KEEP ON... Backing the Attack! WITH WAR BONDS

VOLUME 39

MUNDAY, KSOX COUNTY, TEXAS, THURSDAY, MARCH 30, 1944

NUMBER 40

## Last Rites For J. F. Waldron Jr. Held Saturday

Funeral services for J. F. Waldron, Jr., of Lovington, New Mexico, who was killed in a car accident near San Antonio on Wednesday, March 22, were held last Saturday afternoon at two o'clock from the First Christian church in Benjamin. Services were conducted by Rev. J. T. McKissick.

Mr. Waldron was on his way from Lovington to Bay City, Texas for his pre-induction physical examination when the accident occurred. He had been driving about 10 hours, and apparently went to sleep at the wheel when about 16 miles out of San Antonio. The car left the highway and struck a tree, and it is believed Mr. Waldron was killed instantly.

It is believed the accident occurred about two o'clock in the afternoon, as Waldron's watch had stopped at this time. He was found by a passing motorist about an hour later.

Waldron was born on December 2, 1907, and was 36 years, 3 months and 20 days of age. He was a former resident of this county, having been in the abstract business in Benjamin for a number of years. About three years ago, he moved to Victoria, Texas, then to Lovington, New Mexico, where he was manager of an abstract firm.

He is survived by his wife and four children, Jackie, Barbara, Patricia and Michael, all of Lovington; his parents, Mr. and Mrs. J. F. Waldron, Sr., of Munday; two sisters and four brothers, who are:

Mrs. Joe Smith of LaCrescenta, Calif.; Mrs. E. H. Nelson, Munday; Lloyd Waldron, Laurel, Miss.; Doyle Waldron, Victoria; Ervin Waldron, who is in the navy and stationed at Jacksonville, Fla.; and Andrew Waldron of Munday.

A large crowd of friends attended the funeral services in Benjamin, and the huge floral offering bore mute testimony of the esteem in which Mr. Waldron was held by his friends in this county.

## Knox County Hospital Notes

Patients in Knox County Hospital March 28, 1944:

- Mrs. W. A. Smith, Munday.
- Mrs. W. H. Everett, Throckmorton.
- Olive Tension, Benjamin.
- Antonio Rocha, and baby daughter, Knox City.
- Mike Gallindo, Munday.
- Mrs. C. J. Bohannon, Knox City.
- Elton Robertson, Knox City.
- Mrs. J. T. Randolph and baby son, Vera.
- Mrs. J. C. Walker, Weinert.
- Mrs. W. C. Holley, and baby son, O'Brien.
- Mrs. H. B. Hearn and baby son, Rochester.
- Mrs. Carl Clark and baby son, Munday.
- Mrs. H. L. Stallings and baby son, Paducah.
- Mrs. Kenneth Strickland, Haskell.

Patients Dismissed Since Tuesday March 21, 1944:

- Mrs. J. R. Bradberry, Knox City.
- John Bob Thompson, Knox City.
- Mrs. V. L. Adkins, O'Brien.
- Mrs. J. G. Pults, Benjamin.
- Mrs. G. A. Woods, O'Brien.
- Mrs. R. L. Edwards, Munday.
- Winford Jenkins, Rochester.
- Mrs. N. F. Lusk, Knox City.
- Mrs. J. E. Bradley and baby son, Rochester.
- W. E. Ballard, Spur.
- Mrs. J. R. Edwards, Rochester.
- Mrs. Ulric Lea, Knox City.
- Mrs. Doll Hammons and baby daughter, Knox City.
- Mrs. J. M. Turner, Knox City.
- Mrs. H. Hackfield, Knox City.

**BIRTHS:**  
Mr. and Mrs. Carl Clark, Munday, a son.  
Antonio Roche, Knox City, a daughter.  
Mr. and Mrs. J. T. Randolph, Vera, a son.  
Mr. and Mrs. H. B. Hearn, Rochester, a son.  
Mr. and Mrs. W. C. Holley, a son, O'Brien.

**WHITE LEGHORN HEN GIVES "VICTORY" SIGN**

Mr. and Mrs. M. L. Sowell and son of Goree were here Wednesday, and while delivering eggs to a local produce house they discovered among the lot one with a perfect "V" engraved on the end. Perhaps this White Leghorn hen believes victory is in sight, and we accept her prediction that victory will be ours!

**NEW ROTARY CLUB**—Members of the newly chartered Rotary club of Munday are pictured here. Leland Hannah, second from left standing, is vice president; J. L. Brasher, fifth from left standing,

president, and Barton Carl, at the right end, sitting, is secretary-treasurer. In the group are: Sitting, left to right: Walter Cunningham, Arthur Lawson, Vinton Tiner, Lee Haymes, J. C. Harpham, Riley B. Harrell, Marvin

Reeves, Wade Mahan, Posie Williams and Barton Carl; standing, left to right: Gene Harrell, Leland Hannah, Milton Billingsley, Hubert Owens, Jim Brasher, Aaron Edgar, John C. Spann, Jim Reeves, Joel Massey, W. E. Braly, Austin

Caughran, Sied Waheed, George Hammett and C. R. Elliott. Charter members not shown in the picture are Luther Kirk, Hap Pendleton, Arthur Mitchell and Tom Bengel.—Abilene Reporter-News Photo.

## Senior Class To Present Play On April 11th

"For Pete's Sake!" Just look what those Seniors are presenting. The best and funniest play you've ever seen, and boy what characters.

Miss Sarah Pepperdine is a severe looking woman with a dominating personality. She has ambitions for her nephew, Peter, quite unlike those of his own. Bette Morris plays this part.

Jasmine Jackson is the large, fat chocolate colored darky cook of Aunt Sarah's. She is quite devoted to her mistress but doesn't dare cross the path of the ghost of the famous grandfather Pepperdine. Jesalyn Brasher plays the part quite aptly.

Cicero Murglethorpe, the Dean of Elwood College, is a timid soul about fifty who endeavors to keep Miss Pepperdine's nephew out of trouble. Bobby Haymes is the Dean.

Peter Pepperdine is the handsome, jolly young collegian, who is always in hot water because of the lies he tells. That of course couldn't be played by anyone other than Stephen Harrison.

Bill Bradshaw, a good-looking young husky football player of twenty, is completely devoted to Peter. To save himself from a precarious situation he disguises himself as the gardener. This part is played by Buddy Gafford.

Thorndyke Murglethorpe is a college grind who talks like a pedant, loving the sound of big words. Although he is the Dean's nephew he makes a beautiful maid. This is wonderfully played by Audrey Roden.

Mrs. Georgiana Clarkston is a gushing social climber with drawn out Southern accent. She is determined her daughter shall marry into wealth and society instead of the boys they love. This part is played by Jo Ann Rummel.

Nadine Clarkston is the beautiful sweetheart of Peter's. She has a gentle and retiring nature but will do anything for Peter. Nadine is played by Martha Hanning.

Peggy Clarkston is a pretty vivacious blonde of nineteen. Being a natural born flirt she causes misery for Bill, her sweetheart. Jerry Chamberlain plays the part expertly.

Malvina Potts is a counter-part of Thorndyke, even to the use of big words. She is jealous as fury and Thorndyke will do anything to pacify her. Malvina is Lillian Cerveny.

John Boliver is the town's rich banker and quite self-important. Mrs. Clarkston does her best to snare him for her daughter Nadine. The banker is Oscar Spann Jr.

Dupont Darby is a tall, pale, anemic looking young fellow. He is the town's poet and thrilled over being so important. Finishing touches are furnished by Hulen Montgomery.

The comedy is to be presented April 11, in the Grade School auditorium and the admission will be 25 and 35 cents. It will start promptly at 8:15 p. m.

Mrs. Ralph Schumacher left last week for Tampa, Fla., where she is visiting her husband who is in training there.

## County Tops Its Quota For Red Cross War Fund Drive

### True Neighbors Farmers Gather And Plow His Land

Neighborhoodness in true western style was displayed on Thursday of last week when a group of farmers in the Thorp community gathered at the farm home of Mr. and Mrs. Will Smith, and with 14 tractors running they soon listed all of Mr. Smith's land.

Sickness in the family had prevented Mr. Smith from doing his spring plowing. His wife had been in the Knox county hospital for some time.

Sometimes the 14 tractors were all lined up together, and this presented a rare sight to those who had never seen so many machines working together. Within a few hours all of the land had been listed.

The workmen departed with the sincere thanks of this Thorp farmer, who believes no one has any better neighbors than his.

Complete list of those doing this work was not available at press time.

**BIRTH ANNOUNCEMENT**  
Mr. and Mrs. J. T. Randolph of Vera are the proud parents of a baby son, who was born on Sunday, March 26, at the Knox county hospital. Mother and little son are reported to be doing nicely.

### Keep Up With Rationing

**RATION REMINDER**  
**MEATS, FATS**—Red stamps AS, BS, CS, DS, ES, FS, are good through May 20. GS, HS, JS are good through June 18. Waste kitchen fats exchanged for two points and four cents a pound.  
**PROCESSED FRUITS, VEGETABLES**—Green stamps AS, BS, CS, DS, ES, are good through May 20. Blue stamps FS, GS, HS, JS, KS, are good April 1 through June 20.

**GASOLINE**—In 17 East Coast States, A-9 coupons are good through May 8. In other states, A-11 coupons are good through June 21.

**INCOME TAX**—Declarations of estimated 1944 tax are due by April 15.

**SUGAR**—Stamp 30 in Book Four is good indefinitely for five pounds. Stamp 40 in Book Four is good for five pounds of canning sugar through February 28, 1945.

**SHOES**—Stamp No. 18 in Book One is good through April 30. Airplane stamp No. 1 in Book Three is good indefinitely. Another ration stamp good for one pair of shoes beginning May 1 will be announced soon.

Mr. and Mrs. Ervin Blankenship of Goree have received word from the War Department that their son, Tuck, has been wounded in the battle of the Gilbert Islands. Young Blankenship is serving with the naval forces. He was wounded in line of duty.

### Bonita Proves Pipular Crop To Knox Farmers

Bonita, the new type combine grain, a cross between kafir, hegari and feterita, is very popular in Knox county and has proved to be one of the best adapted combine types for this section.

Original seed were secured from the Chillicothe Experiment station, where the crop originated. Last year Knox county 4-H Club boys went into the seed breeding business and produced around 20,000 pounds of the seed that when pooled, sold readily.

The average production of the various varieties in 1942 and 1943 at Chillicothe follows:  
Martin's Combine milo 23.4 bushels grain, .88 tons dry stover.  
Plainsman 37.4 bushels grain, .52 tons dry stover.  
Caprock 31.9 bushels grain, .60 tons dry stover.  
Bonita 46.3 bushels grain, .95 tons dry stover.

Rev. J. S. Tierce of Knox City, chairman of the Knox county drive, announced Tuesday that the county has gone over the top in its drive. The above quota was exceeded by \$15.00, although the quota was raised after the campaign opened. Citizens of the county are expected to make other contributions during the last days of the drive.

"If all those who worked and gave could talk to each other, we feel that each would say, 'Thank you,'" the chairman said. "The following communities reached their goal: Truscott, Gilliland, Munday, Goree, Knox City, Sunset and Union Grove, while others of the county helped the county chapter to reach its goal by their contributions."

Rev. Tierce feels that other communities not named above will reach their goal by March 31.

"Next week, the final report by communities will be given," he said. The chapter goal was \$6,700, and on March 28 the contributions reported by various communities of the county had totaled \$6,715.

**Sunset Goes Over**  
By hard and continuous work, the people of the Sunset community, under the direction of Mrs. R. M. Almarnde, have reached their goal in the 1944 War Fund work of the American Red Cross. After the people of the community had been contacted, it was discovered that the contributions had not been large enough to go "over the top," so another special community effort was made with victory as the result. The Sunset community raised a total of \$485.62.

**New Books For Local Library**  
Several new books have been placed in the Munday Study Club's library, all of which are among the best sellers of the year, according to those in charge.

"So Little Time," by John P. Marguand, is a story of some good Americans who didn't want to face the probability of total war in the twenty months before Pearl Harbor. It is a book of brilliant satire, sparkling humor and deep seriousness.

It is called a provocative picture of America, the America of booms and depressions, of gaieties and glooms, and of isolationists and interventionists, between World War I and World War II.

All of these books are books you will want to read. The library is opened on Saturdays from 2:30 until 5 p. m.

Mr. Herbert Hawkins of Brownwood visited relatives in Munday the first of this week.

### Goree Boy Is Wounded In War In The Gilberts

Mr. and Mrs. Ervin Blankenship of Goree have received word from the War Department that their son, Tuck, has been wounded in the battle of the Gilbert Islands. Young Blankenship is serving with the naval forces. He was wounded in line of duty.

Seaman Blankenship showed the highest type of courage and bravery in the service, the War Department reported to his parents, and for his action he has been awarded the Purple Heart.

Seriousness of Seaman Blankenship's wounds have not been revealed.

### Rochester To Give Rotary Program

The Rotary Club of Rochester will give the program next Friday night at the regular meeting of the Munday Rotary club, Jim Brasher, president, announced. An interesting meeting is expected, and all members are urged to be present.

Good attendance was reported at last Friday night's meeting, at which time M. F. Billingsley gave an interesting talk on post-war planning for Munday.

New members who were recognized at Friday night's meeting are Dr. D. C. Eiland, Dr. W. M. Taylor, Don L. Ratliff, John Ed Jones and Worth Gafford.

Mr. Herbert Hawkins of Brownwood visited relatives in Munday the first of this week.

## Club Boy's Projects Pay College Expense

### Farmers Urged To Get Supply of Worm Poisoning

When the boll weevil or the cotton leaf worm moves in on the cotton field, will you have the calcium arsenate to kill off the pest? Or will you have to stand by and watch your crop destroyed?

There's plenty of calcium arsenate this year, but it will not help the farmers as long as it is in a warehouse hundreds of miles away. With transportation tight and labor short, the cotton crop may be gone before a supply of dust can be moved into an infested area from a distance.

All over the cotton country, distributors and dealers are filling up their warehouses with calcium arsenate. But those warehouses cannot begin to hold enough to quell a serious infestation in any given area. In peacetime, the supplies held by dealers and distributors will usually hold the line against weevil or worm attack until more ammunition can be moved in, but wartime is different.

No cotton grower can be certain of getting the calcium arsenate he needs, when he needs it, unless he lays in a supply on his own place now.

Many of the big cotton growers have already bought their supplies. The small grower cannot afford to take chances any more than the big grower can. War Food Administration officials point out that those who do take the chance on calcium arsenate are "flirting with lightning." They may lose a crop, and the nation may lose important war materials—lint and seed.

Cotton growers can buy enough calcium arsenate for the first three applications without fear of depriving their neighbors by preventing a last minute rush. In this respect, they are more fortunate than most other farmers who use insecticides. The supplies of most other insecticides will be adequate but not large enough to permit growers to stock up in advance to meet their requirements.

### Billy Meers Is Dead At Dallas

Billy Meers, 4-year-old victim of chronic nephritis whose case received nationwide attention in January, died on Wednesday despite continuous plasma transfusions equivalent to two pints of blood daily.

The child, son of Seymour residents, became too weak Wednesday to receive another transfusion. Donors from all over the nation had contributed to the blood plasma that had kept the child alive for several months.

A total of 352 pints of blood was shown on his hospital record, which was believed to be the largest amount ever prescribed for a victim of this disease.

Despite his daily quota of blood, Billy continued to lose in his fight against the disease for which physicians admit there is yet no known cure. He lapsed into a coma Monday.

### Weatherman Is Off The Beam!

Officially, it was spring about ten days ago, but unofficially, we don't know. Official readings of the thermometer makes us believe the weatherman got "off the beam" in dishing out what he did.

Official or not, a freeze visited this area last Tuesday night that played havoc with fruit crops and early gardens. It is believed practically all of the fruit was lost, and those whose energy began to rise along with warmer weather of the past have found that their garden activities will have to be done over.

The thermometer dipped to a low of 21 degrees in Munday. A slight trace of snow accompanied the cold wave Tuesday, while counties in the Panhandle were recording from 4 to 6 inches of snow.

### Knox Boy Pays Way In College With 140 Hens

Farmer 4-H Club Boy, Charles Hickman is now a student in Texas Tech. His 4-H Club project of 140 White Leghorn hens are paying his way in school. The hens are laying 250 dozen of eggs per month, the gross income is about \$65.00 per month. The living expense including board and room is \$37.50 per month. This leaves a balance of \$27.50 for feed and incidental expenses.

Many 4-H boys of the county will remember Charles Hickman as a regular calf feeder each year, having won many first places in the county and the Reserve Championship at Wichita Falls in 1941. Charles also won the Santa Fe trip to the International Livestock Show at Chicago in November of 1942.

Charles also has over \$1,000.00 invested in War Bonds which is the result of his calf feeding enterprise of the years 1940, 1941, and 1942.

This kind of record is not unusual for 4-H Club boys, but is one of merit for the reason that it is one of planning, management, and hard work. This combination of desirable traits will give results for most any boy.

### Neighbors Help To Plow Land For Billie Hutchens

A group of farmers gathered on Friday, March 24, and listed 160 acres of land for Billie Hutchens, well known Knox county farmer, who has been ill for three months. Twenty tractors were used, and the land was listed in a little more than four hours.

Several ladies came and brought dinner and helped to prepare the meal for the workers. Everyone enjoyed the gathering and the dinner, which was served picnic style.

Those who helped are: Uncle Pete Williamson, Guy Marshall, E. H. Tankersley Jr., Jack Tankersley, Lynn Tankersley, Clifford Williamson, Cecil Hutchinson, Lloyd Stephens, Robt. Hutchinson, John White, Cleve Angle, Abe Watson, Sexton McBeth, E. G. Parkhill, Riddle Sanders, Marvin Dodson, Odie Brown, A. S. Logan, B. L. Lowrey, M. S. Lowrey, Jewell Patterson, Jene McNellie, Louie Brown, Tom Posey, Buster Lowrey, and three colored men, Nathaniel Reed, Rudolph Tulie and Will Johnson.

Ladies who helped are: Mrs. M. S. Lowrey, Mrs. E. H. Tankersley, Mrs. Jewell Patterson, Mrs. Nelley Patterson, Mrs. Eli Williamson, Mrs. Lloyd Stephens, Mrs. Cecil Hutchinson, Mrs. Guy Marshall and Wynell Lowrey.

### Lieut. L. Palmer Gets Promotion

Lieut. L. M. Palmer of Base Headquarters, Fairmont Army Air Field at Geneva, Nebraska, was recently promoted to first lieutenant for the high calibre of his work at that field, where he has been stationed since May 28, 1943, as C. O. 1187th Gd. Sq., and prison officer.

Lieut. Palmer has been in the service since June, 1942. Prior to entering the service, he was principal of the Munday elementary school for many years.

Mrs. Palmer lives in Van, Texas, where she is continuing in the teaching profession.

**ELMER HENDRIX AT REEVES MOTOR COMPANY**  
Elmer Hendrix, well known mechanic with many years of experience, is now in charge of the repair shop at Reeves Motor Co., local Dodge and Plymouth dealer. He started his duties this week.

Mr. Hendrix invites his friends to bring their repair work and car troubles to him.

# EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"

## THE STORY OF AMERICA

James J. Pelley, president of the Association of American Railroads, recently said:

"The greatest thing we have had in America is to be found in our institutions of government—institutions which have left it to the individual to do his best, to work and save, to risk loss in order to earn profit. It is those institutions which, in a few short decades, have enabled our people to transform a wilderness into the mighty civilization we see all about us."

"Government has had its part to play—a most essential part, and in many ways a most helpful part—but the individual, the chance-taking, profit-seeking individual, is the source and mainspring of American achievement."

"There is no finer example of this than the story of the American railroads. Everyone recognizes, I think, that the mass transportation of railroads is responsible in large measure for the agricultural, industrial and commercial growth and development of the country. Certainly, without the railroads, things would have had to be done on a different and vastly limited scale. And without the tremendous transportation tasks the railroads are performing today, victory for us and our Allies would be beyond the range of possibility."

"Back of the railroads, responsible for what they do, responsible for their very existence, is the individual—the individual inventor and organizer, the individual investor, the individual railroad man."

"Our railroads are a product of private capital. As the railroads stand today, 98 per cent of the investment in them—in their roadbeds as well as in their rolling stock—is private capital."

"Our railroads are a product of private planning. The plans for the vast network of rails that stretches out into every section of the land were formulated and carried out by groups of industrialists."

"The same is true of the plans started twenty years ago to meet such a transportation emergency as that which exists today. It is largely as a result of this organized private planning of railroads and shippers that the railroads have been able to handle a load twice as great as in the past war, with one-third less equipment and 500,000 fewer men than it took them—and to do a better job besides."

The story of the railroads is truly the story of America.

## THROWBACK TO BARBARISM

In the magazine Life, dated March 13, 1944, there appears a tale in pictures of acts as shocking as we might expect from Japanese barbarians. The pictures show 600 men, women and children of Holmes County, Ohio, indulging in the "sport" of a fox roundup, the conclusion of which is the beating to death of the exhausted animals. One picture reveals an 11-year-old child in the act of bringing a club down on the head of a prostrate fox. He is being urged on in his merciless behavior by a grown man wearing the badge of a police officer. Another picture shows a crowd of men and women standing in a circle watching a four-year-old child belabor a dying fox with a stick. The sadistic expression on their faces are not pleasant to look upon. Some are taking pictures of the spectacle.

It is unbelievable that such an incident could happen in a community that professes to represent a Christian civilization. Yet, as Life observes: "This is a true story. This happens in Holmes County every weekend. . . . The men of Holmes County consider it sport. . . . Although hunts are over for this winter, bigger ones are being planned for next year."

Thank God the shame of Holmes County, Ohio, is not typical of America.

## NO TIME FOR SENTIMENT

The Shreveport, Louisiana, Times ably describes one of the greatest dangers in the present drive to put the government in control of the medical profession: ". . . The medical field is heaven for those who wring the hearts of the public in order to distract attention from their own destructive grinding out of political philosophies which in the end often may be the opposite of freedom, liberty and democracy—and of good public health also. No one questions the need for tremendous strides in public health. But the answer is not in a political medical dictatorship set up in Washington, any more than the answer to abuses lies in greater abuses along the lines of socialism, communism and toward dictatorship over legitimate enterprise of individual citizen."

"The Wagner socialized medicine proposals are of concern to everyone. . . . they are essentially a part of a general governmental pattern aimed at nearly all national activity."

because they never wake up.

## FIRE FACTS

The Jap attack at Pearl Harbor was a military disaster for this country. And yet losses in material were confined to a few hundred planes and comparatively few ships. If Pearl Harbor was a disaster, no words could possibly describe an enemy blitz that destroyed 27,618 medium tanks, 207,142 seventy-five mm. guns, 98 heavy cruisers and 6,183 heavy bombers. But in the years between 1918 and 1939 property to the tune of \$8,285,000,000 was destroyed in the United States by fire. These billions would have been sufficient to build the above fighting force.

This country has been prodigally careless with fire. Too few people realize that fires can start without the application of flame. Spontaneous ignition is a phenomenon that occurs in oily cloths, mops or waste and paint-strained rags or clothing. Chemical reaction causes the material to heat up until actual fire bursts forth. Common household dusts, both from waste material and food, may explode with terrific force. When either flour or dust from vacuum cleaners is thrown loosely into an incinerator or furnace, so that a cloud forms, a violent explosion may take place as soon as the dust cloud reaches fire.

Another prime cause of fire is the ordinary match. Smokers strike 6,000 matches every second. Too many toss them away carelessly, not realizing that fire kills more persons in the United States each year than our country lost "killed in action" during the first year of the war. The annual death toll from fire approximates 10,000 lives annually.

These are a few of the facts about fire that everyone should know.

## BLACK MARKET BROUGHT TO LIGHT

A lump of coal is not dramatic compared to battleships and tanks plunging through enemy defenses with guns blazing. But before there could be today's battleships and tanks there had to be coal. Moreover, it had to be available in a quantity and form which required years of effort and scientific research on the part of the coal industry. Thanks to such research, coal is one of the most important and widely used materials in the war effort.

A large steel company recently devoted a page advertisement to the part coal plays in making steel. This single company consumes 17,000 tons of coal every day of the year—enough to heat 2,500 family dwellings during a long, cold winter. Modern steel is the result of blending coals of various types, grades and ages to obtain stronger, cleaner burning fuel for the blast furnaces. Sampling, testing and blending is done at the mines. A ton and sevenths of coal is required to make one ton of steel.

After the war, research now being conducted in coal will bring unredeemed benefits to everyone. For example, experiments are being made on pipeless heating units. Homes and apartments eventually will be heated by stoves no larger than small radios.

The coal being consumed in this country has lain dormant in the ground for three hundred million years. Modern industry has at last brought it to light—a black miracle.

## WASHINGTON NONSENSE

"These Washington bureaucratic bunglers fix the price of milk and butter, beef and poultry and then while the average weekly wages in the large cities throughout this nation go up 53 per cent, they put on a campaign to roll back the cost of food by paying subsidies at the expense of the producers and the sorely pressed taxpayers of this nation."—W. Lee O'Daniel, U. S. Senator, Texas.

**NOW... LET'S GO TO THE STORE WITH UNCLE SAM**

THIS SIGN TELLS YOU WHICH CEILING PRICE LISTS THE STORE MUST SHOW: 1, 2, 3, OR 4.

HERE'S YOUR OFFICIAL LIST OF PRICES FOR BEEF, VEAL, LAMB AND PUTTON. THERE'S ANOTHER FOR PORK.

HERE'S YOUR COMMUNITY PRICE LIST FOR GROCERIES.

CHECK THE PRICES ON THAT LIST WHEN YOU BUY.

BEER PRICES ARE SET BY GRADE. SO, LOOK FOR THE GRADE, TOO.

THERE MAY BE A NEW PRICE LIST EVERY WEEK FOR FRESH FRUITS AND VEGETABLES.

YOU'LL FIND SOAP PRICES ON THIS OFFICIAL LIST.

TAKE TIME TO CHECK PRICES ON ALL LISTS AND NEVER PAY MORE.

I'M PROUD OF YOU BOTH FOR KEEPING PRICES IN LINE!

BUT IF YOU ARE ASKED TO PAY MORE THAN THE LEGAL CEILING—

THAT PRICE IS WRONG!

TELL THE GROCER NOW. IF HE DOESN'T CORRECT IT, GIVE THE PRICES TO THE PRICE PANEL OF YOUR WAR PRICE & DISTRIBUTION BOARD.

WE WON'T LET INFLATION LICK US

## AMERICAN HEROES BY LEFF

Seriously wounded by an exploding grenade, Marine Gunner Angus R. Goss of Tampa, Florida, braved point-blank enemy fire to charge an enemy machine gun emplacement in a cave. Single handed, he wiped out Japanese gunners and snipers with a sub-machine gun, saving the lives of his unit. Angus Goss is dead—leaving a Navy Cross for "indomitable fighting spirit and extreme courage." If such heroism doesn't deserve an extra War Bond, what does?  
U. S. Treasury Department

**OLD CHAIRS BACK IN SERVICE**  
**COLLEGE STATION** — Four chairs more than 100 years old recently were reclaimed by home demonstrators, Marie A. Neff. One rocking chair put back into use was a wedding gift of 50 years ago. Demonstrations on re-caning in seven communities soon resulted in the completion of 25 chairs.

**IT PAYS TO ADVERTISE**

There are a multitude of uses for fresh white collars and dickers. Easily and inexpensively made from laundered cotton bags, they lend variety to new dresses and suits and give smart, new touches to last year's suits or frocks. Make a number of them from cotton bags which come into your home as containers of flour, sugar, or other staples. You will find that this material launders gleaming white and that, with a little starch added, it looks like linen. Cut the collar or dickey the desired size and style and edge it with handmade lace or a ruffle. A medium size cotton bag will furnish ample material. Numerous conservation tricks which save you money and add cotton freshness to your wardrobe are contained in the new, illustrated booklet, "Bag of Tricks for Home Sewing." Free copy may be obtained by writing National Cotton Council, Box 18, Memphis 1, Tennessee.

Mrs. A. D. Hill of Artesia, New Mexico, is visiting her brother-in-law and sister, Mr. and Mrs. F. T. Jarvis, and other relatives here this week.

Mrs. Andy Elland visited her parents, Mr. and Mrs. Bromley of Gilliland, the first of this week.

Miss Dorothy Campbell returned to Abilene, where she is employed, last week after spending some time here with her father, J. C. Campbell, and other relatives.

Oliver W. Lee, well known Munday resident, was taken to the Wichita Falls general hospital the first of this week, where he is a medical patient.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

**AUSTIN** — Thousands of children and adults die each year from fly-borne diseases. Typhoid fever, tuberculosis, summer complaint, cholera, and intestinal diseases frequently resulting in death follow closely in the trail of the common housefly.

"The control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and community in the State," said Dr. Geo. W. Cox, state health officer. "The most effective measure for control is to prevent breeding, and about eight days are required to complete a life cycle. During her lifetime of several months, one housefly lays from 600 to 1,000 eggs. Thus, it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless of thousands."

To eliminate flies, Dr. Cox said the breeding places must be destroyed. As flies breed in filth, manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the procreation of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise they should be kept from access to privy vaults where they pick up the infections, which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not endanger your family. See that your grocer keeps meat, vegetables, and fruit screened from flies."

## He'd Rather Drop Than Dodge Them

FORT WORTH — "I just decided it would be safer up in a plane dropping the bombs than it was down on the ground dodging them!"

That's the way Marine Sergt. C. A. Smillie, receiving pilot training at T. C. U. here, explains why he asked for a transfer to aviation training.

Sergt. Smillie took part in the Battle of Midway, the Battle of the Coral Sea and other actions in the Pacific area. He was on the aircraft carrier Yorktown when it was lost by enemy action.

Before reporting to the CAA-WTS School at T. C. U., he received training in glider piloting and at flight preparatory school. After his training at T. C. U., he will report to one of the Navy's pre-flight schools, then to a primary air base, then to one of the big air stations for final advanced training.

Mr. and Mrs. Redden Parramore and daughter, Traphine, of Dallas visited relatives and friends here over the week end.

Misses Flora Bell Ratliff and Margaret Womble visited with relatives in Fort Worth and Dallas over the week end.

Mrs. George Isbell, Mrs. Tidwell, and Mr. and Mrs. Plummer Edwards and son, all of Abilene, visited relatives and friends here the first of this week. Plummer left this week for induction into the service.

S.-Sgt. Preston Ingram, who has been stationed at Dalhart, Texas, visited his mother, Mrs. Louise B. Ingram and other relatives here over the week end.

Mr. and Mrs. Ed Hester of Haskell spent last Sunday in the home of Mr. and Mrs. A. B. Warren.

Mr. and Mrs. Riley B. Harrell and daughter, Joan, visited relatives and friends in Abilene over the week end.

## Declarations of Estimated Income Tax For 1944 Must Be Returned By April 15

Hon. W. A. Thomas, Collector of Internal Revenue, Dallas, Texas, announced today that copies of the forms for 1944 Declarations of Estimated Tax have been mailed out to the approximately 150,000 taxpayers who filed 1943 Declarations in this district last fall.

Collector Thomas said any other taxpayers who are required to file declarations this year may obtain them by letter request to the Dallas office, or in person from any of the field offices located in Fort Worth, Amarillo, Abilene, Eastland, Lubbock, Odessa, Wichita Falls, Texarkana, Tyler, Sherman, Paris, Longview, Nacogdoches, San Angelo, Corsicana and Oak Cliff.

The 1944 declarations are due not later than April 15. Originally scheduled to be filed on March 15 along with 1943 tax returns, the 1944 declarations were postponed until April 15 in order to include provisions of the recently-enacted Revenue Act of 1943.

The purpose of these declarations, Collector Thomas explained, is to keep everyone substantially paid up on his income taxes under the pay-as-you-go plan. Most taxpayers are kept approximately paid up by the tax that is withheld from their wages, and therefore do not have to file declarations.

However, some wage earners—

particularly clergymen, domestic servants and farm laborers—do not pay any withholding tax, and are required to file declarations. Other wage earners pay withholding tax but not enough to meet their total tax bill and must therefore file declarations.

Also, declarations are required to provide a pay-as-you-go method of collecting taxes from business and professional persons and large numbers of others who get all or part of their income from sources where no tax is withheld, such as business profits, dividends, interest, rents, property or stock transactions, or annuities.

A declaration is required on or before April 15 from all citizens or residents of the United States who expect to have during 1944—either alone or together with a wife or husband—

1. Wages subject to withholding exceeding \$2,700 for a single person or \$3,500 for a married couple living together.
2. Or, more than \$100 income from all other sources if the total of such income plus wages subject to withholding is (a) \$500 or more for a single person, or (b) more than \$624 for a married person, or (c) \$1,200 or more for a married couple living together.

The first quarterly installment of estimated tax shown to be due on the declaration should be made at the time the declaration is filed and the remainder should be paid on or before June 15, September 15, and December 15.

Farmers, who receive more than 80 per cent of their income from farming, may, if they desire, postpone the filing of declarations until December 15. However, if they do wait until December 15, the entire amount of the estimated tax must be paid at that time.

The forms mailed by Collector Thomas include the declaration form itself, which is a short slip 3-3/4 by 8 inches, and is the only form that needs to be filed by the taxpayer. The form is accompanied, however, by two alternative worksheets for the convenience of taxpayers. The taxpayer needs to use only one of these worksheets and should retain it for his personal record.

Members of the armed forces and others who are outside of the continental United States on April 15 will have the usual extensions or

## People, Spots In The News

**TOKENS SAVE TIME**—Tests made prior to adoption of new ration tokens indicate housewives will save at least 25 per cent of time spent at checkout counters. Mrs. Dorothy Silberman is shown receiving tokens in change at A&P super market during consumer-retailer clinic held at Boston under OPA supervision.

**YANKS' PET CHICKEN**—American soldiers of an anti-aircraft unit in Italy feed their pet chicken named "Sir Mathew." The Yanks from left are: Pvt. Milan Yovetich, Pittsburgh, Pa.; Cpl. Leon Lessigne, St. Martinsville, La.; Pvt. Woodrow Berry, Dayton, Ohio; Pvt. Ed Novickas, Grand Rapids, Mich.; Pfc. John W. Robertson, Springfield, Ill.; T/5 Max O. Clark, Niagara Falls, N. Y., and Cpl. Clarence Matternly, Aurora, Ill.

## Goree News Items

Dewey Struck, who has been spending a furlough here with his relatives, has returned to his post of duty. Dewey is with the air forces and has taken part in many hours of combat duty in the Pacific theater. He has a twin brother who is with the medical corps in the

Southwest Pacific.

A number of Goree boys who have been serving overseas have been spending furloughs with home folks and looking exceedingly well. We hope they continue to have good health.

Misses Mary Jean Stevenson and Mary Ellen Williams were guests at a house party at Hardin-Simmons University, Abilene recently, honoring the Y. W. A. The young ladies reported a very enjoyable week end, with many pleasant memories.

Jack Barger, who is stationed at Alexandria, La., came in Saturday to spend a furlough with his parents and with other relatives. Jack was fortunate to get his furlough at this time. Norris Barger, who is stationed at Tucson, Ariz., was allowed an extension of his furlough in order to be here for this visit.

S-Sgt. and Mrs. Charles Heard were here for a week end visit with Mr. Heard's parents, Dr. and Mrs. E. F. Heard, and Mrs. Heard's parents at Abilene.

Mr. and Mrs. H. E. McMahon recently returned from a visit in Fort Worth. While there they attended the fat stock show.

Mr. and Mrs. Mack Tynes have received word from Mr. Tynes' brother, Jot, that he has made the voyage and is safe.

Mr. and Mrs. Nealie Moore of McCamey have been here to attend the bedside of Mr. Moore's mother, who has been seriously ill. Mrs. Moore is reported to be improving.

Eunice Thornton, who is attending school at Wichita Falls, was a week end visitor here with her parents.

We have more wintry weather, with ice and sleet falling, at this writing.

**Club Woman Makes Brown Sugar**  
**COLLEGE STATION**—A Jasper County home demonstration club woman, Mrs. Charlie Parker, recently showed her neighbors how to make brown sugar at a food production meeting called by the local agents of the Texas A. and M. Extension Service. Ten pounds of sugar Mrs. Parker showed were quite similar to the commercial product. She made it from two gallon buckets of syrup which had thickened. The syrup is allowed to drain through a sack or colander until only crystals remain. These are crushed with a rolling pin. The molasses drippings are used in cooking.

to teaching students.  
A surgical camera for filming the inside of the mouth or the inside of the stomach is one of the newest acquisitions of the University of Texas School of Dentistry, Houston, for its photographic laboratory.

## News From The A.A.A. Office

Assurance to Knox county farmers that they can go ahead with an allotment program this year without fear of a collapse in prices was given this week by Emmett Partridge, chairman of the County AAA committee, who reviewed price schedules which were made effective by Congress' provision for carrying out the support price program.

A brief summary of the support price program for principle farm products grown in Knox county is given below. Complete information on methods to be used for supporting prices on the various commodities may be obtained at the County AAA office or from community AAA committeemen.

**WHEAT** Non-recourse loans at 85 percent of the parity price as of July 1, 1944 on wheat stored on farms or in warehouses.

**COTTON** Non-recourse loans at 90 percent of the parity price as of August 1, 1944 on cotton stored on the farm or in warehouses.

**SOYBEAN** Non-recourse loans at \$2.04 per bushel for green and yellow soy beans grading number 2 or better with 14 percent moisture content—20 cents per bushel less for brown, black or mixed soybeans.

**PEANUTS**—The War Food Administration will be the only authorized buyer of 1944 crop peanuts and will enter into contracts with shellers, crushers and producer co-operative associations under which they will agree to purchase peanuts from producers for the accounts of the Administration at \$1.60 per ton for Spanish, Virginia and Valencia types and \$1.45 per ton for runner types.

**BARLEY**—Non-recourse loans on barley stored on farms or in warehouses at 85 cents per bushel—a deduction of 7 cents per bushel for warehouse stored barley unless the storage is paid through April 30, 1945.

**GRAIN SORGHUM**—Non-recourse loans on grain sorghums stored on farms or in warehouses at 95 cents per bushel for No. 2 or better—a deduction of 7 cents per bushel for warehouse stored grain sorghums unless storage is paid through April 30, 1945.

**RYE**—Non-recourse loans on rye stored on farms or in warehouses at 75 cents per bushel for No. 2 or better—a deduction of 7 cents per bushel on warehouse stored rye

unless storage is paid through April 30, 1945.

**VEGETABLE SEEDS**—Winter Cover Crop Seeds—Hay and Pasture Seeds—Designated prices for specified varieties will be supported through purchase programs—for varieties and prices see local county AAA committee.

**WOOL**—The WFA will offer to purchase domestic production of wool at the present support price (which is the current ceiling price less specified marketing costs.)

**HOGS**—The WFA will support until September 30, 1944, the price on good to choice hogs weighing 200 to 270 pounds at \$13.75, Chicago basis, and from October 1, 1944, through Mar. 31, 1945 hogs weighing 200 to 240 at \$12.50. Good to choice hogs weighing 270 to 330 pounds will be supported for a limited period at \$13.75 Chicago basis.

**EGGS**—The WFA will support prices to producers for eggs at 90 percent of parity price, but in no event less than a U. S. average farm price of 30 cents per dozen in the spring and early summer, and an annual average U. A. price of 34 cents per dozen.

**TURKEYS AND CHICKENS**—The WFA will support prices to producers of turkeys and chickens (excluding broilers and chickens weighing less than 3 pounds live weight) at 90 percent of the parity price, but in no event less than specified prices which will be announced at a later date. The method of support will also be announced at that time.

**MILK AND BUTTERFAT**—Through purchases of butterfat, cheese and skim milk powder the War Food Administration will support returns to producers of milk and butterfat at levels of not

less than 30 cents per hundred pounds for whole milk or 4 cents per pound for butterfat above the returns which will be reflected by the following prices for butter, cheese, and skim milk powder;

Butter—U. S. Grade A or 92 score, 46 cents a pound, Chicago, Ill., basis.

American Cheddar Cheese—U. S. Grade A or No. 1, 27 cents a pound, Plymouth, Wis., basis.

Skim Milk Powder—U. S. Extra Grade, spray 14 1-2 cents and roller 12 1-2 cents a pound, f. o. b. midwest plant basis.

Payments with respect to milk or butterfat made directly by producers has been announced through the month of April.

Mrs. Buddy Bumpas left last Monday morning for San Diego, Calif., to visit her husband, Pvt. Bumpas, who is in the U. S. Marines and in training at San Diego.

Mr. and Mrs. Cecil Barton of Clarendon spent the week end in the home of Mr. and Mrs. H. A. Pendleton.

## THE OLD JUDGE SAYS...

"I was just tellin' my brother Fred this morning, Judge...there's never been a time in our lives when we got to live up to that old sayin' 'United we stand, divided we fall' more than we have to today."

"How true that is, Herb. And for the life of me, I can't figure out why, at a time like this, some folks insist on raising a question like prohibition. I can't imagine anything that would tickle our enemies more than to get us folks over here taking sides

against each other, arguing about an issue like that. We've got a he-man's job on our hands to win this war and we can't be wasting our minds, our money and our strength fighting about something we tried for nearly 14 years and found couldn't work.

"I say there's a time and a place for everything, and this is no time or place to be doing any fightin' except the kind that's going to win the war."

This advertisement sponsored by Conference of Alcoholic Beverage Industries, Inc.

"IF YOUR HOME IS OVER 5 YEARS OLD YOU NEED THIS BOOK"

## Get This Valuable Book of Ideas...FREE!

Homes that are "lived in" need refreshing, minor repairs and alterations every few years. New and exciting features may be added for greater beauty, comfort, and convenience.

Wm. Cameron & Co. has prepared a handsome, 56-page book, beautifully colored and illustrated, that offers a wealth of thrilling, practical ideas for your home. Be sure to get one, free.

### Among the many subjects covered are the following:

- KITCHEN LAYOUTS
- FURNITURE ARRANGEMENT
- ROOM PLANNING CHECK LISTS
- BUILT-IN FURNITURE
- LANDSCAPING
- WALL TREATMENT
- COLOR STYLING
- WALLPAPER SELECTION
- INSULATION
- RANCH AND FARM HELPS

### How to Get Your Copy of This Valuable Book—FREE!

Go to the nearest Wm. Cameron & Co. store and ask for a copy of "How to Modernize Your Home." It is entirely free and without obligation.

If there is no Cameron store in your town, and you would like to have this helpful book, mail the coupon, together with 25c, in coin or stamps.

Enclosed find 25c in stamps  coin  for which send me a copy of your book, "How to Modernize Your Home."

## Victory Club Meets Wednesday With Mrs. Goode

The ladies of the Victory Home Demonstration Club of Weirnet met on Wednesday, March 22, with Mrs. Billy Goode. The subject of the day was Storage Space, and Mrs. Edgar Lowe gave a thorough and interesting talk on this subject.

The beautification of yards, the arrangements of furniture and the style of drapes were studied.

Mrs. Goode outlined her plan to turn her large screened porch into a summer living room. Mrs. Pruitt told of her plans for kitchen screens. Mrs. Putnam gave a very interesting and beneficial talk on eliminating doors and windows.

At the close of the meeting delicious refreshments of hot tea and cake were served to Mrs. Pruitt, E. Lowe, O. O. Putnam, V. Bowman, Merrill, Yaddel, Earle and the hostess, Mrs. Billy Goode.

## Methodist WSCS Meets Monday In Williams Home

The ladies of the Methodist W. S. C. S. met Monday afternoon in the home of Mrs. P. V. Williams, at which time they resumed study of the book, "All of Life." The fifth chapter was reviewed by Mrs. J. C. Rice and Mrs. G. R. Eiland.

During the social hour a tea course was served to the following:

Mrs. J. C. Rice, J. W. Roberts, W. W. McCarty, G. R. Eiland, Luther Kirk, G. W. Dingus, W. A. Baker, S. E. McStay, J. C. Borden, W. T. Ford, J. C. Harpham, Ebb Lowe and the hostess.

## Knox City Boy Now At Camp Maxey

CONWAY, Ark.—Pvt. Claude A. Richardson, Jr. of Knox City, Texas, who has been studying basic engineering at Hendrix College, Conway, for the past several months under the Army Specialized Training Program, was transferred with his unit today to Camp Maxey, Texas. The Hendrix unit, which was activated last July, was disbanded together with units throughout America is a drastic reduction of the specialized training program to meet growing manpower needs for active duty.

Men of the program, who were specially selected for intellectual and leadership superiority, are intended to raise the efficiency of combat units to which they are attached, according to a memorandum from the secretary of war.

Pvt. Richardson is a son of Mr. and Mrs. C. A. Richardson of Knox City.

Mrs. Wade Mahan and daughter, Susan, left last Tuesday for Amarillo, where they are visiting Mrs. Mahan's mother and sister, Mrs. W. M. Mayo and Mrs. Agnes Mayes.

## Activities of Colored People

The revival which was held at the West Beulah Baptist church was quite a success. Eight members were added to the church. The revival was conducted by the pastor, Rev. D. B. Meadows.

The group meeting held at the church was last Sunday evening in the interest of the lunchroom netted \$38.05. We wish to thank all who so generously contributed.

We thank Mrs. G. R. Eiland and her Sunday school class very much for the check sent our lunchroom.

Mrs. Alice Napper and Mrs. Ruby Mae Williams returned Monday night from Fort Worth, where they had been to the bedside of their daughter and mother.

## Women Who Suffer from SIMPLE ANEMIA

Here's One Of The Best Home Ways To Help Build Up Red Blood!

You girls who suffer from simple anemia or who lose so much during monthly periods that you feel tired, weak, "dragged out"—due to low blood iron—start today—try Lydia Pinkham's TABLETS—one of the greatest blood-iron tonics you can buy to help build up red blood to get more strength and energy—in such cases.

Taken as directed—Pinkham's Tablets is one of the very best home ways to get precious iron into the blood. Just try them for 30 days—then see if you, too, don't remarkably benefit. Follow label directions. Worth trying!

Lydia Pinkham's TABLETS

## Home Demonstration Agent Gives Good Suggestions On Spring Victory Gardens

Now that Spring is officially here, according to the calendar, victory gardeners are beginning to think about early vegetables soon to be planted. Lucile King, county home demonstration agent, this week compiled a series of garden reminders dealing with phases not generally known by the amateur and helpful to the farmer as well.

Head lettuce, one of the early garden favorites, should be thinned when the plants are about three inches high. Approximately six inches of space should be left between each plant. The plants will head nicely in cool weather, whereas hot weather will cause the stalk to grow too fast and the plant will go to seed in late April or May. For this reason, leaf lettuce should be planted this month and in April to come in after the head lettuce has grown beyond the edible stage.

Where English peas are grown under warm weather conditions, the gardener should dust the plants once a week with dusting sulphur to prevent mildew. This disease first shows up as a powdery mass over the lower leaves, spreading over the entire plant, causing the leaves to have a rusty appearance. Eventually the plants will cease bearing and even die. But dusting sulphur in the early stages will help to control this and keep the plants bearing throughout the season.

Early bush beans, squash, cucumbers and sweet corn can be planted during the latter part of March, Miss King said. But do not plant all of the garden plot now. Leave space for tomato plants, pepper plants, eggplants, butter beans and okra which are planted later.

In order to secure smooth cucumbers for slicing and pickling, plant them as soon as possible after frost danger is over. Hot, dry weather causes cucumbers to become irregular in size and shape, so that late planting is not advisable. Seed should be sown about one foot apart in rows fertilized with three to five pounds for 100 feet of victory garden fertilizer, or at least 50 pounds of rotted manure per 100 feet or row space. When the plants are about one foot high, select the most vigorous and thin to about three feet apart.

March is also the ideal time for preparing tomato ground, since the plants should be in the ground by early April. The soil should be prepared eight to 10 inches deep and fertilizer applied. This will give the soil a chance to become thoroughly conditioned by the time the plants are set out.

**CARD OF THANKS**

We wish to express our most sincere thanks and appreciation to those farmers who so willingly helped in putting our land for us during our misfortune. May God bless each and every one of you.

Mr. and Mrs. W. A. Smith and family.

## Sgt. Trammell Gets Rifleman's Medal

LAAF, LUBBOCK — S.-Sgt. De Troy Trammell, of Munday, was recently awarded a sharpshooter's medal for qualification in firing the Carbine M-1 Rifle at this twin-engine field.

LAAF is an advanced pilot training school, a part of the Nationwide Army Air Forces Flying Training Command. Located in the flat plains area of West Texas, it was early chosen as an ideal location for the intensive training necessary to equip cadets who come here from basic training, as pilots of the Army's giant Fortresses, Mitchells, Marauders, and the other multi-motored ships now spreading destruction on enemy installations in all theaters. The Commanding Officer is Col. Ralph E. Holmes, a command pilot with 17 years experience in the Air Forces.

Mrs. D. E. Holder Jr., left last Monday for Denton to spend some time with her parents. She had been here for some two weeks, visiting with her husband's parents, Mr. and Mrs. D. E. Holder, Sr.

Rev. Luther Kirk, Wade Mahan, Leland Hannah and Jimmy Harpham attended a meeting of the Stamford Rotary club last Tuesday.

## STEAM PRESS TO PERFECTION

As important as good workmanship... is the pressing you do as you sew. A careful press contributes the final, professional finish that is essential to smartness. And modern pressing aids make it easy today to do expert pressing right at home. Even velvet can be steam pressed right side up, as the photograph shows—using a new type of steam press cloth. Chemically treated, this new pre-kloth steam presses every type of fabric, and can be used with any kind of iron.

Mr. and Mrs. L. L. Womble spent the week end in DeLeon, Texas, visiting with relatives.

## At The Churches

### PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work. All Presbyterians living in Munday and surrounding country are urged to attend our services. A very hearty invitation is extended to all visitors, especially those who have no regular church home.

### Revival Begins At Holiness Church

Evangelist Russell Stewart of Oklahoma City opened revival services at the Holiness church, in the east part of town, last Sunday night.

The meeting is increasing in interest and attendance. Evangelist Stewart is well known throughout this denomination and his messages hold interest for all who hear him.

The meeting will continue until further notice, it was announced, and the entire public is cordially invited to attend each and every service.

IT PAYS TO ADVERTISE

### BENJAMIN METHODIST CHURCH

J. P. Patterson, Pastor  
CALENDAR  
Preaching Second and Fourth Sundays at 11:30 a. m.  
Church School, 10:30 a. m. each Sunday.

**Freshman News**  
The Freshmen are getting prepared for six-weeks tests. They are coming up soon and we will all try to do our best.  
In Homemaking, we have finally started making our dresses after so long a time. We hope we have them finished by the end of school.

**Junior News**  
Will those class rings ever come. This suspense is awful.  
Most of us find it hard to realize that the end of school is drawing nearer and nearer. This means that a ten-page theme is to be written by May first in History. Only one

boy has gotten around to tackling that task. How did you do it, Billy Jo?  
We notice the Juniors have four names on the play cast of the coming presentation of "The Home Front." We're expecting good acting from you.  
As a formal theme is due in English tomorrow, most of the high school will forfeit a few hours sleep and recreation to get it in on time.

**Senior News**  
The whole Senior class is finally coming down to brass tacks, where everything is getting plenty serious. In just a few more short weeks we meet our doom, and then we will know whether we are going to finish dear old G. H. S. with flying colors, or not.

Since school is going to be turned out one week earlier than we had expected, we are having to make up this extra time by taking up classes earlier. Believe me, we are putting in plenty time, but perhaps we really need to.  
Several Seniors are having a very difficult time trying to finish Chapter 25 in Bookkeeping. It isn't so hard, but it is long and takes plenty of brain work to get the Journals and Work Sheets to balance.

Our English class has been very interesting and helpful to everyone during the past week. Each day several students have assigned subjects from the book to explain the most important facts on their subject. This saves time, work, and also helps us to finish our literature book much sooner. All of us have been writing formal themes lately, and what a hustle, scribbling and rush.

The whole high school is going to present a program soon, and the Juniors and Seniors are presenting a play "The Home Front" for their part. From all indications, it is very promising that it will indeed be interesting, as well as amusing, since it is a patriotic play.  
Our class was very happy to see two of our old schoolmates, who visited school recently, Cpl. George Jones, Jr., of the Army Air Corps, and Pvt. Mark Koenig, of the Marine Corps. They graduated here last year, and all of us are very proud of what they are doing for us. Good-luck, boys, from our Senior Class.

**Sophomore News**  
This week is a busy rush for the Sophs. We are all doing our best to draw the end of school to a close. Everyone is thinking of the swimming hole and summer vacations.  
Homemaking is making us think of our future wardrobe. The girls are well on their way in dress making. We plan to have a grand

## New 'Makeup' for Rooms

THIS smart bride is doing "room makeup" by switching over the draperies in one room to another, for a new effect. In addition, changing the position of curtains and draperies will add months of serviceability to the fabric, enabling wear and the effects of bright sunlight to be more evenly distributed.

Proper care aids in serviceability, too, so look for labels on curtains and draperies to tell you how to care for the fabric. A helpful free leaflet "Selection and Care of Rayon Glass Curtains & Draperies" may be obtained by sending a stamped, self-addressed envelope to the Women's Department of this newspaper.

**I GIVE YOU TEXAS**  
by **BOYCE HOUSE**

The basis of all literature is wonderment—perception of the miracle that "nature sends up violets and paints them blue." As Kipling said, "I saw naught commonplace in Thy world." Tennyson marveled at a little flower in a crannied wall. The Savior declared, "Except ye become as a little child, ye shall in no wise enter the Kingdom of Heaven."

What some of the editors are saying:  
L. C. Kirgan's Fairchild Recorder: I note, a local man said yesterday, that we now have to guess on what our income will be and if we miss it, we will be fined an extra assessment. This makes the whole thing a matter of guesswork. Congress has had us guessing about everything else for the past 10 years and now we must guess about what our income will be... If I had been a member of Congress that passed the present pay-as-you-go income tax law, I would have been afraid to come home on vacation and face my constituents.  
Kerrville Times: We have held to the view, and still have that opinion, that those in charge of affairs at Washington are in far better position to be informed as to the real situation in the global

war in which we are engaged than outsiders could possibly be. Our war leaders at Washington not only have inside information far surpassing that of the ordinary citizen but upon their shoulders rests the responsibility of waging the war so as to win a complete victory. The man on the street does not have the responsibility of making decisions vital to the war effort. To our way of thinking, that fact makes a vast difference between him and our leaders, who almost sweat blood over difficult problems that confront them.  
A. J. Strickland Sr. in Terry County Herald: When and if we pipe all our oil and natural gas out of Texas, East Texas will have nothing else to do except squirrel hunt and West Texans can get caught up with their coyote hunting. All our big reserves will be used to further industrialize the East.  
A good old preacher who was visiting in a home dropped his set of false teeth through a grating on the porch. (Neither he nor his hosts could devise any way to get them out as the bars were too close together to reach through and too firmly embedded to be removed. But the small boy of the family said: "Wait a minute." He returned in a little while with a string, with a chicken bone tied on one end. He lowered the bone through the grating and the teeth, through force of habit, clamped down on the chicken bone and he drew them out!

## LOCALS

Mr. and Mrs. Stanley Wardlow of Fort Worth visited relatives and friends here over the week end.

Mr. and Mrs. Gene Tonn of Haskell visited with relatives and friends here last Sunday.

J. W. Roberts, Ardele Spelee and son, Kenneth, were Haskell visitors Sunday afternoon.

Mr. and Mrs. Robert. Poer of Tahoka visited relatives and friends here over the week end.

Levoy Burton of Haskell visited with relatives and friends here last Saturday night.

Mrs. W. R. Moore and Mrs. Raymond Ratliff were business visitors in Wichita Falls last Friday.

Misses Gail Reynolds and Martha Ann Reynolds were business visitors in Abilene last Saturday.

Mrs. Grady Shyles, Jr., left on Thursday of last week for Independence, Kans., where she is visiting her husband who is in training there.

Mr. and Mrs. Sidney Lee of Fort Worth visited relatives and friends here the first of this week. On their return they visited Sidney's father, O. W. Lee, in a Wichita Falls hospital.

Mrs. Fred Glover of Benjamin was a business visitor here last Tuesday.

Mr. and Mrs. Ben Stark and children, Horace and Joan, and Mrs. A. J. Stark of Kress, Texas; Mr. and Mrs. Oliver Jasper of Silverton visited in the home of Mr. and Mrs. Louis Cartwright last Sunday. Mrs. B. Stark is a sister of Mrs. Cartwright.

Mr. and Mrs. Ray Willis and Roland of Knox City spent the week end in Munday, visiting Mrs. Willis' father, J. A. Warren.

Mr. and Mrs. Chalmers Hobert and children visited Mrs. Hobert's mother, Mrs. Carrie Jeffords of Seymour, last Sunday.

Mrs. O. W. Yee and daughter, Mrs. Gene Tonn of Haskell, spent last Tuesday in Wichita Falls, visiting their husband and father, O. W. Lee, who is a patient in a hospital there. Mr. Lee is reported to be improving.

Biology and History is going fairly well with everyone. Although some have discovered they have weak stomachs in Biology. I suppose they will pull through. Napoleon was a great guy, wasn't he?  
In our English we have a choice of writing a formal theme on the Juniors, Seniors, or Faculty. I'm afraid someone may get their nose smashed. (Tell you next week.)  
We enjoyed an entertainment of the Miller Brothers and Homestead Trio last Thursday night at Munday. Everyone had a swell time and agreed we must go back sometimes.

Hot water heaters—No priority needed. New Crane automatic, 20 gallon capacity. The Rexall Store. 37-tfc.  
Grade 1 tires—We are getting a few Grade 1 tires, also some tubes now. See us before you buy. R. B. Bowden's Gulf Service Station. 32-tfc.  
Just received—Limited supply of steel paper clips. Times office. tfc.  
Sewing machines repaired. I do all kinds of repair work, and also buy a few and sell a few. Carl Rutledge, Norton House, Haskell, Texas. 31-5tp.  
For sale or rent—Five rooms modern, on paved street. Inquire at Naylor Shoe Shop. 1tp  
Gasoline cans, Army type, 5-gallons. Get them at Reid's Hardware. 35-tfc.  
For sale—Farms, ranches and city property. Also Real Estate Loans. Chas. Moorhouse Commission Co., office Brazos Hotel, Seymour, Texas. tfc.  
Repair your fences—Barbed wire, posthole diggers and staples at Reid's Hardware. tfc.  
For sale—Pure Caprock maize seed. Extra good. See Jones and Eiland. 39-tfc.  
Notice—We do welding and machine work; general auto and tractor repairing. See us. Strickland Garage. 35-tfc.  
For sale—Two 2-row slide go-devils; one pulley for Ford tractor. See G. C. Johnson at Roy Jones farm, Goree. Mrs. Roy Jones. 39-2tp.

## COTTON QUIZ

HOW DOES COTTON SAFEGUARD YOUR HOME?

ANS —  
BY PROVIDING INSULATION FOR ELECTRIC WIRES!...  
MORE THAN 200,000 BALES OF COTTON WENT INTO INSULATION OF WIRES LAST YEAR!

Mr. and Mrs. L. J. Barnett and Mr. and Mrs. Homer Simpson and sons of O'Donnell, Miss Elizabeth Barrett, Lubbock, and Brad Walton of Loop, Texas, visited their father, Zack Walton, and other relatives here over the week end. Mr. and Mrs. Barnett and Elizabeth went on to Waco to see their son, A. C. Harold L. Barrett, who is in training there. They reported that Harold is fine and is looking forward to receiving his wings in June.

Mr. and Mrs. L. J. Barnett and Mr. and Mrs. Homer Simpson and sons of O'Donnell, Miss Elizabeth Barrett, Lubbock, and Brad Walton of Loop, Texas, visited their father, Zack Walton, and other relatives here over the week end. Mr. and Mrs. Barnett and Elizabeth went on to Waco to see their son, A. C. Harold L. Barrett, who is in training there. They reported that Harold is fine and is looking forward to receiving his wings in June.

## LOCALS

Mr. and Mrs. Byron House of Benjamin were business visitors here last Tuesday.

Rev. J. S. Tierce, Baptist pastor of Knox City, was a business visitor here Tuesday.

Mr. and Mrs. Grady Roberts of Wichita Falls spent a while here Tuesday, visiting relatives and friends and attending to business matters.

D. B. Weaver, Jr., and family of Seminary Hill, Texas, spent the week end in Munday and Knox City, visiting relatives and friends.

The most serious mistake you can make is the one from which you learn nothing.

YARD UPKEEP IS SMALL

COLLEGE STATION — Cost of the upkeep of her yard demonstration averages about 50 cents per month, Mrs. Leroy Williams of Willacy County estimates. This cost covers the purchase of new plants and trees. Mrs. Williams explains to Mrs. Hazel Martin, county home demonstration agent of the Texas A. and M. Extension Service, that the use of native shrubs enables her to keep the cost of her yard demonstration so low. She also does her own pruning.

Two substantial grants have recently been made to the University of Texas Medical School for research—\$3,000 fellowship grant from the Frederick Stearns Company of Detroit to finance a study of the pharmacological study of various types of drugs, and \$1,100 from the Johnson and Johnson Research to support the work of Dr. Jule K. Lamar in the department of obstetrics and gynecology on differential fertility.

## Give All Your Birds GERMOZONE

All birds are bound to get many germs on their beaks as they pick in litter or on the ground. Then those germs get washed off into the drinking water. In that way many of the germs that are passed out by one infected bird get inside the rest of the flock. And the same is true of germs carried into the poultry yard by the wind or on people's shoes or on the feet of animals. All of your birds, young and old, need reasonable protection against poultry diseases that are often spread through the drinking water. Germozone is given in the drink, and its first action is right there. It destroys many of the germs and bacteria IN DRINKING WATER.

GERMOZONE ACTS 1st in the drink, 2nd in the crop, and 3rd in the intestines.

## MUNDAY LUMBER CO.

E. B. LITTLEFIELD — ED LANE, Mgr. — CARL MAHAN

**WEST TEXAS UTILITIES CO.**

He's the "Darling" of the Ladies...

Casanova? No... Don Juan? No... Barrymore? No... Sinatra? No, no... they're good, it's no denying. But they couldn't compare with that "darling" of the Ladies, Reddy Kilowatt. Now, there is a man for you. He is always there to lighten the toil or heighten the pleasure. The perfect servant—dependable, efficient, quiet, clean, and inexpensive—just flip a switch or plug in at the wall. Reddy will do the job in no time at all.

Coupons... brown, red, green or blue... the nightmare of the Ladies; he requires no coupons at all. He is such a mighty little fellow that he turns the wheels in 90 percent of the war factories and still has no trouble working for the Ladies twenty-four hours a day—and no charge for overtime. The more he works the cheaper his wages. Yes, there's no denying, he's the "darling" of the Ladies.

**West Texas Utilities Company**

## TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

### More Sugar For Home Canning

To get canning sugar in addition to the five pounds per person available with sugar stamp 40, application should be made to the local ration board on Form OPA R-323, which will be furnished upon request by the office of the local board, OPA announces. The entire transaction may be handled by mail, one application serving for all who live at the same address. In order to make it unnecessary to send ration books through the mail, the spare stamp 37 from war ration book Four is attached to the application form for each person applying. Families that preserve and can food at home for sale to others may apply to their local boards for a maximum of 250 pounds for this purpose. Sugar beet and sugar cane growers may get 25 pounds of ration-free sugar for each member of their families as part of the sugar produced from their 1944 crops by applying to distributors who processed their crop.

### Rubber Situation Still Stringent

Although the nation is now producing synthetic rubber faster than raw rubber was consumed in this country any time prior to 1941, military and civilian demands still exceed the supply, the Office of Rubber Director discloses. Low speed limits must be enforced and all tires recapped if essential driving is to be maintained during the critical months ahead, the Rubber Director warns. He reminds motorists that the life of a tire at 35 miles per hour is 50 per cent longer than at 50 miles per hour and three times longer than at 60 miles per hour.

### Consumer Goods Survey

A check-up on how well government measures have helped to alleviate shortages of civilian goods will be provided by a Consumer Goods survey now being made by the Office of Civilian Requirements of the War Production Board. Merchandise to be surveyed includes miscellaneous household articles such as bobbie pins, safety pins and cleansing tissue; clothing for men, women and children; household linens; and yard goods for apparel.

### Why Make Declarations

The income tax declarations required by April 15, this year, of some 15 million persons are a fundamental requirement in the "pay-as-you-go" system, the Bureau of Internal Revenue explains. Only by means of these declarations is it possible for the bureau to learn how much tax is due from those whose tax obligations are not completely met by funds withheld for that purpose by employers. If taxes are due, those who make declarations may pay the entire tax by April 15 or they may pay the first quarterly installment of such tax at that time. Other installments are due June 15, September 15, and December 15. Farmers are allowed to postpone declarations and payment until as late as December 15. Penalties are provided for under-estimating tax and fail-

AT FIRST SIGN OF A  
**COLD**  
USE  
**666**  
666 TABLETS, SALVE, NOSE DROPS

ure to pay instalments when due, but amended declarations may be made as late as December 15.

### Ask Dollars-And-Cents Ceiling

With most of the nation's major food items and many others under dollars-and-cents ceiling prices that the consumer can understand, the OPA Consumer Advisory Committee has urged OPA to extend dollars-and-cents ceilings to hardware, drygoods, work clothing and similar products. The committee said, "Consumers can recognize and help to enforce" such ceiling prices. Meanwhile OPA has established dollars-and-cents ceiling prices for country cured pork products and farmer-produced hybrid sweet corn seeds. There will be some decreases and no increases in country cured pork prices. Consumers may get community price lists, showing ceiling prices on food, from local war price and rationing boards.

### Round-Up

Casualties of the U. S. armed forces as announced by OWI March 22 were 38,846 dead, 58,964 wounded, 35,521 missing and 31,730 prisoners—of whom 1,894 have died in prison camps, mostly Japanese. . . . To make room for 1944 food production, WFA has ordered reduction in last year's cold storage stocks of certain foods. . . . Baked potatoes lose twice as much Ascorbic acid and three times as much Thiamine as potatoes boiled in their skins, the USDA says.

OPA announces that—special gasoline rations may be granted for 200-mile delivery on their own wheels of the few remaining new passenger automobiles in dealers hands to users who most need them. . . . An increase of 40 cents per hundred pounds at processor level for yellow and white corn milling products, is expected to result in a retail increase of about one-half cent a pound for corn meal, corn grits and related food items. . . . Florida ration boards are carrying out the spirit and letter of rationing in denying special gasoline rations to stranded vacationists. . . . The 1943 maximum prices for binding twine will continue in effect during 1944.

WPB says that—manufacturers of galvanized pails, wash tubs, wash boilers, funnels, fire shovels and storage cans for petroleum products have been granted supplementary quotas of iron and steel for the second quarter, this year. . . . To enable victory gardeners to buy atomizing hand sprayers, hand dusters, wheeltype hand cultivators and hand plows easily, it has lifted preference rating requirements. . . . Projects for production of 11,100,000 gallons of ethyl alcohol annually from wood wastes and sweet potatoes have been approved, one in Springfield, Ore.; the other in Lewiston, Fla.

ODT says that—badly adjusted and misaligned truck and bus steering mechanisms "do more to grind tires into powder than any other tire-wearing factor," and its bulletin, "Steering Maintenance," will be sent to those who request it—address Rural Press Section OWI, 3540 Social Security Building, Washington 25, D. C.

Mr. and Mrs. Macky Gray and little son and Mr. and Mrs. Karl Harbin and two children of Abilene visited in the home of Dr. and Mrs. D. C. Eiland last Sunday.

## CROCHET A DUTCH CAP FOR YOUR EASTER BONNET

An Easter bonnet should be completely feminine and unusually pretty. This Dutch cap designed for your spring wardrobe is both. Its cost to make it well below one dollar, so it is economical as well as attractive. Crochet it of bright red cotton to add snap to your navy dress or suit, or make it in your most flattering pastel shade.

## Good Supply Of No-Point Foods Now Available

In co-operation with the War Food Administration's campaign to encourage greater consumption of NO-POINT—LOW POINT foods, the Independent Retail Dealers of this area are conducting a "Fresh-From Keith's Week," March 27th through April 1st, calling particular attention to the abundant supply of "No-Point" fresh fruits and fresh vegetables now available from the winter garden districts.

This campaign is intended to help (1), create larger sales of unrationed and low-point value foods, and (2), advise the public of the most practical method of sharing the nation's precious food supply by giving emphasis to the nutritional food value of fresh fruits and fresh vegetables in the daily diet.

By focusing consumer attention on unrationed fresh fruits and fresh vegetables, during the "Fresh-From Keith's Week," retailers will be tying in with the "Share and Play Square" objective of the Food Fight for Freedom program launched last fall.

Among the fresh foods in plentiful supply now are: U. S. No. 1 grade washed Idaho Russett Potatoes, America's number one vegetable; cabbage, citrus fruits such as Texas grapefruit and oranges, California navel oranges and lemons, limes from Mexico. The salad bowl standbys such as lettuce, celery and tomatoes are ample for all requirements.

Strawberries from Texas and Florida are now available and will soon be followed by berries from Louisiana, Arkansas, and Missouri. Many no-point, low-point foods are also to be found in the retailer's

frozen lockers such as oven baked beans, green beans, broccoli, cauliflower, pumpkin pie mix, spinach, apple sauce, and squash.

"There is no shortage of fresh fruits and fresh vegetables in America. Surplus, not famine, stalks the United States. With many records broken in production of fresh fruits and fresh vegetables," Keith's buyer warned, "there is one thing you should remember here in 1944—there is no famine and there is none in sight. With continued heavy production of fresh fruits and fresh vegetables, we will see no famine, provided the consumers take advantage of these surpluses by eating now and canning their families' normal requirements for later consumption, and doing without the scarce, high-point foods that are in big demand by our armed forces."

## HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Elder A. B. Thornton of Anson preached at the Baptist church Saturday and Sunday, his wife accompanying him here.

More rain visited the community the first of this week.

Mr. and Mrs. J. T. Murdock are in Dallas this week, where Mrs. Murdock is to undergo an operation in a hospital.

The little baby son of Mr. and Mrs. Ray Jackson has been on the sick list the past few days.

Mrs. Lizzie McKenzie of Bomarator attended church services here last Sunday.

Charles C. Haskin made a business trip to Fort Worth the first of this week.

Mark, son of Mr. and Mrs. Joe Koenig, is spending the week with his parents. Mark is in the navy and stationed at San Diego, Calif.

George D. Jones of Nevada is on furlough to visit his parents, Mr. and Mrs. Dibril Jones. He will go to a Kansas camp for further training.

Mr. and Mrs. Everett Jones of Fort Worth, and Miss Leola Jones of Sterling City were week end guests of their parents, Mr. and Mrs. D. G. Jones and to visit their brother, George D. Other members of the Jones family were also here for the reunion.

Mrs. L. D. McElhannon of Goree spent the week end in the home of her daughter, Mrs. Arnold Haskins and attended church services while here.

L. L. Hendrix returned last week from a business trip to the plains country.

A district singing convention will be held at Anson next Sunday, April 2. This will be an all-day affair, and everyone is invited to attend. Bro. Thornton announced the singing while here for church services Sunday.

Mr. and Mrs. Aaron Edgar visited in the home of Mr. and Mrs. Roy Rogers and with other relatives near Quanah over the week end.

Mr. and Mrs. Cecil Blanton of Corpus Christi visited in the home of Mr. and Mrs. A. U. Hathaway over the week end.

Chas. Moorhouse of Benjamin was a business visitor here last Saturday.

## QUESTION SELECTED

Jim Lewis has been notified that his question has been selected to be used on the "Battle of Wits" program, and the sponsors, the Crazy Water Crystals Co., plans to use it sometime during the week beginning Monday, April 3.

Mr. and Mrs. Propps of Gilliland were here Thursday, visiting their daughter, Mrs. W. R. Moore and attending to business matters.

Mrs. James A. Rayburn of Wichita Falls visited relatives and friends here the first of this week.

## Hats off to the People who Produce your Electric Light and Power

The Charles A. Coffin Foundation confers a special citation for distinguished wartime achievement on the ELECTRIC LIGHT AND POWER INDUSTRY

"Faced with unprecedented demands, the Electric Light and Power Industry has met every war-production requirement without delay and without impairment of its peacetime services to the public. This achievement merits the appreciation not only of American industry but of the entire nation."

—FROM THE CITATION

THIS CITATION is richly merited—for here is a war job that has not been generally recognized.

If electric power should fail, or if it be too little or too late, the disastrous effects would startle all America. Vital machines would be motionless. Millions of homes would be cold—and an eerie blackout would descend over the land.

But, electricity has not failed. Rather, in 1943 twice as much power was produced as in the year before the war—with the minimum of new facilities—and despite large losses of skilled employees to the Armed Services.

In the words of J. A. Krug, Director, Office of War Utilities of W.P.B., "Power men—public and private—should be proud of the job that has been done in providing power supply. Power has never been too little or too late."

We of General Electric, who have built a large part of the electric equipment which generates, distributes, and uses the electric power of America, take pride in the way this equipment is standing up under the strain of "forced draft" wartime operation.

Many of the men and women responsible for this remarkable record are your neighbors—the manager or meter reader who lives across the street, the girl in the accounting department who is in your bridge club, the lineman with whom you bowled last night. A word of appreciation from you to them will lend added significance to this well deserved citation. General Electric Company, Schenectady, New York.

114th District:  
CLAUDE CALLAWAY  
(Re-election)

### For U. S. Congress, 13th Dist.:

GEORGE MOFFETT  
ED GOSSETT  
(Re-Election)

### What Is the Charles A. Coffin Foundation?

THE PURPOSE of the Charles A. Coffin Foundation is to encourage and reward distinguished achievement in the electrical field by "prizes to employees; by recognition to lighting, power, and railway companies for improvement in service to the public; by fellowships to deserving graduate students; and by the grant of funds for research work at technical schools and colleges."

Establishment of the awards was announced twenty-two years ago in a statement issued by President Swope and dated December 2, 1921:

"On May 16, 1922, Charles A. Coffin in his 78th year retired from the active leadership of the General Electric Company. Mr. Coffin has been identified with the development of the electrical industry since 1882. He was the founder and creator of the General Electric Company, of which he has been the inspiration and leader for sixty years."

"As an expression of appreciation of Mr. Coffin's great work not only for the General Electric Company but also for the entire electrical industry and with the desire to make this appreciation enduring and constructive as Mr. Coffin's life and work have been, the Board of Directors of the General Electric Company, created on his retirement and now desires to announce the 'Charles A. Coffin Foundation.'"

## CULTURE

Culture lies in what one actually is—not what one appears to be or what one's ancestors were. The son of an illustrious family may have no culture whatever. The man who prides himself upon a library of expensively bound books may not be able to read even one of them with understanding and pleasure. There is, unfortunately, such a thing as false culture—and one must be able to discriminate between it and the real thing.

Those who are truly cultured—by breeding, by education, by environment, by natural instincts—are truly simple. They have no use for superficiality, cheapness, vulgarity, display, and the exaggeration that goes with such things.

Those who are truly cultured do not give themselves airs of superior wisdom, do not try to impress the world with the fact that they are better than their neighbors—for, after all, no one is less cultured than the snob.

Those who are truly cultured neither ape the habits and dress of others nor repeat the ideas of others as their own. They think and speak for themselves.

Those who are truly cultured value money only insofar as it buys the necessities and comforts of life. They do not worship it for its own sake nor do they devote all their thoughts and energies to its accumulation.

Those who are truly cultured show respect for the customs, habits, and ways of people who are strange to them. They do not scoff at the things they do not understand. They are, above all, Tolerant.—Lillian Eichler.

## Junior News

We had an excellent program by the Miller Brothers and Homestead Trio last Thursday night. Everyone present enjoyed the program immensely. The proceeds were

## Most Taxpayers, Including Farmers

... Must make a Declaration of Estimate of 1944 Income and their tax liabilities on such Estimated Income. This has to be done by April 15th.

Bring your last year's Income Tax report (the one for 1943) and I will assist you in making out this Declaration. In most cases my charges will be 50c.

## TSCW GETS SCHOOLS AT WAR FLAG

Texas State College for Women, Denton, has received the first Schools at War Flag to be awarded a college in Texas. Pictured above holding the flag during presentation services are Dr. L. H. Hubbard, president of TSCW, and Mrs. J. W. Walker of Plainview, state director of the Schools at War division of the National War Finance Council.

## Red Cross News Of Knox County

Did you know that the citizens of Knox County were being asked to contribute to the Sheppard Field camp and hospital?

There are many items that are not being used in your own home that would be of use to our boys. Among the items that they are asking for are: 100 easy chairs for

Stella Doris Proffitt enjoys going to school at Weinert as she did here.

## Eight A News

The eighth grade has two new pupils, Bobbie Price and Dick Swope. Bobbie came from Weinert and Dick is from the Cooper Consolidated school at Woodrow, Tex.

We are studying about measuring distances in math, about the World War I in history, and in English we are studying adjectives and adverbs. We had a test in history the other day and we all made good grades. We also drew a map of the Philippine Islands. Bill Bouldin's and Jackie Brasher's maps were two of the best out of the class.

## Seventh Grade News

The Seventh Grade students have been very excited, since they discovered that we have only eight more weeks of school. We hope we improve and from the looks of our grades, improvement is needed.

We are studying out outlining in English. We are outlining our history lessons and some stories. The volleyball team is going to play Sunset this week. We are looking forward to it and we hope to win all of the games played.

## Sixth Grade News

Bobbie Lee Proffitt moved away last week. We were all sorry to see her go. The 6th grade gave her some stationery. We hope she will write to us.

We are not going to have a library any more because so many of the books were being damaged. However we can loan books to one another.

We were planning to have a picnic Friday. But because of the weather we decided not to have it.

## Freshman News

In algebra we are reviewing what seems to be the year's work. When we think the teachers will run out of problems, a new bunch pops up, and we start over again. In English we are reading some very interesting one act plays. In science everybody is sweating over our term papers. These are due Friday.

## NOTICE

We will remove your Dead Animals

The U. S. Government urges you to help win the war by turning in your dead and crippled stock to some renderer for gun powder. Call collect, day or night, for free pick-up service.

Your Ford Tractor Dealer

# Don't Keep the Water Too Hot

## It's hard on the heater and piping

ARE YOU taking good care of your water heater to make it last till we win this war? The factories can't make you a new one till it's over.

Nurse it along. Treat it as if it were the only one in town. It speeds up your wartime housekeeping and grooming at a surprisingly low price, because of your rich Natural Gas.

1. Don't set the thermostat too high; about 130 degrees is considered generally satisfactory.

2. Drain the sediment from your hot water tank at least once a month.

3. Keep burner adjusted.

4. Give your water heater "breathing space." The burner flame requires air for good combustion.

## You Can Buy a Monel RUUD After the War

### Nurses' Aides Notice Monel In Hospitals IT CANNOT RUST

"I'm certainly going to have a monel-metal water heater when the war is over," say many Nurses' Aides. While these volunteer workers are on hospital duty they see this silvery metal in action as serving-tables and laundry equip-

ment, taking heavy treatment and coming up bright and perfect. Monel metal CANNOT rust. That's why parachute buckles, torpedo boat fittings, and other war goods are taking all the monel that's made these days.

But after the war you can buy the famous Ruud Water Heater with its tank of solid (not plated) Monel. It is so excellent that the factory gives you a 20-year guarantee against tank corrosion.

LONE STAR GAS COMPANY

# Attention, Car, Truck And Tractor Owners

We can service most any of your Car, Truck or Tractors. We now have an experienced man in our shop, that has many years of experience in Motor Service of this section, and will be glad to discuss your repair and service problems with you and render prompt and efficient service to you.

We are in a position to render service on most all make cars, and have Ignition parts, Rings, Spindle bolts, spark plugs, fan belts, batteries, tail pipes and mufflers, for most all cars, ready to install. Come to our place for service on cars, trucks and tractors. An experienced service man in charge of shop.

## ATTENTION TRACTOR FARMERS!

Plenty fo Pennzoil in your weight S. A. E. 10 to 40 in five gallon cans and drums. Get your summer supply of oil now.

Goodyear Tires and tubes for cars, truck and tractors. See us for any repair service, car, truck or tractor.

# REEVES MOTOR CO.

YOUR GOODYEAR DEALER

Supervisor, Office of Distribution, Austin 15, Texas. Dealers to furnish affidavit that farmers received not less than 26 cents a dozen.

Cold storage space is very limited, Boyd continued, and eggs purchased under this program will necessarily have to be distributed immediately and cannot be held in storage. These eggs will go to local Community School Lunch Programs and other surplus removal outlets.

County farmers have done a superb job in providing eggs for the war effort. They have found it difficult these past few days to find suitable egg markets due to the tremendous production. We hope this temporary program will help provide local markets. If county dealers cooperate, the program will be a success, Boyd concluded.

## SILAGE BOOSTS PRODUCTION

COLLEGE STATION — When Marshall McKenzie, Hopkins county dairyman, began feeding some 1940 silage to 10 cows a few weeks ago, he found it was in excellent condition. By the end of the month, he has reduced his cows to nine and still was getting an increase of more than 50 per cent in milk production, he told his county agricultural agent, Mark Buckingham. The amount of hay the cows consumed was considerably decreased.

Mrs. Ralph Blanton and her brother, Clay Ellis of Seymour, visited with Mr. and Mrs. A. U. Hathaway, last Sunday.

## Weather Report

Weather report for the period of March 23 to March 29, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

Date	Temperature	
	LOW	HIGH
March 23	33	45
March 24	44	45
March 25	39	46
March 26	38	47
March 27	41	44
March 28	29	48
March 29	21	55

Rainfall to date this year 5.73 inches; rainfall to this date last year 2.32 inches; rainfall since Nov. 1, 1943, 9.96 inches.

## Auction Sale Has Good Run

In spite of the rainy weather, the Munday Livestock Commission Co. reports a good run of cattle and hogs for last Tuesday's sale. Stocker cattle sold steady with last week, while fat cattle sold higher than a week ago. Prices were as follows:

Canner and cutter cows, \$5.50 to \$7.75; butcher cows, \$8 to \$9.50; fat cows, \$10 to \$11.50; butcher bulls, \$8.50 to \$9.50; fat bulls, \$10 to \$11; butcher yearlings, \$10.50 to \$12.50; fat yearlings, \$13 to \$15; rannie calves, \$8 to \$9; butcher calves, \$9.50 to \$12, and fat calves, \$12.50 to \$14.50.

Some stocker steer calves sold by the pound from 13.25 to 14 cents. Stocker calves sold by the head at from \$42.00 to \$57.00.

## ON VISIT HERE

Fred Zeissel, well known former Knox county farmer who now lives at Littlefield, spent a while here last Tuesday, visiting with relatives and old friends. He is well pleased with his farm setup at Littlefield. Fritz was accompanied here by Arthur Jones, also of Littlefield.

Miss Grace Bisbee of Benjamin was here Monday, visiting with friends and attending to business matters.

Mrs. E. Duvall of Abilene visited relatives and friends here the first of this week.

Mr. and Mrs. Emmett Branch visited in Dallas the first of this week. Mrs. Branch remained for a longer visit with her daughter, Mrs. Tug Nesbitt, and with other relatives.

Mrs. J. E. Edwards of Rochester is visiting in the home of Mr. and Mrs. A. U. Hathaway, this week.

## ON SHOPPING TOUR

Sam Salem left last Sunday for St. Louis, Mo., Chicago, and New York City, where he is attending the markets and buying merchandise for the Fair Store here. He was accompanied by B. H. Hen of Haskell.

IT PAYS TO ADVERTISE

## HAS MAJOR OPERATION

Odus Rhodes, S. 2-C, who has been stationed in Farrogut, Idaho, is now recuperating from a major operation in the Army Field Hospital at Amarillo. Rhodes had started on his leave when he became ill and was taken off the train at Amarillo for the operation. His wife has just returned home after spending a week at his bedside.

## TO MOTHER'S BEDSIDE

Mrs. A. E. Womble left last Saturday for DeLeon, Texas, upon receipt of a message that her mother, Mrs. J. H. Strube, was very ill. Mrs. Womble will remain at her mother's bedside indefinitely.

Mrs. John Bates and children of Goree visited with Mrs. Bates' parents, Mr. and Mrs. J. C. Rice, over the week end.

## W.F.A. Helps To Keep Egg Prices At High Level

Farmers in Knox county will receive at least 26 cents a dozen for ungraded eggs because the War Food Administration announced they will purchase eggs for a temporary period from egg dealers on a "current receipt" basis. If dealers pay farmers at least 26 cents, Dan L. Boyd, area representative, 401 Federal Building, Fort Worth 2, Texas, said today all dealers must have written contracts with WFA before they can participate. Boyd said this new program is

of an emergency nature and extends WFA's present ten-case egg program to include ungraded eggs. He emphasized the ten-case cartot egg support programs. Buying eggs on a graded basis will continue. Egg dealers in Knox county now under contract must secure amendments to their present contracts to qualify under the temporary program. Dealers not holding contracts can secure forms from his office. In order to immediately support county egg prices, so farmers can continue to produce eggs, he urged all egg dealers in this area to contact him immediately. Explaining the new program he pointed out, farmers are to receive 26 cents a dozen, 45 pound net case basis. Handlers receive 2 cents for services, including cases. Discount of 1 cent per dozen each pound or

fraction on each case weighing less than 45 pounds net. Program will be administered by WFA through his office. WFA will take delivery any point served by common carrier in the county, in lots of 10 or more cases. Offers by wire or letter should be made direct to State
