Four and Half Inch Rain Brightens Crop Prospects Over This Section

Prolonged Drouth Broken Over Entire Section and Crop Prospects Brighter Than in Many Years For Big Yield.

That the Munday country faces the future with much brighter crop prospects than a year ago is shown by the following rainfall chart which has been prepared by A. E. Whitmore, who makes reports to the U. S. Department of Agriculture, and who is equipped to gauge the rainfall by an approved Government gauge:

1928-29	Month	1929-30
.07	September	5.32
1.44	October	1.34
.60	November	1.56
.34	December	.91
.30	January	.80
1.35	February	.60
1.34	March	2.38
.81	April	4.50

From the above figures it will be found that we have had 15.71 inches of rainfall during the past seven months as against 6.25 inches on this date last year, and in view of the fact that we have had 9.46 inches more rainfall with which to begin farming on this year over what we had last year, we would say that the prospects aren't so bad in the Munday country.

Mr. and Mrs. George Hardin, of Vernon were here over the week end visiting in the home of his brother, Mart Hardin. They were caught here by the good rain, but did not complain at having to make the journey back to Vernon through the mud.

District Attorney Clem Calhoun accompanied by Mrs. Calhoun's sister, Mrs. Carrol Hopkins, came in Sunday night from Bayler, where Mrs. Hopkins has been visiting. They were caught in the big rain at Crowell and encountered some very heavy roads between Crowell and Munday which required more than six hours to negotiate.

Mr. and Mrs. F. M. Willis of Plainview, accompanied by their daughter, Mrs. Otis McClain, also of Plainview, were guests last week in the home of their daughter and sister, Mrs. Lee Haymes.

Permanent state funds have \$7,369,998 invested in bonds.

THINKING OUT LOUD

BY J. A. K.

About the broadest smile that we have observed since the big rains was that worn by J. W. Cowan when he came to town Tuesday.

Mr. Cowan stated that the tanks were full and running over and nothing could have been more timely.

We noticed that his shoes were quite muddy and J. W. explained to us that he could not resist going into his fields to see how some recent terracing had held the rainfall, and added that he intended doing some more terracing on the strength of the work that has already been done and the good accomplished thereby.

And this reminds us that there is more terracing over the Munday section this year than ever before. Last year gave many farmers an opportunity to see the benefits of terracing in a dry year, and everyone knows the benefits in wet years.

At last, we've found an honest golfer. At least his opponent stated to us that he had found one. The opponent who is authority for the statement is H. A. Pendleton and the honest golfer is John Ed Jones. Here's another one for Mr. Ripley's "Believe it or Not."

The presiding elder of this column has always advocated the planting of trees. They add beauty to our city as nothing else can do.

But the other day one of our good citizens dropped into our

Mayor Mayes Assigns Jobs To Councilmen

At the regular meeting of the city council on Monday afternoon Mayor C. L. Mayes made assignments to the various commissioners for the ensuing year. John Lane was retained as street commissioner, W. H. Chapman as water commissioner and J. A. Kennedy as mayor pro-tempore, while the sanitary assignment was given to Fred N. Warren, and the utilities place to G. W. Tate, the latter two being new members of the body.

O. C. BOOSTER

Claude W. Stone, one of the leading boosters who will accompany the group of 150 making up the 25th annual Oklahoma City chamber of commerce goodwill tour, here during the week of May 12-17, is Claude W. Stone, manager of H.H.F. Business college, Oklahoma City. Stone, with other members of this party, is seeking to promote co-operation between communities of the southwest.

J. D. Kethley was in Wichita Falls on Wednesday, having gone up there to hear a lecture by Dr. Peckham, noted optician who specializes in straightening eyes that are crossed or out of position, and whose work is recognized over the nation as the man who is "Straightening the Eyes of the Cockeyed World."

There were 129 present at Sunday school again Sunday morning, the 27th, which speaks good for us. Everybody come again next Sunday morning at 10 o'clock, and bring some one with you. If you are not enlisted in Sunday school the Baptist would be glad to have you meet with them.

We will have a Mother's Day program at the Baptist church on Mother's Day, May 11th.

Vera Rebekah Lodge will meet the 6th of May in the afternoon, our regular meeting. Let every member be present. Club meets at the home of Mrs. Jim Hughes on the 8th.

Mr. and Mrs. G. A. Harris and Mr. and Mrs. O. E. Bond were visitors at the J. W. Harris home Sunday.

Mr. and Mrs. Ab Hall are the proud parents of a baby boy born April 28th. Mr. and Mrs. Bill Deaton were guests of Mr. and Mrs. T. R. Smith Sunday, returning to their home in Wichita Falls in the afternoon accompanied by Mr. Claud Deaton who had visited in the Smith home the past week.

Miss Velma Stockton from the Plains is visiting her brother, Mr. John Stockton. We are glad to have her with us as she formerly lived here and has many friends. She also has two sisters here whom she is visiting.

School will be out Friday. We think most every one will be glad.

Messrs. Ernie, Arthur and Roy Galloway, Miss Margie Galloway and Mrs. Sybil Hilliard, Foss, Ok., visited in the home of Mr. and Mrs. Press Phillips last week end. Mrs. Hilliard and Miss Galloway remained for an extended visit.

CARD OF THANKS

We wish to express our sincere thanks to the kind friends who in ways assisted us during the illness and following the death of our loved one.

I. L. BELCHER, J. C. CALL and FAMILY.

Akers Dry Goods Co. Will Open Friday Morning

The E. E. Akers Dry Goods Company will open for business in their new location on Friday morning with a complete stock of dry goods, as will be found by reading this announcement in this issue of the Times. New merchandise is being received and unpacked this week and within a few days their stock will be complete with all brand new merchandise from the markets.

Mr. Akers states their formal opening will be held on Friday and Saturday, May 8th and 9th, however the store will be open for business on Friday of this week and a cordial invitation is extended the public to visit this new store.

111th Anniversary Odd Fellows Is Observed Tuesday

The one hundred and eleventh anniversary of the Independent Order of Odd Fellows was observed by the local lodge and its ladies' auxiliary on Tuesday evening, the event having been postponed from Monday on account of the heavy rains.

The meeting was opened by the singing of "America" by the audience, and was followed by a most interesting program, which included readings by Little J. O. McMahon, Jr., and Little Miss Gayle Reynolds, and a number of songs by a quartette composed of Mrs. J. W. E. Reynolds and Mrs. John Rice and the Misses Perdue. A very interesting talk was made by John Rice along lines pertaining to the order, and the program was followed by refreshments.

VERA ITEMS

The farmers are glad to see this good rain. As soon as it clears up you can see farmers any way you look planting. This rain will help gardens wonderfully, also feed-stuff.

The Baptist revival closed Saturday night with one conversion. Our pastor surely brought us some wonderful messages.

There were 129 present at Sunday school again Sunday morning, the 27th, which speaks good for us. Everybody come again next Sunday morning at 10 o'clock, and bring some one with you. If you are not enlisted in Sunday school the Baptist would be glad to have you meet with them.

We will have a Mother's Day program at the Baptist church on Mother's Day, May 11th.

Vera Rebekah Lodge will meet the 6th of May in the afternoon, our regular meeting. Let every member be present.

Club meets at the home of Mrs. Jim Hughes on the 8th.

Mr. and Mrs. G. A. Harris and Mr. and Mrs. O. E. Bond were visitors at the J. W. Harris home Sunday.

Mr. and Mrs. Ab Hall are the proud parents of a baby boy born April 28th. Mr. and Mrs. Bill Deaton were guests of Mr. and Mrs. T. R. Smith Sunday, returning to their home in Wichita Falls in the afternoon accompanied by Mr. Claud Deaton who had visited in the Smith home the past week.

Miss Velma Stockton from the Plains is visiting her brother, Mr. John Stockton. We are glad to have her with us as she formerly lived here and has many friends. She also has two sisters here whom she is visiting.

School will be out Friday. We think most every one will be glad.

Messrs. Ernie, Arthur and Roy Galloway, Miss Margie Galloway and Mrs. Sybil Hilliard, Foss, Ok., visited in the home of Mr. and Mrs. Press Phillips last week end. Mrs. Hilliard and Miss Galloway remained for an extended visit.

CARD OF THANKS

We wish to express our sincere thanks to the kind friends who in ways assisted us during the illness and following the death of our loved one.

I. L. BELCHER, J. C. CALL and FAMILY.

TWO UTILITIES HERE PASS INTO HANDS OF LARGE COMPANIES

Haskell Telephone Company Sells Controlling Interest, and Local System Now Affiliated With States Telephone Company.

Announcement has been made of the sale of controlling interest in the Haskell Telephone Company to the Associated Utilities Company, with headquarters in Chicago. The sale includes the plant of the company here as well as the number of other towns over this section of the state served by this company. John W. Pace of Haskell is retiring from the management and is being succeeded by R. B. Fairley of Lubbock, who is general manager of the States Telephone Company, with headquarters at Lubbock, and the properties taken over in the transaction will be under the management of the States Telephone Company, subsidiary to the Associated Utilities Company.

The Associated Utilities Company operates in twenty states, while the States Telephone Company operates over a large territory in West Texas.

EDUCATOR

The head of Oklahoma University will be a member of the party of 150 Oklahoma businessmen and civic leaders who will make up the 25th annual Oklahoma City chamber of commerce goodwill tour, scheduled to visit here during the week of May 12-17. Dr. Bizzell formerly was president of the Texas A. & M. college and is well-known in educational circles throughout the country.

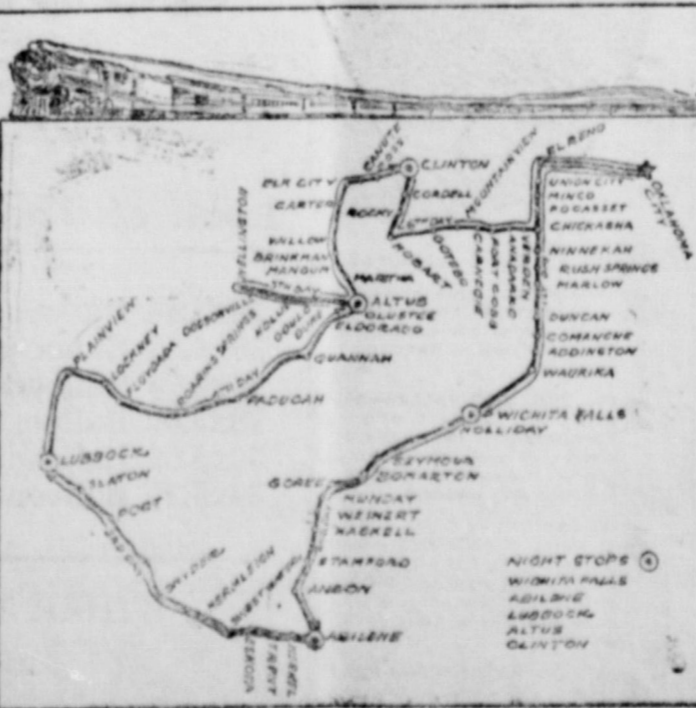

Miss Peggy Morris of the staff of Farm and Ranch was here Saturday. Miss Morris is making a survey of rural home provided with electricity and is working with the extension service of the Texas A. & M. College in the interest of rural electrification.

J. A. McKenzie and daughter, Mrs. W. H. Chapman, are in Abilene this week at the bedside of their daughter and sister, Mrs. A. P. Garrett, who underwent a minor operation first of the week, and who is reported to be getting along nicely.

Texas has 110 oil refineries with combined daily capacity of 882,500 barrels of crude. One-third of the Texas total manufactures comes from these refineries.

Mr. and Mrs. Roy Maples of Spearman were week end visitors here in the home of his parents, Mr. and Mrs. H. T. Maples.

Route of Oklahoma City Good Will Tour

Along its route of 1500 miles the party of 150 Oklahoma businessmen and civic leaders will be making the first "get acquainted" visit during the week.

Fred Broach Will Erect Another Modern Building

Some weeks ago when work was started on the new buildings on the Broach block Mr. Fred Broach announced that he would let the contract for another building as soon as these buildings were completed, however, the dry weather and crop outlook was so discouraging during the past few weeks that he has been holding up on his plans to build awaiting the long looked-for rain, which came Sunday and Monday, and Mr. Broach now states that he will go ahead with his plans to build in the immediate future.

He will build on the west end of the block just east of the Moore Chevrolet building and will have a fifty foot frontage, and we are informed that a modern filling station will occupy the corner location while he will have a 25-foot frontage for his hardware store, while the main store will be fifty feet in width.

Cecil Thorpe, formerly of Georgetown, will have charge of the northern district with headquarters at Seymour, and Miss Jessie Stodhill, who has been in the local office since it came to Munday, has been transferred to the Seymour office.

The Community Natural Gas Company operates in more than 200 towns and communities in Texas and Oklahoma. Its Texas headquarters are in Dallas. C. L. May of Dallas is vice-president and operating manager. The president of the company is F. L. Chas. of Dallas, who is also general manager of the Community Company and operating manager of the Lone Star.

Mr. Thorpe was here the latter part of last week taking over the affairs of the retiring company and stated that there would be no change in the service other than the fact that the new company would be better enabled to give uninterrupted service at all times due to the fact that their lines extended to various fields over the southwest.

RHINELAND HAPPENINGS

Michalk-Hajak Mr. Rudolph Michalk of this community and Miss Edith Hajak of Seymour, were united in marriage on Tuesday of this week at the St. Joseph's Catholic church.

Mr. Michalk is a son of Mr. John Michalk, a prosperous farmer of this community. This young couple will make their home at Rhineland and we wish for them a full measure of health and happiness.

The rain was of great benefit to this community. Everything seems to have taken on a new aspect, even the faces of the farmers, two are eligible for competition at the State Meet at Austin next week, Paul Pruitt and Clyde Birdsong.

Other track men who participated but failed to place: Cecil Rayburn, Fayette Edwards, Everett Thompson and Aristel Thompson. Of this group of contestants, two are eligible for competition at the State Meet at Austin next week, Paul Pruitt and Clyde Birdsong.

Senior Boys relay team, third place in finals.

Other track men who participated but failed to place: Cecil Rayburn, Fayette Edwards, Everett Thompson and Aristel Thompson. Of this group of contestants, two are eligible for competition at the State Meet at Austin next week, Paul Pruitt and Clyde Birdsong.

Senior Boys relay team, third place in finals.

Senior Boys relay team, third place in finals.

Munday Schools Make Showing In District Meet

The report on the District Interscholastic League meet that was held at Abilene, April 18 and 19, should have been published last week, but all the information was not in at that time, hence the delay.

Munday High school and Grammar school was well represented in both literary and athletic events and since these representatives were competing with some of the best schools in the state, we consider that the showing made was a splendid one.

Following are the results: Herbert Isbell, third place in finals Senior Boys Declamation. G. R. Eiland Jr., eliminated in preliminaries Junior Boys Declamation. Jeff Henderson, Ward School Essay—Not heard from. Girls Volley Ball—Eliminated in preliminary by Colorado. 100 yd. dash—Paul Pruitt 4th place in finals. 220 yd. dash, Clyde Birdsong second place in finals. Senior Boys relay team, third place in finals.

Other track men who participated but failed to place: Cecil Rayburn, Fayette Edwards, Everett Thompson and Aristel Thompson. Of this group of contestants, two are eligible for competition at the State Meet at Austin next week, Paul Pruitt and Clyde Birdsong.

Senior Boys relay team, third place in finals.

Only Small Percentage of Church Members Here Get Straw Ballots

Magnolia Co. To Erect Modern Station In City

A building permit has been issued to the Magnolia Petroleum company for the erection of a modern drive-in filling station to be erected on the highway at the south of the C. B. Jones property, now occupied by the Variety Store.

We are informed that the building will be of the most modern type, and will be built of brick and concrete in compliance with the city building ordinance and will be one of the attractive spots of the city.

COMING

Accompanying the 25th annual Oklahoma City chamber of commerce goodwill tour to visit here during the week of May 12-17, will be Stanley C. Draper, manager of that organization. More than 150 Oklahoma City businessmen will accompany the train, which will stop here on a "get-acquainted" mission, extending through southern Oklahoma and Northwest Texas.

BRUSHY NEWS

Our Brushy people are all smiles at this writing, as the good rains we have had since Sunday eve have washed all their frowns and blues away.

We have had such a wonderful supply of water on our lands and in our tanks it's enough to make every one smile.

Our Sunday school was very well attended and a real good lesson was enjoyed.

On account of the rain the B. Y. P. U. had no service Sunday night. It also kept the W. M. U. from having a meeting Monday. However, we feel sure the good rain had a welcome place in each service.

Several of our men and boys were summoned before the grand jury at Haskell Thursday.

Health of the community is good at this writing.

Forean Suggs visited in Munday Sunday evening.

Bon Friday, G. C. Conwell, J. E. Suggs and others were in Munday Monday.

Mr. and Mrs. Edgar Lowe visited her mother, Mrs. Williams, Sunday evening.

Most all the folks at Sunday school attended church services at Union Chapel Sunday.

Less Than 6 Per Cent of Church Members Here Received Ballots In Literary Digest Straw Vote On Prohibition Issue.

How are the Literary Digest ballots distributed over the United States? That is a question that has often been asked, and in order to determine to what extent the ballots were distributed among church people the various pastors last Sunday took a poll of the congregations to determine the percentage of church people who had received these ballots, which showed the following results: At the Methodist church there were 130 members of the church in attendance of which number only 22 had received ballots in the Digest's poll. At the Baptist church with an estimated attendance of 150 only 15 ballots had been received, 8 of which had not been returned.

At the Church of Christ with an attendance of 60 only 7 votes had been received by the members, not one of which had been returned, while at the Presbyterian church there were 25 present, 9 ballots had been received and 5 had been voted and returned.

Of the 506 in attendance only 58 ballots have been received, which is a little more than 15 per cent, while the ballots that have been returned represent only 31 per cent that have been received and only 3 per cent of those in attendance.

Jersey Experts Will Inspect Herds In County

D. T. Simons, field representative of the American Jersey Cattle Club, and Sterling C. Evans, district agent of the A. and M. College, will be in Knox county on Thursday, May 24, at which time Mr. Simons expects to visit some of the dairy demonstrations carried on with the co-operation of the county agent. Mr. Simons has made a life-long study of the dairy business and is absolutely capable of offering some valuable suggestions along the dairy development in Knox county.

All those who are interested in hearing Mr. Simons' discussions at the various places to be visited in the county. The first meeting is to be held at the J. F. Lowrance farm one mile north of Munday, and all business men and farmers interested in the development of the dairying industry in the county are urged to be there.

SENIORS WILL PRESENT "THE ROSE OF EL MONTE" ON TUESDAY, MAY 13TH

Get set everybody! It won't be long now until you will be able to see a famous play entitled "The Rose of El Monte," a three-act western drama, to be presented by the Senior Class of the Munday High school on Tuesday evening, May 13th.

Mrs. E. C. Wyche Is Honored By Royal Neighbors

At the district meeting of the Royal Neighbors of America held in Stamford on Friday of last week Mrs. E. C. Wyche of this city was elected president of the West Texas District.

Mrs. Wyche has for a number of years been a very active worker in the interest of the order, and during the month of March she won recognition for having written more insurance in the order than anyone else within the State of Texas, and her election is a recognition that is deserved.

On Saturday the degree team of the Stamford lodge came to Munday and held a most enjoyable meeting in the afternoon, in which the degrees of the order were exemplified by the Stamford team, and Mrs. Eva Huskey of Ranger State Oricle, and Mrs. McCloud of Wichita Falls, Vice-Oricle, were among the prominent members of the fraternity present.

Due to an extra rush of work this week we have been compelled to omit a number of social items and shall try to publish them in our next week's issue.

POULTRY

PLAN TO PREVENT POULTRY LOSSES

Poor Production Usually Due to Unsanitary Methods.

Successful poultrymen realize that practically all heavy losses in poultry are preventable, according to Charles N. Keen, assistant professor in poultry at the Colorado Agricultural college.

Heavy losses and poor production in poultry are usually due, Mr. Keen says, to some of the following factors: Failure to have clean houses, clean feed, clean water, birds free from parasites and failure to remove sick birds from the houses.

The fact that one changes the straw regularly does not mean that the house is in a good sanitary condition. Regular cleaning of the droppings boards must go with it.

Birds which are affected with lice and mites become weakened and subject to disease. The following system used at the Colorado experiment station, which birds are rugged during the winter has proved very satisfactory, and we have very little trouble with disease.

Dropping boards are cleaned three times a week or more and sprayed often with a spray consisting of 50 per cent croakase and 50 per cent diastase or heroseine with one-half pint croakase disinfectant added to five gallons of the mixture. This spray is used from once a week to once a month, depending upon the amount needed. The dropping boards are only from this spray. This helps in cleaning them during cold weather.

A good disinfectant mixed with water is used for nests and other parts of the house several times a year. For lice the parasites are treated with nicotine sulphate four or five times a year, or more often if necessary. Whenever colds appear a good disinfectant is used in the water, and any birds appearing weak or showing a tendency to roup are removed. All birds which become sick are killed. It is surprising how much the killing of a few diseased birds will save.

Caponizing Profitable

Way to Market Poultry

Caponizing is one of the most profitable ways of marketing the most hatched cockerels. In an experiment last year 50 June hatched cockerels were caponized. The birds were of dual-purpose breeds and caponized when they had reached a weight of 12 ounces to 2 1/2 pounds. The birds were sold the following April and averaged six pounds each, dressed for market. They brought 35 cents a pound, or an average of \$2.10 per bird. The feed cost of producing these birds was 84 cents each, and with an additional charge of 10 cents for dressing and picking, the net profit was \$1.16 per bird.

Another poultryman caponized 251 barred Plymouth Rocks last summer. When sold their average weight was 7 1/2 pounds each, and they brought 43 cents per pound. The total cost of growing these capons—chicks, feed and labor—was placed at \$386.14. There were 176 birds at selling time, which brought a total of \$561.14, leaving a net profit of 85 cents per bird.

Healthy Chick Program

Brings Higher Returns

Health sticks to clean chicks: By following four simple points in brooding poultrymen can save 90 per cent of their chicks. Not only more chicks will be saved, but they will be more profitable birds to keep as layers and breeders. Grow them clean, and health and vigor will go with them through life. The four points to the Kansas "health chick" program call for clean houses, clean ground, and clean feed. By following these four simple rules egg production has been increased 30 eggs per bird in farm flocks. This increase at 25 cents per dozen means an additional return of 60 cents per hen.

Needs Shell Material

A hen producing 200 eggs a year must be supplied with sufficient calcium carbonate, so that after the loss that comes through digestion, she still will be able to deposit around the egg in the form of shell nearly three pounds of shell forming material. Such heavy calcium carbonate or eggshell production demands serious consideration. Even though every other requirement is supplied, a deficiency of calcium carbonate will be a limiting factor in production.

Avoid Diseases

Raising strong, healthy chicks is largely a problem of keeping them away from the infection and disease which thrive in old poultry yards. Experience proves that although the old birds are free from the effects of disease, they harbor many diseases which prove destructive to young chicks. Wire screen floors have been used successfully for years by some poultrymen and their use is increasing rapidly.

THE FAMILY DOCTOR

A Centenario

He lived about thirty miles from me, in a not very noisy farm district. I had not even heard of him until about two years ago; I at once made up my mind to go and see for myself, the results of a hundred and one years on the human body, and how the old man had managed to attain such great age.

He was sitting by an open fireplace, fully dressed, and could not have been mistaken for an invalid by even an unpracticed eye. He was chewing tobacco, calmly, utilizing the only tooth that I could see. He greeted me pleasantly, saying he was glad he was not in need of m services—in which I acquiesced with all my heart.

He said he had lived pretty much as he pleased; had eaten and drunk and slept when he felt like it, and had stopped when he had enough. He had made it a point every day to compensate for the business he had received; and, as in the eating and drinking, he had stopped working when he had enough. He would always provide a new day, he did not propose to do two days work in one.

What an example here of right living! Our modern man of business might add years of life and happiness, by adhering to the simple philosophy of this old man, who had proven that he knew how to live.

No, he never ate heavy suppers; he "didn't sleep good if he over-ate for supper." He believed he

Honoring Mrs. Branham Payne
Mrs. P. V. Williams and Mrs. J. D. Kethley honored Mrs. Branham Payne with a party and shower Thursday afternoon from 3 to 6 o'clock.

The home was beautifully decorated with pink and white roses and ferns. Mrs. Branham Payne and her mother, Mrs. John Terry, Mrs. Dolly Payne and Miss Payne of Stamford, mother and sister of the groom, were in the receiving line.

After the guests had arrived Mrs. G. Davis sang "A Little Kiss Each Morning," after which Miss Olga was told to follow a line which led to a table laden with many beautiful and practical gifts for the bride.

At the conclusion of several enjoyable games of "84" a lovely refreshment plate consisting of pink brick cream with wedding bell center of white, angel cake with pink icing and white fruit punch with pink ice cubes, was served. Pink rose buds were plate favors.

The guest list included, beside those in the receiving line: Misses F. S. Branch, A. C. Smith, R. E. Alexander, E. E. McStay, J. C. Eason, W. E. Atkinson, Adrien Dixon, Glen Dobbs, C. A. Eiland, G. E. Eiland, John Ed Jones, F. O. Campbell, John Spamm, Wm. P. Farrington, J. C. Campbell, R. D. Atkinson, Elbert Hughes, Bob

McKinney, M. F. Billingsley, H. P. Barnes, Bess Neff, O. W. Lee, J. Arthur Smith, Steve Smith, W. H. Chapman, F. N. Warren, Erna Mae Lee, Harry Williams, R. L. Ballinger, Florence Williams, E. G. A.'s Met Friday Afternoon
The G. A.'s met Friday, April 25, in a very interesting program. We failed to meet Friday, April 18th, on account of the weather. Nine girls were present Friday, but we still urge all girls from 9 to 12 years of age to be present next Friday at the Baptist church at 4:00 o'clock.

W. M. S. Meet At Huskinson
Home Tuesday Afternoon
The Womens Missionary Society met Tuesday afternoon in a business and social meeting at the home of Mrs. A. F. Huskinson, with Misses Huskinson and H. P. Hill as hostesses.

After a short business session the following program was given: Song: "Let the Lower Lights Be Burning." Prayer—Mrs. F. O. Campbell. Devotional—Mrs. O. F. Greer. "Serving in Our Home Mission Schools"—Mrs. J. C. Campbell. Reading—G. R. Eiland Jr.

During the social hour various games and contests were enjoyed and delicious refreshments of strawberry mousse and angel cake were served to twenty-six members.

Mrs. Roy Baker of Rochester and Mrs. Pitzer Baker and son, Charles, of Weibert were guests of Mrs. C. L. Mayes Thursday of last week.

MARIE TOMLIN
Cleansing Cream
Especially prepared for all types of skin.
Liquifies immediately when applied. Rids the skin of dirt, powder and excretions accumulated which choke and clog the pores. Gives the skin that velvet-like appearance. Loveless Drug Company exclusive agents.

FOR RENT—Five room house, all modern conveniences. Close in.—S. T. EASLEY.

Youthful Wisdom
"May we play stere, mamma?"
"Yes, but you must be very, very quiet."
"We will, mamma. We'll pretend we don't advertise."

Mr. and Mrs. H. F. Barnes spent the week end in Wichita Falls visiting relatives and friends.

Jimmy Ashcroft of Knox City was here Wednesday.

B. O. Howle, Wichita Falls contractor, was here Thursday looking after business matters and it is a good sign that there will soon be some building under way when B. O. comes around.

MOVED!—I have moved my office from the Pendleton-Elkland building to the new Branch Block, and am located first door north of the Loveless Drug Company, where I shall be glad to have my friends visit me.—J. C. BORDEN.

An Ordinance Creating the Office of Fire Marshal, Prescribing the Duties Thereof, Providing for Its Maintenance, and Prescribing Penalties for Violations.

Be it ordained by the City Commission or Council of the City of Munday:

Section 1. The office of Fire Marshal is hereby created. Such office shall be independent of other city departments, the Fire Marshal reporting directly to the Mayor of City Commission or Council. Such office shall be filled by appointment by the Mayor, by

and with the consent of the City Commission or Council, within 30 days after this ordinance shall take effect. The said Fire Marshal shall be properly qualified for the duties of his office, and shall be removed only for cause. He shall receive an annual salary of \$1200, payable in monthly installments, as full compensation for his services.

Sec. 2. The Fire Marshal shall investigate the cause, origin and circumstances of every fire occurring within this city by which property has been destroyed or damaged, and shall especially make investigation as to whether such fire was the result of carelessness or design. Such investigation shall be begun within twenty-four hours, not including Sunday, of the occurrence of such fire. The Fire Marshal shall keep in his office a record of all fires, together

with all facts, statistics and circumstances, including the origin of the fires and the amount of the loss, which may be determined by the investigation required by this ordinance.

Sec. 3. The Fire Marshal, when in his opinion further investigation is necessary, shall take or cause to be taken the testimony, on oath, of all persons supposed to be cognizant of any facts or to have means of knowledge in relation to the matter under investigation, and shall cause the same to be reduced to writing; and if he shall be of the opinion that there is evidence sufficient to charge any person with the crime of arson, or with the attempt to commit the crime of arson, or of conspiracy to defraud, or criminal conduct in connection with such fire, he shall cause such person to be lawfully arrested and charged with such offense or offenses, and shall furnish to the proper prosecuting attorney all such evidence, together with the names of witnesses and all of the information obtained by him, including a copy of all pertinent and material testimony taken in the case.

Sec. 4. The Fire Marshal shall have the power to summon witnesses before him to testify in relation to any matter which is by the provisions of this ordinance a subject of inquiry and investigation, and may require the production of any book, paper or document deemed pertinent thereto. The said Fire Marshal is hereby authorized and empowered to administer oaths and affirmations to any persons appearing as witnesses before him.

Sec. 5. Any witness who refuses to be sworn, or who refuses to appear or testify, or who disobeys any lawful order of said Fire Marshal, or who fails or refuses to produce any book, paper or document touching any matter under examination, or who is guilty of any contemptuous conduct during any of the proceedings of the Fire Marshal in the matter of said investigation or inquiry, after being summoned to give testimony in relation to any matter under investigation as aforesaid, shall be deemed guilty of a misdemeanor; and it shall be the duty of the Fire Marshal to cause all such offenders to be prosecuted. Any person being convicted of any such misdemeanor shall be fined in a sum not exceeding twenty-five dollars (\$25.00). Provided, however, that any person so convicted shall have the right of appeal.

Sec. 6. All investigations held by or under the direction of the Fire Marshal may, in his discretion, be private, and persons other than those required to be present may be excluded from the place where such investigation is held, and witnesses may be kept separate and apart from each other and not allowed to communicate with each other until they have been examined.

Sec. 7. The Fire Marshal shall have the authority at all times of the day and night, when necessary, in the performance of the duties imposed upon him by the provisions of this ordinance, to enter upon and examine any building or premises where any fire has occurred, and other buildings and premises adjoining or near the same, which authority shall be exercised only with reason and good discretion.

Sec. 8. The Fire Marshal, upon complaint of any person having an interest in any building or property adjacent and without any complaint, shall have a right at all reasonable hours, for the purpose of examination, to enter into and upon all buildings and premises within the city, and it shall be his duty, possibly or were it to be entered and made a thorough examination of all manufacturing and public buildings, together with the premises belonging thereto. Whenever he shall find any building or other structure which, for want of repair, or by reason of age or dilapidated condition, or for any cause, is especially liable to fire, and which is so situated as to endanger other buildings or property, or so occupied that fire would endanger other persons therein, and whenever he shall find an improper or dangerous arrangement of stoves, ranges, furnaces or other heating appliances of any kind whatsoever, including chimneys, flues, and pipes with which the same may be connected, or dangerous arrangement of lighting devices or systems, or a dangerous or unlawful storage of explosives, compounds, petroleum, gasoline, kerosene, dangerous chemicals, vegetable products, ashes, combustible, inflammable and refuse materials, or other conditions which may be dangerous in character or liable to cause or promote fire or create conditions dangerous to the firemen or occupants, he shall order the same to be removed or remedied, and such order shall be forthwith complied with by the owner or occupant of said building or premises. Provided, however, that if said owner or occupant deems himself ag-

grieved by such order, he may, within five (5) days, appeal to the Mayor, who shall investigate the cause of the complaint and unless by his authority the order is revoked, such order shall remain in force and be forthwith complied with by said owner or occupant. At the end of each month the Fire Marshal shall report to the State Fire Marshal all existing hazardous conditions, together with separate report on each fire in the city during the month.

Sec. 9. Any owner or occupant of a building or other structure or premises, who shall keep or maintain the same when, for want of repair, or by reason of age or dilapidated condition, or for any cause, it is especially liable to fire, and which is so situated as to endanger buildings or property of others, or is especially liable to fire and which is so occupied that fire would endanger other persons or their property therein, shall be punished by a fine of not less than ten dollars (\$10.00) nor more than fifty dollars (\$50.00).

Sec. 10. Any owner or occupant of any building or other structure, or premises, who shall keep or maintain the same with an improper arrangement of a stove, range, furnace, or other heating appliance of any kind whatever, including chimneys, flues, and pipes with which the same may be connected, so as to be dangerous in the matter of fire, or health, or safety of persons or property of others; or who shall

keep or maintain any building, other structure or premises with an improper arrangement of a lighting device or system, or with a storage of explosives, petroleum, gasoline, kerosene, chemicals, vegetable products, ashes, combustibles, inflammable materials, refuse, or with any other condition which shall be dangerous in character to the persons, health or property of others; or which shall be dangerous in the matter of promoting, augmenting or causing fires; or which shall create conditions dangerous to firemen, or occupants of such building, structure or premises other than the maintainer thereof, shall be punished by a fine of not less than ten dollars (\$10.00) nor more than fifty dollars (\$50.00).

Sec. 11. No prosecution shall be brought under Sections 9 and 10 of this ordinance until the order provided for in Section 8 has been given, and the party notified shall fail or refuse to comply with the same.

Sec. 12. The penalties provided for herein shall be recovered by the city in the same manner as provided by law for the enforcement of fines, forfeitures, and punishments for offenses against the city.

Sec. 13. Every day's maintenance of any of the conditions prohibited in any of the foregoing sections shall be a distinct and separate offense.

Sec. 14. All misdemeanors herein provided for shall be prosecuted, and all fines and forfeitures

recovered and enforced, in the same manner as provided by law for the enforcement of fines, forfeitures, penalties and punishments for offenses generally against the city.

Sec. 15. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Sec. 16. Whereas, public safety demands the immediate passage of this ordinance, creating the office of Fire Marshal and empowering the said officer to discharge the duties herein set out, therefore an emergency exists demanding a suspension of the rules requiring ordinances to be read on three several days, said rule is hereby suspended, and this ordinance is placed on its first reading and final passage, and shall be effective and in full force from and after its passage and approval.

Approved this 23 day of April, 1930.

C. L. MAYES,
Mayor.

Attest:
D. T. MAULDIN, City Secretary.

Opening Announcement

AKERS DRY GOODS COMPANY OPENS FRIDAY, MAY 2nd WITH BRAND NEW STOCK OF NEW MERCHANDISE

We are glad indeed to announce to the public that we will again open for business in our new location in the Branch Block on Friday, May 2nd, with a complete line of general Dry Goods, and we extend a cordial invitation to all our old customers and to the public generally to visit our new store, which is being filled with new, crisp merchandise direct from the fashion centers of the country.

We will, as we have always done, carry the best line of merchandise obtainable at a price within reason, and our aim is that our store shall be known in the future, as it has in the past, as "The House of Quality," and upon the merit of the merchandise we shall sell and our established reputation for square dealing with the public we respectfully solicit your patronage.
