

Registration Of Cars, Trucks At High Level

Although the shortage of tires may cause some to place the old jalopy in storage, registration of cars and trucks so far indicate that Knox county citizens have no such intentions at the present.

E. B. Sams, tax assessor-collector, reported last week that this year's registration have exceeded those of last year by 122 units. However, he stated, future registrations will not go as high as last year, due to the fact that few new cars and trucks will be sold.

Passenger car registrations were listed at 1645; commercial cars at 158 and farm trucks at 202. The slightest gain was shown in passenger cars, while a substantial increase was shown in the number of commercial cars and farm trucks registered.

John E. Kimsey Funeral Held At Crowell Apr. 9

Funeral services were held at the First Methodist church in Crowell last Thursday afternoon for John Edgar Kimsey, who died in a San Angelo hospital last Tuesday morning. Mr. Kimsey suffered a heart attack at his home in Big Lake Friday night, April 3rd. He was carried to a hospital in San Angelo and continued to grow worse until his passing at 8:30 Tuesday morning.

Funeral services were conducted by Rev. W. B. Fitzgerald, pastor of the Baptist church, assisted by Rev. H. A. Longino, pastor of the Methodist church. Burial was in the Crowell cemetery under the auspices of the Masonic lodge.

Mr. Kimsey is survived by his wife, one daughter, Bette Shaw Kimsey, his parents, Mr. and Mrs. W. W. Kimsey, a sister, Mrs. Joe Brown of Crowell, and a brother, Lawrence Kimsey of Munday.

Mr. Kimsey was born in Foard county January 11, 1895, and had lived in Crowell and Foard county until his removal to Texon, San Angelo and Big Lake some 12 or 15 years ago.

Sewing Quotas For Red Cross Work Received

Quotas for Red Cross sewing for Rhineland, Truscott, Goree and Benjamin arrived this week. Other chapters in the county received their quotas in February.

Hospital bed shirt quotas have arrived. The plans are to have this work completed by the last of this month and shipped to headquarters.

Red Cross officials have received notice that no more materials are available at this time. They will notify the public, when other materials can be had.

Cakes at Legion Feed Have Patriotic Motive Feature

The regular birthday feed at Tuesday night's meeting of the American Legion took on a more patriotic motif than usual. Two large cakes, which were served, were beautifully decorated in patriotic colors. In addition to American flags on the cakes, one of them had the wording "Keep 'em Flying! Buy U.S. Defense Bonds and Stamps" and the other was worded "American Legion, Lowry Post No. 44." The cakes were made and decorated by Mrs. A. J. Gilbert.

Serving the feed, which consisted of chicken and dressing, potatoes, peas and cranberry sauce, were A. J. Gilbert, Kirby Fitzgerald, D. B. Jones and A. B. White.

GRANDPA ED

Word was received Tuesday, making Ed Bauman an official grandpa. This was caused last Saturday when a six-pound boy, named Charles Edward arrived at the home of Mr. and Mrs. Willard Bauman of Centralia, Ill. The grandfather, Father, Mother and Son are all doing well. Mrs. Bauman is the daughter of M. G. Nix of the Sunset community.

Friends Urge E. L. Covey To Enter Commissioner of Agriculture Race

One Sailor to Another

Nickels and dimes from tiny tots as well as large contributions are swelling the Texas Navy Relief Society fund toward its \$210,000 quota. Three-year-old Ellen Wagner, whose father serves with the navy on foreign shores, gave her contribution to Yeoman Bill Slaughter at headquarters.

Remodeling At Eiland's Drug Now Complete

Leland Hannah, manager of Eiland's Drug Store, announced this week that remodeling work at the store is now being completed. This new work has made the store much more attractive, as well as adding more display space. New counters, new booths, and other new equipment have been added, making possible greater displays and more convenience for shoppers.

This is the first major remodeling work which has been done at Eiland's drug since the present store was installed about 20 years ago, following the burning of the other store.

All of the boys and girls at Eiland's are proud of the new interior, and they invite the public to come in and look the improvements over. Advertisements giving special prices on many items in the store, effective Friday and Saturday, appear in this week's issue of The Times.

Mr. Hannah, who has managed the store for a number of years, has been active in civic affairs in Munday for many years. He has been connected with Eiland's Drug for 23 years.

Instructions On Sugar Rationing To Be Learned Friday

Don Ferris, Merick McGaughey and Harold Burton will attend a school of instruction on sugar rationing in Paducah next Friday. The meeting will be held in the courthouse, beginning at 10 o'clock Friday morning.

Retail stores, cafes and drug stores will receive their ration cards April 28 and 29, while the consumers will register for their ration cards on May 4th, 5th, 6th and 7th.

It was learned this week that friends of E. L. Covey, former county judge of Knox county, had petitioned E. B. Germany, state democratic chairman, to file Covey's name as a candidate for commissioner of agriculture, a position now held by J. E. McDonald.

Upon receiving this news, a representative of The Munday Times contacted Mr. Covey to learn if he intended making the race. Covey stated that he was being urged by many friends to enter the race. Although he had not definitely decided, he stated it was probable he would seek this office.

Mr. Covey has lived close to the farmers all of his life, and his friends feel that he knows their problems and their needs. He speaks the farmers' language, understands their difficulties, and, they believe, he will administer the duties of this office to the greatest benefit of farmers and ranchers over Texas. Being reared on the farm and having lived for 27 years in Knox county, a farming and a ranching section, Covey is at home among the rural people.

Covey's six years of experience as county judge of Knox county and his two terms as state representative from this district has gained him a wide acquaintance over much of Texas. Business interests, other than the political ones mentioned above, have carried him to many sections of the state, and those who are urging him to enter the race believe his wide acquaintance will greatly aid him in a successful campaign for this office. No other man, in their opinion, will have the interests of farmers and ranchers at heart as will E. L. Covey, and he is being pressed daily to make his final decision regarding his candidacy.

Covey indicated that his decision will be forthcoming in the near future.

Restrictions On Ice Deliveries Are Now Effective

Restrictions on deliveries of ice in Munday went into effect today, Thursday. Deliveries to residential users will be made each morning, with no orders accepted for delivery after 12 o'clock noon. Commercial users may get deliveries up to 7 p.m. each day.

The two ice firms serving this territory ask the hearty cooperation of all their customers so the most efficient service can be rendered under these restrictions.

Restricted delivery was made necessary in order to cooperate with the government in conserving tires and equipment, it was stated.

GOSSETTS HAVE DAUGHTER

Washington, D.C.—A daughter arrived in the household of Congressman and Mrs. Ed Gossett on last Thursday night at Garfield Hospital in the city of Washington, D.C. The baby is the second child of Congressman and Mrs. Gossett. Their son Glen was born in the same hospital on January 11, 1941.

Mrs. Gossett is the former Mary Helen Meeley of Quanah. The baby was named Judy Ann after both of its grandmothers.

Keeping things clean, disinfecting houses, regular worming of chickens and vaccinating to prevent pox are vital items in the health program which leads to poultry profits.

County Raises \$1,869 For Red Cross War Fund

Amounts Raised For Each Community Are Listed

In a communication from Mrs. B. C. Anderson of Knox City, county Red Cross chairman, it was revealed this week that Knox county has raised \$1,869.17 for the Red Cross war fund since the drive was started.

The communication, received by Mrs. W. E. Braly, local chairman, gave the amounts raised by each community in the county. It was explained also that 85 per cent of the money raised goes to Red Cross headquarters to be used in bringing relief to those serving in the armed forces and other war work, while 15 per cent remains in the local chapter.

The amount raised in each community of the county is as follows:

Munday	\$917.86
Knox City	607.69
Goree	150.87
Vera	41.50
Truscott	57.00
Gilliland	27.00
Sunset	17.20
Rhineland	18.45
Benjamin	31.60

County Schools Are Visited By Supervisor

Schools Are Checked On Requirements For State Aid

J. C. Jernigan of Childress, deputy state superintendent for this district, arrived in the county last Saturday and began his annual visits to the state aid schools.

Mr. Jernigan visited the Knox City school last Saturday. He spent Monday in the northern part of the county, and visited the Munday and Goree schools on Tuesday and Wednesday of this week.

All schools of the county that are receiving or have applied for state aid will be visited by the supervisor. He is being accompanied by County Supt. Merick McGaughey on his trips to each of the schools.

Jernigan is finding the schools in good condition, according to reports, and states that only minor adjustments have been necessary in order to comply with requirements of the state department of education.

Farmers Union To Elect Directors Next Saturday

Directors of the Munday Farmers Union will be elected at a meeting next Saturday, it was announced Wednesday by S. J. Warren, president, and J. C. Rice, secretary of the organization, who urged all members to be present.

Present directors of the Farmers Union are J. K. Johnson, Ed Lowe, C. N. Smith, Omar Reid and R. C. Partridge.

WILSON HUNTER GETS PROMOTION IN ARMY

Wilson Hunter of Munday, the son of Mr. and Mrs. G. L. Hunter of Munday, has just been promoted to Private First Class, according to Col. Thomas L. Gilbert, commanding officer of the Lubbock Army Flying School, Lubbock, Texas.

Pfc. Hunter, who is a graduate of the Munday High School, is with the 84th Air Base Squadron at the large advanced twin-engine flying school.

Pfc. Hunter enlisted February 13, 1942, and at Lubbock is an administrative clerk with the 84th personnel section.

Mr. and Mrs. L. B. Patterson and sons and Miss Bobbie Floyd visited friends and relatives in San Antonio the latter part of last week.

Dailey Circus To Show Here Apr. 28

Arrangements have been completed for the coming of the first and probably the only circus of the year to Munday. The date will be Tuesday, April 28th. Dailey Bros. Three Ring Circus is the title of the attraction and Chief Hawes of the Munday Fire Department has signed contracts which assures the Volunteer Fire Department a liberal share of the gross receipts of the admission ticket sales.

The Dailey Circus has been greatly enlarged since appearing here two years ago, its entire equipment is new and the two-hour program is entirely new and different this year. This circus is a Texas institution with its permanent quarters at Yoakum. It opens and ends each season in Texas, but tours about 15 other states during the summer months. The success of this circus has been exceptional and it is now recognized as in the front rank of the tented enterprises and a credit to the State of Texas.

The circus caravan will arrive early in the morning of the 28th from Haskell and persons at the show grounds then can see the big elephants help the men erect the city of tents. There will not be any street parade.

Defense Club At Benjamin In Defense Work

Last year a Defense Club was organized in the Benjamin school under the direction of W. C. Cunningham, superintendent, for the high school alone. Because of the present situation, the school felt a need of stressing this defense work throughout the entire system.

Now the school is proud to know it is one of the few, if there are any more, schools in the State of Texas, which has one hundred per cent in defense bonds and savings stamps.

The school is also one hundred per cent in its contributions to the Junior Red Cross.

Baker Funeral Services Held In Weatherford, Tex.

Mrs. C. L. Mayes and Mrs. J. A. Wiggins attended the funeral services in Weatherford last Wednesday of Mrs. J. D. Baker, pioneer of Hood and Parker counties, and the widow of an early-day merchant and financier, who died Monday night at the home of her daughter, Mrs. Joe Ramsey, in Oklahoma City.

Mrs. Baker was a sister-in-law of W. A. Baker and an aunt of Mrs. C. L. Mayes.

Her husband and George C. Poston, now of Fort Worth, established the Baker-Poston Dry Goods store in Weatherford more than half a century ago.

BENGE HEADS NAVY RELIEF

Texans everywhere now have the opportunity to contribute to the Navy Relief Society Fund. The campaign is getting under way, and is headed in Knox county by T. G. Bengé of the Munday oil mill. It is a worthy cause as a condensed statement of its purpose shows. It was incorporated in 1904, and prior to 1942 entirely financed by Navy personnel; but with the present expansion of the Navy and Marine Corps . . . the Navy absorbing the Coast Guard . . . more funds are badly needed.

The Society gives immediate financial aid to distressed dependents of Navy men and sees that they do not suffer any avoidable hardships. This is highly important when a Navy man dies. It provides assistance in emergency operations and medical treatment for immediate dependents of Navy men. Such help is given promptly when investigation proves there is no other source. Thus, the Society's funds are carefully guarded and wisely expended. You should give the fund your most careful consideration.

VICTORY BOOK DAY

In his press conference Tuesday, President Roosevelt named Friday, April 17, as Victory Book Day and asked Americans everywhere to contribute as many good books as they can spare to the men in the armed forces.

While fighting and training to fight, the soldiers, sailors and marines still have time to read and appreciate a good book.

It is valuable to the morale of a fighting man

to have good books accessible to give him the courage and the knowledge to fight. It is very difficult for the average soldier to obtain good reading matter without the help of the folks back home.

So far, Knox county's contribution of "Victory Books" has fallen below expectations. On Victory Book Day, how about gathering up those books and taking them to the receiving stations. In Munday the receiving station is the Red Cross sewing room, over Rexall Drug, or in the office of P. V. Williams.

Your contribution of a good book will be greatly appreciated by some soldier who is helping to safeguard your homes and lives against the aggressor.

Munday School News

First Grade News

As reading is so important to us, we have tried to read a week without missing a word. The following children succeeded in that very thing last week: Michael Scott, Anna Ruth Stodghill, Jo Ann Harrell, Bobbie Jack Guffey, Lee Ancil Bowden, Alta Faye Hicks, Barbara Jean Foshee, Bettie Geraldine Jones, Wencell Lee Jones, Julie Massey, Joe Lynn Phillips, Julie Brown, Albert Langley, Tommie Powell, Shirley Jo Patterson, Wayne Bradford, Iva Joy Lemley.

Every one will try to be on the Honor Roll next week.

Barbara Jean Foshee celebrated her seventh birthday, last Thursday, April 9.

Freshman Report

Our news reporter, Latrace Johnson, is having a "swell" time. She has the mumps along with many other students.

The "Fish" planned a party for last Thursday night, but the precious rain prevented us having it. We expect to have our final Freshman party soon.

It is almost exam time again, and most of us are dreading them (especially General Math).

In Home Ec we are now cooking and studying the procedure of service at the table. Last Wednesday, we tried our luck on preparing fruits and we did a pretty good job.

Senior Report

Did the Seniors have fun last Friday? Well, at least part of them did. What did they do? They taught school, and "Was it fun?" say the ones who taught. With Ben Bowden acting as principal everything rolled along smoothly. Of course he was not as good as Mr. Palmer, but will do in case he is needed again. Everyone knew a first-grader because their teacher (Miss Dixie) gave each of them an all-day sucker. If anyone happens to ask the bus students who kept the study hall until classes took up they will tell you it was Juracy. Dick was supposed to be teaching history and got on the subject of anti-aircraft

guns so you see why they enjoyed him as a teacher. Jimmie Henslee and Willard had to teach in that end of the hall and from all accounts they were liked. One Junior, Patsy Kirk, taught the second grade. Flora Alice Haymes taught the third and had to help quite a number of little boys and girls get out of a fuss. Jean Martin, fourth grade teacher, kept her class in line quite well, as she has had Mrs. Palmer for a teacher and knew how to keep them quiet. Who was the teacher who made it a little late? Well, none other than Florene Pippin, but in spite of her tardiness she made a swell teacher, so the fifth grade said.

The Senior class had a class meeting and voted to attend the Junior play in a group, and they want to wish the Junior class the best of luck on their play "Lena Rivers." As we have already had one we know how happy you are to get yours over with. They also voted to have a covered dish supper in the near future.

Junior News

The Juniors are not especially looking forward to our exams—which come this week. In English, we have practically finished with book reports and will start memorizing poetry in the near future. History is the same as usual, current events on Monday, chapters in the history book on Tuesday, Wednesday and Thursday, and our work books on Friday.

In Typing and Bookkeeping, the Juniors are looking forward to the party the losing side will give the winners.

One of the rare, bright students in the Junior class wanted this poem printed. It was written by a man in the army in Australia.

Soph News

The Sophomores are getting ready for the six weeks exams. We expect the exams will be pretty tough, so nearly everyone has his nose in a book.

In Home Ec we have been studying meats. Last Friday we cooked different kinds of steak. On Monday we cooked the different kinds of roast. They surely were good too.

In English, we have been studying figures of speech. Miss DeLoach is teaching us, and we hope to know it when it's over.

Sophs are still absent on account of mumps.

Room 6B News

We didn't take our entertainment Easter so we could wait until May and have a picnic some place. We are looking forward to that time.

Our room has won the P-T.A. dollar for the last four months and tomorrow we are putting forth our final effort to make it five months in a row. As yet we have not decided what to do with our money.

We are proud of our Victory Club and invite you to join us with us. If you have the stuff and stickability to earn that 10c each week, then you are the person we are looking for as a member. Come on, boys and girls, let's do our part

1942 Maid Of Cotton

Blue-eyed, brown-haired Camille Anderson of Memphis receives congratulations from New York modeling authority, Harry Conover on her selection as 1942 Maid of Cotton. Chosen by Mr. Conover and eight other judges from a group of 25 finalists in the annual South-wide contest at Memphis, Miss Anderson is now in New York taking a course in modeling at the Conover agency. She will set out on a 16,000-mile tour of American industrial centers early this spring, modeling a complete wardrobe of cotton work garments for women in defense industries. Her tour is sponsored by the National Cotton Council and Cotton-Textile Institute, the Memphis Cotton Carnival, and Cotton Exchanges of New York, New Orleans and Memphis.

from now on to help our "Uncle" win this war.

Victory Club Organized

With Donald Waheed as president, Larry Kinsey as vice-president, Laura Bess Moylette as secretary and treasurer, and La Rue Johnson, Delbert Montgomery, and Maurice Patterson as advisory committee, the Victory Club was organized last week and goes into effect this week. In order to be a member one must buy a War Stamp each week and the money must be earned. The advisory committee will take your application and if approved by the entire membership you are in full membership of the Club and remain so until you fail to buy one 10c War Stamp each week, and also fail to earn the 10c.

Credit for this Victory Club goes to Donald Waheed, who thought up the idea and the way in which it is to be operated. Congratulations and may the Club do its part in bringing victory to our nation.

TRUCK APPEALS CONSIDERED

Pending creation of local appeal boards in the field, a special appeal board has been set up in Washington by the Office of Defense Transportation to consider appeals of local allocation offices in the truck rationing program. Rationing of all types of new trucks, truck tractors and trailers has been in effect since March 9, and is being handled in the Southwest by offices of the ICC Bureau of Motor Carriers.

Wade Mahan was a business visitor in Throckmorton and Seymour last Friday.

Ceiling is Set On Prices Paid For Scrap Iron

Austin.—Ceiling prices have been set on scrap iron and steel and there is no point in holding accumulations of these on the farm or around a city household in the hope of obtaining a higher price, George Butler, executive secretary of the Texas Salvage Committee, pointed out today.

"There is no profit in hoarding," Mr. Butler emphasized, "and fortunately we find that the majority of farmers are only too glad to donate their accumulations of scrap, to charitable and civic collecting agencies, while others choose to sell. The important thing, though, is to get in that scrap!"

The Office of Price Administration, he said, has established a maximum price schedule for steel and iron scrap, and Leon Henderson, the Price Administrator, has made it plain that OPA has no intention of increasing these maximum prices. It took into consideration the fact that much material collected would be varied and would be unprepared for use by the mills. Also, much of this scrap is located in sections remote from the usual scrap collection areas and from steel centers.

"I can't conceive of anyone's withholding this vital war material for the selfish purpose of speculating on the possibility of higher prices in the future," Mr. Butler said. "That can bring only a loss of self-respect by anyone who gambles for personal profit, at the expense of our common effort to whip our enemies."

The salvage official called attention to the fact that labor and trucks will be provided by the War Projects Administration in

McCarty Jewelry

areas where the state salvage committee hasn't succeeded in moving scrap materials.

Mr. Butler pointed out also that where instances of hoarding of scrap steel and iron are found, the War Production Board's Bureau of Industrial Conservation has requisitioning powers, and it already has not hesitated to use those powers when anyone possessing scrap has refused to sell it to mills offering the ceiling price.

Sheriff Louis Cartwright of Benjamin was here Monday on official business.

Mr. and Mrs. Duane Johnson have moved to Fort Worth from San Diego, Calif. Mrs. Johnson is here visiting with her father, R.

G. Campbell and with other relatives and friends.

Frank Cerveny was a business visitor in Fort Worth last Monday.

Mrs. D. B. Bowen returned home the first of the week from Abilene, where she had been visiting in the home of Mr. and Mrs. Doyle Bowen.

Mr. and Mrs. Travis Martin and daughter of Seymour spent the week end in the home of Mrs. Martin's parents, Mr. and Mrs. M. H. Reeves.

Mr. and Mrs. Chas. Bailey and son spent the week end here visiting Mrs. Bailey's parents, Mr. and Mrs. J. A. Screws. Mr. Bailey is employed on a defense job at Pryor, Oklahoma.

MEN OF WAR

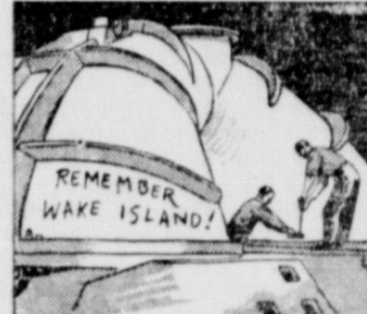

General Electric men and women—thousands of them! Four typical scenes show the spirit with which they are tackling the grim job of producing for war!

1. Thousands of employees, only ten days after war declaration, gathered in mass meetings in most major G-E plants to pledge all-out war effort!

2. Almost 85 per cent of all General Electric employees signed up to buy U. S. Defense Savings Bonds totalling more than \$20,000,000 a year!

3. A sign chalked by a G-E workman on a big machine being built for war. The sign carried this challenge to fellow workers: "Remember Wake Island!"

4. And day and night—around the clock—G-E workmen keep steadily at the most important job of building weapons and supplies for U. S. fighting men!

General Electric believes that its first duty as a good citizen is to be a good soldier.

We All Have A Job!

Yes, in this all-out war and the Battle of Production there's a job for everyone!

Your job, Mr. Farmer, is to produce all of the necessary products for the successful culmination of this gigantic struggle. To do this, you must have the tools . . . and have them in good operating condition.

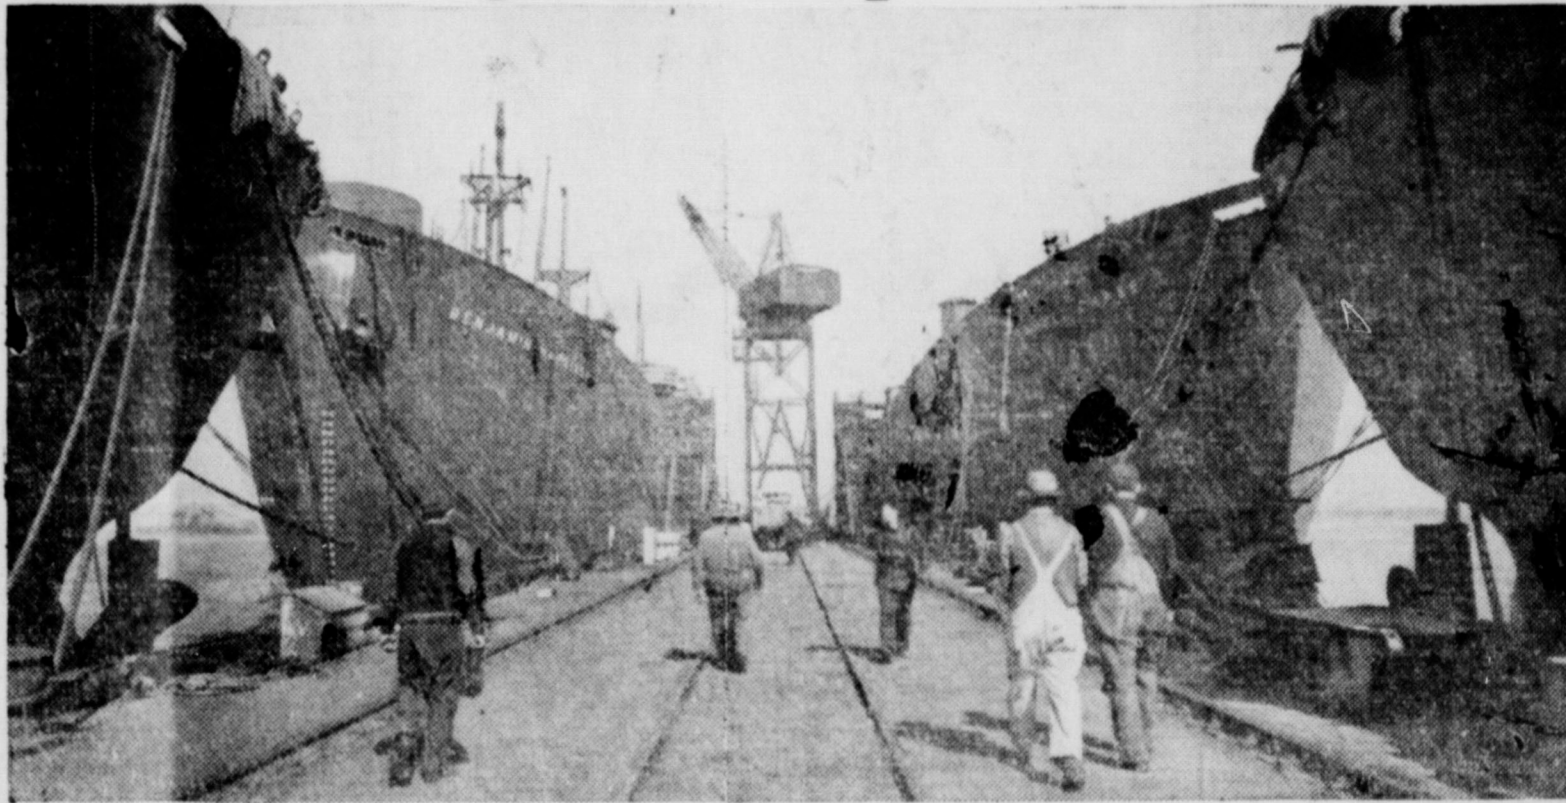

OUR JOB...

As your merchant, it's our job to help you have the necessary tools when needed. We are cooperating in every way we can to help you get new tools . . . but as you know this is hard to do under the government's priorities.

Then your next concern is to see that your present machinery lasts through the duration. • That's where we come in again . . . with expert repairmen and blacksmiths to serve your every need. Call on us when we can be of service to you in this respect.

New High in Ship Production

Bethlehem ship production this year will represent the greatest all-round shipbuilding output by any company in the history of the country.

Speed, speed and more speed is the constant objective; and always speed with quality, for a jerry-built ship is virtually useless in the grim tasks of maritime war.

The first Liberty ship which recently discharged supplies at a Red Sea port was built in a yard that was virtually non-existent a year ago. A tanker was delivered in 100 days from laying of keel. A battleship will be delivered 14 months ahead of schedule.

Cargo ships are being built in less than one-half the time

required in the first World War. Comparable speeding up has been achieved on other types of ships and the schedule is being constantly stepped-up.

Expanding old yards, building new ones, tripling employment in a year's time, training thousands of new men, putting every effective facility to use, adopting pre-assembly and mass production methods—all these spell tonnage and more tonnage, a steadily-mounting output of ships from Bethlehem yards.

All hands are doing their utmost for Victory, working to achieve the maximum for the U. S. Navy and the U. S. Maritime Commission, so that the "bridge of ships" shall be maintained and steadily enlarged.

Mrs. J. A. C. Sweatt Celebrates 84th Birthday Friday

Mrs. J. A. C. Sweatt, pioneer mother of Knox county, celebrated her 84th birthday last Friday at her home southwest of Munday.

Mrs. Sweatt has been ill for several months, and is still unable to leave her bed but for only a short time. She remains cheerful, however, and maintains an outlook on life that is an inspiration to her many friends.

Having lived on the same place for 40 years, Mrs. Sweatt is truly a pioneer of the Gillespie community. She is the mother of 10 children, 7 of whom are still living. All of her children except one son have visited her during her illness. Her husband passed away in February 1938, at the age of 79 years.

Many birthday greetings, messages and gifts from her friends over the county were received by this beloved pioneer on her birthday anniversary.

Goode-Howell Rites Performed On Last Sunday

In a simple and impressive ceremony performed Sunday evening at the parsonage of the First Christian Church in Seymour, Miss Madelyn Goode became the bride of Cadet Jack S. Howell of Seymour and Sheppard Field.

Miss Helen Duncan and Miss Betty Sue Stevenson were the only attendants.

Mrs. Howell is the daughter of Mr. and Mrs. Jim Goode of Goree.

Mrs. J. S. Kendall visited her niece, Mrs. J. T. Offutt and family, last Wednesday afternoon.

Mrs. Everett Pruitt returned last Tuesday night from a two weeks visit with her husband, Corp. Everett Pruitt, in Camp Blanding, Florida. Corp. Pruitt left last Monday for Fort Benning, Ga.

Wesleyan Service Guild Has Monthly Study of Bible

Members of the Wesleyan Service Guild met last Monday evening for the regular Bible study, with 13 members present.

After a short business session led by Mrs. Joe B. King, Mrs. Bounds directed a very interesting discussion of the first and second chapter of Hebrews. The remainder of the program included the devotional by Mrs. C. P. Baker, an imaginary story by Mrs. Levi Bowden, and the repeating of the Guild motto in unison.

Members present were Mmes. Ellen Bounds, Luther Kirk, L. L. Womble, Levi Bowden, C. P. Baker, Aaron Edgar, Joe Bailey King, M. F. Billingsley, O. H. Spann, and Misses Ruby Dell Neeb, Merle Dingus, Jeannette Campbell and Ruth Baker.

At the meeting next Monday evening, members will have the study of their book, led by Mrs. Billingsley.

Goree Junior-Senior Banquet Is Highlight of School Social Season

A highlight of the social calendar for members of the Goree school was the banquet given on Friday night by the Junior class with their sponsors, Mr. and Mrs. Bardwell, honoring the Seniors, and with faculty members and their wives and husbands as guests.

The large "V" table was arranged in the gymnasium, and the patriotic colors and "V for Victory" themes were cleverly and attractively carried out in the elaborate decorations, lighting, table appointments and favors.

A delicious meal was prepared and served by the freshmen and sophomore homemaking girls, under the efficient direction of their new instructor, Mrs. Barton Carl. They were assisted by Mmes. Will Ratliff, Chas. Goode, Jim Goode and Henry Coffman.

Address of welcome was given by Imogene Morton; senior response by Charles Goode, Jr., class president. With Mrs. Bardwell and Miss Lyla Flesher alternating at the piano, a delightful and varied program was provided. Guest artist heard were Mrs. Orb Coffman, Jackie Coffman, Charles Heard, Norma Jean Roberts and Mary Jean Stevenson. The principal speaker for the evening was Rev. S. E. Stevenson, who delivered a very timely and inspiring talk.

Supt. Arnold and Mr. Bardwell shared honors as masters of ceremonies, and responses were given by all the Seniors and several guests, including a clever speech and solo the prominent merchant, successful politician and newest faculty husband, Barton Carl.

After the traditional and impressive candle-lighting ceremony, the evening's festivities closed with a Maypole dance.

This was an occasion to linger long in the memories of all present and forever in the memories of the departing Seniors: Betty Sue Stevenson, Lloyd Hendrix, Jr., Charles Goode, Jr., Helen Duncan, Wayne

Couch, Billy Bilderback and Juanita Rogers.

"...and put some teeth into it!"

ONCE UPON A TIME, car owners were merely urged to use good oil, to change it regularly when worn, to adopt a regular schedule of lubrication service.

Now, in the new era filled with priorities, with the manufacture of new automobiles absolutely cut off, real teeth have been put into the idea of caring for a car in order to lengthen its life.

One of the most useful precautions you can take to preserve and protect your motor is to use good oil. But which oil is good? The following facts should help you decide:

Phillips, one of the great independents of the petroleum industry, with a fine reputation for giving greater value, makes this simple, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

Every time a new 1,000-mile mark clicks up on your speedometer, play safe with your motor, and play fair with your budget, by draining and refilling with Phillips 66 Motor Oil.

Knox City Has 53 Farmers At Meet Monday

Fifty-three farmers of the Knox City community responded to the call of their county by attending the peanut-for-oil meeting, which was held at the Knox City high school Monday night.

Peanut oil is needed to win the war. All the peanuts for oil that American farmers can produce will be required to defeat the Axis. The peanut oil will be used to replace imported oils for shortening, cooking fats, oleomargarine, and salad oils. But in an emergency, it can be substituted for other oils that are used in making explosives, anti-freeze, medicines and other vital products.

August Schumacher, chairman of the county war board, attended the meeting and made an urgent plea for all farmers to gather up and sell all scrap iron possible. As this scrap iron is also a vital product in an all-out war effort. He also urged that farmers cooperate in the farm program, which will increase soil fertility, another vital national asset in time of war.

Marvin Allen, secretary of the Knox County Agricultural Association, urged that wheat farmers vote in the wheat marketing quota election, which will be held in Knox county Saturday, May 2nd. Mr. Allen explained that a two year

supply of wheat will be on hand after the year's harvest, and that farmers should make some provision for storage on their own farms. As most of the terminal elevators are full of wheat and with the problem of transportation looming up, the wheat marketing period will be a very difficult one during the harvest period.

R. O. Dunkel, county agent, discussed the planting, growing, and harvesting of peanuts and gave a report of the committee that visited Eastland county last week. Mr. Dunkel also gave a demonstration on the simple method of testing soil and its adaptability for growing peanuts. He also cautioned farmers not to plant peanuts on land that is infested with "root rot" or where jackrabbits are numerous. Rabbits relish young peanut plants and will travel a long distance to graze on peanuts.

Other meetings through the county relative to the growing of peanuts for oil will be held this week, according to the following schedule: Gore, Thursday night; Munday, Friday night; Rhineland, Monday night, and Vera, Tuesday night.

Everyone is urged to attend these meetings.

Mrs. Porter Wilhite of Houston is here visiting her father, D. M. Waddington, and her sister Mrs. M. H. Reeves, and with other relatives and friends.

D. B. Daugherty of Seymour was a business visitor here Tuesday afternoon.

I GIVE YOU TEXAS

Cynical Sam says, "Charity begins at home—but, in many cases, it ends there, too."

Along the Bowen route:
Down at San Antonio, Frenchy's Black Cat cafe has a cash register that can ring up a ticket for \$999,999.99. The machine cost \$1,000, and, of course, there is no need in the restaurant of registering such a staggering sum as practically a million dollars but this high-priced register had features not available

in a less expensive one.

And your observer never realized that the making of a fur coat was so elaborate until a display at Joske's showed one being made and there must have been at least a thousand pins holding the material in place.

That reminds me of the lady who was looking at a coat made of skunk and she asked the salesman, "Will this be injured by the rain?" He replied, "Madam, I have never seen a skunk carrying an umbrella."

"In all likelihood, Governor Coke Stevenson will not have an opponent," remarks the Clarendon News, editorially, "or if he does, the opponent will be some chap running for publicity with a scant chance of getting warm, since the Governor has made so many friends by his quiet, kindly efficiency. The Governor should be returned to office and Texas will see to it that he is returned by a landslide."

One of the tricks of Texas loan sharks is to have the borrower sign a check for the amount he promises to pay back on a loan. It doesn't make any difference whether he has a checking account, the lender says—it's "just a matter of form." But if the borrower gets behind in his payments, the check can be waved in front of him and he is reminded of the "hot check" law, which provides stiff punishment for persons who write checks without having a checking account in a bank. Faced with a jail threat, the borrower is an easy victim for a new loan at a higher interest rate.

"Applicant has never been fatally sick."
"Grandfather died from a gunshot wound inflicted by an Indian arrow."
"Father died suddenly—nothing serious."

State Banking Commissioner McAdams announces that farm compliance checks will hereafter be mailed out of the regional office in Dallas direct to the farmer. This will make it unnecessary for the farmer to go to a designated town, usually the county seat, for his check—in some instances, making several trips to the AAA office to see if his check has arrived.

PRISON LABOR TO HELP
Plans for utilizing the fully equipped shop and skilled labor of prison industries in war production have been announced. State governments and federal procurement agencies will cooperate in carrying out the program. Prison cotton looms in the nation have a capacity of seven million pounds annually. Use of the full capacity for manufacture of cotton duck for war needs of the government could release some of the facilities or normal industry for civilian needs.

Produce More Cotton

1. Because it is Patriotic ...

Secretary of Agriculture Claude R. Wickard has issued an appeal to the nation's farmers to plant 4 million acres more in cotton in 1942 than in 1941. America and her allies need more cottonseed oil for food, cotton linters for munitions, cottonseed meal and hulls for livestock feeding, and lint cotton of certain grade and staple for prosecution of the war. Cotton is the ONLY crop that supplies ALL these essentials.

2. Because it is Profitable ...

You know from your own experience that cotton is a most dependable crop for this section. You know that you can count on lint cotton and cottonseed to provide ready cash; and that the value of lint and seed has been very favorable in recent months. You've proved that you can grow cotton—and cotton has proved that it's a money-maker for you.

It will pay you, this season, to plant every acre permitted under the AAA legal allotment; and to produce every pound of lint and seed you can on these acres. You should have your seed tested for germination before planting.

Senior Report

The Seniors have selected and ordered their graduation invitations. We have also ordered our caps and gowns.

All English students in high school have been required to write a report on the Mission. To the one who writes the best composition, Father Bede, O.S.B., has promised a prize. These papers will be forwarded to Subiaco, Ark., for re-grading and selection of the best one.

Did YOU Know That...

Elsie enjoys reading stories—favorite kind: romance.

Bernadine likes her work to be well done. (Weldon.)

Kate's favorite saying is "Pep up."

Rosealia's face turns redder than a ruby when we say fill-up. (Phillip.)

Joe's favorite flower is the Rose. Helen admires her young man. (Sturgeon.)

Florine is proud of her ring. (Herring.)

The truth never did hurt anyone, so, if it's the truth, what matters who says it?

Sophomore Report

In English all students had to write a composition on the Mission. The three best ones of each class will be sent to the Missionary.

We are now reviewing from the front of our books for state exams are coming up.

Did You Know That—

Alvin isn't as quiet as he used to be.

Albert A. gets fun out of telling lies?

Everett laughs at every thing, even if it isn't funny at all?

Marvin is still missing school?

Madeline wants to answer the question?

Rosemary is so silly?

Anna despises lies and the ones who tell them?

Ruth missed school Monday and Tuesday?

Charles very seldom faces the

front of the room?
Cleo didn't want to leave the hall Sunday?

News of Room III

We are having quiet a bit of work lately, but I think we will get it alright. We had some drawings to do for Tuesday and everyone got them pretty well.

Nouns in apposition are our present "dish" in English.

In agriculture we studied about the Angora goat. Mary Ann brought us some mohair. It was really pretty.

Freshman Report

This last week we have been pretty busy. We surely did have many lessons to get.

In history we have already identified more than 100 important men. We are now studying the Unification of Germany. Last week we finished reading the unification of Italy by Mazzini, Cavour and Garibaldi.

We had something different in our Science class Monday. We had to give oral reports on all kinds of different animals. In reading the reports Rose Marie pronounced "bread" instead of "head," and Magdalen had a hard time pronouncing several words.

We Wonder Why—

Ruth missed school Friday and Monday?

Marvin has been missing school? (If I were you I wouldn't play with a gun!)

Miss McGraw is wearing specs. Charlie is always talking instead of working.

Alvin had to write a page in the dictionary? (Punishment, huh?)

A certain green handkerchief is always being passed around in the room?

We have been having so many lessons lately?

Rose Marie had such a good composition on the Mission?

Magdalen likes to walk past Tip's store. (A certain boy??)

Madeline is always writing

names on the other girls' papers?
Cleo is always busy talking to the one in front of her and then turns and talks to the one behind her.

Rose Marie feeds Alvin so much? He has plenty of energy.

Rose Marie and Alvin are the only ones sitting in the third row? (Lonesome, eh?)

Report of Room IV

It won't be long now! Yes, we mean examinations are just around the corner. This must be the reason so many of the students are so attentive in classes this week.

In Geography we have finished the unit on Japan and are studying about India.

We Wonder Why...

Herbert took a vacation last week?

Maxine is so fast in learning poetry.

Donald likes arithmetic. (The problems are easy now!)

John Ed flunked in English. (His grade was 69!)

Herman gets excited when he has to go to the board?

Sue likes to daydream?

Marion studies spelling so much?

Miss Claus has two pretty new flowers?

Order Numbers...

Penny Wise says...
"Sense provides Dollars for Defense!"

A LEAKY radiator is often blissfully ignored. To have it repaired costs little. But repair on the ceiling below, damaged by dripping water, comes high.

Spend pennies to repair the leak. Save the dollars to buy DEFENSE SAVINGS BONDS. Every household budget—every salary check—should go in part for Defense Savings to help defeat the enemies of freedom.

TOPS IN COTTON PRODUCTION
An article in the WTCC magazine reports that West Texas, in the cotton year 1941, produced 60 per cent of the entire Texas crop, against 1940 production of 41 per cent. West Texas ginnings in 1941 have been announced by the Bureau of the Census as 1,432,502 bales, while the balance of the state produced 1,023,109 bales for total Texas production of 2,555,611 bales. West Texas in the current crop year has gained 250,000,606 bales, while the balance of Texas has lost 606,646 bales.

Nueces, Dawson, Lamb, Ellis, Haskell, Hall, Rummels, Howard, Hockley and Collin. Only Nueces, Ellis, and Collin are non-West Texas counties.

RECAPS RESTRICTED
Recapped tires will be made available for defense workers only when they cannot get to their jobs without tires, the Office of Price Administration has ruled. Retreading material now consists almost entirely of reclaimed rubber, and tires retreaded with this rubber must be driven only at low speeds.

GOREE SCHOOL NEWS

Last week the Freshman class of Goree High School presented a chapel program in the form of a radio broadcast which was very amusing to everyone. We all enjoyed the play "Henry Aldrich," written by the Freshmen themselves. Henry was portrayed by Jack Coffman; his mother, Mrs. Aldrich, by Radene Hutchens; his father, by Billie Jo Wright; and his sister, Mary, by Peggy Norris.

Barbara Jean Barger and Norma Jean Roberts each gave a very effective monologue, and a piano solo was given by Mary Jo Arnold. Lloyd Hendrix and Jack Coffman gave several selections on their harmoniums.

The defense rally was held in the Goree High School Gym on Tuesday evening, March 31. Rev. R. L. Kirk, pastor of the First Methodist church in Munday, made a very interesting talk concerning our part in winning the war.

Supt. Arnold of Goree explained to the public the cause and circumstances of sugar rationing. Several patriotic songs were sung by the eighth grade.

Mr. Ben B. Hunt gave information about the buying of bonds. Many pledges were made for the buying of bonds throughout the year. A large crowd attended the rally.

Defense Club

The Defense Club did not meet Friday, due to a holiday. However, we had a very interesting speech by Mr. Cunningham at the last Club meeting. Mr. Cunningham talked to us about buying Defense Bonds and Stamps.

The members of the Defense Club are not the only ones in school buying Defense Stamps, the children in the ward school are doing this as well. Thus the Benjamin school is buying Defense Stamps and Bonds one hundred per cent.

Vernie, who is it that is so mean? Could he be from Haskell?

Mat, could you tell us who "wos" the best, Nadene or Louise? Junior, what do you know about taming goats?

E.C., why do you listen in on Bill when he is talking to Elaine over the phone?

Elaine, could we get a "bill" of groceries today?

Connie, does a certain ward school boy keep wrecking your "dreamboat"?

We wonder how a certain fellow can afford to send so many special delivery letters to a certain English teacher on \$21 a month.

We recently received some cute little wing-army style?

Won't Mr. Wyatt look handsome with wing (army style)?

Senior Report

The Seniors are beginning to realize that they haven't much more time to spend here in Dear Ol' Benjamin High. Parties, programs, and other activities are being planned for the coming weeks of school. The Commencement Exercise date is May 14. The Baccalaureate Services will be May 10.

We ordered our invitations several weeks ago. The Junior-Senior banquet will be this Friday, April 17.

Junior Report

The Juniors are giving the Seniors a banquet this Friday, April 17. As this is for the Senior class of 1942 of Benjamin Hi we are going to make it the best banquet that has ever been given to any of our Senior Classes. The banquet is starting at 8 o'clock with a dance following.

Sound Loans Discussed At P.C.A. Meeting

Good management methods for making money and then retaining some permanent benefit from it will enable farmers and stockmen to materially improve their financial position this year, according to Mr. C. G. Burson who attended a conference of executive committeemen of five production credit associations in North Texas, in Fort Worth, April 13 and 14. J. B. Pumphrey, J. F. McCulloch, C. G. Burson and P. L. Summers represented the Stamford association at the conference.

The normal value figure for products for a 20-year average was stressed as a safeguard against getting out on the limb of inflationary prices. Such values, they said, is most cases figure out to be about the same prices as prevailed in 1937.

This was the first of a series of meetings to be held over the state for discussion of methods to keep loans sound while helping finance the agricultural war effort and meet prevailing cost conditions. It was pointed out that the producer must consider the higher cost of operations and also bear in mind that the "normal values" are the sound ones to be considered by the farm and ranch family which is in the business permanently.

Texas' 36 production credit associations now have 18,606 members and a total of \$25,751,507.00 in loans outstanding, a gain of 26 per cent in membership over a year ago and a gain of 38 per cent in loans outstanding.

Word was received by Mr. and Mrs. A. B. Warren that their son, Lewis, who is in training at the air school at Waco, has the mumps and has been transferred to the hospital at Randolph Field for a 14-day period.

Dear Pa:

After leaving home my car started running badly. I managed to reach the town of Munday, Texas, and stopped at Bauman Motors for service. Was I glad! They made my car run like new and it didn't cost much either. They sure know their business. I had a good trip after that.
