## C. B. Goodwin Is Buried Here On Last Saturday

### Pioneer Of County Dies In Dallas Hospital

C. B. (Uncle Charlie) Goodwin, beloved pioneer of this county, passed away early last Friday morning in a Dallas hospital where he had been taken about a week earlier for a major operation. Mr. Goodwin had about recovered from the operation when other complications set in which caused his death.

A native Texan, Charles Barton Goodwin was born in Van Zandt county on September 2, 1869, and was 73 years, 3 months and 9 days of age. He had resided in Knox county for the past 40 years, with the exception of a few years spent in Briscoe county. During his earlier years in the county he was employed by Baker-Bryant Co., and was later engaged in farming. Uncle Charlie had served as justice of the peace at Munday for the past two years.

In 1890, Mr. Goodwin was married to Miss Minnie Baker, sister of W. A. Baker. She preceded him in death by about four years.

Surviving him are a brother, J. A. Goodwin of San Antonio; a sister, Mrs. J. M. Heald of San Diego, Calif., and a number of nephews and nieces, most of whom reside in Van Zandt county.

The body was returned from Dallas by the Mahan Funeral Home, and funeral services were held from the Bethlehem Baptist church, 5 miles northwest of Munday, at two o'clock last Saturday afternoon. Elder R. V. Sarrels of Abilene conducted the services, and interment was in the Johnson cemetery by the Mahan Funeral Home.

Pallbearers were E. E. Akers, M. M. Henderson, J. W. Walker, D. B. Bowen, G. T. Floyd and A. R. Floyd.

## Griffith Home Is Destroyed By Fire

Fire of undetermined origin completely destroyed the home of Charlie Griffith at about ten o'clock Thursday morning. The home and all household goods were completely destroyed.

Only the small children were at home, and one of them went outside the house after a bucket of water and discovered the roof ablaze. The house was a mass of flames when members of the Munday Fire Department arrived on the scene.

Many local citizens contributed to the relief of the Griffith family within an hour after their misfortune.

## Cotton Ginnings

Cotton ginnings for Knox county up to December 1, 1942, had reached 37,665 bales, according to a report sent The Times by Hoyle A. Sullins of Vera, special agent for the Department of Commerce bureau of the census.

Ginnings at this time were almost 3,000 bales ahead of those for the same period in 1941, the report showing a total of 34,926 bales ginned during the same time last year.

A report from the local gins today, (Thursday) reveal that 13,531 bales have been ginned in Munday this season.

## ALUMNI BANQUET

Announcement was made Wednesday that due to the shortage of tires and gasoline rationing, the annual Benjamin Alumni banquet will not be held this year. The announcement came from Grace Bisbee, secretary of the alumni.

## WILLIAMS COMPLETES PRE-FLIGHT COURSE

Having completed an intensive pre-flight school course at the San Antonio Aviation Cadet Center, a huge class left this week for primary flying schools to become combat aircrew pilots.

Included in the class, which included 347 aviation cadets from Texas, was aviation cadet Rupert V. Williams, son of Mr. and Mrs. P. V. Williams of Munday.

Deputy Sheriff Louis Floyd of Benjamin was here Saturday, visiting with friends and attending to business matters.

## GOODFELLOW BOXES ARE IN STORES

A number of stores, including the grocery and variety stores of Munday are displaying goodfellow boxes which will contain Christmas things for needy families.

This is a program sponsored by Lowery Post of American Legion to see that everyone has some sort of Christmas this year. When you buy groceries or toys for your own Christmas, contribute something to boys and girls who otherwise may have no Christmas. Make an additional purchase and place it in the Goodfellow boxes.

The American Legion is depending upon the citizens of this community to support this and think how happy your contributions will be voluntary — and think how happy your contribution will make someone on Christmas eve.

Christmas boxes will be arranged and distributed on Christmas eve. Make your contribution now.

## Stores Will Close On December 26th

A number of business firms of Munday have indicated that they will be closed on the next day after Christmas, Saturday, December 26th. Already the dry goods and variety stores have agreed to remain closed during Saturday, and others will likely be closed also.

This action was taken so employees can enjoy a week end holiday during Christmas, giving them a much needed rest after the long hours and hard grind of holiday business.

By remaining closed on Saturday, employees of these stores will have three days to rest and recuperate, it was stated.

## Knox City Gets Next Meeting of District Masons

Knox Lodge No. 851 was host lodge for the quarterly meeting of the 91st District Masonic Association last Tuesday evening, when between 50 and 60 Masons were in attendance.

Following a delicious supper which was served on the ground floor of the lodge building, members assembled in the lodge room for the program and business session.

Rev. Luther Kirk of Munday was the principal speaker, bringing an enjoyable and inspirational message on "The Masonic Ideal." The program also consisted of short talks by several visitors.

Minutes of the first Masonic meeting in Munday were read, giving details of forming of the local lodge in 1901, and it was revealed that one of the charter members was present. He is J. B. Jones of Benjamin.

After some discussion of whether to discontinue the meeting because of travel difficulties due to gasoline rationing the body voted unanimously to continue meeting quarterly. The invitation of Orient Lodge at Knox City was accepted for the next meeting, which will be the third Tuesday in March.

Lodges represented at the meeting were Haskell, Rochester, Knox City, Benjamin, Seymour, Goree and Munday. Three lodges, Woodson, Throckmorton and Rule, failed to have members present.

## Hospital Board Meets Wednesday

Members of the Knox county hospital board met in the dining room of the hospital on Wednesday, December 9. Following the business meeting, a Christmas dinner was served to the board members.

Members present were: Mrs. H. A. Smith, Truscott; Mrs. John Ed Jones and Mrs. W. E. Braly, Munday; L. W. Graham and Ed Shaver, Knox City.

## LAUNDRY TO CLOSE

D. P. Morgan, owner of the Morgan Laundry, announced Wednesday that the laundry will close on Wednesday night, December 23, and will not be opened until the following Monday. Customers are urged to get their laundry in early next week.

## Tank Car Substitute

A method for converting ordinary box cars to carry liquid cargoes, such as gasoline, oil, etc., has been offered by a Chicago inventor, Mark J. Fields, as a solution to the tank car shortage.

Fields' invention was demonstrated in the Santa Fe Railway's yards in Chicago before a group of railroad and government officials, who expressed optimism over the idea.

His box car-to-tank car conversion scheme consists of dividing an ordinary box car into four compartments by means of wooden bulkheads. In each compartment, a canvas container, treated on the inside with a DuPont rubber synthetic, Faraprene, is suspended by

means of a series of pulleys and ropes. Each tank has a 4-inch intake and a 4-inch outlet and may be filled and emptied simultaneously, which makes for speedy handling.

Each of the canvas bags has a capacity of 2,500 gallons of liquid or a total of 10,000 gallons for the four containers. This is equal to the capacity of an ordinary tank car. The car in which the test was made was an 80,000-pound capacity car.

Among those attending the demonstration were O. L. Gray, assistant to the operating vice president, and E. E. Chapman, mechanical assistant, both of the Santa Fe.

## WEDNESDAY IS PRESS DAY NEXT WEEK

In order that Munday merchants may get their Christmas messages to our readers before Christmas, The Munday Times will be published on Wednesday of next week and will go out on the routes on Thursday.

The cooperation of everyone is asked. Merchants are asked to get their advertising in earlier than usual, and children's Santa Claus letters should be in not later than Monday so they won't be omitted. News items should also be turned in early.

We'll be awfully busy all of the week until the issue is out. Then we can kinda take it easy for Christmas.

## McStay Is Named Justice Of Peace

S. E. McStay of Munday was appointed justice of the peace for this precinct last Monday at the regular monthly meeting of the Knox county commissioners court. Mr. McStay succeeds C. B. Goodwin deceased, and was appointed to fill the unexpired term.

Mr. McStay, who assumed his duties last Tuesday, promises to perform the duties of office efficiently and courteously. He has been a resident of Munday for many years and is well known over the county.

## Big Day Held At Auction Sale

The Munday Livestock Commission Co. reports a big run of cattle and hogs for Tuesday's sale.

Top hogs sold from \$14 to \$14.25; sows, \$12.75 to \$13.25; canner and cutter cows, \$4.50 to \$7.25; butcher cows, \$7.50 to \$8.75; beef cows, \$9 to \$9.75; butcher bulls, \$7.50 to \$8.75; beef bulls, \$9 to \$10.25; butcher yearlings, \$8.50 to \$10; fat yearlings, \$10.50 to \$12.50; rannies, \$7 to \$8.25; butcher calves, \$8.50 to \$10.50; fat calves, \$10.75 to \$12.50.

Several head of butcher stocker calves sold by the head at \$24.50 to \$51.50.

## MAKING KODAK ALBUM OF SERVICE MEN

Emmett Branch, Munday resident, is working up an album containing pictures of Knox county men in the service, and he asks all those who have men in the service to contribute kodak pictures of their loved ones to this album.

The album will contain only pictures of boys in uniform, and should prove interesting to any Knox county resident when completed.

## Shooting of Fire Works Prohibited

Members of the City Council of Munday has called attention to all citizens that the shooting of fire works in the city limits is prohibited by a city ordinance. Due to complaints coming to the councilmen, they announce that the fire-works ordinance will be enforced. Attention is called to the ordinance which reads as follows:

"Any person who shall fire off or discharge a cannon of any description within the city limits of this city, except on his own premises, or shall fire or explode, or set off any squib, cracker or other explosive or combustible material, and be guilty of a misdemeanor, and on conviction thereof shall be fined not more than one hundred dollars."

## Red Cross Workers Needed At Goree

Mrs. Orb Coffman, chairman of the surgical dressing class at Goree, announces that this work is coming along nicely and lots of good is being accomplished in the class.

"We need to complete our quota by January 10," Mrs. Coffman said, "and we need more workers in order to have this work ready on time. We urge all who are interested to come and help us."

The ladies meet each Wednesday at 2 p. m. at the Red Cross center in Goree for work.

Test pilots for the Texas plant of North American Aviation, Inc., are shown here putting three AT-6 combat trainers through their paces on their initial flights. Fledgling pilots for the United States, Britain and 23 other nations train in sleek ships like these before they go into battle. Officials of North American's Texas plant have announced that thousands of additional workers are needed in their factory to help win the battle on the production front.

# November Sale Of Bonds \$44,000

## Mrs. Van Zandt Is Transferred To Jack County

### Miss Fern Ewing To Begin Work Here January 1st

Announcement was made this week of the resignation of Mrs. Neva Van Zandt as Knox county home demonstration agent, and the appointment of Miss Fern Ewing, who will succeed her in this work.

This change will become effective on January 1st, it was announced.

Mrs. Van Zandt goes to Jack county as home demonstration agent. During her three years in this county, the Home Demonstration Clubs and the 4-H Girls Clubs have made remarkable achievements under her leadership, and it is with regret that the citizenship learns of her transfer. They wish her every success at her new post.

Miss Ewing, who is teaching home economics at present, comes to this county highly recommended, and it is believed that club work here will continue to advance under her guidance and leadership.

## STAMP 10 GOOD FOR THREE POUNDS OF SUGAR

State OPA director McGee announced Saturday that Stamp No. 10 in war rationing book No. 1 will be good for three pounds of sugar and became effective at Midnight Tuesday, when Stamp No. 9 expired.

Stamp No. 9 was also good for three pounds of sugar instead of two pounds. Stamp No. 10 will be good until midnight January 31, it was stated.

## Atkeison Food Store Holding Annual Sale

Munday's oldest food store, Atkeison's, is celebrating 31 years of continuous service to the people of this trade area with the store's anniversary sale. The sale opens December 18.

Way back yonder when the town was young, W. H. and R. D. Atkeison established their grocery business here, and the store has grown into one of the leading grocery concerns in this section of the state. As their business has grown, the store has enlarged and added equipment that can be found only in the larger cities. This is especially true of the crispy-cold fruit and vegetable vault, which was installed about two years ago.

Atkeison's announce many specials for the anniversary sale, which will continue through the holidays.

"We deeply appreciate the patronage of our many customers in this area," R. D. Atkeison, manager, said in announcing the sale. "We attribute our growth and success to the fact that we have tried to give you honest service and good products at reasonable prices. Our service has made many friendships which have continued through the years. We prize these friends and customers and hope to continue serving you in the future."

## Committeemen For All County Elected

In addition to the recent election of August Schumacher, chairman of the A. C. A. communities in Knox county, and the vice chairman and members announced last week, the following community committeemen were elected:

Truscott and area: C. C. Brownling, Truscott, chairman; L. A. Parker, Benjamin, vice chairman, and Olie A. Iiseng, Gilliland, members.

Vera: Henry A. Patterson, chairman; Robert B. Trainham, vice chairman, and Robert H. Horn, member.

Goree: W. W. Coffman, chairman; Charles L. Goode, vice chairman, and Thomas H. Jones, member.

Rhineland: Louis Homer, chairman; Chas. J. Stengel, vice chairman, and Frank J. Cerveny, member.

Munday: Calvin N. Smith, chairman; Robert H. Howell, vice chairman, and Clay F. Grove, member.

Sunset: John P. Jones, chairman; Clay B. Hutchinson, vice chairman, and S. B. Campbey, member.

Knox City: William A. Reeder, chairman; George W. Hammons, vice chairman, and J. C. McGee, member.

## VISIT WITH SON

Mr. and Mrs. A. B. Forrest left the first of this week for Comanche, Okla., for a visit with their son, Earl Forrest, who is serving in the navy. Due to a limited furlough, Earl did not have time to come to Munday, so his parent met him in Comanche for a visit.

## HOME ON FURLOUGH

Clifford Pippin, who is serving in the U. S. Coast Guard, came in from Galveston the latter part of last week and spent a short furlough here with his parents, Mr. and Mrs. C. C. Pippin, and other relatives.

## Give War Bonds For Christmas

### Women Boost Total Bond Sales For At War Week

Knox county possibly reached her highest figure in the purchase of War Bonds and Stamps during the month of November, according to figures released this week. W. E. Braly of Munday, county chairman of the war bond committee, announced Tuesday that a total of \$44,566.75 in bonds and stamps were bought during last month. The county's quota was \$27,800.

"We fell down pitifully during August of this year," Mr. Braly said, "but we have partially made up for this deficit by exceeding our quota during most every other month of the year."

Much credit for the county's high figures during November is due to the women of the county, who worked untiringly during the "Women At War Week." The ladies through their cooperating agencies sold a total of \$24,000 in bonds and stamps, it was stated. Some woman in each community served as leader in this splendid drive, and the county committee expresses thanks to all who worked so efficiently. Mrs. C. P. Baker of Munday is chairman of the women's division.

"As Christmas time nears, we want to remind you all that there is no more suitable gift than a U. S. War Bond," members of the committee stated, "and we urge you to give War Bonds for Christmas when at all possible. Such a gift will not only help the recipient but will also help our nation in winning the war and will help your home county in meeting her December bond quota."

## Information On Gas Rationing

In order that essential transportation may continue without interruption, the Knox County War Price and Rationing Board is making every effort to complete the issuance of supplemental fleet, official, non-highway, transport and temporary rations of gasoline by Tuesday night, December 15th.

At the same time OPA emergency receipt Form R-555, except for emergencies involving serious threat to life, health and valuable property, is to be discontinued, effective at midnight December 15.

This emergency provision of the gasoline rationing regulation was invoked on November 28 when it became obvious that the Board would be unable to process all applications for supplemental rations by December 1. That purpose will have been served when the Board completes the issuance of supplemental ration books.

He emphasizes that the Knox County Board will continue to issue temporary transport rations to truck and fleet users of gasoline whose Certificates of War Necessity as issued by the Office of Defense Transportation contained errors, or who are appealing to the ODT for additional mileage because, as originally issued, such certificates did not allow sufficient gasoline for the certificate holder's essential business.

The Board called the attention of all gasoline dealers to the change in the use of the emergency receipt Form R-555 so there may be no misunderstanding or abuse of this method of obtaining emergency supplies of gasoline. "Effective December 15th, we must revert to the original purpose of that emergency ration form, and use it only where there is actually a serious threat to life, health or valuable property," he emphasized.

## HAS OPERATION

Mrs. L. B. Patterson was taken to a Stamford hospital last week and submitted to a major operation on Saturday morning. Latest reports from the hospital are that she is doing nicely.

## GASOLINE VITAMINS

When spectacular figures on the performance of a new type military plane are released, there is a general tendency to overlook one important factor: fuel and its bearing on the breath taking record of modern aircraft.

For example, a standard airline transport plane can carry 24 passengers with 100 octane fuel operating on engines designed for it, while the same ship flying with 73 octane fuel and comparable engines can carry only 10 passengers.

Our 2,000-horsepower engines would still be draftmen's dreams without the high test gas to run them. And it takes a lot more than oil wells to produce that gas. Millions of dollars in research and decades of painstaking laboratory experiment were required before the fuel was produced that could send the present efficient, high altitude, heavily armored bombers over our enemies. The oil industry was experimenting with gasoline "vitamins" before anybody ever heard of Hitler or Hirohito, or before there was any conceivable need for a super-gasoline. The experimenting was simply impelled by the spirit that keeps this country going so magnificently, the spirit that was born of our heritage of freedom. We can be thankful that it still exists.

## MASS DISTRIBUTION HELPS WIN WAR

Mass distribution is as essential as mass production. Both were created to meet the growing nation. The modern retail merchant is the backbone of modern mass distribution. Anyone who doubts this has only to walk into a retail store during the rush hour. There he can see the real meaning of mass

distribution. He can see where millions of America's war workers obtain the necessities of life with speed and efficiency. Waiting for service is held to a minimum. A well lighted interior, scientifically arranged, eliminates delay in hunting for articles. And the prices are fair. The average merchant operates on a very slim profit margin for every dollar of gross sales.

If it were not for modern merchandising efficiency, the problems of retail distribution in the existing emergency would be insurmountable. Complicated price restrictions, labor shortages, and skyrocketing taxes are but a few of the headaches. Chain and independent merchants are working together to serve the people. The big job is to feed and clothe 130,000,000 Americans while they get on with the business of winning the war.

## Munday School News

**First Grade News**  
It has been fun making our Christmas peep shows. Those having them are David Eiland, Wayne Smith, Betty Stodghill and Arleida Moore.

The center of interest at the present time is the Christmas tree. As the colorful lights are turned on in the morning, we sing Christmas carols.

We shall be happy to have our mothers visit us Friday afternoon.

**Fourth Grade News**  
We have been busy the last week or so getting ready for our assembly program Friday, December 18. The program will be rendered at 10:45 a. m. Everyone is invited, especially our mothers and fathers. We hope our play entitled, "Christmas At Cranberry Corners" will be enjoyed by all.

Christmas isn't very far away. We always love this season of the year. We want to wish for everyone, everywhere, a Merry Christmas and a bright happy, New Year.

**Sixth Grade News**  
The sixth grade is decorating their room. Those who helped are Hattie Ann, Dorrels, Mary Pearl and Genell. We have elected six people to decorate our Christmas tree. They are Gwyna Lee, Peggy, Sue, L. C., Roy and Bobby Joe. We have also drawn names for Christmas and think we will have a very fine Christmas.

We have selected this poem which Betty Hendrix wrote:

### Our Christmas

Our Christmas tree is decked once more,  
With presents stacked up to the door,  
Old Santa put them there last night,  
A doll for Jane, and Jack a kite,  
And when the children get a toy,  
They laugh and clap their hands with joy,  
We love to see our Christmas tree,  
It makes our hearts jump with glee.

**Seventh Grade News**  
Florence Mitchell, Lahur Johnson and Billy Bouldin were selected to decorate the seventh grade room, and the seventh grade has drawn names and will exchange Christmas gifts Friday afternoon.

We're glad to have sixteen members in the choral club. They are Geraldine Boggs, Ruby Joyce Wallace, Virginia Ruth Albertson, Virginia Nell Yates, Jo Nell Mullican, Thelma Ford, Velma Ford, Ethelene Simpson, Doris Jean Kittens, Carolyn Bowden, Maurice Patterson, Ruby Dell Franklin, Joy Guffey, Stella Doris Proffitt, Reba Gene Norville.

We are glad to have W. L. Wallace back at school, and we wish to thank Delbert for the Christmas tree.

### 8-B News

The teachers and room mothers of the eighth grade entertained the students with a theatre party on Tuesday, December 15.

Friday, December 18, the eighth grade will be entertained with a Christmas tree and games. We are all anticipating a merry Christmas.

And, by the way, this week had to be three weeks exam week!

### Sophomore Report

The pupils of room II have begun decorating for Christmas. They are also practicing their play, which is "People Don't Change." The cast is as follows: Father, Robert Redder; Mother, Magdalen Homer; Bill, Charles Albus; Betty, LaVerne Albus; Jane, Rosemary Claus; Sallie, Jewel Marie Hoffman.

The high school pupils invite everyone to be present at the Christmas program. The sophomore class is trying to concentrate on exams which will come a few days before Christmas. Merry Christmas to everyone!

### Freshman News

The freshmen are doing their part in decorating their room and providing entertainment for next Sunday night's Christmas program.

We are anxious for Christmas to come because it is the most joyous season of the year. Christmas always brings out the finest qualities in all of us.

The freshmen wish each and everyone a very merry Christmas and hope Santa will be real generous to all of you.

### Report of Room III

Christmas is rapidly approaching, and the pupils in this room can hardly wait until it is here. We will be glad when examinations and the play are over. Then we can enjoy the Christmas holidays better.

Our class is planning to have a Christmas party. We hope to have an enjoyable time.

We want to wish all of you Munday Times readers a merry Christmas and a very happy New Year.

Faye Trammell, daughter of Mr. and Mrs. Frank Trammell, was taken to the Knox county hospital one day last week, where she is undergoing medical treatment.

### Senior Report

The senior and junior girls are planning on a new way in which to decorate their class room for Christmas. It isn't very easy. Since it is a custom for the juniors to decorate the blackboard in the front of the room, Anna would like for the boys to cooperate with

her.

### Junior Report

The juniors wish everyone a Merry Christmas and a Happy New Year, especially the soldiers of Texas. Since we understand some of these soldiers have this paper, we will give them a poem to read.

## Do Your Duty . . . . Buy War Bonds!

Here's a patriotic duty everyone of us can participate in — buy U. S. War Bonds and Stamps. War costs run into millions — \$220,000 for a big bomber; \$70,000 for a fast fighter; \$20,000 for a light tank. And it takes millions of dollars more to keep on producing these tanks and ships and guns for Victory. But we can and we will, if you lend your support.

Remember! In ten years, Uncle Sam repays you \$25.00 for the \$18.75 you lend him today.

**BOYCE HOUSE**

There was a man in our town  
And he was wondrous wise;  
He swore it was his policy—  
He would not advertise.  
But one day he did advertise,  
And thereby hangs a tale:  
The ad was set in quite small type  
and headed, "Sheriff's Sale."  
Just as winter winds began to blow,  
Austin cut the old age assistance checks \$1 each. That may sound like a very small reduction to many people but, if you had been trying to get by on \$18 a month—which is 60 cents a day—then a reduction of \$1 can mean real suffering because of lack of funds for food, clothes, medicine and heat in the cold days ahead.

It is explained, of course, that the war has brought a reduction in State tax revenues and that the number of persons becoming eligible for old age assistance increases each month and so the cut of \$1 a month may be only the beginning. Until a few years ago, high State officials were receiving as little as \$2,500 annually. The people authorized an increase through a constitutional amendment—the

same method by which they authorized old age assistance. There was this difference, however: State officials saw to it that their own salaries were increased to the full limit permitted by the amendment but the old age pension checks have never averaged much more than one-half of the amount which the Constitution permits.

Why should the full burden of the State's financial difficulties, which are due to the war, fall on the shoulders of the weak and aged? Let's share the sacrifice. Why not put it on the statute books that every time the pension checks are cut, the salaries of State officials in the higher brackets shall be cut proportionately?

For instance, this would mean that a State official whose salary now is \$10,000 a year would be reduced one-eighth, or \$46 a month, which reduction would work far less hardship on him than the loss of \$1 a month inflicted on the elderly because the official would still be getting \$787 a month and maybe he could struggle along on that and get by somehow.

Let's be democratic about this.

If there is going to be sacrifice, let the better-paid servants of the people carry a part of the load and not put it all on the backs of the aged.

**Whose Savings Are Invested**

**..in Your Electric Servant?**

The list of stockholders in this company is a cross-section of West Texas. Many of them are women. Others are retired persons, and skilled technicians such as carpenters, electricians, mechanics. Some are farmers and stockmen.

Still others are architects, physicians, nurses, bookkeepers, librarians, stenographers, contractors, merchants, restaurant owners, teachers, salesmen, mailmen, firemen, policemen, railroad firemen, conductors, and ticket agents. Some are in the Army, the Navy, and the Marines.

Besides these direct investors, there are thousands more whose interest is indirect but no less real. Very likely your savings bank and other institutions such as lodges, colleges, churches or your life insurance company, for example, have put a large part of your money into sound electric securities.

In a very real sense, Your Electric Company represents the savings of the people it serves . . . people who have entrusted their savings to business management under public regulation — the same business management that has given the average West Texas home twice or three times as much electric service for its money in the last 10 to 15 years.

This company is assisting with the heavy burden on taxpayers by contributing \$1,200,000 in 1942 taxes to the various local, state, and federal governments. It is co-operating with America's many other electric companies, under free enterprise, to provide over 90 per cent of the Nation's vast supply of power.

**"When Government Goes Into Business"**  
(Excerpts from an editorial in the Southwestern Railway Journal)

A retired railroad man\*, of Little Rock, Ark., invited 600 other stockholders of a local utilities company to attend a meeting to "see what we can do to protect our stock" following announcement that a hearing had been set on applications by two government projects to start a Federal power development program.

This man and the other 600 Little Rock stockholders are a small part of the total number of citizens owning stock in the established utilities affected by the hearing. Holdings of some of these no doubt represented the savings of a lifetime. They know that their securities are in jeopardy . . . This is FACT, not fancy . . .

... The point we want to make here is that government has gone too far in going big scale into business in competition with free enterprise through direct operation or through subsidization . . .

When government, through adventures into business destroys properties, wipes out the savings of workers and the holdings of financial enterprises in which savings of workers and others are invested, it does seem that it is about time the people awaken to a realization that there is something wrong with the theory that the remedy for our economic ills is to destroy the enterprises which have made this the greatest country in the world . . .

## FIREWORKS ORDINANCE TO BE ENFORCED

Numerous complaints have come to the attention of the City regarding shooting of fireworks in the Fire Zone. The Ordinance regulating the use of Fireworks is printed below in full:

"Any person who shall fire off or discharge a cannon of any description within the city limits of this city, except on his own premises, or shall fire or explode, or set off any squib, cracker or other thing containing powder or other explosive or combustible material, shall be guilty of a misdemeanor, and on conviction thereof shall be fined not more than one hundred dollars."

### Navy Man Wins New Orleans Rent Suit

Judgment for \$50 and attorney's fees was awarded by a New Orleans city court judge to Thomas H. Whately, U. S. Naval Reserve, in a suit filed under the treble-damage clause of OPA's maximum rent regulations. Whately, a Navy carpenter's mate, contended in his suit against an apartment operator that he had been charged \$7.50 per month over the March rent ceiling for a two-month period.

### Specific Ceilings Set For Beef Wholesalers

Taking the first step in a program designed to assure more equitable distribution of the civilian beef supply, OPA set specific dollars and cents ceiling prices on all beef carcasses and wholesale

cuts at the slaughterer and wholesaler level. The new order does not affect retail store prices, which still are controlled at the highest March sales levels by the General Maximum Price Regulation, nor live cattle transactions which are still without direct price control. The new wholesale ceilings are designed to reflect prices for live cattle above the September, 1942, averages.

### WPB Sets Aside Half Of 1942 Food Pack

About 50 to 55 per cent of the 1942 pack of 31 popular canned fruits, vegetables and juices will be reserved by the WPB order for government purchase, to assure the armed forces, lend-lease and other specified government agencies an adequate supply of canned foods in 1943-44. Canners were required this year to set aside about 35 per cent of their pack. In 1944, when most of the 1943 pack will be consumed, civilians will get a maximum of about 33 pounds per capita annually of canned foods, compared with an average consumption of about 46 pounds in the pre-war period, 1935-1939.

### Dried Eggs Exempted From Price Control

To assure a plentiful supply of dried eggs for the armed forces and lend-lease users, OPA lifted price control on dried whole eggs sold to the U. S. government or any of its agencies during January and February, 1943. Shell, liquid or frozen eggs sold during this period to manufacturers making dried eggs for the government also were exempted from price control.

### Bicycles Provided For Postmen

So that the Post Office Department and other federal agencies which lease bicycles for use by their employees may obtain the needed vehicles, OPA ruled that dealers and others may acquire bicycles for lease to government agencies as well as for sale. Previously dealers could acquire stocks for sale only. Federal agencies must secure rationing certificates from their Washington offices.

### Tire Inventory Restrictions Lifted

Restrictions on the grades of tires which dealers may buy to replenish their inventories were lifted by OPA in an amendment to the rationing regulations. Dealers now are permitted to restock with Grade I, II, or III tires on a Grade I rationing certificate, which previously was good only for a Grade I or II replacement. A Grade II certificate now may be used to stock Grade II or Grade III tires. The limit of 200 placed on the initial inventory of Grade III tires a dealer might stock also has been removed.

### Men Overseas Can Send Gifts Duty Free

By authority of a bill signed by President Roosevelt on December 6, men in the U. S. armed forces abroad now may send gifts or souvenirs to the value of \$50 back home duty free. The bill does not alter the regulation which covers packages sent to service men abroad. These go duty-free when addressed to the soldier through his army post office address, the sailor care of his ship or Navy number address and the marine through his unit number.

### Although Mileage Rationing Has Been In Effect For More Than Two Weeks, Use of the Other Ration Book—For Gasoline—Still Is Confusing For Motorists.

One recent report concerned a filling station operator who thoughtlessly was removing one A-book coupon for each gallon sold. After several motorists had failed to watch their business, one motorist caught the error and received the apologies and thanks of the filling station operator.

The coupons must be taken from the books by the filling station man, but motorists should check each transaction carefully. Only one coupon is required with the purchase of each four gallons of gasoline.

Other forms of transportation also are now in the news more than ever. Street car and bus systems in the cities are being taxed to capacity to take care of the loads increased by mileage rationing, and even before the holiday travel peak is approached, train and inter-city bus service is groaning under heavy travel.

Standing-room-only already is common on short and long trips. There even have been reports recently that trains and buses have left would-be travelers in stations of the Southwest just because there wasn't any more room even for standing.

As many men of the armed services will be given holiday furloughs to visit their loved ones before being sent overseas, the Office of Defense Transportation and other Government agencies are urging that unnecessary travel be abandoned.

If you don't have to travel on essential business, stay at home.

On the production front, scarcities of critical materials still are getting attention. The War Production Board has ordered manufacturers of builders' hardware lines to reduce their output from a total of about 27,000 items to about 3,500 standard types.

A sharp cut in the production of fountain pens, mechanical pencils, ordinary wood-cased pencils and penholders and use of critical materials also was ordered. Production of penpoints, however, will be increased.

And, in case you have seen less gum chewing lately, that's a result of another war shortage. The Government is buying lots of gum these days for men in the armed services. Chewing it relieves some of the tension at the front.

**Robert Feemster, Miss Dean Groves Wed December 9th**

Marriage rites were performed on Wednesday, December 9, in Wichita Falls, uniting Robert Feemster of Vera and Miss Dean Groves of Sunset. Nat Juge, justice of the peace, performed the ceremony.

The bride is the daughter of Mr. and Mrs. Dan Groves of the Sunset community, and is a graduate of Sunset rural school.

The groom is the son of Mrs. W. Feemster of Vera, and received his education in the Vera schools.

The couple will make their home near Vera, where the groom is farming.

**Wesleyan Service Guild Has Annual Christmas Dinner**

Carrying out the Christmas theme in decorations and in the program, the Wesleyan Service Guild concluded its year's work last Monday evening at the church at the annual Christmas dinner. Mrs. C. P. Baker, Mrs. Aaron Edgar, Mrs. Joe Bailey King and Misses Ruth Baker and Jeanette Campbell were hostesses for this meeting.

After a delicious dinner of chicken, dressing and all the trimmings, a very enjoyable program was given. Taking part on the program were Mmes. Kirk, Spann, Bogard and Baker. Christmas carols were sung by the guild. After the program, gifts were distributed from the Christmas tree by Santa Claus.

The 14 members present were: Mmes. C. P. Baker, Mack Bogard, Aaron Edgar, Oscar Spann, Bill Billingsley, Lane Wamble, Luther Kirk, M. F. Billingsley, Joe Bailey King and Misses Ruth Baker, Jeanette Campbell, Merle Dingus, Charlotte Traylor, and a guest, Mrs. Swindall.

The guild will resume its activities on the first Monday evening in January, meeting at the church to install new officers.

**Christmas Party Held For Bridge Club Monday Night**

Members of the Monday Night Bridge Club held their annual Christmas party last Monday night at the home of Mr. and Mrs. Grady Roberts. Mr. and Mrs. Roberts and Mr. and Mrs. W. R. Moore were hosts to the group.

A delectable dinner, consisting of turkey and all the fixings, was served. Following the dinner, gifts were distributed from the beautifully decorated Christmas tree. Men present who hollered "yams" for the Christmas dinner received yams from the tree. Humorous gifts were handed out before the regular gifts were presented.

At the games of bridge which followed, Mr. Roberts and Mrs. Fred Broach held high honors.

Members included Mr. and Mrs. Jimmy Harpham, Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. Fred Broach, Mr. and Mrs. W. R. Moore, Mr. and Mrs. A. H. Mitchell and Mr. and Mrs. Roberts.

Mrs. Matthews is the daughter of Mr. and Mrs. Dan Groves of this county, and is a graduate of the Sunset high school.

Mr. Matthews is the son of Mr. and Mrs. H. D. Matthews, Sr. He also graduated from the Sunset school, and is employed at the bomber plant in Fort Worth, where the couple will make their home.

**Christmas Party Held On Tuesday By Hefner Club**

The Hefner home demonstration club brought its year's work to a climax last Tuesday evening with a Christmas party in the home of Mrs. Roy Jones.

The house was beautifully decorated, and in the living room stood a pretty Christmas tree, loaded with gifts. After some special songs, the group joined in singing Christmas carols. A delicious refreshment plate was served to 18 members and Mrs. Van Zandt, home demonstration agent.

The gifts were then removed from the tree and the "good sister" names were revealed. New ones will be drawn at the next meeting, January 5, 1943, in the home of Mrs. George Weber.

**Shower Given To Honor Misses Dean, Wynters Groves**

On Friday afternoon, December 4, Mrs. A. B. Urbanczyk and Mrs. J. D. Wright honored Misses Dean and Wynters Groves, brides-elect of Robert Feemster and H. D. Matthews, Jr., respectively, with a bridal shower in the home of Mrs. Wright.

For the party, the house was decorated in the yuletide theme. On the dining table was a small and beautifully decorated Christmas tree. Mmes. Edwin and Moody Johnson presided at the bride's books. Informal diversions were enjoyed throughout the afternoon.

Refreshments were served to Mmes. Edwin Johnson, J. K. Johnson, H. D. Matthews, Sr., Austin Floyd, Moody Johnson, John Burns, John Michels, Dan Groves, M. Henderson, Gwendolyn Groves; the honorees, Dean and Wynters Groves, and the hostesses, Mrs. A. B. Urbanczyk and Mrs. J. D. Wright.

Those sending gifts were Mmes. Tony Kuehler, C. Wren, D. B. Bowen, Lois Reagan, E. B. Bowden, Joe Walker, J. O. Bowden, L. C. Floyd, Betty Rodgers, Effie Hardin, Lena Burleson, Don Wardlaw, Joe Brown, John Brown, W. H. **Fire Hazards In Xmas Trees**

Austin—The Christmas tree, that delight of every child, can become a serious fire hazard.

"An evergreen tree," says Marvin Hall, State Fire Insurance Commissioner, "while growing from moist ground, is relatively hard to ignite. However, when it dries out the tree becomes a serious fire hazard in the home."

"For this reason, Christmas trees should be safeguarded. We must not allow a disregard of the rules for fire safety to transform the radiant atmosphere of the holiday season from joy to that of grief and despair."

In order to reduce the hazard of fire from an evergreen tree, Hall recommended the following procedure:

Use only a fresh tree; saw trunk diagonally an inch or more above the end, then stand the tree in water, keeping its level above the cut. Sprinkle the tree branches frequently, and leave it out-of-doors until actually needed. When placed in the home the tree should be kept in water and in a room where it is cool and moist as possible.

Another fire prevention suggestion of the Commissioner is to avoid placing combustible decorations near electric light bulbs, electric appliances, stoves or other heating equipment.

conditions near electric light bulbs, electric appliances, stoves or other heating equipment.

And now comes Christmas, the day that much of the civilized world keeps in remembrance of the birth of the Christ. However sometimes it seems that some of the civilized world have not only forgotten about the birth of Jesus but many of them have even forgotten God. If we forget God and the service and worship that we owe Him now, we can only expect that He will forget us on that last final day. Then we shall find ourselves defeated forever.

Don't forget Him Sunday. Come to the services. We urge you to come and bring your friends. The Sunday morning sermon subject is: "Remember God." The Sunday evening subject is: "Christ Was Born Twice."

**PRESBYTERIAN CHURCH**

All members of the Presbyterian church, especially the children, are urged to be present on Sunday morning, December 20, at nine-thirty.

Mrs. Neva Van Zandt of Benjamin, county home demonstration agent, was a business visitor in town Tuesday afternoon.

## AT THE METHODIST CHURCH

**Luther Kirk**

For a little more than one year we have felt the weight of war resting upon us. We have observed the unrest and uncertainty that is in the minds of our people as a whole. But we have also happily observed that with all the uneasiness that exists, our faith in the divine has never wavered. True that there is not "peace on earth" when we think in terms of the material and physical, but I thank God that there is peace in the hearts of men who trust in Jesus Christ for Salvation.

We approach the celebration of the birth of our Lord with serious minds, perhaps on the whole more serious than at any time in our generation. Many homes have been made sad; there will be many vacancies around the Christmas tree; minds and thoughts will drift to foreign lands, but in it all may our hearts and minds be lifted to him afresh who bore all of us, in Him a Saviour was born.

Let us celebrate the birth of our Lord as He came to earth.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

**AUSTIN, TEXAS.**—The appearance of scattered cases of poliomyelitis in one or two Texas communities has resulted in considerable apprehension and a request for the closing of certain schools.

According to the State Health Department, closing schools has very little effect on the control of this disease. In a community recently studied, there were 22 cases reported, only nine of which were of school age, and these nine represented several different schools. This record does not point in any way to the school as a source of infection.

To inform the public on the best procedure to follow when poliomyelitis is suspected, Dr. Geo. W. Cox, State Health Officer, has issued the following statement:

"All suspected cases should be reported immediately to the county health officer and isolated for a minimum of 14 days. Concurrent and terminal disinfection should be employed as in typhoid. It might be well to hospitalize the patient and good medical care is imperative.

"Except for the attendant, members of the family should stay away from the patient. The wage earner, unless employed with food handling, should be free to continue his work. Preschool children in the family should be greatly restricted if not entirely excluded from community activity.

"School children should be observed daily for signs of upper respiratory infection or fever. Upon the appearance of such symptoms, they should be excluded from school until a definite diagnosis is made. Children as well as adults should avoid overactivity to the point of fatigue. Maintain nutrition at the best possible level and be sure to get plenty of fresh air and sunshine."

### COOKIES GO MILITARY

Let's make military cookies this year! They'll be fun for trimming your Christmas tree—or for a children's party—or to send to some recreational center for service men. Can't you see the fun when they pick up little cookie soldiers and sailors or parachutes—or planes—or regular round cookies with military insignias sketched on with colored icing?

How do you make them? That's easy. Draw or trace the balloons, soldiers, sailors or planes or what have you, on heavy cardboard. Have the drawings just the size that you want the finished cookies to be. Then cut them out with a sharp knife. Lay these patterns on your cookie dough and cut out the dough with a sharp knife.

**Light and Dark Dough Makes Two Kinds of Cookies**

You can make your cookies all light cookies—or all molasses cookies—or you can have your cookies "half and half."

**DARK DOUGH**

1 egg	2 1/2 cups sifted all purpose flour
1/2 cup brown sugar (packed in cup)	1 tsp. soda
1/2 cup molasses	1 tsp. salt
1/2 cup shortening (melted)	2 tsp. cinnamon
	1 tsp. ginger

Beat egg well. Blend in brown sugar, molasses and melted shortening. Sift flour, soda, salt, cinnamon and ginger together, and stir into the molasses mixture. Mix well. Chill 1 hour or more. Roll dough about 1/4 inch thick on a lightly floured cloth-covered board. (The different shapes look more attractive when thick and puffy.) Cut into desired shapes. Place on heavy greased baking sheet. Bake 10 minutes in a quick moderate oven, 375° F. When cool, ice or decorate as desired.

**LIGHT DOUGH**

Substitute honey for molasses; white sugar for brown sugar; use 1 tsp. vanilla instead of ginger and cinnamon.

**ICING**

Use 3 tbsp. cream, 1 cup confectioners' sugar, 1/2 tsp. vanilla or lemon extract, 3/4 tsp. salt. Stir enough cream into the sugar to make mixture easy-spreading. Then add flavoring and salt and mix well. (Part of icing may be colored by adding a drop or two of vegetable coloring.)

## What You Buy With WAR BONDS

Save now to buy later, after the War. That's good common sense because if you spend now, you help to drive prices up for everything you buy. Durable goods are scarce so invest in War Bonds today and do that house remodeling when Victory is won.

If you have not done so, join a Payroll Savings Plan at your office or factory. If you are not investing at least ten percent in War Bonds, increase your regular deductions on your Payroll Savings Plan. Let's "Top that ten percent!"

## This Dear Home Paper

Editor's Note: Following is a letter which was handed The Times. It is the message the family sent their loved ones in the service telling of sending them the home town paper:

"This, our dear home paper, is sent to brothers, Paul and 'Fick' to cheer up your Christmas. It's the best gift we can pick.

"Since you are both helping Uncle Sam and are not on your own, you will enjoy it even more than you did at home. It will bring you all the news we haven't time to write when we are so tired and thank God that again it's night.

Wishing you both a very merry Christmas and a happy New Year. It's from us kids at home, whom you hold so dear."

## This Army Life!

The Munday Times is in receipt of the following letter from Sgt. Vernon Melton, who is stationed at Robins Field, Georgia:

To The Munday Times:  
I am having a grand time down here in Georgia. The Georgia peaches are keen, but lots of soldiers around.

We would all love to spend Christmas at home, but Uncle Sam says "No." So I guess we will stay put.

There are 78 in my company, which is made up mostly of Parker county boys, so you see it seems a lot like I am around home—but I am not!

You tell them it sure can rain here in Georgia. It has rained all week, and tonight it is freezing over, so look out soldiers!

I hope to be back soon. Am wishing everyone in old Knox county a Merry Christmas and a Happy New Year.

Sgt. Vernon Melton.

County Supt. Merick McGaughey of Benjamin was here Tuesday, visiting with friends and attending to business matters pertaining to the schools.

**Senior News**  
 Last week, we regret to say, the editors fell down on the job. So we haven't had a chance to mention that our dreams of a white Christmas were prematurely realized. We certainly enjoyed the snow. Mr. Wilson could testify that it was cold as well as pretty. I don't think anyone caught Mr. Kambrough. So much the pity. Maybe it was "chickenheartedness" (if we may use such a word) among the students that was responsible more than anything else.

Last week also was memorable for another event, examinations. I've never yet seen the student who liked the things—wait a minute, there's a little sophomore girl who does. I'd forgotten her.

A former student of Sunset, Floyd Frost, visited the school last Friday. Floyd has been in the Marine Corps for over a year. He gave the civics and shorthand classes a report of the life of a marine recruit from boot camp to finished product. The two classes wish to extend their sincere thanks and appreciation for the talk.

We wonder why the sudden fad for cough drops? Candy substitute, or is everyone laid up with a cold? And oh, yes, those ducky earmuffs the boys have been wearing. We hear they are products of Wichita Falls.

Can anyone tell us the name of the place where the British 8th Army is located? No reason, we just wanted to know.

**Junior News**  
 What a great relief to have our second six week examinations over with. We just hope we all slid by. Devoid of ambition, that's us.

Our civics class enjoyed the report Floyd Frost gave on the "fighting Marines" last Friday. What about it, boys? Think you would like to join up?

Well, we juniors have been trying to get someone to order our rings, but we're getting desperate. No one is interested but just a few of us students.

No gas, no Christmas party. That's the sad situation confronting us. But with the true fighting spirit, we're at least going to have a free if we have to go over to the river and drag one in on our backs.

We are anxiously waiting the arrival of our play books which we ordered about a month ago.

**Sophomore News**  
 The sophomores are glad the six weeks examinations are over. We were going to add that all of us made good, but on second thought, decided to forget all about that.

"Clergy in a Country Churchyard" may be great, and all that, but memorizing it is not so easy.

We're having a Christmas pro-

### Seventh Grade News

We have our room decorated. We think it is the prettiest in school. We have a very pretty picture drawn on the board.

We had another club meeting last Friday. We elected a new president, secretary, vice president, and news reporter. They are as follows: president, Dorris Wayne Phillips; vice president, Joe Edd; news reporter, Dorris Wayne; and secretary, Grace Tomlinson. The committee for good English is Gerald Freeman, Joe Edd, Maxine Hill, with Gerald as chairman. The good manners committee is Bobby McGraw, Eugene Russell, and Elizabeth Harlan. Bobby is chairman. The safety first committee is Billy J. Lain, Loren Bales, and Carlyne Jones. Billy is chairman. Neatness committees are Bobby Joe Fitzgerald, Wesley Colvin, Tommy Joe Richardson, Bobby Joe is chairman. The three best citizens of the week are Dessie Day, Bessie Moore and Royce Stanley.

### Sixth Grade News

The sixth grade are decorating their room for Christmas. They will all bring their presents to put under the Christmas tree, Thursday. Our teacher's husband, Mr. Weeks, visited Mrs. Weeks over the week end. He is stationed at Camp Barkeley, Abilene.

We were glad to have Pvt. Floyd Frost to visit us Friday and Saturday. He is stationed at San Diego, California. In our English class we elected the following officers and committees: president, Patsy Ann Matthews; secretary, Marjorie Freeman; neatness, Margie Lee Hollis; safety first, Joan Tackitt; good manners, Weldon Mansfield; good English, Kenneth Follwell; reporter, Patsy Matthews.

**Second and Third Grade News**  
 We are glad to welcome Elaine Nix back to school after a seizure of chicken pox. We wonder if the old buddies feel good after giving one of our most popular pupils one of their most popular diseases?

Barbara Jo Johnston spent Saturday night with her cousin in O'Brien.

Emergene visited in Vera Sunday.

We are sorry to hear of the death of Charles Parker's uncle in Wichita Falls Saturday.

We are looking forward to our school Christmas tree and to the visit of Santa Claus.

### First Grade News

The first grade pupils are so excited over "getting ready" for Christmas that they can hardly do more than talk about Santa. The children have written letters to Santa and have learned to spell

some of the things they want for Christmas

Everyone has worked hard to improve their grades this six weeks. The following pupils made the honor roll: Shirley Ann McAfee, Barbara Jo Phillips, Sue Ann Richardson, Kay Leon Wilson, Jimmie Buri Morgan, and Charles Everett Yost.

Kay Francis Atchley made Group I last week and she expects to be on the next honor roll list.

The first, second, and third grades will, in a very simple manner, try to portray the birth of Jesus, Friday afternoon, December 8, soon after 1:00 p. m. Following the program in the auditorium we will go back to our rooms and receive the gifts from our Christmas tree.

There are several children out of school because of colds. We sincerely hope they will be back before Friday.

Sue Ann Richardson is back in school after being out several days because of chicken pox. She is glad she got the pox before Christmas and not for Christmas.

Mr. and Mrs. G. S. Dowell were visitors in Quail over the week end. Mr. and Mrs. Dowell come to the Munday schools from Quail, where they taught for several years, and are completing moving their household goods to Munday.

### ADDITIONS IN 1943 AAA PROGRAM ANNOUNCED

Callege Station.—Texas farmers may substitute essential food crops and war crops for cotton under the 1943 AAA program.

The additions which were announced at the southern region conference, Memphis, Tenn., where Food for Freedom goals also were explained, draft all cropland for war duty.

Explaining the first addition, B. F. Vance, administrative officer of the AAA in Texas, said that essential food crops over and above the acreage normally planted on a farm could be substituted acre for acre for cotton in meeting the 90 per cent requirement.

Crops already designated as essential food crops include corn, oats, grain sorghums, tame hay and certain vegetables.

According to previous explanations, the only crops which could be substituted acre for acre for cotton in meeting the requirement were peanuts for oil, soybeans, for beans, flaxseed, dry beans, sugar crops, hem castor beans, Sea Island and SFX cotton and designated winter cover crop seeds.

In addition to substituting essential feed crops for cotton the entire acreage of warcrops also may be substituted on a per acre basis, Vance explained.

### COLORED FLAMES IN CHRISTMAS FIREPLACES

SCHENECTADY, N. Y. — Do you want varicolored flames in your fireplace during the Yuletide season? You can have them if the pine cones or logs are soaked in different chemical solutions.

According to the General Electric Science Forum question-and-answer man, fireplace fuel soaked in a lithium chloride solution will produce a purple flame, while strontium nitrate will present a beautiful red. Copper sulphate will give you blue, and calcium chloride will burn with an orange flame. Yellow is produced with sodium chlorate. Wood or cones that have barium nitrate in them will give green flames.

The directions are simple. Dissolve one pound of the chemical powder in one gallon of water, have the fuel soak a few minutes, and then let it dry.

Large logs will also produce the same effects if the chemicals are dusted on them before being placed in the fireplace.

These inexpensive chemicals can be bought in drug or hardware stores.

## MANY TRAINS WILL BE CROWDED DURING HOLIDAY SEASON

CIVILIANS ASKED TO AVOID OVERCROWDING TRAINS

"It is not easy to ask the American people not to travel at Christmas time. Many families look forward through the year to annual reunions. But I must ask that these family gatherings be foregone this year, if they involve travel. A Christmas without travel may help to win the war. It is a sacrifice that should and must be made."

JOSEPH B. EASTMAN, DIRECTOR

Burlington Lines join the Office of Defense Transportation in calling attention to the following facts about the travel situation this holiday season:

- A large percentage of passenger cars and locomotives are required for the transportation of the armed forces —
- Government and business travel directly connected with the war effort must continue to move —
- Thousands of service men will be traveling on Holiday furloughs —
- There will be the seasonal travel by students —
- Gasoline rationing and the rubber shortage have diverted much additional traffic to the railroads.

With these facts in mind, it will be readily understood that if thousands of civilians travel as usual during the holiday season there may not be enough equipment — after war requirements have been met — to accommodate the traffic.

Because steel and labor are urgently required for war purposes, the railroads cannot buy or build additional passenger cars. The equipment we now have must do for the duration.

We of the Burlington appreciate your patronage and will serve you to the utmost of our ability. We do, however, join with Director Eastman in urging that, for your own convenience as well as the convenience of those who must travel, you revise your plans to avoid overcrowding especially during the peak holiday period extending to January 12.

### What You Buy With WAR BONDS

Uncle Sam's lighter 37-millimeter anti-tank guns are dubbed "tank killers." They are attached to the infantry, not the field artillery, and cost approximately \$6,500 each. They have proved particularly effective in anti-tank warfare.

They are mobile, mounted on automobile tires and can be rapidly whisked from place to place. Your purchase of War Bonds will help pay the cost of these field pieces so necessary for our Army in this War. Join the Payroll Savings Plan at your office or factory and let's "Top that ten percent" by investing at least ten percent of your income in War Bonds. U. S. Treasury Department

### FIRE INSPECTION SLATED FOR MONDAY

Members of the Munday Fire Department will make an inspection of the business district of Munday for fire hazards next Monday, December 21. C. R. Elliott, mayor, is asking all business firms of Munday to cooperate with the firemen in this effort to keep our fire loss at a minimum.

### MILEAGE CASES MAY BE APPEALED

College Station.—Texas farmers will not be put out of business by present mileage-saving regulations. B. F. Vance, chairman, Texas USA War Board, announced this week that farmers who have not received sufficient gasoline for normal operations should ask local war price and rationing boards for temporary transport rations.

At the same time temporary rations are asked for, they also should make formal appeal for additional mileage, he said.

Appeals are made through county farm committees who assist farmers in filling out required forms which later will be considered and approved by the Office of Defense Transportation.

The date for obtaining transport rations has been extended to January 31, 1943. Previous deadline had been set for December 31, 1942.

Under the temporary rationing phase of the program, farmers may receive sufficient gasoline to tide them over until appeals are approved, he said and explained that all temporary allocations later would be deducted from the final amount of mileage allowed under the Certificate of War Necessity.

If Certificates of War Necessity have been applied for and not received and if obvious errors were made on the Certificates when they were issued are other conditions under which temporary transport rations may be received, he said.

Failure of many truck operators to fill out application blanks properly and promptly has been the principal difficulty in issuing Certificates of War Necessity throughout the state, Vance said.

The object of physical training for women in wartime should be less to "toughen" co-eds than to increase their endurance and agility so that they will be fit for war assignments, Miss Leah Gregg, associate professor of physical training at the University of Texas, asserts.

### Suggestions For Gas Rationing Made By OPA Officials

DALLAS, Dec. 12.—In urging that southwesterners get acquainted with their gasoline rationing books, regional OPA officials made the following suggestions today:

1. Don't say "Fill 'er up" anymore, because coupons in A, B and C books are good for only four gallons. Buy by fours. Call for the exact amount, either 4, 8, 12 or 16 gallons.
2. It is not necessary to use a coupon from your A book every week; you may use any or all of the first eight coupons at any time before Jan. 21, 1943. The first eight, however, are not valid after that date. The second eight coupons become valid Jan. 21, 1943.
3. Write your license registration number and the state of registration on the back of each coupon. Your filling station operator will demand it, because he cannot get gasoline replaced without this identification on the coupons.
4. If you don't need all the gasoline which your book or books call for, do not use it. The program is aimed at saving rubber and if you can save more than the program calls for, you are being doubly patriotic.

## Tires ... Tires ... Tires
