've done a good job of producing wheat, we have adequate reserves and we're getting a fair price. Wheat marketing quotas is just another method we have of keeping our business-house in order," the AAA official said.

## TO BENJAMIN RALLY

Munday citizens who attended the patriotic rally in Benjamin last Monday are Mr. and Mrs. Otis Simpson, Mr. and Mrs. G. B. Hammett, Grady Roberts, Lee Haymes, and Don Ferris.

## CHURCH OF CHRIST ANNOUNCEMENTS

# It's Here!

Well, that weather is here that means you will have to watch your milk and food closer to keep it in good shape . . . or better still, just call Phelps Ice Co., and have us fill the box up and you can go sit in the shade and smile at the sun, for we like to work while you have your fun.

# Phelps Ice Co.

H. D. WARREN, Local Mgr. Phone 42

# Deliveries Restricted!

It being imperative that we keep the government's policy of conserving rubber and equipment, we must put some restrictions on our Ice Delivery Service. We hope to be able to continue our delivery service through the duration, and in order to do so it is necessary to conserve our tires as much as possible.

Beginning April 16 delivery service will be made to residential districts up to 12 o'clock noon each day. Regular deliveries will be made each morning and special orders will be filled if order is placed before noon.

In the business district, commercial deliveries will be made up to 7 p.m. Customers are requested to cooperate with us by reducing the number of trips we are required to make as much as possible.

No orders will be accepted for deliveries after the above-designated hours.

With this plan, it is our hope that we can make our equipment last through the war and keep up the best possible delivery service. With our old system, equipment would soon be worn out and all deliveries would have to stop. Your cooperation in observing these regulations, caused by the national emergency, will be greatly appreciated.

### Report Room IV

Everyone had a wonderful time during the Easter holidays. However, some of the boys and girls looked rather gloomy Monday. It wouldn't have been that they didn't feel like coming to school? Well, all good things come to an end sooner or later.

The Easter lily and rabbit borders on our boards made our room very attractive—at least we liked them. Some of the spring posters are very good. We also have some new flowers.

We Wonder Why—Miss Claus was in such a hurry Thursday evening. (About to miss the bus, eh?)

Betty Lou and Donald were absent Monday. (Out too late Sunday night?)

Herbert and company had to write a page out of the dictionary. (Punking in history?)

Edie's hair is so curly.

John Ed was so dressed up Monday. (Some girl, maybe?)

She knows how to work fractions. (You must study hard!)

Marion is such a good ball player.

### Senior Report

The Senior boys have already begun reviewing bookkeeping for the State exams.

The exams will probably be given during the last part of April.

Mr. Hoffman has ordered the Senior play.

The Little Birdie Told Me

La Verne's favorite fish is "Hermin."

Albert Brown's slogan is Hit a "Home."

T.L.'s slogan is "Keep 'em Brewing."

Kenneth's future plans are to be a shoemaker (Schumacher).

### Sophomore Report

Last week we had a Mission, which we liked very much. We thank Father Bede very much for giving us this wonderful Mission.

In biology we are now collecting all wildflowers we can find. Then we will put them in our notebooks and give each one its name. This will be handed in by May 1.

In this way, when we see any of these plants in years to come, and have forgotten their names, we just have to get out our notebooks and look

at the flowers we put in there, and we will find its name.

In Economic Geography we also have something to do and hand in by May 1. We have to write a term theme of about five handwritten pages, which will be type-written later.

### News of Room III

We thank Father Bede very much for the knowledge we obtained from his Question Box and instructions during Mission week. We were benefited greatly by the Mission.

In agriculture we are now studying about sheep. It is very interesting.

We sometimes wonder what kind of person it was who thought up nominative, possessive and accusative cases. He surely didn't like boys and girls!

## Cotton Week To Open on May 15

Dallas.—Personal morale, and the part that the proper use of cotton products can play in maintaining it, will be the distinguishing feature of National Cotton Week in this year of war and rearmament. The event will be observed the week of May 15 to 23.

Changed economic and social conditions since the Japs bombed Pearl Harbor have caused new emphasis to be placed on National Cotton Week Committee.

"There is now no surplus of cotton such as we have had in the past few years," Sharp said, "but there is a great need of awakening the public to an acceptance of changed types of cotton goods."

"Due to a lack of dyes and of bleaching material, it is going to be essential for the public to adjust itself to new designs."

"Psychologists agree that personal morale is highly important in a nation at war. At the same time, the public must become accustomed to new styles and habits—in clothing and in eating. Some of the things to which we have become accustomed are not available any more, and National Cotton Week of 1942 will be important as a time when farmers, merchants, manufacturers and consumers will be helped to adjust their thinking about cotton, the greatest farm product of Texas and the South."

As in the past few years, National Cotton Week is sponsored by farmers, manufacturers and retail merchants. At a meeting in Dallas, at which time plans were made for observance of the week in Texas, cooperation was promised by representatives of the Texas Wholesale Grocers Association, Texas Chain Stores Association, the Texas Cotton Association, National Cottonseed products Association, Texas Retail Dry Goods Association, Texas Cottonseed Crushers Association, and many individual companies.

## State Leaders Team Up For U. S. Navy Relief Campaign

Governor Coke Stevenson has proclaimed the week of Sunday, April 19th, as Navy Appreciation Week for Texas. The week will be devoted to an intensive drive in every county in the state to raise funds for the Navy Relief Society to care for the dependents of men serving on the firing line with the U. S. Navy, Marine Corps and Coast Guard. Texas is asked to give \$210,000 as its share of the \$5,000,000 national quota. Attorney General Gerald C. Mann (center) is state chairman for the campaign. Seated beside the governor as he signs the proclamation is Capt. H. W. Underwood, commandant Naval R.O.T.C. at the University of Texas. Navy men standing with Chairman Mann are (left) Petty Officer Lloyd Bahr and Chief Petty Officer E. H. Grill of Austin.

## Extensive Study of Peanut Problems Made by Knox Land Use Committee

The Sub-Committee of the Land Use Planning Committee representing the prospective peanut growers of Knox county, visited the growers and members of the Southwestern Peanut Growers Association at Gorman and Carbon in Eastland county last Wednesday.

The committee members who made the trip were C. N. Smith of Munday, J. K. Johnson of Sunset, and County Agent R. O. Dunkle. The following information is presented for the benefit of prospective growers in Knox county.

We are outlining below some information relative to the production and harvesting of peanuts. This information is based on facts rather than on theory, and has proved profitable to growers in the Central Texas area. In this particular area of Texas there is some 26 inches of rainfall annually, and

we are sure that under different weather conditions and procedure outlined here will have to be modified to meet local conditions.

Preparation of Land—For the planting of peanuts land should be prepared the same as for cotton, corn and other row crops grown in the Southwest. This can be done either by flat-breaking the land and then laying the rows off the proper width, or by listing and re-listing the land. We find that in most types of soil adapted to peanuts it is not advisable to break the land early due to wind erosion. We find that listing and re-listing is the most practical way to prepare the land due to this fact of wind erosion. We recommend that land where peanuts are to be planted be laid off in 36-inch rows. This enables the producer to have plenty of room for cultivation, yet is close enough to utilize his land to the best advantage.

Time of Planting—Through the Central Texas area peanuts are usually planted around April 15 to May 15, depending on weather conditions. However, we have seen

peanuts planted here as early as March 15 and as late as July 1 that made a normal yield. South of San Antonio peanuts are planted as early as February 15. We believe, however, the best time for planting peanuts is from April 15 to May 15. Peanut seed should never be planted when the ground is extremely wet, due to the fact that when planted under these conditions they scald easily, thereby causing a poor stand.

Type of Peanuts—The most satisfactory type of peanuts to plant in the Southwest is the small white Spanish type. It appears from our observations that the smaller the type the better the yield, oil content and sound meat content. The small type is the type desired by the shelling trade. Within recent years there has been introduced a large type of Spanish peanut in the Southwest known as the "Improved Spanish," but we warn the growers against planting this large type for commercial purposes, because it is not acceptable to the shelling trade and does not fit shelling plant machinery. Furthermore this type is not worth as much for oil, and all growers planting the large type will probably be disappointed when the offer same for market.

Amount of Seed to be Planted Per Acre—We recommend planting from 45 pounds to 60 pounds farmers' stock or peanuts in the hull, per acre, and from 25 lbs to 35 lbs. of shelled peanuts per acre. It is strictly optional with the grower whether he plants farmers' stock or shelled peanuts, as both have their advantages. In outlying areas, however, it will be easier for the grower to obtain farmers' stock peanuts than to obtain shelled peanuts for seed. Under normal conditions, the previously stated amounts of seed per acre will assure a good stand, provided the seed that are planted are of normal quality.

### WHEAT FARMERS TO VOTE IN REFERENDUM

College Station.—With so many war crops needed this year, now is no time to expand wheat production, according to Wilmer T. Swink, state AAA committeeman and wheat grower from Olney.

"With our country going full blast in the production of war materials to lick international gangsterism, we don't have time to produce things we don't need in the war. Victory means plenty, but not waste and any increase in wheat will be just that much waste," he said.

Total supply of wheat on July 1, 1942, is estimated as 1,423 million bushels of which 630 million bushels represents carryover, while the 1942 crop is estimated at 793-million bushels. With this year's domestic consumption estimated at 670-million bushels, the carryover as of July 1, 1943, will be 753-million bushels, or the largest supply of wheat on record, Swink said.

"That means we have enough wheat in sight to last two years without growing another kernel,"

he said. In national referendum, Saturday, May 2, Texas wheat farmers will go to the polls for the second year to decide whether to continue wheat quotas on this year's crop. Last year, Texas farmers approved quotas by 94 per cent.

Wheat marketing quotas divide a limited wheat market cooperatively and democratically among producers, and provide for orderly production, marketing, transportation and storage. Extension of 85-per cent of parity loans are also contingent upon marketing quota approval.

Prior to the wheat program, huge supplies always meant low prices, but through loans, marketing quotas, allotments, wheat farmers have strengthened prices for the continuation of sound agriculture, Swink said.

## LOCALS

Miss Robbie Moore of Abilene spent the week end here with her grandparents, M. G. Nix and Mr. and Mrs. Walter Moore. Mr. Nix took her back to Abilene Sunday.

Dr. and Mrs. James N. Walker and daughter, Barbara Lee, of Wichita Falls visited over the week end in the home of Mrs. Walker's parents, Mr. and Mrs. G. R. Eiland.

Miss Maxine Eiland, who is attending Texas Tech at Lubbock,

visited her parents, Mr. and Mrs. G. R. Eiland, during the Easter holidays.

Mrs. G. A. Branton and Mrs. Billy Clark and son, Charles, of Knox City were visitors here last Monday.

Mr. and Mrs. Deaton Moorhouse of Seymour were business visitors here last Friday.

(Mrs. Betty Michels of Corpus Christi came in Tuesday of last week for a visit with her grandson, Johnny Michels.

Mr. and Mrs. Carlton Mooney and Mr. and Mrs. Harold Gleason of Seymour were business visitors here last Friday.

Mrs. G. W. Dingus, Miss Merle Dingus, Mrs. H. H. Cowan and Henry Clay Dingus were visitors in Haskell last Saturday.

Mr. and Mrs. Branham Payne of Stamford spent Sunday in the home of Mrs. Payne's parents, Mr. and Mrs. J. M. Terry.

Mr. and Mrs. John White and Mr. and Mrs. John White, Jr., former residents of this city, visited relatives and friends here last Sunday.

G. B. Therwanger of Weinert was a business visitor here last Monday.

## PALACE MARKET

TO GUARD COTTON PROFIT —plant CERESAN-TREATED seed!

\*This season, don't waste money, time and labor on cottonseed that won't produce a good stand and paying yield. Go on the defensive against seed-borne diseases right now by planting only CERESAN-treated seed! Texas Agricultural Experiment Station, reporting on tests, says, "Machine delinting plus treatment with . . . Ceresan gave highest increases in germination and yield." CERESAN generally reduces seed rotting, soreskin, surface seed-borne anthracnose and angular leaf spot; helps protect early-planted seed in unfavorable weather; usually improves stands to save replanting; commonly increases yields, often 10 to 25%. Treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

TREAT OTHER SEEDS, TOO! Use Semesan Jr. for corn; New Improved Ceresan for small grains; Semesan for vegetables; Semesan Bel for potatoes.

### Senior News

The Seniors started practicing on their play Tuesday. This play is to be a knockout and will prove the Seniors' ability to act. Everyone who saw the Junior play last year will be eager to see the same actors and actresses in their Senior play.

This week being six weeks exams the Seniors have a lot of work to do. Snapping notebooks and paper flying around the study hall signifies the coming exams.

We Seniors wonder why our reporter has a difficult time getting her news—or should we say getting someone else to get it for her. Seniors to present "Look Who's Here" . . . May 8, at Sunset auditorium.

### Frist and Second Grade News

Everyone enjoyed the Easter egg hunt the past Friday. Charles Parker found the prize egg.

Several children had Easter egg hunts at their homes Sunday. Billie Jean Tuggle went to Lake Creek to an egg hunt. Emogene Hill also went to Lake Creek to hunt Easter eggs.

Wilda Dean Harmon visited her grandfather at Weinert.

Charles Parker had an aunt and uncle killed in a car accident last week.

Donnell Phillips brought another beautiful bouquet of lilacs this morning. She brings a bouquet nearly every morning.

Seniors to present "Look Who's Here" . . . May 8, at Sunset auditorium.

### Third Grade News

We have no one absent from our room today.

Easter was a happy time for most of us. We colored eggs at school, played Easter Bunny, and had the usual egg hunt Friday afternoon. Santos Naborette got the prize.

Gerald Ray Myers entertained some of the children of the community with an Easter party at his home. He had 18 guests.

Helen and Ellen Calvin, Pannie Sue Beason, Ruth Landreth, and Bessie Faye Tomlinson went on picnics with their respective families. Seniors to present "Look Who's Here" . . . May 8, at Sunset auditorium.

### Fourth Grade News

All of the little girls could hardly wait for Sunday to come, because they were just dying to wear those pretty new frocks that they have been saving so long for Easter.

June Lowrey found the prize egg at Sunday school, for which she was given a set of little story

## Political Announcements

The Munday Times has been authorized to announce the candidacy of the following, subject to the action of the Democratic primaries:

### For Tax Assessor-Collector:

E. B. (Earl) SAMS  
 Re-Election  
 J. P. (Buster) TOLSON

J. J. (Jim) STEPHENS  
 L. C. (Louis) FLOYD

### For County Superintendent:

MERICK McGAUGHEY  
 (Re-Election)

### For Commissioner of Precinct 3:

JOE CADE

## I GIVE YOU TEXAS

by  
**BOYCE HOUSE**

No romance and fun getting out a weekly paper?

I remember when I used to write all the news for the daily paper in Eastland, then take off most of one day each week to go over to Ranger to help Rip Galloway get out a small weekly he was issuing in competition with the Ranger daily.

"Never will I forget the night when we put out an 'extra' on the second Dempsey-Tunney fight—the battle of the long count). That afternoon, Rip had gone through the poster paper by hand—the extra was to be printed on colored paper—and removed all the yellow sheets as he didn't want to be called a 'yellow journalist.' Three pages were set and made up early; all that was needed was the news of the fight. We knew our friend over at the daily also planned an extra and we hoped against hope—with our little press pitted against their big, high-speed one, that we could beat them on the street.

When the first few copies of our paper had been run off, Galloway grabbed them and headed for the news stand. By that time, another six or seven copies had been printed, so I seized them and started for the news stand, too.

I was hatless, coatless, tieless, hair disheveled, face streaked with printer's ink. Somebody yelled, "Boy, let me have one of those papers"—and I sold them all before I could get to the stand.

Yes, sir, we beat the daily out.

Limericks were Woodrow Wilson's favorite form of humor. Here is one that sounds new:

There was a young man of Port Worth,  
 Who was born on the day of his birth.  
 He was married some say,  
 On his wife's wedding day,  
 And he died when he quitted this earth.

An idea is all you need for success.

This observer has known Victor Cornelius quite a few years, beginning away back when Cornelius was painting signs in Eastland—where he still lives. But now he's making around a thousand dollars a month . . . and all because he thought of constructing napkin-holders with a slot in the side into which can be slid a card telling what's on at the picture show.

Now his service has spread to almost every state in the Union; your columnist saw his napkin-holders and cards on restaurant and drug-store counters, even in Hollywood.

Incidentally, I've been working on an idea for years; rubber dishes. The advantage is that when you drop one, it won't break but will bounce right back into your hand. I had the thing just about worked out—and then came the rubber shortage.

Matt Moore of the DeLeon Press is responsible for this:

My gas tank is gas-less,  
 My crankcase is oil-less,  
 I'm getting more drive-less each day;  
 My wheels are all tire-less,  
 My radio's wire-less—  
 They all have been taken away.  
 My driving's suspended,  
 My walking's begined,

Checked, Tuned and Repaired at THE CONOCO STATION

We call for and deliver radios anywhere in town. No charge for an estimate . . . Our prices are reasonable.

See US for that Good Conoco Gas and Motor Oil

**CONOCO STATION**  
 Woodrow Thompson

Misses Lorene and Polly Silman, who are students in Texas Tech at Lubbock, spent the Easter holidays here with their parents, Mr. and Mrs. Jimmie Silman.

Miss Colleen McCarty, who is attending Texas Tech at Lubbock, spent the Easter holidays with her parents, Mr. and Mrs. W. W. McCarty.

Miss Virginia Smith, who is a teacher in the school in Giddings, spent the Easter holidays with her mother, Mrs. Maggie V. Smith.

I don't know just what war is fit fer, But they say it takes walking, And not so much squawking. To conquer the Hun they call Hitler.

Choice thoughts from old Tom Carlyle:  
 Man's unhappiness comes of his greatness; it is because there is an infinite in him.

No man who has once heartily and wholly laughed can be altogether irreclaimably bad.

Wonder is the basis of worship; the reign of wonder is perennial, indestructible in man.

Rightly viewed, no meanest object is insignificant; all objects are as windows through which the philosophic eye looks into Infinity itself!

Produce! Produce! Were it but the pitifulest fraction of a product, produce it, in God's name! 'Tis the utmost thou hast in thee; out with it then. Whatsoever thy hand findeth to do, do it with thy whole might. Work while it is called Today; for the night cometh wherein no man may work.

### VISIT IN ALBUQUERQUE

Mrs. W. M. Huskinson and son, Billy, and Miss Louise Atkinson went to Amarillo last Friday where they were joined by their sister, Mrs. E. M. Roberts, on a trip to Albuquerque, New Mexico, where they visited another sister, Miss Thelma Atkinson, who is teaching in the Albuquerque schools.

Mr. and Mrs. Jimmie Silman and family and Mr. and Mrs. Sied Waheed and family visited with relatives in Haskell last Sunday afternoon.

Miss Gail Reynolds, who is attending N.T.A.C., at Denton, spent the Easter holidays here with her parents, Mr. and Mrs. W. E. Reynolds.

Thomas W. Roberson of Vernon was a business visitor here last Friday.

Mr. and Mrs. E. W. Harrell and son, Dick, and Mr. and Mrs. Gene Harrell and little daughter, Natalie, visited with relatives in Anson last Sunday afternoon.

Miss Virginia Smith, who is a teacher in the school in Giddings, spent the Easter holidays with her mother, Mrs. Maggie V. Smith.

## We Advise You to Take Care Of... Your Tractor

War production has hit us all. You can't get a new tractor . . . Don't let your old one suffer from neglect and cause you inconvenience when you need it most.

Keep it in good repair . . . check it periodically and be sure it's in condition for your farm work.

A small repair part or checkup now may save you lots of trouble and expense later.

Let Us Go Over Your Tractor Thoroughly . . . Tighten up all loose parts, and replace the old worn ones. The time may come when you can't get the parts so badly needed.

Don't risk your tractor repairing to inexperienced mechanics . . . Our men are schooled especially for this type of work.

## BOMBS!

... after 10 Years of Inaction

WASHINGTON is "concerned" because the country has not awakened to the danger of bombs!

And the people are concerned—nay, alarmed—because Washington has not awakened to the danger confronting the country!

For 10 years the average American has been exposed to perpetual e-motion. Each so-called "emergency" has resulted in creation of some new alphabetical bureau or agency until today he has little sympathy for the inconveniences of an over-crowded Washington.

With patience exhausted, the average citizen now is demanding something more than words, something more than cajolery to build up his morale.

He wants examples, actions, in high places.

Why, he is asking, is his money (taxes, bonds and stamps) allowed to be wasted on non-essential activities while boys in the armed forces are dying for lack of guns, ships, tanks and planes?

He ordered fighting equipment to rain bombs on the Axis!

No other country can compare with America's potential war production. No other has

the men, the machines—or the electric power.

America's electric companies, under trained and experienced business men, are supplying power for the vast wartime industries, in addition to your home and business, where it's needed when it's needed and in quantities greater than the combined total of all the enemy countries.

Last year they paid \$510,000,000 in taxes—enough money to equip 2,400,000\* soldiers . . . enough money to build 9,273\* pursuit planes, 2,429\* light bombardment planes, or 1,522\* flying fortresses!

Here's a business built the American way—by local enterprise and public individual investment—and regulated by the government and dedicated to defending America's freedom and democracy until the last dictator has fallen.

\*Based on War Department figures.

## Knox County Crop Spoilage Can Be Halved

Prevention of waste in food distribution will be a vital factor in the effort of Knox county's 1,467 farm operators and workers to achieve their wartime food production goals, it was indicated today in a survey by a leading distributor of Texas farm produce.

At least half of the estimated \$12,600,000 yearly lost from spoilage and damage to Texas fruits and vegetables alone can be prevented by the use of better grading, packing and by better and more direct distribution methods, Earl R. French, marketing director for Atlantic Commission Company, A&P produce buying affiliate, declared in the survey's summary. He indicated that further savings could be realized from improved handling of other Texas farm products.

"If Knox county farmers, working with distributors, cut by half the average 10 to 12 per cent of fruit and vegetable shipments lost through damage and spoilage, they will have achieved the equivalent of a 5 to 6 per cent increase in production without any extra acreage, seed, fertilizer, equipment or farm labor," French said.

"Under wartime conditions, use of efficient production methods and efficient distribution channels such as those developed by chain stores is becoming increasingly important," he continued. "For example, Knox county's 1,054 farm family workers will find their job of increasing production made more difficult because of the shrinkage of farm labor supply, rising farm wages and limited availability of farm machinery and supplies.

"The latest census counted 413 regular hired hands in the county. Since that count was made, farm labor has decreased as much as 49 per cent in certain areas and up to 48 per cent in some Texas districts," French said.

"But despite future labor curtailments, he said, past performance indicates the farmer can approach food production goals. In ten years, covered by recent government reports, the farmer had increased his productive efficiency by 25.2 per cent. The average farmer, the survey reveals, fed 11.7 persons in 1929 and ten years later was feeding 14.1 persons from his fields.

## Knox County Hospital Notes

Patients in the Knox county hospital April 7, 1942, included: Mrs. Esker New, Truscott. Walter Robinson, Knox City. Glen Creed, Knox City. Mrs. F. A. Groves and baby son, Knox City.

Mrs. H. A. Hoover, Munday. Mrs. Newton Westmoreland and baby daughter, Rule. Mrs. W. C. Goodrich, Haskell. Mrs. O. C. Nash, Haskell. Miss Delma Simmons, Munday. Mrs. Clyde Williams, Knox City. Mrs. Felix Keith, Rule. Mrs. Dave Walker and baby daughter, Goree.

Dismissed since April 1st, were: Miss Odell Thompson, Ft. Worth. Lloyd Waldrip, Knox City. Mrs. Lillian Foster, Throckmorton. Laverne Cartwright, Benjamin. R. M. (Bob) Billingsley, Munday. Carl Reid, Munday. Mrs. W. L. Glover, Rochester.

**Births**  
Mr. and Mrs. F. A. Groves, Knox City.  
Mr. and Mrs. Dave Walker, Goree, a daughter.

## New Plan To Terrace Farms Is Established

Contractors who wish to build terraces in Knox county this year, under this plan, must submit their basic fair price per 100 feet for terracing easier farms in the county to the county AAA Committee for approval.

After these basic fair prices are approved by the county and state committee, contractors can then enter into private agreements with producers, who want their farm terraced under this plan, can complete their contracts and start to work.

After terraces are complete, they are reported to the county office and checked in the field to assure compliance with specifications established by the county committee after which they are reported to the State Office for audit. Certifications of payment are made to the Regional Disbursing Office in Dallas on the same day they are received in the State AAA office.

Coordination between the local and State AAA office makes it possible for contractors to be paid promptly for this work.

Under this terracing plan, with construction costs varying for individual farmer, no cash outlay is needed since the cost of constructing terraces is deducted from future AAA payments.

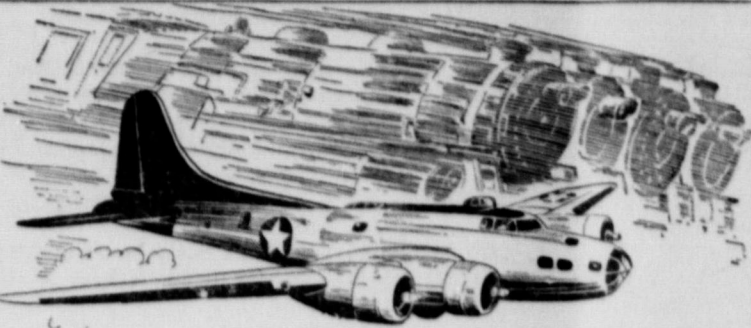

For further advance information see Marvin Allen, secretary of the AAA program.

Miss Doris Howell, who is a student in N.T.S.T.C., spent the week end with her parents, Mr. and Mrs. R. H. Howell.

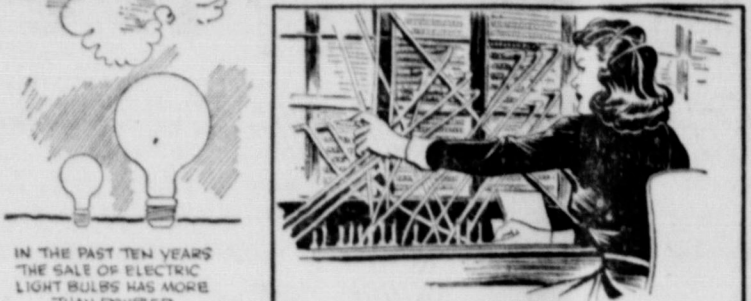

Mr. and Mrs. T. M. Busby attended the funeral services of Mr. Busby's sister, Mrs. L. A. Copeland, in Lubbock last Thursday.

Harvey Busby, whose home is in Abilene, made a short visit with his parents, Mr. and Mrs. T. M. Busby last Wednesday. Harvey was on his way to Tulsa, Okla., where he is employed.

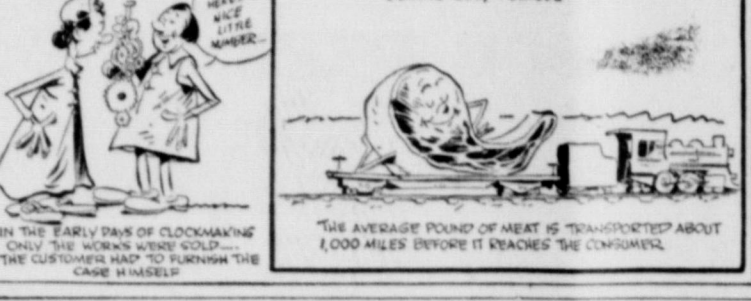

## THE POCKETBOOK of KNOWLEDGE

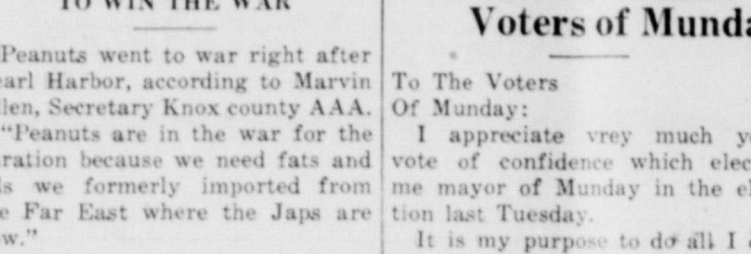

EACH ONE OF THE FOUR MOTORS ON THE AMERICAN FLYING Fortress CAN DEVELOP AS MUCH POWER AS A GIANT LOCOMOTIVE

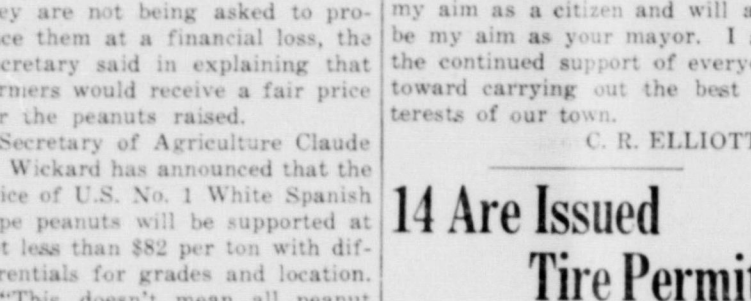

IN THE PAST TEN YEARS THE SALE OF ELECTRIC LIGHT BULBS HAS MORE THAN DOUBLED

IN NEW YORK CITY OVER 300 TELEPHONE NUMBERS ARE CALLED EVERY SECOND DURING BUSY PERIODS

IN THE EARLY DAYS OF CLOCKMAKING ONLY THE WORKERS WERE CALLED—THE CUSTOMERS HAD TO FIND THEIR OWN WAY TO THE SHOP

THE AVERAGE POUND OF MEAT IS TRANSPORTED ABOUT 1,000 MILES BEFORE IT REACHES THE CONSUMER.

### PEANUTS ARE HELPING TO WIN THE WAR

Peanuts went to war right after Pearl Harbor, according to Marvin Allen, Secretary Knox county AAA. "Peanuts are in the war for the duration because we need fats and oils we formerly imported from the Far East where the Japs are now."

At the same time farmers are being asked to increase peanuts, they are not being asked to produce them at a financial loss, the Secretary said in explaining that farmers would receive a fair price for the peanuts raised.

Secretary of Agriculture Claude R. Wickard has announced that the price of U.S. No. 1 White Spanish type peanuts will be supported at not less than \$82 per ton with differentials for grades and location.

"This doesn't mean all peanut farmers will receive a flat \$82 per ton, but it does mean they'll receive a fair price for what they raise," he said.

Peanut seed are available to county farmers on a cash or loan basis and may be obtained from Wilson Grain Co., representative of the Southwestern Peanut Growers Association, Knox City.

"If a farmer wants credit in buying peanut seed to produce peanuts for oil, he'll sign a promissory note which is due November 1. The note can be satisfied with cash or peanuts from his 1942 production," the secretary said.

### GET IN THE SCRAP!

Labor and trucks of the Works Project Administration were made available to bring in scrap metals and rubber from the nation's farms. WPA aid in the national Salvage for Victory program may be enlisted by State salvage committees, in remote rural areas where collection and movement of such scrap has been a major problem.

Use of crude rubber in heels for civilian use has been entirely stopped to save 25,000 tons of rubber a year. However, good heels can be made entirely from reclaimed rubber.
