KEEP ON... Backing the Attack! WITH WAR BONDS

VOLUME 40

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, AUGUST 24, 1944

NUMBER 9

To Make Tour And Visit 4-H Club Projects

The Knox County 4-H Club members who are feeding calves will make a tour next Saturday, August 26th, 1:30 p. m.

The tour will begin at the county court house and visits will be made to all boys feeding calves which will include ten stops.

Parents of all the boys feeding calves are especially urged to make the tour and to see how the other boys are doing the job.

The different places to be visited are as follows:

Carroll Fred and Stanley Glover, Pat Hill, John Charles McFerrin, Olan and Anson Ray, Jerrel Trainham, Jerry and Janette Beck, Leroy Davis, Fred Lewis and Buddy Crenshaw, J. G. Fuitts and Phillip Escobar.

At each stop boys will be furnished with a score card on which he will indicate his score on the other boys ability as a calf feeder. Points of the score card are as follows:

- Handling 30 points; condition 50 points.
 - (a) Flething
 - (b) Freeness of lice.
 - (c) Cleanliness.
 - (d) Groomed.
 - (e) Hair.
- Equipment 20 points:
- (a) Condition of Pen.
 - (b) Feed troughs or feeder.
 - (c) Cleanliness.
 - (d) Water.
 - (e) Arrangements of pen.

Elwood F. Ford Is Home From Pacific

Word was received Monday from the Eighth Service Command in Dallas that Pvt. Elwood F. Ford has returned to Texas and is now at Fort Bliss, Texas, prior to visiting his parents here.

Ford has spent 45 months overseas with the anti-aircraft coast artillery, being in the South Pacific theater of operations.

He is the son of Mr. and Mrs. J. L. Ford of Munday.

Elwood arrived here Tuesday for a visit with his parents.

WEINERT BOY HOME FROM ITALIAN CAMPAIGN

S. Sgt. Gilbert Lankford, who has been serving in the Italian theater of war, is home on furlough to visit his mother, Mrs. J. S. Wells and Mr. Wells of Weinert.

Sgt. Lankford has been serving with the 36th division, 131st field artillery. He took part in the Salerno beach landings and was with his division when Rome was occupied. He received his furlough after American forces had advanced beyond the Italian capital, arriving home on August 11 for a 21-day furlough.

ATTEND CHILDREN'S WORKER ENCAMPMENT

Mrs. Luther Kirk, Mrs. S. H. Vaughter of Rochester, Mrs. O. H. Spann and Miss Merle Dingus spent the first of this week at Ceta Canyon, near Amarillo, where they attended an encampment held for children's workers. They reported a very enjoyable meeting.

Good Attendance Is Reported For Gospel Meeting

Good attendance and interest are characterizing the gospel meeting now in progress at the Church of Christ.

J. D. Rothwell of Phoenix, Ariz., is doing the preaching, and Elkin Warren and Nolan Phillips are leading the singing.

Services are conducted daily at 10:30 a. m. and at 9:00 p. m. Evening services are held in the open air near the church building. Services will continue through next Sunday, August 27.

Evangelist Rothwell announces the following subjects for the remaining evening services:

Thursday: "Religious Counterfeits."

Friday: "The Church Paul Belonged To."

Saturday: "The Unfinished Work of Jesus."

Sunday: "Some Judgment Day Surprises."

The public is urged to attend and study these gospel lessons.

Knox County Hospital Notes

Patients in Knox County Hospital August 22, 1944:

Mrs. T. G. Carney, O'Brien. Mrs. E. E. Teaff, Knox City. Mrs. J. H. Atterbury, Knox City. Mrs. T. C. Posey, Knox City. Mrs. W. M. Kimsey, Crowell. Glenn Caddell, Weinert.

Mrs. R. E. Briggs and baby daughter, Knox City.

Mrs. R. G. Andrews, Knox City. Mozell Ford, Munday.

Frank William Driver, Benjamin.

Patients Dismissed Since Tuesday, August 15, 1944

Mrs. E. G. Herndon and baby son, Knox City.

Mrs. E. L. Marion and baby daughter, Munday.

T. O. McMinn, Benjamin.

Mrs. Jewell Lovell, Munday.

I. M. Belcher, Munday.

Mrs. U. L. Bennie, Knox City.

Mrs. R. H. Condron, Throckmorton.

J. M. Burleson, Rochester.

F. T. Jarvis, Munday.

Donald Belcher, Munday.

Mrs. Merle Lambeth, Goree.

Travis Jones, Guthrie.

Don Johnson, Munday.

Mrs. A. P. Denton and baby son, Knox City.

Martha Ann McMinn, Benjamin.

Mrs. Haddy Smith, Rule.

Peggy Coffman, Goree.

Ray Holmes, Goree.

Howard Bell, Big Spring.

Mrs. Nell Perdue and baby daughter, Knox City.

Mrs. Gene Overton and baby son, Haskell.

Mrs. Oscar Hudspeth, Guthrie.

Mrs. O. C. Poe, O'Brien.

Mrs. Lee Jenkins, Rochester.

Births:

Mr. and Mrs. A. P. Denton, Knox City, a son.

Mr. and Mrs. Neil Perdue, Knox City, a daughter.

Mr. and Mrs. E. L. Marion, Munday, a daughter.

Mr. and Mrs. E. D. Hendon, Knox City, a son.

Mr. and Mrs. R. E. Briggs, Knox City, a daughter.

New Editors Named

Paul Gallico, right, internationally known reporter, writer and lecturer, has been named European editor of Cosmopolitan magazine. With him is shown Paul MacNamara, nationally known writer, who has been appointed special feature editor of the magazine, according to Frances Whiting, editor.

Demonstration Of Frozen Foods Held At Knox City

Miss Eudora Hawkins, home economist for the West Texas Utilities Co., gave a demonstration on preparing foods for frozen food lockers at Knox City on Wednesday of last week. The demonstration was held at the school auditorium and was sponsored by the Reid's Frozen Food Locker Plant.

Miss Hawkins gave many pointers on preparation of foods and placing them into containers for quick freezing. She used vegetables and meats in giving the demonstration.

Attending from Munday were Mrs. W. R. Moore, Decker, W. E. Braly, H. A. Pendleton, A. H. Mitchell, W. A. Baker, C. L. Yates and Clyde Nelson.

Big Crowd Attends Formal Opening Of Firestone Store

A large crowd from this area visited the Blacklock Home and Auto Supply, new Firestone store, during its formal opening last Saturday. They viewed the many items in automobile and home supplies carried in stock by the local firm, and the owner expressed satisfaction in the success of the formal opening.

"We appreciate you calling on us," Winston Blacklock, owner, said, "and we are really proud of the splendid reception you have given our new firm."

"We did not receive as much merchandise as we had hoped to have on display on the opening date, but we will continue to receive regular shipments of merchandise. We invite you to visit us again and look over our supply of home and auto needs. We are here to render every service possible to this trade area, and we assure you that your patronage will be appreciated."

Urge Immunization Of School Children

W. C. Cunningham, superintendent of the Munday Public Schools, this week urged all parents to have their children immunized against diphtheria and smallpox before opening of the local school on September 7th.

Under ruling of the school board which has been practiced for several years, all children entering grammar school must be immunized upon registration. It will save considerable time, Mr. Cunningham said, if all children receive their vaccinations and Schick tests before opening date of the local schools.

Thorp Revival To Begin August 27

Rev. Luther Kirk, who has pastored the Thorp Methodist church along with his duties as local pastor, announced Wednesday that a revival meeting will begin at Thorp on Sunday, August 27, at the morning worship hour.

Rev. Conrad Ryan, pastor of the O'Brien Methodist church, will do the preaching for this revival. Rev. Ryan is known to many people of this area, and large crowds are expected to hear him. A good revival is expected under his leadership.

A cordial invitation is extended to everyone to attend all services of the meeting.

Wasps Cause Local Boy To Jump From Bridge; Breaks Arm

Donald E. Belcher, 14-year-old son of Mr. and Mrs. C. L. Belcher of Munday, had a costly experience with a swarm of wasps on Wednesday of last week.

Donald had hitch-hiked his way to Seymour to find parts for his bicycle. On his return, he stopped on the Brazos river bridge to view the scenery. An angry swarm of wasps attacked him, causing him to fall, or jump, from the bridge into the river bed.

He soon discovered that both wrists were broken in the fall, and it seemed to him that one of his lower limbs was also broken. After a long time he mustered up enough courage to move, and he went back to the highway and "thumbed" rides home.

The accident occurred around one o'clock, and Donald arrived home at five o'clock. Several hours later he arrived at the Knox county hospital, where the broken bones were set.

Donald is reported recovering nicely, but he doesn't want to contact another swarm of wasps on a river bridge—or anywhere else!

Foursquare Church At Goree Is Holding Summer Revival

The annual summer revival, sponsored by the Foursquare church in Goree, opened last Sunday and will continue for a period of about two weeks. The meeting is being held in the city park at Goree.

Rev. and Mrs. Bailey of Amarillo are doing the preaching for this meeting. They are well known evangelists of this denomination, and a good revival is expected under their leadership.

A cordial invitation is extended to everyone to attend all the services.

Edwin K. Johnson, machinist mate first class in the navy, left Wednesday to report for duty at Shoemaker, Calif., after spending a 30-day leave here with his wife and other relatives.

Keep Up With Rationing

RATION REMINDER

MEATS, FATS — Red stamps A3 through Z8 and A5 through D5, good indefinitely.

PROCESSED FOODS — Blue stamps A8 through Z8 and A5 through F5, good indefinitely.

PLENTIFUL FOODS — Onions, carrots, spinach, white potatoes, oranges, peanut butter and citrus marmalade.

SHOES — Airplane stamps 1 and 2 good indefinitely.

GASOLINE — In 17 East Coast states, A-10 coupons, good thru August 8. In states outside the East Coast area, A-12 coupons, good through September 21.

SUGAR — Sugar stamps 30, 31, and 32, each good for five pounds indefinitely, and 33 good for five pounds after September 1 and remains good indefinitely. Sugar stamp 40, good for five pounds of cannist sugar through February, next year.

FUEL OIL — Period 4 and 5 coupons, good through September 30. New period 1 coupons, now good.

Funeral For Mrs. J. Arthur Smith Held Saturday

Mrs. J. Arthur Smith of Lorenzo, well known former resident of Munday, passed away at 8:30 o'clock Thursday evening, August 17, at Temple, Texas, where she had gone for treatment. Mrs. Smith entered a Temple hospital for an operation but never regained enough strength.

Mrs. Smith was born Roxie Janette Hamm on December 8, 1890, in Fannin county, and was 53 years, 8 months and 9 days of age. She resided in Munday for a number of years before moving to Lorenzo a little over 18 months ago. She and Mr. Smith operated a tailor shop here for many years.

Surviving her are her husband, J. Arthur Smith, and a daughter, Peggy, both of Lorenzo; a sister, Mrs. L. E. Ledbetter of Munday; four brothers, C. D. Hamm, Clarksville; J. C. and Roy Hamm, Temple, and John Hamm, Farmers Branch; two nieces, Mrs. Eloise Gross, Memphis, Tenn., and Mrs. Nannie Smith, Ringling, Okla.

A son, Wilbur Smith, preceded her in death, passing away when he was only three months of age.

Mrs. Smith was converted early in life and joined the Gillespie Baptist church.

Funeral services were held from the First Baptist church in Munday at five o'clock last Saturday afternoon, conducted by Rev. W. H. Albertson and Rev. Woodie W. Smith. Burial was in the Gillespie cemetery, with the Mahan Funeral Home in charge of arrangements.

Pallbearers were Cecil Burton, J. J. Keel, R. D. Gray, Merrill Fleniken of Lamesa, J. L. Stodghill and John McMahon.

Gossett Wins By Only 365 Votes

Secretary Charles E. Simons of the state democratic executive committee at Austin, said Tuesday that a re-check of ballots cast in the 13th congressional district race in the first primary gave the present incumbent, Ed Gossett, a majority of only 365 votes. The vote, according to the re-check, was: Gossett, 24,858; George Moffett, 24,493.

In erroneously reporting the Wichita county vote, Simons said, the state committee announced Gossett received 4,870 and Moffett 4,756. The corrected tabulation showed that Moffett received 4,870 and Gossett 4,656. The correction does not change the result of the election in which Gossett was re-nominated.

TWO RESIGNATIONS IN LOCAL SCHOOLS

Two of last year's teachers on the Munday schools have recently handed in their resignations, Supt. W. C. Cunningham announced Wednesday.

Miss Annie Mae King, home economics teacher, has resigned to accept a position as dietician in a cafeteria in Little Rock, Ark.

Mrs. Barton Carl, English teacher in junior high school, has resigned to accept a position as home economics instructor in the Goree schools.

HOME FROM NEW GUINEA

Jack Compton, who has seen several months service in the South Pacific area, came in last week for a visit with his brother-in-law and sister, Mr. and Mrs. O. O. Putnam. Compton, who has been in the New Guinea fighting, has been in the service for five years, and this is the first time he has seen his sister since entering the service. At the end of his leave, he will report for duty at Fort Sam Houston, Texas.

Weather Report

Weather report for the period of August 17 to August 23, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
1944 1943	1944 1943	
Aug. 17	73 69	94 95
Aug. 18	67 59	95 93
Aug. 19	68 71	102 103
Aug. 20	77 78	102 107
Aug. 21	77 78	102 107
Aug. 22	72 74	100 103
Aug. 23	71 75	98 103

Rainfall to date this year 12.71 inches; rainfall to this date last year 9.90 inches; rainfall since Nov. 1, 1943, 16.94 inches.

Wounded

Pictured above is S. Sgt. George William (Dick) Wardlow, who was wounded in France on July 26th. He was serving with the 90th division. Wardlow has been in the service since March, 1942, and left the states in March, 1944. He served 18 months at Camp Barkeley, four months in California, then at Fort Dix, N. J., where he sailed for overseas.

His wife, the former Billie Swain, is now employed a Wm. Cameron & Co. at Munday.

Next Saturday Is Election Day

August Primary To Be Held; Ballot Is Very Light

Next Saturday is the run-off primary election day, and Knox county voters will be presented one of the lightest ballots in many years when they register at the polls.

With candidates for only two state offices listed on the ballot, these will be the only places to be voted on by voters of commissioners' precincts three and four in Knox county. The other two precincts have candidates in the run-off in the commissioner's races.

Although the vote is expected to be light in Knox county, qualified voters are urged to go to the polls and cast their votes. The official ballot lists the following:

For Attorney General: Grover Sellers of Hopkins county and Jesse E. Martin of Tarrant county.

For Associate Justice of the Supreme Court: Richard Critz of Williamson county and Gordon Simpson of Smith county.

For County Commissioner of Precinct One: Ray Willis and Wm. Griffith.

For Commissioner of Precinct Two: L. A. Parker and O. L. Patterson.

11 Registrants Are Classified

Eleven registrants were reclassified by the Knox county local board on Tuesday, August 22. They are as follows:

Class 1-A: Marvin B. Bruce, Joe W. Walker, Alton L. Cook, Clarence Davis, Haynes W. Blackburn, William T. Cooksey and William L. Walker.

Class 1-C: Skipper Brown.

Class 2-A: Alton O. Burden.

Class 2-C: Raymond H. Lawrence and Harry E. Hackney.

In addition, 213 registrants over 38 years of age were reclassified from the discontinued classifications, 3-A and 3-C, into the current classifications identified by age by the usual (H) after each classification.

J. Weldon Smith Accepts Position At Munday Bank

Mr. and Mrs. J. Weldon Smith have moved to Munday from Dallas, and Mr. Smith has accepted a position at the First National Bank in Munday. Mr. Smith had been employed in Dallas for a number of years.

Mrs. Smith is the former Miss Zada Wiggins, and both Mr. and Mrs. Smith are well known to a number of Munday people. Mr. Smith will serve as teller at the bank, as well as perform other duties.

They are making their home at the Wiggins residence in Munday.

First Bale Of Cotton Ginned Here Monday

Nolan Phillips Has Premium Bale

Munday's first bale of 1944 cotton was ginned last Monday afternoon, five days later than the first bale of 1943.

Nolan Phillips brought in the first bale, which was ginned by the Pendleton Gin Company, Tuesday morning. Mr. Phillips brought in the second bale, and he had ginned three bales by Wednesday morning.

Pendleton Gin Co. followed the usual custom of ginning and wrapping the first bale of cotton free of charge.

Out of around 1800 pounds of lint cotton, Mr. Phillips received a 432-pound bale, which was graded as middling cotton with 15-16 staple. It sold for 22 cents per pound, bringing a total of \$95.04.

The cotton was grown on Mrs. Hal Fairman's farm, about three miles north of Munday.

The hot, dry weather of recent weeks has caused cotton to open rapidly. It is reported that several farmers started gathering this week, and a number of bales are expected to be ginned in Munday within the next few days.

The first 1943 bale was brought in by Frank Cerveny, and was ginned here on August 16.

Lumber For Maintenance Is Still Available

Farmers who buy lumber in Knox county now are entitled to buy small amounts of lumber for essential maintenance and repair of implements and farm service buildings by simply signing an application at the lumber yard, according to Emmett Partridge, chairman of the Knox County Agricultural Conservation Committee.

Three hundred board feet is the largest amount that can be obtained from the dealer without first getting a farmers' lumber certificate, Mr. Partridge said.

Any farmer who needs more than 300 board feet of lumber should apply to the County AAA office at Benjamin for a certificate. The committee has authority to issue farmers' lumber certificates for essential maintenance and repair use and for new construction (other than residences) where the cost is not more than \$1,000 per farm per calendar year. The committee also will issue certificates for lumber needed for emergencies. For construction which must be approved by the War Production Board, the ACA committee receives farmers' applications and makes recommendations but does not issue certificates.

Farmers' lumber certificates rank as "certified and rated" orders, with ratings as high as any assigned to non-military users, Mr. Partridge stated. Dealers can use the ratings when they place orders. "In fact," he said, "these ratings offer the only opportunity to keep enough lumber in the county to meet our essential farm needs."

For Attorney General: Grover Sellers of Hopkins county and Jesse E. Martin of Tarrant county.

For Associate Justice of the Supreme Court: Richard Critz of Williamson county and Gordon Simpson of Smith county.

For County Commissioner of Precinct One: Ray Willis and Wm. Griffith.

For Commissioner of Precinct Two: L. A. Parker and O. L. Patterson.

Eleven registrants were reclassified by the Knox county local board on Tuesday, August 22. They are as follows:

Class 1-A: Marvin B. Bruce, Joe W. Walker, Alton L. Cook, Clarence Davis, Haynes W. Blackburn, William T. Cooksey and William L. Walker.

Class 1-C: Skipper Brown.

Class 2-A: Alton O. Burden.

Class 2-C: Raymond H. Lawrence and Harry E. Hackney.

In addition, 213 registrants over 38 years of age were reclassified from the discontinued classifications, 3-A and 3-C, into the current classifications identified by age by the usual (H) after each classification.

Mr. and Mrs. J. Weldon Smith have moved to Munday from Dallas, and Mr. Smith has accepted a position at the First National Bank in Munday. Mr. Smith had been employed in Dallas for a number of years.

Mrs. Smith is the former Miss Zada Wiggins, and both Mr. and Mrs. Smith are well known to a number of Munday people. Mr. Smith will serve as teller at the bank, as well as perform other duties.

They are making their home at the Wiggins residence in Munday.

Hefner School To Begin September 4

School authorities have announced that the 1944-45 term of the Hefner school will begin on Monday, September 4.

Registration and classification of students will be held on the above date, and regular classes are expected to begin as soon thereafter as possible. Hefner school patrons are looking forward to a successful school term.

War Bonds as Investment for Farmers

by Warren W. Hawley, Jr., President New York State Farm Bureau Federation

IN CHECKING figures of the Farm Credit Administration, I find that farmers are paying off mortgages faster than at any other period in the history of the Federal Land Bank.

At the same time, farmers are building up cash reserves, but the wise investment of this money is an extremely hard job for farmers to undertake. The temptation is to try and obtain as high an interest rate as possible.

Many of us see no reason why we should not get as much interest on our money now as we had to pay the bank when we were forced to borrow during the depression.

The answer is that today money is cheap—"expanded", as the bankers express it. Therefore interest rates are low except in very speculative securities. Naturally no farmer wants to risk losing his hard earned cash.

We farmers know our own business and we can invest money in it safely because we understand it. However, when we branch off

into other fields, especially the highly technical field of investments, most of us encounter sad experiences.

In these days it is virtually impossible for farmers to put their surplus cash back into the farm. War-time conditions prevent us from repairing buildings, and buying new machinery, automobiles, trucks and other equipment we must eventually have if we are going to stay in business.

So the smart thing for farmers to do is to invest their surplus money in War Bonds where it is as safe as a dollar bill. These bonds increase in value the longer they are held; they can be cashed after sixty days in case of need, and they will provide a reserve for investment after the war in the business the farmers know best—the business of farming.

I confidently predict that if farmers will do this, the dawn of peace will signalize a new day for agriculture.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On"

A CASE AGAINST LAND GRANT RATES

W. M. Jeffers, former head of the emergency rubber development program and president of the Union Pacific Railroad, says of the land grant freight rates:

"Nearly a century ago, the government, to encourage rail construction... made grants of lands. One of the conditions was that government property should be transported at 50 per cent of tariff rates over those lines traversing the granted territory.

"Over the years, the value of these granted lands, either then or now, has been paid for many times through the application of these land grant deductions.

"The government, in the aggregate, pays less for transportation services than any other shipper in America. In all cases, where land grant deductions are in effect, its rates are only 50 per cent of those you pay.

"The government buys from you and then checks your books. If, in its judgment, you have made too much profit it 'renegotiates' and reduces your selling price. And then you pay income tax on what you have left.

"But in settling with railroads for transportation services, the government:

"1. First pays the full amount which the railroads have earned, based on published tariffs.

"2. The railroads then pay income taxes on what the government has paid, the excess earnings brackets being as high as 95 per cent.

"3. Then government accountants, who are now two or more years behind in their work, re-audit bills previously approved and paid by the government, and withhold from other charges which the government owes the railroads whatever amount its accountants think the government should deduct because of land grants, from bills already paid, and on which income taxes have already been collected."

"The result of this method is that no railroad knows where it stands financially today or where it will stand tomorrow, because the railroads cannot foretell what proportion of their earnings the government may deduct or compel to be returned later to the government.

"In other words, the railroads face the very likely prospect of the government taking away from them, two, three or five years from now, \$300,000,000 or more which they now believe they have earned and on which they have paid income taxes. This demand will come from the government after the war traffic and earnings have so diminished that the railroads will not have the money to refund. Their prospect is bankruptcy unless legislation relieves the present situation."

NO TIME FOR INCOMPETENCE

Another cut in the octane rating of gasoline has been made. This means that your car will knock a little louder on hills and hard pulls. The oil industry should not be blamed for this. The better gasoline has gone overseas to fight the war. American oil companies are supplying the bulk of the oil for the Allies.

It is due to no fault of the oil industry that there is an oil shortage at home. It is a miracle that the shortage has not been greater. The industry could most certainly get more oil in this country with a little more steel and manpower, and if independent producers and wildcaters were not discouraged in their hunt for oil by arbitrarily low prices.

No one resents oil shortages and lower octane rating imposed by war necessity. But they do resent any national oil policy or price fixing that prevents or discourages companies from seeking new oil reserves which would increase production.

LIVING UP TO TRADITION

Except for American medicine which was ready, willing and able to act when the war started, the unprecedented health services available to our armed forces would have been impossible. American doctors played an indispensable role. They provided the government with the finest medical system and personnel in the world. American doctors have examined and passed judgment on more than 13,000,000 military registrants.

This medical data is now being subjected to analysis. Both in quality (medical procedure and judgment) and quantity (number involved) this material far surpasses any other survey ever made in the history of our nation. In conjunction with this record-breaking examination job, American doctors have given our armed forces an unequalled medical service.

This is but one more proof of the fact that free private enterprise can achieve greater results in a shorter space of time than can regimented legions of the dictators.

AHEAD OF THE PLANNERS

Once again the American people have proven that left to their own devices, they can progress faster than paternalistic planners can plan. The idea has been promoted that this country is behind the times in these respects, it is now out in front.

The United States has a top notch medical profession. In technique and scientific accomplishment American doctors are unsurpassed. The distribution of medical care is broad and rapidly increasing. There are hundreds of voluntary medical and hospital groups and societies reaching into every corner of the nation. One of these, the Blue Cross which protects 14,000,000 employed persons and their families, is known as the "fastest growing movement in America." It is a non-profit, cooperative plan providing complete hospital service for members in 3,000 hospitals. It is endorsed by the medical profession. It reaches into rural sections and cities alike. Officials of Blue Cross say that as soon as a basis for sound operation is worked out, the plan will include complete medical service. Its cost at present is a dollar or so a month for whole families.

Again it should be emphasized that Blue Cross is but one of hundreds of worthy organizations. They are all the result of intelligent action on the part of free citizens working toward the common objective of making the miracles of modern medicine available to every man, woman and child in the United States.

ALL IN SAME BOAT

How to avoid unemployment after the war is a grim question that is foremost in everyone's mind. But job-creating industry and its problems, which are determining factors in the lives of all of us, is not receiving the public consideration it deserves.

Too many people still look upon industry as an entity unto itself. They feel that tax and legislative measures affecting industry are things for the "big guys" to worry about. They don't realize that when a corporation gets slapped in the face with crippling legislation or taxation, eventually the effect is reflected in its capacity to produce, and the little guy as well as the big guy gets hit between the eyes by loss of employment, or restricted output.

For example, when you take an aspirin, you are using a derivative of coal. Thus, although you may live thousands of miles from the Virginia coal fields, you are dependent on the coal industry. In fact, the bathroom cabinet would be swept nearly bare if the coal industry should fold up and quit. In addition, to aspirin, bituminous coal derivatives are used in making laxatives, rubber goods, and perfumes, to say nothing of the life-saving sulfa drugs. These things are incidental to the more primary uses of coal which maintain the war effort, heat and light our homes and drive our trains and make steel.

Coal is typical of many industries employing millions of American workmen. In common with other industries, it is meeting its problems aggressively and resourcefully, with two objectives in view—more production and more jobs.

GOOD PLANS—BUT

Various tax plans have been proposed in an effort to establish a Federal taxing system which would insure adequate governmental revenue and at the same time encourage the productivity of industries and individuals.

All of these plans have a common characteristic. They have been evolved by the best brains in the country and are constructive efforts to bring the monstrous problem of Federal taxation under control before it destroys the very freedom for which American men are fighting in every corner of the world. But—and there is a very large but—no plan will work unless the politicians and the people sincerely wish it to work. The old battle of class taxation, with group pitted against group, each seeking to unload taxes onto the other fellow, if continued, will block any sane tax plan.

MOURNING DOVE and WHITE-WINGED DOVE OPEN SEASONS for 1944

MOURNING DOVES
OPEN SEASON -- NORTH ZONE:
Sept. 1 to Oct. 25, both days inclusive. Shooting hours, one-half hour before sunrise to sunset.

SOUTH ZONE -- Oct. 20 to Dec. 14, both days inclusive, except in Cameron, Hidalgo, Starr, Zapata, and Borden, Hogg, Maverick, Brooks, Dimmit, LaSalle, Kenedy and Willacy counties where mourning doves may be hunted only on Sept. 15, 17, 19, 21 and 24, from 12 o'clock noon to sunset and from Oct. 20 to Dec. 9, from one-half hour before sunrise to sunset.

BAG LIMIT -- Not more than 10 per day and not more than 10 in possession.

Unlawful to take White Wings or Chachalaca South of U. S. Highway 83 in Southern tip of Texas marked on the map as "GAME SANCTUARY."

No hunting permitted in game refuges and game preserves.

A Hunter may not have more than 10 a day of either or both species (White-wings or mourning doves) in the aggregate.

by
BOYCE HOUSE

Isn't it odd how history has a way of reversing the verdict that many people pass upon their contemporaries? The mists of abuse and harsh, angry words clear away, leaving the figures of a man as majestic as a mountain—after he has died.

In 1896, the "gold bugs" said that free silver, which William Jennings Bryan advocated, would make money more plentiful, which would make it easier for debtors to pay their debts and that would be "wrong" because a creditor couldn't buy as much with a dollar if dollars were abundant as he could if they were scarce; therefore, free silver was "dishonest." They overlooked the fact that the great increase in the world's commerce without a corresponding increase in the medium of exchange had already had the effect of making money scarce, thereby making it harder on debtors and favoring creditors—but that, of course, was not "dishonest."

And they didn't like Bryan because he was backed by the Populists, "a dangerous element." Actually, the Populists were mostly farmers groping for economic justice in the face of high transportation rates they had to pay and the

low prices they received for their products.

Manufacturers posted notices on the bulletin boards that their factories would close if Bryan were elected. Ministers preached sermons urging the election of McKinley on the ground that free silver was "immoral." And that most righteous man, Mark Hanna of slush fund fame, sent forth stump speakers who pointed out that Judas had betrayed the Master for 30 pieces of silver—therefore, silver was accursed. Under the same reasoning, the human race should have quit using lumber be-

cause the Savior was nailed to a cross made of wood.

Well, they beat Billy Bryan. And then some prospectors found gold in the Klondike and thereby made the world's money supply more abundant—thus accomplishing, in a different way, what Bryan wanted to do.

And later, Republicans presidents issued money made out of paper and nobody said it was "dishonest," and nobody turned down a chance to acquire some of it, either. I heard Bryan declare, with a smile, in a speech in 1914. "They said I wanted to put a government imprint in a piece of silver and make it worth \$1. They said if you threw one of Bryan's dollars into a furnace, you'd have only 54 cents worth of silver. Well, if you'd throw one of their paper dollars into a furnace, you wouldn't have anything!"

Bryan never became president but he lived to see many of the principles he advocated become the

law of the land; votes for women, the income tax and direct election of United States Senators.

When the reactionaries in the party tried to nominate Champ Clark in 1912, Bryan threw his weight behind Woodrow Wilson, who proved to be one of our greatest presidents.

Those Pharisees who desecrated their pulpits with harangues against Bryan beheld him inspire millions with his magnificent lecture, "The Prince of Peace." He spent his last years in championing the Bible, the divine destiny of man and the immortality of the soul. No one now speaks unkindly of William Jennings Bryan, the Great Commoner.

The butterfly fish frequently swims backward, so that its tail appears to be its head. If trouble looms, it reverses and swims normally, full speed ahead, bewildering pursuers.

Gems Of Thought

CONTENTMENT

Contentment is true riches.—Dillwyn.

Contentment is a pearl of great price, and whoever procures it at the expense of ten thousand desires makes a wise and a happy purchase.—Balguy.

You traverse the world in search of happiness, which is within the reach of every man; a contented mind confers it all.—Morace.

All power and happiness are spiritual, and proceed from goodness.—Mary Baker Eddy.

The occurrences that come to a man are the fruit of his own character.—Emerson.

The noblest mind the best contentment has.—Spenser.

THRIFT IS A DUTY OF EVERY AMERICAN . . .

In this time of stress, each of us owes it to his country to be thrifty. We must conserve materials on the one hand so they will be available for defense purposes. We must conserve money, on the other hand, to help our country and to help ourselves in the post-war period.

By being thrifty, and by accumulating money in your bank account, you are contributing to your country's welfare, while at the same time helping yourself.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

Organize For Food-Agriculture

An international authority that would provide international agricultural credit is one of the proposals of the United Nations Interim Commission on food and agriculture in its report recommending that a food and agriculture organization of the United Nations be set up. The FAO, proposed to 44 Governments for their acceptance, grew out of the United Nations Food Conference in June, 1943. Other functions the FAO would include are: to collect, interpret and disseminate information relating to food, nutrition and agriculture; to recommend action with regard to research, education, administration, conservation, agricultural production, processing, marketing and distribution of agricultural products to furnish Governments with requested technical assistance.

Davis Asks Tools For Fighters

Speaking by radio from Honolulu, Hawaii, after his return from Saipan and Guam, Elmer Davis, director of the Office of War Information, cautioned the American people that while American Generals and Admirals "Have out-thought the Japs as our rank and file have out-fought them afloat and ashore and in the air... our fighting men need stuff to fight with, stuff we must go on producing at home in ample quantity no matter what may happen elsewhere, no matter how we might like to get back to the familiar ways of peace... our fighting men out there have written a record of which every American ought to be proud. Give them tools and see that the tools get to them over thousands of miles of land and sea and they'll finish the job."

McNutt-Nelson On Reconversion

In a joint statement on the reconversion from War Production to Civilian Production, Donald M. Nelson, chairman of the War Production Board, and Paul V. McNutt, chairman of the War Manpower Commission, declared that "Where ever labor and material are available which are not needed in, or cannot be made available for, War Production they should be employed in civilian production" and that planning "should go forward... so that, as employment in War Production ends, jobs in civilian production can be readily found."

Plan School Lunch Program

Before school opens communities should plan their school lunch programs, the War Food Administration says. First step is to organize

parents, teachers and representatives of civic organizations to discuss the number of children to participate and facilities assistance available. If the group finds the community is unable to act or is without financial assistance, the official sponsor, usually the Board of Education or the State Department of Education, may appeal to WFA's office of distribution. A Federal fund of 50 million dollars is available for the school lunch program during the 1944-45 school year, funds to be used exclusively for food purchases.

To Keep Record of Gas Rations

When motorists outside the East Coast area renew their basic "A" gasoline rations to replace the present "A" rations that expire September 21, they'll get a mileage rationing record that will replace the tire inspection record as a record of all gasoline rations issued for use with the basic "A" ration, the OPA has announced. Dates for renewal applications and manner of filing will be announced locally. The tire inspection record must serve until the new form is issued. With every application for a special or supplemental ration, except fleet or official ration, the motorist must present his mileage rationing record form to the local board. While the new "A" book will give the same monthly ration as the old, eight gallons a month, the new coupons will be worth four gallons instead of three. In 17 East Coast States and the District of Columbia, present "A" rations do not expire until February 8, 1945.

Less Nitrogenous Fertilizer

American farmers will have less nitrogenous fertilizers as a result of the curtailed supplies of nitric acid, now critically needed by Ordnance Plants, WPB says. Some of the loss may be offset if arrangements can be made to import larger amounts of Chilean nitrates for agricultural use.

Your Boy Friend in Australia (QM)

Young lady, if your boy friend is in Australia, you'd better write him today—and every day. The Australian news and information bureau says that an estimated 10,000 American servicemen in that country have married Australian girls. The more than 7,000 marriages registered with American Consulates do not include recent weddings.

Prices Up On Some Smoked Fish

Most popular cured and smoked fresh water and salt water fish will cost consumers an average of 10 cents a pound above former ceiling prices, OPA says. Smoked fish affected are Mild-cured Salmon, Sablefish, Kipperd Salmon and Whitefish. OPA took action to relieve a price "squeeze" on processors.

Arrow Poison Now Saves Soldiers

Curare, a deadly poison that Native Indians of the Amazon called "Flying Death" because they used it to make poison arrows, is now saving lives of the fighting men of United Nations, the Office of The Coordinator of Inter-American Affairs reports. Curare is now used to relieve spastic paralysis and to relax the muscles of mental patients undergoing convulsive shock.

Take Your Own Shopping Bags

When you go shopping, you can give your merchant a lift if you take your own shopping bag or else carry your purchases home unwrapped, because WPB reveals that this year less than half as much paper for retail wrapping and paper bags is available than during a normal year. WPB has asked merchants to wrap for protection

G. I. Luggage Saver

—U. S. Army Photo

Shown above are two views of the new improved duffle bag now being issued to troops overseas by the Army Quartermaster Corps. These photographs, taken at the Memphis Army Service Forces Depot, illustrate how the bag may be carried over the shoulder, like a golf bag, or by the handle, as a suitcase. Fully a third larger than the previous issue, this new equipment is designed to eliminate the carrying of two barracks bags.

rather than appearance.

Japs Guess This One Wrong

The Japs apparently figured that the rainy season from mid-May until late August would retard the allied advance in Burma. The Japs made a "gross miscalculation," the Chungking radio said, inasmuch as the Allied capture of Myitkyina by Allied forces occurred at the height of the Monsoon season, when the Nipponese, assuming the Allies couldn't "take" the Monsoons may have diverted the "Main part" of their forces to the Eastern sector of China.

Careful—Don't Try This

Don't give away, sell or destroy that coal or wood burning equipment you have just in order to get a fuel oil ration, because OPA has authorized local rationing boards to withhold the ration under such circumstances.

Easy Storage of Vegetables

Any fruits and vegetables available in the fall can be kept for a few weeks in a garage or on the back porch if they are used before freezing weather sets in, the Department of Agriculture says. Where winters are not severe, apples and pears can be kept by setting the containers on a thick layer of newspapers and covering with old rugs, carpeting or newspapers. If matured and thoroughly cured, onions will keep for several months in an attic or an unused room where temperatures stay above freezing. Potatoes may be stored in dry cellars. In any storage, they should be protected against light. Potatoes should be kept in barrels or boxes to reduce loss of moisture and they do better in temperatures of 50 and 60 degrees than if stored at 40 or below.

Nurses Get Most Citations

Of the awards and citations given to a total of 105 women in the U. S. Armed Forces to date, 97 women of the Army Nurse Corps got the lion's share, OWI reported on the basis of information from Army and Navy. The distinguished Flying Cross, highest award ever made to a woman, went to a flying Army Nurse in New Guinea.

Round-Up

OPA says—Any farmer who sold 6,000 pounds or less of dressed meat having any ration point value and produced from his own livestock during the past 12 months must file a report of his sales on form R-1609 and file with OPA... Cotton compress and warehouse operators may charge a 17 per cent surcharge over maximum rates authorized for the 1942-43 season... Individual consumers, small boarding houses and eating places operated to feed workers inside industrial plants may apply for supplemental ration points if they are in areas where the fresh vegetable supply does not meet nutritional needs... Because of extensive counterfeiting of A-11 gasoline coupons,

service station operators should be sure that every A coupon they accept is torn out of a valid ration book and that the motorist has endorsed the coupon with the license number of the car into which the gas is delivered... Because of the shortage of kerosene and other heating oils, issuance of fuel oil rations for water heating, domestic cooking or domestic lighting has been halted if the applicant has use of electric equipment for these purposes... Manufacturers of 1,768,968 electric irons allocated for production have agreed to market them at their March, 1942, prices.

USDA says—Much of the pulpwood for the V-Box, a soak-proof, paper-board box used in carrying supplies to the Armed Forces comes from the thinning and logging operations in farm woodlands... Sweet potato meal, made from dehydrated sweet potatoes compares favorably with corn as a feed for seers... Forty-one per cent fewer cattle were on feed for market in 11 corn belt states August 1, this year, than on that date last year, one of the sharpest decreases ever shown... Thirty-five Latin-American students are studying extension methods and farm practices in the U. S. and about 80 will receive such training before July 1, next year.

LOCALS

Mrs. Welch and two children of Vera were business visitors here last Monday.

Rev. Luther Kirk returned home last Monday morning from Jayton, Texas, where he had been conducting a revival meeting for ten days.

Edwin Jetton, who is stationed at Camp Wolters, visited home folks here over the week end.

Rev. and Mrs. J. O. Haymes of Abilene visited in the home of Mr. and Mrs. Lee Haymes last Sunday.

VISITS HIS PARENTS

Flight Officer Joe Wells of Hammer Field, Calif., came in last Saturday to spend a 15-day leave with his parents, Mr. and Mrs. J. S. Wells of Weibert. Wells received his wings last January and is now taking night fighter courses.

Mrs. Jack Anderson, who has been with her husband at San Diego, Calif., is here for a visit with her parents, Mr. and Mrs. Jess Burnison.

Lloyd Hendrix was a business visitor in Morton the first of this week.

Kenneth Spelec is visiting with Walter Winn Stevenson in Colorado City this week.

Family Reunion Held Here During Soldier's Visit

Pvt. Bill Lemley of Camp Hood, Texas, spent a ten-day furlough here with his wife and children. He left Friday morning to report back to duty enroute to Fort Worth, then on to Fort Mead, Maryland.

While he was home, relatives enjoyed a family reunion at the home of Weldon (Red) Strickland. Bill's mother and three sisters were here from Grayford, Texas. Most all of his family were present except Lit Lemley, who is in the service in France, and Fred Lemley, who is also somewhere overseas.

Thirty-five were present for the reunion, and dinner was served picnic style under the trees on the lawn. A good time was enjoyed by all.

EAT SMALL POTATOES

College Station — Homemakers throughout the nation are being asked to use small-size Irish potatoes, rather than large ones, during the next few weeks. The A. and M. College Extension Service explains this government appeal is based on the fact that small potatoes deteriorate more rapidly in storage than the jumbos. Small potatoes are just as nutritious as large ones.

HOME ON FURLOUGH

J. C. Seaton Jr., son of Mr. and Mrs. J. C. Seaton of Sunset, is home on a short furlough. He has been with the air service command and stationed near Jackson, Miss., for the past five months. He reports back to duty on August 25.

MAKE A BATHING SUIT FOR SUMMER RECREATION

Summer wouldn't be complete without a generous amount of swimming and sunbathing. If a colorful bathing suit is what you have always wanted, here it is for the making. The slenderizing pattern has a pleat in center front and back, with separate trunks under the skirt. It is fun to make and will fit smoothly because of its printed cutting line.

Rhineland News

Mr. and Mrs. Lawrence Birkenfeld and family of Happy, Texas, visited relatives here last week.

Mr. and Mrs. C. J. Kuhler and family of Pep, Texas, are visiting relatives here.

Corrine Urbanczyk underwent a tonsillectomy at a Wichita Falls hospital last week.

Berniece Decker and Rose Brown of Abilene spent the week end with relatives here.

Mr. and Mrs. Albert Sokora and family, and Mrs. Eddie Kuhler of Pep, Texas, visited relatives here this week.

Mr. and Mrs. Ray Wotipka of Pep, Texas, spent the first of the week with relatives here.

H. N. Claus and son, James, went to Denton Friday to attend graduation exercises at Teachers College high school. Their daughter and sister, Rosemary, one of the graduates, accompanied them home.

Paul Stengel is visiting his parents, Mr. and Mrs. Fred Stengel.

Mrs. H. D. Affleck and daughter returned to San Angelo Tuesday. They were accompanied home by Elsie Schumacher who will spend the week here.

Peter Loran went to Wichita Falls Monday to attend a meeting of the G. M. A. A.

The Rhineland Gin received its first bale of cotton of this season on Monday. The bale was brought by Y. Ramirez and was grown on the H. M. Michel farm.

RETURN HOME

Mr. and Mrs. C. H. Giddings returned home last Monday night from Sioux City, Iowa, where they spent several weeks visiting with their son and daughter-in-law, Major and Mrs. Charles Giddings. They reported a very enjoyable trip.

Virgil Skiles and family of Stamford visited in the home of Mr. and Mrs. Walter Skiles the first of this week.

FOR PLAYTIME

Typical of play suits which are favorites this summer is this midriff costume of white cotton, with low oval neck, worn by Janet Blair, lovely Columbia star. The water-blue lace sleeve bands and rick-rack edgings add charm to the outfit.

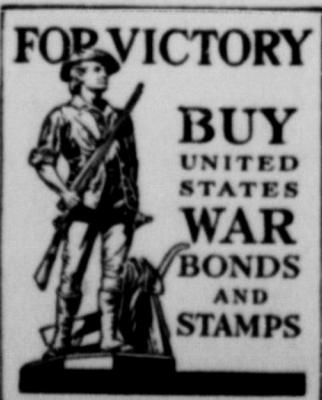

LOCALS

Mr. and Mrs. Stovall of Lubbock visited in the home of Mr. and Mrs. J. O. Bowden over the week end.

Mrs. Hal Fairman of Knickerbocker visited her daughter, Mrs. A. A. Smith Jr., and her sister, Mrs. W. P. Farrington, here the first of this week.

Mr. and Mrs. J. D. Marlow and daughters, Hortense and Julia Ann, visited in the home of Mr. and Mrs. J. L. Stodghill last week. Mr. Marlow was home from the Normandy invasion. His wife and daughters are making their home at Ackerly while he is in service.

Mr. and Mrs. Morris Wallace and daughter of Denton visited in the home of Mr. and Mrs. L. E. Hunter several days last week.

Activities of Colored People

A revival will begin on Saturday, August 26, at the Church of God in Christ.

Mrs. Effie Lewis, who had lived in this city for eight years, died on last Monday evening at Honey Grove, Texas. She was a member of the Church of God in Christ and a faithful servant. Mr. Stanley Lewis visited his wife at Honey Grove, came home and was called back at once to her bedside.

Mr. Cecil Locket was married last Saturday night at West Beulah Baptist church by Rev. Q. H. Beavers.

Little Johnnie Reagins spent two weeks in Henson, Texas, and Stockton, Calif., with his daddy visiting his aunts.

On last Tuesday night a shower was given in the home of Mrs. Alice Nappers and her daughter, Mrs. Ida Adkins, for Mr. and Mrs. Loreket.

The Women's Club met on last Thursday night in the home of Mrs. Fannie Mae Johnson, and they reported an enjoyable time.

Mr. M. J. Johnson has been attending an eye specialist at Wichita Falls. He was hit by a foul ball.

Mrs. Eula Chandler is reported some better.

Mrs. Ida Dean received a telegram on Tuesday evening that Mrs. Baysanger died at Denton. Mrs. Baysanger spent a week here in June with her husband and two children. Rev. Baysanger was in services at the Church of God in Christ. He is a brother of Mrs. Dean. She left for Denton to attend the funeral.

HAS OPERATION

Melvin Strickland, who has been in the U. S. Veterans' hospital in Amarillo for treatment, underwent a major operation on Wednesday of last week. Mrs. Strickland returned home Saturday after spending several days with him and reported that Melvin is doing fine.

Mrs. Plumley of Cisco is visiting with Mr. and Mrs. E. R. Hobert and with other relatives here this week.

Mrs. Rose Jones and daughters returned home last week from Denton where they had been making their home during the summer. The girls attended summer school at North Texas State Teachers College.

At The Churches

BENJAMIN METHODIST CHURCH

J. P. Patterson, Pastor

CALENDAR
 Preaching Second and Fourth Sundays at 11:00 a. m.
 Church school 10:00 a. m. each Sunday.
 Aug. 27 Services, Fourth Sunday

The pastor will be in his pulpit in the Methodist church across north from the Benjamin high school, on the fourth Sunday in August. Let us all be present in the spirit of worship on that occasion. A hearty welcome will be forthcoming to all that may visit us on that day.

Our meeting starts the third Sunday in September, Sept. 17. It will continue through the fourth Sunday. The time of the services will be announced after said time has been agreed upon by the congregation. Brother Hollowell of Spur, Texas, will assist us in our efforts on this occasion.

J. P. Patterson, Pastor.

Mr. and Mrs. G. H. Beaty visited with Sgt. and Mrs. E. C. Zeekser in Abilene over the week end.

PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.
 Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work.

FIRST BAPTIST CHURCH

Next Sunday morning Dr. Rupert N. Richardson, acting president of Hardin-Simmons University, will speak. He is a man of wide vision, and an excellent speaker, and is representing one of our great educational institutions. Don't miss his message Sunday morning.

The pastor will be out all this week in a meeting at Benjamin, but will be here for the service next Sunday night, at which time we will have another baptizing service.

The Thirty-Ninth annual session of the Haskell Missionary Baptist Association will be held with our church September 2-5th.

Put the Lord and the church in your plans.
 W. H. Albertson.

You Can Make It

FOR late summer and early fall, you'll want a dark dress that's sheer and cool. This one, which you can make yourself, features the low waistline effect and a soft, new neckline. The fabric is navy blue rayon sheer. When you buy fabrics for sewing, it's wise to ask how they should be cared for. Many rayon fabrics are scientifically tested for washing or dry cleaning, and bear labels giving you care instructions.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Preaching services will be held at the Friendship Baptist church next Sunday. The pastor will fill his regular appointment.

A. A. Brooks, Mrs. Bob Lambeth, and Mrs. Ben Holder were called to Lubbock on August 16 to attend the funeral of Mrs. Luther Brooks, who died at her home in Lubbock on August 14. All of her sons and daughters were present, and she had many friends here to pay tribute to her long and useful christian life. She lived here a long time before moving to the plains country.

Jimmie Jackson has returned to duty in the Pacific after a visit of several days with his mother and family here. He has been in the service two years.

Mr. and Mrs. Raymond Steward have returned to Galveston after spending a leave with his parents, Mr. and Mrs. Henry Steward of Benjamin; his brother, Jack of Goree and old friends at Hefner.

Oris Lambeth of San Diego, Calif., came in last week to see his parents, Mr. and Mrs. R. L. Lambeth and his family at Anton, who are residing with Ira Owens while

he is in the naval service.

Sandra Ruth Jones of San Angelo is spending her vacation with her grandparents, Mr. and Mrs. T. H. Jones, and with other relatives here.

Miss Leola Jones of Sterling City was here over the week end to visit her family, D. G. Jones.

Mr. and Mrs. Hamp Jones, Aunt Emmie Gibbs and Sandra Jones spent the week end at Crowell, visiting with relatives.

L. L. Hendrix and D. G. Jones made a trip to the plains the first of this week.

Mr. and Mrs. John Lambeth and children visited their daughter at Grand Prairie and a sister in Hunt county over the week end.

Miss Joline Hendrix had her friend, Miss West, as a house guest a few days last week.

On last Sunday, August 20, at 2:30 p. m., from somewhere in England the voice of George D. Jones was heard over the radio, saying, "This is George D. Jones of Goree, Texas, on the radio." He is the third son of Mr. and Mrs. D. G. Jones.

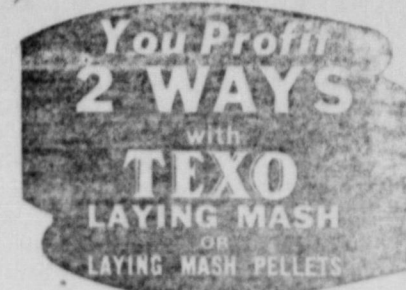

Mrs. Agnes Mayes returned to her home in Amarillo last week after spending her vacation visiting with relatives and friends here.

A. A. Smith of Moran visited in the home of Mr. and Mrs. A. H. Mitchell one night last week. He travels for a drug firm.

Mr. and Mrs. W. E. Braly spent the week end in Brady, visiting with Mr. Braly's brother, H. L. Braly, and his family.

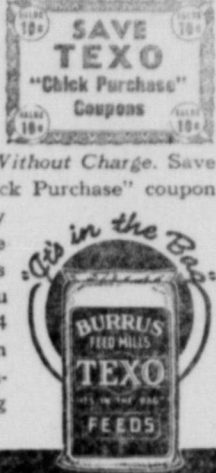

Mrs. Erin McGraw spent the week end with relatives in Vietnam.

Attention, Poultrymen!

1. Get Low Cost Eggs. Feed TEXO Laying Mash or Laying Mash Pellets and give your hens a practical, economical feed designed to produce plenty of eggs at low cost.

2. Get Chicks Without Charge. Save the TEXO "Chick Purchase" coupon packed in every 100 lb. bag. Use these coupons as cash when you buy your 1944 chicks. Come in and learn more about this amazing offer today.

Now is the time to feed your pullets and get them into production for Fall. They have passed thru moulting, and proper feeds will make them produce.

We have Texo Laying Mash, Growing Mash, Starter and other Texo Feeds. Let us supply your needs.

Bring us your produce. You can depend on us to pay highest prices at all times.

AT THE METHODIST CHURCH

Luther Kirk

Home again after closing a very successful revival at Jayton. I will be looking for you Sunday. Meet me at Sunday School and remain with us through the morning worship. I am happy to note that good attendance was maintained during the absence of the pastor.

Church School 10 a. m.; Morning Worship 11 a. m.; Youth Fellowship 6:45 p. m.; Evening Worship 7:30 p. m.

REVIVAL AT THORP METHODIST CHURCH

The revival meeting begins Sunday, August 27th at the morning worship hour. The preaching will be done by Rev. Conrad Ryan, pastor of the O'Brien Methodist church. The public is cordially invited to attend each service. Your help and prayers for a successful revival will be appreciated. Come one, come all.

Milstead Attends Funeral Of Father

O. V. Milstead was recently called to Marlin to the funeral of his father, J. T. Milstead, who died in a Marlin hospital. Funeral services were held at Bald Prairie on Saturday afternoon, August 12.

Mr. Milstead was 77 years of age, having been born and reared in Robertson county. He carried the mail in his community for a number of years, and was known throughout the county.

He is survived by five sons and four daughters, who are: O. V. Milstead of Munday, Rob. Rand and John Milstead of Abilene, Norris Milstead, who is in the navy and somewhere in the Pacific; Mrs. Floyd Turner of Bald Prairie, Mrs. Riley Hunt of Headsville, Mrs. T. E. Wier of Texas City and Mrs. Maurice Griffin of Tampa, Fla. He is also survived by three brothers and one sister.

Pvt. J. B. Pollock Recent Graduate

Camp Pendleton, Oceanside, Cal.—Marine J. B. Pollock, son of Mr. and Mrs. John R. Pollock of Munday, Texas, has been graduated from the Infantry and Browning Automatic Rifle Section School at Training Command here.

He will be assigned to an infantry battalion. Private Pollock was employed in the oilfields before enlisting in the Marine Corps last April.

His wife, the former Wanda Humphries and children, Jay and Jerry, reside in Munday.

ATTEND GRADUATION EXERCISES IN ABILENE

R. B. Davy, Mrs. J. K. Jackson, Mrs. Mozelle Woodall and Miss Frankie Trammell were in Abilene last Friday night to attend graduation exercises at Abilene Christian College. Mr. Davy's grandson, Dick Owens, received his high school diploma in the exercises.

J. C. (Bud) Moore, son of C. R. Moore of Munday, returned to San Francisco on Thursday after spending a 30-day leave here with his father and with relatives at Corsicana. Bud will report for duty in navy, where he has 16 months of sea duty.

Mrs. E. L. Goins of Crosbyton is visiting in the home of Mr. and Mrs. E. Y. Johnson and with other relatives here this week.

Winter Pastures Needed To Supply Protein Feeds

There has never been a greater need for good fall and winter pastures in Texas than this year. Labor is scarce, and feed not only is scarce, too, but is selling at high prices, says R. O. Dunkle, county agent. According to the most reliable information he has obtained there will be less protein feed per animal unit next winter than was available one year ago. This is more likely to be true if the rate of feeding per animal is the same as last year.

An adequate supply of fall and winter pasture on every Texas farm would go far toward solving the protein and labor problems, Dunkle says. Pasture is the cheapest feed which can be given to livestock. On pasture, livestock save the expense and labor of harvesting, grinding and handling feed. They do this themselves.

Good tender, green pasture furnishes the bulk of the water, protein minerals and vitamins which livestock need. This is why stock do better on pasture than on dry feeds.

Favorable weather, correct planting, and planting of sufficient acreage are the essentials to a proper supply of fall and winter pasture, Dunkle says. The weather can't be controlled. But farmers can plant and trust that the weather will be favorable.

Small grains like wheat, oats, barley, rye planted at the right time and on the right kind of seed bed will stand more bad weather than when planted under other conditions. Grains put in the ground in September and grazed sufficiently to keep down growth will resist cold better than if it is not grazed. They will also withstand cold better than grains planted later.

Mr. and Mrs. Pete Cartwright of Brownwood visited in the home of Mr. and Mrs. Louis Cartwright several days last week.

Miss Louise Spiegelmier of Abilene visited in the home of Mr. and Mrs. Lee Haymes over the week end. She has just completed a tour with Miss Louise Longino for the purpose of interviewing prospective students for McMurry College.

Mrs. Joe Boisvert, who has been with her husband in New York state, is here for a visit with her parents, Mr. and Mrs. Frank Hendrix.

"I will surrender when every one of our bullets has been fired and every one of our bayonets is sticking a German belly!"

Those words of a Texas fighting man will go down in history along with "Remember the Alamo!" and "Remember Goliad!" They were spoken by Capt. R. A. Kerley of Houston, in answer to a German demand that he surrender, after his battalion had been cut off and surrounded in France.

The invitation to surrender was made by a Nazi who advanced under a flag of truce, after the embattled Texas unit had fought for five and a half days against Germans who had completely surrounded their position. Just to make sure that he was understood, Captain Kerley answered "Go to Hell!" when the German officer pointed out that odds against the Americans were hopeless. A few hours later other Allied columns broke through and rescued the beleaguered Texan's battalion.

From France, where Texans are making new reputations as scrappers, several Lone Star soldiers will speak soon to their home-folks. Definite arrangements have now been made for a program of interviews with Texas service men to be broadcast direct from the fighting fronts. The feature, planned by the United War Chest of Texas, will be carried by all three Texas radio chains from 9:30 to 10 p. m., Monday, August 28. It will consist almost entirely of "reports to Texas" by Texas men.

If you have a husband, son or friend in France or England, be sure and listen, for he may be one of the lucky boys chosen to appear on the program.

Pfc. Irwin "Slim" Sladek, Fayetteville veteran of many a rodeo bronc busting contest, is now a veteran Jap buster as well. In the fighting on Bougainville, he fed shells into a mortar so fast that they made a bucking bronco look like slow motion, according to reports from the front. "Slim" is regarded as one of the fastest mortar feeders in the South Pacific. In his pre-army days, he took

People, Spots In The News

WHISKER DETAIL—Cpl. John J. Herbert (right), of Burlington, Vt., and Pfc. Marion S. McLaugh, LaGrange, Ga., use a wrecked French farmhouse for the luxury of a shave "al fresco."

SAFE 199 YEARS—Top veteran of group of 10 B. F. Goodrich rubber mixing-mill men who are doing their bit to beat the manpower shortage by carrying on their record of 199 man-years without accident is Louis Wallant, a safe mixer for 25 years!

"IN THEIR CUPS"—Staff Sgt. Roscoe Greenup of Shelby, Mont., and two fellow ground-crew members use the airplane "belly tanks" as coffee shop seats at a 9th U. S. Base somewhere in England. The boys use such tanks for storing belongings and as sleeping bags.

part in more than 30 Texas rodeos. Texans who think their tasks in the home-front war program are heavy should pay tribute to Sgt. Joe B. Chastain of Waco.

Sergeant Chastain, after heroic fighting, was captured by the Japs and placed in a prison camp in Manchuria. But, even there, he wasn't through fighting. With two companions, he escaped from the camp and headed toward Russia, hoping to make his way back to the United States and his old army unit, to fight again.

The three heroic youngsters were captured. Last week came news that they had been executed by the Japs.

If Texans on the home-front will attack their jobs with the determination and the will to win shown by Sergeant Chastain, there is little danger that any war bond or National War Fund campaign will ever fail. When one thinks of the courage and sacrifice of our fighting men abroad, he realizes that the pity is not that we are called upon to do so much, but that we are able to do so little!

Pvt. Raymond Tidwell is home on a 15-day furlough. He is visiting his mother, Mrs. Ona Tidwell, and brother, Johnny Tidwell. Tidwell has been training in Maryland and is on his way to Camp Beale, Calif., where he will begin a new type of training.

Maggie Searcey To Attend Fall Term At John Tarleton

Stephenville—Dormitory reservations for the fall tri-semester at John Tarleton Agricultural College have passed the half way mark of capacity, according to a statement issued from the office of Autis M. McMahan, college fiscal officer.

The fall tri-semester, registration for which opens September 22nd, will find the college dormitories freshly renovated and redecorated, providing a cool comfortable home for boarding students.

Among those who have reserved rooms are these: Maggie Searcey.

FORD BROTHERS HAVE REUNION IN ENGLAND

Mr. and Mrs. J. L. Ford have recently learned of a reunion of two of their sons in England. Letters from the boys recently revealed that they had gotten together for a visit.

Joe Ford was wounded during the first few days of the French invasion, and Robert Ford learned of his address. He looked his brother up at his hospital address, and the two had a very enjoyable reunion. This is the first time they had seen each other in four years.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin—Dr. Geo. W. Cox, State Health Officer, in outlining the duties of the Texas State Department of Health said in a statement today that public health measures are preventive and not curative.

"In an effort to prevent disease," Dr. Cox said, "the State Health Department carries on an educational program informing the public as to how they may secure protection by vaccination against small pox, typhoid fever, and immunization against diphtheria; by investigating sources of disease outbreaks; by quarantining and isolating those ill with communicable disease; by the prevention of the spread of the disease; inspection of water supplies and advocating the production and use of safe milk to prevent the occurrence of milk-borne diseases."

Dr. Cox said that in spite of all preventive measures, people will become ill and accidents will happen. The cure of sickness and the repair of accidents fall within the scope of the duties of the private practitioner of medicine and surgery. "Of course," he said, "the general practitioner of medicine is also engaged in prevention of disease when he advises mothers to have their children protected against diphtheria and smallpox or to have the family as a whole immunized against typhoid fever."

The general practitioner and State Health Department alike advocate that it is better to remain healthy than it is to recover from an illness, but the State Health Department is engaged in the control and prevention of disease as it affects the general population of a community or state.

Miss Joan Rummell is visiting with friends in Spur this week.

Miss Helen Haymes left last Sunday for Plainview for several days visit with relatives.

Hulen Montgomery, who is stationed at Camp Wolters, visited with home folks here over the week end.

Miss Theresia Andrae, employee of the Reporter-News in Abilene, is confined to her bed at the home

of her parents, Mr. and Mrs. A. H. Andrae of Rhineland, suffering from typhus fever.

Mrs. Ruby Kethley of Abilene visited her sister, Mrs. P. V. Williams, and other relatives here several days last week.

Mrs. Louise B. Ingram and Mrs. A. V. Kemietz returned home last Friday from Weatherford, where they visited with relatives for about ten days.

County Supt. Merick McGaughey of Benjamin was a business visitor here last Monday.

Mrs. Sied Waheed and children returned home last week from Lubbock, where they visited Mrs. Waheed's parents, Mr. and Mrs. C. S. Ameen and other relatives for several days.

Pvt. Raymond Tidwell and his mother, Mrs. Ona Tidwell, visited relatives in Archer City and Graham on Tuesday and Wednesday of last week.

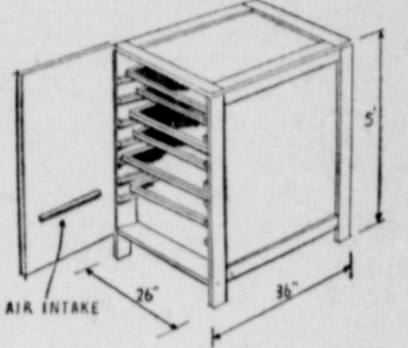

Mr. and Mrs. Aaron Edgar visited with relatives and friends at Quanah and Wellington over the week end. Mrs. Edgar remained for a longer visit in Memphis and with her parents, Mr. and Mrs. W. J. Bridge, at Quanah.

Orlis S. Lambeth, seaman first class, and his family have arrived from points in California and are visiting Lambeth's parents, Mr. and Mrs. R. L. Lambeth, and other relatives.

Leon Hargrove of Goree spent several days last week with his cousin, Ralph Hargrove of Munday.

Fixing Up the Farm by BURTON WILLIAMS

A Safe Dehydrator
HOME dehydrating units for preserving food for winter have proved their value on many farms. Here are some suggestions for building a simple, safe dehydrator with few materials. According to the National Fire Protection Association and the National Safety Council, in order to be safe, dehydration equipment should be built of non-combustible materials. The unit illustrated below is built of fireproof asbestos cement board and can be heated either with light bulbs or an ordinary oil stove.

The construction of this dehydrator is an easy job, and the materials are readily available, since asbestos cement products are non-critical building materials.

The asbestos board is nailed to a light framework and the tray supports on the interior are held in place about 3 1/2 inches apart by attaching them to the framework at each end. The trays are also made of asbestos board and are cut 24 inches square to permit turning them as needed during the drying operation. An opening similar to the one in the door should be made in the back at the top to provide an outlet for air circulation.

New Freezer Locker Assured

College Station—A loan for the construction of a freezer locker plant has been approved by the REA for the Brazos Valley Refrigeration Cooperative of Bellville. In addition, a \$100,000 loan has been granted a Coleman county REA co-op for adding farm connections the A. and M. College Extension Service has been advised.

WHEAT GOAL ANNOUNCED

College Station—Texas' 1945 wheat goal is about the same as for the current year, reflecting a small decrease of 28,000 acres, the War Food Administration has announced. The 1945 goal is 4,600,000 acres in comparison with 4,628,000 for 1944. Currently the Texas A. and M. Extension Service is advising farmers to plant wheat and other small grains to provide fall and winter pasture, as well as to meet next year's goals for grain.

Texans Abroad To Be Heard In Radio Program

Austin—For the first time since the invasion, Texans on the home-front next Monday will hear the voices of their husbands, sons and friends fighting on the battlefronts of France, when the United War Chest of Texas presents its statewide network radio program, "The Texan's Share in the War."

Plans for the unique program were announced today by Wayland D. Towner, UWCT general manager, whose staff arranged the broadcast with cooperation of the British Broadcasting Company and the three Texas radio networks.

The thirty-minute program will consist almost entirely of short-wave interviews with Texas service men abroad, Towner said. From Normandy and other battle-fronts Texas fighting men will talk by short-wave with the folks back home in a series of informal "chats," the war chest official explained. In addition, Larry Allen, famed Associated Press war correspondent, will tell briefly of his 13 months in a Nazi prisoner-of-war camp.

The broadcast, one of the most unusual staged during the war, will be introduced by Judge Ben H. Powell, state war chest president. Music for the production, which will originate in the studios of the University of Texas Radio House,

will be by the Eighth Service Command military band.

The program will be carried by all three Texas radio networks and by independent stations from 9:30 to 10 p. m., Monday, August 28.

Mrs. Loyd Dixon and son, Jimmy, of Wichita Falls visited relatives and friends here several days last week.

Mr. and Mrs. J. C. (Runt) Ledbetter of Fort Worth visited with relatives and friends here over the week end. They came at this time to attend the funeral of their aunt, Mrs. J. Arthur Smith, last Saturday.

Rev. J. O. Haymes of Abilene preached at the Munday Methodist church last Sunday evening, filling the pulpit for Rev. Luther Kirk, who is in a meeting at Jayton. Rev. Haymes is conducting a revival meeting at Bomarton.

Mr. and Mrs. Linn Waldrip of Abilene visited with Mrs. Waldrip's parents, Mr. and Mrs. Walter Harris, over the week end.

Mrs. Hubert Owens came in last Friday from Denton, where she had been attending summer school at N. T. S. T. C. for several weeks.

For Summer Evenings

A YOUNG plaid in dress-up taffeta makes an enchanting dress for summer evenings — and for school dances in the fall. The rayon taffeta fabric has passed laboratory tests for seam strength, dry cleaning, and other wear qualities. This means that the dress will give excellent wear — and the fabric will remain in good condition for a "make-over" job later on. If you would like to have a copy of a new free leaflet "Selection and Care of Rayon Hosiery," send your stamped, self-addressed envelope to the Women's Department of this newspaper.

tion conditions, the goal acreage should still provide safe supplies. Under the circumstances, the WFA recommends that the goals be regarded as a maximum for 1945 plantings, and that any planting beyond the goal levels be discouraged.

The 1945 state goals are larger than the 1944 seeded acreage for some states and smaller for others, suggesting a guide for farmers in different areas in planting a balanced production program. The acreage goal as estimated by Texas is as follows:

1944—Estimated planted wheat acres 4,628,000.

1945—Acreage goal 4,600,000.

Ben Bowden of Fort Worth and Mr. and Mrs. Jeff Dean Bowden of Midland visited with their parents, Mr. and Mrs. J. O. Bowden, over the week end.

CARD OF THANKS

We wish to express our thanks and deep appreciation for your kindness and sympathy, and for the lovely floral offerings, in this sad hour of our bereavement in the passing of our previous wife and mother. We are sincerely grateful to each of you.

J. Arthur Smith and Peggy, Mrs. Eloise Gross.

Relatives here for the funeral of Mrs. J. Arthur Smith included Mrs. Dave Mauldin, Miss Jeanette Stodghill, Mrs. Marguerite Bell and daughters, Jan and Judy, and Mrs. Bryan Smith, all of San Antonio; Mr. and Mrs. D. M. Morgan of Paducah, Mr. and Mrs. J. S. Smith, Mr. and Mrs. J. E. Smith, San Angelo; W. E. Smith of Weinert, Mrs. Nora Flennigan and daughter, Lila, and Mr. and Mrs. Raymond Jones, Kilgore; Mr. and Mrs. Ellis McCain, C. V. Stodghill, Mrs. Eloise Patton and son and Mrs. Howard Honeycutt and daughter, all of Wichita Falls.

Dr. and Mrs. F. W. Hoehn and children of Waco, were guests in the home of Mr. and Mrs. John Ed. Jones over the week end. Mrs. Hoehn is a sister of John Ed.

Mrs. F. A. Green of Benjamin is visiting her son, Carl Green, and his family here this week.

Mr. and Mrs. E. S. Allen of Gulliland were business visitors here last Monday.

Mr. and Mrs. Barton Carl returned home last Friday from their vacation trip. They visited with relatives at various points in Arkansas while away.

For Good Grade and Turnout . . .

GIN WITH US!

We have one of the most up-to-date and complete ginning plants to be found anywhere in West Texas. In keeping with the improved program for cotton, we regularly install new machinery which assures our customers protection of their cotton sample.

Ready to Operate

Our gin plant has been completely overhauled, with necessary repairs and replacements made, and in our gin you will find the largest improved cotton cleaning and ginning machinery, time-tested to fit the needs of this particular section in all kinds of weather.

We ginned our first bale on Monday, August 21. It was grown by Nolan Phillips, and was classed as middling 15-16 staple.

Through our years of ginning experience, we offer you every service possible to render with an up-to-date gin.

We invite you to gin with us, and get the grade and staple protection our modern gin will give you.

Last year, we built additional warehouses for your convenience in storing your cotton. These warehouses are available again this year.

Friendly People Will Give You Friendly Service at . . .

for Supreme Court of Texas

Led His Nearest Opponent in July Primary by Approximately 100,000 Votes

Justice Critz has exemplified the best traditions of a Texas judiciary rich in notable service... he possesses the broad view of the true jurist and the professional attachment necessary to capable judgment on the bench.—DALLAS NEWS

KEEP CRITZ FOR HIS SECOND FULL TERM
(Pol. Adv. by Friends of Judge Critz)

THE OLD JUDGE SAYS...

"Judge, would you mind tellin' Charlie here what you told me the other night walkin' home from lodge. I can't word it just the way you did."

"Sure thing, Tim. Here's what I told him, Charlie. There's no such thing as votin' a nation, a state, a county, or even a community dry. We had proof enough of that during our 13 years of prohibition. What you really vote for is whether liquor is going to be sold legally or illegally... whether the community is going to get needed taxes for schools, hospitals, and the like, or whether this money is going to go to gangsters and bootleggers. That's the answer, boys... simple as A-B-C."

Stylish Bag Creations

The mother-daughter combination, a perennial style favorite, is attractively featured in the above costumes modeled by Mrs. Verna Couch and her daughter, Wanda, of Shelby County, Tennessee. These dresses were made from cotton chicken feed sacks, and as an original contribution to the clever ensemble, attractive handbags were made from the same material.

Club Boys Are Making Surveys For Insects

Knox county 4-H Club boys are never too busy to do a little more. A selection of club members in the cotton growing areas of the state have been asked to repeat their service of last year in making weekly surveys of insect infestation.

Notwithstanding that the majority of the boys are engaged in full time farm work, about 220 in 45 counties already are taking part in this program, according to R. O. Dunkle, county agent. Walter Schumacher of Rhineland and Donald Nix, of Sunset have been making weekly reports on the insect population in one or more fields on their own or neighboring farms. As was true last year, the reports are accurate and in general compare favorably with similar reports being made by the Bureau of Entomology and Plant Quarantine, R. O. Dunkle says. In the near future club boys in several north Texas counties also will begin making reports from that area.

The cooperation of the club boys plays a prominent part in the control of destructive cotton insects. R. O. Dunkle says that the supply of calcium arsenate and other insecticides are rather limited this year as they were in 1943. For this reason it is essential that a close check of the cotton insect populations should be made throughout the belt in order to assure the distribution and most advantageous use of the supply of poison available.

Due to high temperatures and dry weather the cotton insect population is beginning to decline and many of the fields which the club boys have been reporting on are rapidly reaching maturity. For this reason it is expected that the number of reports will decrease toward mid-August.

"The results obtained from this survey and the training and experience for the club boys active in it are excellent," R. O. Dunkle says. "It is believed that the continuation of the program will do more toward the solution of our cotton insect control problems in Knox county than any other method which has been tried."

H. B. Stubblefield and Earl Nichols are in Dallas and Fort Worth on business this week.

Conwell Completes Armament Training

The Army Air Forces Training Command announced today that Pvt. George C. Conwell Jr. of Munday, Texas, was graduated from the Department of Armament of Lowry Field, Denver, Colorado.

Aircraft armament deals with the operation and maintenance of the guns used on Uncle Sam's heavy bomber and fighter planes. Students are given a thorough course in assembly and disassembly of equipment, and practical work on field models supplements classroom study. A well planned military training program and physical training program supplements the armament course.

Conwell is the son of Mr. and Mrs. G. C. Conwell, Munday, and attended Munday high school. He entered the service on February 19, 1944, at Dallas, Texas.

Sheriff L. C. Floyd of Benjamin left Wednesday for San Antonio, Texas, to visit his daughters, Mrs. Douglas Hutcheson and Mrs. Homer Hedger and families. Mrs. Floyd and Bobbie will return home with him. They have visited several weeks there.

W. V. Tiner was a business visitor in Fort Worth and Dallas the first of this week.

Mr. and Mrs. Woodrow Vernon and son, Kenneth, of Carlsbad, New Mexico, are visiting Mrs. Vernon's parents, Mr. and Mrs. L. E. Hunter, and other relatives here this week.

Fill in Space and sign name and address plainly:

Year _____ Month _____ Day _____ Hour _____

Signed _____

Address _____

City _____

This must be returned to ARCHER STUDIO, Anson, Texas, or mailed not later than midnight, August 31, 1944. Only one guess to a person. In case of the first guess entered will be declared winner.

Nothing to buy—no strings.

Navy Personnel Breaks Record In War Bond Purchases

Dallas—Breaking all previous records, War Bond purchases by Navy personnel during July totaled \$78,587,569. This figure, topped by a considerable margin the former high level of \$57,021,654, set last December, and brought the grand total, since the inauguration of the Navy bond program in October, 1941 to \$703,002,352.

The July total was an increase of 186.7 per cent over the \$27,783,065 total for the corresponding month in 1943.

A breakdown of July sales shows that \$49,038,810 were cash purchases; \$17,513,496 were sales to civilian personnel under the payroll savings plan, and \$12,035,263 were allotment purchases by uniformed personnel of the Navy, Marine Corps and Coast Guard.

For the seventh consecutive month, the Naval Air Stations and the Naval Training Centers led all groups of activities in the program, with participation percentages of

95.9 and 95.3, respectively. For the entire Naval establishment, 93.1 per cent of the civilian personnel invested 34.8 per cent of their gross payroll during July in bonds.

The New York Navy Yard won the Secretary's War Bond Honor flag in July by securing over 80 per cent employee participation, and at least 10 per cent payroll participation, while U. S. Naval Drydocks, Terminal Island, California, won the first "leg" on the flag.

Guests in the home of Mr. and Mrs. P. H. Routon of route two, Goree, on Sunday, August 20, were: Mrs. A. J. Smith of Munday, Mr. and Mrs. Vernon Routon and Jimmie and Jeanette, Mrs. H. L. Chamberlain and Dorothy, Mrs. Vance Wadlington and Doris and Mona, Stephenville, Mr. and Mrs. G. A. White and Inetta, Mrs. Leo Cunningham, Mr. and Mrs. Earl Howerly and Beth and Tommie, Mr. and Mrs. J. C. Watson, Mr. and Mrs. Lloyd King and Edwin and Geary, J. L. Cloud and Pvt. Lester Quick-sall of Camp Berkeley.
