MUNDAY, KNOX COUNTY, TEXAS, APRIL 30, 1942

NUMBER 44

APPLICATION FOR WAR RATION BOOK (To be filled in by Registrar only)

IMPORTANT.—A separate application must be made by (or, where the Regulations permit, on behalf of) every person to whom a War Ration Book is to be issued.

Application form with fields for Local Board No., County, State, Name, Address, Description, and Family Unit details.

Munday Sends Aid To Crowell Following Storm

People of All Ages to Register For Sugar Here

Munday to Get More Water On Minimum Rate

May 4th, 5th, 6th, and 7th are the days officially set for the registration of the consumer for sugar rationing.

At a recent meeting of the City Council of Munday, local residents were given an additional 2,000 gallons of water on the minimum rate of \$2 per month.

Responding to pleas for help, many Munday citizens, including a majority of the Texas Defense Guard personnel, went to Crowell Wednesday to render what aid they could to that storm-ridden city.

Here is a facsimile of the application for War Ration Book No. 1 which will be filled out for every person in Munday and Knox county during the national registration period.

Members of a family unit must register in person. One of the applications must be filled out for each member of the family and each individual.

Applicants should come prepared with a list of the members of their families, giving the exact name of each; an exact description of each member of the family unit, giving the height, weight, color of eyes, color of hair, age and sex of each one.

It is necessary to know to the pound just how much sugar is in the possession of the household. The amount of sugar will be divided by the number of people in the Family Units and stamps will be torn out by the registrar for all sugar in excess of two pounds per person.

Inspection for Fire Hazards Is Ordered By City Council

Pointing out the need of eliminating all fire hazards in Munday, the city council in a meeting last Monday ordered an inspection of hazards and sanitary conditions in Munday.

Members of a family unit must register in person. One of the applications must be filled out for each member of the family and each individual.

Applicants should come prepared with a list of the members of their families, giving the exact name of each; an exact description of each member of the family unit, giving the height, weight, color of eyes, color of hair, age and sex of each one.

It is necessary to know to the pound just how much sugar is in the possession of the household. The amount of sugar will be divided by the number of people in the Family Units and stamps will be torn out by the registrar for all sugar in excess of two pounds per person.

Voto on Wheat Quotas Will Be Held Saturday

America has enough wheat to make 588 loaves of bread for every person in the country, according to Marvin Allen, secretary Knox county AAA committee.

Members of a family unit must register in person. One of the applications must be filled out for each member of the family and each individual.

Applicants should come prepared with a list of the members of their families, giving the exact name of each; an exact description of each member of the family unit, giving the height, weight, color of eyes, color of hair, age and sex of each one.

It is necessary to know to the pound just how much sugar is in the possession of the household. The amount of sugar will be divided by the number of people in the Family Units and stamps will be torn out by the registrar for all sugar in excess of two pounds per person.

City Federation Of Churches Plan Soldier Courtesy

In the last meeting of the church federation, plans were made to extend courtesies to soldier boys who visit in or pass through our city.

R. W. Maples Of Goree Injured In Accident

Roy W. Maples, prominent farmer of Goree, was critically injured Wednesday night in a traffic accident on highway 277, 15 miles east of Seymour.

Joe Patterson Is Among 80 Texans To Finish Air School

Pvt. Joseph Elton Patterson, son of Judge and Mrs. J. C. Patterson of Benjamin, was among the 80 Texans who completed their air corps technical training at Biloxi, Miss., last Sunday.

City Drainage Work is Planned Land Will Be Secured For Construction Drain Ditch

Mr. Spiller of Childress, engineer with the Texas Highway Department, was in town last Monday with Douglas Doshier, resident engineer, to discuss with local officials the city's drainage problems.

County Women Attend National Club Convention

Mrs. B. B. Campbell of Knox City, president of the First District of Federated Clubs, Mrs. D. J. Brookerson of Benjamin, secretary of the First District, and Mrs. G. H. Beavers of Benjamin, are in Fort Worth attending the National Convention of Women's Clubs.

Funeral For Glenn L. Creed Is Held Sunday

A large crowd of relatives and friends attended the funeral in Knox City last Sunday for Glenn L. Creed, butcher, who died of wounds suffered in a market mishap.

Knox County Hospital Notes

Patients in the Knox county hospital at Knox City April 28, 1942, included: Mrs. Esker New, Truscott; Walter Robinson, Knox City; John Thomas Parrott, Throckmorton.

Three Cases Of Diphtheria Are Reported Here

Three cases of diphtheria have been reported in Munday by the local health officer, who advised everyone who has never been vaccinated for this disease to get the vaccination at once.

Weather Report

Weather report for week ending April 29, as recorded and compiled by H. P. Hill, Munday, U. S. Cooperative Weather Observer.

Brady Named As President County School Board

W. E. Brady of Munday, newly elected trustee-at-large for the Knox county school board, was elected president of the board last Friday at the reorganization meeting held at Benjamin.

City Drainage Work is Planned Land Will Be Secured For Construction Drain Ditch

Mr. Spiller of Childress, engineer with the Texas Highway Department, was in town last Monday with Douglas Doshier, resident engineer, to discuss with local officials the city's drainage problems.

Brady Named As President County School Board

W. E. Brady of Munday, newly elected trustee-at-large for the Knox county school board, was elected president of the board last Friday at the reorganization meeting held at Benjamin.

EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

PLAYING WITH FIRE

People who store supplies of gasoline on their premises fearing that rationing may make it impossible for them to obtain as much gas as they want in the future, are taking a dangerous chance. That highly important warning has just been issued by the Engineering Department of the National Board of Fire Underwriters.

In the early days of motoring, gasoline could be bought in special five-gallon containers. Today, cans of that type are not available. Obtainable containers, for the most part, are not tight. Some are easily broken. Even when a tightly capped metal container is employed, a hazard still exists. A hole may be eaten in the bottom which will allow slow leakage of the gas. That leak might not be noticed until enough explosive vapor had accumulated to cause a disastrous fire.

When as is stored in the basement, the vapor released can be ignited by the fire in the furnace. And even if the container is both leak proof and structurally sound, a very great danger arises when the gas is poured into the car. Many cases are on record where static electricity exploded the vapor at the cost of lives.

The National Board of Fire Underwriters urges fire chiefs and other officials to do all they can to prevent improper storage of gas. Garages should be rigorously inspected, and all mediums of communication should be used to show the public the danger involved.

So—don't store gas in or about your home. It may void your insurance policy. And it could very easily bring death and disaster to your family.

WHAT DOES FREEDOM MEAN?

The Commercial-Appeal of Memphis, Tennessee, on February 28, published a communication from John C. Sheffield of Helena, Arkansas. He raised some points on which the public is becoming more critical every day. In part, he said:

"My son was born while I was in France during the first World War. Today he is a member of the United States Marine Corps. . . We know he is somewhere in the Pacific. We are anxious about him. Thousands of other parents are like us.

"One of my friends who is a good mechanic with a family to support, went to get a job in a munitions plant. Every day we hear on the radio and read in the newspapers that such men are needed to turn out munitions for the soldiers, sailors and marines. But that man we refused a job until he could get a union card. He could not get a union card because he did not have money enough to buy one.

"Why can't free-born American citizens get a job in a plant where the government needs workers, without having to pay tribute to a high-powered labor leader?"

Mr. Sheffield, you have asked a question that millions of Americans are asking today. Why can't a man get a job in industry producing war equipment with taxpayers' money, without paying initiation fees and monthly dues? What answer is there to that question? How can such a situation be permitted to exist in a free country? What do constitutional rights mean when a man cannot work without paying private organizations for the privilege?"

AMERICANS FOR AMERICA

"The fantastic schedules outlined by the President and Donald Nelson for American production will be met by American industry. The War Production Drive now under way, in which labor and management have joined hands, will deliver the goods to our men in the field, our boys rattling in tanks, and our sailors buffeted by the high seas."

Thus William P. Witherow, President of the National Association of Manufacturers, in a recent speech voiced the determination of industry to get behind Mr. Nelson 100 per cent in his war production efforts.

"Americans must awake," Mr. Witherow warned.

"American industry must remove every vestige of selfish interest.

"American labor must remove its constant effort for further control and advantage.

"American citizens must sacrifice until it hurts and not complain at rationing, nor interference with normal life.

"America is at war—it is not a debate, or bazaar, or pink tea.

"America is in deadly peril.

"Cannot we all say: No more quarrels, no more suspicions, no more hating, no more feuds, no more misunderstanding; all one body we—off to victory?"

"Let us face the facts. Put first things first. Remove the menace. Win the war and then the peace."

Faith and works are like the light and heat of a candle; they cannot be separated.—Beaumont.

THIS WAY OUT

Add the war profiteer to your list of vanishing Americans. Like the little dogie in the song a few years ago, he's heading for the last roundup.

In spite of a few sensational stories about excessive profits from war contracts, the fact remains that the great majority of companies here in America are working overtime for victory without getting exorbitant returns. Some of them have been able to cut the cost of their contracts below the original figure and have turned back part of their profits voluntarily to the government.

For the great majority of companies, however, the profits margin is much narrower than most people realize. In the decade from 1931 to 1940 the average annual profit on gross income in the manufacturing industries was 1.5 per cent, as against 4.4 per cent in the decade from 1921 to 1930. While war production greatly stimulated industrial activity and increased earnings of manufacturing companies, almost all the gains were drained off in taxes. Although earnings before taxes may rise this year and next, corporation taxes will rise. Data available on 1940 and 1941 incomes indicate that the peak in profits for the war production period was reached in 1941 and profits are now declining.

Facts like these indicate that industry is not holding up production to get big money. It's determined to do its war job fairly and honestly. It wants legislation that will eliminate unfair profits. As the National Association of Manufacturers, which represents 80 per cent of the nation's war industries, said recently, "we have not and will not lend our stamp of approval to any tax legislation which does not effectively eradicate the war profiteer. However, we firmly believe that it would be a grave error to attempt to correct that situation by an arbitrary, rigid profits ceiling of 6 per cent (or any other percentage formula), when the more effective method of controlling profits is through normal excess-profits legislation."

HIGHER AND HIGHER

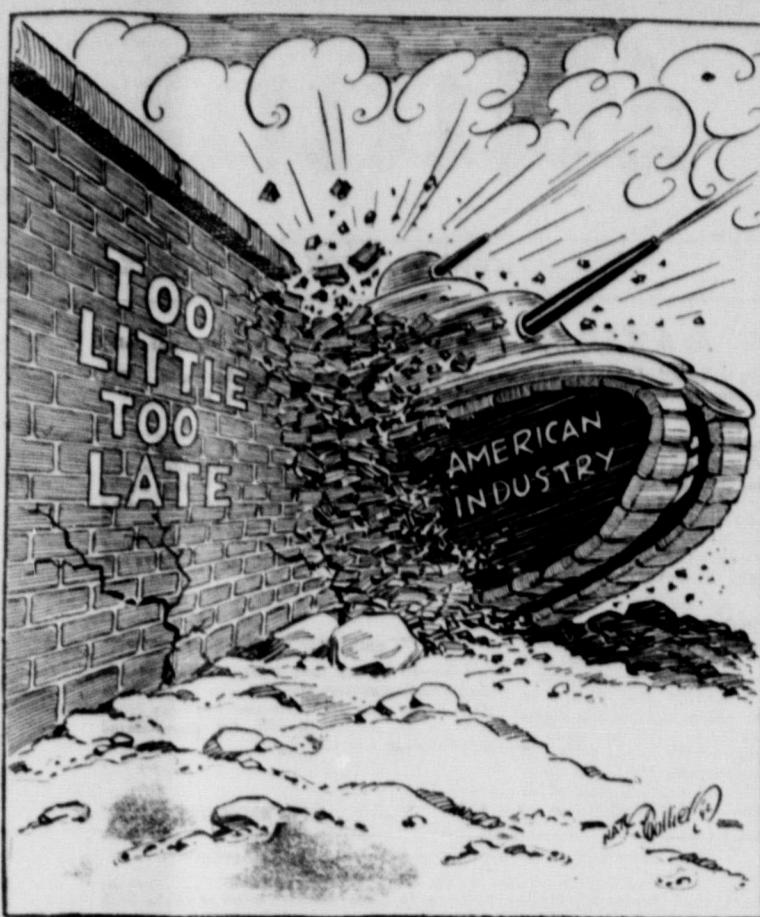

The miracle men are still at work on America's factory front, and industry is one the job.

Our country needs planes and tanks and ships. We need a lot and need them quickly. So our industries roll up their sleeves and go to work. They cut production corners, work hard, long hours, and deliver the goods. It takes time for them to do it, of course, but it takes less time than most of us dreamed it would a year or two ago.

Pearl Harbor blew the lid off American war production. Since that Sunday production has soared to new highs, and more is yet to come. In the last four months one company has doubled its output of one type of heavy bomber badly needed by the United Nations. The automobile industry alone has delivered \$580,000,000 worth of guns, tanks, planes and other combat instruments to the Army and Navy since the first of the year. Two companies making airplane engines report that they are far ahead of schedule on their contracts. Soon the biggest bomber plant in the world will be finished a month ahead of schedule and will start turning out vast numbers of huge planes to carry the war home to the Axis. A shipbuilding company has completed plans to use a secret method of assembly line production which should make it possible to send a merchant ship down the ways in about 1-30th of the time now required.

Examples like that, spectacular as they are, by no means tell the whole story. There are plenty of others in the news reports, and there are plenty more that will never break into print because of censorship. Whether we see them or not doesn't change the fact that production is going up fast. Perhaps we haven't caught up with the Axis yet, but we certainly are well on the way.

CRASHING THROUGH

Gems Of Thought

FAITH

Now faith is the substance of things hoped for, the evidence of things not seen.—Hebrews 1:1.

Through love, through hope, and faith's transcendent power, we feel that we are greater than we know.

Trust in Him whose love enfolds thee.

—Mary Baker Eddy

Nothing in life is more wonderful than faith—the one great moving force which we can neither weigh in the balance nor test in the crucible.—Harvey Cushing.

PLUMBING-HEATING REPAIR AVAILABLE

Although strict control over sales of new plumbing and heating equipment costing more than \$5 has been established by the War Production Board, requiring sales to be made only on priority ratings of A-10 or higher, used equipment may be bought and sold without restrictions.

For emergency repairs and for maintenance of present equipment, priorities assistance is available to installers and suppliers of plumbing and heating equipment. Such installers and suppliers may apply the A-10 rating.

RUBBER TIRED TRACTORS OUT

Production of farm machinery and equipment using rubber tires is due to stop on April 30, with the exception of combine-harvester threshers, which will go out of production after July 31, in accordance with a War Production Board order.

COTTON MILLS CONVERTING

The nation's cotton mills, under a new WPB order, are converting specified percentages of their looms to the production of osnaburg and bag sheetings. This conversion is expected to double the production of such fabrics, urgently needed for sand bags, camouflage cloth and food and agricultural bags.

New goggles provided with shatterproof lenses that shut out injurious ultra-violet and infra-red rays have been developed for the use of American ski and mountain troops. The goggles are shielded in such a way that no snow can get inside during a storm, yet air is allowed to enter to prevent fogging.

To protect their health, new employees are given physical examinations in many industrial companies in the United States.

A way to make a new flannel-like fabric by "welding" together fibers rather than by weaving has just been patented. The "weld"-produced cloth is said to be as strong, soft and flexible and to stand rough wear.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: Mrs. Effie Alexander, Munday, Texas, and R. E. Alexander, whose residence is unknown, GREETING: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. on the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 25th day of May, A.D., 1942, at or before 10 o'clock A.M., before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas.

Said plaintiff's petition was filed on the 23rd day of January, 1941. The file number of said suit being No. 4165.

The names of the parties in said suit are: City of Munday, a municipal corporation, Munday Independent School District, a municipal corporation, and the State of Texas and Knox County, each being political subdivisions, and taxing units, as Plaintiffs, and Mrs. Effie Alexander of Knox County, Texas, and husband, R. E. Alexander is unknown to plaintiffs, and that he is a transient person, and that his place of residence is unknown, as Defendants.

The nature of said suit being substantially as follows, to wit: A suit for taxes, being described as follows, to wit: All of Lots Number One (1), and Two (2), both in Block Number Two (2), Original Town of Munday, in Knox County, Texas. Taxes due the City of Munday for the years 1928, 1931, 1932, 1933, 1934, 1935, and 1940. Taxes due Munday Independent School District for the years 1935 and 1940, the State of Texas and Knox County for the years 1931, 1933, 1934 and 1940.

Issued this 7th day of April, 1942.

Given under my hand and seal of said Court, at office in Benjamin, Texas, this 7th day of April, A.D., 1942.

LEE COFFMAN, Clerk District Court, Knox County, Texas. 43-4tc

Covered Dish Supper Held By Senior Class Tuesday

Last Tuesday evening April 21, the Seniors class had a covered dish supper which was very entertaining and we had a lot to eat.

Dick Harrell had charge of the games and was that a lot of fun! If you know Dick you might guess that most of the fun was had in playing. Most of the many games were racing games. You should have seen Charles trying to beat Doyle eating a piece of bread and jam, being fed by Ralph and Joe while all four were blindfolded. Something you could have all laughed at was to see Mr. Hardegreave putting on the dress and, Miss DeLoach when she couldn't think of the famous band director whose given name was Cecil—any and everyone should have known that was Cecil Hood.

I think the most enjoyable thing that was done was to get the boys like Ben and Ralph washing dishes and the other boys drying them while the girls put them up. We all knew that if you sing while you work the time passes quicker, so we all sang "Deep in the Heart of Texas."

When time came to part the entire class hated to leave as they were having so much fun and realizing that the day would soon be here when the Class of '42 would not be able to be together.

Those attending the party were the class sponsors, Mr. Hardegreave and Miss DeLoach, part of the room mothers, Mrs. Atkinson, Mrs. Bowden and Mrs. Martin, and the majority of the Senior class.

Senior Report

The Seniors are really looking forward to Friday because that is the day the annuals are to be here, which reminds me that Mr. Hardegreave just said: "If we don't sell about ten more annuals we couldn't get them until we did." So let's all buy one before Friday so we can get them. Another thing that is happening is the annual Junior-Senior banquet. We are all looking forward to it and are hoping

Bring on that Jap

Bugga Brigadier is a snappy little wire-haired pup whose master, Edward E. Williams of Dallas, is serving with the fighting fleet. Bugga would dearly love to bite a Jap and would give part of his daily hamburger meat for Navy Relief. The pup's plea for the worthy cause was answered by his mistress, Mrs. Williams, with a contribution sent to Gerald C. Mann, Austin, State chairman of the Navy Relief Society.

to have a grand time. The Seniors led the high school with the Defense Stamp buying again last week. They had \$10, while the rest of the classes each bought three dollars worth.

Eighth Year News

The Eighth Year class is very proud of their Defense Stamp record. Last week the pupils spent about \$38 for stamps. This averaged about \$1 per pupil. If your record that good? Have you bought your stamp-for-the-day?

The Eighth Year Class is studying something new, and do they like it? The pupils have been studying manners. Introduction, social, school and table manners are being discussed.

The Eighth Year had a new arithmetic teacher Monday, Mr. Ben Bowden. "When the cat's away, the mice will play" . . . this didn't happen in the Eighth Year!

We Wonder Why . . . Emmagene and the weather don't get along. Martha's fists are getting so loose. Johnnie likes hamburgers . . . Joe likes peaches. Lyndol is so interested in airplanes.

You should hear the Eighth Year pupils give the Pledge to the Flag

and hear them sing the prayer verse in "America." It's really inspiring!

Seniors On Review

Frances Smith was born in Rule, Texas, on January 19, 1924. She started to school at Lubbock, and after two years moved to Rule where she went five years and then entered Munday Public Schools, where she has gone ever since.

She plays volleyball and was a member of the pep squad. She also substituted for Flora Alice Haymes in the Senior play.

When she finishes school she plans to enter a nurses school. We wish her the best of luck and much happiness.

Mary Stevens was born in Welnert, Texas, on March 15, 1922. She started to school at Lone Star and only went one year. She then entered here and has been in this school since.

She plays volleyball and was a member of the pep squad. She plans to be a nurse. The class wishes her the best of success and happiness.

Freshman News

Monday morning the Home Ec 1A class had a lab period. Half the girls made muffins and the other half made biscuits. No one had ill luck—every thing turned out well.

We have finished Lady of the Lake and are taking up Treasure Island. We have just started it, but it is interesting.

In math we are studying Trigonometry. It isn't very hard, but there certainly is a variety of expressions included in it.

The Sophomore Report

After a look at the report cards the Sophomores decided they had better get busy for it isn't long until the end of school. Book reports and poetry are certainly keeping us busy.

The class has been planning on a picnic, party of something but the weather always gets the best of it. Some smart person will have to invent something to control the weather so we can have a social.

Junior News

The Juniors are all enthused over our banquet May 1, which we are giving the Seniors and we hope it will be a success.

Well, there's hardly five more weeks until we are all "free" once more, and more of us can hardly wait.

Some of the Juniors' favorite songs are:

Bonnie Jean: "Somebody, Nobody Loves Me."
Betty Simpson: "Somebody Else is Taking My Place."
Patsy Ruth Kirk: "The Shrine of Saint Cecilia."
Maxine West: "Moonlight Cocktails."

Betty Jean Golden: "The Shrine of Saint Cecilia."
Maggie Searey: "One Dozen Roses."
Margaret Womble: "Somebody Else is Taking My Place."
Delmar Cadwell: "In the Light of the Silvery Moon."
Jane Campbell: "Somebody Else is Taking My Place."
Lowell Cure: "Ida Red."
Harmon Sessions: "Deep in the Heart of Texas."
Rheta Jo White: "I'll Pray for You."

Milton Thompson: "Moonlight Cocktail."
Jimmie Silman: "Captain of the Clouds."
"Jerry Stevens: "I Don't Want to Walk Without You—Joe."
Helen Williams: "The Marine Hymn."
Benton Snelson: "Moonlight Cocktail."
G. C. Conwell: "I Don't Want to Walk Without You."
Elton Adams: "You Are My Sunshine."
Bill Brown: "Deep in the Heart of Texas."
Wayne Blacklock: "Moonlight Cocktail."
W. C. Nance: "Deep in the Heart of Texas."
Judge Stevens: "Deep in the Heart of Texas."
Edwin Lowrance: "You Are My Sunshine."
Joe McGraw: "I Don't Want to Walk Without You, Baby."

Mr. and Mrs. T. R. Busby of Brownfield were here over the week end visiting with Mr. Busby's parents, Mr. and Mrs. T. M. Busby.

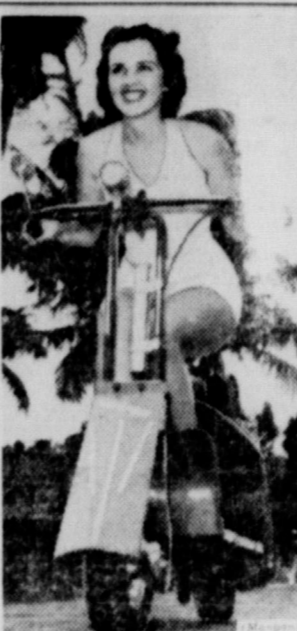

Mrs. Sue Parkhiser and daughter, Mrs. Leo F. Mortimer, both of Oklahoma City, spent the week end here with Mr. and Mrs. Gene Harrell and little daughter, Natalie.

Mr. and Mrs. J. R. Reeves and family of Mineral Wells have returned home after a visit with Mr. Reeves' brother, S. W. Reeves and family.

People, Spots In The News

ARMS FOR WAR—Both arms! Pullman porters get a workout from U. S. soldiers bound for camps or overseas. But in war or peace it's service with a smile. Last year more than two million troops travelled Pullman and currently 1,500 Pullman sleeping cars are assigned exclusively for troop transport.

SCOOTING ALONG—Motor scooters are a fad with misses in Miami, Fla. Virginia Crawford, who would like to be a speed cop, would have little trouble in making an arrest.

HOME AGAIN—On hand for exhibition game between Yankees and Dodgers in New York, Tim Sullivan (left), former Yankees' bat boy, now in Coast Guard, gives pointers to new bat boy, Pat O'Doherty, while Joe DiMaggio takes one.

Patriotic Hens Have A practice Blackout to Speed War Production

Not only industry is putting in longer hours for defense—the hens may go on a 182-hour week for their country!

At the Rutgers University agricultural experiment station, a shock brigade of 350 laying hens has been placed on a 26-hour day in a startling attack on the Julian calendar, designed to step up egg production for the food-for-freedom campaign. The patriotic hens are operating in a completely blacked-out laboratory where each day has 14 hours of light and 12 hours of darkness.

If the experiment calls for breakfast at 8 a.m. today, it will be served at 10 a.m. tomorrow and noon the following day and so on. This seemingly confused schedule has a 182-hour week, but the hens have to put up with it for only 48 weeks in their strange new year.

Dr. Willard C. Thompson, head of the poultry department at the experiment station, makes this explanation: "There is some evidence that this highly artificial control of light and dark hours may increase egg yields from given flocks by a fairly high percentage, per-

haps even from 15 to 20 per cent."

But the manufacture of food is not the hens' only function in our defense program. They are also helping to bring victory to the United States Navy. The white of eggs is the base of an alcohol resistant paint used inside of hermetically-sealed, alcohol-filled, four and seven-inch navy compasses, which one large company is manufacturing.

MUNDAY HDW. & FURNITURE CO.

the base of paint for the inside of navy compasses for 50 years.

The eggs must be strictly fresh. In fact, the paint has to be mixed and used within a few hours from the time the egg is laid, otherwise the paint will not adhere to the surface.

In order that the eggs may be used immediately, the engineering department of this company is designing a trap nest to show when a hen lays an egg.

Though our nation's hens are now doing vital defense work and face the possibility of longer hours, to date no requests have been made for overtime pay.

Conservation Of Burlap Bags Now Important Move

With imports of burlap seriously reduced by the war and with military requirements for burlap increasing, it is highly important that Texas farmers take steps to conserve both cotton and burlap bags, the Texas USDA war board has announced.

The Texas board has been directed by Secretary of Agriculture Claude R. Wickard to urge the conservation of burlap and cotton bags. A campaign to this end will be carried on by the board in cooperation with other interested organizations.

The bag conservation program is designed to encourage farmers to handle bags carefully so they can be used repeatedly and to promote the quicker return of usable bags into trade channels.

There is no shortage of cotton for cotton bags but all textile machinery which produce the bag-type fabrics is badly needed for the manufacture of other war essentials, Secretary Wickard informed the war board.

The program is intended to reduce new bag requirements, relieve local shortages and bring a steadier flow of second-hand bags into trade channels for distribution

as they are needed in harvest areas. Normally about 60 per cent of all textile bags manufactured in the United States are used for agricultural purposes and approximately half of those used by agriculture are made of burlap imported chiefly from India which is now practically inaccessible.

FISHING TACKLE CURTAILED

WFB officials consoled the nation's fishermen by pointing out that "the stores are chock-full of tackle," when they issued the recent order banning the use of metals, plastics and cork in non-commercial fishing tackle made after May 31. Since most tackle cannot be manufactured with the use of such materials, the order will mean the end of fishing-tackle production for the duration. The only exception is fishing hooks, which may be produced for three months, beginning June 1, at the rate of 50 per cent of last year's output.

RICE IS TRANSFERRED

Word was received here last week that Lieut. Walter Rice, who has been stationed at Camp Blanding, Florida, has been transferred to Camp Shelby, Mississippi. He is with the 172nd Field Artillery.

Mrs. Pitzer Baker and sons, Charles and Kenneth, spent the week end in Floydada and Lockney visiting with Mrs. Baker's mother, Mrs. E. C. Henry, and other relatives.

Wesleyan Service Guild Meets With Mrs. Luther Kirk

Topics from the "Methodist Woman" and "The Outlook" were discussed on the program of the Wesleyan Service Guild last Monday evening in the home of Mrs. R. L. Kirk. Miss Merie Dingus was co-hostess.

Mrs. Joe B. King was program leader, and Miss Janette Campbell gave the devotional.

"The Hill Toward the Rising Sun" was told by Miss Edna Lou Brock. Mrs. Billingsley gave several piano numbers.

Mrs. Layne Womble gave a very interesting topic, Nembo Yvama, and Mrs. Kirk gave a report on her trip to the conference.

After the Guild benediction, refreshments were served to 11 members and two visitors. Present were Mmes. Layne Womble, M. F. Billingsley, Aaron Edgar, Joe Bailey King, Chester Borden, Levi Bowden, Misses Imogene McCarty, Dell Neeb, Janette Campbell, Ruth Baker and the hostesses.

Mr. and Mrs. Press Phillips were called to Abilene the first of the week to be with their daughter, Docia, who is seriously ill with diphtheria. Mr. Phillips has returned home, and Mrs. Phillips will stay for several days.

D. B. Daugherty of Seymour was a business visitor here Tuesday morning.

Mr. and Mrs. E. L. Covey of Benjamin were business visitors here last Tuesday.

Temple-Shupee Marriage Vows Read in Austin

Mrs. Micki Temple, daughter of Mr. and Mrs. O. F. Temple of Seymour, and Aviation Cadet Byron Shupee, son of Mrs. Elizabeth Shupee, of Seymour, were married Sunday, April 19, at 3 p.m. in the Bible Chair of the Christian church of the University of Texas. Dr. Jewett officiated.

Given in marriage by her father, the bride wore a street length dress or rose bieve crepe. The neckline and bracelet length sleeves were trimmed with wide white organdy ruffles. She wore a small white hat with white veil, and carried a white bible.

Mrs. Shupee is a former Munday girl, and is the granddaughter of Mr. and Mrs. E. E. Akers.

Miss Emmett Temple, of Dallas, sister of the bride, was maid of honor and wore a beige dress with flowered midriff and full pleated skirt, and wore a green hat.

George Shupee, brother of the groom, was best man.

Mrs. E. D. David of Gorman, aunt of the bride, played the wedding march and soft music throughout the ceremony.

Immediately after the wedding, a reception was given in the home of Mr. and Mrs. Duncan Whiteside, uncle and aunt of the groom.

Guests beside the immediate family were Mr. and Mrs. E. D. David and son, Billy, of Gorman, Mr. and Mrs. George Shupee of Arlington, Miss Emmett Temple of Dallas, Mr. and Mrs. Duncan Whiteside, Mr. and Mrs. Purcell and Miss Shirley Day of Austin, Lieut. and Mrs. Clifford Jeffords and Miss Catherine Merchant of San Antonio.

Both the bride and groom are graduates of Seymour High School. Mrs. Shupee received her degree from T.S.C.W., Denton, last June, and Mrs. Shupee graduated from the University of Texas.

The couple will make their home in San Antonio, where Mr. Shupee is in training at Kelly Field.

Monday Night Bridge Club Meets in Mitchell Home

Mr. and Mrs. A. H. Mitchell were hosts to the Monday Night Bridge Club in their home last Monday night. The party rooms were attractively decorated with roses.

In the games of bridge, Mrs. J. C. Harpham and H. A. Pendleton were winners of high score.

A delicious refreshment plate was served to Messrs. and Mmes. W. R. Moore, H. A. Pendleton, Grady G. Roberts, F. S. Broach, J. C. Harpham, W. E. Braly and the host and hostess.

W. O. Holden, Haskell funeral director, was a visitor in town last Tuesday. Mr. Holden was on his way to Mangum, Okla., to attend to business matters.

Starts Campaign for Lieutenant Governor

HAROLD BECK

State Senator Harold Beck of Texarkana this week formally announced his candidacy for Lieutenant Governor of Texas. He has served in the House and Senate for the past ten years and was President Pro Tem of the Senate during the last special session of the legislature. Senator Beck's father, Dr. E. L. Beck of Texarkana, will actively manage his son's campaign.

Mrs. Fred Broach Jr. Entertains Friends Last Thursday

Mrs. Fred Broach, Jr., entertained a group of friends with a bridge party in her home last Thursday afternoon.

Spring flowers were artistically arranged throughout the house.

Mrs. Carl Jungman, winner of high score, was presented with a defense stamp book, that held several stamps, and Mrs. Jerry Kane was presented with defense stamps for consolation award.

Refreshments were served from the lace-laid dining table, centered with a beautiful arrangement of spring flowers.

The guest list included Mmes. T. G. Benge, H. F. Barnes, Fred Broach, S. V. Coley, Travis Lee, Travis Jones, T. L. Stall of Midland, H. L. Kimsey, Jerry Kane, Wade T. Mahan, Carl Jungman, Hugh Beaty, Dorse Rogers, Gene Harrell, Bob Davy, Sebern Jones and Agnes Mayes.

Women's Christian Service Society Meets on Monday

The Woman's Society of Christian Service met last Monday afternoon in the home of Mrs. J. C. Borden. Mrs. C. H. Giddings was leader of the program in Spiritual Life.

Mrs. S. E. McStay presided over a short business meeting. Refreshments were served to 20 members.

The Knew Klub Meets on Monday in Palmer Home

Members of the Knew Klub were entertained last Monday night in the home of Mr. and Mrs. L. M. Palmer. High score at bridge went to Mrs. Carl Jungman.

At the close of the games a salad plate was served to Mr. and Mrs. Jerry Kane as guests and to the following members:

Mr. and Mrs. Paul Pendleton, Mrs. Rupert Williams, Mr. and Mrs. Gene Harrell, Mr. and Mrs. Fred Broach, Jr., Mr. and Mrs. Carl Jungman and the host and hostess.

Courtney Hunt of Haskell and Dr. Charles W. Stigman of Chicago, Ill., who with his family is visiting in the Hunt home, were business visitors here Tuesday afternoon.

"Give Uncle Sam a lift with thrift"

RAYON fabrics lose strength when wet. Never iron rayon until it's practically dry—or you'll injure the threads and shorten the life of the garment.

Invest the pennies you'll save by your careful handling of rayon in DEFENSE SAVING STAMPS, because you care for Democracy!

Munday H.D. Club Holds Meeting in Mrs. Offutt's Home

The second meeting of the Munday Home Demonstration Club for April was held in the home of Mrs. Lonnie Offutt on April 24.

The topic for this meeting was "Nutrition," with Mrs. Offutt as leader. She gave some valuable information on this subject. After discussing the need for nutrition in the diet, she gave a demonstration of processed cottage cheese, giving the following recipe:

Two gallons sour clabber milk, 1½ teaspoons soda, 1 teaspoon salt, cheese coloring to suit taste, 2-3 pint sour cream, half cup butter. Process: Heat clabber until curd separates (about 30 minutes at lukewarm temperature); squeeze curd dry, add soda and salt and stir well, add cream and butter and mix well and cook in a double boiler until smooth, stirring constantly. Remove from fire and beat with potato beater until thick and pour into greased container.

The next club meeting will be in the home of Mrs. Andy Hutchinson on May 8, when Mrs. Van Zandt will give a demonstration on

foundation patterns.

Present were Mmes. Don Phillips, Andy Hutchinson, T. J. Offutt, R. H. Howell, Frank Bowley, L. D. Offutt and the hostess.

Mrs. R. D. Atkeison Hostess to Garden Club Members

The Garden Club met last Tuesday afternoon in the home of Mrs. R. D. Atkeison.

Mrs. Chan Hughes, Mrs. L. W. Hobert and Mrs. G. W. Dingus gave a program on Bulbs, Pools and Rock Gardens. Mrs. Grady Roberts had a very lovely arrangement of roses.

Present for the meeting were Mmes. J. C. Harpham, J. A. Wiggins, Chan Hughes, S. A. Bowden, G. W. Dingus, Paul Pruitt, L. W. Hobert, J. R. Burnison, J. C. Borden, P. V. Williams, Sebern Jones, W. M. Mayo, Grady Roberts, H. F. Jungman, J. J. Keel, Dorse Rogers, and Miss Shelley Lee.

Andy Eiland returned to Galveston the first of this week after spending a week here with his mother, Mrs. Dave Eiland, and with other relatives.

New Deal Club Meets Wednesday With Mrs. Jones

Mrs. Sebern Jones was hostess to the New Deal Bridge Club in her home last Wednesday afternoon.

Mrs. W. M. Huskinson held high score.

A delicious refreshment plate was served to Mrs. Morrison Boyd and Mrs. J. P. Bowers of Somerville, Tenn., Miss Louise Atkeison, and Mrs. Agnes Mayes, tea guests, and to Mmes. W. M. Huskinson, Wade T. Mahan, Carl Jungman, Mrs. T. L. Stall of Midland, Mrs. Grady Roberts, Mrs. Gene Harrell, Mrs. Dorse Rogers and Mrs. J. C. Harpham.

Curtis Roach, president of the State Farmers' Union, was a guest in the home of Mr. and Mrs. John Rice Monday. Mr. Roach, whose home is in Perryton, was a reserve officer, and reported to Camp Wolters for his induction into active service.

E. H. Bauman and H. A. Pendleton were business visitors in Dallas the latter part of last week.

Munday Study Club Meets Friday To Close Club Year

The Munday Study Club met last Friday afternoon for the last meeting of this club year, with Mrs. M. H. Reeves hostess.

The following officers were installed: Mrs. S. V. Colley, president; Mrs. J. E. Reeves, first vice president; Mrs. Chan Hughes, second vice president; Mrs. R. B. Harrell, recording secretary; Mrs. Don L. Ratliff, corresponding secretary; Mrs. M. H. Reeves, treasurer; Mrs. Dorse Rogers, assistant treasurer; Miss Maud Isbell, executive member; Mrs. J. A. Wiggins, parliamentarian; Mrs. Fred Broach, Sr., federation counselor; Mrs. Manuel W. Ayers, reporter.

Mr. and Mrs. R. C. Couch and daughter, Miss Mary Couch, of Haskell were guests last Sunday in the home of Mr. and Mrs. C. L. Mayes.

Mr. and Mrs. G. R. Eiland and Mrs. D. C. Green spent last week end in Wichita Falls, visiting with G. R. Eiland, Jr., at Sheppard Field and with Dr. and Mrs. James N. Walker and daughter.

Mother's Day Special

Crisp New Cottons

The "extra" gift you want for Mother... a crisp new cotton! Well tailored, bright and fresh—so pretty Mother will wear them visiting too! Coat, casual styles. Prints, stripes, dots. 14 to 52.

\$1.49 up

Give Mother Something to Wear! \$5.95 up

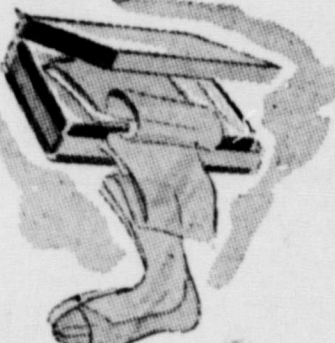

That's what she wants most! For instance, a sheer crepe in navy or black. A dress that can be worn through summer. A new shipment of Classy Jeans.

GIFTS For Mother

Give Mother Lovely Lingerie \$1.95

Nicest gift ever for Mother on her day—lovely lingerie! Choose from beautifully tailored, perfect fitting slips with dainty lace, embroidered trims. White, tearose. 34-44. Also gowns.

Army Moderation Shown by 76% Decline in Alcoholism Rate Since Prohibition Peak

A decline of 76 percent in the alcoholism rate in the United States Army since its last peak in 1922, was recorded in 1940, according to the annual report of Major General James C. Magee, Surgeon General, which has just been published by the U. S. Government Printing Office.

A graph charting the rate of hospitalizations for alcoholism shows that its last upsurge in the Army was exactly coincidental with the prohibition period between 1920 and 1932, and that there has been a constant and gratifying decline in alcoholism and a corresponding increase in moderation since repeal of the Eighteenth Amendment.

From a low of 2.3 per 1,000 men in 1919, the alcoholism rate in the Army jumped to 11.5 in 1922, and was over 6 per 1,000 in every year of the "Dry" era. It has been dropping since 1932.

Annual rates of Army hospital admissions for alcoholism follow:

1919	2.3	1930	7.2
1920	6.6	1931	9.0
1921	7.1	1932	6.7
1922	11.5	1933	5.6
1923	7.9	1934	6.0
1924	8.0	1935	4.5
1925	8.0	1936	4.6
1926	8.0	1937	3.5
1927	9.0	1938	3.4
1928	8.8	1939	3.3
1929	7.5	1940	2.7

Significant of the same trend among the citizens generally, are the alcoholism death rate statistics published by the U. S. Bureau of the Census, which show a decline from the high of 4 per 100,000 population in 1928, to 1.9 in 1940. Ranking officers of the Nation's

armed forces testify that the availability of beer at Army posts has been a valuable aid to morale and temperance. Secretary of War, Henry L. Stimson, in opposing prohibition

legislation for the Army camps, said:

"The War Department is convinced that temperance cannot be attained by prohibition applied to its personnel any more than it can be attained by prohibition applied to the Nation at large, and experience has proven that the application can only be solved by the problem of practicable and tolerant measures applied in a logical manner."

"Experience has proven that the present policy of the Department is the most effective way to insure temperance and it would be regrettable indeed should the Congress, in its effort to assist in the matter of attaining temperance among military personnel, enact legislation which would destroy the advancements made and return to the Department the difficult problem of combating bootleg operations. The War Department is firmly of the opinion that the armed forces need no such prohibition."

 Sunday evening sermon text, "That the soul be without knowledge is not good." Prov. 19:2.
 If more people had more knowledge of God's Word and were rooted and built up in it, we would have a much better nation and more people would be on the road to heaven and fewer people would be drifting down toward hell. Think on these things and come to the services Sunday and hear what God has said in His Word on these subjects. You are always welcome.

FIRST BAPTIST CHURCH

We are beginning our Vacation Bible School this year on Monday, June 8th. Will continue for two weeks. We will have more to say of it later.
 Despite the rains and bad streets the attendance at our services has been exceptionally good, and the interest has been above par. We appreciate the fine cooperation the people are giving. We will have a short business session at the beginning of the service next Sunday morning. Some items of business need our attention.
 In this war-stricken time we need the fellowship and cooperation of each other, and the love and power of the Divine.
 W. H. Albertson

Land Owners To Vote Soon On Soil District

The Knox County Soil Conservation Committee has received notice from the State Soil Conservation Board that an election will be held in Knox county some time soon to determine the wishes of the land owners in forming a Soil Conservation District, which will include the north half of Haskell and all of Knox county with the exception of the land owned by the W. T. Waggoner Estate.
 The judges and clerks appointed to hold the election in each of the communities are as follows:
 Truscott: Boyd Gillespie and Elmo Todd.
 Gilliland: Lon Cottingham and E. A. Burgess.
 Vera: H. A. Sullins and Harry Beck.
 Goree: W. W. Coffman and C. B. Warren.
 Munday: P. C. Phillips and Clay Grove.
 Knox City: Lee Smith and B. B. Campbell.
 Rhineland: Frank Corveny and Louis Homer.
 Benjamin: O. D. Propps and

METHODIST CHURCH

"We take our autos to the garage for repairs;
 Our watches to the jeweler for repairs;
 Our bodies to the hospital for repairs;
 Why not take our souls to the church for repairs?"
 Come to God's house and worship. Let us help to bring our nation nearer to God that we may claim His great promises and feel His divine presence and help. Did you ever stop to think that with every promise there is a condition? "If any man will come after me let him deny himself and take up his cross daily and follow me."
 Sunday school at 10 a.m.; church services, 11 a.m.; youth fellowship at 6:30 p.m.; evening services at 7:15 p.m.

Chas. Hamilton.
 Erosion is often too big a problem for one man to tackle alone, running water and washing soil pay no heed to property lines.
 To create a solid front against soil erosion, farmers are forming soil conservation districts, now authorized by special laws in Texas. Districts are governed by locally elected boards of supervisors who draw up their programs of land improvement and get help from other public agencies in making surveys.
 Soil conservation districts are usually organized to include entire watersheds, so that soil erosion may be effectively controlled on all lands.

WASHBURN NEWS

Mrs. C. N. SMITH, Correspondent
 Health is splendid in the community at this time.
 Mr. and Mrs. C. Y. Morris of Rule visited Mr. and Mrs. C. N. Smith last Sunday.
 Mr. and Mrs. J. W. Gulley were in Seymour on business last Monday.
 James Cadwell of Munday visited John Brown recently.

 Mr. and Mrs. Melvin Heath of Corpus Christi visited relatives here last Sunday.
TO BROTHER'S FUNERAL
 Roy Ross, colored boy of Munday, spent the first of this week in Dallas where he attended the funeral of his brother, who was killed by his wife. Details of the killing were not learned here.

IT PAYS TO ADVERTISE

Canadian Tanks in Mass Production

MASS produced in the Angus Shops in Montreal, these infantry tanks have trundled off the assembly line and are being fitted with a powerful 2-pounder machine gun, flame thrower and other equipment. Consisting of 40,000 separate parts and costing about \$90,000 each, these Valentines weigh around 20 tons and travel at a top speed of 25 miles per hour. More than 3,500 men are employed in their construction at the plant. The factory runs 24 hours a day—5 days a week. "Valentine" is now the correct designation of this type of infantry tank. Canada has sent many of these to Russia. A second plant in Canada is now turning out many tanks of the heavier type daily.

Citizens Urged To Take Vaccine Against Typhoid

Austin, Texas.—If you have not been vaccinated against typhoid fever within the last two or three years, Dr. Geo. W. Cox, State Health Officer, advises you to go to your doctor or the nearest health officer and have him give you the three "shots" that will protect you against the disease.
 "The three shots that will protect against typhoid are given at intervals of one week apart," Dr. Cox stated. "As it takes some time for the protective treatment to be established throughout the system, it is wise not to delay in having it done. My advice is have it done now so that immunization may be complete before summer arrives."
 This advice was addressed particularly to Boy Scouts, Girl Scouts and other youngsters who are looking forward to spring and summer hikes and trips. It is, however, meant also for others, young and old, whose business or pleasure during the summer will take them to places where there may be doubt as to the purity or safety of the water supply, or as to the care with which food is handled.
 Mr. and Mrs. Hugh Stodghill and Mrs. Callie Hardin of Shroton were visitors in the home of Mr. and Mrs. J. L. Stodghill last Tuesday and Wednesday.
 A Want Ad In The Times Pays

Mrs. D. C. Eiland, Mrs. Prudence Sessions and Miss Zell Spann were visitors in Wichita Falls last Monday.

A. C. Nichols and son of Vera were business visitors in town Saturday.

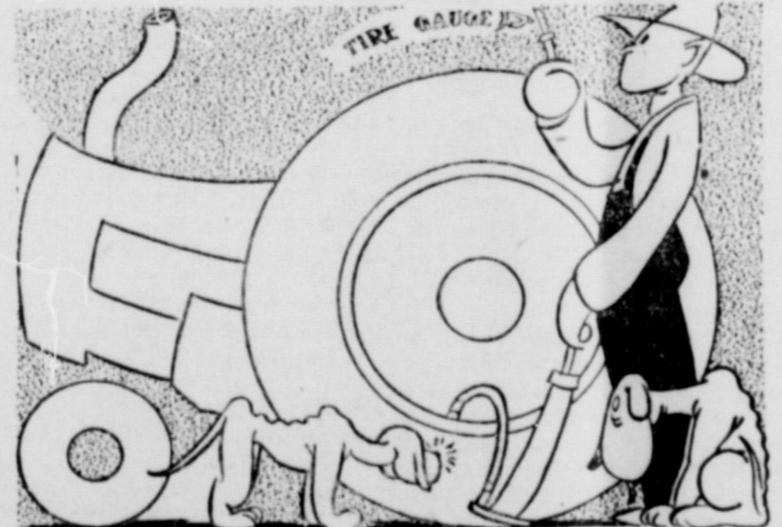

Miss Mary Couch of Haskell visited friends here last Sunday.

Miss Lorene Newsom returned home last Monday from Clarksville, Texas, after a week's visit with relatives and friends.

Save and Sell for Victory

SAVE on rubber. Check tractor, truck, and auto tires often. Be a miser-driver. Tires have to last a long time.

SELL or give to charity all scrap metals. Clean out your basement and backyard. Brass, copper, lead, tin, and all other metals are needed.

INTERESTING FACTS

Industrial research has developed three new lead-base alloys that can be used in place of tin, thus saving about 20,000 tons of that now precious metal every year.
 An electric signal hook-up has recently been perfected which gives the pilot warning when an airplane is flying through an atmosphere where ice may form on the wings.
 Through safety devices, provision of frequent rest periods, and other methods, industrial accidents were reduced 69 per cent in the 14 years from 1927 to 1940.
 Orange and grapefruit peelings may soon become the source of valuable war-industry solvents. A method of extracting such "juice" from these waste products has just been developed.
 More than 200,000,000 board feet of insulating materials will be needed this year for the cold-storage plants of military cantonments, packing plants, creameries, ice-cream plants and commercial refrigerators.

DON'T TAKE THIS LYING DOWN . . .

When men are fighting and dying, you must do your part. Be sure you enlist your DOLLARS for DEFENSE. Back our armed forces—and protect your own life—with every single dollar and dime you can.
 America must have a steady flow of money pouring in every day to help beat back our enemies.
 Put Dimes into Defense Stamps. And put Dollars into Bonds. Buy now. Buy every pay day. Buy as often as you can.
 Don't take this lying down.

NO TIN IN TIN HELMETS

THE name "tin hat" is just a pet army name, carried on from the last war, for the steel helmet which the army wears in battle. There is no tin in a tin hat. It is made from a very special type of armored steel which is capable of withstanding a steel-jacketed revolver bullet fired at a distance of only 30 inches. Another feature about these steel helmets is that they are non-magnetic. This prevents them from interfering with some of the delicate instruments which are used in range finding, etc. The picture shows a small portion of a day's output of steel helmets in a Canadian factory. As well as equipping her own troops, Canada is making these helmets for the forces of the United Nations all over the world.

The 1942 Texas goal for peanuts is 1,056,000 acres, or more than three times the acreage planted the previous year.
 In summer pastures where grass is dry and dormant, lespedeza increases total yield from 25 to 100 per cent.
 Production of farm machine repair parts is at least 50 per cent higher than last year.
 "Electric eyes" are now being used as fire wardens. The electric beam can be set in such a way that it moves over areas where fires are likely to start. When it finds one, it pauses and sets off a mechanism which sprays the blaze with a fire extinguisher.
 Every steel rail that is made in the United States carries its own biography imprinted on it—when and where it was manufactured, the process used, and clues to other essential facts about it.
 Research by several steel companies has resulted in the development of four new types of alloy steels, all of which require less than the amounts of virgin chromium and nickel ordinarily used. Most of the chromium and nickel used in this steel is obtained from scrap recovered from previously-made steel.
 One ton of paper that is salvaged from old magazines will wrap about 17,000 rounds of fuses for the army.
 One company spends more than half a million dollars a year for labor and operating expenses to salvage materials and make them ready to be used again.

Senior News

Commencement has been set up one week. Therefore the Seniors will graduate Friday, May 15, 1942, and baccalaureate services will be held Sunday, May 10, 1942. The Seniors sincerely regret that they will not be able to give a Senior play but due to conditions beyond their control the play had to be called off.

Several unaccountable incidents have taken place this week in the Senior row. The main one is Randall and Rufus' affection for Vera and people there. Another is Smitty's utter lack of ability to stay awake. (But we can't help it if she refuses to get her sleep.)

The Senior boys are going fishing at Lake Kemp this week end. Early Saturday morning the girls are to join them for a breakfast, and the girls are to spend the day there—and other places in interestingly especially bus stations, eh, Mym?

A Faithful One

Twelve years ago a little blue-eyed blonde started to school about a mile north of Sunset. Thus began the career of our Senior Treasurer. Having always been an honor student she is considered one of the most brilliant students of Sunset High School. She was president of the Sophomore class of 39-40 and secretary-treasurer of the Junior class of 40-41. She is treasurer of the Senior class of 41-42. Having always served her class efficiently and cheerfully, she is regarded as one of the most worthy members of the class. As a Freshman she was elected candidate for queen, although she did not win she was a Duchess in the coronation. This enthusiastic member of the graduating class is known other than Jeanette Partridge. Her main interest outside of her school work is collecting stamps for defense (especially air mail stamps). Jeanette hasn't made plans for next year as yet. She wishes as a wish for next year's Seniors: the hope that they will finally enjoy being a Sunset Senior.

Fourth Grade News

Wanda Jean Rodgers, our new pupil from California, is back in

school after having been absent with the measles for several days. Measles seem to be a part of our "Deep in the Heart of Texas," or at least that is what Wanda Jean thinks.

Marjorie Lou Crumsey went to Graham Saturday. She reported a very nice time.

Verdene Poyner enjoyed having her friends from Paducah to visit with her over the week end.

Jerry Mack Dickens went fishing over the weekend...for Chting over Saturday. What did he catch? ... a crowdad.

Eighth Grade News

All the eighth grade class are hoping to pass so that we all may be together next year.

The eighth grade was proud to have a new boy on our class roll Monday. His name is Joe Savage. Barbara Jane Almanrode has the German measles. But we hope she will get over them soon.

Some of the class have nicknames. They are:

Margie: Marge.
 J. B. Booe: Boo!
 Betty John: Johnnie.
 Glynna Dean: Deaneer.
 Betty Sue: Prancer.
 F.W.: Grandpa.
 Weldon: Waddy.
 Mr. McLeroy: Baldie (nearly).
 Leo: Preacher.

Our reporter has the German measles and this writer isn't responsible.

Third Grade News

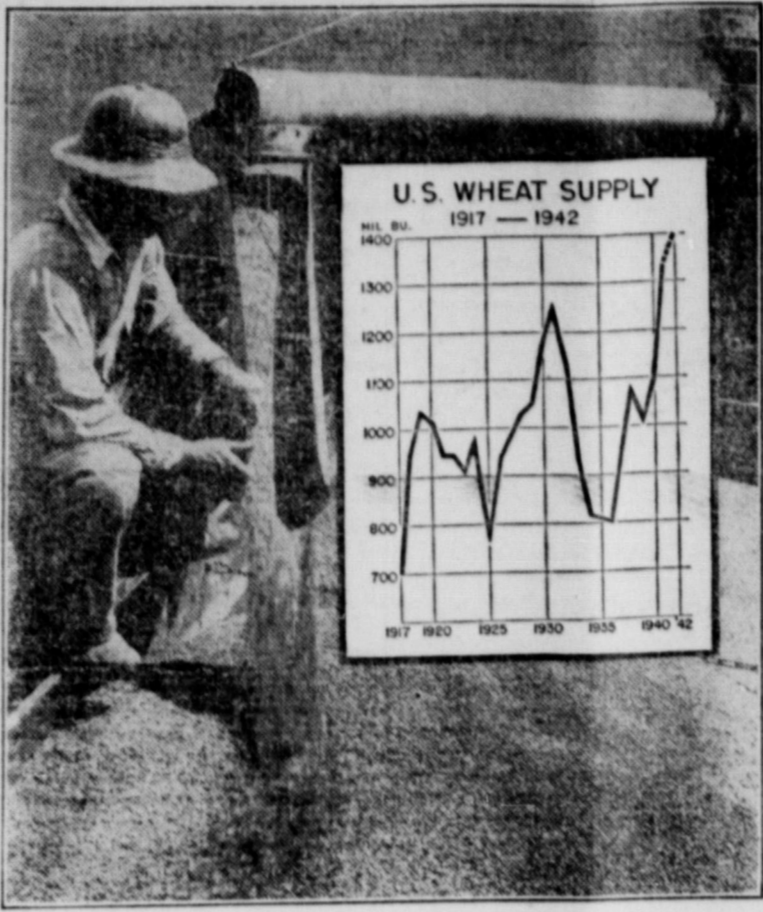

This week all the children in our room would like to tell the ladies in the lunch room how much we have enjoyed and appreciated the good hot lunches we have had all the year. Each day there has been a little stir of excited pleasure when the time came to wash hands and walk across the hall for our plate of good steaming hot food. And bread... we simply ate it all we could get.

Most of the children in our room enjoyed wading during the rains. So far, there have been no bad effects.

We have been doing some clay modeling.

Don Johnston went hunting and

U. S. Wheat Bins Are Full

World War II finds the United States well supplied with wheat, says the U. S. Department of Agriculture. As the chart indicates, the supply is double that of 1917 when America entered the first World War. It is estimated that on July 1, the Nation's supply will be nearly 1 1/2 billion bushels, enough for two years of domestic use. Instead of plowing up new land and expanding wheat acreage, farmers are able to use land, labor, and equipment in turning out other war commodities more vitally needed—such as dairy, poultry, and meat products, vegetables, and oil crops.

got what the little boy shot at ... nothing.

Howard Lynn Bowden visited Gerald Ray Myers Sunday and they, together with several other children, enjoyed flying kites.

We have Harold Rodgers with us from Beardsley, California. We are happy to have him for the remainder of the school term.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

Austin, Texas. The general opinion prevails in America that home is about the safest place there is. However, the facts prove that home is far from being the safest, it is often quite the opposite. A keener realization of this fact, plus amending the carelessness responsible for most of the home accidents, is a goal that can not be over-emphasized at this time when health and physical efficiency mean so much to the nation at large.

In commenting on this urgent need for the protection of life and limb in the American home, Doctor Geo. W. Cox, State Health Officer, today declared that accidents in the home are the cause of more deaths than diphtheria, scarlet fever, whooping cough, and measles combined; of more than appendicitis; of nearly as many as diabetes; of over two-thirds as many as automobile accidents; and of over a third as many deaths as tuberculosis.

"Slippery floor surfaces, lack of handrails on cellar steps, absence of protective gates at the top of stairs in homes where they are small children, toys left on stairs, un-anchored small rugs on polished floors, poisons in medicine cabinets accessible to children, and the careless storage of sharp tools and firearms are some of the more prominent hazards resulting in home accidents," Doctor Cox said.

"However," he added, "in the last analysis the problem boils down to one of reasonable individual caution. We can not view complacently the more than 30,000 deaths annually due to home accidents. These deaths, chargeable to remediable carelessness, can and should be reduced."

Doctor Cox declared that such a needless and profitless loss of life should be deplored at any time, but to permit such a condition to persist in 1942, in view of our national crisis, is a neglect that cannot be condoned.

I GIVE YOU TEXAS by BOYCE HOUSE

An open letter to Chas. A. Lindbergh:

"Last summer and fall, in long speeches over expensive, nationwide-hookups, (I don't know who paid for them), you said that America was safe—that the oceans made an attack on us impossible.

"Many thousands of Americans—perhaps millions—believed you. As a result, half-hearted efforts slowed down our national defense. "Then, on Dec. 7, Pearl Harbor gave the lie to your utterances and the blood of 3,000 brave Americans was shed.

"Since then, 50 American ships have been sunk within sight of our shores and many heroes sleep in the depths of the oceans which you said were our unassailable security.

"We have waited long and in vain for a confession from you that you were wrong—that you are sorry now and that you want to apologize to the people of your native land whom you tried to mislead.

"Don't you think, before you mingle freely with your fellow Americans, that you should bring forth some fruits meet for repentance and that you should openly and publicly acknowledge that you were a dupe, unless you want us to think you were worse?

"If you do not do this, then I—speaking as one American citizen who resents your words which helped to cost the lives of hundreds of American soldiers and sailors—shall ask of my government that you be placed in a concentration camp until the war, which you said couldn't happen, is over.

Boyce House."

An Austin archin has found an unusual way to pick up a bit of change. He enters the lobby of a hotel with newspapers under his arm—they are many hours old but they provide the pretext for his coming in. He goes up to a group and, singling out one of the men, he says:

"If I can tell you your first name, your birthday, the name of your wife and the name of the first woman you ever loved, would it be worth a quarter and if I don't

tell you all this, you don't pay me a thing?"

He says it all in one breath and the amused "prospect" says "all right." So the boy tells him: "Your first name was baby, your birthday was the day you were born, the name of your wife is Mrs. and the first woman you ever loved was your mother."

The other men guffaw and the victim hands over the quarter.

"Since he is himself a wool-growing Texas rancher and is also a governor facing an election campaign, we believe Governor Stevenson made a courageous as well as a sound statement the other day when the said the price limit set by administrators on wool is too high," says the Fort Worth Press, editorially. "There is certainly no war 'gimme' there. Perhaps Governor Stevenson and the other growers who agree with him remember the last war when wool prices skyrocketed and then plummeted so that the whole industry was upset. Governor Stevenson recognizes very sensibly that too-high prices mean inflation and that inflation means later trouble."

A former citizen of San Antonio, who now runs a hotel out on the Pacific Coast, says: "California is too far from Texas ever to amount to very much."

Being in Austin—especially when the Legislature is in session—is like having a ringside seat at an unending, free show.

Notables, such as Kaltenborn, Senator Pepper of Florida, and Helen Keller who was born deaf and blind, are invited to speak to the legislature and the galleries are, of course, open to the public.

On one occasion, delegates of the Alabama-Coushatta Indian reservation in East Texas were visitors in the House of Representatives. They were in native costume. Several lawmakers were made honorary members of the tribe and were presented with Indian head-dresses, after which the red men gave several dances and the medicine man prayed that the new members of the tribe would be well and good, and kill "plenty deer."

LOCALS

Mr. and Mrs. Arthur Lawson and children visited relatives in Stamford last Sunday.

Bob Hicks of Stamford was a business visitor in town last Monday.

Mr. and Mrs. Sied Waheed and family spent last Sunday in Wichita Falls, visiting with Mrs. Waheed's brother, Ernest Ameen, who is stationed at Sheppard Field.

Mr. and Mrs. Raphael Scott of Texas City visited with friends here over the week end. Scott was employed as a barber here for some time. They family has lived in Texas City for about a year.

Misses Lucille Petrus and Genevieve Herring have just returned from Austin and San Antonio where they were visiting. Miss Petrus took the state board examination for hairdressers and cos-

IS THERE A COTTON PAPER?

YES! THE HIGHEST GRADES OF FINE WRITING PAPER ARE BEING MADE FROM COTTON LINT. A TOTAL OF 6,500 BALES OF COTTON WERE USED IN THE MANUFACTURE OF WRITING PAPER IN 1941.

MAYOR'S PROCLAMATION

WHEREAS, There exists in the City of Munday numerous fire hazards that need to be corrected, and

WHEREAS, Sanitary conditions within the city could be greatly improved, and

WHEREAS, Building restrictions have been made that virtually eliminate the construction of new buildings, and

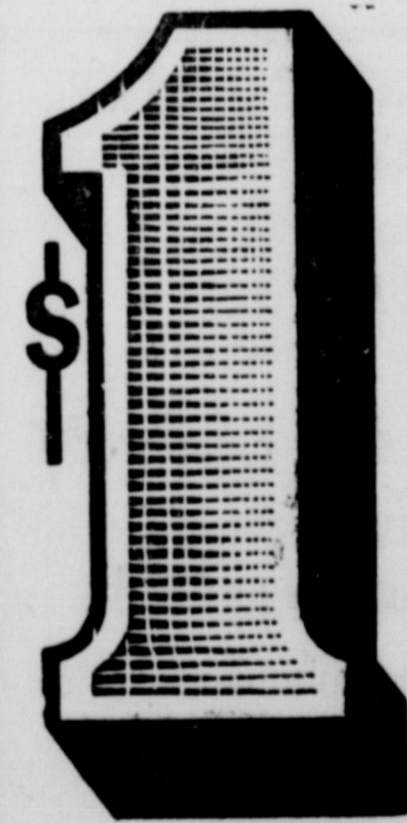

WHEREAS, The war efforts are in need of all available manpower and material,

THEREFORE, I, C. R. Elliott, Mayor of the City of Munday, Texas, do hereby proclaim May 4, 1942 to May 9, 1942, as general clean-up week and fire inspection week, and ask that all citizens remove all hazards that might cause detrimental fires or might be otherwise detrimental to the health and welfare of the community.

C. R. ELLIOTT, Mayor, City of Munday

TEXAS OUT-O-DOORS

Austin.—Controlled hunting that will prevent the killing of so many large bucks, and maintenance of the food supply were advanced today as probably the main factors in building up the weight and size of white-tail deer in Gillespie, Kerr, Mason and other Hill Country counties, the Executive Secretary of the Game, Fish and Oyster Commission said today.

That progress is being made in that direction was indicated in the quarterly report of the Director of Wildlife Restoration, which indicated that the average dressed weight of a Hill Country deer during the 1941 hunting season was 79.44 pounds, compared to an average dressed weight of 73.55 pounds in 1938, or an increase since 1938 of 5.89 pounds on the average.

These figures, it was pointed out, are based on statistics obtained from Game Department biologists, who, from the hunting season of 1938 through December 20, 1941, had weighed 2,088 deer killed by hunters in all of the banner deer hunting counties in the Hill Country.

Gillespie County deer showed the highest average dressed weight increase—6.82 pounds on the average for each deer. Kerr County was second with 5.85 pounds, while in Mason county the average increase based on available statistics was shown to be 1.96 pounds.

Notes on Hunting Seasons

Additional notes on the 1941 hunting season furnished by Game Department biologists:

A doe found killed at Travis Peak in Travis County was found to have been tagged and released by Game Department trappers on a Roberson county deer restoration project in February of 1940. The doe had been trapped in Mason county, it was learned from the tag, and when killed was apparently making her way back home. In traveling the approximately 90 airline miles in 21 months, this doe had crossed the Brazos river and probably had followed the San Gabriel river through the blackland farming section to the vicinity of

Governor Says Special Session Is Not Likely

Persons who have been urging a special session of the legislature were definitely discouraged by Governor Coke R. Stevenson last week.

"When there's a lot of static," he said, "you get no program on your radio. Right now there's a lot of static; I doubt we'd get a program accomplished at a special session."

The various subjects proposed for a special session include the following:

1. Authorizing counties to contribute to the support of civilian defense organizations in cases where, as in Harris county, the city and county have joined their defense work. The attorney general ruled that counties do not have the authority to spend money on such contributions.

2. A general appropriation to equip the Texas Defense Guard, suggested by numerous people during the past several months.

3. Provision to raise the salaries of school teachers, to discourage them from seeking better paid jobs in defense industries.

The governor said it would seem futile to talk about appropriating state money in the present condition of the general revenue fund; that would entail raising additional funds, and he did not believe any tax program could be worked out in a 30-day special session. So far as other subjects are concerned, he did not think any matter had been submitted that could not be worked out in some manner without legislation.

THE NEW ARRIVAL

a fair price for their products in order that they may be able to continue producing the food and fiber so necessary to win the war and write the peace. At the same time, he explained, the program helps build America's home defense by providing health foods to needy American families.

5-County Dairy Day Slated For Friday, May 8

Haskell, April 28.—Originally set for April 24 and postponed because of recent heavy rains, the second annual Haskell County Dairy Day will be held Friday, May 8, on the Central West Texas Fairgrounds in this city.

The Haskell County Dairy Day is one of the 20 similar events officially designated to be held in Texas this year under auspices of the Extension Service of Texas A. and M. College. Purpose of the show is to encourage dairying interests through acquainting farmers and livestock owners with the best features of the typical breeds of dairy cattle.

All farmers and owners of dairy cattle in Haskell and adjoining counties will be eligible to enter animals for classification in the Dairy Day. No entry fee is charged and the show will be free to the public. Classification of dairy animals will be made by E. R. Eudaly and G. G. Gibson of the Extension Service of A. and M. College.

Added features planned in connection with the Dairy Day include a basket picnic at the noon hour, and cattle judging contests in divisions for adults and juniors. Five membership prizes will be awarded winners in each division of the judging contest.

County Supt. Merick McGaughey of Benjamin was a business visitor here Tuesday. He stated the schools of Knox county are getting ready to handle registration for the sugar rationing program. Registration begins next Monday.

People of All ...

(Continued From Page One)

sugar in any form, including the liquid, that is, syrup made by dissolving sugar. This syrup shall be counted as dry sugar according to the amount of sugar used in making it. Molasses, bought as such, is not sugar.

No matter how much sugar you may have on hand you must be registered during this period. You have broken no law in having an excess of sugar so do not be alarmed about reporting the exact amount. You will be breaking a law if you do not report all sugar on hand.

You may have two pounds of sugar per person, free; that is, no stamp torn from your book. If you have more than two pounds per person stamps will be torn from your book at the rate of one stamp per pound. Four is the maximum number of stamps that can be torn from any book. Then counting the two free pounds, and four with stamps, each person can have six pounds of sugar on hand, and still get his War Ration Book One. If you have more than six pounds of sugar per person, do not destroy it or waste it in any manner, simply report it to the registrar. You will not be issued a book at this time, but you will be given time to use the sugar at the rate of those who are rationed, and the Rationing Board will issue your book later. Regardless of how much sugar you have on hand, you MUST register during the period for registration.

There will be provisions for extra sugar for use in canning. Instructions for getting this extra sugar will be given at a later date, we do not know the exact procedure at this time.

In writing this we have tried to set out briefly how you are to get your War Ration Book One. This book will be your only means of securing sugar after May 4th. If at a later date, other articles are rationed, the same book will, in all probability, be used. Then you can see how necessary it is for every one to be registered.

See that one adult member of the family is ready to answer the questions on the application blank, and that he, or she, goes to the place of registration on May 4th. Harold Burton, Clerk Knox County Rationing Board.

Mr. and Mrs. J. E. Reeves returned home the first of this week from New Orleans, La., where they had been visiting their son, J. E. Reeves, Jr. Mr. Reeves said J. E. thinks he has the best place in the armed forces. He likes his work fine and is looking forward to the next few months of training. While there, Mr. and Mrs. Reeves had a short visit with Jiggs Thompson.

Mrs. Lucille Brown, sister-in-law of Mrs. H. D. Warren, was returned to the Warren home in Munday last Monday after having received medical treatment in the Knox county hospital for several days.

TSCW Freshman Buys \$1000-Bond

Texas State College for Women nominates Jean Knox, freshman interior decoration major from Pampa, Tex., for the Southwestern collegian buying the largest war savings bond. In her hands Jean holds the \$1,000 bond she is purchasing with money her father saved for her and presented her on her eighteenth birthday.

Niece of S. E. McStay Dies In San Angelo

Miss Vivian McStay, 30, teacher in the San Angelo schools the last five years, died Sunday, April 19, in a San Angelo hospital after an illness of several weeks. An operation for appendicitis was followed by pleurisy. A blood clot was believed to have caused death.

Miss McStay recently was moved to the junior high school staff. A popular teacher, she was also active in the Sunday School and choir of the First Christian church. She had a B.S. degree from North Texas State Teachers College at Denton and was working on her Master's thesis this year. She had attended Geogre Peabody College in Nashville, Tenn.

The body was sent from San Angelo to Gordonville, her former home, for burial. A memorial service was conducted at the Vaustrain chapel at 2 p.m. Sunday, with Rev. Elmer Henson officiating. Youth of the First Christian church in intermediate departments attended in a body.

Surviving Miss McStay are her parents, Mr. and Mrs. E. A. McStay of Gordonville, a sister, Eloise, of Baltimore, and three brothers, Otis of Fort Worth, Rosa of Fort Crockett, Galveston, and Flynn of Denison.

Miss McStay was a niece of Mr. S. E. McStay of Munday, and has visited here a number of times.

Williams Rules King County's Dry Election Void

Paducah, Texas.—Judge Lewis Williams, presiding at the 50th district court session in Paducah, Wednesday declared the recent liquor election in King county void because the notice ordering the election and the ballots did not conform.

Judge Williams ordered the commissioners court of King county to call another election.

The election, to determine if the sale of alcoholic beverages should continue to be legal, was held February 28 and the drys polled 21 more votes than the wets.

Nearly three and one-quarter million acres, or about three-fourths of the acreage sown to wheat in Texas, is planted in the 31 counties comprising the principal portion of the Panhandle-Plains region.

How is COTTON UNIQUE AMONG U.S. CROPS?

AND COTTON IS THE ONLY IMPORTANT CROP, GROWN IN THIS COUNTRY, WHICH CAN NOT BE USED UNTIL IT IS PROCESSED INTO FINISHED GOODS ...

Army Worms May Make Attack On Wheat and Oats

Last year Knox county suffered severe injury from an infestation of army worms which attacked wheat and oats. There is no way of knowing this year whether an infestation of army worms will develop or not but, it is thought it would be wise for a number of farmers to be on the lookout for moths of this insect.

The moth should begin appearing now or soon and it will be about two weeks after the moths make their appearance and lay eggs that the eggs will hatch into worms which will begin feeding upon small grain.

The moth is pale brown or brownish-gray with a wingspread of about 1-2 inches. It has a single small but prominent white dot in the center of each wing. The moths are strong fliers but remain hidden during the day, becoming active at night. They are attracted to lights and strongly so to sweets or decaying fruits. The young worms are pale green in color and have the looping habit of crawling until about half grown.

I hope that it will be possible for many farmers to be on the lookout for these moths and advise the County Agent as soon as possible if they are observed.

43 Registrants Are Re-Classified

Forty-three registrants of Knox county were reclassified recently by the Knox county selective service board. Their names and classification are as follows:

- 43 Loyd M. Patterson, 1-A.
- 123 Ernest D. Richardson, 1-A.
- 151 Lillard A. Cottrell, 1-A.
- 239 Chas. C. Moorhouse, 1-A.
- 247 William W. Moorhouse, 1-A.
- 268 Edgar L. Sibley, 1-A.
- 326 Joe S. Harper, 1-A.
- 333 Jesse J. Cockroft, 1-A.
- 408 Jack P. Wetzel, 1-A.
- 410 Albert B. Wilde, 1-A.
- 420 Joseph G. Adeock, 1-A.
- 415 William E. Pack, 1-A.
- 456 Kelton D. Kemp, 1-A.
- 464 J. B. Adams, 1-A.
- 487 Loy R. Booe, 1-A.
- 48 Johnnie C. Watson, 1-A.
- 491 Vincent F. Albus, 1-A.
- S-508 Doyle B. Bowen, 1-A.
- 512 Edwin P. Oliver, 1-A.
- 514 Joe Bailey King, 1-A.
- 520 John Paul Pruitt, 1-A.
- 523 George W. Kennedy, 1-A.
- 544 Dalton R. Sarrels, 1-A.
- 550 Bonner B. Bowden, 1-A.
- 922 Frances E. Swift, 1-A.
- 924 William F. Jackson, 1-A.
- 1234 Ervin U. Bussanmas, 1-A.
- 1348 Hugh Allen Beatty, 1-A.
- 103 Buel S. Gibson, 1-B.
- 148 Herman G. Egenbacher, 1-B.
- 172 Edward Morris, 1-C.
- 468 N. A. Robertson, 1-C.
- 710 Rufus E. Carr, 1-C.
- 10636 James D. Shipman, 1-C.
- 530 Malcolm I. Shipman, 2-B.
- 902 Douglas N. Busby, 2-B.
- 970 Fred E. Elliott, 2-B.
- S-1287 J. C. Vickery, Jr., 3-A.
- 402 J. T. Cyfert, 4-F.
- 422 J. C. Forrest, 4-F.
- 446 Neal E. Logan, 4-F.
- 510 Travis Pannell, 4-F.
- 430 Gene W. Harrell, 3-A.

W. D. Johnson of O'Brien was a business visitor in town last Monday.

W. W. McCarty was a business visitor in Dallas last Tuesday.

Mr. and Mrs. Frank Glover of Benjamin were business visitors here last Saturday.

The Ordnance Department of the Army has announced that mass production of 20 millimeter aircraft canon has been attained.

THE POCKETBOOK OF KNOWLEDGE

Cattle Sell At Higher Prices Last Tuesday

The Munday Livestock Commission Co. reports a big run of cattle and hogs for last Tuesday's sale. All classes of cattle sold a little higher than a week ago.

Top hogs sold from \$13.50 to \$13.60; sows, \$12.25 to \$12.75; light butcher hogs, \$12.40 to \$13.25; beef bulls, \$8.75 to \$9.50; butcher bulls, \$7.50 to \$8.50; canners and cutters, \$5 to \$7.50; butcher cows, \$7.75 to \$8.50; fat cows, \$8.50 to \$9.25; butcher yearlings, \$8.50 to \$10; fat yearlings, \$10 to \$12.75; rannies, \$7.75 to \$8.50; butcher calves, \$8.75 to \$10.50; fat calves, \$10.75 to \$13.25.

Buyers here for Tuesday's sale

were Ebner Packing Co., and John Ruddy, Wichita Falls; Vernon Packing Co., Vernon; Pratt Packing Co., Sulphur Springs; Foster Howell and J. H. Bell, Fort Worth; J. M. Bradberry and C. H. Keck Grocery, Knox City, and Mr. Lanier, Crowell.

R. L. Gaines, who lives in the Grasshopper community, southeast of Munday, was a visitor in the Times office last Monday. Mr. Gaines said he had received a letter from his son, G. A. Gaines, who lives in Dinuba, Calif., and he is anxious to know about the crops in Knox county. Mr. Gaines states that the wheat on his place, and that of his neighbors, is in good condition, although some parts of the county have had some damage to crops caused by rain and hail.

Produce More Cotton

1. Because it is Patriotic ...

Secretary of Agriculture Claude R. Wickard has issued an appeal to the nation's farmers to plant 4 million acres more in cotton in 1942 than in 1941. America and her allies need more cottonseed oil for food, cotton fibers for munitions, cottonseed meal and hulls for livestock feeding, and lint cotton of certain grade and staple for prosecution of the war. Cotton is the ONLY crop that supplies ALL these essentials.

2. Because it is Profitable ...

You know from your own experience that cotton is a most dependable crop for this section. You know that you can count on lint cotton and cottonseed to provide ready cash; and that the value of lint and seed has been very favorable in recent months. You've proved that you can grow cotton—and cotton has proved that it's a money-maker for you.

It will pay you, this season, to plant every acre permitted under the AAA legal allotment; and to produce every pound of lint and seed you can on these acres. You should have your seed tested for germination before planting.

Tire Permits Issued on Friday To 16 Persons

The Knox county rationing board issued tire certificates to 16 applicants at the regular meeting last Friday, it was reported by Harold Burton, clerk. The board reports that many applications are being held over and can not be issued because the county has reached its quota for the month.

Those receiving certificates Friday are as follows:

- Louis Blake, tube for trailer.
- Munday Hardware and Furniture Co., tire and tube for pickup.
- S. C. Roberts, two tires for tractor.
- West Texas Utilities Co., two tubes for pickup.
- S. N. Reed, two tires for tractor.
- Ambrus Golden, one tire and two tubes for truck.
- Oscar Miller, two tubes for tractor.
- Wm. Griffith, two tires and tubes for tractor.
- Curtis Casey, two tires and tubes for tractor.
- R. M. Bell, two tires and tubes for truck.
- Broach Implement Co., two tires for pickup.
- J. B. Herring, tire for pickup.
- Clyde Yost, tube for pickup.
- J. L. Stodghill, tube for pickup.
- Bert Marshall, two obsolete tires and tubes for mower.
- W. C. Ratliff, two tires and tubes for mower.

Mrs. Paul Pendleton returned home last Monday from a week's visit with relatives and friends at Pittsburg, Texas.
