

AMERICAN HEROES

BY LEFF

After giving orders to abandon their torpedoed ship, Walter E. Reed, Master Mariner, Merchant Marine, returned amidships to assist the radio operator and a steward through blinding flames to safety. The Distinguished Service Medal is his, because of courage and disregard for personal safety. We too must place the lives and hopes of our men above all; buy more War Bonds than ever before!

U. S. Treasury Department

That Texans still know how to use their "shot-in-irons" was proven again on Saipan, when Marine Hiram Westbrook of San Angelo killed a Jap sniper with a rifle shot at 1,100 yards. The almost-miraculous shot was witnessed by several other soldiers, and is credited with being the longest "bulls eye" of the enemy.

It is inevitable in war that some soldiers will be captured by the enemy. In this war, flyers often land in enemy territory when shot down. The latest list of our men lost to the Japs includes the names of F-O Carl Clark, Lockhart; S-S Louis Langston, Laredo; Sgt. L. R. Light, Llano, and Lt. Sammy West, Blanco. It is good to know, however, that wherever they are, even behind Japanese barbed wire, they will receive help of their friends at home. War Prisoners Aid-YMCA, an agency of the National War Fund, looks out for the morale of the "barbed wire brigade," sending athletic equipment, games, musical instruments, books and many other materials to our boys through neutral representatives.

The Barnard boys of Donna are fighting a global war of their own. As first pilot of a Flying Fortress, Lt. L. L. Barnard has a record of 25 bombing missions over Germany. And in the Pacific, Navy Lt. Lloyd G. Barnard has shot down six Jap planes—five of them on a single flight. He set his record as a Jap-killer on June 15 over the Bonin Islands, downing the five Zeros in 25 minutes, two of them in a period of 30 seconds.

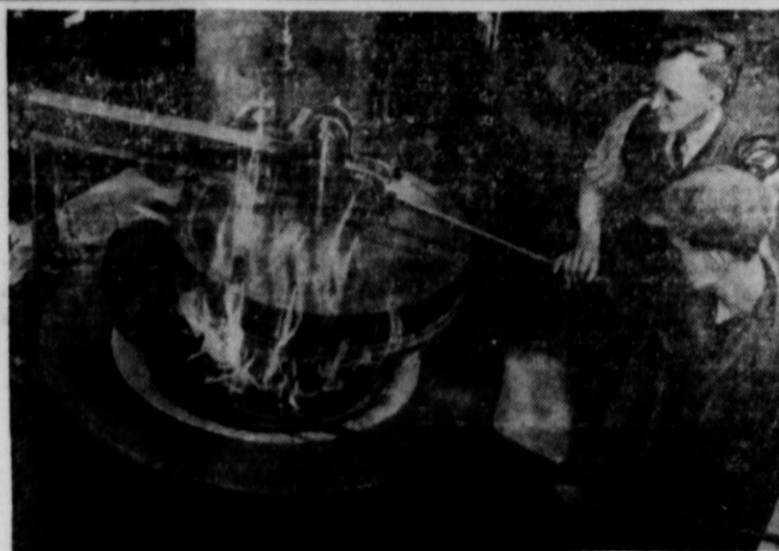

Lt. Tom Horne of Childress is a typical hard-riding, hard-fighting Texan. During the Saipan fight he had two "mounts" shot out from under him but fought on. The "mounts" were tanks, and as each was blasted by Jap shells the Texas Marine officer leaped out, found a new tank, and returned to the scrap. Three of Lt. Horne's crewmen were killed, but when the area of his fight was visited the next day, bodies of 89 Japs were found on the field, so the score was more than evened.

An 18-year-old Texan also joined the "one-man army" class on Saipan. He was Marine Travis Halpingstall of Nacogdoches, who volunteered to seek out a Japanese sniper who had been firing on his group during the night. Instead of one Jap, however, he ran into a group of 50. Other Marines joined the Texan and when the scrap was over 27 Nips were buried.

"Guess I started something," the teen-age Texan remarked when he smoke cleared. And, believe it or not, a Texas soldier has won what amounts to a beauty contest. She (that's right) is a pretty Texarkana WAC, Pvt. Lucille Wilkey. Harry Conover, famous model artist, chose her as the typical WAC, after having photos of hundreds of girl soldiers.

Texans in the Merchant Marine have been doing great work abroad, carrying men and munitions from England to the beaches of France. In England, they spend their off-duty hours in rest homes set up for them by United Seamen Service, a National War Fund agency. Although he lost a foot during hand-to-hand fighting on Hollandia, Dutch New Guinea, Pfc. Willie Carson, son of County Judge Burch Carson of Culbertson county, doesn't feel too badly about it. The fighting Texan, now recovering from wounds at McCloskey Hospital, Temple, brought back a Japanese major's sword as a souvenir.

"Metal Medicos" Cure Wartime Ills

Metal aircraft fittings are removed from heating furnace and dipped in oil bath. Treatment increases life-span of metal, is vital wartime contribution.

WHEN Canada undertook the manufacture of tanks in 1940 her industrialists ran into a production problem. The tracks of these ponderous machines kept breaking after 300 miles or less of running. The Physical Metallurgy Research Laboratories of the Bureau of Mines were called in to help. The mileage of her tanks was increased to more than 5,000.

This instance is only one of the many which have made the operations of this important Government research branch one of the great untold stories of the war. For more than three years these "metal doctors" have been helping to iron out the multitude of wrinkles which naturally accompanied Canada's rapidly expanding industrial war effort.

The Canadian industrial war effort that startled the world wasn't accomplished without plenty of headaches. When Canadian manufacturers large and small took on the job of producing precision-built war weapons, they did so with little or no experience in this highly exacting field. Today Canada is making ships, guns, tanks, planes, shells and war equipment of all kinds.

Working hand in hand with Canadian manufacturers, the "metal doctors" have given their assistance in the solving of countless everyday problems. Because of a shortage of one particular metal,

Before he was wounded on April 28, Carsno killed four Japs with his rifle. One of them was a major.

APRICOTS BOUGHT COOPERATIVELY

College Station—One hundred lugs of apricots, principally for home canning, recently were purchased by the marketing committee of the Ward County Home Demonstration Council. Each lug weighed about 24 pounds and cost \$4.

The cooperative order saved the women about 18 cents per pint or about \$414 on the canned fruit for the family. Each lug averaged 23 pints of canned fruit costing 20 cents including sugar. One hundred families from five communities benefitted from the enterprise, according to Ozela Hunt, Ward county home demonstration agent.

In the near future the committee plans to buy peaches, late vegetables, and apples through pooled orders, Miss Hunt has notified Myrtle Murray, home industries specialist for the A. and M. College Extension Service.

Sgt. and Mrs. Troy Warren spent several days last week in Wink, Texas, visiting in the home of Mr. and Mrs. Bernard Stodghill. Sgt. Warren who was home on furlough, returned to Camp Bowie the first of this week.

Mr. and Mrs. C. H. Harrell and daughter, Ruth, spent the week end with relatives in Paducah.

LOCALS

Mr. and Mrs. Ed Hester and daughter of Haskell spent last Sunday in the home of Mr. and Mrs. A. B. Warren.

Keith Cartwright, a student in John Tarleton college at Stephenville, visited his parents, Mr. and Mrs. Louis Cartwright, last week end.

Misses Margie Pryor and Bonnie Belle Reid, who are employed in Fort Worth, returned there last Monday after several days visit with relatives and friends here.

Mrs. Clifford Jeffords and baby daughter of Woodward, Okla., visited in the home of Mr. and Mrs. Chalmer Hobert several days this week.

Mr. and Mrs. Wesley Russell and son, James, of Childress spent the week end in the home of J. C. Campbell and daughters, and with other relatives.

Mr. and Mrs. Levoey Burton and daughter, Nancy, of Haskell visited with Mrs. Burton's parents, Mr. and Mrs. U. S. Rogers, and with Mr. Burton's father, W. T. Burton, and other relatives here Sunday.

HOME FROM VACATION

Mr. and Mrs. P. V. Williams and daughter, Charlotte, returned home last week from their vacation trip, which they spent in Tennessee, Kentucky and Ohio. They visited in Tennessee with Mr. Williams' parents, Mr. and Mrs. J. A. Williams; a daughter, Mrs. Joe Bill Pierce, in Kentucky, and with a son and family, Lieut. and Mrs. Jack Williams at Dayton, Ohio.

Mrs. Winston Blacklock and little daughter spent the week end in Commerce, visiting with Mrs. Blacklock's parents Mr. and Mrs. I. O. Sims.

Mr. and Mrs. L. A. Allison of Dallas visited with Mrs. Allison's parents Mr. and Mrs. E. H. Nelson and with other relatives here over the week end.

Mrs. Grady Roberts of Wichita Falls visited with relatives and friends here and at Haskell during last week, returning home Saturday.

FDR says:

Curtail spending. Put your savings into war bonds every payday.

Goree News Items

The Lanningham Funeral Home was notified Monday that Walter Austin ofouston had succumbed to a heart attack. Funeral was at Goree on Wednesday. Miss Bertha Austin of Kerrville came in Monday to attend her brother's funeral. She is the only surviving member of her immediate family. The Austin family were early pioneers of the Lake Creek community.

Mrs. Opal Johnson was in Dallas this week, shopping for merchandise for her gift shop.

Mrs. Jerry Peck of Goree was a business visitor in Dallas the first of this week.

Mrs. Ruby Ketsley and daughter, Mrs. Frank Robinson, of Abilene were visitors in the home of Mrs. Georgia Maples recently. They also visited a brother and family, Mr. and Mrs. C. C. Maples of Wichita Falls.

Rev. and Mrs. J. W. Griffin have returned from McKinney, where Rev. Griffin assisted in a revival meeting with his brother, who is pastor of the Methodist church there.

Sgt. Detroy Trammell And Miss Irah Moody Marry On July 15th

Relatives and friends here have received announcements of the wedding of Sgt. DeTroy Trammell of the Frederick, Okla., Army Air Base and Miss Irah Moody of Era, Texas. The wedding ceremony was performed in Era on Saturday, July 15.

Given in marriage by her father, the bride wore a white silk French marquisette wedding dress designed with diagonally scalloped tucks. Her veil was of finger-tip length, and she carried a pink colonial bouquet.

Mrs. Ewing Hudspeth was matron of honor, wearing a blue net dress over blue taffeta, and a corsage of carnations. Mr. Hudspeth was best man.

Preceding the ceremony Miss Eva Jane Holland sang O Promise Me, and AB, Sweet Mystery of Life, accompanied by Miss Katie Sue Goode. The bridal party stood before an improvised altar decorated with large baskets of chrysanthemums. Rev. Frank Weedon, pastor of the First Baptist church in Denton, officiated.

A reception was held at the home of the bride's uncle and aunt, Mr. and Mrs. Henry Holland. The lace laid refreshment table was centered with an arrangement of garden flowers, and a two-tiered wedding cake was served with punch. Miss Mary Ben Moody and Miss Helen Alexander presided at the table, and the guest book was in charge of Miss Margaret Alexander.

Mrs. Trammell is the daughter of Mr. Herbert Moody of Era. She was employed as instructor of home economics in the Munday high school several years ago, and will be remembered by many friends in this area.

Sgt. Trammell is the son of Mr. and Mrs. Frank Trammell of Munday. He was reared in this county and attended the Munday schools. Upon entering the service, DeTroy was stationed at the Lubbock Army Air Field until a short time ago when he was transferred to Frederick.

Out-of-town guests at the wedding and reception were Mrs. Frank Trammell, mother of the bridegroom; Mrs. Mozell Woodall, sister of the bridegroom, both of Munday; Miss Eva Chandler, Hood; Miss Katie Sue Goode, San Angelo; Mrs. Frank Weedon, Denton; Mr. and Mrs. John Moody and daughter, Miss Mary, Stephenville.

The couple are making their home at Frederick, Okla.

Mr. and Mrs. R. W. Barrington of Throckmorton were business visitors here last Friday.

Dr. E. F. Heard of Goree was here Monday, visiting with friends and attending to business matters.

Mr. and Mrs. Paul Ford and children of Fort Worth visited Mr. Ford's parents, Mr. and Mrs. J. L. Ford, here over the week end.

Mrs. Nell Hardin is in Amarillo this week, visiting with her daughter, Mrs. Clinton Allen.

Home Canners Advised How to Avoid Deadly Botulirus Poisoning

"THERE is vital need to can as many vegetables as possible as well as fruit; but the only safe way to can any vegetables, except tomatoes, is by correct use of the pressure cooker," advises Katharine Fisher, Director of Good Housekeeping Institute. "This method is the only one which provides the hotter-than-boiling heat that's necessary to kill botulirus germs which may be on any non-acid food you eat—and that means all vegetables except tomatoes. When botulirus germs are not killed in the canning process, they thrive in sealed jars and create a powerful poison."

"This botulirus poisoning comes from bacteria that live in the soil and cling to vegetables. Although rare, this poison is particularly dangerous because it usually does not change the food's appearance, odor or taste. Analyses of soil indicate that there is a chance that botulirus spores may be found almost anywhere. Fortunately, they are harmless until they get in air-tight jars of canned food."

Use Pressure Cooker
"Correct use of the pressure cooker also protects against other types of spoilage," Miss Fisher said. "A recent national survey showed that home canners who put up non-acid vegetables by the hot water bath method reported a hundred per cent greater rate of spoilage than those who used the pressure cooker method."

"Never taste to discover spoilage," Good Housekeeping advises. "All home canned products should be examined carefully when opened and, if there is any evidence of spoilage, the food should not be used."

Mr. and Mrs. C. H. Giddings left Monday to spend several weeks with their son and daughter-in-law, Major and Mrs. Chas. H. Giddings Jr., in Sioux City, Iowa.

Mr. and Mrs. Carl Conwell, Mr. and Mrs. George Conwell, Mr. and Mrs. Lynn Cooke, Mr. and Mrs. Clifford Cluck, Floyd Conwell of Fort Worth, G. C. Conwell Jr., of Lowry Field, Colo.; Mrs. S. T. Spears of Azle, Mr. and Mrs. Raymond Suggs and J. C. Reagan visited Mrs. G. C. Conwell at the clinic hospital in Wichita Falls last Tuesday.

Mr. and Mrs. W. B. Hayley and children of Seymour visited Mrs. Hayley's parents, Mr. and Mrs. J. M. Henslee several days last week.

Knox City Girl Weds Sergeant In Rites At Seymour

Miss Myrtle Evans, daughter of Mrs. William F. Evans of Knox City, became the bride of S-Sgt. George Gleason Tibbitts, son of Mrs. Jesse W. Tibbitts, Tacoma, Wash., on July 6 at the Methodist church in Seymour.

Mrs. E. Q. Warren, Knox City, accompanied Mrs. Lloyd Hamilton who sang I Love Thee. Mrs. Warren also played the wedding marches. Baskets of iris blossoms and ferns formed altar decorations for the ceremony read by Rev. Lloyd Hamilton.

The bride's only attendant was her sister, Mrs. Deaton Moorhouse, who wore a flowered organza dress with a white lace hat and corsage of white carnations. Deaton Moorhouse was the groomsman.

The bride wore a white crepe gown with a shirred bodice and three quarter length sleeves. Her white cap-shaped hat was styled with a halo veil, and she carried a bouquet of pink peonies with showers of fever-few.

Following a reception at the Moorhouse home, the couple left for Tacoma, Wash.

Mrs. Tibbitts is a graduate of the Knox City high school and attended Texas Tech at Lubbock. Sgt. Tibbitts is a graduate of the College of Puget Sound, Tacoma, and a member of Sigma Mu Chi, national fraternity. He is stationed at the Lubbock Army Air Base as senior weather observer.

RECEIVES PROMOTION

Victor Smapka, who for the past six months has been serving with the Seabee Construction Battalion somewhere in New Guinea, has been promoted from machinist mate third class to machinist mate second class, according to word received here by relatives.

Mr. and Mrs. Roy Cutbirth and daughter Patsy, of Bonham, Miss Dorothy Campbell of Abilene, and J. C. Campbell and daughter, Miss Dolores, left last Tuesday for Ruidosa, New Mexico, where they are spending their vacation and visiting in the home of Mr. and Mrs. Tom Rigby.

Mr. and Mrs. W. M. Huskinson and son, Bill, of Wichita Falls visited Mrs. Huskinson's mother, Mrs. A. F. Huskinson; Mrs. Huskinson's father, W. H. Atkinson, and other relatives here over the week end.

IN THE SWIM

NICE Complement To Beach or Pool . . . and one that will give many repeat performances, a dressmaker suit in serviceable rayon. A note of special interest is the graceful draping that is designed to flatter your figure. Rayon bathing suit fabrics may now be tested for a high degree of color fastness to sunlight and fresh, salt, and chlorinated water. Be certain of color fastness qualities by examining informative labels.

Mrs. Lois Burns and son, Bobbie Gene, have returned home after several weeks visit with relatives and friends in Lubbock, Littlefield and Muleshoe. Mrs. Christine Jackson of Muleshoe returned home with Mrs. Burns for a few days visit.

Miss Evelyn Estes is visiting relatives in Gainesville and Sherman this week.

Revival To Begin At Gillespie Next Friday Night

Announcement was made Monday that a revival meeting will begin at the Gillespie Baptist church on Friday night, August 4, continuing for ten days.

Rev. David Calhoun, pastor of Calvary Baptist church in Abilene, will do the preaching. Rev. Calhoun is an able preacher and evangelist, and large crowds are expected to hear him. He will be assisted by the pastor, Rev. Leo E. Davis, who will also direct the singing.

A cordial invitation is extended to everyone, regardless of denomination, to attend this meeting.

Local Boy Awarded Combat Decoration For Italy Battles

With the Fifth Army, Italy.—Staff Sergeant Malcom V. Ford, son of Mr. and Mrs. J. L. Ford, of Munday, Texas, has been cited by his regiment of the 36th "Texas" Infantry Division and awarded the Combat Infantryman Badge for actual participation in combat with the enemy while serving on the Fifth Army front in Italy.

Standards for the Badge are high. The decoration, which was recently authorized by the War Department, is awarded to the infantry soldier who has proved his fighting ability in combat.

The handsome badge consists of a silver rifle set against a background of infantry blue, enclosed in a silver wreath.

For quick results, use a Munday Times classified ad.

THE STORE WITH THE GOODS

Sale Of All Curlee Summer Suits

IDEAL FOR SUMMER WEAR . . . CURLEE CLOTHES

DESPITE the tremendous gains in popularity of Curlee summer weight worsteds, not everyone understands just exactly why wool is the ideal suit material for hot weather wear. There are, as a matter of fact, several reasons for this.

Wool fibers are extremely light in weight and, because of their hollow construction, actually insulate your body against heat. At the same time, they are so strong that they permit an open, porous weave which permits free air circulation and lets your body breathe. Because the fibers are tough and resilient, these fabrics tailor well, hold their shape and stand up under the stress of hard hot weather wear.

You will like the new Curlee Summer Suits because they are smartly styled and expertly tailored from selected materials in the season's newest patterns. You will find suits that fit you in our complete assortment of models, styles and sizes. Come in and see them.

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m. The church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work.

CARD OF THANKS

It is with sincere gratitude that we attempt to express our thanks to each and everyone who were so kind and thoughtful to us in the illness and death of our loved one, Mrs. S. W. Holland.

For every sympathetic word and thought, for every deed of kindness, for the beautiful floral offerings, and other acts of love and sympathy, we are truly grateful. We pray God's richest blessings on you all.

S. W. Holland and family, Mr. and Mrs. J. H. Biltrey and family.

ity Cherry.

Mrs. Jannie Johnson of Albany, Texas, visited the bedside of her sister, Mrs. Eula Chandler, last week end. On last Monday evening, Mrs. Johnson left and carried Mrs. Chandler and mother, Mrs. Lizzie Veals, home with her to spend several weeks. They were accompanied by Mr. Jess Gardley. He reported she made the trip nicely.

Activities of Colored People

Rev. W. A. Alexander of San Angelo, Texas has been appointed and signed by Bishop Galloway of Houston and Rev. J. A. Alexander of San Angelo, superintendent of West Texas district, as pastor of the Church of God in Christ. The church has received word the appointed pastor, with his wife, will be here Sunday to take up his work here.

Mr. Arthur Dean is in the veterans' hospital in Oklahoma.

Miss Doris Lee Nappers is visiting her father, Mr. Jack Nappers in New Mexico.

Mrs. Ethel Williams and two children of Fort Worth spent last week with their cousin, Mrs. Char-

Newest War Poster

One of the few unsolicited war posters ever accepted by the United States Government is the one shown above, submitted by Wesley Heyman, 26-year-old New York City artist.

More than 700,000 have been printed and distributed by more than 100,000 Boy Scouts throughout the country.

Rejected for military service, Heyman, Assistant Art Director of House Beautiful magazine, felt he could materially contribute to the war effort with his poster design.

Hot Weather Damages Crops Over All Texas

Thousands of acres of food and feed crops are lying scorched in dry Texas fields as the summer's worst drought and baking temperature continue to lay siege over most of the state, according to an Associated Press dispatch, while the state by Tuesday had chalked up five deaths as a result of the high temperatures.

From Pampa and Lubbock came the most optimistic note: sufficient moisture in the soil to sustain good crops stands. At Lubbock, the temperature subsided after a record 108 degrees for the year was recorded several days ago. Pampa reported that farmers in that section were going ahead with preparations for September wheat plantings. Temperatures there had ranged from 69 to 96.

Plainview estimated that 260,000 acres of sorghum grain and 60,000 acres of cotton in Hale county were threatened by hot, dry weather. Irrigation pumps were operating at capacity to stave off complete crop deterioration.

Here at home, in Knox county, the dispatch said 93,000 acres of feed face devastation.

Wichita county's cotton was reported in good shape, but maturing crops were hard hit. Baylor county is suffering heavy loss.

Houston had its hottest July in 52 years, and the driest month in its history. Average monthly temperature was 85.6 against a normal average of 84 degrees. Damage beyond estimate was being wreaked by a searing sun on trees, shrubs and lawns in Houston.

Travis, Bexar, Jefferson and Navarro counties were in need of rain to save crops. Some 10,000 Victory Gardens in Jefferson county were killed, but cattle remained in good condition, even with all pasture lands burned.

Even some sections which were visited by recent rains are reporting damage from the hot winds and weather.

So it looks like our suffering is shared by thousands of other Texans!

LETTERS FROM THE PEOPLE

BEN BOWDEN WRITES TO PAY TRIBUTE TO RALPH TIDWELL

The following letter, which is self-explanatory, was received Wednesday from Ben Bowden, close friend of Ralph Tidwell, to whom he pays a loving tribute:

Knox county now mourns the death of one of her greatest sons, and I mourn the death of my best friend and pal. No more outstanding boy was ever graduated from Munday high school than Ralph Tidwell.

Always a leader of his class, Ralph was one to be depended on and was admired and loved by all his classmates. He was twice president of his class and a four-year letterman on the Munday Mogul football team. The award given him in his senior year was truly typical of Ralph—"Most Conscientious Football Player." "Tittle," as he was referred to so often by his friends, was conscientious in everything he did. He was a real Christian in every sense of the word.

Ralph realized the necessity of an education and strived to attain one until he was called to take up arms for his country. His military life was short. His training lasted less than a year before he was called upon to make the supreme sacrifice.

Ralph wanted to come back. He loved life, his family, and his hosts of friends. It's hard for us to understand why God saw fit to take Ralph from us. He was such a wonderful person, but God desired to take him and there'll never be a doubt in my mind but what Ralph was ready to go and I'm sure he died a noble death and went down fighting.

Ralph is not dead in spirit. He will always remain with us to serve as an inspiration to those of us who are left to mourn him. Ralph's life with us will make us see to it that he shall not have died in vain.

Sincerely,
BEN W. BOWDEN, A-S.

Mr. and Mrs. W. A. Jungman and family spent the week end at Camp Hood, Texas, visiting their son and brother, Pvt. Joe Jungman, who is stationed there.

Farmers Urged To Harvest Grass And Legume Seeds

Attention is being made to Knox county farmers regarding the critical shortage of grass and legume seeds and of the program to encourage farmers to harvest more of these seeds.

The urgency of the situation arises in part from conditions which caused small harvests during the last three years and in part from the favorable demand and price for seed grains such as grain sorghums. The demand for sudan seed next spring will perhaps be far in excess of the supply.

Mrs. Louis C. Floyd of Benjamin and Mr. and Mrs. H. B. Stubblefield and children left the first of this week for San Antonio, where they are spending their vacation visiting in the homes of Mr. and Mrs. H. D. Hediger and Mr. and Mrs. D. V. Hutcheson.

Auction Sale Has Busy Day

The Munday Livestock Commission Co. reports a big run of cattle and hogs last Tuesday for the weekly livestock auction sale.

Canner and cutter cows sold from \$4.50 to \$6.50; butcher cows, \$7 to \$8.50; fat cows, \$8.75 to \$10.00; butcher bulls, \$6 to \$7.75; beef bulls, \$8 to \$9.25; butcher yearlings, \$8 to \$10.50; but yearlings, \$11 to \$13; rannie calves, \$5.75 to \$7.25; butcher calves, \$7.50 to \$10.50; fat calves, \$11 to \$13.25.

Mrs. J. W. Trainham and daughter of Vera were here Saturday, visiting with friends and attending to business matters.

Miss Gloria Strickland left Wednesday morning for Putnam, where she is visiting with friends for several days.

Texas farmers in May took in \$83,000,000 in cash for their crop—or 175 per cent more than during the average May of the five-year period 1928-32, according to Dr. E. A. Buechel, University of Texas business statistician.

When men speak ill of thee, so live that nobody will believe them.—Plato.

AMERICAN HEROES

BY LEFF

Wounded when struck by antitank and artillery fire, Staff Sgt. George W. Mallett, Indianapolis, dismounted from his tank to assist a wounded crew member. Unable to stand because of his wound, he directed his vehicle to cover, crawled back to safety under heavy machine gun fire. He lives—and wears a Silver Star. We who are protected must buy more War Bonds than ever before!

U. S. Treasury Department

County Meeting Of Democrats Is Held Saturday

Party Leaders Pass Resolution; Name State Delegates

Delegates to the state democratic convention in September were named last Saturday at the meeting of Knox county democrats in Benjamin, and the body passed a resolution endorsing the national and state democratic leaders and calling for less strife, confusion and bickering among Texas democrats.

Delegates to the convention are James A. Stephens of Benjamin and E. L. Park of Knox City. Alternates are C. L. Mayes of Munday and J. W. Melton of Benjamin.

The resolution passed by the body is as follows:

In the County Convention Held at Benjamin, Texas; July 19, 1944

We, your Committee on Resolutions hereby submit for the passing of this Convention and for the delegates from this Convention to carry to the State Convention at Dallas on the 12th day of September, A. D. 1944, viz.:

FIRST: We recommend to the voters of Texas, the Honorable Coke R. Stevenson and John Lee Smith, who carried the State by an overwhelming majority, and also the Hon. Franklin D. Roosevelt and Harry S. Truman, the nominees of Chicago Convention, and recommend that the entire citizenship follow the Banner of the Democratic Party of Texas and of the U. S. to the end that strife, confusion, bickering may stop and the war may be brought to a successful conclusion, and just and lasting peace may be had after the close of the war.

SECOND: We deplore the condition as it exists in Texas today, and feel that the leaders are causing confusion which will hurt the Democratic cause in Texas and of the Nation, and suggest that a "little prayer" mixed with the "daily conduct" of the "So-called" leaders would do more to get them right, than "walk-outs" or "sit down strikes" either, and suggest that the warring factions, should they desire war, to make application to the "nearest recruiting station" and see if they are "physically fit" for service, and if not, that they go home and mend their fences, and try to take care of the "home front" while the boys are taking care of the "battle front."

THIRD: We further declare, that hereafter, the proper authorities, who mold the politics of the Democratic party of Texas, take pains to see that all delegates, office seekers, and members of the party in Texas, have the mental courage and sufficient guts to "vote for the nominees" of the Democratic Primaries, Conventions, or other means of selecting the leaders, and recommend that no party or parties be seated in the councils of the party unless they are willing to do so, and to retain the right to set the standards of Party Membership in Texas; **NOW THEREFORE BE IT RESOLVED:** That this Convention go on record, and by this Resolution Declare to

Two Recipes for Point-Free Pork

Point-free pork is good eating if thoroughly cooked to bring out the full, rich flavor.

Rural housewives who have modern gas ranges supplied with "bottled" or "tank" gas are fortunate, for they can easily maintain the constant low temperature necessary to cook pork so it is uniformly browned, with a crisp but not hard crust so that it slices neither crumbly nor dry.

Cooking pork is fuel-saving because of the low temperature used, and that, too, is important, for butane and propane in these gases have gone to war. They fortify high-test aviation gasoline, treat and cut metals, and make synthetic rubber and dynamite.

Here are point-wise recipes for homemakers who want to take advantage of economical pork cuts:

Drumsticks.
(Serves 6)
1½ pounds lean pork, ground

Sausage Rolls.
(Serves 4)
12 link sausages
12 thin slices of bread

Broil sausages. Remove crusts from bread. Roll each sausage in slice of bread. Toast under broiler. Garnish with tomato wedges and parsley.

Combine all ingredients. Mix well. Shape into cakes resembling drumsticks. Insert a wooden skewer into each cake. Roll in crumbs or flour. Brown in hot fat. Cover. Fry over very low flame about 20 minutes longer. Brown 2 tsp. flour in 2 tsp. pan drippings. Add 1 cup hot water. Cook, stirring constantly until thickened. Season with salt and pepper.

IGIVE YOU TEXAS

by BOYCE HOUSE

Generally speaking, women are generally speaking.

But reflecting the other day about the change of sentiment that time sometimes brings and remembered back when I was still too young to vote, when Woodrow Wilson was elected for a second term as President and, before it was over, he was denounced by many speakers and editorial writers because, they said, he was trying to destroy the party of Jefferson and Jackson. They forgot that, in Jefferson's day, he was condemned for "usurping his authority" in making the Louisiana Purchase and that Jackson, in his time, was elected as a dictator because he overthrew the national bank which, he said, otherwise would destroy the nation.

Wilson's foes called him an impractical schoolmaster and nothing that he did could please them. They criticized him for using the veto power. They got mad at him because he married again after his first wife had died. They said he had no right to leave American soil, though 2,000,000 soldiers of whom he was the commander-in-chief were overseas. And, as for his League of Nations, why the freedom of the United States would be at an end if we entered it, they said.

After he had been stricken in the midst of his speaking tour on behalf of the League, Senators talked of declaring his office vacant. A few of these Senate foes gloatingly gathered around his sick bed, like so many vultures.

But now it is perfectly safe to praise Woodrow Wilson, even at a Republican convention. Just about everybody agrees that he was an inspiring war leader, a man of high ideals, a truly great Presi-

dent who shortened his life in trying to create an association of nations to prevent another world war.

When you take what they said about Wilson living and then what they say about Wilson dead, it makes a fellow wonder if it's the same man they're talking about.

Well, I just got to reflecting back a little.

Judge T. J. Renfro of Fort Worth had no opponent for re-election as judge of the county court. He remarked, "I've tried it both ways, with and with an opponent—and I like it best without."

A visitor asked a Texan if Texas folks don't "look down" on some people. He drew in reply, "Not that I know of, but we sure as h— don't look up to anybody."

LOCALS

Misses Flora Bell Ratliff and Margaret Womble are visiting relatives and friends in Fort Worth and Dallas this week.

Bobby Haymes, who is in the navy and stationed at Camp Wallace, Texas, came in last Friday to spend his first furlough with his parents, Mr. and Mrs. Lee Haymes.

Mrs. Frank Burnison is visiting with relatives in San Antonio this week.

Joe Tom Nelson, who is in the navy and stationed at the Great Lakes naval base, is here to spend a furlough with his parents, Mr. and Mrs. Clyde Nelson, and with other relatives.

Mrs. P. B. Baker of Wichita Falls visited relatives and friends here over the week end.

Misses Flora Alice Haymes and Louise Gafford were business visitors in Wichita Falls last Thursday.

Mr. and Mrs. Levi Bowden and children returned to their home in Fort Worth last Sunday after spending a week's vacation visiting with relatives here and at Megargel.

County Meeting

Delegates to the state democratic convention in September were named last Saturday at the meeting of Knox county democrats in Benjamin, and the body passed a resolution endorsing the national and state democratic leaders and calling for less strife, confusion and bickering among Texas democrats.

Delegates to the convention are James A. Stephens of Benjamin and E. L. Park of Knox City. Alternates are C. L. Mayes of Munday and J. W. Melton of Benjamin.

The resolution passed by the body is as follows:

In the County Convention Held at Benjamin, Texas; July 19, 1944

We, your Committee on Resolutions hereby submit for the passing of this Convention and for the delegates from this Convention to carry to the State Convention at Dallas on the 12th day of September, A. D. 1944, viz.:

FIRST: We recommend to the voters of Texas, the Honorable Coke R. Stevenson and John Lee Smith, who carried the State by an overwhelming majority, and also the Hon. Franklin D. Roosevelt and Harry S. Truman, the nominees of Chicago Convention, and recommend that the entire citizenship follow the Banner of the Democratic Party of Texas and of the U. S. to the end that strife, confusion, bickering may stop and the war may be brought to a successful conclusion, and just and lasting peace may be had after the close of the war.

SECOND: We deplore the condition as it exists in Texas today, and feel that the leaders are causing confusion which will hurt the Democratic cause in Texas and of the Nation, and suggest that a "little prayer" mixed with the "daily conduct" of the "So-called" leaders would do more to get them right, than "walk-outs" or "sit down strikes" either, and suggest that the warring factions, should they desire war, to make application to the "nearest recruiting station" and see if they are "physically fit" for service, and if not, that they go home and mend their fences, and try to take care of the "home front" while the boys are taking care of the "battle front."

THIRD: We further declare, that hereafter, the proper authorities, who mold the politics of the Democratic party of Texas, take pains to see that all delegates, office seekers, and members of the party in Texas, have the mental courage and sufficient guts to "vote for the nominees" of the Democratic Primaries, Conventions, or other means of selecting the leaders, and recommend that no party or parties be seated in the councils of the party unless they are willing to do so, and to retain the right to set the standards of Party Membership in Texas; **NOW THEREFORE BE IT RESOLVED:** That this Convention go on record, and by this Resolution Declare to

Rhineland News

Mrs. Sherman Brewer and children of Wichita Falls are visiting with Mrs. Brewer's mother, Mrs. Mary Sokora.

Bernadette Claus left last Thursday for Denton to spend a week with her sisters, Georgette and Rosemary, who are attending summer school there.

The infant son of Mr. and Mrs. Joe Blaschke was christened last Tuesday, receiving the name, Ronald Leon.

Mr. and Mrs. Anton Brown visited with friends and relatives at Pep, Texas, last week.

Mr. and Mrs. Anton Kuehler and children, Doraline and Bernard, visited relatives and friends at Wichita Falls and Decatur last week.

Miss Teresa Andrae of Abilene visited over the week end in the home of her parents, Mr. and Mrs. Albert Andrae.

Mr. and Mrs. August Loran, and daughter, Carolyn, accompanied by Betsy Decker and Mildred Stengel, left Monday for Cameron, Texas, for a visit with relatives there.

Supt. and Mrs. W. J. Hagerty arrived last Friday. While the finishing touches are being put on the teacherage and premises, Mr. and

GAS tronomy

HERE'S A HANDY BROILING CHART

Busy farm wives find broiling highly suitable method for cooking meat because it's time-saving. When properly broiled under a gas flame meats are attractively browned out side, juicy inside, and have a plump full appearance.

Point-conscious cooks will use a 350° F. oven for broiling. Instead of turning the flame high. Not only do high temperatures shrink the meat, but waste points and precious fuel which has gone to war. If you are using "bottled" or "tank" gas, remember it is doing war work in factories and on the battlefronts.

Here is a time-table for broiling. Set gas broiler at 350° F. and maintain constant temperature throughout the broiling period.

Meat	Cooking Time	
	Weight	Rate Medium
Beef		
Chuck Steak—		
1 inch	2½ 24	30
1½ inches	4 40	45
Rib Steak—		
1 inch	1½ 15	20
2 inches	2½ 35	45
Club Steak—		
1 inch	1 15	20
2 inches	1½ 35	45
Sirloin Steak—		
1 inch	3 20	35
2 inches	5½ 40	45
Porterhouse—		
1 inch	2 20	25
2 inches	5 40	45
Lamb		
Shoulder Chops—		
1 inch	3 oz. —	12
2 inches	10 oz. —	22
Rib Chops—		
1 inch	3 oz. —	12
2 inches	5 oz. —	22
Loin Chops—		
1 inch	3 oz. —	12
1½ inches	5 oz. —	18

Lamb chops are not served rare. Ham is always cooked well done; it requires about 25-30 minutes for a slice 1 inch thick. The time for broiling bacon is influenced by personal preference as to crispness.

Mrs. Hagerty will make their home with Mr. and Mrs. John Andres.

Peter Loran spent last week on a sales tour in West Texas. Mr. Loran represents the Oriental Transportation and Packing Co. and the Cotton Oil and Press Co. Both firms have headquarters in Dallas.

Pvt. Wilfred Bellinghausen is spending a furlough with his parents, Mr. and Mrs. Hubert Bellinghausen.

Frank Kuhler was brought home from the hospital Sunday. He is reported to be improving.

Miss Frieda Koenig of Wichita Falls visited relatives and friends here last Sunday.

Albert Loran, who has a Ford-Ferguson tractor and implement agency at Graham, Texas, visited last week in the home of his parents, Mr. and Mrs. Peter Loran. Albert finished high school at Rhineland and is a graduate of St. Edwards University at Austin. Just another Rhineland boy who is doing well.

A. F. Homer left last Saturday for Wizard Wells, Texas.

Miss Mary Loran who has been employed at Fort Worth returned home last week.

Mrs. Paul Pendleton of Wichita Falls visited in the home of Mr. and Mrs. H. A. Pendleton several days last week.

Mr. and Mrs. Homer T. Melton and daughter of Benjamin were business visitors here last Saturday. Mr. Melton recently received a medical discharge from the navy.

War Needs Money—YOURS!

This war calls for every ounce of energy, every dime and dollar we can muster for ships—and planes—and guns.

Hit the enemy with a \$25 Bond. Hurt him with a \$50 Bond. Help to blow him sky-high with a \$100 or \$1,000 Bond.

Don't delay—every hour counts. Buy United States Defense Bonds and Stamps TODAY.

THERE'S NO BETTER ICE THAN BANNER ICE!

Banner ice is as pure as ice can be manufactured and is made from pure, soft water. Insist on Banner ice for your needs.

During the recent hot wave, our plant was taxed to serve the needs in this territory. The cooler weather, when demands for ice were less, has enabled us to restock our vaults, assuring you plenty of ice for your needs.

For Better Ice, Use Banner Ice!

Banner Ice Co.

G. B. HAMMETT, Local Mgr.

Where were you on the night of August 1, 1929?

Could you remember, if you were squirming on the witness stand? Probably not. Fifteen years is a long time.

Maybe, being August first, you were writing checks to pay the monthly bills. Do you remember how much you paid for electricity?

That's a tough one, too, isn't it? Actually, if yours is an average household, your electric bill may have been a little less then than it is now.

But today you're getting twice as much electricity for your money!

How come? Well, while the price of electricity was coming down, your use of electricity was going up. You have a lot more electric appliances in 1944 than you had in 1929. But you enjoy all these added comforts at little, if any, added cost!

Even if you're hazy about everything else that's happened in the last 15 years, remember this wartime bargain. It's due to hard work by all our people—and sound business management.

West Texas Utilities Company

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

Plentiful Foods Durnig August
Foods expected to be plentiful throughout most of the Country during August, according to the War Food Administration, are fresh Tomatoes, fresh Peaches, peanut Butter, Citrus Marmalade, canned green and wax Beans, frozen vegetables, frozen Baked Beans, Dry-Mix and Dehydrated soups, Oatmeal, Wheat Flour and Bread Macaroni, Spaghetti, Noodles and Soya Flour, Grits and Flakes.

Where Is Your Share (QM)
Of the eight million tons of paper needed for salvage in 1944, the War Production Board says 38 per cent is in hiding in American homes and farms, while the other 62 per cent is to be found in the files and store rooms of American industry. If the Boy Scouts or the Girl Scouts don't find those Home-hidden hoards of waste paper before next fall, school children hope to dig them out.

Victory Gardens For Fall
WFA wants more Fall Victory Gardens, especially in the South where late summer plantings of lettuce, cabbage, kale, beets, spinach, turnips, collards and carrots will produce fresh produce until the ground freezes. WFA wants to increase the Victory Garden harvest 25 per cent.

Horses and Mules "Demobilized"
Mechanization of the Army resulted in a surplus stock of 17,000 horses, an office of War Information report on surplus war property shows. Dealers bought the horses at sales and sold three-fourths of them to farmers. Between 600 and 700 mules, also displaced by Army mechanization, have been auctioned off.

Gasoline For Those On Leave
Members of the Armed services will get a gallon of gasoline for each day of their leave or furlough up to 30 gallons, according to a new Office of Price Administration policy. No ration will be granted for passes, for liberties or for leaves or furloughs of less than three days, at the suggestion of the

Army and Navy. The member of the Armed Services should apply for gasoline rations to the War Price and Rationing Board having jurisdiction over the automobile he is to drive and he should present proper leave or furlough papers.

Ceilings On Restaurant Prices
By August 16 every eating and drinking establishment in the country is required to post its ceiling prices on 40 basic meals and food items on an official poster supplied by the War Price and Rationing Board, OPA announces. Prices are to be the same as those charged during the week, April 4-10, 1943, except that Coffee is to be five cents a cup or pot unless the establishment charged more during the week, October 4-10, 1942. While ceiling prices on their posters must be week-day prices, those concerns that charged more for Sunday meals may continue such a charge. Exempt from the regulation under certain conditions are places operated by schools, colleges, fraternities, hospitals, private clubs and recognized charitable, religious and cultural organizations.

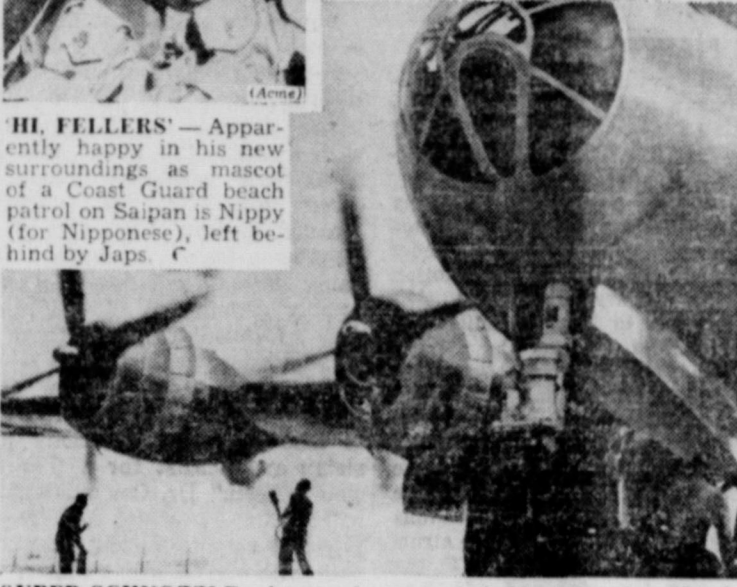

G. I. Vets Want Education
More than 1,000 Veterans G. I. Joes already have applied to the Veterans Administration for Educational Benefits offered them under the so-called G. I. Bill of Rights. In addition, 4,000 written inquiries and many additional telephone inquiries about benefits offered under the bill have been received. To be eligible for Educational Benefits, a Veteran must have had his Education interrupted and must have had 90 days active service since September 16, 1940, with separation under conditions other than dishonorable. Veterans who entered service before they were 25 years old are presumed to have had their Education interrupted.

Cut Fire Wood To Save Coal
Every extra cord of fire wood American farmers supply for fuel can save from one-half to a ton of

People, Spots In The News

BLITZ BACKFIRES—This picture obtained through a neutral source shows destruction and fire in Berlin caused by Allied bombing raids. The buildings were not identified.

HI, FELLERS!—Apparently happy in his new surroundings as mascot of a Coast Guard beach patrol on Saipan is Nippy (for Nipponese), left behind by Japs.

SUPER SNOZZLE—A new glass nose is being poked into Tojo's affairs by Army's B-29. Libbey-Owens-Ford Glass company engineers who helped design it in cooperation with Army and Boeing, reveal it serves both as windshield to sight for landings and as sighting window for bombardiers.

coal, WPB advises. Coal supplies this year will be short and vitally needed by essential war industries. **Ceilings On Used Farm Equipment** Regardless of who the seller may be, OPA now has established ceiling prices on the following items of used farm equipment: Farm and garden tractors (except track-type); Tractor-mounted mowers, including semi-mounted (power take-off driven) mowers-combines; Corn binders; Corn pickers; Hay loaders; Manure Spreaders; Side delivery rakes; and a combination of any of these items with other items of farm equipment specifically designed for mounting thereon, where the combination is sold as a unit.

Some New School Buses At Last
After almost total lack of new school buses for two years, WPB approved a 1944 production quota of 5,000, of which more than 2,400 already have been released to schools where new buses were needed to prevent absence and replace unsafe equipment. The Office of Defense Transportation reports.

Factory Damaged Shoes
Mr. Consumer may be lucky enough to get a pair of factory-damaged shoes without a shoe ration coupon and for no more than \$1.80 a pair, if his shoe dealer happens to have some such shoes on hand and obtains permission from the OPA District Office to sell them unrationed. The dealer must apply for the release of these factory-damaged shoes before August

31, but there is no time limit on the sales after the dealer has received the OPA non-rationed stickers and attached them to the shoes.

Pear Prices Down, Says OPA
Fresh pears for your table should cost no more than 15 cents a pound until September 10, and after that until next April, no more than 17 cents a pound, OPA says. With fresh pears for table use under price control for the first time, OPA looks for a reduction of about 20 per cent from last year's retail prices.

Mr. and Mrs. W. J. Bridge of McLean and Clayton Bridge of Dickens spent last Sunday night in the home of Mr. and Mrs. Aaron Edgar. They were on their way to Quanah, where Mr. and Mrs. Bridge will visit relatives for some time.

Mrs. James N. Walker has returned to her home in Dallas after a week's visit here with her parents, Mr. and Mrs. G. R. Eiland. Her two children remained here for a longer visit with their grandparents.

Miss Betty Jane Spann visited with relatives in Dallas over the week end.

Little Miss Janice Bird of Lampasas spent last Thursday night and Friday with Mrs. Dave Eiland. She is visiting with relatives at Weinert.

Dr. D. C. Eiland spent last Monday and Tuesday in Dallas, attending to professional matters.

Miss Patsy Ruth Kirk visited with friends in Big Spring two days last week.

Recently seen in Columbia's "Cover Girl," pretty Rose May Robson models a wardrobe stretcher—the blouse and skirt combination. Her cotton chintz skirt features pink cabbage roses on an aqua blue background. The blouse is of fine white broadcloth.

Louis A. Parker Thanks Prec. Voters

To The Voters Of Precinct Two:
I am deeply grateful for the splendid support accorded me in the July primary. This vote has placed me in the runoff in the campaign for commissioner of precinct two.

I appreciate every vote and everything done for me in my campaign, and I take this means of soliciting your vote in the August primary. I shall continue my campaign on a high plane, and I assure you that if elected to this office I will prove my sincerity by giving you a term of faithful service.

Sincerely,
LOUIS A. PARKER.

Claimants Urged To File For Social Security Benefits

Survivors' monthly benefits under the old-age and survivors insurance system are frequently lost to the beneficiary through delay in filing a claim, according to a statement by R. L. Surles, manager of the Wichita Falls Social Security Board field office. Many widows, he said, who have reached the age of 65 some months after the death of their husbands have not filed promptly for monthly benefits due them. This also applies to widows who have not attained age 65 but who are the mother of children of the deceased wage earner. They may also be entitled to monthly payments.

According to the Social Security Board representative, the relatives of every deceased wage earner who had a social security number should contact the nearest Social Security Board office to learn if there are any benefits payable. Likewise every wage earner on reaching age 65 should contact the nearest Social Security Board office even though he does not plan to retire. The manager will tell him whether or not it is to his immediate interest to file. He will also explain many other details connected with the filing of claims. The Social Security Board office is

located at 412 Federal Building, Wichita Falls, Texas.

HONOR STUDENT

Miss Martha Hannig, who is attending Draughon's College in Abilene, is among the high ranking students whose names appear on the honor roll this term, according to an announcement from the college.

Miss Loma Rae Clark is spending a few days with Mr. and Mrs. Grady Phillips, and with friends.

Mrs. Robert Green of Wichita Falls visited with relatives and friends here the first of last week.

Mrs. Curtis Coates of Knox City visited with friends here last Monday.

Bronze Star Award Goes To Ivy R. Cypert

Mr. and Mrs. I. R. Cypert of route one, Munday, have received a letter from their son, Pfc. Ivy Ralph Cypert, who is with an anti-tank company in the Pacific, telling of his being awarded the Bronze Star for meritorious achievement.

Pfc. Cypert has been overseas for 27 months. He took his basic training at Camp Wolters and at Tacoma, Wash. and was in the service only four months when he sailed for overseas duty.

He is now stationed somewhere in New Guinea, but has spent most of his time in Australia. He says he is very homesick for home and Munday.

Before entering the service, Cypert was employed at the Magnolia Service Station.

Mr. and Mrs. Cypert have two other sons in the service. Pvt. Robert F. Cypert is in the tank division overseas, and Pvt. Thomas E. Cypert is stationed at Fort Knox, Ky., with a tank division.

CARD OF THANKS

We desire to thank the friends of Pvt. Marlin Humphries for the many courtesies shown him at the memorial service on Thursday, July 27. Especially do we thank Rev. W. H. Albertson, Rev. Luther Kirk and Mr. Lee Haymes for their words of hope and expressions of consolation. To those who sent flowers and helped with the singing, the business houses that closed an hour in his honor, and even those who gave their presence, we are very appreciative.

While we, his parents, are glad that he gave his life for so rich a cause, we shall miss him. We loved him.

Mr. and Mrs. Robert Horan.

Alfred Hendrix Now Lieutenant

An Eighth AAF Bomber Station, England—The promotion of Alfred F. Hendrix, 22, Route 2, Munday, from flight officer to second lieutenant, has been announced at this station.

A bombardier on a B-17 Flying Fortress, Lt. Hendrix has participated in more than 20 bombing operations over Germany and the occupied countries, and has been awarded the Air Medal with two Oak Leaf Clusters in recognition of his outstanding achievements in combat. He is the son of Mr. and Mrs. John F. Hendrix, who live on the family farm near Munday. Lt. Hendrix graduated from the local high school.

Precautions Given Gardeners On Use Of Fall Gardens

Fall gardens which will compare favorably with those grown last spring can be produced, according to Lucile King, home demonstration agent. She warns, however, that fall gardening will present a few problems which did not affect the spring crop and that a few extra precautions will be necessary.

In preparing the soil for the fall garden, she advises that, all refuse from the spring crops be removed from the ground, along with the weeds and grass which have grown up during the summer. If this material is plowed under, it will not decompose but will mold, heat and dry out the soil. The material also will interfere with cultivation throughout the growing season. The soil should not be broken more than four or five inches for the fall garden as a deep seed bed requires more moisture.

If well rotted barnyard fertilizer is available it should be scattered evenly over the entire garden and plowed or spaded into the soil. Miss King warns that it is usually best to omit commercial fertilizer in those areas where the annual rainfall does not exceed 30 inches and on heavy tight soils.

Crops and varieties which are especially adapted for fall production should be selected.

Mrs. Joe McGraw and daughters, Lois and Joyce, left Wednesday morning for San Antonio to visit with relatives for several days.

CAMERA TOPICS

by T. T. Holden*

Forty-mile aerial view of New York City and upper Hudson reaches. Taken on infra-red film with 5x7 Speed Graphic and 27-inch Zeiss lens.

INFRA-RED FILM OPENS NEW HORIZONS

Imagine taking a picture of the proverbial black cat in a dark alley at midnight without one ray of visible light. This trick is not nearly so fantastic as it may seem, if your camera is loaded with infra-red film and you have a "blackout" bulb in your flash gun. With your shutter set at f: 4.5 everything within twelve feet of your flash-bulb can be photographed with great detail in complete darkness.

Or suppose that a telephoto lens isn't within your budget—assuming that you could find one that has not yet been drafted for war photography and you'd like a clear, detailed shot of that swell view from your local Pike's Peak. With infra-red film, a red filter and an exposure of 1/25 sec. at f: 5.6 on a bright sunny day, you can get a photograph that will actually show more detail than your eyes can see with a pair of binoculars. This film will not bring distant objects any closer but will penetrate the haze or dust which obscures objects in the distance.

What is this uncanny film which can see in the darkness and cut through haze like a knife? Not to you involved in physics, but you probably remember from school days that "seeing" is possible because objects give off light waves of different frequencies. Some of these, the blues, greens, yellows and violets, are visible to the naked eye as well as ortho and panchromatic film. In addition to these visible rays are the ultra long and ultra short rays. Infra-red rays fall into

also humidifies, dehumidifies, filters and circulates air through all rooms of the house.

The gas air-conditioning units are now operating in a number of homes throughout the country and are on display in some of the district offices of Lone Star Gas Company.

Another development is the co-ordinated ventilated kitchen which combines gas range, water heater, sink and cabinets all in one package and will be ventilated to remove all cooking odors. Improved gas refrigerators, with perhaps deep freeze compartments, and new gas ranges, also are predicted.

The officials said that because of the great amount of gas being delivered to war industries, it will be necessary to drill many new wells after the war in order to bring reserves back to normal. Many new homes must be connected to the gas lines, and an entirely new sales force must be built up to promote the business in the keenly competitive world after the war.

Mr. and Mrs. Charlie Reasonouer and baby and Misses Betty and Frances Reasonouer of Kemp, Texas visited in the homes of Mr. and Mrs. F. H. Russell and Mr. and Mrs. Delmar Hill this week.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

AUSTIN — Dr. Geo. W. Cox, State Health Officer, urges the parents of all children who will respond to the school bell for the first time in September to be sure the child is physically ready for school duties.

"First and foremost is the need for vaccination against smallpox. Parents and physicians should see that children are vaccinated before they are one year of age; however if not done previously, at school age vaccination becomes absolutely necessary," Dr. Cox said. "If your child has not been vaccinated, have it done immediately so that the scar will be completely healed before school opens."

Immunization against diphtheria is also highly desirable, Dr. Cox believes. This disease, which causes serious illness and deaths among young children can be prevented with toxoid. The child who has never been protected should be given this safeguard against a dreaded disease. Even though he may have been immunized as a baby, doctors and health officers usually recommend an additional dose of toxoid to strengthen immunity before entrance into school.

"In addition, before you send your child to school you are urged to take him to your family physician and dentist for a thorough examination," Dr. Cox adds. "You will want to know that he is in good physical condition and can compete with the other children on equal terms. If the check-up reveals any weakness or defect there will be time to build up his general health and correct dental defects before school opens. Don't let your child start his school life with any avoidable handicap."

Medicine, chemistry and biology have found a thousand advantages in infra-red film which will show such invisible structures as the skeleton of opaque insects, absorption and emission spectra of chemical compounds and sub-surface skin ailments such as varicose veins.

For all of its complex uses, infra-red film is not difficult for the amateur to use. Today it is made in almost all popular roll film sizes. Speed Graphic and Graflex users can also get cut film. While a trifle more expensive than panchromatic film, it is often available when your dealer is out of your favorite film. A red or dark yellow filter is necessary for all work not done in complete darkness, to keep out blue and yellow rays. *Graflex Photo Director

Sgt. Foy B. Barnett Gets Combat Badge

With the Fifth Army, Italy.—Technical Sergeant Foy B. Barnett, whose wife, Lillian, lives in Goree, has been cited by his regiment of the 36th "Texas" Infantry Division and awarded the Combat Infantryman Badge for actual participation in combat with the enemy while serving on the Fifth Army front in Italy.

Standard for the badge are high. The decoration, which was recently authorized by the War Department, is awarded to the infantry soldier who has proved his fighting ability in combat.

The handsome badge consists of a silver rifle set against a background of infantry blue, enclosed in a silver wreath.

DANCE AT RHINELAND

A dance will be held at the Rhineland community hall on Tuesday evening, August 8. The Brown Derbys from Stamford will furnish the music. Everyone is invited to attend.

HOME ON FURLOUGH

Pvt. Mahlon Boggs, who is stationed at Sacramento, Calif., came in Wednesday night to spend a furlough with his wife and children and with other relatives in this area. This is Mahlon's first furlough since entering the service.

Sgt. and Mrs. E. C. Zeckser and S-Sgt. Roy Lange, all of Abilene, visited with Mrs. Zeckser's parents, Mr. and Mrs. G. H. Beaty, and other relatives here over the week end.

THE ANNUAL CONVENTION OF THE TEXAS FARMERS UNION

Will be held Aug. 9 and 10 at the Amarillo Hotel, in Amarillo.

This is a personal invitation from the State Office to each Farmers Union member to attend this Convention. There are three Directors and all State Officers to elect. You will get much information at this Convention and don't forget that cooperative insurance is as much a part of Farmers Union as your own cotton gins. Write your State Office about fire insurance or see—

Furnace That Cools And Heats Is Among Magic Inventions

A furnace that cools as well as heats will be among the magic gas appliances ready for Southwestern homes as soon as war ends, according to officials of Lone Star Gas Company. The gas all-year air conditioner heats the house in winter and cools it in summer by the flip of a lever, all done with a gas flame. The furnace combines all the functions of complete air-conditioning in one simple unit, can be installed in a space 8x8x8 feet, and the control system is as easy to operate as the ordinary radio.

This is one element in an expansion program the gas company is planning after the war, the officials said.

The new furnace, which has been developed by the peacetime manufacturers of the Servel gas refrigerator, is all ready for production. The unit is simply operated, and is designed for residential and small commercial use, giving every home owner a long awaited chance to control indoor temperature. This one simple gas unit not only maintains uniform warmth in winter and cool summer temperatures, but

REGULAR SHIPMENT OF CRITICAL MERCHANDISE...

Although some merchandise items are hard to get, we have shipments coming in regularly. Most of these are staple items, but we keep our shelves replenished as much as possible.

If it's available you can find it here. We keep in constant contact with our wholesale houses in trying to supply your needs.
