Local Boy Buys Registered Calf In F.F.A. Project

NEW YORK, N. Y.—A registered Jersey cow has been purchased by McCelvey Jones of Munday from Shelton Bros. of Brownwood, Tex. The name of the animal is "Flying Owl Miss Rachel 1364371."

The whereabouts of all registered Jerseys is known and carefully watched over by the American Jersey Cattle Club, with offices in New York City. This important job is made possible through registrations and transfers made by Jersey breeders everywhere. Tattoo identification, somewhat similar to fingerprinting, keeps individuals of this dairy breed always known.

Jerseys make up 42 per cent of all dairy cows in the United States. Because they produce the world's richest milk, and because there are more Jerseys than any other breed in America, their role in National Defense is an important one. Increased production of Jersey milk guarantees the protective food needs of here and abroad.

McCelvey will use this cow in his Future Farmers of America project this year.

Other F. F. A. members who have purchased calves for their projects are as follows:

Joseph Borden, Fred Searcey, John Spann, Joe Spann, Hulien Montgomery, Bobbie Broach and Lyndal Smith.

The calves were bought in October and range in age from six to nine months. All are heifers and cost \$80 each, with an extra charge of \$2 per head for bringing them to Munday.

Grand Jurors For Dist. Court Are Announced

The list of grand jurors for the February term of district court, which convenes at Benjamin on February 15, were announced this week. They are as follows:

Munday: A. L. Roden, E. L. Tidwell, E. H. Nelson, W. A. Jungman, Roe Myers and Wallace Reid. Knox City: G. W. Montandon, Chas. Keck and Tom Osborn. Goree: C. C. Moorman and C. B. Warren.

Gilliland: Hugh Eubanks and E. A. Burgess. Truscott: H. C. Chowning. Vera: Minor Coffman. Benjamin: Chas. Hamilton.

Wm. J. Cerveny Gets Army Good Conduct Ribbon Recently

FORT SILL, OKLA.—Staff Sgt. William J. Cerveny, son of Mrs. Minnie Cerveny of route two, Munday has been awarded the army's "Good Conduct" ribbon.

He was one of 357 members of the Field Artillery School Detachment to receive the award.

The ribbon was presented by Brig. Gen. Desmond D. Balmer, commandant of the Field Artillery School.

"You gentlemen are experts in our particular field," said General Balmer. "And without that we could not produce specialists to go out into the Army. When you consider all the fields they go to, mechanics of all kinds, motors, communications experts, now radio mechanics, and also air mechanics which we have started recently, you can visualize where those people are going. Many of them leave here and go direct to the front line.

"Without your daily interest in the task, however small it may be, we could not function."

To be eligible for the Army's Good Conduct award the soldier must have honorably completed 3 years of active military service on or after June 28, 1941, and must be recommended by his commanding officer for "exemplary behavior, efficiency and fidelity."

STATE SCHOOL MONEY RECEIVED THIS WEEK

County Supt. Merick McGaughey announced Tuesday that an additional payment of school money has been received from the state. This payment amounted to \$2.00 per capita on the \$22.50 apportionment, making a total of \$13.00 received on this year's amount.

The money has been apportioned to the various schools of the county.

Cotton Second Only To Steel In Winning War

Oil Mill Ads Show How Local Farmers Help To Win The Victory

100,000 bullets can be fired with the powder made from a single bale of cotton linters.

The Quartermaster Corps of the U. S. Army recently stated: "Cotton is second only to steel as the most vital war material."

Such facts as these are proof that local farmers who produce cotton and cottonseed are directly aiding the war effort, says T. G. Bengt, manager of the local cotton oil mill, in announcing that a new series of advertisements in this paper will call attention to cotton's place in the war.

"To pay tribute to our cotton farmers for what they have done, as well as to encourage them in their future efforts, is a primary purpose of the advertisements," Mr. Bengt said. "As an industry supplying war materials, our mill recognizes its opportunity to help its producers to increase their production, as well as the responsibility of supplying Uncle Sam with all of the cotton linters and other products that we can from the available supply of seed."

Too few people realize, the mill manager said, that cotton supplies more pounds of feed per acre than 500 pounds of lint cotton. With every 500 pounds of lint, however, about 640 pounds of feed (400 pounds of cottonseed meal, or cake, and 240 pounds of cottonseed hulls are produced, on the average). For this reason, adequate cotton production is essential for adequate livestock production, and livestock producers are interested in seeing that enough cotton is produced to supply feeds in 1943.

The advertisements will appear regularly in this paper, starting today, and will be interesting to farmers, stockmen and those who live in town, alike.

TO ENTER TRAINING

Jerry Kane, employee of Baker-McCarty Store, received his commission as an aviation cadet the first of this week and was ordered to report at Dallas for examination and induction on February 5. If he passes his examinations, he will be assigned to a training center. Jerry volunteered in the air forces several months ago.

Dora Butler, who is attending Weatherford Junior College visited relatives and friends here over the week end.

Funeral For Tom Smith Cox Held On Friday

Funeral services for Tom Smith Cox, who died a his home 12 miles southeast of Munday on Thursday morning at seven o'clock, were held at four o'clock last Friday afternoon from the First Baptist church, with Rev. W. H. Albertson conducting the service.

Interment was in the Johnson cemetery, with the Mahan Funeral Home in charge of arrangements.

Mr. Cox had resided in this section for only about a month. He was born in Kentucky and was 51 years, 3 months and 9 days of age. He was a retired farmer.

Surviving him are the following children: Mrs. Julie Hill of Marion, Ill.; Dewey Cox of Homersville, Mo.; Orval Cox of Weimert, Mrs. Ruby Lozier of Wichita Falls, Odie Cox of Flint, Mich., and Olen Cox of Goree. He is also survived by a sister, Mrs. Sallie Leach of Clovis, New Mex., and 15 grandchildren.

Pallbearers were D. D. Pennington, R. L. Edwards, O. C. Raynes, Carlos Bowen, Theo Face and Otis Matthews.

Auction Sale Has Big Day Tuesday

The Munday Livestock Commission Company reports another of the biggest sales in several weeks. All butcher cattle sold steady, while fat calves sold higher than a week ago.

Top hogs sold from \$14.40 to \$14.60; canner and cutter cows sold from \$5.50 to \$8; butcher cows from \$8.50 to \$11; beef cows, \$9.95 to \$11; butcher bulls, \$8.75 to \$10; beef bulls, \$10.50 to \$11.60; butcher yearlings, \$10 to \$11.50; fat yearlings, \$11.75 to \$13.25; rattle calves, \$8.50 to \$9.50; butcher calves, \$10 to \$11.50; fat calves, \$12 to \$13.80.

Several head of mixed stocker calves, steers and heifers, weighing from 400 to 500, sold from \$13.10 to \$13.60.

TAKEN TO HOSPITAL

J. R. Nelson, well known Munday resident, was taken to a Wichita Falls hospital for treatment last Sunday. Mr. Nelson had been very ill at his home here for the past several weeks.

Claude Blacklock of Ranger was here the first of this week to visit his brothers, B. L. and Carroll Blacklock.

Texas Women Mobilizing To Fight Infantile Paralysis

Under the leadership of Mrs. George H. Pittman, Dallas, Texas women in 200 counties are mobilizing for the fight against infantile paralysis. Mrs. Pittman is vice-chairman, in charge of women's organization for the Celebration of the President's Birthday, January 30. She is seen here installing a "Jumbo" coin collector in one of the Dallas banks. More than 1,000 women are working with Mrs. Pittman to raise funds to battle the dread disease.

Vera Boy And Girl Are Outstanding In 4-H Club Work Of Knox County

Knox county is very proud of the records made by a Vera 4-H Club boy and girl, who have done outstanding work in the county.

Wade Franklin and Mary Ann McGuire are the son and daughter of Mrs. Della McGuire of Vera. Wade Franklin is 19 years old and has done five years of 4-H Club work. The first year he fed out one calf, and thereafter he fed out three each year. At the county show he would sell one and continue with the other two. During his five years of club work, he has fed out 13 calves and has won 10 premiums. Wade Franklin is at present attending college.

Mary Ann is a member of the Vera girls, 4-H Club, and is the youngest of a family of six. Four years ago she joined forces with her brother, Wade, to make their club demonstrations more profitable. She took charge of the poultry while he fed out calves. In the four years, she has raised 950 chickens. Some home-grown grain was used, but she charged it to the poultry enterprise at market price. A total profit of more than \$875 was shown after deducting feeding costs, raising chicks and providing eggs and fryers for home use. Her capital expense 326 laying hens. In addition the brother and sister spent their spare time gardening.

About one year ago, Wade began working away from home, and Mary Ann expanded her activities to raising pigs. The profit from their sale went into a fund to pay college expenses. Their father died 17 years ago.

A Texas farm girl, and being versatile, Mary Ann naturally assumed a more active part in the management of the farm, helping with the work. Along with this, she assisted her mother in the house, and, together, they canned 260 containers of fruit, vegetables and meats during the year.

Fellow members, recognizing her qualities of leadership in and out of the club, chose her as their representative in the Knox County 4-H Girls' Council where she served one year as council reporter. From her club training she learned to do her own sewing and to improve the comforts of the home. She demonstrated her interest in community activities by taking an active part in plays and public entertainments, USO programs, assisted in planting trees on the school grounds, and singing regularly in the church choir.

Wade Franklin and Mary Ann have kept accurate yearly records of costs, sales and profits of their various demonstrations.

County's War Fund Quota Is Set At \$2,350

At the central committee meeting on January 11, it was determined that a total of \$125,000,000 must be raised for the 1943 Red Cross War Fund.

The Knox County chapter has just received word that its minimum share of this fund is \$2,350.

Rev. J. S. Tierce, pastor of the First Baptist church of Knox City, has been appointed War Fund chairman to take the place of J. M. Ashcroft, who plans to move to another town soon. The combined Roll Call and War Fund drive begins in March.

DRIED EDIBLE BEANS VICTROL FOOD SPECIAL

To emphasize the many advantages of making full use of this year's plentiful supply of dried beans, local retailers are featuring dried edible beans as a Victory Food Special until Saturday, Jan. 30.

Restrictions on tin and rubber have practically eliminated the canning of dry beans for civilian consumption. Officials of the Department of Agriculture point out frequent use of dry edible beans will be a great help in conserving other protein foods which are less plentiful or needed for wartime purposes.

NOW IN MARYLAND

Leonard J. Kuehler writes his folks that he is now stationed at Aberdeen, Maryland, and is in the ordnance department. Lennie was inducted on January 11, and says he likes his present location. He is the son of Mr. and Mrs. Frank Kuehler, and was employed at the Munday Cotton Oil Co.

Wm. Robinson Now At Corsicana Field

CORSICANA — Aviation Cadet William E. Robinson, Jr., has just arrived at Corsicana Field from the Army Replacement Center at Kelly Field, Texas, as a member of Class 43-G.

Cadet Robinson has been assigned for primary flight training to the Air Force Training Detachment, commanded by Major Stanton D. Smith Jr., one of the many Primary Flight Schools in the Gulf Coast Air Force Training Center.

He is the son of Mr. and Mrs. W. E. Robinson of Goree.

HES A PROSPECTIVE 1957 MOGUL QUARTERBACK

A red-headed triple threat may be smashing away to fame on the Mogul football team and making headlines for his home town along about 1957. His ambitions for the future are not very well known at the present time, because he just made his appearance at the Haskell hospital at 4:20 last Tuesday morning. He will share his birthdate with Gen. Douglas MacArthur!

He's the newest addition to the Wide Mahan family.

He topped the scales at 6 pounds and 13 ounces, and as for looks—well, most babies aren't pretty anyway! He will probably be named Wade Tanner Mahan, Jr., for certain and called "Mike" for short—Sounds Irish!

Mother and daughter, and the new son are doing nicely, and "Papa" Mahan will be well, too, as soon as he catches up with his sleep.

Mrs. N. G. Parr of Raymondville and Mrs. Joy Bagwell of Lubbock are here this week to visit with their brothers, B. L. and Carroll Blacklock, and their families.

Mrs. A. Roberts Dies On Monday At Byers Home

Word was received here Monday that Mrs. A. Roberts, mother of Grady Roberts of Munday, had suffered a stroke at her home in Byers, Texas. Mr. and Mrs. Roberts left immediately for her bedside, but she passed away before they arrived.

Mrs. Adella Roberts, who was 78 years of age, had resided at Byers for 38 years. She had visited her son here on several occasions and was known to a number of Munday citizens.

Mrs. Roberts is survived by five sons, Ernest Channing, Sam of Haskell, J. W. of Merced, Calif., Grady of Munday, and Elmer of Gotebo, Okla.; four daughters, Mrs. O. E. Briggs of Mountain View, Okla.; Mrs. T. S. Adams, Byers; Mrs. Ora Adams of San Diego, Calif.; and Mrs. Rudy Poncha of Center, Texas. She is also survived by a brother who lives at Byers and two brothers and one sister of Tennessee.

Funeral services were held at two o'clock Thursday afternoon from the First Methodist church at Byers.

Plans For Calf Show Complete

Fourteen Knox county 4-H Club youths are getting ready to show their 18 calves at the annual 4-H Club Show, which will be held at Knox City on February 6th.

The boys are doing more than their part to prevent the shortage of beef. Many of the calves to be shown are less than one year old and will weigh close to 850 pounds.

The merchants in the little town of Knox City, as well as all citizens of the county, are proud of the outstanding work accomplished by the rural youths, as is evidenced by the fact that premiums of over \$100 will be awarded to the boys exhibiting the winning calves.

First place premiums in senior and junior groups of calves will be equal to that paid by some of the larger district calf shows.

The committees report that all plans are practically complete for the show and for feeding the boys and their parents at the noon hour.

County's Goals For Production Are Announced

More eggs, more milk, more pork, more beef and more chickens are being asked from the 1174 farms of Knox county in 1943.

Farm production goals received by the County USDA War Board calls for the production of 2400 acres of peanuts for oil and a 24 per cent increase in meat hogs during the coming year. Mr. August Schumacher, board chairman, announced today.

"The USDA War Board, on behalf of the farmers, has accepted these goals," he declared. "Achieving the goals will require the full cooperation of every farmer in the county, but we feel sure they can be reached."

Kick-off in the sign-up of 1943 Food for Freedom pledges was January 12, which was proclaimed by President Roosevelt as Farm Mobilization Day, the chairman said. Following this day, community AAA committeemen and other workers will contact every farmer and ranchman in the county in a survey of agricultural resources and the production pledge sign-up.

Production goals for the county are as follows:

Peanuts for oil, 2400 acres; All cattle and calves, 15,510; cows and heifers kept for milk, 3,855; sheep and lambs, all ages, 2,524; hens and pullets kept for laying, 100,424; sows for farrow in the spring, 659; sows for farrow in the fall, 643; chickens raised, 166,107; turkeys raised, 4,351.

THE TIMID SOUL By Webster

Soldier's Letter To His Mother

The following letter, taken from the Throckmorton Tribune, was written by Joseph S. Tucker, who with his brother Durward, are members of the U.S. Marines and are stationed in the Territory of Hawaii, was written to his mother, Mrs. Joe A. Tucker, and was given The Times by Uncle Harry A. Williamson to be reprinted.

January 3, 1943

Dear Mother:

A few days before Christmas a collection was taken up for the salvation Army, which went to the orphanage here in Oahu. The sum amounted to over fifty dollars. On Christmas day a letter of thanks from the orphanage was posted on the bulletin board.

Christmas day we had twenty six little boys and girls, between the ages of six and twelve years, as our guests. They arrived at ten o'clock a. m.

After playing about the lawn for a couple of hours, they were escorted to the mess hall by a few of the husky boys. There we found one of the largest and best dinners I have ever seen. The menu consisted of fruit cake, olives, sweet pickles, celery, stuffed roast turkey, baked spiced ham, giblet gravy, candied sweet potatoes, mashed potatoes, buttered asparagus, water cress salad, French apple pie, ice cream, hard candy, assorted nuts, cigars, cigarettes, iced tea, milk and Cafe de Aoir.

Well, we stuffed to our heart's desire, and I'm sure that two-thirds of us couldn't get around all that was on our tray. You know, I didn't hear a single complaint about the chow.

In the afternoon the little boys and girls took over our ball diamond and entertained us for a while with a game of baseball. My Marines and Sailors were boosting for the girls one hundred percent, but the boys would knock home runs anyway.

Mother, I think that this little bit of evidence is enough to prove to you people that Uncle Sam can keep his men fit, physically and morally, and make them proud to be Americans, wherever they may be.

Love, SAM.

P. S.—We had church services for both Catholics and Protestants. The Catholics in the morning and the Protestants in the afternoon.

JOSEPH H. TUCKER.

Private Tucker also sends a poem he had ran across in Hawaii, and thought so good that he copied it and sent it along. Here it is:

You can have your Army Khaki; You can have your Navy Blue, But there's another figure I'll introduce to you.

His uniform is different; The best you've ever seen, The Germans call him Devil Dog, But his real name is Marine.

He's trained a lot at Boat Camp, The land that God forgot, Where sand is 10 inches deep, And the sun is scorching hot.

He has set many a table, And many a dish he's dried; He also learned to make a bed; A broom he can really glide.

He's peeled a million onions, And twice as many spuds; He also spends his past-time Washing out his duds.

Now, girls, please take a little tip I'm handing out to you, There's nothing he can't do, Just grab yourself a Marine.

And when he goes to heaven, Saint Peter he will tell, "Another Marine reporting, sir, I've served my time in Hell."

Dorse Collins, who is stationed at Sheppard Field, Wichita Falls, visited his mother, Mrs. Ora Collins, and other relatives here over the week end.

Mr. and Mrs. D. F. Burton of Hamlin visited friends and relatives here last Saturday.

Farm Repairs To Be Featured For Farm Shop Course

Simultaneously with the educational meetings on the farm program, farm shop courses will begin at different places throughout the county where farm machinery, tractors, trucks and automobiles will be repaired free of charge for labor. This service is open to the public, and those having work to be done should contact the school authorities in each community or G. S. Dowell, vocational agriculture teacher at Munday, who is supervisor of the courses in this county.

Also courses in poultry dairying, pork production, etc., will be conducted at various places in the county for the purpose of increasing food production for the war. These will be conducted in places where there is a local demand. Ten or fifteen people who want to take the course is a sufficient number to secure a center.

The federal government pays all the expenses of the shop and production courses, and any community may secure one of them.

A course in poultry and egg production will begin Thursday evening, January 14, at 7:30 o'clock in the vocational agriculture department of the Munday high school. Shop courses will begin at Munday and Sunset on Monday, January 18. Other courses will probably begin at Knox City on January 25, according to Mr. Dowell, who says he has tentative approval of such courses.

Mr. and Mrs. Carl Mahan and daughters, Mary Charles and Linda of Abilene visited relatives and friends here over the week end.

Mrs. Isham Brown and baby of Kermit, Texas, visited with Mrs. Brown's mother, Mrs. Ora Collins, and other relatives here over the week end. Mr. and Mrs. Brown were moving back to Pampa to make their home.

Mrs. A. E. Womble, Mrs. Joe Bailey King and Misses Jeanette Campbell and Ruth Baker were visitors in Haskell last Sunday afternoon.

Ralph Tidwell, who is a student in John Tarleton College at Stephenville, visited with home folks here over the week end.

Doyle and Juary Jones, who are attending John Tarleton College at Stephenville, visited their parents, Mr. and Mrs. C. C. Jones, over the week end.

Senior Report
Well, our annual play is over, and we are all very glad, even though we did have a lot of fun giving it. We hope that everyone enjoyed seeing the play as much as we did giving it. We took in \$29.15. We are grateful to Mrs. Elmo Todd, who was responsible for the make-up; Miss Cash, who was the prompter; and Mrs. Anderson and Mrs. Curtis Casey, who sponsored our play. We also appreciated the interest of our fellow students who took parts. We have such a small class that it would have been impossible to have had our senior play without their help.

Sophomore Report
We are glad that Peggy Stark is going to stay with us and not going to Fort Worth.

All of the class say we are going to study harder the last semester and be exempt on final exams.

Sophomore Personality
This week Walter Carl Taylor is on parade. He was born in Ft. Worth on April 30, 1928. He started to school in the Allison grammar school and continued there until he was in the 7th grade. Then he moved to Slidell, where he entered the Slidell high school. He next moved to Benjamin. Walter Carl is a member of the Mustang basketball club.

Freshman Report
The home ec. girls are taking cooking this term. We think we will enjoy coking better than sewing. We have made out our grocery list and are planning to cook our first meal Tuesday. We are going to cook breakfast first.

The freshmen and sophomore girls gave the program at P. T. A. The freshmen girls wore their dresses they made in sewing, and the sophomore girls served the guests. Everyone had a nice time.

The home ec. class is glad to welcome Joe Ben Qualls and Bryson Laird for this semester. (We think they will make some girl a good wife some day).

Hair-splitting is no longer a joke with the new electron microscope, which makes visible a whole world that has previously been too small for scientists to study.

1. Using particles of electricity instead of light, the instrument makes a mosquito's stinger, 1/1000 the diameter of a hair, look like this.

2. Crystals, dust particles, disease-producing viruses can be enlarged to a million times to examine their nature and structure.

3. Portable, operating on ordinary power lines, it is expected to speed war research in laboratories of colleges and war plants.

4. After the war, it may be useful in many fields—for example, in searching for the cause of such diseases as the common cold.

Do Your Duty
Buy War Bonds!
Here's a patriotic duty everyone of us can participate in — buy U. S. War Bonds and Stamps. War costs run into millions — \$220,000 for a big bomber; \$70,000 for a fast fighter; \$20,000 for a light tank. And it takes millions of dollars more to keep on producing these tanks and ships and guns for Victory. But we can and we will, if you lend your support.
Remember! In ten years, Uncle Sam repays you \$25.00 for the \$18.75 you lend him today.

Our Freedom Is Priceless

By JOSEPH E. DAVIES

Former Ambassador to Russia and Belgium.

(Written for the Treasury Department in connection with the Retailers' "BUY U.S." campaign to complete the nation's 100,000,000 partially filled War Stamp albums.)

What I myself saw in my four years in Europe gave me a new realization of the priceless rights which we here enjoy.

No secret police can in the night whisk us away, never again to be seen by those we love.

None of us can be deprived by any party, state or tyrant of those precious civil liberties which our laws and our courts guarantee.

None of us can be persecuted for practicing the faith which we found at our mother's knee.

None of us can be persecuted, tortured or killed because of the fact that an accident of fate might have made us of the same race as the Nazarene.

No American can be placed by any party or government in a regimented vise which takes from him or her either freedom of economic opportunity or political religious liberty.

What would the millions of unfortunate men, women and children in Europe give to be able to live and enjoy such a way of life?

Well, in this war, those are the things in our lives which are in jeopardy. Our boys are dying to preserve them for us.

Then we can do no less than to "say yes" and fill those war stamp albums. It is our duty and privilege to help the secretary of the treasury, Mr. Morgenthau, in his magnificent effort to do the tremendous job of getting the money to keep our boys supplied with the weapons with which to fight our fight.

Surely that is little enough for us to do on the home front.

U. S. Treasury Department

At The Churches

METHODIST CHURCH

Strange, isn't it? But how true that too often the man who is always fighting for his rights is probably overlooking a lot of his responsibilities. Did he ever dawn upon you, the ease with which you can see the other fellow's responsibilities? Perhaps he can as easily see yours. Say, there would be lots of changes made if we could see ourselves as others see us. And there would be a lot of changes in some folk if the responsibility of creating a better moral condition was left entirely up to them, or else they would change their location. Yes, some folk who don't even care about the church it seems, would move. Why? They would say it isn't a fit place to live or raise a family. They ought to move, anyway, as they are doing very little to better conditions for the man and family who is trying.

It is the church that makes conditions as good as they are. Are you doing your part? Let's make Monday a church-going town. You go to your church, and I go to mine. If you do not attend church elsewhere, come and worship with us. You are welcome.

Sunday school, 10 a. m.
Morning worship, 11 a. m.
Youth fellowship, 6:30 p. m.
Evening service, 7:15 p. m.
The evening crowds are increasing in numbers, and this is appreciated very much. We would like for you to be counted in the number. The subject for the evening hour will be "The Church."

FIRST BAPTIST CHURCH

Paul said that he was constrained by the love of Christ. It was the love of Christ that overwhelmed him and made him the great preacher and interpreter of Christ that he was. He was considered a fanatic by many, so is everyone who gives himself wholly to do the will of God. The disciples on the day of Pentecost were considered drunk because of their zeal for the one cause to which Christ had called them. Sometimes we are so afraid of being called fanatical that we lean so far from a devoted christian life that it is difficult to tell to which crowd we belong. May we humbly follow Christ and find in Him that power that will make life worth while. The world needs love-impelled lives.

We give you a cordial invitation to the services next Sunday.

Senior Report

The seniors spent the week preparing for mid-term exams. We hope we've been studying the right things, for we all want to pass.

Bookkeeping is now very interesting for we are learning day by day how to close the ledger. We think we'll make good bookkeepers some day.

Junior Report

We are now having current events during our history period on Fridays. Since we are at war, we believe that up-to-date history should be discussed, too. We also find it interesting.

Mid-term exams will be history by the time this report appears in print, and we hope that we pass all of them.

Sophomore Report

Flash! Mid-term exams are coming Thursday and Friday, and that is something everyone dreads. We hope you pass.

Freshman News

Everyone is getting enough of this cold weather. Seems like some can't take it for they aren't coming to school.

We had a 4-H Club meeting last week. We learned how to make laundry bags. Everyone is anxious to learn.

Report of Room III

The eighth grade students are working so hard so they will pass their mid-term exams. We all hope they won't be hard.

We have a new student by the name of Carl Franklin. We hope he will enjoy going to school with us. We were sorry to lose one of our students, Mattie Jane Parks.

I GIVE YOU TEXAS
by
BOYCE HOUSE

If you heard a threat growled in your ear as you stood at a bar and turned to find yourself facing your worst enemy with a knife in his hand, what would you do?

A friend of mine tells of an uncle of his, in frontier days, who found himself in this situation.

"I'm going to kill you," his foe said through clenched teeth.

The man's face didn't change as he remarked in a casual tone, "All right."

Then he added, "At least, give me the privilege of examining the knife that is going to kill me."

And he coolly extended his hand, took the knife from his amazed enemy—and then of course ran him out of the place.

At one time, I was probably the youngest traveling salesman in the world. At the age of 10, I sold portable adding machines.

My father really was the agent, but I went along. We would walk into a store—say in D'Hanis, Sabinal or Hondo—and he'd tell about the device, then I'd climb up on a high stool and demonstrate.

On one occasion, the merchant already owned a Burroughs—a big machine—but just to show, anyway, what our "vest pocket" contrivance would do, I sat at the counter and competed with the cashier. The storekeeper called off a long flock of numbers and, while the cashier punched the keys and pulled a lever, I simply zipped little chains with a pencil-shaped

stick and when "Total" was called, the amount was right there in front of me, whereas my rival had to pull the handle three times to get the result.

We both had the same total and my dad's machine was only \$10. We sold lots of them, too.

Everybody in the little Texas town knew and liked Big Mack.

He was a hard-working, thrifty farmer who was close to 50 years old, a bachelor. And then he decided to get married, so he joined a matrimonial bureau and got into correspondence with a widow who lived up in the North. At last, he proposed (sight unseen), was accepted and sent his bride-to-be her railroad fare.

Everybody in town knew about the mail order romance and when the train rolled in, the platform was crowded. Well, nobody got off except one traveling man and the train was about to pull out when, out of the coach up near the baggage car, off stepped a negro woman, clutching a picture in her hand.

She caught sight of Big Mack, ran up to him, threw her arms around him and gave him a big kiss.

He kissed her right back because, you see, Big Mack was colored, too!

VICTORY PATTERNS

... IN THE AIR ... ON THE LAND

With enough planes in the air, the Allies can be sure of victory in the skies. Aerial victory will be insufficient, however, unless it is backed up with mammoth quantities of food—giving strength to soldiers, civilians, and oppressed people liberated from Nazi chains. Contour farming is a modern way to help assure this food. Farmers all over the nation report bigger yields of war crops through contour farming. It's the victory pattern for the land.

On The Home Front

O.E.M. Division of Information

Motorists Should Check Their Anti-Freeze

Motorists who are not sure what kind of anti-freeze solution they have in their radiators should check at once, J. B. Joyce, deputy regional WPB director in charge of production, warned. WPB has just issued an order forbidding manufacture of anti-freeze solutions made from inorganic salts or petroleum distillates. Such solutions, widely sold during recent weeks, have been found highly destructive to radiators, ignition systems and rubber connections.

Ool Man Gets Suspension Order

Charged with use of drilling equipment under conditions prohibited by WPB, E. J. Johnston of Longview, Texas, has been issued a suspension order which forbids him to use oil field equipment for the next three months. R. Eugene Risser, WPB regional director, announced. Violation of order M-63 was cited in the drilling of an oil well in Tinsley Field, Yazoo County, Miss. M-63 provides that not more than one well be drilled on each 40 surface acres.

General Hulen Named Salvage Manager

Appointment of Gen. John A. Hulen of Palacios as regional salvage manager for the War Production Board was announced by R. Eugene Risser, WPB director. General Hulen will maintain his offices in Dallas to serve the states of Texas, Oklahoma and Louisiana. Identified with railroad and mill-

tary activities for more than 40 years, General Hulen was president of the Burlington & Rock Island Railway Company before his retirement last fall.

Region Milk Order Revised

Acting quickly to correct certain inequalities brought to light after issuance of a region-wide milk price revision, the OPA at Dallas has ruled that distributors with Class 1 or Class 2 ceiling prices may "carry" their ceilings with them into Class 3 areas, even though their deliveries extend beyond the 5 and 10 mile limits set out in original order. OPA officials pointed out that sales of milk by sellers of foods such as restaurants, cafes, hotels and drug stores still are under price control, with the maximum prices of each seller set at the highest price he charged in March, 1942, under the General Maximum Price Regulation.

Filling Station Hours Regulated

Under an order issued by the Petroleum Administrator for War, filling stations throughout the country began January 23 to operate on either a 72-hour a week schedule, or a 24-hour a day, seven days a week schedule, according to their choice. Dealers who elected to remain open 24 hours a day must serve all customers for 12 consecutive hours for six days of the week, but may serve only vehicles bearing "T" stickers for the remaining time. Station operators who operate on a 72-hour week, twelve hours a day, may select their closing day.

Coffee Substitutes Priced

Specific ceiling prices have been set by OPA for manufacturers of two coffee substitutes and five coffee compounds that may soon appear on retailers' shelves. Prices of the products to the consumer probably will vary from about 15 cents to 31 cents. OPA cautioned housewives that they will have to surrender a coffee ration stamp to purchase a pound of coffee substitute just the same as if the product were pure coffee. The two coffee substitutes for which prices were set are "Jeep" and "Banner Whole Roasted Cereal."

WANT TO FIRE

12,000 Bullets

AT THE JAPS?

Buying War Stamps and Bonds is one way to fight the Japs and Nazis—growing cotton is another way to contribute directly to the war effort.

Every pound of Cotton Linters we can produce from available cottonseed goes to war industries.

One Bale of Cotton Linters Makes Enough power to Fire 100,000 Bullets

About 75 to 80 pounds of Linters are produced from the cottonseed that comes with every 500-pound bale of lint cotton. By producing an extra bale of cotton in 1943, you can add the power to fire thousands of extra bullets at the enemy, about 12,000 bullets per bale of lint cotton.

By planting all of the cotton acreage legally permitted, and producing every possible pound per acre, cotton growers will directly help to win the war.

Many Thanks

We sincerely thank everyone who helped us in any way in our efforts to secure another re-capper. Although we have had no direct word to date, we feel sure that we will get this re-capper, with the famous "saw-tooth" tread.

We may also be able to get a "power grip" tread for those who desire this type of tread.

We appreciate your patience when we can not turn out your work promptly, and assure you that with this additional equipment we can give better service.

Attention... CAR OWNERS YOU MUST HAVE YOUR TIRES INSPECTED

TO PROTECT YOUR RIGHT TO DRIVE

DON'T WAIT Avoid the Rush SEE US AT ONCE

Are YOU risking your right to drive—to get tires, even gasoline? Many local car owners are—by delaying having their tires inspected. You MUST have your tires inspected.

Many will put it off until the last minute—there will be a big rush at the deadline.

To keep your car operating, your government is trying to make it possible for you to get tires, whether you have an A, B or C book. But you must take proper care of your tires, and inspection helps you to do this by IMMEDIATELY showing whether your tires need repairing, or whether you need recapping or NEW TIRES.

It's your duty to get inspection early and to get the repairs, recaps or new tires you need, while recapping and service facilities are not crowded to the limit. So, don't put off inspection another day. Protect your right to drive. Get our inspection NOW!

OFFICIAL TIRE INSPECTION Only 25c per car

Available under latest OPA Ration Rules
