

Driver Guilty In Auto Death, Gets Sentence

A jury in Criminal District Court late Saturday afternoon found David O. Andrews, 52, guilty of murder without malice in the automobile crash death Feb. 11 of Mrs. Eugene Tonn of Haskell.

His punishment was fixed at two years and six months in the penitentiary.

Mrs. Tonn was killed in an accident involving three cars about three miles north of Lake Worth on the Jacksboro Highway. Andrews was the driver of one of them. The state alleged he was intoxicated.

Testimony in the case was completed Friday night and the jury started its deliberation shortly after noon Saturday. It reported itself standing 11 to 1 at mid-afternoon, and about an hour later reported a deadlock without a shift in the balloting. The verdict of guilty was returned shortly after 5 p. m. Andrews received it calmly. —Fort Worth Star-Telegram.

Training Program For Scout Leaders Held On Friday

A training program for scout executives and committeemen was held last Friday night at the city park, when local leaders had an opportunity to "play Boy Scouts." Each cooked his own supper from the camp fire.

Most all local Scout executives and committeemen were present, and three visitors from Goree were in attendance.

Mr. Baker, area Scout executive, instructed the group in basic training for scoutmasters. The following scout officials were elected: Worth Gafford, scoutmaster; Coach Clyde Latham and J. E. Scott, assistant scoutmasters.

On April 30, an indoor school of instruction will be given, with Mr. Baker using charts and the blackboard in conducting the school. Following this, the next meeting will be an outdoor overnight camp for the executives.

It was announced that the Boy Scout Camporee will be held on May 3 and 4 at the Seymour park.

New Owners Are Now In Charge Of Terry Coffee Shop

Announcement was made Monday that the Terry Coffee Shop, which has been under the management of Mr. and Mrs. W. B. Payne for several months, has changed management. Mr. and Mrs. Paul Gibson of Sweetwater are now in charge.

The change was made effective last Saturday, and the new owners are now in charge of the coffee shop.

In expressing appreciation for the business accorded them, Mr. and Mrs. Payne are soliciting continued patronage of local people for Mr. and Mrs. Gibson. They come to Munday highly recommended as citizens and cafe operators.

"We want you to continue making this your place to eat away from home," Mr. and Mrs. Gibson said. "We will offer you the same efficient service which was characteristic of the coffee shop under the management of Mr. and Mrs. Payne, and will continue to serve appetizing meals and short orders."

"We invite you to come in and get acquainted, and we assure you that your business will be appreciated."

TRADING POST ADDS SEWING MACHINE, RADIO REPAIR SERVICE

Emmett Branch, who operates the Knox County Trading Post, is announcing the addition of two new services to his firm.

Ray Ford, who is experienced in radio repairing, has established headquarters at the Trading Post and is ready to do all types of radio repairing. He offers a prompt service in this work.

Willie Trail, an experienced sewing machine repairman, is also connected with the firm which also does quite a bit of furniture repairing. These men invite you to bring your repair problems to them.

4-H Club Boys Guests of Local Future Farmers

Ten Knox county 4-H Club members were invited guests at the meeting of the F. F. A. Chapter in Munday, last Tuesday evening, April 9th.

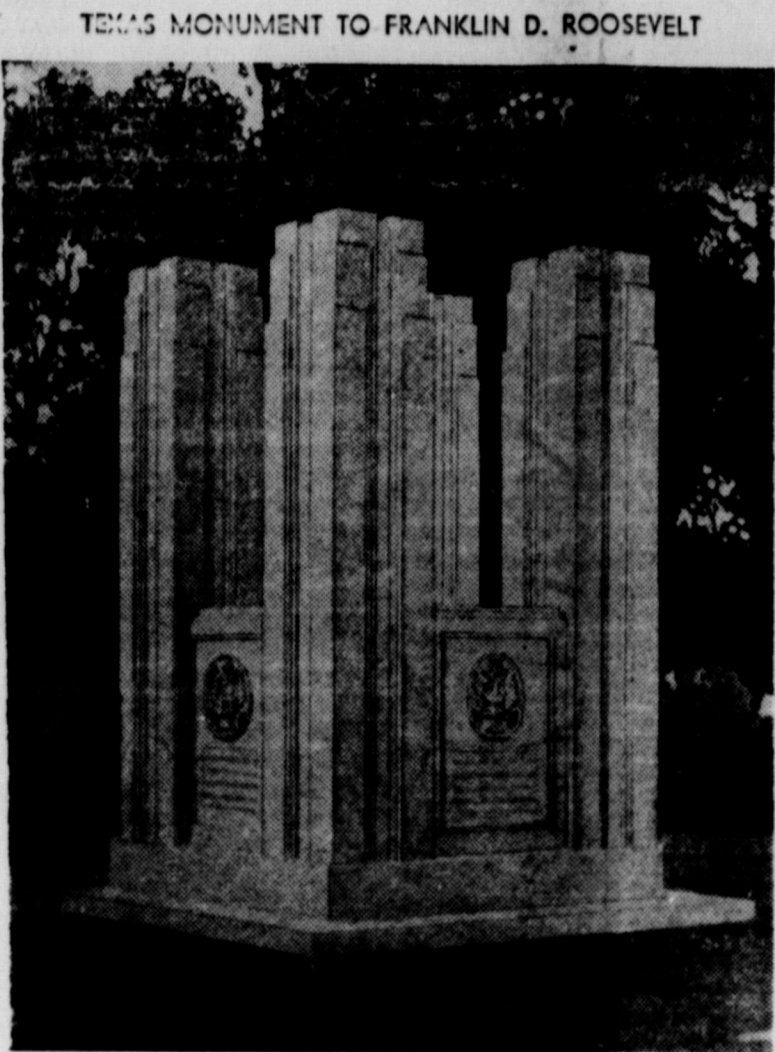

Following the regular meeting, Bryson Laird, 4-H Club member of Benjamin gave a demonstration and results of a recent pig feeding demonstration that was conducted by the Benjamin 4-H Club. The purpose of this demonstration was to determine the value of a mineral supplement in a pig ration. It was found through this experiment that mineral composed of 2 parts lime stone flour, 2 parts bone meal and 1 part salt is a very important item in any hog feeding enterprise. Bryson Laird demonstrated the feeding experiment by the use of two porcelain pigs and concluded the demonstration with the statement that \$1.00 spent for mineral will return \$5.60 in profit, and that mineral fed pigs will gain on an average of one third a pound more per day.

Bryson Laird is giving this same demonstration to all 4-H Club members this week in ten different communities, which include Munday, Rhineland, Vera, Truscott, Gilliland, Benjamin, Goree, Sunset, Union Grove and Knox City.

Following this demonstration the F. F. A. boys of the Munday Chapter, gave a demonstration to the 4-H club members showing the proper mixture of protein supplement, which consisted of 200 lbs. of tankage, 200 pounds cotton seed meal, 100 pounds alfalfa leaf meal, 5 pounds lime stone flour and 5 pounds of salt. The Munday F. F. A. boys also gave a demonstration in the control of hog mange and lice in which they mixed two gallons of tractor lube, two gallons kerosene and 1 pint of kresol dip. This mixture to be used as a spray in the control of mange and lice.

Following these three demonstrations a social period was enjoyed in which the boys played shuffle board, bad-minton, and ping-pong. Ice cream was served as refreshments.

Mr. and Mrs. Elmer Woolsey of Abilene visited with relatives here over the week end.

Plans for the erection of a cenotaph on the State Capitol grounds to the late President, representing the four freedoms, is announced by the Franklin D. Roosevelt Memorial Foundation of Austin, Texas.

Last Rites For C. M. Thompson Held On Friday

C. B. (Charlie) Thompson, well known Knox county farmer, passed away on Thursday April 11, at the Haskell hospital where he had been taken for treatment several days earlier. Mr. Thompson had seen in poor health for some time and had received hospital treatment earlier.

Born on February 19, 1891, Mr. Thompson was 55 years, 1 month and 22 days of age. He came to Knox county in 1911 and had been engaged in farming here since that time.

Survivors include his wife and a nephew, Murphy Pennington, whom they reared; his mother, who resides in Abilene; five brothers and a sister, who are; Sanford Thompson, Alford; Maadie Thompson, Alvord; J. P. Thompson, Quidley; Claude Thompson, Huntington; Luther Thompson, Munday and Homer Thompson, Wichita Falls.

Funeral services were held from the First Baptist church in Goree at three o'clock last Friday afternoon, conducted by Rev. S. E. Stevenson, pastor, and Rev. F. T. Johnson. Burial was in the Goree cemetery.

\$10,000 In School Money Is Received

An additional payment of \$4,000 per capita in school money was received from the state last Monday Merick McGaughey, county superintendent, said. This makes a total of \$25,000 of the \$30,000 per capita to be paid from the state apportionment.

Based on the scholastic census of the county, this \$4 per capita amount to \$10,000.00, and the money has been apportioned to the various schools of the county.

CHARLES W. BROWNING RECEIVES DISCHARGE

T/Sgt. Charles W. Browning, who served with the Fifth Army in Italy and the First Armored division of the Seventh Army of Occupation in Germany, recently received his discharge. He was in the service 28 months, 22 months of which were spent in the European theater.

Mr. and Mrs. Browning plan to make their home in Munday, where Mr. Browning has accepted a position at the Gulf Service Station.

CLUB WOMEN TO BRING PINEAPPLE TO KNOX COUNTY

The Home Demonstration Club women of Knox county are sending a truck to the valley in May for pineapple.

The pineapple will be 38 cents for the 6-pound size. See any club woman, tell her the number wanted, and pay your money. Club women from Munday, Sunset or Hefner will be glad to take your order—but see them at once!

Interest Shown In Terracing In Knox County

A great deal of interest has been shown the last three months in terracing. During this time close to 200 miles of terrace lines have been run by the Soil Conservation Service assisting farmers and ranchers in the Wichita-Brazos Soil Conservation District in carrying out its conservation program.

Approximately 175 of the 200 miles of terraces have been constructed and work will begin again after it rains.

Most of the terraces have been built by contractors with whirlwind terracers, a number of farmers have bought whirlwind terracers and are doing their own terracing. This type of equipment is also good to maintain old terraces.

Terracing is only the first step in the District's coordinated plan for conservation and is no more important than many other practices the District has to offer. If other good soil improving practices are not used, terraces alone will not improve the soil, but serves to hold the land in place and to conserve moisture.

Former Resident Killed At Hobbs In Auto Accident

Ben Forman, 49, of Hobbs, New Mexico, former resident of Munday and son of Mr. and Mrs. C. A. Forman of Munday, was killed in a freak auto accident Saturday night near Hobbs, and his companion, Fred Peters of Hobbs, was seriously injured.

According to police, Forman was killed when an automobile attempted to pass the car in which he and Peters were riding on the highway six miles south of Hobbs, and a small truck following the passing car hit Forman's machine and turned it over. Forman died enroute to a hospital.

Funeral services for Forman were held at the Baptist church in Hobbs at three o'clock Monday afternoon, conducted by the pastor, Rev. Earl R. Keating, assisted by Rev. Wilson.

Besides his wife, Vieda Forman, he is survived by his parents; four daughters, Margaret Stockton, Beanie Jane, Berniece and Vieda, all of Hobbs; two sons, Billie George and Marvin, both of Hobbs; a brother, Bill, of Cisco, Texas; three sisters, Mrs. Clarence Moon, Cisco; Mrs. Bertie Stratton, Abilene, and Mrs. Grady Weaver, Wellington.

BIRTH ANNOUNCEMENT

Lt. and Mrs. Maxey Brooke announce the arrival of a daughter, Linda Sue, at the Wichita Falls Clinic hospital on April 12. Lt. Brooke is stationed in Hawaii, and Mrs. Brooke is making her home with her parents, Mr. and Mrs. J. W. Cowan, who live near Munday.

Jack Williams Gets Award Of Air Medal

Wright Field, Ohio.—Maj. Jack W. Williams, assistant chief of cargo, training and miscellaneous flight test section of Flight Test Division at Air Material Command Headquarters, Wright Field, Ohio, has just been awarded the Air Medal in recognition of meritorious achievement while participating in aerial flight.

The citation accompanying the award commended Major Williams for displaying superior flying skill and technical ability in flight and engineering research which aided greatly in benefits to the armed forces of the United States and Allied Nations. On several occasions Major Williams' sound judgment, coolness and courage in the face of grave emergency prevented injury and possible loss of life to members of his crew.

As a test pilot assigned to Air Material Headquarters since August 1942 Major Williams has run tests on the Boeing XC-97, the largest cargo plane in the world at the time, the Lockheed C-69 Constellation and the Douglas C-74. He has also tested the YO-60, one of the first rotary wing aircraft ever bought by the Army and the A-32 and A-38.

Major Williams is the son of Mr. and Mrs. P. V. Williams of Munday, Texas, and is married to the former Elizabeth Crow of Arlington, Texas. Major and Mrs. Williams and their two daughters are living in Dayton, Ohio.

Charter Award Made Jaycees At Abilene Meet

The newly organized Munday Junior Chamber of Commerce was one of the 12 clubs to receive charters at the Jaycee clinic held in Abilene last Saturday night. Approximately 150 Jaycees were in attendance.

Benton Ross of Wichita Falls, state president, was the principal speaker and presented the newly formed clubs with charters. The 12 were Ballinger, Tuscola, Stamford, Merkel, Ranger, Cisco, Hamlin, Baird, Haskell, Munday, Rotan and Anson. Three others will receive charters in ceremonies at home. They are Winters, Breckenridge and Big Spring.

Representatives of each club gave reports on the progress made by their clubs since being organized. The Munday report was made by Weldon Smith, president.

James W. Partin of San Angelo spoke at a general forum at 6 p. m. on the subject, The State Officials on the Spot—To Answer Your Questions.

Attending from Munday were Weldon Smith, Moulton Wiggins, E. B. Littlefield, J. R. Taylor, Paul Pendleton and Don Ratliff.

The national organization presented the local club with a president's pin, which is to be passed on to each succeeding president, while Abilene, the sponsoring club, presented Munday with a gavel.

Auction Sale Has Big Run Of Cattle

The Munday Livestock Commission Co. reports another big run of cattle for last Tuesday's sale. All classes sold fully steady to 50 cents higher than a week earlier.

Cows and calves sold by the pair at from \$75.00 to \$121.50.

BOWLEY RETURNING TO CLEANING AND PRESSING

A. E. (Sappy) Bowley, who has been at the cleaning and pressing game in Munday for a number of years, has accepted a position at the K. and K. Cleaners, and will begin work there next Monday.

Bowley was recently discharged from the Navy, after serving a number of months in the Pacific area. He's happy to be back and is ready to start cleaning and pressing again. He invites the patronage of all his old friends and customers.

CLEAN-UP PROCLAMATION

Whereas, it has come to the attention of the City Officials that there is large amounts of trash and refuse in various parts of the City of Munday, in both the residence and business section of the City, and

Whereas, such trash, and refuse will cause the breeding of flies and other vermin, which will endanger the health of the Citizens of said City;

Now therefore, I, W. R. Moore, Mayor of the City of Munday, Texas, in order to subserve the health of such City, and make it more attractive, do hereby set apart and declare the week beginning on Monday, April 22, 1946, as cleanup week, and enjoin upon all the Citizens to give all the aid in making such cleanup during such time.

Given under my hand officially this 18th day of April 1946.

W. R. MOORE,
Mayor City of Munday.

Jaycees Begin Town's Census

Work of "taking the census" for Munday was begun this week by members of the Munday Chamber of Commerce, sponsoring organization.

The town was divided into four sections, with the dividing lines being the street running north and south, just west of the city hall, and the main street running east and west. Group captains were named as follows:

No. 1, southeast part of town, Bill Billingsley; No. 2, northeast part of town, Forrest Yancy; No. 3, northwest part of town, M. L. Wiggins; No. 4, southwest part of town, Marion W. Reeves. These captains have a number of helpers who are assisting with the census.

It is hoped to have the census completed by Tuesday evening of next week. All citizens are urged to cooperate with the enumerators, so every person residing in Munday may be listed in the census.

Benjamin To Get Extension Of Telephone Lines

Twenty-seven members of the Benjamin Chamber of Commerce met in the district court room last Tuesday night, April 9th, at 7:30 P. M.

Mr. F. A. Robbinette, district manager of the Southwestern Associated Telephone Company in Seymour, told the Chamber of Commerce members that extension of telephone lines within the city of Benjamin would be made as soon as material was available and that a few new telephones had been added recently. Mr. Robbinette, also stated that Benjamin would be placed on the dial system some time in the future, and that this system is being established at the rate of one town per month.

The mayor, A. E. Ball, gave a report as to the prospective water supply for Benjamin and stated that all activity would be resumed when a report is received from the State Health Department as to the quality and hardness of the water is known. Mr. Ball also stated that efforts were being made to enforce the stock law and that all base stock would be placed in the pound when found.

Report was also given that delinquent tax bills were coming in very satisfactory and that the financial condition of Benjamin is improving.

The next Chamber of Commerce meeting will be held April 23rd in the District Court room, and further information concerning water will be given. It is also being planned to have a free moving picture show of an educational nature.

TAKEN TO HOSPITAL

Mrs. G. S. Dowell was taken to the Wichita Falls clinic hospital last Friday for treatment. Mr. Dowell and daughter, Edyth, visited with her last Sunday and reported that she had improved some.

COOPERATE WHEN CLEAN-UP WEEK COMES TO MUNDAY

By this time next week, clean-up week will possibly be in full swing in Munday. There's scarcely a business house, residence, shack or alley that can't be made to benefit by a thorough cleaning up.

Civic clubs, women's clubs, city officials and every individual are expected to cooperate during the clean-up drive, which originated in the Munday Chamber of Commerce and Munday Junior Chamber of Commerce. Your cooperation will make Munday a cleaner town, a safer town from the standpoint of fire hazards, a healthier town in that a good cleaning up will do away with many places that harbor mosquitoes and flies during summer.

It's to your advantage to clean up your property, whether it be a business, residence, alley or vacant lot.

The city is cooperating, in that city's trucks will remove cans and rubbish to the dump grounds. A truck with mower attachment has been purchased to keep down growths of grass and weeds along the streets. With our full cooperation you'll see a remarkable change in the town when clean-up ends.

Let's clean up Munday! Let's get rid of those filthy, unsightly places now. Then it will take but little effort to keep things clean.

ODDS ON FAILURE

It is one thing to gamble, experiment and pioneer recklessly in lay activities; it is quite another to do it with the health of a nation. Proposals to establish a Federally controlled medical system with the odds strongly favoring failure.

A large portion of the nation's press is aware of the hazards of careless experiment in government sponsored medical care. The Grand Rapids, Michigan, Press says:

“One might concede the need for Federal participation in the medical and hospital field were it not for one thing—and that is that nationally we have steadily been making notable progress in the extension of health services without the intervention of the government. On the other hand, there is no assurance that the quality or scope of medical care would be greatly advanced under any Federally supervised program. We do know, however, that such a program would be expensive, that it would compete with existing institutions and that it would bring virtual regimentation to a field where thousands of delicate problems depend for their solution on individual and confidential relationships.”

HEFNER NEWS

(Mrs. E. J. Jones, Correspondent)

The cool spell the first of this week broke the warm spring-like weather which continued for several days.

Elder George Nichols of Hamlin preached at the Friendship church over the week end.

Wayne, son of Mr. and Mrs. Walter Harris, is home after serving in the army for a number of months.

Mrs. Martha Manly is at Mineral Wells, visiting her daughter and family, Mrs. Bryan Walton, for a few days.

W. O. James of Harlingen is a visitor here with relatives and friends.

Miss Betty Jean Jones spent the week end with relatives at Bomarton.

Mrs. John Cure has returned

home from Sweetwater, where she visited her son, Elmo Cure, and from the Abilene hospital where she received treatment until she recovered from her attack of pneumonia.

Those from the Home Demonstration Club who attended the district association meeting in Seymour on April 10 were James, Lessie Jackson, J. T. Murdock, E. J. Jones, and M. Jones. All reported an interesting meeting.

Mrs. F. E. Jetton suffered a sick spell last week, but is reported to be improved.

Mrs. L. D. McElhannon of Goree spent the week end with her daughter, Mrs. A. L. Haskins.

Quite a few from this community dined at the Seymour park last Sunday, following church services here.

E. J. Jones has received word that his sister, Mrs. Alice White, 86, of Hattiesburg, Miss., passed

away on April 5th and was buried on April 7th.

I GIVE YOU TEXAS by BOYCE HOUSE

Byron once remarked about an acquaintance that he had “just enough of learning to misquote.” The Bible does not say that “money” is “the root of all evil.” The Scriptures say that “the love of money is the root of all evil”—and that is quite a different thing.

As Lincoln said in one of his debates with Stephen A. Douglas, “Judge Douglas would have you believe that a horse-chestnut and a chestnut horse are the same thing.”

The Psalmist is quoted as saying, “All men are liars.” But what he actually wrote was, “I said in my haste, All men are liars.” And one of the most garbled of all utterances is Jefferson's “That government is best that governs least.” If that is true then a government with only one law would be the very best of governments.

What Jefferson said, (I don't have the book at hand, so must give the substance from memory) was that after the lives, property and happiness of the people are made secure, that government is best which governs least.

A saying of Jefferson's which many have challenged is, “All men are created equal.” Of course, that is not literally true because one man is stronger or swifter of foot or handsomer or taller or more adept at making music or money or a speech than another. I think that what Jefferson meant was that all men are created equal insofar as having equal rights because after the first statement, he adds that men are endowed by their Creator with certain inalienable rights—among them being “the right to life, liberty and the pursuit of happiness.”

So if a fellow is going to quote, he ought to quote it right—and not trip lift a sentence out by its roots from its context. “A little learning is a dangerous thing.”

But even if the quotation is correctly given, it still may not be true, though a great man may have said it. Alexander Pope wrote, “Be not the first by whom the new is tried.” If everyone adopted that principle, all of us would wait for somebody else to try the new idea—flying in a plane or swallowing a raw oyster whole—and so all progress would cease.

John Tarleton To Hold Memorial For Departed Exes
General Walter Krueger of San Antonio, who commanded the Sixth Army in the Pacific Theater, will conduct the Memorial Service on May 5 at John Tarleton College for the 152 students and three faculty members of the school who lost their lives in the war.

Approximately 7,000 are expected to attend this service and the barbecue, which form a part of the two-day Homecoming Celebration for Tarleton's ex-students. The barbecue, one of the biggest held in West Texas in years, will

GLAMOUR PLUS SERVICE

Some things may change with time, but not the human urge to destroy distance. This mania for demolishing the miles was best typified in the early days of our country by buckskin-clad dispatch riders on fleet-footed horses, a clan that reached its zenith with the famed Pony Express in a manner that so captured public imagination that the “express” lives to this day as a peculiarly American institution.

Express transportation has, in fact, endured for over a century and during that long period has contributed much to the progress and welfare of the United States. It covers the nation like a blanket. It requires the maintenance of 23,000 express offices and gives employment to over 60,000 men and women, many of whom have made it their career, up to, and occasionally over, half a century. It utilizes 16,000 motor trucks—the largest fleet under one management—in pick-up, delivery and intricacy transfer of packages.

Express has always been an integral part of the nation's transportation system. It was born when the steam railroad was in swaddling clothes. It pioneered in the West during its “wild and woolly” era after the “Days of Forty Nine.” The stage coach was the only means of overland transportation.

Shortly after 1918, the government ordered unification of express service and all of the famous companies of the past are today incorporated in the Railway Express Agency.

Washington News Letter

By Congressman Ed Gossett

Washington, D. C.—As this is being written the House is debating the extension of selective service. The original selective service act was passed in 1940, and has now been in effect almost six years. I well remember the first extension of selective service which occurred some three months before Pearl Harbor. The debate was long and bitter, and the act was extended at that time by only one vote. One could hear a pin drop throughout the thirty minutes it took to call the roll of the 435 members of the House. All Texas members voted for the extension.

About fifteen minutes ago, by a two to one vote, the House adopted the May amendment to the current extension bill. This amendment exempts 18 and 19 year old boys from further drafting. Proponents argued that the armed services had not shown an absolute need for draft extension; that if the armed services were sufficiently diligent they could get enough volunteers; that teen-age boys are most unsuited for police duty; further, that police duty in occupa-

tion forces would ruin most teen-agers; that the country's best interest will now be served by leaving these boys in school and in home environment.

Jefferson Davis, when President of the Confederacy, objected to the induction of 18 year old boys on the ground that "it would destroy the seed corn of the Confederacy." Apparently Congress is not going to permit the further drafting of teen-agers.

This week's Collier's Magazine has announced a selection by its Jury of Award of the outstanding member of the House and the outstanding member of the Senate during 1945. Senator Arthur H. Vandenberg of Michigan received the award for the Senate, while Representative Mike Mahoney, of Oklahoma City, received the honor in the House of Representatives. Cloakroom gossip brought out two interesting observations concerning our colleagues thus honored. Both are old time newspaper men.

Second, neither of their names is attached to any legislation. The selection of these men might be used as rebuttal argument to the usual campaign question of "what has he done?" Many of the most able and outstanding members of the Congress never have their names attached to important bills. Most bills passed by the Congress carry the name of the member who serves as chairman of the committee reporting such bill. Others may have done more to pass or defeat legislation than such chairman.

Congressman Adam Powell, a negro member from the Harlem District of New York, caused quite a bit of excitement in the House a few days ago. He sought to attach to a District of Columbia bill an amendment to abolish all racial segregation within the city of Washington, especially in schools. These FEPC amendments are usually aimed at discrimination this amendment was aimed at segregation. Of the 88,000 school children

in the City of Washington, 39,000 are negroes. Separate schools are maintained for whites and negroes. Had Powell's amendment been adopted no separate facilities in schools or city government could have been thereafter maintained.

The Democratic National Committee, sitting in Washington, pulled another boner this week. A letter which was supposed to go to Democratic Chairmen in all Districts of the Nation now represented by Republican Congressmen was sent into all Districts, both Democratic and Republican. The letter called upon the County Democratic Chairmen to get busy and select progressive candidates for Congress. This apparently was an attack upon all sitting Democrats. The Democratic Committee is now busy apologizing and explaining its mistake. Both letters and telegrams of retraction have gone out to the County Chairmen in all Districts now represented by Democratic members.

Veterans Problems Answered By Means Of Weekly Questions

Q. In reinstating a National Service Life Insurance policy that has lapsed, is a veteran required to take a physical examination?

A. Veterans who have let such policies lapse may reinstate them without taking a physical examination if they submit a signed statement to the Veterans Administration that they are in as good health as at the time of the lapse. This provision will remain in effect until January 1, 1947.

Q. May a guaranty of loan be secured from the Veterans Administration to buy an automobile?

A. Yes; but only if an automobile is necessary and is to be actually used in the conduct of a business or a farming operation.

Q. How does a veteran apply for weekly unemployment allowances?

A. Application should be made at a local office of the United States Employment Service. Discharge papers must be presented at the time of application.

Q. How may application be made for hospital care of a veteran?

A. Veterans Administration Form P-10, which may be secured at all VA offices, should be completed and forwarded to the nearest veterans Administration office.

Q. Can a seeing-eye or guide dog be secured from the Veterans Administration for certain blind veterans?

A. Blind veterans who are entitled to disability compensation or pension for a service-connected disability are entitled to seeing-eye or guide dogs.

Q. Must a veteran have experience in business to get a guaranty

of loan for business purposes

A. The ability and experience of the veteran, and the conditions under which he proposes to pursue such occupation, must be such that there is reasonable likelihood he will be successful.

Texas Flying Farmers Meet

College Station.—A meeting of Texas Flying Farmers will be held at Texas A. and M. College April 29-30. Representatives of the Oklahoma and National Flying Farmers' Association will be present.

Facilities for the meeting were arranged by Dr. Ide P. Trotter, director of the Agricultural Extension Service. He said the theme of the meeting would be the place of aviation in agriculture, and that all farmers and ranchers interested in the possibilities of agricultural uses of airplanes were invited to attend.

Announcements of the meeting have been sent to 326 known Texas Flying Farmers, and information as to the details of the meeting can be obtained from county agricultural agents or by writing to Dr. Trotter, Extension Service, College Station, Texas.

Easterwood Airport, the Texas A. and M. College field 2 miles southwest of the campus, will be the home field for persons flying in for the meeting. Three 5150 foot concrete runways are available.

The Department of Aeronautical Engineering and the Oklahoma Farmer-Stockman will be co-hosts at the meeting. Flying Farmers are expected to arrive on April 29 and the business meeting on April 30 will be adjourned in time for most Flying Farmers to return to their homes that day.

Have Your Planting Cottonseed Kemgas Delinted Recleaned, Graded and Treated With Ceresan At The Munday Kemgas Plant

This method is recommended by the Texas Experiment Station and the USDA for controlling the germs of cotton diseases on seeds and insect pests in seeds; saving chopping expense; reducing losses from root rot; improving and hastening germination and increasing yields.

Kemgas Delinted Seed Are Planted With Corn Plates At The Rate Of 5 To 7 Pounds Of Seed Per Acre.

Tractors plant more acres per day as there are few stops to refill with seed and no fuzz and trash to choke planters, cause skippy rows, and delay planting operations while the boxes are being cleaned.

Kemgas delinted seed come up quicker and grow off faster enabling cultivation a week earlier.

GREAT BEND GRAIN BLOWER

Does Everything Anyone Could Expect—Faster, Easier, Cheaper

The blower works off a truck with power take-off. An adjustable auger from your bin or grain pile carries grain to blower and is blown into truck. From there it can be blown into bin or box car.

Also, have a portable blower, run by gasoline motor, that can be placed in a bin or anywhere.

I now have these blowers on demonstration, and will show you how fast and easily they will move grain.

Guaranteed not to crack or injure grain. Handles all small grain, including shelled corn.

Handles from 12 to 18 Bushels per minute.

Bobbie Barton And Betty Jean Coffman Wed On April 7th

In a beautiful wedding ceremony at nine o'clock Sunday morning, April 7, Sgt. Robert Barton of the U. S. Air Forces and Miss Betty Jean Coffman of Fort Worth were united in marriage at the home of Mr. and Mrs. Don L. Ratliff of Munday. Rev. Don Davidson, pastor of the Munday Methodist church, officiated.

Bridesmaid was Miss Dolores Allen and best man was Donald Hobert.

The Ratliff home was beautifully decorated for the occasion with Easter lilies and sweet peas. During the ceremony, the couple stood before an improvised archway of evergreen and snap dragons.

The bride's costume was a powder blue suit with navy blue accessories. She carried a white Bible and wore a corsage of white carnations.

Mrs. Barton is the daughter of Mr. and Mrs. Henry Coffman of Fort Worth. She was reared at home and completed her high school work after moving to Fort Worth, later attending Draughon's Business College.

Mr. Barton is the son of Mr. and Mrs. Cecil Barton of Munday. He is a graduate of Goree high school. He enlisted in the service September 26, 1940, and was taken prisoner of the Japanese at the fall of Bataan, being liberated after the Japanese surrender in 1945. He has been on leave and visiting relatives here since his return to the States.

Local guests at the wedding included Mr. and Mrs. Cecil Barton, Mr. and Mrs. Paul Pendleton, Mrs. H. A. Pendleton, Mrs. Brooks Campsey, Mr. and Mrs. Howard Collins and Tommy Ratliff. Out-of-town guests were Mr. and Mrs. Henry Coffman of Fort Worth, Mr. and Mrs. Henry Mason, Wichita Falls; Miss Mary Adelaide Barton, Amarillo; Mr. and Mrs. Tom Bledsoe, Seymour, and Mr. and Mrs. George W. Higgins, Jr., Seymour.

Mrs. W. M. Mayo has returned from a visit with relatives in Texarkana, Ashdown, Ark., and other points.

Mrs. Kemletz, Mrs. Smith Hostesses At Party Saturday

Mrs. A. V. Kemletz and Mrs. A. A. Smith, Jr., entertained a group of friends with a lovely bridge party last Saturday afternoon in the home of Mrs. Kemletz.

Guest Day Is Observed Friday By Study Club

The club rooms were festive with spring flowers for the annual guest day program of the Munday Study Club on Friday, April 12, from 3 to 5 p. m. Large jardiniere in pastel-shaded iris made a lovely setting for the decorations, and a bowl of red roses was in the center of the president's desk.

Mrs. J. R. Burnison, president, welcomed the guests in her usual gracious manner. Mrs. Earl Nichols gave a piano rendition of Gershwin's "Knapoody in Blue," and Mrs. Chan Hughes charmed her listeners with a review of "The Gauntlet" by James Street.

After this program, a salad plate and fruit punch were served. Cornflowers were used for place favors.

Hostesses for this lovely occasion were Misses Winston Blacklock, Earl Nichols, Jack Mayes and Chalmers Hobbs.

Jim Lewis is visiting with relatives in Haskell this week.

Blacklock Named As State Director

Winston Blacklock, one of the directors of the Jaycee club, was elected state director for the local organization last Monday night at a meeting of directors.

The state director was not elected when the club was formed, it being explained that he should be elected from the board of directors. This official will keep in contact with what other clubs are doing over the state and will attend state directors' meetings from time to time.

Furlough Granted Leatherneck When Boot Camp Ends

Evidence that the hard-boiled Leatherneck Corps is successfully regaining its peacetime status is found in the announcement today that recruits who complete the U. S. Marine Corps seven-week initial, or "boot" training will, on or after April 5, 1946, be granted ten-day furloughs.

Commonly known as "boot camp furloughs," the Abilene district Marine Corps recruiting office who made the announcement, said that this privilege had been abolished during war-time and just this week again was made available to the novice Marine.

The announcement further explained that at termination of the furlough, recruits will be required to return to the recruit depot from which the furlough was granted for further assignment to a duty station.

Mr. and Mrs. R. O. Dunkle of Benjamin were here Saturday, visiting with friends and attending to business matters.

Mr. and Mrs. A. U. Hathaway and Mrs. G. R. Eiland visited with relatives in Lamesa over the week end.

Roy Fox of Gilliland was a business visitor here last Monday.

Mrs. Clyde Burnett and Mr. and Mrs. Bobbie Burnett of Benjamin were business visitors here last Saturday.

Electric Display Is Added To Local Firestone Store

An attractive display room for electrical appliances has been added to the Blacklock Home and Auto Supply, local Firestone store. On display now are light fixtures, washing machine, radio, and other items.

"Firestone was engaged in making electrical appliances before the war," Winston Blacklock, local dealer, said, "and is coming out with a much larger line than ever before. When they are available we expect to stock almost every type of electric appliances."

"We cordially invite you to come in and see our display room," Blacklock said, "and note the improvements we've made elsewhere in the store."

Results Count..

IN THE CATTLE BUSINESS, same as anywhere else—a ranchman may have a wonderful-looking bunch of cows and good-looking bulls. If they do not nick, the results are apparent both in the show ring and in commercial auction sales. That is, even with good pasture, chemicals, water and feed, it takes proper handling and management.

The same conditions apply to the electric business. Miles of well-constructed transmission lines, neatly-kept substations and impressive generating stations do not complete the service of an electric company to its community. It takes folks seasoned in the "know how" of their business to render proper service and steeped in the customs of this section to sell this section's advantages to the nation.

Employees of this company are proud of their West Texas ancestry, and of their part in rendering, in addition to electric service, community service worthy of this great section.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox M. D., State Health Officer of Texas

Austin. By proclamation of President Harry S. Truman, the month of April is Cancer Control Month throughout the nation. Dr. Geo. W. Cox, State Health Officer, is asking each citizen to consider the danger signals and secure medical advice at the first appearance of any suspicious symptom. There are many causes of cancer; the most common cause of which is chronic or prolonged irritation. One of the questions often asked is whether or not cancer is hereditary in human beings. Tendencies to form cancer may possibly be inherited; however, since the method of inheriting such tendencies is obscure, the presence of cancer in one or both parents should be merely a cause of greater alertness in looking for and recognizing suspicious symptoms on the part of family members. There is no need of a fatalistic attitude. The facts concerning heredity do not justify them.

At the first warning signs recognized, consult your physician. The early symptoms are any sore that does not heal, particularly about the tongue, mouth, or lips; a painless lump or thickening, especially in the breast, lip, or tongue; irregular bleeding or discharge from any natural body opening; progressive change in the size or color of a wart, mole, or birthmark; persistent indigestion; persistent hoarseness or difficulty in swallowing; and any change in normal bowel habits. See your doctor about any of these signals. Early recognition of cancer symptoms will lead to early diagnosis and treatment, and in many cases the victim can be entirely cured and live out a normal life span.

Rifle Tourney For State Guard Slated May 19th

The first state-wide Texas State Guard rifle tournament will be held at Camp Mabry, Austin, on Sunday, May 19. Shooting will start promptly at 9 a. m., rain or shine.

The match will be small-bore, four-position, military style. Range will be 100 yards. Two outstanding riflemen from each State Guard unit, officers and enlisted men will be invited to attend.

Gold, silver and bronze medals, handsomely and appropriately designed, will be awarded for first, second and third places respectively in each of the following classifications:

1. High total score.
2. High score in standing position only.
3. High score for slow fire only.
4. High score for sustained (rapid) fire only.

The match will be under the general supervision of Lt. Col. Thomas R. Black, G-3 on the staff of the Adjutant General, and details will be handled by the state guard rifle marksmanship training unit, the commanding officer of which will be range officer. The complete program, rules and details have been sent to all guard units.

Camp Mabry range is considered the best small-bore range in the Southwest. All forty-two firing points are under cover, and the space between firing points and targets is sodded green turf to eliminate glare. The public is invited, and there will be adequate space allotted to them for full observation of the shooting.

This State Guard rifle match is intended to be an annual affair, and will be followed this year by other matches, both at Camp Mabry and regional matches in the battalion areas. These matches are the culmination of the training and rifle practice carried on by the State Guard units throughout the year.

They are expected to increase the interest and enthusiasm of guard members, and to inform the citizens of the state, by public exhibition of the proficiency of the guard if called to active duty.

Mr. and Mrs. James C. Branch of Ranger and Mr. and Mrs. Jeff Graham of Knox City visited in the home of Mr. and Mrs. Emmett last Sunday.

Texas Has High Trade Activity

Austin.—Trade activity in Texas was high during February, the University of Texas Bureau of Business Research reports.

Large increases in sales of lumber, hardware, furniture, and automobiles accounted for part of the \$24,000,000 worth of business in February.

Texas mill receipts, crushings and stocks of cottonseed were down some 40 to 50 per cent during February. Cotton consumption declined 55.8 per cent in February, compared with January, but consumption of cotton lint was up 7.8 per cent.

Livestock shipments were off 17.7 per cent for February, and 4.9 per cent below February, 1945 shipments.

George Salem and Sied Waheed were in Dallas the latter part of last week, where they attended the annual Shriner's ceremonial.

Mr. and Mrs. C. M. Matlock and son, Orville, are visiting in Plainview this week.

Mr. and Mrs. Charles Lane of Lubbock and Alecia Dell Peek of Seymour visited in the home of Mr. and Mrs. Ed Lane last week end.

Mr. and Mrs. E. B. Littlefield and daughter, Gail, visited with relatives in Stamford over the week end.

Edwin Johnson and Jiggs Thompson visited with relatives in Cache, Okla., over the week end. They were accompanied home Sunday by Mrs. Johnson and little daughter and Mrs. Thompson, who spent about ten days with relatives at Cache and other points.

Special Sunday Dinner, Plate lunches and short orders at Terry Coffee Shop.

Mr. and Mrs. Hoyle Sullins and daughter of Vera were business visitors here last Saturday.

Mrs. Jim Grammer and two daughters returned to their home

in Lamesa last Saturday after several days visit with relatives and friends here.

Indian Relics And Materials Loaned to Texas University

Austin.—A new collection of Indian materials and relics has been loaned to the University of Texas anthropology museum, for research and study.

Known as the A. E. Anderson Collection, it contains several thousand shells, beads, pendants, dishes, chisels, decorated bones, pottery, and books dealing with anthropology and Texas history.

A. E. Anderson was a Brownsville civil engineer until his death two years ago, and he had spent a quarter of a century collecting the interesting items. The collection was loaned to the University by his daughter, Mrs. Margaret Dancy of Austin.

"This collection is important to students of anthropology because it shows that Mexican civilization reached as far as Brownsville," Alex Krieger, University archaeologist, said. "With this material, a gap between the civilization of Mexico and the native cultures of Texas is filled."

Mr. and Mrs. J. C. Harpham and little daughter left Tuesday for Brownwood, where they are visiting relatives and attending to business matters.

Mrs. Annie Coley and son, Jasper, spent the week end in the home of her son-in-law and daughter, Mr. and Mrs. Arthur Hargrove of Goree.

300 Delegates Of H. D. Council Meet In Seymour April 10

Mrs. R. M. Almonrode of Knox County was endorsed as nominee for vice president of Texas Home Demonstration Association for District 3, at the 1946 district meeting in Seymour Wednesday. Mrs. George Beavers of Vernon, Wilbarger county, now holds that office, and was endorsed as nominee for state treasurer.

The engorgements will be given to the state association at its next meeting, when officers will be elected. Vice presidents, who head the district organizations, are state officers and their election comes from the state body after endorsement by their home districts.

Mrs. Almonrode is a member of Sunset Home Demonstration club, lives near Knox City, has held various offices in her club and county Home Demonstration council and been active in community affairs. She is a former 4-H club girl.

Wilbarger county was selected as the 1947 meeting place, in the business session that closed the all-day Seymour meeting. Forty-six delegates and 275 visitors were present

from the 19 counties in the district. Mrs. C. A. Coffee of Dougherty, secretary of Texas Home Demonstration Association, represented the state organization on the program. She announced the state meeting August 14-16 in Amarillo and mentioned recommendation due to face: One for establishing a fund by asking a contribution of five cents a year from each member to provide \$100 annually in each district for some form of 4-H club education; one for sponsoring an educational program to increase cotton and wool consumption.

Another guest was Mrs. Eloise Trigg Johnson, specialist in family life education with the State Extension Service, who urged united, happy families as a foundation for world peace.

Training citizens for a changing world was the keynote of a 4-H club program including skits by Wichita and Clay county girls, introduction of Gold Star 4-H club girls, and a talk by Miss Lorene Stevens, Extension specialist on 4-H work.

An offering of \$60.51 was given to buy laboratory equipment for Home Demonstration workers in the Philippines, after Miss Ruth Thompson, district agent, explained

ed the project as planned nationally for Home Demonstration Week, May 15-22.

Reports of delegates at the roll call of counties emphasized a new interest in recreation and reading for families and communities, as well as the basic Home Demonstration programs of home food production, home industry, and the wartime "make it do" spirit.

Outstanding was the Knox County report of a library started by the club women as a memorial to war veterans, and Throckmorton county's annual camp for club members and their whole families. Introduced by State Senator George Moffett of Chillicothe, W. C. Galeoran, Jr., of the National Cotton Council was the main morning speaker. "We have taken cotton too much for granted," he said, "whereas if it were newly discovered it would be second in importance only to the atomic bomb. We have defended it, but now the National Cotton Council is on the offensive," and he described its advertising and research program and showed new cotton products, assisted by C. E. McDaniel of the Cotton Council.

Mrs. George Shawver of Baylor County read her essay, "Building the Peace," first prize winner in a district contest. In another phase of the Home Demonstration Association's program to interest its members in study of peace needs, recognition was given women who have read a required number of books on the subject.

Mrs. George Higgins, chairman of Baylor County home demonstration council, presided to open the meeting and introduced County Judge Robert Jones, who welcomed visitors. Mrs. G. E. Caskey of Young County responded. Paul Gilstrap led song periods with Mrs. Shawver as pianist. Mrs. Guy Marshall of Haskell county was named to serve as secretary for the day.

Lunch was served by Baylor County women. Mrs. W. E. Harrison was luncheon chairman; Mrs. J. V. Kisinger, chairman of decorations; Miss Nora Walters and Mrs. O. H. Bartley of registration; Mrs. W. J. Kar of local program plans.

from the Merchant Marines, has moved in two new pre-fabricated houses, and Mr. Porter reports that they will be ready for occupancy within the next few days. These pre-fabricated houses seem to be a partial solution to the extreme housing shortage in Benjamin. Mr. and Mrs. Jack Barker will occupy one of the homes, and Mr. and Mrs. T. P. Porter, Jr. and daughter will occupy the other.

A. E. Ball and Ross West, of Benjamin, report that they will start construction of their new homes this week.

The business section of town is also taking on the air of new buildings, which includes a new Texaco filling station that is to be owned and managed by J. D. Redwine, and the complete overhauling of the old P. C. Sams Mercantile building, which is being re-converted into a modern garage and sales room by J. L. Galloway, who will be the local distributor and agent for the Kaiser-Frazier automobiles.

The sound of the carpenter's hammer and saw is becoming a familiar sound throughout the whole of Benjamin.

Melvin West, a student in Texas University, Austin, and Wivis Arnaud of Arnaudville, La., visited in the home of Mr. and Mrs. O. A. West last week end.

Mr. and Mrs. Raymond Hargrove and children, Ralph and Virginia Raye, spent last Sunday in the home of Mr. and Mrs. A. H. Hargrove near Goree.

Reasons for Growing More COTTON in '46

YOUR COTTON PATCH IS AN "OIL FIELD"

No.

Your Cottonseed supplies essential vegetable oil needed in larger quantities for food products. Your "oil field" will flow on, forever, if you follow a soil-building, balanced farming program with Cotton as the key Cash, Food and Feed crop.

KEEP YOUR "OIL FIELD" FLOWING BY PRODUCING MORE COTTONSEED IN 1946.
