KEEP ON... Backing the Attack! WITH WAR BONDS

VOLUME 40

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, MAY 31, 1945

NUMBER 48

## Gilliland Is First Over With Her Bond Quota

### Rest Of County Is Lagging Behind

"Over the top with her Mighty Seventh War Loan!" That's the report made this week by Gilliland, the first and only community in the county to thus far subscribe her entire quota. "Gilliland went 'way over,'" said W. E. Braly, county bond chairman, Thursday morning.

The overall quota for Gilliland was \$20,000.00, while her Series E bond quota was \$12,400.00.

As the war bond drive is advancing into its fourth week, Mr. Braly reported that the remainder of the county is lagging far behind. During these busy times, it becomes

## KNOX COUNTY 43RD IN SALE OF SERIES E BONDS

The weekly bulletin from Fort Worth region, War Finance Committee of Texas, has listed the percentage of sales for Series E Bonds at the close of business on May 24. Knox County went from 53rd place to 43rd place in Texas for this report, having listed 26.08 per cent of her quota.

Borden county was at the top of the list, with 105.57 per cent sold. "Your country is still at war—are you?"

the duty of everyone to purchase his limit in war bonds without solicitation. No one has the time to make a thorough solicitation and canvases of the county communities.

Knox county has gone over in every other war bond drive, and she must put the "Mighty Seventh" over the top. We're avenging the gallant Americans who failed to complete the "Death March from Bataan," and we're doing our home front part toward final victory over the Japs when we make our purchases in the "Mighty Seventh."

## 56 Registrants Reclassified By County Board

Knox county registrants reclassified by the local board on Tuesday, May 29, are as follows:

Class 1-C, Ind.: Riley D. Bell, Cleburn T. Gray, Thomas L. Nesbitt, Jr., Gene W. Harrell, Lee H. Ford, Earnest E. Barnett, Albin A. Homer, Dudley M. Abbott, Philip H. Bruggeman, Albert N. Andrea, Jr., Arnold E. Kitchens, Marvin Stovall, Blaz Sosa, Jackson A. Brewer, James R. Turner, and Walter P. Coody.

Class 1-C, Disc.: George W. Wardlow, Bruce C. Burnett, David I. Pierson, Jessie W. Moore, Emil G. Navratil, James L. Henderson, Emmett F. Ray and John B. Broach, Jr.

Class 2-A: C. B. Harper, Rex A. Patterson, Lee V. Elliott, Orval W. Kennedy, Fay J. Killian and Virgil J. Peck.

Class 2-A (F): Carl C. Kilcrease. Class 2-B: Horace L. Mitchell, Oscar L. Jackson and J. T. Smith.

Class 2-C: John W. Patton, Orval A. Burgess, Robert S. McPherson, Vincent F. Albus, James N. Bryant, James C. Gaither, Henry C. Bowman, and Willie I. Ferguson.

Class 4-F: J. D. Redwine, Jack P. Bell and Othel A. Honnell.

Class 4-A: John A. Kilgore, Horace D. Warren, Jr., Tom M. Thomas, William R. Fought, Malcolm I. Shipman, Durman C. Smith, Walter E. McNeill and Walter C. Richardson.

The following are cases forwarded on appeal:

Frank H. Tankersley, appealed May 3; Wyman P. Meizer, employer appealed May 16; Lester D. Morin, appealed May 3; Alfred A. Vickery, employer appealed May 11, and Earnest W. Duke, employer appealed May 22.

## LOANS ANNOUNCED ON 1945 OAT CROP

The AAA office in Benjamin announced Wednesday morning that loans from 51 cents to 56 cents per bushel will be made on the 1945 oat crop. This work came from College Station by telephone Wednesday.

Further details concerning the loan will be available within the near future, it was stated.

## Knox County Hospital Notes

Patients in the Knox County Hospital May 29, 1945:

Mrs. Chas. Hughes, Knox City. Oscar Short, Benjamin. L. C. Williams, Rule. Desmond Nunez, Knox City. A. Havran, Munday. Billy Vaughn McNellie, Rochester.

Gene Klutts, Jr., Knox City. Mrs. N. J. Pollock, Munday. W. A. Holt, Benjamin. Ellen Sue Reister, Goree. T. A. Holcomb, Rule. Fannie Barrett, Knox City. Mrs. J. B. Gore, Vera.

Mrs. Agnes Winchester, Weinert. Mrs. Annie Bell Roberts, Knox City. Mrs. Nora Hinton, Rochester. Mrs. Billy Bob Shipman, and baby son, Vera.

Patients Dismissed Since Tuesday, May 22, 1945:

G. L. Hunter, Munday. Mrs. G. A. Webster, Crowell. Gilberta Nunez, Knox City. Mrs. Ira Hester, O'Brien. Mrs. Jimmie Lou Rutledge, Knox City.

Mrs. Clifford Ohr, Truscott. Mrs. W. E. Hammack, Munday. Mrs. Claud Reed and baby daughter, Knox City. Jimmie Best, Haskell. Mrs. Herman Floyd and baby son, Munday.

Mrs. A. A. Farley, Vera. Benton Bedell, Crowell. Mrs. Chas. Durham, Knox City. Ann Lowrey, Rochester. Kenneth Wheeler, Rule.

Mrs. Johnnie Michels, Munday. H. L. Spikes, Grand Prairie. Mrs. F. A. Johnston, Munday. Mrs. A. E. Lary, Benjamin. Miss Lola Jones, Munday. Linda Beavers, Benjamin. W. A. Davis, Rochester. Joe Smith, Crowell. Kathryn Rogers, Bomarton. Charlie Rogers, Bomarton. Martha Rogers, Bomarton.

Births: Mr. and Mrs. Billy Bob Shipman, Vera, a son. Mr. and Mrs. Herman Floyd, Munday, a son.

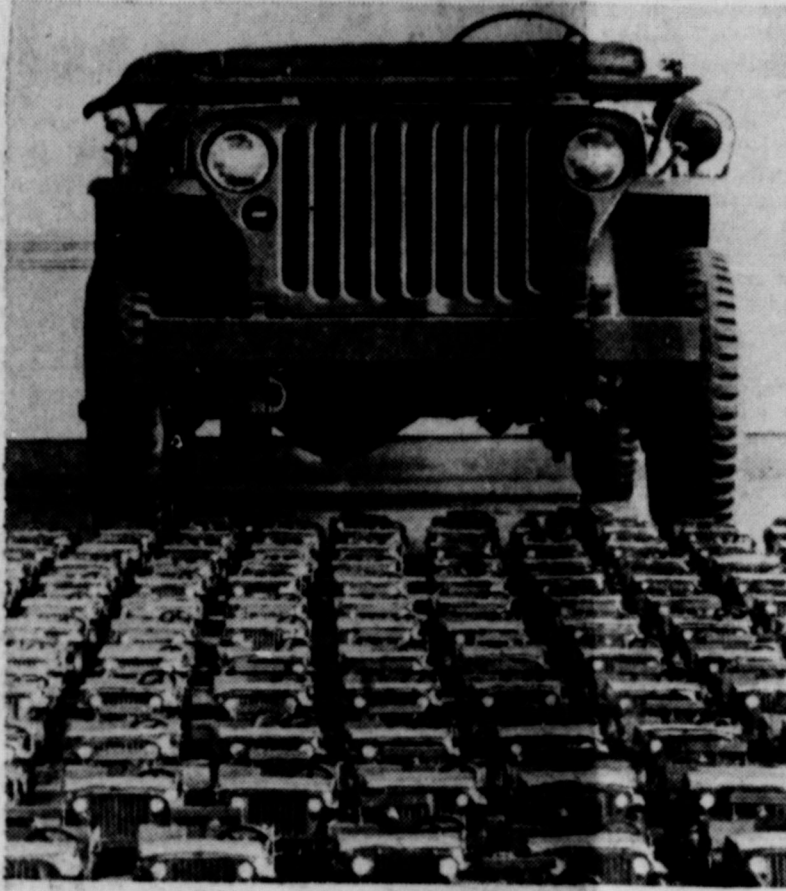

## Cpl. Joe Weber Gets Good Conduct Medal

Cairo, Egypt, May 18, 1945—Corporal Joe L. Weber, son of Joe L. Weber, Sr., of Goree, Texas, was recently awarded the Good Conduct Medal in ceremonies held at a North African airbase in French Morocco. He is a graduate of Goree High School and did some farming for a while prior to his entering into the service in October 1942.

Since August 1943, Cpl. Weber has been serving overseas with the 309th Depot Repair Squadron, performing the duties of an aircraft rigger on various types of aircraft. Cpl. Weber is also authorized to wear the European-African-Middle East Theater ribbon.

Mr. and Mrs. Ben Browning of Fort Worth visited relatives and friends here over the week end. They were accompanied home by Mr. Browning's sister, Miss Ruth Browning, who will go from there to Orange to spend the summer.

## Texas War Bond Champs To Win Model "Jeeps"

Miniature "Jeeps", shown in the picture with a real Jeep, will be awarded as prizes throughout Texas for outstanding bond selling jobs in the state during the Seventh War Loan Drive. Exact scale replicas of the war Jeep manufactured by Willys-Overland Motors, the models were built especially for use in the campaign by wounded servicemen at Army convalescent centers. The auto company supplied the hospitals with the materials and paid the veterans for each model they produced.

## Rochester Youth Killed In Action In Philippines

The War Department notified Mr. and Mrs. J. D. Smith of Rochester on Wednesday of last week that their son, Pvt. Millard Smith had been killed in action on Luzon on April 25.

Smith was serving with the infantry and had not been overseas but a short time.

Besides his parents, he is survived by his wife and three daughters, who reside at Rochester; a brother, Joe Smith, who is serving in the Pacific, and several sisters, one of whom is Mrs. Lois Owens of Munday.

Mrs. Robert Green and children spent the week end in Wichita Falls, visiting with relatives.

## Weather Report

Weather report for the period of May 24th to May 30th, inclusive, as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

|        | Temperature |      |
|--------|-------------|------|
|        | LOW         | HIGH |
| May 24 | 67          | 91   |
| May 25 | 68          | 99   |
| May 26 | 73          | 98   |
| May 27 | 70          | 100  |
| May 28 | 71          | 97   |
| May 29 | 70          | 96   |
| May 30 | 67          | 93   |

Rainfall to date this year, 8.24 inches; rainfall to this date last year, 8.85 inches; rainfall since Nov. 1st, 1944, 12.31 inches.

## Pinup Baby Given War Bonds

THE WINNER—Little 15-month-old Harolyn Cheryl Meyer of Trenton, New Jersey, official pinup girl of the USS New Jersey, was made \$3,200 richer in War Bonds through donations by the crew of the USS New Jersey for use in obtaining her future education. Governor Walter E. Edge made the presentation. The child's father, an Army Air Corps pilot, is a prisoner of war in Germany. He has never seen his little beauty-queen. She is held by her mother, Mrs. Harry C. Meyer.

## Many Combines Arrive Here For Wheat Harvest

Forty-three combines and thirty-three trucks from Kansas, Oklahoma, Nebraska and the Panhandle of Texas came to Knox county for the wheat harvest. This number of combines was more than was needed to harvest the small grain crops. Nine of this number of combines have been directed to other areas in McCulloch county and Young county.

The thirty-three trucks in most cases, have been able to find employment and it is expected that all grain elevators in the county will receive a deluge of wheat by the end of the week, or at least by the early part of next week. The small grain crop in the North Plains has gone to the bad within the past few weeks and as a result more out of county combines have arrived in Knox county than was expected.

Custom combine operators who have written the County Agent, R. O. Dunkle, for information, have been advised that we already have more combines than will be required to take care of the harvest. This co-operative combine harvest program has worked very efficiently and all farmers as well as combine operators have co-operated in a very splendid manner, and we appreciate very much the interest every one has shown in helping to work out the small grain harvesting program.

## Rhineland Has Observance of Memorial Day

On Wednesday, May 30th, the members of St. Joseph's Parish in the Rhineland community commemorated their war dead with fitting ceremonies. At 7:30 a. m. Rev. Herman Laux, O. S. B., the pastor, celebrated a Requiem High Mass for the repose of the soul of Richard Albus, with a commemoration of all who have given their lives in this war.

After the mass the Lone Star band and the parish choir assembled in front of the church and rendered "Onward Christian Soldiers." Then the parishioners, preceded by the scolytes, formed a procession to the cemetery adjacent to the church grounds. The procession passed while a flag was placed on the grave of Alois Urbanzyk. The band played a short number and Louis Urbanzyk recited, "In Flanders Fields." Father Herman blessed the grave and the choir sang "Pray For The Dead."

The procession resumed its march proceeding to the grave of Father Columban, a former pastor. Respectful commemoration was made of Pvt. Paschal Peysen, Richard Albus, and Matt Kreitz, Jr. After a recitation, "Our Boys," by Elaine Kreitz, Mr. Peter Loran sounded taps. The choir then gave a polyphonic rendition of "Funeral Song." The pastor, Father Herman, spoke briefly on the significance of the supreme sacrifice that some of the Rhineland boys have been called upon to make. After this he placed a basket of flowers at the foot of the Crucifix while the choir sang, "Jesus, Savior of My Soul." Father Herman also placed a bouquet of flowers on Father Columban's grave.

As the procession reformed the band played "Nearer, My God, To Thee." Enroute to the front of the church the congregation recited the Rosary in memory of the dead. The program was concluded after the choir and the band rendered "Star Spangled Banner," at the gateway in front of the church.

## NEW BOOKS ADDED TO LIBRARY; OPEN DATES ANNOUNCED

Some thirty new books were added to the Munday Public Library during a recent book shower, those in charge announced this week.

During the summer months the library will be open to the public on two afternoons each week. Beginning with last week, it is open on Wednesdays and Saturdays from 2:30 to 4:30 p. m.

## HOME ON FURLOUGH

S/Sgt. Derald G. Gray, son of Mr. and Mrs. R. D. Gray, who has been serving overseas for some time, has been returned to the states and came in this week to spend a furlough with relatives and friends at Munday.

Acme Photo

Winner of the Silver Star for gallantry and intrepidity in action aboard the aircraft carrier Franklin when she was bombed off Kyushu, Chaplain G. Weldon Gatlin of Fort Worth, Tex., told Methodist church officials in New York, recently, that he stayed with the ship, although injured, to keep men "in touch with God." A member of the Methodist Central Texas Conference, Chaplain Gatlin served the church at Grandview, Tex., before entering the Navy chaplaincy two years ago.

## Spann's Tailor Shop To Close For Repair Work

John C. Spann, owner of the Spann Tailor Shop, announced Wednesday that the shop will close on Saturday night in order to make necessary repairs to the machinery and to remodel the interior of the shop.

All persons having clothes in the shop are requested to get them by Saturday night, as they may not be able to get their clothes while the shop is closed. No more clothes are being accepted for cleaning and pressing.

Mr. Spann will announce the date for reopening the shop when the repair work is completed.

## Sgt. Newton Riley, Released From POW Camp, Is Now Home

S/Sgt. Newton E. Riley, son of Mr. and Mrs. S. O. Riley of this city and husband of Mrs. Betty Jo Riley of Borger, Texas, has returned home on a 60-day furlough after being a prisoner of war in Germany for ten months.

Sgt. Riley was a gunner-engineer on a B-17 based in England prior to June 21, 1944, when his plane was hit by a flak while on a mission over Berlin, causing the plane to catch fire and the crew had to bail out.

Sgt. Riley was entered at Stalag Luft IV in Pomerania until the first of January, 1945, when his compound was started marching nearer the central part of northern Germany in order to keep ahead of the rushing Russians. He was liberated on April 18th by the British, and from there was flown to a hospital in England. He has since been returned to the United States and to the McClosky General Hospital at Temple, Texas, where he will return for reassignment after his furlough.

## Keep Up With Rationing

### REMINDERS

MEATS, FATS—Red stamps Y5, Z5, and A2 through D2, expire June 2; Red stamps E2 through J2, expire June 30; Red stamps K2 through P2, expire July 31. Red stamps Q2 through U2 validated May 1, expire August 31.

PROCESSED FOODS—Blue stamps H2 through M2, expire June 2; Blue stamps N2 through S2, expire June 30; Blue stamps T2 through X2, expire July 31. Blue stamps Y2, Z2, A1, B1, C1, validated May 1, expire August 31.

GASOLINE—A-15 coupons good for four gallons.

SUGAR STAMPS—Stamp 35, expires June 2. Stamp 36 validated May 1, expire August 31.

FUEL OIL—Period 1, 2, 3, 4, 5 coupons, good for ten gallons per unit, continue valid throughout the country for the rest of the heating year.

SHOES—Airplane stamps 1, 2, and 3 in book three, good indefinitely.

## Terry Hotel Owners Retiring From Business

### New Management To Take Charge On June First

Mr. and Mrs. J. M. Terry, beloved pioneer hotel owners and operators in Munday, announced this week that they are retiring from active business. On June 1, the management of the Terry Hotel and Coffee Shop will be turned over to their son-in-law and daughter. Mr. and Mrs. W. B. Payne.

The Terrys have been in business in Munday for 44 years, practically all of which time has been spent in the hotel business. They have had two hotels destroyed by fire during this time. In 1920 they erected the present Terry Hotel and Coffee Shop and have been active in managing the business for the past 25 years.

"We sincerely appreciate the business extended to us during our 44 years in Munday," Mr. Terry said, "and the many friendships which have been ours to enjoy during this time. We solicit your continued patronage for the new management.

"We love Munday, and we love her citizens. It is our plan to retire from active business, move into our home which we purchased some two and one-half years ago, and to continue to make Munday our home. We will continue to be citizens of the town and hope to always although retiring from active life."

Quite a bit of repair work and remodeling has been done to the hotel and coffee shop, and Mr. and Mrs. Payne expect to have the coffee shop open for business this week. The coffee shop has been closed during the past week for this repair work.

Mr. and Mrs. Payne are well known in Munday, and they feel that in taking over this business they are just coming home to be associated with their many friends here.

## Wayne Lambeth Is Survivor of U. S. Ship, Reid

Wayne Lambeth, gunner's mate second class and son of Mr. and Mrs. John Lambeth of route one, Goree, was one of the survivors of the U. S. S. Reid, which was sunk on December 11, 1944. Following is commendation which Lambeth received from his commanding officer:

1. The meritorious conduct and bravery under fire which you displayed in action on 11 December, 1944 is deserving of special recognition.

2. Although the Reid was sunk, she went down fighting and left behind a record of which we may always be proud. Only those of us who serve in her can know and appreciate the many sacrifices and contributions, made by all hands, that resulted in such a memorable record. She was a good ship because she was sailed and fought by good men.

3. I am convinced that your personal loyalty and devotion to duty during the many long hard hours of work and frequent difficult and dangerous missions were a material contribution to our ship's fine record. Therefore, I extend to you my sincere appreciation for your fine service, and commend you for a job that was truly "Well Done."

4. A copy of this letter will be attached to your record.

S. A. McCornock  
On October 15, 1944, Lambeth received a commendation for his action as gun captain of Gun No. 2 during Japanese attacks on the ships as it was participating in U. S. landings in enemy held territory.

## DYKE IS RELEASED FROM U. S. AIR FORCES

James P. Dyke, who has served nearly 8 months as a pilot overseas, recently received his release from the U. S. Air Force. The release came as he was stationed at the Portland, Ala., Air Base.

Dyke has been placed on the inactive status, and is subject to call on 48 months notice. He and Mrs. Dyke came in last week from Walters, Okla., where they visited his mother, Mrs. Glenna Dyke, for a few days and are visiting Mrs. Dyke's parents, Mr. and Mrs. W. V. Tiner.

# EDITORIAL PAGE

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On."

## FARM-TO-MARKET ROADS

Recently enacted Federal legislation has authorized funds for extension and improvement of secondary roads in the immediate postwar era. This Federal aid must be matched dollar for dollar by the states. If state laws do not permit such participation, they must be amended before the states can share in the Federal funds. The spread between the cost of operating over the good roads and over bad is far greater than the average person realizes.

For an idea of just how much difference there is in the cost, the National Rural Letter Carrier's Association has made available some remarkable figures. Thirty-two thousand rural carriers drive daily 1,800,000 miles. Most of this tremendous mileage is on secondary or farm-to-market roads. Records kept by carriers in Indiana and Iowa show the operating cost per mile for earth roads to be 7.8 cents; gravel roads, 4.5 cents; pavement, 3.8 cents.

Bad roads are an impressive economic waste and are an unanswerable argument for practical postwar road construction. You can hardly blame the rural letter carriers for being unanimous in favor of improving the highways they have to travel.

There are still 42 per cent of America's farms on dirt roads. Better rural roads will speed up shipment from farm to city and help hold down food costs.

## FULL STEAM AHEAD

The efficiency of private enterprise in the United States is shown by the speed with which it implemented our nation for total war. Not only did we equip our own forces, but while so doing, we supplied a large part of the armament for our Allies.

Take oil for example. In addition to furnishing all oil requirements, the petroleum industry perfected methods for producing high-test gasoline for our super planes and bombers, in quantities never dreamed of by our enemies. It was able to do this because as a competitive enterprise it was constantly on the alert and one jump ahead of demands made upon it. Now, instead of planning to rest on its laurels for a breathing spell when the war is finally won, the American oil industry is preparing to meet even greater demands from the American consumers than the war called for. Oil companies have already announced plans for the expenditure of hundreds of millions of dollars for drilling, construction and modernization.

This is a private enterprise. No waiting for government appropriations. No waiting while politicians wrangle over how, where and when to expand an industry. Instead, action when it is needed for the consuming public, without any drain on the taxpayer for costly government projects. The people of the United States should be thankful that they live in a land of private enterprise.

## COMMON SENSE AT LAST

Writing in Harper's Magazine, C. Hartley Grattan says factories cannot supply all the millions of persons in the armed forces and war production, but that this need not cause despair, for the first essential of a healthy postwar economy is that workers be properly distributed—a larger proportion in service industries than in factories.

Service industries must be given every opportunity. They include the wholesale and retail trade, transportation, communications, utilities, farming, bankers, brokers, insurance people, office workers, hotel keepers, domestic servants, teachers, publishers, newspapers, advertising, radio, amusements, all professional people, etc.

Mrs. Grattan is correct. You can't build a peacetime economy on a wartime foundation.

## MORE GOODS, LESS COST, MORE JOBS

In order that business may thrive, a favorable government attitude toward it must prevail. Our intricate economy can be thrown out of gear when industry is subject to harassing restriction and when profits, the mainspring of employment, are under constant attack.

Policies of organized labor should work for greater productivity. As a matter of self interest, labor organizations should shun rules which impose limitations upon output.

Management is the initiator and job-maker under a system of private enterprise. Its chief economic objective should be more goods for more people at less cost.

Real Estate Salesman: "Would you like to see a model home?"

Prospect: "Glad to, what time does she quit work?"—The Railroad Journal.

## THE MUNDAY TIMES

Published Every Thursday at Munday

J. W. Roberts, Editor, Owner and Publisher  
Aaron Edgar, News Editor

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

Subscription Rates: In first zone, per year \$1.00; In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

## MORE THAN FLATS NEEDED NOW

With all due respect to the need in wartime for rigid rules and regulations covering retailing and manufacturing, one is simply staggered at the restrictions and orders under which not only the largest but the smallest retail stores must try to operate.

But the retail industry is like the human body—it seeks to perform its functions even under the most critical conditions. Only individuals with great vitality can survive many of the epidemics that afflict the human race, and only stores with exceptional management can meet "epidemic" regulations.

A late news report says government regulations have become such a problem in retail store operations that the National Retail Dry Goods Assn. has appointed a seven-man committee to study and report on all aspects of the problems covered by government actions.

As all production which employs labor depends on retail distribution for its success, no phase of the reconversion program will be more important than the attitude of government agencies toward retailers. It will take more than bureau trials to move goods.

## THE STUMBLING BLOCK

In the feverish haste to progress, civilization goes through an abundance of trial and error. Often a great stumbling block to individual independence has been government planning for streamlined living, on the theory that government can standardize a man's life and bring benefits to him by the way of a rigidly controlled economy. This inevitably leads to government ownership of enterprise and property. As a consequence, the man in civilian life is reduced to the status of a dependent on government, when all through mankind has struggled to be free.

A politically planned economy for individual living is the egg that hatches dictators. It is the enemy of free men. When will it be realized that the individual cannot reach his highest destiny under government domination? Mankind must preserve free institutions in order to be free.

Will the stumbling block always prevail, or will it be cast aside to make the way clear for an unfrustrated future civilization, free of periodical "dark ages" such as we have been passing through when unchecked government power crushed whole nations?

## HANG TOGETHER—OR HANG SEPARATELY

Representatives of organized labor and the United States Chamber of Commerce have announced a "peace charter" to prevent strife between management and labor when the nation's economy contracts to a peacetime basis. The document recognizes the "inherent right and responsibility of management to direct the operations of an enterprise." It supports "private property and free choice of action, under a system of private competitive capitalism." It supports the right of labor to organize and engage in collective bargaining. It calls for the establishment of an international organization capable of assuring lasting peace.

This is constructive, statesmanlike action. Every workman and every business man should do his best to make it bear fruit. Continued labor-management strife will inevitably result in total and permanent government control of both.

Father: Wasn't that young Jones I saw downstairs last night?

Daughter: Yes, Dad.

Father: I thought I issued an injunction against you seeing him any more?

Daughter: Yes, Dad. But he appealed to a higher court—and Mother said, "Yes."

WAC (on first trip to sea): "Captain, is this a good ship?"

Captain: "Why, madam, don't you know this is her maiden voyage?"—The Burning Question.

## CONSTITUTIONAL AMENDMENTS

S. J. R. No. 8

### A JOINT RESOLUTION

PROPOSING AN amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members; prescribing their qualifications; and providing for their election, tenure of office and compensation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2 of Article 5 of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Article 5. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; provided, that when the business of the court may require, the court may sit in sections as designated by the court to hear argument of causes and to consider applications for writs of error or other preliminary matters. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this state, and unless he shall have attained the age of thirty-five years, and shall have been a practicing lawyer, or a lawyer and judge of a court together at least ten years. Said Justices shall be elected (three of them each two years) by the qualified voters of the state at a general election; shall hold their offices six years, or until their successors are elected and qualified; and shall each receive such compensation as shall be provided by law. In case of a vacancy in the office of any Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for state officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the state. The Justices of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. The Judges of the Commission of Appeals who may be in office at the time this amendment takes effect shall become Associate Justices of the Supreme Court and each shall continue in office as such Associate Justice of the Supreme Court until January 1st next preceding the expiration of the term to which he has been appointed and until his successor shall be elected and qualified."

Section 2. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the fourth Saturday in August, 1945, at which election each voter opposing said proposed amendment shall scratch off the ballot with a pen or pencil the following words printed on said ballot:

"FOR the amendment to the State Constitution providing for a Supreme Court of nine members";

And each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot:

"AGAINST the amendment to the State Constitution providing for a Supreme Court of nine members."

If it appears from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the State Constitution.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Section 4. The provisions of this Constitutional Amendment shall be self-enacting, and if a majority of votes at said election shall be cast for same the Governor shall, within thirty (30) days after said election, issue a proclamation declaring this Amendment to be a part of the Constitution of Texas.

47-4tc.

H. J. R. No. 11

### HOUSE JOINT RESOLUTION

PROPOSING AN Amendment to the Constitution of the State of Texas so as to provide for continuous salary per diem of all members of the Legislature during their tenure of office.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 24 of Article III of the Constitution of Texas be amended so as to hereafter read as follows:

"Section 24. Members of the Legislature shall receive from the public Treasury a per diem of Ten Dollars (\$10) per day during their tenure of office. In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) for each twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel by land, regardless of railways or water routes; and the Comptroller of the State shall prepare and preserve a table of distances to each county seat, now or hereafter to be established; and by such table the mileage of each member shall be paid; but no member shall be entitled to mileage for any extra session that may be called within one day after the adjournment of any regular or called session."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, A. D. 1945, at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing for continuous salary per diem of all members of the Legislature during their tenure of office" and

"AGAINST the Constitutional Amendment providing for continuous salary per diem of all members of the Legislature during their tenure of office."

Each voter shall mark off one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Section 4. The provisions of this Constitutional Amendment shall be self-enacting, and if a majority of votes at said election shall be cast for same the Governor shall, within thirty (30) days after said election, issue a proclamation declaring this Amendment to be a part of the Constitution of Texas.

47-4tc.

H. J. R. No. 13

### HOUSE JOINT RESOLUTION

PROPOSING AN amendment to the Constitution of the State of Texas, amending Sections 51a, 51b, 51c, and 51d of Article III so that the same shall consist of one section to be known as Section 51a, providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to actual bona fide citizens of Texas who are needy aged persons over the age of sixty-five (65) years, needy blind persons over the age of twenty-one (21) years, and needy children under the age of sixteen (16) years; providing for the acceptance of financial aid from the Government of the United States for such assistance; providing that the payments of such assistance from State funds shall never exceed either the payments from Federal funds or a total of more than

thirty-five Million Dollars (\$35,000,000) per year; providing for the necessary election, form of ballot, proclamation, and publication, and making an appropriation to defray the necessary expenses of proclamation, publication, and holding the election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Sections 51a, 51b, 51c, and 51d of Article III of the Constitution of the State of Texas be amended and the same shall hereafter consist of one section to be numbered 51a, which shall read as follows: "Sec. 51a. The Legislature shall have the power, by general laws to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may be deemed expedient for assistance to, and for the payment of assistance to: "(1) Needy aged persons who are actual bona fide citizens of Texas and who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any State supported institution, while such inmate, or to any person who shall not have actually resided in Texas at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application. "(2) Needy blind persons who are actual bona fide citizens of Texas and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any State supported institution, while such inmate, or to any person who shall not have actually resided in Texas at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application. "Needful children who are actual bona fide citizens of Texas and are under the age of sixteen (16) years; provided that no such assistance shall be paid on account of any child over One (1) year old who has not continuously resided in Texas for one (1) year immediately preceding the application for such assistance, or on account of any child under the age of one (1) year whose mother has not continuously resided in Texas for one (1) year immediately preceding such application. "The Legislature shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer not inconsistent with restrictions herein set forth; provided however that the amount of such assistance out of State funds to each person assisted shall never exceed the amount so expended out of Federal Funds; and, provided further that the total amount of money to be expended out of State funds for such assistance to the needy aged, needy blind, and needy children shall never exceed the sum of Thirty-five Million Dollars (\$35,000,000) per year. "Should the Legislature enact enabling laws and provide an additional appropriation hereto in anticipation of the adoption of this amendment, such Acts shall not be invalid by reason of their anticipatory character. "Sec. 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of Texas at a special election to be held throughout the State of Texas on the 25th day of August, 1945, at which election there shall be printed on such ballot the following clause: "For the amendment to the Constitution giving the Legislature the power to set up a system of payments of old age assistance to those above sixty-five (65) years of age; provided that monthly payments from State funds to any one person may be in valid amounts based on need, that the maximum payment per month per person from State funds shall not be more than Twenty Dollars (\$20) per month; giving the Legislature the power to set up a system of payments for the needy blind persons over twenty-one (21) years of age; giving the Legislature the power to set up a system of payments to needy children under sixteen (16) years of age; providing for the expenditure of funds from the Federal Government; limiting the total amount which may be expended for such

assistance out of State funds; and providing conditions as to residence within the State in order to become eligible to receive assistance."

"Against the amendment to the Constitution giving the Legislature the power to set up a system of payments of old age assistance to those above sixty-five (65) years of age; provided that monthly payments from State funds to any one person may be in valid amounts based on need, that the maximum payment per month per person from State funds shall not be more than Twenty Dollars (\$20) per month; giving the Legislature the power to set up a system of payments for the needy blind persons over twenty-one (21) years of age; giving the Legislature the power to set up a system of payments to needy children under sixteen (16) years of age; providing for the expenditure of funds from the Federal Government; limiting the total amount which may be expended for such assistance out of State funds; and providing conditions as to residence within the State in order to become eligible to receive assistance."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the Laws of the State of Texas.

Sec. 4. The sum of Five Thousand Dollars (\$5,000) or so much thereof as may be necessary is hereby appropriated out of the funds of the Treasury of the State, not otherwise appropriated, to pay expenses of such publication and election.

## Washington News Letter

By Congressman Ed Gossett

Washington, D. C. May 25.—As this is being written the House is still debating an extension of the Reciprocal Trade Agreements Act. This is a complicated and highly important piece of legislation. Old timers will recall that the tariff used to be the big issue between the Democratic and Republican parties. The Republicans contended for high tariffs to protect American industries from competition with imported goods. The Democratic party, on the other hand, contended for low tariffs to benefit American consumers and the country as a whole.

Following the World War I, instead of decreasing tariffs and promoting world trade, we increased tariffs and then loaned large sums of money to foreign countries. The necessary stopping of these loans, together with exceedingly high tariffs, is alleged to have been one of the chief causes of the collapse of 1929. In 1934 the first Reciprocal Trade Agreements Act was passed as a substitute for the old political, log-rolling methods of writing tariff bills.

Under the Reciprocal Trade Agreements Act the administration, through the Department of State, Commerce, the Tariff Commission and other government agencies, started out to make trades or contracts with other nations as to duties and quotas on imports and exports. This act was renewed in 1937 and has been twice renewed since. It has authorized the President to cut duties by as much as 50 per cent. Between 1934 and 1939 our exports to trade agreement countries rose 63 per cent while our exports to non-trade agreement countries rose by only 32 per cent. We now have trade agreements with 28 countries.

In order of importance our best customers in 1937 were: United Kingdom, Canada, France, Mexico, Belgium, Argentina, the Netherlands, and Cuba. Japan was our only leading customer with whom we did not have a trade agreement.

I have always voted for the Reciprocal Trade Agreement Acts, and will vote for the present extension, although I should like to see certain protective amendments adopted. Independent oil men are afraid of oil imported by large major companies who own vast holdings in foreign lands. Cattle men are afraid of competition from Mexico, Canada, and Argentina. They say over half the land acreage of America grows grass and is adaptable only to cattle raising. Our cattle population in 1940 was 68,800,000 while our cattle population now is 81,760,000. Argentina has over 31 million head of cattle.

Lieutenant Colonel J. E. Brinkmeyer was a recent guest at a Texas Delegation luncheon. He was rescued from the Jap prison camp

at Cabanatuan. In civilian life he was an officer in the Fort Sam Houston National Bank, and the Japs used him as paymaster in the camp. One day they found Brinkmeyer's name on an American bill which had been issued by the Fort Sam Houston Bank. After comparing his signature with that on the bill, they showed him great deference, thinking he issued American money. For the first time with in a year the main item on the luncheon menu unfortunately was rice. We apologized to Col. Brinkmeyer for this unhappy coincidence. He pretended to love that item of food, saying seriously, prisoners liked it best when it was wormy, the worms furnished both flavor and nutrition.

It seems a bit strange to me to call cabinet members by their first names. However, the new Secretary of Agriculture, Representative Clinton Anderson of New Mexico, and the new Attorney General, Tom C. Clark of Dallas, have long been good personal friends of mine and other members of the Texas Delegation in Congress.

Southern and western Members of Congress are delighted that President Truman is going south and west for his new cabinet members. The majority of President Roosevelt's cabinet throughout his tenure of office were from the state of New York.

We used to hear stories that Japanese used Chinamen for bankers because of the inherent honesty of the Chinese. Recent reports of numerous Chinese officials fraudulently enriching themselves through manipulation of loans of American gold seems to explode this theory of Chinese integrity.

Many of the big Nazis are saving us a lot of trouble through suicides. Himmler's scrawling potassium cyanide brings to light a new German formula. Potassium cyanide does not kill one instantly. When mixed with stomach juices a new and deadly poison is formed. The Germans mixed potassium cyanide with these juices ahead of time. When Himmler swallowed this concoction it killed him within a few seconds. There was no time for a stomach pump. Too bad.

Miss LaVerne Darter of Gorman is spending her vacation with her mother, Mrs. I. N. Douglas. Miss Darter is the commercial teacher in the Gorman High School.

Mr. and Mrs. Lavel Bilbrey and son of Sundown, Texas, spent the week end with Mrs. Bilbrey's mother, Mrs. MacKenzie and with Mr. Bilbrey's parents, Mr. and Mrs. J. H. Bilbrey of Goree, and also visited other relatives here.

Dr. D. C. Eiland and son, David Chase, and Eiland Hannah were business visitors in Dallas the first of this week.

Mrs. H. A. Pendleton visited with relatives in Wichita Falls several days last week.

Miss Maxie Dingus of Fort Worth spent several days last week with her parents, Mr. and Mrs. G. W. Dingus.

## Dairy Farming After The War

MILK production on U. S. farms is aiding the war in many ways. Wherever possible our armed forces get fresh milk daily. Huge quantities of butter, cheese, ice cream and other dairy products are consumed by servicemen.

Milk is in pharmaceuticals used by military hospitals. Butter from America helps restore wounded to health. Powdered milk is essential in emergency rations on front lines. U. S. milk reaches Great Britain as cheese, China and Africa as powder, French youngsters in evaporated form.

On the home front milk and its products are rendering a valuable service. Milk drinking—now widely popular in war plants—lessens fatigue, reduces accidents, cuts losses in man-hours, improves production and earning power.

The new 8-Point Dairy Program is planned to increase the present level of milk production and to help dairy farmers prepare for the post-war days when Government purchases and lend-lease decline.

Efficiency in production is the keynote of the program, sponsored by the U. S. Department of Agriculture, the War Food Administration, State Extension Services including county agents, in cooperation with the Dairy Industry Committee.

The eight points are: (1) Grow an abundance of high-quality rough-

age. (2) Balance your herd with your feed supply. (3) Keep production records on each cow in your herd. (4) Practice disease-control methods. (5) Produce milk and cream of the highest quality. (6) Adopt labor-saving methods. (7) Take care of your land. (8) Develop a sound breeding program.

War Food Administrator Marvin Jones is calling on dairy farmers to achieve a goal of 120,582,000,000 pounds of milk in 1945 to aid the all-out military plans for crushing blows against our enemies.

## Goree News Items

Dr. and Mrs. W. M. Taylor and Mrs. Madole were returned from San Antonio, where they attended the wedding of Lieut. Ross Frank Madole and Lieut. (j.g.) Lee Ray Chandler of that city. The party went from there to U-amount for a visit with Mr. and Mrs. Lucian Madole and family.

Mr. and Mrs. Robert Couch of Pampa are here for a visit with Robert's parents, Mr. and Mrs. W. R. Couch, and other relatives here and at Munday.

Mrs. S. M. Claburn has been on the sick list and was a patient in the Knox County Hospital last week.

Mrs. Frank Hill left Tuesday, along with her daughters, Mrs. Jack Coy and Mrs. Cecil McGraw, to visit her parents, Mr. and Mrs. H. H. Christ of Lacksbury, Ark.

Rev. Carl Harrison of Odessa was a visitor here last week with Dr. and Mrs. W. M. Taylor.

Miss Chloe Dell Stalcup is home for the summer months. She has been teaching at Graham.

Mr. and Mrs. W. F. McCauley have had recent word from their son, Buford, who has been with the invasion forces in Germany, that he is well and hopes to come home this year.

Jack Coffman, who has been attending Kemper Military School at Boonville, Mo., is home to spend the summer months with his parents, Mr. and Mrs. Orb Coffman.

Mrs. Lucy Coursey has returned from Amarillo, where she visited friends and relatives for some time.

Mrs. Kate Glasgow is visiting her sister and family, Mr. and Mrs. Burl Temple and family of Mineral Wells.

Mrs. Ruby Hardy, who has been teaching school, left last Friday for her home in Abilene.

T/Sgt. Foy Bain Barnett, who was wounded in action in Germany and was taken prisoner, is in a hospital in England and has undergone surgery for his wound. He hopes to be sent home soon.

Mrs. Opal Johnson is on the sick list.

Mr. and Mrs. Charles Lane and children of Lubbock were visitors with Mrs. Lane's parents, Mr. and Mrs. Clyde Patton, and with Mr. Lane's parents, Mr. and Mrs. Ed Lane of Munday.

### TEXAS 1944 COTTON CROP

Texas farmers produced 2,646,000 bales of cotton of 500 pounds gross weight in 1944, and 1,068,000 tons of cottonseed.

These totals received by the A. and M. College Extension Service from the Bureau of Agricultural Economics, Austin, were determined by the Bureau of the Census upon revised estimates of the Crop Reporting Board, USDA, prepared after the final ginnings for the season. The cotton acreage in cultivation on July 1, 1944, was estimated at 7,354,000; the area harvested, 7,185,000 acres, and the lint yield per harvested acre, 177 pounds the BAE report says.

The 1944 harvester acreage compared with 7,780,000 in 1943 and was the smallest for the state since 1899 when 6,950,000 acres were harvested. The lint yield per harvested acre, however, exceeded the 10-year (1934-43) average of 160 pounds. But, because of the relatively small acreage the resulting total production was much below average, and was the smallest crop produced in the state since the drought year of 1934, the report says.

Cottonseed production in 1944, however, was 5.6 per cent below that of 1943, but the value, placed at \$58,847,000, was slightly more than the \$58,699,000 valuation given in the 1943 crop. The value of lint

cotton produced in Texas in 1944 was placed at \$260,583,000 compared with \$268,766,000 for the 1943 crop.

Historically, the 1944 cotton planting season was unfavorable, with many farmers in the central, eastern and southeastern parts of the state unable to plant intended acreages because of excessive moisture. The early growing season being more favorable permitted fields to be cleaned and promoted satisfactory plant growth and fruiting. But hot, dry weather over much of the state in July and August, while holding insect damage in check, caused rapid deterioration in many areas before the droughty conditions was relieved in late August.

Prospect improved under more favorable conditions in September, and conditions during the fall months were mostly favorable for harvest. An unusual proportion of

the late crop in the northwest was harvested after January 1. The BAE report explains that "much better than average crops were produced in the Northern, northwestern, and extreme western areas. But yields were relatively low in eastern, southeastern, and some southern countries."

Misses Sybil Straw and Inez Proffitt of Dallas visited their parents, Mr. and Mrs. Jim Proffitt over the week end. They came at this time to see their two cousins from the Army, Clarence Ussery of Munday and Cecil Donoho and his wife of Goree. Stella Doris Proffitt returned to Dallas with them to spend the summer.

Miss Martha Hannig of Abilene spent the first of this week with her parents, Mr. and Mrs. Frank Knapp of Rhineland. She plans to enroll in Hardins-Simmons Univer-

sity for the summer term.

Sied Waheed was a business visitor in Fort Worth last Friday and Saturday.

Mrs. J. P. Groves left Tuesday morning for a short visit with relatives and friends in Dallas.

## Madole, Chandler Wedding Performed At San Antonio

The First Presbyterian church was the scene, Friday evening of the marriage of Lieut. (j.g.) Lee Ray Chandler, WAVES, daughter of Mr. and Mrs. Samuel John Chandler and Lieut. (j.g.) Ross Madole, USNR, of New Orleans, La., son of Mrs. Laura Madole of Goores, Texas and the late Lucian P. Madole. The bride is stationed in Miami, Fla.

Mrs. Hobson Veazey of Ardmore, Okla., sister of the bride, was matron of honor and Lieut. Audrey Stier, WAVES, of Miami, Fla., was maid of honor. The bridesmaids were Mrs. Victor Ambler of Beaumont, Mrs. Shelly Burt of New Braunfels and Mrs. O. J. Solcher, Miss Kenna Hudson of Ardmore, cousin of the bride, was flower girl.

Dalton Cross served as best man and the groomsmen were W. C. Weaver of Corpus Christi, Robert Derby, Charles B. Wallace, and H. S. Hill of Dallas. Assisting ushers were Dr. J. Hobson Veazey of Ardmore, Lafayette Ward, Leslie Byrd and A. V. Knight.

A reception was held in the Tapestry room of the St. Anthony hotel. Assisting in serving were Mesdames Kennett Hudson of Ardmore, Seth S. Searcy, W. W. McAllister, W. R. Roberts of Brownwood, Eugene Ames, Ralph Cameron, Otto Kochler, Charles Hudson of Ardmore, W. M. Taylor of Goores, T. S. Hollie of Houston, L. D. Middleton, Napier Rogers, Ned DePuy, and Joseph Smith. In charge of the brides book were Mesdames Vernon Neice, Sharp McCullough and John Harding.

Additional out of town guests included the bridegroom's mother and Dr. W. M. Taylor of Goores; Charles Hudson, Miss Milburn Hudson, Mesdames Paul Sutton, John L. Simpson and M. K. McClure of Ardmore; W. R. Roberts of Brownwood, Mr. and Mrs. Bjarne Rossedo of Alice, T. S. Hollis of Houston, Mr. and Mrs. L. L. Madole of Belton and Mr. and Mrs. J. P. Madole of Beaumont.—San Antonio Light.

Mrs. E. M. Roberts and children of Amarillo, Mrs. T. L. Stall and daughters of Midland and Miss Thelma Atkinson, who is attending school at Canyon, spent the week end with relatives and friends here.

Mr. and Mrs. Walter Skiles and family spent last Sunday with relatives in Stamford. Their son, Pvt. Lamoine Skiles was there from Fort Sill, Okla., and the group also visited in the home of W. J. Majors and family.

## Methodist WSCS Meets Monday At Local Church

The Woman's Society of Christian Service met last Monday at the Methodist church at 4 p. m., at which time Mrs. J. W. Roberts continued the review of the mission study, "The Indian in American Life."

The meeting was opened by singing "Help Somebody Today," with Mrs. P. V. Williams at the piano. Mrs. Chester Borden gave a very interesting topic on the "Characteristics of the American Indian." This was followed by a prayer by Mrs. J. C. Rice, after which the review was given by Mrs. Roberts.

Attending were Meses J. C. Rice, G. W. Dingus, W. W. McCarty, Chester Borden, P. V. Williams, J. W. Roberts, G. R. Eiland and Lee Haymes.

## Munday H. D. Club Meets Wednesday With Mrs. Bowley

The Munday Home Demonstration Club met on Wednesday, May 20, in the home of Mrs. Bowley. Roll call was answered by showing hand work.

Miss Lucile King, the agent, gave a talk on the "G. I. Bill of Rights" and then gave a very interesting demonstration on stenciling. Several ladies did some lovely stenciling.

Present were Meses Bowley, A. M. Searcy, J. O. Tynes, Raymond Hargrove, L. W. Hoobert, Swindell, J. C. Gollhon, R. E. Foshee, G. L. Pruitt, Ralph Weeks, Joe Patterson, Cora Plumlee, Nora Brooks and Misses Lura Wadlington and Lucile King. Four visitors were also present.

The next meeting will be in the home of Mrs. Swindell.

## Truscott H. D. Club Meets Thursday At Baptist Church

The Home Demonstration Club of Truscott met in regular session on Thursday, May 24, in the basement of the Baptist church. Mrs. J. R. Brown presided over the business meeting.

Mrs. H. P. Gillespie was in charge of the demonstration, "Cooker Clinic." She was assisted by Mrs. C. A. Bullion and Mrs. Bill Owens.

At the next meeting, which will be on June 14, Miss King will give a demonstration on food preservation.

A Want Ad In The Times Pays

## People, Spots In The News

**TWO DOWN, ONE TO GO**—Shipbuilders at a Los Angeles yard wave their steel hats at the news of Germany's capitulation and write the war's box score on the stern section of the 450th ship being built there.

**'BRIGHTENING' UP**—The "scenery" on famous Brighton Beach, England, has changed very much for the better since V-E Day, with bathing ladies now languishing where a few months ago all was barbed wire and anti-aircraft gun emplacements.

## Altar Boys For Rhineland Church Organize May 28th

Last Monday, May 28th, the altar boys of St. Joseph's Parish at Rhineland met in the public school to form an organization called the St. John Berchman's Society. The chief purpose of this group is to learn more about the liturgy of the Catholic Church and the part that an altar boy can contribute in assisting at Liturgical ceremonies. An occasional picnic or other outing will also be on the agenda of this organization.

The charter members of the society are: Adrain Albus, James Albus, Carol Birkenfeld, Bernard Brown, Clarence Brown, Daniel Brown, Gerald Brown, Maynard Brown, Tony Brown, James Claus, Donald Decker, James Decker, Johnny Herring, William Hertel, Maurice Joe Homer, Alfred Kuehler, Eugene Kuehler, Larry Kuehler, Albert Schumacher, and Cecil Wilde.

The officers elected Monday are: Eugene Kuehler, Pres., Adrain Albus, Vice-Pres., William Hertel, Sec., and Albert Schumacher, treas.

Regular meetings were scheduled for every Sunday after the first mass. Any other boys of St. Joseph's parish who are interested in joining this organization are cordially invited to attend these meetings. Special plans will be made to study the liturgy that will be required for the proper celebration of Rhineland's Golden Jubilee. The jubilee date has been set for August 21st.

## Marion Phillips Is Home On Furlough

Sgt. Marion P. Phillips, son of Mr. and Mrs. P. C. Phillips of Route 1, Munday, Texas, is spending a 19-day furlough with his parents.

Sgt. Phillips is presently assigned for duty to the Flight Operations Section of the Brookley Field, Ala., headquarters of the Mobile Air Technical Service Command. The Air Technical Service Command, largest single command in the Army Air Forces, is responsible for the design, engineering, manufacture, maintenance and supply of all AAF planes and equipment throughout the world.

## A. B. Forrest Hears From Grandson Who Is Now In Germany

Mr. and Mrs. A. B. Forrest had a letter Monday from their grandson, Pfc. Nelson Forrest, who is now in Germany. This was the first they had heard in nearly two months.

Along with the letter came a copy of "The Fighting 69th Central," a newspaper published in recognition of the 69th's second anniversary, giving an account of the Americans linking up with the Russians on the Elbe river.

"Germany isn't too bad any more," Forrest wrote. "If it was in America it would be alright. It is really a pretty place in the summer time, but the snow banks too deep in the winter. Maybe next winter we won't have to be afraid of stepping in a German's face when the snow melts."

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

Austin.—Last year was considered by health officials to be an epidemic year for poliomyelitis in Texas. Inasmuch as 78 cases of polio have been reported to the Texas State Department of Health so far this year as compared with 58 cases in the same period during 1944, Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of polio which he urges all Texans to observe.

Control measures must emphasize clean-up campaigns and improvements in sanitation. Strict sanitary measures must be observed in all communities. Stringent efforts should be made to eliminate the housefly and to destroy its breeding places. All mosquitoes and mosquito-breeding places must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately. Safe water supplies must be assured. Where adequate municipal sewage disposal systems are not in operation, it is vitally important to promote and maintain sanitary septic tanks and outdoor privies.

All swimming pools should, under rigid supervision, maintain those standards approved by the Texas State Health Department of Health. This necessarily includes maintenance of proper chlorine level. Where such standards are not maintained, those pools should be closed immediately.

All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth, and insects. All eating and food-handling establishments should adhere strictly to the state law concerning the sterilization of dishes and utensils. Those restaurants with insufficient personnel to maintain approved sanitation should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitary standards.

Every effort should be made to secure approved milk. Rats and mice should be exterminated. Maintain in the home the same sanitary standards that are necessary in community life. Particular attention should be paid to personnel hygiene. Excreta from polio cases and contacts should be disinfected and handled with the same scrupulous care as in typhoid fever or bacillary dysentery.

Over-exertion in children should be avoided and children should not visit homes where there is a sick child. It is advisable to reduce to a minimum all human contacts especially in children during the outbreak of this disease.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiff-

## Buy, Buy a Bond, They'll Bye-Bye Junior for Mom

WASHINGTON, D. C.—"Buy, buy a War Bond and we'll bye-bye baby" is the slogan of two sisters here, who are also sisters in Mu Chapter,

THELMA GILDA

Psi Lambda Tau sorority at Central High School. The Misses Gilda and Thelma Klevit announced that parents who'd like a night out, but are held home-bound by baby's needs, now may break their shackles in the easiest possible fashion—by purchasing a War Bond from one of a group of 20 sorority girls.

Graduated now, the Sisters Klevit have kept up their contact with their friends, and when not tending baby are Federal workers. They'll take care of baby if pop and mom will buy a War Bond.

The sisters said that during previous loans other sororities and some fraternities shoveled ashes, cleaned ceilings and did other household chores in return for War Bond purchases and they suggest their plan be carried out nationally.

When suspicious symptoms appear a physician should be called immediately. It is recommended that all cases be quarantined for 14 days. It is not advocated that schools, churches, and theaters be closed.

## Activities of Colored People

Mrs. Robert Jameson of Spur, missionary and supervisor of the Coleman district, is making her visit here and was at the Church of God in Christ on Monday night.

A joint meeting will also be held Monday night at the Church of God in Christ with Pastor Alexander in charge. Everyone is invited. We are going to have preaching. Eld. A. C. Bennett and Eld. Foreest, Abilene; Eld. Fields, superintendent of Coleman, Eld. Robertson, Stamford,

Eld. Joe Williams of Knox City. They are bringing part of their congregation.

Mrs. Myrtle Riley is back home from Donna.

Mrs. Endy Beals has been visiting her mother, and reported a grand time.

Arthur Dean was called to Wolf City several days ago to attend the bedside of his aunt.

Zebedeo Johnson has returned from Plainview, where he has been employed at an oil mill.

## ROXY

Munday, Texas

# Terry Hotel

## Under New Management

This is to announce that Mr. and Mrs. W. B. Payne are assuming management of the Terry Hotel and Coffee Shop and will have charge of its operation in the future.

No radical changes are expected to be made, but we will continue to give you every service and convenience of a modern hotel and coffee shop.

Some improvements and redecorating have been done, which will add to the attractiveness of the coffee shop and hotel lobby.

## Enjoy Appetizing Meals At Our Coffee Shop!

The coffee shop, which has been closed for redecorating and repairs, is now open for business.

We invite you here for appetizing meals. Our place is air conditioned and modern, and you can dine here in comfort.

Beginning with next Sunday, our coffee shop will be open and will serve Sunday dinners. Come here and enjoy a Sunday meal with your family!

We invite your continued patronage for both the hotel and coffee shop. We want you to feel free to make the Terry Hotel your "home away from home."

# Terry Hotel

Mr. and Mrs. W. B. Payne

JUST MARRIED

# At The Churches

**METHODIST CHURCH**  
 Don R. Davidson, Pastor  
 10 a. m. Church School. Classes for all with a friendly interest.  
 11 a. m. Morning Worship. This is the outstanding effort of your church to minister. Your presence is important.  
 7:30 p. m. Evening preaching service. An informal service with lots of singing and an evangelistic message.  
 8:30 p. m. Youth Fellowship. An hour of worship and fellowship for young people.

**BENJAMIN METHODIST CHURCH**  
 J. P. Patterson, Pastor  
**CALENDAR**  
 Preaching Second and Fourth Sundays at 11:00 a. m.  
 Church school 10:00 a. m. each Sunday.

**FIRST BAPTIST CHURCH**  
 Next Monday morning (June 4) at 8:30 we begin our Vacation Bible School. It needs no recommendation. Through the years it has spoken for itself. No other organization or feature of the church work offers so much in the same length of time in the way of Bible training and character building. We

are planning for the full four departments: Beginners, four and five; Primaries, six, seven and 8; Juniors, nine, ten, eleven and 12; Intermediates, all above the Junior age who will come. Brother Swindell, who helped us in the school last year, will help us again.  
 Be sure to be in the Sunday school and church services Sunday and hear more about the Vacation Bible School.  
 W. H. Albertson.

### CHURCH SERVICES AT RHINELAND ANNOUNCED

Rev. Herman Laux, O. S. B., pastor of St. Joseph's church, Rhine-land, yesterday announced the summer schedule for church services. Beginning Sunday, June 3, Low Mass will be at 7:00 a. m. and High Mass at 9:00 a. m.; evening devotions will be at 8:30 p. m.  
 On Sunday, June 3, the Feast of Corpus Christi will be observed in a solemn manner. Father Herman extends a cordial invitation to all visitors who wish to attend the celebration of this feast. At 8:45 a. m. the members of the Lone Star Band will assemble in front of the church where they will play "The Stars and Stripes Forever," by John Phillip Sousa. At 9:00 a. m. the pastor, assisted by the acolytes of the St. John Berchman's Society and the members of the choir, will celebrate High Mass.

After mass the congregation will march in procession around the church to the front of the parochial school. The procession will be headed by the acolytes followed by the school children, the parishioners and visitors, the members of the band and the choir, and the celebrant bearing the Holy Eucharist. A station will be made at the parochial school where the celebrant

### Fixed Laws

By GEORGE S. BENSON  
 President of Harding College  
 Searcy, Arkansas

**ECONOMIC** laws are laws of nature, rigid. They are divine laws in the same sense that the law of gravity is a law of God. Such laws were in force long before the first man-made statute was ever written, and no natural law was ever repealed by act of parliament. Natural laws can be broken but they all carry within themselves suitable penalties for violation; hard to escape.

Under natural law, every producer earns a profit when he serves the public well; takes a loss when he serves the public poorly. When manipulators, government planners or any other kind, use artificial price controls, they violate natural law. It makes no difference whether the aim is greed or to protect "lame ducks" from loss. Price controls encourage incompetence.

**Holding U. S. WHEAT production** last year was 1100 million bushels compared to 800 million in a typical pre-war year. Claude R. Wickard, Secretary of Agriculture, recently told this to an audience of wheat growers in St. Paul. It is deemed to forecast a post-war over-production of 100 million bushels or more a year. There is a law compelling government to hold up wheat prices for two years after the war.

Taxpayers may as well brace themselves. It is time to start wondering what it's going to cost per bushel to prop up the wheat price and hold it at parity; or what bonus per acre must be paid to non-growers of wheat for not

growing wheat. Another wonder: Can the price support be removed after two years or must the taxpayers continue guaranteeing a wheat price indefinitely?

**Courting LEAVE** each industry's problem for men of that industry to solve. This is an honorable way. Using wheat as an example, permit the Department of Agriculture to prepare such data as Mr. Wickard gave the farmers and make the figures available to the whole industry. Let the farmers use their own judgment in the light of the facts. They will do a better job than government men, and cost the taxpayers nothing.

Business men can understand government figures, interpret them and apply what they have learned. Figures from the Department of Commerce and the Census Bureau have benefited many industries in the past, interpreted by statisticians in the employ of trade associations. If wheat is over-produced one year, bread will be cheap. The next year, wheat men can plan more wisely.

What did the cotton subsidy do except open the gate for rayon to storm the cotton planter's market? A fictitious wheat price can only bring that industry some similar calamity. It is bad enough to have loyal citizens taxed without mercy to build a false price structure; worse when you know that the result will be to lift a big, essential industry off its economic foundation and permanently cripple it.

will offer solemn benediction of the Holy Eucharist. During the procession the choir will sing Pange Lingua, Panis Angelicus, and Adoro Te, all by St. Thomas Aquinas. After the station at the parochial school the procession will return to the church, where benediction will again be given before the Holy Eucharist is reposit in the tabernacle.

### LETTERS FROM THE PEOPLE

S/SGT. LEWIS WARREN TELLS OF MANY PLACES IN HIS OVERSEAS SERVICE

The following is a letter from S/Sgt. Lewis Warren, who is now in Germany, to his mother, Mrs. A. B. Warren of Munday:

May 15, 1945  
 Somewhere in Germany.

Dear Mom:  
 Thought I would write you a letter and kinda let you know just where I have been since I left the states. I left from New York on the 17th of January 1944, and landed in the Glasgow Bay up in Scotland. The water was pretty rough on the way over, and we ran a zig-zag course in order to keep the U-boats from getting a line on us. We were on the water fourteen days and I was sure glad to touch land once more. Don't get me wrong, I didn't get sick, but there were several of my buddies that couldn't even get off their bunk the whole trip. The only thing that made me sick was the food that we got, and I won't go into details about the food.

From Scotland, we boarded a train for a reception center in Bath, England. There we got about two weeks of training, which consisted of ten mile hikes with full field packs every day and various other details which I won't mention. From there we took off for Warmwell station where we were to organize our squadron. As you know, I was in a supply unit, so I can't tell you why we got all the training. Guess that is the army for you.

After our outfit was organized, we moved to a small place down in the southern part of England called Christ Church, near Barmouth. That proved to be a pretty nice place, as we had a little time for ourselves. We were there about five months. During that time we were ducking buzz bombs, and sweating out air raids which oc-

cured very often. We had some times as many as four and five raids in a single night. Guess I spent most of my time in a foxhole, and believe me, an air raid will make you sweat plenty.

I was sent from there back to Scotland to go through a battle-wise course, and in June sometime, our outfit was alerted. We were awakened about twelve one night and given our orders. We had to pack in the dark and load our trucks, and make ready for the marshalling area. We spent three days there, getting lecture's on various subjects. We then boarded an L. S. T. for France. We landed in Normandy on July 1st. Of course quite a bit had passed before we got there, but it still was hot enough for us. We got off the boat with full field pack, and walked about three miles where we were to spend the night. We were there about eight hours. Then we moved up to St. Mere English, which was about two miles from the front line. There it was pretty hot also. Of course we were too close for a service team, so the ships that we were servicing didn't arrive until about two weeks later. We stayed there for sometime. The front had moved up near Metz. At that time I was transferred from that outfit into an Air Depot Group which proved to be a better outfit than the one that I came out of. This outfit was stationed in Paris when I was transferred, but I wasn't there long enough to really see the place, but it is truly a beautiful city. From there our outfit moved to Charleroi, Belgium, which was a very nice city also. In fact, I liked the place better than I did Paris. After a short time there, we were moved to Germany where I am at the present time.

Of course, I feel a little funny as I write this letter because there was a lot of my buddies that was killed over here, and I will never forget it. I had a very easy life compared to some of these fellows over here, and I will be glad when we can all come back and take up where we left off. This place makes

me sick every time I think about there being a war fought over here, and so many of our loved ones not living to tell about it.

Well Mom, guess that will be all for tonight, write soon, and tell all hello.

All my love,  
 Lewis.

### INCREASED INTEREST IN POULTRY RAISING

**SCHENECTADY**, — Because of the meat rationing, the American people are becoming more interested in poultry raising. Evidence of this is contained in a recent survey made regarding requests sent to General Electric's station WGY here for farm bulletins. Poultry subjects were among the top requests during seven months out of twelve, according to Robert B. Child, in charge of programs, WGY agricultural broadcasting.

Every year several thousand requests are received by WGY, asking for booklets offered over the station's two agricultural programs, the daily Farm Paper of the Air and weekly Farm Forum.

Mr. and Mrs. John Ed Jones were visitors in Dallas several days last week.

Mr. and Mrs. James Dyke visited with Mr. and Mrs. C. M. Caldwell in Abilene over the week end. While there they attended an ex-student's banquet at Hardin-Simmons University, and on Sunday Mrs. Dyke attended a breakfast for the H. S. U. ex-Cowgirls.

Grady Roberts of Wichita Falls was a business visitor here last Friday.

Glenver Draper of Graham visited with relatives and friends here last Sunday.

Mrs. Elmo Anderson, daughter of Mr. and Mrs. J. R. Burnison, is home for a few days' visit before enrolling for the summer term at N. T. S. T. C., Denton.

**LET THERMOIL MAKE YOU A HARVEST HAND!**  
 Proper lubrication in your cars, trucks and tractors are just as important as a harvest hand. You get proper lubrication with Thermoil.  
 Let Gratex supply your oil and fuel needs. You'll find us ready to serve you every way we can.

## We're Closing FOR REPAIRS

Our tailor shop will close on Saturday night, June 2, in order that we may do necessary repair work on our machinery and do some remodeling work in the shop.

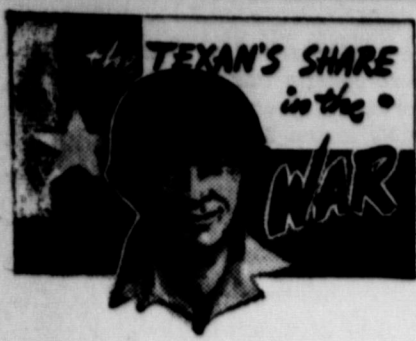

All persons having clothes in our shop are requested to get them by Saturday night.

Effective now, no more clothes will be accepted for cleaning and pressing until after repairs are made and the shop is reopened.

We hope to be in better position to serve you after this repair work is completed.

## Spann Tailor Shop

The end of the war in Europe was no surprise to Pfc. Clay McIver of Winters, Texas. In a long-range prediction, he hit VE-Day right on the nose!

In March of 1943, the Texan made his prediction, and wrote it in a book in a London service club. More than 2,000 other soldiers also wrote their predictions, but McIver was the only one to ring the bell.

And another Texan has predicted that the war with the Japs will not end until fall of 1946. He is a man who knows lots about the Nips, too, for he spent three years in the Philippine prison camp before being freed after the American liberation of Luzon.

Capt. Jerry Steward, USNR, whose home is Fairfield, Texas, also holds the distinction of being one of the most decorated men in the service, holding the Navy Cross, Purple Heart with three gold stars, the Army Distinguished Unit Badge with oak leaf cluster, American Defense Service Medal, Asiatic-Pacific Campaign Medal, Philippine Defense Ribbon with star, Philippine Liberation Ribbon with star, Naval Reserve Medal with star, the Mexican Service Medal, the Victory Medal and the Navy Good Conduct Medal with the star.

He predicts that the Japs will fight to the last soldier and last civilian, and does not expect final victory before the fall of 1946.

News that the little yellow men now are bombing the United States with balloon-carried bombs was another recent reminder that we still have a long, hard war to fight in the Pacific. The Nips are overlooking nothing in their vicious fight. Their tenacity and fanaticism should be a warning to all Americans . . . for only by matching the efforts of the enemy can we hope for speedy victory.

This means all-out support of all home-front programs. It means buying more war bonds. It means generous contributions to the National War Fund and spirited support of local war chests driven by thousands of volunteer workers. Such solid efforts on the home front can help shorten the war and save lives of American boys abroad. See your local county war chest chairman now, and volunteer to help with the October campaign "For Our Own and For Our Allies."

And stop for a moment to honor the memory of a great and brave Texan . . . Truman Kimbro of Madisonville . . . who died in the Battle of the Bulge so that other Americans might live. Kimbro, a quiet farm lad, braved strong enemy fire to plant mines that would stop the German advance. Despite wounds, he continued at the job and held up Nazi tanks long enough to allow an important American evacuation and save the lives of hundreds of his buddies.

His bravery was recognized this week when the nation's highest medal . . . the Congressional Medal of Honor . . . was presented to his mother, Mrs. Marjorie Kimbro, who now lives in Houston.

Texas at home aren't called on to make the supreme sacrifice, as Kimbro did. But they can honor his memory and also help save Ameri-

## Friends and Enemies... in the VICTORY GARDEN

### Mrs. LADY BUG ("Lady Bird")

One of the great destroyers of aphids is the Lady Beetle. Her larvae are especially active in this help for the gardener. Her name comes from the Middle Ages when this beneficial insect was dedicated to the Virgin and called "Beetle of our Lady."

#### Aphids

Aphids are found on almost all plants, shrubs and trees. Only constant vigilance keeps them down. Lady Bugs eat them, hard rains and dry weather both destroy them but even so a contact spray like black leaf 40 must be used to keep them in check or they may destroy the Victory Garden. Frequent spraying is sometimes necessary.

"Lady Bird, Lady Bird, Fly away home!"

The "fly away home" poem comes from the practice in England of burning hop vines after harvest to kill the aphids. "Little Nan who sits in a pan, weaving laces as fast as she can" is the yellow pupa of the Lady Bird Beetle.

can lives by supporting the National War Fund, which serves all American service men on fronts around the world.

### 65-Year-Old Men To Get Social Security When They Retire

Wichita Falls.—Many men who were near 65 years of age or who passed that age when they entered employment since war was declared, will be entitled to monthly old-age and survivors insurance benefits when they retire. The amount of the monthly payments will be based on the wages and the length of time the individual has worked in covered employment, according to K. L. Surles, manager of the Wichita Falls Social Security Board Office.

When the wife of such individual reaches 65, she too will be entitled to monthly benefits, based on her husband's earnings' record. Her monthly benefit will equal one half the amount paid to her husband. Anyone desiring additional information or assistance are invited to call on or write the Social Security Board Field Office, located in Room 412, Post Office Building, in Wichita Falls, Texas.

"DOC" RUSSELL BRINGS IN HIS ANNUAL PROOF OF COUNTIES PRODUCTIVENESS

"Doc" Russell came in Monday, carrying a large, juicy onion as his annual proof that Knox County soil will produce anything when given a care and plenty of water. He said he raised "a tubful and a half bushel full of onions from four rows scarcely 20 steps long.

"I've never failed to raise plenty of onions and plenty of Irish potatoes since I've been in Knox county," he said.

Mr. and Mrs. Bob Jarvis and son, Howard, left last Sunday for several days' visit with Mrs. Jarvis' mother, Mrs. R. Q. Williams of New Castle. Howard will remain for the summer to visit his sister, Helena, and with other relatives and friends.

## Texas War Bond Champs Will Win Model "Jeeps"

DALLAS.—Model "Jeeps", exact 12-inch replicas of the famous war Jeep, will be awarded as prizes throughout Texas for outstanding bond selling jobs in the state during the Seventh War Loan Drive.

By arrangement with the United States Treasury Department to provide incentive in support of the campaign, the miniature Jeeps were made available to Nathan Adams, chairman of Texas' War Finance Committee, by Ward M. Canaday, chairman of Willys-Overland Motors, Toledo, Ohio. Thousands of these Jeep trophies have been distributed throughout the nation by the automobile company.

The models, scale replicas of the Jeeps manufactured by Willys for the Army and Navy, were built especially for use in the drive by wounded servicemen at Army convalescent centers. The Toledo company supplied the hospitals with the cut-out parts, plastic wheels and transparent windshields, and paid the veterans for each model they produced.

The idea of using the models as prizes in the war bond drive, said Mr. Canaday, came as a result of thousands of letters from the people all over the country expressing a desire to have a model of the famous scout car.

### HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Terry Jones, son of Mr. and Mrs. M. J. Jones, had his arm broken near the wrist by falling from a godevil that was hitched behind a tractor. He endeavored to get off the plow just before the tractor stopped still enough to get off safely. He was rushed to a doctor and had the broken arm set.

The Hefner School closed last Friday. A picnic luncheon was enjoyed, with a ball game being played in the afternoon.

Rev. R. Guthrie of Anson preached at the Baptist church last Sunday. He had a good attendance.

A message came early Tuesday the 29th, that Ray Trimble died at his home near McLean, Texas, and was buried on Wednesday. Several from here attended. He leaves his wife and son, who is in the army. Ray formerly lived here and has many friends and relatives in this area.

What is being harvested, with several combines being busy in the community. Many housewives are assisting in hauling the grain to the elevator. Crops are also being worked, so laborers are scarce

during the busy times. Some are planting cotton, maize and other crops.

Flowers were placed on the graves of several veterans here on Memorial Day.

Pvt. Charles Railsback of Fort Sill, Okla., spent the week end with relatives here.

Billie F. Hendrix, S. 2/c, of San Diego, Calif., attended church here Sunday and visited friends and relatives. A luncheon was given in his honor at the home of Mr. and Mrs. S. G. Hampton of Goree.

Mr. and Mrs. L. L. Hendrix and daughter, Joine, of Lubbock spent the week end here with relatives and old friends.

T/5 Lloyd M. Hendrix, Jr., is in Germany and reports it is a most beautiful country where the war didn't tear it up. He has made several trips to German towns and says the grain fields and flax fields are pretty.

George D. Jones is home on a 30-day furlough. His many friends are proud to see him back from the war area in Europe, where he spent several months.

Harold Payne, who is in the Merchant Marines and stationed at San Augustine, Fla., has returned to his base after a visit with home folks.

### Roy M. Green Tells a Farm Story

By President Roy M. Green Colorado A & M College Fort Collins, Colorado

Big crops and good prices left a wheat farmer not long ago with \$30,000 cash in the bank. Said he, "If I don't invest this in inflated land values, what can I do with it to earn anything?" I said to him, "Did you ever think of using part of it to insure yourself a steadier farm income after the war? For \$150 a month, or \$1,800 a year in War Bonds, you can begin to collect ten years after the war \$200 a month. As you will be getting older by that time, wouldn't that be a better supplement to what income the farm then produces than having to turn again to the cream can and what your wife can make out of chickens? Wouldn't it be a nice retirement fund for a fellow that is now 55 years old? Wouldn't you like to have had \$200 a month cash coming in last time?"

In addition, if you can put in War Bonds a lump-sum as reserve for operations in bad years, for deferred purchases of equipment, for repairs, for up-keep, for new household equipment, and then whatever the postwar adjustment, you would have an easier time of it than you had last time.

You wouldn't have to wait on somebody's extra special plan; you would have already completed one of your own.

If you are proud of the independence of your occupation, and jealous of preserving as much of it as possible, don't orate and speculate—order WAR BONDS!

Pvt. Lloyd Routon, who is stationed at Camp Wolters, visited home folks here over the week end.

S. H. Vaughter of Rochester was a business visitor here last Monday.

Sgt. and Mrs. W. G. Welborn left the first of this week for Florida, where Sgt. Welborn reported for duty following his leave which he received upon returning from overseas duty.

Mrs. V. C. Walker of Comanche

spent the week end here with her sister, Mrs. G. W. Dingus.

Capt. Bill Dingus, who spent a few days here last week after his return from service with the U. S. Engineers in Italy, left last Sunday for Fort Leavenworth, Kans., where he will receive special training.

Miss Katie Sweatt, daughter, of Mr. and Mrs. L. C. Sweatt, has accepted a position in the Provost Marshal's Office at Buckley Field, Denver, Colo.

## TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

### Civilians At War

The Government needs and asks its citizens in the 182nd week of war against Japan to:

1. Take a West Coast job repairing battle-damaged war vessels if you are an electrician, machinist, boiler-maker or skilled repair man. Apply to your United States Employment Service office for details on these top priority jobs.
2. Plant late crop vegetables while there is still time in most states. Tomatoes, one of the most important of these, will be essential source of vitamin C next winter.
3. Join the Waves for Hospitals Corps work and general duty. Increased Pacific casualties make the need urgent for 2,000 recruits per month. Write Waves, Washington, D. C., for information booklet.

### Leather For Home Shoemaking To Be Rationed

Folks who have been making their own shoes at home from pieces of leather in shoe construction kits will have to give up a shoe ration stamp after June 15, 1945, says OPA. Kits will be rationed because shoes made of the materials they contain are rationed. Those kits shipped from the factory before June 15, however, will be sold ration-free indefinitely, adds OPA. This will enable dealers to clear their stocks of these kits, as otherwise, most consumers would not be willing to give up a ration stamp for them.

### Consumers Prospects Today

That new bicycle your child has been wanting will soon be on the market. WPB has authorized production and issued allotments of materials to individuals manufacturers within an approved program for 23,000 bicycles a month. New lamps and shades for your home are in the offing. Floor, table and other types of portable electric lamps can now be made to the extent that materials become available, says WPB. Production of hand, gang, and power lawn mowers are expected to reach retail stores this year because of continued shortness of materials. Other prospects for consumer goods are domestic ice refrigerators to meet essential civilian requirements and an increase in tire chains for farm tractors in the 1945-46 quotas of civilian tire chains.

### More Gasoline For Civilians In June

Victory in Europe has made possible an increased supply of gasoline for civilian motorists. The value of "A" coupons will be increased from four to six gallons on June 22, when coupon A-16 becomes valid. "B" card ceilings will be raised to 650 miles per month uniformly over the country, on June 11. The increase in the "B" ceiling will not mean more gasoline for all "B" users, however, says Chester Bowles, OPA Administrator. Both "B" and "C" rations are based on the individual needs of the car owner. A person who needs only 200 miles a

## Big Drive

### TO OUR PATRONS:

Acting, we believe, in the interest of yourself and other producers of milk and cream, we have agreed to cooperate with the American Dairy Association to raise a fund to promote an advertising, educational and research program for dairy products.

The American Dairy Association is a committee of men consisting of both producers and producer leaders and industry representatives. Similar organizations have been organized by farm leaders in twenty of the leading dairy states.

To raise this fund a deduction of 1c on each pound of butterfat sold during one 15-day period each year, is being made. This year this period will be from June 1 to 15 inclusive, to coincide with all other states. This means an average of approximately 10c per cow for the whole year to the producer of butterfat.

This is purely a voluntary program, but to insure full coverage and wishing to cooperate with this farmer planned program, we are making the deduction from the June check. If for any reason you do not wish to cooperate, will you kindly inform us before June and by so doing, in your case, there will be no deductions.

Wishing to cooperate in a worthy program, we urge your full support.

Yours Very truly,

## Banner Produce

## AMERICAN HEROES

by JULIAN OLLENDORFF

EVERY purchaser of a War Bond gives up something to aid his fellowmen with the same spirit that Pfc. William P. Bowes of West Roxbury, Mass., showed in risking his life to save a comrade on a Pacific Island, though in a lesser degree. Though previous attempts to reach three wounded men had failed, Pfc. Bowes crawled through the jungle in the face of intense enemy fire and dragged one of the men 35 yards to cover. The action won him a Silver Star.

U. S. Treasury Department

of Embarkation, and several European ports. The size of the ships ranges from that of the Milna, which can carry nearly 1,000 patients per trip, and the Clem and the Hinds, each of which has a capacity of less than 500 patients. In addition to these 20 ships, there are 13 others transporting the wounded in various parts of the world. These include two army hospital ships operating out of Los Angeles, three navy hospital ships operated for the Army in the Pacific, and eight navy hospital ships, all busy in the Pacific theaters. Several army ships now operating in the Atlantic will soon be transferred to the Pacific. Four more army hospital ships are to be commissioned before midsummer, and three more navy hospital ships are to be put into operation in the next few weeks. It is anticipated that all will be assigned to service in the Pacific.

The new navy ships, including three which were recently commissioned, are airconditioned throughout. Metal officials state that the air conditioning not only provides greater comfort for servicemen, but that the incidence of fungi infections, prickly heat and other ills typical of the tropics will be minimized. The ships are provided with the latest medical equipment such as is found in standard shore hospitals. The nurse and doctor staffs are supplemented by a large group of enlisted medical personnel. The mechanical operation of the army ships is in the hands of merchant seamen, but enlisted navy personnel is used on the navy vessels. The medical complement of the navy ships operated for the Army is furnished by the Army Medical Corps to the Army Transportation Corps.

Patients returning home are classed as litter, ambulant, and mental cases. The ships have special facilities for the mental patients, most of whom are suffering from what is known as "Combat Fatigue" and will be restored to health following sufficient rest in the States. The programs of entertainment on board the hospital ships is varied and full. Orchestra and choral groups are organized on most voyages home. Motion pictures are shown, usually daily, and games of many types are arranged. Each army ship publishes a newspaper, with the patients providing a part of the editorial staff.

Victory Pledge of An American Farmer  
I am an American farmer. My thinking... my money... my time... will stay in this war until the finish. I and my sons have a big stake in complete victory. We operate one of America's five million free farms. We tend our flocks and till our fields on a billion acres of the finest land in the world. American liberty and freedom have meant much to us.

While my sons are fighting for freedom, I will work hard here at home that food and fiber in abundance will ever fight on the side of America. With careful planning and the help of the Almighty God who has brought favorable seasons, I, as one of America's five million farmers, have been able to increase the production of my fields and pastures each year since the war started. In spite of difficulties ahead I will again endeavor to increase the produce from my land and flocks.

But I realize that wars are not won with food alone. I will do my part to keep our country financially strong. All income from the harvests I hope to gather, above that needed for necessary expenses, will be harvested to speed the final victory, and to prepare for the day when my son comes home.

Highlights of Meat Control  
Highlights of War Mobilization Director Vinson's new meat control plan to encourage slaughter of cattle and hogs and to improve

weight, as compared with the previous rate of \$1.30.

4. Subsidy payments on all grades of cattle will be increased by the Defense Supplies Corporation 25 cents per live hundredweight, effective June 4, 1945. Payments are subject to the withdrawal of 4 cents of the subsidy for each 5-cent decline in the average drove costs, from the maximum to the minimum of the stabilization range, with a minimum subsidy payment of 25 cents per hundredweight. The new subsidy rates are as follows:

- Grade AA—\$3.00 per cwt.
- Grade A—\$2.95 per cwt.
- Grade B—\$1.90 per cwt.
- All other grades—\$1.25 per cwt.

5. The above rates are applicable to both processing and non-processing slaughterers. Effective June 4, 1945, the additional subsidy for non-processing slaughterers of cattle will be 40 cents per hundredweight.

6. Set-aside orders for Government purchases of meat will be adjusted by the War Food Administration so that a greater proportion of the Government requirements will be drawn from those federally inspected plants which are slaughtering more than their normal proportion of the total slaughter. In filling Governmental requirements, more meat will be taken from the plants with a heavy slaughter and less from the plants with light slaughter.

7. To make it possible to keep livestock in the hands of those operators who comply with OPA price ceiling regulations, and to eliminate black market operations, the Office of Price Administration and the War Food Administration will develop a plan by June 15 to show the movement of all livestock through public stockyards and public sales yards, so that information as to the destination of all such livestock will be available.

Vegetables Support Prices To Be Continued In 1945  
Prices paid to growers for snap beans, sweet corn, green peas and tomatoes for processing are to be supported in 1945 at the same levels as in 1944, with certain adjustments favoring varieties preferred for processing.

Mrs. Emmett Branch left last Friday for Dallas for several weeks' visit with her daughter, Mrs. Tug Nesbitt; her sister, Mrs. Nash, and other relatives.

### BIRTH ANNOUNCEMENT

Lieut. and Mrs. John B. King are announcing the arrival of a son, who weighed 8 pounds and 13 ounces upon his arrival at a Wichita Falls hospital last Saturday. The mother, the former Tiny Newsom, and little son are reported doing nicely. Lieut. King is serving overseas.

Mr. and Mrs. Lontie Spikes of Arlington spent several days last week with relatives and friends here.

Mrs. Margery Northcutt of Oklahoma City spent several days here

last week, visiting with Mrs. Betsy Shytle.

Dist. Atty. Thos. Glover of Seymour was a business visitor here last Friday.

Rondy and Donita Davidson are visiting with relatives in Chillicothe and Vernon this week.

Mrs. L. W. Boynton of Springtown, sister of Mrs. G. W. Dingus, visited in the Dingus home several days last week.

Deaton Green of Seymour was a business visitor here last Monday.

## CULTIVATOR SWEEPS 4-inch to 36-inch REID'S HARDWARE

Let's leave the lights on real bright, Elmer, so we can sit and look at the new wallpaper from Cameron's.

## to Invade the 1945 GRAIN CROP

Remember 1944, with its bumper grain crop... serious shortage of men and farm machinery... thousands of acres of precious grain destined for destruction?

Remember how the Massey-Harris Self-Propelled Harvest Brigade saved the day for thousands of farmers last year—swept over mid-western and western grain belts, harvesting more grain per hour, per man, per machine and per dollar than ever before

by any other type of combine?

You know that another emergency exists in 1945—increased crop quotas—the supply of labor more critical than ever and new machinery still short. So again, hundreds of Massey-Harris Self-Propelled Combines are banded into a new and still greater Harvest Brigade. Wherever harvesting assistance is most urgently needed, you'll find the fighting Brigade ready to lend a helping hand.

### A WAR EMERGENCY MEASURE

The Harvest Brigade is strictly a wartime measure—designed to make critical materials do the greatest possible amount of work. Massey-Harris would like to build Self-Propelled Combines for all farmers who need them now, but materials are not available. When this emergency is over, they will be produced... and Self-Propelled will be YOUR ANSWER TO THE HARVEST PROBLEM in the years to come.

If your fields are not among those to be visited by the 1945 Harvest Brigade, let us tell

you where and when it will be operating. Be sure to see the revolutionary, record-breaking Self-Propelled Combine in action.

We are eager and ready to co-operate with you in keeping your present equipment in repair, in supplying new tools if possible, and in planning your future implement requirements. See us about Massey-Harris Self-Propelled Combines, Clipper Combines, Forage Clippers, Power-Plus Tractors, High-Speed Plows, and other modern, cost-cutting implements.

## Sweatt Leaves Saturday On Good Neighbor Trip

The thrill that comes once in a lifetime came to Joe Ed Sweatt of Knox County and Jack Jones of Dickens County when they left last Saturday on the first Good Neighbor Trip which 4-H Club boys have made into Old Mexico.

On Monday they met 22 other chosen Texas 4-H Club boys and crossed the Rio Grande at Laredo for a 10-day tour of Old Mexico and an opportunity to associate with Mexican youths of their own age. They are to spend five days at the nation's capital after visiting other cities and seeing demonstrations of the country's agriculture, the world's richest silver mine and remnants of Mexico's ancient civilization along the way.

Information received by R. O. Dunkle, Knox County Agent, indicates that Mexican agricultural officials are preparing a warm welcome for the club boys and are cooperating cordially to make the tour a success. J. Barnard Gibbs, agricultural attaché of the American Embassy at Mexico City who has helped to arrange the itinerary, advised Mr. Dunkle that Ingeniero Gonzales Gallardo, undersecretary of agriculture, had arranged for Jesus Fernandez Brisenio, agent for the ministry of agriculture, to meet the party at Monterrey and continue with it to El Mante. Senior Brisenio has arranged stops at citrus orchards along the highway south of Monterrey and for a tour of the sugar mill at El Mante south of Ciudad Victoria. Mr. Gibbs said also that Ingeniero Hector Lazos, director of the National School of Agriculture, has requested six English-speaking students from the school to join the party when it reaches Mexico City on May 30 and remain with the members throughout their stay.

At a banquet in Mexico City on May 31, the Texas boys will have as their guests 24 Mexican lads of comparable age, along with Minister of Agriculture Ingeniero Marte R. Gomez, Official Mayor Ing. Eduardo Morillo Safa, Undersecretary Gallardo, Director Lazos, and other Mexican officials and representatives of the American Embassy. The Texas club members will compliment their Mexican boy guests by presenting each with five pounds of certified hegari, five pounds of Caprock sorghum.

The tour is sponsored by the Foundation division of a nationwide chain store. Mr. Johnson assisted by County Agricultural Agents Munroe U. May of Castro County and W. D. Seals of Bell County, will be in charge. Other guests will include Dr. E. H. Shinn, senior agriculturist, Extension Service, USDA, Washington; E. J. Condon of Chicago and C. T. Johnson, Dallas.

## Munday Men Are Complimented By Gen. Doolittle

ENGLAND, VE-DAY — Among the 185,000 men and women of the Eighth Air Force congratulated today by Lt. Gen. James H. Doolittle, who assumed command of the eighth in January 1944, were Sgt. Alston M. Morrow, AAF cook in England; Sgt. Virgil R. Ford, Sgt. Carl R. Griffith, B-17 Flying Fortress aerial gunner, and Capt. Hal Pendleton, all of Munday.

"I wish to extend my personal congratulations and heartfelt appreciation to every one of you for the magnificent job you have done," Gen. Doolittle said in a message to all personnel.

"Each of you," he continued, "may be proud of your part in the defeat of Germany. I am proud of you. The world is proud of you."

The Eighth Air Force was the world's mightiest strategic bombing force. Its personnel of 185,000 was the equivalent of 12 divisions, and could it send 21,000 airmen in 2,000 four-engine bombers and 1,000 fighters over Germany at one time, a combat effort possible only through the support of tens of thousands of non-flying specialists.

Since August 1942, when combat operations began, Flying Fortresses and Liberators of the Eighth dropped more than 700,000 tons of bombs on enemy targets. Fighter pilots shot down 5,250 Nazi planes and destroyed 4,250 others on the ground. Bomber gunners shot 6,000 German interceptors out of the air. The Eighth dropped an average of a ton every minute of the last twelve months.

Airmen of the Eighth were the first Americans to attack Germany. The early crews flew a handful of unescorted bombers against the powerful Luftwaffe, and proved the feasibility of an American idea—precision daylight bombing over the Reich.

As the Eighth grew in strength, it was assigned the task of crushing the German Air Force, which had to be done before the Allies could invade France. Bombers of the Eighth smashed Nazi aircraft production centers. Its fighters destroyed thousands of enemy planes on the ground and in the air.

After beating the Luftwaffe into relative impotency, the Eighth threw its weight against Germany's rail system and vital sources of oil. These campaigns, in conjunction with the British Royal Air Force and the US 15th Air Force, disorganized all transport in Germany, restricted German military operations in the air and on the ground, and paved the way for the march of Allied armies across Europe.

### Michial Birkenfeld Gets Commendation For Combat Team

Pfc. Michael R. Birkenfeld, who is serving with the 188th Regimental Combat Team, recently received the following commendation from Lt. Gen. Oscar W. Griswold: "Heartiest congratulation on a job well done."

"No words of mine can add to the glory you have brought to American arms by your exploits in as difficult terrain and against as bitter resistance as troops could be called upon to meet. You not only met them, you whipped them. It was a magnificent piece of work."

"None of us will ever forget the day when our flag finally burst out

## Texas Legislative Sidelights

By Senator "Cotton" George Moffett

Austin, Texas, May 26, 1945—There has been a lot of discussion about when this session should adjourn. My prediction is that the warm summer temperature now coming on, plus the desire to get home, will bring about adjournment before this is printed.

Many of the 1200 bills introduced will not become law, and of course, many of them should not. The Legislature's duty is to sift out the best ones and place them on the Governor's desk. Opinions differ as to which are the best ones, and there-

fore, in my judgment, some bad bills finally reach the Governor.

No new taxes have been levied at this session, and only one new commission has been created. It will regulate aviation. Bills were introduced to create more than a dozen commissions, and heavy pressure was put behind some of them, but the Legislature favored the passage of that one which regulates aviation, because it is a growing activity and needs suitable regulation.

We have recently had many visitors from foreign battle fronts and returned Prisoners of War. Some of them have spoken before the Legislature. After listening to several of these men and women tell of their experiences, the one thing that stands out is the spirit of the American soldier and sailor, and the abundance of war materials and equipment, which has been sent across the water. Most of this material is superior in quality to that used by any other nation and causes genuine admiration for the American way of life among nearly all other people. Perhaps one of the best lessons that will come out of this war is that a nation should try to build up its own prosperity through science, inventions and work rather than by marching into its neighbor's boundaries and taking over something that that neighbor has produced.

Miss Rosemary Zeckser of Topeka, Kans., is here for a visit with her sister-in-law, Mrs. E. C. Zeckser.

T/Sgt. Richard R. Smith has returned to his base in Santa Ana, Calif., after spending a 21-day furlough with relatives here. He has completed his mission over Germany.

Walter Paul Coody, son of Mr. and Mrs. Walter Coody, wrote his parents this week that he was being transferred from Ft. Sam Houston, but did not know where he would be stationed.

Mrs. Homer has three boys in the army and one girl, who is an army nurse, who is now in England. One son, Leonard, is now on Okinawa and wrote that he thought they did some fighting on Leyte, but is much worse on Okinawa. He said he feels sorry for the boys that never learned how to pray.

Her son, Joe, was in the Second Armed Division in Germany, but is now back in the states with trench feet and still in the hospital.

### REMEMBER WHEN

—the Chautauqua pitched tent each summer? It dispensed education and entertainment in easy doses for both young and old at convenient hours during the day and evening. That was before the movies captured America. Remember?

MAHAN FUNERAL HOME

## Eight Seniors Are Graduated At Rhineland

Graduation exercises were held for the senior class of 1945 at Rhineland High School last Friday night, May 25th. The graduates were: Charles Albus, Alvin Bellinghousen, Harold Decker, Cleo Herring, Rose Marie Kuehler, Ruth Loran, Walter Schumaker, and Madeline Wilde.

Dr. D. C. Eiland of Munday gave the Commencement Address in which he stressed the genuinely useful and social attitude that a student should take toward his educational opportunities. Dr. Eiland's words were well chosen and altogether applicable to the occasion.

The students who appeared on the program were: Cleo Herring, Salutatorian, Charles Albus, Class Historian, La Verne Albus, Class Prophet, Madeline Wilde, Class Testator, and Rose Marie Kuehler, Valedictorian. Billie Ruth Humble, accompanied by Miss Georgeanne Claus, sang a solo, "Benedictus's Stream". Miss Claus also played the processional and the recessional in addition to accompanying the high school students who sang "Beautiful Dreamer" and "Farewell Song."

The Lone Star Band of Rhineland played several numbers at various intervals during the program, finishing with the "Notre Dame Victory March" after the conferment of diplomas. The willingness and cooperation of Mr. Peter Loran and the other members of the band was cordially appreciated.

The following students received prizes for having achieved the highest yearly averages in their rooms: Bernadette Claus, room 4, Wynelle Albus, room 3, Adelaide Kuehler, room 2, and Rose Marie Kuehler, room 1. Through an oversight of Sup't W. J. Hagerty students who had achieved the second highest averages in their room failed to receive honorable mention. Such mention should have been given to the following students: Geneva Redder, room 4, Leroy Wilde, room 3, Billie Ruth Humble, room 2, and Clarence Stengel, room 1.

Honorable mention was given to the following students for having achieved the first and second highest yearly averages respectively in the several grades: Bernadette Claus and Geneva Redder, 7th grade, Wynelle Albus and Leroy Wilde, 8th grade, Eugene Kuehler and Vernal Zeissel, 9th grade, Adelaide Kuehler and Billie Ruth Humble, 10th grade, Clarence Stengel and Marvin Zeissel, 11th grade, and Rose Marie Kuehler and Cleo Herring, 12th grade.

Attendance Certificates for perfect attendance during the school year were awarded to: Veronica Franklin, Marvin Zeissel, Maxine Williamson, Wynelle Albus, Virgie Mae Kuehler, Gertrude Redder, Bernadette Claus, Gladys Decker, Lorene Kuehler, and Geneva Redder.

Mr. Louis Homer, secretary of the board of trustees, awarded the diplomas and congratulated each of the seniors. Rev. Herman Laux O. S. B., pastor of the St. Joseph's Church, Rhineland, in a brief speech congratulated the seniors and their parents on an occasion that warrants so much happiness. He concluded by cautioning the seniors to heed Dr. Eiland's advice.

An attempt was made this year to begin a tradition in the Rhineland High School when the juniors presented the seniors with a gift, as a memento of the many years they have spent together. The gift this year consisted in a Daily Missal for each of the graduates. The

## USO Has Heavy Load To Supply Fighting Men

AUSTIN.—So far from relieving demands, victory in Europe is already placing a heavily increased load on the USO in serving American fighting men, Wayland D. Tower, general manager of the United War Chest of Texas, said today.

Operations of the organization are financed through the National War Fund to which Texans contribute through their county war chests.

Not only is it necessary for USO Camp Show units to follow the armed forces as they move into the Pacific in ever-increasing numbers, but the need for entertainment of occupation troops in Europe and the wounded in hospitals at home becomes even greater, Tower said.

"The diversion and relief from boredom afforded by USO entertainment in the hospitals is counted one of the greatest aids to recovery of the wounded," Tower said.

"As for overseas forces, unless the occupation troops are given something to occupy their spare time, their lives will become a nightmare, all the worse for the sudden let-down after the excitement of hostilities."

Even more important, the war chest executive said, is the need for relieving the tension of battle for troops on the road to Tokio. Experience in providing entertainment as an antidote for battle-taut nerves has convinced military authorities that this contributes more than any other single factor in maintaining morale. Hence USO Camp Shows units move up almost to the fronts and give their performances within sound of the guns.

With additional shipping space available because of Germany's surrender, USO plans to increase Camp-Show units both in number and in size, even providing Broadway producers close behind the front.

Mrs. Grady Roberts of Wichita Falls came in Tuesday for a visit with friends here. She is also visiting relatives at Haskell.

Mrs. E. H. Nelson and Mrs. Forrest Yancy were visitors in Dallas several days last week.

Daily Missal is a compilation of the official ceremonies in the Catholic liturgy, especially of the mass.

## Cpl. Francis Barnett, Gunner, Receives Wings At Harlingen

Cpl. Francis L. Barnett has received his wings as a B-24 gunner at Harlingen, Texas. He was the fifth highest gunner in a class of 225 men.

Barnett received special training wide gunnery meet at Laredo, Texas on May 11. He won the title of third ranking all-round gunner in the United States at this meet. He has been transferred to a B-29 gunnery school and will receive this training at Harlingen, also.

Cpl. Barnett is the husband of the former Allene Jungman of Munday. Mrs. Barnett and daughter, Adrienne Lee, are living in Temecula, Calif.

Mrs. W. M. Huskinson and son, Bill, of Wichita Falls visited relatives and friends here the first of this week.

Miss Edna Hipple, who has been attending T. S. C. W. at Denton, is visiting in the home of Mr. and Mrs. J. R. Burnison this week.

Major and Mrs. Chas. H. Giddings and little daughter came in last week from Sioux City, Iowa, for a visit with Major Giddings' parents, Mr. and Mrs. C. H. Giddings.

W. H. Hart spent the first of this week in Lampasas, visiting with his mother and other relatives.

NOW YOU CAN GET TRACTOR TIRES—So Get

GOOD YEAR

Self-Cleaning Open Center

SURE-GRIPS

The Government has released rubber to build more tractor tires and has set up separate quotas for tractor and implement tires. This means that you farmers can now get the tires you need. AND WE'VE GOT THEM.

You must produce more food — to win the war. That's a big, important job. To do it, you must keep your tractor working—producing. It will do the best work on the HARDEST-WORKING tires — Good-year Sure-Grips!

The Goodyear Sure-Grip tread, with its self-cleaning OPEN CENTER tread has MORE TRACTION, pulls best. It cleans itself as it works — there's less clogging, less spinning or slipping. Sure-Grips roll smoother, too — there's less jarring to tire you out. When you buy — be sure to get Goodyear Sure-Grips — Best Because They Do The Most Work!

FREE HELP with your RATION APPLICATION!

Take steps now to get tires if you need them. Have us arrange for an inspection of your tires without delay. If your present tires need replacing, we will gladly help you prepare your application for a Ration Board Certificate. No charge — no obligation!
