Garden Plats Will Be Plowed Up This Week

City Council Urges Victory Gardens On Vacant Lots

City officials announced Monday that a tractor will be secured this week to plow up lots in the city to be used for victory gardens. A number of lots which are listed with owners unknown, and some non-resident lots, will be plowed for this purpose.

Citizens living nearby may apply for these plats of ground for the planting of victory gardens, it was stated. Requirements are that these lots are to be used for garden plats only, and are not to be planted to sudan or any other kind of feed.

With food rationing under way, it was believed that many who have not heretofore planted gardens will want to do so this year to supplement the rationed foods. The city officials are cooperating in every way possible in this move, and the lots are being prepared at the city's expense.

All families who do not have available garden space may secure a plat by making application with Riley B. Harrell, city secretary.

Dr. E. M. Roberts Sr. Dies Wednesday At Sulphur Springs

Word was received Wednesday that Dr. E. M. Roberts, Sr., father of Dr. E. M. Roberts, Jr., of Amarillo, passed away at 4:30 o'clock Wednesday afternoon at his home in Sulphur Springs, Texas.

Dr. Roberts, 82 years of age, had been ill for about two years. He is survived by two children, both of whom were at his bedside. Dr. Roberts had visited his son, when the family lived at Munday, on a number of occasions and will be remembered by many Munday residents.

Time of the funeral services had not been learned at press time Thursday.

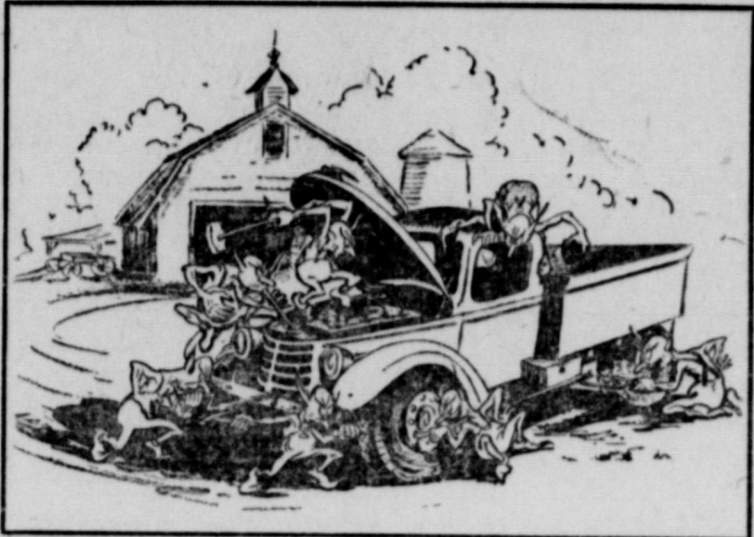

Material Here For Surgical Dressings

Miss Myrtle Munday, who is in charge of classes in making surgical dressings for use by the armed forces, announced Tuesday that the material has arrived for Knox county's quota of dressings.

Work on the dressings will be done on the regular days, which are Tuesday and Wednesday afternoons and Tuesday and Friday nights. All workers are urged to come out and help in this important work.

Mr. and Mrs. Melvin Morgan moved to Big Spring this week to make their home. Melvin, who has been employed at the Banner Ice Co. for several years, will be engaged in defense work there.

Scat, Gremlins!

You say there ain't no such thing as farm gremlins? Maybe not—but our boys in the air forces are well acquainted with these impish ice airplane wings, frost windshields, and slyly drink gasoline out of the tanks. Farmers who are part of the "ground crew" in World War II are having plenty of troubles too—tires wearing out, truck motors needing new parts, not enough gasoline, etc. Whether from gremlins or not, the troubles are all too real. The County Farm Transportation Committee says if you have troubles that are hampering transportation of vital farm produce, be sure to see them immediately and they'll do their best to help. And, study the booklet, "America's Trucks—Keep 'Em Rolling."

Victory Food Drive Of County Now Completed

"A Food for Victory Drive" was completed Tuesday, February 23, 1943 by County Agent, R. O. Dunkle and County Home Demonstration Agent, Lucile King. The schools visited were as follows: Heffner, Rhineland, Goree, Benjamin, Gilliland, Truscott, Sunset, Union Grove, Knox City, Munday high school and Munday grammar school.

They spoke to 1,118 boys and girls on the subject, "The Boys and Girls Part in Food for Victory." These meetings opened by singing "America" and "God Bless America." At the close of each meeting the boys and girls signed cards pledging themselves to do their part in helping produce the food that is essential for the war effort.

Glenn Dunkle and Bryson Laird gave a pig feeding demonstration to the boys and girls at Union Grove and Knox City schools, which was conducted by the Benjamin boys of last year which proved the value of protein supplement in the production of pork on the farm. Club members think that they can aid in our war effort by feeding protein supplement in producing 71 lbs. more pork per pig, in 50 days as with pigs that did not receive protein supplement.

Mrs. Woodrow Vernon and little son of Carlsbad, New Mexico, are here this week for a visit with Mrs. Vernon's parents, Mr. and Mrs. L. E. Hunter, and with other relatives.

Mr. and Mrs. Sam Bird, Jr., and little daughter of Weinert were business visitors here last Monday.

Broach Buys Case Tractor and Parts Business

Announcement was made Tuesday that Fred Broach Sr. had purchased the J. I. Case Tractor and parts business, which has formerly been handled here by George Isbell. The stock of parts has been invoiced over to Mr. Broach and moved to the Broach Implement Co.

Mr. Isbell stated that he will discontinue operating the Isbell Motor Co., and will devote his entire time to the real estate business. In expressing appreciation for his customers for their patronage, Mr. Isbell also invites all to see him when they want to buy or sell real estate.

The addition of these parts gives the Broach Implement Co. the greatest supply of parts for tractors and combines of any firm in this section. Mr. Broach pledges continued service to owners of J. I. Case tractors and invites their patronage at all times.

Farmers Union Has Good Meet

More than usual interest was shown in the annual dividend meeting of stockholders in the Farmers Union Cooperative Gin last Saturday afternoon, as a greater attendance than in recent years was reported.

Besides receiving their dividend checks, the members were also informed of the operations of the gin by being given a complete report of its activities during the past year.

Frank Overturf, state secretary of the Farmers Union, was present and made an interesting talk, dealing with insurance among the farmers.

Wallace Reid, manager of the gin, reported that more members placed their dividend checks into war bonds and stamps than ever before. Better than \$1,100 went to this cause, it was stated.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Eugene Michels are the proud parents of a son who was born last Friday morning at the Knox county hospital. Mother and son are reported to be doing nicely.

T. L. Thompson spent the week end with his mother and sister at Alvord, Texas.

Weather Report

Weather report for the period of February 24, to March 3, 1943, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
1943	1942	1943
Feb. 25	33	55
Feb. 26	31	45
Feb. 27	33	64
Feb. 28	41	58
Mar. 1	28	62
Mar. 2	18	52
Mar. 3	6	46

Rainfall to date this year .10 in.
Rainfall to date last year .79 in.

Special Announcement

This issue of the Times comes to its readers under new management. Grady G. Roberts, who has been owner and publisher of the paper since 1937, has sold his interest to J. W. Roberts, who assumed control of the business on March 1.

The new owner is by no means a stranger to the people of Munday, having been connected with the paper during the greater part of 1938. Prior to that time he was publisher of papers at O'Donnell, Snyder, Texas and Hollis, Okla. For the past four years he has been with the Daily Sun-Star at Merced, Calif.

There will be no change in the policy of the Times. The new publisher will strive to maintain the high standard of the paper and whenever possible endeavor to improve its readability and usefulness to its hundreds of readers in Munday, Knox county and throughout West Texas.

Lunch Rooms To Continue In Knox Schools

County Supt. Merick McGaughey received a letter recently from State Supt. L. A. Woods, stating that the state department of education was making plans to work with the Federal Food Distribution Administration to do all it can for the lunch room projects throughout the state's schools.

The plan for continuing the lunch room program will be handled, according to Mr. Woods, with each individual school. Supplies will be furnished by the Federal Food Administration, somewhat like those furnished before by the WPA, to all schools having local sponsors. Surplus commodities can be bought through the Federal Food Administration through a specified plan.

The various schools will be sent explanations of the projects giving details of the plan within the near future, it was stated.

Meanwhile plans have been completed for continuing all the lunch rooms in Knox county. Mrs. Jessie M. Smith, unit supervisor for the county under the WPA, has met with sponsors for each lunch room in the county and plans have been completed for sponsoring their operation under the new plan.

The lunch room at Munday will receive the cooperation of a number of the teachers, as well as other individuals and organizations, and the room will be continued on much the same basis as in the past, with the garden and canning projects to be continued.

Otis Burnett of the U. S. N. medical department, who is stationed at Orange, is here with his family to visit his sister and mother, Mrs. A. L. Smith and Mrs. Ben Guinn. Mr. Burnett will move his family to Orange.

Miss Jean Guess spent the week end with her parents at Mattson, in Haskell county.

Cecil Alexander Is Killed In European War Theatre

Memorial Services To Be Held Here Sunday

A telegram announcing the death of another Munday boy was received last week by Mrs. Jo Lemley, whose brother, Cecil G. Alexander, died in the European war area. A letter came from J. A. Ulio, major general of the adjutant general's department, confirming the telegram. The letter follows:

Dear Mrs. Lemley: It is with profound regret that I confirm my recent telegram announcing the death of your

Knox County Expected To Exceed Red Cross Quota

Joe B. King To Re-open Tailor Shop On Friday

Joe Bailey King, well known Munday resident, announced Tuesday that he is opening the tailoring business formerly run by J. Arthur Smith and the shop will be in the same location.

Mr. King, who has been employed at the Roxy Theatre for some time, stated the shop will be opened on Friday morning of this week. Alton (Sappy) Boley, a former employee of the tailor shop, will have charge of the cleaning and pressing department, as well as alterations. Mr. Boley is an experienced tailor, and the new management feels fortunate in securing his services.

Mrs. A. E. Womble will do the alteration work on ladies' clothes, it was stated.

Joe Bailey solicits the patronage of all former customers of this shop, as well as everyone in the trade area, assuring them that all work will be fully guaranteed and that their business will be appreciated. He requested, however, that those wishing to take their clothes out on hangers should bring their hangers with the clothes, as it is now impossible to purchase additional hangers.

Material Needed In Making Quilts For Red Cross

Local Red Cross workers are soon to begin making quilts for the Red Cross, and they announce that quilt lining and cotton, or old blankets and old quilts suitable for inter-linings are wanted for this purpose. Anyone who will make contributions to this work are requested to see Mrs. W. R. Moore.

Anyone in the territory who will quilt or help in making a Red Cross quilt is requested to also get in touch with Mrs. Moore.

STATE SECRETARY HERE

Frank Overturf of Amarillo, state secretary of the Texas Farmers Union, visited with friends here the latter part of last week. Mr. Overturf came here to be present for the annual stockholders' meeting of the local Farmers Union, which was held on Saturday afternoon. Having visited here on a number of occasions, he is well known to many farmers of this area.

PAYS HIGH PRICE FOR CHICKEN DINNER

Sgt. Alston Morrow, who is stationed somewhere in England, wrote his relatives here a letter dated on January 18, in which he told of setting down to a good chicken dinner in England.

When he had finished the meal and started to pay his check it amounted to one pound in English money. "That's equal to \$4.00 in good old American money," Alston said, "and it seems to me I used to buy chickens cheaper than that back in Munday!"

To Our Subscribers

It is the desire of the new management of The Munday Times to send the paper to everyone in this territory who want it to keep coming to their homes. However, there are a few subscriptions that have expired.

Due to new government regulations, it will be necessary for us to cut down the number of papers printed when at all possible. This will necessitate cutting off all of our readers whose subscriptions have expired.

Our mailing list will possibly be revised within the next two weeks, and everyone whose subscription is not paid up will not receive The Times after that time. Renewal of your subscriptions will encourage the new publisher to continue giving you the best paper possible during the war emergency, and at all times.

Weinert Man Is Buried Here Last Tuesday

Marion W. Logsdon, aged Weinert resident and well known retired farmer, died suddenly at his Weinert home last Sunday morning at 1:20 o'clock. Mr. Logsdon suffered a cerebral hemorrhage, which caused his death.

Marion Winfield Logsdon was born in Kentucky on February 29, 1906, and died at the age of 36 years, 11 months and 29 days. He was engaged in farming in Knox county for some time before moving to Haskell county in 1923.

Mr. Logsdon was united in marriage to Miss Mattie Elliott of Palo Pinto county on November 9, 1909. Surviving him are his widow, and five daughters, who are: Joe Logsdon of Murphysboro, Ark.; Mrs. J. H. Alexander and Mrs. L. V. Reeves, Weinert; Mrs. V. A. Thompson, Richmond, Calif.; Mrs. U. D. Usury, Charleston, S. C., and Mrs. Royce Berry of Oklahoma City, Okla. He is also survived by a brother, Will Logsdon of Austin, and 12 grandchildren.

Mr. Logsdon had been a member of the Christian church since a young man.

Funeral services were held from the home in Weinert at three o'clock last Tuesday afternoon, conducted by Rev. Walter Copeland, pastor of the Weinert Baptist church. Interment was in the Johnson cemetery by the Holden Funeral home of Haskell.

Mrs. H. D. Hodiger and daughters, Paula and Mary Sue, Mrs. D. V. Hutcheson and daughters, Joan and June, of San Antonio, are visiting their parents, Mr. and Mrs. L. C. Floyd and family of Benjamin and other relatives.

Membership And War Fund Drive Now Under Way

With hundreds of thousands of our boys in the armed forces and more daily facing death on the ships of our merchant marine, we should feel it our special duty and responsibility to aid in the successful promotion of the 1943 Red Cross campaign for funds to carry on its humanitarian program, so vital in this global war.

Surgical dressings, life-saving blood plasma, food and medical supplies must be provided the victims of this war; wounded servicemen and seamen must be given aid and comfort; morale must be sustained among our fighting forces. Every contribution to the Red Cross will mean the gift of life and hope to a fellowman.

The Red Cross membership and war fund drive was started in Knox county, and all over the nation, last Monday. Early responses made to committees who are making the drive locally indicate that Knox county people realize the important part the Red Cross is taking in bringing relief and comfort to our armed forces and those of our allies, and that the county's quota this year will be easily reached.

The quota for the county has been announced at \$2,350, and 65 per cent of this amount will go to service of the armed forces. The national goal is set at \$125,000,000.

Owing to the shortage of gasoline, the local committee announced that its members will not be able to visit every home in the community. This, of course, applies to other workers in every community of Knox county. They request that citizens see that contributions reach one of the local committee members and not wait to be asked to join.

This is your campaign! Many of you have contributed a son, a husband, a loved one who is helping to win this war. Help to bring him relief by contributing to the Red Cross—the only organization that can furnish any portion of relief to those who have become prisoners of war.

See that your contribution reaches one of the local committee. Let's go "over the top" once more for Knox county.

Harvey Reid Is Machinist Mate

CHICAGO, Ill.—Now a petty officer in the aviation branch of the U. S. Navy, Harvey Alfonso Reid, 22, son of Mr. and Mrs. J. A. Reid, Route 1, Munday, Texas, was graduated from the Naval Training School at Navy Pier here today with the rating of aviation machinist's mate, third class. He awaits assignment with the fleet or at a Naval aviation base.

The Bluejacket was a member of a class of future aviation machinist's mates and aviation metallurgists. Machinist's mates are instructed in assembling, servicing and repairing airplanes and airplane engines. Metallurgists are taught to make temporary and permanent repairs to airplane metalwork, such as radiators, pipe connections, instruments and joints. Both are given lessons in the principles and theory of flying.

Men are selected to attend a service school upon the basis of a series of aptitude tests taken during recruit training.

Sgt. F. A. Fetsch Is Home For A Visit

Sgt. F. A. Fetsch, who is stationed at Braksdale Field, La., visited in the home of his parents, Mr. and Mrs. Ferd J. Fetsch, one day last week.

Sgt. Fetsch joined the U. S. Army Air Corps on December 22, 1941. He received his basic training at Sheppard Field and also took an airplane mechanic's course there. Next he took a course on the B-24 bomber at San Diego, Calif. Sometime in July he was transferred to Braksdale Field, La. where he is assistant crew chief on a B-24. He is doing his best to "keep em flying."

His Pigs Go to War
Young Johnny Clay of Rocky Mount, North Carolina, is typical of farm children raising victory pigs and devoting profits to War Bonds.

Farm Youth of U. S. Looks to Tomorrow

TOMORROW'S farmers and farm homemakers are second to no school group in their enthusiasm for investing in War Bonds and Stamps to make sure their future is secure. Through the Schools At War program they are investing what they save and earn in War Stamps and Bonds.

First evidence of this is the amount the 4-H Club boys and girls and the FFA boys invested in war savings in 1942 from "Victory Pig" and other projects. A million and a half 4-H Club members put \$6,000,000 of their own savings in War Bonds and Stamps and sold \$2,500,000 worth of War Savings to their neighbors. Nearly a quarter million members of Future Farmers of America invested more than \$1,500,000.

Spurred by the realization that the financial welfare of farm families the next 20 years depends on how wisely they use today's higher incomes from increased food and other wartime production, both groups have set their goals still higher for 1943.

These farm youths are building financial reserves, and urging their parents to do the same, for after-the-war necessities, to meet financial emergencies and to help them get started in college.

They're building reserves today for tomorrow's farm buildings and for the other things they will need when they're tomorrow's farmers and homemakers.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"

INEQUITIES AND SUBSTANDARDS

Mr. Byrnes' recent speech told us many things that we needed to hear. Inflation must be curbed, or it will come upon us swiftly and ruinously.

Why did he make the point of adhering to the "Little Steel" wage formula of no further increases "except in limited and special cases to correct patently gross inequities and to rectify plainly substandard wages"?

Even though the formula starts out from the highest standard of living ever achieved in our history—that of January 1, 1941—and then adds 15 per cent for the rise in living costs to May 1942, "inequities" are used to account for the awarding of a series of wage increases.

Just what are inequities? Certainly the War Labor Board has never been known to adjust an inequity by reducing the higher wage.

Just what are substandard wages? It is impossible to know unless we are told definitely, once and for all, in terms of dollars and cents, what the Board's conception of a minimum standard wage is. The wage-hour act provides, with some exceptions, for a minimum standard of 40 cents an hour. If this is really the case, there should be no worry about substandard wages—unless we are attempting to raise the standard for the country.

CUTTING WAT

The phrase, "social security for everyone," is the new political bait being prepared to lure the voter. It is a fine sounding catch phrase.

There is something even greater than full-stomach social security, however. There is individual freedom—the right to do things for oneself.

Political social security what makes one a virtual ward of the state in return for a full stomach and a place to sleep, destroys freedom.

Government can only "give" to the people what it first takes away from them. It can tax or confiscate savings and redistribute them under the guise of equalization of wealth.

But a nation will starve if a majority of the people do not have the individual ambition and incentive to work, and save, and produce new wealth continuously to take care of themselves and that small percentage of unfortunate individuals who will always be wards of the state, and who should be cared for much better than they now are.

Political planning of the lives of all the people in a nation can be carried too far, just as can parental planning of the lives of children—we face that danger in our country. The planners and spenders are beginning to outnumber the workers and the savers.

TRAGIC COMEDY

If the people of this country really wanted to control inflation, they could do so.

The country is faced with rising prices. Why? Read the headlines in the newspapers of a single day. A million and a quarter railway workers demand further wage increases. Hundreds of thousands of coal miners demand additional wage increases. One faction of shipyard workers announce they will withdraw their "no strike for the duration" agreement if a National Labor Relations Board decision favors another labor faction. And then, labor leaders call on the President to reduce the cost of living.

They all blame the farmer who is short of machinery, short of farm labor, unable to pay war wages, but charged for everything he buys on a war-wage scale.

Can the result be other than higher prices instead of lower? The situation would be comical if it were not tragic.

Unless we, as individuals and collective groups within the nation, show less greed and more love for our country, it is a total waste of time to talk about controlling inflation—no power on earth can stop it, until the explosion comes.

LOOKING AHEAD

In recognition of the increasing use of aircraft and growing demands for insurance coverage which may be anticipated, the Association of Casualty and Surety Executives, representing sixty leading stock casualty insurance companies, recently announced the formation of a permanent aviation advisory committee to handle insurance matters affecting aviation interests.

While the insurance companies have been writing aviation coverage for many years, public interest has been stimulated tremendously by wartime use of aircraft of all types and there is every indication that when peace returns the airplane will have a far larger part in civilian activities than before the war, according to the association.

PREVENT THAT FIRE

Fire insurance is ordinarily thought of as protection against financial loss on property destroyed by fire. But under the stress of war, the fire insurance industry is putting increasing emphasis on fire prevention. Its research facilities are furnishing an invaluable service, to that end.

Fire prevention experts are cooperating with vital war industries in reducing conflagration hazards. Countless lives and immeasurable productive capacity have been saved by their efforts. They continuously seek to impress upon managements and employees that fire is a powerful ally of the enemy; that normally replaceable property is today irreplaceable due to national shortages. A munitions factory, shipyard or other war plant destroyed by fire is a permanent impairment of the war effort.

A large measure of responsibility for the success of fire prevention rests with the local community. Civic leaders must insist that fire ordinances be modernized and enforced. Particularly is this true in communities that have overnight become industrial centers of war production. Here again the experience and knowledge of the fire insurance industry in the field of fire prevention, play an important part. Fire prevention experts know that an effective fire ordinance should be drawn. They know what safety standards are of first importance, and they can help to eliminate unnecessary restrictions that may actually hamper industrial operation.

Not a day's delay should be excused in taking steps to prevent fire in our war plants.

FAIR REQUEST

It is estimated that coal requirements of the nation during 1943 will total well over 600,000,000 tons. To achieve such production will be a "sizeable job."

We don't hear a great deal about coal other than as something to burn in the furnaces to keep us warm. But that is only one of many uses. It yields gas for cooking, chemicals for explosives, tars for a thousand uses. Its products are essential ingredients in anti-knock motor fuel, synthetic rubber, dry-cleaning compounds and paint removers. All of these uses are in addition to supplying heat and power for war industries, railroads and homes.

Coal is an essential war industry, yet it faces the maintenance and manpower handicaps of less important enterprises. The mines must be permitted to do the things that they have requested, if the 1943 production goals are reached: Retain essential skilled labor, replace essential supplies and machinery, and recover enough of their capital investment to expand production of old mines or, where necessary, open new workings.

These are not unreasonable requests. They are not based upon any attempt to profit from the war. They are prompted by a sincere effort to help win the war as soon as possible.

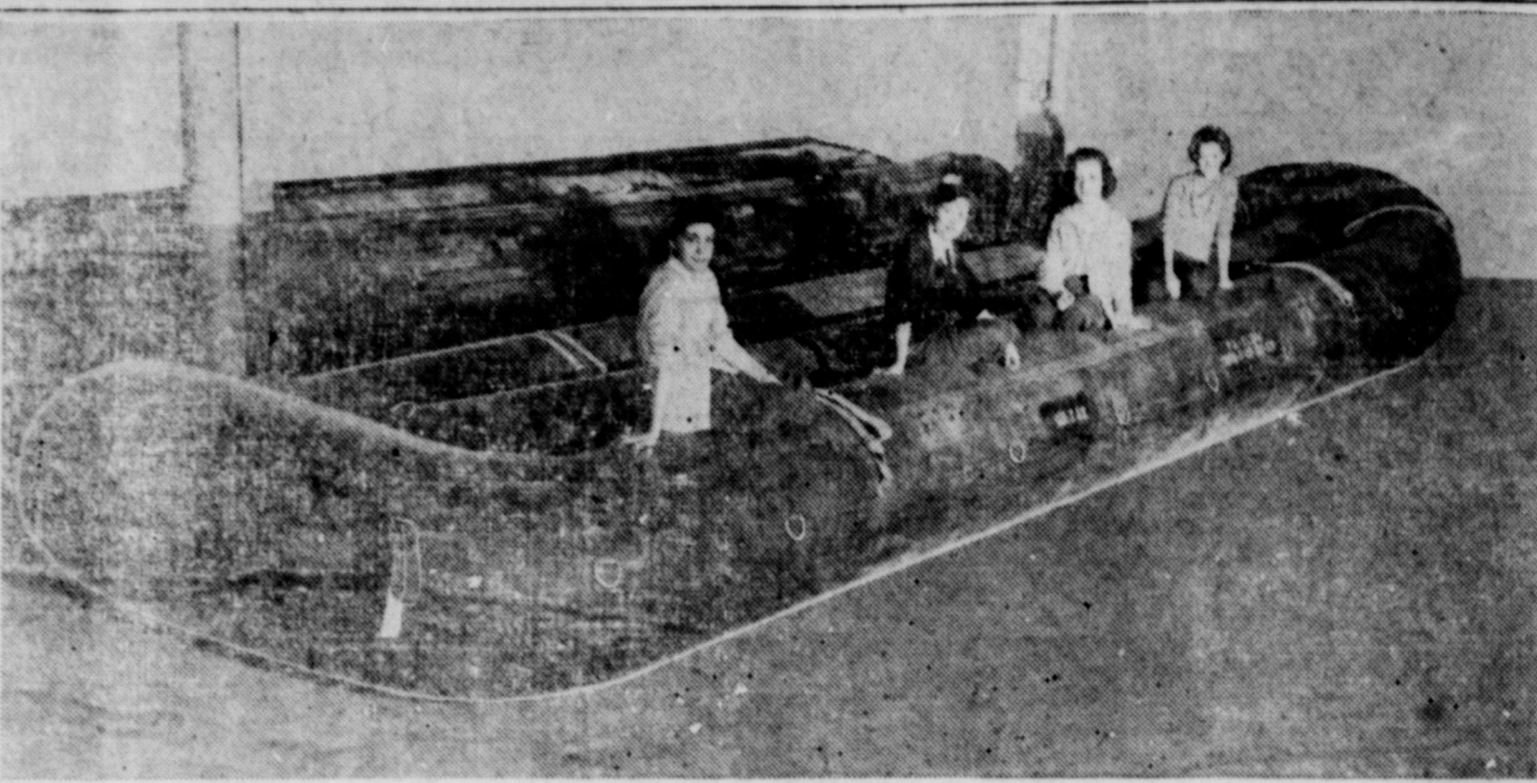

POSTWAR WONDERS

According to Arthur W. Hixson, professor of chemical engineering at Columbia University, the average postwar American family may own a small helicopter, which while taking up no more room than present-day cars, will be able to hover and rise or land vertically in the back yard or on the tops of tall buildings.

No less amazing is the prediction that houses and furniture may be so light that they can be moved to new sites by giant helicopters. You could take your home to the country with you in the summer and bring it back in the fall.

The future can hold a rosy picture for the common man. He knows that when improvements come he will benefit from them because industry's mass production genius will place new things within his economic reach.

U. S. Tanks Ride More Safely on These New Pontons

In all quarters of the globe U. S. Army engineers are throwing ponton bridges across streams to carry the troops and equipment of the fighting forces. This new ponton has been developed with turned up edges to give more stability to the ponton and to prevent capsizing. Heavy tanks can pass over the bridges made of these pontons without fear that unequal distribution of the load will cause the pontons to turn over. They are longer than the original pontons used and the turned up ends add a great deal to the carrying capacity and to the stability. They were engineered as the result of actual war time experience and are being built for the army by The General Tire & Rubber Company.

Gems Of Thought

FAILURE OR SUCCESS

I find the great thing in this world is not so much where we stand as in what direction we are moving.—Oliver Wendell Holmes.

How much easier our work would be if we put forth as much effort trying to improve the quality of it as most of us do trying to find excuses for not properly attending to it.—George W. Ballinger.

Failure indicates that energy has been poured into the wrong channel.—D. Brande.

When unconscious of a mistake, one thinks he is not mistaken; but this false consciousness does not change the fact, or its results; suffering and mistakes recur until one is awake to their cause and character.—Mary Baker Eddy.

Every failure is a step to success; every detection of what is false directs us toward what is true; every trial exhausts some tempting form of error.—William Whewell.

There is only one real failure in life that is possible, and that is, not to be true to the best one knows.—Farrar.

Aldro Jenks, acting director of the University of Texas Bureau of Municipal Research, has been called to Connecticut to set up a research tax division for that state. Jenks was given a leave of absence to head the Connecticut program.

Texas' 66 meat packing plants produced goods valued at \$85,461,048 in 1939, reports the University of Texas Bureau of Business Research.

When the flying jeep, American small liaison plane, can't be flown to location, it can be taken apart, loaded on a truck, and hauled with equipment to the scene.

Tests For Planting Of Victory Gardens Should Be Studied By All

Plant this part in late winter:

- English peas—1 pt.
- Cabbage—100 plants.
- Beets—2 oz.
- Carrots—1 oz.
- Lettuce (heading) 1/4 oz.
- Mustard—1 oz.
- Spinach—1 oz.
- Onions—600 plants (2 rows)
- Irish potatoes—5 rows (40 lbs. seed will yield 400 lbs. potatoes).

Plant this part when danger of frost is over:

- Green Beans—3 pints (3 rows)
- Lima Beans—2 pints (2 rows)
- Lettuce (leaf) 1/4 oz.
- Radish, 1/8 oz. 20 ft. Parsley, 1/8 oz. 10 ft.
- Mustard, 3 oz. 70 ft.
- Pepper—12 plants Eggplant—25 plants
- Okra—1 oz.
- Cucumbers—1 oz.
- Yellow Squash—1/2 oz. Fordhook—1/2 oz.
- Tomatoes—100 plants (3 rows)
- Sweet Corn—3/4 lb. (3 rows)

Plant in rows 3 feet apart
Plant rows 4 feet apart

In choosing the site for your 1943 Victory Garden apply these tests:

1. Does the land get plenty of sun? (At least one-half day.)
2. Is the soil fertile?
3. Is water accessible?
4. Is the drainage satisfactory?
5. Are the seed you plant adapted to this climate?

"If the garden slopes appreciably and is subject to washing of the soil the rows should not run up and down a hill.

"If the plot is nearly level the rows should run the long way of the area for the convenience in working.

"The first plantings of small and early vegetables should be along the south or east side, later crops being sown progressively across the area.

"This procedure avoids confusion and damage to the early sowings."

Flat culture is preferable to growing crops on raised beds or ridges as it is less work. Ridges must be used on poorly drained areas or where heavy normal rainfall results in frequent flooding and where the furrow method of irrigation is used.

Secretary of Agriculture Claude R. Wickard and other U. S. food experts, studying 1943 food shortages and typical needs recommend these plants for every garden.

Of greatest importance are the green leafy vegetables such as lettuce, cabbage, spinach, chard, collards, kale, and turnip greens. Plan so that one or another of these will be available from early spring until freezing weather. It is emphasized they should be in every garden and eaten frequently.

Tomatoes and beans can be grown almost anywhere in U. S. The tomatoes are easily canned and are excellent in summer sal-

ads.

Beets, carrots and onions can be stored for some time and if the space is available the planting of these vegetables should be sufficiently large to afford a supply long after harvest.

After the site has been selected and the vegetables chosen, the gardener should make a garden plan, drawn to scale.

One large industrial laboratory has just installed an electronic clock having no moving parts, no motors, wheels, mainspring, or hands. It has more than 170 electronic tubes, plugs into an electric outlet, and shows time in seconds, minutes, and hours by lights flashing on and off.

Women will probably make up about 30 per cent of the labor force this year in war industries.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Dehydrated Vegetables Increase

A sharp increase in dehydrated vegetable production in the U. S. may be expected by July 1, this year, according to the plants, with an estimated capacity of 200 million pounds annually, have been approved for addition to the domestic vegetable drying industry.

—R P H—

Wheat Quotas Suspended

Wheat marketing quotas have been suspended by Agriculture Secretary Wickard in a move to insure adequate food and feed supplies. This action lifts marketing quotas and releases at once for food or market any wheat which has been stored. Wheat farmers who meet 90 percent of their farm war crop goals in 1943 will be eligible for AAA wheat payments and wheat loans even though they exceed their wheat allotments. About 650,000 victory farm volunteers will be recruited from non-farm youth for farm work during the spring and summer months. Troop units from nearby military installations will be used for emergency labor to harvest the long staple cotton crop in the area near Phoenix, Arizona.

—R P H—

Rice, Bicycles

Rice is not rationed, the OPA has reassured consumers. Another announcement by OPA stated that prices for used bicycles will be substantially reduced in the near future.

—R P H—

More Rubber For Recapping

Owners of tires smaller than 7.50x20 now may have their casings recapped with reclaimed rubber "camelback" without applying to their rationing boards for certificates. This does not relax the need for continued observance of rubber conservation measures. The change was made to reduce the demand for replacement tires by encouraging recapping, which takes less than half as much reclaimed rubber as a new war tire.

—R P H—

Outerwear Garments Prices

Consumers will find women's and children's dresses, suits, coats,

skirts and blouses, for sale at approximately the same price levels of last spring and summer for substantially the same quality of apparel, OPA has announced.

This is assured through issuance of the OPA pricing rules that retailers and wholesalers of these outerwear garments will use. Ceiling prices for these garments must be plainly marked on the apparel or posted in that part of the retail store where the commodity is offered for sale.

—R P H—

V-Mail Safest

More than fifty thousand individual V-mail letters from American soldiers in England to relatives and friends in the U. S. were destroyed when a Canada-bound RAF plane crashed in Newfoundland. The original letters were reproduced at the Army Postal Service's V-mail station in England and dispatched by a later plane for the U. S. This incident shows the value of V-mail over ordinary letters.

—R P H—

Farmers Get Gas For Six Months

Farmers may obtain gasoline for their tractors, engines, and other non-highway equipment for a period of six months instead of three months under a change in rationing regulations announced by the OPA.

—R P H—

Size of Armed Forces

President Roosevelt said the goal of 7,500,000 men in the U. S. Army by the end of 1943 was decided on last August, has never been changed, and will not be changed. The goal for 1944, he said, will probably be decided this fall. This year's Army goal also calls for 700,000 officers, which would make a total of 8,200,000 men in the Army. Adding the goals set for the other armed services, the grand total of all our armed forces by the end of 1943 would be almost 11,000,000.

—R P H—

Outlaw "Combination Sales"

Sales of used wheel tractors, combines, corn pickers, corn binders, or power-operated hay balers in combination with other used farm equipment or commodities have been prohibited by the OPA. Numerous complaints have been received that the combination sales device is being employed to force farmers to pay exorbitant prices for such items. The scheme used is to sell an uncontrolled machine of little value jointly with a controlled item at a price which

greatly exceeds the ceiling for the machine which is under price control.

—R P H—

Soybean Seed Available

Processors of soybeans and the Commodity Credit Corporation are cooperating to make additional supplies of soybean seed available for planting the 1943 crop. Supplemental supplies will be available to farmers from government stocks at not more than \$2.50 per bushel. These stocks are stored in bins and country warehouses in areas where there was no frost damage last fall.

—R P H—

Changes in Tire Quotas

The quota of Grade 1 passenger car tires for March has been practically doubled. The increase will take care of accumulated applications, but will not be continued in succeeding months. The quota of truck tires for March was reduced as compared with February but the truck tire recapping quota was increased.

—R P H—

Small Business Gets Contracts

Taking of its first prime contract for 10 million dollars and the negotiations of 38 loans totaling \$2,568,770 were reported to Congress recently by the Smaller War Plants Corporation. In addition, the Smaller War Plants Division recommended to the procurement agencies 1,191 firms who received business in the amount of \$195,000,000 during the last 60 days.

—R P H—

Wheat and Corn Loans

The Commodity Credit Corporation through February 13 had completed 532,716 loans on 404,415,794 bushels of 1942 wheat amounting to \$457,235,968.57. The average amount advanced was \$1.13 per bushel. In that same period 39,088 loans were made on 46,176,893 bushels of 1942 corn in the amount of \$35,693,064.02. The average amount advanced was 77 cents per bushel.

Miss Mary Lois Beaty of Abilene visited her parents, Mr. and Mrs. G. H. Beaty, and other relatives and friends here over the week end.

LOCALS

Mr. and Mrs. Homer Lee of Wichita Falls visited with relatives and friends here the latter part of last week.

Mr. and Mrs. Grady Roberts and Mr. and Mrs. J. W. Roberts visited in the home of Mr. and Mrs. Sam Roberts of Haskell last Monday night.

M. F. Billingsley spent last Monday in Benjamin, where he attended district court which is in session there.

Bauman Made Lieut. In U. S. Air Forces

NEW HAVEN, Conn.—Aviation Cadet Willard E. Bauman, son of E. H. Bauman, formerly of Munday, received his second lieutenant's bars recently when he was graduated from the Technical School, Army Air Forces Technical Training Command at Yale University. He was a member of the third graduation group which the school, under the command of Col. Charles T. Arnett, has trained to help keep America's battle planes in fighting condition on the world battle fronts.

Cadets who received their well-earned commissions were graduates of the course in Aircraft Maintenance Engineering, one of the four courses at the school in which men are being trained for duties as technical officers. This course produces skilled officers capable of repairing, maintaining combat duty in war zones. So thorough is this course—the long-

est in the school's curriculum—that every graduate, at its completion, can successfully repair a plane with only hand tools or a few portable machine tools.

Willard graduated from Munday high school in 1936, and from Texas Tech at Lubbock in 1941, receiving his B. S. degree in mechanical engineering. He was a member of the Texas Tech band for four years, student member of the American Society of Mechanical Engineers and president of the student branch there in 1940-41.

Upon graduation from Tech, he became employed by the Gulf Oil Corporation of Tulsa, Okla., as a production engineer. He worked in Centralia, Ill., prior to securing

a leave of absence to enter the armed forces.

He was married to the former Nell Nix of Munday on September 1, 1941, and they have a son, Charles Edward, who is 10 months old.

Tax Assessor-Collector E. B. Sams of Benjamin was in town last Saturday, on official business.

Miss Flora Alice Haymes, who is attending McMurry College at Abilene visited with her parents, Mr. and Mrs. Lee Haymes, over the week end.

Ira Stalcup of Goree was a business visitor here last Monday morning.

Do Your Duty . . . Buy War Bonds!

Here's a patriotic duty everyone of us can participate in — buy U. S. War Bonds and Stamps. War costs run into millions — \$220,000 for a big bomber; \$70,000 for a fast fighter; \$20,000 for a light tank. And it takes millions of dollars more to keep on producing these tanks and ships and guns for Victory. But we can and we will, if you lend your support.

Remember! In ten years, Uncle Sam repays you \$25.00 for the \$18.75 you lend him today.

NOW, FIFTEEN TIMES ON THE OTHER FOOT MR. ALLEN

CHARLEY ALLEN is a business man . . . and a good one. But such gymnastics aren't exactly his line. Hopping, he finds, is hard work . . . and detracts from his business. However, it's an excellent test of his sense of balance although it doesn't make much sense.

Charley Allen is proving that he is qualified to do business with the bureaucrats.

Many West Texans in all walks of life are being introduced to a new variation of the old "hop, skip and jump" remembered from school days. It never became popular with top athletes who considered it "silly" . . . even "crazy".

Revival of this form of gymnastic in conducting the Nation's domestic affairs in time of emergency, and while fighting for survival, likewise is believed ridiculous by more and more thousands of people.

The hop-skip-jumpers, long bent on pet socialistic experimentation, are waging a fierce fight to "save face". But West Texans and all Americans are asking:

Why haven't brains and know-how come

to the top in domestic affairs as they have in military affairs?

Our country needs men and women with training and experience in production and distribution problems to fill the vital posts just as the war has proved it needs trained and experienced men to lead our armies on the field of battle.

Of course we're proud that our industry has met every test and that it is filling Uncle Sam's wartime requirements ahead of schedule in addition to your normal peacetime needs . . . all without rationing and without increase in cost.

It is the accomplishment of experienced, trained men and women under well-balanced business management—the system that made America great.

Local Couple Are Married Here On Last Saturday

Announcement has been made of the marriage of Robert Lee Humphreys and Miss Mary Loflin, both of Munday, who were united in marriage at the home of Mr. and Mrs. George Kirkland at one o'clock last Saturday afternoon. Rev. W. H. Albertson, pastor of the First Baptist church, performed the marriage ceremony.

Mrs. Humphreys has resided in Munday for some time and is well known here. For the past several weeks she has been employed in Abilene.

Mr. Humphreys, son of Mrs. R. F. Horan of Munday, has been employed in Houston for some time, and the couple will make their home in that city.

Methodist W. S. C. S. Meets Monday With Miss Shelly Lee

The senior and Shelly Lee Circles of Methodist W. S. C. S. met last Monday in the home of Miss Shelly Lee for a business and social hour. Mrs. Lowe was co-hostess.

The program, which was under the direction of Mrs. Jerry Kane, was thoroughly enjoyed by all present.

At the close of the social hour the hostesses served cake and tea to 26 members and guests.

Coming Marriage Of Hazel Ratliff Of Goree Announced

Mr. and Mrs. C. W. Ratliff of Goree are announcing the engagement and approaching marriage of their daughter, Hazel, to Lieut. Robert O. Shelton, Jr., son of Mr. and Mrs. R. O. Shelton of Greenville. The marriage will take place on March 21, 1943, in the home of the bride-elect's parents.

Miss Ratliff is now employed in the office of the camp supply and service officer at Camp Barkley, Abilene.

Lieut. Shelton is with the 358th Engineer Regiment at Camp Claiborne, Louisiana.

Billy Huskinson spent last week in Wichita Falls, visiting his father, W. M. Huskinson. Mrs. Huskinson and Mrs. Paul Pendleton visited in Wichita Falls Sunday and Billy returned home with them.

Pre-Nuptial Courtesy Held February 20 For Billye Jo Ratliff

As a pre-nuptial courtesy to Miss Billye Jo Ratliff, bride elect of Lieut. James Alvin Cunningham Jr. of Abilene, Mmes. Ira Stalcup, Forest Daniell, Chas. Goode, and Ernest Robinson entertained with a gift tea at the home of Mrs. Stalcup on Saturday afternoon, February 20.

Chloe Dell Stalcup greeted guests at the door and presented them to the receiving line, composed of Mrs. Stalcup, Miss Ratliff, Mrs. Felix Bailey, sister of the groom-elect; Mrs. W. C. Ratliff, Hazel Ratliff and Miss Johnny Blake of Abilene, roommate of the Misses Ratliff.

Virginia Goode presided at the bride's book, and Ethelda Robinson obtained recipes from each guest. These were presented with a recipe file to the honoree.

Tea dainties consisting of canapés, olives, salted nuts, pastel mints, the bride's cake and coffee, were served from a lace covered table, centered with a miniature bridal scene on a reflector surrounded by pastel sweet peas and snapdragon. A lace trimmed white satin pillow lettered in silver announced the wedding date.

Mrs. Daniell presided at the silver tea service, being assisted by Mrs. Goode, Mrs. Robinson and Roberta Ratliff. Other members of the house party were Bonnie June Roberts and Jerry Ratliff, who presided in the rooms where many lovely gifts were on display.

Music was furnished throughout the afternoon by Mrs. John Fritz of Seymour and Mildred Coffman. About 60 guests called during the afternoon.

Three major steps in a program to win the peace have been outlined by University of Texas President Homer P. Rainey: (1) restore legitimate governments—those receiving their powers from the people; (2) put democracy's house in order so that it will meet the needs of all peoples and nations; (3) organize some form of world control for the maintenance of permanent peace.

Mr. and Mrs. Marvin Warren and son of Plainview visited with Marvin's parents, Mr. and Mrs. S. J. Warren, and with other relatives here over the week end.

Arnold Lansford, who has been very ill in the Knox county hospital, was reported greatly improved last Tuesday.

Maid Of Cotton Picks Cotton

Bonnie Beth Byler, 1943's charming Maid of Cotton, proves she knows the cotton industry from the ground up in this photograph snapped on her farm near Lepanto, Arkansas. Back from two week's training in New York and a visit to the nation's capital at Washington, where she participated in inaugural ceremonies for the president of the National Press Club, Miss Byler begins her official tour as Maid of Cotton late in February. She now is visiting at her home at Lepanto, in between appearances at nearby Mid-South army and navy posts.

Dorothy M. Moore Of Goree Has Party On February 19th

On February 19 at 7:30 p. m., a party was given in the home of Dorothy Mae Moore of Goree. Guests met in the home and played games until 10:30, then went on a scavenger hunt. Later in the evening refreshments were served.

Twenty-eight guests were present, including one sailor, Jessie Wilson, who had just returned from Great Lakes for a few days' visit. Others included the following:

Johnny Wade Little, Joy Wilson, Dorothy Mae Moore, Sonny Struck, C. J. Howeth, Dean Wilson, Lowry Wilson, Barbara Jean Barger, Buel Bowman, Naomi Jean Miller, Alice Marie Thornton, Kenneth Moore, Irene Vaughn, Murry Holder, Radene Hutchens, Floyd Yates, Madlyn Goode Howell Mr. and Mrs. Calvin Bates, J. V. Thornton, Jr., Margie Blankenship, Taylor Cooksey, Jimmy Hensley, Joe Bob Moore, Tommie Jack Moore, Billie Joe Cunningham, John Moore and Mrs. Jack Moore.

A graduate course in serology will be offered by the University of Texas bacteriology department in cooperation with the State Health Laboratory next summer. Dr. V. T. Schurardt, professor of botany and bacteriology, has announced. The course is aimed at meeting the shortage of trained laboratory technicians in the armed forces and public health work.

IT PAYS TO ADVERTISE

Apple A Day

An apple a day will keep doctor away, and the brilliant polished reds and clear greens in this apple red cotton print dress will keep its wearer feeling fresh and fit. The dress has a fitted bodice which is accented by a full skirt and a dainty white blouse edged in red embroidery. Like all cottons, it's fresh and tubbable.

CHURCH OF CHRIST (Announcements)

Carl A. Collins, Minister

Sunday Morning Services

Bible School—10:00.
Worship Hour Song Service—11:00.

Sermon—11:15.
Communion—11:45.
Benediction—12:00.

Sunday Evening Services

Young people's Service — 7:30
Worship Hour Song Service—8:30.

Sermon—8:45.
Benediction—9:30.

Week-Day Services

Ladies' Bible Class, Monday Afternoon, 3:00.
Prayer meeting and Bible Study, Wednesday night,—8:30.

The minister will have for the theme of his sermon next Sunday morning, "Who Should Pray and What For?" The text of his Sunday night sermon will be: "We Know That We Are God, and the Whole World Lieth in Wickedness." I. Jno. 5:19. In these terrible days when Godless nations are killing thousands of our best young men, it seems as though all of us should want to get all the Godlessness out of our own lives and strive with all that is in us to make our lives what God would have them to be. One thing is: God would have us to worship Him. See Heb. 10:25. We urge you to come and worship Him with us next Sunday morning. You are always welcome. Come and bring a friend.

FIRST BAPTIST CHURCH

Hear Dr. R. G. Lee of Memphis, Tennessee over WFAA Sunday morning at 7:30 on the subject, "Gaining God as an Ally." He is one of the keenest men I have ever heard speak.

Let's make a special effort to be in our places for all the services Sunday.

W. H. Albertson.

AT THE METHODIST CHURCH

Luther Krik

We are in the midst of our Week of Dedication services. Methodism throughout the length and breadth of the continent is participating in this great spiritual movement. The church realizes that one must realize his need for a deeper experience with God before seeking such. It realizes further that one must not only realize his need, but with this realization he must also be willing to pay the price to obtain it.

Easy isn't it, to make our wants, known physically and materially? But is it not so easy to make our wants known spiritually. In fact it seems that only a few have any spiritual desires. "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." These conditions are hard for a worldly minded generation to meet. Today the masses seemingly are saying we will not meet them. To date we are still giving our life's blood on the battlefield as in generations past. Will the day never come that we recognize the law, divine laws of God?

Christians the Church of the Living God calls for a greater service, will we respond? You are always welcome at the Methodist Church.

PRESBYTERIAN CHURCH

Preaching services are held each Sunday morning at 9:30 o'clock, and Sunday School immediately follows these services. You are cordially invited to attend any or all of the services at this church.

L. A. Jobe of Quanah, a former Munday resident, was here the first of this week, visiting with friends and attending to business matters.

Mrs. Joel Massey and children and Mrs. Don Phillips and children were business visitors in Wichita Falls last Friday.

Colored Lunch Room To Continue To Serve Meals

The recent closing of the W. P. A. projects forced the colored school lunch room without a worker, but with the aid of Mrs. Luther Kirk and other members of the Methodist Missionary Society, the lunch room will be able to have someone prepare and serve the meals three days each week, instead of two days.

The colored P. T. A. will pay for two days, and the missionary society pays for one day. During other days the meals will be prepared and served by the teacher and larger girls.

"We wish to take this method of thanking Mrs. Kirk and the missionary society for their help," those in charge of the lunch room said, "and words fail us in expressing our sincere appreciation to them."

J. Arthur Smith, who is farming near Lorenzo, spent the first of this week here, visiting with friends and attending to business matters.

WE WILL—Pay you cash for your tractor, mold board plow, one-way plow. Let us know what you have that you don't need. Broach Implement Co.

NOTICE

To my patrons of the Wichita morning, evening and Sunday papers. I wish to advise you, that there has been a slight increase in the rates due to advanced prices on paper, transportation, taxes, etc. The following rates becoming effective March 1. These rates were made by the Wichita Publishing Co.:

	Wk. Mo.
Evening Times with Sunday Times	\$.23 .85
Morning Record and Sunday Times	.23 .85
Combination, (A. M., P. M.) and Sunday	.40 1.50
Morning or Evening only	.18 .65

I would refer you to prices quoted in your paper.
Kenneth Spelee, Agent.

Notice..

This is to announce that Joe Bailey King is taking over the tailoring business formerly operated by J. Arthur Smith, and the tailor shop will be open for business on

FRIDAY, MARCH 5TH

Alton "Sappy" Boley will have charge of the cleaning and pressing department as well as alterations. Mr. Boley is an experienced tailor, and his work will please you.

All work done at our shop will be fully guaranteed. We will do all types of cleaning and pressing, including high class work on ladies' clothes. We assure you that a portion of your business will be appreciated. Mrs. A. E. Womble will do alteration work on ladies' clothes.

We are unable to buy additional clothes hangers, and we ask that you bring your clothes on hangers or expect to take them out without hangers.

King's Tailor Shop

Joe Bailey King, Owner

Leonora

Leonora straightened the objects on her desk with great care. She had put her desk at the end of her room facing the door so that when her mother came in she would have to cross the whole room under Leonora's stern executive eye to get to her. From movies and pictures in the newspapers Leonora had gotten a good idea of how the desk of a busy woman of affairs should look.

With an important scroll, Leonora picked up a sheet of paper. Now she was two people—herself, the busy woman, and her own stenographer. "Miss Simpkins, take a letter to the Secretary of the Treasury, will you?" she murmured under her breath. "Yes, immediately," she murmured back at herself. Leonora cleared her throat and looked at the ceiling for inspiration. Miss Simpkins bent over the sheet of paper hanging on the words about to fall.

"Dear Mr. Morgenthau,"—"Got that?"—"Yes, madam."

"I am—ahem—thirteen years old and anxious to be of all possible service to the country at this time, ahem!"

"I earn a weekly income of from \$1.37 to \$2.12 by helping with the housework and by shovelling snow. I am at present in possession of one War Savings Bond and am buying stamps weekly. I want to become a member of the 10 percent Club. I feel it to be—ahem—not only my duty, but my privilege." ("How do you spell privilege?" asked Miss Simpkins. "Don't bother me with these details," said Leonora—my privilege as an American to invest at least ten percent of my income in War Bonds.)

"Yours truly," "Get that off at once, Miss Simpkins," said Leonora. "Yes, Ma'am! You certainly are an important woman, ma'am," said Miss Simpkins.

(Letter from an actual communication in the files of the Treasury Department.) U. S. Treasury Department

SENIOR NEWS

The Seniors have chosen their play and have ordered the books. The name of it is "I'm in the Army Now." It is not a war play but a comedy of modern family life and one that will cause you to howl with laughter throughout its innumerable comedy situations. The cast has been selected and everyone agrees that the play is

going to be a success. Six weeks exams are over and everyone is breathing much better now. Nearly all the Seniors agree that English was the hardest exam. I wonder if it was because of not studying or was it a surprise attack?

Senior on Review

G. C. Conwell, Jr. was born to Mr. and Mrs. G. C. Conwell on Feb. 18, 1926 at Silverton, Texas. At the age of six months he arrived at Munday where he has made his home ever since.

At the age of six years he started to school at Grasshopper. But when he was in the fifth grade he became ambitious and started to school at Weinert. The next year he started to school at Munday and has been going to school here ever since.

G. C. was in the band during his last year in grammar school and his first one in high school. He was on the football team this year and from the reports, he filled his position well.

G. C. was in the Junior play last year and many of you will remember him as Father Livingston in "Lena Rivers."

"Convict" and "Junior" are two of G. C.'s nick names. He is the type of person that people like and he can always be seen having fun with his fellow classmates.

Since the war G. C.'s ambition has been to get into the air corps. So happy landings, G. C.!!

JUNIOR NEWS

The Juniors went through quite a harassing time last week while taking six-week exams. Last minute work, backwork, or just study for tests gave everyone plenty to do. When Friday came the class was ready for a rest.

With the new six-weeks here everybody is glad to get a clean start and quite a few need it. With a war going on there is always uncertainty about education

Goree News Items

Goree News

Mrs. Joe Lee Stratton of Charlotte, N. C. is here on a visit with her parents, Mr. and Mrs. A. J. Stratton.

Taylor Couch, who is stationed at San Diego, Calif., and serving in the navy, left Monday evening for his post of duty after spending a 10-day furlough with his wife and other relatives here. Taylor says he is well pleased with his place in the navy.

A. E. Ford left last Monday for Los Angeles Calif., where he expects to be employed in defense work.

The Harlan* had word from their nephew, Homer Wild, who is stationed in California, that he spent several days furlough in the home of Bing Crosby at Hollywood, and seeing the sights of that city.

Rev. E. N. McCoy of Seymour was a visitor in Goree the past week. He had charge of the funeral service for Mr. Kelley, who died last week. Mr. Kelley, who lived south of Goree, was buried in Brushy cemetery.

Lee West of Paducah was a visitor with J. J. Roberts and Mr. and Mrs. Jack Moore the past week.

Mrs. J. T. Lawson has returned from a visit with her son and family, Mr. and Mrs. Bryan Lawson of Rule.

Mr. and Mrs. Jack Moore and children and Edward Stalcup were business visitors in Seymour last Friday.

Mr. and Mrs. Billy Hutchens are moving to Rochester, where they will be engaged in farming.

Mrs. W. S. Farmer has returned from Graham, where she attended her mother's 92nd birthday celebration. Mrs. Farmer's mother is very active and is interested in all of the current events of the day.

J. J. Roberts has returned from a trip to Memphis, where he visited his son and family, Mr. and Mrs. E. E. Roberts. Mr. Roberts went at this time to be present while his grandson, Evan Jr., was at home before being inducted into the service. Evan Jr., will be with the weather forecast department.

Mrs. Myra Bingham of Wichita Falls is visiting her sons and parents here this week.

Mr. J. C. Morton has returned from Excelsior Springs, Mo., hospital where he underwent surgery. Mr. Morton is improving and hopes to be back on the job before long.

Mrs. Willard Walton had the misfortune of fracturing her ankle in a fall recently. Mrs. Walton is improving some. Willard came home for a furlough about the time of the injury and spent ten days here before going back to Norfolk, Va., where he is stationed, last Monday.

Mr. and Mrs. J. A. Brogden of Morton are here for a visit with their son and family, Mr. and Mrs. Paul Brogden, also with their son, William, who is stationed at Sheppard Field.

Laverne Bilderback was a visitor in Mankins last week with her grandmother and other relatives.

They received their report cards Wednesday.

They are enjoying the story Mrs. Bogard is reading them, "Tom Sawyer." The Seventh Grade is glad to have a new pupil, Bobby McGraw.

SOLD OUT!

I have sold my J. I. Case Tractor and Parts business to the Broach Implement Co., and the Isbell Motor Co. will not continue to operate.

I want to thank the many customers of Isbell Motor Co. for their patronage and past favors, and I assure you that your business has been greatly appreciated while serving you in this capacity.

The building will continue to be occupied, with Joel Massey continuing his repair shop in the rear of the building.

I expect to devote my entire time to the Real Estate business, and I invite you to see me when you want to buy or sell real estate.

Sincerely,
George Isbell

Ross Bates and son, John, made a business trip to Dallas last week.

John Eldridge Pain left Monday for Jackson, Miss., where he is stationed, after a few days visit here with his wife and parents.

Mrs. Frank Hill visited her daughter and family, Mr. and Mrs. Jack Coy recently. Mrs. Coy returned with Mrs. Hill and spent the week end here.

Misses Leola and Christine Jones, daughters of Mr. and Mrs. D. G. Jones, were visitors here the past week. Miss Leola is at Sterling City, and Miss Christine is with the hospital at Lubbock.

Mrs. Esther Killingsworth returned to her home at Quanah last Friday after a visit here with her sister and family, Mr. and Mrs. J. W. Fowler.

Mrs. D. Barton of San Angelo is visiting her sister and family, Mr. and Mrs. Carl Barger, this week.

Mrs. C. D. Green has been on the sick list, but is improved some at this time.

Mr. and Mrs. Virgil Cowser of Abilene were visitors with relatives here over the week end.

Sgt. Paul J. Fetsch Home On Furlough

Sgt. Paul J. Fetsch, who is stationed at Mitchell Field, N. Y., spent part of his 22-day furlough in the home of his parents, Mr. and Mrs. Ferd J. Fetsch.

Sgt. Fetsch received his basic training at Fort Sill, Okla., then took an airplane mechanic's course at Chanute Field, Ill., later a special course on the P-40E and P-40F pursuit ships at Curtis Wright plant in Buffalo, N. Y.

He then went to work "on the line," where he has been "keeping em flying" since last May 17. He has been a crew chief on a P-47, known as "Thunderbolt," for several months.

Sgt. Fetsch joined the Army Air Forces on January 19, 1942, and has been at the following camps: Fort Sill, Okla.; Sheppard Field, Texas; Chanute Field, Ill.; Ellis Club, Buffalo, N. Y.; Farmingdale, Long Island, N. Y.; Municipal Airport, Bridgeport, Conn. and Mitchell Field, Long Island, N. Y.

Motion pictures of all University of Texas football games, including the ones with Northwestern and T. C. U.—Texas lost both of these—are now in circulation in service camps throughout the nation. Coach D. X. Bible has announced.

The manufacture of butter, cheese, and concentrated milk products in Texas has increased from production valued at \$81,000 in 1900 to \$16,373,959 in 1940, the University of Texas Bureau of Business Research reports.

Mrs. J. J. Keel spent several days last week in Winters, Texas, visiting with her sister, Mrs. Crockett, and with other relatives.

Mr. and Mrs. A. C. Boggs and children visited with relatives in Haskell last Sunday.

Arlos Weaver, who is farming near Haskell, was a business visitor here last Monday.

Mr. and Mrs. Conrad Fisher of Vernon visited with Mr. and Mrs. W. V. Tiner a while Saturday. They were enroute to San Antonio and Uvalde for a visit.

Miss Laverne Guess of Weinert spent the week end here with her sister, Mrs. Chan Hughes.

Cpl. Earl E. Kifer and Cpl. Francis Barnett, who are stationed at Sheppard Field were week end guests of Allene Jungman and Beth Haynie in the home of Mr. and Mrs. L. A. Jungman and Mrs. Chas. Haynie.

Cpl. and Mrs. Leonard Earnest of Lubbock were week end visitors in the home of Mrs. Earnest's parents, Mr. and Mrs. L. A. Jungman.

MANY THANKS

We appreciate the splendid cooperation of our customers when we did not have sufficient help to wait on you immediately. We now have the help needed and we invite your good patronage.

SOME OF OUR MANY SERVICES:

MOBILIZATION—The right grease at the right place at the right time! We now have Ethyl Gas (Mobilgas Special)

We have steering parts for all popular cars...Frams for all Tractors, Trucks and Cars...Gates Fan Belts for tractors, trucks and cars. We have a few generators for Fords, Chevrolets and Plymouths. Starter and Ignition Parts for popular models.

An EXIDE Battery For Your Purpose!

A. C. and Champion Spark Plugs...A. P. Mufflers and Tail 65Pipes (Guaranteed to fit—No Rattles)
 Brake Shoes and Bands for Ford, Chevrolet, Plymouth and Dodge.

GATES FLOOR MATS — CRAWFORD SEAT COVERS

Things to Know About Your Battery:

1. Over half the time it takes two-thirds of battery's present power to turn starter.
2. This leaves insufficient fire for ignition.
3. Battery should be checked for power as often as it is checked for water.
4. Bad cables and connections ruin as many batteries as do use and age.
5. Buy a battery according to specification for your car, and not for the price alone.
6. Be sure that specifications are stamped on battery box.
7. Keep close check on starter and generator, as both can ruin a good battery in a short time.

Magnolia SERVICE STATION

DON L. RATLIFF, Operator

EILAND'S OWN COLUMN

Our store is headquarters for V-Mail stationery. We also have V-Mail black ink.

We are placing our Easter Cards on sale this week. You should buy early to get choicest selections.

Filling your doctor's prescriptions is the most important part of our business. Two registered pharmacists on duty.

Although fountain pen manufacture has been sharply curtailed we have a good selection at present.

Our Pledge To You Regarding Rationed Goods:

The very largest selection of goods the market affords, and always the highest quality.

Send your Soldier a package this week! We have received some new gifts for men in the service.

EILAND'S DRUG STORE

THE TIMES Want Ads

for next year. The Juniors are beginning to realize this so that is one reason why everyone wanted a fresh start. It may be late for New Year's resolutions but quite a few were made concerning lessons.

Last Monday, in honor of George Washington, the class planted two trees. Most of the other classes named their trees immediately but the Juniors haven't decided on names for their trees yet.

The Junior Class rather fell down on stamp and bond buying last week. This week they promise to dig deep in their pockets and beat the other classes of high school.

The American History class had a surprise. While reviewing Mrs. Dowell stressed studying the recent current events. On the exam she asked some questions on world happenings and many in the class found out they did not know as much as they thought they did.

Freshman News

Most of the Freshmen class passed their test with flying colors. Anyway its another six weeks until more of the same.

Marching and calisthenics are coming along just fine. The girls still prefer the easier drilling and marching. The freshmen are preparing something new and entirely different for their chapel program coming soon. The program is a secret but it has to do with the many talents of the individual students.

Homemaking III Report

The Homemaking III Class is going to sew on harder projects this six weeks. Some are going to make "best" dresses, play suits, or house coats. Most of the class likes to sew and to hem this six weeks is going to be an enjoyable one.

Last week the class had their exam and found it quite easy—if they studied. It was on how and when to prune plants, and the kinds of shrubs and flowers, and landscaping in general.

For the past few weeks the girls have been setting out shrubs and planting flowers after landscaping the cottage. The shrubs were set out on the north and west sides of the cottage to make it more attractive. Flowers were planted in the front and in the window box. The Ag boys cleaned the pond for the girls. Around it the class set out flowers and are now looking for water plants, to put in the pond. One of the class members will supply the fish. Because of all this the girls and Miss King have reason to be proud of themselves.

That isn't all they have done, though. On the cold days the class was busy refinishing the machines. To do this the machines are sandpapered three times. First with coarse, then medium, and last of all with the fine paper. The paint is applied and after it dries, more sandpapering with the fine sandpaper. After all of this the machines received their second coat of paint.

Sports Report

Feb. 27 the Munday High Juniors and the Grade School Juniors gave a tournament which consisted of the following teams: O'Brien, Sunset, Weinert and Goree.

In the High School Juniors the first teams to play were Munday and O'Brien. Munday beat O'Brien 12 to 7. The high point men in this game were Glen Lowrance of Munday and Johnston of O'Brien. Next, the Sunset Eagles played

Goree Wildcats which ended in Sunsets favor 23-11. High point men in this game was Hill of Sunset and Allen of Goree. Next, was Munday and Weinert, which added another victory for Munday, which was 15-10. The high point men in this game was Lowrance of Munday and Earp of Weinert. The teams to play in the consolation were O'Brien and Goree, which ended in Goree's favor 16-11. The last and final game for championship was Munday and Sunset. Although this game was a breath taker it ended to the Munday boys sorrow of one point, 12-11. The cause of it, the boys reported, was because they didn't have their center, or rather main center. The high point man of all of these games was Glen Dean Lowrance of Munday. Although all the boys were good sports one was a favorite and that was Johnston of O'Brien.

The Grade School Juniors won championship in the finals over Sunset. The Grade School team is considered one of the best in the country for small boys.

Both grade school and High School are looking forward to a successful year in basketball season next year.

SIXTH GRADE NEWS

The sixth grade had all their exams last week. Some made grades to be proud of and some didn't. In Art we are drawing different kinds of houses. We want them to look fancy. In Spelling if we make 100 every day for a week we do not have to take the test on Friday. In History we are studying about Clay Webster and Calhoun in trying to prevent war between the north and south.

Joyce Hudson, one of our ex-sixth graders visited us last Thursday. On Tuesday we had twenty-five pupils out of forty-five present because it was so cold.

SEVENTH GRADE NEWS

The Seventh Grade enjoyed the

holiday they had Friday. They received their report cards Wednesday.

They are enjoying the story Mrs. Bogard is reading them, "Tom Sawyer." The Seventh Grade is glad to have a new pupil, Bobby McGraw.

I GIVE YOU TEXAS

by BOYCE HOUSE

A roving correspondent meets lots of interesting people all over the State.

Remember Col. Billie Mayfield and "Mayfield's Weekly"? That was published some 25 years ago when Mayfield made the race for Lieutenant Governor, getting into the runoff. Now, he's editor of the Coleman County Chronicle. Met him not long ago and reminded him that there was one county in which he received just one vote and that he offered to buy that lone supporter a fine suit of clothes if he would make his identity known.

"Yes," Colonel Billie laughed, "and 37 men wrote me, each claiming that he was the one who voted for me?"

Many war plant workers have temporarily moved into the cities from Texas towns and the country. Some of them have fallen into the clutches of loan-sharks who levy 250 per cent interest and more and whose unscrupulous methods of collecting upset the morale of these war workers. There is a rising sentiment over the State that the Legislature protect them by enacting an injunction bill to put the loan sharks out of business.

The old-time hobo printer was one of the most romantic figures in newspaper annals. Harry Schwenker's "Sauce" column in the Brady Standard states:

The hobo printer was identified with the era in the printing and publishing industry when type was set by hand. Introduction of almost universal use of the typesetting machine spelled the doom of the itinerant printer; he knew it, and how he did hate the typesetting machine. So much so, in fact, that he would rather starve than give up his type-setting by hand for the far faster method of setting type by machine.

The old-time hobo printer migrated just about like the birds—south in the fall of the year; north in the spring. All along his route of travel, back and forth, he had certain stopping places, where the town printer or publisher could be counted on to give him work a day or two, or else a financial lift to enable him to get a bite to eat until he could make it to the next stop. Transportation was the least of his worries; riding the rods, or traveling by box-car (side-door pullman) was as good as the hobo printer wanted.

The marvelous defense of their "good earth" that the Chinese al-

most barehanded have waged for five years against Japanese armed with tanks, planes, machine guns and artillery is one of the great, heroic achievements of history.

Everyone regarded the Chinese lightly as fighters before the Japanese invasion. Once I was interviewing Will Rogers and a famous airplane manufacturer. The cowboy humorist-philosopher said to the plane-maker, "Tell Boyce about that big order you got recently." The manufacturer objected, "That was a military order; maybe I'd better not say anything about it." But Rogers with that wonderful grin, replied: "Oh, you sold 'em to the Chinese—you wouldn't call that military."

Pending in the Texas Senate are two bills already passed by the House—one unanimously, the other almost unanimously. Rep. Ben Sharpe's bill would make available at once a balance of \$1,154,000 which was appropriated for old age assistance for the fiscal year of 1941-42 but was not spent then. The Sharpe bill will prevent a cut in the pension checks for the next few months. And if the Senate will adopt Rep. Ennis Favors' bill providing for lifting the present "ceiling," the danger of future cuts in the pension checks will end.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

The Heffner school closed last Thursday and Friday for registration for ration book No. 2, when the teachers, Mr. and Mrs. A. W. Akins and Miss Daniel helped on the work at that time.

Quite a number attended church and Sunday school here last Sunday.

Betty Jo Barnett spent the week end at her grandparents, Mr. and Mrs. Andy Barnett of Benjamin.

Willard Walton, who is in the army, is visiting his wife and parents here, Mr. and Mrs. George Oliver of Gorce. They were also guests in the E. J. Jones home last week.

L. L. Hendrix has returned from a business trip to Lubbock, where he was looking after business matters pertaining to his farm there.

Mrs. D. B. Jones has been on the sick list for several days, but is improving.

Mrs. Lee Boggs and daughter, Miss Beatrice Boggs, visited with W. A. Barnett and daughters at Benjamin last Thursday. Miss Omitene and Wyndell have positions at Benjamin.

Mrs. John Martin visited her daughter and Jerry Williams at Brushy last week.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Lloyd King of Gorce are the proud parents of a son, who arrived February 25 at the clinic hospital in Wichita Falls. Mother and baby are reported as doing fine.

Charles Edward Washburn returned Saturday for his base in Buena Vista, Calif., after spending two days here with his parents, Mr. and Mrs. C. E. Washburn and family. Charles Edward is serving in the Navy.

Guests in the home of Paul Brogden and family last week were his parents, Mr. and Mrs. J. A. Brogden of Pep; a sister, Mrs. W. E. Harrison and children; a cousin, Miss Bobbie Montgomery, and his brother, Pvt. Wm. A. Brogden of Sheppard Field.

TRIM SHIP FOR ACTION!

We are engaged in a war to save our American tradition of liberty and opportunity for ourselves and our children. Our leaders have committed us to become the arsenal of democracy; to furnish food for our allies; through our lend-lease to help finance the Allied war machine and, finally, to raise and equip an army of some 10 million men.

Any one of these jobs is a tremendous undertaking. We are thousands of miles from the theater of war, and this involves tremendous problems of transportation. All of these jobs together will tax every resource of the United States. Already we face rationing and priorities in our materials and acute shortage of manpower, and a burden of taxes which indicates our financial resources are strained to the utmost.

Of a certainty, we must have complete unity if we are to do this job, and face the postwar future with hope and confidence.

American industry, agriculture and finance must use to the maximum the productive power, initiative and intelligence latent in every American.

No Time or Place for Drones

There must be no drones hidden away on public payrolls, engaged in peacetime experiments which are useless under the emergency of war. Every branch of our military service is devoted to the sole purpose of fighting and winning this war. Our government, both local, state and national, should inspire and lead in the support our civilian population gives to the war effort. Unnecessary civic expenditures, surplus payrollers, useless economic and social experiments have no place in a war emergency.

The new Congress is tackling this job with a will and a purpose. Those Congressmen are our representatives and we, the people, should support them to the limit. Right now they are trying to bring some order and efficiency in the prevention of excessive profits in war contracts by the Army, Navy and Maritime commission. The present law, passed by the old Congress, provides for a "renegotiation" of their war contracts by each department.

New Bureaus Not Needed

There are over three million of these contracts. Not more than 5 per cent will show any excessive profits after taxes have been paid. The ordinary man on the street would say that the Internal Revenue Department can easily discover any excess profit from any war contract. Certainly we can use the manpower that would be wasted to much better advantage in other places.

We, the people, want Congress to adopt the most direct, efficient and economical method of doing this job. None of us believes in excess profits on war contracts. There are ceiling prices on most things we produce. Now let's get at the job of cutting down unnecessary civic expenditures and cutting unnecessary payrollers off the payroll.

WE ARE AMERICANS

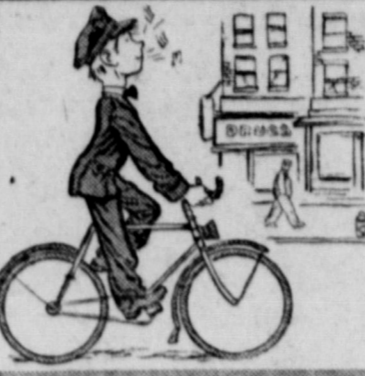

Our United States is a government by all, conceived and dedicated by and with the consent of the governed. It constantly promotes individual dignity, worth and opportunity; guarantees to every citizen freedom of religion, speech, assembly, press and petition; safeguards private property; maintains equal justice before the law; provides free schools for all, and constantly seeks social and economic security and the blessings of liberty for young and old.

This is our country. Individuals or groups may have fallen short or failed in their duty, but we, the people, press on to our destiny. We, the people, love and cherish our Republic. We pledge support for its institutions with our lives and sacred honor.

Ex Libris... By William Sharp

WILLIAM SAROYAN
once a Postal Telegraph boy in Fresno Cal., has a messenger boy for a hero in his new novel and movie, both titled **The Human Comedy***

THE HUMAN COMEDY
A Book-of-the-Month Club selection

Rationing At A Glance

Ration Books

War Ration Book No. 1—Used for sugar, coffee, and shoes.

War Ration Book No. 2—Blue stamps now being used for rationed processed foods.

Mileage Ration Books—Books A, B and C used for passenger car gasoline; E and R books for non-highway uses; D for motorcycles; T for trucks and commercial vehicles.

Rationed Food Commodities

SUGAR—Stamp No. 11 in Book No. 1 good for 3 pounds until midnight March 15, 1943.

COFFEE—Stamp No. 25 in Book No. 1 (for those 15 or older on the day the book was issued) is good for one pound until midnight March 21.

SHOES—Stamp No. 17 in Book No. 1 good for one pair of shoes through June 15.

MEAT—Voluntary share-the-meat program sets limit at 2 1-2 pounds per person per week. Meat will be rationed under the "point system" sometime after Book No. 2 is distributed.

Processed Foods—Blue A, B and C stamps (48 points) in War Ration Book Two good for purchase of rationed processed foods until midnight, March 31.

Mileage Rationing

Gasoline—Value of each coupon in A, B, and C books is 4 gallons. Second 8 coupons in A book are good until midnight March 21, 1943. Those who think they are eligible for supplemental rations should see their local ration board.

Tire Inspection—All "A" book holders must have first official tire inspections by March 31, 1943. Subsequent inspections for A book holders will be once every six months. "B" book holders must have second official tire inspection by June 30, 1943. "C" book holders must have second official tire inspection by May 31, 1943. Second official tire inspection for "T" book holders must be made 60 days from Feb. 28,

Gossett Voices His Opposition To Strikes, Slow-Downs

MR. GOSSETT. Mr. Speaker, the country and the American war effort has again been insulted by a strike and a slow-down in an aircraft factory in this country. The International Association of Machinists yesterday closed for 3 hours two large Boeing Aircraft plants making Flying Fortresses. A further shut-down or slow-down is threatened.

On numerous occasions since I came here I have voted for and I have spoken for the outlawing of all strikes and slow-downs in war industries. It is too bad that Congress has been unable to enact such legislation. Anyone who willfully stops or slows down war production in this country is an enemy to this republic. Any kind of profiteering out of war is criminal. The above is a speech of Congressman Ed Gossett, made before the House of Representatives on February 26, and printed in the Congressional Record.

Mr. and Mrs. C. A. Eiland of Lamesa visited in the home of Mr. and Mrs. G. R. Eiland, and with other relatives and friends here over the week end.

Mr. and Mrs. Arthur Lawson and children, Bobbie and Sue, spent last Sunday in Stamford with Mrs. Lawson's parents, Mr. and Mrs. A. H. Stevenson.

Mr. and Mrs. Aaron Edgar visited with Mrs. Don Ferrisi and Mr. and Mrs. R. O. Tolson in Seymour last Monday night.

Mrs. Wallace Reid and little daughter are visiting relatives and friends in Greenville this week.

Mr. and Mrs. Jack Morrow and children of Rule, visited with Jack's parents, Mr. and Mrs. A. N. Morrow, and with other relatives here last Sunday.

Henry Clay Dingus, who has been employed in Denton and Fort Worth for some time, came in last Friday night for a visit with his parents, Mr. and Mrs. G. W. Dingus, and with other relatives.

A Satisfactory Way To Cure Meat

Satisfaction is expressed by those who use our MEAT CURING VAULT for curing their meat. The constant temperature insures a good cure and prevents spoilage.

If you have never tried our vault, we assure you that you will be pleased with the results it gives. Bring your meat here, then forget about it until it's completely cured.

It's a Safe, Economical Method Of Curing. WHY TAKE CHANCES?

Mr. O. K.
Says...
We Will Get Our New Capper About March 15

We will have the rest of our new capper immediately after the 15th of March, which will enable us to turn your work out just twice as fast.

PLENTY OF RUBBER FOR RECAPPING

We have just received a large stock of camelback for recapping. We hope that there won't be any shortage of rubber for recapping as we first thought.

We have the new famous "Notch Rib" tread design already in operation. This is a part of our new recapper. We expect the other part any day. We are able to use this tread design in our old capper, which gives us two famous designs now.

MUST MAKE

It's a pretty common thing these days for an American to be told that he is still looking out for his own selfish interests above those of his country. He is too soft and lazy to give up any of his luxuries. This makes him mad. Yet, to put it mildly, there is plenty of ground for such accusations.

Take the sugar shortage, for instance—Americans' first experience with rationing. From the first talk of rationing, foolish people ran to stores and bought enough sugar to last them a year. It didn't make any difference; they had to give it back, but what kind of spirit is that for us to have when thousands of our soldiers, sailors, and marines are giving their lives on foreign soil in defense of their country. Even today, one can hear people who complain about having to slice their own bread, take a longer time shopping because of the rationing of canned foods, or because there is no coffee to be had. Yet the English are rationed on everything they eat, wear, or use, and we don't hear them grumbling. They know what real hardships are.

Doesn't it mean anything to you that Europe is starving and thousands in Asia as well?

Doesn't it mean anything to you that your life, liberty, and

happiness are at stake and that it will take "blood, sweat, and tears" to earn them in the future?

Doesn't it mean anything to you that life won't be worth living under Hitler's heel?

If it doesn't, then you had better have your head examined because there's something wrong somewhere.

We Americans should not have to be prompted to sacrifice, to buy bonds, and to buy wisely to prevent inflation. It's our patriotic duty, and incidentally, very much to our advantage both now and for the future.

FRESHMAN NEWS

Examinations are creeping around the corner at us. Shall we try to hide from them or shall we just stick it out?

Since we Freshmen were not asked last week just what we thought of demerits, we are giving you our answers this week.

Barbara: What I think of them shouldn't be spoken.

Margie: Aren't they silly?

F. W.: You don't know what they are doing to our grades!

Jimmy: I don't have any grades left since demerits have been started.

J. B. Walling: Good-night! Sue: They are just a lot of baloney.

Betty Nell: It's not baloney when you get them.

The Home Ec. girls are enjoying sewing very much and only wish we had more time in which to work. Miss Sheppard was absent last Wednesday but we luckily had Mrs. Wilson to teach.

That Algebra test we had last Tuesday lowered most of our grades considerably. Was it very hard for you, Margie? You looked as though you thought it was.

We Wonder:

What made a certain teacher so happy Thursday?

Why Sue Saunders likes to stay back at the library so much during the first period? (Sue, you may fool other people, but we know that you aren't that fond of books and magazines.)

Why the juniors like to practice their play so well? (It may be all that good, but that ain't the way we heered it.)

What made Margie take a sudden liking to baseball. (Who else is playing, Margie? Some particular boy?)

Where Loyce got her ring. Joyce, have you been able to find out?

What made F. A. sad one day last week. (Someone was absent!)

Noted Artist Paints War Poster

Urging Americans to "Keep 'em Flying" through the purchase of more War Bonds, the above poster will soon make its appearance in several hundred thousand stores and display spots throughout the country. It was painted by Georges Schreiber, internationally known artist, whose pictures hang in the Metropolitan and Whitney Museums in New York and other museums in various cities.

SENIOR NEWS

We haven't started play practice yet, but are eager to do so. We would like to have some juniors as members of the cast, because they just eat things like that up. We hear they have learned the whole first act! One junior, Mildred Seveus, will take part.

It appears that this year's juniors are not going to follow the example of past junior classes, and try to keep the banquet a secret. One case that we know of which has profited by past history.

JUNIOR REPORT

We Juniors are just barely able to kick, and I don't imagine we will be doing that good after these exams are over.

This Texas Constitution is getting us down. We will finish with "Macbeth" Tuesday. (we hope.)

Now about the show, Doolittle: I was just merely "cutting up" to keep you from crying. "Come on, old pal, let's don't take things so seriously, and have a little fun as we go. (What 'U say).

To Whom It May Concern:

As for as excuses go, we don't have to have them for not practicing the play, now, thank you. Do we Nelda? We'll just go get us a box of peanuts, and go play baseball; because I never did like "two faced" people anyway. All we ask is just come and tell us all you want to, we can take it; But just remember that the old proverb "Practice what 'you preach'" is pretty good to remember. Why not try it?

After all, no certain member is going to run our class. We believe in democracy for one and all.

Virginia—George

Coy—Sally (no particular reason, but it's just a handle.)
 Glyndalin—Doolittle (if more information is needed, just ask George.)

Frances—Franko (couldn't be because of someone great, oh! no!)
 Christine—Goober (not because she likes to eat goobers or is it????)

J. B. W.—"Little Jake" (just acquired in basketball).
 Weldon—Fitzie (one who is fast

and furious in goal shooting).

James—Son.
 Wynell—Winnie (there are a few who call her Tyte).
 Rosemary—Rosy (or maybe it's "Sister" at home.)
 Bill Dob—"B. B. B."
 Kenneth—Big Brazil.
 Charlie—a good doctor or better known as Doc.
 Verbon—Vig Verb Boss.

TEACHERS ON PARADE

Starring Mr. W. C. Kimbrough the supt. of our school. Place of birth: Log house back in the 1800's. Educated: Very little or perhaps would you call a M. S. very much learning???

Pet Peeves Everything (sour on the world.)

Likes to do: Nothing.
 Childhood ambition: School teacher.

Life's big moment: When the Wedding Bells were ringing la-la-la.

Sport: Basketball.
 Actress: Judy Canova.
 Actor: Red Skelton.
 Orchestra: Corn Cobblers.
 Radio Program: Fibber and Molly.

Song: She'll be coming around the mountain, I hope, I hope.

SIXTH GRADE NEWS

Mrs. Weeks "little" brother has been visiting her.

We've been having adverbs and adjectives in English.

We all dread six-weeks exams this week.

Joan came to school today with a new permanent.

Our fish, Mrs. Weeks, is doing fine. We did have two, but Mr. Weeks died a month ago. We will sign off because we have an arithmetic test.

FIFTH GRADE NEWS

We have a new pupil. His name is Garvis Lovell. We are very glad to have him in our class.

Verdine Poyner went to Anson, Saturday. She reported that she had a very nice time.

Patricia Ann Johnson's aunt came to see her from Tipton, Saturday.

FOURTH GRADE NEWS

Some of us took advantage of our vacation and made some vis-

Lone Star Gas Turns Scrap To U. S. War Plants

Lone Star Gas Company turned 3,445,444 pounds of metal and other scrap materials to the government industrial war salvage campaign in 1942 and a citation for outstanding participation in the program has been given the company by the War Production Board through H. M. McDougal, chief of the public utility division, industrial salvage branch. The materials were directed to war production plants.

During the first six months of 1942 the company turned in 900,000 pounds of salvage, and in the third quarter the figure was 750,084 pounds, making a nine-month total of 1,650,084 pounds, according to C. F. Wilson, Dallas, supervisor of stores and administrator of salvage and scrap for the gas company. The accumulation for the fourth and final quarter totaled 1,795,360 pounds, bringing the year's total to 3,445,444 pounds.

Mr. Wilson said that the company will participate in the war salvage project for the duration. His responsibility is to see that obsolete or materials otherwise not serviceable are sold to junk dealers who forward the salvage to war production plants. Material included are scrap iron, steel and other scrap metals, scrap rubber and paper, and discarded ranges, etc.

Lamoine Blacklock left the first of this week for his station at Astoria, Oregon, after spending a furlough here with his parents, Mr. and Mrs. B. L. Blacklock. Lamoine is serving in the U. S. Coast Guard.

Miss Ida Bell Sherrord, who is attending McMurry College in Abilene, visited with her parents, Mr. and Mrs. W. E. Sherrord, over the week end.

Charles Baker spent the week end in Lubbock, visiting with Dick Harrell, who is a student in Texas Tech.

CARD OF THANKS

We wish to thank each and every one of our friends who helped us in our time of grief; also for the beautiful floral offerings.

Mrs. S. J. Kelley,
 Mr. and Mrs. Joe Masters and children,
 Miss Mary Kelley,
 Mr. and Mrs. Luther Kelley and children,
 Mr. and Mrs. Henry Kelley and children,
 Mr. and Mrs. Earl Fenter and children,
 Mr. and Mrs. Houston Hare and children,
 Mr. and Mrs. Chas. Porter and baby,
 Mr. and Mrs. Roy Mathews and family,
 Mr. and Mrs. Leroy Brooks and family.

Mrs. R. L. Kirk was in Lubbock the first of this week, attending a young people's meeting of Methodist churches. She reported an interesting and inspirational meeting.

Mrs. H. A. Pendleton spent a few days last week in Wichita Falls, visiting with her sister, Mrs. Mason.

Miss Mildred Gray, daughter of Mr. and Mrs. Zack Gray, has accepted a position at the Munday Hardware and Furniture Co., beginning her duties there last Monday.

Mr. and Mrs. Jess R. Morton of Seymour visited in the home of Mr. and Mrs. Clayton Wren over the week end.

Mrs. Mary O. Lawson of Dallas came in the first of this week for a visit with her son, Arthur Lawson and his family.

Clarence Smith of Olton spent the week end here with his parents, Mr. and Mrs. A. J. Smith, and with other relatives.

The Munday Times

Local Boy In Ski Troopers At Camp McCoy

The Munday Times received a letter from Pfc. Weldon R. Higginbotham, who is stationed at Camp McCoy, Wis., in which he stated he was a member of the Ski Troops. The letter was dated, "February 25, 1943—One Day Closer to Victory."

Weldon enclosed a clipping which stated: "Skiing, long a favorite sport in these northern climes, is fast becoming a popular pastime for its newest adherents, the Texans of the Second Infantry Division. The hills and slopes surrounding Camp McCoy are providing an excellent 'proving ground' for the newcomers, and though slalom and fancy skiing may be a little far advanced, spills are becoming less frequent as the boys 'take to the hills.'"

In his letter, Weldon writes: "I have been reading in the Munday Times what the boys from Munday are doing for the good old United States. They are everywhere now and doing splendid work."

"I don't see why they picked the Texas boys for skiing, but here we are up in Camp McCoy. I like skiing very much, but it is rather difficult to keep both skis together."

"Keep up the good work at home, and I know we will win!" "Thanks for a splendid paper telling me all the news of everything back home. It informs me of everything back home which is very dear to me."

Derald Gray At Amarillo Air Base

AMARILLO ARMY AIR FIELD—Derald G. Gray, son of R. D. Gray, Munday, Texas, has begun an intensive course of study in aviation mechanics at this Army Air Field, one of the newest schools in the Army Air Forces Technical Training Command.

He will spend several months at this great mechanics' school, and upon graduation will be sent to one of Uncle Sam's air bases, there to do his part in keeping America's "Flying Fortresses" harassing the Axis. In addition to mechanical training, his course here will include army discipline and courtesy, military drill and physical exercise to put him in the peak of condition.

Mr. and Mrs. M. B. Caughran, who have been residing in Pecos, returned to Munday last week to make their home. M. B., who has been employed in Pecos, expects to enter the service in the near future.

NOTICE!

Notice is hereby given that R. B. Davy, Sr., doing business as City Drug Store, east side of square at Campbell and Earnest Streets, in the City of Munday, Knox County, Texas, will make application to the Texas Liquor Control Board for a Medicinal Pharmacy Permit.

R. B. DAVY, SR.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M.D., State Health Officer of Texas

AUSTIN, Texas.—The careless or uninformed use of medicines cause much serious illness and even many deaths in Texas every year. Dr. Geo. W. Cox, State Health Officer, said today in a statement urging the public to use

caution in self-medication. "It is never safe to take medicine in the dark," Dr. Cox said. "Always read the label carefully to make sure the aspirin you expect to take is not a bichloride of mercury tablet. As a matter of fact, poisons and medicines containing poison should be kept together, well out of the reach of children and marked in some distinctive manner. Another thing to remember," Dr. Cox said, "is that medicines should always be taken exactly as directed by a physician because many beneficial medicines can do untold harm if taken too frequently or in too large quantities. It is well to stop and think

that you may be taking your own life in your hands when you take medicines casually." The State Health Officer also warned of the danger in the inclination of many persons untrained to diagnose and treat their own ills. Such persons are likely to guess wrong, he asserted, and while they may not take medicine that is actually harmful, they are nevertheless postponing an accurate diagnosis and the resulting proper treatment that could help their illness. "The safest rule is never to use medicine, internally or externally that has not been prescribed by your doctor and for that particu-

lar illness with which you are suffering," Dr. Cox concluded.

ELECTION ORDER

Be it ordered by the Board of Trustees of Munday Independent School District that an election will be held at City Hall, in the town of Munday, Texas in said Munday Independent School District on the third day of April, 1943, for the purpose of electing three School Trustees for said Munday Independent School District.

S. E. McStay is hereby appointed manager of said election, and he shall select two judges and two clerks to assist him in holding the same, and said election shall be

held in the manner prescribed by law for holding other elections. The returns of said election shall be made to the Board of Trustees of said Independent School District in accordance with law.

A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law.

In testimony Whereof, witness the signatures of the President and Secretary of said Munday Independent School District and the seal thereof hereunto affixed, this

23rd day of February, 1943.
E. W. Harrell, President Munday Independent School District.
Attest: Worth Gafford, Secretary.

Mr. and Mrs. W. B. Thompson and son and Mrs. J. C. Mills and children of Abernathy spent the week end with their parents, Mr. and Mrs. T. L. Thompson and other relatives.

Dr. D. C. Eiland and Mrs. Dave Eiland were business visitors in Benjamin last Monday.

James W. McMorries was a business visitor in Wichita Falls last Monday.

Point Ration Shopping Hints

Our Government, newspapers, radio stations and Atkeison's Store are all doing everything they can to make sure you know how to shop under point rationing. The plan designed to make sure that everybody gets his fair share of the food available. You can do your part to make the new ration plan work smoothly by keeping in mind the simple rules listed below before you shop for the first time under point rationing.

KNOW THAT:

- (1) Point values have nothing to do with dollars-and-cents prices. You have to give the money price and the point stamp price for every purchase in a rationed group.
- (2) You have freedom of choice in using your points to buy any rationed item, provided it is available.
- (3) If you buy foods with a point value you will be able to buy more of the articles in the same rationed group.
- (4) Point values of all rationed foods are set by the Government and not by the store-keeper or by the manufacturer.
- (5) You are not permitted to buy point rationed items, at any store, without giving point stamps... even on a charge account.
- (6) High point stamps should be used when buying a number of rationed items at one time. Conserve your low point stamps as storekeepers cannot give you ration stamps in change.
- (7) Loose stamps are not valid. Stamps must be torn out of your ration book at the time of purchase and in the presence of your grocer.

NOW WHEN YOU GO SHOPPING REMEMBER TO:

- (1) Allow plenty of time for your shopping under point rationing... it takes longer. Best time to shop is early in the week and early in the day.
- (2) Be sure and take your War Ration Book No. 2 with you. No stamps... no rationed items.
- (3) Take your point value chart along with you, too, for convenience. While our store will have price and point values clearly marked on the shelves and on the merchandise, your list will serve as a double check and save lots of extra steps and confusion.

AND

You'll enjoy shopping at Atkeison's Store because you can take all the time you want without embarrassment or a sense of feeling hurried. Since you are waiting on yourself, no one cares how many times you change your mind or exchange one can for another before you reach the check-out stand.

Buy War Stamps and Bonds with what you save on these values!
