MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, JANUARY 18, 1945

NUMBER 29

Annual Calf Show Plans Are Now Under Way

The Knox County 4-H Club Livestock Calf Show, which is to be held at Knox City on Saturday, February 17th, is getting off to a running start.

Finance committee composed of G. N. Reed, O. L. Jamison, Claude Reed and C. A. Richardson, state that practically all the premium money is in the bank and that all premiums will be paid immediately following the calf show.

The Luncheon committee composed of Roy Baker, T. E. Holcomb and Guy Steen are working hard and report that most all details for the lunch have been worked out and are making a special effort to feed all of county visitors.

Right now the arrangements committee composed of C. L. Jamison, Lee Smith and G. T. Hardburger are making a special effort to find a convenient place to hold the show, and to be able to proceed with the show regardless of weather.

Additional feature of the show this year will be an opportunity for 4-H Club and FFA boys, who will compete in the District Show at Wichita Falls to have a practice workout. Official placings will be made on one class of four heavy weight steers and four light weight steers.

The respective county agents and the Vocational Agricultural teachers will be responsible for grading their respective teams on placings and reasons given.

Knox County Hospital Notes

Patients in Knox County Hospital Tuesday, January 16, 1945:

Joe Russell, Knox City.
Mrs. F. M. Harrison, Knox City.
Hunter Lanier, Crowell.
Mrs. T. P. Frizzell, Jr., Knox City.

F. A. Beidleman, Aspermont.
Mrs. J. J. Hustis, Goodnight.
Mrs. T. G. Carney, O'Brien.
Mrs. S. L. Potet, Knox City.
Mrs. Eari Watson, Rochester.
Baby Polly Parks, Munday.
Mrs. F. A. Baird and baby son, Benjamin.

Mrs. J. T. Offutt, Munday.
Mrs. Jeff Graham and baby daughter, Knox City.
Mrs. J. O. Hill, Rule.
Mrs. Olive Keene, Munday.
Mrs. J. D. Lovell and baby daughter, Benjamin.

Mrs. Virgil Strickland and baby son, Munday.
Mrs. Jimmie Kevil and baby son, Rochester.
Mrs. M. V. Whitmire, Throckmorton.

Patients Dismissed Since Tuesday, January 9, 1945:
Mrs. J. C. Durham and baby son, Knox City.
Mrs. H. L. Hobbs and baby daughter, Knox City.
Mrs. T. P. Porter and baby daughter, Benjamin.

Miss Lynn Edwards, Knox City.
Baby Dickie Sullivan, Vera.
Mrs. D. E. Holmes, O'Brien.
Mrs. Ancil Harrison and baby daughter, Benjamin.

Mrs. J. B. Kuenster, and baby daughter, Haskell.
Mrs. G. N. Newberry, O'Brien.
Mrs. Jim Norwood, Goree.
Mrs. D. E. Wells, Knox City.
Mrs. E. N. Wilson, Rule.

Weldon Hutchinson, Knox City.
Mrs. Raymond Lane, Munday.
C. L. Spicer, Rochester.
Mrs. Chester Smith, Knox City.
Mrs. C. H. Gulley, Munday.
Mrs. M. H. Reese and baby daughter, Haskell.

Mrs. D. A. Yarbrough, Knox City.
Baby Mike Waldron, Benjamin.
Births:
Mr. and Mrs. Jeff Graham, Knox City, a daughter.
Mr. and Mrs. J. B. Kuenster, Haskell, a daughter.
Mr. and Mrs. M. H. Reese, Haskell, a daughter.
Mr. and Mrs. Virgil Strickland, Munday, a son.

Deaths:
Mrs. O. A. Riddle, Knox City.
Mrs. Harvey James, Knox City.

FORMER MUNDAY BOY WOUNDED IN GERMANY
Relatives received word Saturday that Wayland Draper, son of Mr. and Mrs. J. B. Draper of Brownfield and former residents of Munday, had been seriously wounded in Germany. He received his wounds on December 26.

Draper is a nephew of Mrs. Kirby Fitzgerald.

McMurry Chanters Appear In Concert

Pictured above are the twenty-four girls selected from the McMurry College Chanters who appeared in a concert of song in the auditorium of the Munday high school on Thursday afternoon, January 18, at four o'clock. This

was the first performance of the chorus which is touring the state under the directorship of Mrs. Robert B. Wylie, dean of music at McMurry.

Miss Louise Spiegelmirre, pianist who is well known in Munday, is

accompanist for the singers. Miss Flora Alice Haymes, daughter of Mr. and Mrs. Lee Haymes of Munday, and Miss Patsy Ruth Kirk, daughter of Rev. and Mrs. Luther Kirk of Slaton, are members of the group.

Bronze Star Medal Awarded Harvey D. Arnold

The Commanding General of the 90th Infantry Division, Major General James A. Van Fleet, has awarded the Bronze Star Medal for hero's service against the enemy in France to Tech. Sgt. Harvey D. Arnold, Jr., 24, who is supply sergeant for the 90th Q. M. Co.

Sgt. Arnold, son of Supt. and Mrs. H. D. Arnold of Goree, has been in the service for two and one half years. Most of his training prior to going overseas was at Camp Barkeley.

Graduate of Goree high school, Arnold was employed at the First National Bank in Munday for some time before entering the service.

Mrs. J. E. Stevens Dies January 10 At Hastings, Neb.

Mrs. Iona Myrtle Stevens, wife of Aviation M. M. 3/c Judge Stevens, died at two o'clock Wednesday, January 10, 1945, at the Mary Lanning Memorial Hospital at Hastings, Nebraska.

Mrs. Stevens had been living with her husband at Long Beach, Calif., until recently. At the time of her death she was making her home with her parents, Mr. and Mrs. R. Gerschmer, 1323 West D. Street, Hastings, Neb.

Besides her parents and her husband, who had been stationed at Oxnard, Calif., she is survived by her infant son, Jerry Wayne, who was born Wednesday, January 10; a sister, Hazel Gerschmer of Hastings, two brothers, Lieut. Reuben Gerschmer, in the air forces at Boise, Idaho, and Donald Gerschmer of the Merchant Marine; also Mrs. Jerry McGraw of Munday.

Funeral services were held Saturday afternoon at two o'clock at the First Christian church, Hastings, Neb., with the Rev. Harvey G. Parsons officiating. Burial was in the Inland cemetery.

Benjamin Man Is Made Captain

James R. Bisbee, son of Mr. W. F. Bisbee of Benjamin, has been promoted to the rank of captain at the Reno ferrying division base, Reno, Nev., where he is stationed as deputy finance officer.

Capt. Bisbee entered the army on September 3, 1941, and was commissioned on May 30, 1942, later spending 22 months in the African theater of war.

He came to the Reno air transport command base last August. Before joining the service, Capt. Bisbee graduated from the University of Texas.

Mr. and Mrs. Lewis Jungman of Odessa spent the week end here with Mrs. Jungman's parents, Mr. and Mrs. Joe Pierce.

Bank Officers and Directors Are Named Recently

Over Two Million On Deposit Here At Close Of Year

At a recent meeting of directors in the First National Bank of Munday, officers and directors for the year, 1945, were elected, with very few changes being made in the set-up.

The five directors were elected as follows: J. C. Borden, Homer Lee of Wichita Falls, C. L. Mayes, W. E. Braly and J. Weldon Smith.

Officers for the new year are: W. E. Braly, president; C. L. Mayes, vice president; Jack Mayes, cashier, and J. Weldon Smith, assistant cashier.

In reviewing business of the preceding year, the directors expressed themselves as being pleased with the business of 1944. Deposits at the close of the year had gained \$364,403.00 over deposits at the end of 1943.

The local bank, one of the strongest in this section, listed total deposits of \$2,525,049.70 at the close of business on December 30, 1944.

Rain Benefits Knox Farm Land

A slow soaking rain, which has been very cordially welcomed by wheat farmers of the county, has brought a total of 1.13 inches to Munday and area, according to the records kept by H. P. Hill, Munday, U. S. weather observer.

The rain started Tuesday night and continued throughout Wednesday and Wednesday night, with continued downfall Thursday. The above recording was made Thursday morning.

Wheat farmers especially welcome this moisture, although it has again halted late gathering of the 1944 cotton crop.

Contributions To Memorial Fund

Only three contributions to the memorial fund for Knox county's boys and girls in the service were reported this week. They are as follows:

Anton Homer\$2.00
Mrs. E. T. Cluck 4.00
Mrs. Angie Cranfill 5.00

Contributions have been lagging lately, and the fund is far short of that necessary to erect the memorial. Those wishing to make contributions should see Lee Haymes at the post office or Jack Mayes at the bank.

HAS OPERATION
Mrs. J. T. Offutt underwent a major operation at the Knox county hospital last Monday. Latest reports coming from the hospital are to the effect that she is doing as well as can be expected.

Texas Theaters To Enter Fight Against Polio

Theatremen of the Lone Star state are mobilizing their forces for the 1945 "March of Dimes" campaign which starts January 25 and continues through January 31, according to P. V. Williams, owner of the Roxy theatre, who predicts that collections this year will more than double those of '44.

Last year's audience collections in the movie theatres of Texas amounted to \$214,056.13. In commenting on last year's collections, Mr. Williams said that fifty per cent of the money raised remained with the local chapter of the National Foundation while the other fifty per cent went into the National Foundation for use in epidemic aid, research and education.

In addition, Mr. Williams said that there are 549,542 theatre seats in the movie theatres of Texas and if \$1.00 is collected for every seat, a total of \$549,542.00 will be made available for the fight against the dread polio.

Victor Reeves Made Sergeant

Air Transport Command Base, India.—James V. Reeves, son of Mr. and Mrs. Victor Reeves, Route 1, Goree, Texas, was promoted recently to Sergeant, it has been announced by Brig. Gen. William H. Tunner, commanding general of the India-China Division, Air Transport Command.

Sgt. Reeves has served in the Division since June, 1943 and is an airplane and engine mechanic. He has been in the army since July, 1942. In civilian life he was a farmer.

Since the closing of the Burma road by the Japs, the India China Division has been the only source of supplies for Allied troops fighting in China. The IOD flies vital war material over the "Hump" of the Himalaya mountains in giant transport planes. The route is considered the world's most treacherous because of the dangerous flying weather and the craggy terrain.

The decision to increase the goal has been telegraphed to the chapter following a meeting of the Red Cross central committee, governing body of the organization, Mr. O'Connor said.

"It is obvious that the estimates we made last fall for our War Fund campaign in March are now inadequate," Mr. O'Connor said. "Accordingly we have revised our goal to meet this new situation. I am confident the American public will respond generously to this emergency when the campaign opens in March."

Auction Sale Has Good Run

The Munday Livestock Commission Co. reports a good run of cattle for last Tuesday's sale. All classes of cattle sold from 50 cents to \$1.00 higher than last week.

Canner and cutter cows sold from \$5 to \$7.50; butcher cows, \$8 to \$10; fat cows, \$10.25 to \$12; butcher bulls, \$6.75 to \$8.50; fat bulls, \$9.50 to \$10.50; butcher yearlings, \$10 to \$12; fat yearlings, \$12.50 to \$13.75; rannie calves, \$7 to \$8.50; butcher calves, \$9 to \$12; fat calves, \$12.25 to \$13.75.

SEEMS LIKE OLD TIMES TO HAVE WHITSITT HERE
Marshall Whitsitt, employed as pharmacist at Eiland's Drug Store a number of years ago, is back on the job here, while Leland Hannah, manager, is taking a few days' rest. Whitsitt will be here for two or three weeks.

Mr. Whitsitt was recently released from the service. He owns a drug store in O'Donnell, which he leased when he entered the service.

JONES TRANSFERRED TO FORT WORTH BASE
Pfc. Sebern M. Jones, who has been in training at Cherry Point, N. C., spent the week end here, visiting with wife and children. Jones has been transferred from Cherry Point to the U. S. Marine base at Eagle Mountain Lake, Fort Worth.

GEORGE VIRGIL WHITE ENLISTS IN NAVY
George Virgil White, son of Mr. and Mrs. G. A. White, enlisted in the U. S. Navy last Monday at the Wichita Falls recruiting station. He passed his physical, and will be inducted into service on January 29.

White has been associated with his father in the White's Tire Shop at Munday.

Lieut. Louise Atkinson left last Friday on return to her W. A. C. training camp in California after visiting relatives and friends here.

SHOES—Airplane stamps 1, 2, and 3 in book three, good indefinitely.

Clear sailing . . . on the route to good health. Small Jerry's peaceful sleep at Hickory, N. C., was assured by funds given to the March of Dimes which this year occurs Jan. 14-31.

And here's the son of a GI Joe. Little Dwight, who proved as good a soldier as any of 'em, stands up in his crib to show that he's won his fight with the Crippler.

And here's the son of a GI Joe. Little Dwight, who proved as good a soldier as any of 'em, stands up in his crib to show that he's won his fight with the Crippler.

Former Benjamin Resident Leases Local Shoe Shop

Mr. S. G. Smith, a former resident of Benjamin and well known Knox county man, announces this week that he has leased the O. K. Shoe Shop in Munday, formerly operated by Sam Beaver.

Mr. Smith resided in Benjamin for 17 years, where he was employed by the Santa Fe railroad. Because of a disability, he severed connections with the railroad and learned the shoe repair business. He was employed at a shoe shop in Seymour for several months prior to coming to Munday.

Mr. Smith invites the continued patronage of all former customers of the shop, as well as that of all Knox county people. He will make a special effort to give prompt service and excellent repair work at all times.

Snody Resigns As Gas Board Member

To the People of Knox County: I was asked by the Fort Worth Board after I went into office to resign, that I couldn't be chairman of the gas board and hold office. I resigned on January 11th.

Now I want to thank the people of Knox county for their cooperation while I was in. I, at all times, did what I thought was right by all the people, and tried to treat them like I would like to be treated. We still have a good board and they will take care of the job. I leave the Board with the best wishes for them and all the office force.

W. F. SNODY.

Ernest Ward Finishes Maintenance Course

Washington, D. C.—Marine Pfc. Ernest J. Ward, son of Mr. John Ward, Route 1, Munday, Texas, has been awarded a certificate for the successful completion of the Special Automobile Maintenance Course of the Marine Corps Institute.

He has received the congratulations of the Commandant of the Marine Corps through his commanding officer and proper notation has been made in his record book.

Jimnie Silman of Lubbock visited relatives and friends here the first of this week.

Knox Teachers At Conference Held In Austin

Holcomb Is Elected On State Body

Supt. W. C. Cunningham of Munday, Supt. T. E. Holcomb of Knox City, County Supt. M. D. McGaughey of Benjamin and Supt. M. G. Weaver of Seymour spent the latter part of last week in Austin, attending the mid-winter school administrators' conference.

Highlight of the conference was on the subject of conservation in health and human resources. Dr. Willis Sutton of Atlanta, Ga., educational advisor of the Readers Digest, was the principal speaker.

At the seasonal meeting of rural administrators, the following officers were elected:

Supt. R. L. Waller, Dawson, president; Supt. J. C. Sturgeon, New Boston, first vice president; Supt. T. E. Holcomb, Knox City, second vice president; Supt. H. T. Delay, Lewisville, third vice president.

On Friday night the group attended a banquet for legislators at the Driskill Hotel. Chief speakers were Supt. Rogers of Amarillo, president of the State Teachers Association; Hon. Claude Gilmer of Kerrville, speaker of the house, and Gov. Coke R. Stevenson.

They were also guests of the legislators at a joint session to hear Governor Stevenson make his recommendations to the Legislature, in which he stressed adequate support of rural education in the present emergency.

Wichita Valley Nursery Opened By G. S. Dowell

A new business is opening in Munday this week to be known as the Wichita Valley Nursery. The manager, Mr. G. S. Dowell, stated that they will both grow and job all kinds of nursery stock. He expects to grow ten thousand plants this year including conifers, broadleaf evergreens, flowering shrubs, shade trees, fruit, and other kinds of nursery stock and to increase the amount from year to year.

He has only a small amount of his own stock, grown locally, for sale at this time but is buying at wholesale from other nurseries and bringing in stock by the truck load for resale to the retail trade. Two truck loads are already on his lots and he has more bought for future delivery.

The Howell Floral Shop in Munday and the Seymour Florist in Seymour will handle his stock in connection with their florist business. He will also have agents and organizations representing his business in other nearby towns. He states that as soon as he can grow sufficient stock that he expects to operate both a wholesale and a retail business.

Meinzers Receive Purple Heart From Son In Pacific

Mr. and Mrs. W. Meinzer of Benjamin recently received the Purple Heart which has been awarded their son, L. H. (Peeney) Meinzer, chief machinist made in the navy.

Meinzer, who was M. M. 1/c at the time, received head wounds in June 16, 1944, at Saipua. He forwarded the Purple Heart and the President's Citation home to his parents.

After spending some time in a hospital, Meinzer had returned to duty. He has been in the service since July, 1942, and overseas for two years.

He has two brothers in the service, Douglas, who is serving in the Southwest Pacific, and Walter Buck, who is in France.

Moguls To Play Panthers Friday

Basketball fans will see an interesting game Friday night when the Munday Moguls play the Seymour Panthers in the local gym. The game is called for 7:30 o'clock.

This will be the second conference game for the Moguls, who dropped their first game to the Crowell team by a score of 18 to 25. The Moguls downed the Goree team last Tuesday night by a score of 33 to 21.

The Moguls are developing a nice little team, and they are expected to dish out trouble to their opponents in the remaining conference games.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On."

UP TO THE PEOPLE

The industries of the United States have just started a job that deserves unrestrained commendation. Thousands of them, through the National Industrial Information Committee, have joined in the greatest informational campaign to the people ever attempted by private enterprise.

The outstanding feature of this endeavor is the fact that a meeting of thousands of minds in all lines of diversified production and employment, was secured to act as a unit in presenting a program to the public on the job industry must do and will do in meeting what are commonly called postwar problems. As a matter of fact, they are the problems that we have all faced since the world began, of earning our daily bread and butter. But never before has industry, in clear and concise language, tried to show the people where the public interest in helping to maintain conditions conducive to investment, and employment, and production, is greater than the interest of any industry involved.

In a series of advertisements that is running throughout the nation, the National Industrial Information Committee is endeavoring to make clear to the wage earner, the capitalist, the housewife and the employer, that there is no mythical means of making jobs either by industry or the government—that it is the people themselves who, by their own acts, create the conditions that make or destroy employment, earnings, savings and government.

While industry must furnish the jobs and will do all in its power to accomplish that end, the people who, in turn, are the workers, the investors and the government, have the solution of industrial problems that create employment, in their own hands.

Industry in the United States represents America—not a few stockholders. The people must realize, and realize soon, that neither industry nor government can be more successful than the people will it to be. Industry is doing a tremendous job in focusing public attention on this issue.

PANIC NEVER PAYS

Oregon reports that as of the first of the year, the over-all situation with regard to communicable diseases is "exceptionally good." For the week ending January 8, the total of such diseases was 72 per cent under the ten-year average for this same week.

A single state is admittedly no health guide insofar as the rest of the nation is concerned. However, Oregon is a war production center. Large groups of people migrated there from all over the country. At the beginning of the war, deep concern was felt over the threatened doctor shortage. The area was used to point up the allegedly dangerous maldistribution of medical men. The doctors were threatened with panicky proposals which would have subjected the profession to virtual dictatorship.

Through it all, Oregon's doctors and those of other critical areas worked to develop practical organizations for meeting the emergency. They encouraged the expansion of voluntary group hospital and medical programs. They streamlined treatment by eliminating frills. They encouraged patients to use the phone whenever practical. Gradually the feeling of urgency in the public mind diminished.

It is far too soon to begin to relax or to conclude that the emergency is over. But the last three years of war have shown that panic never pays, particularly in the formulation of public policy on medical care. At present, plans are being pushed both by the medical profession and by public authorities aimed at bringing adequate medical care to all the people. Extremists, however, are seeking to capitalize on an atmosphere of emergency. By ill-advised action, they could delay the steady march of medical progress and the sound expansion of prepaid health and hospitalization programs.

NOW THEY KNOW HOW THE FARMER FEELS

Consumers who recently had the coupons in their food ration books summarily invalidated, can appreciate the problem that faces the farmer under 57 varieties of regulations and restrictions.

Ordinarily the farmer plans production schedules years in advance. Investments in crops are made on the basis of probable prices at harvest time. Long experience with the laws of supply and demand teach the farmer what he must grow if he is to stay out of bankruptcy. At least that is the way the farmer operated before the age of regulation and subsidies descended upon him. Now, like the consumer, he knows not what to expect next. A government directive may cut his acreage, reduce prices when his crop is ready to harvest, or put him out of business. It is not a pleasant way to live.

J. W. Roberts, Editor, Owner and Publisher
Aaron Edgar, News Editor
Entered at the Postoffice at Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

SUBSCRIPTION RATES
In first zone, per year \$1.50
In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, political news facts, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

A JOLT TO PUBLIC CONFIDENCE

It is unfortunate that OPA saw fit to cancel without notice the ration points that housewives had been so religiously conserving. It was, in effect, the breaking of a contract. Millions of women had been saving their points to use only if needed, as they understood the points were good indefinitely. The person who saved was therefore penalized.

On top of this, "business suspension" orders were asked by OPA for stores alleged to have sold goods in violation of the new regulation, when the only information the stores had on the sweeping changes was from news stories.

In specific cases in Portland, Oregon, the attorney for food stores said: "Enforcement officials of the local OPA had previously advised these operators that they were not being ran by the newspapers and that only their own releases were official and that no changes were to be made until official notice had been given by the OPA."

Such tactics seem to be an inevitable part of bureaucracy which the people must endure as part and parcel of wartime controls. The Congressional investigation that is suggested may in some measure restore public confidence. Facts rather than secrecy are the most potent weapons in maintaining public morale.

FROM THE EARTH TO YOU

How gasoline and lubricating oil come from the raw product, petroleum, has never ceased to be a cause of wonderment to the motorist. Since the war, discussion of oil has increased and the curiosity of most of us is even greater.

In response to this rising interest, the Petroleum Industry War Council has published what it calls a "flow chart" which traces oil from the time it leaves the well until it reaches the consumer. It shows the oil being pumped to the surface of the earth. It follows it through scores of machines and chemical processes that break crude petroleum into countless derivatives forming bases for everything from cosmetics to asphalt. In its simplest form the process of petroleum refining consists of heating the crude oil in a still to its boiling point, passing the vapors from the boiling oil through condensing pipes, and condensing the vapors into liquids. Every 100 gallons of crude oil yields approximately 44 gallons of gasoline, 36 gallons of fuel oils, 8 gallons of miscellaneous products, 6 gallons of kerosene, and 3 gallons of lubricants. The remaining 3 gallons is loss.

One of the most drastic tales of this tragic era of war will be the story of the production and transportation of oil to our fighting forces, to say nothing of the home front. It will be a story of hundreds of ships, endless miles of pipeline, thousands of railroad tank cars running night and day. It will be a story of sweating, worried men laboring in desert sands and teaming offices. It will be a story in which the word defeat is unknown. It will be a story toward which this country will always be able to point with pride. It will be a story of American enterprise.

BURLESQUE ON GOVERNMENT

In all the talk about manpower shortage, one fact stands out clearly—under the present labor monopoly in the United States men are prevented from working unless they first pay to get their jobs. If you don't believe this, try to get a job in a war industry.

No American citizen should be forced to join any organization, whether it be labor, religious or political, before he can earn his living. Allowing labor unions to remain outside the laws which regulate all business corporations, while collecting millions of dollars in dues, is a travesty on justice and a burlesque on government.

Such tyranny within a so-called free country cannot be continued without ultimately leading to dictatorship by either labor bosses, political bosses, or both. Freedom flies out of the window when a man must get permission of another man to earn his daily bread.

In The WEEK'S NEWS

JAPS SHELL YANKS—Japanese 90mm mortar shell exploded amid American soldiers during the fighting in the village of Limon on Leyte Island, Philippines. Three Yanks were injured by the explosion.

TURN-OF-CENTURY SLACK SUIT—What if young lovelies of the early 1930's didn't wear slacks? Film player June Haver in "Irish Eyes Are Smiling" displays what the girls might have worn if slacks had been popular. Dick Haymes, star of NBC's "Everything for the Boys" radio show, thinks June's ensemble could be called "Embraceable You."

IMPORTANT JOB TOO—Guy Lombardo, famous band leader, watches with pleasure while Mrs. Lombardo performs her important job of sewing waste fats, one of the war's most necessary materials.

AMONG THE 'LAST'—"Longshot" wins in a photo tank at Tropical Park, Miami, Fla., in one of the last races to be held, due to government suspension of all horse racing during the war.

GRACIOUS BLOOD DONOR is Lucille Wall, star of NBC's "Portia Faces Life," who takes time off from her many studio commitments and war activities to donate a pint of her blood in the all-important quest for more blood plasma for injured service men.

FOR FORMAL WEAR—The newest for formal wear is the pastel satin gown. Here Patrice Munsel, radio star, wears a new model, featuring extended shoulders, back-to-the-neck and portrait neckline. A matching satin turban and dull fabric gloves complete the costume.

I GIVE YOU TEXAS
by BOYCE HOUSE

Would you like to read Abraham Lincoln's biography, written by himself? It was penned a year before he was elected President and, only slightly abridged, follows:

I was born Feb. 12, 1809 in Hardin County, Ky. My parents were both born in Virginia, of distinguished families—second families, perhaps I should say. My mother, who died in my tenth year, was of a family of the name of Hanks. My paternal grandfather, Abraham Lincoln, emigrated from Rockingham County, Va., to Kentucky about 1781 or 1782, where a year or two later, he was killed by the Indians, not in battle but by stealth, when he was laboring to open a farm in the forest. His ancestors, who were Quakers, went to Virginia from Berks County, Pa.

My father, at the death of his father, was but 6 years of age and

he grew up literally without education. He removed from Kentucky to what is now Spencer County, Indiana, in my eighth year. We reached our new home about the time the state came into the Union. It was a wild region, with many bears and other wild animals still in the woods. There I grew up.

There were some schools, so called, but no qualification was ever required of a teacher beyond "readin', writin' and cipherin'" to the rule of three. If a straggler supposed to understand Latin happened to sojourn in the neighborhood, he was looked upon as a wizard. There was absolutely nothing to excite ambition for education. Of course, when I came of age I did not know much. Still, somehow, I could read, write and cipher to the rule of three, but that was all. I have not been to school since. The little advance I now have upon this store of education, I have picked up from time to time under the pressure of necessity.

I was raised to farm work, which I continued till I was 22. At 21, I came to Illinois, Macon County. Then I got to New Salem, at that time in Sangamon, now in Menard County, where I remained a year as a sort of clerk in a store. Then came the Black Hawk war and I was elected a captain of volunteers, a success which gave me more pleasure than any I have had since. I went the campaign, was elected,

ran for legislature the same year (1832) and was beaten—the only time I have ever been beaten by the people.

The next and three succeeding biennial elections, I was elected to the legislature. I was not a candidate afterward. During this legislative period I had studied law and removed to Springfield to practice it. In 1846 I was once elected to the lower House of Congress. Was not a candidate for re-election. From 1849 to 1854, both inclusively, practiced law more assiduously than ever before. Always a Whig in politics; and generally on the Whig electoral tickets, making active canvasses. I was losing interest in politics when the repeal of the Missouri compromise aroused me again. What I have done since then is pretty well known.

If any personal description of me is thought desirable, it may be said that I am, in height, 6 feet 4 inches, nearly; lean in flesh, weighing on an average of 180 pounds; dark complexion, with coarse black hair and gray eyes. No other marks or brand recollected.

Gems Of Thought

TODAY

The present moment is all we can call our own for works of mercy, of righteous dealing, and of family tenderness.—George Eliot.

It is better to be doing the most insignificant thing than to reckon even a half-hour insignificant.—Goethe.

One of the illusions is that the present hour is not the critical, decisive hour.—Emerson.

To those leaning on the sustaining infinite, to-day is big with blessings.—Mary Baker Eddy.

Build today, then, strong and sure, With a firm and ample base; And ascending and secure Shall tomorrow find its place.—Longfellow.

Out of Eternity the new Day is born; Into Eternity at night will return.—Thomas Carlyle.

TINER DRUG CO.

GROWERS RISK LOSING FUTURE COTTON RIGHTS IW 1945 ACREAGE CUT

How much cotton will a farmer be able to plant in 1945 or 1947? That may depend upon how much acreage he plants in 1945, says A. L. Ward, Educational Director, National Cottonseed Products Association, Dallas, and this fact should be weighed carefully in planning acreage this season.

Cotton acreage is not restricted this season, he points out, but in past control programs "Acreage history" has been used to determine a grower's right to benefit payments, loans and other benefits under government programs. Because future programs may also be based upon acreage history, a grower may endanger his future opportunity to grow cotton by failure to plant enough acreage in 1945.

"Is there any reason to expect that a grower's future opportunity to raise cotton will not depend upon his past acreage history? Can farmers afford to risk losing legal rights as cotton producers in the future, when those rights may be far more valuable than today, because they failed to plant enough acreage this season?"

Ward added that some farmers will not be able, due to conditions beyond their control, to plant as much cotton acreage this season as in the past; and this may endanger acreage goals established by the War Food Administration unless growers increase acreage where they are able to do so.

"Because of the importance of cotton and cottonseed as a war crop, source of food, feed and fiber, and source of income to producers, it is highly important that every effort be made to reach these acreage goals," he said.

Mrs. B. L. Blacklock, Mrs. Nell Hardin and Mrs. Winston Blacklock were business visitors in Wichita Falls last Saturday.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest-aid, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Crommission which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Crommission blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Crommission with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Who's Cheating Who?

"Let's play fair" has been practically a byword with most of us since our first game of hide-and-seek when we accused "it" of peeking between "its" fingers while we hid; but "playing fair" means more than keeping our eyes closed tightly in a game of hide-and-seek. In fact, "playing fair" involves so many things and so many people that it grows from "playing fair" into "being fair."

Fairness enters into a lot of things, when we stop to think about it. Take even a comparatively small item like attention during classes, for instance. Who are the people involved? Well, we ourselves are involved. We are losing an opportunity to gain precious knowledge when we are too tired to be attentive during a ten'clock class. Our parents are concerned; they send us to school and pay taxes, cloth us properly, provide us with everything that will make us more comfortable while attending school, all that we might get the full benefit of a good education.

Our classmates are also involved. They pass dignifiedly to classes, so that they may give people the impression that their class is the best that ever went to R. H. S. We are not playing fair with the faculty. They have put the utmost of study and preparation into their task of educating us, so it is up to us to cooperate, isn't it? In a very broad sense, we are being unfair to the whole world when we willingly deprive ourselves of even a small bit of education which we need, more than ever before, to win and maintain peace.

Senior News

Since our dear senior reporter is absent, her devoted classmates will substitute as the gossip reporters. We know she is enjoying the bed, and we wish her a speedy recovery.

These mid-term exams are almost making nervous wrecks of the class. After they are over, the expressions on the members' faces will be changed and we'll be looking forward to those finals.

At first, we were frightened in government class last Tuesday, but now we are grateful for having a teacher, Miss Schumacher; however, we do miss Mrs. Hagerty very much.

Senior Life

On a very windy day, March 16, 1928, the stork was given a queer-looking package, marked "First Class Mail. May not be opened, 'cause it will frighten you to death." He was then given special instructions to deliver it to Mr. and Mrs. Joe Wilde, Box 54, Rhineland.

Texas.

Mr. and Mrs. Wilde, with frantic fingers fumbled with the cord, only to hear a violent utterance which blew the wrappings from the package. When they saw what was in the package, they kept it anyway. They named this queer little thing, Madalene.

Every day she grew larger and finally emerged as a young lady with a mouth like Jada Canova, hair like Isch Cabibble, nose like Jimmy Durante, eyes like Eddie Cantor, and a figure like Ethel Waters.

She began her school days in Rhineland and has gone there ever since.

In her junior year she was treasurer of her class, and we have never seen any of our money since. This year she is vice president and reporter.

Her favorites are:
 Song—She'll Be Coming Around the Mountain.

Colors—Blue and green.
 Movie Actors—Lum and Abner.
 Movie Actress—Joan Davis.

Saying—Yes comma things are getting better dash gradually period.

Radio Program—Super Man.

Teacher—None.

Subject—Free Periods.

Pastime—Cutting out paper dolls.

If and when this creature (if there's a name for her) graduates, she plans to establish an old maid's home with herself as member No. 1.

We wish her luck because the rest of the gang will probably join her there.

In spite of all this, Madalene is a swell girl, and we wish her all the luck in her future career, if she has one.

Junior News

One morning last week the Juniors strolled leisurely down to the typing room and were surprised to find a new teacher, Miss Alma Schumacher. We're positive we'll enjoy her presence, but we aren't so sure she will be able to live with us until May. We hated to see Mrs. Hagerty leave us, but we knew she was relieved to get rid of us.

We have been informed that mid-term examinations will be given next week. The Juniors have really been studying hard and are almost exhausted. The time preceding exams and the exam period are the only times the Juniors really have some excitement in school.

Sophomore News

Well, now that mid-term is so near we're happy, because school will be half over, but we're sad, because we'll have to spend about half of our time from now till then studying for tests. Most of us are very happy about algebra, since we made those good grades on our three weeks test. We think Donald really likes digits, when he pays enough attention to what's going on, to notice them.

Freshmen Report

Well, it looks as if the freshmen are still studying for their mid-term examinations. Some of us are studying like we really want to

A WAC Ambulance Driver Helps Lead a Stretcher

Private Alma Z. Cobb, member of the Women's Army Corps from Hartford, Connecticut, prepares to answer an ambulance call at Camp Croft, South Carolina. Wacs fill many important jobs in the Medical Department, but still more Wacs are needed for duty in the Army Air Forces, Army Ground Forces, and Army Service Forces.

Climbing back to health. At the Crippled Children's Clinic, Bridgeport, Conn., Jimmy and Marion practice muscle re-education exercises to overcome the after-effects of infantile paralysis. Funds from the March of Dimes have made it possible for these children to receive continuing physical therapy treatments. The March of Dimes takes place this year January 14-31.

Monday we had a science test. Some of us made vrey good grades; that is, we think we did. As yet we have no way of knowing. Friday we begin on our books reports. Nearly everyone has his book read.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
 M. D., State Health Officer
 of Texas

Austin—Hundreds of communities throughout Texas are planning to celebrate the first National Public Health Nursing Day on January 26 as proclaimed by Gov. Coke R. Stevenson.

The purpose of the day, according to Dr. Geo. W. Cox, State Health Officer, is to focus attention upon public health nursing as a service for everyone and to increase public understanding of the part played by the public health nurse in helping to build better health for family, community, and nation.

Many communities in Texas are planning to give special recognition on this day to the value of the public health nurse in the community.

From the beginning thirty years ago, public health nurses have been concerned with the total health situation of the family including sickness, care of disease, prevention.

We have a new teacher, Miss Nadine Kreitz. We liked our former teacher, Miss Alma Schumacher, very much, and we know that we will enjoy having Miss Kreitz also.

Rev. and Mrs. Don R. Davidson and family visited with friends at Westover last Friday night.

Seventh Grade News
 We are going to start reviewing in all of our subjects for mid-term examinations. We are going to "cram" in all the knowledge we can before mid-term. Today we had a 4-H Club meeting. The girls learned to make hand lotion, and the boys learned to make a homemade chicken brooder.

We had a 4-H Club meeting last Monday morning. We learned how to make hand lotion.

We all pity Leroy, because he has to pull bulls, we are sitting in school pondering over our lessons.

WACs Recruit Skills, Forsaking Large Quotas

Stressing skills rather than large numbers, the Women's Army Corps is still seeking women to serve in specialized jobs in the army. Lt. Pauline E. Fitch, Wichita Falls, Texas Army Recruiting Officer, said today.

The army is particularly interested in Wacs who can qualify as clerical workers, typists, stenographers, tabulating machine operators, radio operators, control tower operators, parachute riggers and cryptographers, Lt. Fitch said. In these categories, she said, the qualified recruit may request, and receive at the time of induction, assignment to the Army Air Forces, Ground Forces or Service Forces.

The greatest need, however, Lt. Fitch said, is for medical and surgical technicians. Women without training will be accepted and schooled by the army at medical technician training centers.

With high casualty lists and the present shortage of army nurses, Lt. Fitch said, the need for women in this service is very great and must be filled. So urgent has the need become that the former requirement of a high school education has been dropped to two years of high school.

Full information about enlistment in the Women's Army Corps may be obtained at the local WAC recruiting office at 306 Post Office Bldg., Wichita Falls, Texas.

and health protection.

In setting aside January 26 as Public Health Nursing Day for America, health administrators and all other friends of nursing should dedicate themselves to the extension of public health nursing services so that there will be enough qualified nurses to meet the needs of all the people.

LOCALS

O. H. Spann Jr., who is attending N. T. A. C. at Arlington, visited his parents, Mr. and Mrs. Oscar Spann, over the week end.

Mrs. W. R. Moore and Mrs. R. L. Ratliff were business visitors in Wichita Falls last Friday.

Mr. and Mrs. J. W. Roberts spent the week end in Haskell, visiting with relatives.

Mr. and Mrs. Winston Blacklock and daughters were visitors in Haskell last Sunday.

Mrs. T. A. McCarty returned to her home in San Antonio this week after spending some time here with her daughter, Mrs. Sebern M. Jones and children. Her granddaughter, Carolyn Jones, accompanied her home and will remain in San Antonio for the remainder of the school year.

William Roy Baker of Knox City visited his cousin, Kenneth Baker, over the week end.

New Quick Roll Recipe—Easy and Good!

Make them with Fleischmann's yellow label Yeast—the only yeast with those EXTRA vitamins

QUICK ROLLS

1 cake Fleischmann's Yeast
 1/2 cup lukewarm water
 3 cups sifted flour

1/2 cup milk
 2 tablespoons sugar
 1 1/2 teaspoons salt
 3 tablespoons melted shortening

Scald milk, add sugar and salt; cool to lukewarm. Dissolve yeast in lukewarm water—and be sure it's Fleischmann's yellow label, the only fresh yeast with all those extra vitamins. Add to lukewarm milk. Add 1 1/2 cups flour and beat until perfectly smooth. Add melted shortening and remaining flour, or enough to make an easily handled dough. Knead well. Shape into rolls and place in well-greased pan. Cover and let rise in warm place, free from draft, until doubled in bulk (about 1 hour). Bake in moderate oven at 400° F. about 20 minutes. Makes 12.

FREE!

New Revised Wartime Edition of Fleischmann's Famous Recipe Book!

Clip and paste on a penny post card for your free copy of Fleischmann's newly revised "The Bread Basket." Dozens of easy recipes for breads, rolls, desserts. Address Standard Brands Incorporated, Grand Central Annex, Box 477, New York 17, N. Y.

Goree Study Club Has Meeting In Coffman Home

The Woman's Study Club of Goree met recently in the home of Mrs. Orb Coffman, with the president, Mrs. Georgia Maples, in charge. Minutes of the previous meetings were read and approved. Mrs. Lloyd Stewart had charge of the program for the day. Topics for talks were as follows: The Apostle Paul in Greece as set forth in the Bible, Rev. S. E. Stevenson; The Three Great Religions and their Contributions to Culture, Rev. J. W. Griffin.

At the close of the program a dainty refreshment course was served to the following members and guests:

Misses, Sam Hampton, E. F. Heard, Will Ratliff, Ernest Robinson, S. E. Stevenson, W. M. Taylor, Will Heard, Ernest Moore, Parks Norris, Kirk McConnell, Misses Mildred Coffman and Bernice Goode, Rev. Stevenson and Rev. Griffin.

Truscott Home Demonstration Club Has Regular Meet

The Truscott Home Demonstration Club met on Thursday afternoon, January 11, at two o'clock in the home of Mrs. J. R. Brown. New officers for the year were installed.

After a brief business session, Miss Lucile King, gave a very interesting demonstration on millinery. She displayed several modern styled hats which were made from old felts. During the afternoon each lady made or restyled a hat from an old one which she brought to the meeting.

The demonstration on millinery will be continued on Thursday, February 8.

Hefner 4-H Club Has Regular Meet On Last Monday

Members of the Hefner 4-H Club held their regular meeting on Monday, January 15. The meeting was called to order by the president, Anna Joyce Brogden.

Roll call was made, and the minutes of the previous meeting were read by the secretary, Emma Lois Norwood.

The girls' demonstration was on making hand lotion. Miss King made some of the lotion and gave it to the girls.

The boys' demonstration was on making chicken brooders. Mr. Dunkle brought a home made brooder for demonstration.

Baptist W. M. S. Has Social And Business Meet

Ladies of the Baptist Women's Missionary Society met last Monday evening in the home of Mrs. J. E. Reeves for a business and social meeting. Mrs. J. I. Hughes

was co-hostess.

The home was beautifully decorated with cut flowers.

Mrs. Leland Hannah led the devotional, and Mrs. J. E. Reeves, president, was in charge of the business session.

Following the social hour, a delicious plate was served to nine members.

Miss M. McLeroy Received Degree

Denton.—Miss Marguerite McLeroy of Munday is one of more than 50 seniors who will be awarded diplomas at North Texas State's third winter exercise in a traditional hooding ceremony to be held Friday, Jan. 26, at 8 p. m.

Thirty-eight bachelor of science, eight bachelor of art, and five bachelor of music degrees will be conferred. Some of the candidates for degrees have already accepted positions in schools and industry.

Described as "streamlined" by the convocation committee, the program for Friday evening includes a processional, invocation, special music, a brief address by President W. J. McConnell who will confer degrees, and a benediction.

Miss McLeroy, daughter of Mr. and Mrs. R. I. McLeroy of Route 1, will be awarded the bachelor of science degree in home economics. While attending NTSTC she was a member of the Ellen H. Richards Club.

Activities of Colored People

The meeting closed Sunday night at the Church of God in Christ. Three were added to the rolls.

Rev. Tates left Monday for San Angelo, and the pastor Rev. W. A. Alexander and wife and pianist, Mrs. Jordan.

Church was reorganized Sunday evening. M. H. Hendric, first deacon and church secretary, and Charles Smith, W. Johnson, Mrs. Ida Dean and Octavia Williams on the board.

We are yet thanking our many white friends and colored people for their donations. Amount raised was \$309.00. Aline Johnson carried in \$98.41 during the two weeks meeting from these good citizens of Munday.

Six lots were purchased, and we are trying to get plans under way for a larger church.

Cpl. Joe Jones left last week for Boston, Mass., where he is in camp.

DANCE AT RHINELAND

A dance will be held at the Rhineland community hall on Tuesday night, January 23. Music will be furnished by the Brown Derbies of Stamford, and the public is cordially invited to attend.

HOME ON FURLOUGH

Wayne I. Hughes, who has been in training at Fort Benning, Ga., spent a furlough here with his parents, Mr. and Mrs. J. I. Hughes, and with other relatives. He reported back to duty at Camp Shelby, Miss.

Nine swell reasons to give to the March of Dimes. These youngsters walking out of Miami's Jackson Memorial Hospital, won their battle over infantile paralysis last year, thanks to dollars and dimes given to the Fund-Raising Appeals of The National Foundation for Infantile Paralysis. The March of Dimes this year occurs January 14-31.

Tales of fighting Texans continue to come back from all fronts where Americans are battling the Nazis and Nips. One of the best is that of Sgt. W. C. Gray, the Texarkana, Texas, boy who had to fight his way through a whole crowd of Japs in order to bury a Nipponese general.

Gray was given the task of bringing in the body of a Jap general from a cave, where he had been killed, so that it might be given proper burial under the rules of war. When he got to the cave, however, he found a large group of Japanese mourners on hand.

With a couple of other Marines, Gray waded in. When the fight was over, seven more Nip officers were dead around the general's body. Sergeant Gray removed the body of the Jap general, delivered it to the burial detail and quietly reported "mission accomplished as ordered."

A Dallas pilot was one of several who celebrated the new year with plenty of noise, dropping bombs on Tokyo. He was Lt. Col. H. N. Brandon, who piloted a B-29 that bombed the Nipponese capital on New Year's eve night.

His mission helped a bit to repay the Japs for the tortures they inflicted on so many American prisoners. Lt. Roy Russell of Fort Worth and Lt. Harvey Denson of Granger are two of the few men who escaped from an army prison ship when it was torpedoed by a Yank sub in the South Pacific. Both are now patients at the army's great McCloskey General Hospital at Temple, recovering from effects of Japanese mistreatment.

Two other Texas fighting men who have written relatives recently from enemy prison camps are T/Sgt. Douglas Behrens of San Saba and Sgt. Cliff Jones of Lampasas. Both are in German prison camps, where they receive help sent by War Prisoners Aid, the National War Fund agency to which Texans contributed when they gave so generously to their County War Chests recently.

When the Lone Star state's legislature met last week, one solon was missing. He was Capt. Rogers Kelley of Edinburg, veteran sena-

Texas Litter Fifth In Nation

GRAHAM, TEX.—Fifth place winner in the 1944 National Duroc Ton Litter Contest was the above litter of 12 pigs owned and raised by Bobbie Joe Shepard of Graham. The 12 pigs weighed a total of 3,292 pounds at 180 days of age, an average of 274.33 pounds per pig at 6 months. One pig from the litter was grand champion of the local county fair.

The litter was raised on wheat and sudan pasture and was farrowed in a Texas A. & M. College type house. The feeding ration included ground wheat and oats, shelled corn, protein supplement, alfalfa leaf meal and skim milk. During hot weather the pigs had access to a cement wallow. The raising of this winning ton litter climaxed 8 years of successful 4-H Club work for Bobbie Joe.

tor who is now a member of a bombing squadron based on Saipan. Captain Kelley wrote that he would not be able to attend the session, being too busy with the more important business of winning the war.

And here are some of the awards won recently by typical Texas fighting men:

Pfc. Robert P. Wilhelm, Red Rock, Bronze Star; T/Sgt. Garrett Wolf, Lampasas, Bronze Star; Pfc. Bill Yeary, Lampasas, Bronze Star; Lt. Johnny Bryant, Austin, Distinguished Flying Cross; Lt. James Brinkley, Mart, second Oak Leaf Cluster for his Bronze Star medal; Lt. Julian H. Phillips of Houston, first Oak Leaf Cluster.

Lt. Jim Page, Houston, Bronze Star; Sgt. Robert F. Zettler, Malone, Bronze Star; Corp. Barney Jones, Paris, Soldiers Medal; Sgt. Virgil Jones, Austin, Soldiers Medal; Pvt. Jolley, Paducah, Purple Heart; Maj. Frank Linnell, San

Antonio, Silver Star; Staff Sgt. Harold Burrell, Shamrock, Air Medal; Capt. Lamon Ratliff, Llano, Bronze Star; Pvt. Burnett Ledbetter, Joshua, Bronze Star, and Sgt. Jarrall Moore, Perrin, Bronze Star.

The full list would be too long to print, but these show that Texas men still are up to their old fighting tricks.

Mr. and Mrs. C. R. Hendrix and Mrs. Forest Yancy visited with B. M. Haymes and family of O'Donnell and L. L. Hendrix and family at Lubbock last Sunday.

Servicemen To Aid Polio Fight

Texas servicemen and women stationed throughout the world will join the folks back home in observing the March of Dimes and the President's birthday celebrations to raise funds for waging the battle against the dread home front enemy, infantile paralysis.

Among American fighting men in Italy, the appeal will be the "Kilometre of Dimes" George Waverly Briggs, of Dallas, Texas vice-chairman, has been notified. A March of Dimes will be staged in Iran where the rial, worth about eight cents, is the coin of nearest value to the American dime. At other foreign posts, military personnel will hold card parties, shooting contests, dances and other events for the campaign.

Through the appointment of Major Joe W. Lisman, of the Eighth Service Command at Dallas, as director of army participation in the command area, Texas becomes the focal point for fund-raising efforts among the service forces in Texas, Oklahoma, New Mexico, Arkansas and Louisiana.

"This appeal is especially close to the hearts of the armed forces," said Major Lisman, "because last year, during the second worst epidemic of infantile paralysis in the nation's history, many of the victims were wives, sons and daughters of servicemen. The men are planning full participation in the nation-wide campaign to help combat the disease."

The motion picture industry is again lending its full support to help provide funds for the thousands of new victims of infantile paralysis who last year were added to the polio casualty list. During the week of Jan. 25 to 31, theaters throughout Texas, as well as the

Several Attend Shytle's Funeral Held in Abilene

Several relatives and friends attended the funeral for Lieut. Grady Shytle Jr. in Abilene on Sunday, January 7.

Lieut. Shytle and another officer of Hammer Field, Calif., were killed on January 2 when their plane crashed 28 miles northwest of Bakersfield, Calif. According to reports, they were flying in a heavy fog and were unable to get their bearings nor obtain radio contact with their field. Shytle was serving as observer on the flight, and was scheduled for combat duty in the Pacific within a few days.

Mrs. Shytle, the former Betsy Reeves, is the daughter of Mr. and Mrs. M. H. Reeves of Munday.

Attending the funeral from Munday were Mr. and Mrs. M. H. Reeves, Mrs. Barton Carl, Mrs. Arthur Smith Jr., Mrs. A. V. Kemletz, Mrs. James Dyke, Mr. and Mrs. B. L. Blacklock, Rev. and Mrs. W. H. Albertson, Mr. and Mrs. J. E. Reeves, Mr. and Mrs. Leland Hannah and Mrs. Everett Pruitt.

Mrs. Freddie Glover of Benjamin was a visitor here last Sunday.

rest of the nation, will make collections for the March of Dimes.

Fixing Up the Farm by BURTON WILLIAMS

Convert Stall to Pen
NOW is the time to get those jobs done that will make next spring's work easier and more profitable. For instance, a double horse-stall may be turned into a serviceable farrowing pen by the addition of studs and asbestos board.

Light studding run from the sides of the stall to the ceiling joists will serve as a framework on which the asbestos board can be applied to form the necessary partitions. A couple of 2x4's can be set at the end of the stall for wall studding and the door jamb.

BRING US—Your old "worn-out" electric irons, we repair any make (if repairable). The Rexall Store. 19-tfe.

A GIANT INDUSTRY Gears to War

"Where did the butter go?" is quickly answered by a study of this chart by the National Dairy Council. Eight billion pounds of fluid milk are necessary to make the extra cheese, dry whole milk, evaporated milk, and ice cream for America's fighting forces and for Lend-Lease. An additional 16 1/2 billion pounds of milk are being consumed to maintain the efficiency of war workers and the physical stamina of American civilians. This represents total increased requirements of 18 1/2 billion pounds of milk.

Milk production since the prewar period has increased over 14 billion pounds. This leaves a deficit of about 4 1/2 billion pounds of milk which has been shifted from butter production to other concentrated milk products also needed on the fighting fronts. That shift accounts for a reduction of 2 1/2 billion pounds of butter, which, in addition to about 370 million pounds of butter a year taken by the government for fighters and for Lend-Lease accounts for a reduction of nearly five billion pounds of butter for civilians.

Most of the amount of milk sacrificed by civilians is going to the fighting forces in the form of their favorite spread—butter. The balance is helping to win the war by keeping workers and fighters properly nourished with other concentrated milk products.

On Baptist Hour

Dr. W. A. Criswell of Dallas, the Baptist Hour speaker for next Sunday morning, January 21st, is rated as one of the most attractive and effective youth speakers in the nation, being in constant demand for assemblies and other youth meetings, according to S. F. Lowe, of Atlanta, Georgia, Director of the Radio Committee of the Southern Baptist Convention.

His subject will be, "Victorious Surrender." Mr. Lowe states further that young people in large numbers on college and university campuses, as well as in the churches and homes, are expected to hear his message next Sunday.

Dr. Criswell is successor to the late Dr. George W. Traett of the First Baptist Church of Dallas, Texas, having recently accepted this responsibility, having come from the First Baptist Church of Muskogee, Oklahoma.

His Baptist Hour message will be broadcast next Sunday morning at 8:30 EWT—7:30 CWT, and can be heard in Texas over stations WFAA, KPRC and KGNC.

LOCALS

Mr. and Mrs. E. A. Burgess of Gilliland were business visitors here last Tuesday.

Mrs. E. M. Roberts returned to her home in Amarillo last Friday after visiting relatives and friends here for several days.

Mr. and Mrs. Ernie Reynolds and son of Amarillo visited with relatives and friends here over the week end.

At The Churches

THE METHODIST CHURCH

Don R. Davidson, Pastor
10 a. m. Church School. A class with a welcome for everyone.
11 a. m. Morning Worship. The pastor will bring the message.
6:15 p. m. M. Y. F. Young people will enjoy this fellowship.
7 p. m. Evening Preaching. An informal service you will appreciate.

FIRST BAPTIST CHURCH

It is being stated on good authority that there are 13 million school children in the United States who are not receiving any religious instruction whatever. How many children are there in Munday who are not attending any kind of religious service? Are you, as parents, spending Sunday fishing, hunting, or visiting and taking your children with you, or leaving them to roam the streets or the countryside?

Last Sunday we had 168 in Sunday School. Quite a number of these were too young to belong to the church. So less than half of the present church membership was present. Some were sick, unable to attend. Where were you? The times are too strenuous now for us to be dilatory concerning God's call. We are watching on the wall. The enemy is approaching. The zero hour is now. Get the January issue of The Reader's Digest and read the first article, "Quicken the Spirit Within You." The author's conclusions are eminently correct.

Hear Dr. W. A. Criswell, pastor of First Baptist Church, Dallas, next Sunday morning at 7:30 over WFAA. His subject will be "Victorious Surrender."

Miss Gail Reynolds will bring a special message in song at Sunday morning's service.

W. H. Albertson.

PRESBYTERIAN CHURCH

Regular services will be held at the First Presbyterian church in Munday at 9:30 a. m. next Sunday. Rev. Edward H. Sholl will again be with us and will conduct the services. You are cordially invited to come and worship with us.

Mr. and Mrs. Tom Wood and Mrs. D. C. Eiland and sons, David and Allen, were visitors in Abilene last Sunday.

BENJAMIN METHODIST CHURCH

J. P. Patterson, Pastor
CALENDAR
Preaching Second and Fourth Sundays at 11:00 a. m.
Church school 10:00 a. m. each Sunday.

LANDS IN INDIA

Mrs. Louise Ingram received a letter from her son, T/Sgt. Preston Ingram, Tuesday stating that he had landed somewhere in India, and that 16 letters and two issues of The Monday Times were waiting for him upon his arrival. Preston is serving in the air forces.

Mrs. Charles Northcutt of Oklahoma City, whose husband Lt. Northcutt, was pilot of the plane in which he and Lt. Grady Shytle Jr. were killed, is here for a visit with Mrs. Grady Shytle Jr. The two went to Abilene last Tuesday for a visit with Mrs. Grady Shytle Sr.

When you check over the things you want to buy with those War Bonds you're tucking away, you'll probably find that many of them are Electric.

Electricity will run the machines that make 'em—and run 'em after they're made.

We had plenty of electric power for every war plant and we'll have plenty for expanding post-war production.

We kept the price of electricity low, in spite of war, and you can be sure it'll stay low in peace. The sooner we win the war the sooner we can all enjoy the comforts of electric living.

Let's win the war First.

Hear Nelson Eddy every Sunday afternoon in the brilliant new musical show, "The Electric Hour," with Robert Armstrong's Orchestra, 3:30 CWT, CBS.

Three Munday Boys In Naval Service

Three Munday men are receiving their initial Naval indoctrination at the U. S. Naval Training Center, Great Lakes, Illinois.

Their recruit training consists of instruction in seamanship, military drill and general Naval procedure. During this period a series of aptitude tests will be taken by the recruits to determine whether they will be assigned to a Naval Service School, to a shore station or to immediate duty at sea.

When their recruit training is completed, these men will receive a period of leave. They are: Keith H. Cartwright, 18, son of Mr. and Mrs. L. A. Cartwright, Box 362; George L. Floyd, 23, husband of Doris Floyd, Rt. 1; Hollis R. Welborn, 21, son of Mr. and Mrs. T. W. Welborn, Rt. 2.

Mrs. A. L. Smith is visiting with Mrs. Otis Burnett and children in Fort Worth this week.

Wallace Reid spent the first of this week in Dallas, attending a convention of hardware dealers.

Senior Report

The Seniors are very busy this week trying to decide on a play to put on. They have decided thus far to put on "Mother-in-Law Blues." So keep in touch with this section for further notice.

The boys in Home Ec. took their six weeks exam last Friday and everybody made good. We will have our mid-term test next week.

Sports News

The Eagles played O'Brien in two exciting games last Friday night. The volleyball girls lost to the O'Brien girls after playing two hard games.

The Senior boys playing a conference game with O'Brien won by a score of 49-10.

Junio Class News

This finds us one more week nearer to our mid-term exam. Everybody is doing some extra cramming this week so they can be more prepared for their exams. This half of our school year has past very rapidly and it is hard to realize that we have already been going to school four months and we are nearly ready to begin on our last lap of this school year.

We regret losing Betty and Peggy Hunter from our class but we wish them the best of luck in everything they encounter while at Denton. We hope they have enjoyed going to our school as much as we have enjoyed having them.

We are just about to finish our English workbooks and we are working in diagraming this week. All poetry is due also this week and everyone seems to have his or her head in a poetry book trying to memorize those fifty lines of poetry.

We are expecting our new playbooks any day now and we just want to remind you that we are very sure that our next play "Good Gracious Grandma," will be a big success. We will work on this play until we have it at its height of perfection and then we will present it to the public. The plans are also being made for the Junior and Senior banquet which will be some time in March, we hope.

Sophomore News

Everyone seems to be running around here in a daze. The reason is we're studying for exams even though they are a week off.

Freshmen News

All members of the Freshman class are present today.

We are beginning to have frowns on our faces now because of mid-term exams which are just around the corner.

After mid-term, we are losing three of our wide awake members: Juliette, Robert, and Louise.

We are very glad to have a new member, Mary Bob Hughes of Benjamin, to enter our class.

Eighth Grade News

Billy's aunt, Miss Nora McCarty from Canyon, visited him over the week end.

Miss Frances, visited her sister at Seymour over the week end.

Margie Lee and Marion are absent today.

In history we are studying the "Gold Rush" of 1849 and find that it is very interesting.

We are going to match a volleyball game with Munday soon.

Seventh Grade News

We are glad to have a new pupil in our room. His name is Jimmie Cook. He comes from Bomarton. Billy Jo Samples has moved to Union Grove.

We are going to have mid-term exams next week and we will review this week.

We are just about through with our reading note books on Movie-Making.

Fifth and Sixth Grade News

We have a new pupil, Robert Cook. He comes from Bomarton. We are glad to have him in the fifth grade.

We are learning the North Central States with their capitals in geography.

Gerald Ray Myer's brother, Howard, who has been in the Pacific war theater for more than two years has landed in California. Gerald is waiting anxiously for him to come home.

D. B. and Gerald were best citizens last week.

Third and Fourth Grade News

Charles Everett spent Saturday night with his grandparents, Mr. and Mrs. Beecher in Munday.

Charise Parker spent Sunday at his grandfather's near Goree.

Howard spent Sunday fishing in the Clear Fork.

We are glad to have Emogene back in school. She has been sick.

Kay Leon visited his grandfather and grandmother in Rochester Saturday. He hunted old birds' nests in the pasture.

Goldie Fae's sister, Mrs. Jessie Davis, came from Fort Worth for a visit.

Elaine's uncle, Aubrey Crouch, came from Lamesa yesterday.

First and Second Grade News

Last week Tommie Cook entered our first grade. He had been attending the Bomarton school. We have two more new pupils today, Dorothy and T. J. Watson who have been attending Grapevine school. Dorothy is in the second and T. J. in the first grade. We are glad to have these children.

Claude Larry's daddy went to Dallas last week.

Tommy will be glad when he gets all their cotton gathered so he can study a little more.

Ruthie says her brother, Billy

AUG. 14 21 28 SEP. 4 11 18 25 OCT. 2 9 16

The tragic story of the recent epidemic of infantile paralysis when it hit Chicago is graphically illustrated in this photo of a little victim and the chart showing the rise and fall of polio cases. Much credit for lessening the toll of the epidemic—the third worst in the recorded history of the disease in the United States—goes to The National Foundation for Infantile Paralysis which is supported by the dimes and dollars given by the American people. Many of the 1943's more than 12,000 victims are still patients looking toward the 1944 March of Dimes, January 14-31, for aid. (Photo (c) Chicago Times.)

Bob, is going to work in Amarillo a few days. Billy Bob is attending school in Tech and will resume his work there when classes begin again.

Jerry's cousins, Jerry and Muri Feemster of Brownsville visited here last week. We were glad to have them visit school. Jerry's mother also spent the week end visiting home folks.

Loretta visited with her grandparents in Goree on Sunday.

Dolores, Grace and Ruth made a hundred in reading every day the past week. We hope more children will do that well this week.

The second grade really like multiplying and dividing which we have just recently begun.

Miss Nora McCarty of Canyon is here for a visit with her sister, Mrs. Bryan Cammack, and with other relatives.

Mrs. Travis Martin and daughters of Seymour spent last Sunday here with Mrs. Martin's parents, Mr. and Mrs. M. H. Reeves.

W. A. Baker was in Stamford on Tuesday of last week, where he attended a meeting of Bryant-Link employees.

Mr. and Mrs. J. E. Reeves were in Dallas and Fort Worth the first of last week, visiting with relatives and attending to business matters.

Mr. and Mrs. Gene Tonn of Haskell spent last Sunday here, visiting with Mrs. Tonn's parents, Mr. and Mrs. O. W. Lee.

Mrs. Wade T. Mahan and children, Susan and Wade Tanner, and Miss Elizabeth Turner spent the week end in Wellington, visiting with Mr. Mahan's parents, Mr. and Mrs. J. A. Mahan.

Supt. and Mrs. H. D. Arnold have

Goree News Items

Mr. and Mrs. W. H. Stevens have had word from their son, W. C., who has been serving in the Pacific for a year, that he received injuries some time ago and is being hospitalized. He expects to be returned to the states as soon as he is able to leave the hospital.

Mrs. Betty Spain was a business visitor in Wichita Falls last week.

Mrs. Louis Blankenship has had word from her husband, who is serving with the army ambulance corps, that he has landed safely in England.

Mrs. Rita Jo Cunningham spent some time with her husband, who is with the air force in Florida. She had returned home and is back in the Rita Beauty Shop.

Mr. and Mrs. R. B. Boyles and daughter and husband, Mr. and Mrs. Lester Bowman were Sunday visitors in the home of Mr. and Mrs. Ben Garrett of Padgett.

Pfc. and Mrs. O. B. Roper of Sheppard Field visited with Mrs. Opal Johnson last week.

Mrs. S. M. Claburn has been on the sick list.

The quarterly meeting of the W. M. U. was held at the Goree Baptist church last week with 45 representatives present. A very interesting meeting was held, with interesting reports being made by the various churches represented. Lunch was served at the church.

Mrs. Hubert Blankenship has been on the sick list, but is reported improved.

Mrs. Jerry Peek left last Friday for Lubbock to be present for a family gathering with her parents, honoring a brother who has returned from two years overseas duty.

Supt. and Mrs. H. D. Arnold have

had word from their son, Charles, who has had several months of serious sickness, that he is improving and that he has been transferred to California.

Mrs. Lucy Coursey left last week for Amarillo to visit her son, Seaman Wade Coursey, who is being transferred to New Orleans, La., after being hospitalized since last April for injuries received in line of duty. Seaman Coursey will visit relatives here before reporting at New Orleans.

J. W. Fowler was a visitor in Wichita Falls one day last week.

Capt. Gene Heard was a recent visitor here with his parents, Mr. and Mrs. W. S. Heard.

Mr. and Mrs. Charles Heard and little daughter, Sydney Gay, are here for a visit with Charles' parents, Dr. and Mrs. E. F. Heard. Charles has received his discharge from the service and will soon establish residence. He served his country more than two years.

Mr. and Mrs. Floyd Kirk of Wichita Falls and James Weldon Calaway of Tyler were recent visitors in the home of Mr. and Mrs. J. W. Laningham.

J. W. Laningham made a trip to

Wichita Falls last Friday and brought Mrs. J. R. Manley home from the hospital. She had been there for some time, receiving treatment for an injured limb.

E. J. Crouch celebrated his 81st birthday last week. He says that he doesn't intend to get old. He doesn't use glasses to read with yet, and challenges anyone to beat him fishing.

Pvt. and Mrs. Weldon D. Warren are the proud parents of a son, born at the Knox City hospital January 1. The baby has been named John Weldon. His father is stationed at Fort Riley, Kans.

Mrs. Everett Pruitt and little daughter of Munday were Sunday guests in the home of Mrs. Pruitt's parents, Rev. and Mrs. S. E. Stevenson.

S. W. Reeves and son and daughter, Raymond and Elizabeth, were visitors in the Stevenson home over the week end.

Wade T. Mahan was a business visitor in Seymour last Monday.

Bobbie Gene Burns returned home this week with his mother, Mrs. Lois Burns, from Fort Worth where he underwent treatment for his injured arm.

Mrs. Kathleen Green of Quanah spent the week end here with her parents, Mr. and Mrs. Will Mabry.

Mr. and Mrs. Freddie Crenshaw of Benjamin were business visitors here last Monday.

Legal Notices

NOTICE TO DEPOSITORS

BIDDERS:
 NOTICE IS HEREBY GIVEN, that the Commissioner's Court of Knox County, Texas, will receive bids up to and including 10 o'clock A. M. February 12th, 1945, from any Banking Corporation, Association, or individual Banker, desiring to be designated as County Depository, for the ensuing two years, covering County Funds and Trust Funds. Will there be a FLUE in your modernizing or new home plans?

Modern Gas Heating

requires a FLUE

To eliminate wall sweating and stuffy air a flue is necessary, a flue for venting modern gas heating appliances. Only with heaters that are vented to a flue can you enjoy sought-after gas heating at its best. So make certain that necessary flues are included in your modernizing or new home building plans.

LONE STAR GAS COMPANY

Thank You

For Your Patronage
 And Your Patience

We appreciate the wonderful patronage our friends have given us during the past, and we also appreciate your patience when we could not get your laundry work out just when you wanted it.

We are trying to give you the best service possible under present conditions. We believe you realize this and are patient with us at the times we are snowed under.

We try to keep our machines in a fair state of repair, so those who do their own laundry will have as little delay as possible.

Our every effort is in trying to serve you better, assuring you of a place where you can do your own laundry conveniently, or have us finish your clothes for you. In the future we hope to have the help and space necessary to serve you more promptly.

Martin Laundry

Mr. and Mrs. Tom Martin

A Basic Tractor Principle Proved By 20 Years In The Field!

That first John Deere Model "D," 20 years ago, had only two cylinders. Every John Deere Tractor today, likewise, has only two cylinders. Two-cylinder engine design is one big reason for their popularity.

It wasn't the green and yellow paint—it was the advantages that lay underneath that affected farmers' decisions. The simplicity of design... the rugged construction that assures long life and dependability... accessibility of every working part... the ease of handling... plus economy of operation and low cost of maintenance, which is money in the bank—all the result of two-cylinder engine design.

We are now carrying the largest John Deere repair stock we've ever handled. Also have genuine John Deere sweeps and lister points.

"Mileage Rationing Records" Needed

All operators of passenger cars with basic "A" rations must have "Mileage Rationing Records" to be eligible to apply for any other gasoline rations, the Office of Price Administration points out. Without this important record no motorist may be issued a "B" or "C" supplemental ration. In the recent registration of the nation's 23,000,000 basic "A" ration holders, each registrant was issued one of the mileage record forms. The form replaces the old tire rationing record, on which was kept a list of issued gasoline rations. In cases where a motorist was not issued a mileage rationing record or had his lost or destroyed, he should immediately apply to his local board for a duplicate, OPA states.

A substantial number of the out-

People, Spots In The News

U. S. Bomber Breaks In Two—Bombs tumble from a Liberator bomber after being hit by flak while making its bomb run over Blechhammer, Germany. The fate of crew members is unknown.

"THE SHAPE"—Frances Verne of New York was so named by news photographer. Since her picture has been published, GI's have begged her for copies.

SUPER LENS—This lighted, super magnifying lens, part of first aid equipment at the Teterboro, N. J., Eclipse-Pioneer division of Bendix Aviation Corporation, simplifies the pesky job of removing splinters from workers' hands. Nurse Ruth G. Graglia is performing a "splinterectomy" for Emma Heger.

put of wool trousers and flannel shirts has been set aside for military contracts during the next 90 days. The War Production Board advises. This action has been brought about by increased and urgent army needs for trousers and shirts. They affect 75 per cent of the industry's output of wool trousers and 45 per cent of shirts.

V-Mail Use Urged By Army And Navy

The army and navy are asking all civilians to make greater use of V-Mail in writing to service men this year as a direct help in conserving critically needed transport space and as a means to providing fighting men with more frequent and faster communication from home. Great stress is placed by military officials on the value to soldiers and sailors of frequent letters, which is more possible by the use of V-Mail. The fact that there are more men overseas disallows of the consistent sending of regular mail by airplane and this type of mail is frequently held up for lack of space, the military authorities say. The V-mail filming process assures correspondents of privacy of contents, military postal officials point out.

Cattle Ceiling Expected To Aid Housewife

The Directive of Economic Stabilization Director Fred M. Vinson to place ceiling prices on live cattle should be a boon to housewives and

dealers in helping them to get their fair share of all grades of beef at fair prices, Price Administrator Chester Bowles declares. "Live cattle represented the only important food commodity that was not under ceiling prices," he said. "As prices of better grade animals rose and beef ceiling prices held stable, a large percentage of good and choice grades of cattle went to a majority of slaughterers selling meat above ceiling prices. Legitimate slaughterers and ordinary butcher shops got less than their usual share of quality beef. Our entire program of meat price control was in danger of a breakdown.... price controls on meat have now been strengthened at the starting point—live cattle." As a citation of the value of price controls Bowles pointed out that in this war the price of round steak at the meat market has risen only 11 1-2 per cent whereas in the World War in the same length of time the price advanced over 50 per cent.

Fuel Oil Supply "Touch And Go"

Harold L. Ickes, Petroleum Administrator for War, cautions home heating oil users that stocks are below last year's level and that consumers should avoid excessive consumption that will deplete stocks too rapidly. "For the remainder of the heating season, meeting home-heating oil demands will be strictly touch-and-go. Fuel oil supplies are tight but adequate to meet current rationed demands," Administrator Ickes said. "However, there is not as much fuel oil available this year as there was 12 months ago. That means that over-consumption will make the problem more critical. Furthermore, military requirements have been stepped up, placing a further burden on American refiners."

(Exclusive In Town and Farm) Bonds For Electricity

During the first five years of peace the rural Electrification Administration expects to extend its power lines to 3,500,000 country homes including nearly every farmstead not now electrified. Today approximately 43 per cent of the farm homes are on the high lines.

But to enjoy and profit by the magic of electricity the REA estimates that these farms and TOEHR rural homes must invest \$4,500,000,000 in wiring, plumbing, electrical appliances and equipment. That averages more than \$1,200 per farm. Many farms should spend much more.

So that farmers will have the funds to invest in electricity's "Working Tools" REA is urging them to buy War Bonds now. They point out that a War Bond investment today will "speed the victory and hurry the time when material and labor will be available to construct rural lines. At the same time war bonds will assure the farmer's ability to make the necessary investment in electrical equipment when the time comes to do it."

REA says, "Farmers who have already experienced the help and comfort of electricity will want to increase their investment in electrical equipment and appliances." It is estimated that added investment in electrical equipment by farms already on the power lines will total \$2,500,000,000. "For this purpose," REA adds, "many farmers have been earmarking war

A Tribute To Omer Reid

At a meeting of the Board of Directors of the Farmers Union Cooperative Gin, at the gin office in Munday, Knox County, Texas, Saturday, January 13, 1945.

Upon motion by F. A. Warren, duly seconded by R. C. Partridge, and unanimously adopted by all members of the Board of Directors of the Farmers Union Cooperative Gin, the following resolution was passed and ordered placed on record in the permanent minutes of the Gin:

BE IT RESOLVED by the Board of Directors of the Farmers Union Cooperative Gin:

That WHEREAS God, in His Infinite knowledge, has deemed it wise to call from among us one of our number, Mr. Omer Reid, of Munday, Knox County, Texas;

Now THEREFORE BE IT RESOLVED that we, the remaining members of the Board of Directors of said Farmers Union Cooperative Gin, do affirm that the going of this man is a loss to our Association; that his contributions toward good, though seldom called to attention of anyone except those directly benefitted, were nonetheless real and sincere; that he was one who lived his own life and granted others the same privilege, intruding on no one with intentional offense.

That WE OFFER to the relatives of this member our sincere sympathy and our assurance that we, too, share in this, their loss.

That copies of this resolution be sent to relatives of the deceased and to the press for publication.

IN WITNESS WHEREOF we hereto affix our signatures, as fellow members of the Board of Directors of the Farmers Union Cooperative Gin this 13th day of January, 1945.

J. K. Johnson,
R. C. Partridge,
C. N. Smith,
F. A. Warren.

GUN CONTROL ON B-29

Centrally controlled remote multiple-gun power turrets and pressurized cabins are only two of the many features of the new B-29 Superfortresses, a plane with more electrically operated mechanisms than any previously built. The first

bonds bought from the extra income which electricity is already making possible for them."

bomber with enough fighting power to fly unescorted through a hornet's nest of enemy fighters, the B-29 has five multiple-gun installations. Its central fire control system, produced by General Electric, includes computers which automatically corrects various factors while putting the fire directly on the target. As many as three of the turrets can be controlled and fired simultaneously by a single gunner from a single sight; never before could a gunner control more than one turret.

Women can participate in their greatest role—that of the comforter, companion, and sweetheart—in helping returning servicemen adjust to civilian life, Dr. Harry E. Moore, assistant professor of sociology at the University of Texas, believes. Women should understand, share, and help the servicemen in their problems, he said.

Howell's Floral Shop Will Handle Nursery Stock

Howell's Floral Shop announced this week that they will handle a complete line of nursery stock in connection with their florist business. They will handle the stock of the Wichita Valley Nursery now operating in Munday. Mr. Howell will have two or three truck loads including sixty or seventy different varieties of stock on display this week end.

Munday has felt the need of both a florist and nursery business for some time and that need is to be met here through the combined efforts of Mr. Howell and G. S. Dowell, who is manager of the nursery.

These men invite the patronage of all citizens of this area.

THE OLD JUDGE SAYS...

"Adding another War Bond to your collection, eh, Judge?"
"Yes, Josh, I've always looked upon buying Bonds as one of the best ways older folks like me here at home can help our fighting men overseas. For the past couple of years I've put every extra cent I had into them... not only during the War Bond drives... but on a regular basis. Of course, when there's a drive on I always try to buy an extra one or two."

"We've done the same in our family, too, Judge. We figure the more we buy... the better we equip our men... the quicker they'll finish their big job and come marching home again."
"That's the spirit, Josh. And let's be sure of one more thing. Let's be sure that they come back to the same kind of place they left. While they're away and can't express their opinions, let's not make any decisions on things that are going to concern them in years to come."

The Munday Times

Washington News Letter

By Congressman Ed Gossett

The big item in Congress this week was the President's submission of the proposed budget for the fiscal year beginning July 1. The President recommended that Congress appropriate for the next fiscal year the sum of 83 billions for war and 13 billions for non-war purposes. Our biggest spending year for non-war purposes prior to Pearl Harbor did not run as much as 10 billion dollars. Included in the 13 billions earmarked for non-war purposes is 4 billion 500 million for interest on the public debt, and 2 billion 623 million for veterans benefits.

Congressional committees are now going over the President's proposal for a universal draft of all manpower. Had the President made this proposal two or three years ago it would have been enacted without difficulty. When debate begins on the present proposals a good many ugly facts will come to light.

Notwithstanding a marvelous production record many war industries have hoarded labor. Many feel that but for cost-plus contracts, the 40-hour week, and other forms of profiteering out of war there would be no manpower shortage.

Administration leader Representative Sabath of Chicago, who has served in the Congress for more than 35 years, this week attacked the Army, Navy, and other government agencies for overstaffing and manpower wastage.

According to Labor Department

ducts such as clothing. In France, for instance, there is vast unemployment because raw materials are not available, and this condition is causing bitterness among the French toward America and Great Britain.

France wants locomotives and freight cars to rehabilitate her transportation system. Belgium, Italy, Greece, and Poland are in a similar condition. In fact, liberated countries could now use all of our surplus cotton if we could get it to them profitably.

But the Army is asking for more ships, rather than fewer ships, to move men and supplies to the war theatres, and almost none are available with which to carry civilian goods to the liberated countries. In spite of the huge number of ships which have been launched since the war began, we still do not have enough to meet war demands.

LETTERS FROM THE PEOPLE

The following poem, written by an unknown soldier in the Pacific area, was sent to local relatives by Doyle Dean Johnson, who is serving in the Navy:

AIR RAID

When sharp the whining siren blows
You grab your helmet, shoes and clothes;
You holler air raid and hit the deck,
You bump your head and twist your neck.

High in the sky an engine hums;
He's diving in for his bombing run.
Ack-ack so fast, yet seems so weak;
Across the sky the searchlights sweep.

You hear the screaming, whistling sound;
A little closer you hug the ground.
It's safe to bet if you hear them hit,
Your number's O. K., that wasn't it!

At last the siren sounds all clear,
As you come out for need of air,
And as back to your tent you slowly walk,
A cigarette, and exciting talk.

A lingering look at the beautiful moon,
You think of home and hope that soon
You'll spend such nighttime making love
With no Jap Bettys in the clouds above.

Fixing Up the Farm by BURTON WILLIAMS

Ratproof Cellarway
ONE of the first steps in keeping the home free of rodents, whether in the city or on the farm, is to keep them out of the cellar. Rats and mice often enter through cellarways with wooden steps, sills and earth floors. The sills soon rot or the rats burrow under them. A remedy is to construct the cellarway and floors of concrete, and to protect the doors and sidewalls with asbestos cement board, as in the illustration below.

Rat breeding places usually are found in such spots as beneath wooden floors in barns, corn cribs, granaries and poultry houses, and inside double walls of buildings. Wherever possible, floors and walls should be of ratproof materials.

AMERICAN HEROES

by JULIAN ULLENDORFF

While the SS William T. Coleman was moored beside an ammunition vessel, enemy planes set the latter afire. Radio Operator, James C. Huett, volunteered to sever the lines that held his ship as bursting bombs and blazing gasoline endangered the Coleman. Quickly he completed the hazardous operation for which he was awarded the Merchant Marine Distinguished Service Medal. His ship moved off to a safe distance; the ammunition ship sank. War Bond purchases pay for ships so badly needed to carry on this war.

DETECTS CRACKS IN GLASS

Among the many new interesting applications of photo-electric control produced by General Electric is one to detect cracks in glass food containers. Inspectors sometimes overlook radical cracks occasionally present in the lip of such containers. They usually cause food spoilage. A photoelectric crack detector in combination with a special handling machine replaced the inspector and increased both the accuracy and speed of inspection.

Bank Shareholders Pass Resolution In Atkeison's Death

At a meeting of shareholders of the First National Bank of Munday, held on January 9, 1945, the following resolution was presented and passed:

WHEREAS, Almighty God, in His divine and infinite wisdom has seen fit to take from our esteemed friend, shareholder and director of this bank, W. H. Atkeison;

Now therefore, be it resolved by this shareholders meeting, that, in the death of W. H. Atkeison, that this bank has lost a valued shareholder and director, and the country one of its very best citizens; That in character, integrity and ability, he was worthy of the reputation he bore; That in both his private and public life he furnished an example of living and business dealings, that if followed would raise the social and business standard of our country;

Resolved: That this bank extend to the bereaved family its sincerest sympathy.

Resolved further: That this resolution be made a permanent record in the minutes of the bank, a copy to be furnished to the family of the deceased, and the Munday Times for publication.

Respectfully submitted,
Homer Lee,
C. L. Mayes,
Emmett Partridge,
Committee.

Two County Boys At Florida Base

Two Knox county boys, John T. Parks, son of Mr. and Mrs. A. T. Parks of Goree, and Robert F. Horan Jr., son of Mr. and Mrs. R. F. Horan of Munday, are now enrolled at the U. S. Maritime Service training station in St. Petersburg, Fla.

They are now in their preliminary period of training. During this time they will be given general courses in first aid, firefighting, lifesaving, general seamanship, physical development, mental fitness, etc.

Upon completion of basic training, they hope to enter the engine

Sgt. Jerry Kane left last Tuesday for his post of duty at Laredo, Texas, after spending a furlough with relatives and friends here. He was transferred to Laredo from Fort Myers, Fla.

department, where they will take up such subjects as rigging, general principle of steam, boilers, engines, gunnery, and other practical subjects needed to prepare a seaman for career in the U. S. Merchant Marine.

ATTENTION FARMERS!

The purpose of this advertisement is to assist you in disposing of your surplus tractors and other farm machinery. We have a plan that will, in our opinion, render service to you and to those who wish to buy used farm machinery. If you will call at our store and give us a list of what you have to sell, together with the price we will contact a prospective buyer, most of which will be from out of town. It will be our intention to get the price that you place on the items you want to sell and you will in no way be obligated to us by listing your machinery with us. If you have a chance to sell it any time before we produce a buyer it will be of no inconvenience to us. We will make no charge for this service. On the other hand, if we can sell above the price you ask we will consider this amount our profit. If you should call at our store, please see Mr. H. B. Stubblefield or Mr. Woody Burney.
