

Farmers Approve Creation Soil Conservation District

72 Per Cent of Vote Favors District

465 farmers and ranchers in Knox and Haskell counties went to the polls last Saturday and approved the proposed Soil Conservation District by a vote of 327 for and 129 against, or a percentage of 72 per cent favoring the district.

The vote in the different communities throughout Knox county was as follows:

	For	Against
Knox City	43	32
Truscott	28	32
Benjamin	32	0
Munday	46	12
Rhineland	26	3
Goree	2	28
Vera	28	0
Gilliland	20	7
Haskell County	102	45

The soil conservation district, through intimate knowledge of conditions within its boundaries, plans the best possible course of action that will solve its problems, and wherever the resources within the district are inadequate to cope with the problems, it is in position to look elsewhere to any appropriate available source for assistance. The district, therefore, becomes not only a mechanism for community self-inspection and self-protection, but a community element for enlisting outside aid.

Masonic Lodge To Name Officers

The regular stated meeting of Knox Lodge No. 851, A.F. and A.M. will be held on next Monday night. This is the time for election of officers for the ensuing year, and a good representation of the membership is desired at this meeting.

It is likely that work in the fellowship degree will come up for this meeting.

Service Flag Is Now Displayed Here

One section of the large service flag which has been purchased by H. A. Pendleton to represent men in the service is now on display at the Eiland Drug Store. The large flag contains 28 stars, with each blue star representing someone in the U.S. service from Knox county.

Due to the large number now in the service, all the stars could not be placed on one flag, and another section will soon be displayed. This section will contain stars for others in the service, with blank places where stars may be added when others are called to the colors.

A numerical list, with numbers of service men corresponding with the stars, is also being planned.

Graduates To Hear Dr. White Friday Night

Final Exercises For Seniors; Diplomas To Be Awarded

Friday night of this week will be the last meeting of the seniors as a class group in Munday high school, for when they depart from this meeting they will no longer be students of the local school.

The final graduation exercises will be held in the elementary school auditorium, beginning at 8:30 o'clock. The program will include the salutatory and valedictory addresses, the girls' sextet, the boys' chorus and other numbers which will be climaxed by an address by Dr. W. R. White, president of Hardin-Simmons University, Abilene.

Dr. White has the reputation of being one of the most forceful speakers in this section, and his address will hold the interest not only of the graduates but of everyone who attends the exercises. He is a leader among Southern Baptists and in the educational field. A large crowd is expected to hear this interesting speaker in the final message to Munday graduates.

Honor awards and medals will be presented to the seniors by L. S. Hardegree, principal of the high school, and diplomas will be presented by Supt. S. V. Colley.

P.-T.A. Unit Thanks Supt. S. V. Colley

Members of the Munday Parent-Teachers Association take this means of expressing their thanks to Supt. S. V. Colley for putting forth a special effort to help the P.-T.A. by having his speech class present two one-act plays last Friday to benefit the organization.

Proceeds from these plays enabled the P.-T.A. to pay in full the indebtedness on the band uniforms.

Local Citizens Attend Funeral Of Kin at Terrell

M. F. Billingsley and Mrs. W. M. Huskinson went to Terrell last Saturday to attend the funeral services of Edward Briggs. Mr. Briggs was a nephew of Mr. Billingsley and a cousin of Mrs. Huskinson.

Mr. Briggs passed away at his home in Terrell Saturday, and funeral services were held Sunday afternoon at the Methodist church. Mr. Billingsley and Mrs. Huskinson returned home Monday evening.

Goree to Take Over City's Sewer System

Mayor F. G. Daniell of Goree announced recently that the city's offer of purchase made by members of the Goree city council to the receivers of the Southern Sewer Company properties in Goree has been accepted.

The city of Goree will take over the sewer system as soon as the necessary papers can be executed, it was stated. J. B. Justice, Goree waterworks superintendent, will have charge of the sanitary system.

TWO LOCAL BOYS NOW IN U.S. COAST GUARD

(Mac Haymes, son of Mr. and Mrs. Lee Haymes of Munday, and Glen D. Rayburn, also of Munday, have enlisted in the U.S. Coast Guard. They left last Sunday for Fort Worth to report for service and were assigned to their posts of training from there.

BIRTH ANNOUNCEMENT

Mr. and Mrs. A. O. Brazzell announce the arrival of a daughter, who was born last Sunday at the Knox county hospital. Both mother and little daughter are reported doing nicely.

Mrs. J. H. Strube, of DeLeon, Texas, is visiting her daughter, Mrs. A. E. Womble, this week.

JUDSON GIDDINGS TO ENTER AIR CORPS

Judson Giddings, son of Mr. and Mrs. C. H. Giddings of Munday, recently passed his examination preparatory to entering the air corps. He is awaiting his call for training and will likely leave about June 1st.

Mrs. A. U. Hathaway returned home last Sunday after several days visit in Brownfield with Mr. and Mrs. Elton Busby and with other relatives.

Provisions Listed On Regulations Of Sugar Rationing

A registrant who did not receive a War Ration book because of excess sugar may get his book after enough time has elapsed for him to have used the excess at the same rate as those who are now rationed. The present rate is 1 pound per person each two weeks.

When a consumer to whom a War Ration book has been issued becomes confined to an institution for a period likely to exceed ten days, he shall surrender his book to the institution. Upon his discharge the book shall be returned to him.

If a consumer is inducted into the armed services of the United States, or leaves the United States for a period of more than 30 days he shall surrender his book to the Rationing Board.

Within ten days after the death of a consumer the person having possession of the War Ration book of the decedent shall surrender

Munday to Double Her U.S.O. Quota

Other Communities of County Open Drive

With \$545 on deposit to the U.S.O. fund in the First National Bank on Tuesday, members of the local committee reported they will have no trouble in doubling the local quota for U.S.O. funds.

R. D. Atkeison, chairman, and others of the committee reported splendid cooperation in the local drive, which was started last Friday. Also mentioned every citizen contacted by committeemen contributed to the drive.

A meeting was held at Knox City last Monday night when a committee of 30 workers was organized to make the drive there this week. The county's quota is expected to be reached in the near future.

Below is listed the community chairmen and the quota for each community of the county:

Munday, R. D. Atkeison, \$300.
Knox City, Orland Jamison, \$250.
Benjamin, Mrs. Earl Sams, \$104.
Vera, D. R. Sullivan, \$114.
Truscott, Mrs. D. S. Ellis, \$113.
Goree, Mrs. Barton Carl, \$134.
Rhineland, Chas. Stengel, \$64.

Mrs. Joe Hernandez, County Mexican, Is Buried Wednesday

Mrs. Joe Hernandez, Mexican who resided some four miles north of Rhineland, died at her home at six o'clock last Sunday afternoon.

Mrs. Hernandez, who was about 23 years of age, had been ill with tuberculosis for several months.

She is survived by her husband and four small sons.

Funeral services were held at the graveside at the Rhineland cemetery at 1:30 last Monday afternoon, under the direction of Mahan Funeral Home.

Mrs. C. R. Haymes of Stamford visited her son, Lee Haymes, and his family here several days last week.

Commencement For Seniors Is Begun Sunday

Commencement exercises for the 21 seniors of Munday high school were begun last Sunday night when the baccalaureate service was held at the elementary school auditorium.

Following the usual custom of several years, the graduation class is wearing caps and gowns for the exercises.

Rev. Whatley, pastor of First Baptist church of Haskell, delivered a very forceful sermon at the baccalaureate service. Rev. Whatley's subject was "Efficiency in Christian Living," and he touched on various phases of efficiency, which included that of faith, preparation, service and giving, as prerequisites to living a good Christian life. A large crowd was present Sunday night for the first of the commencement exercises.

Final graduation exercises for the seniors will be held on Friday night of this week. The elementary school graduation exercises are scheduled for Thursday night.

Officers of Defense Guard in Meeting In Throckmorton

Officers of Company C, Texas Defense Guard, were in Throckmorton last Saturday to attend a meeting of officers of the 17th battalion. The meeting was presided over by Major Spencer of the Adjutant General's Department in Austin, and activities of the Texas Defense Guard were discussed.

Attending the meeting from Munday were Capt. Thos. W. Harber, Lieut. R. F. Horan, Lieut. J. C. Harpham and Lieut. Gene W. Harrell.

Lower Gas Rate Is Now Effective Here

President Sets June 30 as R-Day For Younger Men

Word came from Washington last week that President Roosevelt had summoned about 3,000,000 of America's young men to register on June 30 to complete the survey of manpower available for fighting or making weapons for combat.

The final group of registrants under the selective service act will be youths of 18 and 19 years of age, plus those who have become 20 years old since the February 16 registration.

Four previous registrations took care of men 20 through 64 years of age—nearly 40,000,000 of them—it was stated.

Those 18 and 19 years of age cannot be drafted for military service under the existing law.

Seven Seniors Given Diplomas At Rhineland

The Rhineland school closed a very successful term last Friday. Graduation exercises were held in the school auditorium Friday evening at 9 o'clock.

Seven seniors received diplomas during the exercises. They were: Theresa Andre, T. J. Hoffman, Florene Decker, Joe Jungman, Rose Fetsch, Albert Brown and Roselia Loran.

The stage was beautifully decorated. The class colors of blue and gold were used very skillfully in the decorations.

The program was as follows: Band concert; processional, John Hoffman; salutatory, Theresa Andre; piano solo, Bernadette Claus; class history, T. J. Hoffman; class prophecy, Albert Brown; piano solo, Rosemary Claus; distribution of attendance certificates, prizes and diplomas, Supt. John J. Hoffman; piano solo, Jewel Marie Hoffman; address, Rev. Herman Laux, O.S.B.; valedictory, Florene Decker; Songs, High school girls; recessional, John J. Hoffman.

Winners of scholarship awards were: room 1, Florene Decker, 96.9; room 2, Charles Albus, 90.5; room 3, Jewel Marie Hoffman, 98; room 4, Adelaide Kuehler, 95.57.

Perfect attendance certificates were earned by: Francis Birkenfeld, Jewel Marie Hoffman, Rosemary Claus, Rose Fetsch, Anna Fetsch, and Maxine Williamson. All teachers were re-elected.

Father of Local People Buried At Rochester Sunday

Funeral services were held last Sunday afternoon for L. D. Guffey, 76, of Rochester, at the Church of Christ. Services were conducted by Minister Proctor of Hamlin.

Mr. Guffey had been ill only three days. He is survived by his widow and four daughters, Mrs. Sam Hastey of Munday, Mrs. Delbert Carmack of Rochester, Mrs. Theodore Epley of Jud, Mrs. Raymond Butler of Spur; two sons, Robert and Leo, of Munday; 15 grandchildren and 4 great grandchildren. A son, Hubert, died Sept. 1, 1940.

GO-DEVIL BLADES ARE MANUFACTURED HERE

The Milstead General Repair Shop announces that the finest type of godevil blades are now being made in this shop. Mr. Milstead stated these blades are made of the highest grade of carbon steel that money can buy. These blades can be bought at about pre-war prices, and Mr. Milstead urges the farmers to get them while they are available.

RALPH LAYNE IN OFFICERS TRAINING

Ralph Layne, son of Mrs. Addie Layne, and a former Munday boy, was recently promoted to the rank of corporal and the next morning received orders to report for officer's training at Fort Belvoir, Virginia. Ralph is in the engineering corps.

A flat reduction of 10 cents per thousand cubic feet in local natural gas service rates for residential and commercial customers, effective with meter readings May 15, was announced last week by A. S. Mitchell of Seymour, district manager of the Community Natural Gas Co.

This decrease was made possible when the Lone Star Gas Company, the pipe line company, voluntarily agreed with the Federal Power Commission to reduce its rates by that amount. The over-all savings throughout the Lone Star Gas System will be approximately two million dollars a year.

In announcing the reduction, Chester L. May, president of the Community Natural Gas Company, said the flat 10 cent decrease of present rate forms would stand for the present while the company is conferring with the Texas Railroad Commission on a new rate schedule most advantageous to consumers, partially during the winter months.

Explaining the reasons for the large reductions, officials of the Lone Star Gas System stressed their desire to put all energies into the war effort and dispense with extended litigation.

"During its 33 years of development, Lone Star Gas System has poured large amounts of capital into the company in order to insure dependable gas service," said D. A. Huley, Lone Star president. "The area served by the System has reached an all-time high in industrial, commercial, and residential expansion, resulting in an increase in volume of gas normally used. Because of long preparation, we are prepared to meet the requirements of these larger demands and now with our System built up, we are pleased that under present circumstances we are able to give our customers a substantial reduction and at the same time dispose of all rate controversies. It is our earnest hope that, as we all adjust ourselves to the war effort, sufficient new peace-time uses for gas service can be developed for the future to justify this low rate indefinitely."

14 Permits For Tires Issued

Fourteen certificates for tires, either recaps and retreads or new tires, were issued last Friday by the county rationing board. Requests for certificates still come in faster than they can be filled under the county's quota, and the board reports around 175 applications on file that cannot be filled.

Harold Burton, clerk of the board, reports certificates issued Friday to the following:

- Recaps and Retreads
- James H. Glascock, tires for pickup.
- J. C. Eubank, four tires for car.
- Ralph Randolph, tire for combine and four tires for truck.
- Arledge Lee Co., three tires for truck.
- John Michels, two tires for pickup.

- New Tires and Tubes
- Carl Haynie, two tires for pickup.
- Oscar Miller, two tires for tractor.
- Mrs. S. M. Clonts, tire for tractor.
- B. M. Farmer, tire for tractor.
- W. P. Denton, two tires for tractor.
- Clarence Jones, tire and tube for tractor.
- William A. Hall, two obsolete tires for car.
- C. A. Hull, obsolete tire for trailer.

City Hall Gets Repairing Work

Repair work on the city hall in Munday, which had been under way for several days, was completed the first of this week.

The exterior of all woodwork received new coats of paint, windows and frames repaired in the fire hall and new screens were placed on all windows. The work adds much to the attractiveness of the building, and workers in the city hall won't be bothered with as many flies as before.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"—

THE FRUITS OF HOARDING

A news dispatch tells of a man who registered for a sugar ration book and reported that he had 15,000 pounds of sugar in his possession. When questioned he said that he had feared a shortage two years ago and had been accumulating his gigantic stock ever since.

That is a particularly glaring example of the kind of action that, if widely followed even on a small scale, will make an extreme extension of rationing inevitable. In other words, hoarding makes scarcities—and scarcities, in turn, make iron-handed government control unavoidable. Some authorities have said that there would be no need for sugar rationing at this time had not purchases by the public increased to an abnormal level.

American merchants, including chains and independents, have been fighting hoarding. They have been urging the public to buy normally, and to pay no attention wild rumors which say that practically everything we need will soon be unobtainable. That advice is 100 per cent worthwhile. If all of us follow it, there will be far fewer shortages, and rationing can be held to the minimum.

The American merchant, big or little, is the consumer's best protection. That's true whether the merchant deals in clothing or general merchandise or food or hardware or anything else. The merchant knows conditions. He is in a far better position than the rest of us to anticipate what the future will bring. And when he says, "Don't hoard!" he simply talks common sense.

WHAT ABOUT WAGES?

"Do you work for wages? You will have to forego higher wages for your particular job for the duration of the war."

Remember that statement? President Roosevelt made it in his most recent fireside chat.

In spite of it, reports coming out of Washington indicate that the entire wage situation remains confused and unsettled. Statements of Chairman William H. Davis of the War Labor Board indicate that the Board does not believe the President's reference to wages places a ceiling on existing levels. Yet many economists point out that it will be difficult to prevent consumer prices from creeping up unless some method is found for preventing blanket wage increases. And, if we are to avoid the suicidal fires of inflation, those prices must be kept down.

This does not mean that wage ceilings must be inflexible—that a man must not receive more money if he does more work or is advanced to a better job. If the morale of employees is to be kept high, if output in war factories is to be speeded, some incentive to better work must be maintained in the future as it has in the past. And it should be maintained at all wage levels, low and high. The same incentive operates at the \$25 and at the \$25,000 levels, and it is permitted to operate.

But raises that boost wages for an entire group in a plant or an industry should be outlawed for the duration. Such raises as are granted should be on the basis of an individual worker's performance—how much work he contributed, not what union he has joined.

RETAILING DOES IT BEST

Organized retailing, in all its branches, is one of the most effective economic allies farmers and other producers have.

A fine example of this is provided by National Cotton Week, observed from May 15 to 23. Months ago, merchants laid plans for aggressively promoting cotton. Posters, newspaper advertisements, displays, radio announcements—all possible avenues of publicity and promotion were used. The result is to foster increased interest in a commodity on which 14,000,000 Americans depend for all their livelihood—and millions of others depend for part of their livelihood. The idea wasn't simply to stir up interest in cotton during a single week. It was to keep that interest going in the future—and so encourage the consumer to buy cotton in many forms.

As the war goes on, and the list of shortages grows longer, retail merchandising's job grows bigger. More and more suitable substitutes must be developed and sold. Such questions as nutrition take on an ever-increasing significance. Price stabilization in itself has created many difficult problems. The retailer is the connecting link between producer and consumer, and he must serve both to the limit of his powers.

It has been to the everlasting credit of retailing that it has fought profiteering and speculation, and has worked with immense effectiveness in the public interest. Whatever the future brings, it will continue to do its best. Its goal will be to hold the general standard of living to the highest level.

EVERYBODY'S WAR

This everybody's war—and everybody must help help finance it. That is the first of a recent statement by Secretary of the Treasury Morgenthau in which he pointed to the need of increased purchases by individuals of United States Savings Bonds.

During the next year, said the Secretary, the nation will probably have to borrow upwards of \$35,000,000,000. And then he made this pertinent observation: "If the government is compelled to go to commercial banks for the bulk of these funds, the result will be to increase inflationary tendencies which are already serious . . ."

"When bonds are purchased with savings out of current income, on the other hand, such savings help to reduce excess consumer income which, if spent for a limited supply of consumer goods, would tend to force prices up. It is for this reason, among others, that we are going directly to the people for as much as possible of the money needed for the war."

The banks cannot do it all—and in the interest of a sound national economy they should not do it all even if they could. It is the plain duty of everyone, out of self-interest if for no other reason, to put every possible dollar into the bonds which pay for fighting our enemies.

Mr. Morgenthau recommends a wide extension of the payroll savings plan for bond purchasing. Under it, you simply allot a definite part of your salary for bonds, precisely as you budget for food, taxes and everything else. Time is short now—and it's up to all of us to buy bonds to the absolute limit of our financial abilities.

OUR SECRET WEAPON

We've heard a lot about secret weapons in this war. When the fighting started with the attack on Poland, no one knew quite what to expect. Strange guns, tanks, planes—many people thought that these and more suddenly might be produced. When nothing like that happened, people learned to discount the talk as foreign propaganda.

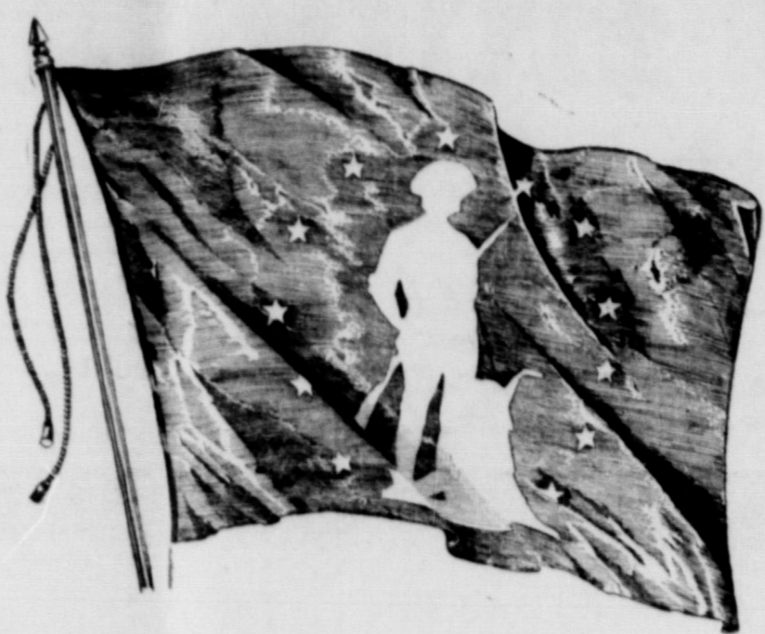

Now word comes that America has an important secret weapon of its own. At least that's what a member of the War Production Board said in a speech the other day. That weapon is America's world-famous inventive genius. And to date in this war it has produced not one secret weapon, but many.

The mysterious American bombight, more accurate than any in the world—improvements in American airplanes that enable them to climb to higher ceilings than ever before—the Garand rifle that fires three times as fast as the Army's old Springfield—these and many more have been developed. And, through the genius of American mass production methods, they are being turned out now in ever-increasing quantities to arm the fighting forces of freedom.

With their legitimate interests guarded by our traditional patent system, American inventors have been stimulated to develop these and thousands of other inventions. And, when war was declared, they relaxed their patent rights in an effort to speed production. The truth is that under legislation now on the books it's possible for anyone to make anything for the government without considering whether any patents may apply. Enactment of the patent legislation now being advanced in Congress would not aid the war effort in this respect, but it would largely remove the incentive to invention and industrial research which the patent system has so long provided.

According to reliable estimates, capacity of the steel industry by the end of this year will be approximately 92,000,000 tons. By the end of next year it will be 98,000,000 tons.

SYMBOL OF PATRIOTISM

MINUTE MAN FLIES HIGH.—This is the new Minute Man War Bond Flag, designed by the Treasury Department for firms and organizations which attain more than 90 percent participation in War Savings Bonds purchases by their employees or members through a systematic purchase plan. The Minute Man is emblazoned in white on a blue background, surrounded by thirteen stars, representing the Nation's thirteen founding States. When companies, labor unions,

and other organizations top the 90-percent figure, they will receive a special Minute Man Certificate of Award signed by Secretary Morgenthau, the State Administrator, and the State Chairman of the War Savings Staff, the Treasury Department announced. This certificate entitles the recipient to fly the flag, which is being manufactured in various sizes and is sold by licensed suppliers at a nominal price.

EAT MORE LETTUCE FOR BETTER HEALTH

Local stores are now featuring exceptionally good buys in lettuce and local homemakers are taking advantage of excellent crops this year, according to statements of Knox county merchants today.

R. D. Atkison chairman of Food Industry Committee said the lettuce crop is especially abundant this year and he urged local homemakers to serve as many lettuce dishes as possible.

According to nutritionists of the United States Department of Agriculture, green lettuce is a good source of carotene which the body changes to vitamin A. In addition it has some vitamin B1, some riboflavin and some vitamin C. Beside these vitamin contributions, lettuce is a good source of the minerals iron and calcium. The white leaves, called bleached lettuce, are not as good a source of these food values as are the green leaves. As far as iron and carotene are concerned the thinner and greener the leaf, the more of these lettuce contains.

Mr. Atkison passed on these tips from the Department of Agriculture about the preparation of lettuce: "Cut out the core of the lettuce with a sharp pointed knife. Then put the head under running water and let water run in where core has been removed. This loosens and freshens the leaves—making it easy to slip the leaves off—each leaf, whole and unbroken—for use in preparing salads and sandwiches."

"Naturally, a lettuce leaf under a salad or in a sandwich will not contribute a whole lot of food value. To get the good from lettuce eat more of it."

"There are many ways to fix lettuce. It is a perfect vegetable for salad and its gets along well with almost any vegetable combination. Wilt shredded head lettuce or leaf lettuce in a heavy skillet with some well-flavored fat—and season it with vinegar and chopped onions. Or cut head lettuce up in fourths and braise it just like you do cabbage."

E. L. Covey of Benjamin was a business visitor in town last Saturday.

Mr. and Mrs. Otis Simpson were visitors in Lubbock last Saturday.

Gems Of Thought

The fountain of beauty is the heart, and every generous thought illustrates the walls of your chamber.—Quarles.

Beauty is but the sensible image of the Infinite. Like truth and justice it lives within us. Like virtue and the moral law it is a companion of the soul.—Bancroft.

His modes declare the beauty of holiness, and His manifold wisdom shines through the visible world in glimpses of the eternal verities.—Mary Baker Eddy.

I pray thee, O God, that I may be beautiful within.—Socrates.

Cowboy Reunion To Make Awards Totaling \$3,500

Stamford, Texas.—Approximately \$3,500 will be given in cash prizes and premiums in the various events in the 13th annual Texas Cowboy Reunion to be held here July 2, 3 and 4. Entrants in the rodeo events last year totaled almost 200 cowhands.

The Quarter-Horse Show, which is the official show of the American Quarter-Horse Association, and which has proved very popular the past two years will again be held. Prize money totaling around \$600 will be awarded in this exhibit.

In addition to daily cash prizes, special premiums will be given the champions in the bronc riding, calf-roping, and cow-milking contests. A valuable premium will also be presented the winning cowgirl sponsor, the winner in the cutting horse show, and the champion steer-herder.

Best entries in the grand parade and winners in the old fiddlers' contest will also be included in the cash prize list.

Tentative plans are being made to enter the cutting horse show as part of the regular rodeo events of each afternoon and night performance, with finals to be held at one of the shows on July 4th. This unique feature of the Texas Cowboy Reunion is judged on the ability of the horse and the performance and ability of the rider.

Three performances will be held daily in the arena, a matinee at 8 o'clock each morning and the regular shows at 2 p.m. and 8 p.m. The program, in addition to rodeo contests, will include trick and fancy roping and riding and the rodeo clown who is always popular with the crowds.

KILL THE RATS

College Station.—Successful control of rats is a mixture of extermination to get rid of them and observation of their feeding and nesting habits, according to R. B. Hickerson, district field assistant of the rodent control service.

From this position the next step is to choose bait rats will take readily, because no poison however destructive will be effective unless the rats eat it. On that account, Hickerson, says, at least three types of fresh, attractive poisoned bait should be exposed at the same time. Small pieces should be placed in rat runways, and around the wall line of buildings, and in attics and basements. Baits may be placed on squares of paper to make removal easier, and to check results.

Extreme care should be taken to keep poisoned bait out of the reach of children and livestock.

Similar care should be taken in choosing bait for traps. When common snap traps are used, baits should be tied securely to the trigger and the baited end set to the wall, in runways, near holes, and where rats feed. Nut meats, sliced apple, breadcrust, salt pork, or bacon rind makes good bait.

"Plenty of traps should be used. Rather 50 traps to catch one rat than one trap to catch 50 rats," Hickerson advises.

Inexpensive measures which may be adopted to stop rats from entering buildings are: Use of tin for flashing around service pipes or fixtures; stopping holes in masonry with concrete, or in wood floors with tin; and removal of rubbish, scrap lumber or other waste material from beneath buildings.

Consult your county agricultural agents, or write to the Extension Service, College Station, for Farm and Home Hints No. 355, for suggested formulas for mixing poisoned bait.

IRISH POTATOES, APPLES, PEARS REMOVED FROM BLUE STAMP LIST

Blue stamp foods available during June to families taking part in the Food Stamp Program in Knox county were announced today by David G. Guthrie, Jr., acting area supervisor of the Agricultural Marketing Administration.

The foods for June are the same as those listed for May except for fresh apples and fresh pears, removed because of a seasonal short supply position, and Irish potatoes, removed because of an increasingly favorable price position no longer warrants additional market support. With these changes, the complete list, as issued by the Agricultural Marketing Administration for the period June 1 through June 30 in all stamp program areas, is as follows: shell eggs, butter, fresh oranges and grapefruit, sweet potatoes, fresh vegetables, (does not include Irish potatoes), corn meal, dried prunes, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self-rising flour, enriched self-rising flour, and whole (Graham) flour.

The Food Stamp Program, Mr. Guthrie said, helps to assure farmers a fair return for those products which they are being asked to produce in greatly increased

quantities to meet the food needs of the United Nations. Currently serving more than 3,324,000 persons over the entire country, the program gives farmers wider domestic markets for their crops, and at the same time adds needed foods to the diets of public-aid families.

Lee Haymes and his mother, Mrs. C. R. Haymes of Stamford, were visitors in Lubbock last Saturday.

Mr. and Mrs. Grady Roberts were visitors in Quannah and Chillicothe last Sunday and Monday.

Mr. and Mrs. B. L. Blacklock went to Fort Worth last Sunday to take their son, Lamoine, who reported for service in the U.S. Coast Guard. Lamoine has been employed with the Cameron lumber yard in Quannah for some time.

Bob Burton of Benjamin, Knox county treasurer, was here last Saturday, visiting with friends and attending to business matters.

Don't tell me there's a THIRD Thanksgiving!

CALM YOUR FEARS. All's well with Thanksgiving, even though you didn't expect to meet this bird... in the ads... until November.

The turkey is pictured here in advance of the season to dramatize the performance-facts about a great gasoline which is never in advance of the season!

Of course, as always, Phillips 66 Poly Gas is high test without higher price. But more than that, it is the right high test (volatility) for the month in which you buy and use it. Definitely changed every thirty days to match the monthly changes in temperature in your locality.

In December, Phillips 66 Poly Gas is a fast starting motor fuel. In August, it is a cooler summer gas. In May, it's right for between-season weather... always custom-tailored

to deliver high mileage and pace-making performance.

Scientific laboratory and field surveys prove that no other gasoline—not a single one—is so completely and accurately matched, all year 'round, to the monthly variations in your weather.

If you wonder what this means in pep and power... in zip and pick-up... find out the facts in your own motor. Try just one tankful and judge for yourself.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is WORLD'S LARGEST PRODUCER of Natural high test gasoline.

Munday School News

The last news of the typewriting classes is good news. Last week the following records were made: Jimmy Silman, 30.6 net words with 4 errors. Juanice Jones, 37.7 net words with 3 errors. Jane Campbell, 41.7 net words with 3 errors. This means that everyone in both classes has met the state requirements for first year typing.

Sophomore Report

The Sophomore class is really busy studying. Everyone will certainly breathe a sigh of relief when exams are over. The teachers tell us they will make the questions very tough so we can only do our best. Last Friday afternoon the class had a big picnic. Everyone enjoyed it and the room mothers and

our sponsors were very nice to give it.

Naturally all of us will be very sorry when this last week is over. Maybe we will be glad to get a vacation but we all really like to go to school. Every one of the class will miss the other students and the teachers they learned to love.

Just because school will be out does not mean we should stop buying stamps and bonds. Let's keep it up, class, and see how many we can buy before next year.

We want to wish our sponsors, Mr. Perryman and Miss Brock, the best of luck. (They know what we mean). We will miss both of you very much.

Junior News

The Juniors had their picnic last Friday night and the ones who did not attend missed a good time. Boy! Did we eat!

The Juniors are studying hard for exams but by the time you read this we will be Seniors—we hope.

We have had a lot of good times during our Junior year but we believe we will like it better being Seniors.

Here's hoping all Seniors the best of luck and maybe as good a class as we were this year.

Freshman News

Our last week of school. It hardly seems yesterday that we started. Maybe it's because we had to much play and not enough study. But the last hurdles will be terribly high if we don't study harder. Final exams are Tuesday and Wednesday.

We'd like to pay a tribute to our Seniors that leave us forever Friday night. This year's Seniors are pretty regular people, and the entire Freshman body gives them

the best of wishes and good luck always. We're awfully proud of you.

The luncheons served by our girls this week were very successful. Tuesday morning Margaret Womble was a guest; Wednesday morning Flora Alice Hayes; Thursday morning Mr. Perryman.

We hope that the guests enjoyed the luncheons as much as we enjoyed preparing them.

When going back over Algebra and Geometry we found that we had not learned as much as we thought we had. Trig is easier because we've just quit it. Most of us will have to work pretty hard to pass this course.

The best of luck to all you Freshmen. We've had a grand time together and I hope we'll all be full-fledged Sops next year.

Congratulations

Governor Coke R. Stevenson congratulates W. P. Milbratz of the Owens-Illinois Glass Company on progress being made in the construction of the new glass container plant near Waco. Completion of the plant will add another large industry for Texas. Governor Stevenson will be a speaker at the meeting of the Texas Press Association June 11, 12, 13 at Waco.

Scrap Dealers to Register

Registration forms for all dealers selling scrap, waste and salvage material to consumers will be available to all OPA offices within a few days. Such dealers must submit complete registration forms to the Bureau of Census by June 20.

Leather Stabilized

Relief to tanners of sheepskin leather is afforded by the recent OPA "roll back" of pickled sheepskin prices to levels prevailing last October. The effect of the order will be to remove any reason for price advances in consumer articles made from leather, such as shoes, clothing, gloves, belts and handbags.

Sugar Sufficient

Wholesale prices of sugar are down 30 to 35 cents per cwt. below the OPA base price in the Southwestern region, with rationing reducing consumption and increasing competition for business, OPA region administrator Max L. McCullough declared. "The sugar supply in the Southwest is sufficient to meet rationing needs, and there have been no reports of bootlegging or any other evasions."

Chartered Bus Service Out

An order, effective June 1, banning all sightseeing bus services and limiting chartered bus services to transportation of the armed forces, war workers and school children, has been issued by the Office of Defense Transportation with the object of saving more than 100,000 pounds of crude rubber annually. Buses are defined as all rubber-tired vehicles having a seating capacity of 10 or more.

Bike Rationing Nearer

With the recent issuance of Ration Order No. 7, manufacturers of bicycles are permitted to ship adult's bicycles to distributors for the first time since April 2, when sales and transfers were "frozen" by WPB. Rationing of adults' bicycles by the OPA is expected to begin in about three weeks. Except for machines made before April and not yet sold, the only machines available for rationing will be the "War Model" bicycle, made with a minimum of critical materials.

Streetcar Rails Donated

Donation by the City of Marshall, Texas, of approximately 140 tons of abandoned streetcar rails to the national scrap collection campaign has been announced by

Roger L. Tennant, region executive for the WPB's special projects salvage section. The Works Project Administration has accepted the rails on behalf of the War Production Board.

Scrap Warning Issued

A warning to auto graveyard owners in the Southwest that amounts equal to present inventories of scrap metals must be moved out of the yards by June 1 has been issued by Thomas L. Mullican, region executive for the WPB automobile graveyard section. The penalty for rejection of fair offers from scrap buyers will be government requisitioning of entire contents of the yards, including loose saleable parts, he said.

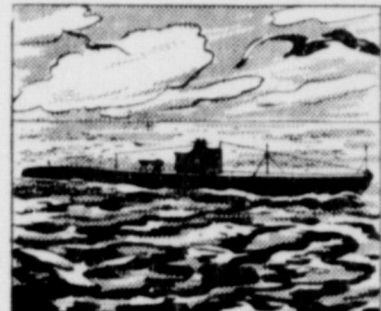

Miss Irene Moore, employee of Sylvia's Place in Munday, was taken to the Knox county hospital on Wednesday of last week, where she underwent an appendectomy. She is reported to be rapidly recovering from the operation.

Mr. and Mrs. Glenn Burnett and little daughter and Mrs. Clyde Burnett of Benjamin were business visitors in town last Saturday.

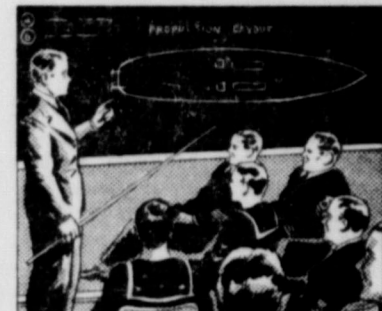

Otto Smith of Stamford visited with friends here a while Tuesday.

Navy School at G.E.

Just one evidence of the cooperation between the armed services and our vast industrial army—a school for submarine electricians conducted at one General Electric factory.

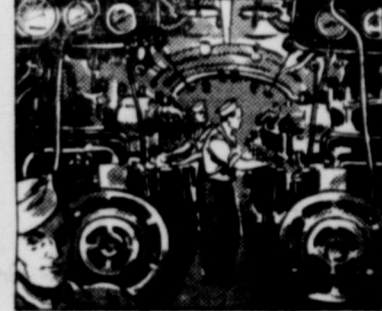

1. Electricity is vital to the running of every submarine. It does an amazing variety of important jobs, from turning the propeller to cooking the coffee.

2. For that reason, there must be well-trained electricians on every underwater craft. At this school, Navy electricians attend classes taught by G.E. engineers.

3. and go out into the shops where they watch workmen construct the same kind of electric equipment that will some day be put in their charge.

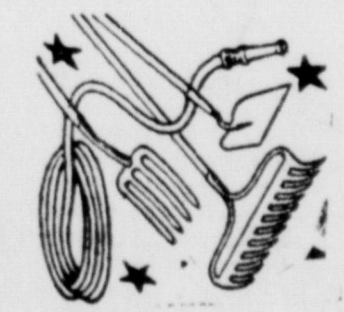

4. This is but one proof of the thorough training which the U.S. Navy gives its men, so that the vital equipment of war will always be ready for action.

General Electric believes that its first duty as a good citizen is to be a good soldier.

Wesleyan Service Guild Meets With Mrs. Levi Bowden

The Wesleyan Service Guild met last Monday evening in the home of Mrs. Levi Bowden in a business and social meeting. The living room was beautifully decorated with red roses and fern.

The following program was given after a short business meeting: Opening song, the Guild theme song; prayer, Mrs. O. H. Spann; motto, Guild members; first scripture, Mrs. Aaron Edgar; devotion, Mrs. Joe B. King; second scripture, Mrs. Layne Womble; song, Living for Jesus, Guild members; benediction.

Refreshments were served to the following members: Mrs. Aaron Edgar, Mrs. O. H. Spann, Mrs. Levi Bowden, Mrs. Joe B. King, Mrs. R. L. Kirk, Mrs. Layne Womble, Miss Dell Neeb, Miss Edna Lou Brock, Miss Ruth Baker, Miss Jeannette Campbell and Mrs. R. W. Hightower of Dallas.

The Guild will meet next Monday evening at 8:15 at the Methodist Church, with Mrs. M. F. Billingsley leader of the program.

Goree Youngsters Enjoy Picnic at Roadside Park

The Goree young people were entertained at the roadside park south of Munday with a picnic.

After several games were played delicious refreshments were served to the following: William Trimble, Faith Cribbs, Taylor Cooksey, Trudie Trimble, Roland Cooksey, Hazel Allison, Calvin Bates, Billie Jo Crouch, Wallace Roberts, Joy Wilson, Irene Vaughn, Annie Mae Jones, and the leaders, Mr. and Mrs. Jack Suggs. Everyone had a nice time.

Monday Night Club Meets in Home of Mr.-Mrs. Pendleton

Mr. and Mrs. H. A. Pendleton were hosts to the Monday Night bridge club in their home last Monday evening.

After games of bridge, in which Mrs. C. P. Baker and Don Ferris held high score honors, a delicious refreshment plate was served to Mr. and Mrs. Don Ferris, Mr. and Mrs. Fred Broach, Mrs. Agnes Mayes, Mrs. C. P. Baker, Mr. and Mrs. A. H. Mitchell, Mr. and Mrs. W. K. Moore and the host and hostess.

Garden Club in Regular Meeting On Last Tuesday

The Munday Garden Club met in the home of Mrs. H. F. Jungman last Tuesday afternoon.

Decorations were flower arrangements by Mrs. W. A. Baker. An outstanding arrangement was one of white Alaskan daisies in a yellow vase, and another was a beautiful basket of sweet peas.

Mrs. Chan Hughes, Mrs. Dorsey Rogers and Mrs. J. C. Borden presented a very interesting program.

Present were Mmes. R. D. Atkinson, W. A. Baker, J. C. Borden, S. A. Bowden, J. R. Burnison, W. M. Mayo, George Dingus, Chan Hughes, Carl Jungman, H. A. Pendleton, Paul Pruitt, Dorsey Rogers, J. A. Wiggins, J. J. Keel and Miss Shelley Lee.

Mr. and Mrs. J. A. Caughran were business visitors in Lubbock and in Clovis, New Mexico, last Tuesday and Wednesday.

Baptist W.M.S. Meets Monday at Local Church

The Baptist Woman's Missionary Society met at the Church last Monday afternoon. Mrs. Robert Purifoy, who is leader of the Sunbeams, directed the program.

The program, given by the Sunbeams, members of the Junior and intermediate departments and several adult members of the society, was very inspirational.

Larry Kinsey and Charles Hardin gave readings and Carolyn Hannah sang "Give of Your Best to the Master." Mrs. Manuel W. Ayers discussed "Youth, Lovely and Unlovely." Mrs. M. H. Reeves gave a topic on "Revealing the Hearts of Youth," and Miss Peggy Heath gave a very interesting discussion of "A Call for Lovely Service."

The program closed with the song, "Open Mine Eyes," by Mrs. Strickland and Miss Peggy Heath.

Miss Heath will leave some time in June to enter nurses training at Abilene.

Mrs. Kane and Mrs. Green Are Honored at Shower

Mrs. Gene Harrell and Mrs. Bob Davy entertained with a stork shower honoring Mrs. Robert Green and Mrs. Jerry Kane, in the home of Mrs. Harrell last Thursday night.

Pink, white and blue were used in the flower arrangements and in the decorations.

After games of bridge were enjoyed, Mrs. Green and Mrs. Kane were presented with a lovely assortment of gifts. The gifts were presented in a beautiful bassinet, arranged around baby Natalie Jean Harrell, four-months-old daughter of Mr. and Mrs. Gene Harrell.

Miss Lorene (Newsom) and Mrs. Carl Jungman held high, and second high score in the games of bridge.

The guest list included: Mmes. E. B. Littlefield, P. V. Williams, D. C. Eiland, Charles Giddings, W. M. Huskinson, Travis Jones, Travis Lee, Hugh Beaty, Carl Jungman, Rupert Williams, Misses Lorene Newsom, Jeannette Campbell, Louise Atkinson, the honorees, Mrs. Kane and Mrs. Green, and the hostesses.

Shelly Lee Circle Meets on Monday With Mrs. Kirk

The Shelly Lee Circle of the Methodist church met in the home of Mrs. R. L. Kirk last Monday for the regular monthly luncheon. Mrs. Jerry Kane and Mrs. Robert Green were hostesses.

After luncheon, Mrs. Travis Lee gave the Bible study and Mrs. Sebern Jones gave the devotional. A business meeting followed.

Present were: Mrs. Sebern Jones, Mrs. Dorsey Rogers, Mrs. Travis Lee, Mrs. Gene Harrell, Mrs. Bob Davy, Mrs. Travis Jones, Mrs. Hugh Beaty and Mrs. S. H. Vaughter of Rochester, who is visiting in the Kirk home.

Mr. and Mrs. A. A. Smith Jr., returned home last Thursday from a visit in Knickerbocker, Texas, with Mrs. Smith's mother, Mrs. Hal Fairman and Mr. Fairman.

Mrs. L. M. Turner of Terrell is here visiting in the home of her daughter and son-in-law, Mr. and Mrs. Bob Davy. Little Miss Patricia Davy, who had spent the past two weeks with her grandmother, returned home with her.

New Deal Club Breakfast Given By Mrs. Jungman

Mrs. Carl Jungman entertained the New Deal Club with a breakfast and bridge party in her home last Wednesday morning.

Spring flowers were used in the room decorations.

Mrs. Jungman was winner of high score in the games of bridge.

Club members and guests enjoying this affair were: Mrs. Wade Mahan, Mrs. Sebern Jones, Mrs. Fred Broach, Jr., Mrs. Paul Pendleton, Mrs. Agnes Mayes, Mrs. Lawrence Kinsey, Mrs. Dorsey Rogers and Mrs. Gene Harrell.

Pvt. Lewis Warren, who is stationed at the Waco Army Flying School, spent the week end in the home of his parents, Mr. and Mrs. A. B. Warren. Other guests in the Warren home Saturday and Sunday, included Mrs. Warren's mother and sister, Mrs. J. W. Medley and Mrs. Doc Brown of Haskell, Mr. and Mrs. Ed Hester of Haskell and Pvt. Louis Bozick of Sheppard Field.

Mr. and Mrs. M. H. Reeves and daughter, Evelyn, have returned from Sweetwater where they visited in the home of their daughter and son-in-law, Mr. and Mrs. Grady Shytle.

Miss Lenore Longino, daughter of Rev. and Mrs. H. A. Longino of Crowell, has accepted a position as secretary of St. Paul's Methodist Church in Abilene. Rev. J. O. Haymes, brother of Lee Haymes of this city, is pastor of St. Paul's.

Room 6B Has Picnic at Park
 Room 6B, with their room mothers, Mrs. Williams, Mrs. Waheed, Mrs. Kirk and Mrs. Moylette, were out at the park early last Thursday noon for lunch. The class left the school building soon after 1:00 p.m. and were transported to the park in cars. Of course it was raining a little bit but it didn't seem to bother a bit. While the rain came down the class went inside the clubhouse and played games. Soon it was announced that fried chicken, etc., was ready and anxious to be served. You might have had as good lunch at some time in the past, or on one of our picnics this spring, but it certainly couldn't have been better. Room 6B takes this means of thanking the room mothers for such a wonderful time.

After lunch the rain stopped and all went to the swings. Yes, through the mud and wet grass. Son we were back on the hillside and ready to play games. Again we say Thanks, Room Mothers, and what a time we had! We are now ready to call the year a success.

F.F.A. NEWS

The Munday chapter F.F.A. accomplishments for this year are considered one of the best in the Vernon district.

Friday they won first place on their scrapbook at the Vernon meeting. They will now compete with their scrapbook at Lubbock against all Area 1 chapters. The scrap book shows all the things the boys have accomplished this year. Those attending the Vernon meeting were Mr. Manuel W. Ayers, the advisor of the chapter, Charles Baker, the president; Ralph Tidwell, vice president; and Ben Bowden, the secretary.
 The Pest Eradication contest the chapter sponsored in April and May was won by Edwin Lowrance, who took first place with 2140 points. Second place winner was

Eighth Year News

Talking about fun—the Eighth Year Class really had it on their picnic Monday! It was an all-day picnic, too. The class is really proud of their nice room mothers, who gave them the picnic. Mrs. Borden, Mrs. Reynolds, Mrs. Buntz, and Mrs. Beck. In the hottest part of the afternoon cold pop was enjoyed. Seventh-graders, you will be looking forward to your all-day picnic next year!

Graduation time is almost here. The Eighth Year pupils are really looking and wishing for a successful graduation program. The program is as follows: Invocation, Rev. W. H. Albertson; Welcome, Robert Purifoy; Trumpet Trio, Joseph Borden, Lyndol Smith, John Spann; Our last class picnic, Martha Reynolds; Class will, Joe Spann; Overture, Mary Beck, Olea Norman, Bobby Boggs, Betty J. Spann, Noraine Moylette, Lola Cumba, Mary Kirk, Martha Reynolds; Looking into the future, Mary Beck; Farewell, Betty J. Spann; Presentation of diplomas, Mr. Palmer; Song class; Pledge to the flag, prayer version of Amer-

7B News

The 7B students were the first of the grades to visit the city park for a class picnic (this spring). They want to say "thanks" to their room mothers, Mrs. Stubbblefield, Mrs. Hill, Mrs. Massey, Mrs. Haynie, Mrs. Fitzgerald and Mrs. Gollehon, for their nice picnic. Such food and so much of it! After eating to their heart's content, sandwiches, cake and soda pop were left and eaten just before returning home.

Again 7B wants to say Thank You, Room mothers, for the many nice things that have been done for them this year.

They are all hoping that you will hear from them in the fall through the eighth year news.

Second Grade Earns Gold Stars

The following second grade children are the ones who have won from 35 to 60 stars in the past few weeks for reading well:

Herbert Ford, Donald Gaffey, Kenneth Hendrix, Glen Henson, Bobbie John Jones, Don Killian, Doyle Purifoy, George Spann, Bobby Waheed, Dickie Waheed, Gordon Wallace, Jo Ann Bryan, Patricia Cloudis, Lois Gray, Marjorie Hill, Velman Jones, Peggy Massey, Norma Smith, Peggy Walker, Ola Mae Wallace, Douglas Halsey and Myra Sue Isenst.

The class would like to thank their room mothers for the lovely and thoughtful things they have done this school year.

Mrs. Addye Layne and granddaughters, Frances and Mary Aleta Layne, of Amarillo, Mrs. Ralph Layne and daughter, Sheila Gene, of Deport, and Andree Connelly of Amarillo are visiting Mr. and Mrs. A. U. Hathaway and other relatives here this week. Patrolman C. O. Layne of Amarillo brought them last Monday and visited a short time here.

Miss Virginia Smith, who has been teaching at Giddings, Texas, came in the latter part of last week to visit her mother, Mrs. Maggie V. Smith. The school closed last Friday.

Misses Dorothy Wood, Emma Robinson and Dorothy Castles of Anson visited in the home of Mr. and Mrs. E. W. Harrell last Sunday.

Mrs. Mabry T. Wilson of Roby is here visiting with relatives and friends. She came to attend the graduation exercises of her niece, Miss Juracy Jones.

JESSIE FAYE JOHNSON GRADUATES AT BEALE

Jessie Faye Johnson has returned to her home from Beale where she has been attending grade school. Jessie Faye graduated and received her diploma with the eighth grade class of 11 students. Diplomas were presented by Minister J. C. Scot, principal of the grade school.

Jessie Faye is the daughter of Mr. and Mrs. Jesse Johnson of the Sunset community.

Mr. and Mrs. B. B. Fitzgerald of Odessa spent several days last week visiting in the home of Mrs. Fitzgerald's parents, Mr. and Mrs. C. W. Armstrong.

Miss Jeanette Campbell went to Wichita Falls last Tuesday evening to visit with her father, E. G. Campbell, who is in the hospital there.

Miss Quintna Wiggins, who has been teaching in the Putnam schools, came in last week for a visit with her parents, Mr. and Mrs. J. A. Wiggins. The Putnam schools closed last week.

Mrs. C. I. Browder and daughter, Virginia, have returned to their home in Truscott. They have been in Almodoro, New Mexico, where Virginia has been in school.

Mr. and Mrs. J. E. Edwards of Bandera are here visiting relatives and friends. They will also visit in Rochester.

From where I sit...

by Joe Marsh

Every Friday night a bunch of us fellows get together over at Bill Webster's place. We wouldn't miss those weekly get-togethers for anything.

There are seven in the group—Bill Webster, Judge Cunningham, Pete Swanson, Old Doc McGinnis, the dentist, and young Doc Mitchell the M.D., the government man Bob Newcomb, and myself.

We don't play cards. We don't sing or carry on.

We just sit quietly and talk—and drink a glass or two of beer.

I guess we discuss just about everything under the sun—politics, business, family affairs, music, farming, hunting, fishing, and what not.

But mostly we like to chew the fat about life's experience and a man's philosophy in these times.

To sort of help out the conversation, we've found mellow beer particularly relaxing. Every one of us likes the tangy taste of beer... and now and then Judge Cunningham insists on ale for everybody.

You mightn't think that just sittin' and talkin' would be so much fun. But it is. Particularly when a man begins to get around to the age of reason. Like us.

And it's wonderful how a few glasses of good beer help bring out good talk and good sense when men get together. There's something peaceful and friendly and human about beer that brings out the best in a man.

They call beer the "beverage of moderation." That "moderation" idea is good philosophy... maybe that's why good beer and good fellowship go together so well.

Seems to me there ought to be more of this quiet talk over a glass of beer. It sure straightens out a man in his thinking.

Anyhow, men ought to get together and be friends. That's the way we were made. Why not try it more often—all of you?

Natural Gas Rates **REDUCED!**

NEW RATE TO SAVE RESIDENTIAL AND COMMERCIAL
CUSTOMERS \$2,000,000 ANNUALLY

To Our Customers:

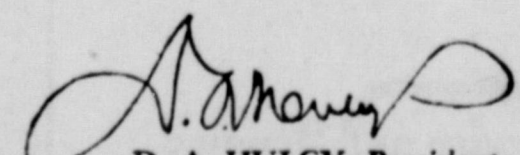

Through more than three decades of operating history it has been a fixed policy of the management of Lone Star Gas System to spare no effort to accomplish and maintain a dependable gas service for its customers at rates commensurate with the cost of rendering such service. The important reason for this basic policy springs from the very roots of a definite responsibility to our customers, most of whom depend exclusively upon natural gas service for their fuel requirements. The part that gas serves in protecting the health, comfort and welfare of more than a million men, women and children in homes served by Lone Star Gas System, is an assignment that we have accepted in its full seriousness.

To meet these requirements millions of dollars have been expended for materials, equipment, proven gas reserves, pipeline transportation and distribution facilities planned with careful foresight to safeguard a continuity of dependable service over a long period of years as well as for the present. In line with this policy of providing not only adequate but dependable gas service from our interconnected facilities, a substantial part of the System's earnings as well as considerable borrowed capital has been applied to this development program. At all times the System's thousands of stockholders have evidenced their cooperation in many ways in order that the utmost might be accomplished in this program of development. During this period, a large portion of which represented the depression years, neither the normal growth of individual towns served by Lone Star Gas System nor increases in residential, commercial and industrial customers kept pace with the expansion program which we were required to maintain in the interest of continued dependable service.

As the interests in good gas service of both Lone Star Gas System and its customers are interdependent, the rate charged for gas should be fair and reasonable for the customer and at the same time sufficiently adequate for the System to meet its responsibilities. In defense of this sound principle we have, on various occasions during our period of development, become engaged in rate controversies and litigation. In these instances we have had no choice except to diligently and firmly protect the mutual interests of the System and its customers against an ultimate downfall of service due to unwarranted and untimely rate reductions.

The area served by Lone Star Gas System has now reached an all-time high in industrial, commercial and residential expansion and this has resulted in an increase in the amount of gas normally used. Because of long preparation we are prepared to meet the requirements of these increased demands now being made upon our System. We are pleased that under present circumstances we are able to consent to a rate order which will give our customers a substantial reduction in the cost of their gas service and at the same time dispose of all pending rate controversies.

In announcing this rate reduction it is our earnest hope that, as we all adjust ourselves to the war effort, sufficient new peace-time uses for gas service can be developed for the future to justify this low rate indefinitely.

D. A. HULCY, President.

By agreement, the reduction of \$2,000,000.00 annually has become effective to customers served by Lone Star Gas System.

Sgt. Joe Stevens Missing In Action at Corregidor's Fall

In a communication of May 18 from the War Department at Washington, relatives at Munday have been informed that Sgt. Joe W. Stevens, who was serving as an aviator in the Philippine Islands is reported missing in action. No word of Stevens has been received since the final surrender of the Philippines.

Stevens is the son of Mr. and Mrs. Cal Stevens of Munday. He was born near Munday and lived here until he enlisted in the army almost seven years ago. He served three years in the regular army, then put in three and one-half years in California as an aviator in the air corps. Stevens, who is 24 years of age, was serving in the Philippine at the time of the Pearl Harbor attack.

Relatives in Munday feel that Stevens is either a prisoner of war or has escaped into the hills of Bataan and is still waging guerilla warfare against the enemy.

His wife and little daughter are making their home in Munday with Stevens' parents. They have not heard from Stevens since late in December.

The War Department's letter, addressed to his wife, was, in part, as follows:

According to the War Department records, you have been designated as the emergency addressee of Sergeant Joe W. Stevens, who, according to the latest information available, was serving in the Philippine Islands at the time of the

final surrender.

I deeply regret that it is impossible for me to give you more information than is contained in this letter. In the last days before the surrender of Bataan there were casualties which were not reported to the War Department. Conceivably the same is true of the surrender of Corregidor and possibly of other islands of the Philippines. The Japanese government has indicated its intention of conforming to the terms of the Geneva convention with respect to the interchange of information regarding prisoners of war. At some future date this Government will receive through Geneva a list of persons who have been taken prisoners of war. Until that time the War Department cannot give you positive information.

The War Department will consider the persons serving in the Philippine Islands as missing in action from the date of the surrender of Corregidor, May 7, 1942, until definite information to the contrary is received. It is to be hoped that the Japanese Government will communicate a list of prisoners of war at an early date. At that time you will be notified by this office in the event his name is contained in the list of prisoners of war.

Allred Outlines His Platform In U.S. Senate Race

AUSTIN.—All-out support of the war effort, benefits to men in service and "planning now" for the readjustment to come after the war were set forth in the platform of James V. Allred in filing for a place on the ballot as candidate for junior United States senator.

Allred's platform calls for uninterrupted production of war materials 24 hours a day, seven days a week. He said he was against strikes or slowdowns by either

capital or labor, unreasonable profits and cartel agreements.

For men in the service, Former Governor Allred proposes insurance without deduction from pay, transportation without cost from the training camp to the nearest town or city, laundry service without cost, employment and educational opportunities upon discharge.

He called for immediate efforts to provide for all persons or concerns dislocated under the war economy and extension of government credit to little businesses and readjustment to an industrial and agricultural economy.

"We must write and enforce a peace that shall insure our children against the recurrence of the tragedy of war," he said.

Allred opens his speaking campaign with a rally in his home town of Wichita Falls on June 2.

Mrs. C. W. Selman and baby son were returned home from the Knox City hospital last Saturday evening in an ambulance from the Mahan Funeral Home. Both mother and little son are getting along nicely.

G. B. Hammett spent last Monday in Abilene, where he attended a group meeting of the Southwestern Ice Association.

Brass for the Kiss of Death

THE lipstick case being held aloft by pretty Pauline Dechene of Ottawa, Canada's capital city, is a pre-war model but it is first cousin to the 303 calibre cartridge she is holding in her other hand. Both are made of brass, which under war-time regulations can no longer be used for such decorative purposes as lipstick containers. Curtailing and banning civilian use of materials vital to the prosecution of the war, Canada is building a swiftly growing machine to produce the weapons of war as part of its contribution to the United Nations program. In addition, Canadians are fighting side by side with their allies in the field, in the air and on the seas. An impressive part of the picture is the program of financial aid Canada is extending to Great Britain. It includes a direct gift of \$1,000,000,000 in munitions, raw materials and foodstuffs; plus an interest-free loan for the duration of the war of \$700,000,000. These measures, to quote Finance Minister Bixley, "reflect the determination of this nation to contribute everything possible to the general cause."

USO War Fund Campaign Now At Half-Way Mark

HOUSTON.—With 16 counties over the top in the drive to raise Texas' \$1,110,000 share of the national USO goal, State Chairman Harry C. Weiss, announced today that the campaign was past the half-way stage.

Mr. Weiss welcomed the active assistance of Major General Richard Donovan, commander of the Eighth Corps Area, who lauded the work of the USO in helping the army solve its morale problems.

"I am happy to voice my appreciation of the work being done by these experienced welfare organizations which composed the USO, namely the Y.M.C.A., Y.W.C.A., National Community Service, Salvation Army, the Jewish Welfare Board and National Travelers Aid Association," General Donovan

declared in a message to USO workers.

"The USO is contributing splendidly to the entertainment and recreation of soldiers off duty from their camps and stations. The cooperation with military authorities and good will developed between civilian communities and military garrisons are tokens of American unity which will make certain our final victory."

Chairman Weiss pointed out that the same service provided soldiers is also arranged for sailors and marines, in training centers and

Polk, Upton, Oldham, Ochiltree and San Patricio were the six counties which reached their USO goals to bring the total to 16, while chairmen in several other counties reported they were nearing the over-the-top mark.

The campaign, which opened May 11, will be continued until July 4 if the quota is not reached before that time.

Wheat Farmers For War Program

College Station.—Determined to kick the Axis at the production game, Texas wheat farmers have placed rigid control on a surplus crop in order to expand production of war crops.

Official tabulation in the state AAA office indicates that out of 11,364 wheat farmers voting in the recent referendum, 10,232 approved and only 1,132 opposed marketing quotas. State-wide average shows 90 per cent approval while national approval approximates 82 per cent.

"Farmers know that food is one of our most potent war weapons and they don't propose to sacrifice labor, land and machinery on a crop of which we already have abundant reserves when we need so many different kinds of foods," George Slaughter, chairman, Texas AAA committee, explains.

Bonuses guaranteeing each wheat farmer his share of a limited market, marketing quotas provide for orderly marketing and transportation. Loans at 85 per cent of parity also became effective with approval of the control program. Basic loan rate in Texas is \$1.34 per bushel but individual prices will vary because of location.

Harvey D. Arnold, who is stationed at Camp Berkeley, Abilene, spent the week end with his parents, Supt. and Mrs. H. D. Arnold of Goree, and with friends in Munday.

Mrs. E. W. Hightower and little daughter Sharia Rothe, of Dallas are visiting Mrs. Hightower's mother, Mrs. A. E. Wombie, and other relatives here this week.

Egg Crates Listed As Vital Material

Egg crates are the latest items to be listed as a vital war material. Handle them gently and don't hoard.

According to August Schumacher, chairman of the Knox County U.S.D.A. War Board, the increased production of eggs in the nation has strained the egg crate capacity, so the board has been asked to urge careful handling and rapid movement of all used egg crates.

Chairman Schumacher listed six suggestions for helping to keep egg crates from becoming bottleneck:

1. Open Cases Carefully—take care of the lid so that it will be available to protect the eggs on the next trip. A strip of wood is not enough.

2. Use Care in Removing Fillers—fillers can be used again. By being careful when you take them out, you are preventing egg breakage.

3. Replace Flats and Fillers in emptied cases. They are hard to obtain. Otherwise put them into a clean dry, place. A wet, dirty filler may damage your next lot of fresh eggs.

4. Don't Drop Cases—they take nails and extra time to repair.

5. Make Every Case go Another Trip—If care could make every case go to market and back just one more trip, it would help overcome the shortage.

6. Don't Hoard Cases—remember there are poultry producers who have eggs to move and nothing to put them in. Let that extra case go back into circulation and there will be enough for everyone.

W. M. Griffith, of Knox City was a business visitor in the city Wednesday morning.

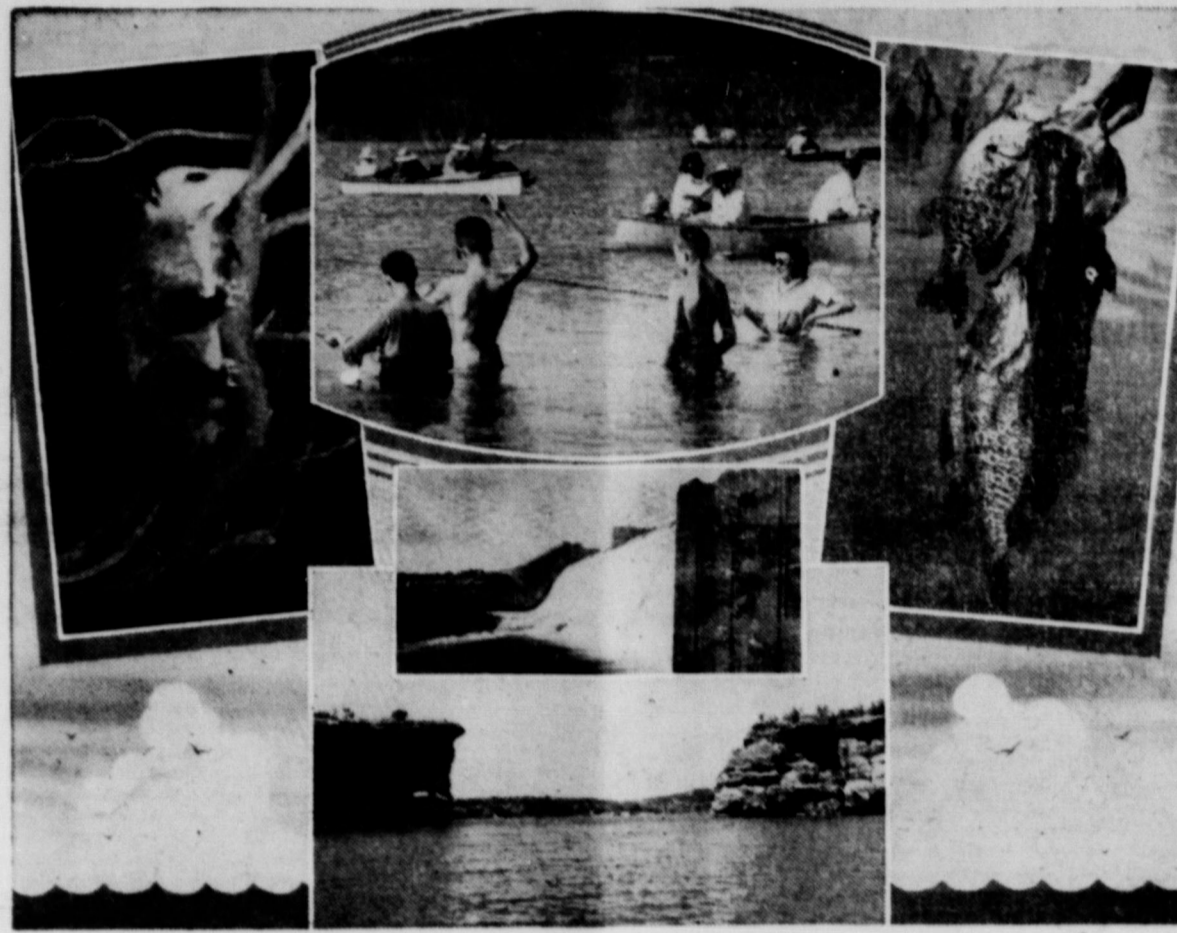

LIBERTY LIMERICKS

Said a Boy Scout named Anthony Gray,
"Gee whiz—about all I can pay
Is a dime at a time
For Savings Stamps, but I'm
Going to own a Savings Bond some day!"

Even your pennies will help America defeat the Axis.
Save them and buy U. S. Savings Stamps and Bonds.

Possum Kingdom Lake Opens to Fishing and Boating June 1

Beautiful Possum Kingdom Lake, situated about 45 miles west of Fort Worth on Brazos River in Palo Pinto, Young, Stephens and Jack counties, built and owned by Brazos River Conservation and Reclamation District. The district conveyed 4,000 acres to the State Park Board, which is constructing recreation centers and parks.

The 26,000-acre lake has been stocked by the State Game, Fish and Oyster Commission, which will supervise fishing under protective legislation designed to perpetuate good fishing in the lake. Followers of Isaac Walton may fish in the lake on and after June 1. Opening of the fishing and boating season will be celebrated at Possum Kingdom State Park on the afternoon of June 1. Brackenridge, Graham and Mineral Wells Chambers of Commerce can direct tourists to good camping spots.

I GIVE YOU TEXAS

by BOYCE HOUSE

Honored with an invitation to speak to the Brotherhood of Baptist Temple in Houston recently, your columnist declared on that occasion:

One result of the crisis with which we are now confronted is that religion is coming back into its own—or rather, more accurately, because religion has never been away, men are coming back to religion.

They are returning to the faith of their fathers and mothers and are singing the hymns they knew in childhood: "On Jordan's Stormy Banks I Stand"; and "It's the Old-Time Religion" and "Onward, Christian Soldiers, marching as to war, with the cross of Jesus going on before."

This is true because Christianity speaks to the heart of men. It consoles troubled minds and wounded spirits. And even in the darkest hour of individual loss and personal grief, it offers an unshakable hope through all eternity. For do we not have the promise, "I am with you always—even unto the end of the world?"

And so in the fierce fires of war, there is being burned away the dross of selfishness and materialism, leaving the pure gold of patriotism, service to others, and devotion to God.

There has been some controversy as to what the first name of Captain King of Texas was. (He was at the head of a force of Texans who were slaughtered before the capture of Goliad with its subsequent massacre.) Whether the first name of that warrior was Amon or Aaron, Texas has a new Captain King now—Capt. Tom King, former state auditor, and perhaps the biggest man in Uncle Sam's fighting forces: six feet four and a half and weighing around 260. King received his commission last week in the Army Air Force and immediately reported for duty.

In lighter vein:
Have you men of middle age

heard of the new 5-B classification? It's Bald, Bridgework, Bifocals, Belly and Bunions.

An explorer, who was asked to name the bravest man he had ever known said, "It was the chap who took a taxi to the bankruptcy court and invited the driver in as a creditor."

And as a slogan to win the war, how about the one a Gladewater man suggested: "Stop yapping and start scrapping?"

And equally concise was the Taft darkey who looked over the questionnaire with its many blank spaces and wrote just one line: "When you're ready, so is I."

Newspapers give freely and gladly of their space for the Red Cross, Salvation Army, U.S.O., War Bonds, clean-up campaigns, Boy Scouts, church and school activities—in other words, they are always constructive. This suggestion by the Sulphur Springs News-Telegram editor is worthy of consideration:

"They say time about is fair play. So the next time you are prone to criticize 'the editor', why not do as he had done so often for you—overlook his faults and try to bring out something good about him? If you can't find any good, then do as he does for you—just 'make up' something."

"The wisest men you ever knew Have never dreamed it treason To rest a bit, to jest a bit And balance up their reason; To laugh a bit, to chaff a bit And joke a bit in season."

Allred Will Open Campaign at Rally in Wichita Falls

WICHITA FALLS, Texas, May 28.—James V. Allred, West Texas native son, will formally launch his campaign for junior United States senator in Wichita Falls Tuesday night, June 2, at 8 o'clock on the lawn of the Memorial Auditorium. In case of inclement weather, Allred will make his address inside the auditorium.

Mayor W. P. (Bill) Hood will introduce ex-Governor Allred when he returns to his former home to open his campaign. Prior to the rally, a program of patriotic band music and songs will be offered. Wichita County candidates have been invited to appear on the platform between 7:30 and 8 p.m., prior to the address.

Stores Closing Evenings at 6:30

Shop early, not because of a shortage, nor an advance in price, but because the stores in Munday have set 6:30 p.m. as the closing hour during the summer months. If customers will keep this hour in mind, and arrange to get their shopping done by that time, there will be a lot of smiles on the faces of the "boys" and "girls" who work in the stores.

Remember that after the doors are closed, there is still work to be done. Shop early, you may be keeping someone from working in his Victory Garden.

The stores will remain open evenings on Saturday.

Miss Coleen McCarty, who is attending Texas Tech at Lubbock, came in Tuesday to visit her parents, Mr. and Mrs. W. W. McCarty. She will return to Lubbock next week to enter summer school.

Helen Albertson Receives Degree

Miss Helen Albertson, daughter of Rev. and Mrs. W. H. Albertson of Munday, received her B.A. degree from Howard Payne college in the graduation exercises held at Brownwood on Wednesday of this week.

Rev. Albertson and daughters, Lily and Virginia Ruth, attended the exercises. They went to Fort Worth on Tuesday and spent the night with Mr. and Mrs. Joe Albertson, and went on to Brownwood Wednesday.

L. E. Hunter Owns Producing Sow

Forty-seven pigs in three litters—that's the record of a sow owned by L. E. Hunter, well known Knox county farmer. The sow brought 11 pigs in the first litter, 19 in the second and 17 in the third.

The sow is only prepared to give lunch for 13 pigs at once. Well, you know that causes trouble in this large family! What can Mr. Hunter do to keep peace in this family of hogs?

Mr. and Mrs. J. O. Cure of Gilliland had as their guests last week end all of their children, and their families. Present for this enjoyable affair were: Mr. and Mrs. Louie A. Cure of Midland; Mr. and Mrs. Raylynn Cure of Claude, Wayne Cure, who is a student in A. and M. College, Mr. and Mrs. Garland Coltharp and family of Crowell, Mr. and Mrs. Pat Wyatt of Benjamin, Mr. and Mrs. Omer Cure of Gilliland and Lowell Cure of Munday.

Louie Cure will go to El Paso June 3rd to enter the U.S. Army. Mr. and Mrs. Byron House of Benjamin were business visitors here Saturday.

Fire Hazards

Several days ago the City Fire Department made an inspection of all business districts in the city.

Several fire hazards were found and reported.

All parties who fail to correct these conditions will be listed with the State Fire Insurance Commission. This may increase or cause your fire insurance policy to be cancelled.
