

Rain Tuesday Brings Relief From Heat

Rain which fell Monday night and Tuesday, ranging from showers to better than three inches in many sections of the state, have brought welcomed relief to Knox countyans who have been suffering under the 100-plus degree heat wave.

The rain was fairly general over Knox County and reached many parts of Texas. Heaviest of the fall was reported in the Vera community, where 3.5 inches fell.

At Munday the gauge measured 1.05 inches, but to the east and south the rain was heavier. West and south of Munday the precipitation simmered down to mere showers.

Benjamin, the dry spot in the county, reported 1.40 inches, with water running in ditches along the roadways. Goree also received a good rain, as did Rhineland.

Welcomed relief from the heat wave was experienced, and the moisture will add life to the twisting feed and cotton crops of the county. More moisture will be needed, however to assure a fall harvest.

The Dress Mart, New Local Firm To Open Friday

Mrs. Louise B. Ingram announced this week that the Dress Mart, Munday's newest business establishment, will be open for business next Friday morning at nine o'clock. The Dress Mart is located in the building just north of the Tiner Drug.

"This is not our formal opening," Mrs. Ingram said, "because all of our merchandise has not arrived, but we are opening at this time so young ladies of this territory who plan to go away to school may see the nice line of school clothes we are carrying. We expect to have a fair selection of merchandise on display by Friday."

Mrs. Ingram also stated that The Dress Mart also plans to carry a complete line of ladies apparel, which will include a complete line of lingerie and hose when available.

Merchandise which will be stocked for the opening include suits, dress-up blacks, casuals, teen-age fashions, skirts, sweaters and blouses, she stated.

A cordial invitation is extended to everyone to visit this new store on opening day and get an idea of what will be offered here when a complete line of merchandise becomes available.

LEAVE FOR MARKET

Mr. and Mrs. C. P. Baker left last Sunday for St. Louis, Mo., where they are attending the markets and buying fall merchandise for the local Baker-McCarty store.

Restrictions On Use of City Water Removed, As Flow In Wells Increased

Mayor W. R. Moore announced Thursday that the restrictions placed on water consumption in Munday have been lifted, and everyone can use all the water needed.

Local officials believe that the well has been sufficiently improved with cleaning the sand out and overhauling the pumps to assure all the water needed.

The flow was strengthened by pumping out an enormous amount of sand that had sifted into the well. "This will gradually sift back," Moore said, "again cutting off the flow of water, but this is not likely in the near future."

"Lyle Stodghill deserved a major part of the credit for this work," Moore continued, "but the entire city force have loyally done their part."

"By doing this work locally, as we have done, the cost has been very low as compared to what it would have been with outside contractors."

With the showers of this week cutting down on demands for water, it is likely the strain on the well will not be as great as in the

Church of Christ Revival Will Close Sunday Evening

Splendid crowds have been attending the revival meeting which is now progress at the Church of Christ in Munday. Regular services will continue through Sunday evening, except that there will be no morning service Saturday.

Minister W. P. Dinnis, evangelist for the meeting, is bringing some splendid messages, and his sermons are attracting large crowds for each service.

Evening services attract larger crowds, and it was necessary to secure more seats to accommodate those who come to hear these gospel messages. Greater interest is shown in the meeting than at any time in several years.

The public is extended a cordial invitation to attend all the remaining services, which are held at 10:30 each morning and at 8:30 each evening.

City Will Call Bond Election

At a meeting of the City Council last Tuesday afternoon, a deal was made whereby the City of Munday will float a bond issue of \$50,000.00 for the proposed street paving and drainage project, should the citizens see fit to vote the bonds.

The election will be called for sometime in September, Mayor W. R. Moore announced.

"Before the election is called, we will have a detailed statement of the city's finances, showing the effect this bond issue will have on us," Moore said. "It is the desire of the City Council to present the facts on this proposed improvement, to neither promote nor condemn it, in order that the people may vote intelligently."

"There is a plat at the city hall, showing the proposed improvements, and this is open for inspection by anyone. You will be hearing from us with more information along this line."

Mrs. Joe E. Jones, daughter of E. V. Shackelford of Goree, who has been relieving her father at Wichita Valley Depot, returned to her home in Childress on Wednesday.

Coach and Mrs. Clyde Latham and children came in last Friday from Dickens, where they spent the summer, and Coach Latham is beginning fall training for the Munday Moulds.

BIRTH ANNOUNCEMENT

Mr. and Mrs. G. R. Eiland, Jr., of Lamesa announce the arrival of a baby girl, who was born on Saturday, August 17, at Lamesa. She weighed 8 pounds and 2 1/4 ounces, and has been named Pamela Jan.

Jaycees Will Attend Meeting At Plainview

Members of the Munday Junior Chamber of Commerce will join representatives of ten towns of Regions 1 and 2 Texas Junior Chamber of Commerce in Plainview for a regional meeting on Saturday and Sunday, August 24 and 25.

John Ben Sheppard, Gladewater, attorney and vice-president of the United States Junior Chamber of Commerce will be a special guest of the meeting. He has been outstanding in Jaycee work, having attended 1600 Jaycee meetings in 22 states travelling over 250,000 miles in the interest of the organization.

Recently discharged from the armed forces, where he served as both enlisted man and an officer, he has been assigned the important portfolio of state presidents' and veterans' affairs.

Mr. and Mrs. John Cook of Putnam spent last Sunday in the home of Mr. and Mrs. A. B. Warren.

JOHN BEN SHEPPARD

Revival Opens August 25th At Goree Church

A revival meeting will begin on Sunday, August 25, at the Four-square Church in Goree, it was announced Tuesday.

Miss Evelyn Vaden, well known evangelist of this denomination, will be in charge of the services. Her messages will be clear-cut and soul-stirring and large crowds are expected to hear her.

The meeting will run for a period of two weeks, and the entire public is extended a cordial invitation to attend each and every service.

Knox County Hospital Notes

Mr. and Mrs. John Cook of Putnam spent last Sunday in the home of Mr. and Mrs. A. B. Warren.

MISS EVELYN VADEN

Classes Begin In Local School September 9th

Registration To Begin September 3rd

Supt. W. C. Cox announced Tuesday that classes in the 1946-47 term of the Munday Public Schools will begin on Monday, September 9th, and that at the present time all faculty members have been employed and plans are under way for a successful school term.

Activities opening the school term will begin on Tuesday, September 3, with a faculty meeting at the school. At this time preparations will be made for registration of students.

Registration will begin on Wednesday morning, and will continue through Thursday if necessary.

Friday will be devoted to teacher assignments and arranging schedules for classes.

Class periods will then open on the following Monday morning. School buses will assume their regular schedules on Monday.

Mr. Cox expressed the belief that an excellent faculty has been employed, and he invites the cooperation of all citizens toward a successful school term.

Local People Attend Funeral of Dr. Quincy B. Lee

A number of local people attended the funeral services for Dr. Quincy B. Lee last Saturday. Services were held from the First Methodist church in Wichita Falls at ten o'clock last Saturday morning.

Relatives attending from Munday included M. L. Wiggins, Mr. and Mrs. J. Weldon Smith, Mrs. J. A. Caughran, Miss Shelly Lee and Mr. and Mrs. Travis Lee. Other local people present for the services were Mr. and Mrs. J. C. Borden, R. D. Atkinson, J. C. Campbell, Mr. and Mrs. H. A. Pendleton and Mr. and Mrs. Wade T. Mahan.

Mr. B. F. Hood and children returned to their home in Galveston last Thursday after a visit of ten days with relatives and friends here.

Sample Ballot

I AM A DEMOCRAT AND PLEDGE MYSELF TO SUPPORT THE NOMINEE OF THIS PRIMARY.

For GOVERNOR:
Beauford Jester, Navarro County
Homer P. Rainey, Travis County

W. W. Coffman
Chas. Moorhouse

For SHERIFF:
H. T. Melton
L. C. Floyd

For COUNTY COMMISSIONER, Precinct No. 1:
O. L. Knight
T. A. Stogner

Election Interest Expected To Bring Out Heavy Vote

Goree Schools To Open Sept. 2

The Board of Trustees of the Goree schools announce that the 1946-47 term of school will begin Monday, Sept. 2, 1946. Buses, operating over same routes as last season, will bring pupils to the school building at nine o'clock. There will be no formal opening program, but parents are invited to be present for the enrollment of students. After pupils have been classified and enrolled, the buses will return them by twelve o'clock. A complete faculty has been secured, and a successful school year is in prospect.

The lunch room will be open Tuesday. Due to increased cost of food and labor, the price of meals will be increased 5 cents over that of last season.

Arrangements have been made for private lessons in piano. Parents will make arrangements with the teachers of piano for this service.

J. B. Little Dies At Jacksboro

J. B. Little, former resident of Knox County, passed away at the Jacksboro clinic on Thursday, August 14. He had been in bad health for several years, suffering from a heart ailment. He was 59 years of age.

Mr. Little moved his family to Knox County in 1924 and resided near Munday until 1933, at Goree until 1936, when he moved to Jermyn.

He is survived by his wife and 15 children, 15 grandchildren, five sisters and one brother. He was the father of Mrs. John West of Goree. He was a member of the Baptist Church, and was truly a good christian.

Funeral services were on Friday, and he was laid to rest in the Oakwood Cemetery in Jacksboro.

CAPT. BONNER BAKER AND WIFE VISIT HERF

Capt. and Mrs. Bonner B. Baker came in last week for a visit here with Capt. Baker's parents, Mr. and Mrs. W. A. Baker, and with other relatives.

Capt. Baker entered service Nov. 18, 1940, being the first inductee from Knox City at the start of selective service. He is up for discharge after six years in the service. He has been stationed in the Philippines for the past year.

JUNGMAN REUNION PLANS MADE

Members of the Jungman family met in the home of Mr. and Mrs. T. B. Hertel last Sunday to complete plans for their annual reunion. It was decided to have the Reunion at Silver Lake Falls Park on Saturday, August 31st.

To Preach

Rev. Lance Webb, pastor of University Park Methodist Church in Dallas, will bring the messages during the revival meeting which opens Sunday at the local Methodist Church.

Rev. Webb has a high scholastic and ministerial record in the Methodist conferences, and his messages will be of interest to everyone who attends the revival services.

School Meet Is Set For Quanah On August 29th

Deputy State Superintendent L. R. Burkett of Wichita Falls has announced that the State department will sponsor a school program at Quanah on Thursday, August 29.

Several representatives from the State Department of Education, including State Supt. L. A. Woods, will be present. The program will be from 9:30 to 12:30 p. m.

Discussions will be held on school transportation, rural aid problems, the lunch room program and the teacher salary problem in Texas.

It will be well worth the time of all school superintendents and board members to attend this meeting.

Goree Loses Second Game In State Tourney

The Goree Cats returned home during Sunday, after being eliminated Saturday in the Texas Amateur Softball Association Tournament at Houston.

Goree won her first game on Friday night, downing the Orange Naval Base team by a score of 9 to 0. Red Denham hurled the winning game.

The Cats found playing very difficult in the low climate of the Houston field.

A run in the eighth inning gave the Dallas Butane a 3-2 triumph over the Cats Saturday afternoon to eliminate them from the tourney. This was the softball thriller of the day, according to reports.

Goree scored a run in the fifth to tie the score, 2-2, and held the Dallas club until the winning tally came in the eighth.

Red Denham and E. W. Miekler pitched the game, while Lenny Kuehler was catcher.

ACCEPTS POSITION IN BAYLOR HOSPITAL

Miss Marguerite Jane McLeroy, who did her internship in dietetics in the University hospitals in Cleveland, Ohio, and was on the staff in the same hospitals for some time, has accepted a place on the staff of the Baylor hospital in Dallas and will begin her duties there August 27.

She has been enjoying a vacation with her parents, Mr. and Mrs. R. I. McLeroy and with friends. Mr. and Mrs. McLeroy went to Cleveland for her, then on into Canada, and back by way of Niagara Falls and through the eastern states.

With interest of local voters centering in three races, another record vote is expected next Saturday in the run-off primary. Chief interest locally is in the following three races:

Governor's race, in which Beauford Jester and Dr. Homer P. Rainey are the participants. Twelve other would-be governors were weeded out in the July primary, and this race has reached high heat during the past four weeks;

County Sheriff, in which Sheriff L. C. Floyd and Homer T. Melton are vying for votes in the county. This is expected to be a close race by those who have been "feeling the pulse" of local voters;

Prec. 1 Commissioner, in which Pete Knight and Tom Stogner are in the run-off. Only two voting boxes of the County, Knox City and Sunset, will be allowed to choose between the two candidates. These boxes are expecting a heavy vote.

Only four other offices will be voted on Saturday. They are:

Lieutenant Governor, with Allan Shivers and Boyce House on the ticket; Commissioner of Agriculture with J. E. McDonald and R. E. McDonald bidding for votes; Judge Court of Criminal Appeals, in which Tom L. Beauchamp and Jesse Owens want your ballot, and chairman County Democratic Executive Committee, with W. W. Coffman

and Chas. Moorhouse having their names on the ballot.

With this short ballot, it is expected that election returns will be received much earlier Saturday than in the July primary.

A. J. Bunts Dies On August 14th At Fort Worth

A. J. Bunts, a resident of Knox County for many years, passed away Wednesday, August 14, at 10 p. m. at a Fort Worth Hospital. He was 74 years of age.

Mr. Bunts was well known in Knox County, having been engaged in farming here for a number of years. He taught a Sunday school class at the local Methodist Church for some time, giving it up several years ago because of his health.

He and Mrs. Bunts, the former Mrs. Charity Chamberlain, moved to Fort Worth to make their home a little over a year ago.

Surviving are his wife, step-son, Rhea Chamberlain, Fort Worth; step-daughters, Jerry Chamberlain, who is attending nurse's school in Galveston, and Jo Ann Chamberlain, Fort Worth.

Funeral services were held in Fort Worth at ten o'clock Friday morning, conducted by Dr. William Coleman. Interment was in the Garden of Memories Cemetery.

Honolulu Couple Visits Friends Here

Mr. and Mrs. L. C. McCallum of Honolulu, H. I., spent several days here last week, visiting with Mr. and Mrs. C. R. Elliott and with other friends here.

Mr. McCallum is employed by the Honolulu Star Bulletin and is in charge of credits. He has been with the newspaper for around 20 years.

Mrs. McCallum is the former Pearl Oliver, who taught in the Munday public schools in 1912-13. She saw a number of the old timers on her visit here. This is the first time the couple have been back in the States in several years.

Mrs. McCallum is now superintendent of the Kawailoa Training Schools for Girls, our territorial reform school, and has been a resident of Honolulu for 23 years.

BIRTH ANNOUNCEMENT

A daughter was born to Mr. and Mrs. Guy Hardin of Waco on Thursday, August 15, it has been announced here. The girl weighed 7 1/2 pounds. Mother and daughter are reported doing nicely. Mrs. Hardin is the former Helen Leflar of Munday.

GOVERNMENT SPENDING AND YOUR DOLLAR

Of all the issues which will face the next Congress, none will be more important than that of a balanced budget. Continued deficit spending, with the war over and the country undergoing a boom period, is the greatest threat to the value of the dollar, the savings of the people, and the future stability of the nation.

In depression times, the advocates of free spending enthusiastically backed the John Maynard Keynes theory, which, to put it simply, is that government must go in the red and prime the pump when conditions are bad. Now the same group seems to have forgotten the logical development of that theory—which is that in good times government must retrench, spend less than it receives, and build up some economic fat for lean years to come.

A sound fiscal policy now must have three progressive phases. First, the budget must be balanced. Second, there must be an orderly program for reducing and eventually liquidating the public debt. Third, when sufficient progress has been made along the first two phases, taxes on industry and individuals must be gradually reduced.

This is a long-term program. Its results will only be apparent over decades. But it must be the backbone of any fiscal policy which will spare us from government-induced inflation, the destruction of insurance values, the collapse of the currency, and the kind of general economic collapse we are witnessing in Central Europe, China and elsewhere.

FIRES THAT NEVER HAPPENED

Organized fire prevention work by cooperation of civilian fire protection engineers and the armed services during the war materially held down fire losses in military establishments and war plants.

When losses in World War I and II are compared with total values, the rate of fire loss in World War II is 40 per cent less than in World War I. Experience and preparedness in the fire insurance business helped save hundreds of millions of dollars in property for use against the nation's enemies.

Immediately after war started in Europe in 1939, the National Board of Fire Underwriters passed a resolution placing all its engineering, inspection and other services and facilities at the disposal of the government for the duration of the emergency, just as it had in World War I.

The armed services utilized the services of the civilian fire protection engineers in countless ways—in instructing classes of Army and Navy officers, studying the effects of experimental bombs as well as the results of actual bombing, and in consultations with bomber commands.

The work reached virtually every phase of the nation's armament and military program, including shipyards and navy yards. As training camps were hurriedly built, engineers drew plans for fire protection. Projects were inspected, fire engineers and fire boats, tested, standards for automatic alarms developed, water supply tables worked out, and new fire fighters trained.

All these services, involving the work of hundreds of fire prevention engineers, and thousands of man-hours, were given without cost to the government.

NOTHING IS "GOOD ENOUGH"

So far as the consumer is concerned, the main job of the oil industry is to provide him with a constant, reasonably priced supply of gasoline, fuel oil and other petroleum products when and where he wants them and in the quantities and grades desired.

Looking at the oil industry from the point of view of the long pull, however, some activities which view of the long pull, however, some activities which greater importance.

First, it isn't enough just to have sufficient oil in sight for this year or next year. The industry must think five, ten, and even twenty years ahead. It spends enormous sums in prospecting new potential oil-bearing areas. It sinks deeper wells, in order to get the most out of every field. It carries on elaborate conservation activities to safeguard oil reserves. As a result of this, vast new reserves are constantly being discovered.

Second, it carries on unceasing laboratory work to develop better oils and lubricants. The many special fuels used for military purposes during the war, such as gasoline of extremely high octane content, are an example of this. The great progress made is now being adapted to civilian needs. So, little by little, you get better gas for your car.

Great producing industries must also be great research industries. Nothing must ever be considered good enough—instead, a constant search must be made for something better. Oil typifies that industrial philosophy.

WAGES AND EMPLOYMENT

It's easy to sympathize with the workers' desire for higher wages. At the same time, wages can be carried to a level where employment is endangered.

Coal is a case in point. Heavy increases in wages and other labor costs have made high prices for coal unavoidable. And when the price gets too high, consumers begin looking for cheaper forms of heat and energy. Then demand falls off, and employment drops with it.

No one knows just what the "price-saturation point" of coal is. But it is obvious that it can't increase in cost indefinitely—and that is equally obvious that operators can't long sell at a loss. The industry has made very great progress over the years in improving producing methods to hold down prices. But arbitrary wage increases could offset this.

A fair price to the consumer is as important as a fair wage to the worker and a fair return to the owner. We must achieve a sensible balance between all three if our economy is to survive—and we are to have sustained employment.

Many People of Area Visit Johnson Home For Golden Wedding Celebration

Rev. and Mrs. F. T. Johnson of Govee celebrated their golden wedding anniversary with open house on Sunday, August 4, 1946.

Receiving guests with them were Mrs. Johnson's sisters, Mmes. Ray Overton, Arthur Terry, and S. G. Bailey, and Mrs. E. F. Heard. Others assisting in the entertainment were Mmes. Will Ratliff, E. Robinson, Ernest Moore, Sam Hampton, Homer Moore, Bess Porter, Raymond Ratliff and W. H. Overton.

Mrs. Gene Overton of Stamford sang "Put On Your Old Gray Bonnet," "Love's Old Sweet Song," and "In The Usual Way." Mrs. Orb Coffman accompanied on the piano by her daughter, Mildred, sang "When You and I Were Young, Maggie," and "Silver Threads Among The Gold."

The guests joined Rev. and Mrs. Johnson in singing "I Love To Tell The Story." One hundred and fifty-six names were registered in the guest book. Out-of-town guests included the following:

Rochester: Mr. and Mrs. James A. Greer, Mrs. Ada Mitchell, Mrs. B. B. Chamberlain, Mrs. Bess C. Porter, William Porter, Mr. and

Mrs. T. M. Murphey and Mrs. W. Z. Wadzech.

Haskell: Mrs. K. D. Simmons, Mrs. Everett, Mr. and Mrs. Overton, Mr. and Mrs. W. A. Montgomery, Mrs. Howard Montgomery, Carlos Montgomery, Mr. and Mrs. Roy Overton, Dorothy Jean Overton, William and Wollar Overton, Mr and Mrs. W. W. Johnson and Willamette Atkins.

Rule: Mr. and Mrs. Thurman Lusk and children.

Munday: Mr. and Mrs. R. L. Ratliff, Misses Maud and Fannie Isbell, Mrs. Don Davidson, Donita Davidson, Yvonne Morris and Mr. and Mrs. Jas. H. Bardwell.

Petersburg: Mr. and Mrs. Arthur Terry and Patsy Terry.

Houston: Joe Maloney.

Quanah: Mrs. S. J. Bailey.

Knox City: Mr. and Mrs. L. N. Bridges.

Waco: Rev. E. T. Miller.

Sweetwater: Mr. and Mrs. Lynn Koucoe.

Amarillo: E. W. Johnson and children and Elaine Johnson.

Stamford: Mrs. Wiley Hughes.

Seymour: Mrs. Bada Patton and Mrs. Johnnie Fritz.

Stages: Thousands of deaths annually could be prevented, Dr. Cox said. "If sufficient attention were given to the early diagnosis and thorough treatment of syphilis, delay reduces the chance of cure and in many cases is the direct cause of death."

Dr. Cox urges that every person who might suspect a venereal disease infection have a physical examination, so that if present, the disease can be brought under treatment at the earliest possible date.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin.—Because of the fact that a venereal disease is no respecter of persons, people of every class and color, rich and poor, educated or ignorant are numbered among the victims, asserts Dr. Geo. W. Cox, State Health Officer.

"Venereal disease are among the vital health problems in the State of Texas today," Dr. Cox said. "The amount of suffering, economic loss, insanity and even death from venereal disease cannot be accurately estimated but would reach a shocking figure if disclosed."

The State Health Officer pointed out that self-diagnosis and self-treatment are extremely dangerous and advised consulting a physician for determining definitely whether or not a venereal disease is present.

"Only a reputable physician can properly diagnose such a disease. The presence of gonorrhea is not disclosed by a routine blood test, and the diagnosis of syphilis requires more than a blood examination," declared Dr. Cox. "Both syphilis and gonorrhea are almost 100 per cent curable if discovered and treated in their very earliest stages."

Political Announcements

The Munday Times is authorized to announce the following candidates for office in Knox county, subject to the action of the Democratic Primaries:

For County Superintendent of Public Instruction:
MERICK McGAUGHEY
(Re-election)

FARM NEWS

(This is the eleventh of twenty-two articles that will be printed in this newspaper on the need for soil conservation, the amount of soil conservation being carried out, crop insurance, commodity loans, marketing quotas, and other programs of interest to farmers.)

Flaxseed Program
The nation faced a critical shortage of fats and oils when imports were cut off by the war.

To get more linseed oil—urgently needed for paints and varnishes and many other products—Congress authorized 30 million dollars for incentive payments to producers of flaxseed in 1945. These payments became part of the 1945 agricultural conservation program. In addition, flax was made eligible for Federal crop insurance, to protect farmers against its many production risks.

Farmers were asked to grow 5 million acres of flaxseed in 1945. Incentive payments of \$5 per acre were made for planting flaxseed up to the individual farm goal. The goals were flexible enough to assure maximum production.

AAA committeemen helped set goals, determining the farmer's eligibility for payments and whether the crop had been planted on adapted soil and tended in a workmanlike manner.

The incentive payments were an important factor in increasing indicated flaxseed production in 1945 to more than 35 million bushels.

Dr. J. B. Reneau, Jr.
Veterinarian
Phone 169 Munday, Texas

This would be almost 12 million bushels more than in 1944. Without these payments, flaxseed production might have been even smaller than in 1944, since other crops of less risk and of comparatively higher income would have outbid flaxseed for the farmers' acreage.

Sugar Program
Requirements of our armed forces and our Allies, together with the heavy civilian demands, called for increased production of sugar in 1945.

Opportunities for securing an increase appeared best in the beet-sugar area. Sugar beets mature in 5 or 6 months, whereas sugarcane requires a minimum of 12 months. An increase of 23 per cent over the 1944 sugar-beet acreage was secured in 1945, although the relatively large goal for the entire sugar beet area was not attained.

Payment programs under the Sugar Act were administered by AAA committees in cooperation with the Sugar Branch of the Department. This involves the determination of (1) planted, abandoned, and harvested acreage; (2) production of beets and cane; and (3) eligibility for abandonment and deficiency payments. County committees also check compliance with the labor, wage, price, and soil-conservation requirements of the law.

Payments totaling about 46 million dollars were made on the 1944-45 sugar-beet and sugarcane crops to about 80,000 producers in continental United States, Hawaii, Puerto Rico, and the Virgin Islands.

Mr. and Mrs. A. V. Kemletz visited with relatives and friends in San Angela over the week end.

Veterans' News

Veterans planning construction of homes got two tips this week from the Veterans Administration loan guarantee officer, that will save them money.

He told veterans to give special attention to the practicability of the floor plans of their future homes.

"A house without a standard floor plan has a low re-sale value and will suffer heavy depreciation in the next four or five years," he warned.

He suggested, too, that veterans make sure their homes have the proper exposure, pointing out that different localities may call for different exposures.

The most common objection that veterans had voiced against National Service Life Insurance were eliminated when President Truman signed a liberalized GI insurance bill.

Perhaps the most important change in the insurance set-up for World War II veterans is the privilege of the policy-holder to direct payment of his insurance to the beneficiary in a lump-sum.

Besides this plan, payment may be made in equal monthly installments. These plans are in addition to those authorized by the former law.

The new law also gives holders of National Service Life policies the privilege of adding total disability income benefits to their life insurance payment of extra premiums.

Pensions—increases recently authorized by Congress will be made automatically to veterans in Texas, Louisiana and Mississippi, VA's Director of Claims, said this week.

"Inquiries from veterans about their pensions are not necessary and will only delay the administrative work required to effect the new rates," he said.

The increases will be included in payments made September 30, he added.

Questions and Answers
Q. How can option under which National Service Life Insurance is

Allan Shivers Runs For Lt. Governor On Qualifications

Senator Allan Shivers, leading candidate for lieutenant governor, is seeking election to that office solely on the basis of his qualifica-

tions of wide training and experience.

In every way, Allan Shivers, the legislator, lawyer, farmer and World War II combat veteran, is exceptionally qualified for the No. 2 state office. As a state senator for a number of years, he established an excellent record of public service. A loyal Democrat and native Texan, he is a man of highest character and splendid personality. The majority of Texans believe he will reflect credit and honor on the State of Texas.

Shivers, a war veteran of two years overseas, during which time he earned 5 battle stars did his best to make this a free country for a free people. He will continue that course as lieutenant governor.

He has conducted a dignified campaign free of mud-slinging and personalities. His platform appeals to every Texan: Better farm-to-market roads, better salaries for school teachers, enlarged public safety facilities, a thorough public health program, redistricting of the state for legislative purposes, greater aid to the aged, real assistance to war veterans, reorganization of the pardon and parole system, a first class university for the colored, and equal responsibility from both labor and management. He is against a sales, state income or any other form of new taxes.

Allan Shivers will be the lieutenant governor of all the people. In addition to integrity, sincerity and ability he has a background of training and a record of public service already performed which gives him the right to ask for promotion.

payable be changed?

A. (1) By the insured at any time or, (2) upon death of the insured, by the beneficiary, before any payment has been made. Whatever form of payment is provided by the insured, the beneficiary may arrange for payments to be made over a longer period of time, provided benefit payments have not commenced.

Q. How long must a National Service Life Insurance policy be in effect before it can be converted?

A. National Service Life Insurance must be in effect at least one year before it can be converted.

Q. Is the veteran allowed any grace in the payment of National Service Life Insurance premiums?

A. A grace period of 31 days without interest is allowed for the payment of any premiums other than the first premiums payable under the policy. The policy remains in force during the grace period.

Q. Can a veteran pay his NSLI premiums by deductions from compensation, retirement pay, or pension?

A. Yes. The insured may authorize the monthly deduction of premiums from compensation, retirement pay, or pension that have been awarded him under any laws administered by Veterans Administration.

Q. Can creditors make claims on a beneficiary of a National Service Life Insurance policy?

A. Payments of insurance to a beneficiary are exempt from the claims of creditors of the insured or creditors of the beneficiary, and are not liable to attachment, levy, or seizure, either before or after receipt by the beneficiary. However, this exemption does not apply against the United States.

Q. What is the "National Service Life Insurance Fund?"

A. National Service Life Insurance is mutual insurance. All premiums paid on this insurance and all interest earned thereon are deposited in a separate trust fund in the U. S. Treasury, designated as the "National Service Life Insurance Fund." The Government derives no profit from its administration and acts in the capacity of trustee of the fund for the sole benefit of the policyholders and their beneficiaries.

Among friends who attended the bedside of T. G. Bengt at the Wichita Falls Clinic hospital last Sunday were Mrs. S. E. McStay, Mr. and Mrs. D. E. Holder, Mrs. W. E. Braly, Mrs. Louise B. Ingram, H. A. Pendleton and Fred Broach, Jr.

HOME FROM VACATION

Mr. and Mrs. J. C. Phillips, Raymond and Joe Lynn, and Mr. and Mrs. Dale Phillips returned the letter part of last week from a vacation trip which centered around points in Oklahoma, Arkansas and Missouri. A most enjoyable time was reported by the vacationers.

Mrs. T. L. Stall and children of Midland came in last week for several days' visit with Mrs. Stall's brother and sister, R. D. Atkeison and family and Thelma Atkeison.

Mr. and Mrs. Jay Harlan and son of Littlefield visited relatives and friends here and at Goree over the week end.

John Thomas Rutherford of San Angelo is here for a visit with relatives. He was met in Knox City by Misses Maud and Fannie Isbell and Jackie Mayes.

Mr. and Mrs. Fayette Edwards of San Antonio and Mrs. Nelson of Wichita Falls visited relatives and friends here over the week end.

Mr. and Mrs. Troy Denham and daughter, of Tulsa, Okla., spent the week end here with Mrs. Denham's parents, Mr. and Mrs. Leland Hannah, and with other relatives.

Betty and Peggy Waldrip of Abilene are here for a visit with their grandparents, Mr. and Mrs. Walter Harris.

Buffet Dinner Served Relatives In Hertel Home

Relatives and friends gathered in the home of Mr. and Mrs. T. B. Hertel last Sunday to visit with Mr. and Mrs. A. G. Jungman and family of Pep, Texas, who were here over the week end.

A buffet style dinner was served to the following:

Mrs. Ida Hertel, Mrs. W. R. Hertel and daughter, Rosellen, Mr. and Mrs. Johnnie Hertel and family, Mrs. H. M. Duke and son, James, all of Benjamin; Mr. and Mrs. W. C. Hertel and family, Mr. and Mrs. W. A. Jungman, Mr. and Mrs. Clarence Herring and family, Mr. and Mrs. Lester Anderson and son, Mr. and Mrs. H. F. Jungman and Dornan Followill, all of Munday; Mr. and Mrs. M. A. Verhalen and daughter, Lillian, and Mr. and Mrs. M. L. Verhalen and family, all of Knox City; Mr. and Mrs. Carl Jungman and daughter, Ida Jo, of Vernon, and the honorees, Mr. and Mrs. A. G. Jungman and family of Pep, Texas.

Goree Boy Is Honored Saturday On His Birthday

On Saturday, August 10, Jackie Hampton entertained his friends with a lawn party. The occasion was to celebrate Jackie's fifth birthday, which was Sunday, August 11.

After many games and the excitement of opening gifts and eating the birthday cake, refreshments were served to the following:

Reba Tynes, Becky and Sherral Jamerson, Johnnie, Sandra and David West, Gordon and Linda Smith, Nanette Roberts, Gay Chamberlain, Sharon Turner, Paula Ford, Jackie and Patsy Blankinship, Jimmy Paul Howell, Dickie and Linda Warren, Kay and Karon Maples, Judy and Sharon Hunt, Glenda Lowrance, Patsy Stewart, Ruby Dain Hammons, Jerry Brown, Shug and Sissie Bowen, Virginia Everett Pruitt and Jackie Hampton.

New Deal Club Meets Thursday With Mrs. Mahan

Mrs. Wade T. Mahan was hostess to members of the New Deal Bridge Club for their regular meeting last Thursday evening.

Several games of bridge were enjoyed, at the close of which Mrs. J. C. Harpham held high score. A delicious refreshment course was served to the following:

Mrs. T. L. Stall of Midland, Mrs. J. C. Harpham, Miss Thelma Atkinson, Mrs. Dorse Rogers, Mrs. Jack Mayes, Mrs. Paul Pendleton, Mrs. I. V. Cook and the hostess.

Baptist W. M. S. Has Meeting On Last Monday

Members of the Baptist Woman's Missionary Society met last Monday afternoon at four o'clock with Mrs. B. L. Blackcock, Mrs. R. B. Bowden reviewed a book on the American Negroes.

Mrs. W. H. Albertson led the devotional, and Mrs. D. C. Swindle was in charge of the session. Mrs. Blackcock announced the following officers who were elected for next year.

Mrs. M. H. Reeves, president; Mrs. D. C. Swindle, vice president; Mrs. C. N. Smith, recording secretary; Mrs. C. R. Parker, corresponding secretary, and Mrs. Leland Hanah, young people's leader.

Delicious cream and cake were served to 13 members and two visitors. The next meeting will be September 16 with Mrs. Leland Hanah.

Ex-Seniors Of Sunset School To Have Picnic

Cypert Reunion Is Held Recently At Lake Creek

The Cypert family reunion was held at Lake Creek recently with a two day celebration. Basket dinners were served the first day, followed by a barbecue on the second day of the meeting.

A large crowd enjoyed the annual affair. Out-of-town guests were:

Mr. and Mrs. Johnnie Ivey and daughter of Mabank; Mr. and Mrs. Morris Denton and children, Spur; Mr. and Mrs. A. C. Sharp and family, Spur; Mr. and Mrs. John Stockton, Albany; Mr. and Mrs. Marlin Smith and sons, Tolar; Tommie, Vera, Dale, and Quannah Denton, Bridgeport; Mr. and Mrs. Nealy Morton, Rotan; Mrs. Norah Ivey, Maggie Carson and Bob Rabe, Point, Texas; Donald Maxwell, Odessa; Mrs. Lucy Farmer, Miss Ruby Jo Farmer, Mr. and Mrs. Alfred Force, Condie Edwards and Mr. Edwards, Leonard Reed, Mazy Ellen Jones, Haskell; Mr. and Mrs. Bobbie Cypert, Mr. and Mrs. J. I. Denton, Jr., Mr. and Mrs. I. R. Cypert and Dorothy, Miss Alice Cypert and Mr. and Mrs. Dave Jettison, all of Munday.

Mrs. Truman Cypert and Sharon, Goree; Mr. and Mrs. T. B. Cypert and daughters, Jai, N. M.; Mr. and Mrs. Floyd Knox and Lula Belle, Mr. and Mrs. Bobbie Hester and Jerry, Rochester; John Stockton and Edward Newton Weinert; Mr. and Mrs. Floyd Harrow, Mrs. Z. J. Cypert and Mrs. Alice Harrow, O'Brien.

Those attending from Knox City were: Mr. and Mrs. Verlin Cypert and sons, Mr. and Mrs. T. B. Cypert and Lyndol, Mr. and Mrs. Ralph Cypert, Mr. and Mrs. Parker Denton and daughter, Mr. and Mrs. O. W. Cypert and Melvin, Mr. and Mrs. J. J. Denton, Sr., Mr. and Mrs. Lynn Tankersley and Wynette, Mr. and Mrs. John Jones and Carlene, Mr. and Mrs. Bill Denton, Mrs. Maxine Hill, Billie Paul Cypert, Virdie and A. P. Benton, Mrs. Clea Stogner and daughter, Mrs. John Griffith and Frank, Don L. Griffith, Mr. and Mrs. L. W. Cypert and Mr. and Mrs. J. V. Denton and daughters.

Mrs. Almanrode Is Honored Recently At Buffet Supper

The Home Demonstration Clubs of Knox County, with Mrs. J. E. Stover of Truscott as committee chairman, assisted by Meses. Wesley Trainham of Vera, W. E. Pack of Knox City, and Lee Snalium of Benjamin honored District Three's new vice president, Mrs. R. M. Almanrode of Knox City and the state board of Texas Home Demonstration Association with a western buffet supper on the lawn at the home of Mrs. Stover's brother, R. C. Long of Amarillo, recently.

At the entrance of the lawn, Miss Betty Ann Long presided over the guest book and presented each guest with a white guest apron stamped in various colors with the familiar West Texas ranch brands. The aprons had been made by the Truscott club women.

Music was given throughout the evening by Miss Donna Antry at her portable organ.

Supper was served in western atmosphere from individual wooden trays with the background of the lovely outdoor garden with rustic fireplace in which glowed a bright fire. The beautiful lily pond, the lovely flowers and trees added much to the beauty of the setting.

After supper, contest of various kinds were enjoyed and for prizes, luncheon cloths stamped with ranch brands were presented to the winners, Mrs. Gus Rogers, Manor; Mrs. R. O. Copehand, Lubbock, and Mrs. W. C. Shafer, Lamesa.

At the close of the entertainment, the Knox County clubs presented Mrs. Leon Sullivan of Red Oak, president of the Texas Home Demonstration Association, with a beautiful bouquet of red and white gladiolas.

Plans are being made to form a permanent organization, and officers for the group will be elected.

Previous classes of the school are competing for the honor of having the largest representation at the meeting.

BEACH SPECIAL

All set for a day on the beach, Suzi Crandall, Warner Bros. player, wears a greyed green cotton gabardine beach coat which the National Cotton Council reports is one of the season's best. The coat is styled with a shoulder yoke from which the jacket hangs loose and flaring. New full push-up sleeves and deep se-in pockets add interesting detail to the coat.

Dr. and Mrs. D. C. Eiland and sons, David and Allen, were visitors in Dallas the first of this week.

Shortage Of Teachers Laid To Low Salaries

The Texas State Teachers Association has just completed a survey to determine the number of teaching positions now vacant that must be filled by September 1 if schools are to open with a full staff of teachers.

Replies were received from 813 superintendents representing 33,958 teaching positions or approximately 75% of all the teachers in Texas. Out of this number, it was disclosed that there are 4,324 positions now vacant or 12.7% of the total. The picture is much worse for rural schools. The survey disclosed that in these schools there were more than 17% of all positions vacant. The larger cities were affected the least by vacancies. Most of them have been able to provide salary increases for teachers this year due to the increased per capita apportionment for the coming school year.

It is evident that unless salaries are increased substantially by increased local and state support that the schools of Texas may soon find one-tenth of their classrooms vacant.

The legislative program of the Texas State Teachers Association for 1947, according to President Elizabeth Koch of San Antonio, would be to secure better state support for the purpose of increasing teachers' salaries. She said, "This is a must on our legislative agenda. The program should be supported by every citizen in Texas because our situation is more acute today

Cosmetics and Shampoos

You may find the kind of cosmetics you like at Elizabeth's Beauty Shop. We have a complete line of the following:

- Farel Des'ia

Hebrews 10:25—Not forsaking the assembling of ourselves together, as the manner of some is; but exhorting one another; and so much the more, as you see the day approaching.

We have made preparations for holding all evening services in the open. Attend these services. You'll be more comfortable.

Gordon Clement, minister.

FIRST BAPTIST CHURCH

Regular services will be held at our church next Sunday morning. Sunday school at ten o'clock, regular preaching services at eleven o'clock. All members are urged to attend these services.

We will not hold services at our church Sunday evening, giving way for the revival services at the Methodist Church. You are urged to attend the revival services.

Next Sunday is the last Sunday in our associational year, and we sincerely ask you to help us make as good record as possible.

W. H. Albertson.

Fly Control Methods Bring Good Results

The horn fly control demonstration that was begun on the League Ranch, April 23, 1946, was continued this week when the pure bred breeding herd was dusted with DDT for the sixth time this year.

According to Snow Crenshaw, foreman of the League Ranch, there has been only 4 or 5 cases of screw worms in this herd, which is about one-fourth as many as occurred in herds of the same size of untreated cattle. He attributes this to the fact that there were less flies found on and around these cattle. These cattle have been dusted with a DDT-Sulphur mixture every 21 days since April 23rd, and will continue to be dusted through the current fly season.

The mixture used is in the ratio of 1 pound of 50% wettable DDT powder and 9 pounds of sulphur. This is applied by a very simple process. A quart fruit jar with a perforated lid is used. The cattle are put in a crowding pen and the DDT-Sulphur dust is dusted on their backs. One hundred head of cows and calves were dusted in this manner in 30 minutes.

Mr. and Mrs. Lavell B. Torey and son of Sundown visited relatives and friends here over the week end. They were accompanied home by Mrs. Bilbrey's mother, Mrs. W. A. McKenzie, who is visiting there this week.

Federal Crop Insurance Offered As Protection For 1947 Wheat Crop

"That wheat farmers in Texas have lost their crops is borne out by the 1200 farms on which indemnity payments were made this year under the Federal Crop Insurance program," B. F. Vance, director of the State Production and Marketing Administration, said today.

"These losses were paid this year during which wheat production was high," Vance pointed out, "despite this high production there were farmers in the State who needed the protection that crop insurance offers."

"Many hazards can cause destruction of wheat crops," Vance said, "According to crop insurance figures, in 1941 excessive rains accounted for 90 per cent of indemnity payments to farmers, in 1942 Green bugs accounted for 90 per cent of losses. Each of these years, hail accounted for approximately 5 percent of losses. "Keeping in mind the possibility of winter

wheat crop loss caused by these unavoidable hazards, farmers should fully investigate the variety of protection that Federal crop insurance offers them," Chairman Vance stated.

Complete information can be obtained from county agricultural conservation offices and crop insurance agents, who are now engaged in the current crop insurance sales program.

Texas farmers will be able to obtain comprehensive protection on their 1947 winter wheat crop insurance, B. F. Vance, chairman of the State Production and Marketing Administration committee, stated in announcing the program for next year's crop.

Farmers may insure various portions of their normal crop returns under partial insurance features of the program. Protection is afforded against all natural unavoidable crop hazards, including hail, flood, drought, insects, and diseases.

Federal Crop Insurance is strictly a non-profit venture to guarantee an income to farmers," Vance pointed out. Administrative costs

are paid by the Government, and all premiums are reserved for payments to insured farmers when their crops are lost.

"No matter how skillfully the farmer plants and care for his crops, weather is beyond his control," Vance concluded, "His only assurance of some return from his wheat crop is a Federal crop insurance contract. County agricultural conservation offices and authorized crop insurance agents will offer

contracts for sale in this State until August 31."

BIRTH ANNOUNCEMENT
Mr. and Mrs. Clifford Cluck are announcing the arrival of a son, Clifford Gary, who was born at the Knox County Hospital on Friday, August 16. Mother and son are reported to be doing nicely.

Can Production Meeting State's Big Crop Needs

Tin Container Industry Winning Battle To Preserve Perishables Despite Early Strike Losses

Although coal, steel, and rail strikes early in the year cost the can manufacturing industry production losses of more than three billion containers, none of Texas' perishable fruit and farm products have thus far been lost for want of tin cans, according to D. W. Figgis, president of the American Can Company.

With the nation's packing season already completed for a number of the larger volume items, Mr. Figgis added, the industry is entering the "home stretch" with its fingers crossed, but with every hope that combined efforts of canners and can makers will be successful in the battle to preserve the bumper 1946 food crops. (About nine billion containers will be needed to preserve the major fruit, vegetable and juice packs, according to the latest estimate of the Bureau of Agricultural Economics.)

He reported that continued improvement in the flow of can-making materials is making possible double-shift and overtime operations in the can plants, although manufacturers inventories of tinplate are at the lowest point in many years and operations are necessarily on a hand-to-mouth basis. The principal difficulty ahead, he said, is that of adequate freight cars to move raw materials and finished cans, a problem which is being vigorously attacked by the railroads.

"Among the packs now completely out of the way are citrus fruits and juices, cherries, asparagus, spinach and peas. Still to be canned are record crops of prunes, plums, clingstone peaches, tomatoes, sweet corn, green beans, pears, apple and apple products, as well as a number of smaller volume products."

With the end of the summer harvests in sight, the can manufacturer said, prospects are becoming brighter for other users of metal cans, who have been forced to continue with substitute containers because the Civilian Production Administration found it necessary, following the strikes, to reserve substantially all tinplate production for the large perishable packs.

Tin supplies will apparently remain short for some time, Mr. Figgis said, but through wartime research to conserve the depleted resources it is now possible to manufacture satisfactory cans for such products as shortening, coffee and other dry foods, paints and varnishes, cleansers, soap products and many other commodities from sheet steel without the use of tin. OPA regulations, however, have required that the steel companies tinsplate the greater part of their rolling-mill capacity to meet the unprecedented demand for canning of perishable foods and the production of sheet steel above the tinplate requirements has been far short of the needs of other users of cans or the capacity of the can manufacturers' plants.

October, he predicted, should see a partial easing of this situation, with steady improvements in early 1947. Utilization of sheet steel by the can manufacturers, according to Mr. Figgis, is presently at the full rated capacity of the rolling mills. All of his calculations are based on full production of raw materials. Any further interruptions or loss of production, he said, would dangerously affect the world food supply.

Mrs. Marvin Peek and son left last Monday on return to their home in Paint Rock after a week's visit here with Mrs. Peek's parents, Rev. and Mrs. W. H. Albertson.

C. L. Mayes returned home last week after several days visit with his son and family, Mr. and Mrs. Joe L. Mayes of Corpus Christi.

Vote For L. C. "Lewis" Floyd For Re-Election As SHERIFF KNOX COUNTY

The friends of L. C. (Lewis) Floyd believe that since he served the people as sheriff for three and one-half years for a meager salary and that since the Commissioners Court have granted a raise in salary at a sum sufficient to enable a man to give more time and miles to the enforcement of the laws of the State, we believe that he should, in all fairness be elected as sheriff for another two years.

This ad was paid for by the friends of Lewis Floyd.

Legislation Changing Benefits Of Veterans Signed By President Truman

Legislation affecting millions of ex-servicemen and women, signed by President Truman last Friday, was summarized today by Hugh McKinney, Veterans Administration contact representative, who performs itinerant service to Monday each 1st and third Tuesday of the month.

The legislation, passed by Congress just before it adjourned and now approved by the President.

1. Increases by 20 per cent the pensions of nearly 2,000,000 veterans of both World Wars and 400,000 dependents, effective September 1.

2. Sets up tighter standards for on-the-job training for veterans; provides for financial assistance to states to supervise the program; and sets pay ceilings of \$200 for veterans with dependents and \$175 for veterans without dependents who are studying or training under the GI Bill.

3. Authorizes the Veterans Administration to operate canteens in hospitals and veterans homes, financed by a \$4,000,000 revolving fund.

4. Permits veterans who lived in enemy countries during the war to receive VA benefits provided they were not disloyal to the United States. About 10,000 persons, to whom benefit payments were suspended during the war, are affected.

5. Allows full pensions to veterans who became disabled in peacetime service. Some 40,000 veterans are affected.

6. Authorizes the payments of full pensions to veterans who are hospitalized or who live in VA institutions. In the past these payments have been limited to \$3 a month and for those pensioned for non-service-connected disabilities, to \$8.

7. Lifted ceiling limits for dependents' pensions allowing widows of veterans of both World Wars and peace time service to draw full payments for their minor children, regardless of the number.

8. Appropriated \$30,000,000 which the Veterans Administration is enabled to provide an automobile or other conveyance for each World War II veteran entitled to compensation for loss, or loss of use, of one or both legs at or above the ankle.

9. Increases pensions for more than 55,000 veterans and widows of the Spanish War Group by 20 per cent effective September 1.

The pension increases will be made automatically. Inquiries are not necessary and will only delay the administrative work required to effect the new rates.

The increases will be included in payments made September 30, the contact representative said.

The new veterans training law sets a ceiling of \$175 a month for single men and \$200 for married men trainees in on-the-job training program. Of this amount, the government will pay a maximum of \$65

for single and \$90 for married men. Previously there was no limit of total compensation. The ceiling also applies to veterans studying in schools and other institutions under the GI Bill. It does not include disabled veterans.

The measure also permits VA to reimburse state and local agencies for expenses they incur in investigating and supervising industrial establishments where veterans are trained under the GI Bill.

Mr. McKinney will be in Munday again on Tuesday, Sept. 3rd at the city hall to assist veterans or their dependents concerning their rights and benefits under the existing laws.

Mrs. Aaron Edgar and her father, W. J. Bridge, returned home Sunday from a week's visit with relatives at Quanah, Wellington, McLean and Hollis, Okla.

Mrs. P. V. Williams and Mrs. A. H. Mitchell visited with Mr. and Mrs. Tom Benge at a Wichita Falls hospital last Monday.

Melton Solicits Your Vote Saturday

To The Voters of Knox County: Again let me assure you that I will appreciate your vote in Saturday's run-off primary. My aim has been to see as many voters as possible, but if I have failed to contact you and solicit your vote personally, I take this means of asking for your support.

If elected to the office of Sheriff, I assure you that I will always be faithful to the confidence you have placed in me and will do everything possible to make you a good sheriff.

Very sincerely,
HOMER T. MELTON

Mr. and Mrs. Jim Proffitt had as their guests over the week end their daughters, Mrs. Sybil Straw, Mr. and Mrs. John Barnett and their friend, Chuck Childress, of Dallas and Irving, and Mr. and Mrs. Claud Hill and family.

Mr. and Mrs. J. W. Roberts visited their son-in-law and daughter, Mr. and Mrs. A. C. Prendergast and family, in Dallas over the week end. Mrs. Roberts remained in Dallas for a two weeks' visit.

Sgt. and Mrs. Joe Stevens of San Antonio spent the first of this week here with their parents, Mr. and Mrs. Cal Stevens and Mr. and Mrs. E. Y. Johnson, and with other relatives and friends.

Mrs. J. P. McGraw of McKinney visited relatives here the first of this week.

Miss Quintna Wiggins of Wichita Falls visited relatives and friends here over the week end.

Mr. and Mrs. Fred Broach and son, Bobby, left last week for points in Colorado, where they are spending their vacation.

Mrs. D. C. Carson of Harlingen is here for a visit with her daughter, Mrs. James H. Bardwell, and Mr. Bardwell.

Mr. and Mrs. Clarence Eiland of Lamesa visited relatives and friends here the latter part of last week.

with the Lyric RECORD HOLDER

Why risk broken and scratched records when you can safely file fifty 10" or 12" records in only 12 inches of table or shelf space?

Soft red felt covers the unbreakable steel base and separators of the Lyric Holder, keeping your records in perfect condition.

A handy indexing system included with each holder helps you locate any record in a few seconds.

A perfect gift for your music-loving friends.

RADIO CENTER

SEYMOUR, TEXAS

BOYCE HOUSE

Washington Irving's classic of Ichabod Crane and the Headless Horseman of Sleepy Hollow has a counterpart in Texas lore—a short story equally as fantastic in many ways as that which came from the pen of Rip Van Winkle's creator.

About 1850, Texas was overrun with rustlers and marauders, and among the most infamous of these characters was a man named Vida who had deserted the army of Mexico and had become one of the most feared horse thieves in the border country.

A small man, shrewd and observant, he collected a band of thieves unequalled in the "profession," and with local branches strung out along the Rio Grande, he reaped a good profit in the "horse trade"—at the same time making it appear that Indians were responsible for some of his devilry.

One summer, he and several of his gang made a raid along the San Antonio River, with enormous losses to the settlers. He struck at a time when most of the men were away pursuing Comanches, but it so happened that two men were at home, and they immediately gave chase.

The story goes that, before reaching the Nueces, they met up with the famous frontiersman, Big Foot Wallace, who joined them in the pursuit. One evening, the three men, about sundown, located the camp of the horse thieves and, stay-

Moguls To Play Four Home Games

The Munday Moguls will have only four home games on the 1946 football schedule, unless an open date can be filled by home play. Coach Latham announced this week. The Moguls will open their play on September 13 with the Rule team on the local gridiron.

The following is a schedule for the Moguls during the fall football season:

- September 13, Rule here.
- September 20, Seymour, there.
- September 27, open.
- October 4, Throckmorton here.
- October 11, Anson here.
- October 18, Haskell, there.
- October 25, Stamford, there.
- November 1, Hamlin, here.
- November 8, Spur, there.
- November 16, Albany, there.

ing under cover, kept a close watch on their quarry. They saw the band put out but one man as guard for the horses and that the other three rolled up in blankets.

When they were reasonably certain that the desperadoes were asleep, the pursuers decided to attack. One man shot the man guarding the herd, while the other two sprang upon the sleeping men. The scrimmage was over in short order. The horse guard, though apparently badly wounded, escaped but the three in the camp were killed outright.

Upon examination of the bodies, it was found that one of them was the leader, and the legend goes that one of the avengers conceived the idea of beheading him, mounting him on his own horse—a fine stallion—and, after tying the man to the saddle, let the horse loose.

This was done and, as the horse was freed, it galloped off like a streak in a cloud of dust.

Soon afterward, stories began circulating—even faster than the beautiful horse and its gruesome load could travel. Soldiers, scouts, Indians and other travelers told of seeing a man without a head on a superb stallion, galloping around the country and frightening the settlers half to death.

It was said that after several weeks the horse was finally killed at a watering place where it had gone to quench its thirst, and that the headless rider was still sitting in the saddle where he had been tied.

Misses Marilyn Bowden and Peggy Clough are visiting in the home of Marilyn's uncle and aunt, Mr. and Mrs. O. B. Paulsel of Fort Worth.

Mr. and Mrs. Johnnie Michels and daughters left last week on an extended vacation to Colorado Springs, Colorado and various other points.

Miss Maxine Yeager of Fort Worth is here for a few days' visit with her parents, Mr. and Mrs. E. F. Yeager.

Mr. and Mrs. Gaston Shipman of San Antonio visited relatives and friends here over the week end.

Jeff Dean Bowden and Ben Bowden were business visitors in Dallas the first of this week.

The answer to housewives' desert problems lie in the estimated 2,613,000 bushel Texas peach crop. Good for breakfast, dinner, supper or between meals.

Potatoes, of which there is a bumper crop this year, are the number one vegetable calory-provider to help make up for the cut in bread consumption.

SPARTANETTES—Co-eds at Michigan State College go into a helmeted huddle to lend pre-season glamor to Spartan football fortunes, featuring beauty if not brawn.

LORD'S WHEAT—Farmers building a head-high, block-long fence of "wheat for the Lord"—climax a six-year "tithing" project started by Perry Hayden of Tecumseh, Mich., with one cubic inch of wheat in 1940, now multiplied into a 2,660-acre crop that is ear-marked for Europe's hungry millions.

TORRID TIRE—Because heat is rubber's worst enemy, keeping "fever chart" on test tires is important job in B. F. Goodrich laboratories where tires of American-made rubber that outwear prewar variety are given super-abusive grilling.

Liberalized Provisions Of G. I. Bill For Insurance Explained By McKinney

Five principal changes in the liberalized G. I. Insurance bill, signed August 2 by President Truman, were outlined today by Mr. Hugh McKinney, Veterans Administration contact representative, who performs itinerant service to Munday each 1st and 3rd Tuesday of the month.

The new measure, which materially extends benefits, will provide:

1. Lump sum payments to beneficiaries if desired.
2. Total disability protection upon payment of a slight additional premium.
3. Endowment type policies.
4. Removal of restrictions in the naming of beneficiaries.
5. Extends eligibility for National Service Life Insurance policies to all persons who served in the American armed forces between October 8, 1940, and September 2, 1945, and allows an increase in the amount of policies already in force up to a \$10,000 maximum.

According to information received by Mr. McKinney, local VA contact representative, from W. G. Baker, insurance officer of the VA Regional office in Dallas, the new amendments to the National Service Life Insurance Act make G. I. insurance benefits in line with those of commercial companies at

a great saving to the veteran. The NSLI bill was designed originally to meet wartime needs. Now it has been shaped to make G. I. insurance attractive to a veteran who has returned to peacetime life.

Here are how some of the new changes will affect the veteran:

Previously, the only settlement provided for death claims was monthly payments or annuity benefits. These forms are still available. Under the new bill, however, the former serviceman may have his insurance paid in a lump sum to the beneficiaries of his choice. He also may elect payments to be made in equal monthly installments extending from 36 to 240 months.

Another feature is the payment of benefits to an insured veteran who becomes totally disabled after having added this new disability benefit to his policy. Such a veteran is paid \$5 a month for each \$1,000 of G. I. insurance in force after he has been totally disabled for six consecutive months. In the event of his death, his family or other beneficiaries would receive the full face value of the policy.

All men and women who served in the Army, Navy, Marine Corps or Coast Guard between October 8, 1940 and September 2, 1945, are en-

titled to apply for new NSLI to a maximum of \$10,000, regardless of whether they took out a policy while wearing a uniform.

Under the original NSLI plan, all policies were ordinary life, 20-payment life and 30-payment life types. New additional types of policies are now available. They are 20-year endowment, endowment at age of 60 and endowment at 65 policies. On all these endowment types, the premiums must be paid for the indicated length of time; at the expiration the face of the policy is paid to the veteran, either as a lump sum or monthly income.

Formerly, veterans were allowed to designate only close relatives as beneficiaries. This part of the law has been changed. Policy holders may now name any person or persons, a corporation or his estate as beneficiary.

Mr. McKinney's next visit to Munday will be on Tuesday, Sept. 3rd and will be glad to assist all veterans or their dependents with their inquiries concerning insurance, pensions, or any other benefits.

Merle Lee Is Band Director In Local Schools

Merle Lee, band director at Fairfurnis last year, has been elected to a place in Munday Public Schools, it was announced Wednesday by W. C. Cox, superintendent.

Mr. Lee is a successful band director, his band having won first place in the state contest last year in which about 20 bands competed. He is an outstanding pianist and will be permitted to give private lessons in piano and accordion and other instruments in the local schools. Students will be given credit on this work, Cox said.

Lee will have charge of music programs in the school. He is also an excellent Spanish teacher and will teach this subject if there is enough demand for it.

Mr. and Mrs. Cas Lansford of Tulsa, Okla., visited relatives here over the week end.

County Men Attend Baylor Ag. Council

The Knox-Baylor County Agricultural Council held its regular monthly meeting in Benjamin, August 15th, in the assembly room of the court house.

Mr. Emmett Partridge, of Knox County, served as chairman of the meeting. Mr. Tom Craddock of the Seymour REA office, discussed the progress that REA expects to make in this country in the next year. Mr. Craddock stated that, with the increased appropriations that have recently come out of Washington, every farmer in Knox County would have electricity made available to him by the middle of next year, and possibly sooner. The scarcity of certain materials is holding up their progress at the present time. The 60 day Stop Order on all Governmental construction projects included REA, but its release is due soon. Poles and copper wire have been the two main bottle-necks to the REA line construction program.

Mr. Craddock says that some announcement should be made in a few weeks regarding the policy that REA will follow in the matter of telephone service to REA

patrons. Several schemes are being tested in laboratories and field test at the present. There is still an acute shortage of electrical appliances that are available to farmers and ranchers, but this supply should increase materially by the first of the year.

Mr. Craddock brought out that the home type freezer unit could best be utilized, not as a replacement for the Central Locker Plants but as an addition to the Locker Plant. The most practical use that could be made of the home unit would be as a storage unit for the farmers' products after it has been processed and frozen at the Locker Plant.

Members attending the meeting were as follows:

- Emmett Partridge, chairman, CMA-Knox County.
- O. K. Hoyle, County Agent, Baylor County.
- John Rice, Jr., FSA Supervisor, Baylor County.
- Tom Craddock, REA, Baylor County.
- L. C. Burk, Voc. Agri. Teacher, Baylor County.
- R. J. Penick, Assistant County Agent, Knox County.

The next meeting will be held in Seymour, September 19, 1946. R. O. Dunkle, County Agent Knox County and R. J. Penick, Assistant County Agent, Knox County, will arrange the program.
