KEEP ON... Backing the Attack! WITH WAR BONDS

VOLUME 41

MUNDAY, KNOX COUNTY, TEXAS, THURSDAY, AUGUST 2, 1945

NUMBER 5

## Soap Will Not Be Rationed--USDA

The soap shortage is causing a lot of concern, and a great many people doubtless would be interested in knowing if it will be rationed.

The Department of Agriculture, whose responsibility it is to decide whether or not soap is rationed has said that it will not be rationed.

Reasons: It is a tough job. It would be almost impossible to determine how much soap a person should get because of the widely varying factors affecting the use of soap. A coal mining district uses a lot more soap than a ranching area. Cities with lots of laundries use less than those with fewer laundries. The hardness of the city water supply definitely affects the amount of soap consumed, etc.

The shortage, says the Office of Price Administration, is due to a number of things, such as failure of women to turn in used fats, shortage of paper and cardboard for packaging, hoarding, the reduced production in the face of increased demand.

## Knox County Hospital Notes

**Patients in the Knox County Hospital, July 31, 1945.**

W. R. Honeycutt, Trusecott.  
Geo. T. Hardberger, Knox City.  
C. R. Woodward, O'Brien.  
Mrs. O. A. Parker, Seymour.  
Mrs. A. E. Propps, Knox City.  
Mrs. J. W. Sarborough, Rochester.

**Baby Jimmy Glenn Lovell, Benjamin.**

Frank Perez, Benjamin.  
Mrs. Alphonse Kuehler, Munday.  
Baby Kuehler, Munday.  
Mrs. Clifton Mooney, Seymour.  
Baby Mooney, Seymour.  
Mrs. Clyde Burleson, Rochester.  
Mrs. T. J. Sifton, Rochester.  
Baby Sifton, Rochester.  
Mrs. P. J. McClellan, Knox City.  
Catherine Sumpter, Knox City.  
Baby Girl Sumpter, Knox City.  
Baby Boy Sumpter, Knox City.

**Patients Dismissed since Tuesday, July 24, 1945.**

George Foster, Benjamin.  
David Hale, Benjamin.  
Mrs. L. A. Parke, Munday.  
Dallas Baugh, Rule.  
Mrs. Ora Featherstone, Rochester.

Mrs. N. T. Foster, Haskell.  
J. D. Simmons, Knox City.  
Patsy See Lane, Munday.  
Sharyln Day, O'Brien.  
G. Hicks, Rochester.  
David Dane, Walters, Okla.  
Mrs. W. L. Ballard, Rochester.  
Mrs. A. W. Yarborough, Rule.

**Births:**

Mr. and Mrs. Alphonse Kuehler, Munday, a Son.  
Mr. and Mrs. J. H. Ritchey, Knox City, a Son.  
Robert & Katherine Sumpter, Knox City, twins—boy and girl.

## Carl Dry Goods At Goree Opens Next Saturday

Barton Carl, who operated a dry goods store in Goree for a number of years, announces the opening of the new Carl Dry Goods Co. in Goree. The formal opening will be held next Saturday, with the doors opening promptly at nine-thirty o'clock.

The building has been entirely remodeled, with new shelving and new furniture throughout. Barton said this is a new store entirely, with new merchandise being received for the opening. The store is very attractive, and it is expected to serve the needs of many people of the Goree area.

Carl has spent some time at markets, purchasing merchandise for the store. He announces this week that he has quite a bit of "scarce" merchandise in stock, and he urges the public to attend the formal opening and purchase their needs.

"Our stock is as complete as we can make it under present conditions," Mr. Carl said. "We have been able to secure a nice stock all new merchandise which includes some articles that have been scarce for some time. It is our plan to maintain as complete a stock as marketing conditions will permit, and we invite you to visit our store at any time for your needs in dry goods, shoes and clothing."

Carl has spent some time at markets, purchasing merchandise for the store. He announces this week that he has quite a bit of "scarce" merchandise in stock, and he urges the public to attend the formal opening and purchase their needs.

## Interest Grows In Meeting At Baptist Church

The revival meeting now in progress at the First Baptist Church in Munday got off to a good start this week, and interest is expected to grow rapidly since the arrival of the evangelist and singer.

Evangelist Cooper Walters and Singer W. L. Faircloth, both of Houston, arrived here Wednesday night. Both were well received and have shown their interest in having a stirring revival for the Munday area.

The public is cordially invited to attend the services, held at ten o'clock each morning and 8:45 each evening. The evening services are being held out in the open.

Mr. Faircloth is interested in having a large choir for the remainder of the meeting, and invites all intermediates, young people and adults to take part in this phase of the meeting. Faircloth is also doing special work among the young people and juniors.

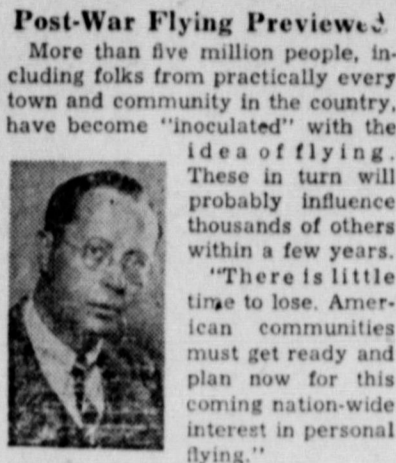

The cooperation of everyone, regardless of church affiliation, is urged during the meeting.

## RAYMOND CARDEN MAY AGAIN SERVE OVERSEAS

Raymond Carden Mo. M. M. 1/c in the Navy, has returned to San Francisco, Calif., after spending a furlough here with his mother, Mrs. Emily Carden, and with other relatives. He spent 24 months overseas and expects to be sent to the Pacific for further overseas duty.

## POST-WAR FLYING IN YOUR HOME TOWN

By C. C. CAMPBELL, Member, Aviation Writers Association, Washington, D. C.

**Post-War Flying Previewed**

More than five million people, including folks from practically every town and community in the country, have become "inoculated" with the idea of flying.

These in turn will probably influence thousands of others within a few years.

"There is little time to lose. American communities must get ready and plan now for this coming nation-wide interest in personal flying."

Wm. A. Burden Thus warns William A. M. Burden, Assistant Secretary of Commerce for Air. To indicate that the five million estimate of flying enthusiasts may be conservative, Mr. Burden offers the following figures:

More than 300,000 pilots in uniform and 150,000 others in civilian life will want to continue to fly. Then there are two and a half million men trained by the armed forces in other aviation skills; two million more—men and women—who are working in the aviation industry; 250,000 youngsters who are taking aerial courses in high schools each year.

While there are only approximately 25,000 civilian aircraft in the United States today, he predicts that there will be 400,000 civil airplanes in this country within ten years after the end of the war.

The national significance of this cannot be overlooked, but the real success of personal flying in the active peacetime world of tomorrow

will depend directly upon each of our 16,752 communities, aviation authorities point out.

Just as the automobile could not become generally useful to every American who wanted to own or drive one until good roads were built, so personal flying will be grounded until suitable landing facilities are available everywhere. Planes in the air can land in safety only on level, prepared surfaces. Planes on the ground need smooth runways and space to "take-off."

However, these facilities need not be extensive or costly, many communities are now finding out. With the advice of both Federal and State aviation groups, as well as non-government aviation organizations such as the Personal Aircraft Council of the Aircraft Industries Association of America, Inc., Washington, D. C., plans are under way in many sections of the country for the construction of inexpensive airparks, flight-stops and air harbors. These are fitted to the size and needs of the individual community and usually can be expanded later if conditions warrant.

What seems to be more to the point, many town officials expect that their proposed landing facilities will become income producers and perhaps pay off the costs of construction and operation in time. They feel that the development of community personal flying may prove to be good business in more ways than one.

This is the first of a series of articles on post-war flying and its effect on community life. The next article, "Freedom of Personal Flight," will appear in an early issue.

## Softball Tourney Slated For Munday

A softball tournament, in which leading teams of this area will participate, will be held in Munday around August 15, W. C. Cunningham, ham, superintendent of the local schools, announced this week.

Six teams have been invited here for the tourney. Games will be played at night, and admission prices will be 15 and 25 cents. The two Knox County teams will be all-county teams, with leading players over the county comprising the two nines.

Teams which are expected to participate in the tourney are Knox City, Goree, Stamford, Abilene, Wichita Falls, and Vernon.

## BIRTH ANNOUNCEMENT

Sgt. and Mrs. Elmer E. Cude are the parents of a daughter who was born on Wednesday, July 25, at the Knox County hospital. Mother and little daughter are reported to be doing nicely. Sgt. Cude is serving in the army in the Philippine Islands.

## Keep Up With Rationing

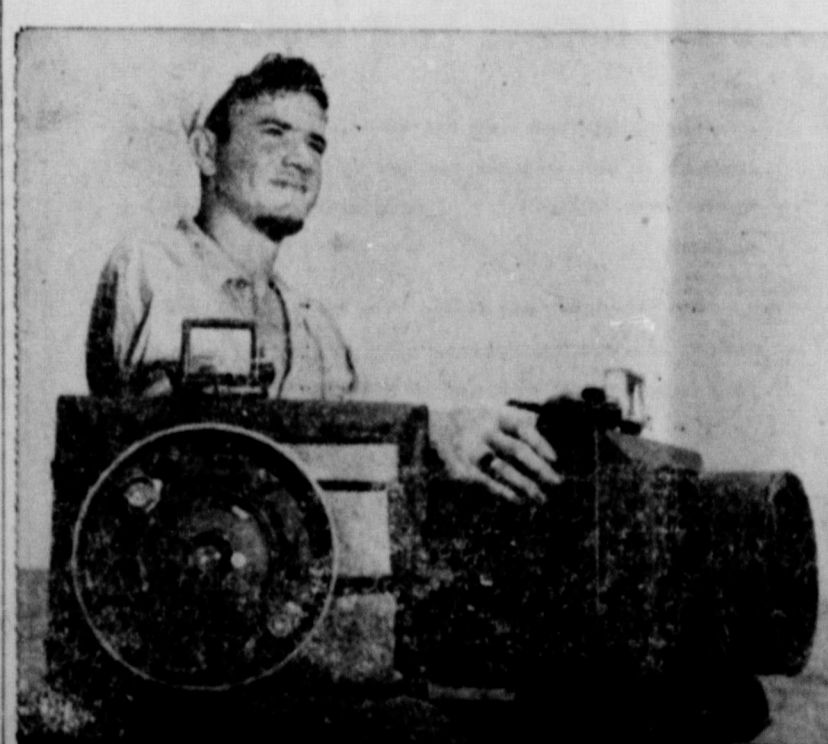

**RATION REMINDERS**

Blue stamps P-1, Q-1, R-1, and F-1, each worth 10 points for processed foods, become valid August 1 and will remain valid through November 30.

Red stamps for meats and fats which become valid August 1 are F-1, G-1, H-1, J-1, and K-1.

New shoe stamp valid August 1 is Airplane No. 4.

## Texan Mans Big Navy Camera

W. H. Shugart, photographer's mate third class, U. S. N. R., of De Leon, Texas, is shown at a pair of converted Navy aerial cameras which are his tools in a crew known as the most shot-at men in the world.—Official U. S. Navy Photo.

## Cub Scouts Have Field Day Event

### 26 Awards Made For Achievements

An enjoyable event for the Munday Cub Scout pack, which was witnessed by parents and other interested persons, was the field day events held at the football stadium on Thursday night of last week. Various contests were held with the following winners announced:

Archery—Gerald Morrow.  
Sack race—Lynn Reynolds.  
Three-legged race—Perry Reeves and his dad, Jim.  
Clothes pin race for dads, Winston Blacklock.  
Nail driving contest for mothers, Mrs. Chase Eiland, den mother.  
Shoe scramble race—Herbert Ford.

Den three was awarded first prize of a Scout Hatchet for the best built and most original backyard summer den, the project for July. Each boy has an individual pup tent, and the den had one large tent for den meetings. All tents were made from feed sacks and water-proofed.

Various achievement awards were made to the Cubs as follows:

Wolf badge: Joe Lynn Phillips, Leon Johnson, Charles Killian, Marion Elliott, Joe Howeth, Hilton Stubblefield.

Wolf Gold Arrow: Leon Johnson, Charles Killian Bobby Killian, Gene Haynie, Jerry Hawes, and Hilton Stubblefield.

Bear Badge: Joe Lynn Phillips, Dony Killian, Perry Reeves, Herbert Ford, Gerald Morrow, and George Spann.

Bear Gold Arrow: Joe Lynn Phillips, Perry Reeves, Herbert Ford and Gerald Morrow.

Bear Silver Arrow: Perry Reeves, Herbert Ford and Gerald Morrow.

## 26 Registrants Reclassified By County Board

Twenty-six registrants were reclassified by the Knox County Local Board at its regular meeting on Tuesday, July 31, as follows:

Class 1-A: Henry C. Bowman and Encarnacion G. Valladares.

Class 1-A (B): Vernon O. Benson.

Class 1-C, Ind.: Olie P. Cheeck.

Class 1-C, Disc.: Henry D. Lewis, Edward Morris, Eugene L. Thompson, Litt Lemley, Thomas J. Russell, Floyd A. Nunley, Cecil Dowd, Robert A. Guffey, Edgar Reeves, Joseph Burch, Joseph F. Lane, Tex C. Clary, Jr., and George M. Pippin.

Class 2-C (F): J. B. Tomlinson, and Howard B. Stasey.

Class 4-F: Alvin C. Wiggins, Skipper Brown, Filiciano R. Sammaro, and Elvin R. Mincey.

Class 4-A: A. D. Helms and Haynes W. Blackburn.

## Wheat And Rye Goals Announced For Next Year

A Texas wheat goal of 5,200,000 acres seeded for harvest in 1946 has been announced by Mr. B. F. Vance. This provides for continued full production in line with the 1945 seeded acreage of 5,028,000.

The goal represents Texas' share of estimated requirements during 1946-47 for food, industrial and other non-food uses, export, and reserves.

Although a record national wheat crop of 1,085 million bushels is indicated for this year, the carry-over July 1, 1946, is not expected to be excessive because of heavy requirements for wheat during the months ahead, particularly for relief feeding. Estimated requirements for wheat may be somewhat smaller by the time the 1946 wheat crop moves to market, but are expected to equal production at average yields from an acreage as large as this year's.

The Texas goal for rye to be harvested for grain in 1946 is recommended at 25,000 acres. This compares with an indicated harvest of 26,000 acres in 1945. Farmers are asked to plant as much acreage to rye to be harvested for grain as is consistent with needs for other crops.

## 4-Hers to Observe Feeding Practices

### Cotton Insects Becoming Active On Texas Farms

COLLEGE STATION. — Infestation of Texas cotton fields by destructive insects was high at the end of the third week of July, according to Paul Gregg, entomologist for the A. and M. College Extension Service. More than 400 reports received from cotton growing areas in all parts of the state showed an average of 37 per cent of squares punctured by boll weevils. This, Gregg said, indicated that weevil infestation was general and high.

In the same period, leafworms had been found as far north as Victoria and Jackson counties. Boll-worm infestation was spotted, but was causing a measure of damage in some fields.

Gregg suggests that growers pick and examine 100 normal squares from their fields at least once weekly, and often when weevils are abundant, to determine how many are being punctured. Dusting with calcium arsenate is recommended when 10 to 15 of each 100 squares on cotton growing in light land are punctured and when 20 to 25 squares per 100 on cotton on heavy high-yielding soils become infested.

Five or six pounds of calcium arsenate, of which there appears to be an ample supply this year, is sufficient for medium sized plants, Gregg says. For rank cotton, seven to nine pounds should do the job if applied with a dusting machine.

Weevils are more numerous than usual at this time of year. The principal causes are that more weevils survived the winter and cotton is later this year than in 1944. Last year the hot, dry weather during June so effectively checked the early-season populations that weevils were unable to build up again until after a good crop of bolls had been made. This year, except in limited areas, weather has not been favorable to preventing a normal increase in weevils.

In view of the critical situation, Gregg urges growers to watch their fields carefully and be prepared to act promptly in controlling boll weevil infestation.

The 16 Knox County 4-H Club boys and 2 4-H Club girls who are feeding baby beef calves will make a tour, Friday, August 3rd, at which time they will visit each other, and observe the methods of management and feeding practices by those boys who have the best calves. At each stop boys and girls will be given a score card on which they will score each other as to the boys or girls ability to handle his or her calf, fleshiness and covering of calf, general appearance, condition of hair, cleanliness of stall, arrangement of hay racks, feeders, water and salt. A similar tour to this one was made last year including the Dads and breeders, who thought "the trip worth while, and each boy gained valuable information from other boys, and it is hoped that the same good will and educational feature of the trip will be gained this year.

The tour will start at Benjamin, August 3rd, at 1:30 p. m., and we should like for anyone interested in making the tour with us.

The boys and girls names, and the order in which they will be visited are as follows:

J. G. Pults—Benjamin.  
Bryson Laird—Benjamin.  
Olen Ray—Benjamin.  
Fred Lewis & Buddy Crenshaw—Benjamin.  
Jerral Trainham—Vera.  
Nadyne Allen—Vera.  
Donald Joe Jackson—Vera.  
Jerry & Jeanette Beck—Vera.  
Leroy and A. C. Davis—Vera.  
Kenneth Baker—Munday.  
Pat Hill—Sunset.  
John Ed Smith—Knox City.  
Edwin Howeth—Jamison Ranch.  
Carrol Fred Glover—Benjamin.

## Heard Reeves Visits Home On 30-Day Leave

Capt. Heard Reeves, who saw action in five countries during the war against Germany, has returned to the states and is home on 30-day leave. He is the son of Mr. and Mrs. V. M. Reeves of Goree and grandson of Mr. and Mrs. W. S. Heard of Goree and S. W. Reeves of Munday.

Capt. Reeves, a graduate of Goree High School, was employed at Wichita Falls before entering the service in January, 1941. His wife, the former Jeanette Moore, resides in Wichita Falls.

He served with the 36th Infantry Division as an enlisted man for two years, and was graduated from officers' candidate school at Fort Benning, Ga., on December 15, 1942. He joined the Third Infantry Division in French Morocco in March, 1943 and saw action with the 15th Infantry in Africa, Sicily, Italy, France, and Germany.

Capt. Reeves served 28 months overseas and participated in seven campaigns: Tunisian, Sicilian, Southern Italy, the Anzio Beachhead, Southern France, and two campaigns in Germany. He served as rifle platoon leader and as company commander of Headquarters Co. First Battalion, 15th Infantry. He holds the Combat Infantryman's Badge, Silver Star for action in Sicily, Purple Heart for wounds received in action in Germany, the Presidential Unit Citation presented the First Battalion, 15th Infantry, and the French Fourragere, French cord of honor.

## County Council Will Have Guest Day On Friday

The Knox County Council is sponsoring a Guest Day at Council Friday, Aug. 3, 1945 at 3:00 p. m. in the Assembly Room of the Benjamin Court House.

Mrs. Elmo Todd of Trusecott will be our speaker for the evening. She will give a book review. She plans to review the book entitled, "Party Line." This is a very interesting and entertaining book about the typical farm woman.

Mrs. Todd is well known over the north part of the county for her book reviews. She has a very pleasing voice and reviews a book in such an interesting manner. You will really enjoy hearing her give the review.

The public is cordially invited to attend this book review. We especially urge that all the club members attend this meeting. Come and bring someone with you.

## CAPT. RALPH H. LAYNE RETURNS TO STATES

Capt. Ralph H. Layne arrived in Pecos on Wednesday, July 25, to spend a 30-day leave with his wife and two little daughters, his mother, Mrs. Addye Layne, and his brother Sgt. C. O. Layne and family.

Capt. Layne spent the last seven months as squadron lead navigator with the 15th Air Force in Italy. He received his promotion to captain the day before he sailed for home.

Mrs. Leon Partridge, who spent two weeks in Oklahoma City with her sister, Mrs. Grace Humphries, returned home Thursday. Mrs. Humphries came home with her and visited her mother, Mrs. M. A. Harlan and the Almanrode family.

## YOUNG PEOPLE ATTEND MEET AT MT. SEQUOYAH

Miss Barbara Jane Almanrode left Wednesday with some forty young people and their sponsors for Mt. Sequoyah, at Fayetteville, Arkansas, for a 15-day training school for Methodist youths.

She represents the J. O. Y. sub-district of the Stamford district of Methodist young people.

## VISITS RELATIVES HERE

Mrs. Agnes Rosser of Riviera, Texas, came in the first of this week for a visit with her mother-in-law, Mrs. I. P. Rosser, who has been ill at her home here for several weeks. She is also visiting her sisters-in-law, Mrs. R. A. Clements and Mrs. Dave Eiland.

Guests in the home of Mr. and Mrs. T. G. Benge over the week end were Mrs. Laurah Kincaid of Wolfe City and Mrs. House of Yoakam, Texas.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On."

## PULL TOGETHER NOW

The housewife has problems of marketing; the farmer has his difficulties; the manufacturer wonders how he is going to meet consumer demands; the retailer who seeks to get goods in the face of shortages, wonders how he is going to carry on; and the headaches of transportation, on which we all depend, are particularly acute.

Take the express industry—in addition to facing all the common problems of shortage, it must meet abnormal demands for service. Like the railroads, when other means of transportation fail, it must take up the slack.

When the housewife ships her birthday gift, when the farmer moves his perishable crops, when the factory rushes a piece of equipment to a war job, or when the retailer needs goods in a hurry, they all seek transportation.

The Railroad Express Agency illustrates how American business carries on under drastic gas rationing, great curtailment of highway transportation due to rubber and truck shortages and mileage reduction called for by the OLT and other government bureaus, inability to buy new equipment, and of parts to maintain old equipment.

One might ask, How is it done? The answer is, By Cooperation—Cooperation within its own ranks and cooperation and a spirit of toleration and understanding on the part of customers who realize the difficulty of maintaining peacetime efficiency under wartime handicaps. Toleration and cooperation are the American way. By their use, we are winning the war, and by their use we can all lick our domestic problems of production and distribution, and maintain dependable service which the American customer and consumer has always expected and received from American enterprise.

## THE PEACE OFFICERS PROTEST

Texas who thought that they had made an end to pardon and parole abuses in this state when approved, in 1936, the constitutional amendment creating a pardon and parole board, are learning now that they were over-optimistic. The number of offenses committed by parolees is so large that peace officers are talking of an organized protest. There are several indications that the board is following an unduly liberal policy.

The amendment adopted in 1936 makes the board a law unto itself. The legislature can "regulate procedure before the board," but the provision gives it no specific authority over the policies of the board. The latter can make its own rules as to the conditions under which paroles may be granted. The only check upon the board's authority is the governor. He is not required to issue a pardon or a parole if the board recommends it. He cannot grant clemency unless there is a recommendation for it, but he can deny it if he believes the board has erred. The situation seems to call for closer scrutiny of the recommendations, by the governor. It seems to call also for a re-study of the whole problem, with a view to repairing the defects in the 1936 amendment.—Wichita Daily Times.

## IS YOUR SELF-RESPECT WORTH ANYTHING

Are you willing to help win the war against Japan? Naturally you will say yes. There are two outstanding things those of us who are privileged to remain at home can do to aid our fighting forces. First, we can work to the limit of our strength and ability, without interruption; second, we can deny ourselves luxuries in order to buy the war bonds necessary to give our fighting men every ounce of equipment and food they need.

While millions of men are facing death and foregoing the pleasures of home and family life, every mother's son of us should put every dollar we can into financing this war, so that by the sheer weight of the equipment we throw into it we will bring it to a conclusion at the earliest possible moment, thereby saving the lives of countless loved ones.

After all, this is our war; our boys are the ones on the firing lines; our homes are the ones being saved. How much would your life or property be worth if the Japanese army and navy had not been held at bay, and were not eventually demolished? Don't think that in buying war bonds you are in some manner doing someone else a favor; you are the one who is really favored by having an opportunity to buy them. Think what it means to the boys at the front to know that the necessary money is given willingly to back them up.

Sweet Apples have a sweeter taste than sour apples, not because they have a greater sugar content, but because of a deficiency in malic acid.

## THE MUNDAY TIMES

Published Every Thursday at Munday

J. W. Roberts . . . . . Editor, Owner and Publisher  
Aaron Edgert . . . . . News Editor  
Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

**SUBSCRIPTION RATES**  
In first zone, per year . . . . . \$1.50  
In second zone, per year . . . . . \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially.

**NOTICE TO THE PUBLIC:** Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

## COAL AND FARMING IN SAME BOAT

An encouraging indication that industry as a whole is taking a broader outlook on the problems affecting any one industry, is shown by an article in the April issue of the National Grange Monthly, by Fred Brenckman, national legislative representative of that organization, entitled, "To Regulate Coal Industry." Mr. Brenckman said:

Farmers, together with other consumers of coal, both domestic and industrial, have a vital interest in several bills pending before the Ways and Means Committee of the House of Representatives to re-enact legislation for the regulation of prices in the bituminous coal industry. As many disinterested people view it, these proposals are part and parcel of the movement for government control of industry, as opposed to our traditional system of free enterprise. . . . If this legislation should be enacted, the precedent thus established for the coal industry would likely be extended to other industries allegedly charged with a public interest."

Members of Congress who believe in our American system of free enterprise will find little difficulty in justifying themselves for voting against such proposed legislation, because, as the Honorable Frank Carlson of Kansas, says: "The coal industry is not a national monopoly any more than farms or timber, and if Congress is to set minimum prices based on cost of production for this natural resource, would it not be logical to do the same for petroleum, farm products, and factory products? This, of course, would lead to regimentation and a bureaucratic controlled domestic economy. We have just defeated German national socialism at an unparalleled sacrifice of blood and treasure. Why support a measure here that leads down the road to serfdom?"

## PROPERTY RIGHT INHERENT IN HUMAN RIGHTS

In its "Fortnightly Letter," the Connecticut Economic Council of Hartford says:

"Frequently the pious sentiment has been uttered that 'property rights' must never be placed above 'human rights'. But if we stop and think, we know our 'humanity' is at the base of our property.

"Freedom in the right to work; in the enjoyment of our existence in decent homes; in the opportunities opened by good education; in good health as improved for us by modern science—all of these freedoms are supported by our property in the fruits of our labor.

"No man who is not assured of the products of his labor can be sure of his liberty. If we have no property rights in what we produce, we are not free if we have no say about what we shall expend our forces upon, what sacrifices our ambitions shall inspire us to make, and what reward we shall aim to attain."

## UPHOLD AMERICAN TRADITION AT HOME

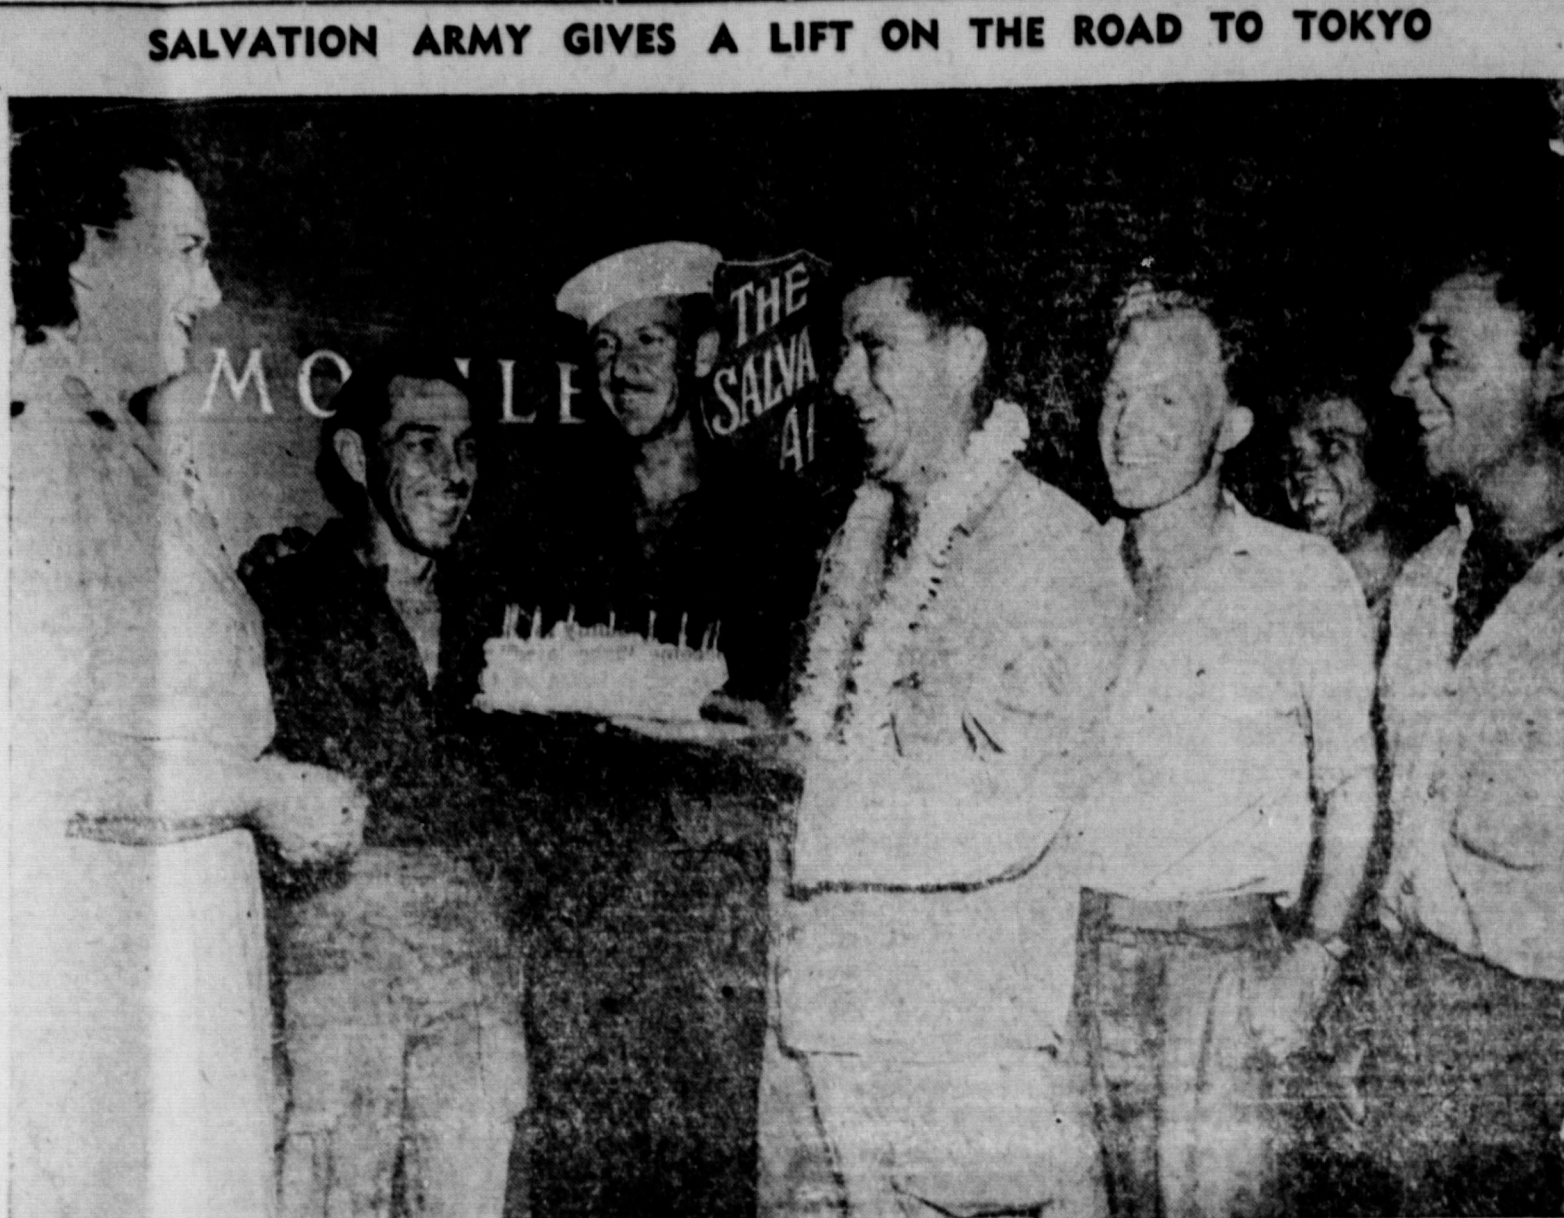

The Hon. John R. McCarl, for 15 years Comptroller General of the United States says: "Send strong men to Congress imperils the nation. A strong Congress, sustained by an informed, interested and alert citizenry, protects freedom and is vital to national safety."

A fiery-tempered gentleman wrote the following letter:

"Sir, my stenographer, being a lady, cannot type what I think of you. I being a gentleman, cannot think it. You, being neither, will understand what I mean."

Isaac Merritt Singer of Boston, Mass., in 1851, manufactured the first successful sewing machines in this country.

Thomas Alva Edison, with more than 11,000 patents to his credit, was America's most prolific inventor.

S/Sgt. Sanford Thomas on Oahu Island, 5,000 miles from his Greenwood, South Carolina, home, gets a cheer from his buddies and a cake from The Salvation Army on his birthday. Salvation Army mobile canteens went into action while the bombs were falling December 7th. Since then, as a member agency of USO, the organization has served 1,187,103 Yanks with birthday cakes and other comforts.

## Notice To Bidders

Sealed proposals will be received by Mr. Carl Haynie, chairman of the Board of Trustees of the Truscott Common School District, Truscott, Knox County, Texas, in the office of Miss Lelah Jones, School Superintendent, until 10:00 A. M. (Central War Time) August 7, 1945, for the General Construction, Plumbing, and Electric Work to rebuild part of existing School Building damaged by fire. The new school will consist of four classrooms, lunchroom, and auditorium, in accordance with plans and specifications prepared by Wyatt C. Hedrick, Architect and Engineer, Fort Worth, Texas. Any bid received after closing time will be returned unopened.

Copies of plans and specifications are on file in the office of the School Superintendent, Truscott, Texas, and in the office of the Architects. Plans and specifications may be obtained from Wyatt C. Hedrick, Architect and Engineer, 1005 First National Bank Building, Fort Worth, Texas, upon a deposit of ten and no/100 (\$10.00) Dollars. The deposit will be refunded to each actual bidder upon return of such documents in good condition and within 5 days after receipt of bids.

Attention is called to the prevailing wage law (Acts of 43rd Legislature) that there must be paid on the project not less than the general prevailing rates of wages which have been established by the School Board, as follows:

Wage rates shall be the same as established by Building and Construction Trades Council having jurisdiction in the district.

A Cashier's Check, Certified Check, or acceptable bidder's bond, made payable to the Truscott Common School District in the sum of 5% of the total bid must accompany each bid.

No bids may be withdrawn after the scheduled closing time for re-

## Gems Of Thought

### REFORM

Charles Fox said that restorations were the most bloody of all revolutions; and he might have added that reformations are the best mode of preventing the necessity of either.—Colton.

Every reform, however necessary, will by weak minds be carried to an excess which will itself need reforming.—Coleridge.

This is a period of doubt, in inquiry, speculation, selfishness, or divided interests, marvelous good and mysterious evil. But sin can only work out its own destruction and reform does and must push on the growth of mankind.—Mary Baker Eddy.

He who reforms himself, has done more toward reforming the public, than a crowd of noisy, impotent patriots.—Lavater.

How important, often, is the pain of guilt, as a stimulant to amendment and reformation.—John Foster.

All reform except a moral one will prove unavailing.—Carlyle.

Insurance surveys reveal that 40 to 44 years of age, who are over 5 feet 10 inches tall, and who are 20 per cent below the average weight for their height, show an increased mortality of 30 per cent.

The Governor of a State is the only one who has the authority to call out the national guard.

Receipt of bids for at least 30 days.

The School Board reserves the right to reject any or all bids. Truscott Common School District, 3-3tc Carl Haynie, Chairman.

## WAR BONDS in Action

## NAVY MAGAZINE POLICY LESSENS THE STRAIN ON FLEET POST OFFICE

Facing gigantic mail problems, the Navy is putting into effect regulations restricting the mailing of newspapers and magazines to Navy, Marine, and Coast Guard personnel overseas. Beginning July 1, 1945, post offices will accept only publications that are requested in writing by the addressees.

The new plan will release approximately 1500 men from the distribution and directory service of second class mail to process letter mail which has increased 108 per cent in the last year.

Figures from the Fleet Post Office, San Francisco, California, reveal that total mail has risen from 49,719,867 pieces in May, 1944 to 100,129,789 pieces in May, 1945. Postal officers expect this quantity to rise still further.

Aware the magazines and newspapers are essential for the morale of men in forward areas, the Navy will offset the curtailment of individual subscription by a bulk shipment plan which for the first time will enable ships stores to stock a wide variety of full-size magazines.

To assure immediate magazine availability, the Navy will buy

8,000 packages weekly of the overseas editions now used by the Army. The first shipment will be sent the end of June, each package supplying a range of reading matter for 150 men.

The Navy, in addition, will expand the original selection of magazines. Based on reading preferences of the men, 295,000 copies monthly of 55 other magazines which do not have overseas editions will be purchased. In the middle of July, this group will be sent for resale at every shore station and ship and is expected to be the permanent plan of magazine distribution to Navy men, giving them the same reading choice they would have at their home news stand.

C. R. Moore and Mrs. Marvin King and baby daughter spent last week in Corsicana. They took Grandmother Moore there to spend a few weeks with a son. A family dinner was given Sunday for Grandmother Moore. Present were six sons, five daughters-in-law, twelve grandchildren and one great granddaughter.

## Goree News Items

The revival services at the First Baptist church is attracting large crowds. Everyone is invited to attend the remaining services.

C. E. Brown is a visitor in the home of Dr. and Mrs. W. M. Taylor this week. He was wounded in action and was a prisoner of war in Germany. He has been hospitalized for a number of months.

Visiting in the W. O. Lewis home last week were their nieces, Misses Dorothy and Mary Ruth Collins and Misses Colleen and Billie Joice Brockett of Wienert.

Mr. and Mrs. Charles Heard and little daughter, Sidney Gay, of Abilene were visitors with Charles Heard's parents, Dr. and Mrs. E. F. Heard, over the week end. Other relatives in the Heard home were Capt. Heard Reeves, Lieut. and Mrs. Everett Pruitt of Munday, T/Sgt. and Mrs. Foy Bain Barnett and Sgt. Porter Fitzgerald.

Mr. and Mrs. A. J. Stratton and daughter, Gloria Jane, and little son, A. T. Stratton, IV, of Dallas were visitors with relatives here recently.

Major and Mrs. Forrest Daniell are on their vacation. They are visiting relatives in New Mexico and Colorado.

Miss Joe Moore of Dallas returned with her parents, Mr. and Mrs. W. H. Moore for a visit here. Mrs. Dennis Ford and little daughter also returned home after visiting relatives in Fort Worth and Dallas.

Revival services at the Methodist Church at Hefner began Friday evening, conducted by Rev. Grady Adcock of Goree. Rev. Adcock is being assisted by the pastor, Rev. J. R. Bateman.

Mr. and Mrs. John Edwards and daughter, Jean Ann, of Seymour and Mr. and Mrs. Victor Edwards of Austin were Sunday visitors in the home of Mr. and Mrs. Ira Stalcup.

Seaman Jack Carter, who recently visited his wife here, has been stationed at Brooklyn, N. Y. Mrs. Carter left with her husband and will be with him for the present.

Mr. and Mrs. C. R. Robinson of Dallas were week end visitors with Mrs. Robinson's parents, Mr. and Mrs. W. O. Barnett. Their daughter, Charlene, who has been visiting her grandparents for several weeks returned home with them.

Miss Opal Johnson was a business visitor in Seymour last Wednesday.

Mr. and Mrs. Foy Barnett of Anson were week end guests in the home of Mr. Barnett's brother and sister-in-law, Mr. and Mrs. W. O. Barnett.

Mr. and Mrs. Joe Whitaker of Decatur are here for a while. Mr. Whitaker is one of the crew who are remodeling the depot at Goree. Frank Smith of Vernon is also assisting on the building.

Miss Dorothy Sheehan of Quanah was a week end visitor with Misses Mozelle and Nina Vandiver.

Mrs. Henry Griffin, who under-

went surgery in a Wichita Falls hospital last week, is improving. Mr. Griffin attended the bedside of his wife last week, but it at home now.

Mrs. Norris Fitzgerald and baby are visiting relatives here this week.

Mr. and Mrs. Jack Coy and little daughter of Pampa were visitors with Mrs. Coy's parents, Mr. and Mrs. Frank Hill, several days last week.

Mr. and Mrs. W. R. Caldwell and grandsons, Bobby and Clinton, were visitors with their daughter and family, Mr. and Mrs. L. M. Tucker of Bomarton, last Sunday. This family gathering was in honor of their grandson, Eulas Tucker, G. M. 2/c, who is home for the first time since entering the service more than two years ago.

W. O. Lewis attended the funeral of an uncle, J. F. Hill of Hamilton Monday last week. He returned home last Friday after a visit with relatives in that section.

Mrs. Anna Kinder of Jacksboro has been visiting her sister and family, Mr. and Mrs. J. F. Draper.

## LOCALS

Miss Leona Keel returned home last Sunday from Baytown, where she visited her sister, Mrs. Jimmy Frazier, and Texas City, where she visited with Dr. and Mrs. E. M. Ammons.

Mr. and Mrs. Kay Morgan left last Monday for their home in Calhoun, Miss., after spending about two weeks here with their son and daughter, Eric Morgan and Mrs. George Hammack, and their families and with other relatives in this section.

Mrs. Kinard of Stamford spent the week end visiting in the home of her brother and sister-in-law, Mr. and Mrs. J. D. Crockett.

Pfc. Robert Green, who is stationed at Camp Wolters, visited his wife and daughters, here last Monday.

Miss Mary Tom Kirk of Slaton visited with friends here the latter part of last week.

Mr. and Mrs. Jot Tynes of Big Springs are here for a visit with Mr. Tynes mother, Mrs. J. O. Tynes and with other relatives. Mr. Tynes was recently discharged from the Navy.

Mr. and Mrs. M. L. Barnard returned home last Friday from Fort Smith, Ark., and other points where they visited relatives during their two weeks' vacation.

Mrs. Garland Hawkins and baby of Lubbock have returned to Munday to make their home for the present. Mr. Hawkins is being sent to overseas duty. Mrs. Hawkins is the daughter of Mrs. J. B. Bowden.

Mrs. Gena Beth Howley left on Tuesday of this week for Patterson, N. J., where she is meeting her husband, who served as a paratrooper in the European Theatre of Operations and who is landing back in the states.

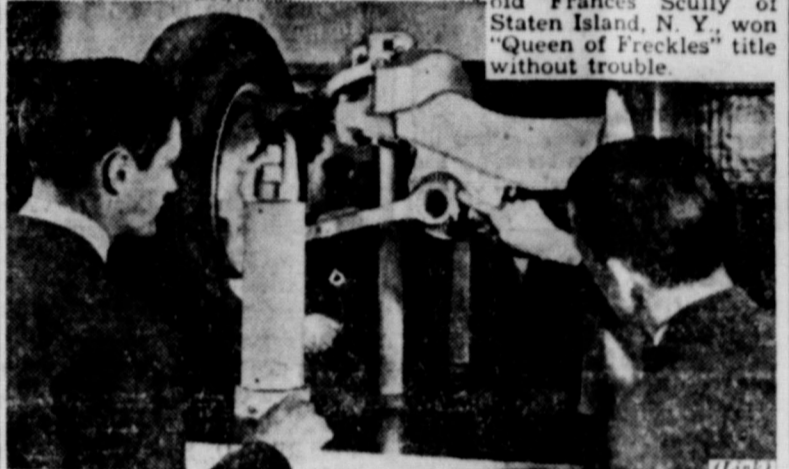

Pvt. Albert Andrae, Jr., of Camp Hood, Texas, spent the week end with his parents, Mr. and Mrs. Albert Andrae, of Rhineland.

## People, Spots In The News

**BEFORE AND AFTER:** When Hitler (left) stood on the balcony of the Chancellery and told his fanatical followers the Nazi rule would last 1000 years, few would believe the same scene would look like this (right). Nazi rule ended in ruin for all of Germany after twelve years. There are no cheering crowds and no mustachioed Hitler. Not far from this same scene, the big three Allied leaders—Truman, Churchill and Stalin—met to decide the fate of Germany.

**"FRECKLES"** — 11-year-old Frances Scully of Staten Island, N. Y., won "Queen of Freckles" title without trouble.

**NEW TWIST** in automotive springs is "Torsilastic" device developed by B. F. Goodrich using rubber in torsion. It has proved itself on some 25,000 LVT's, makes commercial debut on 1,000 or more big buses this year, bids fair to be auto spring of near future.

## World Neglect Held Best Policy Toward Japan

"Neglect of the Japanese by the rest of the world for a lifetime will be wholesome. They should be permitted to live to themselves until they discover whether they have anything to contribute to the culture and civilization of the world." This policy is urged by Willis Church Lamott, former missionary to Japan and instructor at a Tokyo men's college, in the Readers' Digest for August.

Mr. Lamott's article, condensed from Harper's, holds that the "let-alone" treatment presupposes that Japan will be subjected to limitations. "The place to be tough," he says, "is in enforcing military restrictions and by making it impossible for Japan to align herself with some hungry power that will rearm her 'to preserve the peace of East Asia.' But if the United Nations 'crack down ruthlessly on all such infringements' the Japanese should be left to work out their future for themselves, with freedom of thought, religion, and the press.

The author contends that given the right environment and education, the Japanese should become the raw material of a democracy. American citizens of Japanese ancestry, he observes, are responsive to the challenge of life in a free country.

Declaring that neither the lower class nor the "intelligent westernized middle class" Japanese civilians are completely inoculated with the military ideals, Mr. Lamott predicts that both groups, faced with defeat, will react drastically against militarism. "New leaders will arise, new voices will be heard, new gospels offered. If the intelligent classes are left alone, almost anything may happen."

The desire to stand well with others and to "be in the swim," a deeply ingrained Japanese trait, will lead the people to follow democratic world trend. But, Lamott warns, "the Japanese will take ad-

vantage of any lapse into power politics to assist once more in their climb to world power." Re-education of Japanese youth, if not democratic, will probably be influenced by the Soviet. Among those waiting to step into the breach, Japanese Communists outnumbered the liberals. But the more educated among the middle classes are seen as leaning toward liberalism. "Once started on the right road, Japanese education should be left to the Japanese," the author says.

He admits that the Japanese people's capacity for self-government is "not clear." A hopeful sign, however, is their passion for organization and cooperative action as demonstrated in our relocation centers. "It has deep historical roots," he notes, "for under the feudal system the lower classes were permitted great autonomy."

The Emperor being the key figure of the ideology which must be repudiated. Lamott calls upon the United Nations to "disregard the mumbo-jumbo associated with the Emperors divinity and demand his abdication. Then let a regency be set up to rule on behalf of his son." With defeat diluting the idea of divinity, it is foreseen that "a liberated education, freedom of thought, and a policy of popularizing the imperial family" may bring within a generation a Japanese government approximating the English monarchy.

Mr. and Mrs. Levi Bowden and sons of Fort Worth are spending their vacation here, visiting with relatives and friends.

Dick Harrell is spending this week in Galveston, where he is making preparations for entering the Texas School of Medicine in September.

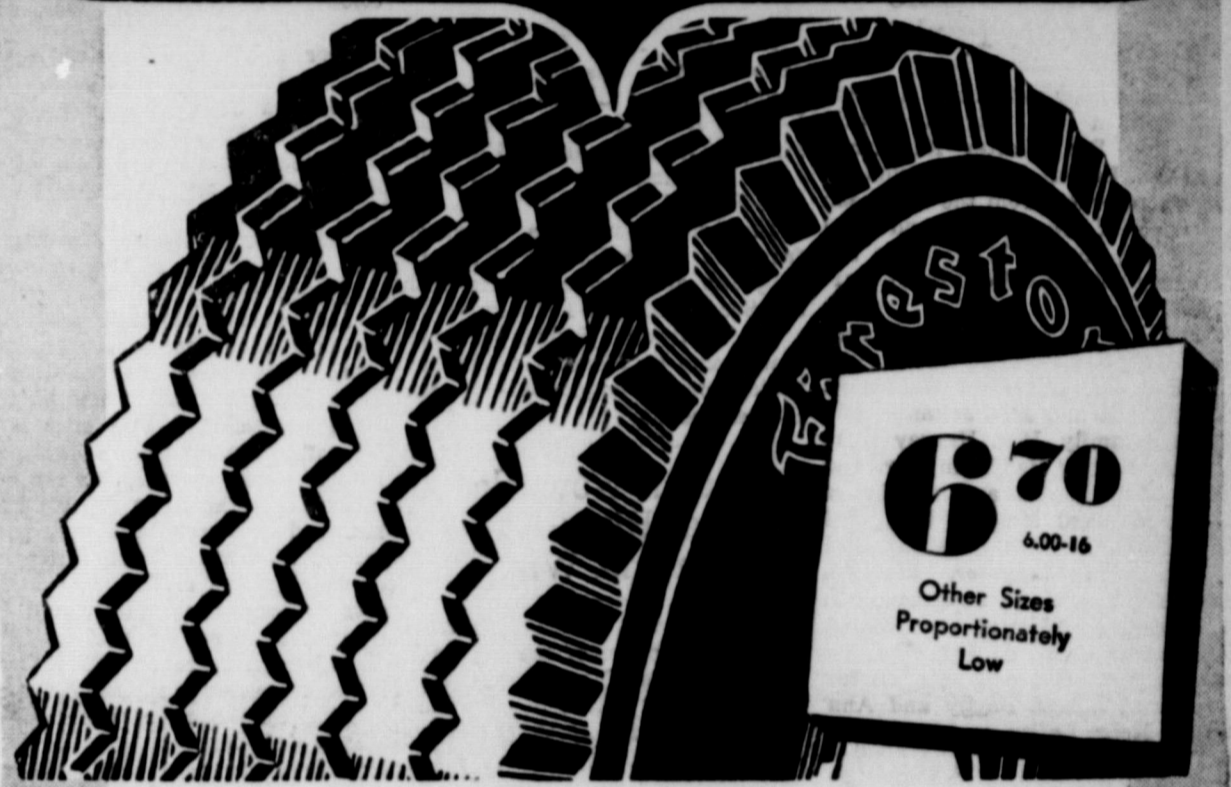

Mrs. Annie Kinder of Jacksboro spent the week end in the home of Mr. and Mrs. Kirby Fitzgerald.

Mr. and Mrs. Ardelle Spelce were business visitors in Wichita Falls last Monday.

## Recent Bride Is Feted With Gift Shower Saturday

Honoring Mrs. Gene Thompson, a recent bride, Mesdames R. B. Bowden, C. P. Baker, W. C. Cunningham, J. O. Bowden, Forest Yancey, J. E. Reeves and Clyde Nelson entertained at the Club room from 4 to 7 p. m. Saturday.

Appropriate gifts were presented the honoree by the hostesses and guests. In the receiving line were Mrs. J. O. Bowden, the bride, the bride's mother, Mrs. E. H. Nelson, and the groom's mother, Mrs. E. C. Thompson.

Seasonal flowers were used for party decorations and miniature corsages were plate favors. Frosted punch and initialed cake squares were served. Piano selections by Evelyn Jean Bowden and Janie Spann and vocal solos by Miss Frankie Criswell, cousin of the groom, were given during the afternoon.

The honoree, the former Miss Imogene Nelson, is from a pioneer Knox County family.

## Three Service Men Honored At Picnic At Seymour Park

Last Sunday afternoon a picnic was held in the Seymour Park, honoring Pfc. Walter M. Hertel and Cpl. Lester Anderson, who recently returned from the European Theatre of Operations, and Carl Jungman, Mo. M. M. 1/c who has recently returned from Pearl Harbor.

Present were: Mrs. Ida Hertel, Mr. and Mrs. Walter Hertel and family, Pfc. and Mrs. Walter M. Hertel, Mr. and Mrs. Johnnie Hertel and family, Mrs. Harvey Duke and son, all of Benjamin; Mr. and Mrs. Carl Hertel and family of Rule; Mr. and Mrs. T. B. Hertel and family, Mr. and Mrs. Carl Jungman and daughter, Ida Jo, Mr. and Mrs. H. F. Jungman, Mr. and Mrs. Bill Hertel and family, Mr. and Mrs. W. A. Jungman and son, Alvin, Cpl. and Mrs. Lester Anderson, Misses Peggy and Ann Nagel, Helen Leflar, and Rosemary Hertel, all of Munday; Mr. and Mrs. Alfred Hertel and family of Gilliland.

Mr. and Mrs. E. J. Cooper and family have returned to their home in Elmer, La., after a visit here with Mrs. Cooper's mother, Mrs. Emily Carden. Mrs. Carden accompanied them home and will spend the remainder of the summer in Louisiana.

## James Huckabee And Madolyn Henderson Wed In Portales

Mr. and Mrs. J. W. Henderson of Olton, formerly of Munday, are announcing the marriage of their daughter, Miss Madolyn Henderson, to Pfc. James W. Huckabee, son of Mr. and Mrs. Edwin S. Huckabee of Olton.

The ceremony was performed on July 14 in Portales, New Mexico.

The bride wore a powder blue cardigan suit and a white sheer blouse with black accessories. She is a graduate of the Olton High School, and was employed by the Olton Abstract Co. prior to her marriage.

Pfc. Huckabee has been serving with the 44th quartermaster Corps in Germany for the past nine months, having recently returned to the states. He was granted a 30-day furlough before reporting to Fort Benning, Ga., on August 10 for six weeks training and re-assignment.

## Roy M. Reynolds And Gladys Cumba Wed On July 16th

Mr. and Mrs. J. A. Cumba announce the marriage of their daughter, Miss Gladys Cumba, to Roy M. Reynolds, son of Mr. and Mrs. W. H. Reynolds of Haskell.

The wedding took place on Monday, July 16, at Anson, Texas.

The bridegroom has returned from the South Pacific after serving two and one-half years with the Second Marine Division.

The newlyweds intend to make their home in Munday, where the bridegroom is employed by the Banner Ice Co.

## Verhalen-Nowack Nuptial Rites At St. Martins, Wis.

The following is a clipping from a Wisconsin paper of the marriage of Miss Alvina Verhalen of Milwaukee, who visited in the home of Mr. and Mrs. M. A. Verhalen last year and met many Knox County people:

In a beautiful double ring ceremony at Sacred Hearts Church, St. Martins, on Saturday, July 14, at 9:30 a. m., Miss Alvina Verhalen became the bride of T/S Raymond G. Nowack, son of Mr. and Mrs. Michael Nowack, town of Oak Creek. The bride was given in marriage by her father, William Verhalen.

Miss Verhalen's gown was fashioned with bodice made of imported embroidered net and the full flowing skirt was of starched chiffon with a long ruffled train. Her three-quarter length veil was of bridal illusion and fell from a crown adorned with side clusters of marquisette flowers. Her bouquet was of gardenias, gladioli and snapdragons.

The matron of honor was Mrs. Casper Schweitzer, sister of the bride. The bridesmaids were Miss Elaine Ewig, cousin of the groom, Mrs. Art Abendschein, also a sister of the bride, and Mrs. Gordon Ashbaugh, sister of the groom. They all wore matching white silk marquisette dresses with net, sweetheart necklines and three quarter length sleeves. Their headbands were decorated with side rosettes and they carried white snapdragons with center clusters of red roses tied with long satin ribbons.

Charlene Schweitzer and Lois Abendschein, both nieces of the bride, were junior bridesmaid and flower girl. Their net dresses conformed in fashion to that of the

## "Hands Off" — A Demonstration Of Precise Helicopter Stability

Helicopter Pilot Floyd Carlson removes his hands from the controls during a demonstration flight at the Niagara Falls airport, showing how the helicopter maintains stability in the air. Such stability makes for safety and for precision control. This is one of a series of helicopters developed by Bell Aircraft Corporation for a wide variety of post-war uses.

bridesmaids and they carried colonial bouquets.

The groom's attendants were Casper Schweitzer, as best man, Arthur Nowack, Arthur Abendschein and Gordon Ashbaugh.

The Rev. Fr. Mauer officiated at the rites of marriage. Miss Mary Ann Verhalen sang Ave Maria and Veni Jesu.

After the ceremony the couple was greeted with a surprise when they left the church. They found a horse-driven carriage awaiting to take them home. A wedding dinner was served to the immediate families at the home of the bride's sister and brother-in-law, Mr. and Mrs. Casper Schweitzer. In the evening a reception for 300 guests was held at Kelly's Hill hall and the newlyweds were presented with many lovely gifts including sums of cash.

A furlough honeymoon will be enjoyed by Mr. and Mrs. Nowack and then the groom will resume his duties as cook at the Veterans hospital at Wood. He returned to the States in January after serving 32 months overseas. He has been awarded the combat infantry badge, unit citation, and two bronze stars.

## BIRTH ANNOUNCEMENT

Pvt. and Mrs. Alphonse M. Koehler are the proud parents of a 6-pound baby son, Alphonse Marion, Jr., who was born on Saturday, July 28. Pvt. Koehler is now serving in Schweinfurt, Germany, with the 65th A. A. C. S. Mother and little son are reported doing nicely.

Mrs. Grady Shyles Jr., Mrs. Arthur Smith, Jr., and Mrs. A. V. Kemletz were visitors in Dallas several days during the week end.

## Truscott Club Meets Thursday At Baptist Church

Nine members of the Truscott Home Demonstration Club met on Thursday, July 26, in the Baptist Church basement. Mrs. J. R. Brown was hostess.

Mrs. Brown was also program leader for the afternoon, the subject being: "Health on the Home Front." Mrs. C. A. Bellon discussed "Fainting", giving causes and treatment. The first aid treatment of sprains was given by Mrs. Bill Owens.

After the program, the members spent some time at stencil work. The next club meeting will be on Thursday, September 13.

Mrs. Weldon Warren and children of Goree have gone to Fort Riley, Kansas to be with their husband and father, Pvt. Weldon Warren, who is stationed there.

## Housewives Urged To "Make" Answer To Soap Shortage

**HOUSEWIVES URGED—** Austin—Housewives can "make" their own answer to the soap shortage, Miss Jennie Wilmot, associate professor of home economics at the University of Texas says.

If the necessary fat can be found, and if the housewife can wait 30 days for her soap to "dry out," then she will have no more worries, Miss Wilmot says.

Miss Wilmot offers the following tested recipe for making soap: 1 quart melted and strained fat, ½ cup lye, 1½ cups water, 2 1/2 tablespoons ammonia hydroxide, 3/4 cup saturated borax (stir powdered borax in the water until no more will dissolve and a few grains lie undissolved in the bottom of the cup.)

Dissolve the lye in the water; add the lye water to the fat, stirring rapidly; add the borax solution of creamy consistency; pour into an earthenware or enamelware container to a depth of 1 1/2 to 2 inches; cut before it becomes hard; wait a month before using.

"Underscore that 'wait,' Miss Wilmot emphasized, "for if you don't wait, the lye will eat your hands!"

## Conversation Print

**MEN, women and dogs drawn by cartoonist Thurber make an amusing and very effective pattern on this print dress.** In line with the cartoon motif, the design is printed in sharp India-ink colors on white rayon. The dress is washable and bears a label telling you about severe laboratory wear tests the rayon fabric has successfully passed. Labels are your best guides to buying.

### Church Bodies To Observe Religious Education Week

CHICAGO—Protestant churches and other religious agencies of rural and urban areas of the United States and Canada will unite in the observance of the 15th annual

Religious Education week, September 30 to October 7, giving emphasis to the building of Christian character, it was announced by Dr. Roy G. Ross, general secretary of the International Council of Religious Educators, sponsor of the program.

Using the theme, "Character for a Free World," 40 Protestant denominations and 183 state, provincial and city councils of churches and religious education will cooperate for community-wide observances.

"America today enjoys an enviable position among the world of nations," Dr. Ross declared. "Her place in the life of the world has stemmed from the fact that her institutions, social patterns, and policies have been founded on a biblical foundation. Her ability to maintain world leadership will depend upon the quality of her internal life and the extent to which she is true to her Christian heritage.

"Through their local schools and their inter-church community organizations for Christian education, the people of each town or city have opportunity during Religious

Education Week to make that heritage live anew in the lives of their children, thus bringing life's greatest blessing to them both as individuals and as citizens of tomorrow's world," he avers.

In most towns and cities, Rally Day or Promotion Day on the opening Sunday will emphasize educational evangelism as Church school review efforts to increase enrollment and attendance. Community interest will be developed through week-day programs including launching of leadership education schools on Monday, family nights on Tuesday, inter-church fellowship meetings Thursday, and denominational or inter-church youth rallies on Friday. The week's observance will climax on World Communion Sunday with emphasis on "the unifying power of World Christian Fellowship to build a free world."

### LOCALS

Mr. and Mrs. W. R. Moore visited with relatives in Ardmore, Okla., a few days this week.

Mr. and Mrs. Bruce Burnett of Benjamin were here Tuesday visiting with friends and attending to business matters.

J. C. Stephens, who is undergoing treatment in the army hospital in San Antonio, spent the week end here with his parents, Mr. and Mrs. W. H. Stephens.

Mrs. John W. Moore and son, Richard, have returned to Austin after a visit here with Mrs. Moore's mother, Mrs. J. R. Smith, and with other relatives and friends.

## Friends and Enemies in the VICTORY GARDEN

In Farmer's Bulletin 1569 the United States Department of Agriculture estimates that under favorable conditions ten tons per year of new fresh soil are brought to the surface of each acre by earthworms. Fertility of the garden is thus renewed. It also is favorably affected by the airing which the soil gets from the immense number of burrows the worms make.

Earthworms are an important indirect benefit because where plentiful they attract birds and toads to the neighborhood and they in turn destroy insects. This aid to the control of ever present insect pests is important to the Victory Gardener.

Gardeners must work to grow strong, healthy plants that can lose a portion of their substance to insects and still grow a crop. Also the gardener should fight insects with sprays. Black leaf 40 is effective for aphids where control is needed—lead arsenate where chewing insects are a problem.

### Social Security Workers Will Soon Have Paid Policy

July.—In another 18 months, thousands of workers will have a paid-up government insurance policy, according to R. L. Surles, Manager of the Wichita Falls office of the Social Security Board.

"By the end of 1946," Mr. Surles said, "40 quarters or 10 years will have elapsed since Federal Old-Age and Survivors Insurance began to operate, and all workers in commerce and industry who have earned at least \$50. in each of these quarters in covered employment since December 31, 1936, and up to January 1, 1947, will have acquired a permanently insured status, regardless of their subsequent employment or whether they ever work again. This means," he continued, "that permanently insured workers will be entitled to monthly benefits for life after age 65 and that their wives will also be entitled to monthly benefits for life when they attain age 65."

Examples of old-age insurance benefits for a single worker, and for a worker and his wife (or for a worker and one dependent child) after 10 years of coverage are given below:

Av. Mo. Wge.	W'ker	W'ker & Wf.
\$ 50.00	\$22.00	\$33.00
100.00	27.50	41.25
150.00	33.00	49.50
250.00	44.00	66.00

It was pointed out that the

monthly payments shown above are payable to workers who have the average monthly wage indicated when they file claim at age 65 or later. Benefits are also paid to eligible workers with less than this length of covered employment. The monthly benefits is based on a worker's average monthly wage; therefore, workers under the age 65 should continue to work in order to maintain a high average monthly wage or salary; otherwise, monthly benefits will be less. All months after 1936 and up to the quarter in which the worker dies or attains age 65 and files claim, are used as divisor months in computing the average monthly wage whether the worker has or has not worked during such months or years.

A current publication, "Old-Age and Survivors Insurance for workers and their families," is available free of charge to those who request it, Mr. Surles stated.

Representative and Mrs. E. L. Covey of Bowie spent last Saturday here, visiting with friends and attending to business matters. Mr. Covey is a former county judge of Knox County.

Mr. and Mrs. S. G. Easley returned home Wednesday from Floydada and other points on the south plains, where they have been for the past two weeks. Mr. Easley led the singing in a revival meeting while away.

**WINDMILL**—We have just received one 6 1-2 foot Monitor windmill. It's yours if you get here early enough. Munday Lumber Co. Phone 50. 4-1tc.

### New Repellent Used By GI's Soon Will Be Available

The insect repellent, known to thousands of GI's in the Pacific, Africa, Sicily, and Italy, as "Formula 6-12" will shortly be available in limited quantities for farmers, Yatchsmen, sportsmen, and others to use in insect-infested areas for the remainder of the season.

Insect Repellent 6-12 was originally developed to protect soldiers from the malaria mosquito. Medical officers give this material much credit for its assistance in the control of malaria and other insect-borne diseases that plagued our fighting men in advanced areas in the jungle-covered tropics. It will prove equally valuable to farmers and sportsmen because it repels black flies, gnats, fleas, and chiggers, as well as nuisance mosquitoes.

This repellent is used by applying a few drops in a thin layer either to all exposed areas of the skin or to the clothing where insects are biting through. It does not affect clothing and does not injure the skin. Each application furnishes complete protection for several hours.

Tests on 6-12 by Rutgers University and several Government agencies show that the actual protection time against insects varies with individuals and with conditions. More frequent applications is usually required if the user is active and perspiring freely. An active, perspiring user obtains from 2 to 4 hours' protection against mosquitoes, and an inactive user may obtain up to 6 hours' protection.

## "Economy Plus" Comes By Feeding Cackelo Feed

It's not so much the price per sack, but how far it will go, that makes the economy feed. You'll find that Cackelo feed goes farther than any other feed. It's rich in minerals and vitamins, too.

## WELCOME HERE WITH YOUR POULTRY, EGGS, CREAM

Our service is prompt and efficient and our prices are right on all kinds of produce. We try to satisfy!

## GENERAL ELECTRIC

News flashes from a dozen war theaters show Texans everywhere still in the thick of the fight, and still racking up new records:

Lt. T. F. Pierce of Taylor, a graduate of Bartlett high school and of the University of Texas, piloted his Navy Privateer plane over Korea recently to help wreck a gasoline dump, two Jap ships and a Nip bomber factory. . . . Chief Yeoman Robert Carrell of Martindale has been cited by Adm. Halsey for heroism during the battle of Leyte Gulf. . . . Col. Sam Myers of Marfa, hero of fighting in Europe, has been awarded the Distinguished Service Medal.

Pfc. Rex Riddle of Corpus Christi is now a guard watching the Nazis in Berlin. . . . 1st Lt. Howard (Buddy) Clark, Goliad scrapper, has been awarded his fifth Oak Leaf Cluster for his Air Medal. . . . S/Sgt. Rudolph Perkins of Abilene, veteran of many Pacific battles, helped capture Luzon and now is teaching Filipinos to say "Welcome" in the good old Texas way, and now the Texans twang is heard on all sides, from native lips. Incidentally, the hardy people of the Philippines, who never gave up the fight against the Japs, now are receiving clothing, medicine and other relief supplies from Texans, through their gifts to the National War Fund last year. This relief is one of the most important factors in the job of reestablishing the people of these loyal American Islands.

Other National War Fund supplies, made possible by annual war chest drives in every county, are going to our own fighting men and their allies all over the world.

### Social Security Manager Visitor Here Last Friday

On Friday of last week, R. L. Surles, Manager of the Wichita Falls Office of the Social Security Board, visited our office and furnished us with considerable information in regard to the Old-Age and Survivors Insurance Program. We are glad to give our readers the benefit of this information.

1. Wage earners residing in this county who have become 65 years of age, especially those who are now working, should call on or write to the Social Security Board, Wichita Falls, Texas, in regard to filing claim for monthly benefits—delay might mean the loss of payments.

2. Widows or children, or dependent parents who are over 65 years of age, of insured deceased wage earners may be entitled to monthly

### 4-H Club Girls Become Active In War Bond Sales

COLLEGE STATION — Experience in improvising and working as a unit enabled the members of the Valley View girls' 4-H Club to contribute effectively to selling Midland County's quota during the seventh war bond drive.

According to County Home Demonstration Agent Nettie B. Messick the club girls made their own plan and after it had been approved by the county war bond chairman they went to work 100 per cent strong. First they requested grocers and druggists to set aside small amount of scarce merchandise, such as bacon, candy, cigarettes, jello and chocolates, and then set up a booth in the lobby of a Midland hotel.

Each \$25 bond entitled the purchaser to buy two packages of jello or one package of cigarettes and the purchaser of a \$1000 bond carried the privilege of acquiring a pound of bacon. Although the bonus merchandise was exhausted within a few hours, 4-H'ers meanwhile had disposed of \$7,000 worth of E War Bonds, which was more than enough to complete the county's quota.

More than 50 persons bought bonds. Miss Messick explained that many of the purchases would not have been made except for the personal solicitation of the club girls. The experience, Miss Messick added, gave the girls opportunity to acquaint more people with 4-H Club work and to demonstrate that 4-H'ers could shoulder community responsibility as well as cook and sew a little.

Such relatives should call on or write the Social Security Board in regard to filing claim for payments for a long delay may mean the loss of benefits.

3. In cases where there is no surviving relative entitled to monthly payments, a lump-sum payment may be due certain relatives or others provided they file their claims within two years from the date of the death of the wage earner.

Mr. Surles assures us that he will be glad to answer any correspondence and assist all claimants in preparing their claims. This service is free. The Social Security Board Field Office is located in Room 412-417 of the Post Office Building in Wichita Falls.

### Cattle Shipments Decline For June

AUSTIN.—Cattle shipments in Texas during June totaled 5446 carloads, the University of Texas bureau of Business Research has reported. This compared with 5,953 carloads shipped in June, 1944.

Shipment of calves was higher in June than in June, 1944, with 922 carloads shipped this year, and only 914 shipped last year.

Hog shipments dropped far below the June, 1944 total of 1,262 carloads, with only 466 carloads shipped this year.

Sheep shipments reached a total of 3,111 carloads, as compared with 3,386 in June, 1944.

Pvt. Albert J. Brown of the Amarillo Army Air Field, spent the week end in the home of his parents, Mr. and Mrs. Anton Brown of Rhineland.

Cpl. and Mrs. Lester Anderson are spending a few days in the home of Mr. and Mrs. W. A. Jungman of Rhineland. Cpl. Anderson has recently returned to the states after spending three years in the European Theatre. Mrs. Anderson is the former, Miss Theresia Jungman.

For quick results, use a Munday Times classified ad.

PFC. John Soule of St. Albans, Vt., will tell you to buy all the War Bonds possible if only to repair physical damage of war. He's been through tough days as a result of a strafing by a Nazi plane in Europe.

War Bonds do great things for our fighters. They furnished this apparatus for Army fighter in Italy to support his head until his neck was strengthened. He shows he's pleased. Name of the heroic lad was missing from photo.

Pvt. Patrick A. O'Connor, Cleveland, O., recovering in Hawaiian hospital from wounds suffered in action with 11th Airborne Division, says dig deep for War Bonds because the men over there will need the best care doctors can give to the fighters who are being struck by Nip ammunition every day. More money is needed for the ships and supplies to support the millions who will be blasting at Japan for months. O'Connor will tell you how tough it is.

### Coast Guard Completes 155 Years Service

One hundred and fifty-five years of uninterrupted, distinguished service to the United States "aint hay," as the vernacular saying goes.

The U. S. Coast Guard is justifiably proud of its more than a century and a half of service, in peace and war. The nation is proud of the Coast Guard.

This small outfit, a war time force of 170,000, but a scant 10,000 in peacetime, is well described by the word versatile. Even its motto, SEMPER PARATUS (Always Ready) catches the spirit of the Coast Guard—ready for any job, large or small.

When the attack on Hawaii hurled us into the war—and even before Pearl Harbor—many new jobs had to be undertaken. The Coast Guard was thrown in to close the breach in our "first line." Thousands of boys from the Eighth Naval District put on the Silver Shield.

Expert small boat handlers from lifeboat stations began landing assault troops on distant, unfamiliar and dangerous beaches. The Coast Guard organized yachtsmen with seagoing "know how" to back the all-too-few naval vessels facing deadly Nazi wolf packs in the Atlantic, Gulf of Mexico and Caribbean. America will long remember the hectic days of 1942-43, when enemy U-boats ravaged the Florida straits and sank ships at the very mouth of the Mississippi. Footsore sailors patrolled 40,000 miles of vulnerable coastline grabbed Nazi spies, while fellow Coast Guardsmen fought it out with the enemy on other coast the world over.

Meanwhile lighthouses and other aids to navigation were kept in operation. Port security men, including thousands of volunteer Temporary Reservists, prevented sabotage and losses by negligence. The Merchant Marine Inspection division kept cargo carriers up to par, minimized loss of life. Coast Guard fliers patrolled sea lanes, snatched hundreds of survivors from the ocean.

Eighth Naval District boys in landing craft still roar into new beachheads in the Orient. Coast Guard transport shuttle U. S. troops from Europe to Asia. Coast Guard sub-busters work with the Navy on Nip subs.

It is fitting, in the final exertions of this struggle, to remember the birthday of the little service doing so many big jobs well.

### For Sun-Tanning

YOU can't have too many bare-back dresses this season! This one, in spun rayon, features a halter neckline and unusual trimming of double rows of white stitching. An informative label on this rayon outfit tells you the fabric has been laboratory tested for washing and dependable service throughout all the sunny days. Can YOU tell if a good-looking sports outfit is also serviceable? Helpful buying tips are given in a new, free leaflet, "How to Buy Rayon Sports Clothes."

### LOCALS

Cpl. Delbert K. Beauchamp and Pvt. Jimmy Smits of the Amarillo Army Air Field spent the week end in the home of Mr. and Mrs. Wylie Johnson.

Mrs. Eric Morgan left last Monday for points in Mississippi and Tennessee, where she will visit with relatives for some two weeks before returning home.

Mrs. Aaron Edgar returned home last Saturday from Quanah and Memphis, where she visited with relatives and friends during her two weeks' vacation. She was accompanied home by her father, W. J. Bridge of Quanah, who is spending this week in the Edgar home.

Mr. and Mrs. C. W. Sorrels of Stamford spent last Sunday in the home of their son-in-law and daughter, Mr. and Mrs. Walter Skiles.

### Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

Austin, Texas.—According to Dr. Geo. W. Cox, State Health Officer, there are too many persons who approach the choice of a family physician casually. Viewing the doctor much as a fireman, whose services are required only in an emergency, such families wait until an illness strikes, and then get hold of the first doctor who can respond to the call. While such an attitude still reasonably assures one of satisfactory medical services, it can handicap the physician somewhat, and in the long run does not permit the supervision and close personal contact which only can exist by having a regular family doctor.

"Knowing his patients enables a physician to give advice on maintaining health and preventing disease, based on his intimate knowledge of the physical and mental make-up of the members of the family," Dr. Cox stated. "The casually summoned physician plainly cannot have this background or opportunity.

"People are far from being alike," he continued. "Bodily and

### ATKEISON'S FOOD STORE

Sells Poultry Feed, Stock Feed, and Salt. A large stock at all times.

mental characteristics markedly differ in members of the same family. Reactions to medicines of various types, the habits of the individual, environmental influences, and personal factors vary widely. Armed with an intelligent appreciation of these facts, as applied to the members of the family, a physician possesses the maximum opportunity to render his best service."

Dr. Cox declared that in such case not only is the physician in a better position to treat occasional illness, but can act as an advisor regarding disease preventions, living habits, and the general health of all those comprising the family

group. He thus not only is one who cures a specific illness, but becomes a medical counselor to the family as a whole

D. E. Holder spent the first of this week in Abilene visiting with relatives and doing some fishing at Phantom Hill Lake.

Mrs. J. D. Crockett visited with relatives at Rule several days last week.

Mrs. Quinton Spann, daughter of Mr. and Mrs. Press Phillips, was taken to a Wichita Falls hospital for medical treatment the first of this week.

# I GIVE YOU TEXAS

by BOYCE HOUSE

J. E. Crews of San Antonio has written a poem entitled "The Call of Texas":

We sons of Texas hear her call  
Wherever we may roam;  
Her diamond studded skies at night  
Are beacon lights of home,  
For well we love our native state  
Where brooks and rivers flow,  
And honor all the pioneers  
Who came so long ago.

No matter where our journey leads,  
No matter where we stray,  
We always hear that constant call  
From Texas, far away,  
And for snow-white cotton fields  
Where darkies work and sing—  
To hear the song of mocking-birds,  
At midnight, clearly ring.

The scenes of childhood call to us,  
Where simpler things abound,  
Where cabins nestle in the woods,  
With stillness all around;  
We hear the old roster crow  
In melancholy tone,  
Which tells as plain as spoken words,  
"The folks are not at home."

We boast of lofty skylines in our cities, that is true,  
But the scenes that really call to us,  
Such folks as me and you,  
Are old, abode ranch houses,  
Low, rambling, plain and strange  
And cowboys rounding up great herds  
Of cattle on the range.

The sight of some old mission wall,  
Beside a crystal stream,  
The crumbling ruins of old forts,  
Are monuments of dream;  
And live oaks veiled in Spanish moss  
Beside a still lagoon,  
Cast their enchanting silhouettes  
Against the southern moon.

Ah, long her hills have sheltered us  
Within her proud domain,  
Where sunset sheds its mellow glow  
Across the rolling plain.  
Her wondrous beauty and her charm  
Can never be told,  
Nor painter's brush, nor poet's song,  
The picture half unfold.

## LUMBER PRODUCTION SHOWS DROP IN TEXAS

Austin.—While unfilled orders for lumber mounted at Southern pine mills, production and shipments dropped in June in Texas.

From the University of Texas Bureau of Business Research comes the report that the average weekly production per unit was 199,866 feet, and the average weekly production per unit was 206,139 board feet. Unfilled orders as of June 30 totaled 1,502,443 board feet per unit.

Cpl. and Mrs. R. L. Ewing and daughter of Lubbock spent the week end here, visiting with Cpl. Ewing's aunt, Mrs. Lucy Stogner and Mrs. W. E. Hammack.

## Eighth Naval District Builds Many U. S. Ships

DALLAS.—Headquarters of the Eighth Naval District, of which Rear Admiral A. C. Bennett is Commandant, today revealed that 15,711 ships and craft have been built for the Navy in the Eighth Naval District. The Eighth Naval District comprises the states of Alabama, Tennessee, Texas, Louisiana, Mississippi, Arkansas, Oklahoma, and the Western half of Florida.

The cost of these vessels was \$1,462,617,000. Not included in the figure were 14,605 rubber landing boats and life rafts built for the Navy, 789 cargo ships built in the district for the U. S. Maritime Commission, or most of the 2,150 ships from inland yards which went to sea through the Port of New Orleans.

Texas led the parade with 779 vessels costing more than a billion dollars; Louisiana yards have delivered 14,550 craft costing \$139,000,000; Alabama 118 costing \$103,750,000; Tennessee 227 costing, together with 14,605 rubber boats, \$40,862,000; and Northwest Florida nine ships costing \$4,255,000. Included in the 15,711 total were attack transports and cargo vessels of 17,500 tons as well as escort carriers, destroyers, destroyer escorts, PT boats, sub-chasers, tugs, minesweepers, tankers, tenders, lighters, barges, and landing craft and other special craft in almost infinite variety.

## HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

Revival services are under way at the Methodist Church this week. John G. Martin has three sisters from Waco visiting he and Mrs. Martin this week.

Harold Payne, who is in the Merchant Marines, has been home for a few days furlough.

Howard Hendrix and son of Houston visited his mother Mrs. J. A. Hendrix, and other relatives the first of this week.

Cpl. Lloyd M. Hendrix visited his uncle, Marion J. Jones, and other relatives here the first of this week. Mrs. Gladys C. Houk of Littlefield was a guest of her brother, Marion Jones, last Monday. Mrs. L. L. Hendrix and daughter, Joline, of Lubbock also visited in the Jones home.

Several from here are attending the Baptist revival at Goree this week.

Mr. and Mrs. Philip Jones and children were visitors with the M. J. Jones and J. H. Lambeth families over the week end, some of them coming from Grand Prairie, in Dallas County.

J. H. Cooksey and Miss Emma Cooksey attended the funeral of Mr. Whitt Harris of Lubbock last Monday. He is a former resident of this community. He was 87 years of age, a member of the Methodist Church, and had many friends here.

C. W. Railsback and family have moved to Seymour, where Mr. Railsback is operating a filling station. His brother and wife are living in the home which the Railsbacks occupied for several years. Quite a few from here attended the rodeo performances at Seymour last week.

Pat Cooksey has been visiting his uncle, George Weber, a few days. Pat has returned from overseas.

Ether Cleveland, President Cleveland's second child, born September 9, 1893, was the only child of a president ever born in the White House.

IT PAYS TO ADVERTISE

## POST-WAR FLYING IN YOUR HOME TOWN

By C. C. CAMPBELL, Member, Aviation Writers Association, Washington, D. C.

### Eldon's Model Airpark

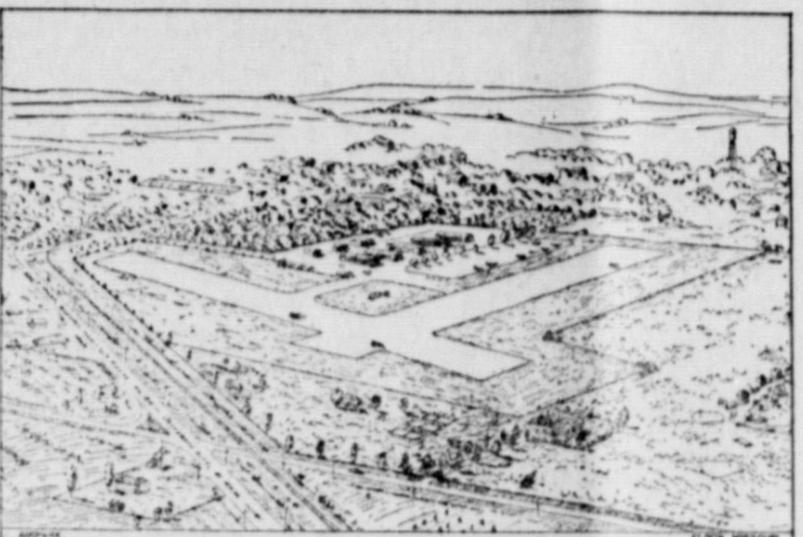

Now, a good deal of the guesswork is to be removed from decisions upon the relative advantages and costs of local airpark construction.

A model airpark is being built in a typical small community. Eldon, Missouri, population 2,590. The idea was conceived by Eugene V. Fryhoff, in charge of the aviation section of the Missouri State Department of Resources and Development. Planned as a public improvement, the citizens of Eldon, led by their energetic and progressive mayor, Robert Reed, and his far-seeing associates, expect their air-

equipment, ground marking aids, and communication equipment are planned. Future improvements in lighting equipment and surfacing material for runways and taxi strips are also projected and these and other facility improvements will be tried out from time to time.

The model airpark at Eldon has been endorsed by three national aviation organizations: the National Aeronautic Association; the National Aviation Trades Association; and the Personal Aircraft Council of the Aircraft Industries Association of America.

"Vote Yes, Scratch No and Watch Eldon Grow" was the slogan that put over \$25,000 worth of Model Air-

MODEL AIRPARK being constructed at Eldon, Mo. Two turf flight strips 300 x 2,000 and 300 x 2,200. Estimated cost to Eldon citizens, \$25,000, including Service Building. This does not include hangar buildings, shown in sketch. The airpark is five blocks from the business district.

park to pay dividends in attracting new enterprises and aiding in general the substantial growth of their city.

Interest in its development, however, is not confined to the immediate locality or even to the state in which it is to be established. For Eldon Airpark is to be a model from which communities in all parts of the country can obtain basic knowledge of airpark site selection, construction, and operation.

At Eldon, an ideal airpark site was located only five blocks from the business district. Within a short time after the plans were laid, an educational plan to acquaint residents with all details was conducted. As a result, the civic-minded people of the community voted in a ratio of nine to one in favor of an airpark bond issue of \$25,000. Eldon officials have agreed to keep complete, accurate records of all transactions regarding the development.

Airpark equipment research is to continue for at least five years. Permanent exhibits of hangars, fueling

park Bonds, Newspaper articles, advertising sponsored by most of the leading citizens and merchants of the town and the Lake of the Ozarks resort owners nearby; letters written home by local men in various branches of the armed services; a personal canvass of taxpayers to whom a full explanation of the project was made; and placards placed in most of the local business establishments were all effective in promoting the bonds.

Election day found a sound truck reminding people to vote for the installation with such slogans as "Vote Yes for Progress," "Put Eldon on the Air Map," "A live town grows, a weak town dies," etc. Later a news commentator on a New York City radio told listeners: "Little Eldon, Missouri, population 2,590, shows big New York, population 17 million, how to get an airpark."

This is the seventh of a series of articles on post-war flying and its effect on community life. The next article, "National Groups Aid in Airpark Planning" will appear in an early issue.

## Rupert Williams Now In Training As Aviation Engineer

Pvt. Rupert V. Williams, son of Mr. and Mrs. P. V. Williams, Munday, has begun training as an Aviation Engineer of the Air Forces at Geiger Field, Spokane, Washington, according to word received today from Colonel James W. Park, Commanding Officer of the base.

Some of the skilled subjects taught by the AF Aviation Engineer School are repair and operations of automotive equipment such as tractors and graders used in airport construction, draftsmanship, camouflage technique, carpentry, operation of highway construction equipment, which is used in the building of airport landing strips, surveying and knowledge of the operations of weapons. Almost equal emphasis is placed on knowledge of weapons, the commanding officer stated, because Aviation Engineer units often operate on the heels of invading troops and must be prepared to help clear airport sites of the enemy if necessary or to defend their engineering work in case of attack. Some of the weapons studied are: the 50 calibre machine gun, the mortar, bazooka, rifle, carbine, and pistol.

Upon completion of his training, the new Aviation Engineer soldier will be assigned to an Aviation Engineer unit. These units are an integral part of the Army Air Forces and have as their mission the performance of all engineer work needed by the Air Forces in all theatres of operations. The unit must be able to construct, maintain, camouflage and defend airbases ranging from huge base airports behind our lines to hastily constructed fields at the front lines. Aviation Engineers have already taken part in almost every operation of the Air Forces and at present are stationed all over the world from the jungles of Burma to the Southwest Pacific.

Mr. and Mrs. Buddy Martin of Fort Worth spent the week end here with Buddy's parents, Mr. and Mrs. Tom Martin, and with other relatives.

Lee Haymes and daughters, Flora Alice and Helen, visited with relatives and friends at O'Donnell, Lubbock and Slaton several days last week.

A Want Ad in The Times Pays

## Enlistment Of Naval 17-Year-Olds Will Be Increased

A considerably increased enlistment quota for 17-year-old apprentice seamen, as well as SPARS (Coast Guard Women's Reserve), for the month of August has been received by Eighth Naval District Coast Guard headquarters, New Orleans, Lt. Comdr. E. B. Briggs, district recruiting officer, announced yesterday.

There is a pressing need for recruits in both classifications, and Coast Guard headquarters, Washington, D. C., has urged that all district quotas be met.

Lieutenant Commander Briggs said a mobile recruiting unit has been sent to San Antonio, Texas, where it will maintain headquarters during August in the U. S. postoffice building, with Thomas L. Williams, yeoman first class, U. S.

C. G. R., in charge. Candidates in that area should apply to the San Antonio office.

The district recruiting office is located in the Custom House, 423 Canal Street, New Orleans.

Mr. and Mrs. James Gaither and family visited with relatives in Decatur several days last week.

Mr. and Mrs. Ray Moritz and daughter, Judy, of Stamford and Doris Marie and Hollis Ellis of Sweetwater visited in the home of Mr. and Mrs. Walter Skiles last Sunday.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Clifton Mooney are the proud parents of a daughter, Kathryn Joan, who was born at the Knox County Hospital on Thursday, July 26. Mother and little daughter are doing nicely. Mr. Mooney is in his country's service.

## FRANKLIN COUNTY YOUTH TOP DAIRY PRODUCER

Sixteen year-old Billy Jack Flowe has won the admiration of his union community neighbors as a result of his record in the development of a dairy herd during his four years in 4-H Club work under the supervision of Loy M. Hendley, county agricultural agent for Franklin county.

Billy Jack exhibited the grand champion cow at Franklin county's livestock show last month and at that time refused \$300 for this outstanding registered Jersey. His champion was milking 40 pounds daily and paying approximately \$1.12 per day profit, says Hedley.

Billy Jack started 4-H Club work in 1941 and today has four registered cows and three Jersey heifers. He has been able to acquire this fine stock through good management and careful breeding practices, his county agricultural agent says. However, his best cow was given him as a reward for winning first place in a county-wide cow-sow-hen contest in 1943, the county agricultural agent said. He now has a heifer calf from this cow that he expects to equal the fine record made by its dam.

Pvt. J. A. Brewer of Camp Hood, Texas spent the week end in the home of his parents, Mr. and Mrs. Earl Brewer.

## PLAY IT SAFE!

Why take any chances on not having all your equipment in good running order next season when you can have it all fixed up now. That's our business—expert repairs on any tractor, implement or tool used in farming. We have the mechanics, the special shop equipment and a big stock of genuine IHC parts to do your work right.

The main thing is to give us a little advance notice when you can. Most of

the time our shop is swamped but when we know ahead of time we can schedule your jobs and have your machines ready when you want them.

Just give us a ring. Then when you're coming in, load up your tractor or any other piece of equipment and drop it off here. You'll find our service as good as the McCormick-Deering machines we sell. Our prices are reasonable. And we guarantee your satisfaction.

### Balanced Ration Is Necessary For Producing Pork

A very important requirement in the production of pork is that of feeding protein supplement. In order that pork production may be made profitable and economical, pigs must receive a balanced ration, according to R. O. Dunkle, County Agent. Since pigs grow rapidly they need an abundant supply of protein in their rations to furnish the building material for the rapidly developing muscular tissue and the internal organs as well. Further-more the supply of protein must not only be ample in amount, but also the proteins must be of the right quality. This last requirement is of much greater importance in the feeding of pigs than with cattle, horse, or sheep. This is because swine are commonly fed chiefly on grain sorghums and the protein of all grains are unbalanced in composition, being low in certain of the necessary proteins and acids. Many of our common protein rich pig feeds do not balance the protein of grains sufficiently. For example grain with only wheat shorts makes a very unsatisfactory ration for pigs not on pasture. This is probably due primarily to the unbalanced nature of the proteins such rations furnish. These supplements are also low in calcium. On the other hand skim milk, tankage and fish meal, all of which are animal products, supplements the grain sorghums in a most efficient manner. Very satisfactory protein supplement for pigs being fed on grain sorghums is a mixture of 2 parts tankage, 2 parts cotton meal and 1 part alfalfa leaf meal, and this protein should be fed free choice in a self feeder. Pigs fed this

### Veterans May Get Surplus Equipment For Farm Activity

A speedy procedure by which farm veterans of this war may obtain priority preference for the purchase of surplus equipment for use in their agricultural enterprises is now available through AAA and the Smaller War Plants Corporation, Russell Smith, SWPC district manager, declared today. Veterans who have been released from active duty in the armed forces and who need surplus government property for use on their farms should go to the County AAA committee in the county in which they live for certification, Smith said. Following certification, their applications are turned over to the nearest district office of SWPC, and SWPC then acts as the veterans' buying agent. Applications have already been received in the southwest region of SWPC for tractors, trucks, harrows, plows, power pumps, power saws and many similar types of equipment for use on the farm. This equipment is being purchased from the disposal agencies as fast as it is declared surplus. These commodities, if available in surplus, may be purchased through smaller war plants corporation for cash or with a minimum cash downpayment of 15 percent of the sale price of the item. Smith explained that a few limitations apply in the case of the farm veteran desiring to purchase surplus property. His capital investment may not exceed \$25,000, he may purchase in excess of \$2,500 worth of surplus, and the County AAA committee must certify that there is a reasonable probability of the veteran's success in the enterprise.

### AMERICAN HEROES

ALONE, thousands of miles from home, in the face of bursting phosphorous grenades, Sgt. Clifford S. Denslow, Dearborn, Mich., took a flame thrower, that the War Bonds some thoughtful person back home had bought to put into his hand, and advanced through the thick jungle to within a few feet of blazing hostile pillboxes. He was in a tight spot but he kept going. He turned on the flame, completely destroyed the emplacements and their machine guns and killed eight Nips.

### Feed Scarcity May Affect 1946 Food Production

Scarcity of feed as forecast by a smaller estimated corn yield in Texas and the nation than last year and a decline in available animal protein may result in less production of meat, milk and eggs in 1946, according to E. D. Parnell, poultry husbandman for the A. and M. College Extension Service. Parnell said that the national advisory council of an organization of feed manufacturers, of which he is a member, warned Secretary of Agriculture Clinton P. Anderson during a hearing at Washington recently that livestock numbers and feed supplies must be kept in balance. The tendency to get livestock numbers ahead of feed supplies is foreshadowed by an increased number of chickens on farms, together with an expected excess production by commercial hatcheries over the record year 1943, Parnell said. Other indications are an expected increase in fall pig farrowing; continued heavy grain feeding of dairy cattle; marketing of hogs at heavier weights; unfavorable weather for corn production, and the severest drought in the Panhandle and south plains areas since 1917.

Offsetting this is some measure are a record wheat crop for the nation; an oats crop 22 per cent greater than last year's good yield and excellent pasture and hay conditions in most sections of the country. But to be prepared for the eventually of short crops of corn and grain sorghums, Parnell urges Texas farmers to adopt these feeding practices:

- (1) Avoid over-feeding any type of livestock;
- (2) Make the best use of pasture and roughages, both of which are in good supply;
- (3) Substitute wheat for corn in all rations whenever possible;
- (4) Use waste-proof feeders and avoid filling feeders too full at any time;
- (5) Market livestock and poultry at the most economical weights;
- (6) Check regularly with the county agricultural agent for the latest information on improved feeding practices.

### Pvt. Walter Hertel Home From Overseas

Pfc. Walter M. Hertel, who has been serving in the European Theatre of Operations, has recently returned to the States to spend a 30-day furlough with his wife, the former Peggy Trainham, and his parents, Mr. and Mrs. Walter Hertel of Benjamin. Pfc. Hertel entered the service January 17, 1944, and sailed for overseas December 1, 1944, having served eight months in England, France, Germany, Belgium, Holland, and Luxembourg. He served with the 89th Chemical Mortar Battalion of the Ninth Army. After his furlough, he will report to Fort Sam Houston, Texas, and then to Columbia, South Carolina, for further training.

A lot of auto accidents would be eliminated if the man behind the wheel would quit hugging the wheel the wrong curves.

### Malcon V. Ford Receives Award Of Bronze Arrowhead

Pvt. Malcon V. Ford, son of Mr. and Mrs. J. L. Ford of Munday, Texas, member of the 142nd Inf. of the veteran 36th "Texas" division, has been awarded the Bronze Arrowhead to wear on his European Theatre of Operations ribbon. The Arrowhead has been awarded for participation in the Salerno invasion when he made the D-Day amphibious assault. The 36th Infantry Division has seen action on two D-Days: Italy and Southern France. To its credit are such battles as San Pietro and Cassino, the Rapido River, and Anzio. It fought at Montelimar, where the German Nineteenth Army was annihilated, and drove across the Sainte Marie Pass of the Vosges Mountains. It breached the powerful Siegfried Line defenses at Wissembourg and completed four hundred days of actual combat plunging through Germany and deep into Austria.

### Activities of Colored People

Rev. W. A. Alexander and wife left Monday morning for San Angelo to meet the elder and his wife from Austin. The elder is conducting the revival at the Church of God in Christ. Mrs. Mary Dowguy spent last Friday in Wichita Falls. Dud Simmons spent a few weeks with his wife at College Station. Dennis Williams, No. 2, left Monday for Bryan, Texas, where he is visiting relatives.

Protein Supplement make an average gain of 3 to 4 times as fast as pigs not receiving the protein supplement, and at one third the cost per pound of gain as compared with pigs not receiving it.

Another very important requirement for growing pigs is that of furnishing proper mineral requirements consisting of 2 pounds of lime stone flour, 2 pounds bone meal and 1 pound of salt. Two pounds of this mineral mixture can be mixed with every 100 pounds of feed or fed in a separate mineral box where the pigs have excess to it at all times.

### CORN YIELD TREND DOWNWARD

COLLEGE STATION—The 1945 Texas corn yield may be the smallest since 1934, according to the July 1 crop report of the U. S. Department of Agriculture. Quoting this report, the Bureau of Agricultural Economics at Austin, gives the estimated corn averages as 4,128,000, or 17 per cent below that of 1944. The indication yield on July 1 was 15.5 bushels an acre for a total production of 63,984,000 bushels. This would be more than 5,000,000 below the 1944 yield, and more than 15,000,000 bushels less than 10-year average.

Three of America's most popular characters were unborn: Uncle Sam, Santa Claus and Charlie McCarty.

Mr. and Mrs. J. E. Reeves, Jean and Perry, visited with relatives in Fort Worth last Saturday and Saturday night. J. C. Campbell and daughter, Dolores, were visitors in Abilene last Sunday.

### Two Local Boys Meet In Italy

Paulie Donohoo, son of Mr. and Mrs. Luther Donohoo of ElCajon, Calif., former residents of Goree, and Pfc. Roy L. Norwood, son of Mr. and Mrs. James Norwood of Goree, met recently at a U. S. O. show, somewhere in Italy.

These two youths are both members of the 985th Field Artillery Battalion, but neither knew the other was overseas. Donohoo was recently transferred to the Battalion from the 76th Battalion. The 985th, led by Lt. Kellogg Horkins, is one of the oldest "Long Tom" units in the Mediterranean theatre. It has moved with both armies in Italy, supporting allied troops in no less than seven corps, including the 8th Army's Polish Corps and the Fifth's French Expeditionary Force.

The 985th is not assigned to any single unit, but uses its guns to back up the line anywhere needed. The battalion has backed up seven different divisions, three Ranger Battalions with the Fifth Army, three U. S. Corps with which it has worked most in the Italian campaign. The battalion has suffered 112 casualties.

Pfc. Norwood has been a member of the 985th F. A. B. since December, 1942, and has been overseas since August, 1943. He wears the African theatre of war ribbons and the European theatre of war ribbons. He also has the honor of wearing the Good Conduct Medal.

Do they call it the Wooden Anniversary just to remind a man what a blockhead he was? "It's my time to put the motion before the house" said the chorus girl as she breezed onto the stage.

Life insurance figures show that one child out of every 280 children born in the United States is born after its father's death.

### VARIETY IN FRESH FOOD BUYS

COLLEGE STATION.—Variety and versatility feature the list of fresh food buys on the market this week. Included are eighteen vegetables suitable for salads, relishes and main course dishes, for use in raw or cooked form, either fresh or canned. In addition, the list names nine fruits, to add color, taste appeal and food value to meals from breakfast to dinner desserts.

Top ranking buys include peaches, tomatoes and carrots, followed closely by onions, oranges and cabbage. Other good buys are lettuce, squash, beets, cucumbers, potatoes and corn and apricots, watermelons, cantaloupes and lemons for fruit selection.

### FARM FOLLIES

A farm hand named John Henry Howe learned to handle a horse and a cow. But he got himself "busted" By a bull they all trusted. Twas "bull" taught him horse-sense, and hand NATIONAL FARM SAFETY WEEK, July 22-28, 1945 NATIONAL SAFETY COUNCIL
