VOLUME 39

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, SEPTEMBER 23, 1943

NUMBER 13

## COUNTY IS FALLING SHORT OF BOND QUOTA

### Club Boys Aid Agriculture On Insect Reports

Five hundred and eleven 4-H Club boys members, 6 of which were from Knox county, have served war time agriculture by reporting on cotton insect infestations to the A. and M. College Extension Service. On the basis of these reports cotton insect poisons have been distributed to the areas with greatest need.

Use of 4-H Club boys as reporters was begun this year on a trial basis and spot checking has revealed the boys' reports unusually accurate. Reports were made each week during the months of June, July and August and the work involved the inspection of an average of 449 cotton fields weekly.

The boys in Knox county who qualified for awards of merit were as follows: Donald Nix, of Sunset community; Walter Schumacher, Rhineland; and Gerrel Trainham of Vera. Boys of worthy mention were Jerry Westbrook, Truscott; Joe Frank Bowley of Munday; and Kenneth Griffith of Union Grove.

### Material For Red Cross Work Has Arrived

The material for surgical dressings has arrived, and the chairman, Mrs. M. F. Billingsley, requests workers to report for work in the production rooms.

The time is 8:30 a. m. and 2:00 p. m. on Tuesdays and Wednesdays; 8 p. m. on Tuesdays and Thursdays.

For information call Mrs. Fred Broach, supervisor for morning work; Mmes. G. R. Eiland, R. B. Harrell, T. G. Bengel and H. L. Jungman for afternoons, and Mrs. Billingsley for night work.

The boys at the front are "our boys"—yours and mine, and they have a right to expect the best of care when wounded. These dressings are life savers in the hands of nurses and doctors. Remember the time, and the cause!

### 74 Masons Attend Meeting At Throckmorton

### Barbecue Is Served To Visitors

Masons of the 91st Masonic District gathered at Throckmorton last Tuesday evening for the regular quarterly meeting of the association. Throckmorton and Woodson lodges were joint hosts for the meeting.

Upon arriving at Throckmorton, the visitors were served a barbecue supper at Throckmorton lake. After this enjoyable repast, they gathered at the Masonic hall to transact the business of the association.

After a Master Mason's lodge was opened, the meeting was turned over to R. J. Paxton of Haskell, new president of the association. During the business session, it was voted to accept the invitation of Goree lodge for the next meeting, which will be in December. Goree, Seymour and Munday will be hosts.

Following the association meeting, a Master Mason's degree was conferred, with practically every lodge in the district being represented on the degree team.

Seventy-four Masons registered for this event, representing seventeen lodges. Lodges of the district are Haskell, Rule, Knox City, Goree, Munday, Seymour, Throckmorton, Woodson, Benjamin and Rochester, all of which were represented.

Attending from Munday were Lee Tending from Munday were Lee Haynes, Wade Mahan, George Hammett and Aaron Edgar.

Mrs. W. P. Hurd of Vera was a business visitor here last Monday.

### Farmers Asked To Keep Cotton Yield Records

Farmers are asked to keep records of their 1943 cotton production, and it is highly important that these records be kept accurately, according to August Schumacher, chairman of the Knox County AAA Committee.

Mr. Schumacher explained that in past years, ginners have cooperated with the AAA by furnishing detailed records of cotton production for each farm, but that this year these records will not be obtained from ginners, due to the suspension of marketing quotas.

In the past, the records of production have served as a basis for determining the yields used in marketing quota program, crop insurance programs and in determining AAA payments.

"It is to a farmer's best interest that an accurate record of his 1943 cotton production be kept because this record may be needed in future AAA programs," Mr. Schumacher said. He said that each farmer should keep each gin ticket, bale receipt, or sales ticket for baled cotton, and for lots of seed cotton sold. The AAA has offered to keep these records for any farmer who wishes to deliver or mail them to the county office.

### PCA Meetings Held Last Week

A series of meetings for members of the Stamford Product Credit Association were held last week at the office of C. R. Elliott, local manager. The meetings opened on Tuesday afternoon and continued through Friday afternoon.

J. L. Hill Jr. of Stamford, secretary-treasurer of the association, was in charge of the meetings. The purpose was to discuss general matters pertaining to production loans, general business, and plans for increasing membership in the association.

These meetings are being conducted over the entire Stamford district, in the various field offices in order that members may become better acquainted with the organization.

Good attendance and much interest were shown in the local meetings.

**TRAINING IN NAVY**  
Jack C. Suggs, who has been employed in the Consolidated Aircraft factory in Fort Worth for the past ten months, recently enlisted in the U. S. Navy. He left last Friday for Lubbock for induction and assignment to a training station.

### Keep Up With Rationing

#### RATION REMINDER

**GASOLINE**—In 17 states of eastern shortage area A-6 coupons are now good. In states outside the eastern shortage area A-8 coupons become good September 22.

**SUGAR**—Stamp No. 14, good for 5 lbs., is valid through October. Stamps Nos. 15 and 16 are good through October 31 for 5 lbs. each for home canning purposes.

**STOVES**—Consumer purchases of rationed stoves must be made with a certificate obtained at local war price and rationing boards.

**FUEL OIL**—Period 5 coupons in old rations remain good through September 30. Period 1 coupons in new rations are good through December.

**SHOES**—Stamp No. 18 (1 pair) is valid through October 31.

**MEATS, FATS**—Red stamps X, Y and Z good through October 2. Brown stamps A and B good through October 2. Brown stamp C becomes good September 26 and remains good through October 30.

**PROCESSED FOODS**—Blue stamps U, V and W expire Oct. 20.

### This Is Our Battle

Courtesy of Country Gentleman.

### Mrs. Tankersley Buried Saturday At Knox City

KNOX CITY—Funeral services for Mrs. Rena A. Tankersley, 79, were held from the First Baptist church here Saturday at 4:30 p. m., with Mrs. Harry Wilbank of Amarillo officiating. Mrs. Tankersley died in Haskell last Friday.

She was born in Alabama on January 29, 1864.

Survivors are four sons, J. W. and E. H. Tankersley of Haskell; daughters, Mrs. M. J. McWhorter, Mrs. G. F. Henderson, Mrs. J. C. Goodson, Mrs. W. H. Cornett and Mrs. O. B. Hutchinson, all of Knox City, and a niece, Mrs. C. Stanley of Abilene.

Mrs. Tankersley was a member of the Four-Square church.

### Drivers Licenses Must Be Renewed In Near Future

Check the date on your Driver's License. New Type Operator's licenses begin expiring in October. Blanks for renewal of these licenses, and also for Commercial Operator's and Chauffeur's licenses, may be obtained at the City Hall, in Munday, and at Maggart's Grocery in Weibert. Complete instructions for mailing these renewals direct to the Austin office are printed on each application blank. However, renewals may be taken to the Examiner at the City Hall each first, third and fifth Thursday.

If your license has been expired for more than seven days, you will be required to take the examination. Material for study, for this examination is also available at the City Hall.

Do not mail an expired license to the Austin office for renewal, as it will not be accepted.

N. W. Jackson, Examiner, Driver's License Division, Haskell, Texas.

Kenneth Myers, who is stationed in California, came home last week and is spending a 10-day furlough here with his parents, Mr. and Mrs. Roe Myers.

### Cotton Ginnings

With cotton being gathered as rapidly as possible with a limited number of hands, the gin plants of Munday have been running day and night for the past several days.

A report from Munday's gins revealed 2,170 bales had been ginned here up to Thursday morning. Ginnings at this time are ahead of last year, due to cotton opening earlier because of dry weather.

If dry weather continues and enough laborers are secured, the gathering season this year will be much shorter than in many years.

### Felix A. Green Is Buried Sunday At Benjamin

Felix A. Green, well known resident of Benjamin passed away last Friday night at the Knox county hospital after an illness of several days.

Born in Jackson county, Alabama, on December 29, 1858, Mr. Green was 84 years, 8 months and 18 days of age. He was engaged in farming in this county for some time.

Surviving him are his wife, Mrs. Emma N. Green of Benjamin, six sons and four daughters, who are: Robert A. Green, Miss Alma Green, and Mrs. Claudia Hall, Benjamin; Wallace Green, Weatherford; Carl Green, Munday; Harvey Green, Holliday; Mrs. Ollie Robinson, Amarillo; Mrs. Ruby Outman of Henrietta, Okla.; Willie Green, Weatherford and Floyd Green, Jean, Texas. He is also survived by three sisters, 31 grandchildren and nine great grandchildren.

Funeral services were held from the Hall residence in Benjamin, at three o'clock last Sunday afternoon, being conducted by Rev. A. A. Farley, Baptist pastor of Vera, who was assisted by Rev. J. R. Swindall of Benjamin and Rev. C. R. Copeland of Vera.

Burial was in the Benjamin cemetery, with the Mahan Funeral Home in charge of arrangements.

Pallbearers were: Mollie Tankersley, Merick McGaughey, R. O. Dunkle, L. C. Brown, A. F. Bivins and W. D. Hamilton.

### Watch... THE EXPIRATION DATE ON YOUR PAPER!

Due to restrictions on production of newspaper, we are forced to cut down on the numbers of papers being printed whenever possible.

It is not our desire to stop the Munday Times now going to our regular subscribers, so you are urged to renew your paper ahead of the expiration date in order to keep it coming to you. Should your name be removed from our mailing list, it might not be possible to place it back on in the future.

If the date 10-1-43 appears opposite your name, your paper will expire on October 1, 1943. Your cooperation in renewing before that date will be appreciated.

#### ON VISIT HERE

Joe McGraw, Jr., who is in naval training at San Diego, Calif., spent a ten-day furlough here with his wife and daughter and with other relatives. Joe's sister, Mrs. Bessie Nelson and her son, Mike, of Wichita Falls and Bill McGraw of Baytown were here during Joe's visit. Joe is a third class petty officer in the navy.

### Goree Resident Loses Garage In Sunday's Fire

Clyde Patton, who resides near Goree, had the misfortune of losing his garage and pickup in a fire which occurred at his home at about twelve o'clock Sunday.

The fire is reported to have started from papers which were being burned near the building. Mr. Patton is unfortunate to lose his pickup during this dry weather, as he has been hauling water for his livestock in this way.

### Life Insurance Company Boosts Bond Quota Here

Knox county's bond quota of \$532,400 received another boost Wednesday by a purchase of \$4,000 in bonds by the Ideal Security Life Insurance Co. of Anson. Community quotas were credited as follows: Goree, \$1,000; Knox City, \$1,000; and Munday, \$2,000.

"We believe in investing the money where it has been paid in," W. H. Littlefield, secretary-treasurer, said in making the purchase, "and we have made similar purchases in other counties where we operate."

#### PERRYTON MINISTER PREACHES HERE SUNDAY

Minister J. E. Mullins of Perryton spent the week end with friends in Munday. Minister Mullins filled the pulpit at the local Church of Christ, preaching to crowds at both morning and evening services.

### YOUR TAX- AND BOND-DOLLAR

HOW THE GOVERNMENT SPENDS IT (First Half of 1943)

Aircraft	19¢
Ground ordnance and signal equipment	12¢
Navy and Army vessels	10¢
Merchant vessels	4¢
Miscellaneous munitions	11¢
War construction	14¢
Non-munitions war items	25¢
Non-war expenditures	5¢

\* Automobile vehicles and equipment, clothing and personal equipment and other expenses.  
\*\* Pay, subsistence, travel for armed forces and civilians agricultural commodities for export and miscellaneous expenses.

### Revival At Local Church To Begin Sunday

Special revival services will begin next Sunday morning at the Presbyterian church in Munday. The meeting will be conducted by the pastor, Rev. W. N. Sholl, assisted by Rev. John C. Ramsey of Spur, Texas.

In announcing the services, Dr. Sholl said:

"Rev. Ramsey is an evangelist-pastor, and song leader, having labored in different parts of the South with much spiritual blessing attending his work. For nine years he headed the home mission work in the great Norfolk Presbytery of Virginia, and during this time greatly strengthened the work in that part of the church."

"Rev. Ramsey is a man of pleasing appearance and good address, a soul winner filled with love for mankind, and not only the Presbyterians of Munday but people of all denominations will profit by listening to his earnest messages."

Services will be held each evening at 8:30, beginning with next Sunday, and on the following Sunday morning services will be at 9:30. Everyone is cordially invited.

Rev. Ramsey will arrive here Sunday afternoon to conduct the services.

### Boy Scouts Have Meeting Monday Night

Fifteen boys met at the elementary school building Tuesday night at 8:00 for the purpose of reorganizing the Boy Scouts and getting started to work. Two patrols were organized, with Billy Bouldin and his six boys in the Wolf Patrol, and McElvey Jones in charge of the other patrol with seven boys. Each boy in the patrols were assigned to their various duties by the patrol leaders.

The lunch room belonging to the Parent Teachers Association has been cleaned out and turned over to the boys for their meeting place, and affords an excellent place to hold the meetings, also has room for the displays which the boys are planning to add from time to time. Plans were laid Tuesday night for securing the U. S. Flag, the Texas Flag, patrol equipment, chairs and tables for the room, bulletin boards, etc. The house is approximately 30 feet square which is plenty of room for the meetings and for the storing of equipment from time to time. The work of the boys in the earning of merit badges will be kept on display, and the side room will be used for a work shop.

The spirit of the meetings was fine and work regarding camping, hiking, and all other Scout activities is being mapped out by Scoutmaster Riley B. Harrell and assistants Joel W. Massey and R. L. Kirk, together with the boys.

It is the desire of the Scout officials to have one of the best troops in Munday of any in this area. Encourage your boy to join one of the best organizations for boys to be found in the world.

### Appreciation Of Work Expressed To Local Agent

Keen appreciation for the production record he has accomplished to date this year, despite the handicaps imposed by war, is expressed in a communication received today from Richard R. Lee of Dallas, vice president and agency director of the Southwestern Life Insurance company by J. C. Borden, local agent.

"The impact of war," Mr. Lee's communication said, "gives every life insurance agent an unequalled opportunity for public service. You are helping your clients to build a stronger economic future for themselves and at the same time, your work results in the creation of an immediate bulwark against the threat of inflation."

"I congratulate you on the record."

### Only Seven Days Remain To Reach Quota

### Workers To Redouble Efforts In Last Of Campaign

W. E. Braly, Munday, Texas.

"Through Saturday Texas official sales Third War Loan were 45 per cent of our quota. Sales for nation were 65 per cent of quota. We must not let Texas fail to meet its responsibility. Unofficial and official sales your county, as well as many others, indicate intensive efforts required if your quota and state quota are to be met."

"Let's take inventory today and determine what is required of all your workers. It may be necessary to canvass your prospects to step up dollar participation or redistribute prospects to insure against failure. Advise me if this office or your regional manager can be of any help with your plans."

Nathan Adams, State Chairman War Finance Committee of Texas. "The above telegram indicates the slow progress which Texas is making in the Third War Loan Drive, and Mr. Braly, who is county chairman, said Wednesday that this county had only purchased around 40 per cent of her quota up to Saturday night."

"We are far short of our quota, and with only a few more days remaining in which to put the county over in this important effort," Mr. Braly said. "The drive will close on September 30, and the question of whether we go over the top, or fail in our obligation to our loved ones on the fighting fronts, is a question for each individual person to answer. Have you done your best? Have you sacrificed in this loan drive?"

"We thrill with stories of victories of our armed forces. But what would happen to us if our men in the service said, 'We've done enough?' It would be the end of all of us. We know, of course, that they'll never quit, and we know that the people of Knox county won't let America down."

Community members are in meetings again this week and are preparing to redouble their efforts to meet Knox county's quota. Munday's committee met Thursday, and others of the county are meeting this week to plan more intensive work during the last days of the drive.

We must not fail! Go to your committees and pledge additional bonds. Back the attack—with War Bonds!

### Ray Moore Goes Back To Service

Ray Moore left last Monday for San Francisco, Calif., to report back to duty in the U. S. Marines, after spending about 30 days here with his parents, Mr. and Mrs. John Moore, and with other relatives and friends.

Ray spent five months on Guadalcanal, being among the first of the Marines to invade that island and recapture it from the Japanese. He has seen actual hand-to-hand combat with the enemy, and many times it was a Jap's life or his own. Friends who talked to Ray say he was not permitted to tell much of his experiences, but that Ray was one of 8 out of his "outfit" of around 350 men who was able to return to the states.

Ray saw his buddy and best friend killed when they were ambushed by the Japs, and during his stay here he made a trip to Austin to visit his family, carrying out his promise to his dying buddy. When he left here, Ray did not know where he would be assigned to duty but said it was probable that he would again see combat duty.

#### HAS TYPHUS FEVER

Physician's diagnosis reveals that J. H. McAfee, who was taken to the Knox county hospital last Saturday, is suffering from typhus fever. Latest reports are that his condition remains serious.

Mrs. Fred Glover and Mrs. Olin Lowe of Benjamin were business visitors here last Monday.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"

## SOLVING SOME PROBLEMS

Something new in the way of questionnaire surveys is the one made by a large eastern aircraft corporation which queried its employees on some of their inmost thoughts.

The results are most interesting. To the question, "Do you think the top management of the company is competent, sincere, interested in you?" the answers were far in the affirmative. And when asked, "What is the most serious problem this company and its employees must overcome to make the greatest possible contribution to victory?" employees listed shortage of materials, absenteeism, and inadequacy of trained personnel as the chief problems.

Other questions were:

"What do you think can accomplish most toward building 'morale'—the will to work to win—among employees?"

"How do you feel about possible enemy attacks on this plant?"

"There are all brands of foremen; what do you think of yours?"

"Do you think the majority of your fellow employees are competent, sincere, doing their best?"

"If you were hired within the past year were you courteously treated by the personnel office, the plant police, your fellow workers? Were you placed on the job for which best fitted? Is the personnel department aiding you?"

"Are you receiving enough gasoline for necessary driving to and from work?"

There were many more questions of a similarly pertinent nature.

The answers were most gratifying to the company. They showed a staff of employees for the most part well pleased with company policy and procedure, and fully conscious of the problems of war production in their plant.

Aside from this, however, the survey is most significant. The very fact that it was made shows cognizance on the part of modern industrial management of the problems that beset the war worker. The effort expended in this survey shows most convincingly that industry is anxious to enlist the wholehearted aid of its employees in creating better understanding and in solving mutual problems.

## FIRST THINGS FIRST

There is a growing awareness today, among people of all occupations, of the necessity to preserve the American system of freedom of enterprise, if democracy is to survive after the war. Americans are coming to understand that the prime requisite for postwar reconstruction is the lifting of these restrictions when the need for them is ended.

Emil Schram, president of the New York Stock Exchange, speaking in Cincinnati to members of the National Association of Securities Commissioners, said:

"If our system of free enterprise operates in a healthful atmosphere, the capital markets themselves will have little to worry about. Reasonable regulation will present no problem. On the other hand, these markets will have little excuse for existence, no matter how free and untrammelled they may be, if our enterprise system loses its capacity to serve society.

"Restrictions on the creative genius and productive powers of the American businessman and industrialists are infinitely more dangerous to our American way of life and much more likely to cause anemic markets than any other type of regulation.

"Wartime cooperation and mutual respect between government and industry may be born of necessity, but we must see to it that it lasts over into the peace period.

"Business has a chance to sell itself to government. Government should take advantage of the opportunity to sell itself to business. Washington has learned at first hand the problems of business in undertaking the gigantic production for war."

## TIME TO ENCOURAGE PRIVATE ENTERPRISE

"According to an estimate of the Department of Commerce, we will have 19 million unemployed persons by 1946 if the war is over and if we achieve a level of business activity no higher than in 1940.

"If the analysis is sound and if this estimate should prove correct, to provide relief at only \$2 a day for this number of unemployed persons would involve a public cost of \$14 billion a year—or twice our pre-war national budget for all Federal government activities including relief. To provide work-relief might cost twice that figure, or \$25 to \$30 billion a year. Obviously there is no substitute for employment in private industry."—Edgar V.

## TIME TO ENCOURAGE SURPLUSES

When the tankers on the Atlantic coast were cut off by war, everyone could understand why gasoline and fuel oil had to be rationed in that area, especially when our armed forces across the Atlantic had to be supplied from the Eastern seaboard.

But what the public cannot understand is that when it is a matter of record that our crude oil supplies are being used several times as fast as new sources are being discovered, a Federal policy is maintained of holding crude prices so low that wildcatting is discouraged because possible return does not justify risk of production.

It is one thing to hold prices to a reasonable level—it is another thing to hold them at unreasonably low levels when all costs of production, including Federal taxation, have been advanced to record high levels.

It has often been necessary to grant wage and price increases to meet changing conditions. That does not mean uncontrolled inflation. Instead, it means encouragement of production which increases supplies. Plentiful supplies hold down prices and prevent inflation, which is caused by scarcity.

Wildcatting for oil is a risky business. It can no longer be done at pre-war costs. Policies which discourage new drilling amount to a "planned oil shortage." Regulators of American production must encourage surpluses instead of promoting scarcities.

## WILL THE PEOPLE LEARN?

In an article in the Reader's Digest for September, 1943, Hatton W. Summers, congressman from Texas, asks: "Why is it . . . that . . . representative government is withering before our eyes?"

He shows that while our whole political system is based on the principle of local self government, the people themselves are destroying that system by their continual demands for Federal intervention in the problems of every community and class, and by the ever-growing practices of passing these problems to Washington. Congress, not being able to handle such an impossible burden, creates bureaus and bureaucrats.

The bureaucrats "issue what are called 'directives,' which actually have the force of law. One bureaucrat in the Securities & Exchange Commission said recently: 'We do make the law. This order supercedes any laws opposed to it.'

"By making the units of state government financially dependent on the Federal government, that government is acquiring the power to control the units of state government. When this is fully consummated, the sovereignty of state governments will be liquidated.

"The men who are trying to drive us toward government by bureaucracy understand this. The chief adviser of the National Resources Planning Board, recently abolished by Congress, prophesied crisply:

"Congress will surrender to the Administration the power to tax. . . . Congress will appropriate huge sums of money, will surrender its power of directing when and how the money will be spent. Other extraordinary powers, such as to effect great social reforms, will be delegated to the Administration, which will retain most, if not all, of its wartime powers.

"The remedy—and only remedy—is to send all these non-Federal functions back where they belong: to the state and local communities, where they can be handled upon a scale within the comprehension of the limited mind of man.

"National socialism may be described as government by bureaucracy. If we think Hitler's system is better than ours, we should have the honesty to say so instead of copying while we denounce it."

A new electrical instrument checks the identity of ferrous alloys—in raw stock or finished product form.

## The Better To See You With, Adolf

It is now becoming crystal clear that American and Canadian inventiveness and ingenuity in the production of all manner of war machines and equipment has put Hitler and his gang in the gun sights of the United Nations.

A striking example of how this has been done is in the production of optical glass for fire control instruments required for the Canadian navy, army and air force. Although it was an entirely new field for the Dominion, a government-owned company was started in July, 1940, with employees having no previous experience in the manufacture of precision instruments. In one year's time the production goal of 5,000 pounds per month had been doubled.

Then during the first eight months of 1942 monthly production rose four hundred percent to the point where it was five times as great as that called for under initial schedules.

Today, the company which has over 6000 workers, a third of whom are women, has orders on hand to supply 100 million dollars of range finders, periscopes, etc., to Canadian, United States and other United Nations forces.

Photographs show, above, a finished tank periscope, and below, a mould of newly made glass.

## GOOD THINKING

The great thinker is seldom a disputant. He answers other men's arguments by stating the truth as he sees it.—Daniel March.

It is the hardest thing in the world to be a good thinker without being a good self-examiner.—Shaftesbury.

A small group of wise thinkers is better than a wilderness of dull-

ards and stronger than the might of empires.—Mary Baker Eddy.

Thinking, not growth, makes man hood. Accustom yourself, therefore, to thinking.—Isaac Taylor.

A spectacle case with a clip, so that it can be held in the pocket like a pen or pencil, has just been patented.

Only one Conference AA school—Kingsville—has dropped out of the 1943 Interscholastic League football because of the war, reports R. J. Kidd, University of Texas League athletic director. A total of 105 teams are on their mark in this conference alone. Deadline for enrollment is Sept. 15.

Two University of Texas professors have been called to work with Federal Reserve Bank systems in Texas. Dr. G. W. Stocking, professor of economics, is to serve as director of the San Antonio branch, and Dr. J. C. Dolley, professor of banking and investments, is economic advisor and is in charge of research for the Dallas branch.

Low grade, unmarketable tobacco can now be processed into paper, soap, varnish, and fiber board.

## Bureaucracy Indicted

By BURTON RASCOE

Henry M. Wriston, president of Brown University, has delivered his own ringing 'Accuse!' against bureaucracy in words as measured, specific, analytical and formidable as those of Zola when he burst the conspiracy against Dreyfus wide open and awakened France to the corruptions within the army and the state. Dr. Wriston's blast is entitled Challenge to Freedom and has just been published by Harper & Bros.

"The time is ripe for the resurgence of faith in public opinion," says Dr. Wriston. "The world is sick of the brutalities of power politics. The people are weary of the arrogance of bureaucracy. They are tired of death of the multiplication of pronouncements and orders and the confusion of documents and reports. . . . Government must simplify its structure, shorten its proceedings, limit its regulations. The people must resist centralization with bitter determination."

Invasion and abrogation of the citizen's right to be left alone has been the primary aim and achievement of the New Deal, according to Dr. Wriston—an aim and achievement implemented by a vast bureaucracy, under the direction of an Executive who continually seeks to by-pass Congress, destroy the checks and balances established under the Constitution, arrogate unto himself functions properly the sphere of the judiciary and the legislature, invade the rights of the states and destroy the framework of democracy.

What Dr. Wriston calls: the "termites of bureaucracy" are, he says, undermining the foundations of freedom and representative government. If the people do not rise up and demand a whitening down of at least half of the existing personnel of the present federal administrative agencies and call a halt to the creation of new such agencies our democracy is done for, our productive capacity will be ruined, our nation will be bankrupted, the war debt will never be liquidated, the Four Freedoms will become a hollow mockery and a Fascist dictatorship will rule over the ruins of an impoverished nation.

In other words, while the government hampers and harasses the securities market and buries private corporations under a mass of questionnaires and red tape, government corporations with net assets of over 23 billion dollars and with operating costs "very much larger than ALL costs of government only 10 years ago are now carried on without the scrutiny of Congress or the public!

"There is no place for monopoly either in politics or in economics," contends Dr. Wriston. "What we need is a vast expansion of productive energy through a myriad of new enterprises. If that does not occur the armed forces will be demobilized into some new and drearier WPA, debt will multiply, private enterprise will wither and we shall be delivered into the hands of the system we defeated in war. . . . Bureaucracy is static and nonproductive. It consumes wealth; it does not produce it."

New York World-Telegram, Wednesday, August 4, 1943.

## Gems Of Thought

### HUMAN CAPACITIES

Men are often capable of greater things than they perform. They are sent into the world with bills of credit, and seldom draw to their full extent.—Walpole.

The human capacities are enlarged and perfected in proportion as humanity gains the true conception of man and God.—Mary Baker Eddy.

The mind, unmastered by passions, is a very citadel, for a man has no fortress more impregnable wherein to find refuge and be un-taken forever.—Marcus Aurelius. We never know how high we are. Till we are called to rise; And then, if we are true to plan, Our stature touch the skies.—Emily Dickinson.

### IT PAYS TO ADVERTISE

## To the People of this Community:

### HURRY-UP JOB!

The Third War Loan is a hurry-up job for the home front. The government must rush billions of dollars to the fighting fronts in the form of extra munitions.

**3rd WAR LOAN**  
Buy an Extra \$100 Bond

It's actually a matter of life or death for Americans in uniform. Once the invasion got under way we committed ourselves to the use of large numbers of troops and great stores of supplies. Any let down or crack-up in the supply trains could prove fatal.

Your job is to see to it that there is no shortage of anything needed to make the invasion swift and sure. We do not want another Bataan or Corregidor.

Get that extra War Bond today. Show that you are with our boys in this critical hour of invasion. THE EDITOR

Class 1-A: Roy Tomlinson, Woodrow W. Roberts, J. C. Langston, Curtis R. Coates, Banty F. Crawford, J. V. Adams, Marion A. Robertson, James P. Rice, Dess E. Holder, Rudolph F. Tallant, and Clyde E. Williams.

Class 1-C: Joe L. Wilson, and Jack C. Brooks.

Class 2-B: Olen R. Payne, Fred W. Hollabaugh and Frank W. Fannin.

Class 4-D: Golden L. Sawyer. Class 4-F: Frank W. Driver, Floyd Nelms and M. J. Johnson.

Class 1-A (H): Russell H. Lee, Dale E. Martin and James S. Broadus.

Class 2-C (H): Margarite G. Mora, and Rueben C. Haynie.

Class 3-A (H): Ovel W. Causey, James P. Cadwell, James R. Hammons, Arthur H. Mitchell, James F. Nance, Jess A. Cumba, Vivian O. Graves, Lee R. McMahon, Joseph J. Simmons, Burton Thomas, Raymond R. Havins, Walter A. Ryder, Lee W. Smith, Robert L. Smith, Robert B. Gray, Clarence L. Burt, Lonnie O. Phillips, Jessie M. Chowning, Irey L. Belcher, Jesus Valdez, Robert M. Bell, Robert W. Wheat, Thomas A. Walker, George W. Clower, Henry D. Matthews, Solomon Crowder, Beecher J. Peck, Willie M. Jones, George R. Boyd, Lloyd R. Strange, Otis J. Hill, Emory W. Plummer, Byron T. House, Joe Davis, Jim G. Goode, Edward E. Edwards, Clarence E. Hogan, Russell Beech, Samuel J. Hayman, Sied Waheed, Martin O. Satterwhite and Walter R. Rodgers.

Class 3-C: Edward L. Hardin, Joseph H. Bellinghausen, Martin E. Beaty, Dudley S. Ellis, Mariano Limones, James H. Patton, William A. Moore, Domingo Franke, Charles W. Railsback, Benito C. Espinosa, Henry L. Lewis, Orman E. Moore, William Tucker, Eddie Watson, Jessie J. Foshee, Chris H. Moody, Sexton B. Hord, Charles R. Day, Samuel C. Roberts, Howard S. Beasley, Jessie N. Rutherford, Joseph J. Perdue, Bill R. Sanderson, George A. Boone, Atlas A. Brown, Elmer H. Melton and Benjamin E. Brewer.

Class 4-P (H): Ozie W. Warren, Martin P. Loran and Ozie Melia.

Class 4-A: Jesus V. Valencia.

## LOCALS

Miss Florene Pippin visited in the home of Mr. and Mrs. W. E. Robinson in Goree over the week end.

Mrs. Togo Moorhouse of Benjamin visited with relatives and friends here last Tuesday.

W. L. Wentworth of Keene, Texas, spent the week end here with his sister, Mrs. G. L. Pruitt, and with other relatives.

Mr. and Mrs. Walter Coody were business visitors in Fort Worth the first of this week.

**ON VISIT HERE**  
Lt. Louise Atkison, who is in the WACS and stationed at Fort Ord, Ga., came in the latter part of last week for a visit with her father, W. H. Atkison, and with other relatives and friends. She is on a 10-day leave.

Mrs. Howard Collins and Miss Gwynna Lee Smith visited with relatives in Seymour over the week end.

Miss Dorothy Boone of Abilene visited with relatives and friends here the first of this week.

Mrs. A. L. Smith and sons, Wayne and Waymon, spent the week end in Hico, visiting with Mrs. Smith's father and other relatives.

Mrs. George Crouch and daughter of Goree were business visitors here last Monday.

Mr. and Mrs. A. R. Wren of Dallas spent the week end here visiting in the home of Mr. Wren's sister and family, Mr. and Mrs. Emory Mullican.

Mr. and Mrs. Sam Roberts and Mr. and Mrs. Grady Roberts of Haskell visited in the home of Mr. and Mrs. J. W. Roberts last Monday evening.

Sgt. and Mrs. Cecil Suggs of Sheppard Field visited with relatives and friends here over the week end.

## People, Spots In The News

**BUOYANT SPAR**—Susie Barnes, a Spar, tries the breeches buoy as a part of her training at Rockport, Mass.

**'FLY' WEIGHT**—Corp. Gloria Lynch of Detroit, 18 years old of the Civil Air Patrol, weighs 90 pounds and her chute weighs 60. CAP is part of Army Air Force.

**SOLAR HOUSE**—Sun's heat reduced fuel bills one-third in house with large, oriented double-glazed windows. Illinois Tech reported after year's test at Homewood, Ill., in cooperation with Libbey-Owens-Ford Glass company. With 17-below outside and furnace off all day, occupant (above) was comfortable. George Fred Keck was architect.

## Defense Guard Faces Problems In Bivouac At Barkeley Maneuvers Area

Some 1,000 officers and enlisted men of the 10th, 11th and 17th battalions of the Texas Defense Guard were in bivouac along Elm creek in the Camp Barkeley maneuver area Saturday night and were awaiting the dawn for a military problem that will occupy them most of today.

In charge of the exercises were Majors Olney H. Bryant, Abilene, and C. T. Edwards, both from the adjutant general's office, Austin. The three battalions of the guardsmen were alerted at 1 a. m. Saturday and arrived at the bivouac areas late Saturday afternoon.

Companies from Abilene, Moran, Colorado City, Albany, Sweet-

water, Stamford, San Angelo, Big Lake, Iraan, Ballinger, Eden, Rule, Throckmorton, Olney, Munday and Bryson were participating in the maneuvers.

Majors Bryant and Edwards Saturday night inspected the three battalions for sanitation, equipment, supplies, interior guard duty, outpost guard duty. Today's problem will consist of motorized patrols leading up to the final phase of the problem which will be the retaking of an air field that had fallen into enemy hands.

Umpires for the problem will be furnished by Camp Barkeley. Chief umpire will be Capt. Joseph F. Hinton, assistant operations, and training officer at Barkeley. Others assigned to this detail include Capt. Lance C. Allen, Capt. Chas. R. Roberts, Lt. William R. Doerr, Lt. Earle C. Misner and Lt. Earl

D. Brand.

According to Major Bryant the Texas Defense Guard is the largest in strength of any state in the union and has been accredited by the War Department as being the best trained of any state guard organization. Commanding general of the organization is Brig. Gen. Arthur B. Knickerbocker, adjutant general of the state.

Participating in today's exercises will be the Civil Air Patrol squadrons of Abilene and Stamford, also members of the state highway patrol.

The 17th battalion, commanded by Maj. James C. (Vinegar Jim) Harpham, Munday, will be assigned to defend the captured air field against attempts of the 10th and 11th battalions to retake it.

Commanding the 10th and 11th battalions are, Maj. John A. Alvis, Abilene, and Maj. Emmett D. Cox, San Angelo.

Companies participating and their commanders are: 10th battalion—Company A, Abilene, Capt. J. L. Warren; Company B, Abilene, Capt. Roscoe Blankenship; Company C, Moran, Capt. George L. McCargo; Company D, Colorado City, Capt. L. Latham; Company E, Albany, Capt. D. R. Harris; Company F, Sweetwater, Capt. J. B. Darnell; Company G, Stamford, apt. B. D. Doble; Headquarters detachment, Abilene, Lt. O. P. Beebe.

11th battalion — Headquarters detachment, San Angelo, Lt. R. L. Wren; Company A, San Angelo, Capt. W. S. Leslie; Company B, San Angelo, Capt. E. K. Kelley; Company C, Big Lake, Capt. Ira Glascock, Jr.; Company D, Iraan, Capt. H. L. Nixon; Company E,

## Knot-Stitch Snood

Typical of the simple, certain-to-please things you can make at home these busy days is this knot stitch snood of mercerized cotton. This particular style requires only two balls of mercerized crochet or knitting cotton, and less than a yard of ribbon. Instructions for making a wide variety of models are obtainable everywhere, making it easy for milady to be the "tops" in style.

Ballinger, Captain Wallace; Company F, Captain McElroy.

17th battalion — Headquarters detachment, Rule, Lt. E. O. Morgan; Company A, Throckmorton, Capt. S. R. Davis; Company B, Olney, Capt. Joseph Johnson; Company C, Munday, Capt. C. C. Jones, and Company D, Bryson, Capt. G. R. Swetnam.—Abilene Reporter.

Upon returning members of Company C reported spending an almost sleepless night Saturday night, but all were impressed with Sunday's activities, with planes

bombing the battalions and cars and equipment trying to get over the rough terrain which seemingly had only been traveled by jeeps.

A grass fire caused by smoke screen pots and tear gas pots caused a halt in maneuvers, while the 17th battalion had the job of putting out the fire. Company C members said it wasn't much fun trying to put out a grass fire in the midst of tear gas—the boys forgetting their years of manhood and crying unashamed during this experience.

Tech. Sgt. and Hugh C. Bell of Camp Haan, Calif., spent the week end with Mr. and Mrs. J. E. Bell and with other relatives. Sgt. Bell was enroute to Amarillo on government business.

## HERE FROM NEW YORK

Mrs. Helen von Bauman of New York City came in Wednesday for several days visit with her mother, Mrs. J. R. Smith and with other relatives. Her sisters, Mrs. W. W. Pusey and Mrs. John Robert Moore met her in Wichita Falls.

Atty. T. W. Templeton of Benjamin was a business visitor here last Friday.

Mrs. H. A. Pendleton and Mrs. J. C. Harpham were business visitors in Wichita Falls last Tuesday.

Mrs. G. W. Dingus returned home the latter part of last week from Fort Worth, where she visited her daughter, Miss Maxie Dingus, and other relatives for several days.

## Fetsch Family Has Reunion Near Rhineland

There was extra joy and laughter in the home of Mr. and Mrs. Ferd J. Fetsch last week, when all members of the family were together again.

The home coming of their sons, Sgt. Felix A. Fetsch of Barksdale Field, La., and Staff Sgt. Paul J. Fetsch of Mitchell Field, N. Y., was the occasion for this reunion. A son-in-law and daughter, Mr. and Mrs. Leonard J. Albus of Littlefield were also present.

It was a lot of fun for the entire family to be together after almost two years. Even the four grandsons and four granddaughters reported an enjoyable time.

The sons are both airplane mechanics, rating as crew chiefs. They like their work just fine, and said their chief aim was to "keep 'em flying."

Mrs. Glenna Dyke returned to her home in Walters, Okla., last Wednesday after a few days visit with her daughter-in-law, Mrs. James Dyke, and Mrs. Dyke's parents, Mr. and Mrs. W. V. Tiner. She had been to Greenville to visit her son, James, who is in training in the air forces.

## Hefner H. D. Club Meets Tuesday In E. J. Jones Home

The Hefner home demonstration club met on Tuesday, September 21, in the home of Mrs. E. J. Jones. All officers were present.

The program on "treatment of feet" was postponed. At the next meeting officers for the new year will be elected and plans made for the achievement day in November. All members are urged to attend this meeting.

## McGraw Triplets Have Treat Monday

The McGraw triplets had a pleasant surprise awaiting them Monday afternoon at Grandpa Scott's home. He gave them money for refreshments and directed them to go to town and get just whatever they wanted.

The triplets really enjoyed this treat. They think Grandpa Scott is a fine and generous man, and they wish for him many more happy years on this earth.

The little daughter of Mr. and Mrs. J. W. Loving received treatment for a fractured arm at a local physician's office last Saturday night. The child is reported to be getting along nicely.

## Battlefront of Sacrifice Is Urged Upon U. S. Women to Aid 3rd War Loan Drive

WASHINGTON, D. C.—The women of America are going all-out to make a success of the Third War Loan Drive—to "Back the Attack" to the limit. For weeks they have been organizing to do their share toward raising the Treasury's unprecedented goal of 15 billion dollars in War Bond sales to non-banking investors.

In order to lay the groundwork for this intensive organization far enough in advance of the drive, Miss Harriet Elliott, Associate Field Director of the War Finance Division, in charge of women's activities, made a swing around the country during July. Regional conferences were held in Atlanta, Dallas, San Francisco, Denver, Cleveland and Boston.

"Women have been called to the battlefronts of sacrifice at a time when their brains, energies and money are most needed," says Miss Elliott. "Buy Bonds—by sacrifice," is the order of the day. If every woman in America would pledge herself to do without everything she possibly can, and carry out that pledge faithfully, she would make a genuine contribution to victory.

All groups of women are active in the drive. Many cities and counties are conducting Door-knocker canvasses and carrying

out other promotional campaigns to see that every individual in these United States is reached to buy an extra \$100 Bond in September. "It takes bench-to-bench, desk-to-desk, house-to-house, person-to-person contact to put over the job," Miss Elliott believes.

United in this tremendous effort are women belonging to foreign origin groups of every nationality, Negro women, college girls, farm women, war workers, club women—professional, religious, industrial, cultural, educational, patriotic and social groups—in fact, women of every age, from every walk of life.

## Club Meetings For September Well Attended

Six hundred and eighty attended the boys and girls 4-H Club meetings held by Lucile King and R. O. Dunkle, county agents, on Sept. 16 and 17. The schools visited were Munday, Knox City, Union Grove, Truscott, Gilliland, and Benjamin. The other schools were dismissed for cotton picking.

A boy and girl were elected from each club and they in turn put on a little skit on social ethics. The skit was in four parts. The first scene showed the correct and incorrect way for a couple to enter the church with and without an usher. The second scene was where a couple met on the street and they showed proper and improper way for a couple to act when they meet on the street. The third scene was where the boys and girls came home from school and found that the Missionary Society was meeting in their home. Here the boy and girl showed proper and improper etiquette in the home. The fourth scene was where a couple went to the cafe. They showed the proper and improper way of entering the cafe, placing an order, and table manners.

The boys and girls taking part

in these skits are as follows:

- Munday—Martha Hannie and Hulien Montgomery.
- Knox City—Joyce Corley and Jack Simmons.
- Union Grove—Ruth Jane Denton and Tommie Montandon.
- Truscott—Gaye Nelle Chilcoat and Ray Black.
- Gilliland—Mary Baird and W. O. Covington.
- Benjamin—La Rue Tolson and Joe Ben Qualles.

## HERE FROM CALIFORNIA

Mr. and Mrs. Roddy Griffith, who have been residing at Chula Vista, Calif., came in last week for a visit with Roddy's parents, Mr. and Mrs. D. G. Griffith of the Sunset community, and with other relatives here. Roddy took his physical examination last Saturday and will enter the service in a few days. Mrs. Griffith is the former Jane Stodghill.

## Activities of Colored People

Mrs. Alice Napper has returned from Garden City, Kansas, where she spent several weeks with her son, Donnell Napper, who is stationed there. He and Mrs. Mary Nailer accompanied her home Sunday evening.

Mr. and Mrs. Jimmie Lee are very proud of their twin babies who were born on September 20.

Mrs. Ella Louise has returned home after a visit with her mother. B. T. U. was held at West Beulah Baptist church last Sunday evening, with the president, Mrs. Mary Donley in charge.

The missionary society met Monday night with Mrs. Fannie Johnson.

Clarence Stinick spent several days with friends in Munday. He left on the 20th for camp at Garden City, Kans.

## Goree News Items

Mrs. John Coffman spent the week end visiting her son and family, Lieut. and Mrs. A. W. Coffman and children.

Mr. and Mrs. Louis Blankenship and little son have returned from O'Donnell, where they visited Mrs. Blankenship's brother and family, Mr. and Mrs. L. C. Vance.

Mrs. Hubert Edwards has returned from a visit with her son and family, Mr. and Mrs. Wayman Robbin of Coleman.

Mrs. S. E. Keith and son, J. C., of Paris are here for a visit with Mrs. Keith's sister and family, Mr. and Mrs. Carl Barker. S. E. is in the service and is in training in the air corps at Greenville.

Mr. and Mrs. Andrew Gilbert were visitors in the home of Mrs. Gilbert's parents, Mr. and Mrs. M. Claburn, last Sunday.

Mr. and Mrs. Orb Coffman were recent visitors in Wichita Falls.

Bob Condon was a visitor in Goree the past week. He went from here to Seymour for a visit with his daughter, then on to Throckmorton, where he will visit.

Mr. and Mrs. J. M. Condon and daughter, Gertrude, were visitors here over the week end in the home of Mr. and Mrs. Dewey Griffin.

Betty Sue Stevenson recently enrolled at Hardin-Simmons University at Abilene. Miss Stevenson intends to major in music. She is the daughter of Rev. and Mrs. S. E. Stevenson. They accompanied their daughter to Abilene when she enrolled.

Mr. and Mrs. Reuben Bates and Mrs. Mabel Hall left last Friday night for Dallas, where they entered their little daughter, Sammie Sue, in the Parkland hospital. It was found that Sammie was a victim of infantile paralysis. Latest reports are that she is resting as well as can be expected. We all hope that Sammie Sue will soon be able to return home.

Goree schools was dismissed recently, so all the students who desire may help in gathering the cotton. Cotton is rapidly opening because of the continued dry weather, and gins of this section are keeping busy.

Mrs. Lemuel Clark of Alton, Ill., is here to spend the fall season. Mrs. Clark is employed at the McNeill gin. Her husband is serving with the armed forces overseas. Mrs. Clark is the daughter of Mr. and Mrs. Rado Hutchins.

Mr. and Mrs. Joe W. Turner

have just received word from their son, William L. Turner, that he had made the voyage overseas safely. The telegram said that he is well, and "not to worry." William is the 18-year-old son of Mr. and Mrs. Turner. He was inducted into the air corps on May 25th.

Corp. and Mrs. Bud Milford and small daughter have returned to Great Falls, Montana, where Corp. Milford is stationed, after spending a 10-day furlough with relatives here and at Knox City.

Pvt. John Wayne Couch of Camp Hood, near Waco, was here to spend the week end with his parents and other relatives and friends. John Wayne is with the tank division.

George Hunt, who is serving with the naval forces, is home for a 14-day furlough and is visiting his wife and parents, Mr. and Mrs. Ben B. Hunt.

Mack Claburn was a visitor with his parents last Tuesday and Wednesday. Mack was returning from a hospital in St. Louis, Mo., where he underwent surgery. He is im-

proving and was on his way home at Stamford.

Mrs. Maggie Madole had a cablegram from her son, Ross Frank, who is somewhere in the Pacific. He stated that he is safe and well. He is an officer on a torpedo boat with the naval forces.

Mrs. Mabel Hall has had word from her son, Lieut. Quince Hall, who is with the invasion forces. He stated that he is also safe and well.

Mr. and Mrs. A. H. Hargrove and Mrs. Royce Teaft and son of Goree spent the week end in the home of Mr. and Mrs. Raymond Hargrove of Munday.

"A LUNCH-BOX FULL Isn't Enough!" for a DEFENSE WORKER

» » It might satisfy—but just any hastily packed box of food won't give the strength that defense workers need and must have!

» » It's those invisible little particles called "Vitamins" which have to be in that lunch box if I'm to have the "Fighting Food" that's necessary these days.

» » Those precious food elements grow in fresh fruits and vegetables; they put the goodness into meats; but they have to be protected.

» » The food in my lunch box is cooked on an electric range and stored with electric refrigeration before be-

ing combined tastefully and correctly into well-planned lunches.

» » The electric industry, under business management, anticipated the needs of defense workers years ago—in advance of the present emergency. They went to work to build—in order to supply the power for appliances which make possible the preparation and preservation of food—so necessary on both the fighting and home fronts.

## AT THE METHODIST CHURCH

Calling all Methodists! Sunday, September 26th is Church School Rally Day and also Promotion Day. We had the best attendance last Sunday that we have had in some time and we are trying to do even better next Sunday. With your help we can do it. We are calling on you to assist in making this a red letter day in our Church School.

We also had good attendance at both morning and evening worship services. Your presence and prayers for each service will be highly appreciated. May we count on you?

Church School 10:00 a. m.  
Morning Worship 11:00 a. m.  
Youth Fellowship 6:30 p. m.  
The Evening Service 7:15 p. m.

## DeRoy Trammell In South Dakota

BROOKINGS, S. D.—S-Sgt. DeRoy Trammell, son of Mr. and Mrs. Frank Trammell, arrived at South Dakota State College in Brookings, South Dakota this week to attend a six-week course of study in personnel classification procedures at Enlisted Branch No. 3, Army Administration Schools. He was selected to attend this school because he has demonstrated an aptitude for classification technique.

This service school is a unit of the Army Service Forces and is under the administrative control of the Seventh Service Command.

While there he will receive instructions in how to place the right man in the right job at the right time and how to locate men with special qualifications as they are required.

Upon graduation he will return to his permanent organization at the Lubbock Army Air Field and be assigned duty as classification specialist with the Army Air Forces.

Mr. and Mrs. Andy Eiland of Galveston came in last Saturday for several days visit with Andy's mother, Mrs. Dave Eiland, and with other relatives and friends.

County Agent R. O. Dunkle and son, Glenn, of Benjamin were here Saturday morning, visiting with friends and attending to business.

Mr. and Mrs. A. P. Barker and son, Barry, of Lockney; Lieut. and Mrs. Arthur Barker of Altus, Okla., and Mrs. E. C. Henry of Floydada visited in the home of Mr. and Mrs. C. P. Baker over the week end.

# Over \$63,000 In Bonds Purchased at Rally Here Friday

Grownups and children alike were thrilled with the appearance of motored equipment from Camp Barkeley which were on display during the war bond rally held here last Friday. Of chief interest to everyone were the amphibious jeep and the light tank. School children really took in these vehicles, climbing over them, inside of them and peeping under them, after taking a survey of the other trucks and scout cars on display. Many school children were treated with a ride in the jeeps.

Mayor C. R. Elliott, who acted as master of ceremonies, expressed appreciation to Camp Barkeley officials for sending this army equipment to the rally.

Also appearing on the program were two movie and radio stars, Dave (Tex) O'Brien, comedian was the first to appear on the program, telling humorous stories in carrying out his plea for war bonds. Jim Newell, western star and radio singer, also spoke for the purchase of bonds and sang several popular songs.

These men were in charge of an auction in which a box of shotgun shells were auctioned to the highest bond buyers. On two occasions, these shells were purchased then returned to the platform to be re-auctioned. This event boosted the bond buying for the rally.

Rev. Luther Kirk, Methodist pastor, was the principal speaker. He explained the purpose of the drive and expressed confidence that the people of Knox county would not let their government down in this important drive to back the attack made by our armed forces.

During his talk, Rev. Luther Kirk presented Ray Moore, a member of the U. S. Marines who spent five months in actual combat on Guadalcanal. Ray was just closing his 30-day furlough during which time he visited his parents and friends at Munday.

By answering the pastor's questions, Ray told of how the boys at the front were fighting to keep American people free and happy, and that they wondered how those on the home front were backing their efforts. Ray said that every hour of the day these boys in the foxholes were thinking of home and wondering if they would be permitted to return home to their loved ones.

At the close of the program, several ladies worked the crowd for war bond pledges. The committee reported that approximately \$63,000 in bonds was raised during the rally.

Dr. and Mrs. James N. Walker and children, Barbara Lee and David Neal, of Dallas came in last Monday night for several days visit with Mrs. Walker's parents, Mr. and Mrs. G. R. Eiland, and with other relatives and friends.

## IN FOREIGN SERVICE

Word has been received from Sgt. Horace Hooper that he has arrived safely in a foreign port. Sgt. Hooper formerly lived at Munday, but was in business in Stamford at the time of his induction.

## Velveteen Chic

Smartest cotton for fall and winter wear is velveteen, shown here in a stylish tailored suit. The hat's of the same material and quilted, too, to add a smart touch. Covered buttons, cut from the same piece of cloth, give milady a costume she's proud to wear anywhere.

## OPA Rules To Apply To Sale Of Club Calves

The following news release will be of interest to 4-H Club members of Knox county who are feeding twenty three calves.

Persons who hold livestock slaughter licenses or permits, those who are selling meat, or those who sell meals, are the only individuals eligible to receive special consideration in issuing the slaughter permits for livestock sold at 4-H Club sales. This stipulation is part of a recent ruling sent to regional offices by the Food Distribution Administration, according to information from Washington to the A. and M. College Extension Service. The FDA has the responsibility for issuing these permits.

The ruling also gives permission to persons not of the three classes named but who wish to support a sale, to buy 4-H Club livestock at a club sale as sponsors and to resell it and be considered exempt from the provisions of F10 26, providing the animal is disposed of to a person eligible to slaughter it or have it slaughtered.

Specifically, the ruling provides that upon receipt of an application from a responsible officer in charge of a calf, pig, or lamb club such as a county agricultural agent, arrangements should be

made for issuance of permits for club animals sold at club sales. The officer in charge of the club will certify that the animals were fed in an organized club under the direction of the Extension Service or other recognized agency. Upon receiving an application and certification arrangements should be made to issue slaughter permits to buyers who are regularly engaged in the business of slaughtering livestock or selling meat, including those who sell meals.

Where persons already have licenses the meat from animals bought at club sales will be reported by the slaughterer as exempt deliveries if he obtains an exemption certificate signed by the

officer in charge of the club. In connection with the ruling, it is pointed out that the Office of Price Administration ruling RO 16 makes no distinction between meat produced from 4-H Club livestock and that produced from any other livestock with regard to surrendering of ration stamps.

Sgt. and Mrs. Paul Pendleton of Wichita Falls visited with Paul's parents, Mr. and Mrs. H. A. Pendleton, over the week end.

Mr. and Mrs. Elton Busby of Brownfield spent the week end here, visiting with Elton's parents, Mr. and Mrs. Tom Busby, and in the home of Mr. and Mrs. A. U. Hathaway.

## Weather Report

Weather report for the period of Sept. 16, 1943 to Sept. 22, inclusive as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
Sept. 16	64	89
Sept. 17	61	85
Sept. 18	48	74
Sept. 19	56	49
Sept. 20	59	48
Sept. 21	61	47
Sept. 22	67	54

Rainfall to date this year 9.88 inches; rainfall to this date last year 20.98 inches.

# Title 7 -- Agriculture

## Chapter XII--War Food Administration

(Commodity Credit Orders)  
(COMMODITY CREDIT CORPORATION ORDER 7)

### Restrictions on Purchases and Use of Cottonseed

The fulfillment of requirements for the defense of the United States will result in a shortage in the supply of cottonseed for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

#### § 1690.7--Restrictions on purchases and use of cottonseed.

- (a) Definitions.
  - (1) "Processor" means any person engaged in the business of producing cottonseed oil.
  - (2) "Manufacturer" means any person engaged in the business of producing cottonseed products other than oil.
  - (3) "Seed dealer" means any person engaged in the business of buying and selling cottonseed for planting purposes.
  - (4) "Recognized handler" means any person regularly engaged prior to August 1, 1943, in the business of purchasing and selling cottonseed.
  - (5) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not, including the States of the United States, their political subdivisions and agencies.
  - (6) "Purchase" means to purchase, acquire by barter or exchange, or to contract to do any of the foregoing. The term "sell" shall be construed accordingly.
  - (7) "Cottonseed" means whole or ground cottonseed.

(b) Limitation on inventory and use of cottonseed by processors, manufacturers and seed dealers. No processor, manufacturer or seed dealer shall purchase or accept delivery of cottonseed of the 1943 crop in a total quantity which, taken in conjunction with the quantity of his existing supply of cottonseed, would be in excess of his processing, manufacturing and seed sales requirements for the period ending August 15, 1944, and no cottonseed of the 1943 crop shall be used by a processor, manufacturer or seed dealer except for meeting his processing, manufacturing and seed sales requirements, or for sale to persons eligible to purchase or accept delivery of such cottonseed under this subsection or under subsections (c) or (d) hereof.

(c) Limitation on ginner's and recognized handler's inventory of cottonseed. No ginner or recognized handler shall have on hand at any time a quantity of cottonseed of the 1943 crop exceeding the quantity for which he has contracts to sell to processors, manufacturers and seed dealers but which he has not yet delivered, plus the greater of (1) the quantity of cottonseed of the 1943 crop purchased by him during the immediately preceding 30 days or (2) tons of such cottonseed.

(d) Restrictions on purchase of cottonseed by other persons. No person other than a processor, a manufacturer, a seed dealer, a ginner, or a recognized handler shall purchase or accept delivery of cottonseed of the 1943 crop in a total quantity in excess of the quantity necessary to meet his planting requirements.

(e) PROHIBITION ON PURCHASE AND USE OF COTTONSEED FOR FEED AND FERTILIZER. No person shall purchase or accept delivery of cottonseed for use as or for manufacture into feed or fertilizer, and no cottonseed purchased by or delivered to any person shall be used as or manufactured into feed or fertilizer. This restriction applies only to cottonseed in whole or ground form.

(f) PROHIBITION ON SALES. No person shall sell cottonseed to any person if he knows or has reason to believe that the purchase thereof would be in violation of this order.

(g) Existing contracts. The restrictions imposed by this order shall be effective without regard to the rights of creditors, existing contracts, or payments made.

(h) Audits and inspections. The President of the Commodity Credit Corporation shall be entitled to make such audit or inspection of the books, records and other writings, premises or stocks of cottonseed of any person, and to make such investigations, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(i) Records and reports. The President of the Commodity Credit Corporation shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(j) Petition for relief from hardship. Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may apply in writing for relief to the President of the Commodity Credit Corporation, setting forth in such petition all pertinent facts and the nature of the relief sought. The President of the Commodity Credit Corporation may thereupon take such action as he deems appropriate, which action shall be final.

(k) VIOLATIONS. The War Food Administration may, by suspension order, prohibit any person who violates any provision of this order from receiving, making any deliveries of, or using cottonseed, or any material subject to priority or allocation control by the War Food Administrator, and may recommend that any such person be prohibited from receiving, making any deliveries of, or using materials subject to the priority or allocation control of other governmental agencies. In addition, any person who willfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Further, civil action may be instituted to enforce any liability or duty created by, or to enjoin would be in violation of this order.

(l) Delegation of authority. The administration of this order and the powers vested in the War Food Administrator, insofar as such powers relate to the administration of this order, are hereby delegated to the President of the Commodity Credit Corporation. The President of the Commodity Credit Corporation is authorized to redelegate to any person within the War Food Administration any or all of the authority vested in him by this order.

(m) Communications. All reports required to be filed hereunder and all communications concerning this order shall, unless instructions to the contrary are issued by the President of the Commodity Credit Corporation, be addressed to the War Food Administrator, United States Department of Agriculture, Washington 25, D. C., Ref. COC-7.

(n) Effective date. This order shall become effective on 12:01 a. m., e. w. t., September 17, 1943.

(E. O. 9280, 7 F. R. 10179; E. O. 9322, 8 F. R. 3807; E. O. 9334, 8 F. R. 5423.)  
Issued this 16th day of September, 1943.

(Signed) MARVIN JONES,  
War Food Administrator.

The above is published as a public service, so all concerned may be familiar with the war emergency law governing unlawful uses of cottonseed. Attention is called to item (e) Prohibition on purchase and use of Cottonseed for Feed and Fertilizer.

## On The Home Front

O.E.M. Division of Information

Quotas on farmers and packers purchases of new burlap bags for packing certain agricultural products have been removed for the balance of 1943. "Certain agricultural products" includes, but is not limited to, beans, cotton, feed, flour meal, fruits, potatoes, vegetables, and tobacco. The restriction on the bag sizes permitted for certain commodities has been relaxed to allow an additional size for each of two types of seed. A 1-2 bushel-bag is allowed for hybrid seed corn, a 3 bushel-bag, for cottonseed. These are in addition to the sizes previously permitted.

**No Dates on Kerosene Coupons**  
Persons who use small amounts of kerosene for domestic cooking and lighting may now get renewal rations for periods longer than the six months formerly permitted. This provision of a recent OPA amendment is to reduce the number of renewal applications by the consumer and the amount of paper work performed by the rationing board. The amendment provides that rations issued for domestic cooking and lighting no longer will bear dates of issuance and expiration, and coupons may be used as long as they last. The rationing board may issue the ration for any period up to a year from date of application. The maximum ration allowed for domestic cooking has been increased to 30 gallons a month for the first seven persons. It was formerly 24 gallons for six or seven persons.

**Approval For Use of Gutters**  
Approval for use of gutters, spouting, conductor pipes, and fittings in dwellings of two stories or less must be obtained from the War Production Board under a recent amendment to Order M-126.

### War Needs Money—YOURS!

This war calls for every ounce of energy, every dime and dollar we can muster for ships—and planes—and guns.

Hit the enemy with a \$25 Bond. Hurt him with a \$50 Bond. Help to blow him sky-high with a \$100 or \$1,000 Bond. Don't delay—every hour counts. Buy United States Defense Bonds and Stamps TODAY.

## Canada's Women Keep 'Em Flying

UNIFORMED women of Canada's Army, Navy, Air Force, are Jills of all trade, no job is too tough for these girls in service to release men for overseas duty.

The Battle Dress of Canadian women ranges from house dresses and business suits to overalls and service uniforms.

The number of women engaged directly or indirectly in war industries has increased from 95,000 in February, 1942, to 255,000. In the fiscal year ending March 31, 1944, war industries are expected to use 60,000 more women, and the armed forces an additional 24,000.

The youngest women's service organized to release men to more active duties, the Women's Royal Canadian Naval Service, had attested 3,104 officers and ratings, and called up 2,396 by June 26, 1943, one year after its establishment.

Officer members of the W.R.C.N.S. now will hold the same rank titles as men in the R.C.N., and will be referred to as commander, lieutenant and sub-lieutenant instead of the previous counterpart, chief officer, first officer, second officer and third officer. The Canadian Women's Army Corps was the first women's service to use the same titles as men.

Formed in September, 1941, the Canadian Women's Army Corps has enlisted more than 11,500.

The first women's service, established in July, 1941, the Royal Canadian Air Force (Women's Division) had enlisted more than 12,300 by the end of June.

Women in nursing services uniforms totalled more than 2,414 at the end of June, with more than 1,714 in the Royal Canadian Army Medical Corps, 276 in the R.C.A.F. nursing service and 169 in the Canadian Navy nursing service. There are also 255 Canadian nurses serving with the South Africa military nursing service.

There are 37 women doctors in the armed services, four in the navy, 21 with the army, and 12 with the air force.

A member of the Royal Canadian Air Force (Women's Division) checks a 'chute for tears.

Huge aircraft engines hold no secrets from Canada's air women. Here they check the motor of a twin-engine bomber.

### Canal Lining

The Bureau of Reclamation, Department of Interior, has reported favorably on use of cotton osnaburg for the reinforcement of low-cost asphalt canal linings. Use of the fabric, as shown here, greatly increases toughness of the lining, and enables the canal or ditch to withstand increased shocks and stresses.

in person or by mail to the local rationing board.

**Cabbage Seed Ceiling Prices**  
Ceiling prices for 1942 cabbage seed have been made the same as for the 1943 crop, according to a recent OPA amendment.

**Housing Down Payments Cut**  
Down payment required to buy housing in rent-controlled areas has been reduced from 33 1-3 per cent to 20 percent. OPA amended the regulation because of easing the housing situation.

**Gasoline For School Buses**  
School buses in districts where school authorities have delayed in filing necessary applications or have failed to reorganize routes in accordance with the school bus conservation policy may get temporary gasoline allotments. The Office of Defense Transportation authorized this action so that school children would not lack school transportation.

**Report Good Wheat Crop in Italy**  
In spite of the war, the Italian wheat crop this year is believed to have been as large or even larger than the pre-war average, according to the Office of Foreign Agricultural Relations of the Department of Agriculture. The 1943 crop may have amounted to as much as 280 million bushels. That estimate compares with unofficial estimates of 269 million bushels last year.

**British Save Fuel**  
Britons have been asked by the Ministry of Fuel to be even more sparing of home comforts this winter than they were last winter, the British Information Services reported recently. By lowering room temperatures in their homes, by using less hot water, by getting along with less light, and by cutting down on fuels used in cooking, the Brits saved four million tons of coal in the winter of 1942-1943. This year the Ministry has urged that economies be pushed further so that six million tons of coal can be saved. As was the case last winter, this winter's fuel saving in Britain will be on a voluntary basis. There will be no rationing but Britons will be expected to

## Dr. H. G. Cook Is Installed As McMurry Prexy

ABILENE — "Here is to arise one of the great colleges of America. Through your prayers, your interest and aid it shall be done," proclaimed Dr. Harold G. Cook, sixth president of McMurry College, Abilene, Texas, at his formal inauguration, held in Radford Memorial Auditorium on the college campus, Tuesday morning, September 14.

"The time has now come in the good providence of God, for McMurry to take the place she is destined to occupy in the cultural life of this territory, and in the developing life of the Methodist Church," he said.

A great throng of people attended the ceremonies that marked the inauguration of the new president, the annual homecoming, the celebration of McMurry's 21st birthday and the formal launching of the college's \$1,750,000 Endowment and Building Fund Campaign.

Bishop Ivan Lee Holt, area bishop of the Methodist Church, presided at the inaugural service, President Umphey Lee, of Southern Methodist University, was the speaker; and S. M. Jay, president of the board of trustees delivered the charge to President Cooke, who gave the inaugural address.

High dignitaries of the church, government representatives, educators, and leaders of the armed forces from Camp Barkeley and the Abilene Air Base, participated in the program which began at 9:30 with a band concert around the flagpole, by the M. R. T. C. Band of Camp Barkeley.

The flag raising ceremonies were held at 10 o'clock, and the inaugural ceremonies began promptly at 11 o'clock.

College presidents and administrators, district superintendents, pastors, alumni, ex-students and leading church laymen and laywomen from west Texas and New Mexico were in attendance.

The new president spoke of the fine accomplishments of McMurry College, saying that through the 20 years of her service she has driven her roots deep into the life soil of our great homogenous West Texas-New Mexico territory; and that from the college there has gone out nearly 150 preachers of the gospel as members of the various conferences of the Methodist

Church and approximately 1,000 men and women who are teaching or serving as administrators in our public schools. He also paid tribute to the hundreds of fine laymen and laywomen from the college,

who have gone out into places of leadership in the local churches of the area. Rev. Luther Kirk and Lee Haymes, both of Munday, attended the inaugural ceremonies.

## Do More in September

—at least an **EXTRA**

**\$100 War Bond for everybody!**

Look at the headlines in this newspaper today. They tell vividly what our men are doing on battlefronts all over the world.

We thrilled to victory in Tunisia . . . victory at Munda . . . invasion of Sicily. And tomorrow more victories will fill us with pride in our fighting forces.

But what would happen to us if our men in Service said, "We've done enough"? It would be the end of all of us.

We know, of course, that they'll never quit.

We know, too, that YOU won't let America down. That YOU won't

say, "I've done all I can." For your job is no less important than that of the man in uniform. And this month your country asks everyone who possibly can to invest in at least one extra \$100 War Bond.

You know the benefits of War Bonds. They're the safest investment in the world. They secure your future. They help your country and your loved ones doing the fighting.

Get at least an extra \$100 Bond in September in addition to your regular purchases. More if possible.

Invest not only out of current income but out of idle and accumulated funds. And do it NOW!

### Wounded Fighters Now Taking Part On Production Front

Honorably Discharged Service Men Receive Training for Jobs in War Production Factories

DETROIT, Mich. (IPS)—That industry and the battlefronts have really joined hands becomes even more evident now with the presence of honorably discharged service men on the production lines. Practically every battlefront and major naval engagement in which the United States has participated in this war is represented in the plants of one company here which provides specialized training in its schools for "veterans" of World War II.

These former service men have proved to be such excellent workers and morale builders that the firm's personnel director has asked

governmental agencies to send him as many as possible. Then the case history of each man is studied so that he can be placed where he is best suited, both physically and by education and training.

**Influence Other Employees**  
Absenteeism, strikes, careless talk, and wasting of materials are some of the things about which these returned soldiers, sailors and marines are pretty outspoken. As a result, their fellow workers, who know they aren't fooling, tend to become lots more serious about their work.

One of the best students at the training school is a 31-year-old Chinese who served seven months in the United States Army and whose wife and three children are in China. He will be a riveter on the airplane wing production line which is now employing more than a hundred Chinese men and women.

Another student at the riveting

### "Back The Attack!"

Courtesy Los Angeles Examiner

school, aged 25 and the wearer of the Distinguished Service Cross for bravery, lost two brothers in this war, and was himself discharged after receiving several shrapnel wounds in New Guinea. This lad was at Pearl Harbor when it was attacked, was then rushed to Bataan where he was wounded shortly before its fall. He was evacuated by a plane to a hospital ship which in turn was sunk by the Japs!

**Army, Navy Men Return**  
One discharged soldier, who did not mention the fact that he had been injured while serving as a turret gunner in a B-26 Marauder bomber, tried to return to his old job of riveting. The noisy batteries of riveting guns unnerved him so that he was unable to carry on. The personnel department found him a job on a Michigan farm where he is recovering from shock so rapidly that he hopes to resume his factory work soon.

A discharged navy man, formerly employed by the company, returned to the production line after serving in nine major naval engagements and suffering an injury to his back which prevents him

### TRIM JUMPER

**WHETHER** your job is office, home or war work, you want your work-a-day wardrobe to be neat and adaptable. Hence the popularity of the jumper dress, shown here in snuff brown spun rayon. Wear it with its companion striped sheer blouse—or change its appearance completely with a crisp, white tailored shirtwaist or a blouse in a harmonizing solid color. Rayons which have passed dry cleaning tests will retain their shape and lovely colors after repeated trips to your local dry cleaner—another requisite for a serviceable wartime wardrobe.

from doing heavy work. He was wounded several times. These men, unable to remain on the battlefield, are still fighting from home front positions where they serve the dual function of efficient war workers and outstanding examples for others.

### Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

**AUSTEN** — With the advent of fall and the attendant seasonal changes of weather, common colds become much more prevalent and widespread in the state.

Dr. Geo. W. Cox, state health officer, has issued a warning against the careless treatment of any respiratory illness since they can and frequently do result in the dreaded complication, pneumonia. He emphasized the fact that pneumonia usually strikes with little or no warning, following a simple cold, an attack of influenza or some other respiratory infection.

"A cold or any other infection of the breathing passage, especially if accompanied by fever, demands the immediate attention of a doctor," the state health officer said. "To try to fight such a disease without bed rest and by means of self-medication may endanger life unnecessarily."

According to Dr. Cox, prevention is better than cure and in order to avoid colds, influenza, and pneumonia, he advised building up normal physical resistance by sufficient sleep and rest. "However," he added, "if, in spite of such care, a respiratory illness develops, the family doctor should be called immediately."

The fact that pneumonia is definitely a communicable disease is often overlooked, Dr. Cox stated.

### Caution Urged In Using Old Anti-Freeze

**LUBBOCK** — Owners and operators of all types of motor vehicles who plan to use again this winter anti-freeze saved over from last winter are urged by the Office of Defense Transportation to have the liquid tested before putting it into the radiator to make certain that:

- (1) It is not of a harmful oil or salt (corrosive) type.
- (2) Its anti-freeze strength is not impaired.
- (3) It contains sufficient acid and rust inhibitor.

W. J. Cumming, chief of the vehicle maintenance division of ODT's Division of Motor Transport, points out that anti-freezes of the deleterious salt or oil type should not be used or re-used; if saved over from last winter they should be discarded.

With the addition of acid and rust inhibitor as needed, permanent type anti-freeze (the ethylene-glycol type) can be re-used safely as long as they have the required anti-freeze strength. They can be easily tested with a standard tester and if found weak in active anti-freeze, ethylene-glycol to give the required anti-freeze strength should be added. Since time and use expend the strength of acid and rust inhibitors in permanent type anti-freeze, fresh inhibitor should be added if litmus paper inserted in the solution turns pink or red, or if the solution looks rusty.

This can be checked by allowing a sample of the solution to stand overnight in a clear glass container. If the solution is suitable for use, it will clear up practically water-white, or with at least a trace of the original solution's color. Acid and rust inhibitor does not increase anti-freeze strength. Cumming emphasizes that in add-

ing new anti-freeze to any type of used anti-freeze, the motorist should not mix alcohol and ethylene-glycol, since mixtures of these cannot be correctly tested with standard anti-freeze testers. He added that wherever possible it is advisable, when adding inhibitor or active anti-freeze to use new materials of the same brand as the original and to follow care-

fully the manufacturer's instructions on the container.

Mrs. J. C. Harpham returned home the latter part of last week after several days visit with friends and relatives in Dallas.

Miss Evelyn McGraw visited with friends and relatives in Fort Worth over the week end.

### AMERICAN HEROES

BY LEFF

While making his way back to the hospital—he was a walking hospital case—Master Gunnery Sergeant James G. Blalock spotted a group of Japs in the underbrush. Drawing his pistol, he entered the thicket and came out with nine Jap prisoners.

Marine Sergeant Blalock now wears the Silver Star, awarded him for conspicuous gallantry in that Solomon Islands action. He can be proud of such a record. Can you be equally proud of your Bond buying record during the Third War Loan?

## Farmers And Ranchers To Get Ammunition

Knox county farmers and ranchers may purchase during any calendar quarter 100 rounds of .22 caliber long rifle cartridges or other rim fire cartridges; 40 rounds of center fire cartridges such as .30-30 caliber and 25 rounds of any gauge shotgun shells by executing Certificate No. 4 of L-286 according to August Schumacher, chairman of Knox county USDA War Board. The War Food Administration has been concerned for some time about the shortage of ammunition for use by farmers in controlling predatory animals and birds August Schumacher said. The amount available for the past year has been so inadequate that many farmers have been unable to obtain the small quota permitted under War Production Board Limitation Order L-286.

A program has been adopted under which approximately 100 million shotgun shells, 12 million center fire rifle cartridges and 100 million .22 caliber rim fire cartridges will be available for distribution.

Farmers and ranchers who need ammunition should execute certificate No. 4 which can be obtained from their dealer or from the Knox county USDA War Board. Those needing a larger amount of ammunition than can be secured by using Certificate No. 4 may purchase a special quota (50 rounds of .22 caliber long rifle cartridges, 20 center fire rifle cartridges, and 25 shotgun shells) by using certificate No. 5, provided they secure these amounts prior to October 1 or their written orders are in the hands of the dealer by that date. If a farmer or rancher needs a larger amount of ammunition than can be secured by using Certificates No. 4 and 5, he may apply to the Government Division, War Production Board, Washington, D. C. using Form PD-860.

Leslie G. Bisbee, Acting Administrative Officer.

## Auction Sale Has Busy Day

The Munday Livestock Commission Co. reports another big run of cattle for last Tuesday's sale. Fat cattle sold steady with last week, while stocker cattle sold from 25 to 50 cents lower than a week ago.

Canner and cutter cows sold from \$4.50 to \$7; butcher cows, \$7.75 to \$9; beef cows, \$9.25 to \$10.75; butcher bulls, \$7 to \$8.75; beef bulls, \$9 to \$10.50; butcher yearlings, \$8.50 to \$11; fat yearlings, \$10.50 to \$12.50; rannie calves, \$6.75 to \$7.50; butcher calves, \$8 to \$10, and fat calves, \$10.50 to \$12.75.

Mr. and Mrs. D. E. Holder, Jr., left Tuesday for Altus, Okla., to visit in the home of Mr. and Mrs. Winston Blacklock for several days.

Mrs. T. A. McCarty of San Antonio came in last Tuesday for an extended visit with her son-in-law and daughter, Mr. and Mrs. Sebern Jones.

## Millions of Volunteers Settle Down to Hard Grind for 3rd War Loan

Washington, D. C., Sept. 15—With the first burst of enthusiasm spent, the "third" army of more than 4,500,000 volunteers settled down today to a steady siege and a day-by-day advance to reach its quota of fifteen billion dollars in the Third War Loan Drive.

Reports from all sections of the nation in the first week of the drive indicated that the battle to "Back the Attack with War Bonds" is progressing "according to plan," but that every possible effort must be exhausted if the goal of at least an extra \$100 War Bond for every income earner is to be reached.

First meager reports indicate that in some cities and in some sectors on this important battle front the immediate objective has been obtained and the quota met. In other sections a long hard pull will be necessary in the house-to-house and bench-to-bench canvass which has been undertaken in order to reach every man, woman and child in the United States.

This Third War Loan Drive is a challenge to the American people without parallel in history, for they are being asked to "lend" the largest sum of money ever raised in the life of any nation. It is a challenge to their will to sacrifice to "back the attack" of their husbands, sons, brothers and fathers who are sacrificing everything, even life, so that the people back home may continue to enjoy the freedom and liberty of the American way of life.

Reports from many of the urban sections of the nation indicate that workers are answering the challenge to send their dollars to war to "back the attack." "Fur coat money," "automobile money," "new appliance money," "new home money," is going into War Bonds for the duration, into the assembly lines for tanks and planes, to settle today's job and guarantee a victorious America of tomorrow when

every War Bond dollar will pay \$4 for \$3.

"Labor-Management committees are working hand in hand; returned war heroes, film stars, bankers, housewives, professional men, workers, clerks and salesmen—men and women in every walk of life are demonstrating that War Bonds bring unity to American life and that the nation is bonded in a common purpose in this great financing task." Ted R. Gamble, national director of the War Finance Division of the Treasury, said here today.

"The people of the nation are demonstrating that Americans on the home front can and will match the performance of the invading armies in 'backing the attack' when they are called upon to do a job," Mr. Gamble said.

"Never before in history have a people in civilian life been asked to do a job comparable to the task which must be done in this Third War Loan," Mr. Gamble observed, "but we have a sustaining faith in the ability of the American people to make every sacrifice, to meet every test with which they are faced, in the voluntary, democratic way so that our boys in the trenches and on the battle lines may have the tools with which to fight our common enemies."

Mrs. T. H. Jones and Mrs. D. G. Jones of this community, and with old friends in this section.

Mrs. E. H. Jones has been on the sick list the past few days.

Elmo Cure and family of Abilene were Sunday visitors with his parents, Mr. and Mrs. John Cure. Mrs. Cure's granddaughter and family of Parker county were also visitors here. Mrs. Cure has been on the sick list.

Mr. and Mrs. R. L. Lambeth were Sunday afternoon visitors with Mr. and Mrs. George Oliver of Goree.

Mr. and Mrs. J. W. Hudson had their son, Joe, who is in a camp in Indiana, to visit them several days last week.

Cpl. Marvin McAfee of Camp Wolters visited his parents, Mr. and Mrs. Chas. McAfee of the Sunset community, last Sunday.

George Salem went to San Antonio last Sunday and spent the first of this week there, buying merchandise for the Fair Store and the Economy Store.

Mr. and Mrs. Walter Phillips and son, Walter Jr., of Lubbock visited friends here a while Tuesday. They were enroute home after a visit with relatives at Bridgeport.

Herbert Stodghill returned home last Saturday after spending several weeks visiting with relatives at Chula Vista, Calif.

### CARD OF THANKS

In sincere appreciation for every deed of kindness, word of sympathy and for the beautiful floral offerings, we express our thanks to everyone who were so kind and thoughtful in the illness and death of our husband and father, F. A. Green.

Our prayer is that God will richly bless each and every one of you and give you such loyal friends in your hours of sorrow. Mrs. F. A. Green and Family.

Mr. and Mrs. G. E. Britton of Amarillo visited with Mr. and Mrs. R. L. Myers here over the week end.

Mr. and Mrs. Carl Mahan and children of Abilene visited relatives and friends here over the week end.

W. H. Littlefield of Anson, secretary-treasurer of the Ideal Security Life Insurance Co., and Sam

Holland, representative of Haskell, were business visitors here Wednesday.

Sheriff L. C. Floyd of Benjamin was here last Monday, visiting with friends and attending to business matters.

Mrs. Fred Broach, Jr., Mrs. Carl Jungman and Mrs. Gerald Pope spent several days in Dallas this week.

## We Have A Supply of 6-Row Cotton Dusters

These cotton dusters are now available, but the chances are they won't be when you need them for your 1944 crop.

It's a good idea to buy yours now—while they are available—and be prepared for cotton insects when they strike.

Just received a half-carload of Penn-zoil, in all weights, in quart containers. The safest way to use motor oil is in sealed containers.

We have a limited supply of low, iron wheeled farm wagons on the floor.

## Meetings For Soil District Are Scheduled

The Supervisors of the Soil Conservation district at a recent meeting at Knox City discussed the matter of writing their congressman concerning the return of war equipment to America which is now being used on the war fronts, and which after the war can be used in the soil conservation districts. After this discussion Mr. Brown, of Rochester, made the following motion, "That each supervisor write a letter to his representative and senator urging that such equipment as tanks, trucks and jeeps be brought back from the fighting front after the war and be made available for conservation work on farms and ranches in organized Soil Conservation districts. Motion carried by unanimous vote.

The board of supervisors are also making an extreme effort to encourage all land owners including their wives to attend the meetings on October 5th, 8:00 p. m. for the election of supervisors.

District No. 3 which includes the south side of Knox county will meet at Munday Grammar school. District No. 4 which includes the central part of Knox county will meet at Benjamin courthouse, and District No. 5 will meet at Truscott school. All meetings will start at 8:00 p. m. with Clay Grove in charge of the meeting at Munday, Jack Idol at Benjamin, and C. C. Browning at Truscott.

Mrs. Johnny Wyatt of O'Brien was a business visitor here last Monday.

## HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Autumn is here, and work of gathering crops is in full swing in this community. Farmers are needing more laborers for this work.

Sammie, the 5-year-old daughter of Mr. and Mrs. R. R. Bates was taken to a Dallas hospital on September 17, suffering from polio. She is expected to be under treatment there for several days.

Mrs. Melba Parker, daughter of Mr. and Mrs. Ben Holder, underwent a major operation at the Knox county hospital the first of this week.

Mrs. J. C. Parks of Rotan is spending this week with her sis-

## To The Farmer and The Ginner

We wish to make the following statement to the farmers and ginner of the immediate cotton producing territory of the MID-WEST CO-OPERATIVE OIL MILL:

1. The farmers co-operative oil mill has brought the farmer and the ginner higher prices for cottonseed. Last year, if you remember, you didn't get as good prices for your cottonseed.
2. If you appreciate this service and these higher prices for your cottonseed, then stay loyally by your co-operative oil mill which has brought you better prices for your cottonseed.
3. And remember, Mr. Farmer, whether you are a co-op ginner member or not, the co-operative oil mill at Hamlin, made possible by the support of your co-operative gins, has brought YOU higher prices for YOUR cottonseed.
4. Stop and think! What would you be getting TODAY for your cottonseed if there was no co-operative oil mill at Hamlin?
5. Stop and think! What would you be paying per hundred for ginning if there were no co-op gins?
6. According to our best information, certain oil mills in the territory have offered co-op gins a high price for cottonseed, but have refused to buy cottonseed at this proffered high price from independent and Oil-Mill-owned gins when offered the opportunity to purchase cottonseed at such high prices.

### YOU NEED YOUR CO-OP OIL MILL AND YOUR CO-OP OIL MILL NEEDS YOU.

7. The co-op oil mill at Hamlin is in a position to return to the gin or farmer from which the cottonseed comes, all the meal and hulls which a ton of cottonseed will produce.
8. We also handle Government cotton loan papers through our member gins on Form "G" producer's warranty, which permits the farmer-owner to sell either his equity or his spot cotton within three days time, as we hold our own warehouse receipts on this form "G" producer's warranty cotton.

### COMPLETE SERVICE

9. We strive to give a complete service to the ginner and the farmer in handling his cottonseed, returning meal and hulls, and in handling his cotton loan paper.
