KEEP ON... Backing the Attack! WITH WAR BONDS

VOLUME 40 MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, OCTOBER 5, 1944 NUMBER 13

George D. Jones Wins Air Medal

An Eighth Air Force Bomber Station, England—Staff Sergeant George D. Jones, Jr., son of Mr. and Mrs. G. D. Jones, Sr., Goree, Texas, has been awarded the Air Medal for "meritorious achievement" while participating in sustained combat operations over enemy occupied continental Europe. It recently was announced by the Commanding General of the Eighth Air Force.

The citation accompanying the award read in part: "The courage, coolness and skill displayed by this enlisted man upon these occasions reflect great credit upon himself and the Armed Forces of the United States."

Sgt. Jones, engineer gunner on a B-17 Flying Fortress, received his training at Amarillo, Texas and Las Vegas, Nevada. He was graduated from Goree high school in 1943. Before entering the Army May 25, 1943 he was engaged in farming in Goree.

29 Registrants Re-Classified By County Board

Twenty-nine registrants were re-classified by the Knox County Local Board at its regular meeting on Tuesday, October 3. They are as follows:

- Class 1-A: Fred W. Brown and Calvin J. Steinbach.
- Class 1-C: Albert F. Kuhler, Charles L. Goode Jr., Houston H. Swatt, Glen S. Riggins, Billy B. Shipman, Stanley D. Wardlow, Charles G. Hickman and Willie E. Paddy Jr.
- Class 2-A: Wallace O. Reid, C. B. Harper, Lee H. Ford, James V. Dixon, Ernest L. Yarbrough, Claude T. Jackson, Claude L. Bales, Ernie Reynolds, Cecil E. Conner, Joe C. Weaver, Fay J. Killian, Owen T. Hatter, Leonard T. Horn, Virgil J. Peek and James C. Riley.
- Class 2-A (F): Carl C. Kilrease.
- Class 2-B: Walter C. Richardson.
- Class 2-C: Noble F. Welch.
- Class 4-F: John B. Sewell.

In addition, 16 registrants who have passed their 36th or 45th birthdates were reclassified with the proper symbol denoting the age. One deceased registrant was noted on the reclassification record.

News From The A.A.A. Office

No Quotas, Allotments On 1945 Wheat

The War Food Administration has announced that acreage allotments will not be proclaimed and marketing quotas will not be in effect for wheat to be harvested in 1945, according to George A. Slaughter, chairman of the Texas State AAA Committee.

The action was taken on the belief that domestic, military and export requirements will continue at sufficiently high levels to preclude any necessity for adjusted acreages and marketing control.

The official action of the War Food Administration, taken in accordance with the Agricultural Adjustment act of 1938, states that there will be no national, state, county, or farm acreage allotments on wheat for the 1945 crop, and that wheat marketing quotas will not be in effect for the marketing year starting July 1, 1945.

Under the law quotas must be proclaimed whenever crop estimates indicate that wheat production will exceed domestic and export requirements by more than 35 per cent. Wheat growers ballot on the issue in a referendum, with a two-thirds majority required to make marketing quotas effective. Farmers have twice voted for wheat marketing quotas with substantial majorities, first in 1941 and again in 1942.

The 1945 crop is not expected to assume "surplus" proportions, even though the 68.5 million acre national wheat goal approved by the states and announced by WFA is about 2 million acres higher than last year.

WFA has cautioned farmers not to exceed the goal, however, as much excess production may become burdensome. Wheat prices are supported at near-parity levels through government loans.

George Salem spent the first of this week in Dallas, attending the markets and purchasing merchandise for his store here.

Local Drive For Wastepaper Is Successful

The drive for the collection of waste paper in Munday and surrounding area was very successful, according to the American Legion committee in charge. The drive closed last week, and army trucks from Camp Barkeley came to Munday for the paper.

R. D. Atkinson, one of the Legion's committeemen, stated the papers were not weighed when received, but it is estimated that better than 7,000 pounds had been collected.

Many people brought papers to the collection depot, while members of the Munday Boy Scouts assisted in the drive by calling on various places for their papers. Two trucks were required to haul the collection away.

In expressing appreciation to everyone who cooperated in this drive, J. L. Brasher, commander of the American Legion post, urged local citizens to continue saving their old papers.

"In all likelihood, this drive will be repeated within the next few weeks," he said, "and similar drives will be held as long as there is a critical shortage of these war materials."

Auction Sale Has Light Run

The Munday Livestock Commission Co. reports a light run of cattle last Tuesday, due to the rains and bad roads. All classes of cattle sold fully steady.

Canner and cutter cows sold from \$4 to \$6.75; butcher cows, \$7 to \$8.75; beef cows, \$9 to \$11; butcher yearlings, \$8.50 to \$10.50; fat yearlings, \$10.75 to \$12.75; rannic calves, \$6 to \$7.50; butcher calves, \$8 to \$10.50; fat calves, \$11 to \$12.25.

CEILING SUPPORT PRICES ON HOGS

The Office of Price Administration and the War Food Administration with the approval of the Director of Economic Stabilization also stated that the support price on live hogs will not be reduced from present levels prior to June 30, 1945.

Ceiling prices are \$14.75 per hundredweight, Chicago basis, for hogs weighing 240 pounds or less and \$14.00 per hundredweight, Chicago basis, for hogs weighing more than 240 pounds.

The War Food Administration also stated that the support price of \$12.50 per hundredweight, Chicago basis, for good to choice butcher hogs weighing 200 to 240 pounds, which becomes effective on October 1, 1944, as heretofore announced for the period ending March 31, 1945 will be continued until June 30, 1945.

GETS PROMOTION

Ephrata Army Air Base, Wash.—Promotion to Sgt. of Cpl. Gerald C. Stengel, Munday, Texas, is announced at the Ephrata Army Air Base, Wash., a Fourth Air Force fighter training base. Sgt. Stengel entered the military service in April, 1943.

SCIENTISTS HASTEN TIRE PRODUCTION

One of the chief bottlenecks in tire making has been eliminated by scientists of the General Tire & Rubber company, through the development of a new synthetic rubber. The new method, discovered by Gilbert Swart, head of General's research department, was demonstrated in Washington to members of congress and executives of various government agencies. The innovation saves one third milling time, releases manpower for other essential work, cuts the cost, and produces a better tire, according to General chemists. Pictured above are Swart, William O'Neil, company president, and Stanley Crossland, vice president of the Rubber Reserve company.

Moguls Lose To Chillicothe Friday Night

Haskell Indians Next On List; Slated For Friday Night

Although they lost a 13 to 7 decision to the Chillicothe Eagles last Friday night, Coach Joe Morrow's Munday Moguls showed a better brand of football than they played against Seymour a week earlier. They are expected to gain in strength as the season advances and they get more experience on the gridiron.

The Moguls held Chillicothe scoreless during the first quarter, the line showing more power than before. The Eagles scored in the second quarter with a 25-yard drive from Boone to Griffin. S. Clark failed at the try from placement for extra point. Another pass for 30 yards, Boone to Clark, accounted for the Eagles' second quarter, this time Clark converted.

On the fourth down play in the last few minutes of the game, Swain plunged over from the 1-yard line for Munday's score. A long pass and steady line driving had brought the ball down into scoring position.

Fans who went to Chillicothe with the Moguls said this was a very interesting game, with the Moguls showing a marked increase in power and teamwork.

Coach Morrow takes his Moguls to Haskell on Friday night of this week for their third game of the season. A large number of fans are expected to accompany the team to Haskell.

Mrs. Cunningham Operating Beauty Shop In Goree

Mrs. Leo Cunningham this week announced that she has opened a beauty shop in Goree, located in the W. W. Coffman building. The shop opened last Thursday.

Mrs. Cunningham, daughter of Mr. and Mrs. G. A. White, is well known in Goree. She is a recent graduate of a beauty school in Wichita Falls, after which she passed her examination given by the state board at Austin. She was employed at Mrs. Alexander's beauty shop in Munday for a time.

Mrs. Cunningham invites the patronage of all ladies in the Goree area, assuring them that their patronage will be greatly appreciated.

DANCE AT RHINELAND

A dance will be held at the Rhineland community hall on October 10, with music being furnished by the Brown Derbies of Stamford. We are sorry to have disappointed those who came out October 3. We have the word of the band that they will be here, rain or shine, on October 10.

Mr. and Mrs. Ben Stark and baby, Jean; Mrs. A. J. Stark, Mrs. Ollie Stark and Mrs. Arthur Stark, all of Kross, Texas, visited with Mr. and Mrs. Louis Cartwright several days last week. Mrs. Ben Stark and Mrs. Ollie Stark are sisters of Mrs. Cartwright.

An Army Roentgenologist at Work in Iceland

First Lieutenant Thomas P. Leonard, of the U. S. Army Medical Corps, reads an X-ray film to diagnose the illness of an American soldier in an Army hospital in Iceland. Army doctors have the most modern equipment along with the latest discoveries in medicine in the big military hospitals, but at the front it usually is a different story. Many more doctors are needed by the Army.

New Method To Secure More Oil From Cottonseed

"Scientific research in behalf of Texas products has already shown practical results, through the development by S. Cecil Womble, College Station, of a new process whereby an additional ten pounds of oil can be recovered from each ton of cottonseed crushed," said Senator George Moffett of Chillicothe while in Austin today.

"About a million tons of seed will be crushed in Texas this season. Thus the new process can be made to yield an additional ten million pounds of oil, which will help alleviate a wartime shortage of vegetable oils."

"The additional oil recovered will have a market value of at least a million dollars, and the residual cotton seed cake product will be softer and of better quality, as the new process uses additional moisture."

The improved process has been discovered directly through research efforts of the Texas Cotton Research Committee sponsored by Senator Moffett in the 47th and 48th Legislatures. He plans to ask for additional funds at the next regular session.

RHEA CHAMBERLAIN IS HOME ON FURLOUGH

Rhea Chamberlain, who is serving in the navy, came in last Saturday to spend a furlough with his mother, Mrs. Charity Buntz, and other relatives.

Rhea has just returned from a trip to Africa and the Mediterranean area, serving on convoy duty. He tells interesting accounts of the convoys to the battle areas.

HOME ON FURLOUGH

Joe Duke, who is serving in the navy and stationed on Treasure Island, came in last Sunday to spend a 15-day furlough with his wife and little daughter, his father and other relatives.

Keep Up With Rationing

RATION REMINDERS

MEATS, FATS—Red stamps A5 through Z8 and A5 through K5, good indefinitely. No new stamps until October 29.

PROCESSED FOODS—Blue stamps A8 through Z8 and A5 through R5, good indefinitely. No new stamps until November 1.

SHOES—Airplane stamps 1 and 2 good indefinitely.

GASOLINE—In 17 East Coast States, A-11 coupons, good through November 8. In states outside the East Coast area, A-13 coupons in new "A" book, good through December 21.

SUGAR—Sugar stamps 30, 31, 32, and 33 each good for five pounds indefinitely. Sugar stamp 40 good for five pounds of canned sugar through February, next year.

FUEL OIL—Period 4 and 5 coupons, and new period 1 coupons, good throughout coming heating year.

OVERSEAS CHRISTMAS PACKAGE MAILING—October 15 last day.

Quince Hall, Now Captain, Awarded Bronze Star Medal

Captain Quince S. Hall, son of Mrs. Sam Hall of Goree, has been awarded the Bronze Star for valorous conduct in action against the enemy.

Hall, then a first lieutenant in a field artillery battalion of the third "Marine" Infantry Division fighting on the Fifth Army front in Italy, was decorated for performance in Sicily.

While hostile shells fell at the rate of four a minute for an hour and 15 minutes, Hall operated three phones at an exposed fire direction center. Shells landed as close as 30 yards during this operation.

His wife, Mrs. Evelyn Hall, lives at 409 Lloyd, Bakersfield, Calif.

Predicts Texas Will Go Over With War Fund Drive

Austin—A prediction that the Texas campaign on behalf of the National War Fund "will go over the top with flying colors" was made today by Mrs. Chester W. Nimitz, wife of the Texas admiral whose fleets are blasting the Japs in the Pacific.

In a telegram to Wayland D. Towner, general manager of the United War Chest of Texas, Mrs. Nimitz declared: "Texas will not fail! I am sure the campaign will go over the top with flying colors. The best of luck and every good wish."

The telegram, signed "Catherine Nimitz," was sent from Berkeley, Calif., where the admiral's wife is an active war work leader.

TRUCKS GETTING OLD AND FEEBLE

College Station—Ninety per cent of all food produced on the farms of this country moves to market at some time or other in trucks. The average age of farm trucks is now over 10 years of age, the A. and M. College Extension Service has pointed out in admonishing farmers and ranchers to continue to care for their equipment.

According to the War Food Administration, in peace time 426,000 trucks are required each year for farm replacements alone. Now the nation is getting only 100,000 per year for all purposes. A sprinkle of these consists of Army trucks released through a surplus disposal program.

Weather Report

Weather report for the period of Sept. 28th to October 4th, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
Sept. 28	59	60
Sept. 29	48	64
Sept. 30	60	60
Oct. 1	66	58
Oct. 2	63	61
Oct. 3	53	59
Oct. 4	52	49

Rainfall this week 1.84 inches; rainfall to date this year 16.72 inches; rainfall to date last year 10.18 inches; rainfall since Nov. 1, 1943, 20.95 inches.

Sgt. Thompson Is Awarded Third Oak Cluster

An Eighth Air Force Bomber Station, England—Sergeant Wayne S. Thompson, 20, of Munday, Texas, tail gunner on a B-17 Flying Fortress, has been awarded the third Oak Leaf Cluster to the Air Medal at this Eighth Air Force base in England. The presentation was made by his group commander, Colonel Hunter Harris Jr., of Athens, Ga.

Sgt. Thompson is the son of Mr. and Mrs. T. L. Thompson of Munday. Prior to entering the Army Air Forces in February, 1943, Sgt. Thompson was engaged in farming in Munday. He received his gunner's wings in May, 1943, at Fort Myers, Fla.

The official citation read, "For meritorious achievement while participating in heavy bombardment missions in the air offensive against the enemy over Continental Europe. The courage, coolness and skill displayed by Sgt. Thompson upon these occasions reflect great credit upon himself and the Armed Forces of the United States."

Seven County Students Enrolled In HSU, Abilene

Twenty-two states, Cuba and 100 of Texas' 254 counties are represented by students enrolled in Hardin-Simmons University in Abilene for the fall semester. Seven students from Knox county are enrolled at the university. They are as follows:

- James E. Frost, sophomore, son of Mr. and Mrs. James E. Frost, route two, Munday.
- Barbara Ann Spivey, sophomore, daughter of Mr. and Mrs. J. R. Spivey, Truscott.
- Winifred Olive Walker, junior, daughter of Mr. and Mrs. F. E. Walker, Knox City.
- Virginia Parkhill, special student, daughter of Mr. and Mrs. E. G. Parkhill, Knox City.
- Jeanette Partridge, junior, daughter of Mr. and Mrs. R. C. Partridge, Munday.
- Mary Jean Stevenson, freshman, daughter of Rev. and Mrs. S. E. Stevenson, Goree.
- Wanda Sue Partridge, freshman, daughter of Mr. and Mrs. R. C. Partridge, Munday.

M. L. BARNARDS MOVE TO LUBBOCK TO LIVE

Mr. and Mrs. M. L. Barnard, residents of Munday for ten years, left this week for Lubbock to make their future home.

Mr. Barnard, pharmacist at the Elland Drug Store while in Munday, has accepted a position as traveling representative for a pharmaceutical firm, covering a territory in and around Lubbock.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Chas. Cozby are proudly announcing the arrival of a son, who was born on Wednesday, September 27, at the Knox county hospital. Mother and little son are doing nicely.

Rains Bring Hopes, Smiles To Knox Citizens

Slow, steady rains, which started at about 9:30 Monday night and continued through most of Tuesday, have brightened prospects for another good wheat crop next year and have added moisture to the dry pasture lands.

All of Knox county was drenched by the bountiful fall, the rain coming slowly and soaking well into the soil. Most of the moisture went down, with very little running in branches and ditches.

Farmers with cotton in the fields were not too much overjoyed when the rains started, fearing the grade of their cotton would be damaged. However, the wet weather was short lived, with the sun shining clear Wednesday. It is believed picking will be resumed this week.

Wheat farmers, some having already planted in the dry soil, were jubilant over the precipitation. It places the soil in good condition for sowing of all grain crops.

All portions of the county reported good rains, beginning on Monday night and continuing through Tuesday.

Records of H. P. Hill, local U. S. weather observer, showed that Munday received 1.84 inches.

No Ceiling On Cotton Picking To Be Sought

There will be no recommendation for a ceiling on wages for picking and pulling cotton by the Texas War Food Administration Board in Knox and other west Texas counties.

E. R. Alexander, Texas A. and M. College, acting chairman of the board, said Friday that while nearly 93 percent of the West Texas cotton growers who voted favored a ceiling, the proposal did not receive the support of the majority of the growers as the law requires.

The returns on the referendum in Knox county showed there were 875 eligible producers in Knox county, but only 401 cast a vote which was about 46 percent of the total number of producers.

Alexander said the board did not contemplate any further action in the matter.

ORGANIZATION FOR WAR CHEST DRIVE IS BEING COMPLETED

W. R. Moore, county chairman, is completing organization of various county committees in preparation for opening the United War Chest Drive in Knox county on October 10.

Various chairmen have been named, and members of the Munday committee have laid plans for making a concerted drive locally.

Knox county citizens are expected to "give a Texan's share" and place the county over the top on its quota.

G. W. Haney spent last Thursday in Wichita Falls, visiting in the home of Mr. and Mrs. Tom Haney.

What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On

THE WEEK OF AWAKENING

Through every possible channel the message of Fire Prevention Week (October 8 to October 14) is being carried to the public. Nothing that can be said or written can adequately express the importance of every individual taking part in this national campaign against fire. Accidental fire has done more damage to the war effort than most people will ever be able to comprehend. Much of the damage is immeasurable because it involves intangibles. Among the measurable losses, however, have been: Camouflage manufacturing, railroad equipment, paper mills, essential rubber products, army ordnance depots and warehouses, lumber yards and important automotive equipment. Vital food supplies also were destroyed. Some single fires caused damage running into the millions.

The destruction wrought by these fires could have been kept to a minimum by well-known fire prevention practices. In some cases the fire department was not called in time. In others there were no automatic sprinklers or fire alarms and no watchman.

Proper supervision of hazardous work was lacking in still others or there was insufficient fire fighting equipment for employees to use, or such equipment was not in good working order. Unsafe building conditions took their toll also, for in some structures fire walls were totally absent, as was the protection of vertical openings.

Fire is an enemy agent—but one that can be controlled by taking the well recognized preventive steps. The purpose of fire prevention week is to wake people up to this fact.

WHICH IS MOST DANGEROUS?

The Little steel formula has been broken. The punch drunk experts are muttering, "Here we go again," while the OPA has announced an all-embracing price control program to go into effect after Germany falls, when reconversion commences.

Out of this comic opera of men against nature, the ordinary citizen, whose activities are already slowed to a crawl in a tangle of regulation, is faced with the appalling prospect of having to make the readjustment to peace under the handicap of even more regulation. Instead of getting simpler as the war crisis subsides, the rules are getting increasingly complicated. The OPA admits that price ceilings in regard to products which reappear in the market as the result of gradual reconversion, will have to vary from industry to industry, in some cases from company to company. There may be 100 different ceiling prices for the same item produced by 100 different firms. According to OPA, the nightmare of regulation is to be continued until "there is no longer any danger of inflationary price increases."

With wages on the verge of another upward spiral, thus again putting the squeeze on farm producers, manufacturers and retail distributors, it will probably be a long time before the "danger" of inflation is over. Eventually the people may have to choose between the danger of inflation and the danger of too much government control.

FREEDOM HAS MANY BLESSINGS

The United Nations are fighting for freedom for many different reasons. One of the most unique reasons was brought out by one of our smaller allies, the Nagas of Assam and North Burma. Known as headhunters, it took something concrete to sway them to our side.

With these people hostile to us, our efforts in Burma would have been less effective. The American medical profession played a great part in helping win the confidence of the Nagas by just doing its job of caring for the sick and wounded.

The Nagas were afflicted with sores which ate to the bone and were considered incurable by these tough little people. The American doctors went about treating this common sore with sulfa drugs and in a short time the sores disappeared miraculously. Their King Peter was cured of blindness through the removal of cataracts in both eyes.

It didn't take any more to convince this ally that our cause was for their good. The Nagas played an important part in helping push the Ledo Road through to completion.

This is another victory for the American doctors who work and achieve under a free enterprise system, which is the backbone of a free nation.

If the Nagas people knew about the plans in this country to socialize medicine and destroy our free American doctor, they would think we were very stupid indeed.

BEWARE OF RAINBOW CHASERS

Cities and towns throughout the nation are striving to attract new industries of a permanent nature to fill the gap when the inevitable day of curtailed war production arrives in deadly earnest. The objective of the average community seems to be to hold fast to wartime peaks. Many are going to be disappointed, if they pin their hopes too strongly on the dreams of rainbow chasers to the exclusion of cold facts.

Now is the time for all communities to look with new appreciation upon the old-established industries that helped them prosper in peacetime. After the illusions of the rainbow chasers evaporate, these industries will still be with us, paying taxes and working to build payrolls and enlarge markets.

The railroads are an example of such an industry. A few decades ago a successful effort to secure a railroad through town was the ultimate victory for any community. Today most communities have railroad service. Railroads are among the nation's heaviest employers. Their tax payments, local and national, are among the largest. They are a magnet for other industries. Wherever they reach, commerce expands. Their personal needs are great. They require a wide variety of items including ice, laundry, food, fuel, and heavy equipment, the production of which helps maintain countless local industries. The railroad is almost literally a community's life insurance.

And the best part is that the railroads are no dream. They are as real as the thundering locomotives that have worked overtime for many long months hauling the hell of war to the Axis. When again the battlefields are quiet, they will become the lifeblood of peace. No community, no nation can afford to neglect its railroads in planning for the future.

A STITCH IN TIME

Today there are some 3,000 airports in our country, and the Civil Aeronautics Administration is recommending an additional 3,000, with major improvements for 1,600 existing fields. These figures emphasize the general scope of the great aviation development being witnessed in the United States.

In preliminary steps toward coordinated postwar airport development, forty-eight national organizations recently met at the "Joint Airport Users Conference." Speaking before the conference, Harry Meixwell, of the Air Transport Association of America, outlining the basic problems to be faced, said: "Full realization and understanding of the respective roles which the Federal government, those of the states and those of the political subdivisions of the states can and must play in the establishment and progressive expansion of a national system of public airports, are essential. In other words, it is of the utmost importance that the specific powers of these levels of government, with respect to the location, establishment, maintenance, operation and financing of public airports, be clearly enumerated and defined."

"Above all, however, legislative bodies in distributing such authorities and duties, must think and act in an unselfish and statesmanlike manner, contemplating the greatest good for the greatest number of our communities and our citizens. Consideration of 'States' Rights' and 'Municipal Home Rule' on the one hand, must be made to balance with the 'National Security and Welfare' on the other in all Federal and state laws and municipal ordinances dealing with public airports."

Confused legislative actions relating to airport development and control would slow the growth of American aviation. It would also cost lives in unnecessary aircraft accidents. Representatives of the civil aviation industry are working to avoid these twin calamities.

ing maps that had been drawn from a hip pocket and spread out on a table, making deals sometimes in just a few minutes that involved many thousands of dollars.

The colonial charter is said to have been hidden in the hollow trunk of an oak tree in Hartford, Conn. in 1687. The venerable tree was preserved with great care until 1856, when the Charter Oak was blown down.

Firing Up the Farm

by BURTON WILLIAMS

Poultry House Feeder
TO CUT down on extra steps and unnecessary work, why not build feeders for the poultry house that can be filled from the outside? This will eliminate carrying feed into the house and struggling with doors. Also, the feeders can be built extra large, so that they do not have to be filled so frequently. The construction of the storage bin for this type of feeder is an easy job with the materials now available. A simple framework can be built of scrap lumber heavy enough to support the weight of the grain. Nail to this sheet of one of the panel type building boards, preferably asbestos cement board, since it is ratproof and weatherproof.

Cut the necessary openings for feed chutes and fasten the bin securely to the building. If the bin is very large, it may be necessary to use diagonal braces from the outer edge of the bottom of the bin to the building wall. Provide the feeder with a hinged lid that can be hooked back against the wall to hold it open while filling.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Gems Of Thought

AMBITION

No bird soars too high if he soars with his own wings.—William Blake.

He that resolves upon any great and good end, has, by that very resolution, sealed the chief barrier to it.—Tyron Edwards.

We want an aim that can never grow vile, and which cannot disappoint our hope. There is but one such on earth, and it is that of being like God.—S. Brooke.

The very fruit of the gospel is aspiration. It is to the heart what spring is to the earth, making every root, and bud, and bough desire to be more.—H. W. Beecher.

What grander ambition is there than to maintain in yourselves what Jesus loved, and to know that your example, more than words, makes morals for mankind!—Mary Baker Eddy.

Resolve to be thyself; and know that he who finds himself, loses his misery.—Matthew Arnold.

I GIVE YOU TEXAS

by BOYCE HOUSE

Many years ago, when your columnist first visited that area, three towns in a row along the sandy highway suggested the pioneers—Pioneer, Cross Plains, Rising Star. Old Comanche Peak frowned down, with memories of days when from its height an Indian lookout scanned a great sweep of country, perhaps for sight of a wagon that could be attacked or a herd of cattle that could be stolen; the smoke of signal fires had risen from the crest of the summit.

In 1921, Pioneer was a straggling little settlement, with a schoolhouse, a church, a store or two, and a few houses. About 30 votes were cast at the box but some were those of farmers and livestock raisers who lived in the surrounding country. It was a region radiant with wild flowers if Spring brought rains but, for much of the rest of

the year, uninviting with its cactus, scrubby mesquite, rocks and sand. But with the discovery of gusher oil by Tom Bryant, the population increased in a few months to 5,000. Business buildings for half a mile lined both sides of the road that became the main street—stores, hotels, lumber yards, pipe yards, supply houses, cafes, all of them revealing the haste with which they had been put up and devoid of paint except for the signs. And on the side streets, shacks and tents arose.

Fire, of course, was an ever-present hazard, and several disastrous ones were narrowly prevented.

The most colorful day in Pioneer's history was the Fourth of July, 1922. The town's usual population was swelled by thousands, lured by the many special attractions and the regular sights of an oil boom town. This writer recalls that, on the way, our car stalled on the "high center" of the hard dirt road, so deeply had the ruts been cut by the heavy trucks and wagons—and it was a Model T, too, which stood almost as high as the bed of a buggy.

Flags and bunting were flaunting everywhere in the business section of Pioneer that day. There were a carnival, a rodeo, a baseball game, and a patriotic program under an arbor, the principal speaker being the Hon. H. P. Brelsford of Eastland, former State Senator, of florid complexion, with handsome features surmounted by a shock of gray hair, and with the bearing, build, voice and vocabulary of a Webster—the county's foremost orator.

But Pioneer had a holiday atmosphere every day—crowds moving restlessly and endlessly in a shuffle along the board sidewalks, fumes of frying onions from a score of hamburger stands, vendors moving about with oil field souvenirs, men in the tiny offices (set off by waist-high railings) in hotel lobbies, looking at maps on the wall or at fold-

THRIFT IS A DUTY OF EVERY AMERICAN . . .

In this time of stress, each of us owes it to his country to be thrifty. We must conserve materials on the one hand so they will be available for defense purposes. We must conserve money, on the other hand, to help our country and to help ourselves in the post-war period.

By being thrifty, and by accumulating money in your bank account, you are contributing to your country's welfare, while at the same time helping yourself.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

U. S. Will Buy 1944 Wheat

The War Food Administration through the Commodity Credit Corporation will buy all unredeemed 1944 crop wheat under loan May 1, 1945, at parity prices (1944 loan rates plus 15 cents a bushel) less all carrying charges to the end of the storage year. In addition, Commodity Credit Corporation purchase prices for wheat in storage in terminal and subterminal elevators, which is being acquired to meet feed wheat and other Government requirements, will be advanced from time to time during the season.

Cotton Goods Will Be "Tight"

The supply of cotton goods is "tighter" now than it has been any time during the war and is expected to remain "tight" for from one to two years after the collapse of Germany, the Office of War Information reports, on the basis of facts supplied by the War Production Board and the Foreign Economic Administration. Production is insufficient to meet military and civilian demands, and the market is short in basic types of cotton fabrics used in low-cost garments. The Pacific war will require more cotton as the basic military clothing staple, whereas wool has been heavily used in Europe. Cotton fabrics such as certain denims and chambrays will continue to be needed by the military, and cotton duck is now on the urgent list. During the first six months after the fall of Germany the United Nations Relief and Rehabilitation Administration is expected to ask for 300 million yards of cotton textiles, and the food industry must depend upon cotton bagging due to a shortage of jute from India.

Dutch Dobbins To The Rescue

When bad weather caused Allied pilots to drop supplies for air-borne troops outside their lines recently, Dutch farmers got out their horses and carts, picked up the supplies and delivered them to their air-borne Allies, Aneta, official Netherlands News Agency, reports.

Use Same "A" Coupons Nov. 9

The 17 East Coast States and the remainder of the country will get together on the same "A" gasoline coupons November 9, when "A-13's" in the renewal ration books will be good throughout the country, the Office of Price Administration has announced. The last strip of coupons in the books of East Coast motorists, the "A-12's", will not be used. Only three of the "A-13's" will be good for East Coast motorists, because they will be used only for six weeks. On December 21, all "A-13's" will expire throughout the country, and on December 22, "A-14's" will be good. East Coast motorists will be advised locally to apply for renewal of their "A" rations before November 9. Motorists in the rest of the country already have their ration books.

Sugar For Small "Jam Sellers"

Sugar for making home-made fruit butters, jams, jellies and other processed foods for sale—even though these products are ration-free—may be obtained by farm families, housewives and others to the extent that they used sugar for this purpose in 1941 or to the extent of 250 pounds, whichever is greater, OPA says. Prior to September 27, sugar was not authorized for home-processing non-rationed or point-free foods for sale. Application for sugar for this purpose should be made to the local War Price and Rationing Board, OPA says.

FOR VICTORY

BUY UNITED STATES WAR BONDS AND STAMPS

Free Job Choice For Veterans

All manpower controls have been removed insofar as veterans of the present war are concerned, the War Manpower Commission announces. Veterans do not need statements of availability in order to change jobs, they may be hired by any employer without referral by the United States Employment Service, they may be hired without regard to employment ceilings and in seeking employment through the USES they are entitled as a matter of right to a referral to any jobs of their choice, without regard to essentiality or priority status of such jobs.

School For Veterans Overseas

After the defeat of Germany, education or practical training for civilian jobs will be offered soldiers in the army of occupation and those awaiting shipment home, the War Department says. Soldiers may choose the phases of the program they desire, but they will be encouraged to select activities having bearing on their individual post-war plans. Academic curricula will range in level from the sixth grade through second year college and will include courses in liberal arts, scientific and pre-professional fields. Special classes will be provided for soldiers whose ability to read and write is below fifth grade standard. In mechanical and technical courses and in practical training for trades and vocations, equipment of the signal corps, quartermaster corps and ordnance department will be used.

Furlough Rations Increased

In as much as processed foods are now valued only in multiples of 10 ration points, the rations of these foods for service men on leave or furlough for 72 hours or more have been increased from eight to 10 points for each nine meals, OPA announces. Civilians eligible for temporary food rations will be issued processed food rations on the basis of 10 points for each seven days.

Danger Season For Forest Fires

Dry weather in late summer and large amounts of debris left in the woods as a result of wartime logging have increased the forest fire hazard this year, the United States Forest Service warns. It urges special care in smoking, handling camp fires and in using fire arms in the woods this fall. California, for example, has been experiencing one of its worst forest fire seasons in history, its fires drawing hundreds of sailors and soldiers from training camps to fire lines and interrupting war production in lumber operations.

British Report On Flying Bomb

First reports that the Germans were developing a long-range bombardment weapon of a novel type reached London in April, 1943, the British reveal in a recently issued "report on the flying bomb." After reconnaissance photographs in November, 1943, revealed that the Germans were building concrete structures all along the French coast from Calais to Cherbourg, British and U. S. Air Forces in December began attacks on these flying bomb sites, forcing the Germans to abandon them and to construct less efficient, camouflaged sites of simplified design. During 80 days bombardment, approximately 8,070 bombs were launched of which 2,300 reached London—killing 5,479 persons, injuring 15,934 persons and damaging 149 schools, 111 churches and 98 hospitals. In fighting this menace from August, 1943 the British and U. S. Air Forces dropped 100,000 tons of bombs on launching and experimental stations, losing 450 aircraft and 2,900 flyers.

Seven Years of Casualties

The Chinese army from July 7, 1937, to June 31, 1944, suffered 2,802,220 casualties, to say nothing of the civilian casualties, of which there are no accurate statistics, the Chinese news service reports. The only consolation the Chinese have is that during approximately the same period the Japanese had 2,144,000 army casualties on the China front besides the 600,000 they suffered in the rear.

Terracing Increases Yields

Terracing to control erosion and conserve moisture is being used extensively on American farms to help produce more and better food and fiber for war, according to the War Food Administration. Supplemented by the best possible cropping practices, higher yields over a period of years will be produced from terraced fields, compared with unterraced land, and in many cases crop production will be made possible by this practice where it had previously failed.

Terraces are earth ridges or intercepting channels built approximately on the contour from the soil of the field. Their purpose is to reduce the speed and volume of water as it flows down the slope of the land. Properly built, they break a long slope into numerous short slopes. As water accumulates in the channel above the embankment it is conducted slowly off the field into a properly prepared terrace outlet. No terrace system is considered usable until stabilized natural outlet channels are available to receive excess water in safety, says WFA, and failure to maintain such outlets, after they have been constructed, may cause serious trouble.

Channels are spaced so as to intercept the water before it attains erosive speed, the terraces being closer together as the slope becomes steeper. Different types of terraces provide different types of protection, and the system used will depend upon the type of soil, the degree of slope of the land, and the amount of water to be handled. Terraces for erosion control are surface-drainage channels spaced at intervals across the slope, and at right angles to the flow of water down the hillside. It is pointed out that, while terraces do not completely stop the movement of soil, they slow it up by slowing the speed of run-off water. This allows a major portion of the fertile topsoil to be dropped.

Soil-improving crop rotations, strip-cropping, cover crops to help hold the soil, and contour tillage are important to the success of a terraced field, says WFA. In addition, repairs to outlets or terraces should be made immediately they are needed. When improperly used, terraces can increase soil losses instead of doing their valuable job as soil conservers. Terracing is the most widely used corrective for soil washing in the Cotton Belt, reports show, and excellent results have been recorded in increased production on terraced fields. Over a 12-year period, an unterraced field in Texas, farmed up and down the hill, produced about 110 pounds of lint cotton per acre compared with about 175 pounds taken from a similar field that had been level-terraced and farmed on the contour. On this basis, 150 acres would have to be farmed under the old method to produce the cotton grown on 100 acres of terraced land.

Under the conservation program administered by the Agricultural Adjustment Agency, assistance is available to farmers in most States for construction of standard terraces with proper outlets, protected against erosion.

Round-Up

WPB says—Production of bicycles and "B" hearing aid batteries is authorized again on an industry-wide basis. Production of flashlight cases and other portable electric lights is expected to be high enough to supply essential civilian users, particularly in rural areas, and buyers may now get them without any "paperwork". Veterans desiring to establish or re-establish small businesses will get special consideration in priorities assistance, allocations appeals and applications for special authorizations.

OPA says—To relieve a heavy demand, particularly from farmers, a supplemental quota of truck tires has been authorized for September. Treble damages totaling \$2,000,000 have been asked in 35 court actions against concerns charged with upgrading southern pine lumber to get prices higher than the legal ceiling. October ration values are unchanged except for butter which has been raised from 16 to 20 points in the face of declining production. Available for October rationing are 3,000 new passenger cars, with a reserve of 600. Less than 20,000 new cars (not quite a two-day supply) are now available. An increase of about two cents in the retail price of a No. 2-1-2 can of Bartlett pears is expected as a result of new ceiling prices based on a below-average crop. Ceiling prices for single ammunition shells in the future will be determined by dividing the full box price by the number of shells in a standard box. Leather-soled moccasins of the house-slipper class, previously ration-free, are now rationed.

WFA says—The entire production of dried apples will be set aside for processors again this year to meet essential Government requirements.

KILLS HUGE RATTLER

Sammie Norwood killed a rattlesnake on the highway between Goree and the midway filling station last Friday afternoon. The snake was about three feet long and had seven rattlers and a button.

Mrs. Glenna Dyke of Walters, Okla., visited with Mrs. James Dyke and Mr. and Mrs. W. V. Tiner last Sunday.

Mr. and Mrs. Clifford Brock spent several days here last week, visiting with Mrs. Brock's parents, Mr. and Mrs. F. T. Jarvis, and with other relatives. They left Monday for California, Clifford to report for duty in the navy at San Francisco.

Miss Maxie Dingus returned to Fort Worth last Monday after spending a week here with her parents, Mr. and Mrs. G. W. Dingus.

Travis Hunter, son of Mr. and Mrs. Ky Hunter of Iowa Park, visited relatives here several days last week. He reports back to army duty in California.

Ralph Ford, who is in the navy, is here to spend a furlough with his parents, Mr. and Mrs. J. L. Ford. He expects to see some sea duty when he reports back to duty.

Former Munday Boy Is Killed In Battle, In France

News of the death of Pvt. Clayton D. Finch, a former Knox county boy, has been received here. Pvt. Finch, known here as Duane, was killed in action in France on Aug. 30, 1944.

Finch was born in Knox county on January 9, 1925, and was 19 years, 7 months and 21 days of age. He lived here until 1938, when he moved to Peaster, Texas, with his parents.

He entered the army on March 11, 1943, receiving his training at Camp Wolters, Texas, and at Camp Wheeler, Ga., from which place he went overseas. He served in North Africa and in Italy, where he was wounded. From Italy he went to France with the invading forces. He had been overseas a little over a year.

Survivors are his parents, Mr. and Mrs. L. A. Neece of Peaster; a brother, Capt. Vergil L. Neece, Camp Roberts, Calif.; five sisters, Mrs. Calvin Call, Munday; Mrs. Edward Elliott, Fort Worth; Lucille and Billie Jean Finch and Alva Dorene Neece, all of Peaster, and a number of other relatives.

We shall meet, but we shall miss him. There will be one vacant chair. We shall linger to caress him. When we breathe our living prayer.

When a year ago we gathered, Joy was in his mild blue eyes, But a golden cord is severed, Our hopes in ruin lie.

True, they tell us wreaths of glory, Even more will deck his brow, But this soothes the anguish only—Sweeping o're our heartstrings now.

Sleep today, oh earthly fallen, In thy green and narrow bed, Dirges from the pine and cypress Mingle with the tears we shed. —One who loved him.

Mrs. Harold Jones Honored At Gift Shower Thursday

Mrs. Harold Jones, a recent bride, was honored at a gift shower on Thursday, September 28, in the home of Rev. and Mrs. J. Waid Griffin in Goree. Hostesses were Mrs. Griffin, Mrs. E. N. Miller, Mrs. Walter Mooney and Mrs. Opal Johnson.

Guests were received at the door by Mrs. Griffin, while punch was ladeled by Mrs. Mooney, assisted by Mrs. Miller in serving the guests.

Present were Meses. Hamp Jones, G. D. Jones, George Webber, Elzo Moorman, Arnold Haskins, Forrest Daniels, Will Ratliff, Georgia Maples, E. F. Heard, H. D. Arnold, S. G. Hampton, E. J. Jones, Parks Norris, Orb Coffman, R. E. Foshee of Munday and R. L. Howell, Mike Howell, Buck Howell and M.S. Lowery, Knox City.

Misses Bonnie Jordan, Naomi Jean Miller, Mary Jo Arnold, Trudy Jane Coffman, Naomi Hampton, Jonell Fitzgerald, Peggy Norris and Dorothy Mae Moore.

Those sending gifts were Meses. Clyde Warren, Roy Jones, Wayne Patterson, Howard Gilchrist, J. C. Koenig, Ira Stalcup, William Lane, F. T. Johnson, R. D. Stalcup, W. M. Taylor, Clarence Jones, J. H. Blankinship, Clyde Nelson, W. A. Moore, J. T. Murdock, W. L. Thornton, Everitt Jones, Melvin Cooksey, H. L. More, J. W. Laningham, Henry Griffin, Matt Ivey, W. O. Barnett, Frank Hill, W. B. Neighbors, L. J. Howell, W. R. Caldwell, George Crouch, Les Jamison, Morgan Jones, Claude Vance, Louis Blankinship, George White, Jr., and Meses Doris and Mary Jean Stevenson, Roberta and Jerry Ratliff and Gloria Murdock.

Miss Florence Gaines, who has been in a Wichita Falls hospital for several days, returned to her home here Saturday evening. She is reported to be much improved in health.

Mrs. M. L. Barnard Complimented With Tea On Thursday

Mrs. M. L. Barnard, who moved this week to Lubbock, was complimented with a tea in the home of Mrs. C. P. Baker last Thursday evening. Hostesses were Mrs. Baker, Mrs. Joe Bailey King, Mrs. J. O. Bowden, Mrs. Erwin McGraw and Mrs. Aaron Edgar.

The guests calling from eight to ten o'clock were greeted at the door by Mrs. Baker. Mrs. King presided at the register, and Mrs. Edgar and Mrs. Bowden directed the guests to the dining room, where Mrs. McGraw served.

An Italian cutwork cloth covered the table, which was centered with asters and fern.

Those enjoying the occasion were Meses. Louise Ingram, Arthur Smith Jr., R. B. Bowden, Hazel Shelton, W. E. Braly, James Dyke, Winston Blacklock, Chan Hughes, W. A. Baker, B. L. Blacklock, Chester Bowden, J. W. Roberts, Howard Collins, A. H. Mitchell, W. V. Tiner, U. S. Rogers, Leland Hannah, G. R. Eiland, C. R. Elliott, M. F. Billingsley, M. L. Joyce, W. R. Moore, H. B. Douglas, R. L. Ratliff, W. A. McKenzie, Oates Golden, S. E. McStay, W. C. Cunningham, T. G. Bengé, and guest, Mrs. Loda; Barton Carl, Peggy Richmond, S. A. Bowden, J. B. Bowden, W. R. Mitchell, Buddy Bumpas, A. L. Smith, and Bryan Cammack; Meses Fannie Isbell, Toby Baird, Leona Keel, Ruth Baker, Shirley Cammack and Lavena Counts.

Mr. and Mrs. C. S. Allen of Vera were here last Saturday, visiting with friends and attending to business matters.

Soft Sports Frock

YOU can look "dressed for anything" at a moment's notice in this softly tailored sport gabardine classic. Business girls will find multiple uses for this frock—changing their accessories to suit the occasion. For practical purposes, choose a dress that bears a factual label telling about dry cleaning and other wear tests the fabric has passed. Many helpful clothes care tips are included in a new free leaflet "Home Storage for Rayons."

Monthly Social Of W.C.S. Is Held On Last Monday

The ladies of the W. S. C. S. had their monthly social last Monday afternoon at four o'clock in the home of Mrs. J. A. Caughran, with Mrs. H. A. Pendleton and Mrs. Oates Golden as co-hostesses.

Mrs. Lee Haymes was in charge of the program, the topic being "Called According to His Purpose." She also gave a very inspirational devotional and prayer. Mrs. J. D. Crockett gave a very interesting story, "The Call and The Answer." A very pretty solo was sung by Mrs. Oscar Spann, and Mrs. J. W. Roberts gave a report of the seminar held in Haskell.

Mrs. S. E. McStay, president, was in charge of the business meeting, and Mrs. Joe Roberts read the minutes. During the social hour, refreshments were served to the following:

Mmes. S. E. McStay, W. W. McCarty, J. D. Crockett, G. W. Dingus, Doris Rogers, W. R. Moore, Lee Haymes, W. A. Baker, J. W. Roberts, Oscar Spann, Luther Kirk, Joe Roberts, Layne Womble, M. F. Billingsley, W. T. Ford, Gill Wyatt, Dave Griffith, J. C. Harpham, John Smith and the hostesses.

Mrs. Ingram Is Hostess Wednesday At Eighty-Four

Mrs. Louise Ingram entertained a few friends informally in her home Wednesday afternoon at three o'clock. The diversion of the afternoon was eighty-four. Containers of fall garden flowers were used as decorations. At the close of the games, coffee and cake were served to:

Mmes. W. E. Braly, J. W. Roberts, Cecil Barton, Herman Jungman, T. G. Bengé, Meses Maud and Fannie Isbell and the hostess.

H. F. Jungmans Entertain With Party On Friday

Mr. and Mrs. Herman Jungman were host and hostess to a few friends last Friday evening in their home. Those present enjoyed eighty-four, and at the close of the games an attractive refreshment plate was served to the following: Mr. and Mrs. S. E. McStay, Mr. and Mrs. W. E. Braly, Mr. and Mrs. J. W. Roberts and the host and hostess.

Jimmie Silman, Jr., of Lubbock visited relatives and friends here several days last week. He leaves this week to enter the U. S. Navy.

Church Wedding Unites Miss Moore Sgt. J. C. Walling

Miss Louise Moore, daughter of Mrs. Amy Moore of Munday, was married Sunday afternoon at three o'clock to Staff Sgt. J. C. Walling, son of Mr. and Mrs. W. H. Walling of the Sunset community, at the Presbyterian church. Rev. William N. Sholl of Haskell, pastor of the local church, officiated. The double ring ceremony was used, and the church was decorated with baskets of gladioli, ivy and fern.

Miss Charlotte Ann Williams sang "I Love You Truly," accompanied on the piano by Miss Gail Reynolds, who also played the wedding march and recessional.

The bride, given in marriage by her uncle, L. D. Thompson of Denton, wore a grey pin stripe suit with black accessories, a corsage of gardenia and carried gloves of fushia. For the traditional "something old" she wore a diamond set dinner ring, a gift from her grandmother Moore on her wedding day; for the something borrowed she carried a dainty handkerchief of her aunt, Mrs. L. D. Thompson, and a dime in her shoe for good luck. An unusual gift from the groom, which she wore, were nylon hose from Panama.

Attendants were Bobby Boggs and J. B. Walling. Ushers were Bobby Broach and Weldon Walling; guest receptionists, Loyce and Joyce Milford.

The bride is a graduate of Denton high school and attended teacher's college at Denton. She has been employed a Attikelson's Food Store for the past six months. Her mother teaches in the Munday schools.

The bridegroom is a graduate of Texas Tech at Lubbock, and has been in the army for three years, two of which were spent in Panama.

The couple will make their home in El Reno, Okla., where Sgt. Walling is now stationed.

Following the ceremony, a reception was held at the home of the bride's mother, where the large gift offering was on display. Punch and cake were served by Mrs. L. D. Thompson of Denton and Mrs. A. L. Ressel of Haskell. The four-tiered wedding cake, topped with a miniature bride and groom, was made by J. B. and Weldon Walling, brother and nephew of the groom. After the reception, the couple left, amid a shower of rice thrown by a small cousin of the bride, Mary Lynn Thompson of Denton, for a short wedding trip.

Out-of-town guests for the wedding were Mrs. Lillie E. Thompson of Denton, grandmother of the bride; Mr. and Mrs. L. D. Thompson and daughter, Mary Lynn, Denton; Mr. and Mrs. T. S. Moore of the bride; Mrs. A. L. Ressel of Knox City, Mrs. W. N. Sholl and Meses Nancy Ratliff, Onah Sholl and Anne Katherine Pike, all of Haskell.

Pvt. Norwood Is Honored At Picnic On September 17th

Pvt. Alvin W. Norwood of Camp Kohler, Calif., was honored with a picnic on Sunday, September 17, at Seymour park.

Alvin was home on a 19-day delaying route to his new station, Camp Crowder, Mo. All of the Norwood children were present for this event except one son, Pvt. Roy L. Norwood, who is serving with the field artillery forces in Italy.

Present were Mr. and Mrs. James Norwood and Bob, Louis, Lillie, Billie and Neoma; Mr. and Mrs. Sammie Norwood and Jane, Tommie and Judy; Mr. and Mrs. Elmer Norwood and daughters, Wanda and Elenor, all of Goree; Mr. and Mrs. Carl Norwood, Mrs. Gertrude Kirkpatrick, Flossie and J. H. Kirkpatrick, all of Bomarton; Mr. and Mrs. Roy Lee Jones and daughters, Bonnie and Frances, McCamey; Mrs. Eugene Sanderson and sons, Joe, Virgle and Arnold, Bridgeport; Mr. and Mrs. C. B. Bunjes and son, Bobby, O'Brien, and the honoree, Pvt. Alvin W. Norwood.

Munday H. D. Club Meets Sept. 27th With Mrs. Bowley

The Munday Home Demonstration Club met on Wednesday, September 27, in the old lunch room, with Mrs. Bowley, club president, in charge of the short business session.

Miss Lucile King, county home demonstration agent, gave a demonstration on the making of purses and collars. The following members were present: Mrs. Bowley, Mrs. J. O. Tynes, Mrs. J. B. Broach, Mrs. J. R. King, Mrs. Gollehon, Mrs. J. B. King, Mrs. Chester Swope and Mrs. George Conwell.

New members and visitors are always welcome to the club meetings.

Mr. and Mrs. Walter Moore visited with relatives in Abilene last Sunday.

Basic Black Dress

NOTHING in your wardrobe is as useful as a simple black dress which you can vary with a change of neckwear and jewelry. Choose figure-flattering lines, a simple neckline and new short sleeves, such as in this black rayon crepe frock. If you want a "basic" dress that will stand up to seasons of cleaning and wearing, look for a factual label on the fabric telling you it has passed laboratory dry cleaning and wear tests.

Munday Study Club Begins Year's Work With Luncheon

The Munday Study Club held its first meeting of the new club year last Friday at the club house, with Meses. Leland Hannah, J. C. Harpham, T. G. Bengé and H. A. Pendleton as hostesses. This meeting was in the form of a covered dish luncheon at one o'clock.

Fresh garden flowers of various kinds made the entertaining suit attractive. The tables were laid with white linen and silver, and each was centered with a vase of flowers.

At the close of the luncheon, Mrs. Chan Hughes was director of the program. The president's greeting was given by Mrs. J. R. Burnison, who also read a poem dedicated to the memory of Mrs. J. A. Wiggins. A survey of the year's work was given by Mrs. Hughes.

This was a very lovely occasion and was enjoyed by all members present.

Mr. and Mrs. Clyde Burnett of Benjamin were business visitors here last Monday.

Mrs. S. E. McStay Honors Visitor At Party On Friday

Mrs. S. E. McStay entertained a few friends at an informal party last Friday afternoon in her home, honoring Mrs. D. Loda of Camden, Ark. Mrs. Loda was a guest in the home of Mr. and Mrs. T. G. Bengé.

The diversion of the afternoon was eighty-four. At the close of the games, the hostess took her guests to the Tiner Drug for refreshments. Present were Meses. T. G. Bengé, W. E. Braly, J. W. Roberts, H. F. Jungman, J. D. Crockett, D. E. Holder, D. Loda and the hostess.

Mrs. Freddie Crenshaw and little daughter of Benjamin were business visitors here last Monday.

Mr. and Mrs. Wallace Moorhouse of Benjamin were visitors here last Sunday.

Wesleyan Service Guild Meets At Church Monday

Members of the Wesleyan Service Guild held their regular meeting last Monday evening at the Methodist church.

Several songs were sung, and Mrs. Layne Womble led the devotional. Mrs. J. W. Roberts completed the study of the book, "For All of Life," which was very interesting.

Members present were Mrs. M. F. Billingsley, Mrs. Layne Womble, Mrs. Joe Bailey King, Miss Ruth Baker, and guests, Mrs. S. E. McStay and Mrs. Roberts.

Mrs. G. R. Eiland went to Dallas last Tuesday to take her little grandson, David Neal Walker, home after several days visit here with his grandparents.

CHRISTMAS PACKAGES FOR G. I. JOE

Let's Get Them Off Early!

Army and Navy rules for shipping unsolicited Christmas packages overseas are the same as for last year—but correct addressing is more important than ever.

The package must be mailed between September 15 and October 15. They cannot weigh more than 5 pounds, be more than 15 inches in length, nor more than 36 inches in length and girth combined. Perishables are not allowed and fragile things will be strongly discouraged.

Remember that incorrect addressing can delay delivery for 90 days or more. One reason this is true: Just among the Navy's enlisted men there are 16,000 Smiths, 300 of them with identical first names and middle initials.

At The Churches

BENJAMIN METHODIST CHURCH
J. P. Patterson, Pastor

CALENDAR

Preaching Second and Fourth Sundays at 11:00 a. m.
Church school 10:00 a. m. each Sunday.

Services October 8

At the eleven o'clock hour, the pastor will use as the theme: The Book of Job. This wonderful book has as its theme: Worship Is Not a Selfish Act. In reaching its conclusion, it discusses the different kinds of punishment, which is viewed as suffering. Let all who can, read the entire Book of Job. It has a fine lesson for all who are suffering in our day. It is just as practical today as the day it was written.

All are invited to attend.
J. P. Patterson, Pastor.

AT THE METHODIST CHURCH
Luther Kirk

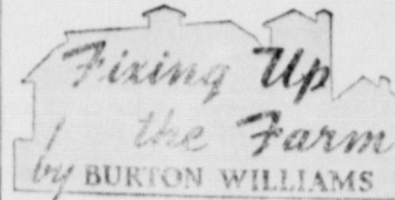

Just five more Sundays until Conference. We are urging you to help us close out the year with a nice increase in Sunday School for the conference year. With your help we will make the last few Sundays the best so far as attendance and spirit is concerned. Can we count on you?

Church School 10:00 a. m.
Morning Worship 11:00 a. m.
Youth Fellowship 7:15 p. m.
Evening Service 8:00 p. m.

PRESBYTERIAN CHURCH

Dr. William N. Sholl of Haskell preaches here each Sunday morning at 9:30 a. m.

Our church is located on the Main street of Munday and has an attractive auditorium with added Sunday school facilities. The Auxiliary meets on Mondays and is accomplishing a good work.

Fixing Up the Farm by BURTON WILLIAMS

Compost Bin for Fertilizer

A COMPOST bin is an excellent means of obtaining high concentrate fertilizer for garden use, and is particularly valuable in truck-farming operations. The bin illustrated below has two sections, each with an opening at the top and bottom to provide for easy and thorough mixing of old and new material, and the ammonia decay accelerators used.

Due to the high percentage of concentrated decay-producing fungi in a compost bin, a very durable material must be used in its construction. A lining of asbestos cement building board will resist the action of the fungi and add many years to the life of the bin. In addition, being of mineral composition, this material is fireproof and will confine the flames should spontaneous ignition occur.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin—Reports coming into the State Health Department indicate the presence of typhus fever in almost all sections of the state without any particular apparent regard to city or rural population, according to Dr. Geo. W. Cox, state health officer. There were 1452 cases in Texas reported last year, and unless the disease is brought under control speedily, this year's total will reach nearly 1700 cases.

In urging full cooperation from all communities in a campaign to exterminate rats and thus control the possibly increasing incidence of typhus Dr. Cox said, "It must be kept in mind that the rat acts as a reservoir of the typhus germ, and the rat flea is the means by which typhus is transmitted to man. Rats are known to travel many miles from one community to another, and it is therefore obvious," Dr. Cox said, "that it will be necessary to conduct a vigorous rat extermination program over the entire State."

Dr. Cox recommends a four-point extermination program, in addition to the already widely used poisoning campaign, which he asserts will assure more than temporary typhus control. This program includes making all food stuff inaccessible to rats through proper storage, collection and disposal of garbage; rat proofing of homes, businesses and public places; keeping at least two traps set and baited in every home which is not rat-proof, and wide-

spread effective educational measures.

In discussing the educational measures, Dr. Cox stated that the State Department of Health has available motion picture films on the subject of rodent control and that the Department has also issued a bulletin outlining rodent control measures. "This bulletin will be mailed free upon request," Dr. Cox said, "and the films may be had for public showing upon application through local health units."

Willis and Wallace Pippin, twin sons of Mr. and Mrs. C. C. Pippin of Miles, visited with friends here several days last week. They are employed in Alice, Texas.

Mrs. J. D. Brown of Gainesville is here for a visit with her sister, Mrs. A. B. Warren, and with her mother, Mrs. J. W. Medley of Haskell. Her husband, who is in the service, is soon to leave for foreign duty.

J. I. Brasher spent several days last week in Abilene, attending the bedside of Mrs. Brasher, who underwent a major operation at an Abilene hospital. Reports this week are that Mrs. Brasher is doing nicely.

Miss Irene Moore and Mrs. Troy Moore of Fort Worth visited with Mrs. John Moore and family over the week end.

Miss Louise Moore Shower Honoree September 29th

Miss Louise Moore was honored with a very lovely shower on Friday evening, September 29, in the home of Mrs. Emmett Partridge, with Mrs. Chester Bowden as co-hostess.

Several musical numbers were rendered by Mrs. B. L. Lawson and Mrs. Rex Howell. A refreshment plate was served to the following guests:

Mmes. T. J. Partridge, R. J. Walling, Druella Morton, H. S. Beasley, J. A. C. Sweatt, Rex Howell, R. I. McLeary, J. S. Shannon, Ada Rogers, Amy Moore, F. A. Shirley, R. C. Partridge, G. E. Rogers, Wm. T. Martin Jr., and B. L. Lawson; Misses Ruth Baker, Traphene Wren, Bertha Sweatt, Flora Sweatt, Loyce Milford, Edith Simmons, Jeanie Beasley and Doris June Walling.

Sending gifts were Mmes. W. C. Cunningham, Barton Carl, George Keene, Prudence Sessions, Mary Milford, Roe Myers, A. L. Albertson, Joe McGraw, Peggy Richmond, W. W. McCarty, Louise Gafford, J. B. Bowden, J. B. Walling, W. H. Walling, Buddy Martin, R. D. Atkinson, Luther Kirk, J. H. Hardwell, S. A. Bowden, Erin McGraw, and Misses Lavena Counts, Toby Baird, Helen Albertson, Fannie and Maud Isbell, Thelma Atkinson and Evelyn McGraw.

SCHOOL CLOTHES
Being practical about buying school clothes for the children is its own reward. For instance, little girl's dresses with perky sleeves, fancy frills and pleats may look cute, but oh, what a job to iron. With that in mind Mrs. Julia Kiene, director of the Westinghouse Home Economics Institute, advises selecting plain garments that can be ironed quickly, or seersuckers and washable corduroys that don't have to be ironed at all.

IT PAYS TO ADVERTISE

REMEMBER WHEN

—ice cream sodas were a nickel and a fellow hadn't treated his girl right until he bought her one after the movies? A nickel brought two hearts close in those days. Remember?

Roger Dale Bell Honored On His Third Birthday

A party was given on Sunday afternoon, honoring Roger Dale Bell on his third birthday.

Games were played, and a very nice time was reported by the children. Refreshments were served to the following:

Lee Arnold Cadell, Peggy and Patay Parks, Penny Parks, Mary Ince Tidwell, Sammy Sue Bates and Reba Tynes of Goree, Bobby D. Bell, Jimmy Bell and the honoree, Roger Dale Bell.

Mrs. Travis Lee and children visited with relatives in Wichita Falls the first of this week.

Senior News

We are a couple of teachers short this week, due to slight illnesses, but we hope they recuperate well enough to be back with us soon.

Lessons go on just about as usual. One day last week the English IV class took a day for impromptu talks. Many of them were very well given. The entire class took part and we learned that it isn't so bad to be called upon unexpectedly to give a short talk on an hitherto unknown subject.

Plans for our Hallow'en Carnival are being made. The committee for our program is composed of Toby Lane, Latreace Johnson, Jeanne Davis, and Helen Haymes.

Senior Life

The most important member of any class is its president. The presiding officer of the Seniors is John Earl Lane. John Earl, known to all as Toby came to us after mid-term while we were juniors from Goree. He was already acquainted with many of the students and was immediately merged into school society and activities. Baseball seems to be one of his favorite sports and he was one of our outstanding pitchers. He was a leading factor in organizing the Jr. and Sr. banquet and was master of ceremonies at the affair. This year he has gone out for football and is a major attraction to the girls in his uniform. Some of his favorites are:

Hobby—Girls—preferably brunettes.

Pastime—Tensing the girls.

Sport—Football.

Speech—"Now how about that?"

Song—"I'll Be Seeing You."

Toby plans to enter some branch of service after his high school graduation. So, Toby, we wish you the best of luck.

Junior News

Ho, Ho! The Juniors are busily working on their chapel program; missing just "oodles" of study halls. It seems like the study halls are quieter now, and the other students are perfectly happy to have the Juniors absent. It couldn't be that the Juniors disturbed them. I guess the Juniors are just a healthy, rowdy bunch of kids.

The Junior class wants to congratulate their boys on the game they played Friday night. The name you hear most in connection with that game is Charles Roden. It seems he must have really laid those guys low. We want to see you in there in the game with Haskell, Charlie; and that goes for the rest of our splendid team. The students this year—or maybe it's the weather—or it could be something else, is taking a heavy toll of our teachers this year. Two have stayed home this week. Maybe they just don't want to teach us. (What a horrible thought.) Should we extend our deepest sympathy to you Mrs. Dowell, and you Mr. Bardwell, or should we extend our heartiest congratulations? You have them both. Take your pick.

Sophomore News

The football game scores are getting better for our boys. The Sophomore class is behind every one of you boys 100 per cent. We hope you win the coming game with Haskell and all the rest of the games you play this season and all the rest of the years you Moguls play football.

The Sophomore class plans to have a party Saturday night at Mrs. Pitzer Baker's home. We are

planning on a grand time. The way it was looking along the first of the week it may be too bad to have a party but we are planning on making the first one a good one.

Mrs. Dowell, one of our sponsors who is also our home room teacher, was absent the first part of the week with a bad cold. We hope she will be back soon. Mrs. Chester Bowden substituted for her.

Frances Hallmark, a sophomore, was elected F.F.A. Queen. Her comment was: "Well, I'm just glad I got it." The class is glad right along with her. Billy Bouldin has the honor of taking her to the show and escorting her to Quanah where we have our first district meeting.

Freshmen News

Frances Hallmark, who was elected F.F.A. Queen, will be escorted by Billie Bouldin, freshman patrol leader, when the Future Farmers meet at Quanah. They will eat supper at a hotel or cafe, then go to a movie, or some other entertainment. Their car will also be furnished.

Florence Mitchell did not lose badly. She also was a good loser. Most of the Future Farmer green-hands have learned the creed, and now are studying livestock.

Room mothers held a meeting last Thursday at 4:00 o'clock. They decided to have a picnic sometime this week, if the weather will permit us to do so. Each class member is to bring twenty-five cents.

Society News

Could it be possible that the band and pep squad are going to Haskell? Mr. Owens is as determined as we are. So Moguls, do your "stuff;" we'll be there "yellin'" for you.

The race for F. F. A. Sweetheart came to an end Monday. We're proud of the result, which is Miss Leta Frances Hallmark. Our pennies were given to a very good cause. Congratulations, Leta Frances.

Rumors have been started that parties are in the making. Let's hope they turn into something more than rumors.

We've been wondering why the football boys have been having such an audience at work-out; could it be the uniforms that attract so much attention, or is it what's in them? How about it freshmen girls?

Sports News

Last Friday night the Moguls played their first non-conference game at Chillicothe. The final score was: Munday 7, Chillicothe 13. This week we will work mostly on pass defense because Chillicothe made both scores on passes.

Friday night, October 5, the Moguls will play their second conference game at Haskell. At Haskell the Moguls will have a tough opposition... So let's hit 'em Moguls!

It has been rumored, and I think it's true, that the Pep Squad and the Band will attend the Moguls next game, so we hope.

Again we thank Mr. Wahced for the grand "Steak" supper we had after the game.

By the way the Moguls talk, they are not going to be shoved around any more. So, let's all come out and see the Moguls "scalp" the Indians Friday night.

Miss Martha Hannig, who is attending school in Abilene visitor her parents, Mr. and Mrs. Frank Knapp over the week end.

STUDY HOME FIRST AID... BE READY FOR EMERGENCIES!

Knowledge of first-aid is of supreme importance. Thousands of physicians have gone from private practice. Those remaining should not be burdened needlessly. If one really requires a physician, one should be called, but he should not be bothered with minor ailments and little injuries which could be looked after at home.

Everyone is urged to enroll in the American Red Cross First-Aid Courses. These courses are practical, well organized, expertly developed, and well suited to meeting first-aid needs.

They Are Buying War Bonds -Are You?

Gunner's Mate Oliver Huntzinger, 21, comes from Anderson, Indiana. He was aboard a destroyer escort in the Mediterranean when a Nazi torpedo struck his ship, throwing him a distance of 35 feet. First he was taken to a British field hospital and is now in the Navy Hospital at St. Albans, N. Y. He is buying War Bonds. Are You?

Wounded at Bizerte, SI/e E. D. Stalter, Spring Valley, N. Y., can still smile although one leg is shorter than the other because of a big piece of Nazi shrapnel. Your War Bond purchases make possible the best medical care in the world for our injured heroes.

Gerald Haile is 22 and a SI/e from Los Angeles, California. His ship took a Nazi torpedo in the Atlantic but remained afloat long enough for another to come alongside and take off the wounded like Haile. A carrier in the same convoy was sunk. Now he is recovering from his wounds at the Navy Hospital at St. Albans, L. I. Like most service men he is buying War Bonds.

Farmers Urged To Store Their Grain Sorghums

Pointing out that most commercial grain storage space is already filled to capacity and unable to fully accommodate this year's estimated bumper crop of grain sorghums, Emmett Partridge, chairman of the Knox County Agricultural Conservation Committee, today urged farmers to store their threshed sorghums on their own farms and take advantage of government loans.

Wooden bins are being shipped into Knox county and are available to farmers at prices not exceeding \$185 for a 1,600 bushel capacity and \$285 for a 3,000 bushel capacity. Money saved by storing grain sorghums on the farm at the loan rate would help pay for the bins, Mr. Partridge explained. The loan rate (Farm storage basis) is 95¢ per bushel for No. 2 or better which amounts to about 1.70 per hundred-weight. If local market prices are below the loan, producers can well afford to get a loan on their eligible grain sorghums. Applications for loans may be made at the office of the county agricultural conservation association between now and February 28, 1945.

This year's production of grain sorghums, according to the September 1 estimate, will be almost 150 million bushels, or about 47 million bushels more than in 1943 and about 85 million bushels more than the 10-year average, 1933-42. About 88 percent of the acreage is in the western areas of Kansas, Oklahoma, and Texas.

Mr. Partridge estimates that about 25 percent of the crop will be harvested during September, 45 percent during October and the remaining 30 percent during November.

Due to the lack of storage space and of transportation facilities for spreading supplies throughout the nation, most of the grain sorghum crop will either have to be stored or utilized in or near areas of production, Mr. Partridge stated. Farmers should let their crops dry in the fields before cutting so that the grain may be stored properly, and are urged to feed as much of the grain as possible to their own livestock. Grain sorghums are one of the most nutritious and economical feeds and rank between 95 to 97

Texas Born May Be First Lady

Frances E. Dewey, wife of the Republican nominee for president, Thomas E. Dewey, is a personality in her own right. Born in Sherman, Texas, she received her early education there and attended high school in Sapulpa, Oklahoma, where she finished a four year course in high school in three years and was valedictorian of her class.

Mrs. Dewey is a professional musician, having studied both in New York and Chicago. Her first professional job was as soloist in the Methodist Church in Plainfield, New Jersey.

Despite her absorption in her husband and two sons, Thomas, Jr., and John, she finds time for war work, serving as a "gray lady" in the Albany County Chapter of the American Red Cross.

She declines many invitations to speak—leaving that up to her husband.

percent of the overall feed value of corn for all classes of livestock. Further details on obtaining bins and other information pertaining to the crop may be obtained at the county AAA office, Benjamin, Mr. Partridge said.

Mr. and Mrs. Carl Mahan and children of Abilene spent the week end with relatives and friends here.

Mr. and Mrs. G. R. Eiland and little grandson, David Neal Walker, visited with Mr. and Mrs. C. A. Eiland in Lameca over the week end.

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

The Hefner school has been dismissed for several weeks so the children can assist in gathering cotton.

Owing to the rain, the women's home demonstration club did not meet last Tuesday.

Your correspondent has just returned from a visit with relatives and friends at Lubbock, Slaton and Littlefield.

Mrs. A. Caughran and her husband of Clovis, New Mexico, spent several days here with Mrs. Caughran's mother, Mrs. J. A. Hendrix, and her family.

William Atkinson and family have moved to Goree to make their home.

Mr. and Mrs. Lee Westerman and daughter, Mrs. Roy Collin of Lubbock county, returned home after attending the funeral of their grand children, Chrystene and Jan, at Friendship church. Burial was in Friendship cemetery September 22. The Westermans formerly lived in the Hefner community.

Elder H. E. Gemeny of Trinity church in Fort Worth will be at the Fundamental Baptist church in Goree Saturday afternoon from three to four o'clock to teach a Bible lesson in pictures to all children. This promises to be very interesting.

Mr. and Mrs. Delmar Haskin are

entertaining a new daughter, who has been named Anne.

Mr. and Mrs. Lonzo Chandler have sold out their crops and are moving to the plains to make their home soon.

W. P. McNeill and Ed E. Jones were in Goree last Monday, looking after business matters.

Among those from Hefner who were in Goree last Saturday were Mr. and Mrs. Ben Holder and Mr. and Mrs. Lloyd King and two sons.

Mr. and Mrs. J. Winchester and son attended church in Goree last Sunday.

For quick results, use a Munday Times classified ad.

Dick Owens and O. H. Spann Jr., who are attending North Texas Agricultural College at Arlington, visited with home folks here over the week end.

Miss Gail Preston of Burkburnett visited with friends here over the week end.

Mr. and Mrs. Corbet Lytle and family of Rule spent last Sunday in the home of Mr. and Mrs. G. H. Beatty.

Kenneth Spelce, who is employed in Stamford, spent the week end with his parents, Mr. and Mrs. Ardelle Spelce.

Mr. and Mrs. Ernest Robinson have had word from their son-in-law, Lieut. James K. McConnell, who is a prisoner of war in Germany, stating that he is well. Mrs. McConnell, who has been living in New York City, is here for an indefinite stay with her parents.

Charles Goode of Kim, Colo., spent a few days here last week with relatives. He went from here to Lubbock to be inducted into the service.

Mrs. S. E. Stevenson and Mrs. Everitt Pruitt visited Mrs. G. L. Pruitt recently. Mrs. Pruitt is undergoing treatment in a Wichita Falls hospital.

Rev. and Mrs. S. E. Stevenson were visitors in Wichita Falls last Tuesday.

Miss Vernice Goode was a recent visitor in the home of Mr. and Mrs.

BETWEEN THE ROUNDS

BREAK CLEAN... COME OUT FIRING! Who says the age of chivalry is dead and modern machinery has taken the romance out of war? Tpr. W. J. Whan, Belle Ewart, Ont., and Sgt. R. Gladnick, New York City, show that Canadian tankers at least, still abide by the code duello and pistols at dawn are not found only between the pages of books. It is all clean fun and the lethal weapons are a couple of souvenirs picked up in a wrecked German position. The boys are reining between bouts of slugging it out with Jerry with much more dangerous weapons than these.

WHAT A LETTER! Major M. E. Meers, Calgary, top right, is not studying a map of a battlefield—it is a 5,472 word letter from his wife. The Major believes he has some kind of a record on his hands. "I was pleased to get it," he said, "but, man, oh, man, now I have to answer it!"

THE WINE RAN RED: Strong drink is no respecter of persons not even this so-called "Super-man." This Jerry prisoner, lower right, drank too much "Calvados" (distilled apple cider to you), and the war became just a rosy dream. L/Cpl. Charlie Pearce, Toronto, Canadian Provost Corps, and Sapper Bill Cooper, also of Toronto, wonder just how long he will sleep.

THROUGHOUT the Summer Canadians, fighting with the British in the Caen area of Normandy, have been slogging their way through some of the heaviest and fiercest resistance of the war. Battle-scarred and hardened, they are now old-timers in combatting enemy guns, mortar fire, mad mines, in hedge-to-hedge advancing and the other rigors of ground fighting. First real action for the Can-

dians in Normandy came with the drive on Carpiquet, a prelude to the push into Caen. There they faced the greatest mass of German troops so far concentrated on a narrow front—troops which included the cream of Nazi strength, a fanatic Hitler Youth formation. The village was to be taken by the Quebec and Maritime units, the hangars at the south end of the airfield by the western Canadians;

Mrs. John Earl Nelson of San Diego, Calif., came in last week for several days visit with her parents, Mr. and Mrs. L. E. Hunter, and with Mr. Nelson's parents, Mr. and Mrs. E. H. Nelson.

ON HONOR ROLL
Miss Martha Hannig, who is attending Draughon's Business College in Abilene, is among the high ranking students whose names appear on the honor roll this term.

Misses Jean and Lorene Thomas of Wichita Falls spent the week end at the home of Mr. and Mrs. Bar-

Mr. and Mrs. Wade T. Mahan visited friends in Childress last Friday night and saw the Childress-Wellington football game.

I Am Now Operating A Watch Repair Shop

Cooler Days, But Still You . . .

Need Ice

Proper refrigeration when you need it most of all—that's what you get when you use ice. You can be sure it's always safe.

You need ice, even on cooler days. Use it to keep your foods always fresh.

For Better Ice, Use Banner Ice!

Banner Ice Co.

G. B. HAMMETT, Local Mgr.

ATTENTION: FARMERS AND ALL GRAIN GROWERS!

I have just recently installed a new large size Scow Rotary disc roller machine, equipped with all the very latest devices, including the new screw feed drive, same as on a turning lathe, for sharpening disc of all sizes. This machine does not destroy any temper.

No Grinding, No Cutting . . . Just Simply Cold Rolling!

My machine is also very highly recommended by all the larger equipment manufacturers, for sharpening, their electric heat treated disc.

Bring your disc in and have them sharpened the correct way.

We also do electric and acetylene cutting and welding.

O. V. MILSTEAD REPAIR SHOP

"Sure, I'll give a Texan's share!" With that slogan, more than 5,000 "war fund commandos" will launch Texas' biggest war-related campaign next Tuesday, when volunteer leaders in every county will open the public drive on behalf of the National War Fund.

Throughout the state, these leaders will spearhead the attack in the world's greatest offensive against suffering and want. Their success will depend upon the response of Texans everywhere to the call for home-front support of our fighting

S. Gode of Wichita Falls. Mrs. Gode has been a patient in a Wichita Falls hospital, where she underwent surgery.

men and their heroic allies. More than half of the funds raised by the National War Fund are expended for services to our own fighting men. Other amounts support our fighting allies and help reduce suffering among war-stricken people throughout the world. Every dollar of the fund helps bring earlier, more lasting peace.

Most Texans will sacrifice in order to make generous contributions, but, after all, the sacrifices of those at home are small when compared with those of the men at the front. The pity is not that we must give so much, but that we are able to give so little!

While we are considering our war fund gifts, other Texans are dying. While we on the home-front are working to support them, our sons, husbands and friends are fighting fiercely and bravely against a brutal enemy—to protect us and the things we hold dear!

The least we can do is guarantee them every support that it is within our power to give!

The National War Fund campaign in Texas will be officially launched at 9:30 p.m., Monday night with a 30-minute radio program to be carried by all Texas networks and independent stations. Governor Coke Stevenson, high-ranking army and navy officers, Judge Ben H. Powell, UWCT president, and other leaders will take part in the broadcast.

Their leadership will be backed up by county and community leaders in every portion of the state—the "war fund commandos" who will put the campaign over the top. Governor Stevenson has called on all Texans to give—and give generously—to their county war funds. Newspapers have taken the lead in publicizing the National War Fund drive, with the result that every man and woman in the state knows the true need is back of the effort.

There is little doubt about the results. Texans must—and will—answer the call in the words of the campaign slogan:

"Sure, I'll Give a Texan's Share."

LOCALS

Dr. Will Ross of Mexico City, Mexico, spent a few days here last week, visiting in the home of Mr. and Mrs. C. P. Baker, and with other relatives.

Miss Mildred Kennedy of Washington, D. C., visited with friends here one night last week. Miss Kennedy is a former teacher in the Munday schools.

Mr. and Mrs. W. P. Kirk of Littlefield spent the week end here, visiting in the home of Rev. and Mrs. Luther Kirk.

Lee Haney of Fort Worth visited his parents, Mr. and Mrs. G. W. Haney, one night last week.

Rev. and Mrs. O. A. McBrayer of Anson spent the week end here, with Mrs. McBrayer's parents, Mr.

THE OLD JUDGE SAYS...

"The war stories I like best, Judge, are the ones by the special writers overseas who live right with our troops. They give us a better idea of how our men react to things going on over there and back here at home."

"I agree with you, Sam. I never miss one of those stories in the papers or magazines. And there's one thing those writers seem to agree on no matter where they are stationed with our men...and that is that the men who have left their homes and families to go

away and fight this war don't want to come back and find that prohibition has been put over on them while they were away...either nationally or locally. They have heard about the attempts being made and they resent it bitterly."

"I agree with them, Judge, even though I don't happen to drink myself. Furthermore, I don't think it's fair for us at home to be making any major changes while 10,000,000 of our fighting men are away and have no chance to express their opinions."

Study Is Given To Underground Food Storage

Refrigeration engineers will be watching America's venture in underground food storage—in the limestone mine near Atchison, Kans., that was opened for business early in September as one of the biggest cold storage warehouses (or arecaves) in the world.

While cooling equipment is being installed, the mine is being operated as cooler storage—not freezer storage—at its natural temperature of 50 to 55 degrees F. The natural effectiveness of the insulation provided by the earth and rock over and around the mine is clear. This mine stays cool at the end of the hot Kansas summer. Cooling equipment is planned to reduce the temperature to the cold storage point of just about freezing. However, the engineers estimate that, because of the natural insulation, a unit of cooling will prove more efficient in the mine than in a building where refrigeration has to be planned to take care of the heat that enters even the best insulated buildings.

Fans or blowers are being installed for distribution of the air chilled by artificial refrigeration. The engineers are also considering the possibility of using this equipment in cold winter weather to circulate outside air into the "cool storage" areas to make them still cooler for the spring and summer storage season. In a sense, they say, the natural insulating conditions of the mine would then be giving them a chance to store not only food, but also to store winter cold for use next year.

This mine is of the type commonly known as a gallery quarry. Galleries running into a hill have an average height of 14 feet. The interior is polygon shaped and a line enclosing the galleries would measure more than a mile. This provides between 7 and 8 million cubic feet of storage space, and it is estimated that buildings to provide that total of storage would cost about \$15,000,000—even if wartime conditions allowed time, material and refrigeration machinery to equip them.

Mrs. Peggy Richmond visited with relatives in Seymour over the week end.

Knox County Hospital Notes

Patients in Knox County Hospital October 3, 1944:

Joe Butler, Goree.
Mrs. Geo. Nix, Goree.
Mr. Don Estes, and baby son, Seymour.
Mrs. G. L. Neely, Haskell.
Barbara Jane Jackson, Benjamin.
Mrs. O. L. Myers, Truscott.
Mrs. L. W. Foster, Benjamin.
Tom Fossey, Knox City.
E. W. Hutchens, Goree.
G. W. Carter, O'Brien.
J. R. Jackson, Vera.
Mrs. S. L. Poteet, O'Brien.
Mrs. Coy Taggle, Munday.
Mrs. Alton Shaw, Seymour.
J. R. White, Knox City.
Mrs. D. V. Gilbert and baby daughter, Benjamin.
Mrs. Kenneth Strickland and baby son, Rochester.
Mrs. John Albus, Munday.
Mrs. T. O. McMin, Benjamin.
Baby Bohannon, Benjamin.

Patients Dismissed Since Tuesday, September 26, 1944:

Mrs. C. A. Cozby and baby son, Weibert.
Mrs. Elwood Hackney, Knox City.
Mrs. W. H. Walling, Munday.
Agayito Estrada, and baby son, Knox City.

Mrs. N. N. Brooks, and baby son, Rochester.
Mrs. J. F. Speck, Rochester.
Rosa E. Silba and baby son, Rochester.

J. L. Hickson, Munday.
Charline Collier, Rochester.
Juanell Barleson, Rochester.
C. O. Scott, Munday.
Mrs. C. W. Sutton, Vera.
Jon Gonzales, Rochester.

Births:
Mr. and Mrs. C. A. Cozby, Weibert, a son.

Mr. and Mrs. Agayito Estrada, Knox City, a son.

Mr. and Mrs. Rosa E. Silba, Rochester, a son.

Mr. and Mrs. Kenneth Strickland, Rochester, a son.

Mr. and Mrs. D. V. Gilbert, Benjamin, daughter.

Mr. and Mrs. Don Estes, Seymour, a son.

WOMEN GATHER THE PAPER

College Station—In one Saturday, Mitchell county's salvage paper drive netted 4,003 pounds, largely due to the efforts of the County Home Demonstration Council. Club presidents worked in two-hour shifts; headed by Mrs. O. L. Simpson, their chairman, and aided by Mrs. Mildred Odum, county home demonstration agent, they prepared the paper for shipment. Federated women's clubs of Colorado City also aided in gathering the paper.

Education Made Attractive

College Station—In order to sell Waller County Victory gardeners on the value of disinfecting garden seed and inoculating legumes, the County Home Demonstration Council provided the chemical materials free of charge to interested families. More than 300 responded. In addition, the club women demonstrated how to apply this treatment in every community of the county, reports Jewel Ballow, Waller county home demonstration agent for the A. and M. College Extension Service.

Mr. and Mrs. Jim McDonald of Wichita Falls visited with friends here over the week end.

Mrs. Hazel Shelton visited her parents, Mr. and Mrs. Will Ratliff, in Goree last Sunday.

Activities of Colored People

Services were held Sunday at the Church of God in Christ with the pastor, Rev. W. A. Alexander, in charge.

Rev. Q. H. Beavers was present and other members of the West Beulah Baptist church.

Mrs. Katy Posey of Denison, Texas, was here last week to visit her cousin, Mrs. Charity Cherry. Rev. and Mrs. S. L. Sanders spent Saturday night and Sunday in Abilene, in the home of Rev. A. C. Bennett. Eld. Sanders preached on Sunday evening at the Church of God in Christ; also Mrs. Sanders carried nine point, and both reported a high time in the service.

M. H. Hendrie's two sons are here on a visit from Clanert, Tex.; also his brother-in-law.

Insolation beginning October 11 at the Church of God in Christ. Everyone is invited. We are having out of town ministers. Rev. H. B. Foreest, Abilene; Rev. Jackson, Wichita Falls; Rev. Joe Williams, Knox City; Rev. A. C. Bennett, Abilene; Rev. D. B. Meadows, Haskell, will speak on Sunday evening at 3:30. We ask one and all to come. Roy Ross spent a few days last week with relatives in Decatur.

Mrs. J. C. Rice and Mrs. John Bates were business visitors in Wichita Falls last Monday.

Fixing Up the Farm by BURTON WILLIAMS

Open Pasture Gate

IF YOU'RE annoyed by having to open and close the gate to your pasture every time you go through, here's a simple way to eliminate all this bother. An open gate that a cow, horse, or mule cannot twist through can be made with an extra fence post, a hole digger, a few staples and nails, six planks about three feet long, and two 2-by-4's about seven feet long. Just pick out a spot in the fence that's convenient and set a new post about 18 inches from one of the old ones. Nail the wire to this, then cut out the wire between the two posts.

Next, set one of the 2-by-4's on each side of the new post about 1 1/2 feet from it—one inside the pasture and the other outside. Then nail three planks to each of the 2-by-4's, running to the original fence post, as shown in the drawing.

Watch...

THE EXPIRATION DATE ON YOUR PAPER!

Due to restrictions on production of newsprint, we are forced to cut down on the numbers of papers being printed whenever possible.

It is not our desire to stop the Munday Times now going to our regular subscribers, so you are urged to renew your paper ahead of the expiration date in order to keep it coming to you. Should your name be removed from our mailing list, it might not be possible to place it back on in the future.

If the date 2-15-44 appears opposite your name, your paper expired on February 15, 1944. Your cooperation in renewing before that date will be appreciated.
