Mother of Mrs. P. C. Phillips Dies At Plainview

Mrs. Press Phillips was called to Plainview on Thanksgiving day to the bedside of her mother, Mrs. L. C. Perryman. Mrs. Perryman, who had been ill at the home of her daughter, Mrs. H. R. Keeney, for seven months, passed away on November 27 at the age of 83 years and one month.

Mrs. Perryman was born in Macon, Ga., on October 27, 1860. Since the death of her husband 34 years ago, she had lived with her children. Burial was in Stratford, Okla. beside her husband.

She is survived by the following children: Mrs. Press Phillips, Munday; Mrs. H. R. Keeney, Plainview; J. F. Perryman, Ralls; R. D. Perryman, Sayre, Okla.; Mrs. W. R. Galloway, Foss, Okla.; Mrs. Lee Young, Weatherford; Mrs. John Rhea, Amarillo, and Mrs. Lewis Atchison, Levelland. She also survived by 32 grandchildren and 27 great grandchildren.

Pallbearers were grandsons of Mrs. Perryman, who are: Ernest Galloway, Foss Okla.; Arthur Galloway, Oklahoma City. Glen Perryman, Pratt, Kans.; Nolan and John Phillips, Munday; Glen Perryman, Arapaho, Okla.; Shelton Phillips, Vernon, and Olin Perryman, Lubbock.

G. O. P. Leader Sold On Texas

Wendell Willkie and Hugh Exum, Chairman Republican State Executive Committee of Texas, and Mrs. Exum, as the party of the Republican aspirant for President left Texas on the Fort Worth and Denver's Texas Zephyr, after a tour of several cities in the state. Mr. Exum said Texans really sold their state to Willkie, who was impressed by the large crowds and cordial receptions he received here.

Cottanseed Meal Cake Are Frozen

Believe It Or Not—A Sale!

Coming at a time when it is an unusual event, A. J. Malouf, owner of Malouf Dry Goods in Knox City, is this week announcing a "Believe It Or Not" sale. With merchandise extremely hard to get, due to wartime restrictions and shortage of labor, this is really a "Believe It Or Not" event for Knox county. Mr. Malouf said that some items will be limited to customers in order that everyone will have their fair share. The sale will open on Friday, December 3, and will continue for one week only.

Attend Grand Lodge of Texas

G. B. Hammett, master of Knox Lodge 851, A. F. and A. M., left last Sunday for Waco, where he is attending the annual communication of the Grand Lodge of Texas. He accompanied a group from Knox City. This group left early in order to represent the Knox City and Munday chapters, R. A. M., at the Grand Chapter meeting which was held on Monday and Tuesday. The annual Grand Lodge communication opened Wednesday morning. Orb Coffman, representing the Goree lodge, left Tuesday morning for Waco, accompanying a group from the Seymour lodge.

Hoyt Gray, Jr. Dies On Monday At El Paso

Hoyt Gray, Jr., son of Mr. and Mrs. Hoyt Gray of Munday, passed away at about 8:30 last Monday morning at El Paso, where he was employed. Mr. Gray's death was caused from complications following an attack of influenza.

Gray, who was 26 years old, was reared in this county and was known by many Knox county citizens. He was employed by his cousin, Joe Giles, who operates a garage in El Paso. He had made his home in El Paso for the past three years.

Surviving him are his parents, Mr. and Mrs. A. H. Gray of Munday; two brothers, Joe C. and Robert Eugene, both of Munday; three sisters, Mrs. Ivan C. Prosser, Laramie, Wyo.; Mrs. Wayne W. Warren, Lubbock, and Miss Louise Gray, Laramie, Wyo., and a number of other relatives who are here for the funeral.

The body was returned to Munday, and funeral services are scheduled for three o'clock Thursday afternoon at the Gillispie church, conducted by Rev. Woodie W. Smith of Fort Worth, assisted by Rev. W. H. Albertson. Interment will be in Gillispie cemetery by the Mahan Funeral Home.

Listed as pallbearers are: Zack Gray, Donald Gray, J. Arthur Smith of Lorenzo, Ezra Smith, J. Elmer Smith, and Joe Giles of El Paso.

Dist. Masons To Meet Dec. 14 At Goree Lodge

Master's Degree To Feature Program

Masons of the 91st Masonic district will gather at Goree Tuesday night, December 14, for the regular quarterly meeting of the district association. Officers of the meeting has been set ahead one week because the regular meeting date came to near the Christmas holidays.

Goree, Seymour and Munday lodges will be hosts to the district Masons, and plans have been completed for a banquet of baked chicken and all the "extras" necessary for a good feed. The meal will be served at 6:30 p. m., and Masons will gather at the lodge hall at eight o'clock for the regular business session.

Conferring of the Master's Degree upon a candidate will feature the evening's program. A good attendance from the ten lodges of this area which comprise the association.

R. J. Paxon of Haskell is president, and E. T. Goss of Seymour is association secretary. Notices have been mailed to all lodges, informing them of the change in meeting date.

JAMES DYKE TO RECEIVE HIS WINGS

Mrs. James Dyke left today (Thursday) for Houston where she will attend the graduation ceremonies for aviation cadets at Ellington Field. Her husband will receive his wings in the exercises to be held Sunday.

AAA Members For County Are Named For 1944

AAA Committee Election
Emmett Partridge was elected as chairman of the Knox County Agricultural Adjustment Agency Committee on November 24, 1943, to serve for 1944. He is to succeed August Schumacher, who has served for a number of years. T. H. Jones was elected as vice chairman to succeed Ernest Beck, and Mr. C. C. Browning was elected as the regular member to succeed Emmett Partridge. Clay F. Grove and August Schumacher were elected as alternate members to the county committee.

Children Asked For Early Letters To Santa Claus

All kiddies of Knox county are asked to write their letters to Santa Claus early this year, if they want them published in the Munday Times.

There's a shortage of labor everywhere, and we imagine Santa Claus is having trouble getting help, too, and will appreciate your requests as early as possible.

Write your letters as soon as possible—right now if convenient. Mail them, send them, or bring them to The Munday Times. They will be promptly forwarded to Santa, and will be printed in our Christmas issue that comes out just before Christmas.

Sit down now, kiddies, and write that letter while it's on your mind.

Church Meeting Held At Seymour

Methodist from this district gathered at the Seymour church last Saturday for a harvest day program by members of the Women's Society of Christian Service and a pastor's institute.

An interesting program was enjoyed during the all-day meeting. Dr. Harold G. Cooke, president of McMurry College, was present and brought an interesting message concerning the building and endowment campaign of the college. Attending the meeting from Munday were Rev. and Mrs. Luther Kirk, Mrs. S. E. McStay, Rev. J. R. Bateman, Mrs. C. H. Giddings and Mrs. O. H. Spann.

THANKSGIVING BABY

Mr. and Mrs. D. R. Sullivan of Vera are the proud parents of a Thanksgiving baby—a son who was born on Thursday, November 25, at the Knox county hospital. Mother and little son are reported doing nicely.

Patsy Ruth Kirk, who is attending McMurry College in Abilene, visited her parents, Rev. and Mrs. Luther Kirk, over the week end.

A new intercommunication system is now being installed in the Munday Public Schools, coming as a gift from the Munday Parent-Teachers Association and the high school classes.

This is the most modern equipment of its kind on the market. It will enable the school to take advantage of the "Texas School of the Air" program which is conducted by the State Department of Education, covering all of the major fields of modern education and being conducted by some of the most accomplished educators.

The system will enable the school to receive important speeches and other radio programs and place them into any one room or group of rooms desired.

It will also be valuable in teaching radio speaking. Supt. W. C. Cunningham stated the school is putting on some radio programs this year, the first to be December 17 from 11:15 to 11:45 a. m. over KVWC, Vernon. This system will enable the school to test these programs before they are put on the air.

The superintendent and principals can make announcements over the system without leaving their office or disturbing the rooms, directing the announcements to any room or group of rooms desired.

This is considered the most modern educational equipment for present-day schools, and is being installed to connect both the Munday school buildings. Installation is expected to be completed within the near future.

Members of the school board join Mr. Cunningham in expressing their sincere appreciation to the P. T. A. and high school classes for this equipment.

1.51 Inch Rain Visits County

Knox county benefitted by a slow, soaking rain which fell last Thursday night and Friday, bringing an attitude of thanksgiving to everyone in this section.

The rain was general over this section, with as high as two inches being reported in some areas. The rainfall amounted to 1.19 at eight o'clock Friday morning at Munday, and H. P. Hill, U. S. weather observer, reported a total of 1.51 for Munday.

Many farmers who had "dusted in" wheat during the drought were elated over this moisture, while others who have not planted their wheat have indicated they were afraid to plant on this limited amount of moisture.

More disappointed than anyone over the limited precipitation and the manner in which it fell were farmers and stockmen who have been hauling water for their stock. Coming slow like it did, the rain failed to furnish water for surface tanks upon which these people depend for stock water, and the water hauling is continuing. With their stock needing water and roads so muddy they couldn't get to available water supplies, this type of weather presented quite a problem to these people.

All in all, the rain was very welcomed—and they'll take on more when J. Pluvius takes the notion.

Attend Baptist Workers' Meeting

A workers' conference of the Haskell Baptist Association was held last Tuesday in Haskell, and those attending from Munday reported a good program and good attendance from over the district. The next meeting will be on December 28th at the Curry Chapel church.

Representing the local church were Rev. and Mrs. W. H. Albertson, Mrs. B. L. Blacklock, Mrs. C. R. Parker and Mrs. C. N. Smith.

STEVENS CHILD HAS BROKEN LIMB

The little daughter of Mr. and Mrs. F. E. Stevens received a broken left limb last Monday when she fell on the living room floor while playing with a playmate. The fracture was set by a local physician, and the child is reported to be getting along nicely.

Miss Imogene McCarty is visiting relatives in Denver City and in Hobbs, New Mexico, this week.

"We Are Buying War Bonds—Are You?"

Part of Sgt. Edward Straube's left foot was shot away at Ferryville, near Bizerte, North Africa. At Halloran General Hospital, Staten Island, N. Y., they are building up his foot again. Sgt. Straube, from Perth Amboy, N. J., buys War Bonds regularly.

Sgt. Bernard Rello, 22, of New York, was wounded by snipers during the Sicilian campaign. His grandparents live in Naples, and he has a brother in the army. Both buy War Bonds regularly. Do you do as much?

Technician 5th Grade John A. Wisniewski, 25, of Door, Mich., lost his right eye, three fingers and suffered chest wounds from shrapnel in the fight to capture Tunis. He is now recovering at Halloran and is a regular War Bond purchaser.

Pvt. Bernard Heidemann's left leg will be two inches shorter when he is discharged from Halloran. He was wounded by a German bullet during the operations in Sicily last August. His home is Chicago. He has been in traction since Sept. He's buying bonds.

The nickname of Pvt. Milton Lieberman, 27, of Brooklyn, is "Clark Gable." He was wounded in Sicily last August and has been at Halloran since October. Every payday \$12.50 is taken out for War Bonds Lieberman is buying. How many do you buy?

HOW NOT TO GROW RICH

Although corporation profits in the United States this year before deduction of taxes will be two-and-one-half times as large as they were in 1929, Federal taxes alone will take 66 cents of each dollar, compared with 13 cents taken in 1929, according to the Cleveland Trust Company's current Business Bulletin. This corroborates the recent testimony of industrial spokesmen in Washington.

Those who fancy that all corporations are waxing fat on war contracts might pause and estimate what is left after State and various local and special taxes have had their fling.

PREVIEW

During the past few months, the forces of inflation have given a preview of the way American freedom can be destroyed from within. Rising prices led to inexorable pressure from organized labor for higher wages in the coal industry. The coal industry, as a private enterprise, could not meet the demands of the miners even if it had wished to. It was bound by the same government "hold the line" orders that bound the miners. But the miners defied government orders by striking, and compelled government seizure of the properties of the coal mine owners, after which it was forced to accede to the miners' wage demands. Thus, at a stroke, property rights, and the authority of representative government, both of which are essential to liberty, were trampled underfoot before the flood of inflation.

The object lesson is inescapable.

THE PUBLIC THINKS

The war record of industry and the labor it employs being more than satisfactory, the problem the public now faces is how it will all shape up after the war.

In a recently published summary of the views of the American war worker, based on studies by the American Institute of Public Opinion, we have some very reassuring information on the nature of the average war worker's attitude.

The majority of war workers are taking a realistic view of the post-war era, saving money now because they think they may have to accept a weekly pay cut. They are satisfied with the way management is running things. They are fair and will not rush to defend fellow workers whom they believe are at fault. And although the majority believe in labor unions they are not blind to the shortcomings of unions.

This is a picture of a level-headed group—an important one which includes millions of men and women and which constitutes one of the largest opinion groups in the country today. And members of the government would do well to consider this when fanciful schemes are being hatched in Washington.

ALL OF US

Every year the nation observes Fire Prevention Week. This year the Week, proclaimed early in October by the President, took on new significance. Because, while we have taken the offensive against the Axis, we are still on the defensive as far as fire* is concerned.

That fire prevention should be made a 52-week program was graphically illustrated by Governor Thomas E. Dewey of New York when he recently said: "It is a matter of record that fire loss in the United States, during the year 1942, amounted to \$315,000,000, according to the figures of the National Board of Fire Underwriters. Thus, in our first war year, we lost \$15,000,000 more by fire than normal. It is also a matter of record that in two years the Nazis, with all their bombing, inflicted damage on Great Britain amounting to \$480,000,000, very little more than our loss by fire (in one year.)"

"Our nation must make every effort to avoid losses which injure our war effort and delay victory. It is the duty of all of us to be vigilant against such aid to the enemy."

When Governor Dewey appealed to "all of us" he put his finger on the secret of effective fire prevention. The enemy, fire, cannot be routed by an army of planes and tanks. It is not that simple. It cannot be seen and smashed once and for all like a Panzer division. No squad of parachutists is needed to subdue a pile of oily rags in a dark corner; merely the attention of one person, a person alert to the deadly menace of combustion.

"All of us" working in thousands of small, often unobserved ways, can prevent most uncontrollable fires before they start. That was the lesson that was hammered home during Fire Prevention Week. We must not forget it.

FREEDOM OF SPEECH FOR ALL

It took a Supreme Court refusal to review a Court of Appeals decision, in order to sustain an employer's right of free speech.

The Second Circuit Court of Appeals in the NLRB vs. American Tube Bending Co. case ruled that an employer can express his opinions to his employees concerning unions and unionization. All the employer had done in this case was to address a letter to his workers several days prior to a NLRB election, explaining the mechanism of the election, urging them to vote, and stressing their freedom of selection. The letter further said that the unions had made no demands on the company, discussed the high wages paid by the company, asked the employees to consider seriously the kind of leadership they wanted, and asserted that the company would continue to play fair. The employer made no secret of his preference for no union.

This National Labor Relations Board termed as unfair labor practice, and it ordered the company not to interfere with or coerce its employees in their right to bargain collectively.

Fortunately the Circuit Court ruling established that this was not coercion or interference. Free speech, which we in this country are so anxious to bring to all the world, must belong to all groups here before we can claim it as our own and recommend it to others. The freedom of an employer to tell his employees how he feels about an issue close to the concern is part and parcel of national freedom of speech. Without it, as without any other aspect of it, there can be no real freedom of speech.

IT CAN HAPPEN IN WASHINGTON

The voters of El Paso, Texas, have tossed a monkey wrench into the well-oiled wheels of the public ownership steamroller, bringing it to a grinding halt well outside the city limits of their fair city. Its assorted bureaucratic passengers have no choice but to leave the wreck and walk home. That's the only conclusion to be drawn from the disastrous defeat by a vote of four to one of a proposal for the city to take over the privately owned El Paso Electric Company.

As interesting as the defeat itself, is the manner in which it was brought about. Sometime ago the Securities and Exchange Commission, in furthering the program of holding company destruction, ordered the Engineers Public Service Company to dispose of its El Paso properties. El Paso politicians were waiting with open arms. Under Texas law the city would purchase the utility and issue revenue bonds without a vote of the people. It looked like another open and shut case of extending public ownership without interference from the people. But at the last minute something went wrong. Local citizens, with the help of the El Paso Times, started a movement to submit the issue to a vote of the people, with the result that socialism in El Paso was nipped in the bud.

With forthright honesty, the El Paso Herald-Post, active supporter of the public ownership drive, had this to say: "The landslide was caused by the disgust of the people over government interference in business. Five years ago the proposal would more than likely have carried. But in the meantime, the people have been treated to repeated doses of government interference in their affairs, and they haven't liked it. In this community, they took the first chance they had to say so. Recent elections have shown the same results. It is a trend of the times."

"The national politicians might take a look at the El Paso returns. The leftwingers, so powerful in Washington, will find something in the figures to give them pause."

"If it can happen in El Paso, it can happen in Washington."

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN — According to a morbidity report just released by Dr. Geo. W. Cox, state health officer, dysentery in the State of Texas shows a current incidence of 598 cases as compared with a seven-year median of 38. This places dysentery definitely in the epidemic stage and Dr. Cox urged all possible precautions to prevent the further spread of the disease since it is not only disabling but dangerous.

"Dysentery germs gain entrance to the body through the mouth in the same manner as food," Dr. Cox said. "They find conditions favorable to their development and the resulting diarrhea pain in the abdomen, and toxemia combine to produce a serious illness in the victim."

Dysentery germs cause inflammation of the lining of the intestinal tract which produces severe pain throughout the abdomen. Toxemia results from dehydration and the absorption of the poisonous substances produced by the germs.

Dr. Cox pointed out that while dysentery is ordinarily much more prevalent among children than adults, at the present time the disease appears to be making its occurrence without respect to age groups. An unusual feature of the present epidemic is the fact that dysentery is usually regarded as a summer disease and it is seldom that it is wide-spread in the fall and winter months. This, no doubt, accounts for the fact that the present incidence is so far in excess of the seven-year median.

"The dysentery germ is always expelled with the excreta of the victim," Dr. Cox said. "It is therefore urgently necessary that the strictest sanitary measures be observed in the care of dysentery patients to prevent the further spread of this disease which is always disabling and often fatal."

The mortality rate among Mexican immigrant children in Texas is lower than that south of the border, a University of Texas anthropologist has found. The mortality rate is three child deaths per family in Mexico, two among families that have moved to the United States.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. LIVING NEWSPAPER TELEVISED IN TEST

Bringing a newspaper literally to life, with personalities stepping from its pages, is the latest contribution of business research and science.

Before fifty editors and publishers, a large electric manufacturing firm, an innovator in electronics, recently arranged the television preview with the cooperation of a nearby newspaper.

page edition of the paper were first projected on the screens of television sets. Then stories, want-ads, display advertisements, comic cartoons, and other features were re-enacted in a large studio similar to those used in making moving pictures.

A war commentator was able to use a map to describe what the latest bulletin meant in geographic terms; financial news was demonstrated by silver dollars stacked in piles; fashions came to life with the beautiful models wheeled into view for the general public to oggle.

A realistic wartime touch was the scene showing a housewife being interviewed by a job-seeking maid.

Although industry had manufactured and marketed only a few sets before the war, and has had little time to develop them commercially since, the technical progress in television has been tremendous. And tomorrow—?

Junior News

The Juniors really did enjoy the Thanksgiving holidays and after so much celebration it was hard to start back to school Monday. Radene says she's ashamed to look a turkey in the face because she ate so much turkey for Thanksgiving dinner.

We all laughed until our sides hurt at the plays the Freshman class put on last Wednesday. They were good entertainers and very comical. A new star was discovered and we're thinking George Wheeler ought to be sent to Hollywood to be another Bob Hope or Red Skelton.

Descriptive words are the subject of our studies in English now. Soon we are going to describe someone we know. That shouldn't be so hard especially if it's someone like Tyrone Power or Gene Tierney.

Senior Life

By Frances Yates

On the sixth day of November, nineteen hundred and twenty-six, the A. P. Fitzgerald family welcomed a newcomer at their home. This newcomer was all wrapped in little pink blankets and they were all so proud of it that even Denzil stood by constantly awaiting to get a peep at it. This little bundle gradually outgrew the blankets and is now our own Senior classmate, Jonell. "Jo" as she is frequently called, is a very pretty girl with brown hair, hazel eyes, and fair complexion. She is a very outstanding member of the Senior class, having been a member of it from the first grade up. At times she takes a serious attitude toward her books, but most of the time she had rather lead just a gay life. Her greatest joy in school is playing volleyball. She has been a star player on the team every since entering high school, and has been captain the last two years. She also takes an active part in all other school activities.

Jonell seems to be a rather popular girl in both Goree and Munday, especially being popular with a certain usher at the Koxly theatre! Although Jonell never keeps secrets from her best friends, it seems that no one has ever been able to find out just where her interests lie; in England, Sheppard Field, Seymour, Munday, or San Diego. But just the same we are sure she has an interest at one of those places, isn't that right, Jo?

Other favorites:

Pastime—Going.
 Color—Red.
 Song—"I'm Sorry Now."
 Hobby—Dancing.
 Movie Actor—Clark Gable.
 Movie Actress—Bette Davis.
 (Jonell is rather fond of Martha Raye but still prefers Bette Davis.)
 When asked about her future plans, her answer was "I want to join the Marine Air Corps," but knowing her as we do, we are almost sure that her plans are for a little white cottage on top of a hill, with a handsome young man to protect her from the "boogers." But anyway, whatever her plans are, we, the Senior class, send our best wishes and hope for the best of luck.

Senior Report

All of the Seniors are back in school after a delightful Thanksgiving, except one. What's the matter, C. A.? Did you eat too much or what?

Those six weeks exams are coming in on a wing and prayer! this week. Believe me, from all the gossip I've heard about not learning anything this six weeks, well all of us will need a certain little miracle wings and a prayer. I'm afraid we Seniors haven't studied as much as we should have and to make our grades this six weeks, we are really going to have to dig down for our knowledge.

The Seniors have been busy writing essays, and it seems that some of us might make excellent

essayists for some newspaper or magazine. Just give us a half chance, and we can really show our stuff.

A San Antonio store advertises "Cheerful credit." And a shine parlor has this sign, "We invite criticism; come in and raise h—!"

There are many optimistic souls who thought the long fight against loan sharks had been won when the recent legislature gave the Attorney General and district attorneys the power to ask injunctions against 350 per cent racketeers. But those who thought that the loan sharks would give up without a struggle did not take into consideration the ruthless determination and the cold, inhuman greed of the tribe.

Without commenting on the merits of any legal questions involved in the lawsuit, it does seem strange that the sharks—after violating the provisions of the Texas Constitution for years—have actually appealed to the courts that are set up under the very Constitution which these leeches have flouted and are asking that the Attorney General and district attorneys be prevented from putting the new law into effect.

Thousands of dollars, even tens of thousands of dollars, for attorneys' fees and expenses would be "chicken feed" compared to the \$30,000,000 which is estimated as annually extorted in usury in this State—a toll which the sharks want to be allowed to continue to levy.

There is no unbelief. Whoever plants a seed beneath the sod, and waits to see it push away the clod—the trusts in God.

There is no unbelief. Whoever says, when clouds are in the sky: "Be patient, heart; light breaketh by and by," trusts the Most High.

There is no unbelief. Whoever sees, 'neath winter's fields of snow, the silent harvests of the future grow, God's power must know.

There is no unbelief. The heart that looks on when dear eyelids close and dares to live when life has only woes, God's comfort knows.

There is no unbelief. For thus by day and night unconsciously, the heart lives by the faith the lips deny, God knoweth why. (Elizabeth York Case.)

14 Billion Dollars Is Goal For Fourth War Loan Drive Beginning January 18

Secretary Morgenthau announced today that the Fourth War Loan Drive would start January 18, and would run until February 15, 1944.

The goal has been set at \$14,000,000,000. Five and one-half billion dollars of this amount is to be raised directly from individuals.

The State War Finance Committee will have the task of raising this \$14,000,000,000. These committees are being strengthened and expanded to meet the necessity of increasing the number of people who are buying War Bonds. Millions of volunteer salesmen are now ready to carry this campaign for funds to every individual investor in homes and in plants throughout the nation.

The major emphasis throughout the entire period of the Drive—January 18 to February 15—will be placed on the quota of \$5,500,000,000 for individuals. During the period from January 18 to February 1 only sales to individuals will be supplemented starting February 1 with reports of sales to other non-banking investors—the quota for which is \$8,500,000,000. This will not preclude the acceptance of subscriptions from other non-

the direction of the War Finance Committee will consist of:
 Series E Savings Bonds
 Series F and G Savings Bonds
 Series C Savings Notes
 2 1-2 per cent Bonds of 1965-74
 2 1-4 per cent Bonds of 1965-59
 7-8 per cent Certificates of Indebtedness.

In view of the fact that many commercial banks accept time deposits and perform in their own communities the same functions as those performed by other savings institutions, the Treasury will permit such commercial banks to make a limited investment of their time deposits only in the 2 1-4 per cent and 2 1-2 per cent Bonds under a formula to be announced later.

The 2 1-2 per cent Bond will be dated February 1, 1944, due March 15, 1970, callable March 15, 1965, and will be issued in coupon or registered form at the option of the buyers, in denominations from \$500 to \$1,000,000. Commercial banks, which are defined for this purpose as banks accepting demand deposits, will not be permitted to own these bonds until February 1, 1944, except for the limited investment of time deposits.

The 2 1-4 per cent Bond will be dated February 1, 1944, due Sept. 15, 1959, callable Sept. 15, 1956, and will be issued in coupon or registered form at the option of the buyers, in denominations of \$500 to \$1,000,000. Commercial banks, which are defined for this purpose as banks accepting demand deposits, will not be permitted to own these bonds until September 15, 1946, except for the limited investment of time deposits.

The 7-8 per cent Certificate of Indebtedness will be dated February 1, 1944, due February 1, 1945, and will be issued in denominations of \$1,000 to \$1,000,000 and in coupon form only.

The Treasury will request that, until after February 15, 1944, commercial banks not buy the 7-8 per cent Certificates of Indebtedness offered, and that the market not trade in any of the marketable securities offered in the drive.

BIG ENOUGH to do a BIG JOB

The monster bomber is an important American contribution to world-wide war. It carries a large load a long distance—and it does a job no smaller plane can do.

fighting for—where free men can compete, create, and succeed in proportion to their ability.

Size is America's salvation today in other ways as well. The size of our land and its resources. The size of our production plants: the size of our Army and Navy—the size of one company's contribution to those armed forces—in our case it's 182 men! But more significant is the size of the electric industry that powers the machines that make the planes, tanks, guns and ships.

That's exactly the way the electric companies grew—creating jobs by supplying better and better service to more and more people at a lower and lower price—building on the invested savings of millions of Americans.

But size isn't everything. It must be piloted by skill and experience. America's key industries got it by growing up under the system of free enterprise, the system we're

Because the electric companies were ready when war came—because no war plant had to wait for power—precious time was saved in the effort for production!

How big should an electric company be? The same size a bomber should be—BIG ENOUGH TO DO THE JOB RIGHT AROUND THE CLOCK AND THE CALENDAR!

A. E. Richmond and Miss Peggy Haynie Are Married Monday

A. E. Richmond Jr., whose home is in Seymour, and Miss Peggy Jo Haynie of Munday were united in marriage at eight o'clock last Monday evening at the Baptist parsonage, Rev. W. H. Albertson, pastor of the First Baptist church, reading the marriage ceremony.

Mrs. Richmond is the popular daughter of Mr. and Mrs. Chas. Haynie of Munday. She was reared here and graduated from Munday high school in 1939. She later took a course in beauty culture, and for the past few years has been employed at the Haynie Beauty Shop in Munday.

Mr. Richmond is a member of one of Seymour's pioneer families, being the son of Mrs. A. E. Richmond and the late Mr. Richmond, who operated a jewelry store in Seymour for many years. He is in the U. S. Air Forces, having received his bombardier's wings and is now in advanced flight training at Carlisle, New Mexico.

Mr. and Mrs. Richmond are spending a short honeymoon in Wichita Falls and other points. At the close of his furlough, Mr. Richmond will continue his training at Carlisle, while Mrs. Richmond plans to continue her duties at the local beauty shop.

Miss Quintna Wiggins, who is teaching in the Sundown public schools, visited her parents, Mr. and Mrs. J. A. Wiggins, and other relatives over the week end.

Ethelda Robinson Lt. MacConnell Are Married At Goree

Miss Ethelda Robinson, daughter of Mr. and Mrs. W. E. Robinson of Goree, and Lt. James K. MacConnell, son of Mrs. Grace MacConnell of Bayside, L. I. N. Y., were married on November 16th, at one o'clock at the Methodist Church. Rev. Waid Griffin officiated.

The church altar was beautifully decorated with trailing ivy and small white chrysanthemums and white carnations in the background. The candleabra were lighted by Miss Ruth Robinson, sister of the bride and Miss Florene Pippin of Munday.

Mrs. Orb Coffman, accompanied by her daughter, Mildred, sang "Because". Mildred also played the traditional wedding music, and "To a Wild Rose," softly throughout the ceremony.

After the ceremony, a reception was held in the home of the bride's parents. Miss Florene Pippin served the cake and Mrs. Victor Reeves, aunt of the bride, presided at the punch bowl.

The bride wore a cream crepe two-piece suit with blue accessories and carried an heirloom handkerchief, which her mother carried at her wedding. Her going away suit was beige, blue and brown plaid, and her accessories were brown.

Lt. and Mrs. MacConnell are at home at 1924 Monroe St., Alexandria, La.

Reagan Family Reunion Is Held On Thanksgiving

Mr. and Mrs. C. A. Reagan of the Vera community had all of their children home for a reunion on Thanksgiving day. A delicious turkey dinner was enjoyed by all. Membership cards were distributed to the members before adjournment.

Clad in its war paint, the TEXAN roars through the sky. The famous trainer of North American Aviation, Inc., was known as the T-6 until it was given its new name by the U. S. Army Air Forces. The suggestion of J. H. Rindberger, president of North American, made in North American's big Texas plant, the plane is the first in the United States "airmads" to bear the name of a state. The TEXAN, a swift, sturdy plane, is powered by a Pratt and Whitney radial engine, has hydraulic landing gear, dual controls, two-way radio and is equipped with machine guns and bomb racks. It is one of the world's most universal planes due to the fact that cadet pilots of 23 nationalities are training in it.

Recent Bride Is Honored At Shower Held In Goree

Mmes. Will Ratliff, F. G. Danzell, W. A. Moore, and E. N. Miller honored Miss Ethelda Robinson with a crystal and linen shower in the home of Mrs. Miller, November 15.

In the receiving line were: Mrs. Miller, Miss Robinson, bride-elect, Mrs. W. S. Heard, grandmother of the bride, Mrs. Robinson, and Miss Ruth Robinson.

Mrs. Robert Shelton presided at the lace covered table, the centerpiece being a crystal bowl of white chrysanthemums and flanked by crystal candleabra holding white tapers. Assisting in the dining room were Mrs. Ratliff and Mrs. Moore.

The guests calling and sending gifts were:

Mmes. J. W. Baughman, J. H. Blankenship, Will S. Richter, E. F. Heard, Parkes Norris, Ernest Moore, Victor Reeves, Orb Coffman, R. D. Stalcup, Ira Stalcup, Elizabeth Cowser, E. J. Jones, J. B. Mr. and Mrs. G. W. Russell had as their guests over the week end their son and family, Mr. and Mrs. C. P. Russell, and son Truitt, and their daughter and family, Mr. and Mrs. F. D. Smith and daughter, Myra, all of Carlisle, New Mex.

Entertain Friends At Breakfast On Last Thursday

Mr. and Mrs. Barton Carl entertained several couples with a nine o'clock breakfast in their home last Thursday morning. One or both of the couples included in the guest list were classmates in high school here.

The guests gathered at about eight-thirty, and after breakfast they spent some time visiting.

Present were Mr. and Mrs. A. V. Kemletz of Fort Stockton, Mr. and Mrs. A. A. Smith, Jr., Mr. and Mrs. Fred Broach, Jr., Mr. and Mrs. Sidney Lee, Sgt. Preston Ingram of Orlando, Fla., and the host and hostess.

Moore-Stovall Wedding Rites Performed Nov. 13

Julius M. Moore and Miss Willa Stovall were united in marriage on Saturday, November 13, the ceremony being performed at the Baptist parsonage by Rev. W. H. Albertson.

Both are well known young people of this community, Mrs. Moore being the daughter of Mr. and Mrs. W. E. Stovall of Munday, and Mr. Moore the son of Mr. and Mrs. H. E. Moore, also of Munday. They are making their home at the Lansford apartments in Munday.

Mr. and Mrs. H. A. Owens visited with relatives in Abilene during the Thanksgiving holidays.

Mr. and Mrs. A. J. Stratton, Jr. and little daughter, Gloria Jane, of Fort Worth visited with Mr. Stratton's mother, Mrs. A. J. Stratton of Goree, the first of this week.

At The Churches

LAKE CREEK CHURCH AND SUNDAY SCHOOL

Last Sunday morning our Sabbath school was pleased to have back with us two of our young men, Harold and B. L. Melton, their wives and little B. L., Jr.

Harold and B. L. are in training for service to our country. They were former members of our young people's class and also very promising members of our orchestra, their 'guitars' having been silenced by the more insistent call!

The Thanksgiving program was well attended, despite the threatening weather last Thursday night. The program opened with the song, "Onward Christian Soldiers," after which Billie Charles Sargent read a brief scripture lesson from the 116th Psalm and gave a short prayer. Then came several readings by the children of the community, along with their splendid lyric to the tune of "Home on the Range."

Mrs. Vaughn and the string orchestra of six pieces gave two sacred numbers, after which Judge Billingsley of Munday was made the man of the hour and spoke on our American way of life—giving his message a special Thanksgiving trend.

Then last but not least, came the announcement of lunch: chicken, dressing, cranberry sauce (no turkey) roast, cakes, pies and hot coffee. Of such was our program of Thanksgiving—and then came the splendid rain!

If you love rural life, and there's no other place to go, then be in our Sabbath school next Sunday morning and remain with us for the pastor's message.

Chas. Sargent.

PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work. All Presbyterians living in Munday and surrounding country are urgently invited to attend our services. A very hearty invitation is extended to all visitors, especially those who have no regular church home.

Mrs. J. B. Reneau, Jr., and children are visiting her parents in Littlefield for a few days.

EAT WISELY

With food rationed as part of the war program, we shall learn that to eat wisely is to eat well. Everyone should know what constitutes a well balanced diet. Care must be taken to eat proper amounts of protein, carbohydrates, and particularly to be certain that our food contains enough of the vitamins essential to strong, vigorous health.

The question of diet will become of ever greater importance in these days of curtailed food supplies.

Sew for Smartness

MAKE a bright dress to wear under your winter coat. This afternoon dress with shaped pleplum and interesting draping has the chic, custom-made look that is so envied, yet it is not difficult to make. When you're putting fine workmanship into a dress, make sure the fabric you choose will give wear and smartness worthy of your efforts. To guide you in your buying, look for informative labels that tell you about a fabric's performance qualities. A helpful sewing leaflet "Selecting Fabrics For Home Dressmaking" may be obtained by sending a stamped, self-addressed envelope to the Women's Department of this newspaper.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN.—In a statement issued this week by Dr. Geo. W. Cox, state health officer, it was disclosed that in the near future an intensified state-wide educational campaign will be instituted for the control of venereal diseases. "The venereal disease situation in Texas has been receiving the close attention of the State Health Department," Dr. Cox said, "and it has become apparent that with the heavy concentration of military forces now within the borders of this state, the scope of the control program must be broadened. One of the most essential measures in this respect is the educa-

Increase Coal Prices
Anthracite coal ceiling prices have been raised by OPA an average of 62 cents a net ton at the mine. Increases range from 35 to 70 cents a ton, depending on the size of the coal. On June 1, 1944, the new ceilings at the mine will be reduced by an average of 28 cents per ton, leaving net increases of about 34 cents per ton. The exact amount of these increases can be passed on to the consumer. Purpose of the approximately six months of higher ceilings is to compensate mine owners for the retroactive feature of recent wage increases.

Civilians to Get Canned Foods
Increased supplies of canned pineapple, canned grapefruit juice, asparagus, corn, pumpkin, spinach, tomatoes, beans, and figs will reach retail markets within a few weeks, the War Food Administration said recently. They are supplies owned and held by canners, but set aside for government purchase, which have been released to civilians.

More Farm Machinery in '44
An improved outlook for new farm machinery in 1944 is foreseen by the War Food Administration. Raw materials authorized by WPB to make planting, tillage, and harvesting equipment during the year provide for about twice the quantity produced in 1943, or almost 80 per cent of the production in 1940—a year in which manufacture was relatively large. The manufacture of repair parts will be unrestricted.

Suspend Slaughter Quotas
To facilitate marketing and slaughter of record numbers of livestock produced by U. S. farmers, slaughter quotas (for civilian

consumption) until further notice have been suspended by the War Food Administration.

Must Collect Points for Pork
Although WFA has temporarily lifted all its restrictions on the amount of pork a farmer may deliver to persons living off his farm, he must continue to collect ration points for all rationed meats, OPA said recently. If pork is transferred point-free, it means that a great deal of this food will find its way into the black market and will be unavailable to legitimate consumers.

Brown Points for Waste Fats
For every pound of fat a housewife turns in to her meat dealer or other fat salvager, she will receive two brown points, beginning December 13, "But most important," Herbert M. Faust, Director of WPB's Salvage Division said, "Within a month the fat will be transformed into war materials and on the way to the fighting fronts." He reminded housewives to save grease from turkeys, geese, ducks, and chickens, for the manufacture of war products.

Wool Restrictions Lifted
With only two exceptions WPB has lifted all restrictions on use of raw wool. Finer grades of alpaca may not be used except for military purposes, and only carpet wool and mohair may be used for floor coverings.

Fuel Oil Rations Same
Rations of fuel oil throughout

the 33-state rationed area remain unchanged at 10 gallons per unit for period 2, which began November 30, Chester Bowles, OPA Administrator, said recently. Period 3 coupons, which also went into effect November 30 in mid-western and southern states under fuel oil rationing, have the same unit value—10 gallons. This applies to class 4 coupons, used mostly by small householders. Class 5 coupons, used by larger consumers, are good for 50 gallons each. Class 1 and 2 "change making" coupons for fuel oil, part of last year's ration, are invalid for all purposes beginning December 1.

Service Buttons Being Distributed
Plastic gold-coated lapel buttons for wear on civilian clothing, to signify honorable military service on and after the declaration of a period of national emergency, September 9, 1939, are being distributed to issuing agencies throughout the country, the War Department has reported. The insignia on the button is an eagle within a circle, the wings extending beyond the circle's edge. Persons whose army service has been terminated under honorable conditions will be permitted to wear the insignia.

Seed Potato Ceilings
Maximum prices for domestic and imported "certified" seed potatoes have been set by OPA at \$1 above established ceilings for U. S. No. 1 tablestock potatoes, and for "war-approved" seed potatoes at 50 cents above tablestock potatoes.

Can Hold Shoes 30 Days
Without ration payment dealers may not hold shoes bought on a will-call or lay-away plan, or by special order, longer than 30 days after they become available for delivery, OPA has announced.

Requests For Penicillin
The War Department never has controlled penicillin nor received the entire output, Surgeon General Norman T. Kirk of the Army Medical Department explained recently. A civilian request for penicillin, the new drug which prevents the growth of infection bacteria, should be made through the civilian's doctor. The doctor should communicate by telegram, telephone, or personal letter with Dr. Chester F. Keefer, Evans Memorial Hospital, Boston, giving complete details of the case.

Control Of Apple Sales
Sales of apple growers and shippers who package their apples in boxes with a net weight of not more than 26 pounds are not under price control if not more than five boxes are sold at one time to one buyer and if shipped by parcel post or express. However, when these packages are resold by wholesalers and retailers, they are under price control, OPA said.

Western Gasoline Aids Attack
Gasoline drawn largely from the west coast and Rocky Mountain areas is powering land, sea, and air attacks on Bougainville and bombings of Rabaul, according to OWI on the basis of Army and Navy statements. Gasoline is also saving our wounded men by enabling them to be flown in transport planes to hospitals far behind the lines.

Its Patriotic to Eat

Did you know that one of the biggest things we, as high school students, can do toward winning this war is to eat? Yes, eat three meals a day and we'll be helping American soldiers in the "Slow but sure" march toward Tokyo and Berlin. It may sound so simple that it's almost silly, but it's true that we are eating to win the war. We are being educated at the expense of the government and our parents for important jobs after the war. There will be a great need for cultured, educated people to be the leaders in the rehabilitation work that will take place in the world of tomorrow.

Since we have the privilege of education the responsibility of leadership in the future will be placed on our shoulders. We must eat as much as we can from our high school courses and activities. And by eating the right food at our three meals every day, we will keep our bodies strong and our minds clear enough to study and gain every bit of knowledge that we possibly can. It is our responsibility as well as it is our responsibility of a soldier to fire a gun, to eat three well-balanced meals a day.

Our country, and other countries, too, are depending on the high school students of today to acquire enough knowledge and ability to lead them tomorrow. We owe it to them to keep our bodies in the best condition possible to receive the knowledge that is being passed on to us for their benefit. And we can do that only by eating enough of the right foods at the right time.

Senior Report

The Seniors are grateful for a holiday from school last Thursday and Friday. That is everyone had a chance to catch up on his much needed sleep after all the hard work that had been done on nights before exams. Naturally, the big Thanksgiving dinners were the main event for Seniors and their sponsors with turkey and all that goes with it.

Senior Life

The curly headed, green eyed boy that has such an engaging grin is Keith Cartwright. Of course you remember him from the Junior play last year and from his playing basketball and football. This year he is co-captain of the basketball team. Keith was born in the Washburn community on December 23, 1926 and spent his first three years of school there. His fourth year he came to Munday and then left for Benjamin. However, in his Junior year he came back to Munday and has been here since then. After graduation Keith will leave for Texas A. and M. but has not definitely decided about his ambition.

Junior News

A new six weeks is here. After it comes the headaches—mid-term exams. The grades were so poor this time it isn't very heartening to think about it all.

Everyone is tracking down book reports. There seems to be a shortage of points on those little cards in Mrs. Dowell's desk. The students have been taking a slide along attitude toward such things and it's going to be pretty hard trying to make up for last time.

Candy sales are progressing nicely. Joyce is swamped by students wanting the luxury. That money is going to come in pretty handy when our banquet comes due.

8B News

Everyone is back after holidays and I think everyone enjoyed himself. Doris Jean Kitchens entered our room and we were glad to have her.

Mr. Beldsoe resigned and we surely do miss him, but Mrs. Chester Bowden is taking his place and we are happy she can teach us.

In Science class we are building model airplanes and everyone is enjoying himself.

Sophomore News

After such an enjoyable holiday another six-weeks period has begun. Some of the Sophs went out of town for Thanksgiving. Mary Tom Kirk went to Colorado, June Rose Salem went to Lubbock and Betty John Beauchamp went to Sweetwater. Just think! It won't be but a little over three weeks until we will turn out for the Christmas holidays.

The Home Ec. girls are going to start making Christmas presents this week. Some are going to make toys for little children and some are making their mother or dad's presents. We hope these presents will turn out satisfactorily.

8A News

The Eighth grade is back to school again working harder than ever.

We all enjoyed Thanksgiving a lot Thursday, and we hope you did also. Nearly all of us ate turkey or chicken with all the trimmings.

All of our six weeks exams are over, and we all know what we made. In geography we all made better than usual; in arithmetic the same; in spelling we made good; and in English and history, fair.

The room mothers are planning a class party for Friday night. We all expect to have a good time.

Deputy Collectors To Aid In Income Tax Estimates

The current tax payment act of 1943 provides for the payment of the larger amount of income tax reflected on returns filed for the calendar years 1942 and 1943, plus 25 per cent of the smaller year's tax liability, if over \$50.00. 75 per cent of the smaller year's tax liability will be forgiven.

Farmers and stockmen who derive 80 per cent or more of gross income from the active conduct of farm or ranching operations must file a "Declaration of Estimated Income and Victory Tax—Calendar Year 1943, on Form 1040-es" on or before December 15, 1943. The law provides that the entire unpaid balance of the larger year's estimated tax for 1943 be paid in full at that time.

A deputy collector of Internal Revenue will visit your city to assist the citizens in the preparation of this estimate of income tax on the date indicated below. It is our desire to assist as many taxpayers as possible in view of the provisions of the Current Tax Payment Act of 1943, many of which are not fully understood by the average layman. The deputy collector's advice and assistance will be extended purely as a courtesy and without cost to any citizen.

Deputy Collectors A. D. Woodward and J. Grady Green will be at the First National Bank on December 6, 1943, from 8:30 a. m. to 5 p. m. to render assistance with current income tax problems of farmers and ranchmen. This will be the only visit to your city before December 15, 1943, the final date for filing Declarations of Estimated Income and Victory Tax.

Barton Carl, Arthur Smith, Jr., A. V. Kemietz, Fred Broach Jr., Preston Ingram and Sidney Lee attended the Stamford-Crowell football game in Stamford last Thursday.

Relative Writes From Battle Area

The following is a letter which Mrs. George Booe received from her brother, Pfc. L. S. McCrary, who is somewhere in the Pacific:

Dear Fannie, George and kiddies:

How are you all? I am ok. Well, kid, I got a letter from you today, and I sure was proud to hear from you and to know you are all well. Kid, you said Jack and Lula brought the pictures I sent mother up there for you all to see. I sent you and Lucille some, too. If you didn't get them, write me. I'll try to send some more.

Well, kid, I would like to be there and stay all night with you and George. We could talk over old times—you know what I mean, the things that happen in the good old days. Well, maybe we can see those days again. I hope so, anyway. I must close, write me often. With lots of love,

Your brother,
Pfc. L. S. McCrary.

WAR PLANT HIRING ONLY VETERANS

One of the first war plants in the East, if not in the nation, to begin hiring discharged veterans of this war announced on Armistice Day that it would take on a probably total of 500 during the next year.

Already the plant, which makes troop-carrying gliders now and plans to resume making sports planes in postwar, has hired 20 former fighting men in skilled assembly jobs.

This was in response to recommendations made recently by the board of directors of the National Association of Manufacturers that employers make special efforts to hire men who had received medical discharges from the armed forces.

At present, women constitute 45 per cent of the plant's force which, for security reasons, is numbered only in "four figures." Its present rate of labor turnover is expected to provide at least 500 openings in the next year, and these will be filled only by honorably discharged service men.

Mr. and Mrs. W. D. West and children, Mr. and Mrs. C. A. Reagan and Francis, and Pfc. Arthur, Mr. and Mrs. J. C. Reagan and children and Mrs. Chester Laine visited in the home of Mr. and Mrs. Leon Reagan over the week end.

Visiting in the home of their parents, Mr. and Mrs. Walter Bevers, for Thanksgiving were Mr. and Mrs. Joe Bevers and son, Lanny and Mr. and Mrs. Damon Lewis of Houston, Mrs. Russell Doran of Lubbock, and Mrs. Norman Koenig and son, David, of Wichita Falls. Frank Moore of Houston, a sister of Mr. Bevers, also visited here.

DISCUSS TEXAS TIRE PLANT

Texas' first tire plant soon will go up at Waco on a plot of 125 acres on the outskirts of the city. In order to do its share in the 1944 tire building program it was necessary for The General Tire & Rubber company to expand and company officials selected Texas as the most logical place for that expansion.

Presence in the state of synthetic rubber, cotton, carbon black, sulphur and steel was a large factor in the selection, according to William O'Neil, General's president. The company also operates a synthetic plant at Baytown and tires made at the Waco plant will be Texas tires made from Texas rubber.

One of the first steps after the site was chosen was a conference of Texas members of the General organization. Pictured above, looking over plans for the 3500 tire a day plant, are Tom C. Mundy, Dallas district manager, Fred A. Mayfield, technical advisor, of Akron, and E. E. Watson, Houston dealer.

Activities of Colored People

The P. T. A. met Tuesday night with Mrs. T. V. Scott, president in charge. A total of \$46.49 was reported for our lunchroom fund. Much credit is due Mrs. Eula Chandler for the \$27.59 she reported and to Miss Alta B. Colbert, who reported \$19.00. This money was donated by the patrons, except the \$19.00 which was given by West Beulah Baptist church and the Charity Association Club.

A birthday party was given for Mrs. Elizabeth Hunter and Mr. Jack Hawkins at Mrs. Endia Beal's cafe; also to entertain the new bride and groom, Mrs. Mable Mason and Mr. Jack Hawkins.

West Beulah church reported grand services all day Sunday, with pastor, Rev. Meadows, in charge. We also had guests from Haskell on Sunday night.

Warm In Winter

Teacher's best beau keeps warm in cotton corduroy as he waits for the school doors to open. Combinations of long trousers with matching or contrasting jackets rate first place with youngsters because they keep out cold winds, and with mothers because they're so easy to care for.

Pfc. Arthur A. Reagan, who is stationed at Mitchell Field, Long Island, N. Y., is visiting his parents, Mr. and Mrs. C. A. Reagan of the Vera community, and with other relatives and friends in the county.

IN FOREIGN SERVICE

Word has been received that Roy A. Goforth Jr., son of Mr. and Mrs. Roy Al Goforth of Holtville, Calif., former Munday residents, has just landed safely overseas. He is in the Caledonian Islands, not far from Australia.

Mrs. Ben Guinn spent the Thanksgiving holidays in Midland visiting her daughter, Mrs. Ray Howard, and her little son.
