

## 4-H Club Boys Begin Feeding Calves For '47

### 174-H Calves Are Now Started; More May Be Added

Eleven 4-H Club boys of Knox County have started their calf feeding program for this year which includes seventeen calves now on feed. There are strong indications that this number of boys will be increased within the next week or ten days, according to R. O. Dunkle, County Agent.

All the 17 calves that are now on feed are of very high quality and most of the calves are on nurse cows and indications are that the highest quality groups that have been fed in Knox County. These calves all possess a very desirable type, quality and conformation and were selected from the League Ranch of Benjamin and the Edgar Norton Ranch in Hardeman County, and McFadden Ranch of Benjamin.

Most of the 4-H Club boys feeding calves are those that have had previous experience and three boys who are feeding calves for the first time this year. These boys are all interested in beef cattle and have a personal liking for livestock, and are willing to devote considerable time to carry out the small details which are necessary to keep their calves on full feed, and to make the maximum gain.

Another very important phase of 4-H Club work is that these boys have parents who are interested in his calf feeding demonstration, and who will encourage their sons from time to time to carry out the instructions that are so important in a successful calf feeding program.

The calves are being started on a ration of whole oats for the first month, later the boys will add whole yellow corn to the ration, normally consisting of 70 pounds of whole oats and 30 pounds of whole yellow corn. As the feeding period progresses the boys will decrease the oats 10% and increase the whole yellow corn 10% up to September first, at which time they will start grinding the corn and oats and adding sweet feed. By this time they will be feeding a ration composed of 45 lbs. cracked yellow corn, 40 lbs. rolled oats, 5 lbs. cotton seed meal and 10 lbs. of sweet feed. During the final stages of the feeding period, in December and January, the corn and oats will be reduced by 5 pounds and ten pounds of crimped barley will be added.

Another very important feeding practice is that with the grain ration it is very necessary that the high quality of hay be kept before the calves at all times, such as alfalfa, cane, sudan grass, and Johnson grass. The boys will also keep a mineral mixture of 1 part bone meal and 2 parts salt before the calves at all times.

The 4-H Club boys of Knox County who have fed calves in previous years have found it very profitable practice to play close attention to external parasites and to spray the calves, if they have lice or other parasites. These 4-H Club calf feeders have started to leading their calves and teaching them to pose, and have also started to train their hair by brushing. The boys who follow these proven practices throughout the year will have calves that will show considerable finish and quality by show time in February, 1947.

The boys who are now feeding calves are Donald Joe Jackson, Vera; Randall Walling, Dennis Walling, Donald Nix, and Billy Cammack, of Munday; and Bryson Laird, Donald Pults, J. G. Pults, Carrol Fred Glover, Buddy Crenshaw and Fred Lewis Crenshaw, of Benjamin.

## Public Address System Donated To Munday Schools

A valuable addition to the Munday Public School was made last week when A. L. Smith, manager of the Rexall Drug Store, presented the school with a public address system. The system will be used for all school and public addresses at which the school auditorium is used.

It was installed in time for the senior play Friday night and was used very successfully in this play. This is one of the most valuable personal gifts the school has ever received.

**MAKING PLANS FOR SANTA ROSA ROUND-UP**—Pictured here are the directors from throughout this section who gathered in Vernon Wednesday to make plans for making the Santa Rosa Round-Up and Livestock Exposition the biggest show of its kind in this section. In the front row, second from right is E. Paul Waggoner, elected president, and front row, second from left is M. K. Berry, chairman of the board. Others attending and pictured

## Last Rites For Tom P. Wood Are Held On Sunday

Tom P. Wood, well known local resident, passed away at his home in Munday at 6:10 p. m. Saturday evening, succumbing to a heart ailment from which he suffered for several years.

Mr. Wood, who in his active days was a baker, moved to Munday several years ago to make his home and to receive treatment when ill health overtook him.

Thomas Perkins Wood was born at Mabank, Texas, on October 8, 1896, and was 49 years, 5 months and 5 days of age. With the exception of a few weeks in which he operated a local cafe, he was unable to work since living here.

Surviving him are his wife, Mrs. Jessie Wood of Munday; two step-children, Mrs. D. C. Elland of Munday and Karl Harbin of Abilene; three sisters, Mrs. Zuma Hice of Dallas, Mrs. Galia Brown of Dallas and Mrs. Sue Wilkes of Tyler; a brother, W. H. Wood of Kemp, Texas.

Funeral services were held from the First Methodist church in Munday at three o'clock last Sunday afternoon, conducted by Rev. Don Davidson, pastor. Interment was in the Johnson cemetery by the Mahan Funeral Home.

Pallbearers were Don L. Ratliff, M. L. Barnard, Cecil Fitzgerald, Joel Massey, Bud Reynolds and Tom Webb.

## Goree To Elect Mayor, Aldermen

A mayor and three aldermen for the City of Goree will be elected in the city election to be held on Tuesday, April 2, it was announced last week.

F. D. Daniell, whose term as mayor expires, will have his name appear on the ballot for re-election.

Those whose names appear on the ballot for aldermen are John Coffman, W. O. Barnett and Les Jameson.

## Reneau Infant Is Buried On Tuesday

Joe Tom Reneau, infant son of Dr. and Mrs. J. B. Reneau, Jr., of Munday, passed away at Haskell last Tuesday morning at 5:20 o'clock. The child was born March 21, and was only 5 days of age.

Besides the parents, he is survived by a brother, John B., III, and a sister, Mary Ann; his grandparents, Mr. and Mrs. J. B. Reneau, Sr., of Munday and Mrs. John G. Frerich of Pep.

Funeral services were held from the Mahan Funeral Home at two-thirty o'clock Tuesday afternoon, conducted by Father Thomas of Rhineland. Burial was in the Johnson Cemetery.

## Jaycees Organize Here At Meeting on Tuesday Night

### Cude Enters Sheriff Race In Knox County

E. J. Cude of Munday this week authorized the Munday Times to announce his candidacy for the office of Sheriff of Knox County, subject to the action of the Democratic primary in July.

Mr. Cude needs no introduction to a majority of Knox county voters, having been a resident of the county for the past 25 years. He formerly lived at Vera and near Knox City. He has served as night police and watchman for Munday for the past 16 months.

This is Mr. Cude's first time to seek any county office, and he believes that his experience and knowledge of the county fully qualifies him to perform the duties of the office to which he asks election.

"I am obligated to no one," Mr. Cude said, "and if elected to this important office I will perform the duties to the very best of my ability, fairly and impartially."

"I earnestly solicit your vote and influence in the coming election, and if elected I will prove my appreciation by doing my best to make Knox county a good, efficient sheriff. Anything you do in behalf of my campaign will be greatly appreciated."

## Knox City Girl Fatally Hurt In Fall From Truck

Tragedy again brought sorrow to Knox City and vicinity last Monday afternoon at about three o'clock, when Bessie Allene Hester fell from a truck on which she was riding, and was fatally injured.

Her head struck the pavement. She was rushed to the Knox County Hospital, where she passed away at one o'clock Tuesday afternoon without regaining consciousness. The accident occurred about four miles north of Knox City.

Bessie Allene was the only child of Mr. and Mrs. Marlin Hester, who reside a mile south of Knox City. She was born October 12, 1929. Several times in life serious illness had almost taken Bessie, but she had rallied to health and at the time of her death she was thoroughly enjoying the youthful vigor God had restored to her. Each day was complete happiness to her.

(Continued on Page Eight)

## W. C. Cunningham Named Muleshoe Superintendent

Announcement was made Tuesday that W. C. Cunningham, superintendent of the Munday Public schools, has accepted a position as superintendent of the Muleshoe schools and will be leaving Munday at the close of this school term.

Cunningham is completing ten years as school superintendent in Knox County, having served six years at Benjamin before coming to Munday in July, 1942. The schools have seen quite a bit of progress and harmony during the time he has been at their head.

The new position comes as a considerable promotion to Mr. Cunningham, since it has a larger enrollment and pays a larger salary. Cunningham notified the school board last week at its regular meeting that he would not accept election for another term.

Mr. and Mrs. Cunningham and little son will leave here for Muleshoe at the close of Mr. Cunningham's present contract, which expires June 30th.

## Callaway Asks Re-Election As Representative

Claude Callaway of Crowell, representative of the 114th Legislative District of Texas, this week authorized the Munday Times to announce his candidacy for re-election to this office. He made the following statement:

In submitting to you, the people of the 114th Legislative District of Texas, composed of Hardeman, Foard, Knox and King Counties, my candidacy for re-election as your Representative, I do so subject to the action of the Democratic Primary, and upon the record I have made while serving you heretofore in that capacity.

When you elected me to the legislature, the State had the largest debt that it has ever had. At that time the general fund was \$31,000,000.00 overdrawn. I am happy, indeed, to tell you at this writing the same general revenue fund is not only out of the "red," but has a net balance of \$20,000,000.00 I am in a position to know just how this came about, as I served on the Appropriation Committee in both

### HOME FROM MEXICO

Mr. and Mrs. T. G. Bengel returned home the first of this week from a vacation and fishing trip to points in Old Mexico. They visited at Tampico and Monterey, and reported a very enjoyable time.

## Legion Post At Goree To Be Formed Friday

Following an enthusiastic meeting at Carl Oliver's Cafe last Monday night, at which temporary officers were named, service men of the Goree area have called a meeting for Friday night, March 29, at 7 o'clock for the purpose of organizing their American Legion post.

All plans for completing the organization will be worked out by this time, and it is expected that the post will be completely organized and officers elected.

Mr. Johnson of Burkburnett, district American Legion commander, will be present to assist in the organization.

A cordial invitation is extended to all Legionnaires and ex-service men of Goree, Hefner, Bomarton and Vera areas to be present for this meeting.

## F. T. Jarvis, Well Known Farmer Is Buried Monday

F. T. Jarvis, well known pioneer Knox County farmer, passed away at his home, west of the Sunset school, at about eight o'clock Saturday evening, March 23. Mr. Jarvis had been in poor health for several years.

Born on May 4, 1865 in England, Frank Travis Jarvis was 80 years, 10 months and 19 days of age. He came to Knox County in 1889 and had resided here since that time, operating his farm which is located about two miles west of the Sunset school.

Mr. Jarvis had been active in the development of Knox County and had a host of friends over this area.

Surviving him are his wife, Mrs. Ada Jarvis, and ten children, who are: Mrs. Ky Hunter, Iowa Park; Mrs. O. W. Stice, Midland; Luther Jarvis, Coolidge, Ariz.; Mrs. Prudence Sessions, Munday; Mrs. Bert Welsh, Haskell; Bob Jarvis, Munday; Mrs. L. A. Muse, Clarendon, Ariz.; F. T. Jarvis, Jr., Munday; and Mrs. A. C. Brook, Jr., Fort Worth. He is also survived by 15 grandchildren and five great grandchildren.

Funeral services were held from the Gillespie Baptist Church at four o'clock last Monday afternoon, conducted by Rev. Don R. Davidson, who were assisted by Rev. J. R. Bateman. Burial was in the Gillespie Cemetery, with the Mahan Funeral Home in charge of arrangements.

Pallbearers were Roscoe Partidge, Roe Myers, Emmett Partidge, Jerry Nix, Cecil Burton, Ellis Nix, Tom Stogner, and G. E. Rogers.

## Six Names Filed For City Office

With 5 p. m. Friday set as the deadline for filing for places on the ballot, the election for members of the City Council of Munday is assuming more than the usual interest of the past few years. Two names had been filed for mayor, and four for aldermen at five o'clock Wednesday evening.

The City election will be held on Tuesday, April 2, and a mayor and two aldermen will be elected.

Filing for mayor are W. R. Moore and J. M. Terry. The one elected will succeed C. R. Elliott, who announced some time ago that he would not accept the office again.

Four names have been filed for aldermen: R. D. Atkinson, E. E. Akers, Alex Jones and Don L. Ratliff. Two will be elected in the places of Mr. Atkinson and Leland Hannah, whose present terms expire. Carry-over aldermen are H. C. Hawes, P. V. Williams and Travis Lee.

The major problem to confront the city council this year will be work of a drainage and paving program for the city. This program was started sometime ago. The preliminary surveys have been made, and the program is expected to get under way in the not-too-distant future.

Mrs. W. V. Tiner left Wednesday for Norman, Okla., for a few days' visit with her daughter, Mrs. James Dyke.

## Death Claims G. R. Eiland On Wednesday

The Death Angel called one of Munday most beloved citizens Wednesday morning when G. R. Eiland, pioneer resident, died suddenly at his home here shortly after three o'clock.

Mr. and Mrs. Eiland had visited friends in Munday on Tuesday evening and went home early when Mr. Eiland became ill. His death was attributed to a heart ailment, from which he had suffered for several years.

A native Texan, George Randolph Eiland was born at Argyle, Texas, on September 1, 1884, and was 61 years, 6 months and 26 days of age.

He came to Baylor County with his parents in 1888, and they moved to Knox County in 1895. His father, Rev. R. G. M. Eiland, was a pioneer Baptist preacher.

Mr. Eiland was engaged in the insurance and real estate business here for many years. Several months ago the partnership of Mr. Eiland and John Ed Jones, operating here for over 20 years under the firm name of Jones and Eiland, was dissolved when the firm sold to J. C. Harpham. Although retired from active duty, Mr. Eiland retained his desk at the insurance firm and was found there when his health permitted.

Surviving him are his wife, Mrs. Elsie Eiland of Munday, three children, Mrs. James N. Walker of Dallas, George R. Eiland, Jr., of Lamesa, and Mrs. Jim A. Grammer, also of Lamesa; four grandchildren; a brotehr, Clarence A. Eiland of Lamesa; two sister, Miss Dottie Eiland of Wichita Falls and Mrs. A. U. Hathaway of Munday.

Funeral services were held from the First Methodist Church in Munday at three o'clock Thursday afternoon, conducted by Rev. Don R. Davidson, pastor, who was assisted by Rev. Luther Kirk of Slaton and Rev. R. B. Freeman of Abilene.

Burial was in the Johnson Cemetery, with the Mahan Funeral Home in charge of arrangements. Pallbearers were Leland Hannah, John Ed Jones, P. V. Williams, M. L. Barnard, Howard Collins, A. L. Smith, Worth Gaford and J. C. Campbell.

## J. M. Terry Out For City Mayor

J. M. Terry, well known resident of Munday, made public this week that he is entering the race for mayor of the City of Munday.

Mr. Terry has served the city in this capacity before, having filled the unexpired term of Judge D. C. Osborne, and then serving one elective term terminating in April, 1942.

Mr. Terry stated that he was making no promises as to what would be done if he is elected, but stated that since he has retired from active business, he would be able to devote more time to the duties of mayor than when he served in this capacity. He will be found doing his best for the advancement of the city, and upon this basis he solicits your vote in the city election next Tuesday.

## School Census To Close On April 1

Enumerators who are taking the scholastic census for Knox County are to complete their work by April 1, Merick McGaughey, county superintendent, said Tuesday.

The amount of state money allotted to Knox County depends upon the number of scholastics in the county, and it is urgent that all children of school age be enumerated before the April 1 deadline. All children who are six years of age before September 1 should be listed, McGaughey said, and all whose 18th birthday comes before September 1 should also be counted.

### "SAPPY" BOWLEY IS HOME WITH DISCHARGE

A. E. (Sappy) Bowley, who has been serving with the U. S. Forces in the Pacific, landed in the states several days ago, and received his discharge. He came in Sunday for a visit with relatives here.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Jess Hargrove of Goree are the proud parents of a baby boy, who was born March 24, at the Haskell hospital. He has been named Gerald Ned. Both mother and baby are doing nicely.

## IT'S YOUR DUTY TO VOTE

Towns and municipalities over Knox county will hold their city elections on Tuesday of next week. Those who will take a leading part in affairs of your town will be elected.

In most instances both the mayor and one or more city aldermen will be elected. It is the privilege, and the duty, of every qualified voter within these towns to go to the polls and cast their votes.

Too often relatively few take part in city elections. The date of election slips their minds, other things come up, but generally speaking, the principal reason for light votes in city elections is lack of interest.

Quite often, too, those who fail to vote are those who have the biggest "beef" to make at city administrations. To our mind, those who do not take enough interest in their city affairs to vote for those who run the affairs should have no "beef" coming. The job of mayor, or alderman in towns of our size is usually a thank you job—with the thanks taking a tail-spin into criticism. For this reason, those who do take city affairs at heart have a hard time every year to get someone to agree to accept those thankless jobs to fill vacancies that occur.

The hearty support of every qualified voter, not only on election day, but throughout the days, years, and months that follow, would go a long way toward boosting a town toward advancement and make our city officials feel that their time and efforts have not been in vain.

Show your interest in your town by casting your vote next Tuesday!

## OPEN YOUR EYES

Few people today have any conception of the important part the Bible teachings played in the business progress of the United States or the creation of our government. America was founded on man's daily labor and the fruits therefrom.

All over the world, during the past two decades, political teaching which aggrandized an individual, have taken the place of Bible teachings. Equality, freedom and religious liberty have been lost in nations which glorified individuals rather than principles.

In our own country, strong factions are seeking to the our future progress to all-powerful government. People are losing sight of the fact that America was not built on this basis, but was built upon a Constitution that embodies the teachings of the Bible.

It is high time that we came to our senses and, instead of aping foreign governments that criticize our country but turn to it for men and money to settle their everlasting quarrels and poverty, renewed our country but turn to it for men and money to own Constitution, based on ideals which have given us liberty and blessings beyond those enjoyed by all other peoples.

And don't let any foreign or domestic politician try to tell you he has a system under which government will do for the individual what the individual cannot do for himself if he keeps government his servant rather than his master.

## HOW LONG CAN IT SMASH RECORDS?

Luckily for the motorist, the price of gasoline has not kept pace with the rising cost of oil discovery. According to a financial analysis of thirty leading oil companies, the estimated cost of finding and developing a barrel of oil now is more than double that of the pre-war years. The cost of developing a new barrel of crude oil was 62.5 cents in 1944, compared with an average of 28.7 cents in the three pre-war years, 1937-39. The analysis covers the eleven-year period, 1934 through 1944.

The price of gasoline has not gone up in step with unavoidable cost increases because the oil industry has managed through greater operating efficiency to absorb the costs. In fact, a large part of the price of a gallon of gasoline is not the charge of an oil company, but a tax.

Actually during the past few decades, the price of gasoline has been reduced steadily, even though the industry has had to look far and dig deep for new petroleum reserves. If the increased efficiency of oil companies had not resulted in a declining price, today's motorist would be acutely conscious of the gas taxes that have been superimposed on the price of gasoline.

The above is a concrete illustration of the way in which a high degree of production efficiency can overcome rising costs and taxes, but it cannot do the "impossible" forever.

Cotton is needed in livestock production.

## GUESS THE ANSWER—WIN A SHIRT!

A single shirt manufacturer has 420,000 shirts on hand; one big retail store has none.

This was the gist of a recent newspaper headline. The story went on to tell how millions of men's shirts lie idle in manufacturers' storerooms, while retailers' shelves are bare and civilian demand grows more desperate every day. The manufacturers want to sell these shirts, but a tangle in the price rules makes it impossible for them to do so. One store official remarked, "It is not so much that prices are inadequate as that the manufacturers can't find out what prices they can charge."

An example of what makes confusion, was the following O.P.A. "revised" rule designed to help manufacturers who pile up too many high-priced items and couldn't sell them without violating regulations. This provision provided that the manufacturer might get his average price back in line "by selling every item in his line at or below his average price until the surcharge is made up."

"As an alternative, he may make up his surcharge on the installment basis. Under this plan, the manufacturer will reduce his M. A. P. each month by a set percentage, which is the percentage of his net surcharge to his total net dollar volume of deliveries for a preceding period. He keeps the average price of his deliveries each month at this reduced maximum average price until his surcharge is worked off."

If you can figure this out you can get a shirt—if you can explain it to the shirt manufacturers.

## BROKEN HOMES RAISE CRIME RECORD

In an address before the annual meeting of Catholic Youth, J. Edgar Hoover, director of the Federal Bureau of Investigation, in discussing the importance of efforts dedicated to good citizenship and toward clean living, said:

"The postwar crime wave which we feared is upon us. It is mounting in intensity. It is growing in severity. It is not isolated. It is nationwide. In fact, other countries report similar experiences. Lawlessness is not inherited; it is acquired—and so is character. Therefore, it is not much more important to build character?"

"View with me, if you will, the passing parade of crime. It presents a sordid spectacle. Out of each 1,000 marching in this endless parade, 521 have marched before to a prior arrest, and 210 are under 21 years of age. More persons aged 17 are arrested than in any other age group. Of each 1,000 murderers, 140 are under 21 years of age; of every 1,000 robbers, 360 are under 21; of burglars, 510; of thieves, 340; of arsonists, 250; of 1,000 car thieves, 630 are under 21; and of 1,000 rapists, 320 are under 21 years of age."

"In the background of each of these youths lies a story of shocking neglect. Boys and girls are being deprived of the care and guidance necessary to the proper formation of their characters. Their lawlessness has its roots in every instance in broken homes, in homes where mothers and fathers, because of their neglect, misunderstanding or irresponsibility had failed in their primary obligation."

An economic study now circulating in Washington compares the living standards of average wage earners in leading nations.

On this comparative basis, Russia is where the United States was in 1790; Italy is about the U. S. of 1812; Germany matches us at 1860; and England enjoys the living standard of the U. S. of 1870.—Eustis, Florida, Lake Region.

First Fisherman: It's getting late and we haven't caught a single fish.

Second Fisherman: Well, let's let two more big ones get away and then go home.

## Dark Flour To Contain A Higher Protein Value

Enriched 80 per cent flour, to be on grocery shelves soon, has the same vitamin content as enriched white flour, but is higher in protein value—energy—according to Miss Edith Lawrence, food preparation specialist of the Texas A. & M. College Extension Service.

The story of American flour, Miss Lawrence says, goes something like this: For many years modern white flour has been losing important values in milling. In order to have it white and fine, and of good keeping quality, the outer coat of the grain was removed. With it went around seven-eighths of the thiamine and niacin, three-fourths of the ribo-flavin, and four-fifths of the iron, as well as some calcium, phosphorus and better quality protein.

Some of these values were returned when bread was enriched with the three lost B vitamins, thiamine, riboflavin and niacin, also iron.

Only about 65 per cent of the flour and flour products on the market, however, have been enriched. Floors rank in this order in nutritional value: whole wheat, enriched 80 per cent flour, enriched white flour, unenriched 80 per cent flour, and unenriched white flour. The new 80 per cent flour is much finer and lighter in color than whole wheat flour. Unenriched it has only about 40 per cent as much thiamine as whole wheat flour, only half as much riboflavin and iron, and a fourth as much niacin.

On the foods preparation end,

## Legal Notices

### ELECTION NOTICE

Pursuant to an order issued by the City Council of the City of Munday, Texas, notice is hereby given that an election will be held on the 2nd day of April, 1946, at the City Hall, the same being the place designated by law as the voting place, on the date hereinbefore mentioned, in the City of Munday, County of Knox, Texas, for purpose of voting upon the following question submitted to the voters of the City, to wit:

Election of a Mayor and Two (2) Aldermen

It is further ordered by the City Council of the City of Munday, Texas, that C. L. Mayes be appointed as Judge of the election, and it is further ordered that candidates for the above position file their intentions with the City Secretary on or before 5 p. m., Friday, March 29th.

Attest, Harvey Lee, Secretary.

C. R. Elliott, Mayor. 37-2tc.

### NOTICE

We, the subscribers, have this day entered into a limited partnership agreeable to the provision of the Revised Statutes, Title 105, relating to limited partnership, and do hereby certify that the name of the firm under which said partnership is to be conducted is "Munday Automobile Company." that the general nature of the business to be transacted is the buying and selling of Automobiles, Automobile parts, accessories and the repairing of Vehicles, and the same will be transacted in the City of Munday; that the name of the general partner of the said firm is I. V. Cook, of Munday, County of Knox, and State of Texas, and the special partner is R. D. Atkeison, of Munday, County of Knox, and State of Texas; that the capital contributed by the said R. D. Atkeison, special partner is Three Thousand Seven Hundred Fifty and No/100 Dollars in cash; that the period at which said partnership is to commence is the 20th day of March, A. D. 1946, and that it will terminate on the 20th day of March, A. D. 1946.

I. V. COOK,  
General Partner.  
R. D. ATKEISON,  
Special Partner.

Atkeison's Food Store

tests conducted by the USDA Bureau of Home Economics under commercial baking conditions revealed that the difference in bread made with the old and new flours was not as great as had been expected. The loaves made from the 80 per cent flour did not rise quite as much as those from white flour, and the bread had a slightly off-white or creamy cast. The Bureau of Human Nutrition and Home Economics has had reasonably good success in making biscuits and pastry with the 80 per cent flour.

## Roxy Theater Raised Funds For March of Dimes

P. V. Williams, manager of the Roxy theatre and chairman for the Motion Picture Industry's March of Dimes campaign in Munday, announced today that he received a check for \$34.27 from the State Headquarters in Dallas, representing 50% the total March of Dimes collections in Knox County, which will be used by the local chapter of the National Foundation for Infantile Paralysis.

Williams said this was in keeping with the policy of the National Foundation to return 50% of all local collections to the county in which they were made to carry on the fight against the dread polio. The other half of the collection has been forwarded to the National Foundation for education and research and to carry on the fight against this human blight on a national basis.

He further stated that the threathemen of Texas were grateful to their movie patrons for contributing so generously to this worthy and human cause.

## ADJUSTABLE IRONING BROADS AVAILABLE

**COLLEGE STATION.**—Home-makers as a rule consider ironing the most tiresome household work they do, so scientists studied the ironing job in an effort to make it easier. As a result of these studies, manufacturers now are putting adjustable ironing boards on the market.

Whether you buy a new one or work over your old one, make certain it is comfortable to you. This advice comes from Mrs. Florence Low, specialist in home management for the Texas A. and M. College Extension Service.

She says there's no rule-of-thumb for finding out the comfortable height of an ironing board. That's something to work out for yourself, but women of average height generally find 31 or 32 inches satisfactory. She suggests that you try sitting down to iron if you usually do the job standing.

In most instances, non-adjustable boards are too low, and stooping will cause more weariness plus real muscle aches and pains, Mrs. Low says. She adds that if several members of the family use the ironing board regularly, it's even more important to have one which is adjustable.

Mr. and Mrs. Leland Hannah and daughters, Carolyn and Charlotte, spent the first of this week in Norman, Okla., visiting in the home of Mr. and Mrs. Troy Denham.

Mr. and Mrs. E. W. Harrell spent last Sunday in Anson, where they visited with Mrs. Harrell's mother, Mrs. Ida Davis, who is ill.

Worth Gafford spent the first of this week in Coleman, visiting with

relatives. Mrs. Gafford has been there several weeks, attending the bedside of her mother, Mrs. Burroughs.

Mr. and Mrs. C. C. Jones and son, Doyle, who was home from Texas Tech at Lubock, visited with relatives in Wichita Falls last Monday.

Mr. and Mrs. P. C. Phillips and family and Peggy Clough visited with the former's daughter, Mrs. Novelle Spann, in Clinton, Okla., over the week end.

S. H. Vaughters, superintendent of the Rochester schools, was a business visitor here last Monday.

**PLUG IN... I'M REDDY!**

• Food, fuel and clothing are higher. But electricity is still cheap!

• Today, electricity for the average household costs only about half as much as it did fifteen years ago. If your bill is a little higher than it was then, that's because you use a lot more electrical appliances. And you're getting just about twice as much for your money!

• Why is electricity so cheap? Because tax-paying electric companies under experienced business management have done a better and better job of bringing the benefits of electricity to more and more families at lower and lower prices.

## Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., March 23.

Apparently our hope that after the war we would substantially reduce the size and cost of the Federal Government is being slow of realization. When the number of Federal employees passed the million mark shortly before the war, we thought that to be a staggering number. Since V-J day the number of civilian employees on the Federal payroll of the old line departments and agencies has actually increased 140,000. Such reduction as has actually taken place has occurred largely in the War and Navy Departments that have dismissed 745,000 employees within six months since cessation of hostilities. In December 1945 we had 3,155,192 civilian employees on the Federal payroll; in January we still had 2,946,947 employees on the Federal payroll. Of course we still have hope for substantial reduction when the "duration" has ended and "reconversion" is completed. However, most war service employees are simply being shifted from one agency to another. Unless the public loudly and insistently demands substantial reductions, such reductions will not likely be made.

If the current demand of Federal employees for a 20% increase in pay is granted, it will add \$1,600,000,000 to the current \$8 billion dollar Federal payroll. Federal employees will soon get some pay increases; if inflation continues they will probably get still other increases.

The House this week by a vote of 239 to 80 passed H. R. 4873 to create an agricultural credit agency. All Texans voting were among the eighty opposing the bill. We

recognize that there is need for reorganization of the many farm lending agencies. However, the bill did not abolish any job or agency but simply created a new, independent bureau to be known as the "Farm Credit Agency," to be headed by a super-duper board of seven full time members who would hold office for fourteen years at a salary of \$12,000 per year per individual. It was argued that such a board would not be responsible to any department and would be out of politics. In such event there would be no limitation upon the activities of such board and many of us feared the results.

The House also passed this week H. R. 2501, directing the Department of Agriculture and other agencies in disposing of Farm Security Administration and rehabilitation project lands to give preference to Veterans. I secured the adoption of an amendment to this bill providing that "any conveyance by the Government of title to land under this act shall convey all of the right, title, and interest of the Government in and to such land, including all mineral rights." Heretofore the FSA has withheld three-fourths of the minerals under small farms sold to farmers, while the Federal Housing Agency in most cases has retained all of the minerals. If my amendment is approved by the Senate, this policy of holding out minerals under small farms will be reversed.

The House Banking and Currency Committee continues to struggle with a bill for the extension of OPA. A White House statement in February declared it to be the policy of the government to retain price control during the present emergency "over scarce materials and facilities." A report from the director of War Mobilization and Reconversion, in referring to price controls, stated: "They will be lifted as quickly as supply approaches balance with demand." In a New York speech in December, Mr. Bowles stated that price controls would be removed just as rapidly as supply conditions would permit. In a letter received by me yesterday from the new OPA Administrator, Paul A. Porter, appeared this sentence: "Sometime ago Mr. Bowles announced a policy of removing all price controls as soon as needs for them disappeared." Yesterday, I appeared before the Banking and Currency Committee and urged them to write into the proposed bill extending OPA a provision that no price control should be imposed upon any commodity of which there is a nor-

mal and adequate supply. Since the President and OPA admit this to be a sound policy it seems to me that it ought to be written into the law. After all, the people speaking through their elected representatives have a right to determine governmental policy. Such policy and determination should not be left up to appointive bureau heads.

## New Grain Seed Is Distributed To 4-H Club Group

Two hundred and eighty three 4-H club boys and girls attended the ten 4-H Club meetings that were held in Knox County, beginning March 18th and ending March 22nd, according to R. O. Dunkle, County Agent.

At each of these meetings there was distributed a new variety of combine grain sorghum to 47 boys in packages of 8 pounds each, which is enough seed for each boy to have as his demonstration a two acre plot, of this improved Midland Milo, that was secured from the Experiment Station at Hays, Kansas. Seed grown this year by the 4-H Club members will be distributed to the farmers in 1947.

During each of these community meetings there was also distributed to the boys and girls a new variety of Black-eyed pea seed that was secured from the T. W. Woods and Sons, Richmond, Va. This new variety, which is known as the Early Wilt Resistant Ramshorn, has proven to be a high yielder at the Experiment Station tests that were conducted at College Station in 1944 and 1945.

The 4-H Club members were given a demonstration in the use of DDT powder and its mixture with 9 parts of sulphur in the control of the horn fly on dairy and beef cattle. The club members were told of experimental results that have been conducted on the Texas Experiment Stations where beef cattle in pastures gained 25% more when treated for the horn fly with the DDT and Sulphur powder, as compared with cattle in adjoining pasture that were not treated.

During the program an explanation was given to the 4-H Club members as to our duty and obligation to Foreign Countries whom we have pledged to furnish food to the starving population. Each 4-H Club member pledged to plant a garden and to assist in any way possible toward meeting home demand; thereby, releasing other foods to the starving millions in the war torn countries.

Mr. and Mrs. Lee Haymes and son, Mack, were in Seymour last Sunday night where they attended a program given by the McMurry Chanters of McMurry College, Abilene.

Miss Audrey Phillips spent several days last week in San Antonio, visiting with relatives.

## News From Goree

W. H. (Bill) Patton of the north plains is here for a visit with his son and wife, Mr. and Mrs. Clyde Patton, and other relatives.

Mr. and Mrs. Homan McMahon were week end visitors with relatives in Fort Worth.

Rev. J. W. Griffin, former pastor of the Methodist Church here, is attending S.M.U. in Dallas, completing a special course there.

E. N. Miller, who has been ill for some time, is at home from a Wichita Falls hospital. His parents, Mr. and Mrs. J. N. Miller, his brother and wife, Mr. and Mrs. H. E. Miller, a sister and husband, Mr. and Mrs. M. A. Tuttle, all of Woodson, visited with him here Sunday.

Supt. and Mrs. H. D. Arnold and Mrs. W. M. Taylor attended the State Teachers Association meeting in Abilene Saturday. The principal address was given by Dr. Kenneth McFarland, superintendent of schools at Topeka, Kans.

Mrs. Nell Anderson and daughter, Betty Nell, of Wichita Falls were visitors here with Mrs. Anderson's sister, Mrs. J. O. Tynes, and with her niece and husband, Mr. and Mrs. A. E. Bowley. Mr. Bowley has recently been discharged from the service.

Mr and Mrs. Ira Staleup and son, Edward, and Mrs. R. D. Staleup were visitors with Mr. and Mrs. Beverly King of Graham last Sunday.

Mr. and Mrs. Ernest Robinson were visitors with their son and wife, Mr. and Mrs. Bill Robinson and little daughter recently.

Royce Jones of Fort Worth is here for a visit with his grandparents, Mr. and Mrs. E. J. Jones.

Mrs. Hubert Blankenship and daughter have returned from Quitman, where they attended the funeral of a sister-in-law, Mrs. Lawrence Roberts.

Mrs. W. O. Barnett visited her brother and wife, Mr. and Mrs. Foy Easley and a nephew and wife, Mr. and Mrs. Hogan Easley. Hogan has recently been discharged.

Mr. and Mrs. J. W. Fowler were business visitors in Wichita Falls last Thursday.

Mr. and Mrs. Henry Coffman of Fort Worth visited relatives and friends here over the week end.

Mr. and Mrs. O. Claburn of Knox City were Sunday visitors with Mrs. Claburn's parents, Mr. and Mrs. S. M. Claburn.

Mr. and Mrs. Monte Pollen and little son, Pat, of Paris have returned home after visiting Mrs. Pollen's parents, Mr. and Mrs. E. B. Crites.

S. E. Stevenson, Jr., returned to the naval service and left last Friday morning. S. E. had been discharged several months ago.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

AUSTIN. — Undulant (Malta) fever is a disease which is transmitted to human beings by infected animals. Individuals may acquire the disease (1) as the result of direct contact with infected animals or (2) following the use of raw dairy products obtained from infected dairy cows. If the disease is due to contact with infected animals or their waste products, the germ gains entrance to the human body through the skin, stated Dr.

Geo. W. Cox, State Health Officer. Persons who live on farms are more subject to undulant fever than those who live in cities. On farms, the disease is more apt to affect men due to the fact that men come in contact with hogs and cows to a much greater extent than do farm women. Farmers have direct contact with animals during loading and unloading for market. The handling of infected cows or sows and of the young at time of birth represent hazardous types of contact. The danger of undulant fever may be reduced greatly by avoiding as much as possible all forms of direct contact with animals which may be infected. The wearing of heavy gloves if contact is unavoidable should aid in protecting the skin against exposure.

Urban residents have little or no occasion to come in direct contact with infected animals. Undulant fever acquired in city or town is due, as a rule, to the use of milk, cream, and butter which lack certain safeguards. Prevention of un-

dulant fever, whether due to contact with infected animals or to ingestion of contaminated dairy products, is dependent to a further extent, upon the eradication of contagious abortion from farm animals and careful pasteurization of dairy products.

Mrs. A. M. Huskinson of Bomarton and Miss Maryon Huskinson of Wichita Falls were visitors here last Saturday.

Welding & Blacksmith Shop

## THE OLD JUDGE SAYS...

GEORGE: "Yes, I certainly would like to hear why you call that an old fashioned idea, Judge."

OLD JUDGE: "Glad to tell you, George. Until recently, a person known as an alcoholic was generally treated as a social outcast. Little if anything was done to understand him or help him. But, during the past few years, medical research and study has developed that alcoholics are really sick people... that there is usually a deep-rooted physical, social or emotional reason behind their behavior. That's why today so

much is being done to help them by finding out and correcting the condition that leads them to excess."

GEORGE: "How many folks are there like that, Judge?"

OLD JUDGE: "Well, according to scientific research, 95% of the people who drink, drink sensibly. 5% do so unwisely, at times. Included in that 5% is the small percentage of the sick people I'm talking about."

GEORGE: "That certainly gives me a clearer picture. It's the most sensible approach I've ever heard on the subject."

# Society

## Announcement Made Of Johnson-Stevens Wedding March 30th

Miss Maurine Johnson, daughter of Mr. and Mrs. Ed Y. Johnson of Munday, left last Sunday night for Norman, Okla., where she will be united in marriage on March 30 to M/Sgt. Joe W. Stevens of the Army Air Forces.

The marriage will take place in the home of Mr. and Mrs. Joe McGraw, Jr., at Norman, where Mr. McGraw is a student at the University of Oklahoma and a member of the varsity football squad.

After a short honeymoon trip, Sgt. and Mrs. Stevens plan to make their home in Riverside, Calif., where Sgt. Stevens is stationed. He is the son of Mr. and Mrs. J. C. Stevens of Munday.

## New Deal Club Meets Thursday With Mrs. Rogers

Mrs. Doris Rogers was hostess to members of the New Deal Bridge Club last Thursday night at her home. High score at the games went to Mrs. Arthur Smith, Jr.

Following the games, the hostess served a delicious refreshment plate to the following members and guests:

Mmes. J. C. Harpham, Wade Mahan, Carl Jungman, Paul Pendleton, A. V. Kemnitz, Jack Mayes, Arthur Smith, Jr., and the hostess.

## Gilliland Club Meets March 20 With Mrs. Cook

The Gilliland Home Demonstration Club met in the home of Mrs. Otis Cook on Wednesday, March 20. Feed sacks and flour sacks were brought by several of the members for exchange.

The club voted that each hostess would be responsible for demonstration until the county gets a new agent. One table top was sanded and refinished, and Mrs. Cook has upholstered her studio couch.

An encouraging letter from Miss Lucile King former county home demonstration agent, was read. Eleven members and one visitor, Mrs. Alton Cook, were present, and refreshments were served by the hostess.

The next meeting will be in the home of Mrs. Marion Ryder on Wednesday, April 2, at 2 p. m.

## Red Cross Helps Service Men With Varied Problems

As a veteran you will want to know:

Who can tell me about vocational training, jobs, or a college education?

Who will help me, my family, with personal problems and financial aid?

Well or disabled to what government benefits am I entitled?

Who can tell me about insurance, medical care, hospitalization, veterans homes?

Who can help me make application for a disability pension or other benefits?

Your Red Cross can answer all your questions.

Every veteran is a potential responsibility of the government. Any serviceman may designate the Red Cross to act for him in the presentation of his claim since this organization is one of several authorized by the Veterans Administration to act in this capacity.

If you want claims and benefits explained or help with personal problems or help in filing claims go to your Home Service Worker. She helps you draw up your papers; she has information and blanks, and will assist you in obtaining necessary evidence and facts.

Mrs. W. E. Braly is the Home Service Secretary for the Knox County Chapter, American Red Cross.

IT PAYS TO ADVERTISE

## Retailers Demonstrate How OPA Causes "Camouflaged Inflation"

On the basis that unrealistic OPA policies are raising the cost of living in the United States, the National Retail Dry Goods Association displayed before members of Congress in Washington examples of what it calls "camouflaged inflation."

The National Retail Dry Goods Association does not seek the immediate end of government price control but it asks that Congress amend the Price Control Act so as to increase the production of good quality, low priced consumer goods.

As Benjamin H. Namm, president of the Association said: "Production can stop inflation if we can only stop OPA from stopping production."

Officials of the Association described "camouflaged inflation" as "holding the line" against rises in the prices of reputable goods

while granting higher ceiling prices to inferior merchandise.

The exhibit depicted this discrepancy with the comparison of the women's slips shown above and more than 100 other items received from member stores.

Among these others were a pair of men's white woven broadcloth shorts with an elastic waistband on which was placed an OPA price of \$10.50 a dozen. The manufacturer has discontinued production. Beside them were pink shorts of lesser quality bearing an OPA price of \$13.50 a dozen.

Also shown were two electric heaters, one of first rate quality made by a prominent manufacturer and priced by the OPA at \$8.59 retail while a decidedly poorer model next to it from another maker bore an OPA price of \$15.67 retail. The other exhibits were similarly striking.

## Housewives Can Use Potent Weapon On Black Market

Housewives can deliver a knock-out blow to black market meat operators, who continue to cheat their customers, by using a powerful and highly effective weapon—so small that it will fit into any purse or pocket—convenient for instant use when demands for above-ceiling prices are made by unscrupulous meat merchants.

This never-failing weapon, S. N. Reed, said Board Chairman, said, is protection in the form of a new miniature price ceiling list which he urged every woman to get from her local board and carry with her at all times. "In this way she can be sure of not being charged over

the prevailing ceiling prices for meat," he said.

"Shoppers should check meat prices just as carefully as they check the scales while their meat is being weighed. If they pay more than the lawful price for meat it is the same as paying for less meat than they receive," Reed pointed out. "No one hesitates to call attention to short weights nor should any one allow himself to be cheated by other means. The majority of merchants are honest and many of them sell under ceiling prices. No merchant can cheat the customer by selling at over-ceiling prices without his cooperation and approval," Reed said.

He appealed to housewives to visit their Price Control Board and ask for a copy of the new miniature ceiling price list for meats which can be easily folded and carried in even a small purse. "Then by refusing to pay more than the listed price and be refusing to be cheated, she will not only save money but she will be doing her part to smash a business which is victimizing housewives of hundreds of thousands of dollars annually."

Mr. and Mrs. Robert Shelton of Ada, Okla., spent the week end with relatives and friends here and at Goree.

## Higher Incomes Fail To Correct Lack of Nutrition

The popular conception that high incomes and good eating habits necessarily go hand in hand is exploded by data recently released by the U. S. Department of Labor. Quoting from an extensive survey, the Department points out that in 1942, milk consumption per capita at the \$2,000 income level per family was fully as high as at the \$4,000 level.

After milk limitations had been in effect for two and a half years, the situation was little changed, but with consumption slightly higher for the lower income group, being about two and three-fourths quarts per capita per week at the \$2,000 level and about two and one-half quarts per week for the \$4,000 group. In the case of cheese, butter and ice cream differences in consumption were slight, but in each case were in favor of the higher income groups.

As incomes dropped below \$1,500 per year the quality of the diet deteriorated materially. For example, with incomes under \$1,000 a year consumption of milk dropped to a little less than two quarts per person per week. The decrease in consumption of other dairy products was fully as great proportionally.

This survey indicates that the consumption of milk and its products rises rapidly until incomes reach approximately \$2,000 per year. The really startling fact is that above that income level people apparently do not ordinarily improve their food habits materially with respect to the use of milk. "It is obvious," states Mrs. Ethel Austin Martin, director of the Nutrition Service of the National Dairy Council, "that extensive nutrition education is essential if Americans are to consume the quantities of milk recommended by scientific authorities."

## WAYNE ARLIN HARRIS RECEIVES DISCHARGE

Wayne Arlin Harris of Goree, aviation machinist's mate 2/c, recently received his discharge from the Naval separation center at Norman, Okla. Harris served over 18 months in the Pacific. His last duty station was with the Carrier Aircraft Service Unit 2 at Barber's Point, Hawaii.

## Betty Golden Named House Counselor

Denton.—Miss Betty Jean Golden, daughter of Mr. and Mrs. Oates Golden of Munday has been elected house counselor for the second semester at Texas State College for Women.

The House Council, dormitory branch of the College Government Association, is composed of the house president and house secretary, both elected for the full school year, and the counselors elected twice a year. The Council has the authority to act in all matters of conduct concerned with residential life on the campus, acts as an advisory council and aids in the carrying out of the college rules

and regulations. To be qualified for the office of counselor, a student must have a good college citizenship record and a scholastic average of C with no F's or incomplete grades on her college record. Miss Golden is a junior bacteriology major.

Mr. and Mrs. J. B. Stevens spent the latter part of last week in Arkansas, attending to business matters. They returned home Sunday, going to Slaton last Monday where Mrs. Stevens will remain until the close of the present school term before moving to Munday. Mr. Stevens is the new manager of the Munday Mill of West Texas Cotton Oil Co.

### Tenth Anniversary Celebration Of Beta Chi Held Saturday

The Beta Chi Chapter of Delta Kappa Gamma met Saturday, March 23, at the Home Economics Cottage in Haskell for a luncheon in celebration of their tenth birthday.

At 12:30 o'clock the guests assembled in the dining room of the tastefully furnished cottage where a table sparkled with beautifully crystal, silver, and tall lighted candles. Gold Delta Kappa Gamma keys lettered in red were used as center pieces; anniversary booklets marked the places for guests.

For an invocation Mrs. Iva Palmer led the group in singing "A Prayer For Delta Kappa Gamma."

Luncheon Menu: Grape fruit cocktail, Virginia baked ham with raisin sauce, string beans, cauliflower, gem salad, relish plate, rolls angel food cake, heavenly hash and coffee was served by the Home Making Class under the direction of Miss Louise Newman, Home Demonstration Agent of Haskell County.

Mrs. Hazel Weaver, President of the Chapter recognized the following guests of honor: Mrs. Marguerite McCollum Jordan, Mrs. Irene Ballard a former president, Miss Minnie Ellis a pioneer teacher and former Superintendent of Haskell County Schools; Miss Edith Smith, Mrs. E. J. Jones, Mrs. J. H. Lambeth and children spent the week end at Canadian, Texas, with Mrs. Lambeth's mother and brother and other relatives.

Mrs. Arthur Howard was a patient in the hospital at Knox City last week.

Mrs. Ed Jones and son, Clarence Jones, are visiting relatives in the state of Colorado this week. They stopped at Amarillo on their way to visit Mr. and Mrs. L. P. Jones the first night of their trip. The L. P. Jones are former residents of this community.

Mrs. Alex Ward of Electra has returned home after a few days' visit with her sister, Mrs. M. J. Jones.

future for women of the profession. Each teacher was inspired to be a better teacher, a better citizen and to wield an influence for a better world.

At the close of the address Mrs. Weaver presented Dr. Carter a pair of silver compotes as a birthday gift from Beta Chi.

After the luncheon a beautiful initiation service was held followed by a short business session in which plans were perfected to attend the State Delta Kappa Gamma meeting in Abilene on April 13th and 27th.

Beta Chi Chapter includes the counties of Haskell, Knox, Stone-wall and Throckmorton, and is the local chapter representing the National Society of Delta Kappa Gamma.

### HEPNER NEWS

(Mrs. E. J. Jones, Correspondent)

The oil rig is busy drilling near here on Lake Creek.

Elder George Nichols filled his appointment at the Baptist Church Saturday night and Sunday. Had the Lord's Supper Sunday night at the service.

Mr. and Mrs. Leonard Bates have their youngest brother, Phillip Bates, as their guest this week.

Mrs. John E. Cure was taken to Abilene last week, where she is receiving hospital treatment.

Mrs. Roy Jones and Mrs. T. W. Williams of Wichita Falls spent several days here visiting in the home of Mrs. Ed Jones and with other friends and relatives.

Mr. and Mrs. J. H. Lambeth and children spent the week end at Canadian, Texas, with Mrs. Lambeth's mother and brother and other relatives.

Mrs. Arthur Howard was a patient in the hospital at Knox City last week.

Mr. and Mrs. Harold Jones are the happy parents of a son, named Gordon Jan, who was born at the Knox County hospital March 22. They have just moved into their new home near the Dibriel Jones place.

Mrs. Ed Jones and son, Clarence Jones, are visiting relatives in the state of Colorado this week. They stopped at Amarillo on their way to visit Mr. and Mrs. L. P. Jones the first night of their trip. The L. P. Jones are former residents of this community.

Mrs. Alex Ward of Electra has returned home after a few days' visit with her sister, Mrs. M. J. Jones.

SAGE ADVICE in the past and present tense is passed around as Sir C. Aubrey Smith chats with Margaret O'Brien, child star of today, and Shirley Temple, child star of yesterday, at the Canadian Government party for stars in Hollywood recently.

### Seed Treatment Is Recommended Before Planting

This spring, when there is such a big need for feed grain and forage for livestock it is more important than ever before for farmers to treat the seed chemically. This is the opinion of E. A. Miller, agronomist of the A. and M. College Extension Service, and he says it's good insurance to treat all grain sorghum, sweet sorghum and corn plantings seed every year.

Treating these seeds is standard recommended practice for the control of most seed-borne diseases, says Mr. Miller. It also protects the seed and young seedlings from organisms in the soil that cause rot and seedlings blights. It improves the stand, the yield, and the quality of the grain.

Some farmers can have their grain treated in custom machines that will come to the farm. Others have central treatment stations at which they can keep their grain. But farmers who lack such facilities find that with homemade equipment, they can do quite a job of treating the seed. Grain sorghum and sweet sorghum seed should be treated with 2 ounces of copper carbonate per bushel or other chemicals which can usually be brought at the local seed store.

For corn sementes Jr. is recommended. Exact directions for use of the chemicals are found on the container.

If a mixing machine isn't on hand, Mr. Miller recommends treating the seed in any tight can such as calcium arsenate or lard can.

The treatment is for kernel smut and other seed-borne diseases of grain sorghum and sweet sorghum and certain corn rots and protection against seed rots by molds and fungi in the soil, thereby giving better stands and yields.

### Activities of Colored People

Wedding bells rang on Monday night for Mrs. Mary Downey and Pfc. Sammie C. Hayden.

Pfc. Hayden is home after spending 22 months overseas. He was in five major battles, that of Normandy, Northern France, Central Europe and others. He will report for duty on March 28 at Fort Sam Houston, Texas.

A revival will begin on March 31 at the Church of God in Christ. The pastor, W. A. Alexander will be here Sunday. Everyone is invited to attend the services.

### Auction Sale Has Big Run of Cattle

The Munday Livestock Commission Co. reports another big run of cattle for last Tuesday's sale. Good cattle sold fully steady, while plain cattle sold a little lower than a week ago.

Canner and cutter cows sold from \$6 to \$8.50; butcher cows, \$9 to \$10.75; fat cows, \$11 to \$13; butcher bulls, \$9 to \$11; fat bulls, \$11 to \$12.50; butcher calves, \$10.50 to \$13; fat calves, \$13.50 to \$16; butcher yearlings, \$10.50 to \$12.50; fat yearlings, \$14 to \$16.50.

### HERE FROM CALIFORNIA

Mr. and Mrs. Edwin Lee Jetton of Watsonville, Calif., came in last week to spend several days here with other relatives.

Mrs. W. E. Braly and Miss Maud Iabell were business visitors in Wichita Falls last Monday.

Mr. and Mrs. Bruce Burnett of Benjamin visited relatives and friends here last Sunday.

### Officers Named For Roundup And Rodeo At Vernon

At a recent meeting of the board of directors of the Santa Rosa Roundup and Livestock Exposition, which was held in Vernon, officers for the coming exposition were elected. They are as follows:

E. Paul Waggoner, Vernon, president; M. K. Berry, Vernon, board Okla., representing Oklahoma as vice president; Martha Crews, Childress, vice president representing the south and west of the Santa Rosa Roundup; Howell Smith, Wichita Falls, vice president representing the area south and east of the Santa Rosa Roundup; Aubrey L. Lockett, Vernon, secretary-treasurer.

The executive committee is composed of R. A. Brown, Throckmorton; John Badger, Altus, Okla.; Elzy Youngblood, Vernon; Claud Cowan, Archer City, and Mason King, Amarillo.

The exposition will open on May 29 and continue through June 2, with a special program for all veterans on Memorial Day, May, 30.

### Cotton Ginnings

Census reports from the Department of Commerce, bureau of the census, Washington, show that 24,494 bales of cotton were ginned, or are to be ginned, in Knox County from the crop of 1945.

This is over 2,000 bales more than the year before, the report showing that 22,430 bale were ginned from the crop of 1944. These reports were submitted by Hoyle A. Sullins of Vera, special agent for the department.

## Benjamin Has Clean-Up Move With Success

The Benjamin Clean Up Campaign which was sponsored by the Benjamin Chamber of Commerce and Ladies Sorosis Club has been more successful than in many years. The sincere interests and cooperation of everyone has resulted in the most thorough and extensive clean up campaign, which reached one hundred and eleven homes, and several of the business houses in the town.

The Chamber of Commerce and the Sorosis Club cooperated by furnishing funds to hire the labor that was necessary to load the junk on to the truck and to furnish the gasoline for the truck. The Boy Scout organization was very helpful toward assisting the home owners in the Clean Up Campaign by making their labor available to anyone requesting it. Mr. O. D. Propps furnished the truck free of charge and nineteen truck loads of

scrap material and junk have been hauled to the dump ground south of the river. This Clean Up Campaign has initiated a desire among the citizens of Benjamin to keep the town clean and to make the resident homes more attractive by painting and keeping the town clean.

## Club Members Study Experiments Of The New DDT

The Knox County 4-H Club members during their last series of ten community meetings were given a demonstration by the County Agent, R. O. Dunkle, as to the more recent experiments in the use of DDT in controlling the horn fly on beef and dairy cattle. In this demonstration the boys were shown how to mix 1 part of 50% water dispersible DDT powder with 9 parts water dispersible sulphur. This mixture is one that was used by the Spur Experiment Station, at the rate of 1 oz. of the mixture per animal, which proved very satisfactory in keeping the horn fly under control where beef cattle were treated under pasture conditions. This mixture of DDT and Sulphur powder was used on the cattle at 20 day intervals, and at the end of a 60 day period resulted in a 25% more gain on the treated cattle than cattle in an adjoining pasture that were not treated.

The Knox County 4-H Club members are treating the family dairy cow with this DDT mixture, and are to report on the increased milk production at the next 4-H Club meeting, which will be held beginning the 15th of April and ending April 19th.

## Veterans Claims Now Being Taken Every Two Weeks

Faced with a backlog of 140,000 unpaid servicemen's readjustment allowance claims, the Texas Unemployment Compensation Commission after Monday, March 25, will begin taking veterans claims once every two weeks instead of once a week.

Reason: the Texas Commission can not obtain additional machines and equipment to handle the increased number of claims filed weekly. Payments to the unemployed recently discharged veterans will be speeded by the change-over. Also, the Commission is seeking to reduce administrative expenses of this rapidly growing season program, which now has more than 110,000 veterans actively claiming allowances.

Overall amount of the entitlement

## Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

First Milling Company  
Shreveport, Texas

ments under Title V of the G. I. Bill of Rights—a maximum of 52 weekly payments of \$20 each—will not be affected. However, under the new procedure, unemployed veterans will report every 14 days instead of seven days and they will claim two weekly payments instead of one. Self-employed claim taking procedures will remain unchanged.

As agent for the Veterans Administration, the Texas Unemployment Compensation Commission

Mr. and Mrs. Oates Golde spent several days this week in Houston, where they attended a convention of the Texas Cotton Buyers Association.

### Ben E. Keith Co. Is Celebrating Its 40th Anniversary

In January 1906 the Ben E. Keith Company was born. Although the firm was first organized as the Harkrider-Morrison Co. its name was later changed to the Harkrider Keith Cooke Company and operated as such until 1931 when the present firm name of, Ben E. Keith Company, was adapted.

Mr. Keith has been with the firm since it was organized. He was the first salesman, a member of the first board of directors and since 1918 has been president of the company.

The first branch house was established in Wichita Falls in 1907, with George Keith, Sr. as the manager. A second branch called Merchants Fruit Co. was added in 1912 at Fort Worth. This steady

growth continued with houses being opened in Abilene in 1919, Dallas in 1923, Lubbock in 1925, and Longview in 1931.

It was in 1918 that Mr. Keith purchased the controlling interest in the firm, and in the reorganization that followed Ben E. Keith was elected president, George D. Keith, Sr., vice-president, and Frank Taylor, secretary-treasurer, which offices they have held from that date to the present.

Today the Company identifies its superior products with yellow and blue 'Fresh from Keith's' markers which serve as guides to housewives in purchasing the best quality fresh fruits and vegetables at their favorite independent retail dealers.

In addition to its own business the Ben E. Keith Company has been keenly interested in everything affecting the industry to the ultimate end that Growers might receive the highest prices possible

and at the same time permit the consumer to purchase the best quality products at the lowest possible price. Furthermore managers and employees of all Ben E. Keith houses take an active part in all civic affairs and contribute materially to the welfare of the communities in which they reside.

After forty years of painstaking, constructive service to the fresh fruit and vegetable industry, the Ben E. Keith Co. today enjoys a position of leadership in the Southwest and is ranked distributor of Fresh Fruits and Fresh Vegetables in this section of the country.

### LOCALS

Mr. and Mrs. Leon Partridge and little daughter, Margaret Ann, left on Thursday of last week for Gainesville, where they will make their home.

Mr. and Mrs. Hal Fairman of Christoval spent the latter part of last week here, visiting with their son-in-law and daughter, Mr. and Mrs. Arthur Smith, Jr.

Mr. and Mrs. Howard Collins were business visitors in Fort Worth the first of this week.

Mr. and Mrs. J. C. Gaffard and family visited with relatives in Coleman over the week end.

Mack Haymes was a business visitor in Wichita Falls last Monday.

Mr. and Mrs. Lavel Billrey and little son, Johnny, of Sandown visited with relatives here and at Goree several days last week.

Mr. and Mrs. Glen Billrey of Lubbock visited with relatives here and at Goree over the week end.

### Veterans Compare European Farms To Those Of America

Thousands of farm boys who have been serving in the Army in European areas that have been farmed since long before the discovery of America are glad to get back to where tractors are more common. But many, say reports reaching the U. S. Department of Agriculture, have also given thought to the fact that some of the European farms that have been cropped for thousands of years are more productive and yield more to the acre now than many American soils that have been wasted, washed out, or cropped out in a few decades.

The Ohio Extension Service, for example County Agent, who ser-

ved in the Po Valley in Italy where peasants normally harvest 60 bushels of wheat to the acre and other crops in proportion after 4,000 years or more of cultivation. This county agent does not suggest that Ohio farmers adopt peasant ways of working, but thinks they might well realize the value of working manure and crop residues back into the soil, the skillful use of fertilizers, preservation of soil by erosion control, and wise rotation of crops. Italian peasants, he found, made wiser use of hilly land than many American farmers do.

The burden on the land in Europe has forced peasants to adopt a policy of hard work and no waste, the county agent observes. Necessity drives American farmers, he suggests, could well borrow the best of these ideas before necessity compels, and adapt them to a better system of farming that

will continue to use machines and still preserve and improve the land.

Mrs. Clyde Burnett and Mrs. Bruce Burnett of Benjamin were visitors here last Tuesday.

John D. Mitchell of Corpus Christi came in the first of this week for a visit with his brothers, T. J. and D. W. Mitchell of Munday. He has just received his dis-

charge, having returned to the states from India.

Mrs. J. C. Gollehon left last Tuesday for Phoenix, Ariz., for a visit with relatives.

Mr. and Mrs. Jess Burnison and family were business visitors in Wichita Falls last Saturday.

### Munday Sanitary Hatchery

Carl George, Mgr. Munday, Texas

**I GIVE YOU TEXAS**  
by BOYCE HOUSE

No telephone pole ever struck an automobile except in self defense.

Abraham Lincoln was writing straight-from-the-shoulder when he penned this letter to a ne'er-do-well relative:

"When I came into Charleston day before yesterday, I learned that you are anxious to sell the land you have and move to Missouri. I have been thinking of this ever since and cannot but think such a notion is utterly foolish.

"What can you do in Missouri better than here? Is the land any richer? Can you there, any more than here, raise corn and wheat and oats without work? Will anybody there, any more than here, do your work for you? If you intend to go to work, there is no better place than right where you are; if you do not intend to go to work, you can not get along anywhere.

"Squirring and crawling about from place to place can do no good. You have raised no corn this year; and what you really want is to sell the land, get the money and spend it. Part with the land you have and, my life upon it, you will never after own a spot big enough to bury you in. Half you will get for the land, you will spend in moving to Missouri and the other half you will eat, drink and wear out, and no foot of land will be bought.

"Now do not misunderstand this letter; I do not write it in any unkindness. I write it in order, if possible, to get you to face the truth, which truth is, you are destitute because you have idled away your time. Your thousand pretenses for not getting along better are all nonsense; they deceive nobody but yourself. Go to work is the only cure for your case."

Did you know that the wind in the center of a tornado sometimes reaches a velocity of 500 miles an hour? And that coffee is the berry of a bush found originally in Arabia and Abyssinia and that the beverage, coffee, was introduced into Europe in the 16th century? And that the cassowary is a member of the ostrich family, has three toes, lives in New Guinea and Australia and can outrun a horse? Did I hear you say, "So what?"

Get New Fleischmann's Fast Rising Dry Yeast at your grocer's.*

## Deadline For Crop Insurance Is April 25th

Applications for Federal Cotton Crop Insurance must be signed before the crop is planted, Doyle G. Thomas, Secretary of the County ACA Committee, pointed out today.

In Knox county the deadline for obtaining insurance on the 1946 crop is April 25, 1946, the ACA official explained, but he emphasized that the applications must be made before the crop is seeded.

The insurance covers all unavoidable risks, he continued, such as hail, drought, floods, excessive rains, insects, diseases, wind, frost, snow, wild life, hurricanes, and tornadoes, but it does not protect against avoidable losses such as negligence, damage to quality, or failure to prepare land, plant or cultivate according to good practices.

Last year Knox county farmers filed 187 contracts covering 249 farms. This insurance came in handy for about 35 farmers that had losses. About \$25,000.00 worth of cotton will be paid to these farmers for their losses.

"The agents are attempting to contact every cotton grower in the county," Mr. Thomas pointed out, "but it is possible some may be missed. The insurance is available to all producers, and those who are not reached by the agents should come to the office to sign up."

### CARD OF THANKS

We take this means of expressing our heartfelt thanks to all our friends and neighbors who were so kind and thoughtful to us in our bereavement. Every act of kindness every word of sympathy, and every lovely floral tribute were deeply appreciated. We pray God's richest blessings on you all.

Mrs. F. T. Jarvis and children and grandchildren.

## Callaway Asks—

(Continued from Page One)

sessions since I have been a member of the House of Representatives. The major part of my time in the Legislative has been devoted to the business and financial set-up of the State.

I have been a liberal supporter of increased appropriations for the Old Age Assistance program, for I believe that we should make adequate provision to take care of our aged people who are not financially able to care for themselves.

I have been a strong supporter of every branch of our state school system, from the smallest rural school to the great University of Texas. It was my privilege to have a very active part in writing the last two rural school bills, which made substantial increases in teachers' salaries, and I have also been given credit for the very liberal increase in transportation for the children of rural or town schools. I am sure that Texas is able to provide a good school program, with well-qualified, well-paid teachers, and I felt it my duty to see that every child has access to a good nine month school, and a way to get to and from school.

During the time I have been your Representative, I have had the privilege of serving on most of the important committees, such as the committees on Education, Appropriation, Revenue and Taxation, Highway and Roads, Public Land and Buildings, Conservation, and Reclamation, and many other important committee assignments; in fact, I served on more committees than any other member of the house in the 49th Legislature, having been a member of nine important committees.

I am a strong believer in good roads and believe the time is at hand when we should launch a pay-as-you-go program of farm-to-market or community good roads. If Texas expects to continue to be the greatest state in the world, we must continue to have good farmers on the farms, and to do this, we must have good farm-to-market roads, rural electricity and a way to get the rural children to a good school.

If you see fit to honor me with re-election as your Representative, I assure you that I will be working my head off for you, my district and the state as a whole.

Your humble servant,  
Claude Callaway.

## Senior Play Is Given Friday To Large Crowd

The seniors of Munday high school presented their play, "The Absent Minded Professor" in the grade school gymnasium last Friday night to a large crowd.

The seniors wish to express their appreciation to those who attended, for the use of furniture from Harrell's and Boggs Furniture Stores, and to their sponsors, Mrs. Frances Baker and Mr. H. A. Owens. Without the help of these people the play would not have been possible.

Lyndol Smith as Uncle Barney and Oleta Norman as Aunt Jessica were outstanding in their parts. Mary Alice Beck also portrayed the part of Sharon in a splendid manner.

Other characters in the play were Janie Spann, Bobbie Boggs, Joseph Borden, Charles Roden, Betty Jean Snody, Martha Ann Reynolds and Kenneth Harrison. Each one knew his part and kept the audience well entertained during the performance.

## Committee Formed At PCA Meeting

Advisory committees are being formed in each county where the Production Credit Association operates, and the group selected to serve on the Knox County committee met last Saturday afternoon at the local P. C. A. office. Sixteen members were present.

Clyde Nelson was elected committee chairman for 1946. Present, other than the Knox County group were: J. L. Hill, Jr., secretary-treasurer, Stamford; C. G. Burson, a director, Haskell; J. V. Hudson; and Cliff Cobb, both of the Haskell office.

The local committee will hold one meeting each month. The next meeting date was set as April 20.

## Grandmother Of Local People Dies At Mineral Wells

Mrs. M. C. Jackson, 77, mother of Mrs. C. B. Jones of Mineral Wells and Mrs. W. N. Jones of Jermyn, passed away at Mineral Wells last Monday afternoon.

Mrs. Jackson had been an invalid since being injured in an automobile accident seven years ago. She made her home with Mr. and Mrs. C. B. Jones.

Funeral services were held at Mineral Wells on Wednesday afternoon. Attending the services from Munday were her grandchildren, Mr. and Mrs. Howard Collins and Mrs. Sebern Jones.

## Radio Stars To Give Performance Here On Friday

The Future Farmers are bringing another group of Radio Stars to Munday on Friday night of next week, April 5. The Callahan Brothers and the Blue Ridge Mountain Home Folks who are said to have the biggest following in the radio audience of the Southwest will be here for a personal appearance. The program will begin at 7:30 and the Future Farmers promise that the building will be open on time so that you will not have to stand outside and wait. This is the last program by radio for the year and everybody is invited to come to the feast of music and entertainment.

Alton Robinson of Vera and Olie Hseng of Gilliland were business visitors here last Saturday.

Mr. and Mrs. Billy Arthur Lee of Wichita Falls visited with relatives here a while last Sunday.

Doris and Iris Strickland of Rochester are spending several days with little Miss Virginia Raye Hargrove of this city.

## Gasoline Safety Rules

THE steady increase in the use of gasoline and other flammable liquids to promote farm efficiency makes it more important than ever that rules for safe storage and handling be observed to the letter. Fires and explosions from these dangerous liquids take many lives and destroy much farm property each year.

Use underground tanks, located a safe distance from other buildings, for storing gasoline whenever possible. Use fireproof materials such as asbestos cement board, which cannot burn, in erecting above-ground storages or shelters over underground tanks.

Store small quantities of flammable liquids in safety cans properly labeled.

Use only flashlights in good repair or electric extension cords with approved lamp guards if illumination is needed where gasoline is stored. Never lower a light of any kind into a container for any purpose.

Prohibit smoking and use of matches near flammable liquids. Remember that the gases and vapors from flammable liquids can be ignited by spontaneous combustion of nearby substances, such as oily rags; by flames, sparks or excessive heat.

## DISTRICT SUPERINTENDENT WILL PREACH SUNDAY AT METHODIST CHURCH

Rev. S. H. Young of Stamford, district superintendent of this district, will deliver the morning message at next Sunday morning's services at the Methodist Church.

The young people will have charge of the evening service. Janie Spann, D. G. Chamberlain and Wade Mahan will speak on different phases of young people's work.

Rev. Young is filling the pulpit for the pastor, Rev. Don R. Davidson, who is in a revival meeting at Avoca this week. The public is extended a cordial invitation to attend the services Sunday.

Miss Quintna Wiggins of Wichita Falls visited her sister, Mrs. Weldon Smith, and brother, Moulton Wiggins, and other relatives here over the week end.

## Too Late to Classify

## Knox City Girl—

(Continued from Page One)

Bessie Allene well revealed a picture of beautiful youth and shared in distributing God's love through her strong devotion for those in sorrow and her unselfish friendliness for all. She was junior in high school and was very active and popular in school and among her wide circle of friends.

To the parents whose hearts are so crushed, she leaves sweetest memories of her pridelful joys, her love for them, and echoes of her childish cries and laughter that had made their home complete. Many friends give Mr. and Mrs. Hester their deepest sympathy in true friendship over this great loss.

Bessie Alene is survived by her parents, her maternal grandpar-

ents, Mr. and Mrs. R. B. Lane of Santa Anna, Texas; her paternal grandparents, Mrs. Jossie Hester of Knox City and J. P. Hester of Plainview, and several other relatives.

Funeral services were conducted by Minister J. Cleo Scott of Haskell, who is pastor of the Church of Christ at Rule. He was assisted by Rev. John H. Stout, Baptist pastor of Knox City. Services were held in the Baptist Church at Knox City, with interment in the Knox City Cemetery.

Classmates acted as pallbearers and flower bearers. The overcrowded house and the large floral offering spoke for Bessie's popularity among her many friends.

Mrs. Lois Geddie of Lubbock spent the week end here with her parents, Mr. and Mrs. Stanley Wardlow.
