BANKERS DISCUSS DROUTH RELIEF

Poultry Short Course Will Be Held Here On Monday

Poultry Experts From Texas A. and M. College Will Devote Day To Instruction On Poultry Culture; To Visit Poultrymen

Under the auspices of E. N. Holmgren and Paul A. Curyus, poultry specialists of the Extension Service of the Texas A. & M. College, a poultry short course will be held in Munday and vicinity on Monday, September 22nd, according to an announcement made Tuesday by Miss Grace Nelson, county home demonstration agent, and W. E. Jones, county agricultural agent, who will assist the specialists from the college in their work. Both Messrs Holmgren and Curyus are widely known and are recognized authorities on poultry raising, and many farmers of Knox county have wanted an opportunity to meet with them, and this occasion will give them an opportunity, and the cooperation of the farmers and poultrymen of Knox county is respectfully solicited in making this event a success.

All who desire to participate in the short course are requested to meet on the city hall square in

Munday prior to 10 o'clock Monday morning, bringing along lunch. The party will leave the square at 10 o'clock sharp and will go to the home of C. B. Warren near Gore, who is one of the poultry demonstrators of the county, at which place the morning session will be held. In the afternoon the party will go to the poultry farm of Carl Schumacher at Rhineland, who is another of the county demonstrators, and the afternoon session will be held in the well arranged poultry yards of Mr. Schumacher. The entire day will be given to the study of poultry problems and if you are interested in poultry you should by no means miss this wonderful opportunity to spend a day with these poultry specialists, who will be glad to answer any poultry problems that you may have and will show you how you might remedy many of the poultry problems that confront the poultryman.

"MISS MUNDAY" WILL BE SELECTED IN VOTING CONTEST SPONSORED BY MUNDAY LIONS CLUB; WHO'LL WIN?

One of the big features of the Haskell County Fair to be held at Haskell on October 16, 17 and 18 will be a big pageant, to which all the neighboring towns have been invited to send Princesses. Munday has been invited to send a Princess, and so to simplify the matter of selecting some young lady to represent Munday, the Lions Club is inaugurating a popularity contest, to which every young lady in Munday and vicinity is eligible to enter. Nominations will be received up to noon, Wednesday, September 24th, by Dr. E. M. Ammons, secretary of the club, and all nominations must be accompanied by not less than 100 votes at one cent a vote, and the Lions Club will give one vote for every vote purchased with the nomination. After the nominations are turned in to the secretary additional votes will be one cent each. So, if you have some young lady whom you would like to see selected fill in the nomination blank found on another page of this paper and accompany it with a check for the number of votes you wish to start you favor-

ite with and hand it to or mail it to Dr. Ammons, and the Munday Lions Club will give an equal number of votes as are purchased at time of nomination. Not only will the winner of this popularity contest be recognized in a suitable manner, but the young lady who is second in the contest will be rewarded with a \$5.00 gold piece. This is going to be a real free-for-all contest and everyone has an equal chance to win. Who's going to be "Miss Munday" at the Haskell County Fair? And, about that luncheon to be held on Thursday evening, September 25th, John Spann, Frank Decker and Frank Coxsey are the entertainment committee, and we are reliably informed that they are planning a real surprise for the Lions and their guests on that occasion, so begin now to make your plans to be in on this one big event. Don't forget to nominate your favorite candidate for "Miss Munday" and accompany the nomination with a heavy vote. This contest is going to be a real event—lively, fast and furious.

Poisoning Worms Found Profitable By Many Farmers

A number of farmers over the Munday country are still applying poison to their cotton, and several of them are reporting satisfactory results. Robert Myers, west of town, reports that he has minimized the damage of several acres of young cotton by the application of poison and that the stalks are putting on new blooms and bolls are heady and had practically stopped the plants from blooming. Others who have applied the poison report that the worms have let up and believe that they can still make a good yield. A goodly number of our farmers are of the opinion that the worms are here to be content with each year and if this is the case, farmers will have to make plans to poison them at their first appearance. If this is done the chances are that the worms will do less damage than they have done this year, as the farmers were altogether unprepared to cop with them this year, and many farmers felt that with the price of cotton as low as it is the cost and labor of applying the poison was not justified.

FIRST BAPTIST CHURCH
You are cordially invited to worship with us next Sunday if you are not otherwise aligned. There will be special music at both the morning and evening services.
W. H. ALBERTSON.

Night Football To Be Witnessed At West Texas Fair

Abilene, Texas, September 18.—Night football will have its premiere in this section of West Texas during the current season, according to a report from the West Texas Utilities Company, which has installed lighting equipment on two fields during the past month. Installation at Parramore Field, Simmons University, Abilene, is practically complete and the first game on the Cowboy's schedule will be played under the incandescents recently completed. At Parramore Field, ten sixty foot poles have been erected, five to each side of the gridiron. Two 2500 watt units are mounted on each pole, giving the playing field a combined wattage of 50,000 watts. At Chesley Field Cisco, four sixty foot poles line each side of the field. Lighting units on each pole provide illumination for the playing field. A white football is used for the night games, which increases visibility of the play. According to West Texas Utility Company lighting experts, the games will be easier to follow than regular day time games, and it is expected that attendance will be greatly increased through offering the contests at night when more people are able to attend.

Departs

Haskell Telephone Company Passes To Large Company

Central West Texas' largest business deal of the month has been completed at Haskell, with removal of the general offices of the Haskell Telephone company to Lubbock. John W. Pace, Haskell, and S. W. Scott, San Antonio, controlling the company, have sold their interest in 26 local exchanges, with toll lines and all physical properties, to the Associated Telephone Utilities company of Chicago. Samuel and Martin J. Insull are among the large stockholders of the Associated company, which is the holding company of several Pacific coast telephone exchanges and also owning the Standard and State telephone companies of Texas. R. B. Fairley, Lubbock, is manager of the Texas and New Mexico properties. Roy Killingsworth, who has been assistant manager of the Haskell Telephone company, will go with the new set-up as district manager of the territory south of Seymour. Mr. Pace will retire.

THINKING OUT LOUD

Well, occasionally TOL goes wrong, but not often. Anyway, he's right more than half the time. And, since we have been called upon by Old Man Davy to make amends for a few remarks we had in last week's issue about his poor judgment in backing the "Cats," we are only too glad to put this venerable fan in the right light. The Old Man has been backing the Cats since shortly after Lee surrendered at Appomattox Court House, and he points with pride, while we Spudders fans view with alarm, to the fact that his Cowtown nine has won seven Texas League Pennants during the past fourteen years. But, after all, this only proves our contention that the Old Man is right about half the time, while TOL goes wrong only occasionally. And, about that golf tournament we've had in our hip pocket last week, we've just had to let it slip by. Our coach, Thomas Green Benze, went all "haywire" the latter part of the week and we've been left high and dry without his able counsel. We just can't play without a cadfly. Thursday afternoon of last week TOL, together with Harvey Leo, L. E. Lovless, E. W. McGlothin and John Lane, journeyed over to

Gene Nelson Again Demonstrates His Ability So Escape When He Makes A Successful Escape From Stamford Cops

Saturday night, along about dusk there was somewhat of a commotion raised at the Busy Bee Cafe. The story runs about this wise: Sheriff Bob Goodall, of Kent County, it is reported, came here one Gene Nelson, who was an inmate of the pen and who was in for eight years. They were taking him back to Kent County, and the sheriff was accompanied by the county judge of that county, where he was to be tried on five other counts, which would doubtless have put him in for still a longer term of years than he got the first time. Arriving at the Busy Bee, the party of three alighted from the car and went in for supper. The officers said they were hungry and they figured the prisoner was too. It seems they went in, got the meal and came out of the cafe, when the prisoner knowing the officers had left their guns in the car, took to his heels and gave leg bail down the alley, running almost into the jaws of the city bastille, but turned and went north for a block or more, and there vanished into another alley and up to this time he has not been seen, although officers gave hot pursuit and tried in vain to overtake him. It was rather a bold getaway, but, as it is human to want liberty, the man took the chance. And, up to this time, he has made good at getting away, though he is liable to be caught at any hour as the country is being searched pretty well for him—Stamford Leader.

Gene Nelson Again Demonstrates His Ability So Escape When He Makes A Successful Escape From Stamford Cops

Wichita Falls to witness the little grievance between Spudderville and Cowtown, and, since we were all agreed that Spudderville should win—they didn't. And I'll tell you the reason why. That fellow Lil Stoner put something on them balls that made 'em act curious like. It seemed that the balls he threw had an unkind turn about them about the time they reached the batter, which didn't have a tendency to increase the batting average of the Spudderville outfit. Aside from that fellow Stoner, the clubs were about as equally matched as any two teams that have ever had a run-in together, but it doesn't require an expert to tell right off that this bird Stoner just made the Cats a little the best team. And, remember, we're right more than half the time. But, Wichita Falls had a team that would bring home the flag in most any kind of year but, remember, this is an off year, and the Spudders let Fort Worth have it. Those birds might let it go to Dallas or somewhere else sometime, but they just don't seem to recognize anybody else. Now just watch that Cowtown nine set them Memphis lads on their ear. It's gonna be just too bad. And, remember, we're right more than half the time.

Drouth Relief Is Planned In Meet At Haskell Monday

THIRTY-TWO COUNTIES IN MOVE AT MEETING AT HASKELL

By Victor H. Schoffelmayer, Agricultural Editor of The News

Haskell, Texas, Sept. 15.—Thirty-two West Texas counties here Monday set up organization committees to form agricultural credit corporations under provisions of the Federal intermediate credit bank to provide capital to meet emergencies in supplying crop loans and other relief in areas affected by serious drouth. Approximately 250 representatives from thirty-seven counties attended the meeting, presided over by W. B. Lee, banker of Spur, who served in the absence of O. B. Martin, chairman of Governor Moody's State drouth relief committee. Mr. Lee in his closing address stated that while the setting up of such corporations will do much good, it will not meet all the problems confronting drouth areas and that further Federal aid will be needed, especially toward liberalizing the policies of the Federal intermediate credit bank affecting the kind and character of collateral. Resolutions adopted endorsed the agricultural credit plan as submitted in a letter from Judge M. H. Gossett, president of the Federal intermediate credit and land banks at Houston, asking for a more liberal policy on the part of the bank toward agricultural paper; and re-enacted the full Wichita Falls resolutions requesting an appropriation of \$15,000,000 from Congress to meet the emergency.

Chairmen Named

Organization chairmen for the various counties to set up credit corporations follow: Brown and Mills Counties, Chester Harrison, Brownwood; Dickens, W. B. Lee, Spur; Clay and Wichita, E. L. Ligon, Byers; Nolan, W. L. Booth and Guy Farrar, Sweetwater; Rannels, R. G. Erwin, Ballinger; Taylor, Bert Lowe, Abilene; Jones, J. J. Steele, Anson; McCullough, Floyd Smith and C. A. Blaise, Brady; Stonewall, Reese Ward, Peacock; Stephens, Eugene Thompson, Breckenridge; Lubbock, W. S. Poy, Lubbock; Scurry, Ernest Taylor, Snyder; Garza, J. A. Duckworth, Post; Crosby, Wade Cooper, Crosbyton; Motley, J. P. Cruse, Matador; Childress, J. W. Dabersport and R. A. Bowers, Childress; Knox C. H. Burnett, Benjamin; Shackelford, O. G. Tunlinson, Albany; Cottle, C. A. Phillips, Paducah; Coleman, E. C. Ednes, Coleman; Callahan, T. E. Powers, Baird; Baylor, Geo. S. Plants and R. E. Baskin, Seymour; Mitchell, George B. Slaton, Colorado; Kent, T. P. Johnson, Jayton; Archer, John P. Fleming, Archer City; Eastland, J. E. Spencer, Cisco; Hardeman, L. T. Hunter, Quanah; Fisher, J. P. Kennedy and Guy Patterson, Roman; Fearl, J. E. Atkeson and T. N. Bell, Crowell. The counties' representatives were about one-half bankers and there were many farmers.

Study Procedure

Monday's meeting was not given over to a discussion of drouth but to methods of procedure. Two counties, Hall and Wichita, it developed, had already begun to set up agricultural credit corporations of \$50,000 capital to be subscribed locally and in process of perfecting as announced by J. M. Edwards, Turkey banker, and Robert P. Hall, secretary of the Electra Chamber of Commerce. These organizations will promptly supply seed for fall planting of pastures and gardens, organized road construction, bridge building and clearing mesquite pasture land for large landholders who are willing to supply work for needy farmers, at \$5 per acre. Time and again the troublesome question arose as to how the worthy farmer in drouth district is to be financed when the local bank has already overextended its credit and the farmer has exhausted his credit. Several speakers thought that credit corporations could not

Robert Moore Died Wednesday From Pneumonia Attack

THIRTY-TWO COUNTIES IN MOVE AT MEETING AT HASKELL

By Victor H. Schoffelmayer, Agricultural Editor of The News

Robert Moore, son of Mr. and Mrs. Walter Moore of the Thorp community, died on Wednesday afternoon at five o'clock in a Fort Worth hospital on his 22nd birthday and will arrive here on the five o'clock train this (Thursday) afternoon and the funeral services will likely be held tomorrow morning, however, as we go to press no definite arrangements have been made for the services. Robert had been ill with pneumonia for some eight days but his condition was not considered critical until Saturday afternoon at which time his parents here received a message stating that his condition was critical and they left immediately for Fort Worth and were there when the end came. Deceased was reared in Thorp community and left here last December for Fort Worth shortly after his marriage to Miss Ruth Nix, daughter of M. G. Nix, and they had made their home in that city since that time, where Robert held a responsible position. The entire community joins in extending sympathy to the bereaved parents and wife, as well as other relatives in their great sorrow. In addition to his parents and wife he is survived by one brother, Jack Moore, and one sister, Mrs. Julia Hicks, who reside in Fort Worth. Robert was known by his many friends in this community as "Bud" and was universally liked by all who knew him. He was a most excellent young man and news of his untimely death was received here with universal sorrow.

Cotton Is Opening Very Fast and Pickers Needed

Up until the present week there has been enough cotton pickers in the Munday section to care for the demand, but this week the call for pickers has been far greater than the supply. This is due to the fact that the worms have stripped the leaves off of the cotton in a majority of the fields and allowed the sunshine to get to the bolls, causing them to open more rapidly than they would ordinarily, and at this time we have calls for several bale-a-day crews. Farmers are very anxious to close up with their picking for they realize that with all the foliage off the stalk a blowing rain would result in a heavy loss. There seems to be a scarcity of cotton pickers over West Texas because the fact that there has been practically no cotton produced in a number of localities. We have been in communication with commercial organizations at Stamford, Quanah, Paducah and other points, and most all of these towns report that a few weeks ago there seemed to be a large number of families who wanted cotton picking for the fall, but they report that most all of them have left for other sections and at present there is no surplus labor in these communities. Judge and Mrs. Clem Calhoun came down Saturday from Amarillo, where Judge Calhoun has recently formed a law partnership with Col. E. B. Thompson following his resignation as district attorney of Hutchinson county, to which position he was appointed by Gov. Meedy when martial law was declared there last year following the murder of the district attorney there. Judge Calhoun went to Roby Sunday afternoon to assist in the prosecution of Bill Fritz, who is on trial there for the murder of D. W. Hamilton, Rochester farmer, in October of 1928. Mrs. Calhoun, accompanied by her mother, Mrs. C. E. Haynes, and her sister, Mrs. Carrol Hopkins, left Sunday afternoon for a visit with their daughter and sister, Mrs. C. M. Wyatt, at Levelland, Texas.

W. T. U. Company Make Extensions In Many Localities

Abilene, Texas, Sept. 16.—Current construction work being carried forward by the West Texas Utilities Company includes the extension of lines to new customers, the rebuilding and improving of city distribution systems, and the installation of street lighting equipment, according to an announcement from the general offices of the company here. Important new lines under construction are: a 6500 volt line from Ovalo to Bradshaw, a distance of approximately eight miles, to form the third phase of the system connecting the two towns; the running of a three phase 11 kv line to the W. D. Swan oil lease in Jones county to supply service to the C. C. Julian Oil Royalty Company for its drilling operations; the extension of a three phase primary line to the new Santa Fe Railroad Terminal north of San Angelo to serve the shops with power for electrical equipment, and the extension of a primary line to a new residential district in McCamey. In Abilene, 20 street lighting standards will be erected on Styles Boulevard, from South Ninth Street to South Fourteenth Street. Lighting equipment will also be installed on the Colorado river bridge at Ballinger. Distribution systems will be improved at Aspermont and Anson. A new line will be built to serve the new Aspermont High School, and an extension will be run to the city pump station and water wells at Anson. 75 new grounds are being installed on the 17 miles of transmission line between Vernon and the town of Harold. Anticipating an early recovery from the current depression, the company is extending and improving present equipment in order to be ready for the increase which always follows sub-normal conditions in West Texas. C. A. Ragan of Knox City, route 1, came in Wednesday and had his figures shoved up for another year, for which he has our sincere

May Organize To Relieve Farmers If Need Is Evident

FOUR COUNTY ASSOCIATION HOLDS CONFERENCE HERE WEDNESDAY NIGHT AND FORMULATE PLANS.

Bankers of the Four County Bankers Association, composed of Haskell, Throckmorton, Baylor and Knox, met here on Wednesday evening to discuss plans for relieving the drouth stricken areas of the district and to discuss the plan offered by the Federal Intermediate Credit Bank of Houston in bringing relief to those areas that have gone through the drouth period. Garland Eubanks of Throckmorton is president of the association, and president at the meeting here, while George Dickey of Woodson is secretary. The bankers were inclined to look with favor upon the plan of the Federal Intermediate Credit Bank, and a unit of this bank will likely be organized when the necessary requirements, however, it was the opinion of the bankers that there existed no immediate need for the organization until the time when farmers would begin making their plans for another crop and until the present crop is harvested. Units of the Intermediate Credit Bank may be organized with a minimum capital stock of \$25,000, and upon such capitalization the paper of such units will be reduced to the extent of \$250,000, or \$10.00 for every dollar of capitalization. Such a plan would make available ample facilities for the district to make another crop and the collateral required would be somewhat less than is required by the Federal Reserve Bank, under whose supervision the banks of the country operate.

Real Estate

Land and Buildings for Sale or Exchange

I have one of the best improved farms on Knox Prairie to trade for North Texas land. Price for trade less than was paid cash for land.

One small farm, joins townsite of Munday, for sale cheap—just half what has been offered in the past for it, or will trade it for 100 acres good plain land.

100 acre farm 10 miles from Munday to trade for a small place near Wetherford, Texas.

A good two-story brick building on the square in Vernon, to trade for a farm. Rents good, easy terms, worth having for a sure return.

Have a buyer for 80 acres land near Munday. Has \$3,500 cash to pay down. Anyone wanting to sell, now is the time.

Have three brick buildings in Munday to trade for land either in Knox county or on the North Plains. Bringing a good revenue and good property. Can handle a small deal or a large one.

I have four automobile businesses listed with me to trade for town property or land, either farms or ranches. Can handle either of four makes of automobiles.

IF YOU HAVE ANYTHING TO SELL OR TRADE LIST IT WITH ME AND I WILL TRY TO GET ACTION ON IT.

ENFORCING SUNDAY LAWS

The big Barnum & Bailey circus was billed to show at Shamrock, Texas, last Sunday. Some of the folks in that town didn't take kindly to the circus on Sunday, and called upon Gov. Dan Moody for aid in putting a stop to the scheme. The circus had made a deal with the American Legion of Shamrock to show under the auspices of that organization, and members of this organization protested against the governor interfering with their plans, some of them advising his honor to keep the rangers down at Austin and stop the picture shows of that city, who were operating in violation of the same law which was to be invoked in stopping the circus at Shamrock.

And, notwithstanding the fact that the governor had been advised that the circus had abandoned its plans to show in Shamrock, the governor had three hefty rangers standing on the depot platform when the circus train rolled thru that little town, who, after the last of the three circus trains had passed, climbed into their automobile and went in search of other worlds to conquer.

Incidents like this bring to our mind the shortcomings of some of our laws, or rather the gross disrespect that many communities have for certain of our laws. In Dallas, Fort Worth, Wichita Falls, and even within a few blocks of the capitol building at Austin the picture theatres are running wide open every Sunday. It is not at all improbable that these same rangers who made the Paul Revere run to Shamrock here spent many Sunday afternoons watching the thrilling escapades of two-gun Buck Jones or Tom Mix. The same

WEBSTER'S NEW INTERNATIONAL DICTIONARY

THE STANDARD WEBSTER

Because

Hundreds of Supreme Court judges choose the highest praise of the work as their authority. The President of all leading Universities, Colleges, and Normal Schools give their hearty endorsement.

All States that have adopted a large dictionary as standard have selected Webster's New International.

The Schoolbooks of the Country draw to the Merriam-Webster system of discredited marks.

The Government Printing Office at Washington uses it as a standard.

WRITE for a sample copy of the New Edition, containing of English and Indian Names, FREE.

C. & C. Merriam Co., Springfield, Mass.

and the powers that be for the theatres over the country to operate on Sunday in the big cities, but it's all wrong for a circus to open its doors up at Shamrock and give the country kids of that section an opportunity to see the elephants and the giraffe and other wild animals.

We're not against the Sunday laws, but we are against discrimination in enforcing all laws. If Moody uses the rangers to stop a circus at Shamrock he should by the same authority and oath of office use the Rangers to stop the Sunday theatres in Austin.

Lower the Cost of Producing Poultry

LETZ MIXED FEED MAKER

Whether you are a large or small feeder, you can materially lower your production costs by preparing your feeds with a Letz Mixed Feed Maker.

Thousands of Letz users, including live stock raisers and dairymen in every state, have positively proved this. They say that the Letz Mixed Feed Maker will:

- (1) save 25% to 50% of present feed costs by utilizing wastes;
- (2) release up to 30% of your present feed crop acreage for cash crops;
- (3) increase milk and meat production up to 30% through better feed preparation;
- (4) save up to 25% of labor in handling feed crops;
- (5) improve health and condition of all farm animals.

The No. 230 Letz will cut, grind, and mix from 2,000 to 4,500 pounds of roughage and grain per hour—handling stalks, stems, leaves and all. It does a fine job of grinding ear corn and small grains, and it won't clog if the material is green or wet. Has double-automatic, all-steel feed table. Plates are self-sharpening and self-aligning.

Come in and let us tell you more about the Letz

WHO'S GOING TO BE MISS MUNDAY AT THE HASKELL COUNTY FAIR?

The Munday Lions Club is going to select a Princess for the big Pageant at the Haskell County Fair, and the selection is to be made on Thursday evening, September 25th. However, you may nominate your favorite candidate NOW on the Nomination Blank printed below, and send it to Dr. E. M. Ammons, Secretary. Each nomination must be accompanied by \$1.00, which will entitle the young lady nominated to 100 votes, and an additional 100 votes will be given her for each additional dollar accompanying the Nomination. All nominations MUST BE IN BY WEDNESDAY NOON, SEPTEMBER 24th, and after the nominations are in the votes will be one cent per vote. No free votes given after nomination is handed in.

Accompany Your Nomination Blank By As Many Votes as Possible If You Wish to Take Advantage of the Additional Free Votes to Be Given Away!!!

The young lady receiving the largest number of votes will be selected as "MISS MUNDAY" and will represent Munday in the big Pageant and Coronation at the Haskell County Fair October 16, 17 and 18, and the next highest will be chosen Sponsor, while \$5.00 in Gold will be given to the young lady occupying third place in the contest, so get busy NOW and see that your favorite is nominated and that she gets the largest number of votes in this popularity contest.

THE VOTES WILL BE COUNTED AND THE AWARDS MADE AT THE BANQUET OF THE MUNDAY LIONS CLUB TO BE HELD ON THURSDAY EVENING, SEPTEMBER 25TH.

NOMINATION BLANK

I hereby nominate Miss _____ to be "MISS MUNDAY" at the Haskell County Fair, and enclose herewith \$_____ for _____ votes to be credited to her, and which number of votes are to be duplicated by the Lions Club of Munday.

VOTING BLANK

Enclosed herewith you will find \$_____ for _____ votes to be credited to Miss _____ in the contest to determine who shall be "MISS MUNDAY" at the Haskell County Fair.

services, and all are invited to attend. Let there be a full attendance at Sunday school next Sunday morning, for important announcements will be made with reference to the Promotion Day, Rally Day and Sunday School Day programs. We must do our utmost to bring into the Sunday school all who ought to be attending with us. Less than two months remain of this Conference year. Will you help us with your prayers and your cooperation that these remaining months may be the best of the year? Be in your place at the preaching service next Sunday. The Leagues will meet at 7:00 o'clock p. m., and the preaching service will begin at 7:45. Do not forget this change in the time of the evening services, and be sure to be on time.

WILL CONDUCT REVIVAL MEETING AT WEINERT

Evangelist J. P. Salyer of Bangs, Texas will begin a series of meetings for the Church of Christ at Weinert on Sunday at 11 o'clock, September 21st, and to continue for eight days. Your cooperation in this meeting will be appreciated.—J. B. SCOTT, Editor.

Mrs. R. H. Neff Hostess to Friday Club
Mrs. R. H. Neff entertained members of the Friday Club at her home Saturday afternoon with two tables of bridge. An ice cream was served. Members present were Mrs. Wm. P. Farrington, Mrs. Louise Ingram, Mrs. H. F. Barnes, Mrs. F. L. Decker, Mrs. W. H. Chapman; guests were Mrs. F. S. Broach and Mrs. W. R. Moore.

Mrs. Ballinger and Mrs. Macon Entertain
Tuesday afternoon Mrs. R. L. Ballinger and Mrs. Adrian Macon were hostesses to a number of guests at the home of the former for an afternoon of bridge and the discussing of plans for the organization of a new social club, the name of which will be determined later. Lovely flowers decorated the rooms and at the conclusion of the games an ice cream was served. Misses Wm. P. Farrington, F. L. Decker, P. V. Williams, F. S. Broach, John Ed Jones, E. M. Roberts, Jack Mayes, Dorse Rogers and W. R. Moore; Misses Margaret Michael and Cleodelle Mayo and the hostesses.

Program by Pupils of Mrs. Barnes and Mrs. Davis Given at Weinert Friday Evening
Friday evening of last week Mrs. H. F. Barnes and Mrs. Joe Davis presented a group of pupils in a music and speech arts program at Weinert. The auditorium of the school building was well filled and the enthusiastic applause evidenced the fact that the audience enjoyed the program throughout. Several Munday folks went over to hear the program. Those on the program were Inez Campbell, Virginia Bess Atkinson, Roslin Houser, Vera Tate, Mary Moore, Sylvia and Gordon James Barnes, Genevieve Decker, Allene and Kathleen Houser, Paul Penleton, J. O. McMahon Jr. and Junior Eiland.

Johnny Elliott and Miss Faye Alvis Married Sunday
Johnny Elliott and Miss Faye Alvis were united in marriage at the Methodist parsonage of the Munday Circuit on Sunday morning at nine o'clock by the Rev. R. V. Tooley, pastor.

The groom is a son of Mr. and Mrs. Elliott of Knox City, and for the past year has been associated with the Grissom-Robertson Company here as salesman, and is a young man of exemplary habits. The bride is a daughter of Mr. and Mrs. J. W. Alvey of the Thorp community, who are among our most highly respected families, and the young lady has been practically reared in this community, where she has been a leader in the social circles.

The younger people have the best wishes of a large host of friends.

Mr. and Mrs. George Rayburn of Lubbeck are here visiting in the home of his father, T. W. Rayburn.

FRIENDLY SERVICE

We like to feel that our patrons are our friends. And friendship demands certain standards of courtesy and consideration. That is the secret of the exceptional service that Baker-Campbell Co. patrons may take for granted. FRIENDLY SERVICE. Home-Made prices—Help yourself if you like. Prompt and courteous delivery service too!

BAKER - CAMPBELL COMPANY

County Agent W. E. Jones was here Tuesday morning from Benjamin making final plans for the poultry short course, which is to be held on Monday of next week.

Mr. and Mrs. R. S. Boles are rejoicing over the arrival of a new boy in their home on Tuesday, September 16th.

Mr. and Mrs. Ben Blacklock and children have returned to Munday from Floydada where they have resided for the past few years, and Mr. Blacklock will again be in charge of the dry goods department of the Baker-Campbell Co.

Mr. and Mrs. Lawrence Dunn and L. R. Pounds of Brownfield, Texas, were here for a short time Monday afternoon. Mr. and Mrs. Dunn had accompanied Mr. Pounds to Crowell, where his daughter, Mrs. E. B. McBurnett, was critically ill, and where Dr. Wm. P. Farrington was called in consultation Sunday. Her condition was reported to be improved Monday. Lawrence is in the produce business at Brownfield, and has also been operating a produce house at Hobbs, New Mexico, and states that he has had a good business.

Mr. and Mrs. Earl T. Williams and children of Lorraine were week end visitors to relatives here. Mr. Williams, who is editor of the Lorraine Leader, states that much of the cotton in his section is no more than four to five inches high and will make practically nothing.

Miss Vivian Rogers left the latter part of last week for Belton, Texas, where she will be a student in Baylor college for the ensuing term.

"I like to read my own paper, and I have just noticed that I have been reading yours for the past few months," was the way Rev. E. G. M. Eiland put it when he stopped us the other day and had his figures shoved up another year.

"—And There's Only One Meter for the New Home Comfort Rate"

"Another big advantage of the new Home Comfort rate is that you have only one meter in your home. Regardless of the number of electric appliances you operate, there is only one meter to be read—and all electric service is figured on the same basis; that is, the lighting rate has been lowered to where it is now possible to use electric refrigerating service or heating and cooking service through the one meter. This is important from the standpoint of economy, for it means that everything electrical in your home benefits by the low Additional Service rate.

"For instance, in the average five room house, in a month ordinary lights and small appliances should utilize most of the service billed on the initial and second rates. Then your meter will record all additional use on the low 4c rate—3c where service is also used for heating or cooking.

"There will be no bother of two meter readings or two bills. Everything will be compact, definite and easily understandable.

"I'm thinking of new advantages so rapidly that I can hardly wait from week to week for the opportunity of explaining them to you. I'll be with you again next week, and I'm sure I'll have some interesting facts."

Low rate 4c-3c

Typewriters

We will have within a few days a nice selection of thoroughly rebuilt typewriters of various makes, and can save you from \$10.00 to \$25.00 on a typewriter, and we are here to make good every statement that we may make concerning these machines. They are purchased from one of the largest typewriter concerns in this section, and all worn parts are replaced in their shop before the machines are offered for sale. Come in if you are interested in a machine, and we'll save you money.

J. A. Kennedy

Bigamy Goes in N. J.

If Hidden Two Years

Newark, N. J.—According to the prosecutor in Union county a man can have two wives in New Jersey if he can keep it quiet for two years. The law can't do anything about it, it was brought out in the case of George E. Davis, twenty-four, and Davis was saved from going to jail for bigamy.

It seems Davis, who lives in Springfield, N. J., had one wife in a house in Meeker street there and another in a house across the street.

The second one gave him two children before she found out about the other wife. Then she charged him with bigamy. Prosecutor Abe J. Davis admitted in Elizabeth that he couldn't add to the man's punishment because the statute of limitations runs on bigamy, too, and after two years with two wives a man is immune from prosecution.

Davis was arrested, however, on a charge of non-support and went to jail anyway when he could not post a \$1,000 bond.

Wild Life Suffers by Drought and Fires

New York.—Drought and forest fires have taken an enormous toll of wild life and fish throughout the United States, according to reports reaching the American Game Protective association with national headquarters here. The depletion of game and fish, it is believed, will be felt for years.

Birds and beasts, fish and fowl, have suffered alike, from both causes. The large number of forest fires destroyed countless numbers of wild folk. Ashes and burned timber falling into lakes, streams and swamps, formed a deadly kind of ice and poisoned fish life.

The drought lowered water levels of streams and lakes, in many cases drying them up, leaving the fish dead on the hard-baked bottoms.

"Because of these events, it is all the more imperative for all of us to devote every effort to conserve the decimated ranks and schools of our wild life and fish," Carlos Avery, president of the American Game Protective association, said. "Alarming as the situation is, we can not only conserve what we have left, but we can restore the losses if the public will turn to and help their state game and fish commissions."

"Tip up your dogs, pen up your house cats; for both take enormous toll daily of wild life, and then ask your commission to tell you what to do to help restore the wild folk."

Government Gives Man Job for His Lifetime

Washington.—The District of Columbia government has a man on its pay roll it can't get rid of.

Dr. William Tindall, who has been in the city's employ for 61 years, was given a lifetime job by an act of congress. Tindall is an authority on the history and development of the National Capital and served as secretary to its last two governors and all of its boards of commissioners until 1912.

Although he reached the compulsory retirement age a decade ago, Tindall's period of service was extended several times because of his

Setting It Straight

Fitchburg, Mass.—Donald Macgregor's nose had been crooked ever since he was involved in an automobile accident five years ago. Recently his nose was straightened as a result of another automobile collision.

Hood News

Most all the farmers of this community are very busy now gathering their holls.

Mr. Frank Bullington is on the sick list this week.

Sunday school was well attended Sunday.

J. W. Polson and family, and Mr. and Mrs. Douglas Smith were guests Sunday of Mr. and Mrs. George Weber.

Mr. and Mrs. Sidney Winchester of Lane Star visited in the home of Mr. and Mrs. Dewey Melton Sunday.

Miss Hazel Booe spent Sunday with Miss Hazel Swain.

Miss Esther Hill visited in the home of Miss Lois Tidwell Sunday.

Miss Marie Booe had as guests Sunday Misses Cleo Polson and Opal Melton and Raymond Melton.

Mrs. Edd Tidwell is visiting her sister, Mrs. Pearl Woodriddle in Sweetwater this week.

Mr. and Mrs. Ernest Phillips of Munday spent Sunday in the home of Mr. and Mrs. C. E. Zellers.

Mr. and Mrs. Frank Hill visited Mr. and Mrs. F. L. Bullington Sunday.

J. A. Melton has been suffering from rheumatism for the past week.

Mr. and Mrs. Dewey Melton motored to Seymour Tuesday afternoon.

Carl Booe, Miss Opal Melton, Raymond Melton, Miss Cleo Polson, Miss Marie Booe and Leslie Melton spent Sunday afternoon in Knox City.

altogether meet the situation because of the character of security

Her Folding Bed Folded Up, but She Was Inside

Stockton, Calif.—Mrs. L. Turner couldn't sleep and she was all burnt up about it. So she called for the fire department.

Firemen arriving at her apartment found her looking into a folding bed that had folded at the wrong time.

Neighbors heard her calling for help, but were prevented from aiding her because of a locked door.

Woman's Offer to Buy Eiffel Tower Declined

Paris.—An offer by a wealthy woman to buy the Eiffel tower has been turned down by the authorities and evoked a statement from the office of works that the famed structure is not for sale.

Forty years after its inauguration the Parisian landmark is a rich source of revenue for the government, since thousands of tourists each year pay ten francs each to mount to the top.

France Runs Short of Two-Cent Pieces

Paris.—French business men recently complained to the ministry of finance that there was an insufficiency of 50 centimes (approximately two cents) pieces in circulation and demanded a new stamp.

Smuts Chases Butterflies

London.—Gen. Jan Christian Smuts, commander of the English troops in British East Africa during the World war, has replaced his field maps and war implements with butterfly net and has gone into Tanganyika territory in search of more brilliant specimens to add to his collection.

Finda Tablets 20,000 Years Old

Paris.—A recent discovery of neolithic sepulchers, household articles and graven tablets dated back about 20,000 years, has been announced by the archeologist, Norbert Costeur. The relics were found in the grotto near St. Jean de Los.

Reservoir of Credit

Under this system Judge Gossett states that the Federal Intermediate Credit Bank will furnish a reservoir of credit for financing needs of farmers and live stock men who can furnish safe and acceptable security in the way of chattel mortgages and personal endorsements.

Senator Tom Connally this week all night in a day each to attend the Haskell meeting promised that he and his Texas associates would do all possible at the next session of Congress to foster more direct relief. He and Senator Morris Sheppard and Representative Marvin Jones and Fritz Lanham will leave Saturday for Washington to lay the matter before officers of the Federal Reserve system, the Federal Land Bank, the Farm Board and Secretary of Agriculture Hyde. On the committee also will be Amos G. Carter and E. E. Harding of Fort Worth, Clifford B. Jones, Spurr, Charles Coombs, chairman of the West Texas Chamber of Commerce, Stamford; Will P. Jones of Childress, A. P. Fierce of Quanah and O. P. Thorne of Snyder.

Frank Lowrance is one Knox county farmer who is not worrying so very much about low price cotton.

Frank states that he has an abundance of feed already made, his dairy cows are bringing him about four dollars per day and he believes that this income will keep the wolf away from his doorstep for another year, however, he is going to make several bales of cotton and has been applying the poison freely in order to save what he has in sight, but he states that he will plant no cotton next year.

Frank Lowrance is one Knox county farmer who is not worrying so very much about low price cotton.

Required by the Federal Land Bank

A letter from Judge Gossett, president of the Federal Land Bank at Houston, urges that there be established in all sections where existing banking institutions are not available or unable to meet credit requirements of farmers and stockmen in drouth areas agricultural credit corporations with capital of not less than \$25,000, preferably \$50,000. Corporations of \$10,000 in the past experience had not been able to function successfully, Judge Gossett stated. Each credit corporation set up might serve limited areas of from one to five counties, based upon financial resources of the communities. Present discount rate of the Federal Intermediate Credit Bank is 4 per cent per annum and governed by the rate of interest at which the bank can sell its debentures. Borrowers are not to be charged more than 2 per cent per annum on agricultural production loans or more than 2 1-2 per cent on live stock above the Intermediate Credit Bank's discount rate. Credit corporations can be established under the general laws of Texas, but to obtain the reduced privilege these corporations must invest at least one-half their capital in approved securities such as United States Government bonds or Federal Land Bank bonds.

Reservoir of Credit

Under this system Judge Gossett states that the Federal Intermediate Credit Bank will furnish a reservoir of credit for financing needs of farmers and live stock men who can furnish safe and acceptable security in the way of chattel mortgages and personal endorsements.
