KEEP ON... Backing the Attack! WITH WAR BONDS

VOLUME 41

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, JULY 19, 1945

NUMBER 3

Cotton Crop In Texas Below Par

The 1945 planting season has been one of extremes. Western areas were extremely dry beyond the planting of cotton.

Cotton acreage in cultivation in Texas on July 1, 1945, is estimated by the Crop Reporting Board of the United States Department of Agriculture to be 6,400,000 acres. The acreage planted this year is 13 percent below the 7,354,000 acres planted in 1944, and is the lowest cotton acreage in Texas in almost 50 years.

From 1890 to 1900 the cotton acreage harvested in Texas ranged from about 4,000,000 acres to 7,000,000 acres, reaching a peak in 1925, when 18,443,000 acres was planted to this crop. From 1925 through 1937 the cotton acreage in Texas ranged above 10,000,000, but from 1937 to date the acreage planted has been below 10,000,000 acres.

Knox County Hospital Notes

Patients in the Knox County Hospital July 17, 1945

Henry Ward, Aspermont. Roy Woodward, O'Brien. Geo. Hardberger, Knox City. Mrs. J. F. Schwind, Breckenridge.

Mrs. M. D. Boone, Goree. Mrs. O. A. Barker, Seymour. N. J. Bradshaw, Benjamin. Mrs. Cloys Littlepage, Knox City. Mrs. J. B. Hendrix, Knox City. O. B. Harrell, Rule. W. D. Dryden, Crowell. Mrs. B. W. Ingram, Rule. Bobby McBeth, O'Brien. Mrs. A. L. Scott, Benjamin. Mrs. Marion Brumley, Munday. Mrs. H. S. Jones, Munday. Mrs. Clifton Mooney, Seymour. Mrs. Ernest Freeman, Swenson. Mrs. J. E. Miller and baby, Rule. Mrs. M. L. Verhalen, Munday. Mrs. Marion Ryder, and baby daughter, Gilliland.

Patients Dismissed Since Tuesday, July 10, 1945

Mrs. Owen New, Truscott. Mrs. Ted Goller and baby daughter, Rochester. Mrs. J. M. Tidwell, Knox City. Mrs. H. D. Hickson, Knox City. Sharon Lee Smith, Munday. Sam Hodges, Rochester. Camelia Valladares, Knox City. Wanda Jean Beasley, Goree. Roland Ray Willis, Knox City. Mrs. A. A. Cox and baby son, Rochester. Mrs. O. L. Anderson, Munday. Mrs. A. D. Thompson, Munday.

Silver Star Is Awarded To Howard Myers

Howard Myers, son of Mr. and Mrs. Roe Myers went to Camp Wolters last Tuesday, where he received the award to the Silver Star for action on Siapan Island.

Myers has been home for a few weeks, having received his discharge from the service. Myers, then a corporal, was a member of a provisional tank battalion operating in support of infantry during the tough battle of Siapan, and had a part in rescuing two wounded buddies in a disabled army tank. The wounded were from a tank which struck a mine within enemy lines. They had evacuated to another tank, which threw a track and was disabled. A third tank brought medical aid men from the rear, but sniper fire kept them from assisting the wounded men. Then Myers, taking morphine from the aid men, got out of his tank, crawled underneath another tank, crossed exposed ground under heavy fire, administered first aid and assisted in evacuating the wounded men across the exposed ground to his own tank.

ATTENDS MEETING OF FARMERS UNION INSURANCE J. C. Rice left last Tuesday for Amarillo, where he is attending an executive board meeting of the Farmers Union Insurance Co. Mr. Rice is the vice president of the company, and is attending all meetings of the board while in Amarillo.

Conservation Work On Jamison Ranch Nears Completion

O. L. Jamison, District Cooperator in the West Knox City Conservation group, has more than half completed the Conservation program on his ranch.

Mr. Jamison started on his plan last year by building five miles of broad base terraces. Later he built three stock ponds for better distribution of grazing on his pastures. He made plantings of several varieties of pasture grasses, and 100 acres of mesquite.

Mr. Jamison has also started stubble mulch practice of subsurface plowing land in such a way as to leave most of the straw on the surface of the soil. He believes that straw left on the top will prevent evaporation as well as increase water intake and decrease run-off, thereby controlling erosion.

Charles Schumacher and Alvie Reswell, harvested their lots of weeping love grass. Plots of grasses produced from 70 to 160 pounds of clean seed per acre.

Many farmers cooperating in the District Soil Conservation Program are planting weeping love grass on land they plan to retire from cultivation and control wind and water erosion.

Love grass makes fast growth and has shown to be very promising grass in regrassing land suitable for cultivation.

Soil Conservation Service Technicians at Knox City, assisting in the Wichita Brazos District Conservation program assisted by Mr. Jamison and other District Cooperators in getting started toward a complete long time conservation program.

Commissioned

CAMP LEJEUNE, N. C.—Marine Second Lieutenant Edythe E. Dowell, daughter of Mr. and Mrs. G. S. Dowell of Munday, Tex., has completed eight weeks of intensive training in the Officers Candidate's School here and received her commission from Major General John Marston, camp commanding general.

Lieutenant Dowell is a graduate of Texas Technological College. She enlisted in the Marine Corps in October, 1943 and was stationed at Edenton, N. C., and Cherry Point, N. C., both Marine Corps Air Stations, before she entered Officer Training School.

In civilian life Lieutenant Dowell was employed by Sweetbriar Advertising and Display Incorporated, Albuquerque, New Mexico. Lieutenant Dowell will be retained at this camp for four weeks of indoctrination in the Reserves Officers' Class before assignment to duty.

MUNDAY SOLDIER IS DECORATED IN ITALY

WITH THE FIFTH ARMY, ITALY.—Corporal Leon P. Colvin of Munday, Texas, recently was awarded the Bronze Star Medal for heroic achievement in action in Italy.

He served on the Fifth Army front in the 351st "Spearhead" Regiment, 88th "Blue Devil" Division.

His mother, Mrs. Lizzie Belle Colvin, lives on Route 1, Munday.

Curtis L. McGregor has returned to his home in Dallas after spending a week with Mr. and Mrs. M. A. Bumpas and with other relatives here.

Seymour Rodeo Plans Complete

Annual Event Will Open July 26th

Final preparations have been made to stage "The Old Settlers Reunion and Rodeo" at Seymour, Texas, on Thursday, Friday, and Saturday, July 26th, 27th and 28th. Seymour features the Largest Original Amateur Rodeo in the Southwest from 1896 to 1945.

The program will consist of Calf Roping, Cutting Horse contest, Wild Cow Milking, Saddle Bronc Riding, Bareback Bronc Riding, Bullhogging, Brahma Bull Riding, Old Timers Calf Roping for men 55 years old and up.

\$2500.00 cash will be divided in the different contests, with many Special added prizes in every event.

A good many applicants have already been received for The Sponsors contest, and this is going to be a colorful event. A hand stamped, hand made saddle will be first prize for the young ladies to compete for.

More Broncs and Brahma Bulls are ridden at the Seymour Rodeo than at any other show in Texas.

In one of the finest Bermuda grass arenas in the State. No heat, no dust, and illuminated with powerful floodlights. There will be night shows only starting at 8:30 with elimination contests during the day.

Added attractions will be Sponsors' Dance, Square Dances, Clowns, and a Mammoth Colorful Street Parade each evening preceding the main attraction, Old Settlers all day picnic Thursday with a special invitation to all Old Timers to attend. 35 acres of camp grounds, with all modern conveniences, electric lights, City Water, Tables and Benches, Barbecue Pits and stoves are free to the Public to bring their Chuck Wagons and make themselves at home.

A two-ringed show for first time in this part of the state, will speed up performances.

Historian For Jubilee Arrives At Rhineland

Rev. Louis Deuster, O. S. V., of Subiaco Abbey arrived here Saturday to prepare the final draft of the Rhineland history, which will be published as a part of the Golden Jubilee celebration.

In addition to teaching Latin and English at Subiaco College, Subiaco, Ark., Father Louis is also engaged in publicity work there. He is editor of the monthly school paper, "The Periscope," and one of the editors of "The Abbey Messenger," a religious periodical.

Father Louis has visited in the Rhineland community several times in the past, and expressed his pleasure in this opportunity to return again. He plans to remain until after the jubilee, August 21.

Mother Of Local Man Dies At Loramie, Wyo.

Mrs. Julia J. Bumpas, 82, long time Dallas resident and wife of the late William Edgar Bumpas, died on July 11, at the home of a daughter, Miss Ruth Bumpas of Loramie, Wyo. The body was taken to Dallas for burial at 10 a. m. Monday, July 16.

Surviving are three daughters, Miss Bumpas of Loramie, Mrs. Tom White, Lancaster, Ohio, and Mrs. Virgil Fondren, Corpus Christi; three sons, M. A. Bumpas of Munday, J. H. Bumpas of Dallas and W. E. Bumpas, Estes Park, Colo., fourteen grandchildren and five great grandchildren. Two grandsons, one of whom is Buddy Bumpas of Munday, are serving in the armed forces overseas.

Attending the funeral from here were Mr. and Mrs. M. A. Bumpas, Mrs. Buddy Bumpas, Mrs. Bill King of Weinert and Lee R. Myers.

APPLY ONLY FOR THE GASOLINE YOU NEED

Special rules governing an increase of Non-Preferred mileage were effective June 11, 1945.

The increase of "B" ceiling does not automatically increase a gasoline ration, as all renewals will be based on need.

The gasoline situation is still critical, and the Board asks that you do not apply for more than you actually need.

NEW JEEP UNVEILED!

THE postwar Jeep, just unveiled to the public by Willys-Overland Motors, combines the four basic functions of tractor, light truck, mobile power unit and passenger conveyance. Photo at top shows the new Jeep pulling a spring tooth cultivator. Other farm applications include disking, mowing, raking, threshing, baling, shelling and grinding corn, operating manure spreader, filling silo, and sawing wood. Picture at bottom shows the new Jeep performing one of its less arduous tasks: taking the family on a picnic.

Lieut. Cecil Cooper Will Remain With Occupation Forces In Germany

Lieut. W. C. (Cecil) Cooper, son of Mr. and Mrs. J. F. Cooper of Haskell, who has been overseas with the Eighth Air Forces since January, has orders to remain in the European Theatre for two years, with the army of occupation, his parents have learned.

Lieut. Cooper was stationed in France until the war ended; then he was moved to Belgium, where he expects to stay until September, and then move on into Germany.

In a recent letter to his parents, he wrote about one of his fishing trips while in France. Part of the letter follows:

"Saturday at noon I fixed up a box of food, checked out a bicycle and took off on a fishing trip. I rode several miles to a river and began to fish. By dark I had caught eleven fish. I built a fire and began to cook, when a Frenchman, attracted by my fire, came down to where I was.

"My ability to speak French is somewhat limited. I had some difficulty in understanding that he wanted me to come to his house. So I got my stuff together and went with him. He had a fairly nice farm home, a wife, and two kids. He and I cleaned the fish, and since they had no grease, I had his wife fry some salt bacon (very fat) I got from the mess hall before I left. Then she fried the fish in the meat grease. She boiled some potatoes and fried some eggs after straining the grease from cooking the fish.

"They had good French bread, and I had some light bread from the mess hall, so we ate French bread during the meal and she served the light bread, and they called it cake. They seemed to like it, but to me it was still light bread.

"They served good French wine all during the meal—and very black coffee. After the meal was finished, I spent the night with them, and the bed was nice, clean, with sheets. The next morning they woke me about eighth o'clock, and I had my breakfast in bed. Three nice fried eggs, French toast and coffee. After breakfast, I got on my bicycle and began to ride down to the river, when I came to a good place to fish I tried my luck. Then I rode the bike on back, getting into camp in the afternoon.

"I really enjoyed the adventure and getting away from Camp for a change."

Lieut. Cooper has been awarded the Air Medal with two clusters, one battle star, the presidential Citation medal and the E. T. O. ribbon. He has also received many commendations for good bombing work.

S/Sgt. Joe Lane, who has been stationed at Harlingen and other points since his return from the European Theatre of Operations, has received his discharge from the air forces. He came in the first of this week for a visit with his parents, Mr. and Mrs. Ed Lane.

Candle Lighting At Gillespie To Honor Boys Serving Their Country

A special service honoring all boys in the armed forces from the Gillespie community will be held on Sunday night, July 22, at 9 o'clock at the Gillespie church.

Candle roll of soldiers will be called. Relatives of soldiers will come and light a candle in a huge "V" for that boy and tell where he is and a word about him. Prayers will be offered in their behalf.

95 Club People To Encampment

Veterans To Be Helped In Securing Farm Equipment

Applications from veterans of World War II for new farm machinery are now being accepted by the Knox County AAA Committee, according to a statement issued by Mr. Emmett Partridge, Chairman Knox County ACA.

This order that became effective June 25, 1945 is applicable to all veterans of World War II who served at least 90 days, are operating a farm as a tenant, owner, or sharecropper, have an honorable discharge, and cannot secure the equipment any other way.

When a veteran presents a certificate to a dealer that was issued by the committee, the dealer must supply him with the equipment before he supplies anyone else. This shall be done not withstanding any prior commitment or contract with any such person, Mr. Partridge stated.

For details the committee or the AAA office should be contacted.

Revival Closes Here On Sunday

The revival meeting which is now in progress at the Methodist church will close with the services next Sunday evening.

Much interest is being shown in all phases of the meeting, with increasing crowds in young people's and children's services and at the regular preaching hours.

Gospel messages, good congregational singing and special music by the Cockrell brothers are being enjoyed. A cordial invitation is extended to everyone to attend the remaining services.

Scout Leaders Attend Meet At Seymour Friday

Winston Blacklock, H. A. Owens, Sied Waheed, Jim Reeves, Weldon Smith, Harvey Lee, and W. C. Cunningham attended a meeting of scoutmasters and executive members in Seymour last Friday night.

The Seymour troop furnished a delicious feed at the Seymour Park, which was followed by discussions of Scout activities in this area. Around 45 were present for the meeting.

It was announced that the annual aquatic school for Scouts will be held August 16 through 19 at the Seymour Park. Various phases of water activities and water safety will be taught in this school, with a large number of Boy Scouts expected to participate.

Joe Giles Will Open Tractor Repair Shop Here Soon

Mr. and Mrs. Joe Giles and family have returned to Munday from El Paso, and Mr. Giles announces this week that he is opening a tractor repair shop in the rear of Reid's Hardware. The shop is expected to be in operation next week.

Mr. Giles is a well known mechanic, having lived here a number of years before moving to El Paso several years ago. He worked as a mechanic in several garages in Munday.

"We will specialize in repairing of J. I. Case and Allis-Chalmers tractors," Mr. Giles said, "and we invite you to bring your tractors here. Reid's Hardware, the local dealer for these tractors, will have a large stock of repair parts on hand, and most everything you will need in parts will be available.

"Our repair work is guaranteed, and it is our desire to render a complete service to all Allis-Chalmers tractor owners in this territory. We invite your patronage, and we assure you we will do our best to please you in every way."

HOME FROM ENGLAND Mr. and Mrs. Woodrow Vernon and family of Carlsbad, New Mexico, are here to spend a 15-day vacation with Mrs. Vernon's parents, Mr. and Mrs. L. E. Hunter, and with other relatives.

Ninety two 4-H club boys and girls from Knox county attended the annual 4-H encampment at Seymour July 13-14. Ten sponsors from six clubs also attended the camp, and assisted in preparing meals and maintaining discipline.

A sing-song was conducted by Judge Jones, of Baylor county, at the school auditorium, after which recreational games were played. These games were participated in by one hundred and eighty six club members from Baylor and Knox County including the sponsors. Following the games the whole group enjoyed a comedy picture show entitled "Tuttle Tuggie," after the show the entire group spent the night sleeping on the ground of the City Park.

The chief amusement during the entire camp was that of swimming. The educational features were demonstrations by the Baylor County boys, showing the method used to control cattle grub. The Knox and Baylor County girls gave demonstrations on making cosmetics, cold cream and hand lotion. The girls from Knox County, Sue Moorhouse and Betty Joe Burnett, presented a skit with their demonstration of making deodorant cream. Many adults who saw the demonstration were eager to purchase these cosmetic products. Miss King of Knox County, gave a demonstration on making lamp ornaments from scrap leather and old felt hats.

The camp came to a successful close after another swim and a good lunch.

Feeding Tests Show Values of Soaking Feed

County Agent R. O. Dunkle, states that the results of several feeding experiments over a period of many years conducted by the experiment stations in the different states give definite proof that grinding or soaking grain has been given much careful attention, and the numerous trials which have been carried on to study this matter proved clearly that there is but little saving in feeding ground corn to swine in the place of shelled corn and grain sorghum. For pigs weighing under 150 pounds in weight there is no saving at all through grinding.

With small grains such as wheat, barley, and grain sorghums, more of the grain passes through the animal unmastered even with pigs under 150 pounds of weight. It has proven that only in cases of when wheat and barley is fed it pays to grind or soak the feed. When pigs weigh more than 140 pounds the grinding of corn and grain sorghums shows only a slight difference in gain as compared with unground grain.

As an example pigs weighing 140 pounds fed shelled corn gained one and twenty seven hundredths pounds per day, while pigs fed ground corn gained one and thirty nine hundredths pounds per day. There being only a difference of twelve hundredths pound gained per day, and this difference in gain would hardly pay the cost of grinding unless a farmer owned his equipment for grinding.

Goree Girl To Serve As Sponsor At Seymour Rodeo

Miss Alice Thornton, 17, daughter of Mr. and Mrs. Van Thornton of Goree, will be one of the cowgirls to ride in the sponsor's contest at the 1945 Seymour Cowboy Reunion and rodeo on July 26-27-28.

Miss Thornton is a brunette, weighs 100 pounds and is five feet and three inches tall. She attends Goree High School. She has been riding for several years. She will appear at the rodeo riding her little sorrel horse, Redbird.

Sgt. Hugh Beatty, who served in England several months, has returned to the states and came in Monday for a visit with his wife, his parents, Mr. and Mrs. G. H. Beatty, and with other relatives.

"What a Man Does For Himself Dies With Him—
What He Does For His Community Lives On and On."

POLITICS MUST BOW TO REALITY

Retail business men have been leaders in insisting that practical methods be found and enforced to prevent the dizzy spiraling of prices which always ends radically for business and the public. Retailers were among the first to ask for sensible price control. They proposed procedures by which it could be kept effective. We are suffering now from the inescapable results of dodging reality for the sake of political expediency.

Retailers asked Congress to state definitely what it meant by a phrase, "generally fair and equitable." Such loose wording permitted those in charge of price control to force theoretical interpretation upon business and the public. With a thousand different minds at work on price regulation, many of them with no practical business experience, there could be only confusion over the term "fair and equitable", in regard to prices, when the law did not provide a specific formula.

An example of the clash between theoretical and practical application of price control was shown in the insistence by the Price Administrator that his "Highest Price Line" ruling be maintained. Business men protested this regulation and proved that it encouraged inflation, diminished the supply of lower-priced clothing, and disrupted the distribution of goods to consumers. After long and stubborn refusal of price regulators to correct this self-evident error, Congress gave relief.

Inasmuch as the Office of Price Administration cannot in itself produce an ounce of food, clothing or commodities to supply American consumers, it would be wise for both it and Congress to seek the suggestions of those who must and can supply the needs of the nation when given a fair chance. Certainly we have learned by this time that playing politics with the nation's domestic supply line is dangerous and defeats the legitimate ends sought by rationing and price control.

THE INCOMPREHENSIBLE

One of the incomprehensible traits of our country is its political practice of seeking to hamper or obstruct or even destroy, through governmental action, private industries on which its prosperity and economic well-being depend. Such practices are always disguised by their political proponents as in the interest of the people.

For example, the United States would be as helpless as a bug on its back if its railroad system was crippled. Well knowing this, our law-making bodies for years sanctioned, at public expense, so-called cheap river transport for the avowed purpose of taking business away from the railroads. The only reason the railroads were not hurt seriously was because the public did not want the river transport. It was too slow.

Commenting on this practice of sinking millions in the rivers for political purposes, Senator Reed of Kansas, says: "There is little of this river transportation that is justified. It is only cheap because it is paid for by the taxpayers. . . . If a private company promoted the Missouri River, seeking to induce people to invest money based on the report of the Army engineers, it would be subject to prosecution by the post office department for using the mails to defraud."

LEARNING BY EXPERIENCE

"The year ahead," says the Farm Journal and Farmer's Wife, "will afford striking material for thoughtful farmers to consider. Wartime restrictions have reached into every day of one's life. Farmers have taken rationing, price ceilings and floors, and all else in their stride. Agreeing that some controls are to be expected in wartime, farmers have seen that none has worked too well.

" . . . Agricultural price policies, for instance, have been affected by the political demands that cost of living be held down. Farmers have seen such policies defeat their own ends by creating scarcities where plenty was possible, and by setting up black market prices instead of fair prices. Watching the ponderous efforts of government to meet the rapidly changing situations of these months ahead, farmers will have a chance to estimate how much government they want in their affairs when the war has passed.

"Nobody can think straight who does not work. Idleness warps the mind. Thinking without constructive action becomes a disease." Henry Ford.

"Will our government, after the war, live within its income and foster business growth, or will it take the easy way of deficit financing leading to political regimentation of business and unavoidably to the American system of free enterprise?"—James A. Farley, former Postmaster General.

THE MUNDAY TIMES

Published Every Thursday at Munday

J. W. Roberts, Editor, Owner and Publisher
Aaron Edgar, News Editor

Entered at the Postoffice at Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

SUBSCRIPTION RATES

In first zone, per year \$1.50
In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

VETERANS WILL GET JOB

Men and Women who left insurance jobs to serve with the nation's armed forces, will find that the business has a twofold educational program waiting for them upon their return to civilian life. Immediately available will be printed summaries of all important changes that have taken place in property, casualty and inland marine insurance. Selected centers will provide refresher courses. Also available will be advanced and special adult educational courses designed to fit them for better jobs.

Plans are being developed for providing adequate educational facilities for those returning veterans without previous insurance experience, who desire to enter the business either as agents or company employees. There will be jobs for many new employees.

The extensive progress in broadening fire and property insurance coverages, in providing new types of protection and "all-risk" policies to fit the policyholders' changing needs, makes it desirable for veterans who plan to re-enter the field of general insurance to use this educational short-cut to get up to date as quickly as possible.

Postwar educational planning is being coordinated by the National Association of Insurance Agents and its affiliated state associations. Experts from fire and casualty insurance companies are giving time to help make the postwar plan efficient and comprehensive.

It is anticipated that short-course schools will be set up on a state-wide basis at some central university or college. Other courses will be given by local boards of insurance agents and in the home offices of many companies.

NO SUBSTITUTE FOR FREEDOM

Day by day our rationing and price control system grows more taut. This situation brings us face to face with an issue which involves liberty itself. Will we turn back to the American system of a free economy at the earliest possible moment, or will we go further with controls that decide for every individual what he may produce, buy or sell? If we accept the latter doctrine, we should not kick at restrictions and shortages. If we accept the former doctrine, we should not kick at higher or lower prices based on true costs and a competitive market. We can't expect a free and easy American life with the risks it involves and the opportunities it offers, under a controlled economy.

A growing number of economists favor an early release of price controls. If some industries charge excessive prices, many new competitors will be attracted into those fields and a torrent of production will eventually cure high prices. Breakdown in price controls on reconversion products as feared by some who have studied the staggering task, as special postwar industrial situations that must await investigation may run into hundreds of thousands and small companies cannot survive long waiting periods.

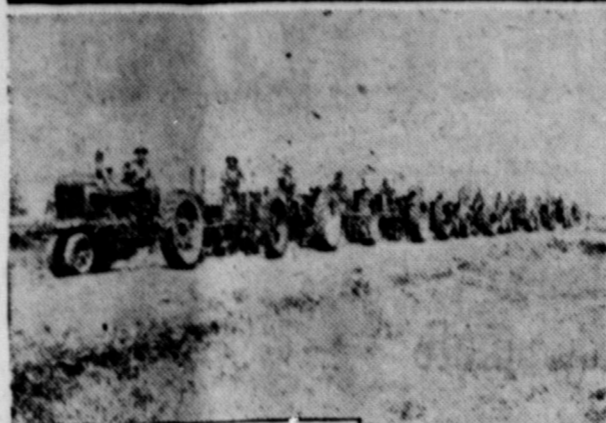

The greatest safeguards the United States has against inflation are its manufacturers at a low unit-profit. That system, which before the war gave our nation the greatest customer service in the world, cannot exist by raising prices arbitrarily. Its salvation depends on low prices. It cannot operate on a basis of scarcity and restricted distribution. It operates on the philosophy of plenty. Such a system as a check on price gougers.

HOW DO THEY REASON?

There is no way to express adequate contempt for well-paid workmen and labor leaders who strike and advocate strikes in war production plants today. Such men deserve special punishment in the hereafter—possibly the torment of their own souls for shirking in their solemn duty while their brothers and sons die on the battlefields, will be some retribution.

"Sound social advancements require, always, time and tolerance"—President Truman.

In The WEEK'S NEWS

GOOD NEIGHBOR POLICY—This mechanized unit of 17 tractors plowed 60 acres of corn in an hour-and-a-half at Ernest M. Hora's farm near Lone Tree, Iowa, by 20 of his neighbors. Mr. Hora was ill in bed and the corn had to be plowed.

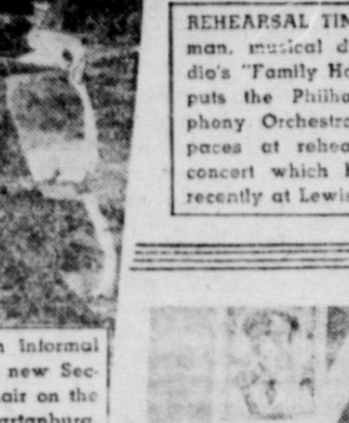

A MAN AND HIS DOG—An informal pose of James F. Byrnes, the new Secretary of State, sitting in a chair on the lawn of A. B. Taylor at Spartanburg, S. C. with his dog, "Whiskers." Mr. Byrnes recently visited there.

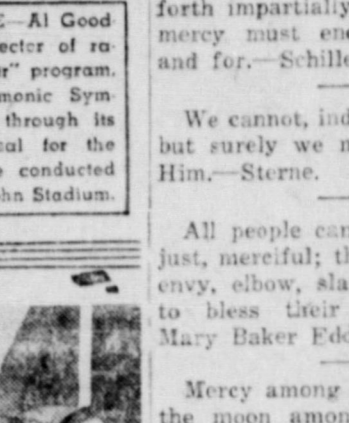

CAPTURED JAPS ON OKINAWA—Trying to sneak through the lines of the 27th Infantry Division on Okinawa in civilian clothing, these Japs quickly gave up when they encountered an American patrol.

ROMANCE OF THE YEAR—Servicemen's wives and sweethearts have selected Sergeant Jake Lindsey, Congressional Medal of Honor winner and his bride Beverly Hargreaves as the "Romance of the Year." Happy couple were presented with ring set with Hemelstone which symbolizes true love and legend says protects wearer from harm.

REHEARSAL TIME—Al Goodman, musical director of radio's "Family Hour" program, puts the Philharmonic Symphony Orchestra through its paces at rehearsal for the concert which he conducted recently at Lewisohn Stadium.

ADVICE ON VICTORY GARDENING—Boy Scouts getting some timely advice on how to grow tomatoes from E. H. Bakken (right), Director of Rural Scouting, Boy Scouts of America and Lester J. Norris, Chairman of the National Victory Garden Institute, which organization is sponsoring the National Green Thumb Contest.

GREETING:
You and each of you are commanded to appear and answer Plaintiff's Petition at or before 10 o'clock, A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being the 13th day of August, 1945, at or before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas. The file number of said suit being No. 4391 and said petition was filed on the 28th day of June, 1945, then and there to answer said petition in a delinquent tax suit filed by the City of Goree, wherein the said City of Goree, a municipal corporation, is Plaintiff and all of the foregoing and above named persons are Defendants, and wherein the Goree Independent School District, the State of Texas and Knox County are impleaded defendants. Said suit being an action to collect taxes, penalties, interest and costs on the property hereinafter described and located, at the time said taxes were levied and assessed, within the boundaries of said City of Goree and in Knox County and the State of Texas, described as follows:

NOTICE OF SALE OF REAL ESTATE

Four tracts of one-half acre, one-half acre, one acre and one and one-half acres respectively out of H. & T. C. R. Co., Sarvey 83, Abstract 363, in the names of L. E. Smith, Levi Cowser, Will F. Johnson, and Mrs. G. L. Maloney Estate respectively; and the following lots in the townsite of Goree, Knox County, Texas, viz: Lots 7, 8 and 9, Block 5; Lots 11 and 12, Block 19; Lots 11 and 12, Block 5; Lots 2 and 3, Block 25; Lot 9, Block 3; Lot 9, Block 9; Lot 9, Block 8; Lots 9 and 10, Block 14; Lot 10, Block 16; Lot 10, Block 16; Lots 7 and 8, Block 21; Lots 10, 11 and 12, Block 22; Lot 10, Block 26; Lots 11 and 12, Block 26; Lot 3, Block 34; Lot 12, Block 42; Lot 11, Block 42; Lot 4, Block 41; Lot 7, Block 53; Lot 9, Block 53; Lot 22, Block 1; Lot 10, Block 53; Lots 11 and 12, Block 53; Lot 2, Block 54; Lot 4, Block 54; Lot 10, Block 45; Lot 7, Block 94; Lot 6, Block 69; Lot 12, Block 66; Lot 10, Block 69; Lots 5 and 6 in Block 115; Lot 12, Block 77; Lot 12, Block 83; Lots 15 and 16, Block 89; Lot 9, Block 90; Lot 10, Block 90; Lot 11, Block 90; Lots 12 and 13, Block 90; Lots 4, 5 and 6, Block 102; Lots 1, 2, 5, and 6, Block 113; Lots 7 and 8, Block 20; Lots 7, 8 and 9, Block 30; and Lots 4, 5 and 6, Block 86; and the personal property inventoried to said City for taxes for the years 1931 to 1944, inclusive, by W. M. Mayo.

Taxes are alleged to be delinquent, justly due, owing, and unpaid on each of said lots, tracts and items of property for the years and amounts as alleged in plaintiff's petition filed in said cause, together with penalties, interest and costs and expenses of suit as provided by law and which may accrue thereon.

Each party summoned by this writ shall take notice of and answer to, all claims and pleadings now on file in said cause or to be hereafter filed therein by all parties to said cause who have or may hereafter file pleadings in this cause. Plaintiff also seeks the establishment and foreclosure of its lien on each of lots, tract and item of property herein described to secure the payment of such taxes, penalties, interest, costs and charges.

The officer executing this writ shall promptly serve the same according to requirements of law and the mandates hereof, and make due return as the law directs.
Witness my hand and official seal at my office in Benjamin, Texas, this 28th day of June, A. D. 1945.
N. S. KILGORE,
(Seal) Clerk, District Court,
1-4tc. Knox County, Texas.

IN THE DISTRICT COURT OF KNOX COUNTY, TEXAS

REAL ESTATE

THE STATE OF TEXAS:
COUNTY OF KNOX:

J. M. SHIPMAN, et al

Whereas, by virtue of an order of sale issued out of the District Court of Knox County, Texas, on a judgment rendered in said Court on the 15th day of May, 1945, in favor of the City of Munday, Munday Independent School District, The State of Texas and Knox County as taxing sub-divisions, and against the said J. M. Shipman, E. P. Miller, J. S. Foster, and their unknown heirs and Orville Bullington, No. 4360 on the docket of said Court, I did on the 29th day of June, 1945, at 10 o'clock A. M., levy upon the following described tract and parcel of land situated in the County of Knox, State of Texas, and belonging to the said J. M. Shipman, E. P. Miller, J. S. Foster, and their unknown heirs, and Orville Bullington, to wit:

Being all of Lot No. Seven (7), in Block Number One (1), all of Lots Five (5) and Six (6), in Block Number Two (2), all of Lots Number One (1), Two (2), and Four (4), in Block Number Three (3), all of Lots Numbers One (1), Two (2), Three (3), and Four (4), in Block Number One (1), Lots Numbers Seven (7), and Eight (8), in Block Number Two (2), Lots Five (5), Six (6), Seven (7), and Eight (8), in Block Number Three (3), all of Block Number Five (5), and all of Block Number Six (6), Lot Number Eight (8) in Block One (1), all in the Bullington Addition to the town of Munday, Texas.

And on the 7th day of August, A. D. 1945, the same being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Court House door of said County, I will offer for sale and

sell at public auction, for cash, all the right, title, and interest of the said J. M. Shipman, E. P. Miller, J. S. Foster, and their unknown heirs, and Orville Bullington in and to said property as provided by law and the court rules governing such sales.
Dated at Benjamin, Texas, this the 2nd day of July, A. D. 1945.
L. C. FLOYD,
2-3tc. Sheriff of Knox County, Texas.

Gems Of Thought

MERCY

Blessed are the merciful; for they shall obtain mercy.—Matthew 5:7.

As freely as the firmament embraces the world, or the sun pours forth impartially his beams, so mercy must encircle both friend and foe.—Schiller.

We cannot, indeed, give like God, but surely we may forgive like Him.—Sterne.

All people can and should be just, merciful; they should never envy, elbow, slander, hate, or try to bless their fellow-mortals.—Mary Baker Eddy.

Mercy among the virtues is like the moon among the stars,—not so sparkling and vivid as many, but dispensing a calm radiance that hallows the whole.—Chaplain.

For Mercy, Courage, Kindness, Mirth.

There is no measure upon earth, Nay, they wither, root and stem, If an end be set to them.—Laurence Binyon.

Jack Anderson, who is serving in the Navy and stationed at San Deigo, Calif., and Mrs. Anderson, who is employed in Corpus Christi, spent several days here last week with Mrs. Anderson's parents, Mr. and Mrs. Jess Burnison.

Miss Sula Beale Cox of Wichita Falls visited with home folks here over the week end.

Mrs. S. M. Bowling of Phoenix, Ariz., spent two days here last week, visiting with her brother and family, Mr. and Mrs. G. W. Dingus.

Mr. and Mrs. Lloyd Hendrix and family visited with relatives and friends here over the week end. Their son, Lloyd, Jr., who recently returned from the European Theatre of Operations, was here with them.

Goree News Items

I. J. Troy has returned from Mineral Wells, where he attended the bedside of his brother, T. E. Troy. Mr. Troy passed away July 1st at the age of 88. He was a pioneer of that section.

Mrs. Bennie Crites and children of Paris came in last week for a visit with Bennie's mother, Mrs. E. B. Crites. Pfc. Bennie Crites came in from his post of duty and will visit his wife and children here before reporting for duty on the West Coast.

Mr. and Mrs. Cortie Coffman of Lubbock were visitors here this week with Mr. Coffman's mother and other relatives. Buster Coffman returned with his brother for a visit on the plains.

Ten of the local Boy Scouts left last Friday for a week's training at Camp Perkins, near Wichita Falls. They were accompanied by their scoutmaster, Rev. S. E. Stevenson.

Mrs. Bud Vaughan and children of Abilene came in Monday for a visit with Mr. and Mrs. Ed Vaughan and other relatives.

Arman Moore, who has been serving with the air forces in Germany is home for a furlough. Arman is the son of Mr. and Mrs. Ernest Moore.

Mrs. Walter Coffman and children have been visiting in the homes of W. W. Coffman and Mr. and Mrs. Ernest Moore.

Mrs. M. H. McWhorter and daughter, Joan, of Sweetwater were recent visitors in the home of Mrs. McWhorter's father, W. W. Coffman.

Mr. and Mrs. Billy Goode are entertaining friends from Seymour this week.

Misses Mary Jo Arnold, Trudy Jane Coffman and Jolene Hendrix visited Naomi Hampton last Thursday in the Wichita Falls clinic hospital, where she had gone for treatment. It was feared she would have to undergo surgery, but now she is improving and responding to treatment.

Heard Crouch has purchased the Hudson Cafe and has opened for business. The building had been remodeled and newly painted. Mrs. Charles Kennefely, who has recently returned from St. Joseph, Mich., will be in charge. Her husband, Sgt. Kennefely, is in a hospital in the South Pacific.

Mrs. Deryl McElreath and children of Dallas have been visiting Mrs. McElreath's parents, Mr. and Mrs. Ben B. Hunt. She returned to Dallas this week with her brother, George Hunt.

Mr. and Mrs. Raymond Caldwell of Wichita Falls were visitors here with Raymond's parents, Mr. and Mrs. W. R. Caldwell, and with Mrs. Caldwell's parents at Bomarton.

The Methodist revival which is in progress this week is attracting good crowds. Rev. Roy Lee of Fairmont, near Abilene, is doing the preaching. Everyone is invited to attend the service.

Mrs. Henry Griffin was carried to the clinic hospital in Wichita Falls a few days for further treatment.

Mr. and Mrs. W. W. Williamson and family of Kentucky visited Mrs. Opal Johnston recently. They

also visited their uncle and aunt, Mr. and Mrs. W. F. McCauley. Mr. and Mrs. Lloyd Hendrix of Lubbock are here this week for a visit with relatives and friends.

Hubert Owens and his father, B. M. Edwards of Harlingen, have returned from a trip to Kentucky, Tennessee and Virginia, where they visited their former home and with relatives.

The pastor of the First Baptist announces there will be regular services at the 11 o'clock hour Sunday. Evening services will be omitted in the interest of revival services at other churches.

Texas Farm Safety Week Is Proclaimed

COLLEGE STATION, — Governor Coke R. Stevenson, by proclamation, has made the period July 22 to July 28 "Farm Safety Week in Texas." The governor thus supplemented the recent action of President Harry S. Truman in designating the same period as National Farm Safety Week.

"Prevention of accidents on farms has a deeper significance than merely keeping men and women fit for work," E. C. Martin, assistant state agent for the A. and M. College Extension Service and state chairman for the Farm Safety Week Program. "While it is true that every pair of hands available is needed to bring in the crops being grown in Texas this year, the waste of human lives, the pain and suffering from accidents, and the disruption to family life when a member is injured are even more important. The distressing thing is that so large a part of accidents which are happening daily could be avoided by caution, removal of hazards and the use of plain common sense."

"We are hoping that prevention of accidents will be practiced not only from July 22 to July 28, but that the example of that week's experience in avoiding cuts, bruises, broken bones and sometimes fatalities, will become a year-round habit. Taking a look before you step is an easy habit to learn, and it usually pays off."

Governor Stevenson notes that "a continued shortage of farm labor this year creates an urgent need for conserving manpower to meet production goals in 1945." Accordingly, he counsels farm workers to be on guard against accidents which cost the lives of many farm residents yearly "and cause thousands more to suffer injuries." President Truman in his proclamation urges "farm people everywhere to observe National Farm Safety Week by making a safety check in their homes and on their farms."

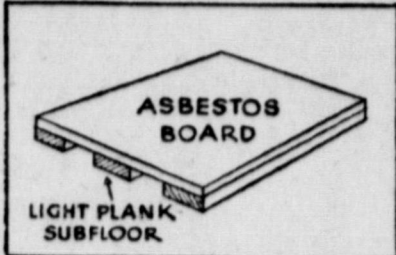

The National Farm Safety Council with headquarters at Chicago, sponsor of Farm Safety Week, after an exhaustive survey of sources of accidents, has concluded that falls cause more injuries in farm homes than any other type of accident. The council urges handling machinery with the utmost care, and checking the farm and home for things which might cause a serious injury.

Mrs. A. F. Cypert of Burkburnett came in Tuesday morning to be at the bedside of her mother, Mrs. I. P. Rosser, and to visit with her sisters, Mrs. R. A. Clements and Mrs. Dave Eiland. Mrs. Rosser, pioneer mother of this county, has been very ill at her home in Munday for the past two weeks.

Miss Florene Decker, who is employed in Fort Worth is spending her vacation with her parents, Mr. and Mrs. Henry Decker of Rhineland.

Fixing Up the Farm by BURTON WILLIAMS

Asbestos Cement Floors
FOR many types of farm structures, such as brooder houses, milk houses and individual hog houses, it is desirable to have floors which are ratproof, rotproof and water resistant. Even portable buildings can have floors with these qualities, if they are finished with asbestos cement board.

The asbestos board can be applied directly over a subfloor of light planks. If it is necessary to economize on planks, satisfactory results will be obtained by spacing them three or four inches apart. When the planks are separated, the board should be nailed to each plank every four inches or so. Asbestos cement board has a number of additional advantages. It is fireproof, because it contains nothing which will burn. It is immune to decay, rust and corrosion. Moreover, it can be cleaned easily, either with water or by scraping down.

Change in School Setup Recommended

Austin, — Public school training for children from the time they are four years old until they are 18, with universities offering only junior, senior, master, and doctorate work, has been proposed by a University of Texas educator.

Dr. Frederick Eby, young-time professor of education at the University, and a proponent of the junior college, believes that the school system can be reorganized for more efficiency and more economical utilization of funds.

"Education is still half a century behind the times," Dr. Eby said. "Our institutions are in the hands of men who have little vision, and who lack sufficient training in educational philosophy and science."

Changes in the school setup which he suggests are: Kindergartens for children from 4 to 6 years old; six-year elementary schools, followed by four-year intermediate school, followed by a four-year college setup. The latter schooling would take the place of the place of the last two years of high school and the present junior colleges.

"Universities should shift freshman and sophomore work to the colleges, confining their teaching from the junior level up. Such a program would be economically more effective, and would give us an educational system in keeping with the American leadership in the culture of the world," he said.

Joe E. Morrow, Eva Dean Henderson Wed In Littlefield

Announcement was made Wednesday of the marriage of Joe Edison Morrow of Munday and Miss Eva Dean Henderson of Littlefield. The wedding was at the parsonage of the First Baptist Church in Littlefield on Sunday, July 15, at 2 p. m., with Rev. Lee Hemphill, pastor, officiating.

Attending the couple were the bride's parents, Mr. and Mrs. M. M. Henderson of Littlefield; the bridegroom's sister, Ronnie Rea Morrow, and Junior Reddell. The bride is the daughter of Mr. and Mrs. M. M. Henderson, former residents of the Sunset community who moved to Littlefield several months ago. She attended the Sunset school, had graduated from the Littlefield high school last spring.

The bridegroom is the son of Mr. and Mrs. Drew Morrow of Munday. He was reared in this county and is a graduate of the Munday high school, where he was a popular member of the Munday Mogul football team. Joe entered the service in 1942 and served in a tank division for 17 months, receiving a medical discharge in 1944. Since returning to civilian life, he has been employed at the Roxy Theatre in Munday.

The young couple are making their home in Munday.

Truscott H. D. Club Meets Thursday At Baptist Church

The Truscott Home Demonstration Club met in regular session on Thursday, July 12, in the Baptist Church basement with Mrs. T. A. Haireston as hostess.

Mrs. J. R. Brown presided. Miss Lena Reed called the roll and read the minutes of the previous meeting. A report of the council meeting at Benjamin on July 6 was given by Mrs. J. E. Stover.

Members voted to pay two dollars and fifty cents (\$2.50) per month to the Knox County Home Demonstration Library.

After the business, the home demonstration agent gave a very thorough discussion on the subject "Household Pests." Formulas for getting rid of pests were given.

Refreshments were served to Miss King, one guest, and eight regular members.

L. B. Patterson, Jr. Miss Dorothy Hardin Marry On July 5th

Announcement has been made of the marriage of L. B. Patterson, Jr., S. 1/c in the U. S. Coast Guard, and Miss Dorothy Hardin, who were united in marriage on Thursday evening, July 5th at 9 p. m.

The wedding took place at the Baptist parsonage in Munday, with Rev. W. H. Albertson, pastor, reading the marriage vows. J. W. Massey was the only attendant.

The bride is the attractive daughter of Mr. and Mrs. Fayette Hardin of the Sunset community. She was reared in this county and attended the Sunset Schools. For the past several years she has been employed at the Rexall Drug Store in Munday.

Mr. Patterson was also reared in this county and attended the Munday schools and was active in football and other athletic events. He is the son of Mr. and Mrs. L. B. Patterson, Sr. He enlisted in the U. S. Coast Guard several years ago.

Upon expiration of his leave, Seaman Patterson left on July 10 for Key West, Fla., to await further orders. Mrs. Patterson is continuing in her position at the Rexall Store.

Groves Family Has Enjoyable Reunion Recently

Mr. and Mrs. Dan Groves had all of their children home over the week end, for the first time in 26 months.

Their son, T/Sgt. J. P. Groves, returned to the states in June after serving 22 months in the European Theatre of Operations, being sent to the McCloskey General Hospital in Temple. He is now on a 30-day furlough.

Other children present were Mrs. J. P. Groves, Pvt. Utah Groves, Camp Walters; Cadet and Mrs. Gwendolyn Groves, Wichita Falls; Mrs. Robert Feemster and children, Vera; Mr. and Mrs. H. D. Matthews, Jr., Munday, and Jerry Groves.

Others who were present were: Mr. and Mrs. Louis Floyd and daughter, Benjamin; Mrs. Homer Hediger, and daughters, Munday; Mr. and Mrs. Chester Smith, Wier, and Mr. and Mrs. Herbert Montgomery, Munday.

HOME FROM ENGLAND

Cpl. Roddy Griffith, who was stationed in England for some time and flew several missions over Nazi-occupied Europe before V-E Day, has returned to the states and is here for a visit with his wife and baby and with his parents, Mr. and Mrs. D. G. Griffith.

J. D. Mounce, Sr., of Archer City spent last Sunday here with his daughter, Miss Elizabeth Mounce.

Moore Reunion Held Recently; 56 In Attendance

Fifty-six relatives attended the annual reunion of Mr. and Mrs. W. L. Moore and family, on Sunday, July 8. The reunion was held in the home of their son, Jack Moore of Goree.

All of the children were present except one son, Nealie Moore of McCamey. Present were: Roy, Jack, Elden, Estle, Mrs. Lula Loving, Mrs. Jodie Perdue, Mrs. Chamberlain, Mrs. Bur Claburn and Essie Mae, all of Goree.

Nineteen grandchildren and six great grandchildren were also present. Two grandsons, Allen and Weldon Loving, were unable to attend as they are serving in the Navy. Five grand sons-in-law were also absent, four of them being in the service.

Hefner H. D. Club Meets Tuesday In Ben Holder Home

The Hefner Home Demonstration Club met on Tuesday afternoon, July 3, in the home of Mrs. Ben Holder, with the president, Mrs. Curtis Seale, in charge.

An auction sale was held on "guess boxes," and a total of \$13.86 was raised. The money will go to the Home Demonstration Clubs Memorial Library at Benjamin.

After all business had been disposed of, Miss Lucile King, home demonstration agent gave a demonstration on "Household Pests." Eleven members were present for the demonstration.

The next meeting will be in the home of Mrs. Curtis Seale, at which time each member is to bring a gift for the hostess.

CONSERVE PEACHES BY DRYING

With this year's large surplus of peaches and a scarcity of sugar, homemakers are concerned with the problem of how to conserve this crop. Mrs. Winifred J. Leverenz, specialist in food preservation at the A. and M. College Extension Service, offers the reminder that it takes no sugar to dry peaches, and the results from this process will offer an attractive addition to the family menu during winter months ahead.

To prepare the fruit for drying, prepare as for canning, either peel or halve, as desired. Treat with sulphur to keep color and food value. One method is to dissolve 3½ tablespoons of potassium metabisulfite or sodium sulfite in 1 gallon water, drop peaches as they are peeled or cut into this solution for 15 minutes. Drain and arrange on tray for drying.

The other method is to turn burn flowers of sulphur under the fruit. Use 1 teaspoon sulphur for each pound prepared fruit. Put the sulphur in a small piece of paper, roll it loosely and twist the ends. Arrange a place out of doors. Place fruit in a tray and put the roll of sulphur in a pan about 12 or 15 inches under the trays. Start burning the roll of paper containing the sulphur. After it has started burning, put a box or barrel down over the trays and pull some loose dirt up around the edge of the box to hold the fumes. For peeled peaches, sulphur for 20 minutes. For unpeeled peaches, leave under the box with the sulphur fumes about three hours.

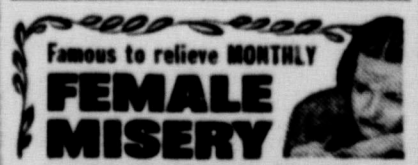

Complete the drying process by sun drying, or by controlled heat in an oven. If sun drying is used, arrange fruit on slatted or wire trays covered with cheese cloth; cover peaches with layer of cheese cloth or regular screen dryer. Place where air can circulate around fruit.

When the peaches are dry they are pliable and leathery and not sticky. Heat them to 150 degrees in an oven from 15 to 30 minutes. Place in hot, dry pans or cans and seal immediately. Store in a cool, dry place.

Mrs. B. L. Vaughn and babies of Abilene visited with relatives and friends here and at Goree over the week end.

Mrs. John King of Wichita Falls, the former Tyny Newsom, visited with friends here awhile Monday.

William Roy Baker of Knox City visited his grandparents, Mr. and Mrs. W. A. Baker, and other relatives here several days last week.

Bernadine Urbanczyk To Be Crowned Queen of Rhineland Golden Jubilee

Miss Bernadine Urbanczyk, daughter of Mrs. Anna Urbanczyk, will be crowned "Queen of the Golden Jubilee" at Rhineland on August 20, as the outcome of an exciting queen's race ending Sunday night.

The other two contestants in a run-off starting July 4th were Miss La Verne Albus, daughter of Mr. and Mrs. Peter Albus, and Miss Anna Hoenig, daughter of the late Alois and Elizabeth Hoenig. Each ran up an amazing total in a climactic race that had the parish on edge during the closing days, and for several days after.

Six other girls who participated in the primary were: Miss Maxine Williamson, daughter of Mr. and Mrs. Smer Williamson; Miss Anna Fetsch, daughter of Mr. and Mrs. Fred Fetsch; Miss Veronica Decker, daughter of Mr. and Mrs. Fred Decker; Miss Adelaide Kuehler, daughter of Mr. and Mrs. Joseph Kuehler; Miss Lucy Schumacher, daughter of Mrs. Carl Schumacher; and Miss Betty Lou Smajstria, daughter of Mr. and Mrs. C. J. Smajstria.

The nine girls worked for many months to raise a fitting sum to add to the new church funds as their special contribution to the multiple jubilee preparations. The Rev. Herman Laux, pastor, characterized it as the most exciting and interesting piece of work he has seen, on the feminine side, since coming to Rhineland in 1941. It is comparable, he said, to the admirable cooperation the menfolk showed when the new structure was under construction. At that time parishioners donated uncounted hours of labor, skill and money.

The crown will be placed upon the head of the winner by one of the visiting Bishops attending the solemn functions, according to Father Herman's plans.

Mrs. G. R. Eiland spent several days last week in Gladewater, visiting with Dr. and Mrs. James N. Walker and children.

Mrs. S. P. Speer of Springtown is here to spend the summer with her son, G. C. Speer, and his family.

At The Churches

BENJAMIN METHODIST CHURCH

J. P. Patterson, Pastor
CALENDAR
Preaching Second and Fourth Sundays at 11:00 a. m.
Church school 10:00 a. m. each Sunday.

Sunday, July 22, Services

In the First Methodist Church, across the concrete north from the Benjamin High School building, there will be three services on the above date—Sunday school at 10 a. m.; preaching at 11 by the pastor; and the quarterly conference at 4 p. m. Let us have faith in God and have a great day by attending each of these hours of service. The church is expected to be present and our friends are cordially invited to worship with us.

Pray for our meeting in September, and be prepared to take your part of the service when it comes.

J. B. Patterson, Pastor.

Mr. and Mrs. S. J. Warren had as their guests during this month, Mrs. Warren's sister, Mrs. Will Smith and daughter, Mrs. Jack Thomas of Tennessee; their son and daughter-in-law Mr. and Mrs. Marvin Warren and son, Jerry; Mrs. Weldon Warren and children, Dickie, Ann and Johnny of Goree. Other relatives calling were Mr. and Mrs. Floyd Warren, Mr. and Mrs. Arnold Warren, Mrs. Lenell Hobert and Mrs. Joe Mae Davis.

METHODIST CHURCH

Don R. Davidson, Pastor

10:00 a. m. Church School. A class and a welcome for everyone.
11:00 a. m. Morning worship. Gospel messages with a spirit of humble ministry.

7:30 p. m. League meeting for Youth. An opportunity for training for Christian service in a happy fellowship.

8:30 p. m. Evening Preaching Service. An informal service with evangelistic messages and good congregational singing.

This church program is for you.

FIRST BAPTIST CHURCH

Sunday School and preaching service next Sunday morning at the usual hours. No service Sunday night on account of the meeting at the Methodist Church.

You will keep in mind that our meeting begins the 29th of July.

W. H. Albertson.

Thermoil Takes The Worry Away; Gives Carefree Operation

Switch to Thermoil for proper lubrication under all conditions. You can't beat this oil for your car or tractor motor. It's got what it takes.

Call our station for your needs in gas, oils, greases and diesel fuels.

GRATEX SERVICE STATION

Elmo Morrow, Operator

PSST— THAT'S YOU!

Were you ever startled by a fleeting glimpse of a face in a public mirror? . . . Then you looked again and sheepishly recognized your own reflection! It was the unfamiliar setting that fooled you.

Same way, you may not recognize yourself at first as having a financial stake in this company. But you probably do—directly or indirectly.

Directly if you hold some of our stock, like many other folks around the state—folks from all walks of life. Sixty per cent of all our stockholders reside in Texas.

Indirectly if you have a savings bank account or life insurance policy as most Americans do. Banks and insurance companies like to reinvest your savings in sound, business-managed electric companies. Some of your money is almost surely working for you here.

You'll be even more pleased with this new view of yourself as a part owner as well as a customer when you remember that your electric company has fought a winning fight throughout the war—to keep the price of your service down and the quality of your service up.

Listen to "THE SUMMER ELECTRIC HOUR" with Robert Armstrong's Orchestra and guest stars. Every Sunday afternoon, 3:30, CWT, CBS Network.

Crop Insurance Soon Available For Winter Wheat

Federal crop insurance on winter wheat will be offered for sale soon in every winter wheat producing county, according to Emmett Partridge, Chairman of the Knox County AAA committee.

During recent weeks, Federal Crop Insurance Corporation representatives, AAA committee, and other sales agents have held meetings in every county to set up sales and administrative organizations.

This will be the first opportunity since 1943 for Knox County farmers to obtain all-risk insurance on winter wheat. Contracts were written on the 1945 spring wheat crop, following revival of the Federal Crop Insurance program late in December.

"We expect to contact every wheat grower so that he will have an opportunity to take advantage of this non-profit insurance which

protects his crop investment," Mr. Partridge said. "Farmers wanting information before they are contacted by an agent should get in touch with their county AAA office."

Under the winter wheat insurance, farmers have a choice of two contracts, each for 3 years. One offers coverage up to 75 percent of the average yield—the other up to 50 percent. The amount of coverage varies with the stage of the crop's development. Premiums are payable annually by cash or by premium note.

Any person with an interest in a winter wheat crop may apply for crop insurance through the county AAA office or a sales agent appointed by the county AAA committee.

The deadline for receiving applicants in Knox County is August 31, 1945 or before the crop is seeded, whichever is earlier.

Misses Peggy and Ann Nagel are spending this week at Morrilton, Arkansas, vacationing and visiting with relatives and friends.

Development Of Post-War South Is Seen By H. Straus

Southerners can look forward to a continuing economic development after the war because the South has all the elements needed to expand industrial and agricultural, according to a statement made today by Harry H. Straus, president, Ecusta Paper Corporation.

"Our experience here at Plagah Forest, North Carolina, during the past five years," Mr. Straus said, "has proved that management, science, finance and the surprising ability of Southern people to acquire skill in highly technical operations, all add up to a team that can withstand competition from any part of the world."

"Anyone who doubts the future of the South will become a firm believer in it if he visits our plant, which has been in operation just a little over five years," Mr. Straus stated. "In that time we have built a modern plant capable of produc-

ing paper of unsurpassed quality for a billion cigarettes a day.

"Far-sighted bankers in several Southern states made possible the needed finances to launch an operation of this magnitude. Local workers who had no industrial background learned in a matter of months to become experts in paper-making techniques that ordinarily would take years to acquire. Pains-taking research in our own laboratories is uncovering new and better lightweight papers for varied uses. And the source of our material, virgin flax fibre, is right here in America—a material that heretofore was considered a waste product."

Mr. Straus cites some of the Ecusta Paper Corporation's own plans as an indication of how continuing industrial development contributes to society as a whole. The Ecusta Corporation, in addition to producing cigarette paper for America's leading cigarette manufacturers, is already making lightweight business and air mail stationery of fine quality. The Corporation looks forward to a substantial increase in business of its fine paper division, which, in turn, will lead to greater employment. Lightweight paper, also manufactured directly from virgin flax fibre, suitable for books, bibles, catalogues, and other printed material, will likewise find new markets as aviation development leads to distribution of such material by air freight. "Increased production and new products mean more manufacturing operations, and therefore more jobs for Southern breadwinners," he said.

"Of course, Southern prosperity depends on the prosperity of the country as a whole," Mr. Straus added. "But the progress Ecusta has made in just a few years is a symbol of the progress that can be made throughout this area if over-

economic conditions are favorable. The South has everything it needs to enjoy a healthy industrial and agricultural growth in the years to come. If we made intelligent use of our native abilities and natural resources, I certainly share the confidence of other business men in the South that the welfare of the average citizen will be materially improved."

Milton Kitchen In Occupied Germany

WITH THE 99TH INFANTRY DIVISION IN OCCUPIED GERMANY—T/Sgt. Milton G. Kitchen, whose parents live at Munday, Texas, is now with Company H 394th Infantry, serving in occupied Germany.

He has been plenty of action in the European Theatre with the 394th Infantry Regiment, helping to beat back Von Rundstedt's Winter Offensive at the "hot corner" of the Bulge near Malmedy, to push the Germans from the Erf Canal to the Rhine above Cologne with the 99th Inf. Div.—the first American division to bring its forces up to the river, to chase the enemy across the Rhine at Remagen, to pick him out of the Ruhr Pocket, and to drive him across the Danube into the Bavarian Alps.

Entering the service in January, 1943, he joined the 99th the same month he entered the service. Before entering the service, Kitchen was a student of Munday high school and of Coffeyville Junior College. He has been awarded the Bronze Star for displaying heroic action in the time of battle. He has one brother, A. B., who is with the 5th Army in Italy.

DANCE AT RHINELAND

A dance will be held at the Rhineland community hall on Tuesday evening, July 24. Music will be furnished by the Brown Derbies of Stamford. Everyone is invited.

I GIVE YOU TEXAS
by BOYCE HOUSE

After a baby boy has grown out of baby dresses and diapers and has acquired pants, freckles, and so much dirt that no one would dare kiss him between meals, he then becomes a boy.

A boy is nature's answer to that false belief that there is no such thing as perpetual motion. A boy can swim like a fish, run like a deer, climb like a squirrel, bark like a mule, eat like a pig, or act like a wild duck, according to climatic conditions.

He is a piece of skin stretched over an appetite. A noise covered with smudges. He is called a tornado because he comes in at the most unexpected time, hits at the most unexpected places, and leaves a wreck behind him. He is a growing animal of superlative promise, to be fed, watered and kept warm, a joy forever, a periodic nuisance, the problem of our times, and yet the very hope of our Nation. Every new boy is evidence that God is not yet discouraged by man.

Were it not for our boys, a lot of animals of superlative promise, into bankruptcy. Boys are useful in running errands. A boy can easily do the family errands with the aid of five or six adults. The zest and enthusiasm with which a boy does an errand is equaled only by the speed of a turtle on a July day. The boy is a natural spectator. He watches parades, fires, fights, ball games, automobiles, boats, and airplanes with equal fervor, but not the clock. The man who invents a clock that will stand on its head and sing a song when it strikes will win the undying gratitude of millions of families whose boys are forever coming home to dinner about supper time.

Boys faithful imitate their dads in spite of all efforts to teach them good manners. A boy, if not washed too often and if kept in a cool, quiet place after each accident, will survive broken bones, hornets, swimming holes, fights, and nine helpings of pie.—Corrigan Press.

From Corrigan Press
It is to be hoped that the voters will give an overwhelming approval on August 25 to the constitutional amendment giving Texans who are now in the armed forces the right to vote without the payment of a poll tax, while in the service. As

for back as 1931, the "I Give You Texas" man urged that a citizen of Texas serving his nation in the Army, Navy or Marines in time of war is still a citizen and should be permitted to vote in any primary or election and without the payment of a poll tax.

Sgt. Roscoe Cranfill returned to Bakersfield, Calif., last week after spending a few days' leave here with his wife and daughter.

Mr. and Mrs. J. Dee McStay and little son of Vernon spent last Thursday here, visiting in the home of Mr. McStay's parents, Mr. and Mrs. S. E. McStay.

Mrs. Etta Webb has returned home from Spur, where she visited her daughter, Mrs. Leon Reagan, for about ten days.

Miss Ruby Lee Yeager of Fort Worth spent Sunday and Monday here with her parents, Mr. and Mrs. E. F. Yeager.

Misses Tommy Joe and Patsy Ann Leflar of Amarillo are spending this week with Miss Helen Leflar.

Miss Nelda Browning visited in the home of Mr. and Mrs. Ben Browning and family of Fort Worth several days last week.

Announcing The Opening Of Our Repair Shop

For Allis-Chalmers and J. I. Case Tractors

We hope to have our tractor repair shop ready for operation next Monday, and we invite you to bring us your J. I. Case and Allis-Chalmers Tractors for repairing.

Our work will be guaranteed, and we will give you a satisfactory job. Now you can get your Case and Allis-Chalmers repaired right, using only genuine parts.

We Have The Parts, Or We Can Get Them For You

Reid's Hardware will carry a large stock of repair parts for both these makes of tractors. In most instances the part you'll need will be available; if not, we can get it for you.

We will give quick and efficient service. Come here for your repair work!

THIS WILL BE AS TRUE IN POST-WAR TOMORROW as it was yesterday and as it is today.

THE MAINTENANCE OF A STEADY FLOW OF QUALITY PRINTING into your trade channels has earned for you a well merited recognition among your customers. Don't risk losing this prestige now while sales are easy.

KEEP ON THE TOP OF THE LIST with your customers of today. Your competitor would like these customers to be his in post-war tomorrow. Keep 'em buying . . . with fine printing from our modern plant.

and Post-War Tomorrow?

The Munday Times Commercial Printers

Texans, whose forefathers more than 100 years ago carved tradition with outnumbered swords on the bitter battlefields of San Jacinto and at the Alamo, are writing a new page of bloody history in the war against the Japs.

The gigantic part which Texans are playing in World War II was stressed this week in an official statement issued by the Navy. It said:

"Navy records tend to bear out the Texans' claim that that state has sent on a percentage-of-population basis, more men and women to the naval forces—the navy, marine corps, and coast guard—than any other state in the union."

"This is attributable largely to the fact that so many thousands of Texans volunteered prior to and early in the war."

"Since Dec. 7, 1941, a total of 134,393 Texans have gone into the Navy as enlisted personnel. This figure does not include 11,400 officers, the groups enlisted through V-5, V-7, and V-1-2, and naval ROTC units and more than 3,000 WAVES, SPARS, and women marines."

"Texans in the United States marine corps number 19,570 enlisted men and 323 enlisted women, and a total of 1,960 male officers and 27 women officers."

"In the Coast Guard, Texas has sent 1,245 enlisted men, 229 enlisted women, 294 male officers and 20 women officers."

"A roster of the marine corps shows that nearly 12 per cent of the entire corps are from Texas."

"Of the marine garrison captured at Pagan, China, Dec. 8, 1941, 129 were Texans. Of the 162 marines on Guam at the time of the Japanese invasion of that island, 15 were Texans. Of the 357 defenders of Wake Island, 36 were Texans."

Of all the men who participated in the bloody battle of Tarawa, seven per cent were Texans."

Texans on the home front, too are "Giving a Texan's Share" to the war against the Japs. In the 1944 campaign on behalf of the National War Fund, people of the Lone Star State contributed approximately 10 per cent more than the state's quota to the great humanitarian agencies serving "Our Own and Our Allies."

They will be called upon again in October to give to their county war chests, to support USO, War Prisoners Aid, Philippine Relief and the other great agencies which back our fighting men and give new hope to suffering war victims throughout the world. That they will again meet the Texas obligation and surpass it, just as Texas fighting men have always done more than their part in all wars, is to be expected.

Miss Louise Speigelmier of Abilene spent the week end in the home of Mr. and Mrs. Lee Haymes.

Mrs. Homer Lee of Wichita Falls and her son, Bobbie Lee, who recently returned from overseas duty, visited with relatives and friends here over the week end.

Mr. and Mrs. C. H. Giddings returned home last Sunday from Kansas, where they visited with Mr. Giddings' mother and other relatives. They also visited a few days in Dalhart while away.

Legal Notice

NOTICE OF SALE OF REAL ESTATE

THE STATE OF TEXAS: COUNTY OF KNOX:

IN THE DISTRICT COURT OF KNOX COUNTY, TEXAS

THE CITY OF MUNDAY, et al vs. J. W. MASSINGALE, et al

Whereas, by virtue of an order of sale issued out of the District Court of Knox County, Texas, on a judgment rendered in said Court on the 15th day of May, 1945, in favor of the City of Munday, Munday Independent School District, The State of Texas and Knox County as taxing sub-divisions, and against the said J. W. Massingale, and the unknown heirs of J. W. Massingale, deceased, No. 4361 on the docket of said Court, I did on the 29th day of June, 1945, at 10 o'clock A. M., levy upon the following described tract and parcel of land situated in the County of Knox, State of Texas, and belonging to the said J. W. Massingale, and the unknown heirs of J. W. Massingale, deceased, to-wit:

Being all of the South One-half (1/2) of Block Number Eighty-Nine (89), of the R. P. Munday Addition to the town of Munday, Texas.

And on the 7th day of August A. D. 1945, the same being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the court house door of said County, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. W. Massingale and the unknown heirs of J. W. Massingale, deceased, in and to said property as provided by law and the court rules governing such sales.

Dated at Benjamin, Texas, this 2nd day of July, A. D. 1945. L. C. FLOYD, Sheriff of Knox County, Texas.

People, Spots In The News

"MARY" is a grand old boat, forever after, to the American soldiers she's bringing home from Europe's battlefields to the classic New York skyline. There were 14,000 aboard this trip.

FOR POSTWAR PANTRIES—Starting innovations which have helped to make GI Joe the best-fed fighter in the world, will be ready for civilians after the war, according to American Can Company officials. Margaret Young holds some of the new products.

FUEHRER'S FIRESIDE at Berchtesgaden is put to good, if highly informal, use by Americans of 101st Airborne Division, who toast marshmallows and relax in huge room where Hitler used to entertain.

Can Your Fruits Without Any Sugar, Says Gas Expert

This year's abundant fruit crop is wasting away because of a mistaken idea that fruit cannot be canned without sugar. Sugar aids in retaining the color and holding the shape of fruits, but they can be successfully canned without using sugar, according to Julia Hunter, home economics director for Lone Star Gas Company.

To can fruits without sugar, Miss Hunter advised, follow the standard canning methods, using plain boiling water or boiling unsweetened fruit juice as a substitute for sugar syrups.

Miss Hunter has been busy recently answering requests for information on sugarless canning. "In sugarless canning," she said, "add just enough water or fruit juice to the prepared fruit to prevent sticking and cook until hot through. Then pack fruit into hot jars; cover with liquid in which fruit was cooked and process in the boiling water bath."

Many people are freezing their fruits as the deep freeze method comes more into use. Miss Hunter advised that as a substitute for sugar and sugar syrups in preparing fruits for freezing, corn syrup may be used. Her recipe for this is as follows:

"Make a syrup of 1 1/2 cups corn syrup and 2 cups of water; cool. Prepare and pack fruits in containers, cover with the cooled syrup. As each container is packed, put in refrigerator until ready to freeze."

Another method for preserving fruits is the drying process. Miss Hunter's formula for this is as follows:

"Fruits to be dried need not be peeled. Cut in halves and remove seeds. Drop fruit in solution made of 3 1/2 tablespoons sodium sulphate dissolved in one gallon cold water, to preserve color. Allow to stand 15 minutes. Drain fruit, spread on racks and place in very low gas oven (150 degrees F.) until dry. Drying will take from six to eight hours."

LOCALS

Mr. and Mrs. Wade Mahan and children, Susan and Wade Tanner, and Miss Elizabeth Turner spent the first of this week in Wellington with Wade's parents, Mr. and Mrs. J. A. Mahan.

Mrs. Jack Newman of Wichita Falls spent the week end here with her mother, Mrs. W. W. McCarty, and with other relatives.

Mrs. Mere Joyce visited with relatives in Abilene over the week end.

Mrs. Vada Stolty of Waco and Mrs. Edith Tartt and little daughter, Allison Kay, of Abilene, have returned to their home after several days' visit here with their sister, Mrs. D. E. Holder and Mr. Holder.

Mr. and Mrs. M. L. Barnard left

Scrap Salvaged By The Navy Back To The Fighting

DALLAS.—Close in the wake of the battles it fights, the U. S. Navy is recovering millions of dollars in vital scrap materials to fight again.

Material Recovery Units of the Navy pick the giant junkpile after each invasion to salvage from salt-pitted landing craft to pontoons and fireplugs. Among the places where these units have been most active are the shores of North Africa, Sicily, the West Indies, Alaska and the Marshalls, Marianas of the Central Pacific.

Examinations of a typical month's salvage by a Material Recovery Unit indicates the vast savings effected. During April, 1945 Unit No. 14 saved for reissue materials worth \$597,681 and sent critical scrap valued at \$259,060 back to the States. Working parties effected total savings of \$856,786 in the month.

Breakdown of the figures shows that 400 tons of steel pipe fittings, steel plates and steel structurals and 286,000 board feet of lumber were saved.

Scrap returned to the States included 100 tons of used rubber tires, 380 tons of fired brass shells and 10,028 tons of prepared heavy-melting scrap. Issues of usable material were made to 63 ships and to 124 shore bases.

In the Pacific, the Material Recovery Units have handled quantities of supplies abandoned by the Japs. A unit at Espiritu Santo gathered so many airplanes spare parts it came to be known as "The Graveyard of the Pacific." Planes flew in from other island bases to receive repair materials.

Material Recovery Units are supervised by officers specially trained in packaging and preservation. For this reason they have the new and important role of assisting in the "roll up" of rear bases no longer needed in the prosecution of the war.

Damaged equipment is disassembled and stripped of all usable parts. Collected materials are screened to recover parts that may be reused with out reworking, those which require minor repairs and those which can only be used as scrap.

The units also assist in packaging and preserving items requiring special handling because of

deterioration in storage. These are restored for future use, shipped to another base or prepared for sale as surplus.

Mrs. Aaron Edgar left last Sunday for a two weeks' vacation trip. She is visiting her father and sister, W. J. Bridge and Mrs. Roy Rogers, near Quannah and with friends in Memphis and other points.

MUNDAY, TEXAS

Washington News Letter

By Congressman Ed Gossett

Washington, D. C. July 14—The House this week completed action on the controversial war agencies appropriation bill. There were two particular items in this bill to which I was very much opposed, a \$5 million dollar appropriation for the Office of War Information which I thought should have been cut in half, also an appropriation of \$250,000 for carrying on temporarily the activities of the Fair Employment Practices Committee.

Like some other agencies the FEPC believes its name and is not a Fair Employment Practices Committee at all. I this week concluded a speech against this item by saying: "Those who are sincere in their support of the FEPC are confusing race purity with race gradery; they are confusing segregation with discrimination. They would destroy freedom in the fictitious name of equality. Second only in importance to the winning of the war is the destruction of these communistic tendencies in American life."

Incidentally, many of us here were greatly pleased with Mrs. Roosevelt's recent condemnation of the Communist Party in America. Always noted for her liberalism, Mrs. Roosevelt now states emphatically that the Communists (meaning those in America) are not to be trusted, and that their prattling of patriotism is a hypocritical smoke-screen under which they attack democratic institutions.

The House also passed this week a bill to increase the lending authority of the Export-Import Bank from 700 million dollars to 3 1/2 million dollars. This bank has handled such transactions as our 50 million dollar loan to China in the early days of the war. So far it has lost no money, but has shown a profit.

Many interesting things are now coming to light relative to the economic powers and scientific developments of the Germans. Among lethal and destructive weapons on which they were working was an atomic bomb called the V-7. Its dreadfulness is and when perfected is almost beyond human comprehension. Scientists say that one pound of this explosive would have the energy of three million pounds of our latest gasoline jelly bomb. These things make the organization for peace even more imperative.

The resignation of Ezequiel Padillo, Mexico's Secretary of State, has created considerable off the record comment in the city of Washington. Padillo's friendship for America has caused him much criticism in Mexico. He has ambitions to run for President there, but doubtless could not be elected as he is not a General. The heads of government in our good neighbor republic to the South are almost invariably the heads of the armies. Real civilian governments

in those countries have been almost unknown. The results speak for themselves.

The Political Action Committee of the CIO has recently concluded an "important meeting" in that city of Washington. They have laid down a 6-point platform. Three of these points are ultraliberal and many contend they would lead to a socialist state. These three points are: supplementary federal unemployment compensation extended to additional groups (war workers); adequate FEPC appropriations and a permanent FEPC; and enactment of the Murray-Patman full employment bill and the Wagner-Murray-Dingell social security bill (socialized medicine.) Out might again raise the point that labels are misleading. To provide full employment on the scale some urge, with government subsidies, might furnish full employment while government credit lasted, but in the opinion of many would eventually bring disaster and unemployment for all.

The resignation this week of popular and attractive Colonel Overta Culp Hobby of Houston as commander of the WAC has started some political gossip in this section. It is rumored she may run for Congress.

The House of Representatives will recess in a few days until about October first. I reluctantly withdrew from a committee of ten Congressmen the Army is to fly around the World during this recess. They will visit numerous places in South America, then to Dakar, Casablanca, Cairo, Iraq, Iran, the Holy Land, India, China, Australia, the Philippines, and Hawaii. To make this trip would deny me any time whatsoever at home. I have agreed, however, to accept appointment under a Congressional resolution for a brief visit to Alaska, since one of my committee handles all legislation for this territory, and since we have numerous problems that need investigation.

My office in Washington has not closed for a day in the last five years, and will remain open continuously. My office in Wichita Falls will be open the last week in August for at least six weeks. In my absence all communications will be handled by an efficient secretarial staff. This will be my last news letter until the first week in October.

RELATIVES VISIT IN S. W. REEVES HOME

S. W. Reeves had for guests in his home last Sunday, the following children and grandchildren: Capt. and Mrs. Heard Reeves of Wichita Falls, Mrs. Mark Allen and son, Pat, Clarendon; Mr. and Mrs. V. M. Reeves and son, Frank; Mr. and Mrs. S. E. Stevenson, Goree; Mr. and Mrs. J. E. Reeves and children, Perry, and Jean; Mr. and Mrs. M. H. Reeves and daughter, Evelyn; Mrs. Leland Hannan and Virginia Everett Pruitt, all of Munday.

I love smooth words, like gold-embled fish

Competition

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

AMONG the modest newcomers to American competition 25 years ago was a product called rayon. It was manufactured in the form of yarn, like wool and cotton yarns. The price to weavers was \$2.80 a pound against 50¢ for cotton yarn. Last year 55¢ a pound was the price of both rayon and cotton yarn, and rayon was on the market as a fibre, but somewhat like cotton fibre, but very much less expensive.

Back in 1919 the American people bought less than 2% as much rayon as cotton. Last year the ratio was 20% and rayon had captured quite a slice of cotton's export demand. Europeans earn less than Americans and they pay more attention to a low price. If it were not for the war, using up all both industries can produce, rayon would probably be giving cotton some tough competition.

Production WHEN the war and wages ends, these two big industries are faced with a struggle for sales in world markets. It is anybody's guess how the struggle will turn out, but King Cotton is not backed. The cotton industry is still much bigger; still employs more people than any other American industry. Besides, smart cotton men understand how rayon made its remarkable gains.

Rayon started out the American way. It had relatively large investments in machinery. With good tools, it turned out large volumes of rayon per worker. On

a basis of big results from their day's work, the men who worked drew good wages. At the same time, large outputs of rayon per man every day made it possible for prices to go lower and sales grow larger each year.

Mechanized WORKING people in America have a right to live well. When they earn good wages, they do live well. Money they spend is the very life blood of national prosperity. But before they can earn good pay they have to turn out lots of merchandise per worker. And in order to produce goods in volume they must have good tools. It was a successful plan with rayon and it will work with cotton.

People say there is a practical cotton picker ready for introduction after the war. It will cost a lot more than one big sack and a string for each member of a share-cropper's family. It will likewise pick more cotton in a day than they can pick in a week. Efficient tools call for capital investment. It means laying out money, but efficient tools are worth it.

People say we will see many mechanical cotton choppers after the war. It is not impossible. This will increase the number of acres of cotton per worker; make more yield per day for every man. The new farm machinery will create high wages and good living for a lot of people. But rayon can win its war with cotton if cotton tries to stay in the field armed with hoes and gunny-sacks.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin.—Milk is an infant's natural food; nevertheless, milk plus heat, dirt, and flies has killed many thousands of babies. The intestinal disease that attack babies in summer are, according to Dr. Geo. W. Cox, State Health Officer, largely caused by germs carried in milk and water. Unclean or contaminated water can be as harmful in causing infant diarrhea as contaminated milk.

Thousands of babies grow and keep well in Texas every year because they are given the right kind of care and the proper attention is given to the preparation of their food. The right kind of care includes keeping in close touch with the baby's doctor at all times; a regular daily schedule for sleeping, feeding, and bathing; sufficient time in the outdoor air; and carefully supervised exposure to sunshine—all these precautions can be important factors in keeping the baby well at all seasons of the year. In addition to benefiting the baby, this type of routine allows the mother more time for her household duties and much needed rest periods.

"The baby should wear a minimum of clothing and should be handled as little as possible," Dr. Cox said. "A smooth, flat comfortable bed for the baby with no pillows."

COUNT SUGAR CRYSTALS COLLEGE STATION — Long before the next sugar stamp comes due you will likely be doing a little backward wishful thinking—wishing you had counted your sugar crystals a little more carefully.

And a little plain arithmetic even now may help. If you're really systematic, you'll add the amount of sugar you have available from stamps not cashed and that amount of sugar or have and divide by the number of days remaining until September first, and you'll see how much sugar you will have to spread over the remaining time. And chances are, if you hadn't taken time to think about it, you'll be unpleasantly surprised.

You've probably already tried using corn syrup and honey to sweeten a few foods. Have you ever tried jellies and preserves for anything except breads? You'll be pleasantly surprised when you experiment a little.

A few spoonful of marmalade or jam mixed with custards or bread pudding gives them a different flavor that's very pleasing, and is a sugar saver too.

Open-faced pies are a summer favorite in many homes, and you won't need to forego pies of that kind entirely if you use a little jam in place of some of the sugar. Either jam or fruit butter will whip easily into a pie filling to give it a very special taste.

Sweet muffins can serve well for dessert, and are made by sandwiching a small spoonful of preserves into the batter as you pour it into the muffin tins.

Fresh fruit, either with cream or just eaten out of hand are always a welcome addition to any meal. And right now, peaches are tops in the fresh fruit line.

Virgil Stanley, Veteran of 36th Awarded Medal

Cpl. Virgil Stanley, son of Mr. and Mrs. C. A. Stanley of Munday, a member of the famous 36th Texas Infantry Division, has recently been awarded the Bronze Star for participation in the D-Day amphibious assault at Salerno, Italy, in September, 1943.

The bronze arrowhead, authorized by the war department this year, is awarded only to those who are among the first combat troops going ashore with the responsibility of clearing a beach head of enemy personnel. The arrow head is worn on the theatre ribbon in which the amphibious assault took place. In addition, Stanley wears the Combat Infantryman's badge, American Defense ribbon, Good Conduct ribbon, presidential citation, European theatre ribbon with five battle stars.

Cpl. Stanley enlisted in the 36th infantry regiment. He has remained in the same regiment during his entire service and has seen action in Italy, Southern France, Germany, and Austria. His unit was awarded the Presidential citation for action that took place on December 12, 1944, at Selostat, France.

In a recent letter, Cpl. Stanley stated that he had been slightly wounded twice and was very lucky. A brother, Capt. Paul Stanley of Stamford, who returned to the states in March, is on terminal leave and will be returned to inactive duty and civilian life in August.

Cpl. Stanley's wife, the former Louise Royer of Stamford, is employed a Jacksonville, Fla.

Cpl. Stanley is in Schelkingen, Germany, and is expected home around the first of August.

Price and Rationing Board.

The ration official said truck owners and drivers, who obtain certificates of war necessity from the Office of Defense Transportation and gasoline rations from the Office of Price Administration for any particular use, must restrict motor fuel consumption to that use.

County Boards of the OPA will penalize truck operators who obtain gasoline through certificates from ODT and use the gasoline for other than represented purposes. Co-operation of the two agencies

has been arranged, the board chairman said, to prevent misuse of gasoline, tires, equipment and manpower so vitally needed to finish the war.

Truck drivers are allotted in various classifications according to the vital need of their operations. Many kinds of trucks are having to go without tires until military needs are supplied. Some operators are having to let trucks stand idle.

It therefore is important, the chairman said, to restrict truck operations to the kind for which owners obtain fuel and tires.

The ODT-OPA co-operations is based on a provision in outstanding orders whereby local boards may make reductions of motor fuel allotments established by ODT where there is knowledge of misuse of transport rations.

Objectives For P. C. A. Ownership Laid At Meeting

Complete ownership of production credit associations by farmers and ranchers within the next two or three years was the main topic at the annual district conference of officers and directors of our associations meeting in Abilene, Texas on July 6 and 7, 1945.

The Stamford Production Credit Association was represented at this meeting by: J. B. Pumphreys, Pres., Old Glory; J. F. McCulloch, Vice-Pres., Stamford; C. G. Burson, Haskell, Lasater Hensley, Guthrie, Clark Forbis, Afton, Directors; and J. L. Hill, Jr., Sec.-Treas., Stamford.

Mr. Pumphreys said that the 36 Texas associations have built a total of \$6,723,629 in reserves and member-owned capital in 11 years, a good part of it in the past two years. "At the start in 1934 most farmers and stockmen were without cash and credit, and the government supplied a substantial part of the backlog capital needed to obtain a dependable source of loan funds from the investing public on terms that fit our needs."

He said it was intended that as the system became more strongly established and the associations built up their own reserves from earnings, the government capital would be retired. "In those days it looked like it might take 20 years or more for farmers and ranchers to achieve full ownership, but we have been making continued progress and already two associations in Texas have reached the goal. The 36 Texas Associations now have in reserves and member capital about 75 per cent of the amount they need to be fully owned by the farmers and ranchers."

The Stamford association has \$299,062.00 in reserves and member capital. The association needs about \$20,000.00 more to provide a strong farmer-rancher owned organization.

Plans were laid at the conference looking toward the following four big objectives:

1. Outright ownership of production credit association by farmers and ranchers.

2. Developing strong associations with ample backlog capital and reserves to assure a dependable source of funds from the investing public through the Federal Intermediate Credit Bank on terms that meet the requirements of agriculture in any sort of times.

3. Shaping associations affairs to help finance members' replacements and improvements so that farm and ranch families can make a better living and greater financial progress.

4. Assisting returning war veterans in every way possible in getting started again on their farms and ranches "with the aid and counsel of experienced farm and ranch directors and a strong farmer-rancher credit association."

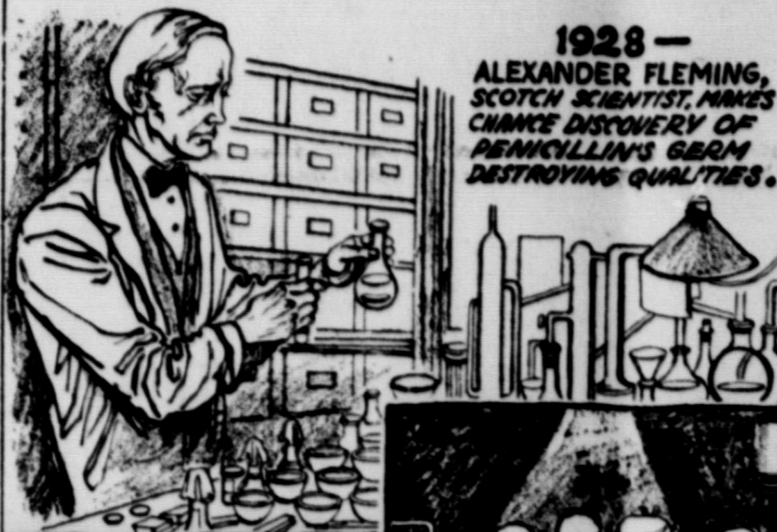

VISITS IN COOPER HOME
Miss Imogene Warren of Sligo, Louisiana, is visiting in the home of Mr. and Mrs. J. F. Cooper of Haskell. Miss Warren is the fiancée of their son, Lieut. W. C. Cooper, and they plan to be married as soon as Lieut. Cooper returns from overseas.

Cpl. G. C. Speer, Jr., gunner in the air forces, left Tuesday for Williams Field, Ariz., after spending a 21-day furlough here with his parents, Mr. and Mrs. G. C. Speer, Sr., and with other relatives.

Miss Peggy Bumpas has returned to Dallas after a vacation trip to many interesting places of the South. She came by here for a visit with her parents and other relatives.

Remodeling Of Knox City Bank Now Under Way

KNOX CITY.—Knox City Citizens State Bank, organized in 1920, is "lifting the face" of its home on Main Street at a cost of \$20,000, to make it one of the most modern and most attractive in West Central Texas.

Charles Mothen of Seymour has the contract. Brechensteins Inc., Houston, are architects. Until the bank can be occupied the affairs of the institution are being conducted in a brick building a block east, off main street.

Exterior front is getting a Lueders limestone facade, with stone trimming. Terrazzo floor and marble fixtures will be installed, as well as acoustic ceiling. Two new vaults—customers' and bank—and a modern cooling and heating system are to be put in, as well as fluorescent lighting.

Work has been proceeding since May 1 and the building should be ready for re-occupancy by Sept. 1.

The Citizens State Bank was organized as the Guaranty State Bank, its name changed to Guaranty Bond State Bank in 1924 and to the present name in 1927. In 1921 it absorbed by purchase the First State Bank of O'Brien, neighboring town; and the First National Bank of Knox City in 1933. Bruce B. Campbell, president of the institution, and the late Dr. A. C. Daniel, were the organizers. Campbell said the institution opened with \$7,500 deposits.

J. M. Averitt came to the bank in 1923 from the Rule Bank and is vice president. G. W. Coates, cashier, was with the First National Bank when it was taken over. He was for years a Stamford city employee.

The upper story of the bank will be made into an apartment for president and Mrs. Bruce Campbell.

Notice To Bidders

Sealed proposals will be received by Mr. Carl Haynie, chairman of the Board of Trustees of the Truscott Common School District, Truscott, Knox County, Texas, in the office of Miss Lelah Jones, School Superintendent, until 10:00 A. M. (Central War Time) August 7, 1945, for the General Construction, Plumbing, and Electric Work to rebuild part of existing School Building damaged by fire.

The new school will consist of four classrooms, lunchroom, and auditorium, in accordance with plans and specifications prepared by Wyatt C. Hedrick, Architect and Engineer, Fort Worth, Texas. Any bid received after closing time will be returned unopened.

Copies of plans and specifications are on file in the office of the School Superintendent, Truscott, Texas, and in the office of the Architects. Plans and specifications may be obtained from Wyatt C. Hedrick, Architect and Engineer, 1005 First National Bank Building, Fort Worth, Texas, upon a deposit of ten and no/100 (\$10.00) Dollars. The deposit will be refunded to each actual bidder upon return of such documents in good condition and within 5 days after receipt of bids.

Attention is called to the prevailing wage law (Acts of 43rd Legislature) that there must be paid on the project not less than the general prevailing rates of wages which have been established by the School Board, as the following:

Wage rates shall be the same as established by Building and Construction Trades Council having jurisdiction in the district.
A Cashier's Check, Certified

3-3tc Carl Haynie, Chairman.

Austrian Winter Pea Seed Furnished To Knox Farmers

The Knox County Agricultural Conservation Association has placed an order for 30,000 pounds of Austrian Winter Pea Seed with for the AAA is Porter and White College Station, Texas, according to a statement made by Mr. Doyle G. Thomas, secretary Knox County ACA. This seed is to be distributed to farmers of Knox County. The dealer that will handle these seed for the AAA is Porter and White of Knox City. It has been an established fact that Knox County soil needed some kind of cover and green manure crop. It appears that Austrian Winter Peas is the answer to this. They are planted in rows or seeded with a wheat drill in the fall. If the year is favorable, they can be grazed through the winter and in the spring harvested for seed or baled for hay, at the same time nitrogen is added to the soil from bulbs on the roots of the plant. Mr. Thomas pointed out that this crop is no longer an experiment. Baylor County has seeded a tremendous amount of acreage to these peas in the past two years and from all indications they will seed more than ever this year. Mr. Bryan Cammaack seeded 23.3 acres on his farm west of Rhineland last year and the results were excellent. He stated that it was the easiest crop he ever produced. However, the past few years have been favorable years. We know that they will not always be as good but neither will they be on other crops. We can hold and build up our soil easier than we can regain it and build it up after we have lost it, Mr. Thomas stated.

Anyone that would like to secure some of this seed should contact the AAA office. About half of the 30,000 pounds ordered has been obligated.

Cotton Will Meet Post-War Challenge

Dallas—Mechanization of production, greater sales appeal, new machinery and methods in the textile industry, and other improvements in production, processing and distribution of cotton, cottonseed and their products will enable cotton to meet its postwar challenge authorities from Texas, Mississippi, New York, and South Carolina said at the sixth annual Cotton Research Congress here.

"Cotton, which has played the most important role of any product in the waging of the war, has a vital stake in the success of the United Nations charter because it is a world commodity dependent upon an orderly economic world," Lt. Col. Burris C. Jackson, Hillsboro, general chairman of the Statewide Cotton Committee of Texas, told the Congress.

Jackson said that the postwar cotton industry must have lowered costs of production, processing and manufacturing to meet competition, plus governmental policies that protect the producer and permit him to meet competition while producing cotton at a profit to him-

Check, or acceptable bidder's bond, made payable to the Truscott Common School District in the sum of 5% of the total bid must accompany each bid.

No bids may be withdrawn after the scheduled closing time for receipt of bids for at least 30 days.

The School Board reserves the right to reject any or all bids.
Truscott Common School District, 3-3tc Carl Haynie, Chairman.

self. Cottonseed protein for human food offers a valuable, practical and economical source of essential amino acids, C. W. McMath, Fort Worth research chemist, told the group. McMath said that development of cottonseed flour and other protein food products adds to the already great usefulness of cottonseed as a major source of vegetable oil, livestock feeds and linters for munitions and peacetime products.

Use of mechanical harvesters in the Mississippi Delta last season indicates that they are technically and economically feasible and highly adaptable to farming operations in that region, F. L. Gerdes, Stoneville, Mississippi laboratory, said.

Practical soil conservation program in Lavaca County, Texas, which have increased cotton yields and aided in the control of cotton root rot were described by County Agent G. C. King of Hallettsville. Better cotton goods will come back to peacetime use after the war without any serious or prolonged

lapse of production, Charles K. Everett, New York, predicted. To maintain the supremacy of cotton as America's No. 1 textile fiber will require the mobilization of every brand of the industry, he said.

Mrs. M. L. Joyce spent the week end in Abilene, visiting with Mrs. Leroy Johnson.

Alicia Peek of Seymour spent the week end here with her grandparents, Mr. and Mrs. Ed Lane.

GOOD YEAR TIRES

PICTURE OF A SMART MAN

Waiting for a NEW GOOD YEAR

He's tried 'em all... found nothing like a Goodyear for extra service and safety. That's why, this time, he'll even wait, if necessary, to get the extra value built-in to a Goodyear.

Returned Veterans Make Good Students

Austin.—Veterans make good students, a University of Texas veterans' counselor says.

"They are purposeful and intent on doing their work," declares Hubert B. Jones, associate counselor in the University's Veterans Advisory Service.

"They are a little older than the average student, and a little more serious about getting the most out of their educational opportunities. Consequently they make a little better grades than the average student."

Jones said this trend is born out by reports he has had from veterans' counselors at other colleges over the nation, although no detailed analysis of grades has yet been compiled.

Enrolled in the University here this summer are 380 veterans or 32 more than the 348 who were in school last spring.

Little Misses Yvonne and Tommie Sue Horton of Merkel visited last week in the home of their aunt and uncle, Mr. and Mrs. Dee Perry. Also visitors in the Perry home were Mrs. Perry's brother, Mr. O. A. Horton and wife of Arlington.

Now You Can Order . . . Trousers--Slacks

We recently received notice that we can take orders for trousers and slacks. These have been prohibitive for some time.

New Fall Samples Are Due Around August 15th!

Come in and select your new fall suit when these samples arrive. Select yours before our company runs low on choice materials!

Bring us your tailor work. All work is guaranteed to please, and we can give you from one to two-day service on all types of work.
